of each required license on display and available for inspection at any time by the department.

Upon receipt of the application and fees, the department shall issue the permit for use of the permitted vessel in the subsequent permit year only to the owner of the permitted vessel.

(b) The department shall fix the annual fee for the renewal of the permit in an amount it determines to be necessary to pay the reasonable costs of implementing and administering this article.

(c) If an owner to whom a permit has been issued, or that owner's agent, applies for renewal of the permit, the application for renewal shall be received or, if mailed, postmarked on or before April 30. An application received or, if mailed, postmarked after April 30 will be assessed a late fee subject to Section 7852.2. The department shall issue the permit for use of the permitted vessel in the subsequent permit year.

(d) The department shall suspend any late fees otherwise due under subdivision (c) and shall issue a permit for use of the permitted vessel in the subsequent permit year if the department is unable to accept applications for renewal of permits by March 1.

(e) Except as provided in subdivision (c), the department shall not renew a permit for which the application for renewal is not received, or, if mailed, is received or postmarked after expiration of the permit.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred

because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(c) An owner or operator of an underground storage tank containing petroleum is ineligible to file a claim pursuant to this section if the person meets both of the following conditions:

(1) The person knew, before January 1, 1988, of the unauthorized release of petroleum which is the subject of the claim.

(2) The person did not initiate, on or before June 30, 1988, any corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code concerning the release, or the person did not, on or before June 30, 1988, initiate corrective action in accordance with Chapter 6.7 (commencing with Section 25280) or the person did not initiate action on or before June 30, 1988, to come into compliance with waste discharge requirements or other orders issued pursuant to Division 7 (commencing with Section 13000) of the Water Code concerning the release.

(1) The tank meets one of the following requirements:

(A) The tank is located at the residence of a person on property used exclusively for residential purposes at the time of discovery of the unauthorized release of petroleum.

(B) The tank owner demonstrates that the tank is located on property that, on and after January 1, 1985, is not used for agricultural purposes, the tank is of a type specified in subparagraph (B) of paragraph (1) of subdivision (y) of Section 25281, and the petroleum in the tank is used solely for the purposes specified in subparagraph (B) of paragraph (1) of subdivision (y) of Section 25281 on and after January 1, 1985.

(2) The tank is not a tank described in subparagraph (A) of paragraph (1) of subdivision (y) of Section 25281 and the tank is not used on or after January 1, 1985, for the purposes specified in that subparagraph.

(g) The board shall not reimburse a claimant for any eligible costs for which the claimant has been, or will be, compensated by another person. This subdivision does not affect reimbursement of a claimant from the fund under either of the following circumstances:

(1) The claimant has a written contract, other than an insurance contract, with another person that requires the claimant to reimburse the person for payments the person has provided the claimant pending receipt of reimbursement from the fund.

(2) An insurer has made payments on behalf of the claimant pursuant to an insurance contract and either of the following applies:

(B) The claimant satisfies all eligibility requirements, other than those specified in paragraph (1).

(C) The claimant is not an affiliate of a person whose act or omission caused or would cause ineligibility for the fund.

(3) If the board reimburses a claim pursuant to paragraph (2), a person specified in subparagraph (B) of paragraph (1), other than a person who is ineligible for reimbursement from the fund solely because the property was acquired from another person who was ineligible for reimbursement from the fund, shall be liable for the amount paid from the fund. The Attorney General, upon request of the board, shall bring a civil action to recover the liability imposed under this paragraph. All money recovered by the Attorney General under this paragraph shall be deposited in the fund.

25299.57. (a) If the board makes the determination specified in subdivision (d), the board may only pay for the costs of a corrective action that exceed the level of financial responsibility required to be obtained pursuant to Section 25299.32, but not more than one million five hundred thousand dollars ($1,500,000) for each occurrence. In the case of an owner or operator who, as of January 1, 1988, was required to perform corrective action, who initiated that corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), and who is undertaking the corrective action in compliance with waste discharge requirements or other orders issued pursuant to Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), the owner or operator may apply to the board for satisfaction of a claim filed pursuant to this article. the costs incurred as reasonable and necessary. At least 15 days before the board proposes to disapprove the reimbursement of corrective action costs that have been incurred on the grounds that the costs were unreasonable or unnecessary, the board shall issue a notice advising the claimant and the lead agency of the proposed disallowance, to allow review and comment.

(2) The board shall not reject any actual costs of corrective action in a claim solely on the basis that the invoices submitted fail to sufficiently detail the actual costs incurred, if all of the following apply:

(A) Auxiliary documentation is provided that documents to the board's satisfaction that the invoice is for necessary corrective action work.

(B) The costs of corrective action work in the claim are reasonably commensurate with similar corrective action work performed during the same time period covered by the invoice for which reimbursement is sought.

(2) The claimant is required to undertake or contract for corrective action pursuant to Section 25296.10, or, as of January 1, 1988, the claimant has initiated corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code.

(b) The alternative selection procedures that have been implemented as part of the demonstration project have improved the ability of the Department of Transportation to match candidates to critical managerial positions and have expedited the selection and hiring process.

(c) Based on the success of the demonstration project, it is the intent of the Legislature to make permanent the alternative methods, as utilized in the selection demonstration project, of examining, selecting, appointing, and promoting employees of the Department of

Transportation to managerial classifications as agreed to by the State Personnel Board.

(d) Throughout the demonstration project, the Department of Transportation conducted ongoing periodic discussions with representatives of the Professional Engineers in California Government, who provided constructive input regarding the execution of the project. These discussions resulted in various improvements to the selection process, including the development of a survey for hiring managers to determine the effectiveness of job candidate matching and satisfaction regarding the process, and developing a brochure to educate employers about the process. The Professional Engineers in California Government also agreed to participate in focus groups to further evaluate the effectiveness of the process. The purpose of this section is to provide the Department of Transportation with greater flexibility to match candidates to position-specific vacancies, at the same time resulting in an expedited selection process and cost savings to the department.

(b) The Department of Transportation appointing authority may conduct competitive examinations on a position-specific basis for managerial classifications as agreed to by the board in the manner described in Article 8 (commencing with Section 549.90) of Subchapter 4 of Chapter 1 of Division 1 of Title 2 of the California Code of Regulations. 170014. (a) Meetings of the board of directors are subject to the provisions of the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(b) A majority of the total voting membership of the board of directors shall constitute a quorum for the transaction of business.

(c) The board of directors shall act only by ordinance, resolution, or motion.

(d) (1) Except as provided in subdivision (e), to adopt an ordinance, resolution, or motion requires both a numerical and a weighted majority vote of the total voting membership of the board of directors pursuant to paragraphs (2) and (3).

(2) A numerical majority requires an affirmative vote of five of the voting membership of the board of directors.

(3) (A) A weighted majority requires an affirmative vote of 51 vote points that are allocated to the voting membership of the board of directors, unless the total number of vote points is expanded beyond 100 as a result of the operation of subparagraph (E). If the total number of vote points is greater than 100 as a result of the operation of subparagraph (E), a weighted majority requires an affirmative vote of 50 percent plus one of the total vote points. Vote points shall be allocated pursuant to subparagraph (B).

(B) There shall be a total of 100 allocated vote points for the weighted vote, except that additional vote points shall be allocated pursuant to subparagraph (E). For purposes of this paragraph, the City of San Diego, the County of San Diego, the east county cities, the north county coastal cities, the north county inland cities, and the south county cities are each

a jurisdiction. The points allocated to the City of San Diego shall be divided among the three board members appointed pursuant to paragraph (1) of subdivision (a), and prior to their appointment, to those board members identified in paragraphs (1), (4), and (7) of subdivision (e) of Section 170010. The points shall be allocated among the three board members by the Mayor of the City of San Diego, keeping the votes for each seat as close to equal as possible but in a manner that avoids fractional vote points. The vote points allocated to the County of San Diego shall be divided between the two board members appointed pursuant to paragraph (2) of subdivision (a), and prior to their appointment, to those board members identified in paragraphs (6) and (8) of subdivision (e) of Section 170010. The vote points shall be allocated among the two board members by the chair of the board of supervisors, keeping the votes for each seat as close to equal as possible but in a manner that avoids fractional vote points. Each jurisdiction shall have that number of vote points determined by the following allocation formula, except that each jurisdiction shall have at least one vote point, no jurisdiction shall have more than 40 vote points, and there shall be no fractional vote points:

(i) If any jurisdiction has 40 percent or more of the total population of the San Diego County region, 40 vote points shall be allocated to that jurisdiction and the remaining vote points shall be allocated to the remaining jurisdictions pursuant to clause (ii). If no jurisdiction has 40 percent or more of the total population of the San Diego County region, vote points shall be allocated pursuant to clause (iii).

(ii) The total population of the remaining jurisdictions shall be computed and the remaining 60 vote points allocated based upon the percentage of the total that each jurisdiction has, in the following manner:

(I) The percentage each jurisdiction bears to the total remaining population shall be multiplied by 60 to determine fractional shares.

(II) Each fraction less than one shall be rounded up to one, so that no jurisdiction has less than one vote point.

(III) Disregarding any fractional vote points and adding just the whole vote points, if the total vote points is 60, fractional vote points are dropped and the whole numbers are the vote points for each jurisdiction.

(IV) If, after disregarding the fractional vote points and adding just the whole vote points, the total vote points for the remaining jurisdictions is less than 60, the difference in vote points shall be allocated to jurisdictions in order of the highest fractions until a total of 60 vote points are allocated, excepting those jurisdictions whose vote was increased to one pursuant to subclause (II).

(V) If, after disregarding the fractional vote points and adding just the whole vote points, the total vote points for the remaining jurisdictions

is more than 60, the vote points in excess of 60 shall be eliminated by subtracting vote points from jurisdictions with the lowest percentage to the total remaining population except that no jurisdiction's vote points shall be reduced to less than one.

(iii) If no jurisdiction has 40 percent or more of the total population of the San Diego County region, the total population of the region shall be computed and all 100 vote points shall be allocated based upon the percentage each jurisdiction bears to the total population of the region, in the following manner:

(I) The percentage of any jurisdiction that is less than one shall be rounded up to one, so that no jurisdiction has less than one vote point.

(II) Disregarding any fractional vote points and adding just the whole vote points, if the total vote points is 100, fractional vote points shall be dropped and the whole numbers shall be the vote points for each jurisdiction.

(III) If, after disregarding the fractional vote points and adding just the whole vote points, the total vote points for all jurisdictions is less than 100, the difference in vote points shall be allocated to jurisdictions in order of the highest fractions until a total of 100 vote points are allocated, excepting those jurisdictions whose vote was increased to one pursuant to subclause (I).

(IV) If, after disregarding the fractional vote points and adding just the whole vote points, the total vote points for all jurisdictions is more than 100, the vote points in excess of 100 shall be eliminated by subtracting vote points from jurisdictions with the lowest percentage to the total population or the region except that no jurisdiction's vote points shall be reduced to less than one.

(C) When a weighted vote is taken on any item that requires more than a majority vote of the board, it shall also require the same supermajority percentage of the weighted vote.

(D) The allocation of vote points pursuant to this subdivision shall be made every July 1 by the board of directors based upon the population calculations made by the San Diego Association of Governments (SANDAG).

(E) Any other newly incorporated city shall be added to the jurisdiction designated by SANDAG. The board member representing that jurisdiction shall receive one additional vote under the weighted vote procedure specified above until the next allocation of vote points pursuant to subparagraph (D), at which time the new jurisdiction shall receive votes in accordance with the formula specified in this paragraph. Until this next vote points allocation, the total number of weighted vote points may exceed 100.

(e) Any act to submit a ballot measure to the voters at a regular or special election shall require a two-thirds majority vote, both numerically and by weighted vote, of the total voting membership of the board of directors.

(f) The board of directors shall keep a record of all of its actions, including financial transactions.

(g) The board of directors shall adopt rules or bylaws for its proceedings.

(h) The board of directors shall adopt policies for the operation of the authority, including, but not limited to, ethical standards and practices, administrative policies, fiscal policies, personnel policies, and purchasing policies.

CHAPTER 288

An act to amend Sections 1516, 1526.8, and 1596.792 of the Health and Safety Code, and to amend Sections 11402 and 11462.7 of, and to add and repeal Section 11400.1 of, the Welfare and Institutions Code, relating to community care facilities.

[Approved by Governor October 5, 2007. Filed with
Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds that there exists a class of residential care facilities outside of the traditional spectrum of community care facilities, that provide short-term nonmedical care and supervision for children of families in crisis, help parents address issues that lead them to seek assistance, and dedicate themselves to preventing the occurrence of child abuse in these families. By providing an option for direct voluntary placement by parents and legal guardians, these crisis nurseries serve to prevent the need for more serious intervention for families in need. Crisis nurseries further serve a need by providing county child welfare service agencies with temporary emergency shelter care for children in need of care and supervision.

(b) The Legislature further finds that crisis nurseries provide a service that is inadequately defined by existing law, and that it is the intent of the Legislature in enacting this act to continue policies to ensure that these facilities may successfully carry out their mission of child abuse prevention, while ensuring the quality care and safety of the children under their responsibility.

SEC. 2. Section 1516 of the Health and Safety Code is amended to read:

1516. (a) For purposes of this chapter, "crisis nursery" means a facility licensed by the department pursuant to subdivision (j) to provide short-term, 24-hour nonmedical residential care and supervision for children under six years of age, who are either voluntarily placed for temporary care by a parent or legal guardian due to a family crisis or a stressful situation, for no more than 30 days or, except as provided in subdivision (e), who are temporarily placed by a county child welfare service agency for no more than 14 days.

(b) Crisis nurseries shall be organized and operated on a nonprofit basis by private nonprofit corporations or nonprofit public benefit corporations.

(c) "Voluntary placement," for purposes of this section, means a child, who is not receiving Aid to Families with Dependent Children-Foster Care, placed by a parent or legal guardian who retains physical custody of, and remains responsible for, the care of his or her children who are placed for temporary emergency care, as described in subdivision (a).

(d) A crisis nursery may also provide temporary emergency care to children under six years of age who have been taken into the protective

custody of, or are placed directly by, the county child welfare services system that has assumed responsibility for the care of the children.

(e) County placements, as described in subdivision (d), shall be limited to no more than one-third of a crisis nursery's licensed capacity. The length of stay for a county-placed child shall not exceed 14 days unless the State Department of Social Services issues an exception.

(f) (1) Except as provided in paragraph (2), the maximum licensed capacity for crisis nursery programs shall be 14.

(2) Any facility licensed on or before January 1, 2004, as a group home for children under the age of six years with a licensed capacity greater than 14, but less than 21, that provides crisis nursery services shall be allowed to retain its capacity if issued a crisis nursery license until the time there is a change in the licensee's program, location, or client population.

(g) (1) Each crisis nursery shall submit, in a format specified by the department, a monthly report indicating the total number of children placed in the program, designating whether each child is voluntarily placed by the parents or legal guardians or placed directly by county child welfare services and the length of stay and age for each child.

(2) Each crisis nursery that accepts children placed directly by a county child welfare services agency also shall annually provide a summary report to the department within 60 days of the subsequent calender year. This report shall indicate the total number of children placed directly by a county child welfare services agency, the length of stay and age for each child, the average length of stay for all of the children placed directly by the county, and the reasons given by the county for the use of the crisis nursery for these children.

(3) When placing a child in a crisis nursery, a county child welfare agency shall inform the crisis nursery of the reason for the selection of the crisis nursery as the placement choice.

(h) Notwithstanding Section 1596.80, a crisis nursery may provide child day care services for children under the age of six years at the same site as the crisis nursery. A child may not receive child day care services at a crisis nursery for more than 30 calendar days in a six-month period unless the department issues an exception. A child who is receiving child day care services shall be counted in the licensed capacity. (k) This section shall remain in effect only until July 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2011, deletes or extends that date.

SECTION 1. Chapter 5 (commencing with Section 3351) is added to Part 2 of Division 3 of the Food and Agricultural Code, to read:

Chapter 5. State Fair Leasing Authority

3351. (a) There is hereby created the State Fair Leasing Authority, a joint powers authority formed pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, which shall be composed of the Department of Food and Agriculture, the Department of Finance, the Department of General Services, and the California Exposition and State Fair.

(b) For the purposes of Section 6502 of the Government Code, the common powers to be exercised by the State Fair Leasing Authority shall be the powers of a district agricultural association.

3352. (a) The authority shall be governed by a board of directors which shall be composed of the Secretary of Food and Agriculture, the Director of Finance, the Director of General Services, and four individuals, appointed as provided in paragraph (1), who are members of the Board of Directors of the California Exposition and State Fair. The Treasurer and Controller shall be members of the board of the authority only for the purposes of hearing and deciding upon matters related to the issuance of revenue bonds pursuant to this chapter. The Director of Finance shall serve as chairperson of the authority. All meetings of the authority shall be open and public.

(1) Of the four appointed members of the Board of Directors of the California Exposition and State Fair, one shall be appointed by the Speaker of the Assembly, one shall be appointed by the Senate Committee on Rules, and two shall be appointed by the Governor.

(2) The authority may contract with consultants as approved by the board of the authority. The authority may not employ any other staff.

3353. (a) The California Exposition and State Fair shall provide clerical services and the use of its staff without charge to the authority. The Department of Finance, the Department of Food and Agriculture, the Department of General Services, and the California Horse Racing Board shall cooperate with the authority, and, upon request of the

chairperson of the authority, shall provide the authority with the reasonable and periodic use of their staffs.

(b) The Attorney General shall serve as counsel for, and adviser to, the authority, and shall approve outside counsel to the authority in furtherance of the provisions of this chapter, as requested by the chairperson of the authority.

(c) The costs, if any, for services to the authority specified in subdivisions (a) and (b) shall be paid for by the authority, with funds generated pursuant to this chapter. Any costs in excess of the funds available to the authority shall be paid by the California Exposition and State Fair.

3354. The authority may enter into leases or other agreements for the use of the State Fair Race Track or any other property owned or controlled by the California Exposition and State Fair which are necessary to further the purposes of Section 3331 or to provide horse racing at the State Fair Race Track. 3355. The California Exposition and State Fair, in consultation with the authority, shall prepare a master plan approved by the board of directors of the fair for the long-range comprehensive development and improvement of, and construction upon, the property of the California Exposition and State Fair. The plan shall prescribe the amounts which may be expended for the various features of the plan, the period authorized for the completion of each project, and the terms of any revenue bond financing undertaken with respect to the plan. The plan shall require that any revenue bond financing shall be rated in one of the four highest rating categories by two nationally recognized rating agencies. Upon its completion, the master plan shall be submitted to the Joint Legislative Budget Committee for review. The master plan is subject to amendment by the authority, with the approval of the Board of Directors of the California State Fair.

3356. The California Horse Racing Board, at the request of the authority, shall certify the eligibility of any prospective lessee or user of the property to be licensed to conduct horse racing at the State Fair Race Track.

3357. (a) In leasing, or entering into agreements for the use of, the State Fair Race Track or other property owned or controlled by the California Exposition and State Fair, the authority shall follow the same procedures, as appropriate, as the Department of General Services follows in leasing or entering into similar agreements for other state real property. The authority shall also consult with and present for comment the lease

or agreement to the governing bodies of the City and County of Sacramento prior to awarding the lease or entering into the agreement.

(b) Prior to awarding a lease of, or entering into an agreement for the use of, the State Fair Race Track or other property owned or controlled by the California Exposition and State Fair, the authority shall consider all the factors concerning appropriate capital improvements of the race track, the financing of the race track, additional racing opportunities, and any use of new or additional properties or facilities, including, but not limited to, a grandstand or grandstand improvements, which factors shall be considered in the award of the lease or entering into the agreement. The authority shall also consult with and present for comment the lease or agreement to the governing bodies of the City and County of Sacramento prior to awarding the lease or entering into the agreement.

The authority shall also make recommendations regarding any additional legislation which it deems necessary. However, no legislative action is required to make a lease or agreement entered into by the authority effective and operative.

3359. After the award of a lease or upon entering into an agreement for the use of State Fair property, the authority shall meet periodically to review the operation of the lease or agreement, and the master plan, and to consider any other related matters. It shall also make any recommendations that it deems proper to the Legislature, other state agencies, including, but not limited to, the California Exposition and State Fair, and to the lessee or user of the property.

3360. (a) The authority, in the exercise of its powers, may pledge any and all revenues, moneys, accounts, accounts receivable, contract rights, and other rights to payment of any kind, pursuant to the terms and conditions approved by the authority. The revenues, moneys, accounts, accounts receivable, contract rights, and other rights to payment pledged by the authority or its assignees constitute a lien and security interest which immediately attaches to the property so pledged, and is effective, binding, and enforceable against the authority, its successors, purchasers of the property so pledged, creditors, and all others asserting rights therein, to the extent set forth, and in accordance with, the terms and conditions of the pledge, irrespective of whether those persons have notice of the pledge and without the need for any physical delivery, recordation, filing, or further act.

(b) The California Exposition and State Fair shall be responsible for any debt incurred pursuant to this chapter, and the capital of the California Exposition and State Fair shall be used to guarantee any indebtedness.

3361. The State of California pledges to, and agrees with, the holders of any bonds, other indebtedness, or obligations for the financing of the improvements described in the master plan pursuant to Section 3355, and which are issued or executed and delivered by the authority, or the California Exposition and State Fair, that the state will not alter or change the structure of funding of, and deposits to, the authority or to the California Exposition and State Fair pursuant to the provisions of Article 9.2 (commencing with Section 19605) of Chapter 4 of Division 8 of the Business and Professions Code, or the pledge of funds for debt service, security, including any coverage factors, and expenses entered into pursuant to this chapter until the bonds, other indebtedness, or obligations are fully paid or discharged or have been fully provided for in accordance with their terms. However, nothing precludes any alteration or change if and when adequate provision has been made by law for the protection from impairment of the contract represented by the bonds, other indebtedness, or obligations, and the right to alter or change is hereby reserved. The authority, and the California Exposition and State Fair, are each authorized to include this pledge and undertaking of the state in their bonds, agreements evidencing other indebtedness, and other indebtedness or obligations for the financing of the improvements described in the master plan pursuant to Section 3355.

The authority shall notify the Joint Legislative Budget Committee at least 90 days prior to authorizing the sale of revenue bonds pursuant to this chapter. The notice shall specify all the terms and conditions of the revenue bonds, including, but not limited to, the total amount of the bonds, the revenue source, and the repayment period. Any bond so issued shall contain on its face a statement to the following effect: "Neither the full faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of, or interest on, this bond."

[Approved by Governor October 5, 2007. Filed with Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that all of the following documents contain important risk management and consumer protection principles:

(1) The Interagency Guidance on Nontraditional Mortgage Product Risks issued in September 2006 by the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Office of Thrift Supervision, and the National Credit Union Administration.

(2) The Statement on Subprime Mortgage Lending issued in June 2007 by the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Office of Thrift Supervision, and the National Credit Union Administration.

(3) The guidance on nontraditional mortgage product risks issued in November 2006 by the Conference of State Bank Supervisors and the American Association of Residential Mortgage Regulators.

(4) The Statement on Subprime Mortgage Lending issued in July 2007 by the Conference of State Bank Supervisors, the American Association of Residential Mortgage Regulators, and the National Association of Consumer Credit Administrators.

(b) The Legislature finds and declares that the nontraditional mortgage product risk guidance described in paragraphs (1) and (3) of subdivision (a) covers all residential mortgage loan products that allow borrowers to defer repayment of principal or interest, including all interest-only products and negative amortization mortgages. The Legislature further finds and declares that the nontraditional mortgage product risk guidance does not cover reverse mortgages or home equity lines of credit, other than simultaneous second-lien loans. For purposes of this subdivision, "residential" refers to a one-to-four unit single-family residence.

(c) The Legislature finds and declares that the subprime mortgage lending statements described in paragraphs (2) and (4) of subdivision (a) apply to adjustable-rate mortgage products that are typically offered to subprime borrowers and that have the potential for payment shock.

(d) The Legislature finds and declares that consistent application of the documents described in subdivision (a) to state-regulated persons and institutions engaged in the brokering, originating, servicing, underwriting, and issuance of nontraditional and subprime mortgage products is critical to protect borrowers and lenders.

(e) It is the intent of the Legislature that the Department of Real Estate, the Department of Financial Institutions, and the Department of Corporations take steps to ensure that state-licensed mortgage lenders and brokers are aware of the existence and content of the documents described in subdivision (a) as soon as possible and are encouraged to comply with those documents at the earliest possible date.

SEC. 2. Section 10131.1 of the Business and Professions Code is amended to read:

10131.1. (a) A real estate broker within the meaning of this part is also a person who engages as a principal in the business of making loans or buying from, selling to, or exchanging with the public, real property sales contracts or promissory notes secured directly or collaterally by liens on real property, or who makes agreements with the public for the collection of payments or for the performance of services in connection with real property sales contracts or promissory notes secured directly or collaterally by liens on real property.

(b) As used in this section:

(1) "In the business" means any of the following:

(B) The sale to or exchange with the public of eight or more real property sales contracts or promissory notes secured directly or collaterally by liens on real property during a calendar year. However, no transaction negotiated through a real estate licensee shall be considered in determining whether a person is a real estate broker within the meaning of this section.

(C) The making of eight or more loans in a calendar year from the person's own funds to the public when those loans are held or resold and are secured directly or collaterally by a lien on residential real property consisting of a single dwelling unit in a condominium or cooperative or on any parcel containing only residential buildings if the total number of units on the parcel is four or less. However, no transaction negotiated through a real estate broker who meets the criteria of

subdivision (a) or (b) of Section 10232 shall be considered in determining whether a person is a real estate broker within the meaning of this section.

(2) "Sale," "resale," and "exchange" include every disposition of any interest in a real property sales contract or promissory note secured directly or collaterally by a lien on real property, except the original issuance of a promissory note by a borrower or a real property sales contract by a vendor, either of which is to be secured directly by a lien on real property owned by the borrower or vendor.

(3) "Own funds" means either of the following:

(A) Cash, corporate capital, or warehouse credit lines at commercial banks, savings banks, savings and loan associations, industrial loan companies, or other sources that are liability items on the person's financial statements, whether secured or unsecured.

SEC. 3. Section 10240.3 is added to the Business and Professions Code, to read:

10240.3. (a) The commissioner shall apply the guidance on nontraditional mortgage product risks published on November 14, 2006, by the Conference of State Bank Supervisors and the American Association of Residential Mortgage Regulators, and the Statement on Subprime Mortgage Lending published on July 17, 2007, by the aforementioned entities and the National Association of Consumer Credit Administrators, to real estate brokers acting within the meaning of Section 10131.1 or subdivision (d) of Section 10131.

(b) The commissioner may issue emergency and final regulations to clarify the application of this section as soon as possible.

(c) A bank or credit union to which the commissioner applies the documents described in subdivision (a) shall adopt and adhere to policies and procedures that are reasonably intended to achieve the objectives set forth in those documents.

SEC. 6. Section 22171 is added to the Financial Code, to read:

22171. (a) The commissioner shall apply the guidance on nontraditional mortgage product risks published on November 14, 2006, by the Conference of State Bank Supervisors and the American Association of Residential Mortgage Regulators, and the Statement on Subprime Mortgage Lending published on July 17, 2007, by the aforementioned entities and the National Association of Consumer Credit Administrators, to licensees.

(b) The commissioner may adopt emergency and final regulations to clarify the application of this section as soon as possible.

(c) A licensee shall adopt and adhere to policies and procedures that are reasonably intended to achieve the objectives set forth in the documents described in subdivision (a).

SEC. 7. Section 50333 is added to the Financial Code, to read:

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 302

An act to amend Sections 29551, 70372, 70375, 76000, 76000.5, 76104.1, 76104.6, and 76104.7 of the Government Code, to amend Section 117560 of the Health and Safety Code, to amend Sections 530.5, 647, 977, 1170.11, 1202.4, 1202.45, 1463, 1464, 1465.8, and 1538.5 of the Penal Code, and to amend Section 6608.8 of the Welfare and Institutions Code, relating to public safety.

[Approved by Governor October 5, 2007. Filed with Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 29551 of the Government Code is amended to read:

29551. (a) The board of supervisors or city council of any county, city and county, or city that opts to receive funds pursuant to Section 29552 shall establish a local detention facility revenue account, on behalf of the sheriff or the official responsible for local detention facilities in the county, city and county, or city, into which shall be deposited funds paid by the Controller, pursuant to Section 29552. The funds in the local detention facility revenue account shall be used exclusively for the

purpose of operation, renovation, remodeling, or constructing local detention facilities and related equipment.

(b) (1) If an appropriation for the purposes specified in Section 29552 is made in any fiscal year, a county, city and county, or city, may charge a jail access fee to a local agency that exceeds the agency's three-year average number of nonfelony bookings for crimes listed in paragraph (2) at a rate not to exceed the actual cost of booking an arrested person into the local detention facility, for each booking in excess of the three-year average. A local agency's three-year average number of nonfelony bookings for crimes listed in paragraph (2) shall be recalculated each year. The jail access fee shall be calculated and paid on a monthly basis, and all revenue derived from the jail access fee shall be deposited into the local detention facility revenue account created pursuant to subdivision (a).

(2) Bookings for violations of each of the following shall be used to determine a local agency's three-year average:

(A) Municipal code violations.

(B) Misdemeanor violations, except driving under the influence offenses and domestic violence misdemeanor offenses, including enforcement of protective orders.

(c) Cities that operate Type One facilities within a county shall be eligible to receive funds from the county's local detention facility revenue account. Cities that operate Type One facilities and charged booking fees pursuant to Section 29550.3 during the 2006–07 fiscal year shall receive funds in an amount proportional to the number of persons booked into the city's Type One facility for which the city charged fees to the arresting agency.

(d) Except as provided in subdivisions (c) to (f), inclusive, of Section 29550 and subdivisions (a) to (c), inclusive, of Section 29550.3, every year in which at least thirty-five million dollars ($35,000,000) is appropriated for the purposes of Section 29552, counties, cities and counties, and cities are prohibited from collecting fees pursuant to Sections 29550 and 29550.3 from other public entities. In any fiscal year in which the appropriation for the purposes of Section 29552 is less than thirty-five million dollars ($35,000,000), a county, city and county, or a city may collect fees pursuant to Section 29550 and Section 29550.3 up to a rate, adjusted as provided in subdivision (e), in proportion to the amount that the amount appropriated is less than thirty-five million dollars ($35,000,000).

(e) The maximum rate of the fee charged by each local agency pursuant to subdivision (d) shall be the rate charged as of June 30, 2006, pursuant to Section 29550 or 29550.3, increased for each subsequent

fiscal year by the California Consumer Price Index as reported by the Department of Finance plus 1 percent, compounded annually.

(f) This section shall become operative on July 1, 2007.

SEC. 2. Section 70372 of the Government Code is amended to read:

70372. (a) (1) Except as otherwise provided in subdivision (b) of Section 70375 and in this article, there shall be levied a state court construction penalty, in the amount of five dollars ($5) for every ten dollars ($10), or part of ten dollars ($10), upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including, but not limited to, all offenses involving a violation of a section of the Fish and Game Code, the Health and Safety Code, or the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. This penalty is in addition to any other state or local penalty, including, but not limited to, the penalty provided by Section 1464 of the Penal Code and Section 76000.

(2) The amount of the court construction penalty may be reduced by a county as provided in subdivision (b) of Section 70375.

(3) This construction penalty does not apply to the following:

(A) Any restitution fine.

(B) Any penalty authorized by Section 1464 of the Penal Code or Chapter 12 (commencing with Section 76000) of Title 8.

(C) Any parking offense subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.

(D) The state surcharge authorized by Section 1465.7 of the Penal Code.

(4) Any bail schedule adopted pursuant to Section 1269b of the Penal Code or adopted by the Judicial Council pursuant to Section 40310 of the Vehicle Code may include the necessary amount to pay the penalty established by this section, the penalties authorized by Section 1464 of the Penal Code and Chapter 12 (commencing with Section 76000) of Title 8, and the surcharge authorized by Section 1465.7 of the Penal Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine. After a determination by the court of the amount due, the clerk of the court shall collect the penalty and transmit it immediately to the county treasury and the county treasurer shall transmit these sums as provided in subdivision (f).

(b) In addition to the penalty provided by subdivision (a), for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added state court construction penalty of one dollar and fifty cents ($1.50) shall be included in the total penalty, fine, or forfeiture. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1462.3 or

1463.009 of the Penal Code. In those cities, districts, or other issuing agencies which elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section. Each agency which elects to process parking violations shall pay to the county treasurer one dollar and fifty cents ($1.50) for the parking penalty imposed by this section for each violation which is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall transmit these sums as provided in subdivision (f).

(c) Where multiple offenses are involved, the state court construction penalty shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the state court construction penalty shall be reduced in proportion to the suspension.

(d) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state court construction penalty prescribed by this section for forfeited bail. If bail is returned, the state court construction penalty paid thereon pursuant to this section shall also be returned.

(e) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state court construction penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(f) Within 45 days after the end of the month that moneys are deposited in the county treasury pursuant to subdivision (a) or (b), the county treasurer shall transmit the moneys to the State Controller, to be deposited in the State Court Facilities Construction Fund.

SEC. 3. Section 70375 of the Government Code is amended to read:

70375. (a) This article shall take effect on January 1, 2003, and the fund, penalty, and fee assessment established by this article shall become operative on January 1, 2003, except as otherwise provided in this article.

(b) In each county, the five-dollar ($5) penalty amount authorized by subdivision (a) of Section 70372 shall be reduced by the following:

(1) The amount collected for deposit into the local courthouse construction fund established pursuant to Section 76100. If a county board of supervisors elects to distribute part of the county penalty authorized by Section 76000 into the local courthouse construction fund, the amount of the contribution for each seven dollars ($7) is the difference

between seven dollars ($7) and the amount shown for the county penalty in subdivision (e) of Section 76000.

(2) The amount collected for transmission to the state for inclusion in the Transitional State Court Facilities Construction Fund established pursuant to Section 70401 to the extent it is funded by money from the local courthouse construction fund.

(c) The authority for all of the following shall expire proportionally on the June 30th following the date of transfer of responsibility for facilities from the county to the Judicial Council, except so long as money is needed to pay for construction provided for in those sections and undertaken prior to the transfer of responsibility for facilities from the county to the Judicial Council:

(1) An additional penalty for a local courthouse construction fund established pursuant to Section 76100.

(2) A filing fee surcharge in the County of Riverside established pursuant to Section 70622.

(3) A filing fee surcharge in the County of San Bernardino established pursuant to Section 70624.

(4) A filing fee surcharge in the City and County of San Francisco established pursuant to Section 70625.

(d) For purposes of subdivision (c), the term "proportionally" means that proportion of the fee or surcharge that shall expire upon the transfer of responsibility for a facility that is the same proportion as the square footage that facility bears to the total square footage of court facilities in that county.

SEC. 4. Section 76000 of the Government Code is amended to read:

76000. (a) (1) Except as otherwise provided elsewhere in this section, in each county there shall be levied an additional penalty in the amount of seven dollars ($7) for every ten dollars ($10), or part of ten dollars ($10), upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code.

(2) This additional penalty shall be collected together with and in the same manner as the amounts established by Section 1464 of the Penal Code. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code. The county treasurer shall deposit those amounts specified by the board of supervisors by resolution in one or more of the funds established pursuant to this chapter. However, deposits to these funds shall continue through whatever period of time is necessary to repay any borrowings made by the county on or before January 1, 1991, to pay for construction provided for in this chapter.

(3) This additional penalty does not apply to the following:

(A) Any restitution fine.

(B) Any penalty authorized by Section 1464 of the Penal Code or this chapter.

(C) Any parking offense subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.

(D) The state surcharge authorized by Section 1465.7 of the Penal Code.

(b) In each authorized county, provided that the board of supervisors has adopted a resolution stating that the implementation of this subdivision is necessary to the county for the purposes authorized, with respect to each authorized fund established pursuant to Section 76100 or 76101, for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added penalty of two dollars and fifty cents ($2.50) shall be included in the total penalty, fine, or forfeiture. Except as provided in subdivision (c), for each parking case collected in the courts of the county, the county treasurer shall place in each authorized fund two dollars and fifty cents ($2.50). These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1462.3 or 1463.009 of the Penal Code. The judges of the county shall increase the bail schedule amounts as appropriate to reflect the added penalty provided for by this section. In those cities, districts, or other issuing agencies which elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section. Each agency which elects to process parking violations shall pay to the county treasurer two dollars and fifty cents ($2.50) for each fund for each parking penalty collected on each violation which is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall deposit all those sums in the authorized fund. No issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges established in the resolution adopted pursuant to this chapter, except as otherwise agreed upon by the local governmental entities involved.

(c) The county treasurer shall deposit one dollar ($1) of every two dollars and fifty cents ($2.50) collected pursuant to subdivision (b) into the general fund of the county.

(d) The authority to impose the two-dollar-and-fifty-cent ($2.50) penalty authorized by subdivision (b) shall be reduced to one dollar ($1.00) as of the date of transfer of responsibility for facilities from the

county to the Judicial Council pursuant to Article 3 (commencing with Section 70321) of Chapter 5.1, except as money is needed to pay for construction provided for in Section 76100 and undertaken prior to the transfer of responsibility for facilities from the county to the Judicial Council.

(e) The seven-dollar ($7) additional penalty authorized by subdivision (a) shall be reduced in each county by the additional penalty amount assessed by the county for the local courthouse construction fund established by Section 76100 as of January 1, 1998, when the money in that fund is transferred to the state under Section 70402. The amount each county shall charge as an additional penalty under this section shall be as follows:

(a) (1) Except as otherwise provided elsewhere in this section, for purposes of supporting emergency medical services pursuant to Chapter 2.5 (commencing with Section 1797.98a) of Division 2.5 of the Health and Safety Code, in addition to the penalties set forth in Section 76000, the county board of supervisors may elect to levy an additional penalty in the amount of two dollars ($2) for every ten dollars

In all cases in which probation is granted, the court shall require as a condition thereof that the person be confined in a county jail for at least 45 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 45 days in confinement in a county jail.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been previously convicted two or more times of a violation of that subdivision, each of these previous convictions shall be charged in the accusatory pleading. In lieu of the suspension, the court may order a person's privilege to operate a motor vehicle restricted, for not more than six months, to necessary travel to and from the person's place of employment or education. If driving a motor vehicle is necessary to perform the duties of the person's employment, the court may also allow the person to drive in that person's scope of employment.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less

than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two hundred-dollar ($200) or one hundred-dollar ($100) minimum. The court may specify that funds confiscated at the time of the defendant's arrest, except for funds confiscated pursuant to Section 11469 of the Health and Safety Code, be applied to the restitution fine if the funds are not exempt for spousal or child support or subject to any other legal exemption.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two hundred-dollar ($200) or one hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments authorized in Section 1464 or Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, or the state surcharge authorized in Section 1465.7, and shall be deposited in the Restitution Fund in the State Treasury.

(f) Except as provided in subdivision (q), in every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the

court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record. The court may specify that funds confiscated at the time of the defendant's arrest, except for funds confiscated pursuant to Section 11469 of the Health and Safety Code, be applied to the restitution order if the funds are not exempt for spousal or child support or subject to any other legal exemption.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance from the Victim Compensation Program pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution. Lost wages shall include any commission income as well as any base wages. Commission income shall be established by evidence of commission income during the 12-month period prior to the date of the crime for which restitution is being ordered, unless good cause for a shorter time period is shown.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5, including, but not limited to, a home security device or system, or replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make the residence accessible to or the vehicle operational by the victim, if the victim is permanently disabled, whether the disability is partial or total, as a direct result of the crime.

(4) (A) If, as a result of the defendant's conduct, the Restitution Fund has provided assistance to or on behalf of a victim or derivative victim pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code, the amount of assistance provided shall be presumed to be a direct result of the defendant's criminal conduct and shall be included in the amount of the restitution ordered.

(B) The amount of assistance provided by the Restitution Fund shall be established by copies of bills submitted to the California Victim Compensation and Government Claims Board reflecting the amount paid by the board and whether the services for which payment was made were for medical or dental expenses, funeral or burial expenses, mental health counseling, wage or support losses, or rehabilitation. Certified copies of these bills provided by the board and redacted to protect the

privacy and safety of the victim or any legal privilege, together with a statement made under penalty of perjury by the custodian of records that those bills were submitted to and were paid by the board, shall be sufficient to meet this requirement.

(C) If the defendant offers evidence to rebut the presumption established by this paragraph, the court may release additional information contained in the records of the board to the defendant only after reviewing that information in camera and finding that the information is necessary for the defendant to dispute the amount of the restitution order.

(5) Except as provided in paragraph (6), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may be ordered. The financial disclosure statements shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(6) A defendant who fails to file the financial disclosure required in paragraph (5), but who has filed a financial affidavit or financial information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (5), and paragraphs (7) to (10), inclusive, shall not apply.

(7) Except as provided in paragraph (6), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(8) In its discretion, the court may relieve the defendant of the duty under paragraph (7) of filing with the clerk by requiring that the defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(9) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (5) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(10) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (5) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (5) as a condition of probation or suspended sentence.

(11) If a defendant has any remaining unpaid balance on a restitution order or fine 120 days prior to his or her scheduled release from probation or 120 days prior to his or her completion of a conditional sentence, the defendant shall prepare and file a new and updated financial disclosure identifying all assets, income, and liabilities in which the defendant holds or controls or has held or controlled a present or future interest during the defendant's period of probation or conditional sentence. The financial disclosure shall be made available to the victim and the board pursuant to Section 1214. The disclosure shall be signed and prepared by the defendant on the same form as described in paragraph (5). Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another

provision of law provides for a greater penalty. The financial disclosure required by this paragraph shall be filed with the clerk of the court no later than 90 days prior to the defendant's scheduled release from probation or completion of the defendant's conditional sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, "victim" shall include all of the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(3) Any person who has sustained economic loss as the result of a crime and who satisfies any of the following conditions:

(A) At the time of the crime was the parent, grandparent, sibling, spouse, child, or grandchild of the victim.

(B) At the time of the crime was living in the household of the victim.

(C) At the time of the crime was a person who had previously lived in the household of the victim for a period of not less than two years in a relationship substantially similar to a relationship listed in subparagraph (A).

(D) Is another family member of the victim, including, but not limited to, the victim's fiancé or fiancée, and who witnessed the crime.

(E) Is the primary caretaker of a minor victim.

(4) Any person who is eligible to receive assistance from the Restitution Fund pursuant to Chapter 5 (commencing with Section 13950) of Part 4 of Division 3 of Title 2 of the Government Code.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13963 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) The court clerk shall notify the California Victim Compensation and Government Claims Board within 90 days of an order of restitution being imposed if the defendant is ordered to pay restitution to the board due to the victim receiving compensation from the Restitution Fund. Notification shall be accomplished by mailing a copy of the court order to the board, which may be done periodically by bulk mail or electronic mail.

(q) Upon conviction for a violation of Section 236.1, the court shall, in addition to any other penalty or restitution, order the defendant to pay restitution to the victim in any case in which a victim has suffered economic loss as a result of the defendant's conduct. The court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. In determining restitution pursuant to this section, the court shall base its order upon the greater of the following: the gross value of the victim's labor or services based upon the comparable value of similar services in the labor market in which the offense occurred, or the value of the victim's labor

as guaranteed under California law, or the actual income derived by the defendant from the victim's labor or services or any other appropriate means to provide reparations to the victim.

SEC. 15. Section 1202.45 of the Penal Code is amended to read:

1202.45. In every case where a person is convicted of a crime and whose sentence includes a period of parole, the court shall at the time of imposing the restitution fine pursuant to subdivision (b) of Section 1202.4, assess an additional parole revocation restitution fine in the same amount as that imposed pursuant to subdivision (b) of Section 1202.4. This additional parole revocation restitution fine shall not be subject to penalty assessments authorized by Section 1464 or Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, or the state surcharge authorized by Section 1465.7, and shall be suspended unless the person's parole is revoked. Parole revocation restitution fine moneys shall be deposited in the Restitution Fund in the State Treasury.

1464. (a) (1) Subject to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, and except as otherwise provided in this section, there shall be levied a state penalty in the amount of ten dollars ($10) for every ten dollars ($10), or part of ten dollars ($10), upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including all offenses, except parking offenses as defined in subdivision (i) of Section 1463, involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code.

(2) Any bail schedule adopted pursuant to Section 1269b or bail schedule adopted by the Judicial Council pursuant to Section 40310 of the Vehicle Code may include the necessary amount to pay the penalties established by this section and Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, and the surcharge authorized by Section 1465.7, for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state penalty prescribed by this section for forfeited bail. If bail is returned, the state penalty paid thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

The portion thereof attributable to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code shall be deposited in the appropriate county fund and 70 percent of the balance shall then be transmitted to the State Treasury, to be deposited in the State Penalty Fund, which is hereby created, and 30 percent to remain on deposit in the county general fund. (f) The moneys so deposited in the State Penalty Fund shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.33 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month, except that the total amount shall not be less than the state penalty levied on fines or forfeitures for violation of state laws relating to the protection or propagation of fish and game. These moneys shall be used for the education or training of department employees which fulfills a need consistent with the objectives of the Department of Fish and Game.

(B) Any moneys deposited in the State Penalty Fund attributable to the assessments made pursuant to subdivision (i) of Section 27315 of the Vehicle Code on or after the date that Chapter 6.6 (commencing with Section 5564) of Part 1 of Division 5 of the Welfare and Institutions Code is repealed shall be utilized in accordance with paragraphs (1) to (8), inclusive, of this subdivision.

SEC. 17.5. Section 1464 of the Penal Code is amended to read:

1464. (a) (1) Subject to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, and except as otherwise provided in this section, there shall be levied a state penalty in the amount of ten dollars ($10) for every ten dollars ($10), or part of ten dollars ($10), upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including all offenses, except parking offenses as defined in subdivision (i) of Section 1463, involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code.

(2) Any bail schedule adopted pursuant to Section 1269b or bail schedule adopted by the Judicial Council pursuant to Section 40310 of the Vehicle Code may include the necessary amount to pay the penalties established by this section and Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, and the surcharge authorized by Section 1465.7, for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine.

(b) Where multiple offenses are involved, the state penalty shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the state penalty shall be reduced in proportion to the suspension.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state penalty prescribed by this section for forfeited bail. If bail is returned, the state penalty paid thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the clerk of the court shall collect the penalty and transmit it to the county treasury. The portion thereof attributable to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code shall be deposited in the appropriate county fund and 70 percent of the balance shall then be transmitted to the State Treasury, to be deposited in the State Penalty Fund, which is hereby created, and 30 percent to remain on deposit in the county general fund. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

(f) The moneys so deposited in the State Penalty Fund shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.33 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month, except that the total amount shall not be less than the state penalty levied on fines or forfeitures for violation of state laws relating to the protection or propagation of fish and game. These moneys shall be used for the education or training of department employees which fulfills a need consistent with the objectives of the Department of Fish and Game.

(2) Once a month there shall be transferred into the Restitution Fund an amount equal to 30.21 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. Those funds shall

be made available in accordance with Section 13967 of the Government Code.

(3) Once a month there shall be transferred into the Peace Officers' Training Fund an amount equal to 32.44 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(4) Once a month there shall be transferred into the Driver Training Penalty Assessment Fund an amount equal to .67 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(5) Once a month there shall be transferred into the Corrections Training Fund an amount equal to 13.80 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. Money in the Corrections Training Fund is not continuously appropriated and shall be appropriated in the Budget Act.

(7) Once a month there shall be transferred into the Victim-Witness Assistance Fund an amount equal to 13.80 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(8) (A) Once a month there shall be transferred into the Traumatic Brain Injury Fund, created pursuant to Section 4358 of the Welfare and Institutions Code, an amount equal to 0.66 percent of the state penalty funds deposited into the State Penalty Fund during the preceding month. However, the amount of funds transferred into the Traumatic Brain Injury Fund for the 1996–97 fiscal year shall not exceed the amount of five hundred thousand dollars ($500,000). Thereafter, funds shall be transferred pursuant to the requirements of this section. Notwithstanding any other provision of law, the funds transferred into the Traumatic Brain Injury Fund for the 1997–98, 1998–99, and 1999–2000 fiscal years, may be expended by the State Department of Mental Health, in the current fiscal year or a subsequent fiscal year, to provide additional funding to the existing projects funded by the Traumatic Brain Injury Fund, to support new projects, or to do both.

(B) Any moneys deposited in the State Penalty Fund attributable to the assessments made pursuant to subdivision (i) of Section 27315 of the Vehicle Code on or after the date that Chapter 6.6 (commencing with Section 5564) of Part 1 of Division 5 of the Welfare and Institutions Code is repealed shall be utilized in accordance with paragraphs (1) to (8), inclusive, of this subdivision.

(g) The amendments to this section made by the Legislature in the 2007 portion of the 2006–07 Regular Session shall become operative only if the General Fund has achieved ongoing structural balance on or before July 1, 2015. Ongoing structural balance is achieved only if all economic recovery bonds are retired and the May Revision of the Governor's Budget shows revenues exceeding expenditures during both the prior and current years, excluding proceeds from borrowing.

SEC. 18. Section 1465.8 of the Penal Code is amended to read:

1465.8. (a) (1) To ensure and maintain adequate funding for court security, a fee of twenty dollars ($20) shall be imposed on every conviction for a criminal offense, including a traffic offense, except parking offenses as defined in subdivision (i) of Section 1463, involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code.

(2) For the purposes of this section, "conviction" includes the dismissal of a traffic violation on the condition that the defendant attend a court-ordered traffic violator school, as authorized by Sections 41501 and 42005 of the Vehicle Code. This security fee shall be deposited in accordance with subdivision (d), and may not be included with the fee calculated and distributed pursuant to Section 42007 of the Vehicle Code.

(b) This fee shall be in addition to the state penalty assessed pursuant to Section 1464 and may not be included in the base fine to calculate the state penalty assessment as specified in subdivision (a) of Section 1464. The penalties authorized by Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, and the state surcharge authorized by Section 1465.7, do not apply to this fee.

(c) When bail is deposited for an offense to which this section applies, and for which a court appearance is not necessary, the person making the deposit shall also deposit a sufficient amount to include the fee prescribed by this section.

(d) Notwithstanding any other provision of law, the fees collected pursuant to subdivision (a) shall all be deposited in a special account in the county treasury and transmitted therefrom monthly to the Controller for deposit in the Trial Court Trust Fund.

(e) The Judicial Council shall provide for the administration of this section.

SEC. 19. Section 1538.5 of the Penal Code is amended to read:

1538.5. (a) (1) A defendant may move for the return of property or to suppress as evidence any tangible or intangible thing obtained as a result of a search or seizure on either of the following grounds:

(A) The search or seizure without a warrant was unreasonable.

(B) The search or seizure with a warrant was unreasonable because any of the following apply:

(i) The warrant is insufficient on its face.

(ii) The property or evidence obtained is not that described in the warrant.

(iii) There was not probable cause for the issuance of the warrant.

(iv) The method of execution of the warrant violated federal or state constitutional standards.

(v) There was any other violation of federal or state constitutional standards.

(2) A motion pursuant to paragraph (1) shall be made in writing and accompanied by a memorandum of points and authorities and proof of service. The memorandum shall list the specific items of property or evidence sought to be returned or suppressed and shall set forth the factual basis and the legal authorities that demonstrate why the motion should be granted.

(b) When consistent with the procedures set forth in this section and subject to the provisions of Sections 170 to 170.6, inclusive, of the Code of Civil Procedure, the motion should first be heard by the magistrate who issued the search warrant if there is a warrant.

(c) (1) Whenever a search or seizure motion is made in the superior court as provided in this section, the judge or magistrate shall receive evidence on any issue of fact necessary to determine the motion.

(2) While a witness is under examination during a hearing pursuant to a search or seizure motion, the judge or magistrate shall, upon motion of either party, do any of the following:

(A) Exclude all potential and actual witnesses who have not been examined.

(B) Order the witnesses not to converse with each other until they are all examined.

(C) Order, where feasible, that the witnesses be kept separated from each other until they are all examined.

(D) Hold a hearing, on the record, to determine if the person sought to be excluded is, in fact, a person excludable under this section.

(3) Either party may challenge the exclusion of any person under paragraph (2).

(4) Paragraph (2) does not apply to the investigating officer or the investigator for the defendant, nor does it apply to officers having custody of persons brought before the court.

(d) If a search or seizure motion is granted pursuant to the proceedings authorized by this section, the property or evidence shall not be admissible against the movant at any trial or other hearing unless further proceedings authorized by this section, Section 871.5, 1238, or 1466 are utilized by the people.

(e) If a search or seizure motion is granted at a trial, the property shall be returned upon order of the court unless it is otherwise subject to lawful detention. If the motion is granted at a special hearing, the property shall be returned upon order of the court only if, after the conclusion of any further proceedings authorized by this section, Section 1238 or 1466, the property is not subject to lawful detention or if the time for initiating the proceedings has expired, whichever occurs last. If the motion is granted at a preliminary hearing, the property shall be returned upon order of the court after 10 days unless the property is otherwise subject to lawful detention or unless, within that time, further proceedings authorized by this section, Section 871.5 or 1238 are utilized; if they are utilized, the property shall be returned only if, after the conclusion of the proceedings, the property is no longer subject to lawful detention.

(f) (1) If the property or evidence relates to a felony offense initiated by a complaint, the motion shall be made only upon filing of an information, except that the defendant may make the motion at the preliminary hearing, but the motion shall be restricted to evidence sought to be introduced by the people at the preliminary hearing.

(2) The motion may be made at the preliminary examination only if, at least five court days before the date set for the preliminary examination, the defendant has filed and personally served on the people a written motion accompanied by a memorandum of points and authorities as required by paragraph (2) of subdivision (a). At the preliminary examination, the magistrate may grant the defendant a continuance for the purpose of filing the motion and serving the motion upon the people, at least five court days before resumption of the examination, upon a showing that the defendant or his or her attorney of record was not aware of the evidence or was not aware of the grounds for suppression before the preliminary examination.

(3) Any written response by the people to the motion described in paragraph (2) shall be filed with the court and personally served on the

defendant or his or her attorney of record at least two court days prior to the hearing at which the motion is to be made.

(g) If the property or evidence relates to a misdemeanor complaint, the motion shall be made before trial and heard prior to trial at a special hearing relating to the validity of the search or seizure. If the property or evidence relates to a misdemeanor filed together with a felony, the procedure provided for a felony in this section and Sections 1238 and 1539 shall be applicable.

(h) If, prior to the trial of a felony or misdemeanor, opportunity for this motion did not exist or the defendant was not aware of the grounds for the motion, the defendant shall have the right to make this motion during the course of trial.

(i) If the property or evidence obtained relates to a felony offense initiated by complaint and the defendant was held to answer at the preliminary hearing, or if the property or evidence relates to a felony offense initiated by indictment, the defendant shall have the right to renew or make the motion at a special hearing relating to the validity of the search or seizure which shall be heard prior to trial and at least 10 court days after notice to the people, unless the people are willing to waive a portion of this time. Any written response by the people to the motion shall be filed with the court and personally served on the defendant or his or her attorney of record at least two court days prior to the hearing, unless the defendant is willing to waive a portion of this time. If the offense was initiated by indictment or if the offense was initiated by complaint and no motion was made at the preliminary hearing, the defendant shall have the right to fully litigate the validity of a search or seizure on the basis of the evidence presented at a special hearing. If the motion was made at the preliminary hearing, unless otherwise agreed to by all parties, evidence presented at the special hearing shall be limited to the transcript of the preliminary hearing and to evidence that could not reasonably have been presented at the preliminary hearing, except that the people may recall witnesses who testified at the preliminary hearing. If the people object to the presentation of evidence at the special hearing on the grounds that the evidence could reasonably have been presented at the preliminary hearing, the defendant shall be entitled to an in camera hearing to determine that issue. The court shall base its ruling on all evidence presented at the special hearing and on the transcript of the preliminary hearing, and the findings of the magistrate shall be binding on the court as to evidence or property not affected by evidence presented at the special hearing. After the special hearing is held, any review thereafter desired by the defendant prior to trial shall be by means of an extraordinary writ of mandate or prohibition

filed within 30 days after the denial of his or her motion at the special hearing.

(j) If the property or evidence relates to a felony offense initiated by complaint and the defendant's motion for the return of the property or suppression of the evidence at the preliminary hearing is granted, and if the defendant is not held to answer at the preliminary hearing, the people may file a new complaint or seek an indictment after the preliminary hearing, and the ruling at the prior hearing shall not be binding in any subsequent proceeding, except as limited by subdivision (p). In the alternative, the people may move to reinstate the complaint, or those parts of the complaint for which the defendant was not held to answer, pursuant to Section 871.5. If the property or evidence relates to a felony offense initiated by complaint and the defendant's motion for the return or suppression of the property or evidence at the preliminary hearing is granted, and if the defendant is held to answer at the preliminary hearing, the ruling at the preliminary hearing shall be binding upon the people unless, upon notice to the defendant and the court in which the preliminary hearing was held and upon the filing of an information, the people, within 15 days after the preliminary hearing, request a special hearing, in which case the validity of the search or seizure shall be relitigated de novo on the basis of the evidence presented at the special hearing, and the defendant shall be entitled, as a matter of right, to a continuance of the special hearing for a period of time up to 30 days. The people may not request relitigation of the motion at a special hearing if the defendant's motion has been granted twice. If the defendant's motion is granted at a special hearing, the people, if they have additional evidence relating to the motion and not presented at the special hearing, shall have the right to show good cause at the trial why the evidence was not presented at the special hearing and why the prior ruling at the special hearing should not be binding, or the people may seek appellate review as provided in subdivision (o), unless the court, prior to the time the review is sought, has dismissed the case pursuant to Section 1385. If the case has been dismissed pursuant to Section 1385, either on the court's own motion or the motion of the people after the special hearing, the people may file a new complaint or seek an indictment after the special hearing, and the ruling at the special hearing shall not be binding in any subsequent proceeding, except as limited by subdivision (p). If the property or evidence seized relates solely to a misdemeanor complaint, and the defendant made a motion for the return of property or the suppression of evidence in the superior court prior to trial, both the people and defendant shall have the right to appeal any decision of that court relating to that motion to the appellate division, in accordance with the California Rules of Court provisions governing appeals to the appellate

division in criminal cases. If the people prosecute review by appeal or writ to decision, or any review thereof, in a felony or misdemeanor case, it shall be binding upon them.

(k) If the defendant's motion to return property or suppress evidence is granted and the case is dismissed pursuant to Section 1385, or the people appeal in a misdemeanor case pursuant to subdivision (j), the defendant shall be released pursuant to Section 1318 if he or she is in custody and not returned to custody unless the proceedings are resumed in the trial court and he or she is lawfully ordered by the court to be returned to custody.

If the defendant's motion to return property or suppress evidence is granted and the people file a petition for writ of mandate or prohibition pursuant to subdivision (o) or a notice of intention to file a petition, the defendant shall be released pursuant to Section 1318, unless (1) he or she is charged with a capital offense in a case where the proof is evident and the presumption great, or (2) he or she is charged with a noncapital offense defined in Chapter 1 (commencing with Section 187) of Title 8 of Part 1, and the court orders that the defendant be discharged from actual custody upon bail.

(*l*) If the defendant's motion to return property or suppress evidence is granted, the trial of a criminal case shall be stayed to a specified date pending the termination in the appellate courts of this state of the proceedings provided for in this section, Section 871.5, 1238, or 1466 and, except upon stipulation of the parties, pending the time for the initiation of these proceedings. Upon the termination of these proceedings, the defendant shall be brought to trial as provided by Section 1382, and, subject to the provisions of Section 1382, whenever the people have sought and been denied appellate review pursuant to subdivision (o), the defendant shall be entitled to have the action dismissed if he or she is not brought to trial within 30 days of the date of the order that is the last denial of the petition. Nothing contained in this subdivision shall prohibit a court, at the same time as it rules upon the search and seizure motion, from dismissing a case pursuant to Section 1385 when the dismissal is upon the court's own motion and is based upon an order at the special hearing granting the defendant's motion to return property or suppress evidence. In a misdemeanor case, the defendant shall be entitled to a continuance of up to 30 days if he or she intends to file a motion to return property or suppress evidence and needs this time to prepare for the special hearing on the motion. In case of an appeal by the defendant in a misdemeanor case from the denial of the motion, he or she shall be entitled to bail as a matter of right, and, in the discretion of the trial or appellate court, may be released on his or her own recognizance pursuant to Section 1318. In the case of an appeal by the

defendant in a misdemeanor case from the denial of the motion, the trial court may, in its discretion, order or deny a stay of further proceedings pending disposition of the appeal.

(m) The proceedings provided for in this section, and Sections 871.5, 995, 1238, and 1466 shall constitute the sole and exclusive remedies prior to conviction to test the unreasonableness of a search or seizure where the person making the motion for the return of property or the suppression of evidence is a defendant in a criminal case and the property or thing has been offered or will be offered as evidence against him or her. A defendant may seek further review of the validity of a search or seizure on appeal from a conviction in a criminal case notwithstanding the fact that the judgment of conviction is predicated upon a plea of guilty. Review on appeal may be obtained by the defendant provided that at some stage of the proceedings prior to conviction he or she has moved for the return of property or the suppression of the evidence.

(n) This section establishes only the procedure for suppression of evidence and return of property, and does not establish or alter any substantive ground for suppression of evidence or return of property. Nothing contained in this section shall prohibit a person from making a motion, otherwise permitted by law, to return property, brought on the ground that the property obtained is protected by the free speech and press provisions of the United States and California Constitutions. Nothing in this section shall be construed as altering (1) the law of standing to raise the issue of an unreasonable search or seizure; (2) the law relating to the status of the person conducting the search or seizure; (3) the law relating to the burden of proof regarding the search or seizure; (4) the law relating to the reasonableness of a search or seizure regardless of any warrant that may have been utilized; or (5) the procedure and law relating to a motion made pursuant to Section 871.5 or 995, or the procedures that may be initiated after the granting or denial of a motion.

(o) Within 30 days after a defendant's motion is granted at a special hearing in a felony case, the people may file a petition for writ of mandate or prohibition in the court of appeal, seeking appellate review of the ruling regarding the search or seizure motion. If the trial of a criminal case is set for a date that is less than 30 days from the granting of a defendant's motion at a special hearing in a felony case, the people, if they have not filed a petition and wish to preserve their right to file a petition, shall file in the superior court on or before the trial date or within 10 days after the special hearing, whichever occurs last, a notice of intention to file a petition and shall serve a copy of the notice upon the defendant.

(p) If a defendant's motion to return property or suppress evidence in a felony matter has been granted twice, the people may not file a new

complaint or seek an indictment in order to relitigate the motion or relitigate the matter de novo at a special hearing as otherwise provided by subdivision (j), unless the people discover additional evidence relating to the motion that was not reasonably discoverable at the time of the second suppression hearing. Relitigation of the motion shall be heard by the same judge who granted the motion at the first hearing if the judge is available.

(q) The amendments to this section enacted in the 1997 portion of the 1997–98 Regular Session of the Legislature shall apply to all criminal proceedings conducted on or after January 1, 1998.

SEC. 20. Section 6608.8 of the Welfare and Institutions Code is amended to read:

6608.8. (a) For any person who is proposed for community outpatient treatment under the forensic conditional release program, the department shall provide to the court a copy of the written contract entered into with any public or private person or entity responsible for monitoring and supervising the patient's outpatient placement and treatment program. This subdivision does not apply to subcontracts between the contractor and clinicians providing treatment and related services to the person.

(b) The terms and conditions of conditional release shall be drafted to include reasonable flexibility to achieve the aims of conditional release, and to protect the public and the conditionally released person.

(c) The court in its discretion may order the department to, notwithstanding Section 4514 or 5328, provide a copy of the written terms and conditions of conditional release to the sheriff or chief of police, or both, that have jurisdiction over the proposed or actual placement community.

(d) (1) Except in an emergency, the department or its designee shall not alter the terms and conditions of conditional release without the prior approval of the court.

(2) The department shall provide notice to the person committed under this article and the district attorney or designated county counsel of any proposed change in the terms and conditions of conditional release.

(3) The court on its own motion, or upon the motion of either party to the action, may set a hearing on the proposed change. The hearing shall be held as soon as is practicable.

(4) If a hearing on the proposed change is held, the court shall state its findings on the record. If the court approves a change in the terms and conditions of conditional release without a hearing, the court shall issue a written order.

(5) In the case of an emergency, the department or its designee may deviate from the terms and conditions of the conditional release if necessary to protect public safety or the safety of the person. If a hearing

on the emergency is set by the court or requested by either party, the hearing shall be held as soon as practicable. The department, its designee, and the parties shall endeavor to resolve routine matters in a cooperative fashion without the need for a formal hearing.

(e) Notwithstanding any provision of this section, including, but not limited to, subdivision (d), matters concerning the residential placement, including any changes or proposed changes in the residence of the person, shall be considered and determined pursuant to Section 6609.1.

SEC. 21. The changes to Section 1538.5 of the Penal Code by Section 19 of this act are technical amendments that are not intended to conflict with subdivision (d) of Section 28 of Article 1 of the California Constitution.

SEC. 22. It is the intent of the Legislature, in enacting Sections 2 to 8, inclusive, and Sections 14 to 18, inclusive, of this act, to construe and clarify the meaning and effect of existing law and to reject the interpretation given to the law in People v. Chavez (2007) 150 Cal.App.4th 1288.

SEC. 23. Section 17.5 of this bill incorporates amendments to Section 1464 of the Penal Code proposed by both this bill and SB 153. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 1464 of the Penal Code, and (3) this bill is enacted after SB 153, in which case Section 17 of this bill shall not become operative.

SEC. 24. (a) Any section of any other act, other than Assembly Bill 299, that is enacted by the Legislature during the 2007 calendar year, that takes effect on or before January 1, 2008, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by Section 1, Sections 9 to 13, inclusive, Section 19, or Section 20 of this act, shall prevail over this act, whether this act is enacted prior to, or subsequent to, the enactment of that act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by Section 1, Sections 9 to 13, inclusive, Section 19, or Section 20 of this act shall not become operative if any section of any other act other than Assembly Bill 299 that is enacted by the Legislature during the 2007 calendar year and takes effect on or before January 1, 2008, amends, amends and renumbers, adds, repeals and adds, or repeals, or repeals any section contained in that article, chapter, part, title, or division.

CHAPTER 303

An act to amend Sections 10089.5, 10089.9, 10089.13, 10089.16, 10089.23, 10089.30, and 10089.33 of, and to add Section 10089.31 to, the Insurance Code, relating to insurance.

[Approved by Governor October 5, 2007. Filed with Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 10089.5 of the Insurance Code is amended to read:

10089.5. As used in this chapter:

(a) "Authority" means the California Earthquake Authority.

(b) "Available capital" means the sum of all moneys and invested assets actually held in the California Earthquake Authority Fund, less loss reserves and loss adjustment expense reserves under all of the authority's policies of residential earthquake insurance, and less the unearned premium reserve. "Available capital" includes all interest or other income from the investment of money held in the California Earthquake Authority Fund. "Available capital" does not include unearned premium, the proceeds of contracts of reinsurance procured by or in the name of the authority pursuant to subdivision (a) of Section 10089.10, any funds realized on capital market contracts authorized by subdivision (b) of Section 10089.10, or the proceeds of bonds issued by or in the name of the authority.

(c) "Basic residential earthquake insurance" means that policy of residential earthquake insurance described in Section 10089 except as follows:

(1) (A) If one year after the authority commences operation the authority has available capital equal to or exceeding seven hundred million dollars ($700,000,000), any policy issued or renewed on or after that date shall provide, less any applicable deductible, not less than two thousand five hundred dollars ($2,500) in coverage for additional living expenses.

(B) If the authority met the available capital requirements of subparagraph (A) and two years after the authority commences operation the authority has available capital equal to or exceeding seven hundred million dollars ($700,000,000), any policy issued or renewed on or after that date shall provide, less any applicable deductible, not less than three thousand dollars ($3,000) in coverage for additional living expenses.

(2) (A) If the authority did not meet the available capital requirement of subparagraph (A) of paragraph (1) but, two years after the authority commences operation the authority has available capital equal to or exceeding seven hundred million dollars ($700,000,000), any policy issued or renewed on or after that date shall provide, less any applicable deductible, not less than two thousand five hundred dollars ($2,500) in coverage for additional living expenses.

(B) If the authority met the available capital requirements as provided by subparagraph (A) and three years after the authority commences operation the authority has available capital equal to or exceeding seven hundred million dollars ($700,000,000), any policy issued or renewed on or after that date shall provide, less any applicable deductible, not less than three thousand dollars ($3,000) in coverage for additional living expenses.

(d) "Board" means the governing board of the authority.

(e) "Bonds" means bonds, notes, commercial paper, variable rate and variable maturity securities, and any other evidence of indebtedness.

(f) "Capital market contract" means an agreement between the authority and a purchaser pursuant to which the purchaser agrees to purchase bonds of the authority.

(g) "Nonparticipating insurer" means an insurer that elects not to transfer or place any residential earthquake policies in the authority.

(h) "Panel" means the advisory panel of the authority.

(i) "Participating insurer" means an insurer that has elected to join the authority.

(j) "Policy of residential property insurance" means those policies described in Section 10087.

(k) "Private capital market" means one or more purchasers of bonds of the authority pursuant to a capital market contract.

(*l*) "Qualifying residential property" includes all those residential dwellings set forth in Section 10087.

(m) "Residential earthquake insurance market share" means an individual insurer's total direct premium received for (1) residential earthquake policies and endorsements written or renewed by the insurer in California and (2) residential earthquake policies written or renewed by the authority for which the insurer has written or renewed an underlying policy of residential property insurance, divided by the total gross premiums received by all admitted insurers and the authority for their basic residential earthquake insurance in California.

(n) "Residential property insurance market share" means an individual insurer's total gross premiums received for residential property insurance policies written or renewed by the insurer, divided by the total gross

premiums received by all admitted insurers for residential property insurance in California.

(o) "Revenue" means all income and receipts of the authority, including, but not limited to, income and receipts derived from premiums, bond purchase agreements, capital contributions by insurers, assessments levied on insurers, surcharges applied to authority earthquake policyholders, and all interest or other income from investment of money in any fund or account of the authority established for the payment of principal or interest, or premiums on bonds, including reserve funds.

(p) "Unearned premium reserve" means an amount equal to the unearned portion of premiums due to, or received by, the authority on all of its policies of residential earthquake insurance, without deduction on account of reinsurance ceded. The unearned premium reserve shall be charged as a reserve liability in determining the authority's financial condition. Because the unearned premium reserve is established and maintained to protect the interests of authority policyholders in their unexpired authority policies, authority assets in an amount equal to the unearned premium reserve shall not be subject to encumbrance by, or distribution to, creditors of or claimants against the authority unless and until the authority has paid in full all policyholder claims and policyholder liabilities.

SEC. 2. Section 10089.9 of the Insurance Code is amended to read:

10089.9. (a) Upon commencement of participation in the authority, each participating insurer shall be required to execute a contract with the commissioner and the authority that sets forth its rights and responsibilities as an authority participant. The form of contract shall be part of the authority's plan of operations and shall be uniform for every participating insurer.

(b) The uniform authority participation contract required by subdivision (a) may be modified by the full execution of a writing, in a form drawn in accordance with this act, that embodies the mutual intent and understandings of the commissioner, the authority, and each participating insurer that has executed the authority participation contract.

(c) In the event a nonparticipating insurer elects to become a participating insurer of the authority, the authority is authorized to present to the nonparticipating insurer the most recent form of the amended uniform authority participation contract it has executed or proposed to execute with existing participating insurers and require its execution as a condition of authority participation. The acceptance by the authority of, and reliance by the authority on, the executed amended authority participation contract that is authorized by this subdivision shall not be deemed a lack of the uniformity of contract required by subdivision (a).

SEC. 3. Section 10089.13 of the Insurance Code is amended to read:

10089.13. (a) One year following its commencement of operations, and annually thereafter by each May 1, the authority shall report to the Legislature and the commissioner on program operations in a format prescribed by the commissioner. The report shall include, but shall not be limited to, the financial condition of the authority, a description of all rates and rating plans approved for use in the authority, an evaluation of the functioning of the authority in light of its stated purpose of making residential property insurance and residential earthquake insurance more available. The report shall also include an analysis of the growth by market share of residential property insurance of participating insurers compared to nonparticipating insurers, any adverse consequences on the various insurance distribution systems resulting from the operation of the authority or alterations in the growth of the residential property insurance market share between participating insurers and nonparticipating insurers, any adverse consequences of the various insurance distribution systems resulting from the operation of the authority or alterations in the growth of homeowners' insurance market share between participating insurers and nonparticipating insurers, and an analysis of any recommended program changes to permit the authority to better fulfill its stated purpose. In making this determination the board shall be mindful of the competitive nature of the market and how any decision can negatively impact insurers who are currently competing in the marketplace.

(b) The annual report shall include full information describing the following matters relating to the authority's condition and affairs:

(1) The property or assets held by the authority, including the amount of cash on hand and deposited in banks to its credit, the amount of cash in the hands of servicing insurance companies, the amount of any stocks or bonds owned by the authority, specifying the amount, number of shares, and the par and market value of each kind of stock or bond, and all other assets, specifying each.

SEC. 4. Section 10089.16 of the Insurance Code is amended to read:

10089.16. (a) On application to the board, payment of any assessments and fees calculated by the board, and fulfillment of any additional requirements imposed by the board, nonparticipating insurers may become participants in the authority with all rights and privileges attendant to that participation.

(b) In order to act upon any findings and recommendations reported to the Legislature pursuant to Section 10089.13, or to implement a specific finding by the commissioner or the board that modification of requirements for entry into the authority is necessary to broaden the availability of residential property or residential earthquake insurance, the board is authorized to open the authority to participation by insurers who have not elected to participate in compliance with Section 10089.15. In implementing the authority granted by this section, the board may:

(1) Offer incentives for insurers to participate in the authority.

(2) Allow any insurer or insurer group that has not elected to become a participating insurer to become an associate participating insurer without complying with the capital contribution requirements of Section 10089.15 if it has maintained or exceeded its number of policies of residential property insurance written as of January 1, 1996.

(c) Any action by the board pursuant to subdivision (b) shall be subject to the following conditions and limitations:

(1) Any deliberation and action by the board shall be conducted at a public meeting of the board.

(2) No action may be taken within one year of the date upon which the authority begins writing policies of basic residential earthquake insurance.

(3) The board shall have no authority to modify the requirements of Section 10089.23, 10089.30, or 10089.31, or to provide, in any other manner, for reduction of the liability of an insurer or insurer group to comply with the assessments placed upon participating insurers in the event of a loss.

(4) Notwithstanding Section 10089.11, any action of the board pursuant to subdivision (b) shall be by regulation promulgated by the

board. Notwithstanding any other provision of law, there shall be no authority by the board to promulgate emergency regulations to implement subdivision (b). No regulations may be proposed within one year of the date upon which the authority begins writing policies of basic residential earthquake insurance. Notwithstanding any exception provided in Section 11343 of the Government Code, any regulation adopted pursuant to subdivision (b) shall be submitted to the Office of Administrative Law for approval pursuant to the Administrative Procedure Act.

(5) Any action by the board to establish an incentive pursuant to subdivision (b) that is available to a single insurer or insurer group shall be based upon standards adopted by the board that are not arbitrary or discriminatory. Notwithstanding Section 10089.11, these standards shall be established by regulation promulgated by the board.

(6) A finding of necessity pursuant to subdivision (b) shall state the specific facts and conditions that establish the necessity and justify the actions to implement subdivision (b). All materials and documents prepared or used by the authority to determine the necessity to implement subdivision (b), other than proprietary materials and documents owned or licensed by third parties, shall be considered public documents, and copies of the public documents shall be made available to the public for inspection at no charge. Members of the public may purchase copies of these documents from the authority at actual cost.

(d) (1) A nonparticipating insurer that applies to the board to become an authority participant must submit to the authority, in connection with its application, earthquake insurance policy data sufficient for the authority to ascertain through computer modeling the current likelihood and magnitude of earthquake insurance losses that would be attributable to that insurer's book of earthquake insurance business during its first full year of authority participation. The authority's modeled representation of such insured earthquake losses shall be termed the "earthquake insurance risk profile" of that insurer.

(2) If in the board's sole judgment the earthquake insurance risk profile the nonparticipating insurer would bring to the authority would be more likely to produce losses for the authority, or would be likely to produce greater losses for the authority, than would a book of existing authority business of similar size, the board may require as a condition for approving the insurer's application that the insurer pay up to five annual risk capital surcharges into the authority in addition to any capital contribution required by Section 10089.15 and any assessment obligations required by Sections 10089.23, 10089.30, and 10089.31.

(3) The board shall first calculate the nonparticipating insurer's risk capital surcharge as of the first anniversary of the date the insurer first placed or renewed into the authority earthquake insurance policies. The

board shall recalculate the risk capital surcharge for each of up to four years after the first year of calculation and shall impose the resulting surcharge; if the insurer's earthquake insurance risk profile becomes substantially similar to the authority's average risk profile for a book of authority earthquake insurance business of similar size, the board shall relieve the insurer of any further obligation to pay risk capital surcharges.

(4) Each annual risk capital surcharge shall be in an amount that, in the board's determination, is equal to the authority's increased cost of providing capacity to insure that insurer's excess earthquake insurance risk. The authority shall cause to be sent to each such insurer a notice of that insurer's annual risk capital surcharge.

(5) Full payment of a noticed risk capital surcharge shall be due within 30 days and shall be overdue after 30 days. Penalties and interest shall be assessed for late payments in the same manner as provided for late payments of the insurer gross premium tax provided for in Section 12258 of the Revenue and Taxation Code. The board may waive the penalties and interest for good cause shown.

(e) Associate participating insurers shall place all new policies of residential earthquake insurance, when writing new policies of residential property insurance, into the authority. Insurers placing policies with the authority under this section shall be subject to the assessments provided for in Sections 10089.23, 10089.30, and 10089.31. Notwithstanding subdivision (m) of Section 10089.5, "residential earthquake insurance market share" for purposes of any assessments pursuant to Sections 10089.23, 10089.30, and 10089.31 levied on an associate participating insurer shall mean an individual associate participating insurer's total direct premium received for residential earthquake policies written or renewed by the authority for which the insurer has written or renewed an underlying policy of residential property insurance, divided by the total gross premiums received by all admitted insurers and the authority for their basic residential earthquake insurance in California.

(f) (1) An associate participating insurer shall not cancel or refuse to renew a residential property insurance policy existing on the date it elected to become an associate participating insurer after an offer of earthquake coverage is accepted solely because the insured has accepted that offer of earthquake coverage.

(2) An associate participating insurer shall maintain in force any policy of residential property insurance existing on the date it elected to become an associate participating insurer after an offer of earthquake insurance has been accepted, unless the policy is properly canceled pursuant to Section 676 or the associate participating insurer has grounds for nonrenewal pursuant to subdivision (g).

(g) An associate participating insurer may refuse to renew a policy of residential property insurance after an offer of earthquake coverage has been accepted if one of the following exceptions applies:

(1) The policy is terminated by the named insured.

(2) The policy is refused renewal on the basis of sound underwriting principles that relate to the coverages provided by the underlying policy of residential property insurance and that are consistent with the approved rating plan and related documents filed with the department as required by existing law.

(3) The commissioner finds that the exposure to potential losses will threaten the solvency of the associate participating insurer or place the associate participating insurer in a hazardous condition. "Hazardous condition" has the same meaning as in Section 1065.1 and includes, but is not limited to, a condition in which an associate participating insurer makes claims payments for losses resulting from an earthquake that occurred within the preceding two years and that required a reduction in policyholder surplus of at least 25 percent for payment of those claims.

(4) There is cancellation under Section 676.

(5) The associate participating insurer has lost or experienced a substantial reduction in the availability or scope of reinsurance coverage or a substantial increase in the premium charged for reinsurance coverage for its residential property insurance policies, and the commissioner has approved a plan for the nonrenewals that is fair and equitable, and that is responsive to the changes in the associate participating insurer's reinsurance position.

(6) The named insured is insured based upon membership in a motor club, as defined in Section 12142, and the membership in that organization is terminated as provided in paragraph (2) of subdivision (c) of Section 1861.03.

(h) For associate participating insurers, underwriting standards applicable to residential property insurance shall not be applied in an unfairly discriminatory fashion against any person who accepts or elects to continue earthquake coverage.

(i) Associate participating insurers shall be subject to the following requirements:

(1) Associate participating insurers shall conform to all provisions of the authority's plan of operation applicable to participating insurers.

(2) No property that has previously been covered by a policy of residential earthquake insurance written by the associate participating insurer or associate participating insurer group, absent at least one full policy year with an insurer not affiliated with the associate participating insurer or its group, may be placed into the authority by an associate participating insurer.

(3) Any associate participating insurer or associate participating insurer group defined in paragraph (2) of subdivision (b) that has failed to maintain or exceed the number of policies of residential property insurance in force on January 1, 1996, may become an associate participating insurer by contributing additional capital into the authority at a rate to be established by the board, which shall be a per policy rate comparable to the average cost per policy paid by a participating insurer that joins the authority pursuant to Section 10089.15.

(j) Any associate participating insurer shall be required to establish procedures to verify compliance with this section. The procedures shall require verification that each basic residential earthquake policy written by the authority complies with paragraph (2) of subdivision (i).

(k) Any violation of this section may be enforced as a violation of the Unfair Trade Practices Act (Article 6.5 (commencing with Section 790) of Chapter 1 of Part 2 of Division 1). Each policy of basic residential earthquake insurance written in the authority by an associate participating insurer in violation of this section shall be deemed to be a separate violation of the Unfair Trade Practices Act.

(*l*) For purposes of this section, no insurer or associate participating insurer may participate in the authority unless all affiliated insurers participate in the authority.

(m) Policies of basic residential earthquake insurance written by associate participating insurers shall be subject to assessment by the California Insurance Guarantee Association and shall be covered to the extent provided in Article 14.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 1. Except as provided in Section 10089.34, insurance policies written by participating insurers that are not associate participating insurers shall not be subject to assessment by the California Insurance Guarantee Association if the assessment is imposed to pay claims covered by policies of basic residential earthquake insurance written by an associate participating insurer.

SEC. 5. Section 10089.23 of the Insurance Code is amended to read:

10089.23. (a) (1) If at any time following the payment of earthquake claims and claim expenses the authority's available capital is reduced to less than three hundred fifty million dollars ($350,000,000), or if at any time the authority's available capital is insufficient to pay benefits and continue operations, the authority shall have the power to assess participating insurance companies subject to the maximum limits as set forth in this section and Section 10089.30. The assessment shall be limited to the amount necessary to pay the outstanding or expected claims and claim expenses of the authority and to return the authority's available capital to three hundred fifty million dollars ($350,000,000), as determined by the board, subject to approval by the commissioner.

(2) Each participating insurer's assessment shall be determined by multiplying the percentage share of the authority's total gross written premium that is attributable to that participating insurer's sales of authority insurance policies, as of April 30 of the immediately preceding year or the most recent year for which premium data not more than one year old are available, by the amount of the total assessment sought by the authority.

(3) The maximum permissible insurer assessments pursuant to this section, the maximum permissible insurer assessments pursuant to Section 10089.30 and Section 10089.31, the maximum permissible earthquake policyholder assessments pursuant to Section 10089.29, and the maximum permissible bond issuances or other debt financing issued or secured by the Treasurer pursuant to Section 10089.29 shall be reduced uniformly by multiplication of the maximum assessments and other amounts provided in those sections by the percentage of the total residential property insurance market share participation attained by the authority. The total amount of all assessments levied on participating insurance companies by the authority pursuant to this section shall not exceed three billion dollars ($3,000,000,000), regardless of the frequency or severity of earthquake losses at any and all times subsequent to the creation of the authority. Once a participating insurer has paid, pursuant to this section, amounts equal to the percentage share of the authority's total gross written premium attributable to that participating insurer's sales of authority insurance policies, as of April 30 of the immediately preceding year or the most recent full year for which premium data not more than one year old are available, multiplied by three billion dollars ($3,000,000,000) reduced as provided in this paragraph from the maximum assessment, the authority's power to assess that insurer under this section shall cease and the authority shall be prohibited from levying additional assessments on that insurer pursuant to this section.

(4) Beginning December 31 of the first year of operations, and each December 31 thereafter, the board shall adjust the maximum permissible insurer assessments pursuant to this section, the maximum permissible insurer assessments pursuant to Sections 10089.30 and 10089.31, the maximum permissible authority policyholder assessment pursuant to Section 10089.29, and the maximum permissible bond issuances or other debt financing issued or secured by the Treasurer pursuant to Section 10089.29 to reflect the market share of new insurers entering into the authority as authorized by Sections 10089.15 and 10089.16 and participating insurers withdrawing from the authority as authorized by Section 10089.19. The adjustments shall be made in the same manner as authorized by paragraph (3).

(b) In the case of any insurer assessment, the authority shall cause to be sent to each participating insurer a notice of that insurer's assessment, and full payment shall be due within 30 days and shall be overdue after 30 days. Penalties and interest shall be assessed for late payments in the same manner as provided for late payments of the insurer gross premium tax pursuant to Section 12258 of the Revenue and Taxation Code. The board may waive the penalties and interest for good cause shown. The board shall make every effort to assess insurers only for funds reasonably anticipated to be necessary for claims payments and claim expenses and to return the authority's available capital to three hundred fifty million dollars ($350,000,000).

(c) Notwithstanding the other provisions of this section, the aggregate assessment the authority is authorized by this section to impose shall be reduced to zero on December 1, 2008, with respect to earthquake events that commence on or after December 1, 2008.

(d) The authority shall not assess a participating insurer under this section based on any insurance business that is attributable to the insurer selling the insurer's insurance products that supplement or augment the basic residential earthquake insurance provided by the authority.

SEC. 6. Section 10089.30 of the Insurance Code is amended to read:

10089.30. If claims and claim expenses paid by the authority due to earthquake events exhaust the total of (a) the authority's available capital, (b) the maximum amount of all insurer capital contributions and assessments pursuant to Sections 10089.15 and 10089.23, (c) all reinsurance actually available and under contract to the authority, (d) the maximum amount of all authority policyholder assessments pursuant to Section 10089.29, and (e) all capital committed and actually available from the private capital markets, the board, subject to the approval of the commissioner, shall have the power to assess participating insurance companies subject to the maximum limits in this section. Each participating insurer's assessment shall be determined by multiplying the percentage share of the authority's total gross written premium attributable to that participating insurer's sales of authority insurance policies, as of April 30 of the immediately preceding year or the most recent year for which premium data not more than one year old are available, by the amount of the total assessment sought by the authority. The total amount of all assessments levied against participating insurance companies by the authority pursuant to this section shall not exceed two billion dollars ($2,000,000,000), regardless of the frequency or severity of earthquake losses at any and all times subsequent to the creation of the authority. Once a participating insurer has paid, pursuant to this section, amounts equal to its percentage share of the authority's total gross written premium, multiplied by two billion dollars ($2,000,000,000)

reduced from the maximum assessment as provided in paragraph (3) of subdivision (a) of Section 10089.23, the authority's power to assess that insurer under this section shall cease and the authority shall be prohibited from levying additional assessments on that insurer pursuant to this section. The assessment shall be limited to the amount necessary to pay the expected claims and claim expenses of the authority and return the authority's available capital to three hundred fifty million dollars ($350,000,000), as determined by the board, subject to approval by the commissioner.

SEC. 7. Section 10089.31 is added to the Insurance Code, to read:

10089.31. If claims and claim expenses paid by the authority due to earthquake events that commence on or after December 1, 2008, exhaust the total of all (a) the authority's available capital, (b) the maximum amount of all insurer capital contributions and assessments pursuant to Sections 10089.15, 10089.23, and 10089.30, (c) all reinsurance actually available and under contract to the authority, (d) the maximum amount of all authority policyholder assessments pursuant to Section 10089.29, and (e) all capital committed and actually available from the private capital markets, the board, beginning December 1, 2008, for earthquake events commencing on or after December 1, 2008, shall have the power to assess participating insurance companies subject to the maximum limits in this section. Each participating insurer's assessment shall be determined by multiplying the percentage share of the authority's total gross written premium attributable to that participating insurer's sales of authority insurance policies as of April 30 of the immediately preceding year, or the most recent year for which premium data not more than one year old are available, by the amount of the total assessment sought by the authority. The total amount of all assessments levied against participating insurance companies by the authority pursuant to this section shall not exceed one billion seven hundred eighty million dollars ($1,780,000,000), regardless of the frequency or severity of earthquake losses at any and all times subsequent to the creation of the authority. Once a participating insurer has paid pursuant to this section amounts equal to its percentage share of the authority's total gross written premium, multiplied by one billion seven hundred eighty million dollars ($1,780,000,000) reduced as provided in paragraph (3) of subdivision (a) of Section 10089.23 from the maximum assessment, which is to be reduced periodically pursuant to subdivision (b) of Section 10089.33, or upon the earlier occurrence of the effective date stated in paragraph (6) of subdivision (b) of Section 10089.33, the authority's power to assess that insurer under this section shall cease and the authority shall be prohibited from levying additional assessments on that insurer pursuant to this section. The assessment shall be limited to the amount

necessary to pay the expected claims and claim expenses of the authority and return the authority's available capital to three hundred fifty million dollars ($350,000,000), as determined by the board.

SEC. 8. Section 10089.33 of the Insurance Code is amended to read:

10089.33. (a) If the average daily balance of the authority's available capital exceeds six billion dollars ($6,000,000,000) for the last 180 days of any calendar year, the board shall relieve all participating insurers of their obligation to pay additional earthquake loss assessments under Section 10089.30, by an aggregate amount equal to the amount of available capital in excess of six billion dollars ($6,000,000,000). Each December 31 thereafter, the board shall further reduce the aggregate assessment authorized under Section 10089.30 by the net increase in available capital in excess of the previous levels of available capital at which a reduction in the aggregate Section 10089.30 assessment was made. No reduction pursuant to this subdivision shall exceed 15 percent of the original aggregate Section 10089.30 assessment in any year of operation of the authority.

(b) Commencing April 1, 2010, and on each April 1 thereafter, but only in years that such relief is authorized by this subdivision, the board shall reduce the combined assessment obligation of all participating insurers under Section 10089.31 by 5 percent of the maximum aggregate Section 10089.31 assessment authorized as of January 1, 2009, as provided in this subdivision. Each year of Section 10089.31 assessment reduction is referred to in this subdivision as an "assessment-reduction year." Assessment reductions shall take place as follows:

(1) Unless the authority has made payments and established appropriate reserves for claims and claim expenses, including for losses incurred but not reported, that in the aggregate exceeded five hundred million dollars ($500,000,000) on account of a single earthquake event commencing in 2009, as certified by the authority's consulting actuary and accepted by the board, and the authority's available capital as of January 1, 2010, did not exceed the authority's available capital as of December 1, 2008, then effective April 1, 2010, the maximum aggregate Section 10089.31 assessment shall be reduced by an amount equal to the sum of an amount equal to 5 percent of the initial maximum aggregate Section 10089.31 assessment amount and an amount equal to the retained earnings differential, and 2009 shall be an assessment-reduction year.

(2) Unless the authority has made payments and established appropriate reserves for claims and claim expenses, including for losses incurred but not reported, that in the aggregate exceeded five hundred million dollars ($500,000,000) on account of a single earthquake event commencing in 2010, as certified by the authority's consulting actuary and accepted by the board and the authority's available capital as of

January 1, 2011, did not exceed the authority's available capital as of December 1, 2008, then effective April 1, 2011, the maximum aggregate Section 10089.31 assessment shall be reduced by an amount equal to the sum of an amount equal to 5 percent of the initial maximum aggregate Section 10089.31 assessment amount and an amount equal to the retained earnings differential, and 2010 shall be an assessment-reduction year.

(3) Beginning in 2012 and each year thereafter, unless the authority made payments and established appropriate reserves for claims and claim expenses, including for losses incurred but not reported, that in the aggregate exceeded five hundred million dollars ($500,000,000) on account of all earthquake events commencing in the preceding year, as certified by the authority's consulting actuary and accepted by the board and the authority's available capital as of January 1 of that year did not exceed the authority's available capital as of December 1, 2008, then effective April 1 of that year, the maximum aggregate Section 10089.31 assessment shall be reduced by an amount equal to the sum of an amount equal to 5 percent of the initial maximum aggregate Section 10089.31 assessment amount and an amount equal to the retained earnings differential, and the preceding year shall be an assessment-reduction year.

(4) If through operation of this subdivision a year is not deemed an assessment-reduction year, no subsequent year shall be an assessment reduction year unless and until either the authority's available capital as of a subsequent April 1 exceeds the authority's available capital as of December 1, 2008; or the limitation established in paragraph (5), below, occurs.

(5) No more than two annual periods may be deemed not to constitute assessment-reduction years.

(6) Effective on the day after the last day of the 10th assessment-reduction year authorized by the board, the remaining maximum aggregate Section 10089.31 assessment shall be reduced to zero.

(7) As used in this section, "retained earnings differential" means the positive dollar-amount difference between: (A) the authority's positive one-year retained-earnings growth for the preceding calendar year, minus (B) the authority's capacity growth for the preceding calendar year, both calculated as of December 31. As used in this paragraph, "one-year retained-earnings growth" means the difference between the authority's cumulative retained earnings at December 31 of the preceding calendar year and the authority's cumulative retained earnings at December 31 of the year before the preceding calendar year, calculated in accordance with generally accepted accounting principles as of the preceding December 31. As used in this paragraph, the term "capacity growth" is

the one-year amount of purchased risk transfer, such as reinsurance, or borrowed risk transfer such as bonds, put in place in the authority's financial structure to account for the authority's aggregate exposure growth over the preceding year ending December 31. The board shall be authorized and entitled, in its sole discretion, to make all final decisions regarding the authority's level of financial strength and security and the authority's choice and use of financing and risk-transfer mechanisms. As used in this paragraph, the term "aggregate exposure" means the aggregate of the limits of liability under all coverages of all earthquake insurance policies issued by the authority.

(c) In no event shall the board reinstate, in whole or in part, any assessment obligation it has reduced pursuant to this section.

SEC. 8. The provisions of this act shall become operative on July 1, 2008.

[Approved by Governor October 5, 2007. Filed with
Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 25114 of the Revenue and Taxation Code is amended to read:

25114. (a) The Franchise Tax Board, for purposes of administering the provisions of this article, shall examine all returns filed by taxpayers subject to these provisions.

(b) (1) In any case of two or more organizations, trades, or businesses, whether or not organized in the United States and whether or not affiliated, owned or controlled directly or indirectly by the same interests, the Franchise Tax Board may distribute, apportion, or allocate gross income, deductions, credits, or allowances between or among these organizations, trades, or businesses, if the board determines that the distribution, apportionment, or allocation is necessary in order to prevent evasion of taxes or clearly to reflect the income of any of these organizations, trades, or businesses. In the case of any transfer, or license, of intangible property, within the meaning of Section 936(h)(3)(B) of the Internal Revenue Code, the income with respect to that transfer or license shall be commensurate with the income attributable to the intangible property.

(2) In making distributions, apportionments, and allocations under this section, the Franchise Tax Board shall generally follow the rules, regulations, and procedures of the Internal Revenue Service in making audits under Section 482 of the Internal Revenue Code. Any of these rules, regulations, and procedures adopted by the Franchise Tax Board shall not be subject to review by the Office of Administrative Law.

(3) If the Internal Revenue Service has conducted a detailed audit pursuant to Section 482 of the Internal Revenue Code or Subchapter N of Chapter 1 of Subtitle A of the Internal Revenue Code and has made adjustments pursuant to those provisions, it shall be presumed, to the extent that the provisions relate to the determination of the amount of income and factors required to be taken into account pursuant to Section 25110, that no further adjustments are necessary for this state's purposes. If the Internal Revenue Service has conducted a detailed audit pursuant to Section 482 of the Internal Revenue Code or Subchapter N of Chapter 1 of Subtitle A of the Internal Revenue Code and has made or proposed no adjustments to the transactions examined, it shall be presumed, to the extent that the provisions relate to the determination of the amount of income and factors required to be taken into account pursuant to Section 25110, that no adjustment is necessary for this state's purposes. These presumptions apply to all Internal Revenue Service audit determinations, including determinations made by the Appeals and Competent Authority. These presumptions shall be overcome if the Franchise Tax Board or

the taxpayer demonstrates that an adjustment or a failure to make an adjustment was erroneous, if it demonstrates that the results of such an adjustment would produce a minimal tax change for federal purposes because of correlative or offsetting adjustments or for other reasons, or if substantially the same federal tax result was obtained under other sections of the Internal Revenue Code. No inference shall be drawn from an Internal Revenue Service failure to audit international transactions pursuant to Section 482 of the Internal Revenue Code or Subchapter N of Chapter 1 of Subtitle A of the Internal Revenue Code and it shall not be presumed that any of those transactions were correctly reported.

(c) The amendments made to this section by the act adding this subdivision shall apply to examinations commenced by the Franchise Tax Board on or after the effective date of that act. An examination will be considered commenced when a taxpayer is first contacted by the Franchise Tax Board concerning any examination with respect to the taxpayer's return.

(3) If, prior to or upon the death of the beneficiary of a revocable special care trust, the board of trustees is unable to perform the services of the special care trust fund agreement, the board of trustees shall pay the entire trust corpus and all earned income to the beneficiary or trustor, or the legal representative of either the beneficiary or trustor, without the imposition of a revocation fee.

CHAPTER 308

An act to amend Section 1799.111 of the Health and Safety Code, relating to health facilities.

[Approved by Governor October 5, 2007. Filed with Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1799.111 of the Health and Safety Code is amended to read:

1799.111. (a) A licensed general acute care hospital, as defined by subdivision (a) of Section 1250, that is not a county-designated facility pursuant to Section 5150 of the Welfare and Institutions Code, a licensed acute psychiatric hospital, as defined in subdivision (b) of Section 1250, that is not a county-designated facility pursuant to Section 5150 of the Welfare and Institutions Code, licensed professional staff of those hospitals, or any physician and surgeon, providing emergency medical services in any department of those hospitals to a person at the hospital shall not be civilly or criminally liable for detaining a person who is subject to detention pursuant to Section 5150 of the Welfare and Institutions Code, if all of the following conditions exist during the detention:

(1) The person cannot be safely released from the hospital because, in the opinion of the treating physician and surgeon, or a clinical psychologist with the medical staff privileges, clinical privileges, or professional responsibilities provided in Section 1316.5, the person, as a result of a mental disorder, presents a danger to himself or herself, or others, or is gravely disabled. For purposes of this paragraph, "gravely disabled" means an inability to provide for his or her basic personal needs for food, clothing, or shelter.

(2) The hospital staff, treating physician and surgeon, or appropriate licensed mental health professional, have made, and documented, repeated unsuccessful efforts to find appropriate mental health treatment for the person.

(3) The person is not detained beyond 24 hours.

(4) There is probable cause for the detention.

(5) If the person is detained beyond eight hours, but less than 24 hours, all of the following additional conditions shall be met:

(A) A transfer for appropriate mental health treatment for the person has been delayed because of the need for continuous and ongoing care, observation, or treatment that the hospital is providing.

(B) In the opinion of the treating physician and surgeon, or a clinical psychologist with the medical staff privileges or professional responsibilities provided for in Section 1316.5, the person, as a result of a mental disorder, is still a danger to himself or herself, or others, or is gravely disabled, as defined in paragraph (1) of subdivision (a).

(b) In addition to the conditions set forth in subdivision (a), a licensed general acute care hospital, as defined by subdivision (a) of Section 1250 that is not a county-designated facility pursuant to Section 5150 of the Welfare and Institutions Code, a licensed acute psychiatric hospital as defined by subdivision (b) of Section 1250 that is not a county-designated facility pursuant to Section 5150 of the Welfare and Institutions Code, licensed professional staff of those hospitals, or any physician and surgeon, providing emergency medical services in any department of those hospitals to a person at the hospital shall not be civilly or criminally liable for the actions of a person detained up to 24 hours in those hospitals who is subject to detention pursuant to Section 5150 of the Welfare and Institutions Code after that person's release from the detention at the hospital, if all of the following conditions exist during the detention:

(1) The person has not been admitted to a licensed general acute care hospital or a licensed acute psychiatric hospital for evaluation and treatment pursuant to Section 5150 of the Welfare and Institutions Code.

(2) The release from the licensed general acute care hospital or the licensed acute psychiatric hospital is authorized by a physician and surgeon or a clinical psychologist with the medical staff privileges or professional responsibilities provided for in Section 1316.5, who determines, based on a face-to-face examination of the person detained, that the person does not present a danger to himself or herself or others and is not gravely disabled, as defined in paragraph (1) of subdivision (a). In order for this paragraph to apply to a clinical psychologist, the clinical psychologist shall have a collaborative treatment relationship with the physician and surgeon. The clinical psychologist may authorize the release of the person from the detention, but only after he or she has consulted with the physician and surgeon. In the event of a clinical or professional disagreement regarding the release of a person subject to the detention, the detention shall be maintained unless the hospital's medical director overrules the decision of the physician and surgeon opposing the release. Both the physician and surgeon and the clinical psychologist shall enter their findings, concerns, or objections in the person's medical record.

(c) Nothing in this section shall affect the responsibility of a general acute care hospital or an acute psychiatric hospital to comply with all state laws and regulations pertaining to the use of seclusion and restraint and psychiatric medications for psychiatric patients. Persons detained

under this section shall retain their legal rights regarding consent for medical treatment.

(d) A person detained under this section shall be credited for the time detained, up to 24 hours, in the event he or she is placed on a subsequent 72-hour hold pursuant to Section 5150 of the Welfare and Institutions Code.

(e) The amendments to this section made by the act adding this subdivision shall not be construed to limit any existing duties for psychotherapists contained in Section 43.92 of the Civil Code.

(f) Nothing in this section is intended to expand the scope of licensure of clinical psychologists.

An act to amend Section 19442 of the Revenue and Taxation Code, relating to tax administration.

[Approved by Governor October 5, 2007. Filed with Secretary of State October 5, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 19442 of the Revenue and Taxation Code is amended to read:

19442. (a) It is the intent of the Legislature that the Franchise Tax Board, its staff, and the Attorney General pursue settlements as authorized under this section with respect to civil tax matters in dispute that are the subject of protests, appeals, or refund claims, consistent with a reasonable evaluation of the costs and risks associated with litigation of these matters.

(b) (1) Except as provided in paragraph (3) and subject to paragraph (2), the executive officer or chief counsel, if authorized by the executive officer, of the Franchise Tax Board may recommend to the Franchise Tax Board, itself, a settlement of any civil tax matter in dispute.

(2) No recommendation of settlement shall be submitted to the Franchise Tax Board, itself, unless and until that recommendation has been submitted by the executive officer or chief counsel to the Attorney General. Within 30 days of receiving that recommendation, the Attorney General shall review the recommendation and advise in writing the executive officer or chief counsel of the Franchise Tax Board of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. The executive officer or chief counsel shall, with

each recommendation of settlement submitted to the Franchise Tax Board, itself, also submit the Attorney General's written conclusions obtained pursuant to this paragraph.

(3) (A) A settlement of any civil tax matter in dispute involving a reduction of tax or penalties in settlement, the total of which reduction of tax and penalties in settlement does not exceed seven thousand five hundred dollars ($7,500), may be approved by the executive officer and chief counsel, jointly. The executive officer shall notify the Franchise Tax Board, itself, of any settlement approved pursuant to this paragraph.

(B) On January 1 of each calendar year beginning on or after January 1, 2004, the Franchise Tax Board shall increase the amount specified in subparagraph (A) to the amount computed under this subparagraph. That adjustment shall be made as follows:

(i) The Department of Industrial Relations shall transmit annually to the Franchise Tax Board the percentage change in the California Consumer Price Index, as modified for rental equivalent homeownership for all items, from June of the prior calendar year to June of the current calendar year, no later than August 1 of the current calendar year.

(ii) The Franchise Tax Board shall then:

(I) Compute the percentage change in the California Consumer Price Index from the later of June 2003 or June of the calendar year prior to the last increase in the amount specified in subparagraph (A).

(II) Compute the inflation adjustment factor by adding 100 percent to the percentage change so computed, and converting the resulting percentage to the decimal equivalent.

(III) Multiply the amount specified in subparagraph (A) for the immediately preceding calendar year, as adjusted under this paragraph, by the inflation adjustment factor determined in subclause (II), and round off the resulting product to the nearest one hundred dollars ($100).

(c) Whenever a reduction of tax or penalties or total tax and penalties in settlement in excess of five hundred dollars ($500) is approved pursuant to this section, there shall be placed on file in the office of the executive officer of the Franchise Tax Board a public record with respect to that settlement. The public record shall include all of the following information:

(1) The name or names of the taxpayers who are parties to the settlement.

(2) The total amount in dispute.

(3) The amount agreed to pursuant to the settlement.

(4) A summary of the reasons why the settlement is in the best interests of the State of California.

(5) For any settlement approved by the Franchise Tax Board, itself, the Attorney General's conclusion as to whether the recommendation of settlement was reasonable from an overall perspective.

The public record shall not include any information that relates to any trade secret, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or the national defense.

(d) The members of the Franchise Tax Board shall not participate in the settlement of tax matters pursuant to this section, except as provided in subdivision (e).

(e) (1) Any recommendation for settlement shall be approved or disapproved by the Franchise Tax Board, itself, within 45 days of the submission of that recommendation. Any recommendation for settlement that is not either approved or disapproved by the Franchise Tax Board, itself, within 45 days of the submission of that recommendation shall be deemed approved. Upon approval of a recommendation for settlement, the matter shall be referred back to the executive officer or chief counsel in accordance with the decision of the Franchise Tax Board.

(2) Disapproval of a recommendation for settlement shall be made only by a majority vote of the Franchise Tax Board. Where the Franchise Tax Board disapproves a recommendation for settlement, the matter shall be remanded to Franchise Tax Board staff for further negotiation, and may be resubmitted to the Franchise Tax Board, in the same manner and subject to the same requirements as the initial submission, at the discretion of the executive officer or chief counsel.

(f) (1) All settlements entered into pursuant to this section shall be final and nonappealable, except upon a showing of fraud or misrepresentation with respect to a material fact.

(2) A settlement may include matters that may otherwise be included in an agreement under Section 19441.

(3) Settlements pursuant to this section do not preclude assessments or refunds under Section 19059, 19060, or 19311 (relating to application of federal adjustments).

(g) (1) Any proceedings undertaken by the Franchise Tax Board itself pursuant to a settlement as described in this section shall be conducted in a closed session or sessions.

(2) Except as provided in subdivision (c), any settlement entered into pursuant to this section shall constitute confidential tax information for purposes of Article 2 (commencing with Section 19542) of Chapter 7.

(3) Notwithstanding any other provision of law, no evidence of an offer of settlement made during settlement negotiations is admissible in any adjudicative proceeding or civil action, including, without limitation, any appeal to the board, whether as affirmative evidence, by way of

impeachment, or for any other purpose, and no evidence of conduct or statements related to the settlement negotiations is admissible to prove liability for any tax, penalty, fee, or interest, except to the extent provided for in Section 1152 of the Evidence Code.

(4) A settlement approved by the Franchise Tax Board, itself, shall be final and conclusive, to the same extent as an agreement under Section 19441 approved by the Franchise Tax Board, itself.

(h) This section shall apply only to civil tax matters in dispute existing on or after the effective date of the act adding this subdivision.

(i) The Legislature finds that it is essential for fiscal purposes that the settlement program authorized by this section be expeditiously implemented. Accordingly, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any determination, rule, notice, or guideline established or issued by the Franchise Tax Board in implementing and administering the settlement program authorized by this section.

(j) The amendments made to this section by Section 1 of Chapter 258 of the Statutes of 2002 shall apply to any settlements approved on or after January 1, 2003.

(k) The amendments made to this section by the act adding this subdivision shall apply to any settlement negotiations entered into on or after the date of enactment, without regard to a taxable year.

(b) Administrative costs, including audit and program oversight costs for agencies, commissions, or departments administering programs funded pursuant to this chapter, recoverable by bond funds shall not exceed 3 percent of the program's cost.

(c) The administrative agency for each bond account is as follows:

(1) The commission is the administrative agency for the Corridor Mobility Improvement Account; the Trade Corridors Improvement Fund; the Transportation Facilities Account; the State Route 99 Account; the State and Local Partnership Program Account; the Local Bridge Seismic Retrofit Account; the Highway-Railroad Crossing Safety Account; and the Highway Safety, Rehabilitation and Preservation Account.

(2) The Office of Homeland Security and the Office of Emergency Services are the administrative agencies for the Port and Maritime Security Account and the Transit System Safety, Security, and Disaster Response Account.

(3) The department is the administrative agency for the Public Transportation Modernization, Improvement, and Service Enhancement Account.

(d) The administrative agency may not approve project fund allocations for any project until the recipient agency provides a project funding plan that demonstrates that the funds are expected to be reasonably available and sufficient to complete the project. The administrative agency may approve funding for useable project segments only if the benefits associated with each individual segment are sufficient to meet the objectives of the program from which the individual segment is funded.

(e) Guidelines adopted by the administrative agency pursuant to this chapter and Chapter 12.49 (commencing with Section 8879.20) are intended to provide internal guidance for the agency and shall be exempt from the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3), and shall do all of the following:

(2) Require that the useful life of the project be identified as part of the project nomination process.

(3) Require that project nominations have project delivery milestones, including, but not limited to, start and completion dates for environmental clearance, land acquisition, design, construction bid award, construction completion, and project closeout, as applicable.

(f) (1) As a condition for allocation of funds to a specific project under Chapter 12.49 (commencing with Section 8879.20), the administrative agency shall require the recipient agency to report, on a semiannual basis, on the activities and progress made toward implementation of the project. The administrative agency shall forward the report to the Department of Finance by means approved by the Department of Finance. The purpose of the report is to ensure that the project is being executed in a timely fashion, and is within the scope and budget identified when the decision was made to fund the project. If it is anticipated that project costs will exceed the approved project budget, the recipient agency shall provide a plan to the administrative agency for achieving the benefits of the project by either downscoping the project to remain within budget or by identifying an alternative funding source to meet the cost increase. The administrative agency may either approve the corrective plan or direct the recipient agency to modify its plan.

(2) Within six months of the project becoming operable, the recipient agency shall provide a report to the administrative agency on the final costs of the project as compared to the approved project budget, the project duration as compared to the original project schedule as of the date of allocation, and performance outcomes derived from the project compared to those described in the original application for funding. It is the intent of the Legislature that funds allocated to specified recipients pursuant to this section provide each recipient with the same proportional share of funds as the proportional share each received from the allocation of State Transit Assistance funds, pursuant to Sections 99313 and 99314 of the Public Utilities Code, over fiscal years 2004–05, 2005–06, and 2006–07.

(2) In establishing the amount of funding each eligible recipient is to receive under subdivision (a) of Section 8879.57 from appropriated funds to be allocated based on Section 99313 of the Public Utilities Code, the Controller shall make the following computations:

(A) For each eligible recipient, compute the amounts of State Transit Assistance funds allocated to that recipient pursuant to Section 99313

of the Public Utilities Code during the 2004–05, 2005–06, and 2006–07 fiscal years.

(B) Compute the total statewide allocation of State Transit Assistance funds pursuant to Section 99313 of the Public Utilities Code during the 2004–05, 2005–06, and 2006–07 fiscal years.

(C) Divide subparagraph (A) by subparagraph (B).

(D) For each eligible recipient, multiply the allocation factor computed pursuant to subparagraph (C) by 50 percent of the amount available for allocation pursuant to subdivision (a) of Section 8879.57.

(3) In establishing the amount of funding each eligible recipient is eligible to receive under subdivision (a) of Section 8879.57 from funds to be allocated based on Section 99314 of the Public Utilities Code, the Controller shall make the following computations:

(A) For each eligible recipient, compute the amounts of State Transit Assistance funds allocated to that recipient pursuant to Section 99314 of the Public Utilities Code during the 2004–05, 2005–06, and 2006–07 fiscal years.

(B) Compute the total statewide allocation of State Transit Assistance funds pursuant to Section 99314 of the Public Utilities Code during the 2004–05, 2005–06, and 2006–07 fiscal years.

(C) Divide subparagraph (A) by subparagraph (B).

(D) For each eligible recipient, multiply the allocation factor computed pursuant to subparagraph (C) by 50 percent of the amount available for allocation pursuant to subdivision (a) of Section 8879.57.

(4) The Controller shall notify eligible recipients of the amount of funding each is eligible to receive pursuant to subdivision (a) of Section 8879.57 for the duration of time that these funds are made available for these purposes based on the computations pursuant to subparagraph (D) of paragraph (2) and subparagraph (D) of paragraph (3).

(b) Prior to seeking a disbursement of funds for an eligible project, an agency or transit operator on the public list described in paragraph (1) of subdivision (a) shall submit to OHS a description of the project it proposes to fund with its share of funds from the account. The description shall include all of the following:

(1) A summary of the proposed project that describes the safety, security, or emergency response benefit that the project intends to achieve.

(2) That the useful life of the project shall not be less than the required useful life for capital assets specified in subdivision (a) of Section 16727.

(3) The estimated schedule for the completion of the project.

(4) The total cost of the proposed project, including identification of all funding sources necessary for the project to be completed.

(c) After receiving the information required to be submitted under subdivision (b), OHS shall review the information to determine all of the following:

(1) The project is consistent with the purposes described in subdivision (h) of Section 8879.23.

(2) The project is an eligible capital expenditure, as described in subdivision (a) of Section 8879.57.

(3) The project is a capital improvement that meets the requirements of paragraph (2) of subdivision (b).

(4) The project, or a useful component thereof, is, or will become fully funded with an allocation of funds from the Transit System Safety, Security, and Disaster Response Account.

(d) (1) Upon conducting the review required in subdivision (c) and determining that a proposed project meets the requirements of that subdivision, OHS shall, on a quarterly basis, provide the Controller with a list of projects and the sponsoring agencies or transit operators eligible to receive an allocation from the account.

(2) The list of projects submitted to the Controller for allocation for any one fiscal year shall be constrained by the total amount of funds appropriated by the Legislature for the purposes of this section for that fiscal year.

(3) For a fiscal year in which the number of projects submitted for funding under this section exceeds available funds, OHS shall prioritize projects contained on the lists submitted pursuant to paragraph (1) so that (A) projects addressing the greatest risks to the public have the highest priority and (B) to the maximum extent possible, the list reflects a distribution of funding that is geographically balanced.

(e) Upon receipt of the information from OHS required by subdivision (d), the Controller's office shall commence any necessary actions to allocate funds to eligible agencies and transit operators sponsoring projects on the list of projects, including, but not limited to, seeking the issuance of bonds for that purpose. The total allocations to any one eligible agency or transit operator shall not exceed that agencies or transit operator's share of funds from the account pursuant to the formula contained in subdivision (a) of Section 8879.57.

(f) The Controller's office may, pursuant to Section 12410, use its authority to audit the use of state bond funds on projects receiving an allocation under this section. Each eligible agency or transit operator sponsoring a project subject to an audit shall provide any and all data requested by the Controller's office in order to complete the audit. The Controller's office shall transmit copies of all completed audits to OHS and to the policy committees of the Legislature with jurisdiction over transportation and budget issues.

SEC. 4. Section 8879.59 of the Government Code is amended to read:

(b) Funds awarded to transit agencies pursuant to this section shall be for eligible capital expenditures as described in subdivision (b) of Section 8879.57.

(c) Prior to allocating funds to projects pursuant to this section, OES shall adopt guidelines to establish the criteria and process for the distribution of funds described in this section. Prior to adopting the guidelines, OES shall hold a public hearing on the proposed guidelines.

(d) For each fiscal year in which funds are appropriated for the purposes of this section, OES shall issue a notice of funding availability no later than October 1.

(e) No later than December 1 of each fiscal year in which the notice in subdivision (d) is issued, eligible transit agencies may submit project nominations for funding to OES for its review and consideration. Project nominations shall include all of the following:

CHAPTER 314

An act to amend Section 8879.65 of the Government Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 8879.65 of the Government Code is amended to read:

8879.65. (a) Funds appropriated from the Local Street and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006, established by subdivision (*l*) of Section 8879.23, shall be made available to the Controller for allocation to cities, counties, and a city and county. From bond funds appropriated in the 2007–08 fiscal year for cities, including a city and county, each city, and city and county, shall receive at least a minimum allocation of four hundred thousand dollars ($400,000), as described in subparagraph (B) of paragraph (1) of subdivision (*l*) of Section 8879.23. The remainder of the funds appropriated for cities, including a city and county, shall be allocated in the proportion described in subparagraph (B) of paragraph (1) of subdivision (*l*) of Section 8879.23. In no case shall a city, or a city and county, receive an allocation in excess of its total share, as described in subdivision (*l*) of Section 8879.23, except as described in subdivision (d).

(b) Prior to receiving an allocation of funds from the Controller in a fiscal year, an eligible local agency shall submit to the Department of Finance a list of projects expected to be funded with bond funds pursuant to an adopted city, county, or city and county budget. All projects proposed to be funded with funds from the account shall be included in a city, county, or city and county budget that is adopted by the applicable city council or board of supervisors at a regular public meeting. The list

of projects expected to be funded with bond funds shall include a description and the location of the proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement. The project list shall not limit the flexibility of an eligible local agency to fund projects in accordance with local needs and priorities so long as the projects are consistent with subparagraph (B) of paragraph (1) of subdivision (*l*) of Section 8879.23.

(1) The Department of Finance shall report monthly to the Controller the eligible local agencies that have submitted a list of projects as described in this subdivision.

(2) Upon receipt of the information described in paragraph (1), the Controller shall allocate funds to those agencies that have submitted a list of projects, as reported by the Department of Finance.

(c) Each fiscal year upon expending funds from the account, a city, county, or city and county shall submit documentation to the Department of Finance which includes a description and location of each completed project, the amount of funds expended on the project, the completion date, and the project's estimated useful life. The documentation shall be forwarded to the department, in a manner and form approved by the department, at the end of each fiscal year until the funds in the account are exhausted. The department may post the information contained in the documentation on the department's official Web site.

(d) A city, county, or city and county receiving funds pursuant to this section shall have three fiscal years to expend the funds following the fiscal year in which the allocation was made by the Controller, and any funds not expended within that period shall be returned to the Controller and be reallocated to other cities, counties, or a city and county, as applicable, pursuant to the allocation formulas set forth in subparagraph (A) or (B) of paragraph (1) of subdivision (*l*) of Section 8879.23, but excluding the requirement for a minimum city allocation as described in subparagraph (B) of paragraph (1) of that subdivision and section.

(e) Subject to the requirements and conditions of this section, it is the intent of the Legislature to appropriate funds from the account so that the Controller may allocate the balance of these funds to eligible local agencies over the next four years, following the 2007–08 fiscal year. Nothing in this section shall prevent the Legislature from appropriating funds on a more expedited basis based on local agency need.

(f) The sum of three hundred fifty million dollars ($350,000,000) is hereby appropriated from funds in the Local Street and Road Improvement, Congestion Relief, and Traffic Safety Account of 2006 created pursuant to subdivision (*l*) of Section 8879.23, for allocation pursuant to this article, as an augmentation to the amount appropriated in Item 9350-104-6065 of the Budget Act of 2007. The total 2007–08

fiscal year appropriation of nine hundred fifty million dollars ($950,000,000) shall be allocated as follows: four hundred million dollars ($400,000,000) to counties and five hundred fifty million dollars ($550,000,000) to cities.

In order to make clarifying changes to provisions governing allocation of transportation funds as quickly as possible, it is necessary that this act take effect immediately.

[Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 65596 of the Government Code is amended to read:

65596. The updated model ordinance adopted pursuant to Section 65595 shall do all the following in order to reduce water use:

(a) Include provisions for water conservation and the appropriate use and groupings of plants that are well-adapted to particular sites and to particular climatic, soil, or topographic conditions. The model ordinance shall not prohibit or require specific plant species, but it may include conditions for the use of plant species or encourage water conserving plants. However, the model ordinance shall not include conditions that have the effect of prohibiting or requiring specific plant species.

(b) Include a landscape water budget component that establishes the maximum amount of water to be applied through the irrigation system, based on climate, landscape size, irrigation efficiency, and plant needs.

(c) Promote the benefits of consistent local ordinances in neighboring areas.

(d) Encourage the capture and retention of stormwater onsite to improve water use efficiency or water quality.

(e) Include provisions for the use of automatic irrigation systems and irrigation schedules based on climatic conditions, specific terrains and soil types, and other environmental conditions. The model ordinance shall include references to local, state, and federal laws and regulations regarding standards for water-conserving irrigation equipment. The model ordinance may include climate information for irrigation scheduling based on the California Irrigation Management Information System (Chapter 2 (commencing with Section 10015) of Part 1.5 of Division 6 of the Water Code).

(f) Include provisions for onsite soil assessment and soil management plans that include grading and drainage to promote healthy plant growth and to prevent excessive erosion and runoff, and the use of mulches in shrub areas, garden beds, and landscaped areas where appropriate.

(g) Promote the use of recycled water consistent with Article 4 (commencing with Section 13520) of Chapter 7 of Division 7 of the Water Code.

(h) Seek to educate water users on the efficient use of water and the benefits of doing so.

(i) Address regional differences, including fire prevention needs.

(j) Exempt landscaping that is part of a registered historical site.

(k) Encourage the use of economic incentives to promote the efficient use of water.

(*l*) Include provisions for landscape maintenance practices that foster long-term landscape water conservation. Landscape maintenance practices may include, but are not limited to, performing routine irrigation system repair and adjustments, conducting water audits, and prescribing the amount of water applied per landscaped acre.

(m) Include provisions to minimize landscape irrigation overspray and runoff.

SEC. 2. The heading of Chapter 1 (commencing with Section 10004) is added to Part 1.5 of Division 6 of the Water Code, immediately preceding Section 10004, to read:

Chapter 1. The California Water Plan

SEC. 3. Chapter 2 (commencing with Section 10015) is added to Part 1.5 of Division 6 of the Water Code, to read:

Chapter 2. California Irrigation Management Information System

10015. The Legislature hereby finds and declares all of the following:

(a) The state's growth requires policymakers to seek creative ways to maximize the use of water resources and employ technology to conserve water whenever possible.

(b) The state's agricultural industry, as well as residential landscapers, pest control managers, park and golf course operators, water agencies, and large urban irrigators rely on the California Irrigation Management Information System (CIMIS) to provide evapotranspiration data that allows them to develop weather-based, water budgeting methods of irrigation. A recent study found that the California Irrigation Management Information System generates $64.7 million in annual benefits to the state, at an annual cost of only eight hundred fifty thousand dollars ($850,000).

(c) Completing the development of standard data protocol for evapotranspiration data and enhancing statewide coverage of CIMIS data will allow significant improvements in landscape management and irrigation scheduling, thereby saving significant amounts of water. Studies have shown a savings of 37 gallons per day for residential irrigation, and 545 gallons per day for nonresidential irrigation, as well as runoff reduction of up to 50 percent when weather-based irrigation controllers using evapotranspiration data are installed.

(d) The expansion of the California Irrigation Management Information System, and the use of evapotranspiration data in irrigation has other environmental benefits as well. The reduction in urban runoff

that results can lead to improved water quality, and for every one acre foot of water saved, there is a corresponding reduction of one ton of air emissions, according to the California Irrigation Management Information System Urban Resource Book (May 2000).

10016. (a) The Department of Water Resources shall complete the development of a standard data protocol for evapotranspiration data, to ensure that the data is available in an easily accessible, standard, and usable format throughout the state, and made available through the California Irrigation Management Information System.

(b) The Department of Water Resources shall continue the operation of the California Irrigation Management Information System to allow evapotranspiration data to be generated for, and made available to, all regions of the state.

(c) The Department of Water Resources shall perform the duties required by this section to the extent funds are appropriated for these purposes in the annual Budget Act.

(d) Upon appropriation by the Legislature, funds allocated pursuant to subdivision (a) of Section 75027 of the Public Resources Code shall be made available to provide regional contributions towards satisfying the duties required by this section.

CHAPTER 320

Thereafter, the alternate retired member shall be elected separately by the retired members of the association in the same manner and at the same time as the eighth member is elected. An organization shall be deemed to be a "qualified retiree organization" for purposes of this subdivision if a majority of the members of the organization are retired members of the system.

(b) The term of office of the alternate retired member shall run concurrently with the term of office of the eighth member. The alternate retired member shall vote as a member of the board only in the event the eighth member is absent from a board meeting for any cause. If there is a vacancy with respect to the eighth member, the alternate retired member shall fill that vacancy until a successor qualifies. Except as provided in subdivision (c) and as otherwise provided in this subdivision, the alternate retired member shall be entitled to the same rights and privileges and shall have the same responsibilities and access to closed sessions as the eighth member.

(c) The alternate retired member may hold positions on committees of the board independent of the eighth member and may participate in the deliberations of the board or its committees whether or not the eighth

member is present, unless prohibited by resolution or regulation of the board.

(d) The alternate retired member shall be entitled to the same compensation as the eighth member for attending a meeting, pursuant to Sections 31521 and 31521.1, whether or not the eighth member is in attendance at those meetings.

(e) (1) If this section is made applicable in any county, by the appointment of an alternate eighth member, the alternate safety member shall not sit and act for the eighth member, except as described in paragraph (2).

(2) If both the eighth member and the alternate retired member are not attending a meeting, the alternate safety member may sit and act for the eighth member as described in Section 31520.1.

(b) A board member compensated pursuant to subdivision (a) shall certify to the retirement board, in a manner specified by the retirement board, the number of hours spent reviewing disability cases each month. In no event shall the number of hours compensated under this section exceed 32 hours per month.

(c) On or before March 31, 2010, and on or before March 31 in each even-numbered year thereafter, the compensation limit established by the board of supervisors pursuant to subdivision (a) shall be adjusted biennially by the board of retirement to reflect any change in the Consumer Price Index for the Los Angeles, Riverside, and Orange County areas that has occurred in the previous two calendar years, rounded to the nearest dollar.

(b) The regulations shall include, but may not be limited to, the following:

(1) The option to reduce the member's workload shall be exercised at the request of the member and may be revoked only with the mutual consent of the employer and the member. The agreement to reduce a member's workload shall be in effect at the beginning of the school year.

(2) The member shall have been employed on a full-time basis to perform creditable service subject to coverage under the Defined Benefit Program and have a minimum of 10 years of credited service, including five years of credited service for full-time employment immediately preceding the reduction in workload.

(3) The member may not have had a break in service during the five years immediately preceding the reduction in workload. For purposes of this subdivision, sabbaticals, other approved leaves of absence, and unpaid absences from the performance of creditable service for personal reasons do not constitute a break in service. For purposes of this subdivision, the period of time during which a member is retired for service shall constitute a break in service and a member who reinstates from retirement shall be required to be employed on a full-time basis to perform creditable service for at least five school years immediately preceding the reduction in workload.

(4) The member shall have reached 55 years of age prior to the reduction in workload.

(5) The reduced workload shall be performed for a period of time, as specified in the regulations, up to and including 10 years. The period of time specified in the regulations may not exceed 10 years.

(7) The member shall be paid creditable compensation that is the pro rata share of the creditable compensation the member would have been paid had the member not reduced his or her workload.

(c) Prior to the reduction of a member's workload under this section, the employer, in conjunction with the administrative staff of the State Teachers' Retirement Plan and the Public Employees' Retirement System, shall verify the member's eligibility for the reduced workload program.

(d) For each school year the member's workload is reduced pursuant to this section, the member shall make contributions to the Teachers' Retirement Fund in the amount that the member would have contributed if the member had performed creditable service on a full-time basis and if that service was subject to coverage under the Defined Benefit Program.

(e) For each school year the member's workload is reduced pursuant to this section, the employer shall contribute to the Teachers' Retirement Fund at a rate adopted by the board as a plan amendment with respect to the Defined Benefit Program an amount based upon the creditable compensation that would have been paid to the member if the member had performed creditable service on a full-time basis and if that service was subject to coverage under the Defined Benefit Program.

(f) The employer shall maintain the necessary records to separately identify each member who participates in the reduced workload program pursuant to this section.

(g) A member who retires or otherwise separates from service prior to the end of the school year shall be in violation of this section and the member's service credit for that period of the contract shall be computed in accordance with Section 22701.

SEC. 7. Section 22714 of the Education Code is amended to read:

22714. (1) The member is credited with five or more years of service credit and retires for service under Chapter 27 (commencing with Section 24201) during a period of not more than 120 days or less than 60 days, commencing no sooner than the effective date of the formal action of the employer that shall specify the period.

(2) The employer transfers to the retirement fund an amount determined by the Teachers' Retirement Board to equal the actuarial equivalent of the difference between the allowance the member receives after receipt of service credit pursuant to this section and the amount the member would have received without the service credit and an amount determined by the Teachers' Retirement Board to equal the actuarial equivalent of the difference between the purchasing power protection supplemental payment the member receives after receipt of service credit pursuant to this section and the amount the member would have received without the service credit. The payment for purchasing power shall be deposited in the Supplemental Benefit Maintenance Account established by Section 22400 and shall be subject to Section 24415. The transfer to the retirement fund shall be made in a manner and a time period, not to exceed eight years, that is acceptable to the Teachers' Retirement Board. The employer shall transfer the required amount for all eligible employees who retire pursuant to this section.

(3) The employer transmits to the retirement fund the administrative costs incurred by the system in implementing this section, as determined by the Teachers' Retirement Board.

(4) The employer has considered the availability of teachers or academic employees to fill the positions that would be vacated pursuant to this section.

(b) (1) The school district shall demonstrate and certify to the county superintendent that the formal action taken would result in a net savings to the district.

(2) The county superintendent shall certify to the Teachers' Retirement Board that the result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (c) of Section 14502.1.

(3) The school district shall reimburse the county superintendent for all costs to the county superintendent that result from the certification.

(3) The chancellor may request reimbursement from the community college district for all administrative costs that result from the certification.

(e) The opportunity to be granted service credit pursuant to this section shall be available to all members employed by the school district, community college district, or county office of education who meet the conditions set forth in this section.

(f) The amount of service credit shall be two years.

(g) Any member of the Defined Benefit Program who retires under this part for service under Chapter 27 (commencing with Section 24201) with service credit granted under this section and who subsequently reinstates shall forfeit the service credit granted under this section.

(h) Any member of the Defined Benefit Program who retires under this part for service under Chapter 27 (commencing with Section 24201) with service credit granted under this section and who takes any job with the school district, community college district, or county office of education that granted the member the service credit less than five years after receiving the credit shall forfeit the ongoing benefit he or she receives from the additional service credit granted under this section.

(i) This section does not apply to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part within one year following the effective date of the formal action under subdivision (a), or if the member is not otherwise eligible to retire for service.

23805. A family allowance is payable in the amount and to the specified persons in the following order of priority:

(a) To the deceased member's surviving spouse who has financial responsibility for at least one dependent child, an amount equal to 40 percent of the member's final compensation or the disabled member's projected final compensation plus 10 percent of the member's final compensation or the disabled member's projected final compensation for each child, up to a maximum allowance of 90 percent.

(b) If there is no surviving spouse or upon the death of the surviving spouse, to each dependent child, an amount equal to 10 percent of the deceased member's final compensation or the disabled member's projected final compensation, up to a maximum allowance of 50 percent. If there are more than five dependent children, they shall share equally in the maximum allowance of 50 percent.

(c) To the surviving spouse at 60 years of age or over if there is no dependent child, a monthly allowance equal to the amount that would have been payable to the spouse as beneficiary under Option 3 pursuant to Section 24300, as that section read on December 31, 2006, that provides an allowance equal to one-half of the modified retirement allowance the member would have received at 60 years of age, computed on the member's projected final compensation and projected service to normal retirement age. The allowance payable under this subdivision shall be increased by application of the benefit improvement factor for time that elapses between the date the member would have attained normal retirement age and the date the family allowance under this subdivision begins to accrue. The allowance calculation shall include service credit for the unused sick leave that had accrued to the member as of the date of his or her death. Eligibility for the inclusion of service credit for unused sick leave credit and the calculation of that service credit shall be determined pursuant to Section 22717.

(d) If there is no surviving spouse or dependent child, to the dependent parent, 60 years of age or over, a monthly allowance equal to the amount that would have been payable to the dependent parent as beneficiary under Option 3 pursuant to Section 24300, as that section read on

December 31, 2006, that provides an allowance equal to one-half of the modified retirement allowance the member would have received at 60 years of age, computed on the member's projected final compensation and projected service to normal retirement age. The allowance calculation shall include service credit for the unused sick leave that had accrued to the member as of the date of his or her death. Eligibility for the inclusion of service credit for unused sick leave and the calculation of that service credit shall be determined pursuant to Section 22717. If there are two dependent parents, only one family allowance shall be payable under this subdivision and that allowance shall be computed on the assumption that the younger parent is the option beneficiary and the allowance shall be divided equally for as long as there are two dependent parents. Thereafter, the full allowance shall be payable to the surviving dependent parent.

(e) The surviving spouse or dependent parent may elect to begin receiving the family allowance payable under subdivision (c) or (d) immediately upon the later of the death of the member or when there is no dependent child, or to defer receipt of the allowance to the date the surviving spouse or dependent parent attains 60 years of age. If allowance payments commence prior to the date the surviving spouse or dependent parent attains 60 years of age, the allowance payable shall be actuarially reduced.

(f) If there is no dependent child, a surviving spouse or dependent parent or parents may elect, prior to receipt of the first payment under subdivision (c) or (d), to receive the member's accumulated retirement contributions in a lump sum subject to a reduction for any disability allowance or family allowance payments previously made.

(g) (1) The allowance calculated under this section shall not include either of the following:

(A) The increase in the percentage of final compensation pursuant to Section 24203.5.

(B) The increase in the monthly allowance pursuant to Section 24203.6.

(2) This subdivision does not constitute a change in, but is declaratory of, the existing law.

SEC. 10. Section 23855 of the Education Code is amended to read:

23855. (a) The survivor benefit allowance is a monthly allowance equal to one-half of the modified retirement allowance the member would have received at 60 years of age, if the member had retired and elected Option 3 pursuant to Section 24300, as that section read on December 31, 2006, naming the spouse as the option beneficiary.

(b) The allowance payable under this subdivision shall be based on the member's actual service credit and final compensation as of the date

of his or her death, the retirement factor at 60 years of age, and the member's and spouse's ages as of the date the member would have attained 60 years of age. If the member's death occurs after he or she attains 60 years of age, his or her actual final compensation, the retirement factor at 60 years of age, and the member's and spouse's ages as of the date of the member's death shall be used in the allowance calculation.

(c) The allowance calculation shall include service credit for the unused sick leave that had accrued to the member as of the date of his or her death. Eligibility for the inclusion of unused sick leave service credit and the calculation of that service credit shall be determined pursuant to Section 22717.

(d) (1) The allowance calculation shall not include either of the following:

(A) The increase in the percentage of final compensation pursuant to Section 24203.5.

(B) The increase of the monthly allowance pursuant to Section 24203.6.

(2) The amendments to this section made by the act adding this paragraph do not constitute a change in, but are declaratory of, existing law.

(e) The surviving spouse may elect to begin receiving the survivor benefit allowance immediately as of the date of the member's death or to defer receipt of the allowance to the date the member would have attained 60 years of age. If allowance payments to the surviving spouse commence prior to the date the member would have attained 60 years of age, the allowance payable shall be actuarially reduced.

(f) If the spouse elects, pursuant to Section 23852, to receive the survivor benefit allowance, an additional 10 percent of final compensation shall be payable for each dependent child who is under 21 years of age, up to a maximum of 50 percent of final compensation. The child's portion shall begin to accrue on the day following the member's date of death and shall be payable even if the spouse elects to postpone receipt of the spouse's survivor benefit allowance until the date the member would have attained 60 years of age.

(g) If there is no surviving spouse, an allowance in an amount equal to 10 percent of the deceased member's final compensation shall be paid to each dependent child who is under 21 years of age, up to a maximum of 50 percent of final compensation. If there are more than five dependent children, they shall receive allowances in equal shares of the 50 percent of final compensation. A child's portion of the survivor benefit allowance shall begin to accrue on the day following the member's date of death.

SEC. 11. Section 24204 of the Education Code is amended to read:

24204. A service retirement allowance under this part shall become effective upon any date designated by the member, provided all of the following conditions are met:

(a) An application for service retirement allowance is filed on a form provided by the system, which is executed no earlier than six months before the effective date of retirement allowance.

(b) The effective date is later than the last day of creditable service for which compensation is payable to the member.

(c) The effective date is no earlier than the first day of the month in which the application is received at the system's headquarters office, as established pursuant to Section 22375.

(d) The effective date is no earlier than one year following the date on which the retirement allowance was terminated under Section 24208, or subdivision (a) of Section 24117.

(e) The effective date is no earlier than the date upon and continuously after which the member is determined to the satisfaction of the board to have been mentally incompetent.

(f) A member who files an application for service retirement may change or cancel his or her retirement application, as long as the form provided by the system is received in the system's headquarters office, established pursuant to Section 22375, no later than the last day of the month in which the retirement date is effective.

SEC. 12. Section 24213 of the Education Code is amended to read:

24213. (a) When a member who has been granted a disability allowance under this part after June 30, 1972, attains normal retirement age, or at a later date when there is no dependent child, the disability allowance shall be terminated and the member shall be eligible for service retirement. The retirement allowance shall be calculated on the projected final compensation and projected service to normal retirement age, excluding service credited pursuant to Section 22717 or 22717.5, or Chapter 14 (commencing with Section 22800) or Chapter 14.2 (commencing with Section 22820). The allowance payable under this section, excluding annuities payable from accumulated annuity deposit contributions, shall not be greater than the terminated disability allowance. The allowance shall be increased by an amount based on any service credited pursuant to Section 22714, 22714.5, 22715, 22717, or 22717.5, or Chapter 14 (commencing with Section 22800), Chapter 14.2 (commencing with Section 22820), or Chapter 19 (commencing with Section 23200) and projected final compensation to normal retirement age.

(b) Upon retirement, the member may elect to modify the service retirement allowance payable in accordance with any option provided under this part.

SEC. 13. Section 24300.6 of the Education Code is amended to read:

24300.6. (a) Any retired member who was unmarried and not in a registered domestic partnership on the effective date of retirement who did not elect an option pursuant to Section 24300 or 24300.1, and who thereafter marries or registers in a domestic partnership, may, after the effective date of the member's retirement under this part, elect an option described in paragraph (1), (2), or (3) of subdivision (a) of Section 24300.1, naming his or her new spouse or registered domestic partner as the option beneficiary, subject to all of the following:

(1) The retired member shall have been married or registered in a domestic partnership for at least one year prior to making the election of the option.

(2) The retired member shall notify the board, in writing on a properly executed form provided by the system, of the election of the option and the designation of the member's new spouse or registered domestic partner as the option beneficiary. That notice shall include a certified copy of the marriage certificate or the certificate of registration of domestic partnership.

(3) The election of an option under this section is subject to approval by the board. A retired member may not elect a joint and survivor option that would result in any additional liability to the retirement fund. A retired member may not elect the compound option described in paragraph (4) of subdivision (a) of Section 24300.1.

(4) The election shall be effective six months after the date the notification is received by the board, provided that both the retired member and the retired member's designated spouse or registered domestic partner are then living. If the effective date of the new option election is on or after January 1, 2007, at the time of the new election the retired member shall elect an option from the options described in Section 24300.1.

(b) The election of the option and designation of the option beneficiary under this section shall result in an actuarial modification of the member's retirement allowance that shall be payable through the life of the member and the member's new spouse or registered domestic partner. Modification of the member's retirement allowance pursuant to this section shall be based on the ages of the retired member and the retired member's new spouse or registered domestic partner as of the effective date of the election.

SEC. 14. Section 24309 of the Education Code is amended to read:

24309. (a) A member may change or cancel the election of an option made pursuant to Section 24307. The change or cancellation shall be on a properly executed form provided by the system and received at the system's headquarters office, as established pursuant to Section 22375,

within 30 days of the date of the member's signature and on or before the effective date of retirement under this part or during the period between termination of the retirement allowance pursuant to Section 24208 or 24117 and the effective date of the subsequent retirement under this part. The change or cancellation shall become effective as of the date of the member's signature.

(1) Any change to an election of an option shall be made according to Section 24307 and shall be considered a new preretirement election of an option.

(2) Regardless of how the member elects to receive his or her retirement allowance, a change made to an election of an option or a cancellation of an option shall result in the reduction of that allowance by an amount determined by the board to be the actuarial equivalent of the coverage the member received as a result of the preretirement election and that does not result in any adverse funding to the plan.

(b) If the option beneficiary designated in the preretirement election of an option pursuant to Section 24307 dies prior to the member's retirement, the preretirement election shall be canceled as of the day following the date of death and the member's subsequent retirement allowance under this part shall be subject to the allowance reduction prescribed in this section.

(c) If the option elected pursuant to Section 24307 is Option 8 as described in paragraph (7) of subdivision (a) of Section 24300 or the compound option as described in paragraph (4) of subdivision (a) of Section 24300.1, a member may cancel the designation of an option beneficiary. If the member cancels the designation of the option beneficiary or the option beneficiary predeceases the member prior to the member's retirement, the member may elect to receive that portion of the retirement allowance without modification for the option or elect one or multiple new or existing option beneficiaries as described in Section 24307. Any change or cancellation of the designation of the option beneficiary under this subdivision shall result in the allowance reduction prescribed in this section.

SEC. 15. Section 24410.7 of the Education Code is amended to read:

24410.7. (a) The monthly allowance payable on the effective date of this section, excluding annuities payable from accumulated annuity deposit contributions and tax-sheltered annuity contributions and benefits payable pursuant to Sections 24410.5 and 24410.6, to retired members and nonmember spouses, disabled members, and beneficiaries, including option beneficiaries, shall be increased by the percentage set forth opposite the applicable period during which retirement, disability, or death occurred set forth in the following schedule:

Period during which retirement, disability, or death occurred:	Percentage:
36 months ending Dec. 31, 2000	0.0%
12 months ending Dec. 31, 1997	1.0%
24 months ending Dec. 31, 1996	2.0%
60 months ending Dec. 31, 1994	3.0%
60 months ending Dec. 31, 1989	4.0%
120 months ending Dec. 31, 1984	5.0%
Dec. 31, 1974 or earlier	6.0%

(b) The increase provided pursuant to this section is in addition to any payments received by a retired member or nonmember spouse, disabled member, or beneficiary, including an option beneficiary, under Section 24415.

(c) If the monthly allowance payable is adjusted after the effective date of this section, the percentage increase applied on the effective date of this section shall be applied to the adjusted monthly allowance payable.

(d) Benefits payable under this section shall be initially payable by the system on or before July 1, 2001.

SEC. 16. Section 24617 of the Education Code is amended to read:

24617. (a) To recover an amount overpaid under this part or Part 14 (commencing with Section 26000), the corrected monthly allowance payable under the Defined Benefit Program or benefit payable under the Defined Benefit Supplement Program or the Cash Balance Benefit Program may be reduced by no more than 5 percent if the overpayment was due to error by the system, the county superintendent of schools, a school district, or a community college district, and by no more than 15 percent if the error was due to inaccurate information or nonsubmission of information by the recipient of the allowance or benefit.

(b) This section does not apply to the collection of overpayments due to fraud or intentional misrepresentation of facts by the recipient of the allowance or benefit.

SEC. 17. Section 24976 of the Education Code is amended to read:

(A) Paying premiums on any policy or certificate of group life insurance for the benefit of the employee or for group disability insurance, or legal expense insurance, or any of them, for the benefit of the employee or his or her dependents issued by an admitted insurer on a form of policy or certificate approved by the Insurance Commissioner.

The governing board shall determine the cost of performing the requested deduction and may collect that cost from the organization, entity, or employee requesting or authorizing the deduction. For purposes of this subdivision, the governing board of a school district is entitled to include in the amounts reducing the order the costs of any compliance or administrative services that are required to perform the requested deduction in compliance with federal or state law, and may collect these costs from the participating employee, the employee's participant account, or the organization or entity authorizing the deduction.

The governing board shall require that each district intern be assisted and guided by a certificated employee selected through a competitive process adopted by the governing board after consultation with the exclusive teacher representative unit or by personnel employed by institutions of higher education to supervise student teachers. These certificated employees shall possess valid certification at the same level, or of the same type of credential, as the district interns they serve.

(b) The governing board of each school district employing district interns shall develop and implement a professional development plan for district interns in consultation with an accredited institution of higher education offering an approved program of pedagogical preparation. The professional development plan shall include all of the following:

(1) Provisions for an annual evaluation of the district intern.

(A) One hundred twenty clock hours of preservice training and orientation in the aspects of child development, classroom organization and management, pedagogy, and methods of teaching the subject field or fields in which the district intern will be assigned, which training and orientation period shall be under the direct supervision of an experienced permanent teacher. In addition, persons holding district intern certificates issued by the commission pursuant to Section 44325 shall receive orientation in methods of teaching pupils with mild and moderate disabilities. At the conclusion of the preservice training period, the permanent teacher shall provide the district with information regarding the area that should be emphasized in the future training of the district intern.

(B) The successful completion, prior to service by the intern in any classroom, of six semester units of coursework from a regionally accredited college or university, designed in cooperation with the school district to provide instruction and orientation in the aspects of child development and the methods of teaching the subject matter or matters in which the district intern will be assigned.

(4) Instruction in child development and the methods of teaching during the first semester of service for district interns teaching in prekindergarten, kindergarten, or grades 1 to 6, inclusive, including bilingual education classes and, for persons holding district intern certificates issued by the commission pursuant to Section 44325, special education programs for pupils with mild and moderate disabilities at those levels.

(5) Instruction in the culture and methods of teaching bilingual pupils during the first year of service for district interns teaching pupils in bilingual classes and, for persons holding district intern certificates issued by the commission pursuant to Section 44325, instruction in the etiology and methods of teaching pupils with mild and moderate disabilities.

(7) In addition to the requirements set forth in paragraphs (1) to (6), inclusive, the professional development plan for district interns teaching in special education programs for pupils with mild and moderate disabilities shall also include 120 clock hours of mandatory training and supervised fieldwork that shall include, but not be limited to, instructional practices, and the procedures and pedagogy of both general education programs and special education programs that teach pupils with disabilities.

(8) In addition to the requirements set forth in paragraphs (1) to (6), inclusive, the professional development plan for district interns teaching bilingual classes shall also include 120 clock hours of mandatory training and orientation, which shall include, but not be limited to, instruction in subject matter relating to bilingual-crosscultural language and academic development.

(c) Each district intern and each district teacher assigned to supervise the district intern during the preservice period shall be compensated for the preservice period required pursuant to subparagraph (A) or (B) of paragraph (3) of subdivision (b). The compensation shall be that which is normally provided by each district for staff development or in-service activity.

(d) Upon completion of service sufficient to meet program standards and performance assessments, the governing board may recommend to the Commission on Teacher Credentialing that the district intern be credentialed in the manner prescribed by Section 44328.

CHAPTER 324

An act to add Article 9.5 (commencing with Section 587) to Chapter 3 of Division 1 of, and to add Chapter 3 (commencing with Section 29810) to Division 13 of, the Food and Agricultural Code, relating to agriculture.

[Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Article 9.5 (commencing with Section 587) is added to Chapter 3 of Division 1 of the Food and Agricultural Code, to read:

Article 9.5. Coexistence Working Groups

587. The Legislature finds and declares the following:

(a) The Legislature supports the agricultural community's efforts to promote choices of farming methods, practices, and crops.

(b) The Legislature also recognizes the economic and other value to the State of California in diversified agricultural industries, bolstered by mutually supportive coexistence within and among its sectors; and further appreciates the value and importance of agricultural research for the benefit not only of California's farming community, but also farmers and people around the world.

588. (a) When conflicts arise between sectors of agriculture, the secretary may designate agricultural coexistence working groups to work towards conflict resolution.

(b) The members of a coexistence working group shall be appointed by, and serve at the pleasure of, the secretary. Each working group shall be comprised of no more than 10 members of diverse qualifications, who shall serve without compensation and within existing departmental resources, to develop, review, and provide findings and recommendations to the secretary regarding specific issues pertaining to the coexistence of various sectors of agricultural production that present or might present conflicts with one another. Each working group shall be comprised primarily of affected growers or their representatives from a cross section of the interested stakeholders and may also include representatives of related industries, academia, or relevant governmental agencies.

(c) In developing its findings and recommendations for the secretary, a working group may do any of the following:

(1) Recognize the economic, human, and environmental benefits of coexistence among diversified agricultural industries by developing best management practices designed to foster coexistence between the various segments of food, fiber, and agriculturally derived energy production.

(2) Identify a means of maximizing coordination and communication among those involved in sectors of agricultural production that are in real, potential, or perceived conflict with one another, and consider issues relevant to coexistence, including, but not limited to, developing consensus on voluntary production practices and protections.

(3) Work in concert with the State Board of Food and Agriculture, and provide a forum for fostering a broad-based dialogue on agricultural production practices related to coexistence, founded on facts and demonstrable applied and practical science. If data is lacking, the working group may also propose research programs to provide information on which to base further recommendations.

SEC. 2. Chapter 3 (commencing with Section 29810) is added to Division 13 of the Food and Agricultural Code, to read:

Chapter 3. Seedless Mandarin and Honeybee Coexistence Working Group Act

29810. (a) The Legislature finds and declares all of the following:

(1) The California citrus industry is in the process of adapting to a more competitive marketplace and to consumer tastes that continue to change. In the past five years, an estimated 40,000 acres of citrus have been removed from production and replaced with new varieties of citrus, a majority of which is mandarin fruit commonly called Clementines or W. Murcotts, which are intended to be seedless.

(2) According to the 2005 California Citrus Acreage Report, these varieties have increased substantially. In 2004, more than 10,000 acres of these varieties were bearing fruit. Another 2,000 acres began bearing fruit in 2005. The same report states that an additional 12,000 acres of these varieties have been planted but have yet to bear fruit. This production will come into maturity within the next three years, and more is being planted.

(3) Due to the production of other agricultural products in proximity to new seedless varieties of citrus, the production of these varieties may be in jeopardy. According to a University of California at Riverside study published in June of 2005, seedless mandarins command three to four times as much revenue as seeded mandarins. Other citrus-producing nations around the world have adopted citrus protection areas to limit damage created by cross-pollination.

(4) Honeybees are an essential component of agriculture as they pollinate approximately $6 billion worth of crops in California. Historically, honeybee colonies are placed in the citrus belt of Kern, Tulare, Fresno, and Madera Counties to support existing agricultural practices, including the pollination of several commodities and the production of honey. Colony Collapse Disorder has reduced the nation's bee population by 25 percent in the past three years, which in turn has created pressure on other agricultural sectors that rely on a healthy bee population for pollination of their crops.

(b) Any regulation or best management practice adopted pursuant to this chapter shall not affect the actual pollination process of other commodities during their blooming cycle, nor shall it be implemented when almonds, avocados, peaches, plums, nectarines, seed crops, or other commodities require pollination.

(c) Any regulation or best management practice adopted pursuant to this chapter shall not affect the ability of property owners located within

the area impacted by the regulation or best management practice to farm any commercial crop, including, but not limited to, honey, citrus, and other commodities recognized by the Department of Food and Agriculture.

29811. (a) Not later than 15 days after enactment of this chapter, the secretary shall designate a Seedless Mandarin and Honeybee Coexistence Working Group from recommendations received by interested stakeholders. The Seedless Mandarin and Honeybee Coexistence Working Group shall be established pursuant to the procedures set forth in subdivision (b) of Section 588. For purposes of this chapter, "grower," as used in subdivision (b) of Section 588, includes a beekeeper.

(b) The Seedless Mandarin and Honeybee Coexistence Working Group shall meet on a regular and consistent basis in an effort to develop best management practices that address the coexistence issues related to production of seedless mandarin varieties located in Fresno, Kern, Madera, and Tulare Counties, while providing for the reasonable access to citrus for the California bee industry.

29812. The secretary shall give the Seedless Mandarin and Honeybee Coexistence Working Group reasonable time to develop best management practices described in Section 29810.

(a) If the Seedless Mandarin and Honeybee Coexistence Working Group reaches consensus of best management practices prior to June 1, 2008, the secretary may adopt regulations if, in the secretary's judgment, this action is necessary to implement and enforce the best management practices.

(b) If the Seedless Mandarin and Honeybee Coexistence Working Group fails to reach consensus on best management practices by June 1, 2008, the secretary shall adopt regulations no later than February 1, 2009. Regulations adopted pursuant to this section shall be limited to Fresno, Kern, Madera, and Tulare Counties, address the coexistence issues related to production of seedless mandarin varieties, and allow seedless mandarin producers to meet retail standards for seedless fruit, while providing reasonable access to citrus for the California bee industry. The regulations adopted may include the establishment of fees, not to exceed the cost of the program, to be paid by seedless mandarin growers, subject to this chapter.

CHAPTER 325

An act to amend Section 27156 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 8, 2007. Filed with

(e) "Willfully," as used in this section, has the same meaning as the meaning of that word prescribed in Section 7 of the Penal Code.

(f) No person shall operate a vehicle after notice by a traffic officer that the vehicle is not equipped with the required certified motor vehicle pollution control device correctly installed in operating condition, except as may be necessary to return the vehicle to the residence or place of business of the owner or driver or to a garage, until the vehicle has been properly equipped with such a device.

(g) The notice to appear issued or complaint filed for a violation of this section shall require that the person to whom the notice to appear is issued, or against whom the complaint is filed, produce proof of correction pursuant to Section 40150 or proof of exemption pursuant to Section 4000.1 or 4000.2.

(h) This section shall not apply to an alteration, modification, or modifying device, apparatus, or mechanism found by resolution of the State Air Resources Board to do either of the following:

(1) Not to reduce the effectiveness of a required motor vehicle pollution control device.

(2) To result in emissions from the modified or altered vehicle that are at levels that comply with existing state or federal standards for that model-year of the vehicle being modified or converted.

(i) Aftermarket and performance parts with valid State Air Resources Board Executive Orders may be sold and installed concurrent with a motorcycle's transfer to an ultimate purchaser.

(j) This section applies to motor vehicles of the United States or its agencies, to the extent authorized by federal law.

CHAPTER 326

An act to amend Sections 12800, 12805, and 12820 of, and to add Section 12836 to, the Insurance Code, relating to insurance.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

The second and third members of the board shall be members of the association, other than safety members, elected by those members within 30 days after the retirement system becomes operative in a manner determined by the board of supervisors. The fourth, fifth, sixth, and ninth members shall be qualified electors of the county who are not connected with the county government in any capacity, except one may be a supervisor, and shall be appointed by the board of supervisors. A supervisor appointed as a member of the retirement board may not serve beyond his or her term of office as supervisor. The seventh member shall be a safety member of the association elected by the safety members. The alternate member shall be that candidate, if any, for the seventh member from the group under Section 31470.2 or 31470.4, or any other eligible safety member in a county if there is no eligible candidate from the groups under Sections 31470.2 and 31470.4, which is not represented by a board member who received the highest number of votes of all candidates in that group. If there is no eligible candidate there may not be an alternate member. The first person chosen as the second and fourth members shall serve for a term of two years beginning with the date the system becomes operative, the third and fifth members shall serve for a term of three years beginning with that date, and the sixth, seventh and alternate members shall serve for a term of two years beginning January 1, 1952, or the date on which a retirement system established by this chapter becomes operative, whichever is the later. Thereafter, the terms of office of the elected, appointed, and alternate members are three years.

(b) The alternate member provided for by this section shall vote as a member of the board only if the second, third, seventh, or eighth member is absent from a board meeting for any cause, or if there is a vacancy with respect to the second, third, seventh, or eighth member, the alternate member shall fill the vacancy until a successor qualifies. The alternate member shall sit on the board in place of the seventh member if a member of the same service is before the board for determination of his or her retirement.

(c) Unless prohibited by a resolution or regulation of the board, the alternate member shall be entitled to both of the following:

(2) The alternate member may hold positions on committees of the board independent of the second, third, seventh, or eighth member and may participate in the deliberations of the board or its committees whether or not the second, third, seventh, or eighth member is present.

(d) The amendments to this section during the 1972 Regular Session do not affect the continuation on the board of retired members appointed by the board of supervisors until the expiration of the term for which they were appointed.

SEC. 2. Section 31580.2 of the Government Code is amended to read:

31580.2. In counties in which the board of retirement, or the board of retirement and the board of investment, have appointed personnel pursuant to Section 31522.1 or 31522.5, or both, the respective board or boards shall annually adopt a budget covering the entire expense of administration of the retirement system which expense shall be charged against the earnings of the retirement fund. Except as described in Section 31580.3, the expense incurred in any year may not exceed eighteen hundredths of 1 percent of the total assets of the retirement system.

(1) The sum of eighteen hundredths of 1 percent of the total assets of the retirement system plus one million dollars ($1,000,000).

(2) Twenty-three hundredths of 1 percent of the total assets of the retirement system.

(b) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 4. Section 31694 of the Government Code is amended to read:

31694. (a) The board of supervisors of a county or the governing body of a district or other public entity may, by ordinance or resolution and with the agreement of the board of retirement, provide for the contribution of funds by the county, a district, or other public entity into a Post-Employment Benefits Trust Account. a post-employment group health, life, welfare, or other supplemental benefits plan or plans established and maintained by the county or district, which plan or plans may provide for self-insured coverage or the payment of all or a portion of the premiums on one or more insurance contracts or health care service plan contracts for retired employees of the participating county, district, or other public entity, and their qualified spouses, dependents and beneficiaries.

(b) Contributions to the Post-Employment Benefits Trust Account may include the proceeds of debt issued by the county, a district, or other public entity solely for the purpose of funding post-employment health, life, welfare, or other supplemental benefits.

(c) The post-employment benefits provided with the funds contributed to the Post-Employment Benefits Trust Account are in addition to any other benefits provided under this chapter.

(d) (1) Except as described in subdivision (b) of Section 31694.1, the assets of the retirement fund may not be used, directly or indirectly, to pay the cost of any benefits provided through the Post-Employment Benefits Trust Account or, except to the extent allowed by federal tax law, to pay any direct or indirect cost of administering the Post-Employment Benefits Trust Fund.

(2) Except as described in subdivision (c) of Section 31694.1, funds in the Post-Employment Benefits Trust Account may not be used, directly or indirectly, to pay the cost of any other benefits provided under this chapter.

SEC. 5. Section 31694.1 of the Government Code is amended to read:

31694.1. (a) The retirement system shall separately account for the funds contributed to the Post-Employment Benefits Trust Account by each participating employer and the earnings and expenses related to the investment and administration of those funds.

(b) The board of retirement, or a board of investments in a county in which a board of investments has been established pursuant to Section 31520.2, shall have sole, exclusive, and plenary authority and fiduciary responsibility over the investment of the funds in the Post-Employment Benefits Trust Account, consistent with Sections 31594 and 31595, and as provided for in Section 17 of Article XVI of the California Constitution. The board of retirement or board of investments may invest funds in the Post-Employment Benefits Trust Account with those of the retirement system, to the extent allowed by federal tax laws. The investment earnings and investment expenses attributable to the investment activity of the Post-Employment Benefits Trust Account shall be accounted for separately from the investment earnings and expenses of the retirement fund.

(c) The funds in and investment earnings of the Post-Employment Benefits Trust Account shall be used to pay the reasonable costs related to investment expenses and administration of the Post-Employment Benefits Trust Account to the extent allowed by federal tax law. Those expenses shall not be deemed to be an investment or administrative expense of a retirement system under this chapter.

(d) The board of retirement, or a board of investments in a county in which a board of investments has been established pursuant to Section 31520.2, may establish rules and procedures governing the investments and administration of the Post-Employment Benefits Trust Account. The board of retirement or the board of investments shall determine the rate of interest to credit the funds in the Post-Employment Benefits Trust Account.

(f) The board of retirement, or the board of retirement acting jointly with a board of investments in a county in which a board of investments has been established pursuant to Section 31520.2, and a participating employer in the Post-Employment Benefits Trust Account shall establish, by written agreement, the respective roles and responsibilities of the retirement system and the participating employer with respect to the administration and investment of the Post-Employment Benefits Trust Account, consistent with Section 17 of Article XVI of the California Constitution. That agreement shall include, but is not limited to, funding, distribution, expenditure, actuarial, accounting, and reporting considerations, and any applicable investment parameters. The board may, in its discretion, authorize an employer to transfer assets into or out of the Post-Employment Retirement Account, however, any transfer of assets shall comply with the terms of the contract between the employer and the board, satisfy requirements under applicable rules of the Governmental Accounting Standards Board, and satisfy the requirements of federal tax law. Once the investment parameters are established, the board of retirement, or a board of investments in a county in which a board of investments has been established pursuant to Section 31520.2, shall have sole control over the investment activity of the Post-Employment Benefits Trust Account as described in subdivision (b). Upon agreement and authorization of the board of retirement and the governing body of a participating employer, the retirement system may administer a post-employment health, life, welfare, or other

supplemental benefit plan sponsored by the participating employer and funded through the Post-Employment Benefits Trust Account.

(g) In accordance with procedures established in the written agreement described in subdivision (f), the participating employer may elect to terminate participation in the Post-Employment Benefits Trust and instruct the retirement system to either (1) transfer the funds held in the Post-Employment Benefits Trust Account to a successor trustee named by the employer, or (2) disburse the trust assets in accordance with subdivision (i). In addition, the board of retirement may terminate the participation of a participating employer in the Post-Employment Benefits Trust Account if either:

(2) The board of retirement elects to terminate the Post-Employment Benefits Trust Account.

(h) If the board of retirement terminates the participation of an employer in the Post-Employment Benefits Trust Account, as described in paragraph (1) or (2) of subdivision (g), the funds attributable to that employer shall remain in the Post-Employment Benefits Trust Account, for the continued payment of post-employment benefits for current and future participants and the costs of administration and investment.

(i) If the board of retirement elects to terminate the Post-Employment Benefits Trust Account, the retirement system shall disburse the funds in Post-Employment Benefits Trust Account in the following order and manner:

(1) The retirement system shall retain an amount sufficient to pay for the post-employment benefits for participants in the post-employment benefits plan or plans provided by the former participating employer.

(2) The retirement system shall retain an amount sufficient to pay reasonable administrative and investment costs described in this section.

(3) After the amounts in paragraphs (1) and (2) have been retained or disbursed, the retirement system shall pay any remaining funds to the former participating employer or employers.

Any vessel, diving or other fishing gear or apparatus, or vehicle used in the commission of an offense subject to this section may be seized and may be ordered forfeited by the court pursuant to subdivision (c) of Section 12157. Fifty percent of the revenue deposited in the Fish and Game Preservation Fund from fines and forfeitures collected pursuant to this section shall be allocated for the support of the Special Operations Unit of the department, and used for law enforcement purposes.

The court shall impose lesser forfeiture penalties under this subdivision for those acts that have little significant effect upon natural resources or the property of another and greater forfeiture penalties for those acts that may cause serious injury to natural resources or the property of another, as determined by the court. In determining whether or not to order forfeiture of a vehicle, the court shall, in addition to any other relevant factor, consider whether the defendant is the owner of the vehicle and whether the owner of the vehicle had knowledge of the violation.

(3) It is the intent of the Legislature that forfeiture not be ordered pursuant to this subdivision for minor or inadvertent violations, as determined by the court.

(d) A judge shall not order the forfeiture of a vehicle under this section if there is a community property interest in the vehicle that is owned by a person other than the defendant and the vehicle is the only vehicle available to the defendant's immediate family that may be operated on the highway with a class A, class B, or class C driver's license.

(g) The provisions in this section authorizing or requiring a judge to order the forfeiture of a device or apparatus also apply to the judge, referee, or juvenile hearing officer in a juvenile court action brought under Section 258 of the Welfare and Institutions Code.

(h) For purposes of this section, a plea of nolo contendere or no contest, or forfeiture of bail, constitutes a conviction.

(i) Neither the disposition of the criminal action other than by conviction nor the discretionary refusal of the judge to order forfeiture upon conviction impairs the right of the department to commence

proceedings to order the forfeiture of fish nets or traps pursuant to Section 8630.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 329

An act to amend Sections 17518.5, 17521, 17551, 17553, 17558, 17561, 17564, 17581, 17581.5, and 17612 of, to add Sections 17521.5, 17557.1, and 17557.2 to, to add Article 1.5 (commencing with Section 17572) to Chapter 4 of Part 7 of Division 4 of Title 2 of, and to repeal Section 17572 of, the Government Code, relating to state mandates.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 17518.5 of the Government Code is amended to read:

17518.5. (a) "Reasonable reimbursement methodology" means a formula for reimbursing local agencies and school districts for costs mandated by the state, as defined in Section 17514.

(b) A reasonable reimbursement methodology shall be based on cost information from a representative sample of eligible claimants, information provided by associations of local agencies and school districts, or other projections of local costs.

(c) A reasonable reimbursement methodology shall consider the variation in costs among local agencies and school districts to implement the mandate in a cost-efficient manner.

(d) Whenever possible, a reasonable reimbursement methodology shall be based on general allocation formulas, uniform cost allowances, and other approximations of local costs mandated by the state, rather than detailed documentation of actual local costs. In cases when local agencies and school districts are projected to incur costs to implement a mandate over a period of more than one fiscal year, the determination

of a reasonable reimbursement methodology may consider local costs and state reimbursements over a period of greater than one fiscal year, but not exceeding 10 years.

(e) A reasonable reimbursement methodology may be developed by any of the following:

(1) The Department of Finance.

(2) The Controller.

(3) An affected state agency.

(4) A claimant.

(5) An interested party.

SEC. 1.5. Section 17521 of the Government Code is amended to read:

17521. "Test claim" means the first claim filed with the commission alleging that a particular statute or executive order imposes costs mandated by the state, and includes a claim filed pursuant to Section 17574.

SEC. 2. Section 17521.5 is added to the Government Code, to read:

17521.5. "Legislatively determined mandate" means the provisions of a statute or executive order that the Legislature, pursuant to Article 1.5, has declared by statute to be a mandate for which reimbursement is required by Section 6 of Article XIII B of the California Constitution.

SEC. 3. Section 17551 of the Government Code is amended to read:

17551. (a) The commission, pursuant to the provisions of this chapter, shall hear and decide upon a claim by a local agency or school district that the local agency or school district is entitled to be reimbursed by the state for costs mandated by the state as required by Section 6 of Article XIII B of the California Constitution.

(b) Except as provided in Sections 17573 and 17574, commission review of claims may be had pursuant to subdivision (a) only if the test claim is filed within the time limits specified in this section.

(c) Local agency and school district test claims shall be filed not later than 12 months following the effective date of a statute or executive order, or within 12 months of incurring increased costs as a result of a statute or executive order, whichever is later.

(d) The commission, pursuant to the provisions of this chapter, shall hear and decide upon a claim by a local agency or school district filed on or after January 1, 1985, that the Controller has incorrectly reduced payments to the local agency or school district pursuant to paragraph (2) of subdivision (d) of Section 17561.

SEC. 4. Section 17553 of the Government Code is amended to read:

17553. (a) The commission shall adopt procedures for receiving claims filed pursuant to this article and Section 17574 and for providing a hearing on those claims. The procedures shall do all of the following:

(1) Provide for presentation of evidence by the claimant, the Department of Finance, and any other affected department or agency, and any other interested person.

(2) Ensure that a statewide cost estimate is adopted within 12 months after receipt of a test claim, when a determination is made by the commission that a mandate exists. This deadline may be extended for up to six months upon the request of either the claimant or the commission.

(3) Permit the hearing of a claim to be postponed at the request of the claimant, without prejudice, until the next scheduled hearing.

(b) All test claims shall be filed on a form prescribed by the commission and shall contain at least the following elements and documents:

(1) A written narrative that identifies the specific sections of statutes or executive orders and the effective date and register number of regulations alleged to contain a mandate and shall include all of the following:

(A) A detailed description of the new activities and costs that arise from the mandate.

(B) A detailed description of existing activities and costs that are modified by the mandate.

(C) The actual increased costs incurred by the claimant during the fiscal year for which the claim was filed to implement the alleged mandate.

(D) The actual or estimated annual costs that will be incurred by the claimant to implement the alleged mandate during the fiscal year immediately following the fiscal year for which the claim was filed.

(E) A statewide cost estimate of increased costs that all local agencies or school districts will incur to implement the alleged mandate during the fiscal year immediately following the fiscal year for which the claim was filed.

(F) Identification of all of the following:

(i) Dedicated state funds appropriated for this program.

(ii) Dedicated federal funds appropriated for this program.

(iii) Other nonlocal agency funds dedicated for this program.

(iv) The local agency's general purpose funds for this program.

(v) Fee authority to offset the costs of this program.

(G) Identification of prior mandate determinations made by the Commission on State Mandates or a predecessor agency that may be related to the alleged mandate.

(H) Identification of a legislatively determined mandate pursuant to Section 17573 that is on the same statute or executive order.

(2) The written narrative shall be supported with declarations under penalty of perjury, based on the declarant's personal knowledge, information, or belief, and signed by persons who are authorized and competent to do so, as follows:

(A) Declarations of actual or estimated increased costs that will be incurred by the claimant to implement the alleged mandate.

(B) Declarations identifying all local, state, or federal funds, or fee authority that may be used to offset the increased costs that will be incurred by the claimant to implement the alleged mandate, including direct and indirect costs.

(C) Declarations describing new activities performed to implement specified provisions of the new statute or executive order alleged to impose a reimbursable state-mandated program. Specific references shall be made to chapters, articles, sections, or page numbers alleged to impose a reimbursable state-mandated program.

(D) If applicable, declarations describing the period of reimbursement and payments received for full reimbursement of costs for a legislatively determined mandate pursuant to Section 17573, and the authority to file a test claim pursuant to paragraph (1) of subdivision (c) of Section 17574.

(3) (A) The written narrative shall be supported with copies of all of the following:

(i) The test claim statute that includes the bill number or executive order, alleged to impose or impact a mandate.

(ii) Relevant portions of state constitutional provisions, federal statutes, and executive orders that may impact the alleged mandate.

(iii) Administrative decisions and court decisions cited in the narrative.

(B) State mandate determinations made by the Commission on State Mandates or a predecessor agency and published court decisions on state mandate determinations made by the Commission on State Mandates are exempt from this requirement.

(4) A test claim shall be signed at the end of the document, under penalty of perjury by the claimant or its authorized representative, with the declaration that the test claim is true and complete to the best of the declarant's personal knowledge, information, or belief. The date of signing, the declarant's title, address, telephone number, facsimile machine telephone number, and electronic mail address shall be included.

(c) If a completed test claim is not received by the commission within 30 calendar days from the date that an incomplete test claim was returned by the commission, the original test claim filing date may be disallowed, and a new test claim may be accepted on the same statute or executive order.

(d) In addition, the commission shall determine whether an incorrect reduction claim is complete within 10 days after the date that the incorrect

reduction claim is filed. If the commission determines that an incorrect reduction claim is not complete, the commission shall notify the local agency and school district that filed the claim stating the reasons that the claim is not complete. The local agency or school district shall have 30 days to complete the claim. The commission shall serve a copy of the complete incorrect reduction claim on the Controller. The Controller shall have no more than 90 days after the date the claim is delivered or mailed to file any rebuttal to an incorrect reduction claim. The failure of the Controller to file a rebuttal to an incorrect reduction claim shall not serve to delay the consideration of the claim by the commission.

SEC. 5. Section 17557.1 is added to the Government Code, to read:

17557.1. (a) Notwithstanding any other provision of this part, within 30 days of the commission's adoption of a statement of decision on a test claim, the test claimant and the Department of Finance may notify the executive director of the commission in writing of their intent to follow the process described in this section to develop a reasonable reimbursement methodology and statewide estimate of costs for the initial claiming period and budget year for reimbursement of costs mandated by the state in accordance with the statement of decision. The letter of intent shall include the date on which the test claimant and the Department of Finance will submit a plan to ensure that costs from a representative sample of eligible local agency or school district claimants are considered in the development of a reasonable reimbursement methodology.

(b) This plan shall also include all of the following information:

(1) The date on which the test claimant and Department of Finance will provide to the executive director an informational update regarding their progress in developing the reasonable reimbursement methodology.

(2) The date on which the test claimant and Department of Finance will submit to the executive director the draft reasonable reimbursement methodology and proposed statewide estimate of costs for the initial claiming period and budget year. This date shall be no later than 180 days after the date the letter of intent is sent by the test claimant and Department of Finance to the executive director.

(c) At the request of the test claimant and Department of Finance, the executive director may provide for up to four extensions of this 180-day period.

(d) The test claimant or Department of Finance may notify the executive director at any time that the claimant or Department of Finance no longer intends to develop a reasonable reimbursement methodology pursuant to this section. In this case, paragraph (2) of subdivision (a) of Section 17553 and Section 17557 shall apply to the test claim. Upon receipt of this notification, the executive director shall notify the test

claimant of the duty to submit proposed parameters and guidelines within 30 days under subdivision (a) of Section 17557.

SEC. 6. Section 17557.2 is added to the Government Code, to read:

17557.2. (a) A reasonable reimbursement methodology developed pursuant to Section 17557.1 or a joint request for early termination of a reasonable reimbursement methodology shall have broad support from a wide range of local agencies or school districts. The test claimant and Department of Finance may demonstrate broad support from a wide range of local agencies or school districts in different ways, including, but not limited to, obtaining endorsement by one or more statewide associations of local agencies or school districts and securing letters of approval from local agencies or school districts.

(b) No later than 60 days before a commission hearing, the test claimant and Department of Finance shall submit to the commission a joint proposal that shall include all of the following:

(1) The draft reasonable reimbursement methodology.

(2) The proposed statewide estimate of costs for the initial claiming period and budget year.

(3) A description of the steps the test claimant and the Department of Finance undertook to determine the level of support by local agencies or school districts for the draft reasonable reimbursement methodology.

(4) An agreement that the reasonable reimbursement methodology developed and approved under this section shall be in effect for a period of five years unless a different term is approved by the commission, or upon submission to the commission of a letter indicating the Department of Finance and test claimant's joint interest in early termination of the reasonable reimbursement methodology.

(5) An agreement that, at the conclusion of the period established in paragraph (4), the Department of Finance and the test claimant will consider jointly whether amendments to the methodology are necessary.

(c) The commission shall approve the draft reasonable reimbursement methodology if review of the information submitted pursuant to Section 17557.1 and subdivision (b) of this section demonstrates that the draft reasonable reimbursement methodology and statewide estimate of costs for the initial claiming period and budget year have been developed in accordance with Section 17557.1 and meet the requirements of subdivision (a). The commission thereafter shall adopt the proposed statewide estimate of costs for the initial claiming period and budget year. Statewide cost estimates adopted under this section shall be included in the report to the Legislature required under Section 17600 and shall be reported by the commission to the appropriate Senate and Assembly policy and fiscal committees, the Legislative Analyst, and the Department of Finance not later than 30 days after adoption.

(d) Unless amendments are proposed pursuant to this subdivision, the reasonable reimbursement methodology approved by the commission pursuant to this section shall expire after either five years, any other term approved by the commission, or upon submission to the commission of a letter indicating the Department of Finance's and test claimant's joint interest in early termination of the reasonable reimbursement methodology.

(e) The commission shall approve a joint request for early termination of a reasonable reimbursement methodology if the request meets the requirements of subdivision (a). If the commission approves a joint request for early termination, the commission shall notify the test claimant of the duty to submit proposed parameters and guidelines to the commission pursuant to subdivision (a) of Section 17557.

(f) At least one year before the expiration of a reasonable reimbursement methodology, the commission shall notify the Department of Finance and the test claimant that they may do one of the following:

(1) Jointly propose amendments to the reasonable reimbursement methodology by submitting the information described in paragraphs (1), (3), and (4) of subdivision (b), and providing an estimate of the mandate's annual cost for the subsequent budget year.

(2) Jointly propose that the reasonable reimbursement methodology remain in effect.

(3) Allow the reasonable reimbursement methodology to expire and notify the commission that the test claimant will submit proposed parameters and guidelines to the commission pursuant to subdivision (a) of Section 17557 to replace the reasonable reimbursement methodology.

(g) The commission shall either approve the continuation of the reasonable reimbursement methodology or approve the jointly proposed amendments to the reasonable reimbursement methodology if the information submitted in accordance with paragraph (1) of subdivision (d) demonstrates that the proposed amendments were developed in accordance with Section 17557.1 and meet the requirements of subdivision (a) of this section.

SEC. 7. Section 17558 of the Government Code is amended to read:

17558. (a) The commission shall submit the adopted parameters and guidelines or a reasonable reimbursement methodology approved pursuant to Section 17557.2 to the Controller. As used in this chapter, a "reasonable reimbursement methodology" approved pursuant to Section 17557.2 includes all amendments to the reasonable reimbursement methodology. When the Legislature declares a legislatively determined mandate in accordance with Section 17573 in which claiming instructions are necessary, the Department of Finance shall notify the Controller.

(b) Not later than 60 days after receiving the adopted parameters and guidelines, a reasonable reimbursement methodology from the commission, or notification from the Department of Finance, the Controller shall issue claiming instructions for each mandate that requires state reimbursement, to assist local agencies and school districts in claiming costs to be reimbursed. In preparing claiming instructions, the Controller shall request assistance from the Department of Finance and may request the assistance of other state agencies. The claiming instructions shall be derived from the test claim decision and the adopted parameters and guidelines, reasonable reimbursement methodology, or statute declaring a legislatively determined mandate.

(c) The Controller shall, within 60 days after receiving amended parameters and guidelines, an amended reasonable reimbursement methodology from the commission or other information necessitating a revision of the claiming instructions, prepare and issue revised claiming instructions for mandates that require state reimbursement that have been established by commission action pursuant to Section 17557, Section 17557.2, or after any decision or order of the commission pursuant to Section 17559, or after any action by the Legislature pursuant to Section 17573. In preparing revised claiming instructions, the Controller may request the assistance of other state agencies.

SEC. 8. Section 17561 of the Government Code, as amended by Chapter 179 of the Statutes of 2007, is amended to read:

17561. (a) The state shall reimburse each local agency and school district for all "costs mandated by the state," as defined in Section 17514 and for legislatively determined mandates in accordance with Section 17573.

(b) (1) For the initial fiscal year during which these costs are incurred, reimbursement funds shall be provided as follows:

(A) Any statute mandating these costs shall provide an appropriation therefor.

(B) Any executive order mandating these costs shall be accompanied by a bill appropriating the funds therefor, or alternatively, an appropriation for these costs shall be included in the Budget Bill for the next succeeding fiscal year. The executive order shall cite that item of appropriation in the Budget Bill or that appropriation in any other bill that is intended to serve as the source from which the Controller may pay the claims of local agencies and school districts.

(2) In subsequent fiscal years appropriations for these costs shall be included in the annual Governor's Budget and in the accompanying Budget Bill. In addition, appropriations to reimburse local agencies and school districts for continuing costs resulting from chaptered bills or executive orders for which claims have been awarded pursuant to

subdivision (a) of Section 17551 shall be included in the annual Governor's Budget and in the accompanying Budget Bill.

(c) The amount appropriated to reimburse local agencies and school districts for costs mandated by the state shall be appropriated to the Controller for disbursement.

(d) The Controller shall pay any eligible claim pursuant to this section by August 15 or 45 days after the date the appropriation for the claim is effective, whichever is later. The Controller shall disburse reimbursement funds to local agencies or school districts if the costs of these mandates are not payable to state agencies, or to state agencies that would otherwise collect the costs of these mandates from local agencies or school districts in the form of fees, premiums, or payments. When disbursing reimbursement funds to local agencies or school districts, the Controller shall disburse them as follows:

(1) For initial reimbursement claims, the Controller shall issue claiming instructions to the relevant local agencies and school districts pursuant to Section 17558. Issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the commission, the reasonable reimbursement methodology approved by the commission pursuant to Section 17557.2, or statutory declaration of a legislatively determined mandate and reimbursement methodology pursuant to Section 17573.

(A) When claiming instructions are issued by the Controller pursuant to Section 17558 for each mandate determined pursuant to Section 17551 or 17573 that requires state reimbursement, each local agency or school district to which the mandate is applicable shall submit claims for initial fiscal year costs to the Controller within 120 days of the issuance date for the claiming instructions.

(B) When the commission is requested to review the claiming instructions pursuant to Section 17571, each local agency or school district to which the mandate is applicable shall submit a claim for reimbursement within 120 days after the commission reviews the claiming instructions for reimbursement issued by the Controller.

(C) If the local agency or school district does not submit a claim for reimbursement within the 120-day period, or submits a claim pursuant to revised claiming instructions, it may submit its claim for reimbursement as specified in Section 17560. The Controller shall pay these claims from the funds appropriated therefor, provided that the Controller (i) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, the application of a reasonable reimbursement methodology, or application of a legislatively enacted reimbursement methodology under Section 17573, and (ii) may

reduce any claim that the Controller determines is excessive or unreasonable.

(2) In subsequent fiscal years each local agency or school district shall submit its claims as specified in Section 17560. The Controller shall pay these claims from funds appropriated therefor, provided that the Controller (A) may audit (i) the records of any local agency or school district to verify the actual amount of the mandated costs, (ii) the application of a reasonable reimbursement methodology, or (iii) application of a legislatively enacted reimbursement methodology under Section 17573, (B) may reduce any claim that the Controller determines is excessive or unreasonable, and (C) shall adjust the payment to correct for any underpayments or overpayments that occurred in previous fiscal years.

(3) When paying a timely filed claim for initial reimbursement, the Controller shall withhold 20 percent of the amount of the claim until the claim is audited to verify the actual amount of the mandated costs. All initial reimbursement claims for all fiscal years required to be filed on their initial filing date for a state-mandated local program shall be considered as one claim for the purpose of computing any late claim penalty. Any claim for initial reimbursement filed after the filing deadline shall be reduced by 10 percent of the amount that would have been allowed had the claim been timely filed. The Controller may withhold payment of any late claim for initial reimbursement until the next deadline for funded claims unless sufficient funds are available to pay the claim after all timely filed claims have been paid. In no case may a reimbursement claim be paid if submitted more than one year after the filing deadline specified in the Controller's claiming instructions on funded mandates.

(e) (1) Except as specified in paragraph (2), for the purposes of determining the state's payment obligation under paragraph (1) of subdivision (b) of Section 6 of Article XIII B of the Constitution, a mandate that is "determined in a preceding fiscal year to be payable by the state" means any mandate for which the commission adopted a statewide cost estimate pursuant to this part during a previous fiscal year or that were identified as mandates by a predecessor agency to the commission, or that the Legislature declared by statute to be a legislatively determined mandate, unless the mandate has been repealed or otherwise eliminated.

(2) If the commission adopts a statewide cost estimate for a mandate during the months of April, May, or June, the state's payment obligation under subdivision (b) of Section 6 of Article XIII B shall commence one year after the time specified in paragraph (1).

SEC. 9. Section 17564 of the Government Code is amended to read:

17564. (a) No claim shall be made pursuant to Sections 17551, 17561, or 17573, nor shall any payment be made on claims submitted pursuant to Sections 17551 or 17561, or pursuant to a legislative determination under Section 17573, unless these claims exceed one thousand dollars ($1,000). However, a county superintendent of schools or county may submit a combined claim on behalf of school districts, direct service districts, or special districts within their county if the combined claim exceeds one thousand dollars ($1,000) even if the individual school district's, direct service district's, or special district's claims do not each exceed one thousand dollars ($1,000). The county superintendent of schools or the county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each school, direct service, or special district. These combined claims may be filed only when the county superintendent of schools or the county is the fiscal agent for the districts. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a school district, direct service district, or special district provides to the county superintendent of schools or county and to the Controller, at least 180 days prior to the deadline for filing the claim, a written notice of its intent to file a separate claim.

(b) Claims for direct and indirect costs filed pursuant to Section 17561 shall be filed in the manner prescribed in the parameters and guidelines or reasonable reimbursement methodology and claiming instructions.

(c) Claims for direct and indirect costs filed pursuant to a legislatively determined mandate pursuant to Section 17573 shall be filed and paid in the manner prescribed in the Budget Act or other bill, or claiming instructions, if applicable.

SEC. 10. Section 17572 of the Government Code is repealed.

SEC. 11. Article 1.5 (commencing with Section 17572) is added to Chapter 4 of Part 7 of Division 4 of Title 2 of the Government Code, to read:

Article 1.5. Legislatively Determined Mandate Procedure

17572. The Legislature finds and declares all of the following:

(a) Early settlement of mandate claims will allow the commission to focus its efforts on rendering sound quasi-judicial decisions regarding complicated disputes over the existence of state-mandated local programs.

(b) Early settlement of mandate claims will provide timely information to the Legislature regarding local costs of state requirements and timely reimbursement to local agencies or school districts.

(c) It is the intent of the Legislature to provide for an orderly process for settling mandate claims in which the parties are in substantial

agreement. Nothing in this article diminishes the right of a local agency or school district that chooses not to accept reimbursement pursuant to this article from filing a test claim with the commission or taking other steps to obtain reimbursement pursuant to Section 6 of Article XIII B of the California Constitution.

17573. (a) Notwithstanding Section 17551, the Department of Finance and a local agency, school district, or statewide association may jointly request of the chairpersons of the committees in each house of the Legislature that consider appropriations, and the chairpersons of the committees and appropriate subcommittees in each house of the Legislature that consider the State Budget, that the Legislature (1) determine that a statute or executive order, or portion thereof, mandates a new program or higher level of service requiring reimbursement of local governments pursuant to Section 6 of Article XIII B of the California Constitution, (2) establish a reimbursement methodology, and (3) appropriate funds for reimbursement of costs. For purposes of this section, "statewide association" includes a statewide association representing local agencies or school districts, as defined in Sections 17518 and 17519.

(b) The statute of limitations specified in Section 17551 shall be tolled from the date a local agency, school district, or statewide association contacts the Department of Finance or responds to a Department of Finance request to initiate a joint request for a legislatively determined mandate pursuant to subdivision (a), to (1) the date that the Budget Act for the subsequent fiscal year is adopted if a joint request is submitted pursuant to subdivision (a), or (2) the date on which the Department of Finance, or a local agency, school district, or statewide association notifies the other party of its decision not to submit a joint request. A local agency, school district, or statewide association, or the Department of Finance shall provide written notification to the commission of each of these dates.

(c) A joint request made under subdivision (a) shall be in writing and include all of the following:

(1) Identification of those provisions of the statute or executive order, or portion thereof, that mandate a new program or higher level of service requiring reimbursement of local agencies or school districts pursuant to Section 6 of Article XIII B of the California Constitution, a proposed reimbursement methodology, and the period of reimbursement.

(2) A list of eligible claimants and a statewide estimate for the initial claiming period and annual dollar amount necessary to reimburse local agencies or school districts to comply with that statute or executive order that mandates a new program or higher level of service.

(3) Documentation of significant support among local agencies or school districts for the proposed reimbursement methodology, including, but not limited to, endorsements by statewide associations and letters of approval from local agencies or school districts.

(d) A joint request authorized by this section may be submitted to the Legislature pursuant to subdivision (a) at any time after enactment of a statute or issuance of an executive order, regardless of whether a test claim on the same statute or executive order is pending with the commission. If a test claim is pending before the commission, the period of reimbursement established by that filing shall apply to a joint request filed pursuant to this section.

(e) (1) If the Legislature accepts the joint request and determines that those provisions of the statute or executive order, or portion thereof, mandate a new program or higher level of service requiring reimbursement of local agencies or school districts pursuant to Section 6 of Article XIII B of the California Constitution, it shall adopt a statute declaring that the statute or executive order, or portion thereof, is a legislatively determined mandate and specify the term and period of reimbursement and methodology for reimbursing eligible local agencies or school districts. If no term is specified in the statute, then the term shall be five years, beginning July 1 of the year in which the statute is enacted.

(2) For the purpose of this subdivision, "term" means the number of years specified in the statute adopted pursuant to this subdivision for reimbursing eligible local agencies or school districts for a legislatively determined mandate.

(f) When the Legislature adopts a statute pursuant to paragraph (1) of subdivision (e) on a mandate subject to subdivision (b) of Section 6 of Article XIII B of the California Constitution, the Legislature shall do either of the following:

(1) Appropriate in the Budget Act the full payable amount for reimbursement to local agencies that has not been previously paid.

(2) Suspend the operation of the mandate pursuant to Section 17581 or repeal the mandate.

(g) The Department of Finance, or a local agency, school district, or statewide association shall notify the commission of actions taken pursuant to this section, as specified below:

(1) Provide the commission with a copy of any communications regarding development of a joint request under this section and a copy of a joint request when it is submitted to the Legislature.

(2) Notify the commission of the date of (A) the Legislature's action on a joint request in the Budget Act, or (B) the Department of Finance's

decision not to submit a joint request on a specific statute or executive order.

(h) Upon receipt of notice that a joint request has been submitted to the Legislature on the same statute or executive order as a pending test claim, the commission may stay its proceedings on the pending test claim upon the request of any party.

(i) Upon enactment of a statute declaring a legislatively determined mandate, enactment of a reimbursement methodology, and appropriation for reimbursement of the full payable amount that has not been previously paid in the Budget Act, all of the following shall apply:

(1) The Controller shall prepare claiming instructions pursuant to Section 17558, if applicable.

(2) The commission shall not adopt a statement of decision, parameters and guidelines, or statewide cost estimate on the same statute or executive order unless a local agency or school district that has rejected the amount of reimbursement files a test claim or takes over a withdrawn test claim on the same statute or executive order.

(3) A local agency or school district accepting payment for the statute or executive order, or portion thereof, that mandates a new program or higher level of service pursuant to Section 6 of Article XIII B of the California Constitution shall not be required to submit parameters and guidelines if it is the successful test claimant pursuant to Section 17557.

17574. (a) A local agency or school district agrees to the following terms and conditions when it accepts reimbursement for a legislatively determined mandate pursuant to Section17573:

(1) Any unpaid reimbursement claims the local agency or school district has previously filed with the Controller pursuant to Section 17561 and derived from parameters and guidelines or reasonable reimbursement methodology shall be deemed withdrawn if they are on the same statute or executive order of a legislatively determined mandate and for the same period of reimbursement.

(2) The payment of the amount agreed upon pursuant to Section 17573 constitutes full reimbursement of its costs for that mandate for the applicable period of reimbursement.

(3) The methodology upon which the payment is calculated is an appropriate reimbursement methodology for the term specified in subdivision (e) of Section 17573.

(4) A test claim filed with the commission by a local agency or school district on the same statute or executive order as a legislatively determined mandate shall be withdrawn.

(5) A test claim on the same statute or executive order as a legislatively determined mandate will not be filed with the commission except as provided in subdivision (c).

(b) If a local agency or school district rejects reimbursement for a legislatively determined mandate pursuant to Section 17573, a local agency or school district may take over a withdrawn test claim within six months after the date the test claim is withdrawn, by substitution of parties and compliance with the filing requirements in subdivision (b) of Section 17553, as specified in the commission's notice of withdrawal.

(c) (1) Notwithstanding Section 17551 and subdivision (b) of Section 17573, a local agency or school district may file a test claim on the same statute or executive order as a legislatively determined mandate if one of the following applies:

(A) The Legislature amends the reimbursement methodology and the local agency or school district rejects reimbursement.

(B) The term of the legislatively determined mandate, as defined in subdivision (e) of Section 17573, has expired.

(C) The term of the legislatively determined mandate, as defined in subdivision (e) of Section 17573, is amended and the local agency or school district rejects reimbursement under the new term.

(D) The mandate is subject to subdivision (b) of Section 6 of Article XIII B and the Legislature does both of the following:

(i) Fails to appropriate in the Budget Act funds to reimburse local agencies for the full payable amount that has not been previously paid based on the reimbursement methodology enacted by the Legislature.

(ii) Does not repeal or suspend the mandate pursuant to Section 17581.

(commencing with Section 22850) in addition to any credit received from workers' compensation payments.

(B) The effective date is later than the last day of creditable service for which compensation is payable to the member.

(4) A member who applies for service retirement under this section is not eligible to receive a lump-sum payment and an actuarially reduced monthly allowance pursuant to Section 24221.

(5) A member who applies for service retirement under this section is not eligible to receive an allowance calculated pursuant to Section 24205.

(6) (A) Except as described in subparagraph (B), a member who applies for service retirement under this section shall not receive service credit for each day of accumulated and unused leave of absence for illness or injury or for education pursuant to Section 22717 or 22717.5.

(B) If the application for disability is denied, the member's service retirement allowance shall be adjusted to the effective date of the service retirement to include service credited pursuant to Section 22717 or 22717.5.

(7) If the application for disability is denied, a member who applies for a service retirement allowance under this section is subject to the all of the following:

(A) Unless otherwise provided in this part, a member who, on his or her application for service retirement, elects an option pursuant to Section 24300.1 or 24307 may not change or revoke that option.

(B) If the member receives a modified service retirement allowance based on the election of an option pursuant to Section 24300.1 or 24307, that modified service retirement allowance shall continue in effect and unchanged.

(C) If the member did not elect an option pursuant to Section 24300.1 or 24307 and receives an unmodified service retirement allowance, that unmodified service retirement allowance shall continue in effect and unchanged.

(b) A member who applies for service retirement under this section may change or cancel his or her service retirement application pursuant to Section 24204, or may terminate his or her service retirement allowance pursuant to Section 24208.

(c) A member may not cancel his or her application for disability prior to a determination of that application unless he or she submits a written request to the system's headquarters office, as established pursuant to Section 22375. If a member elects to cancel his or her service retirement application or elects to terminate his or her service retirement allowance as described in subdivision (b), that election shall not cancel the application for disability.

(d) (1) Paragraph (3) of subdivision (a) of Sections 24001 and 24101 shall not apply to a member who cancels an application for service retirement pursuant to Section 24204 or who terminates a service retirement allowance pursuant to Section 24208, if all of the following apply:

(B) The member's application for disability under this section is pending determination by the board.

(2) If the member's application for disability under this section is denied, paragraph (3) of subdivision (a) of Sections 24001 and 24101 shall apply if the member submits a new application for disability.

(e) If the board approves the application for disability, and notwithstanding subdivision (e) of Section 24204, the board shall cancel the member's application for service retirement and shall authorize payment of a disability allowance or disability retirement.

(f) Except as described in subdivision (g), if a member who applies for service retirement under this section dies prior to a determination by the board on the application for disability, any subsequent benefits payable to the member's surviving spouse or beneficiary shall be based on the service retirement allowance as elected by the member at the time of retirement for service.

(g) (1) Subject to paragraph (2), if a member who applies for service retirement under this section dies prior to receiving notification of the approval of his or her application for disability retirement, the disability retirement shall be payable to the member's surviving spouse or beneficiary.

(2) If the member elected an option pursuant to Section 24300.1, a modified disability retirement allowance shall be payable to the member's beneficiary or beneficiaries.

(h) If the member cancels his or her service retirement application or terminates his or her service retirement allowance as described in subdivision (b), the system shall make appropriate adjustments to the applicable service retirement allowance, disability allowance, or disability retirement allowance, retroactive to the effective date of the disability allowance or disability retirement allowance.

(i) The system may recover a service retirement allowance overpayment made to a member by deducting that overpayment from any subsequent disability benefit payable to the member.

(j) Nothing in this section shall be construed to allow a member or beneficiary to receive more than one type of retirement or disability allowance for the same period of time.

SEC. 4. Section 24205 of the Education Code is amended to read:

24205. A member retiring prior to 60 years of age, and who has attained 55 years of age, may elect to receive one-half of the service retirement allowance for normal retirement age for a limited time and then revert to the full retirement allowance for normal retirement age.

(a) The retirement allowance shall be based on service credit and final compensation as of the date of retirement for service and shall be calculated with the factor for normal retirement age.

(b) If the member elects a joint and survivor option under Section 24300 or 24300.1, the actuarial reduction shall be based on the member's and beneficiary's ages as of the effective date of the early retirement. If the member elected a preretirement option under Section 24307, the actuarial reduction shall be based on the member's and beneficiary's ages as determined by the provisions of that section.

(c) One-half of the retirement allowance as of 60 years of age shall be paid for a period of time equal to twice the elapsed time between the effective date of retirement and the date of the retired member's 60th birthday.

(d) The full retirement allowance as calculated under subdivision (a) or (b) shall begin to accrue as of the first of the month following the reduction period as specified in subdivision (c). The full retirement allowance shall not begin to accrue prior to this time under any circumstances, including, but not limited to, divorce or death of the named beneficiary.

(e) The annual improvement factor provided for in Sections 22140 and 22141 shall be based upon the retirement allowance as calculated under subdivision (a) or (b). The improvement factor shall begin to accrue on September 1 following the retired member's 60th birthday. These increases shall be accumulated and shall become payable when the full retirement allowance for normal retirement age first becomes payable.

(f) Any ad hoc benefit increase with an effective date prior to the retired member's 60th birthday shall not affect an allowance payable under this section. Only those ad hoc improvements with effective dates on or after the retired member's 60th birthday shall be accrued and accumulated and shall first become payable when the full retirement allowance for normal retirement age becomes payable.

(g) The cancellation of an option election in accordance with Section 24305 shall not cancel the election under this section. Upon cancellation of the joint and survivor option, one-half of the retired member's retirement allowance as calculated under subdivision (a) shall become payable for the balance of the reduction period specified in subdivision (c).

(h) If a retired member who has elected a joint and survivor option dies during the period when the reduced allowance is payable, the beneficiary shall receive one-half of the allowance payable to the beneficiary until the date when the retired member would have received the full retirement allowance for normal retirement age. At that time, the beneficiary's allowance shall be increased to the full amount payable to the beneficiary plus the appropriate annual improvement factor increases and ad hoc increases.

(i) This section shall not apply to a member who retires for service pursuant to Section 24201.5.

SEC. 5. Section 24221 of the Education Code is amended to read:

24221. (a) A member who retires for service prior to January 1, 2011, may elect, on a form prescribed by the system, to receive a lump-sum payment and an actuarially reduced monthly allowance pursuant to this section in lieu of the monthly unmodified allowance that would otherwise be payable to the member pursuant to this chapter. The election under this section shall be made at the time the member files his or her application for service retirement allowance as provided in Section 24204.

(b) A member who makes the election described in subdivision (a) shall receive a one-time, lump-sum payment in an amount that equals or does not exceed the lesser of the following amounts:

(1) The actuarial present value of the amount by which (A) the monthly unmodified allowance payable to the member pursuant to this chapter exceeds (B) an amount equal to 2 percent of the member's final compensation multiplied by the number of years of credited service and divided by 12.

(2) Fifteen percent of the actuarial present value of the monthly unmodified allowance payable to the member under this chapter.

(c) Notwithstanding any other provision of this part, a member who makes the election described in subdivision (a) shall receive a monthly unmodified allowance, pursuant to this chapter, that shall be actuarially reduced to reflect the lump-sum amount paid under subdivision (b). The actuarial reduced unmodified allowance may be modified pursuant to Section 24300 or 24300.1.

(d) A member may not apply a lump-sum payment made pursuant to this section for the purposes of redepositing previously refunded retirement contributions pursuant to Chapter 19 (commencing with Section 23200) or purchasing service credit pursuant to Chapter 14 (commencing with Section 22800), Chapter 14.2 (commencing with Section 22820) or Chapter 14.5 (commencing with Section 22850). The Legislature hereby finds and declares that if a member who elects to receive a partial lump-sum payment also elects to redeposit previously refunded retirement contributions or purchase service credit as a result of the receipt of the lump-sum payment, the Defined Benefit Program may experience a net actuarial impact.

(e) An election pursuant to subdivision (a) may have no net actuarial impact to the Defined Benefit Program. The board shall adopt present value factors to establish a corresponding actuarially reduced monthly allowance, that results in no net actuarial impact to the Defined Benefit Program. The Legislature reserves the right to modify the provisions of

this section to further the objective of permitting eligible members to receive a lump-sum distribution of a portion of their benefits, with a corresponding actuarial reduction in their monthly allowance, so that there is no net actuarial impact to the Defined Benefit Program.

(f) This section shall not apply to a member who retires for service pursuant to Section 24201.5.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 15150 of the Education Code is amended to read:

15150. (a) When the governing board of a school district or a community college district deems it in the best interests of the district, it may by resolution, upon such terms and conditions as it shall prescribe, issue notes, on a negotiated or competitive-bid basis, maturing within a period not to exceed five years, in anticipation of the sale of bonds authorized pursuant to Section 15100 or Section 15340 at the time the notes are issued. The proceeds from the sale of the notes shall be used only for authorized purposes of the bonds or to repay outstanding notes authorized by this section.

(b) All notes issued and any renewal thereof shall be payable at a fixed time not more than five years from the date of the original issuance of the note. If the sale of the bonds does not occur prior to the maturity of the notes issued in anticipation of the sale, the fiscal officer of the school district or community college district, in order to meet the notes then maturing, shall issue renewal notes for this purpose. The renewal of a note may not be issued after the sale of bonds in anticipation of which the original note was issued and the maturity date of the renewed note shall not be later than five years from the date of the original issuance of the note.

(c) Every note and any renewal thereof shall be payable from the proceeds of the sale of bonds or of any renewal of notes or from other funds of the school district or community college district lawfully available for the purpose of repaying the notes, including state grants. The total amount of the notes or renewals thereof issued and outstanding may not at any time exceed the total amount of the unsold bonds.

(d) Interest on the notes shall be payable from proceeds of the sale of bonds, or from the tax lawfully levied to pay principal of and interest on the bonds.

(e) The original issuance of notes and any renewal thereof may be in the form of commercial paper notes. Each issuance of commercial paper notes to repay outstanding notes shall be deemed to be a renewal of notes subject only to the requirements of this section.

CHAPTER 335

An act to amend Sections 1872.8, 1872.81, and 1874.8 of, to add Sections 1872.86 and 1872.87 to, and to repeal Section 1872.7 of, the Insurance Code, relating to insurance fraud.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1872.7 of the Insurance Code is repealed.

SEC. 2. Section 1872.8 of the Insurance Code is amended to read:

1872.8. (a) Each insurer doing business in this state shall pay an annual special purpose assessment to be determined by the commissioner, but not to exceed one dollar ($1) annually for each vehicle insured under an insurance policy it issues in this state, in order to fund increased investigation and prosecution of fraudulent automobile insurance claims and economic automobile theft. Thirty-four percent of those funds received from ninety-five cents ($0.95) of the special purpose assessment per insured vehicle shall be distributed to the Fraud Division for enhanced investigative efforts, 15 percent of that ninety-five cents ($0.95) shall be deposited in the Motor Vehicle Account for appropriation to the Department of the California Highway Patrol for enhanced prevention and investigative efforts to deter economic automobile theft, and 51 percent of the funds shall be distributed to district attorneys for purposes of investigation and prosecution of automobile insurance fraud cases, including fraud involving economic automobile theft.

(b) (1) The commissioner shall award funds to district attorneys according to population. The commissioner may alter this distribution formula as necessary to achieve the most effective distribution of funds. Each local district attorney desiring a portion of those funds shall submit to the commissioner an application detailing the proposed use of any moneys that may be provided. The application shall include a detailed

accounting of assessment funds received and expended in prior years, including at a minimum, all of the following:

(A) The amount of funds received and expended.

(B) The uses to which those funds were put, including payment of salaries and expenses, purchase of equipment and supplies, and other expenditures by type.

(C) Results achieved as a consequence of expenditures made, including the number of investigations, arrests, complaints filed, convictions, and the amounts originally claimed in cases prosecuted compared to payments actually made in those cases.

(D) Other relevant information as the commissioner may reasonably require.

Any district attorney who fails to submit an application by the deadline set by the commissioner shall be subject to loss of distribution of the moneys. The commissioner may consider recommendations and advice of the Fraud Division and the Commissioner of the California Highway Patrol in allocating moneys to local district attorneys. Any district attorney that receives funds shall submit an annual report to the commissioner, which may be made public, as to the success of the program administered. The report shall provide information and statistics on the number of active investigations, arrests, indictments, and convictions. Both the application for moneys and the distribution of moneys shall be public documents. The commissioner shall conduct a fiscal audit of the programs administered under this subdivision at least once every three years. The cost of a fiscal audit shall be shared equally between the department and the district attorney. Information submitted to the commissioner pursuant to this section concerning criminal investigations, whether active or inactive, shall be confidential. If the commissioner determines that a district attorney is unable or unwilling to investigate and prosecute automobile insurance fraud claims as provided by this subdivision or Section 1874.8, the commissioner may discontinue the distribution of funds allocated for that county and may redistribute those funds to other eligible district attorneys.

(2) The Department of the California Highway Patrol shall submit to the commissioner, for informational purposes only, a report detailing the department's proposed use of funds under this section and an annual report in the same format as required of district attorneys under paragraph (1).

(c) The remaining five cents ($0.05) shall be spent for enhanced automobile insurance fraud investigation by the Fraud Division.

(d) Except for funds to be deposited in the Motor Vehicle Account for allocation to the Department of the California Highway Patrol for purposes of the Motor Vehicle Theft Prevention Act, (Chapter 5

(commencing with Section 10900) of Division 4 of the Vehicle Code), the funds received under this section shall be deposited in the Insurance Fund and be expended and distributed when appropriated by the Legislature.

(e) In the course of its investigations, the Fraud Division shall aggressively pursue all reported incidents of probable fraud and, in addition, shall forward to the appropriate disciplinary body the names of any individuals licensed under the Business and Professions Code who are suspected of actively engaging in fraudulent activity along with all relevant supporting evidence.

(f) As used in this section "economic automobile theft" means automobile theft perpetrated for financial gain, including, but not limited to, the following:

(1) Theft of a motor vehicle for financial gain.

(2) Reporting that a motor vehicle has been stolen for the purpose of filing a false insurance claim.

(3) Engaging in any act prohibited by Chapter 3.5 (commencing with Section 10801) of Division 4 of the Vehicle Code.

(4) Switching of vehicle identification numbers to obtain title to a stolen motor vehicle.

SEC. 3. Section 1872.81 of the Insurance Code is amended to read:

1872.81. In addition to the special purpose assessment imposed pursuant to Section 1872.8, each insurer doing business in this state shall pay to the commissioner an annual special purpose assessment of thirty cents ($0.30) for each vehicle insured under an insurance policy it issues in this state, for expenditure as follows:

(a) An amount equivalent to twenty cents ($0.20) of the special purpose assessment imposed per insured vehicle by this section shall be used for the purpose of paying for consumer service functions of the department that are related to automobile insurance. The revenues under this subdivision shall be used to improve service to consumers through the rating and underwriting services bureau, the claims services bureau, the investigations bureau, or any successor bureaus of the department that may assume the consumer service functions of these bureaus, and legal services in support of these bureaus. The department shall develop a plan for the use of the revenues available under this subdivision for the purposes authorized, and shall submit the plan to the Assembly and Senate Committees on Insurance.

(b) An amount equivalent to ten cents ($0.10) of the special purpose assessment imposed per insured vehicle by this section shall be used for the purpose of improving consumer functions of the department related to automobile insurance. Revenues available under this subdivision shall

be used to improve consumer functions through one or more of the following:

(1) The rating and underwriting services bureau.

(2) The claims services bureau.

(3) The investigations bureau.

(4) Any successor bureau of the department that may assume automobile insurance consumer functions of these bureaus, and legal services in support of these bureaus. These revenues may also be used for improving the ability of the department to respond to consumer complaints and information requests through the department's toll-free telephone number, and for improving the ability of the department to offer information about automobile insurance rates to the public. The department shall develop a plan for the use of the revenues available under this subdivision for the purpose authorized, and shall submit the plan to the Assembly and Senate Committees on Insurance.

(c) Notwithstanding subdivision (b), the Department of Insurance, after January 1, 2006, and the Department of Motor Vehicles, after that date, may propose to the budget committees of the Legislature a proposed use of up to five cents ($0.05) of the 10-cent special purpose assessment levied pursuant to subdivision (b) related to informing consumers about the existence of any low cost automobile insurance program authorized in law pursuant to Section 11629.7 or other statutes that also establish a program of the type identified in Section 11629.7. No funds for this purpose may be expended without prior budget approval. The total amount of funds authorized to both departments in total, or to one department in total, for this purpose shall not exceed five cents ($0.05). The departments shall explain, with as much specificity as is reasonably possible, the objectives for the use of the funds and quantitative criteria by which the Legislature may evaluate the effectiveness of the department's use of funds.

(d) At least five cents ($0.05) of the 10-cent special purpose assessment shall be directed to the purpose set forth in subdivision (a) until January 1, 2009, and to the degree that funding for low cost auto insurance is not fully appropriated up to five cents ($0.05), the difference thereof shall be additionally allocated to purposes set forth in subdivision (a).

(e) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 4. Section 1872.86 is added to the Insurance Code, to read:

1872.86. (a) Each insurer doing business in this state shall pay an annual special purpose assessment to be determined by the commissioner, not to exceed five thousand one hundred dollars ($5,100), to be used

exclusively for the support of the Fraud Division. All moneys received by the commissioner from insurers pursuant to this section shall be transmitted to the Treasurer to be deposited in the State Treasury to the credit of the Insurance Fund.

(b) The Fraud Division shall report annually, on the department's Web site, all of the following information:

(1) The number of suspected fraudulent claim referrals made to the Fraud Division pursuant to Section 1872.4, by line of insurance.

(2) The number of investigations opened by the Fraud Division, by line of insurance at the local, state, and federal level.

(3) The number of investigations referred by the Fraud Division for criminal prosecution, by line of insurance, at the local, state, and federal level.

(4) The number of insurer fraud cases investigated by the department's Enforcement Branch.

(5) The number of criminal complaints filed by prosecutors at the local, state, and federal level.

(6) The number of convictions at the local, state, and federal level.

(7) The total amount of court ordered restitution, and the amount collected by the courts for the victims.

(8) The number of training presentations focusing on the current schemes and trends, investigative tools and techniques, and proper reporting requirements needed to increase the quality of suspected fraudulent referrals by insurance industry special investigation units.

(9) The number of vacant peace officer positions, including information on the number and rate of vacancies for which an employment commitment has been made and on the number and rate of vacancies required to meet budgeted salary savings requirements.

SEC. 5. Section 1872.87 is added to the Insurance Code, to read:

1872.87. (a) Each insurer required to pay special purpose assessments pursuant to Sections 1872.8, 1872.81, 1874.8, or subdivision (a) of Section 1872.86 may, over a reasonable length of time, but in no event later than the calendar year in which the assessment is paid, recoup the special purpose assessments by way of a surcharge on premiums charged for the insurance policies to which those sections apply or by including the assessments within the insurer's rates. Amounts recouped shall not be considered premiums for any purpose, including the computation of gross premium tax or agents' commission.

(b) The amount of the surcharge shall be separately stated on either a billing or policy declaration sent to an insured.

(c) The commissioner, in consultation with the Director of Motor Vehicles, shall report to the Governor and to the chair and vice chair of the Joint Legislative Budget Committee prior to October 1, 2008, on the

feasibility and fiscal impact of transferring collection of the assessments specified in Sections 1872.8, 1872.81, and 1874.8 to the Department of Motor Vehicles to be performed in conjunction with the registration of motor vehicles.

SEC. 6. Section 1874.8 of the Insurance Code is amended to read:

1874.8. (a) Each insurer doing business in this state shall pay an annual special assessment to be determined by the commissioner, but not to exceed fifty cents ($0.50) annually for each vehicle insured under an insurance policy it issues in this state, in order to fund the Fraud Division and an Organized Automobile Fraud Activity Interdiction Program. The commissioner shall award 3 to 10 grants for a coordinated program targeted at the successful prosecution and elimination of organized automobile fraud activity. The grants may only be awarded to district attorneys.

(b) In determining whether to award a district attorney a grant, the commissioner shall consider factors indicating organized automobile fraud activity in the district attorney's county, including, but not limited to, the county's level of general criminal activity, population density, automobile insurance claims frequency, number of suspected fraudulent claims, and prior and current evidence of organized automobile fraud activity. Funding priority shall be given to those grant applications with the potential to have the greatest impact on organized automobile insurance fraud activity.

(c) All participants of a grant referred to in subdivision (a) shall coordinate their efforts and work in conjunction with the bureau, other participating agencies, and all interested insurers in this regard. Of the funds collected pursuant to this section, 42.5 percent shall be distributed to district attorneys, 42.5 percent shall be distributed to the Fraud Division, and 15 percent shall be distributed to the Department of the California Highway Patrol. Funds distributed pursuant to this section to the Fraud Division and to the Department of the California Highway Patrol shall be used to fund bureau and Department of the California Highway Patrol investigators who shall be assigned to work solely in conjunction with district attorneys who are awarded grants. Each grantee shall be notified by the Fraud Division of the investigators assigned to work with the grantee. Nothing shall prohibit the referral of any cases developed by the Fraud Division to any appropriate prosecutorial entity.

(d) A grant under this section shall be awarded on the basis of a single application for a period of three years and shall be subject where applicable to the requirements of subdivision (b) of Section 1872.8, except for the requirement that grants be awarded according to population. Continued funding of a grant shall be contingent upon a grantee's successful performance as determined by an annual review by

the commissioner. Any redirection of grant funds under this section shall be made only for good cause. The Department of the California Highway Patrol shall submit to the commissioner, for informational purposes only, an annual report on its expenditure of funds under this section in the same format as is required of grantees under this section.

(e) There shall be no prohibition against a joint application by two or more district attorneys for a grant award under this section.

(f) The Fraud Division shall report to the Governor, the Legislature, and to the committees of the Senate and Assembly having jurisdiction over insurance on the results of the grant program established by this section, including funding distributed to the Department of the California Highway Patrol in the annual report submitted pursuant to Section 12922.

(g) For purposes of this section, "organized automobile fraud activity" means two or more persons who conspire, aid and abet, or in any other manner act together, to engage in economic automobile theft as defined in subdivision (f) of Section 1872.8, or to violate any of the following provisions in relation to an automobile insurance claim:

(1) Section 650 or 6152 of the Business and Professions Code.

(2) Section 750 of the Insurance Code.

(3) Section 549, 550, or 551 of the Penal Code.

(h) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

The people of the State of California do enact as follows:

chairperson of the Joint Legislative Budget Committee, and the chairperson and vice chairperson of the Senate and Assembly Committee on Appropriations.

(b) No later than 15 days following the completion of a registered reimbursement warrant issuance, the Controller shall report on the specific details of the issuance to the chairperson and vice chairperson of the Senate Committee on Budget and Fiscal Review and the Assembly Committee on Budget, the chairperson and vice chairperson of the Joint Legislative Budget Committee, and the chairperson and vice chairperson of the Senate and Assembly Committee on Appropriations.

The notice of public sale shall specify the amount of warrants to be sold, and the minimum amount for which the Controller will consider bids, and shall invite sealed bids for the purchase of the warrants. The notice shall state that no bid will be accepted that is less than the face value of the warrants bid for, and that the warrants will be awarded to the persons making the best bids as determined by the Controller, considering the interest rate and premium offered, if any.

(2) Traffic-actuated signals that do not detect bicycle or motorcycle traffic pose a danger to law-abiding bicyclists and motorcyclists.

(b) It is the intent of the Legislature in enacting this act to better protect law-abiding bicyclists and motorcyclists.

SEC. 2. Section 21450.5 is added to the Vehicle Code, to read:

21450.5. (a) A traffic-actuated signal is an official traffic control signal, as specified in Section 445, that displays one or more of its indications in response to the presence of traffic detected by mechanical, visual, electrical, or other means.

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 338

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601 of the Government Code is amended to read:

53601. This section shall apply to a local agency that is a city, a district, or other local agency that does not pool money in deposits or investments with other local agencies, other than local agencies that have the same governing body. However, Section 53635 shall apply to all local agencies that pool money in deposits or investments with other local agencies that have separate governing bodies. The legislative body of a local agency having money in a sinking fund or money in its treasury not required for the immediate needs of the local agency may invest any portion of the money that it deems wise or expedient in those investments set forth below. A local agency purchasing or obtaining any securities prescribed in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of the securities to the local

agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book entry account may be used for book entry delivery.

For purposes of this section, "counterparty" means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. Where this section does not specify a limitation on the term or remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase or reverse repurchase agreement or securities lending agreement authorized by this section, that at the time of the investment has a term remaining to maturity in excess of five years, unless the legislative body has granted express authority to make that investment either specifically or as a part of an investment program approved by the legislative body no less than three months prior to the investment:

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Registered treasury notes or bonds of any of the other 49 United States in addition to California,, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board, agency, or authority of any of the other 49 United States, in addition to California.

(e) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(f) Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued

by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

(g) Bankers' acceptances otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank. Purchases of bankers' acceptances may not exceed 180 days' maturity or 40 percent of the agency's money that may be invested pursuant to this section. However, no more than 30 percent of the agency's money may be invested in the bankers' acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any money in its treasury in any manner authorized by the Municipal Utility District Act (Division 6 (commencing with Section 11501) of the Public Utilities Code).

(h) Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical-rating organization (NRSRO). (A) Is organized and operating in the United States as a general corporation.

(B) Has total assets in excess of five hundred million dollars ($500,000,000).

(B) Has programwide credit enhancements including, but not limited to, overcollateralization, letters of credit, or surety bond.

(C) Has commercial paper that is rated "A-1" or higher, or the equivalent, by a nationally recognized statistical-rating organization (NRSRO).

Eligible commercial paper shall have a maximum maturity of 270 days or less. Local agencies, other than counties or a city and county, may invest no more than 25 percent of their money in eligible commercial paper. Local agencies, other than counties or a city and county, may purchase no more than 10 percent of the outstanding commercial paper of any single issuer. Counties or a city and county may invest in commercial paper pursuant to the concentration limits in subdivision (a) of Section 53635.

(i) Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's money which may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposit do not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638. The legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the money are prohibited from investing local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or any person with investment decisionmaking authority in the administrative office manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee or the supervisory committee of the state or federal credit union issuing the negotiable certificates of deposit.

The market value of securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements or securities lending agreements may be utilized only when all of the following conditions are met:

(A) The security to be sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale.

(B) The total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency does not exceed 20 percent of the base value of the portfolio.

(C) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning

or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(D) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) (A) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security may only be made upon prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of New York or with a nationally or state-chartered bank that has or has had a significant banking relationship with a local agency.

(B) For purposes of this chapter, "significant banking relationship" means any of the following activities of a bank:

(i) Involvement in the creation, sale, purchase, or retirement of a local agency's bonds, warrants, notes, or other evidence of indebtedness.

(ii) Financing of a local agency's activities.

(iii) Acceptance of a local agency's securities or funds as deposits.

(5) (A) "Repurchase agreement" means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book-entry account may be used for book-entry delivery.

(B) "Securities," for purpose of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) "Reverse repurchase agreement" means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(D) "Securities lending agreement" means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn,

agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, securities lending agreements, or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(k) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated "A" or better by a nationally recognized rating service. Purchases of medium-term notes shall not include other instruments authorized by this section and may not exceed 30 percent of the agency's money that may be invested pursuant to this section.

(*l*) (1) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations as authorized by subdivisions (a) to (j), inclusive, or subdivisions (m) or (n) and that comply with the investment restrictions of this article and Article 2 (commencing with Section 53630). However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is not required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

(2) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.).

(1) The property taxes have been delinquent for at least three years.

(2) The real property will serve the public benefit of providing housing directly related to low-income persons.

(3) The real property is not occupied by the owner as his or her principal place of residence.

(b) Every request submitted to the tax collector shall include the following:

(1) A formal resolution of the governing board of the county, city, city and county, or nonprofit organization, requesting the accelerated auction of the real property and stating the public benefit.

(2) A written plan for the development, rehabilitation, or proposed use of the real property and how low-income persons will be served.

(c) Upon receiving a request as provided by this section, the tax collector shall include the real property in the next scheduled public auction.

(d) (1) If the real property is acquired by a nonprofit organization at auction, a deed restriction shall be placed on the real property, requiring the real property to be used for low-income housing for a period of at least 30 years.

(2) (A) In lieu of the 30-year restriction required by paragraph (1), the deed may provide for equity sharing upon resale, if the real property

is a single-family home that will be sold by the nonprofit organization to a low-income owner-occupant.

(B) To the extent not in conflict with another public funding source or law, all of the following shall apply to an equity-sharing agreement provided for by the deed:

(i) Upon resale by an owner-occupant of the home, the owner-occupant of the home shall retain the market value of any improvements, the downpayment, and his or her proportionate share of appreciation. The nonprofit organization shall recapture any initial subsidy and its proportionate share of appreciation, which shall then be used for the purpose of providing financial assistance to low-income homebuyers.

(ii) For purposes of this subdivision, the initial subsidy shall be equal to the fair market value of the home at the time of initial sale to the nonprofit organization minus the initial sale price to the low-income owner-occupant, plus the amount of any downpayment assistance or mortgage assistance. If upon resale by the owner-occupant the market value is lower than the initial market value, then the value at the time of the resale shall be used as the initial market value.

(iii) For purposes of this subdivision, the nonprofit organization's proportionate share of appreciation shall be equal to the ratio of the initial subsidy to the fair market value of the home at the time of initial sale.

(e) This section may not be construed to preclude the application, to the real property or the current owners of that property, of any other provision of law not in conflict with this section.

SEC. 9. Section 4911 of the Revenue and Taxation Code is amended to read:

4911. (a) If an assessee or agent of the assessee, by mistake, pays the tax on other than the property intended and by substantial evidence convinces the tax collector that the payment was intended for another property, the tax collector shall cancel the credit on the unintended property and transfer the payment to the property intended as prescribed in this article at any time before a guaranty or certificate of title issues respecting the unintended property and before two years have elapsed since the date of payment.

(b) If through no fault of the assessee or agent of the assessee, a tax payment is credited to property other than the property intended and the taxpayer by substantial evidence convinces the tax collector that the payment should have been credited to another property, the tax collector shall cancel the credit on the unintended property and transfer the payment to the property intended as prescribed in this article at any time before a guaranty or certificate of title issues respecting the unintended property and before two years have elapsed since the date of the payment.

(c) If any person mistakenly pays an amount of tax and there is no property of that person in the county to which that payment properly applies, the tax collector shall, by being convinced upon substantial evidence that the payment was a mistake, cancel the payment and return the amount paid to that person, as prescribed in this article at any time before a guaranty or certificate of title issues respecting the unintended property and before two years have elapsed since the date of the payment.

SEC. 10. Section 5140 of the Revenue and Taxation Code is amended to read:

5140. The person who paid the tax, his or her guardian or conservator, the executor of his or her will, or the administrator of his or her estate may bring an action only in the superior court, but not in the small claims division of the superior court, against a county or a city to recover a tax which the board of supervisors of the county or the city council of the city has refused to refund on a claim filed pursuant to Article 1 (commencing with Section 5096) of this chapter. No other person may bring such an action; but if another should do so, judgment shall not be rendered for the plaintiff.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for tax (including interest, penalties, and other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax.

If neither spouse rendered substantial services as a supplier or aircraft jet fuel dealer, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

8880. (a) Under regulations prescribed by the board, if:

(1) A tax liability under this part was understated by a failure to file a return required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return, and the understatement of tax liability is attributable to one spouse; or any amount of the tax reported on a return was unpaid and the nonpayment of the reported tax liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for tax (including interest, penalties, and other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar quarters subject to the provisions of this part, but shall not apply to any calendar quarter that is more than five years from the final date on the board-issued determination, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether or not a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or an omission of an item from the return, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a user using taxable fuel or a vendor selling taxable fuel to which the understatement is attributable. If neither spouse rendered substantial services as a user or a vendor, then the attribution of applicable items of understatement shall be treated as community property. An erroneous

deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to the effective date of this section.

SEC. 36. Section 9304 of the Revenue and Taxation Code is amended to read:

9304. The Controller shall make the transfers at the same time as the transfers to the Highway Users Tax Account in the Transportation Tax Fund of moneys received under the Motor Vehicle Fuel Tax Law are made.

SEC. 37. Section 11408.5 is added to the Revenue and Taxation Code, to read:

11408.5. (a) Under regulations prescribed by the board, if:

(1) A tax liability under this part was understated by a failure to pay a tax levied and required to be paid under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed, and the understatement of tax liability is attributable to one spouse; or any amount of the tax was unpaid and the nonpayment of the tax liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for tax (including interest, penalties, and other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar years subject to the provisions of this part, but shall not apply to any calendar year that is more than five years from the final date on the board-issued determination, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether or not a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to pay a levy or an omission of an item from the payment, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a person that owns a private railroad car operated upon the railroads in this state to which the understatement is attributable. If neither spouse rendered substantial services as such a person, then the attribution of applicable items of understatement shall be treated as community property.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to the effective date of this section.

SEC. 38. Section 18533 of the Revenue and Taxation Code, as amended by Section 2 of Chapter 353 of the Statutes of 2004, is amended to read:

18533. (a) (1) Notwithstanding subdivision (a) and the first sentence of subdivision (b) of Section 19006:

(A) An individual who has made a joint return may elect to seek relief under the procedures prescribed under subdivision (b), and

(B) If the individual is eligible to elect the application of subdivision (c), the individual may, in addition to any election under subparagraph (A), elect to limit the individual's liability for any deficiency with respect to the joint return in the manner prescribed under subdivision (c).

(2) Any determination under this section shall be made without regard to community property laws.

(b) (1) Under procedures prescribed by the Franchise Tax Board, if—

(A) A joint return has been made under this chapter for a taxable year,

(B) On that return there is an understatement of tax attributable to erroneous items of one individual filing the joint return,

(C) The other individual filing the joint return establishes that in signing the return he or she did not know of, and had no reason to know of, that understatement,

(D) Taking into account all facts and circumstances, it is inequitable to hold the other individual liable for the deficiency in tax for that taxable year attributable to that understatement, and

(E) The other individual elects (in the form and manner as the Franchise Tax Board may prescribe) the benefits of this subdivision not later than the date that is two years after the date the Franchise Tax Board has begun collection activities with respect to the individual making the election, then the other individual shall be relieved of liability for tax (including interest, penalties, and other amounts) for that taxable year to the extent that the liability is attributable to that understatement.

(2) If an individual who, but for subparagraph (C) of paragraph (1), would be relieved of liability under paragraph (1), establishes that in signing the return the individual did not know, and had no reason to know, the extent of the understatement, then the individual shall be relieved of liability for tax (including interest, penalties, and other amounts) for that taxable year to the extent that the liability is attributable to the portion of the understatement of which that individual did not know and had no reason to know.

(3) For purposes of this subdivision, the term "understatement" has the meaning given to that term by Section 6662(d)(2)(A) of the Internal Revenue Code.

(c) (1) Except as provided in this subdivision, if an individual who has made a joint return for any taxable year elects the application of this subdivision, the individual's liability for any deficiency that is assessed with respect to the return may not exceed the portion of the deficiency properly allocable to the individual under subdivision (d).

(2) Except as provided in clause (ii) of subparagraph (A) of paragraph (3) or subparagraph (C) of paragraph (3), each individual who elects the application of this subdivision shall have the burden of proof with respect to establishing the portion of any deficiency allocable to that individual.

(3) (A) (i) An individual shall only be eligible to elect the application of this subdivision if—

(I) At the time the election is filed, that individual is no longer married to, or is legally separated from, the individual with whom that individual filed the joint return to which the election relates, or

(II) That individual was not a member of the same household as the individual with whom the joint return was filed at any time during the 12-month period ending on the date the election is filed.

(ii) If the Franchise Tax Board demonstrates that assets were transferred between individuals filing a joint return as part of a fraudulent scheme by those individuals, an election under this subdivision by either individual shall be invalid (and subdivision (a) and the first sentence of subdivision (b) of Section 19006 shall apply to the joint return).

(B) An election under this subdivision for any taxable year shall be made not later than two years after the date on which the Franchise Tax Board has begun collection activities with respect to the individual making the election.

(C) If the Franchise Tax Board demonstrates that an individual making an election under this subdivision had actual knowledge, at the time the individual signed the return, of any item giving rise to a deficiency (or portion thereof) that is not allocable to the individual under subdivision (d), that election may not apply to that deficiency (or portion). This subparagraph does not apply where the individual with actual knowledge establishes that the individual signed the return under duress.

(4) (A) Notwithstanding any other provision of this subdivision, the portion of the deficiency for which the individual electing the application of this subdivision is liable (without regard to this paragraph) shall be increased by the value of any disqualified asset transferred to the individual.

(B) For purposes of this paragraph—

(i) The term "disqualified asset" means any property or right to property transferred to an individual making the election under this subdivision with respect to a joint return by the other individual filing the joint return if the principal purpose of the transfer was the avoidance of tax or payment of tax.

(ii) (I) For purposes of clause (i), except as provided in subclause (II), any transfer that is made after the date that is one year before the date on which the first notice of proposed assessment under Article 3 (commencing with Section 19031) of Chapter 4 is sent shall be presumed to have as its principal purpose the avoidance of tax or payment of tax.

(II) Subclause (I) does not apply to any transfer pursuant to a decree of divorce or separate maintenance or a written instrument incident to that decree or to any transfer that an individual establishes did not have as its principal purpose the avoidance of tax or payment of tax.

(d) For purposes of subdivision (c)—

(1) The portion of any deficiency on a joint return allocated to an individual shall be the amount that bears the same ratio to the deficiency as the net amount of items taken into account in computing the deficiency

and allocable to the individual under paragraph (3) bears to the net amount of all items taken into account in computing the deficiency.

(2) If a deficiency (or portion thereof) is attributable to—

(A) The disallowance of a credit, or

(B) Any tax (other than tax imposed by Section 17041 or 17062) required to be included with the joint return, and the item is allocated to one individual under paragraph (3), that deficiency (or portion) shall be allocated to that individual. Any item so allocated may not be taken into account under paragraph (1).

(3) For purposes of this subdivision—

(A) Except as provided in paragraphs (4) and (5), any item giving rise to a deficiency on a joint return shall be allocated to individuals filing the return in the same manner as it would have been allocated if the individuals had filed separate returns for the taxable year.

(B) Under rules prescribed by the Franchise Tax Board, an item otherwise allocable to an individual under subparagraph (A) shall be allocated to the other individual filing the joint return to the extent the item gave rise to a tax benefit on the joint return to the other individual.

(C) The Franchise Tax Board may provide for an allocation of any item in a manner not prescribed by subparagraph (A) if the Franchise Tax Board establishes that the allocation is appropriate due to fraud of one or both individuals.

(4) If an item of deduction or credit is disallowed in its entirety solely because a separate return is filed, the disallowance shall be disregarded and the item shall be computed as if a joint return had been filed and then allocated between the spouses appropriately.

(5) If the liability of a child of a taxpayer is included on a joint return, that liability shall be disregarded in computing the separate liability of either spouse and that liability shall be allocated appropriately between the spouses.

(e) (1) In the case of an individual who elects to have subdivision (b) or (c) apply—

(A) (i) The determination of the Franchise Tax Board as to whether the liability is to be revised as to one individual filing the joint return shall be made not less than 30 days after notification of the other individual filing the joint return.

(ii) Any action taken under this section shall be treated as though it were action on a protest taken under Section 19044 and shall become final upon the expiration of 30 days from the date that notice of the action is mailed to both individuals filing the joint return, unless, within that 30-day period, the individual making the election under subdivision (b) or (c) appeals the determination to the board as provided in clause (iii)

or the other individual filing the joint return appeals the determination to the board as provided in Section 19045.

(iii) The individual making the election under subdivision (b) or (c) may appeal the determination of the Franchise Tax Board of the appropriate relief available to the individual under this section if that appeal is filed during the 30-day period prescribed in clause (ii) and the appeal shall be treated as an appeal to the board under Section 19045. Notwithstanding the preceding sentence, the individual making the election under subdivision (b) or (c) may appeal to the board at any time after the date that is six months after the date the election is filed with the Franchise Tax Board and before the close of the 30-day period prescribed in clause (ii).

(B) Except as otherwise provided in Section 19081 or 19082, no levy or proceeding in court shall be made, begun, or prosecuted against the individual making an election under subdivision (b) or (c) for collection of any assessment to which the election relates until the expiration of the 30-day period described in clause (ii) of subparagraph (A), or, if an appeal to the board has been filed under clause (iii) or Section 19045, until the decision of the board has become final.

(2) The running of the period of limitations in Section 19371 on the collection of the assessment to which the petition under subparagraph (A) of paragraph (1) relates shall be suspended for the period during which the Franchise Tax Board is prohibited by subparagraph (B) of paragraph (1) from collecting by levy or a proceeding in court and for 60 days thereafter.

(3) (A) Except as provided in subparagraph (B), notwithstanding any other law or rule of law (other than Section 19306 and Article 6 (commencing with Section 19441) of Chapter 6), a credit or refund shall be allowed or made to the extent attributable to the application of this section.

(B) In the case of any election under subdivision (b) or (c), if a decision of the board in any prior proceeding for the same taxable year has become final, that decision shall be conclusive except with respect to the qualification of the individual for relief that was not an issue in that proceeding. The exception contained in the preceding sentence does not apply if the board determines that the individual participated meaningfully in the prior proceeding.

(C) No credit or refund shall be allowed as a result of an election under subdivision (c).

(f) Under procedures prescribed by the Franchise Tax Board, if taking into account all the facts and circumstances, it is inequitable to hold the individual liable for any unpaid tax or any deficiency (or any portion of

either), and relief is not available to the individual under subdivision (b) or (c), the Franchise Tax Board may relieve the individual of that liability.

(g) (1) The Franchise Tax Board may prescribe regulations providing methods for allocation of items other than the methods under paragraph (3) of subdivision (d).

(2) It is the intent of the Legislature that, in construing this section and any other sections that are specifically cross-referenced in this section, any regulations that may be promulgated by the Secretary of the Treasury under Section 6015 of the Internal Revenue Code, as amended by Public Law 105-206, shall apply to the extent that those regulations do not conflict with this section or with any regulations that may be promulgated by the Franchise Tax Board.

(h) (1) Except as provided in paragraph (2), the amendments made by Section 5 of Chapter 931 of the Statutes of 1999, shall apply to any liability for tax arising after October 10, 1999, and any liability for tax arising on or before that date but remaining unpaid as of that date.

(2) The period specified under subparagraph (E) of paragraph (1) of subdivision (b) or subparagraph (B) of paragraph (3) of subdivision (c) does not expire before the date that is four years after the date of the first collection activity after October 10, 1999.

(i) (1) An individual who has made a joint return and has been granted relief under Section 6015 of the Internal Revenue Code, relating to joint and several liability with respect to a federal joint income tax return, shall be eligible for relief under this section if all of the following conditions are satisfied:

(A) The individual requests relief under this section.

(B) The facts and circumstances that apply to the understatement and liabilities for which the relief is requested are the same facts and circumstances that applied to the understatement and liabilities for which that individual was granted relief under Section 6015 of the Internal Revenue Code.

(C) The individual requesting relief under this subdivision furnishes the Franchise Tax Board with a copy of the federal determination granting that individual relief under Section 6015 of the Internal Revenue Code. If the federal determination does not clearly identify the issues and liabilities for which the individual was granted relief under Section 6015 of the Internal Revenue Code, the Franchise Tax Board may request, from the individual requesting relief, any supporting documentation reasonably necessary to substantiate that the issues and liabilities for which relief is requested under this section are the same as the issues and liabilities for which the individual received relief under Section 6015 of the Internal Revenue Code.

(2) This subdivision does not apply if, prior to the expiration of the 30-day period described in clause (i) of subparagraph (A) of paragraph (1) of subdivision (e), the other individual that filed the joint return for which the relief is requested under this subdivision submits information to the Franchise Tax Board that indicates that relief should not be granted. For purposes of this paragraph, "information that indicates that relief should not be granted" is limited to the following:

(A) Information that indicates that the facts and circumstances that apply to the understatement and liabilities for which the relief is requested are not the same facts and circumstances that applied to the understatement and liabilities for which that individual was granted relief under Section 6015 of the Internal Revenue Code.

(B) Information that indicates that there has not been a federal determination granting relief under Section 6015 of the Internal Revenue Code or that the federal determination granting relief under Section 6015 of the Internal Revenue Code has been modified, altered, withdrawn, canceled, or rescinded.

(C) Information indicating that the other individual, as described in the first sentence of this paragraph, did not have the opportunity to participate, within the meaning of Section 6015 of the Internal Revenue Code and the regulations thereunder, in the federal administrative or judicial proceeding that resulted in relief under Section 6015 of the Internal Revenue Code.

(j) If, prior to the date the Franchise Tax Board issues its determination with respect to a request for relief under this section, the individual requesting relief demonstrates to the Franchise Tax Board that a request for relief has been filed with the Internal Revenue Service pursuant to Section 6015 of the Internal Revenue Code and demonstrates that the request for relief involves the same facts and circumstances as the request for relief that is pending before the Franchise Tax Board, the Franchise Tax Board may not deny relief with respect to that request, in whole or in part, until federal action on the request for relief under Section 6015 of the Internal Revenue Code is final.

(k) The provisions of subdivisions (i) and (j) shall apply to both of the following:

(1) Any tax liability that becomes final on or after the effective date of the act adding subdivisions (i) and (j) to this section.

(2) Any unpaid tax liability that became final prior to the effective date of the act adding subdivisions (i) and (j) to this section.

(*l*) An individual may not be granted relief under this section if a court has revised the tax liability in a proceeding for dissolution of the marriage in accordance with subdivision (b) of Section 19006.

(m) Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any procedure or rule prescribed by the Franchise Tax Board pursuant to this section.

(n) This section shall cease to be operative on January 1, 2009, and as of that date is repealed.

SEC. 39. Section 18533 of the Revenue and Taxation Code, as amended by Section 3 of Chapter 353 of the Statutes of 2004, is amended to read:

18533. (a) (1) Notwithstanding subdivision (a) and the first sentence of subdivision (b) of Section 19006:

(A) An individual who has made a joint return may elect to seek relief under the procedures prescribed under subdivision (b), and

(B) If the individual is eligible to elect the application of subdivision (c), the individual may, in addition to any election under subparagraph (A), elect to limit the individual's liability for any deficiency with respect to the joint return in the manner prescribed under subdivision (c).

(2) Any determination under this section shall be made without regard to community property laws.

(b) (1) Under procedures prescribed by the Franchise Tax Board, if—

(A) A joint return has been made under this chapter for a taxable year,

(B) On that return there is an understatement of tax attributable to erroneous items of one individual filing the joint return,

(C) The other individual filing the joint return establishes that in signing the return he or she did not know of, and had no reason to know of, that understatement,

(D) Taking into account all facts and circumstances, it is inequitable to hold the other individual liable for the deficiency in tax for that taxable year attributable to that understatement, and

(E) The other individual elects (in the form and manner as the Franchise Tax Board may prescribe) the benefits of this subdivision not later than the date that is two years after the date the Franchise Tax Board has begun collection activities with respect to the individual making the election, then the other individual shall be relieved of liability for tax (including interest, penalties, and other amounts) for that taxable year to the extent that the liability is attributable to that understatement.

(2) If an individual who, but for subparagraph (C) of paragraph (1), would be relieved of liability under paragraph (1), establishes that in signing the return the individual did not know, and had no reason to know, the extent of the understatement, then the individual shall be relieved of liability for tax (including interest, penalties, and other amounts) for that taxable year to the extent that the liability is attributable

to the portion of the understatement of which that individual did not know and had no reason to know.

(3) For purposes of this subdivision, the term "understatement" has the meaning given to that term by Section 6662(d)(2)(A) of the Internal Revenue Code.

(c) (1) Except as provided in this subdivision, if an individual who has made a joint return for any taxable year elects the application of this subdivision, the individual's liability for any deficiency that is assessed with respect to the return may not exceed the portion of the deficiency properly allocable to the individual under subdivision (d).

(2) Except as provided in clause (ii) of subparagraph (A) of paragraph (3) or subparagraph (C) of paragraph (3), each individual who elects the application of this subdivision shall have the burden of proof with respect to establishing the portion of any deficiency allocable to that individual.

(3) (A) (i) An individual shall only be eligible to elect the application of this subdivision if—

(I) At the time the election is filed, that individual is no longer married to, or is legally separated from, the individual with whom that individual filed the joint return to which the election relates, or

(II) That individual was not a member of the same household as the individual with whom the joint return was filed at any time during the 12-month period ending on the date the election is filed.

(ii) If the Franchise Tax Board demonstrates that assets were transferred between individuals filing a joint return as part of a fraudulent scheme by those individuals, an election under this subdivision by either individual shall be invalid (and subdivision (a) and the first sentence of subdivision (b) of Section 19006 shall apply to the joint return).

(B) An election under this subdivision for any taxable year shall be made not later than two years after the date on which the Franchise Tax Board has begun collection activities with respect to the individual making the election.

(C) If the Franchise Tax Board demonstrates that an individual making an election under this subdivision had actual knowledge, at the time the individual signed the return, of any item giving rise to a deficiency (or portion thereof) that is not allocable to the individual under subdivision (d), that election does not apply to that deficiency (or portion). This subparagraph does not apply where the individual with actual knowledge establishes that the individual signed the return under duress.

(4) (A) Notwithstanding any other provision of this subdivision, the portion of the deficiency for which the individual electing the application of this subdivision is liable (without regard to this paragraph) shall be increased by the value of any disqualified asset transferred to the individual.

(B) For purposes of this paragraph—

(i) The term "disqualified asset" means any property or right to property transferred to an individual making the election under this subdivision with respect to a joint return by the other individual filing the joint return if the principal purpose of the transfer was the avoidance of tax or payment of tax.

(ii) (I) For purposes of clause (i), except as provided in subclause (II), any transfer that is made after the date that is one year before the date on which the first notice of proposed assessment under Article 3 (commencing with Section 19031) of Chapter 4 is sent shall be presumed to have as its principal purpose the avoidance of tax or payment of tax.

(II) Subclause (I) does not apply to any transfer pursuant to a decree of divorce or separate maintenance or a written instrument incident to that decree or to any transfer that an individual establishes did not have as its principal purpose the avoidance of tax or payment of tax.

(d) For purposes of subdivision (c)—

(1) The portion of any deficiency on a joint return allocated to an individual shall be the amount that bears the same ratio to the deficiency as the net amount of items taken into account in computing the deficiency and allocable to the individual under paragraph (3) bears to the net amount of all items taken into account in computing the deficiency.

(2) If a deficiency (or portion thereof) is attributable to—

(A) The disallowance of a credit, or

(B) Any tax (other than tax imposed by Section 17041 or 17062) required to be included with the joint return, and the item is allocated to one individual under paragraph (3), that deficiency (or portion) shall be allocated to that individual. Any item so allocated may not be taken into account under paragraph (1).

(3) For purposes of this subdivision—

(A) Except as provided in paragraphs (4) and (5), any item giving rise to a deficiency on a joint return shall be allocated to individuals filing the return in the same manner as it would have been allocated if the individuals had filed separate returns for the taxable year.

(B) Under rules prescribed by the Franchise Tax Board, an item otherwise allocable to an individual under subparagraph (A) shall be allocated to the other individual filing the joint return to the extent the item gave rise to a tax benefit on the joint return to the other individual.

(C) The Franchise Tax Board may provide for an allocation of any item in a manner not prescribed by subparagraph (A) if the Franchise Tax Board establishes that the allocation is appropriate due to fraud of one or both individuals.

(4) If an item of deduction or credit is disallowed in its entirety solely because a separate return is filed, the disallowance shall be disregarded

and the item shall be computed as if a joint return had been filed and then allocated between the spouses appropriately.

(5) If the liability of a child of a taxpayer is included on a joint return, that liability shall be disregarded in computing the separate liability of either spouse and that liability shall be allocated appropriately between the spouses.

(e) (1) In the case of an individual who elects to have subdivision (b) or (c) apply—

(A) (i) The determination of the Franchise Tax Board as to whether the liability is to be revised as to one individual filing the joint return shall be made not less than 30 days after notification of the other individual filing the joint return.

(ii) Any action taken under this section shall be treated as though it were action on a protest taken under Section 19044 and shall become final upon the expiration of 30 days from the date that notice of the action is mailed to both individuals filing the joint return, unless, within that 30-day period, the individual making the election under subdivision (b) or (c) appeals the determination to the board as provided in clause (iii) or the other individual filing the joint return appeals the determination to the board as provided in Section 19045.

(iii) The individual making the election under subdivision (b) or (c) may appeal the determination of the Franchise Tax Board of the appropriate relief available to the individual under this section if that appeal is filed during the 30-day period prescribed in clause (ii) and the appeal shall be treated as an appeal to the board under Section 19045. Notwithstanding the preceding sentence, the individual making the election under subdivision (b) or (c) may appeal to the board at any time after the date that is six months after the date the election is filed with the Franchise Tax Board and before the close of the 30-day period prescribed in clause (ii).

(B) Except as otherwise provided in Section 19081 or 19082, no levy or proceeding in court shall be made, begun, or prosecuted against the individual making an election under subdivision (b) or (c) for collection of any assessment to which the election relates until the expiration of the 30-day period described in clause (ii) of subparagraph (A), or, if an appeal to the board has been filed under clause (iii) or Section 19045, until the decision of the board has become final.

(2) The running of the period of limitations in Section 19371 on the collection of the assessment to which the petition under subparagraph (A) of paragraph (1) relates shall be suspended for the period during which the Franchise Tax Board is prohibited by subparagraph (B) of paragraph (1) from collecting by levy or a proceeding in court and for 60 days thereafter.

(3) (A) Except as provided in subparagraph (B), notwithstanding any other law or rule of law (other than Section 19306 and Article 6 (commencing with Section 19441) of Chapter 6), a credit or refund shall be allowed or made to the extent attributable to the application of this section.

(B) In the case of any election under subdivision (b) or (c), if a decision of the board in any prior proceeding for the same taxable year has become final, that decision shall be conclusive except with respect to the qualification of the individual for relief that was not an issue in that proceeding. The exception contained in the preceding sentence does not apply if the board determines that the individual participated meaningfully in the prior proceeding.

(C) No credit or refund shall be allowed as a result of an election under subdivision (c).

(f) Under procedures prescribed by the Franchise Tax Board, if taking into account all the facts and circumstances, it is inequitable to hold the individual liable for any unpaid tax or any deficiency (or any portion of either), and relief is not available to the individual under subdivision (b) or (c), the Franchise Tax Board may relieve the individual of that liability.

(g) (1) The Franchise Tax Board may prescribe regulations providing methods for allocation of items other than the methods under paragraph (3) of subdivision (d).

(2) It is the intent of the Legislature that, in construing this section and any other sections that are specifically cross-referenced in this section, any regulations that may be promulgated by the Secretary of the Treasury under Section 6015 of the Internal Revenue Code, as amended by Public Law 105-206, shall apply to the extent that those regulations do not conflict with this section or with any regulations that may be promulgated by the Franchise Tax Board.

(h) (1) Except as provided in paragraph (2), the amendments made by Section 5 of Chapter 931 of the Statutes of 1999 shall apply to any liability for tax arising after October 10, 1999, and any liability for tax arising on or before that date but remaining unpaid as of that date.

(2) The period specified under subparagraph (E) of paragraph (1) of subdivision (b) or subparagraph (B) of paragraph (3) of subdivision (c) does not expire before the date that is four years after the date of the first collection activity after October 10, 1999.

(i) An individual may not be granted relief under this section if a court has revised the tax liability in a proceeding for dissolution of the marriage in accordance with subdivision (b) of Section 19006.

(j) Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any procedure or rule prescribed by the Franchise Tax Board pursuant to this section.

(k) This section shall become operative on January 1, 2009.

SEC. 40. Section 30182 of the Revenue and Taxation Code is amended to read:

30182. (a) Except as provided in subdivision (b), every distributor shall file, on or before the 25th day of each month, a report in the form as prescribed by the board, that may include, but not be limited to, electronic media with respect to distributions of cigarettes and purchases of stamps and meter register units during the preceding month and any other information as the board may require to carry out this part.

(b) Reports shall be authenticated in a form, or pursuant to, methods as may be prescribed by the board.

SEC. 41. Section 30187 of the Revenue and Taxation Code is amended to read:

30187. Every consumer or user subject to the tax resulting from a distribution of cigarettes or tobacco products within the meaning of subdivision (b) of Section 30008 from whom the tax has not been collected under Section 30108 shall, on or before the last day of the month following the end of the quarter, file with the board a report of the amount of cigarettes or tobacco products received by him or her in the preceding calendar quarter in that detail as the board may prescribe and in the form as prescribed by the board, which may include, but not be limited to, electronic media, submitting with the report the amount of tax due. Reports shall be authenticated in a form or pursuant to methods as may be prescribed by the board.

SEC. 42. Section 30285 is added to the Revenue and Taxation Code, to read:

30285. (a) Under regulations prescribed by the board, if:

(1) A tax liability under this part was understated by a failure to file a return or report, or both, required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return or report, or both, and the understatement of tax liability is attributable to one spouse; or any amount of the tax reported on a return or report, or both, was unpaid and the nonpayment of the reported tax liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for tax (including interest, penalties, and

other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar months subject to the provisions of this part, but shall not apply to any calendar month that is more than five years from the final date on the board-issued determination, five years from the return or report due date for nonpayment on a return or report, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether or not a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or report, or both, or an omission of an item from the return or report, or both, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a distributor of cigarettes or tobacco products or who sells or accepts orders for cigarettes or tobacco products to be transported to a consumer in this state from somewhere out of this state to which the understatement is attributable. If neither spouse rendered substantial services as a distributor, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return or report, or both.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to the effective date of this section.

SEC. 43. Section 32258 is added to the Revenue and Taxation Code, to read:

32258. (a) Under regulations prescribed by the board, if:

(1) A tax liability under this part was understated by a failure to file a return required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return, and the understatement of tax liability is attributable to one spouse; or any amount of the tax reported on a return was unpaid and the nonpayment of the reported tax liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for tax (including interest, penalties, and other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar months, quarters, or years subject to the provisions of this part, but shall not apply to any calendar month, quarter, or year that is more than five years from the final date on the board-issued determination, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether or not a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or an omission of an item from the return, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a manufacturer, wine-grower, importer, or seller of beer or wine, or as manufacturer, distilled spirits manufacturer's agent, brandy manufacturer, rectifier, wholesaler, or seller of distilled spirits to which the understatement is attributable. If neither spouse rendered substantial services as a manufacturer, wine-grower, importer, or seller of beer or wine, or as manufacturer, distilled spirits manufacturer's agent, brandy manufacturer, rectifier, wholesaler, or seller of distilled spirits, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to the effective date of this section.

38454.5. (a) Under regulations prescribed by the board, if:

(1) A tax liability under this part was understated by a failure to file a return required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return, and the understatement of tax liability is attributable to one spouse; or any amount of the tax reported on a return was unpaid and the nonpayment of the reported tax liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for tax (including interest, penalties, and other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar quarters subject to the provisions of this part, but shall not apply to any calendar quarter that is more than five years from the final date on the board-issued determination, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether or not a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or an omission of an item from the return, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a timber owner who harvests timber or causes it to be harvested, is first to acquire title to felled or downed timber from an exempt person or agency, or without authorization, harvests or causes to be harvested timber owned by another to which the understatement is attributable. If neither spouse rendered substantial services as a timber owner, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to the effective date of this section.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in

surcharge attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for the surcharge (including interest, penalties, and other amounts) to the extent that the liability is attributable to that understatement or nonpayment of the surcharge.

41030. The Department of General Services shall determine annually, on or before October 1, a surcharge rate that it estimates will produce

sufficient revenue to fund the current fiscal year's 911 costs. The surcharge rate shall be determined by dividing the costs (including incremental costs) the Department of General Services estimates for the current fiscal year of 911 plans approved pursuant to Section 53115 of the Government Code, less the available balance in the State Emergency Telephone Number Account in the General Fund, by its estimate of the charges for intrastate telephone communications services to which the surcharge will apply for the period of January 1 to December 31 of the next succeeding calendar year, but in no event shall such surcharge rate in any year be greater than three-quarters of 1 percent nor less than one-half of 1 percent.

An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to the effective date of this section.

SEC. 55. Section 55045.1 is added to the Revenue and Taxation Code, to read:

55045.1. (a) Under regulations prescribed by the board, if:

(1) A tax or fee liability under this part was understated by a failure to file a return required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return, and the understatement of tax or fee liability is attributable to one spouse; or any amount of the tax or fee reported on a return was unpaid and the nonpayment of the reported tax or fee liability is attributable to one spouse, or any amount of the fee due on a notice of determination or similar billing document used for collection of the fee was unpaid and the nonpayment of the fee liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in the tax or fee attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for the tax or fee (including interest, penalties, and other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax or fee.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar months, quarters, or years subject to the provisions of this part, but shall not apply to any calendar month, quarter, or year that is more than five years from the final date on the board-issued determination or similar billing document for collection of the fee, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether or not a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or an omission of an item from the return, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a taxpayer or feepayer engaged in an activity or transaction that is subject to a tax or fee administered under this part to which the understatement or nonpayment is attributable. If neither spouse rendered substantial services as a taxpayer or feepayer, then the attribution of applicable items of understatement or nonpayment shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or fee or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to the effective date of this section.

SEC. 56. Section 60210.5 is added to the Revenue and Taxation Code, to read:

60210.5. (a) Under regulations prescribed by the board, if:

(1) A tax liability under this part was understated by a failure to file a return required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return, and the understatement of tax liability is attributable to one spouse; or any amount of the tax reported on a return was unpaid and the nonpayment of the reported tax liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether or not the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for tax (including interest, penalties, and

other amounts) to the extent that the liability is attributable to that understatement or nonpayment of tax.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar months or quarters subject to the provisions of this part, but shall not apply to any calendar month or quarter that is more than five years from the final date on the board-issued determination, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether or not a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or an omission of an item from the return, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a supplier entering, removing, or selling taxable diesel fuel, an interstate user, an exempt bus operator, or a highway vehicle operator using taxable diesel fuel to which the understatement is attributable. If neither spouse rendered substantial services as a supplier, interstate user, exempt bus operator, or highway vehicle operator, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for any unpaid tax or any deficiency (or any portion of either) attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to the effective date of this section.

SEC. 60. The Legislature finds and declares that the enactment of this act and the retroactive application provided by Sections 33, 35, 37, 42 to 45, inclusive, and 49 to 56, inclusive, of this act are necessary for the public purpose of providing equitable relief to innocent spouses or registered domestic partners who are liable for a tax or fee, even though the spouse or registered domestic partner did not know of, and had no reason to know of, any understatement or nonpayment of the tax fee, and by ensuring that the collection of a tax or fee liability is fair and correct.

SEC. 61. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

CHAPTER 344

An act to add Part 6.5 (commencing with Section 22959.80) to Division 5 of Title 2 of the Government Code, relating to vision care.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Part 6.5 (commencing with Section 22959.80) is added to Division 5 of Title 2 of the Government Code, to read:

PART 6.5. CALIFORNIA STATE UNIVERSITY ANNUITANT VISION CARE PROGRAM

22959.80. This part shall be known and may be cited as the California State University Annuitant Vision Care Program. The purpose of this part is to do all of the following:

(a) Promote increased economy and efficiency in providing vision benefits to California State University annuitants.

(b) Enable the California State University to use economies of scale to provide a vision care plan similar to those commonly provided in private industry and in other states.

(c) Recognize and protect the California State University's investment in each employee by providing into retirement the option of a vision care program, and to promote and preserve continued good health among California State University annuitants.

22959.81. The California State University Annuitant Vision Care Program shall be administered by the Office of the Chancellor of the California State University.

22959.82. "Annuitant" means any of the following:

(a) A person who has retired within 120 days of separation from California State University employment and who receives a retirement allowance under any state retirement or University of California retirement system to which the California State University was a contributing party.

(b) A surviving family member receiving an allowance in place of an annuitant who has retired as provided in subdivision (a), or as the survivor of a deceased California State University employee under Section 21541 or 21546.

(c) A person receiving a survivor allowance pursuant to Article 3 (commencing with Section 21570) of Chapter 14 of Part 3 if he or she was eligible to enroll in a health benefit plan on the date of the California State University employee member's death, on whose account the survivor allowance is payable.

(d) A family member of a deceased retired member of the State Teachers' Retirement Plan, if the deceased member meets both of the following conditions:

(1) Retired within 120 days of separation from California State University employment.

(2) Prior to his or her death, received a retirement allowance that did not provide for a survivor allowance to family members.

22959.83. (a) An annuitant who retires from a California State University campus or the office of the chancellor may enroll in a vision care plan offered under this part, if any of the following apply:

(1) The annuitant was enrolled in a health benefit plan, a dental care plan, or vision care plan at the time of separation for retirement, and retired within 120 days of the date of separation.

(2) The annuitant was not enrolled in a health benefit plan, a dental care plan, or vision care plan at the time of separation for retirement, but was eligible for enrollment as an employee at the time of separation for retirement, and retired within 120 days of the date of separation.

(b) The California State University has no duty to locate or notify any annuitant who may be eligible to enroll, or to provide names or addresses to any person, agency, or entity for the purpose of notifying those annuitants.

22959.84. A California State University employee who was enrolled in a vision care plan at the time he or she became an annuitant under state or federal provisions may continue his or her enrollment, including eligible family members, without discrimination as to benefit coverage,

as an enrolled person within this program. An annuitant who is eligible for this program is a person who meets the requirements of Section 22959.83 and at the time of retirement was employed by a California State University campus or the office of the chancellor.

22959.85. (a) The California State University may contract with one or more vision care plans for annuitants and eligible family members if the carrier or carriers have operated successfully in the area of vision care benefits for a reasonable period, as determined by the California State University.

(b) The California State University, as the program administrator, has full administrative authority over this program and associated funds and shall require the monthly premium to be paid by the annuitant for the vision care plan. The premium to be paid by the annuitant shall be deducted from his or her monthly retirement allowance. A vision care plan or plans provided under this authority shall be funded by the annuitants' premiums. All premiums received from annuitants shall be deposited in the California State University Annuitant Vision Care Program trust account, which is hereby created. Any income earned on the moneys in the California State University Annuitant Vision Care Program trust account shall be credited to the trust account.

(c) An annuitant may enroll in a vision care plan provided by a carrier that also provides a health benefit plan pursuant to Section 22850 if the employee or annuitant is also enrolled in the health benefit plan provided by that carrier. However, nothing in this section may be construed to require an annuitant to enroll in a vision care plan and a health benefit plan provided by the same carrier. An annuitant enrolled in this program shall only enroll in a vision plan or vision plans contracted for by the California State University.

(d) No contract for a vision care plan may be entered into unless the California State University determines it is reasonable to do so. Notwithstanding any other provision of law, any premium moneys paid into this program by annuitants for the purposes of a vision care plan shall be used for the cost of providing vision care benefits to eligible, enrolled annuitants and their eligible and enrolled dependents, the payment of claims for those vision benefits, and the cost of administration of the vision care plan or plans under this vision care program, including startup costs, as determined by the California State University.

(e) If the California State University determines that it is not economically feasible to continue this program any time after its commencement, the California State University may, upon written notice to enrollees and to the contracting plan or plans, terminate this program within a reasonable time. The notice of termination to the plan or plans shall be determined by the California State University. The notice to

enrollees of the termination of the program shall commence no later than three months prior to the actual date of termination of the program. The California State University shall notify the Legislature of a decision to terminate the program.

(f) Premium rates for this program shall be determined by the California State University in conjunction with the contracted plan or plans and shall be considered separate and apart from active employee premium rates.

22959.86. On or after July 1, 2008, the California State University shall implement the California State University Annuitant Vision Care Program.

CHAPTER 347

An act to amend Sections 127400, 127405, 127425, 127430, 127440, and 127444 of the Health and Safety Code, relating to hospitals.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 127400 of the Health and Safety Code is amended to read:

127400. As used in this article, the following terms have the following meanings:

(a) "Allowance for financially qualified patient" means, with respect to services rendered to a financially qualified patient, an allowance that is applied after the hospital's charges are imposed on the patient, due to the patient's determined financial inability to pay the charges.

(b) "Federal poverty level" means the poverty guidelines updated periodically in the Federal Register by the United States Department of Health and Human Services under authority of subsection (2) of Section 9902 of Title 42 of the United States Code.

(c) "Financially qualified patient" means a patient who is both of the following:

(1) A patient who is a self-pay patient, as defined in subdivision (f) or a patient with high medical costs, as defined in subdivision (g).

(2) A patient who has a family income that does not exceed 350 percent of the federal poverty level.

(d) "Hospital" means any facility that is required to be licensed under subdivision (a), (b), or (f) of Section 1250, except a facility operated by the State Department of Mental Health or the Department of Corrections.

(e) "Office" means the Office of Statewide Health Planning and Development.

(f) "Self-pay patient" means a patient who does not have third-party coverage from a health insurer, health care service plan, Medicare, or Medicaid, and whose injury is not a compensable injury for purposes of workers' compensation, automobile insurance, or other insurance as determined and documented by the hospital. Self-pay patients may include charity care patients.

(g) "A patient with high medical costs" means a person whose family income does not exceed 350 percent of the federal poverty level, as defined in subdivision (c), if that individual does not receive a discounted rate from the hospital as a result of his or her third-party coverage. For these purposes, "high medical costs" means any of the following:

(1) Annual out-of-pocket costs incurred by the individual at the hospital that exceed 10 percent of the patient's family income in the prior 12 months.

(2) Annual out-of-pocket expenses that exceed 10 percent of the patient's family income, if the patient provides documentation of the patient's medical expenses paid by the patient or the patient's family in the prior 12 months.

(3) A lower level determined by the hospital in accordance with the hospital's charity care policy.

(h) "Patient's family" means the following:

(1) For persons 18 years of age and older, spouse, domestic partner, as defined in Section 297 of the Family Code, and dependent children under 21 years of age, whether living at home or not.

(2) For persons under 18 years of age, parent, caretaker relatives and other children under 21 years of age of the parent or caretaker relative.

SEC. 2. Section 127405 of the Health and Safety Code is amended to read:

127405. (a) (1) Each hospital shall maintain an understandable written policy regarding discount payments for financially qualified patients as well as an understandable written charity care policy. Uninsured patients or patients with high medical costs who are at or below 350 percent of the federal poverty level, as defined in subdivision (c) of Section 127400, shall be eligible to apply for participation under each hospital's charity care policy or discount payment policy. Notwithstanding any other provision of this act, a hospital may choose to grant eligibility for its discount payment policy or charity care policies to patients with incomes over 350 percent of the federal poverty level. Both the charity care policy and the discount payment policy shall state the process used by the hospital to determine whether a patient is eligible for charity care or discounted payment. In the event of a dispute, a patient may seek review from the business manager, chief financial officer, or other appropriate manager as designated in the charity care policy and the discount payment policy.

(2) Rural hospitals, as defined in Section 124840, may establish eligibility levels for financial assistance and charity care at less than 350 percent of the federal poverty level as appropriate to maintain their financial and operational integrity.

(b) Each hospital's discount payment policy shall clearly state eligibility criteria based upon income consistent with the application of the federal poverty level. The discount payment policy shall also include an extended payment plan to allow payment of the discounted price over time. The policy shall provide that the hospital and the patient may negotiate the terms of the payment plan.

(c) The charity care policy shall clearly state eligibility criteria for charity care. In determining eligibility under its charity care policy, a hospital may consider income and monetary assets of the patient. For purposes of this determination, monetary assets shall not include retirement or deferred compensation plans qualified under the Internal Revenue Code, or nonqualified deferred compensation plans. Furthermore, the first ten thousand dollars ($10,000) of a patient's

monetary assets shall not be counted in determining eligibility, nor shall 50 percent of a patient's monetary assets over the first ten thousand dollars ($10,000) be counted in determining eligibility.

(d) Each hospital shall limit expected payment for services it provides to any patient at or below 350 percent of the federal poverty level, as defined in subdivision (b) of Section 124700, eligible under its discount payment policy to the amount of payment the hospital would expect, in good faith, to receive for providing services from Medicare, Medi-Cal, Healthy Families, or any other government-sponsored health program of health benefits in which the hospital participates, whichever is greater. If the hospital provides a service for which there is no established payment by Medicare or any other government-sponsored program of health benefits in which the hospital participates, the hospital shall establish an appropriate discounted payment.

(e) Any patient, or patient's legal representative, who requests a discounted payment, charity care, or other assistance in meeting their financial obligation to the hospital shall make every reasonable effort to provide the hospital with documentation of income and health benefits coverage. If the person requests charity care or a discounted payment and fails to provide information that is reasonable and necessary for the hospital to make a determination, the hospital may consider that failure in making its determination.

(1) For the purpose of determining eligibility for discounted payment, documentation of income shall be limited to recent pay stubs or income tax returns.

(2) For the purpose of determining eligibility for charity care, documentation of assets may include information on all monetary assets, but shall not include statements on retirement or deferred compensation plans qualified under the Internal Revenue Code, or nonqualified deferred compensation plans. A hospital may require waivers or releases from the patient or the patient's family, authorizing the hospital to obtain account information from financial or commercial institutions, or other entities that hold or maintain the monetary assets to verify their value.

(3) Information obtained pursuant to paragraph (1) or (2) shall not be used for collections activities. Nothing in this paragraph prohibits the use of information obtained by the hospital, collection agency, or assignee independently of the eligibility process for charity care or discounted payment.

(4) Eligibility for discounted payments or charity care may be determined at any time the hospital is in receipt of information specified in paragraph (1) or paragraph (2), respectively.

SEC. 3. Section 127425 of the Health and Safety Code is amended to read:

127425. (a) Each hospital shall have a written policy about when and under whose authority patient debt is advanced for collection, whether the collection activity is conducted by the hospital, an affiliate or subsidiary of the hospital, or by an external collection agency.

(b) Each hospital shall establish a written policy defining standards and practices for the collection of debt, and shall obtain a written agreement from any agency that collects hospital receivables that it will adhere to the hospital's standards and scope of practices. The policy shall not conflict with other applicable laws and shall not be construed to create a joint venture between the hospital and the external entity, or otherwise to allow hospital governance of an external entity that collects hospital receivables. In determining the amount of a debt a hospital may seek to recover from patients who are eligible under the hospital's charity care policy or discount payment policy, the hospital may consider only income and monetary assets as limited by Section 127405.

(c) At time of billing, each hospital shall provide a written summary consistent with Section 127410, which includes the same information concerning services and charges provided to all other patients who receive care at the hospital.

(d) For a patient that lacks coverage, or for a patient that provides information that he or she may be a patient with high medical costs, as defined in this article, a hospital, any assignee of the hospital, or other owner of the patient debt, including a collection agency, shall not report adverse information to a consumer credit reporting agency or commence civil action against the patient for nonpayment at any time prior to 150 days after initial billing.

(e) If a patient is attempting to qualify for eligibility under the hospital's charity care or discount payment policy and is attempting in good faith to settle an outstanding bill with the hospital by negotiating a reasonable payment plan or by making regular partial payments of a reasonable amount, the hospital shall not send the unpaid bill to any collection agency or other assignee, unless that entity has agreed to comply with this article.

(f) (1) The hospital or other assignee which is an affiliate or subsidiary of the hospital shall not, in dealing with patients eligible under the hospital's charity care or discount payment policies, use wage garnishments or liens on primary residences as a means of collecting unpaid hospital bills.

(2) A collection agency or other assignee that is not a subsidiary or affiliate of the hospital shall not, in dealing with any patient under the hospital's charity care or discount payment policies, use as a means of collecting unpaid hospital bills, any of the following:

(A) A wage garnishment, except by order of the court upon noticed motion, supported by a declaration filed by the movant identifying the basis for which it believes that the patient has the ability to make payments on the judgment under the wage garnishment, which the court shall consider in light of the size of the judgment and additional information provided by the patient prior to, or at, the hearing concerning the patient's ability to pay, including information about probable future medical expenses based on the current condition of the patient and other obligations of the patient.

(B) Notice or conduct a sale of the patient's primary residence during the life of the patient or his or her spouse, or during the period a child of the patient is a minor, or a child of the patient who has attained the age of majority is unable to take care of himself or herself and resides in the dwelling as his or her primary residence. In the event a person protected by this paragraph owns more than one dwelling, the primary residence shall be the dwelling that is the patient's current homestead, as defined in Section 704.710 of the Code of Civil Procedure or was the patient's homestead at the time of the death of a person other than the patient who is asserting the protections of this paragraph.

(3) This requirement does not preclude a hospital, collection agency, or other assignee from pursuing reimbursement and any enforcement remedy or remedies from third-party liability settlements, tortfeasors, or other legally responsible parties.

(g) Any extended payment plans offered by a hospital to assist patients eligible under the hospital's charity care policy, discount payment policy, or any other policy adopted by the hospital for assisting low-income patients with no insurance or high medical costs in settling outstanding past due hospital bills, shall be interest free. The hospital extended payment plan may be declared no longer operative after the patient's failure to make all consecutive payments due during a 90-day period. Before declaring the hospital extended payment plan no longer operative, the hospital, collection agency, or assignee shall make a reasonable attempt to contact the patient by phone and, to give notice in writing, that the extended payment plan may become inoperative, and of the opportunity to renegotiate the extended payment plan. Prior to the hospital extended payment plan being declared inoperative, the hospital, collection agency, or assignee shall attempt to renegotiate the terms of the defaulted extended payment plan, if requested by the patient. The hospital, collection agency, or assignee shall not report adverse information to a consumer credit reporting agency or commence a civil action against the patient or responsible party for nonpayment prior to the time the extended payment plan is declared to be no longer operative.

For purposes of this section, the notice and phone call to the patient may be made to the last known phone number and address of the patient.

(h) Nothing in this section shall be construed to diminish or eliminate any protections consumers have under existing federal and state debt collection laws, or any other consumer protections available under state or federal law. If the patient fails to make all consecutive payments for 90 days and fails to renegotiate a payment plan, this subdivision does not limit or alter the obligation of the patient to make payments on the obligation owing to the hospital pursuant to any contract or applicable statute from the date that the extended payment plan is declared no longer operative, as set forth in subdivision (g).

SEC. 4. Section 127430 of the Health and Safety Code is amended to read:

127430. (a) Prior to commencing collection activities against a patient, the hospital, any assignee of the hospital, or other owner of the patient debt, including a collection agency, shall provide the patient with a clear and conspicuous written notice containing both of the following:

(1) A plain language summary of the patient's rights pursuant to this article, the Rosenthal Fair Debt Collection Practices Act (Title 1.6C (commencing with Section 1788) of Part 4 of Division 3 of the Civil Code), and the federal Fair Debt Collection Practices Act (Subchapter V (commencing with Section 1692) of Chapter 41 of Title 15 of the United States Code). The summary shall include a statement that the Federal Trade Commission enforces the federal act.

The summary shall be sufficient if it appears in substantially the following form: "State and federal law require debt collectors to treat you fairly and prohibit debt collectors from making false statements or threats of violence, using obscene or profane language, and making improper communications with third parties, including your employer. Except under unusual circumstances, debt collectors may not contact you before 8:00 a.m. or after 9:00 p.m. In general, a debt collector may not give information about your debt to another person, other than your attorney or spouse. A debt collector may contact another person to confirm your location or to enforce a judgment. For more information about debt collection activities, you may contact the Federal Trade Commission by telephone at 1-877-FTC-HELP (382-4357) or online at www.ftc.gov."

(2) A statement that nonprofit credit counseling services may be available in the area.

(b) The notice required by subdivision (a) shall also accompany any document indicating that the commencement of collection activities may occur.

(c) The requirements of this section shall apply to the entity engaged in the collection activities. If a hospital assigns or sells the debt to another entity, the obligations shall apply to the entity, including a collection agency, engaged in the debt collection activity.

SEC. 5. Section 127440 of the Health and Safety Code is amended to read:

127440. The hospital shall reimburse the patient or patients any amount actually paid in excess of the amount due under this article, including interest. Interest owed by the hospital to the patient shall accrue at the rate set forth in Section 685.010 of the Code of Civil Procedure, beginning on the date payment by the patient is received by the hospital. However, a hospital is not required to reimburse the patient or pay interest if the amount due is less than five dollars ($5.00). The hospital shall give the patient a credit for the amount due for at least 60 days from the date the amount is due.

SEC. 6. Section 127444 of the Health and Safety Code is amended to read:

127444. Nothing in this article shall be construed to prohibit a hospital from uniformly imposing charges from its established charge schedule or published rates, nor shall this article preclude the recognition of a hospital's established charge schedule or published rates for purposes of applying any payment limit, interim payment amount, or other payment calculation based upon a hospital's rates or charges under the Medi-Cal program, the Medicare Program, workers' compensation, or other federal, state, or local public program of health benefits. No health care service plan, insurer, or any other person shall reduce the amount it would otherwise reimburse a claim for hospital services because a hospital has waived, or will waive, collection of all or a portion of a patient's bill for hospital services in accordance with the hospital's charity care or discount payment policy, notwithstanding any contractual provision.

CHAPTER 348

CHAPTER 350

An act to add Section 25000.2 to the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 25000.2 is added to the Business and Professions Code, to read:

25000.2. (a) For purposes of this section:

(1) "Acquire" means to purchase, receive, assume, obtain, or otherwise come into possession or control of.

(2) "Affected distribution rights" means the distribution rights to the product held by the existing beer wholesaler prior to the acquisition of the right to manufacture, import, or distribute the product by the successor beer manufacturer.

(3) "Beer manufacturer" includes any holder of a beer manufacturer's license, any holder of an out-of-state beer manufacturer's certificate, or any holder of a beer and wine importer's general license.

(4) "Cancel" means to terminate, reduce, not renew, not appoint or reappoint, or cause any of the same.

(5) "Existing beer wholesaler" means a beer wholesaler that distributes a product at the time a successor beer manufacturer acquires the rights to manufacture, import, or distribute that product.

(6) "Fair market value" includes all elements of value, including, but not limited to, goodwill.

(7) "Product" means a brand or brands of beer, as defined by Section 23006.

(8) "Successor beer manufacturer" means a beer manufacturer that acquires the rights to manufacture, import, or distribute a product.

(9) "Successor beer manufacturer's designee" means one or more distributors designated by the successor beer manufacturer to replace the existing beer wholesaler, for all or part of the existing beer wholesaler's territory, in the distribution of the product.

(b) (1) Any successor beer manufacturer that acquires the rights to manufacture, import, or distribute a product, and who cancels any of the existing beer wholesaler's rights to distribute the product, shall comply with this section.

(2) A successor beer manufacturer's designee shall comply with this section.

(c) (1) The successor beer manufacturer shall notify the existing beer wholesaler of the successor beer manufacturer's intent to cancel any of the existing beer wholesaler's rights to distribute the product.

(2) The successor beer manufacturer shall mail the notice by certified mail, return receipt requested, to the existing beer wholesaler. The successor beer manufacturer shall include in the notice the name, address, and telephone number of the successor beer manufacturer's designee or designees.

(d) The successor beer manufacturer's designee shall negotiate with the existing beer wholesaler to determine the fair market value of the affected distribution rights and, if the existing beer wholesaler and the successor beer manufacturer's designee agree to the fair market value of the affected distribution rights, shall compensate the existing beer wholesaler in the agreed amount. The successor beer manufacturer's designee and the existing beer wholesaler shall negotiate in good faith.

(e) The existing beer wholesaler shall continue to distribute the product to at least the same extent that it distributed the product immediately before the successor beer manufacturer acquired rights to the product until receipt of the payment of the compensation agreed to under subdivision (d) is made or is awarded under subdivision (f). The successor beer manufacturer and the existing beer wholesaler shall act in good faith regarding the ongoing supply and distribution of the product.

(f) If the successor beer manufacturer's designee and the existing beer wholesaler are unable to mutually agree on the fair market value of the affected distribution rights within 30 days of the existing beer wholesaler's receipt of the successor beer manufacturer's notice pursuant to subdivision (c), the successor beer manufacturer's designee or the existing beer wholesaler shall initiate arbitration against each other to determine the issue of compensation for the fair market value of the

affected distribution rights no later than 40 days after the existing beer wholesaler's receipt of the successor beer manufacturer's notice pursuant to subdivision (c). Upon submission to arbitration, the arbitration shall be the means of determining compensation to the existing beer wholesaler for the fair market value of the affected distribution rights, and the fair market value of the affected distribution rights shall be the purpose of the arbitration unless the parties agree otherwise.

(1) An arbitration held under this subdivision shall be held in California through a private arbitration services provider with at least three offices in California and a statewide roster of at least 70 neutral arbitrators, of which at least 30 have prior experience as a sole arbitrator in franchise, distribution, or related business litigation.

(2) The direct costs of the arbitration, including any fees charged by the arbitrator, shall be borne equally by the parties engaged in the arbitration. All other costs shall be paid by the party incurring them.

(3) The parties shall mutually agree on an arbitrator. If the parties cannot agree on the arbitrator, the arbitration provider shall select an impartial arbitrator.

(4) (A) No later than 20 days after receipt of a notification to arbitrate, the parties shall complete an initial exchange of all nonprivileged documents and other information relevant to the fair market value of the affected distribution rights in their possession and control, including, without limitation, copies of all documents and the names of individuals who may be called to testify at the arbitration hearing. No later than 45 days after receipt of notification to arbitrate, the parties shall complete an exchange of the names of any experts who may be called to testify at the arbitration hearing, together with each expert's report that may be introduced at the arbitration hearing.

(B) The arbitrator may modify the requirements of subparagraph (A) on a showing of good cause. The arbitrator shall permit third-party discovery and additional discovery between beer wholesalers, including depositions, which the arbitrator finds appropriate for a period of time not to exceed 90 days after receipt of a notification to arbitrate. No discovery shall be permitted against a beer manufacturer.

(5) The decision of the arbitrator shall be final and binding on the parties unless notice of appeal is filed, within 10 business days after service of the arbitration award, with the superior court of the county in which the hearing was held. Upon filing of the appeal, the court shall review the arbitration award for errors of fact or law by determining whether the award is supported by the sufficiency of the evidence presented at the arbitration. This subdivision shall further permit any other appeal or review that is authorized by the California Arbitration

Act (Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure).

(6) The arbitrator's award shall be monetary only and shall not enjoin or compel conduct.

(7) The arbitration hearing shall conclude not more than 180 days after receipt of a notification to arbitrate, unless the time period is extended by mutual agreement of the parties or by the arbitrator.

(8) The arbitrator shall render a decision not later than 15 days after the conclusion of the arbitration unless this time period is extended by mutual agreement of the parties or by the arbitrator.

(9) A party who fails to participate in the arbitration hearings waives all rights the party would have had in the arbitration and is considered to have consented to the determination of the arbitrator.

(10) The Legislature finds and declares that several unique factors in combination warrant the Legislature authorizing limited mandatory arbitration between an existing beer wholesaler and a successor beer manufacturer's designee solely to determine the issue of compensation for the fair market value of the affected distribution rights:

(A) On the issue of the fair market value of the affected distribution rights, the parties are sophisticated and in an equal position in their knowledge of this legal issue and understand the law and their legal rights, including their jury trial rights.

(B) The parties desire a mandatory arbitration provision to resolve the question of compensation for the fair market value of the affected distribution rights if the parties are not able to reach a mutual settlement so that product distribution can be continued in an orderly manner and the determination of compensation can be made in a timely manner.

(C) The state's regulatory interest in maintaining orderly markets for the safe and efficient transportation, distribution, and sale of beer within the state warrants the statutory authorization for mandatory arbitration as provided in this section.

(g) If the existing beer wholesaler does not receive payment of the compensation under subdivision (d) or (f) not later than 10 business days after the date of the settlement or service of the arbitration award, and if there is no appeal or review filed under paragraph (5) of subdivision (f), the existing beer wholesaler shall remain the distributor of the product in the existing beer wholesaler's territory to at least the same extent that the existing beer wholesaler distributed the product immediately before the successor beer manufacturer acquired rights to the product, and the existing beer wholesaler is not entitled to the settlement or arbitration award.

(h) Nothing in this section shall be construed to limit or prohibit good faith settlements voluntarily entered into by the parties subsequent to the successor beer manufacturer's notice pursuant to subdivision (c).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 351

An act to amend Section 61384 of the Food and Agricultural Code, relating to milk.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 61384 of the Food and Agricultural Code is amended to read:

61384. (a) The sale by any retailer, wholesale customer, manufacturer, or distributor, including any producer-distributor or nonprofit cooperative association acting as a distributor, of milk, cream, or any dairy product at less than cost is an unlawful practice. This subdivision applies to finished products, and does not apply to sales of bulk milk between handlers.

(b) For the purposes of this section, the following terms have the following meanings:

(1) "Cost," as applied to manufacturers and distributors, means the total consideration paid or exchanged for raw product, plus the total expense incurred for manufacturing, processing, handling, sale, and delivery.

(2) "Cost," as applied to wholesale customers, means the invoice price charged to the wholesale customer, or the expense of replacement, whichever is lower, plus the wholesale customer's cost of doing business.

(3) "Cost of doing business," as applied to wholesale customers, means a wholesale customer's total operating expense divided by the customer's total sales income.

(4) (A) Except as provided in subparagraph (B), "total consideration paid or exchanged for raw product," in the case of market milk or market cream used in the manufacture of class 1, 2, and 3 products, means the department's current announced regulated minimum price of the market milk or market cream, payable by handlers to producers, except as provided in Section 62708.5.

(B) Notwithstanding subparagraph (A), in situations involving sales on a bid basis to public agencies or institutions, the definition in subparagraph (A) shall only apply to market milk or market cream that is utilized for class 1 purposes, as those purposes are defined in Chapter 2 (commencing with Section 61801).

(c) Proof of cost, based on audits or surveys conducted in accordance with generally accepted accounting principles as defined by the American Institute of Certified Public Accountants and the Financial Accounting Standards Board, and modified, if necessary, to satisfy the requirements of this section, shall establish a rebuttable presumption of that cost at the time of the transaction of any sale. This presumption is a presumption affecting the burden of proof, but it does not apply in a criminal action.

(d) Nothing in this section shall be deemed to prohibit any of the following activities:

(1) The meeting, in good faith, of a lawful competitive price or a lawful competitive condition.

(2) A distributor's action in making conditional sales of equipment or other property, extending credit for merchandise purchased, or paying a customer's obligations not otherwise prohibited by this chapter to another distributor in connection with the transfer of the customer's business from the latter to the former.

(e) The secretary shall establish, by regulation pursuant to Section 61341, the procedures which shall be used to make the determinations required by this section, including the following:

(1) Any modifications to the generally accepted accounting principles described in subdivision (c) necessary to satisfy the requirements of this section.

(2) Procedures for evaluating efforts to meet lawful competitive prices or conditions.

(3) Other procedures necessary or appropriate to facilitate the application or enforcement of this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

The money in the California State University Dormitory Construction Fund shall be expended, pursuant to claims filed by the board with the Controller, for the purposes authorized by this article, or as provided in the indenture or notes, and for any other purposes, subject to the restrictions provided by law, by the notes, or by the indenture, as may be authorized by resolution of the board. CHAPTER 353

An act to amend Sections 24214, 24216, and 24216.5 of, and to amend and repeal Section 24216.6 of, the Education Code, relating to state teachers' retirement.

[Approved by Governor October 8, 2007. Filed with Secretary of State October 8, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 24214 of the Education Code, as amended by Section 28 of Chapter 655 of the Statutes of 2006, is amended to read:

24214. (a) A member retired for service under this part may perform the activities identified in subdivision (a) or (b) of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system, but the member may not make contributions to the retirement fund or accrue service credit based on compensation earned from that service. The employer shall maintain accurate records of the earnings of the retired member and report those earnings monthly to the system and retired member as described in Section 22461.

(b) If a member is retired for service under this part, the rate of pay for service performed by that member as an employee of the employer, as an employee of a third party, or as an independent contractor may not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties.

(c) A member retired for service under this part may not be required to reinstate for performing the activities identified in subdivision (a) or (b) of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system.

(d) A member retired for service under this part may earn compensation for performing activities identified in subdivision (a) or (b) of Section 22119.5 in any one school year up to the limitation specified in subdivision (f) as an employee of an employer, as an employee of a third party, or an independent contractor, within the California public school system, without a reduction in his or her retirement allowance.

(e) (1) The postretirement compensation limitation provisions set forth in this section are not applicable to compensation earned by a member retired for service under this part who has returned to work after the date of retirement and, for a period of at least 12 consecutive months, has not performed the activities identified in subdivision (a) or (b) of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system. For the purpose of this paragraph, the period of 12 consecutive months begins from the effective date of the member's most recent retirement.

(g) If a member retired for service under this part earns compensation for performing activities identified in subdivision (a) or (b) of Section 22119.5 in excess of the limitation specified in subdivision (f), as an employee of an employer, as an employee of a third party, or as an independent contractor, within the California public school system, and if that compensation is not exempt from that limitation under subdivision

(e) or any other provisions of law, the member's retirement allowance shall be reduced by the amount of the excess compensation. The amount of the reduction may be equal to the monthly allowance payable but shall not exceed the amount of the annual allowance payable under this part for the fiscal year in which the excess compensation was earned.

(h) The amendments to this section enacted during the 1995–96 Regular Session shall be deemed to have become operative on July 1, 1996.

(a) A member retired for service under this part may perform the activities identified in subdivision (a) or (b) of Section 22119.5 as an employee of an employer, as an employee of a third party, or as an independent contractor within the California public school system, but the member may not make contributions to the retirement fund or accrue service credit based on compensation earned from that service. The employer shall maintain accurate records of the earnings of the retired member and report those earnings monthly to the system and retired member as described in Section 22461.

(b) If a member is retired for service under this part, the rate of pay for service performed by that member as an employee of the employer, as an employee of a third party, or as an independent contractor within the California public school system may not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties.

the administrative fine, or both, for each violation of this chapter or Chapter 14.5 (commencing with Section 8698), or any regulations adopted pursuant to these chapters, or Chapter 2 (commencing with Section 12751), Chapter 3 (commencing with Section 14001), Chapter 3.5 (commencing with Section 14101), or Chapter 7 (commencing with Section 15201) of Division 7 of the Food and Agricultural Code, or any regulations adopted pursuant to those chapters, relating to pesticides. However, any violation determined by the board or the commissioner to be a serious violation as defined in Section 1922 of Title 16 of the California Code of Regulations shall be subject to a fine of not more than five thousand dollars ($5,000) for each violation. Fines collected shall be paid to the Education and Enforcement Account in the Structural Pest Control Education and Enforcement Fund. Suspension may include all or part of the registered company's business within the county based on the nature of the violation, but shall, whenever possible, be restricted to that portion of a registered company's business in a county that was in violation.

(b) A licensee who passes a course pursuant to this section shall not be awarded continuing education credit for that course.

(c) Before a suspension action is taken, a fine levied, or a licensee is required to attend and pass a board-approved course of instruction, the person charged with the violation shall be provided a written notice of the proposed action, including the nature of the violation, the amount of the proposed fine or suspension, or the requirement to attend and pass a board-approved course of instruction. The notice of proposed action shall inform the person charged with the violation that if he or she desires a hearing before the commissioner issuing the proposed action to contest the finding of a violation, that hearing shall be requested by written notice to the commissioner within 20 days of the date of receipt of the written notice of proposed action.

A notice of the proposed action that is sent by certified mail to the last known address of the person charged shall be considered received even if delivery is refused or the notice is not accepted at that address.

If a hearing is requested, notice of the time and place of the hearing shall be given at least 10 days before the date set for the hearing. At the hearing, the person shall be given an opportunity to review the commissioner's evidence and a right to present evidence on his or her own behalf. If a hearing is not requested within the prescribed time, the commissioner may take the action proposed without a hearing.

(d) If the person upon whom the commissioner imposed a fine or suspension or required attendance at a board-approved course of instruction requested and appeared at a hearing before the commissioner, the person may appeal the commissioner's decision to the Disciplinary

Review Committee and shall be subject to the procedures in Section 8662.

(e) If a suspension or fine is ordered, it may not take effect until 20 days after the date of the commissioner's decision if no appeal is filed. If an appeal pursuant to Section 8662 is filed, the commissioner's order shall be stayed until 30 days after the Disciplinary Review Committee has ruled on the appeal.

(f) Failure of a licensee or registered company to pay a fine within 30 days of the date of assessment or to comply with the order of suspension, unless the citation is being appealed, may result in disciplinary action being taken by the board.

Where a citation containing a fine is issued to a licensee and it is not contested or the time to appeal the citation has expired and the fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of that license. A license shall not be renewed without payment of the renewal fee and fine.

Where a citation containing a fine is issued to a registered company and it is not contested or the time to appeal the citation has expired and the fine is not paid, the board shall not sell to the registered company any pesticide use stamps until the assessed fine has been paid.

Where a citation containing the requirement that a licensee attend and pass a board-approved course of instruction is not contested or the time to appeal the citation has expired and the licensee has not attended and passed the required board-approved course of instruction, the licensee's license shall not be renewed without proof of attendance and passage of the required board-approved course of instruction.

(g) Once final action pursuant to this section is taken, no other administrative or civil action may be taken by any state governmental agency for the same violation. However, action taken pursuant to this section may be used by the board as evidence of prior discipline, and multiple local actions may be the basis for statewide disciplinary action by the board pursuant to Section 8620. A certified copy of the order of suspension or fine issued pursuant to this section or Section 8662 shall constitute conclusive evidence of the occurrence of the violation.

(h) Where the board is the party issuing the notice of proposed action to suspend or impose a fine pursuant to subdivision (a), "commissioner" as used in subdivisions (c), (d), and (e) includes the board's registrar.

A registration shall not be renewed without payment of the renewal fee and fine.

(c) Where a citation includes an administrative fine, it shall be issued in accordance with the following procedures:

meets the requirements of Section 401(a) of Title 26 of the United States Code, provided all of the following conditions exist:

(1) The defined benefit plan provided under this part has been designated as the employer's primary plan for the person.

(2) The supplemental defined benefit plan has received a ruling from the Internal Revenue Service stating that the plan qualifies under Section 401(a) of Title 26 of the United States Code, and has furnished proof thereof to the employer and, upon request, to the board.

(3) The person's participation in the supplemental defined benefit plan does not, in any way, interfere with the person's rights to membership in the defined benefit plan, or any benefit provided, under this part.

(d) For purposes of this section only, a person who elects to purchase service as described in Section 21029.5 for his or her service with the California National Guard is deemed not to receive credit for the same service in two retirement systems supported wholly or in part by public funds.

SEC. 16. Section 20901 of the Government Code is amended to read:

20901. (a) Notwithstanding any other provisions of this part, if the Governor, by executive order, determines that because of an impending curtailment of, or change in the manner of, performing service, the best interests of the state would be served by encouraging the retirement of state employees, and that sufficient economies could be realized to offset any cost to state agencies resulting from this section, an additional two years of service shall be credited to state members, other than school members, if the following conditions exist:

(1) The member meets the service requirements of Section 21060 or 21074 and retires during a period not to exceed 120 days or less than 60 days commencing no sooner than the date of issuance of the Governor's executive order which shall specify the period. For purposes of this paragraph, the service requirements of Sections 21060 and 21074 shall not include service as a National Guard member or service purchased pursuant to Section 21029.5.

(2) The appointing power, as defined in Section 18524, or the Regents of the University of California or the Trustees of the California State University, transmits to the retirement fund an amount determined by the board that is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount the member would have received without that service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(3) The appointing power or the regents or the trustees determines that it is electing to exercise the provisions of this section, pursuant to the Governor's order, and certifies to the Department of Finance and to the Legislative Analyst's Office, as to the specific economies that will be realized were the additional service credit towards retirement granted.

(b) As used in this section, "member" means a state employee who is employed in a job classification, department, or other organizational unit designated by the appointing power, as defined in Section 18524, the Regents of the University of California, or the Trustees of the California State University.

(c) The amount of service credit shall be two years regardless of credited service, but shall not exceed the number of years intervening between the date of the member's retirement and the date the member would be required to be retired because of age. The appointing power or the regents or the trustees shall make the payment with respect to all eligible employees who retired pursuant to this section.

(d) Any member who qualifies under this section, upon subsequent reentry to this system shall forfeit the service credit acquired under this section.

(e) This section shall not apply to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year beyond the date of issuance of the executive order or if the member is not eligible to retire without the additional credit available under this section.

(f) (1) The benefit provided by this section shall not be applicable to the employees of any appointing power or the regents or the trustees until the Director of Finance approves the transmittal of funds by that appointing power or the regents or the trustees to the retirement fund pursuant to paragraph (3) of subdivision (a).

(2) The Director of Finance shall approve the transmittal of funds by the appointing power or the regents or the trustees not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine. If there is any written communication between the Director of Finance and the Legislative Analyst, a copy thereof shall be immediately transmitted to the chairperson of each appropriate policy committee.

SEC. 17. Section 20963 of the Government Code is amended to read:

with the employer subject to this section that granted the sick leave credit, shall be credited at his or her retirement with 0.004 year of service credit for each unused day of sick leave certified to the board by the employer. The certification shall report only those days of unused sick leave that were accrued by the member during the normal course of his or her employment and shall not include any additional days of sick leave reported for the purpose of increasing the member's retirement benefit. Reports of unused days of sick leave shall be subject to audit and retirement benefits may be adjusted where improper reporting is found. For purposes of this subdivision, sick leave shall not include sick leave earned as a National Guard member as described in Section 20380.5.

(b) Until receipt of certification from an employer concerning unused sick leave, the board may pay an estimated allowance pursuant to this section. At the time of receipt of the certification, the allowance shall be adjusted to reflect any necessary changes.

(c) Notwithstanding any other provisions of this part, this section shall not apply to local members other than local miscellaneous members employed before July 1, 1980, by a school district that is a contracting agency or those school safety members employed before July 1, 1980, by a contracting agency that is a school district or community college district, as defined in subdivision (i) of Section 20057.

(d) This section shall not apply to any of the following:

(1) A person who becomes a school member on and after July 1, 1980, and any person who becomes a local member employed, on and after July 1, 1980, by a school district that is a contracting agency whether or not the person was ever a school member or local member prior to that date.

(2) A state employee, with respect to sick leave credits earned as a state member under Section 21353.5, except that the member shall be entitled to receive credit under this section for the sick leave he or she has earned as a state member subject to any other retirement formula, provided the member has a sick leave credit balance remaining at the time of retirement.

(e) For the purposes of this section, sick leave benefits provided to state employees pursuant to the state sick leave system shall be construed to mean compensation paid to employees on approved leaves of absence because of sickness.

SEC. 18. Section 20966.5 is added to the Government Code, to read:

20966.5. For purposes of Sections 20326 and 21029.5, each day of compensated service with the California National Guard or service by a National Guard member authorized by Title 10 of the United State

Code shall count as one day of service and shall be credited in each fiscal year based on the ratio that service bears to 215 days.

SEC. 19. Section 20997 of the Government Code is amended to read:

20997. (a) Notwithstanding any other provision of this part, for each member other than a National Guard member absent without compensation due to military service pursuant to Section 20990, the employer shall contribute an amount equal to the contributions that would have been made by the employer and the employee during the absence. The employer's contribution pursuant to this section shall be based upon the member's compensation earnable and the contribution rates in effect at the commencement of the absence, if any of the following apply:

(1) The member returns to state service within six months after receiving a discharge from military service other than dishonorable.

(2) The member returns to state service within six months after completion of any period of rehabilitation offered by the United States government, except that for purposes of this section, rehabilitation solely for education purposes shall not be considered.

(4) The member is placed on a state civil service reemployment list within six months after receiving a discharge from military service other than dishonorable and returns to state service upon receipt of an offer of reemployment.

(5) The member retires from this system for service or disability during the course of an absence from state service for military service.

(6) The member dies during the course of an absence from state service for military service.

(b) Any member on leave from state service for military service who elects to continue contributing to this system shall be entitled to a refund of those contributions upon request.

(c) Any member who withdrew contributions during or in contemplation of his or her military service is entitled to the benefits of this section irrespective of whether the contributions are redeposited. The rate for future contributions for the member shall be based upon the member's age at the time the member commenced a leave of absence from state service for service in the military.

(d) The employer's contribution pursuant to this section may be made either in lump sum, or it may be included in its monthly contribution as adjusted by inclusion of the amount due in the employer rate at the valuation most near in time to the event causing the employer's liability for those contributions. The employer's contributions pursuant to this

section shall be used solely for the purpose of paying retirement and death benefits and shall not be paid to the member whose contributions are refunded to him or her pursuant to Section 20735.

The special license plates assigned to the vehicle shall run in a separate numerical series and shall have inscribed on the license plate the words "Congressional Medal of Honor" or "Medal of Honor." The department shall reserve and issue the special license plates to all applicants providing the proof required by subdivision (b).

(b) The applicant shall, by satisfactory proof, show that the applicant is a Congressional Medal of Honor recipient.

(c) Special license plates may be issued pursuant to subdivision (a) only for a vehicle owned or coowned by a Congressional Medal of Honor recipient.

(d) Upon the death of a person issued special license plates pursuant to this section, his or her surviving spouse may retain the special license plates subject to the conditions set forth in this section. If there is no surviving spouse, the special license plates shall be returned to the department either within 60 days following that death, or upon the expiration date of the vehicle registration, whichever date occurs first.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 65007 is added to the Government Code, to read:

65007. As used in this title, the following terms have the following meanings, unless the context requires otherwise:

(a) "Adequate progress" means all of the following:

(1) The total project scope, schedule, and cost of the completed flood protection system have been developed to meet the appropriate standard of protection.

(2) Revenues sufficient to fund each year of the project schedule developed in paragraph (1) have been identified and, in any given year and consistent with that schedule, at least 90 percent of the revenues scheduled to have been received by that year have been appropriated and are currently being expended.

(3) Critical features of the flood protection system are under construction, and each critical feature is progressing as indicated by the actual expenditure of the construction budget funds.

(4) The city or county has not been responsible for any significant delay in the completion of the system.

(5) The local flood management agency shall provide the Department of Water Resources and the Central Valley Flood Protection Board with the information specified in this subdivision sufficiently to determine substantial completion of the required flood protection. The local flood management agency shall annually report to the Central Valley Flood Protection Board on the efforts in working toward completion of the flood protection system.

(b) "Central Valley Flood Protection Plan" has the same meaning as that set forth in Section 9610 of the Water Code.

(c) "Developed area" has the same meaning as that set forth in Section 59.1 of Title 44 of the Code of Federal Regulations.

(d) "Flood hazard zone" means an area subject to flooding that is delineated as either a special hazard area or an area of moderate hazard on an official flood insurance rate map issued by the Federal Emergency Management Agency. The identification of flood hazard zones does not imply that areas outside the flood hazard zones, or uses permitted within flood hazard zones, will be free from flooding or flood damage.

(e) "Nonurbanized area" means a developed area or an area outside a developed area in which there are less than 10,000 residents.

(f) "Project levee" means any levee that is part of the facilities of the State Plan of Flood Control, as defined in Section 5096.805 of the Public Resources Code.

(g) "Sacramento-San Joaquin Valley" means any lands in the bed or along or near the banks of the Sacramento River or San Joaquin River, or any of their tributaries or connected therewith, or upon any land adjacent thereto, or within any of the overflow basins thereof, or upon any land susceptible to overflow therefrom. The Sacramento-San Joaquin Valley does not include lands lying within the Tulare Lake basin, including the Kings River.

(h) "State Plan of Flood Control" has the same meaning as that set forth in subdivision (j) of Section 5096.805 of the Public Resources Code.

(i) "Urban area" means a developed area in which there are 10,000 residents or more.

(j) "Urbanizing area" means a developed area or an area outside a developed area that is planned or anticipated to have 10,000 residents or more within the next 10 years.

(k) "Urban level of flood protection" means the level of protection that is necessary to withstand flooding that has a 1-in-200 chance of occurring in any given year using criteria consistent with, or developed by, the Department of Water Resources.

SEC. 2. Section 65302.9 is added to the Government Code, to read:

65302.9. (a) Within 24 months of the adoption of the Central Valley Flood Protection Plan by the Central Valley Flood Protection Board pursuant to Section 9612 of the Water Code, each city and county within the Sacramento-San Joaquin Valley, shall amend its general plan to contain all of the following:

(1) The data and analysis contained in the Central Valley Flood Protection Plan, including, but not limited to, the locations of the facilities of the State Plan of Flood Control, the locations of other flood management facilities, the locations of the real property protected by those facilities, and the locations of flood hazard zones.

(2) Goals, policies, and objectives, based on the data and analysis identified pursuant to paragraph (1), for the protection of lives and property that will reduce the risk of flood damage.

protection in urban or urbanizing areas or the national Federal Emergency Management Agency standard of flood protection in nonurbanized areas for property located within a flood hazard zone, intended to be protected by the system. For urban and urbanizing areas protected by project levees, the urban level of flood protection shall be achieved by 2025.

SEC. 6. Section 66474.5 is added to the Government Code, to read:

66474.5. (a) Notwithstanding any other provision of law, after the amendments required by Sections 65302.9 and 65860.1 have become effective, the legislative body of each city and county within the Sacramento-San Joaquin Valley shall deny approval of a tentative map, or a parcel map for which a tentative map was not required, for any subdivision that is located within a flood hazard zone unless the city or county finds, based on substantial evidence in the record, one of the following:

SEC. 7. Section 50465 is added to the Health and Safety Code, to read:

50465. (a) On or before January 1, 2009, the Department of Water Resources shall propose for adoption and approval by the California Building Standards Commission updated requirements to the California Building Standards Code for construction in areas protected by the facilities of the Central Valley Flood Protection Plan where flood levels are anticipated to exceed three feet for the 200-year flood event. The amendments to the California Building Standards Code shall be sufficient to reduce the risk of flood damage and to protect life, safety, and the construction in those areas.

(b) Before the department proposes the amendments to the California Building Standards Code required pursuant to subdivision (a), the department shall consult with the Central Valley Flood Protection Board, the Division of the State Architect, and the Office of the State Fire Marshal.

SEC. 8. Chapter 4 (commencing with Section 8200) is added to Part 1 of Division 5 of the Water Code, to read:

Chapter 4. Local Plans of Flood Protection

8200. This chapter shall be known and may be cited as the Local Flood Protection Planning Act.

8201. (a) A local agency may prepare a local plan of flood protection in accordance with this chapter.

(b) A local plan of flood protection shall include all of the following:

(1) A strategy to meet the urban level of flood protection, including planning for residual flood risk and system resiliency.

(2) Identification of all types of flood hazards.

(3) Identification and risk assessment of the various facilities that provide flood protection for flood hazard areas, for current and future land uses.

(4) Identification of current and future flood corridors.

(5) Identification of needed improvements and costs of those improvements to the flood protection facilities that are necessary to meet flood protection standards.

(8) A long-term funding strategy for improvement and ongoing maintenance and operation of flood protection facilities.

(c) A local agency that is not a city or county that prepares a plan pursuant to this chapter must consult with the cities and counties that have jurisdiction over the planning area to assure that the local plan of flood protection is consistent with local general plans.

(d) Plans prepared pursuant to this chapter, within the Sacramento-San Joaquin Valley as defined by Section 9602, shall be consistent with the Central Valley Flood Protection Plan pursuant to Section 9610.

SEC. 9. Part 6 (commencing with Section 9600) is added to Division 5 of the Water Code, to read:

PART 6. CENTRAL VALLEY FLOOD PROTECTION

Chapter 1. General Provisions

9600. This act shall be known and may be cited as the Central Valley Flood Protection Act of 2008.

9601. The Legislature finds and declares all of the following:

(a) The Central Valley of California is experiencing unprecedented development, resulting in the conversion of historically agricultural lands and communities to densely populated residential and urban centers.

(b) The Legislature recognizes that by their nature, levees, which are earthen embankments typically founded on fluvial deposits, cannot offer complete protection from flooding, but can decrease its frequency.

(c) The Legislature recognizes that the level of flood protection afforded rural and agricultural lands by the original flood control system would not be adequate to protect those lands if they are developed for urban uses, and that a dichotomous system of flood protection for urban and rural lands has developed through many years of practice.

(d) The Legislature further recognizes that levees built to reclaim and protect agricultural land may be inadequate to protect urban development unless those levees are significantly improved.

(e) Cities and counties rely upon federal flood plain information when approving developments, but the information available is often out of date and the flood risk may be greater than that indicated using available federal information.

(f) The Legislature recognizes that the current federal flood standard is not sufficient in protecting urban and urbanizing areas within flood prone areas throughout the Central Valley.

(g) Linking land use decisions to flood risk and flood protection estimates comprises only one element of improving lives and property in the Central Valley. Federal, state, and local agencies may construct and operate flood protection facilities to reduce flood risks, but flood risks will nevertheless remain for those who choose to reside in Central Valley flood plains. Making those flood risks more apparent will help ensure that Californians make careful choices when deciding whether to build homes or live in Central Valley flood plains, and if so, whether to prepare for flooding or maintain flood insurance.

9602. Unless the context requires otherwise, the definitions set forth in this section govern the construction of this part.

(a) "Board" means the Central Valley Flood Protection Board.

(b) "Plan" means the Central Valley Flood Protection Plan.

(c) "Project levee" means any levee that is part of the facilities of the State Plan of Flood Control, as defined in Section 5096.805 of the Public Resources Code.

(d) "Public safety infrastructure" means public safety infrastructure necessary to respond to a flood emergency, including, but not limited to, street and highway evacuation routes, public utilities necessary for public health and safety, including drinking water and wastewater treatment facilities, and hospitals.

(e) "Sacramento-San Joaquin Valley" means any lands in the bed or along or near the banks of the Sacramento River or San Joaquin River, or any of their tributaries or connected therewith, or upon any land adjacent thereto, or within any of the overflow basins thereof, or upon any land susceptible to overflow therefrom. The Sacramento-San Joaquin Valley does not include lands lying within the Tulare Lake basin, including the Kings River.

(f) "State Plan of Flood Control" has the meaning set forth in subdivision (j) of Section 5096.805 of the Public Resources Code.

(g) "System" means the Sacramento-San Joaquin River Flood Management System described in Section 9611.

(h) "Urban area" has the same meaning as that set forth in subdivision (k) of Section 5096.805 of the Public Resources Code.

(i) "Urban level of flood protection" means the level of protection that is necessary to withstand flooding that has a 1-in-200 chance of occurring in any given year using criteria consistent with, or developed by, the department.

9603. (a) The Central Valley Flood Protection Plan shall be a descriptive document, and neither the plan nor anything in this part shall be construed to expand the liability of the state for the operation or maintenance of any flood management facility beyond the scope of the State Plan of Flood Control, except as specifically determined by the

board pursuant to Section 9611. Neither the development nor the adoption of the Central Valley Flood Protection Plan shall be construed to constitute any commitment by the state to provide, to continue to provide, or to maintain at, or to increase flood protection to, any particular level.

(b) The Central Valley Flood Protection Plan reflects a systemwide approach to protecting the lands currently protected from flooding by existing facilities of the State Plan of Flood Control. Any flood protection benefits accruing to lands or communities outside the State Plan of Flood Control are incidental and shall not constitute any commitment by the state to provide, to continue to provide, or to maintain at, or to increase flood protection to, any particular level.

Chapter 2. Plan Development

9610. (a) By July 1, 2008, the department shall develop preliminary maps for the 100 and 200 year floodplains protected by project levees. The 100 year floodplain maps shall be prepared using criteria developed or accepted by the Federal Emergency Management Agency (FEMA).

(1) The department shall use available information from the 2002 Sacramento-San Joaquin River Basin Comprehensive Study, preliminary and regulatory FEMA flood insurance rate maps, recent floodplain studies and other sources to compile preliminary maps.

(2) The department shall provide the preliminary maps to cities and counties within the Sacramento-San Joaquin Valley for use as best available information relating to flood protection.

(3) The department shall post this information on the boards Internet Web site and may periodically update the maps as necessary.

(b) By July 1, 2008, the department shall give notice to cities in the Sacramento-San Joaquin Valley outside areas protected by project levees regarding maps and other information as to flood risks available from the Federal Emergency Management Agency or other federal, state or local agency.

(c) On or before December 31, 2010, the department shall prepare a status report on the progress and development of the Central Valley Flood Protection Plan pursuant to Section 9612. The department shall post this information on the board's Internet Web site, and make it available to the public.

9611. The Sacramento-San Joaquin River Flood Management System comprises all of the following:

(a) The facilities of the State Plan of Flood Control as that plan may be amended pursuant to this part.

(b) Any existing dam, levee, or other flood management facility that is not part of the State Plan of Flood Control if the board determines,

upon recommendation of the department, that the facility does one or more of the following:

(1) Provides significant systemwide benefits for managing flood risks within the Sacramento-San Joaquin Valley.

(2) Protects urban areas within the Sacramento-San Joaquin Valley.

(c) Upon completion of the Central Valley Flood Protection Plan pursuant to this part, the department may identify and propose to the board additional structural and nonstructural facilities that may become facilities of the State Plan of Flood Control, consistent with the Central Valley Flood Protection Plan. The board may add those facilities to the State Plan of Flood Control based on a determination showing how the facility accomplishes the purposes identified in subdivision (b).

(d) For the purposes of subdivision (c), facilities that may become facilities of the State Plan of Flood Control include bypasses, floodway corridors, flood plain storage, or other projects that expand the capacity of the flood protection system in the Sacramento-San Joaquin Valley to provide flood protection.

9612. (a) The department shall prepare, and the board shall adopt, a plan identified as the Central Valley Flood Protection Plan in accordance with this part.

(b) No later than January 1, 2012, the department shall prepare the Central Valley Flood Protection Plan in accordance with this part, and shall transmit the plan to the board, which shall adopt the plan no later than July 1, 2012.

(c) The board shall hold at least two hearings to receive comments on the proposed plan. At least one hearing shall be held in the Sacramento Valley and at least one hearing shall be held in the San Joaquin Valley. The board shall also accept comments in writing with regard to the proposed plan.

(d) The board may make changes to the proposed plan to resolve issues raised in the hearings or to respond to comments received by the board. The board shall publish its proposed changes to the proposed plan at least two weeks before adopting the plan.

(e) The plan shall be updated in subsequent years ending in 2 and 7.

(f) The department or the board may appoint one or more advisory committees to assist in the preparation of the plan. If the department or the board appoints one or more advisory committees, the advisory committee or committees shall include representation by interested organizations.

9613. (a) Consistent with subdivision (b) of Section 5096.821 of the Public Resources Code, the department may implement flood protection improvements for urban areas protected by facilities of the State Plan of Flood Control before the adoption of Central Valley Flood

Protection Plan if the director determines, in writing, that all of the following apply:

(1) The improvements are necessary and require state funding before the completion of the Central Valley Flood Protection Plan prepared pursuant to Section 9612.

(2) The improvements will reduce or avoid risk to human life in one or more urban areas.

(3) The improvements will not impair or impede future changes to regional flood protection or the Central Valley Flood Protection Plan.

(4) The improvements will be maintained by a local agency that has committed sufficient funding to maintain both the existing and improved facilities of the State Plan of Flood Control.

(5) The affected cities, counties, and other public agencies will have sufficient revenue resources for the operation and maintenance of the facility.

(6) Upon the allocation of funds for a project, the proposed project is ready for implementation.

(7) The improvements comply with existing law.

(b) The flood protection improvements authorized by this section may include improvements to specific facilities of the State Plan of Flood Control or acquisition of flood easements for floodways that support facilities of the State Plan of Flood Control to increase levels of flood protection for urban areas in accordance with subdivision (b) of Section 5096.821 of the Public Resources Code.

(c) The department and the board shall investigate and evaluate the feasibility of potential bypasses or floodways that would significantly reduce flood stage in the San Joaquin River Watershed, upstream and south of Paradise Cut.

9614. The plan shall include all of the following:

(a) A description of the Sacramento-San Joaquin River Flood Management System and the cities and counties included in the system.

The evaluation shall include a prioritized list of recommended actions necessary to bring each facility not identified in subdivision (h) to within its design standard.

(h) The evaluation shall include a list of facilities recommended to be removed from the State Plan of Flood Control. For each facility recommended for removal, the evaluation shall identify both of the following:

(1) The reasons for proposing the removal of the facility from the State Plan of Flood Control.

(i) A description of both structural and nonstructural methods for providing an urban level of flood protection to current urban areas where an urban area means the same as set forth in subdivision (k) of Section

5096.805 of the Public Resources Code. The description shall also include a list of recommended next steps to improve urban flood protection.

(j) A description of structural and nonstructural means for enabling or improving systemwide riverine ecosystem function, including, but not limited to, establishment of riparian habitat and seasonal inundation of available flood plains where feasible.

9615. For the purposes of preparing the plan, the department shall collaborate with the United States Army Corps of Engineers and the owners and operators of flood management facilities.

9616. (a) The plan shall include a description of both structural and nonstructural means for improving the performance and elimination of deficiencies of levees, weirs, bypasses, and facilities, including facilities of the State Plan of Flood Control, and, wherever feasible, meet multiple objectives, including each of the following:

(1) Reduce the risk to human life, health, and safety from flooding, including protection of public safety infrastructure.

(2) Expand the capacity of the flood protection system in the Sacramento-San Joaquin Valley to either reduce floodflows or convey floodwaters away from urban areas.

(3) Link the flood protection system with the water supply system.

(4) Reduce flood risks in currently nonurbanized areas.

(14) Identify opportunities for reservoir reoperation in conjunction with groundwater flood storage.

(b) The plan shall include a prioritized list of recommended actions to reduce flood risks and meet the objectives described in subdivision (a).

Chapter 3. Plan Implementation

9620. Upon the adoption of the plan by the board, all of the following apply:

(a) The facilities identified pursuant to subdivision (a) of Section 9614 shall be deemed to be part of the system.

(b) The board shall act on the recommendations to remove facilities identified pursuant to subdivision (h) of Section 9614 from the State Plan of Flood Control.

(c) The department shall develop a recommended schedule and funding plan to implement the recommendations of the plan. To develop the recommended schedule and funding plan, the department may collaborate with local and federal agencies.

9621. Consistent with the adoption of the Central Valley Flood Protection Plan pursuant to this part, each county shall collaborate with cities within its jurisdiction to develop flood emergency plans within 24 months of the adoption of the plan.

9622. Consistent with the adoption of the Central Valley Flood Protection Plan pursuant to this part, each city, county, and city and county shall collaborate with the state and local flood management agencies to provide relocation assistance or other cost-effective strategies for reducing flood risk to existing economically disadvantaged communities located in nonurbanized areas.

9623. Consistent with the adoption of the Central Valley Flood Protection Plan pursuant to this part, each city, county, and city and county shall collaborate with the state and local flood management agencies to develop funding mechanisms to finance local flood protection responsibilities by January 1, 2010.

9624. Notwithstanding any other provision of law, this part applies to all cities, including charter cities, and counties included in the plan pursuant to Section 9614. The Legislature finds and declares that flood protection in the Sacramento-San Joaquin Valley is a matter of statewide concern and not a municipal affair as that term is used in Section 5 of Article XI of the California Constitution.

9625. (a) By January 1, 2010, the department shall develop cost-sharing formulas, as needed, for funds made available by the Disaster Preparedness and Flood Prevention Bond Act of 2006 (Chapter 1.699 (commencing with Section 5096.800) of Division 5 of the Public Resources Code) and the Safe Drinking Water, Water Quality and Supply,

Flood Control, River and Coastal Protection Bond Act of 2006 (Division 43 (commencing with Section 75001) of the Public Resources Code) for repairs or improvements of facilities included in the plan to determine the local share of the cost of design and construction.

(b) The cost-share formulas developed by the department shall be established pursuant to Section 12585.7.

(c) In developing cost-share formulas, the department shall consider the ability of local governments to pay their share of the capital costs of the project.

(d) Prior to finalizing cost-share formulas, the department shall conduct public meetings to consider public comments. The department shall post the draft cost-share formula on its Internet Web site at least 30 days before the public meetings. To the extent feasible, the department shall provide outreach to disadvantaged communities to promote access and participation in the meetings.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The central valley of this state is experiencing unprecedented development, resulting in the conversion of historically agricultural lands and communities to densely populated residential and urban centers.

(b) The Legislature recognizes that by their nature, levees, which are earthen embankments typically founded on fluvial deposits, cannot offer complete protection from flooding, but can decrease its frequency.

(c) The Legislature recognizes that the level of flood protection afforded rural and agricultural lands by the original flood control system is not considered adequate to protect those lands when developed for urban uses, and that a dichotomous system of flood protection for urban and rural lands has developed through many years of practice.

(d) The Legislature further recognizes that levees built to reclaim and protect agricultural land may be inadequate to protect urban development unless those levees are significantly improved.

(e) Local agencies are primarily responsible for making land use decisions in the state, and the Legislature intends that they retain that lead role.

(f) Local agencies rely upon federal flood plain information when approving developments, but the information available is often out of date and the flood risk may be greater than that indicated using available federal information.

(g) Flood plain management tools such as flood plain mapping, the National Flood Insurance Program, and the designated floodway program, represent important supplemental activities to educate the public about, and protect the public from, flood hazards.

(h) It is necessary for the state to immediately undertake the task of mapping flood plains and submitting up-to-date information to the federal government so that the federal National Flood Insurance Program maps reflect current and accurate conditions. In this way, the public can be provided with reliable information regarding flooding potential, and local agencies can make informed land use and flood management decisions so that the risk to life and property can be effectively reduced.

SEC. 2. Section 11564 of the Government Code is amended to read:

11564. (a) Effective January 1, 1988, an annual salary of twenty-five thousand one hundred eighteen dollars ($25,118) shall be paid to each member of the State Air Resources Board and the Central Valley Flood Protection Board, if each member devotes a minimum of 60 hours per month to state board work. The salary shall be reduced proportionately if less than 60 hours per month is devoted to state board work.

(b) The annual compensation provided by this section shall be increased in any fiscal year in which a general salary increase is provided for state employees. The amount of the increase provided by this section shall be comparable to, but shall not exceed, the percentage of the general salary increases provided for state employees during that fiscal year.

CHAPTER 367

An act to add Section 8307 to the Water Code, relating to flood liability.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 8307 is added to the Water Code, to read:

8307. (a) A city or county may be required to contribute its fair and reasonable share of the property damage caused by a flood to the extent that the city or county has increased the state's exposure to liability for property damage by unreasonably approving new development in a previously undeveloped area that is protected by a state flood control project. However, a city or county shall not be required to contribute if, after the amendments required by Sections 65302.9 and 65860.1 of the Government Code have become effective, the city or county complies with Sections 65865.5, 65962, and 66474.5 of the Government Code as applicable with respect to that development. This section shall not be construed to extend or toll the statute of limitations for challenging the approval of any new development.

(b) A city or county is not required to contribute unless an action has been filed against the state asserting liability for property damage caused by a flood and the provisions of subdivision (a) providing for contribution have been satisfied. A city or county is not required to contribute if the state settles the claims against it without providing the city or county with an opportunity to participate in settlement negotiations.

(c) For the purposes of this section:

(1) "State flood control project" means any flood control works within the Sacramento River Flood Control Project described in Section 8350, and of flood control projects in the Sacramento River and San Joaquin River watersheds authorized pursuant to Article 2 (commencing with Section 12648) of Chapter 2 of Part 6 of Division 6.

(2) "Undeveloped area" means an area devoted to "agricultural use," as defined in Section 51201 of the Government Code, or "open space land," as defined in Section 65560 of the Government Code, that, as of January 1, 2008, is not already designated for development in a general or specific plan or by a local zoning ordinance.

(3) "Unreasonably approving" means approving a new development project without appropriately considering significant risks of flooding made known to the approving agency as of the time of approval and

without taking reasonable and feasible action to mitigate the potential property damage to the new development resulting from a flood.

(4) "Feasible" means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, legal, social, and technological factors.

(d) This section shall not apply to any land or projects for which an application for development has been submitted to the city or county prior to January 1, 2008.

SEC. 2. Section 1 of this act shall become operative only if Senate Bill 5 of the 2007–08 Regular Session of the Legislature is enacted and becomes effective on or before January 1, 2008.

CHAPTER 368

An act to add Section 13332.11.1 to the Government Code, to add Section 5096.830 to the Public Resources Code, and to amend Sections 12878, 12878.1, 12878.21, and 12878.23 of, to add Sections 8306, 8612, 8613, and 12585.12 to, and to add Chapter 9 (commencing with Section 9110) to Part 4 of, and to add Part 8 (commencing with Section 9650) to, Division 5 of, the Water Code, relating to flood control, and making an appropriation therefor.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The central valley of this state is experiencing unprecedented development, resulting in the conversion of historically agricultural lands and communities to densely populated residential and urban centers.

(b) The Legislature recognizes that by their nature, levees, which are earthen embankments typically founded on fluvial deposits, cannot offer complete protection from flooding, but can decrease its frequency.

(c) The Legislature recognizes that the level of flood protection afforded rural and agricultural lands by the original flood control system is not considered adequate to protect those lands when developed for urban uses, and that a dichotomous system of flood protection for urban and rural lands has developed through many years of practice.

(d) The Legislature further recognizes that levees built to reclaim and protect agricultural land may be inadequate to protect urban development unless those levees are significantly improved.

(e) Local agencies are primarily responsible for making land use decisions in the state, and the Legislature intends that they retain that lead role.

(f) Local agencies rely upon federal flood plain information when approving developments, but the information available is often out-of-date and the flood risk may be greater than that indicated using available federal information.

(g) Flood plain management tools such as flood plain mapping, the National Flood Insurance Program, and the designated floodway program, represent important supplemental activities to educate the public about, and protect the public from, flood hazards.

(h) It is necessary for the state to immediately undertake the task of mapping flood plains and submitting up-to-date information to the federal government so that the federal National Flood Insurance Program maps reflect current and accurate conditions. In this way, the public can be provided with reliable information regarding flooding potential, and local agencies can make informed land use and flood management decisions so that the risk to life and property can be effectively reduced.

SEC. 2. Section 13332.11.1 is added to the Government Code, to read:

13332.11.1. Notwithstanding Section 13332.11, the expenditure by the Department of Water Resources of funds appropriated pursuant to Section 5096.821 or 75032 of the Public Resources Code is not subject to the approval of the State Public Works Board if either of the following applies to the expenditure:

(a) The department is performing work pursuant to an emergency.

(b) The department does all of the following:

(1) Obtains engineering review of the proposed project from the United States Army Corps of Engineers.

(2) Obtains engineering review of the proposed project from an independent board of consultants for any project with a construction cost exceeding five million dollars ($5,000,000).

(3) Provides a written report to the Reclamation Board.

(4) Provides information on the project expenditure to the Legislature in a semiannual report due on April 1 and October 1 each year.

(5) Provides written notification to the Legislature if funds are made available by Section 75032 of the Public Resources Code to pay a project cost increase for which the Legislature has not otherwise been notified in writing.

SEC. 3. Section 5096.830 is added to the Public Resources Code, to read:

5096.830. The development or adoption of program guidelines and selection criteria for the purposes of this chapter is not subject to the review or approval of the Office of Administrative Law or to any other requirement of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 4. Section 8306 is added to the Water Code, to read:

8306. (a) Notwithstanding any other provision of law, the department may provide meals and other necessary support to any person, including, but not limited to, an employee of the department, who is engaged in emergency flood fight activities on behalf of, or in cooperation with, the department.

(b) For the purposes of this section, "emergency flood fight activities" mean actions taken under emergency conditions to maintain flood control features, the failure of which threaten to destroy life, property, or resources.

SEC. 5. Section 8612 is added to the Water Code, to read:

8612. (a) On or before December 31, 2008, the department shall prepare, and the board shall adopt, a schedule for mapping areas at risk of flooding in the Sacramento River and San Joaquin River drainage.

(1) All costs incurred by the department or the board in the formation of the maintenance area under this chapter.

(2) Any costs, if deemed appropriate by the department, to secure insurance covering liability to others for damages arising from the maintenance activities of the department or from flooding in the maintenance area.

(3) Any costs of defending any action brought against the state, the department, or the board, or any employees of these entities, for damages arising from the maintenance activities of the department or from flooding in the maintenance area.

12878.1. (a) If the department determines that a unit of a project is not being operated or maintained in accordance with the standards established by federal regulations, if the department determines that the modification of a unit of a project that has been permitted by the board and that provides flood protection is not being operated or maintained in accordance with the requirements established by the board or the department, or if the governing body of a local agency obligated to operate and maintain that unit by resolution duly adopted and filed with the department declares that it no longer desires to operate and maintain the project unit, the department shall prepare a statement to that effect specifying in detail the particular items of work necessary to be done in order to comply with the standards of the federal government and the requirements of the board or the department together with an estimate of the cost thereof for the current fiscal year and for the immediately ensuing fiscal year.

(b) Subject to subdivision (c), but notwithstanding any other provision of law, the board or the department is not required to proceed in accordance with subdivision (a) or with the formation of a maintenance area under this chapter if neither the board nor the department has given the nonfederal assurances to the United States required for the project. If neither the board nor the department has given the nonfederal assurances to the United States required for the project, the board or department may elect to proceed with the formation if it determines that the formation of a maintenance area is in the best interest of the state.

(c) If a local agency requests the department to form a maintenance area by resolution duly adopted and filed with the department, the department shall estimate the cost of preparing the statement of necessary work and the cost thereof, and all other applicable costs incurred by the department before the formation of the maintenance area. (b) The board or the department may consolidate maintenance areas that share a common boundary.

SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 369

An act to amend Sections 65302, 65303.4, 65352, 65584.04, and 65584.06 of, and to add Sections 65300.2 and 65302.7 to, the Government Code, relating to local planning.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 65300.2 is added to the Government Code, to read:

65300.2. (a) For the purposes of this article, a "200-year flood plain" is an area that has a 1 in 200 chance of flooding in any given year, based on hydrological modeling and other engineering criteria accepted by the Department of Water Resources.

(b) For the purposes of this article, a "levee protection zone" is an area that is protected, as determined by the Central Valley Flood Protection Board or the Department of Water Resources, by a levee that

is part of the facilities of the State Plan of Flood Control, as defined under Section 5096.805 of the Public Resources Code.

SEC. 1.5. Section 65302 of the Government Code is amended to read:

65302. The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan proposals. The plan shall include the following elements:

(a) A land use element that designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, including agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, and other categories of public and private uses of land. The location and designation of the extent of the uses of the land for public and private uses shall consider the identification of land and natural resources pursuant to paragraph (3) of subdivision (d). The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. The land use element shall identify and annually review those areas covered by the plan that are subject to flooding identified by flood plain mapping prepared by the Federal Emergency Management Agency (FEMA) or the Department of Water Resources. The land use element shall also do both of the following:

(1) Designate in a land use category that provides for timber production those parcels of real property zoned for timberland production pursuant to the California Timberland Productivity Act of 1982, Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5.

(2) Consider the impact of new growth on military readiness activities carried out on military bases, installations, and operating and training areas, when proposing zoning ordinances or designating land uses covered by the general plan for land, or other territory adjacent to military facilities, or underlying designated military aviation routes and airspace.

(A) In determining the impact of new growth on military readiness activities, information provided by military facilities shall be considered. Cities and counties shall address military impacts based on information from the military and other sources.

(B) The following definitions govern this paragraph:

(i) "Military readiness activities" mean all of the following:

(I) Training, support, and operations that prepare the men and women of the military for combat.

(II) Operation, maintenance, and security of any military installation.

(III) Testing of military equipment, vehicles, weapons, and sensors for proper operation or suitability for combat use.

(ii) "Military installation" means a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the United States Department of Defense as defined in paragraph (1) of subsection (e) of Section 2687 of Title 10 of the United States Code.

(b) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, any military airports and ports, and other local public utilities and facilities, all correlated with the land use element of the plan.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) (1) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. The conservation element shall consider the effect of development within the jurisdiction, as described in the land use element, on natural resources located on public lands, including military installations. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies, including flood management, water conservation, or groundwater agencies that have developed, served, controlled, managed, or conserved water of any type for any purpose in the county or city for which the plan is prepared. Coordination shall include the discussion and evaluation of any water supply and demand information described in Section 65352.5, if that information has been submitted by the water agency to the city or county.

(2) The conservation element may also cover all of the following:

(A) The reclamation of land and waters.

(B) Prevention and control of the pollution of streams and other waters.

(C) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.

(D) Prevention, control, and correction of the erosion of soils, beaches, and shores.

(E) Protection of watersheds.

(F) The location, quantity and quality of the rock, sand and gravel resources.

(3) Upon the next revision of the housing element on or after January 1, 2009, the conservation element shall identify rivers, creeks, streams, flood corridors, riparian habitats, and land that may accommodate

floodwater for purposes of groundwater recharge and stormwater management.

(e) An open-space element as provided in Article 10.5 (commencing with Section 65560).

(f) (1) A noise element which shall identify and appraise noise problems in the community. The noise element shall recognize the guidelines established by the Office of Noise Control in the State Department of Health Care Services and shall analyze and quantify, to the extent practicable, as determined by the legislative body, current and projected noise levels for all of the following sources:

(A) Highways and freeways.

(B) Primary arterials and major local streets.

(C) Passenger and freight on-line railroad operations and ground rapid transit systems.

(D) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.

(E) Local industrial plants, including, but not limited to, railroad classification yards.

(F) Other ground stationary noise sources, including, but not limited to, military installations, identified by local agencies as contributing to the community noise environment.

(2) Noise contours shall be shown for all of these sources and stated in terms of community noise equivalent level (CNEL) or day-night average level (L_{dn}). The noise contours shall be prepared on the basis of noise monitoring or following generally accepted noise modeling techniques for the various sources identified in paragraphs (1) to (6), inclusive.

(3) The noise contours shall be used as a guide for establishing a pattern of land uses in the land use element that minimizes the exposure of community residents to excessive noise.

(4) The noise element shall include implementation measures and possible solutions that address existing and foreseeable noise problems, if any. The adopted noise element shall serve as a guideline for compliance with the state's noise insulation standards.

(g) (1) A safety element for the protection of the community from any unreasonable risks associated with the effects of seismically induced surface rupture, ground shaking, ground failure, tsunami, seiche, and dam failure; slope instability leading to mudslides and landslides; subsidence, liquefaction, and other seismic hazards identified pursuant to Chapter 7.8 (commencing with Section 2690) of Division 2 of the Public Resources Code, and other geologic hazards known to the legislative body; flooding; and wild land and urban fires. The safety

element shall include mapping of known seismic and other geologic hazards. It shall also address evacuation routes, military installations, peakload water supply requirements, and minimum road widths and clearances around structures, as those items relate to identified fire and geologic hazards.

(2) The safety element, upon the next revision of the housing element on or after January 1, 2009, shall also do the following:

(A) Identify information regarding flood hazards, including, but not limited to, the following:

(i) Flood hazard zones. As used in this subdivision, "flood hazard zone" means an area subject to flooding that is delineated as either a special hazard area or an area of moderate or minimal hazard on an official flood insurance rate map issued by the Federal Emergency Management Agency. The identification of a flood hazard zone does not imply that areas outside the flood hazard zones or uses permitted within flood hazard zones will be free from flooding or flood damage.

(ii) National Flood Insurance Program maps published by FEMA.

(iii) Information about flood hazards that is available from the United States Army Corps of Engineers.

(iv) Designated floodway maps that are available from the Central Valley Flood Protection Board.

(v) Dam failure inundation maps prepared pursuant to Section 8589.5 that are available from the Office of Emergency Services.

(vi) Awareness Floodplain Mapping Program maps and 200-year flood plain maps that are or may be available from, or accepted by, the Department of Water Resources.

(vii) Maps of levee protection zones.

(viii) Areas subject to inundation in the event of the failure of project or nonproject levees or floodwalls.

(ix) Historical data on flooding, including locally prepared maps of areas that are subject to flooding, areas that are vulnerable to flooding after wildfires, and sites that have been repeatedly damaged by flooding.

(x) Existing and planned development in flood hazard zones, including structures, roads, utilities, and essential public facilities.

(xi) Local, state, and federal agencies with responsibility for flood protection, including special districts and local offices of emergency services.

(B) Establish a set of comprehensive goals, policies, and objectives based on the information identified pursuant to subparagraph (A), for the protection of the community from the unreasonable risks of flooding, including, but not limited to:

(i) Avoiding or minimizing the risks of flooding to new development.

(ii) Evaluating whether new development should be located in flood hazard zones, and identifying construction methods or other methods to minimize damage if new development is located in flood hazard zones.

(iii) Maintaining the structural and operational integrity of essential public facilities during flooding.

(iv) Locating, when feasible, new essential public facilities outside of flood hazard zones, including hospitals and health care facilities, emergency shelters, fire stations, emergency command centers, and emergency communications facilities or identifying construction methods or other methods to minimize damage if these facilities are located in flood hazard zones.

(v) Establishing cooperative working relationships among public agencies with responsibility for flood protection.

(C) Establish a set of feasible implementation measures designed to carry out the goals, policies, and objectives established pursuant to subparagraph (B).

(3) After the initial revision of the safety element pursuant to paragraph (2), upon each revision of the housing element, the planning agency shall review and, if necessary, revise the safety element to identify new information that was not available during the previous revision of the safety element.

(4) Cities and counties that have flood plain management ordinances that have been approved by FEMA that substantially comply with this section, or have substantially equivalent provisions to this subdivision in their general plans, may use that information in the safety element to comply with this subdivision, and shall summarize and incorporate by reference into the safety element the other general plan provisions or the flood plain ordinance, specifically showing how each requirement of this subdivision has been met.

(5) Prior to the periodic review of its general plan and prior to preparing or revising its safety element, each city and county shall consult the California Geological Survey of the Department of Conservation, the Central Valley Flood Protection Board, if the city or county is located within the boundaries of the Sacramento and San Joaquin Drainage District, as set forth in Section 8501 of the Water Code, and the Office of Emergency Services for the purpose of including information known by and available to the department, the office, and the board required by this subdivision.

(6) To the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

SEC. 2. Section 65302.7 is added to the Government Code, to read:

65302.7. (a) For the purposes of complying with Section 65302.5, each county or city located within the boundaries of the Sacramento and San Joaquin Drainage District, as set forth in Section 8501 of the Water Code, shall submit the draft element of, or draft amendment to, the safety element to the Central Valley Flood Protection Board and to every local agency that provides flood protection to territory in the city or county at least 90 days prior to the adoption of, or amendment to, the safety element of its general plan.

(b) The Central Valley Flood Protection Board and each local agency described in paragraph (1) shall review the draft or an existing safety element and report their respective written recommendations to the planning agency within 60 days of the receipt of the draft or existing safety element. The Central Valley Flood Protection Board and each local agency shall review the draft or existing safety element and may offer written recommendations for changes to the draft or existing safety element regarding both of the following:

(1) Uses of land and policies in areas subjected to flooding that will protect life, property, and natural resources from unreasonable risks associated with flooding.

(2) Methods and strategies for flood risk reduction and protection within areas subjected to flooding.

(c) Prior to the adoption of its draft element or draft amendments to the safety element, the board of supervisors of the county or the city council of a city shall consider the recommendations made by the Central Valley Flood Protection Board and any local agency that provides flood protection to territory in the city or county. If the board of supervisors or the city council determines not to accept all or some of the recommendations, if any, made by the Central Valley Flood Protection Board or the local agency, the board of supervisors or the city council shall make findings that state its reasons for not accepting a recommendation and shall communicate those findings in writing to the Central Valley Flood Protection Board or to the local agency.

(d) If the Central Valley Flood Protection Board's or the local agency's recommendations are not available within the time limits required by this section, the board of supervisors or the city council may act without those recommendations. The board of supervisors or city council shall consider the recommendations at the next time it considers amendments to its safety element.

SEC. 3. Section 65303.4 of the Government Code is amended to read:

65303.4. The Department of Water Resources or the Central Valley Flood Protection Board, as appropriate, and the Department of Fish and

Game may develop site design and planning policies to assist local agencies which request help in implementing the general plan guidelines for meeting flood control objectives and other land management needs.

SEC. 4. Section 65352 of the Government Code is amended to read:

65352. (a) Prior to action by a legislative body to adopt or substantially amend a general plan, the planning agency shall refer the proposed action to all of the following entities:

(1) A city or county, within or abutting the area covered by the proposal, and any special district that may be significantly affected by the proposed action, as determined by the planning agency.

(2) An elementary, high school, or unified school district within the area covered by the proposed action.

(3) The local agency formation commission.

(4) An areawide planning agency whose operations may be significantly affected by the proposed action, as determined by the planning agency.

(5) A federal agency if its operations or lands within its jurisdiction may be significantly affected by the proposed action, as determined by the planning agency.

(6) (A) The branches of the United States Armed Forces that have provided the Office of Planning and Research with a California mailing address pursuant to subdivision (d) of Section 65944 when the proposed action is within 1,000 feet of a military installation, or lies within special use airspace, or beneath a low-level flight path, as defined in Section 21098 of the Public Resources Code, provided that the United States Department of Defense provides electronic maps of low-level flight paths, special use airspace, and military installations at a scale and in an electronic format that is acceptable to the Office of Planning and Research.

(B) Within 30 days of a determination by the Office of Planning and Research that the information provided by the Department of Defense is sufficient and in an acceptable scale and format, the office shall notify cities, counties, and cities and counties of the availability of the information on the Internet. Cities, counties, and cities and counties shall comply with subparagraph (A) within 30 days of receiving this notice from the office.

(7) A public water system, as defined in Section 116275 of the Health and Safety Code, with 3,000 or more service connections, that serves water to customers within the area covered by the proposal. The public water system shall have at least 45 days to comment on the proposed plan, in accordance with subdivision (b), and to provide the planning agency with the information set forth in Section 65352.5.

(8) The Bay Area Air Quality Management District for a proposed action within the boundaries of the district.

(9) On and after March 1, 2005, a California Native American tribe, that is on the contact list maintained by the Native American Heritage Commission, with traditional lands located within the city or county's jurisdiction.

(10) The Central Valley Flood Protection Board for a proposed action within the boundaries of the Sacramento and San Joaquin Drainage District, as set forth in Section 8501 of the Water Code.

(b) Each entity receiving a proposed general plan or amendment of a general plan pursuant to this section shall have 45 days from the date the referring agency mails it or delivers it in which to comment unless a longer period is specified by the planning agency.

(c) (1) This section is directory, not mandatory, and the failure to refer a proposed action to the other entities specified in this section does not affect the validity of the action, if adopted.

(2) To the extent that the requirements of this section conflict with the requirements of Chapter 4.4 (commencing with Section 65919), the requirements of Chapter 4.4 shall prevail.

SEC. 5. Section 65584.04 of the Government Code is amended to read:

65584.04. (a) At least two years prior to a scheduled revision required by Section 65588, each council of governments, or delegate subregion as applicable, shall develop a proposed methodology for distributing the existing and projected regional housing need to cities, counties, and cities and counties within the region or within the subregion, where applicable pursuant to this section. The methodology shall be consistent with the objectives listed in subdivision (d) of Section 65584.

(b) (1) No more than six months prior to the development of a proposed methodology for distributing the existing and projected housing need, each council of governments shall survey each of its member jurisdictions to request, at a minimum, information regarding the factors listed in subdivision (d) that will allow the development of a methodology based upon the factors established in subdivision (d).

(2) The council of governments shall seek to obtain the information in a manner and format that is comparable throughout the region and utilize readily available data to the extent possible.

(3) The information provided by a local government pursuant to this section shall be used, to the extent possible, by the council of governments, or delegate subregion as applicable, as source information for the methodology developed pursuant to this section. The survey shall state that none of the information received may be used as a basis for

reducing the total housing need established for the region pursuant to Section 65584.01.

(4) If the council of governments fails to conduct a survey pursuant to this subdivision, a city, county, or city and county may submit information related to the items listed in subdivision (d) prior to the public comment period provided for in subdivision (c).

(c) Public participation and access shall be required in the development of the methodology and in the process of drafting and adoption of the allocation of the regional housing needs. Participation by organizations other than local jurisdictions and councils of governments shall be solicited in a diligent effort to achieve public participation of all economic segments of the community. The proposed methodology, along with any relevant underlying data and assumptions, and an explanation of how information about local government conditions gathered pursuant to subdivision (b) has been used to develop the proposed methodology, and how each of the factors listed in subdivision (d) is incorporated into the methodology, shall be distributed to all cities, counties, any subregions, and members of the public who have made a written request for the proposed methodology. The council of governments, or delegate subregion, as applicable, shall conduct at least one public hearing to receive oral and written comments on the proposed methodology.

(d) To the extent that sufficient data is available from local governments pursuant to subdivision (b) or other sources, each council of governments, or delegate subregion as applicable, shall include the following factors to develop the methodology that allocates regional housing needs:

(1) Each member jurisdiction's existing and projected jobs and housing relationship.

(2) The opportunities and constraints to development of additional housing in each member jurisdiction, including all of the following:

(A) Lack of capacity for sewer or water service due to federal or state laws, regulations or regulatory actions, or supply and distribution decisions made by a sewer or water service provider other than the local jurisdiction that preclude the jurisdiction from providing necessary infrastructure for additional development during the planning period.

(B) The availability of land suitable for urban development or for conversion to residential use, the availability of underutilized land, and opportunities for infill development and increased residential densities. The council of governments may not limit its consideration of suitable housing sites or land suitable for urban development to existing zoning ordinances and land use restrictions of a locality, but shall consider the potential for increased residential development under alternative zoning ordinances and land use restrictions. The determination of available land

suitable for urban development may exclude lands where the Federal Emergency Management Agency (FEMA) or the Department of Water Resources has determined that the flood management infrastructure designed to protect that land is not adequate to avoid the risk of flooding.

(C) Lands preserved or protected from urban development under existing federal or state programs, or both, designed to protect open space, farmland, environmental habitats, and natural resources on a long-term basis.

(D) County policies to preserve prime agricultural land, as defined pursuant to Section 56064, within an unincorporated area.

(3) The distribution of household growth assumed for purposes of a comparable period of regional transportation plans and opportunities to maximize the use of public transportation and existing transportation infrastructure.

(4) The market demand for housing.

(5) Agreements between a county and cities in a county to direct growth toward incorporated areas of the county.

(6) The loss of units contained in assisted housing developments, as defined in paragraph (8) of subdivision (a) of Section 65583, that changed to non-low-income use through mortgage prepayment, subsidy contract expirations, or termination of use restrictions.

(7) High-housing cost burdens.

(8) The housing needs of farmworkers.

(9) The housing needs generated by the presence of a private university or a campus of the California State University or the University of California within any member jurisdiction.

(10) Any other factors adopted by the council of governments.

(e) The council of governments, or delegate subregion, as applicable, shall explain in writing how each of the factors described in subdivision (d) was incorporated into the methodology and how the methodology is consistent with subdivision (d) of Section 65584. The methodology may include numerical weighting.

(f) Any ordinance, policy, voter-approved measure, or standard of a city or county that directly or indirectly limits the number of residential building permits issued by a city or county shall not be a justification for a determination or a reduction in the share of a city or county of the regional housing need.

(g) In addition to the factors identified pursuant to subdivision (d), the council of governments, or delegate subregion, as applicable, shall identify any existing local, regional, or state incentives, such as a priority for funding or other incentives available to those local governments that are willing to accept a higher share than proposed in the draft allocation

to those local governments by the council of governments or delegate subregion pursuant to Section 65584.05.

(h) Following the conclusion of the 60-day public comment period described in subdivision (c) on the proposed allocation methodology, and after making any revisions deemed appropriate by the council of governments, or delegate subregion, as applicable, as a result of comments received during the public comment period, each council of governments, or delegate subregion, as applicable, shall adopt a final regional, or subregional, housing need allocation methodology and provide notice of the adoption of the methodology to the jurisdictions within the region, or delegate subregion as applicable, and to the department.

SEC. 6. Section 65584.06 of the Government Code is amended to read:

65584.06. (a) For cities and counties without a council of governments, the department shall determine and distribute the existing and projected housing need, in accordance with Section 65584 and this section. If the department determines that a county or counties, supported by a resolution adopted by the board or boards of supervisors, and a majority of cities within the county or counties representing a majority of the population of the county or counties, possess the capability and resources and has agreed to accept the responsibility, with respect to its jurisdiction, for the distribution of the regional housing need, the department shall delegate this responsibility to the cities and county or counties.

(b) The distribution of regional housing need shall, based upon available data and in consultation with the cities and counties, take into consideration market demand for housing, the distribution of household growth within the county assumed in the regional transportation plan where applicable, employment opportunities and commuting patterns, the availability of suitable sites and public facilities, agreements between a county and cities in a county to direct growth toward incorporated areas of the county, or other considerations as may be requested by the affected cities or counties and agreed to by the department. As part of the allocation of the regional housing need, the department shall provide each city and county with data describing the assumptions and methodology used in calculating its share of the regional housing need. Consideration of suitable housing sites or land suitable for urban development is not limited to existing zoning ordinances and land use restrictions of a locality, but shall include consideration of the potential for increased residential development under alternative zoning ordinances and land use restrictions. The determination of available land suitable for urban development may exclude lands where the Federal Emergency

Management Agency (FEMA) or the Department of Water Resources has determined that the flood management infrastructure designed to protect that land is not adequate to avoid the risk of flooding.

(c) Within 90 days following the department's determination of a draft distribution of the regional housing need to the cities and the county, a city or county may propose to revise the determination of its share of the regional housing need in accordance with criteria set forth in the draft distribution. The proposed revised share shall be based upon comparable data available for all affected jurisdictions, and accepted planning methodology, and shall be supported by adequate documentation.

(d) (1) Within 60 days after the end of the 90-day time period for the revision by the cities or county, the department shall accept the proposed revision, modify its earlier determination, or indicate why the proposed revision is inconsistent with the regional housing need.

(2) If the department does not accept the proposed revision, then, within 30 days, the city or county may request a public hearing to review the determination.

(3) The city or county shall be notified within 30 days by certified mail, return receipt requested, of at least one public hearing regarding the determination.

(4) The date of the hearing shall be at least 10 but not more than 15 days from the date of the notification.

(5) Before making its final determination, the department shall consider all comments received and shall include a written response to each request for revision received from a city or county.

(e) If the department accepts the proposed revision or modifies its earlier determination, the city or county shall use that share. If the department grants a revised allocation pursuant to subdivision (d), the department shall ensure that the total regional housing need is maintained. The department's final determination shall be in writing and shall include information explaining how its action is consistent with this section. If the department indicates that the proposed revision is inconsistent with the regional housing need, the city or county shall use the share that was originally determined by the department. The department, within its final determination, may adjust the allocation of a city or county that was not the subject of a request for revision of the draft distribution.

(f) The department shall issue a final regional housing need allocation for all cities and counties within 45 days of the completion of the local review period.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or

assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 370

An act to amend Sections 71200, 71201, 71204, and 71205 of, and to add Section 71204.6 to, the Public Resources Code, relating to vessels.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 71200 of the Public Resources Code is amended to read:

71200. Unless the context otherwise requires, the following definitions govern the construction of this division:

(a) "Ballast tank" means a tank or hold on a vessel used for carrying ballast water, whether or not the tank or hold was designed for that purpose.

(b) "Ballast water" means water and suspended matter taken on board a vessel to control or maintain trim, draft, stability, or stresses of the vessel, without regard to the manner in which it is carried.

(c) "Board" means the State Water Resources Control Board.

(d) "Coastal waters" means estuarine and ocean waters within 200 nautical miles of land or less than 2,000 meters (6,560 feet, 1,093 fathoms) deep, and rivers, lakes, or other water bodies navigably connected to the ocean.

(e) "Commission" means the State Lands Commission.

(f) "EEZ" means exclusive economic zone, which extends from the baseline of the territorial sea of the United States seaward 200 nautical miles.

(g) "Exchange" means to replace the water in a ballast tank using either of the following methods:

(1) "Flow through exchange," which means to flush out ballast water by pumping three full volumes of mid-ocean water through the tank, continuously displacing water from the tank, to minimize the number of original coastal organisms remaining in the tank.

(2) "Empty/refill exchange," which means to pump out, until the tank is empty or as close to 100 percent empty as is safe to do so, the ballast

water taken on in ports, or estuarine or territorial waters, then to refill the tank with mid-ocean waters.

(h) "Hull fouling" means the attachment or association of marine organisms to the submerged portion of a vessel or its appurtenances, including, but not limited to, sea chests, propellers, anchors, and associated chains.

(i) "Mid-ocean waters" means waters that are more than 200 nautical miles from land and at least 2,000 meters (6,560 feet, 1,093 fathoms) deep.

(j) "Nonindigenous species" means any species, including, but not limited to, the seeds, eggs, spores, or other biological material capable of reproducing that species, or any other viable biological material that enters an ecosystem beyond its historic range, including any of those organisms transferred from one country into another.

(k) "Pacific Coast Region" means all coastal waters on the Pacific Coast of North America east of 154 degrees W longitude and north of 25 degrees N latitude, exclusive of the Gulf of California. The commission may modify these boundaries through regulation if the proponent for the boundary modification presents substantial scientific evidence that the proposed modification is equally or more effective at preventing the introduction of nonindigenous species through vessel vectors as the boundaries described herein.

(*l*) "Person" means an individual, trust, firm, joint stock company, business concern, or corporation, including, but not limited to, a government corporation, partnership, limited liability company, or association. "Person" also means a city, county, city and county, district, commission, the state, or a department, agency, or political subdivision of the state, an interstate body, or the United States and its agencies and instrumentalities, to the extent permitted by law.

(m) "Sediments" means matter settled out of ballast water within a vessel.

(n) "Submerged portion of a vessel" means all parts of a vessel's hull and structures that are submerged in water when the vessel is loaded to the deepest permissible legal draft.

(o) "Waters of the state" means surface waters, including saline waters, that are within the boundaries of the state.

(p) "Vessel" means a vessel of 300 gross registered tons or more.

(q) "Voyage" means any transit by a vessel destined for a California port or place from a port or place outside of the coastal waters of the state.

SEC. 2. Section 71201 of the Public Resources Code is amended to read:

71201. (a) This division applies to all vessels, United States and foreign, carrying, or capable of carrying, ballast water into the coastal waters of the state after operating outside of the coastal waters of the state, except those vessels described in Section 71202.

(b) This division applies to all ballast water and associated sediments taken on a vessel, and to all hull fouling.

(c) This division may be known, and may be cited, as the "Marine Invasive Species Act."

(d) The Legislature finds and declares that the purpose of this division is to move the state expeditiously toward elimination of the discharge of nonindigenous species into the waters of the state or into waters that may impact the waters of the state, based on the best available technology economically achievable. This division shall be implemented in accordance with this intent, except as expressly provided by this division.

SEC. 3. Section 71204 of the Public Resources Code is amended to read:

71204. Subject to Section 71203, the master, owner, operator, or person in charge of a vessel carrying, or capable of carrying, ballast water, that operates in the waters of the state shall do all of the following to minimize the uptake and the release of nonindigenous species:

(a) Discharge only the minimal amount of ballast water essential for vessel operations while in the waters of the state.

(b) Minimize the discharge or uptake of ballast water in areas within, or that may directly affect, marine sanctuaries, marine preserves, marine parks, or coral reefs.

(c) Minimize or avoid uptake of ballast water in all of the following areas and circumstances:

(1) Areas known to have infestations or populations of nonindigenous organisms and pathogens.

(2) Areas near a sewage outfall.

(3) Areas for which the master, owner, operator, or person in charge of a vessel has been informed of the presence of toxic algal blooms.

(4) Areas where tidal flushing is known to be poor or in turbid waters.

(5) In darkness when bottom-dwelling organisms may rise up in the water column.

(6) Areas where sediments have been disturbed, such as near dredging operations or where propellers may have recently stirred up the sediment.

(d) Clean the ballast tanks regularly in mid-ocean waters, or under controlled arrangements in port or in drydock, to remove fouling organisms and sediments, and dispose of those organisms and sediments in accordance with local, state, and federal law.

(e) Rinse anchors and anchor chains when retrieving the anchor to remove organisms and sediments at their place of origin.

(f) (1) Remove hull fouling organisms from hull, piping, propellers, sea chests, and other submerged portions of a vessel, on a regular basis, and dispose of removed substances in accordance with local, state, and federal law.

(2) For purposes of paragraph (1), prior to and until the date that the regulations described in Section 71204.6 are adopted, "regular basis" means any of the following:

(A) No longer than by the date of expiration on the vessel's full-term Safety Construction Certificate or an extension of that expiration date.

(B) No longer than by the date of expiration of the vessel's full-term United States Coast Guard Certificate of Inspection or an extension of that expiration date by the United States Coast Guard.

(C) No longer than 60 months since the time of the vessel's last out-of-water drydocking. The commission may approve a time extension to this period.

(3) Inwater cleaning that is performed on the submerged portions of a vessel while in the waters of the state shall be conducted using best available technologies economically achievable, and designed to minimize the release of coating and biological materials, cleaning agents, and byproducts of the cleaning process into the surrounding waters. The cleaning shall be performed in accordance with local, state, and federal law.

(g) Provide access to the commission, upon request, for sampling of ballast intake and discharge.

(h) Maintain a ballast water management plan that was prepared specifically for the vessel and that shall, upon request, be made available to the commission for inspection and review. This plan shall be specific to each vessel and shall provide, at a minimum, a description of the ballast water management strategy for the vessel that is sufficiently detailed to allow a master or other appropriate ship's officer or crew member serving on that vessel to understand and follow the ballast water management strategy.

(i) Train the master, operator, person in charge, and those members of the crew who have responsibilities under the vessel's ballast water management plan, on the application of ballast water and sediment management and treatment procedures, as well as procedures described in this section, in order to minimize other releases of nonindigenous species from vessels.

SEC. 4. Section 71204.6 is added to the Public Resources Code, to read:

71204.6. On or before January 1, 2012, the commission, in consultation with the board, the United States Coast Guard, and a technical advisory group consisting of interested persons including, but

not limited to, shipping, port, and environmental conservation representatives, shall develop and adopt regulations governing the management of hull fouling on vessels arriving at a California port or place. The commission shall consider vessel design and voyage duration in developing the regulations. The regulations shall be based on the best available technology economically achievable and shall be designed to protect the waters of the state.

SEC. 5. Section 71205 of the Public Resources Code is amended to read:

71205. (a) (1) The master, owner, operator, agent, or person in charge of a vessel carrying, or capable of carrying, ballast water, that visits a California port or place, shall provide the information described in subdivision (c) in electronic or written form to the commission upon the vessel's departure from each port or place of call in California.

(2) The information described in subdivision (c) shall be submitted using a form developed by the United States Coast Guard.

CHAPTER 371

An act to amend Section 13271 of the Water Code, relating to water.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 13271 of the Water Code is amended to read:

13271. (a) (1) Except as provided by subdivision (b), any person who, without regard to intent or negligence, causes or permits any hazardous substance or sewage to be discharged in or on any waters of the state, or discharged or deposited where it is, or probably will be, discharged in or on any waters of the state, shall, as soon as (A) that person has knowledge of the discharge,(B) notification is possible, and (C) notification can be provided without substantially impeding cleanup or other emergency measures, immediately notify the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state toxic disaster contingency plan adopted pursuant to Article 3.7 (commencing with Section 8574.16) of Chapter 7 of Division 1 of Title 2 of the Government Code.

(2) The Office of Emergency Services shall immediately notify the appropriate regional board, the local health officer, and the director of environmental health of the discharge. The regional board shall notify the state board as appropriate.

(3) Upon receiving notification of a discharge pursuant to this section, the local health officer and the director of environmental health shall immediately determine whether notification of the public is required to safeguard public health and safety. If so, the local health officer and the director of environmental health shall immediately notify the public of the discharge by posting notices or other appropriate means. The notification shall describe measures to be taken by the public to protect the public health.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not more than twenty thousand dollars ($20,000) or imprisonment in a county jail for not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) For substances listed as hazardous wastes or hazardous material pursuant to Section 25140 of the Health and Safety Code, the state board, in consultation with the Department of Toxic Substances Control, shall by regulation establish reportable quantities for purposes of this section. The regulations shall be based on what quantities should be reported because they may pose a risk to public health or the environment if discharged to groundwater or surface water. Regulations need not set reportable quantities on all listed substances at the same time. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division, and shall not supersede or affect in any way the list, criteria, and guidelines for the identification of hazardous wastes and extremely hazardous wastes adopted by the Department of Toxic Substances Control pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. The regulations of the Environmental Protection Agency for reportable quantities of hazardous substances for

purposes of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 et seq.) shall be in effect for purposes of the enforcement of this section until the time that the regulations required by this subdivision are adopted.

(f) (1) The state board shall adopt regulations establishing reportable quantities of sewage for purposes of this section. The regulations shall be based on the quantities that should be reported because they may pose a risk to public health or the environment if discharged to groundwater or surface water. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division. For purposes of this section, "sewage" means the effluent of a municipal wastewater treatment plant or a private utility wastewater treatment plant, as those terms are defined in Section 13625, except that sewage does not include recycled water, as defined in subdivisions (c) and (d) of Section 13529.2.

(2) A collection system owner or operator, as defined in paragraph (1) of subdivision (a) of Section 13193, in addition to the reporting requirements set forth in this section, shall submit a report pursuant to subdivision (c) of Section 13193.

(g) Except as otherwise provided in this section and Section 8589.7 of the Government Code, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency. When notifying the Office of Emergency Services, the person shall include all of the notification information required in the permit.

(h) For the purposes of this section, the reportable quantity for perchlorate shall be 10 pounds or more by discharge to the receiving waters, unless a more restrictive reporting standard for a particular body of water is adopted pursuant to subdivision (e).

(i) Notification under this section does not nullify a person's responsibility to notify the local health officer or the director of environmental health pursuant to Section 5411.5 of the Health and Safety Code.

8670.48. (a) (1) A uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of petroleum products, as set by the administrator pursuant to subdivision (f), shall

be imposed upon every person owning petroleum products at the time the petroleum products are received at a marine terminal within this state by means of a vessel from a point of origin outside this state. The fee shall be remitted to the State Board of Equalization by the terminal operator on the 25th day of each month based upon the number of barrels of petroleum products received during the preceding month.

(2) Every owner of petroleum products is liable for the fee until it has been paid to the state, except that payment to a marine terminal operator registered under this chapter is sufficient to relieve the owner from further liability for the fee.

(b) Every operator of a pipeline shall also pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of petroleum products, as set by the administrator pursuant to subdivision (f), transported into the state by means of a pipeline operating across, under, or through the marine waters of the state. The fee shall be paid on the 25th day of each month based upon the number of barrels of petroleum products so transported into the state during the preceding month.

(c) (1) Every operator of a refinery shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of crude oil, as set by the administrator pursuant to subdivision (f), received at a refinery within the state. The fee shall be paid on the 25th day of each month based upon the number of barrels of crude oil so received during the preceding month.

(2) The fee shall not be imposed by a refiner, or a person or entity acting as an agent for a refiner, on crude oil produced by an independent crude oil producer as defined in paragraph (3). The board shall not identify a company as exempt from the fee requirements of this section if that company was reorganized, sold, or otherwise modified with the intent of circumventing the requirements of this section.

(3) For purposes of this chapter, "independent crude oil producer" means any person or entity producing crude oil within this state who performs no refining of crude oil into product, and who possesses or owns no retail gasoline marketing facilities.

(d) Every marine terminal operator shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25), in accordance with subdivision (g), for each barrel of crude oil, as set by the administrator pursuant to subdivision (f), that is transported from within this state by means of marine vessel to a destination outside this state.

(e) Every operator of a pipeline shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25), in accordance with subdivision (g), for each barrel of crude oil, as set by the

administrator pursuant to subdivision (f), transported out of the state by pipeline.

(f) (1) The fees required pursuant to this section shall be collected during any period for which the administrator determines that collection is necessary for any of the following reasons:

(A) The amount in the fund is less than or equal to 95 percent of the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code.

(B) Additional money is required to pay for the purposes specified in subdivision (k).

(C) The revenue is necessary to repay any draw on a financial security obtained by the Treasurer pursuant to subdivision (o) or any borrowing by the Treasurer pursuant to Article 7.5 (commencing with Section 8670.53.1) including any principal, interest, premium, fees, charges, or costs of any kind incurred in connection with those borrowings or financial security.

(2) The administrator, in consultation with the State Board of Equalization, and with the approval of the Treasurer, may direct the State Board of Equalization to cease collecting the fee when the administrator determines that further collection of the fee is not necessary for the purposes specified in paragraph (1).

(3) The administrator, in consultation with the State Board of Equalization, shall set the amount of the oil spill response fees. The oil spill response fees shall be imposed on all feepayers in the same amount. The administrator shall not set the amount of the fee at less than twenty-five cents ($0.25) for each barrel of petroleum products or crude oil, unless the administrator finds that the assessment of a lesser fee will cause the fund to reach the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code within four months. The fee shall not be less than twenty-five cents ($0.25) for each barrel of petroleum products or crude oil if the administrator has drawn upon the financial security obtained by the Treasurer pursuant to subdivision (o) or if the Treasurer has borrowed money pursuant to Article 7.5 (commencing with Section 8670.53.1) and principal, interest, premium, fees, charges, or costs of any kind incurred in connection with those borrowings remain outstanding or unpaid, unless the Treasurer has certified to the administrator that the money in the fund is not necessary for the purposes specified in paragraph (1).

(g) The fees imposed by subdivisions (d) and (e) shall be imposed in any calendar year beginning the month following the month when the total cumulative year-to-date barrels of crude oil transported outside the state by all feepayers by means of vessel or pipeline exceeds 6 percent by volume of the total barrels of crude oil and petroleum products subject

to oil spill response fees under subdivisions (a), (b), and (c) for the prior calendar year.

(h) For purposes of this chapter, "designated amount" means the amounts specified in Section 46012 of the Revenue and Taxation Code.

(i) The administrator, in consultation with the State Board of Equalization and with the approval of the Treasurer, shall authorize refunds of any money collected that is not necessary for the purposes specified in paragraph (1) of subdivision (f). The State Board of Equalization, as directed by the administrator, and in accordance with Section 46653 of the Revenue and Taxation Code, shall refund the excess amount of fees collected to each feepayer who paid the fee to the state, in proportion to the amount that each feepayer paid into the fund during the preceding 12 monthly reporting periods in which there was a fee due, including the month in which the fund exceeded the specified amount. If the total amount of money in the fund exceeds the amount specified in this subdivision by 10 percent or less, refunds need not be ordered by the administrator. Nothing in this section shall require the refund of excess fees as provided in this subdivision more frequently than once each year.

(j) The State Board of Equalization shall collect the fee and adopt regulations implementing the fee collection program. All fees collected pursuant to this section shall be deposited in the Oil Spill Response Trust Fund.

(k) The fee described in this section shall be collected solely for any of the following purposes:

(1) To provide funds to cover promptly the costs of response, containment, and cleanup of oil spills into marine waters, including damage assessment costs, and wildlife rehabilitation as provided in Section 8670.61.5.

(2) To cover response and cleanup costs and other damages suffered by the state or other persons or entities from oil spills into marine waters, which cannot otherwise be compensated by responsible parties or the federal government.

(3) To pay claims for damages pursuant to Section 8670.51.

(4) To pay claims for damages, except for damages described in paragraph (7) of subdivision (h) of Section 8670.56.5, pursuant to Section 8670.51.1.

(5) To pay for the cost of obtaining financial security in the amount specified in subdivision (b) of Section 46012 of the Revenue and Taxation Code, as authorized by subdivision (o).

(6) To pay indemnity and related costs and expenses as authorized by Section 8670.56.6.

(7) To pay principal, interest, premium, if any, and fees, charges, and costs of any kind incurred in connection with moneys drawn by the administrator on the financial security obtained by the Treasurer pursuant to subdivision (o) or borrowed by the Treasurer pursuant to Article 7.5 (commencing with Section 8670.53.1).

(8) To pay for the costs of rescue, medical treatment, rehabilitation, and disposition of oiled wildlife, as incurred by the network of oiled wildlife rescue and rehabilitation stations created pursuant to Section 8670.37.5.

(*l*) (1) The interest that the state earns on the funds deposited into the Oil Spill Response Trust Fund shall be deposited in the fund and shall be used to maintain the fund at the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code. Interest earned until July 1, 1998, on funds deposited pursuant to subdivision (a) of Section 46012 of the Revenue and Taxation Code, as determined jointly by the Controller and the Director of Finance, shall be available upon appropriation by the Legislature in the Budget Act to establish, equip, operate, and maintain the network of rescue and rehabilitation stations for oiled wildlife as described in Section 8670.37.5 and to support technology development and research related to oiled wildlife care. Interest earned on the financial security portion of the fund, required to be accessible pursuant to subdivision (b) of Section 46012 of the Revenue and Taxation Code shall not be available for that purpose. If the amount in the fund exceeds that designated amount, the interest not needed to equip, operate, and maintain the network of rescue and rehabilitation stations, or for appropriate technology development and research regarding oiled wildlife care, shall be deposited into the Oil Spill Prevention and Administration Fund, and shall be available for the purposes authorized by Article 6 (commencing with Section 8670.38).

(2) (A) For each fiscal year, consistent with this article, the administrator shall submit, as a proposed appropriation in the Governor's Budget, an amount up to one million five hundred thousand dollars ($1,500,000), of the interest earned on the funds deposited into the Oil Spill Response Trust Fund, for the purpose of equipping, operating, and maintaining the network of oiled wildlife rescue and rehabilitation stations established pursuant to Section 8670.37.5 and for support of technology development and research related to oiled wildlife care. The remaining interest shall be deposited into the Oil Spill Prevention and Administration Fund pursuant to paragraph (1).

(B) The administrator shall report to the Legislature not later than June 30, 2002, on the progress and effectiveness of the network of oiled wildlife rescue and rehabilitation stations established pursuant to Section

8670.37.5, and the adequacy of the Oil Spill Response Trust Fund to meet the purposes for which it was established.

(C) At the administrator's request, the funds made available pursuant to this paragraph may be directly appropriated to a suitable program for wildlife health and rehabilitation within a school of veterinary medicine within this state, provided that an agreement exists, consistent with this chapter, between the administrator and an appropriate representative of the program for carrying out that purpose. The administrator shall attempt to have an agreement in place at all times. The agreement shall ensure that the training of, and the care provided by, the program staff are at levels that are consistent with those standards generally accepted within the veterinary profession.

(D) The funds made available pursuant to this paragraph shall not be considered an offset to any other state funds appropriated to the program, the program's associated school of veterinary medicine, or the program's associated college or university, and the funds shall not be used for any other purpose. If an offset does occur or the funds are used for an unintended purpose, expenditure of any appropriation of funds pursuant to this paragraph may be terminated by the administrator and the administrator may request a reappropriation to accomplish the intended purpose. The administrator shall annually review and approve the proposed uses of any funds made available pursuant to this paragraph.

(m) The Legislature finds and declares that effective response to oil spills requires that the state have available sufficient funds in a response fund. The Legislature further finds and declares that maintenance of that fund is of utmost importance to the state and that the money in the fund shall be used solely for the purposes specified in subdivision (k).

(n) It is the intent of the Legislature, in enacting this section, that the fee shall not be imposed by a refiner, or a person or entity acting as an agent for a refiner, on crude oil produced by an independent crude oil producer.

(o) The Treasurer shall obtain financial security, in the designated amount specified in subdivision (b) of Section 46012 of the Revenue and Taxation Code, in a form which, in the event of an oil spill, may be drawn upon immediately by the administrator upon making the determinations required by paragraph (2) of subdivision (a) of Section 8670.49. The financial security may be obtained in any of the forms described in subdivision (b) of Section 8670.53.3, as determined by the Treasurer.

(p) Nothing in this section limits the authority of the administrator to raise oil spill response fees pursuant to Section 8670.48.5.

SEC. 7. Section 8670.48.5 of the Government Code is amended to read:

8670.48.5. (a) The administrator may raise the fees specified in Section 8670.48 to a maximum of one dollar ($1) per barrel, provided that the fee may only be raised by maximum increments of twenty-five cents ($0.25) not more frequently than once every three months. The administrator shall raise the fee only upon making all of the following findings:

(1) There have been, or are existing, demands for expenditures from the fund for allowable purposes that have severely depleted or exhausted, or will severely deplete or exhaust, the fund.

(2) The Governor has requested the Treasurer to borrow the moneys and the Treasurer finds that the fee is insufficient for the Treasurer to borrow enough money to meet the reasonably anticipated demands on the fund for authorized expenditures, including providing moneys for the costs of response, containment, and cleanup of oil spills, damage assessment costs, wildlife rehabilitation, emergency loans, and damage claims, and to repay those borrowings, or the Treasurer finds that the fee is insufficient to repay and secure existing draws by the administrator on the financial security obtained by the Treasurer pursuant to subdivision (o) of Section 8670.48 or borrowings by the Treasurer pursuant to Article 7.5 (commencing with Section 8670.53.1).

(3) Failure to raise the fee in the amount proposed will result in unmet or unpaid, authorized expenditures or noncompliance with any resolutions or contracts entered into in connection with obtaining the financial security pursuant to subdivision (o) of Section 8670.48 or borrowings by the Treasurer pursuant to Article 7.5 (commencing with Section 8670.53.1).

(b) At least 30 days prior to the day the increased fee shall be effective, the administrator shall inform the Legislature of his or her intent to raise the fee.

(c) Each incremental increase shall be effective until the later of (1) the delivery by the Treasurer of a certificate to the administrator as authorized by subdivision (f) of Section 8670.53.3 or (2) the expiration date established by the administrator not to exceed one year. The increase may be renewed by the administrator before its expiration upon making the findings required by subdivision (a).

(d) It is the intent of the Legislature that the fund shall not be used for any purpose other than those set forth in this chapter.

SEC. 8. Section 8670.49 of the Government Code is amended to read:

8670.49. (a) (1) The administrator may only expend money from the fund to pay for any of the following, subject to the lien established in Section 8670.53.2:

(A) To pay the cost of obtaining financial security as authorized by paragraph (5) of subdivision (k) and subdivision (o) of Section 8670.48.

(B) To pay the principal, interest, premium, if any, and fees, charges, and costs of any kind incurred in connection with moneys drawn by the administrator on the financial security obtained by the Treasurer, or the moneys borrowed by the Treasurer, as authorized by paragraph (7) of subdivision (k) of Section 8670.48.

(C) To pay for the construction, equipping, operation, and maintenance of rescue and rehabilitation facilities, and technology development for oiled wildlife care from interest earned on money deposited in the fund as authorized by subdivision (*l*) of Section 8670.48.

(D) To pay for the costs of rescue, medical treatment, rehabilitation, and disposition of oiled wildlife, as incurred by the network of oiled wildlife rescue and rehabilitation stations pursuant to subdivision (f) of Section 8670.37.5.

(E) To pay for the expansion, in the VTS area, pursuant to Section 445 of the Harbors and Navigation Code, of the vessel traffic service system (VTS system) authorized pursuant to subdivision (f) of Section 8670.21.

(2) If a spill has occurred, the administrator may expend the money in the fund for the purposes identified in paragraphs (1), (2), (3), (4), and (6) of subdivision (k) of Section 8670.48 only upon making the following determinations:

(A) Except as authorized by Section 8670.51.1, a responsible party does not exist or the responsible party is unable or unwilling to provide adequate and timely cleanup and to pay for the damages resulting from the spill. The administrator shall make a reasonable effort to have the party responsible remove the oil or agree to pay for any actions resulting from the spill that may be required by law, provided that the efforts are not detrimental to fish, plant, animal, or bird life in the affected waters. The reasonable effort of the administrator shall include attempting to access the responsible parties' insurance or other proof of financial responsibility.

(B) Sufficient federal oil spill funds are not available or will not be available in an adequate period of time.

(3) Notwithstanding any other provision of this subdivision, the administrator may expend money from the fund for authorized expenditures when a reimbursement procedure is in place to receive reimbursements for those expenditures from federal oil spill funds.

(b) Upon making the determinations specified in paragraph (2) of subdivision (a), the administrator shall immediately make whatever payments are necessary for responding to, containing, or cleaning up, the spill, including any wildlife rehabilitation required by law and

payment of claims pursuant to Sections 8670.51 and 8670.51.1, subject to the lien established by Section 8670.53.2.

SEC. 9. Section 8670.50 of the Government Code is amended to read:

8670.50. (a) Money from the fund may only be expended to cover the costs incurred by the state and local governments and agencies for any of the following:

(1) Responding promptly to, containing, and cleaning up the discharge, if those efforts are any of the following:

(A) Undertaken pursuant to the state and local oil spill contingency plans established under this chapter, and the marine response element of the California oil spill contingency plan established under Article 3.5 (commencing with Section 8574.1) of Chapter 7.

(B) Undertaken consistent with the standardized emergency management system established pursuant to Section 8607.

(C) Undertaken at the direction of the administrator.

(2) Meeting the requirements of Section 8670.61.5, relating to wildlife rehabilitation.

(3) Making the payments authorized by subdivision (k) of Section 8670.48.

(b) In the event of an oil spill, the administrator shall make whatever expenditures are necessary and appropriate from the fund to cover the costs described in subdivision (a), subject to the lien established pursuant to Section 8670.53.2.

SEC. 10. Section 8670.53.1 of the Government Code is amended to read:

8670.53.1. (a) Following an oil spill, the administrator, in consultation with the Treasurer, shall notify the Governor if the administrator determines that it is likely that there will not be sufficient moneys in the fund, including both projected revenues to the fund and the financial security obtained pursuant to subdivision (o) of Section 8670.48, to pay, in a timely manner, the expected costs permitted under this chapter.

(b) Following an oil spill, if the Treasurer has obtained financial security pursuant to subdivision (o) of Section 8670.48 in the form of a loan from the Pooled Money Investment Account, the Treasurer shall notify the Governor if the draws on the financial security will likely create a cashflow problem for the Pooled Money Investment Account that would require the loan to be repaid and replaced by borrowing from another source.

(c) Upon notification pursuant to subdivision (a) or (b), the Governor shall request that the federal government pay the cost for response, containment, cleanup, wildlife rehabilitation, and payment of damages.

If sufficient federal funds are not available within five days, the Governor shall make a written request to the Treasurer to borrow and deposit in the fund the amount necessary, as determined by the administrator, to pay those estimated excess response costs, including costs specified in paragraphs (1), (2), (3), (4), (6), and (8) of subdivision (k) of Section 8670.48, and, if necessary, to repay any draws upon the financial security obtained by the Treasurer pursuant to subdivision (o) of Section 8670.48.

(d) The Governor, the Controller, the Treasurer, and the administrator shall immediately take whatever action is necessary and appropriate to ensure that the state has the ability to borrow the maximum additional amount necessary to carry out this chapter.

(e) The party responsible for the spill shall be liable to the state for all money borrowed by the Treasurer under this chapter, including draws on the financial security obtained pursuant to subdivision (o) of Section 8670.48, for the purpose of responding to the oil spill, including principal, interest, and premium, if any, and all associated fees, costs, and other charges incurred by the state in connection with that borrowing, whether or not all or a portion of the borrowed money has been repaid through the oil spill response fee or by federal funds.

(f) No funds available pursuant to this article may be expended for any activities which result in a net environmental enhancement. It is the intent of the Legislature that borrowed funds be expended solely for oil spill response, containment, cleanup, wildlife rehabilitation, and damages resulting from oil spills.

SEC. 11. Section 8670.53.2 of the Government Code is amended to read:

8670.53.2. Money borrowed pursuant to this chapter, including draws on the financial security obtained pursuant to subdivision (o) of Section 8670.48, shall be expended and repaid pursuant to Sections 8670.48 and 8670.49. So long as any of those borrowings are outstanding, fees and any other moneys in the fund are pledged to the repayment of the borrowings, to the extent provided in a resolution of the Pooled Money Investment Board in connection with a loan from the Pooled Money Investment Account or a resolution of issuance for any other borrowing arranged by the Treasurer. The pledge shall constitute a first lien and security interest, ratably with all other prior or subsequent borrowings unless the Treasurer provides in a resolution of issuance, that any borrowing shall constitute a junior lien, which shall immediately attach on the fees deposited in the fund, and shall be effective, binding, and enforceable against the state and any other person asserting rights therein without need of any physical delivery, recordation, filing, or other action.

SEC. 12. Section 8670.53.3 of the Government Code is amended to read:

8670.53.3. (a) For purposes of this section, the following definitions shall apply:

(1) "Bond" means any bond, note, commercial paper, bond anticipation note, or other evidence of indebtedness that the Treasurer is authorized to issue for purposes of this chapter.

(2) "Standby arrangement" means a line of credit, letter of credit, or other financial arrangement with a financial institution or lending entity that allows for ready access to money.

(b) To provide funds to pay for costs of an oil spill, as set forth in Section 8670.48, in excess of money in the fund as set forth in subdivision (a) of Section 8670.53.1, the Treasurer shall make necessary financial arrangements to obtain the additional money needed to pay those costs, and that borrowing shall be reimbursed or repaid from future deposits into the fund. The Treasurer may also enter any financial arrangement necessary or appropriate to refund any draw by the administrator pursuant to subdivision (o) of Section 8670.48, and that borrowing shall be reimbursed or repaid from future deposits into the fund. The financial arrangements may take the following forms, or any combination thereof:

(1) Establishment of one or more standby arrangements.

(2) Sale of bonds to provide funds for purposes of this chapter, to repay any prior drawings by the Treasurer on a standby arrangement or any drawings by the administrator on the financial security obtained by the Treasurer pursuant to subdivision (o) of Section 8670.48, to repay money borrowed from the Pooled Money Investment Account, or to refund or extend any previously issued bonds.

(3) Borrowing from the Pooled Money Investment Account.

(4) Any other financial arrangement the Treasurer determines to be appropriate and cost effective.

(c) The Treasurer may enter into any financial arrangement authorized in subdivision (b) at any time, or from time to time, on a negotiated or competitive bid basis, as the Treasurer shall determine to be advisable.

(d) (1) The Governor, in any written request to the Treasurer pursuant to subdivision (c) of Section 8670.53.1, shall, to the extent feasible, state both of the following:

(A) The amount of funds needed each month over the period covered by the request.

(B) The estimated income to the fund each month from all sources that will be available to pay or retire any debt service or to pay any other expenses, fees, or costs incurred in connection with obligations issued pursuant to this chapter.

(2) The Governor may submit multiple requests to the Treasurer with respect to the same oil spill, or with respect to different oil spills. On

receipt of a written request pursuant to this section, the Treasurer may draw on a standby arrangement, may use any other financial arrangement, or may issue bonds to provide funds not exceeding the amounts requested.

(e) Upon receipt of a written request for funds from the Governor, the following shall occur:

(1) The Treasurer shall convene a meeting of the Pooled Money Investment Board to obtain the funds through interim borrowing from the Pooled Money Investment Account except that no meeting is required where the request to borrow is for the purpose of repayment of a loan from the Pooled Money Investment Account.

(2) The Treasurer shall ensure that the funds will thereafter be available in accordance with a financing schedule mutually agreeable to the administrator and the Treasurer.

(f) This article does not require the Treasurer to borrow more money than can be repaid from amounts available to the fund for that purpose. The Treasurer shall not be required to consider as available to the fund any future deposits resulting from an increase of the fees specified in Section 8670.48.5 until that increase has actually become effective. Once effective, the administrator shall not retract, reduce, or reject the increase unless the Treasurer certifies to the administrator that the retraction, reduction, or rejection will not diminish the security for, or ability to repay, amounts borrowed under this article or drawn pursuant to subdivision (o) of Section 8670.48. The amount of borrowing that can be repaid from amounts available to the fund for that purpose shall be determined by the Treasurer in his or her sole discretion, giving due consideration to factors concerning security for, marketability of, and repayment of, any financial arrangements or other obligations that the Treasurer elects to make, incur, or issue for the purposes of complying with this chapter.

SEC. 13. Section 8670.53.4 of the Government Code is amended to read:

8670.53.4. (a) With the exception of borrowing from the Pooled Money Investment Account, which shall be on the terms determined by the Pooled Money Investment Board, the entry into or issuance of any financial arrangement pursuant to this article and obtaining the financial security pursuant to subdivision (o) of Section 8670.48, including the issuance of bonds, or other obligations, shall be authorized by a resolution adopted by the Treasurer. Any of these financial arrangements, including bonds or other obligations, (1) may be negotiable, (2) may be payable to order or to the bearer, (3) may be in any denomination, (4) shall be payable not later than 20 years from the date of issuance, (5) may bear interest at a fixed or variable rate or rates to be determined as provided by the resolution and payable as provided therein, (6) may be payable

on a fixed date or upon demand of the holder, (7) may be made subject to the prepayment or redemption at the option of the state or at the option of the holder, and (8) may contain such other terms as the Treasurer may determine to be necessary and appropriate.

(b) In connection with any financial arrangement made or issued by the Treasurer pursuant to this chapter, including the issuance of bonds or other obligations, the Treasurer may obtain or arrange for any insurance, letter of credit, or other credit enhancement or liquidity arrangements as the Treasurer determines to be appropriate and cost effective, and may enter into any contracts or agreements for those arrangements not inconsistent with this chapter.

(c) Proceeds of any borrowing authorized pursuant to this chapter, including from the issuance of any bonds, other obligations, or drawings on any standby arrangement or other financial arrangements, shall be deposited in the fund.

(d) Any bonds or other obligations issued under this chapter may be secured by a trust agreement or indenture by and between the state and a trustee. The trustee may be the Treasurer or a bank or trust company chartered under the laws of this state or of the United States and designated by the Treasurer.

(e) The Treasurer may provide for the issuance and sale or exchange of refunding bonds for the purpose of redeeming, retiring, or purchasing for retirement, outstanding bonds at or before their maturity, if the Treasurer and the administrator determines that refunding is necessary or advisable in order to do either of the following:

(1) To effect a favorable reorganization of the debt structure of the bonds.

(2) To effect a saving in debt service cost, as measured by the present value of that saving.

SEC. 14. Section 8670.53.5 of the Government Code is amended to read:

8670.53.5. Any financial arrangements made or issued pursuant to this article or subdivision (o) of Section 8670.48, including the issuance of bonds or other obligations, and the repayment of any of these obligations, shall be special obligations of the state secured solely by the moneys in the fund. None of these financial arrangements, including bonds or other obligations, shall be or become a lien, charge, or liability against the State of California or against its property or funds except to the extent of the pledges expressly made by this article. Each of these financial arrangements, including bonds or other obligations, shall contain a recital stating that neither the payment of the principal thereof, nor any interest thereon, constitutes a debt, liability, or general obligation of the State of California other than as provided in this article, and neither the

faith and credit nor the taxing power of the state are pledged to the repayment thereof.

SEC. 15. Section 8670.53.7 of the Government Code is amended to read:

8670.53.7. (a) All financial arrangements made or issued pursuant to this article or subdivision (o) of Section 8670.48, including bonds or other obligations, are a legal investment for any of the following:

(1) Trust funds.

(2) Funds of insurers.

(3) Funds of savings and loan associations.

(4) Funds of banks.

(5) Funds of state agencies, cities, counties, cities and counties, or other public agencies or corporations.

(b) All financial arrangements, made or issued pursuant to this article or subdivision (o) of Section 8670.48, including bonds or other obligations, are acceptable and may be used as security for the faithful performance of any public or private trust or obligation or for the performance of any act, including the use of notes by banks as security for deposits of funds of the state and its agencies, or of any city, county, city and county, or other public agency or corporation.

SEC. 16. Section 8670.53.8 of the Government Code is amended to read:

8670.53.8. Notwithstanding Section 13340, there is hereby appropriated from the fund, without regard to fiscal years, any and all moneys necessary to pay principal, interest, premium, if any, and fees, costs, or charges of any kind incurred by the state under or in connection with any standby arrangement, or other financial arrangement, including bonds or other obligations, made or issued pursuant to this article and pursuant to subdivision (o) of Section 8670.48, or any rebate penalty, or other payment necessary to maintain the federal tax-exempt status of that financial arrangement, including bonds or other obligations. The Treasurer shall advise the administrator and the Controller of amounts necessary to pay the principal, interest, premiums, fees, costs, or charges on any of those arrangements or obligations made or issued pursuant to this article and subdivision (o) of Section 8670.48, and those amounts shall not be available for expenditure for other purposes.

SEC. 17. Section 8670.53.95 of the Government Code is amended to read:

8670.53.95. Section 10295 and Sections 10336 to 10381, inclusive, of the Public Contract Code shall not apply to agreements entered into by the Treasurer in connection with making or issuing of any financial arrangements, including the issuance of bonds or other obligations, authorized by this article or by subdivision (o) of Section 8670.48.

SEC. 18. Section 8670.56.7 of the Government Code is repealed.

SEC. 19. Section 46054 of the Revenue and Taxation Code is amended to read:

46054. (a) The board shall notify the feepayers that, as of the first of the month following the notification, no fee shall be imposed whenever the administrator, in consultation with the board, and with the approval of the Treasurer, determines that the amount in the Oil Spill Response Trust Fund, collected pursuant to Section 46052, is equal to the amount specified in subdivision (a) of Section 46012, and the collection of the fee is not required for any of the following purposes:

(1) The purposes specified in subdivision (k) of Section 8670.48 of the Government Code.

(2) To repay any draw on a financial security obtained by the Treasurer pursuant to subdivision (o) of Section 8670.48 of the Government Code, including any principal, interest, premium, fees, charges, or costs of any kind incurred in connection with that financial security.

(3) To repay any borrowing by the Treasurer pursuant to Article 7.5 (commencing with Section 8670.53.1) of Chapter 7.4 of Division 1 of Title 2 of the Government Code, including any principal, interest, premium, fees, charges, or costs of any kind incurred in connection with that borrowing.

(b) Whenever the fee has ceased to be imposed in accordance with subdivision (a), the administrator may direct the board to resume collection of the fee, if the administrator, in consultation with the board, pursuant to paragraph (1) of subdivision (f) of Section 8670.48 of the Government Code, makes one of the following determinations:

(1) The amount in the Oil Spill Response Trust Fund is less than or equal to 95 percent of the amount specified in subdivision (a) of Section 46012.

(2) Additional money is required for the purposes specified in subdivision (k) of Section 8670.48 of the Government Code.

(3) That revenue is necessary to repay any draw on a financial security obtained by the Treasurer pursuant to subdivision (o) of Section 8670.48 of the Government Code or any borrowing by the Treasurer pursuant to Article 7.5 (commencing with Section 8670.53.1) of the Government Code, including any principal, interest, premium, fees, charges, or costs of any kind incurred in connection with those borrowings or that financial security.

(c) If the administrator directs the board to resume collection of the fee, the board shall notify the feepayers, upon the first of the month following the notification, that the fee will be imposed.

SEC. 20. Section 46653 of the Revenue and Taxation Code is amended to read:

46653. (a) Except as provided in subdivision (c), the administrator shall direct the board to provide refunds of the excess money whenever the administrator makes both of the following determinations:

(1) The administrator determines, pursuant to subdivision (i) of Section 8670.48 of the Government Code, that the total amount in the Oil Spill Response Trust Fund, collected pursuant to Section 46052, exceeds the total of the amount specified in subdivision (a) of Section 46012.

(2) The administrator determines additional collection is not necessary to provide for the purposes specified in paragraphs (1) to (6), inclusive, and paragraph (8), of subdivision (k) of Section 8670.48 of the Government Code or to repay any draw upon the financial security obtained by the Treasurer pursuant to subdivision (o) of Section 8670.48 of the Government Code or money borrowed pursuant to Article 7.5 (commencing with Section 8670.53.1) of Chapter 7.4 of Division 1 of Title 2 of the Government Code, including principal, interest, premium, fees, charges, or costs of any kind incurred in connection with those borrowings or that financial security.

(b) The board, as directed by the administrator pursuant to subdivision (a), shall refund the excess money in that fund to each person who paid the fee to the state in proportion to the amount that person paid into the fund during the preceding 12 monthly reporting periods in which there was a fee due, including the month in which the fund exceeded the amount specified in subdivision (a) of Section 46012.

(c) If the amount of money in the fund exceeds the amount specified in this section by 10 percent or less, the administrator is not required to order refunds pursuant to this section.

(d) Nothing in this section shall require the refund of excess fees more frequently than once each year.

SEC. 21. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to resolve existing statutory ambiguities and to ensure that the financial security obtained by the Treasurer for an oil spill response is valid obligation secured by the state's authority to issue bonds, and that the funds necessary to respond to an oil spill are available, thereby protecting public health and safety and the environment, it is necessary that this act take effect immediately.

CHAPTER 374

An act to amend Section 35650 of the Public Resources Code, relating to ocean resources.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 35650 of the Public Resources Code is amended to read:

35650. (a) The California Ocean Protection Trust Fund is established in the State Treasury.

When using a drug order, the physician assistant is acting on behalf of and as the agent of a supervising physician and surgeon.

(e) The medical record of any patient cared for by a physician assistant for whom the physician assistant's Schedule II drug order has been issued or carried out shall be reviewed and countersigned and dated by a supervising physician and surgeon within seven days.

(a) The City and County of San Francisco may install automated forward facing parking control devices on city-owned public transit vehicles, as defined by Section 99211 of the Public Utilities Code for the purpose of video imaging of parking violations occurring in transit-only traffic lanes. Citations shall only be issued for violation captured during the posted hours of operation for a transit-only traffic lane. The devices shall be angled and focused so as to capture video images of parking violations and not unnecessarily capture identifying images of other drivers, vehicles, and pedestrians.

(b) Prior to issuing notices of parking violations pursuant to subdivision (a) of Section 40241, the City and County of San Francisco shall commence a program to issue only warning notices for 30 days. The City and County of San Francisco shall also make a public announcement of the program at least 30 days prior to commencement of issuing notices of parking violations.

(c) A designated employee of the City and County of San Francisco, who is qualified by the city and county to issue parking citations, shall review video image recordings for the purpose of determining whether a parking violation occurred in a transit-only traffic lane. A violation of a statute, regulation, or ordinance governing vehicle parking under this code, under a federal or state statute or regulation, or under an ordinance enacted by the City and County of San Francisco occurring in a transit-only traffic lane observed by the designated employee in the recordings is subject to a civil penalty.

(d) The registered owner shall be permitted to review the video image evidence of the alleged violation during normal business hours at no cost.

(e) (1) Except as it may be included in court records described in Section 68152 of the Government Code, or as provided in paragraph (2), the video image evidence may be retained for up to six months from the date the information was first obtained, or 60 days after final disposition of the citation, whichever date is later, after which time the information shall be destroyed.

(2) Notwithstanding Section 26202.6 of the Government Code, video image evidence from forward facing automated enforcement devices that does not contain evidence of a parking violation occurring in a transit-only traffic lane shall be destroyed within 15 days after the information was first obtained.

(f) Notwithstanding Section 6253 of the Government Code, or any other provision of law, the video image records are confidential. Public agencies shall use and allow access to these records only for the purposes authorized by this article.

(g) For the purposes of this article, "local agency" means the City and County of San Francisco.

(h) For the purposes of this article, "transit-only traffic lane" means any of the designated transit-only lanes that were designated on or before January 1, 2008, on Beach Street, Bush Street, Clay Street, First Street, Fourth Street, Fremont Street, Geary Boulevard, Jefferson Street, Jones Street, Mission Street, Market Street, O'Farrell Street, Post Street, Potrero Street, Sacramento Street, Sansome Street, Stockton Street, Sutter Street, and Third Street.

(i) Video images captured pursuant to this article shall not be transmitted wirelessly.

40241. (a) A designated employee of the local agency shall issue a notice of a parking violation to the registered owner of a vehicle within 15 calendar days of the date of the violation. The notice of violation shall set forth the violation of a statute, regulation, or ordinance governing vehicle parking under this code, under a federal or state statute or regulation, or under an ordinance enacted by the City and County of San Francisco occurring in a transit-only traffic lane, a statement indicating that payment is required within 21 calendar days from the date of citation issuance, and the procedure for the registered owner, lessee, or rentee to deposit the parking penalty or contest the citation pursuant to Section 40215. The notice of a parking violation shall also set forth the date, time, and location of the violation, the vehicle license number, registration expiration date if visible, the color of the vehicle, and, if possible, the make of the vehicle. The notice of parking violation, or copy of the notice, shall be considered a record kept in the ordinary course of business of the City and County of San Francisco and shall be prima facie evidence of the facts contained in the notice. The City and County of San Francisco shall send information regarding the process for requesting review of the video image evidence along with the notice of parking violation.

(b) The notice of parking violation shall be served by depositing the notice in the United States mail to the registered owner's last known address listed with the Department of Motor Vehicles. Proof of mailing demonstrating that the notice of parking violation was mailed to that address shall be maintained by the local agency. If the registered owner, by appearance or by mail, makes payment to the processing agency or contests the violation within either 21 calendar days from the date of mailing of the citation, or 14 calendar days after the mailing of the notice of delinquent parking violation, the parking penalty shall consist solely of the amount of the original penalty.

(c) If, within 21 days after the notice of parking violation is issued, the local agency determines that, in the interest of justice, the notice of parking violation should be canceled, the local agency shall cancel the notice of parking violation pursuant to subdivision (a) of Section 40215. The reason for the cancellation shall be set forth in writing.

(d) Following an initial review by the local agency, and an administrative hearing, pursuant to Section 40215, a contestant may seek court review by filing an appeal pursuant to Section 40230.

(e) The City and County of San Francisco may contract with a private vendor for the processing of notices of parking violations and notices

of delinquent violations. The City and County of San Francisco shall maintain overall control and supervision of the program.

40242. Notwithstanding Section 7550.5 of the Government Code, if the City and County of San Francisco implements a parking enforcement pilot program pursuant to this article, no later than March 1, 2011, the City and County of San Francisco shall provide to the transportation committees of the Legislature an evaluation of the pilot program's effectiveness.

40243. This article shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

SEC. 4. The Legislature finds and declares that the public interest would be served through the use of automated forward facing parking control devices as a reliable and cost-effective means of enforcing traffic and parking laws, reducing traffic congestion, and improving the flow of city-owned public transit vehicles and street sweepers that can be significantly impeded by double-parked vehicles, without significantly impinging on the privacy rights of individuals depicted in the video image records.

CHAPTER 380

An act to amend Sections 920, 929, 930, 944, and 945 of the Military and Veterans Code, relating to veterans.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 920 of the Military and Veterans Code is amended to read:

920. As used in this article, unless the context otherwise indicates, "veteran" means a person who has been honorably discharged from the United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Coast Guard, the Merchant Marine, or the American Red Cross, and who has served in any war.

SEC. 2. Section 929 of the Military and Veterans Code is amended to read:

929. The necessary expenses, not to exceed three hundred fifty dollars ($350), for burial or cremation of any indigent veteran may be paid out of the money available under this article.

SEC. 3. Section 930 of the Military and Veterans Code is amended to read:

930. The money necessary to carry out this article may be taken from the general fund of the county.

SEC. 4. Section 944 of the Military and Veterans Code is amended to read:

944. In the event a deceased veteran or a widow of a veteran has been interred other than by the person designated by the board of supervisors, the person so designated may pay the sum of three hundred fifty dollars ($350) toward the burial expenses of the person who would have been entitled to interment by the person designated by the supervisors.

SEC. 5. Section 945 of the Military and Veterans Code is amended to read:

945. The expenses to the county of each burial or contribution shall not exceed the sum of three hundred fifty dollars ($350). Claims therefor are governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code.

CHAPTER 381

An act to amend Section 17942 of, and to add Section 19394 to, the Revenue and Taxation Code, relating to limited liability companies, to take effect immediately, tax levy.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the changes made by this act with respect to Section 17942 of the Revenue and Taxation Code are necessary to provide for the equitable tax treatment for limited liability companies in light of the following:

(a) The California Limited Liability Act (Ch. 1200, Stats. 1994) authorized limited liability companies for the first time to organize and register in the state. The Legislature was advised that an increasing number of businesses would organize as limited liability companies rather than corporations, resulting in a decrease in income and franchise tax revenue. To offset the loss in tax revenue, certain limited liability companies are required to pay an annual fee based on total income from all sources reportable to the state.

(b) The Legislature finds and declares that its intent in adopting Section 17942 was to ensure that limited liability companies pay a fair and appropriate amount to the State of California, consistent with constitutional limits, and the changes made by this act with respect to Section 17942 serve a public purpose and are in furtherance of the public

interest in the fair taxation of limited liability companies doing business in the state by applying the apportionment and allocation provisions to total income for purposes of determining the amount of the limited liability company fee.

(c) The Legislature further finds and declares that this act serves a public purpose and sound tax policy by affording equitable tax treatment to many taxpayers doing business in this state with the expectation of paying a limited liability company fee that is relative to the level of activity in the state.

SEC. 2. Section 17942 of the Revenue and Taxation Code is amended to read:

17942. (a) In addition to the tax imposed under Section 17941, every limited liability company subject to tax under Section 17941 shall pay annually to this state a fee equal to:

(1) Nine hundred dollars ($900), if the total income from all sources derived from or attributable to this state for the taxable year is two hundred fifty thousand dollars ($250,000) or more, but less than five hundred thousand dollars ($500,000).

(2) Two thousand five hundred dollars ($2,500), if the total income from all sources derived from or attributable to this state for the taxable year is five hundred thousand dollars ($500,000) or more, but less than one million dollars ($1,000,000).

(3) Six thousand dollars ($6,000), if the total income from all sources derived from or attributable to this state for the taxable year is one million dollars ($1,000,000) or more, but less than five million dollars ($5,000,000).

(4) Eleven thousand seven hundred ninety dollars ($11,790), if the total income from all sources derived from or attributable to this state for the taxable year is five million dollars ($5,000,000) or more.

(b) (1) (A) For purposes of this section, "total income from all sources derived from or attributable to this state" means gross income, as defined in Section 24271, plus the cost of goods sold that are paid or incurred in connection with the trade or business of the taxpayer. However, "total income from all sources derived from or attributable to this state" shall not include allocation or attribution of income or gain or distributions made to a limited liability company in its capacity as a member of, or holder of an economic interest in, another limited liability company if the allocation or attribution of income or gain or distributions are directly or indirectly attributable to income that is subject to the payment of the fee described in this section.

(B) For purposes of this section, "total income from all sources derived from or attributable to this state" shall be determined using the rules for assigning sales under Sections 25135 and 25136 and the regulations

thereunder, as modified by regulations under Section 25137, other than those provisions that exclude receipts from the sales factor.

(2) In the event a taxpayer is a commonly controlled limited liability company, the total income from all sources derived from or attributable to this state, taking into account any election under Section 25110, may be determined by the Franchise Tax Board to be the total income of all the commonly controlled limited liability company members if it determines that multiple limited liability companies were formed for the primary purpose of reducing fees payable under this section. A determination by the Franchise Tax Board under this subdivision may only be made with respect to one limited liability company in a commonly controlled group. However, each commonly controlled limited liability company shall be jointly and severally liable for the fee. For purposes of this section, commonly controlled limited liability companies shall include the taxpayer and any other partnership or limited liability company doing business (as defined in Section 23101) in this state and required to file a return under Section 18633 or 18633.5, in which the same persons own, directly or indirectly, more than 50 percent of the capital interests or profits interests.

(c) The fee assessed under this section shall be due and payable on the date the return of the limited liability company is required to be filed under Section 18633.5, shall be collected and refunded in the same manner as the taxes imposed by this part, and shall be subject to interest and applicable penalties.

SEC. 3. Section 19394 is added to the Revenue and Taxation Code, to read:

19394. If the fee provided under Section 17942 is finally adjudged to be discriminatory or unfairly apportioned under the California Constitution, or the laws or the Constitution of the United States, the fee of a disfavored taxpayer that files, or has filed, a timely claim for refund within the period allowed by this part asserting discrimination or unfair apportionment shall be recomputed by the Franchise Tax Board for the taxable year in question, as of the time of allowance of the recomputation, only to the extent necessary to remedy the discrimination or unfair apportionment that is not otherwise relieved by Section 19393 and the amount of the fee, as originally computed, shall be subject to the provisions hereof relating to original computations.

SEC. 4. (a) The Legislature is aware of pending litigation challenging the validity of the fee imposed pursuant to Section 17942 of the Revenue and Taxation Code.

(b) The amendments made by Section 2 of this act to Section 17942 of the Revenue and Taxation Code, if enacted, shall apply to taxable years beginning on and after January 1, 2007.

(c) Section 19394 of the Revenue and Taxation Code, as added by Section 3 of this act, shall apply to suits for refunds filed on or after the date of enactment of this act and suits for refunds filed before that date that are not final as of that date.

(d) Refunds of fees payable as a result of the litigation described in subdivision (a) shall be limited to the amount by which the fee paid, and any interest assessed thereon, exceeds the amount that would have been assessed if the fee had been computed in accordance with subparagraph (B) of paragraph (1) of subdivision (b) of Section 17942 of the Revenue and Taxation Code, as added by the amendments to that section made by Section 2 of this act.

(e) It is the intent of the Legislature that no inference be drawn in connection with the amendments made by this act to Section 17942 of the Revenue and Taxation Code for any taxable year beginning before January 1, 2007.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 382

An act to amend Section 56366.10 of the Education Code, relating to special education.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 56366.10 of the Education Code is amended to read:

56366.10. In addition to the certification requirements set forth in Sections 56366 and 56366.1, a nonpublic, nonsectarian school that provides special education and related services to an individual with exceptional needs shall certify in writing to the Superintendent that it meets all of the following requirements:

(d) The school has and abides by a written policy for pupil discipline which is consistent with state and federal law and regulations.

CHAPTER 383

An act to amend Sections 77200, 77201.1, and 77201.2 of, and to add Section 77201. 3 to, the Government Code, and to amend Section 1463.17 of the Penal Code, relating to trial court funding.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 77200 of the Government Code is amended to read:

77200. On and after July 1, 1997, the state shall assume sole responsibility for the funding of court operations, as defined in Section 77003 and Rule 810 of the California Rules of Court as it read on July 1, 1996. In meeting this responsibility, the state shall do all of the following:

(a) Deposit in the State Trial Court Trust Fund, for subsequent allocation to or for the trial courts, all county funds remitted to the state pursuant to Section 77201 until June 30, 1998, pursuant to Section 77201.1 from July 1, 1998, until June 30, 2006, inclusive, and pursuant to Section 77201.3, thereafter.

(b) Be responsible for the cost of court operations incurred by the trial courts in the 1997–98 fiscal year and subsequent fiscal years.

(c) Allocate funds to the individual trial courts pursuant to an allocation schedule adopted by the Judicial Council, but in no case shall the amount allocated to the trial court in a county be less than the amount remitted to the state by the county in which that court is located pursuant to paragraphs (1) and (2) of subdivision (b) of Section 77201 until June 30, 1998, pursuant to paragraphs (1) and (2) of subdivision (b) of Section 77201.1 from July 1, 1998, until June 30, 2006, inclusive, and pursuant to paragraphs (1) and (2) of subdivision (a) of Section 77201.3, thereafter.

(d) The Judicial Council shall submit its allocation schedule to the Controller at least 5 days before the due date of any allocation.

SEC. 2. Section 77201.1 of the Government Code is amended to read:

77201.1. (a) Commencing on July 1, 1997, no county shall be responsible for funding court operations, as defined in Section 77003 and Rule 810 of the California Rules of Court as it read on July 1, 1996.

(b) Commencing in the 1999–2000 fiscal year, and each fiscal year thereafter until the 2006–07 fiscal year, each county shall remit to the state in four equal installments due on October 1, January 1, April 1, and May 1, the amounts specified in paragraphs (1) and (2). For the purpose of determining the counties' payments commencing in the 2006–07 fiscal year, and each fiscal year thereafter, the amounts listed in subdivision (a) of Section 77201.3 shall be used in lieu of the amounts listed in this subdivision.

(1) Except as otherwise specifically provided in this section, each county shall remit to the state the amount listed below which is based on an amount expended by the respective county for court operations during the 1994–95 fiscal year:

(3) Except as otherwise specifically provided in this section, county remittances specified in paragraphs (1) and (2) shall not be increased in subsequent years.

(4) Except for those counties with a population of 70,000, or less, on January 1, 1996, the amount a county is required to remit pursuant to paragraph (1) shall be adjusted by the amount equal to any adjustment resulting from the procedures in subdivisions (c) and (d) of Section 77201 as that section read on June 30, 1998, to the extent a county filed an appeal with the Controller with respect to the findings made by the Department of Finance. This paragraph shall not be construed to establish a new appeal process beyond what was provided by Section 77201, as that section read on June 30, 1998.

(5) Any change in statute or rule of court that either reduces the bail schedule or redirects or reduces a county's portion of fee, fine, and forfeiture revenue to an amount that is less than (A) the fees, fines, and forfeitures retained by that county, and (B) the county's portion of fines and forfeitures transmitted to the state in the 1994–95 fiscal year, shall reduce that county's remittance specified in paragraph (2) of this subdivision by an equal amount. Nothing in this paragraph is intended to limit judicial sentencing discretion.

(6) In the 2005–06 fiscal year, the amount that the County of Santa Clara is required to remit to the state under paragraph (2) shall be reduced as described in this paragraph, rather than as described in subdivision (b) of Section 68085.7. It is the intent of the Legislature that this paragraph have retroactive effect.

(A) For the County of Santa Clara, the remittance under this subdivision for the 2005–06 fiscal year shall be reduced by an amount equal to one-half of the amount calculated by subtracting the budget reduction for the Superior Court of Santa Clara County for that fiscal year attributable to the reduction of the counties' payment obligation from thirty-one million dollars ($31,000,000) pursuant to subdivision (a) of Section 68085.6 from the net civil assessments received in that county in that fiscal year. "Net civil assessments" as used in this paragraph means the amount of civil assessments collected minus the costs of collecting those civil assessments, under the guidelines of the Controller.

(B) The reduction under this paragraph of the amount that the County of Santa Clara is required to remit to the state for the 2005–06 fiscal year shall not exceed two million five hundred thousand dollars ($2,500,000). If the reduction reaches two million five hundred thousand dollars ($2,500,000), the amount the county is required to remit to the state under paragraph (2) of subdivision (a) of Section 77201.3 in each subsequent fiscal year shall be eight million four hundred sixty-one thousand two hundred and ninety-three dollars ($8,461,293).

(C) Nothing in this paragraph shall affect the reduction of the annual remittance for the County of Santa Clara as provided in Section 68085.2.

(7) Notwithstanding the changes to the amounts in paragraph (2) made by Section 68085.7 or any other section, the amounts in paragraph (2) shall not be changed for purposes of the calculation required by subdivision (a) of Section 77205.

(c) Nothing in this section is intended to relieve a county of the responsibility to provide necessary and suitable court facilities pursuant to Section 68073.

(d) Nothing in this section is intended to relieve a county of the responsibility for justice-related expenses not included in Section 77003

which are otherwise required of the county by law, including, but not limited to, indigent defense representation and investigation, and payment of juvenile justice charges.

(e) County base year remittance requirements specified in paragraph (2) of subdivision (b) incorporate specific reductions to reflect those instances where the Department of Finance has determined that a county's remittance to both the General Fund and the Trial Court Trust Fund during the 1994–95 fiscal year exceeded the aggregate amount of state funding from the General Fund and the Trial Court Trust Fund. The amount of the reduction was determined by calculating the difference between the amount the county remitted to the General Fund and the Trial Court Trust Fund and the aggregate amount of state support from the General Fund and the Trial Court Trust Fund allocated to the county's trial courts. In making its determination of whether a county is entitled to a reduction pursuant to that paragraph, the Department of Finance subtracted from county revenues remitted to the state, all moneys derived from the fee required by Section 42007.1 of the Vehicle Code and the parking surcharge required by subdivision (c) of Section 76000.

(f) Notwithstanding subdivision (e), the Department of Finance shall not reduce a county's base year remittance requirement, as specified in paragraph (2) of subdivision (b), if the county's trial court funding allocation was modified pursuant to the amendments to the allocation formula set forth in paragraph (4) of subdivision (d) of Section 77200, as amended by Chapter 2 of the Statutes of 1993, to provide a stable level of funding for small county courts in response to reductions in the General Fund support for the trial courts.

(g) In any fiscal year in which a county of the first class pays the employer-paid retirement contribution for court employees, or any other employees of the county who provide a service to the court, and the amounts of those payments are charged to the budget of the courts, the sum the county is required to pay to the state pursuant to paragraph (1) of subdivision (b) shall be increased by the actual amount charged to the trial court up to twenty-three million five hundred twenty-seven thousand nine hundred forty-nine dollars ($23,527,949) in that fiscal year. The county and the trial court shall report to the Controller and the Department of Finance the actual amount charged in that fiscal year.

(h) This section shall become operative on July 1, 1999.

SEC. 3. Section 77201.2 of the Government Code is amended to read:

77201.2. All moneys required to be paid to the Trial Court Trust Fund pursuant to Sections 77201, 77201.1, and 77201.3 shall be considered delinquent if not received by the dates therein specified, and shall be subject to the penalties set forth in Section 68085.

SEC. 4. Section 77201.3 is added to the Government Code, to read:

77201.3. (a) Commencing with the 2006–07 fiscal year, and each fiscal year thereafter, except as otherwise specifically provided in this section, each county shall remit to the state the amounts described in this subdivision in four equal installments due on October 1, January 1, April 1, and May 1. The amounts listed in this subdivision are in lieu of the amounts listed in subdivision (b) of Section 77201.1. However, for purposes of the calculation required by subdivision (a) of Section 77205, the amounts in paragraph (2) of subdivision (b) of Section 77201.1 shall be used.

(1) Each county shall remit to the state the amount listed below, which is based on an amount expended by the respective county for court operations during the 1994–95 fiscal year. The amount listed for Los Angeles County includes the twenty-three million five hundred twenty-seven thousand nine hundred forty-nine dollars ($23,527,949) increase required by subdivision (g) of Section 77201.1.

(B) The amount remitted by the County of Santa Clara shall be ten million nine hundred sixty-one thousand two hundred ninety-three dollars ($10,961,293) reduced as described in clauses (i) and (ii).

(i) The amount remitted by the County of Santa Clara pursuant to this paragraph for each fiscal year shall be reduced by an amount equal to one-half of the amount calculated by subtracting the budget reduction for the Superior Court of Santa Clara County for that fiscal year attributable to the reduction of the counties' payment obligation from thirty-one million dollars ($31,000,000) pursuant to subdivision (a) of Section 68085.6 from the net civil assessments received in that county in that fiscal year. "Net civil assessments" as used in this paragraph means the amount of civil assessments collected minus the costs of collecting those civil assessments, under the guidelines of the Controller.

(ii) The reduction calculated pursuant to paragraph (i) shall not exceed two million five hundred thousand dollars ($2,500,000) in any fiscal year. If the reduction for a fiscal year reaches two million five hundred thousand dollars ($2,500,000), the amount that the county is required to remit to the state under this paragraph in that fiscal year and in each subsequent fiscal year shall be eight million four hundred sixty-one thousand two hundred ninety-three dollars ($8,461,293).

(b) Except as otherwise specifically provided in this section, county remittances specified in subdivision (a) shall not be increased in subsequent years.

(c) Except for those counties with a population of 70,000, or less, on January 1, 1996, the amount a county is required to remit pursuant to paragraph (1) of subdivision (a) shall be adjusted by the amount equal to any adjustment resulting from the procedures in subdivisions (c) and (d) of Section 77201 as that section read on June 30, 1998, to the extent

a county filed an appeal with the Controller with respect to the findings made by the Department of Finance. This subdivision shall not be construed to establish a new appeal process beyond what was provided by Section 77201, as that section read on June 30, 1998.

(d) Any change in statute or rule of court that either reduces the bail schedule or redirects or reduces a county's portion of fee, fine, and forfeiture revenue to an amount that is less than (1) the fees, fines, and forfeitures retained by that county, and (2) the county's portion of fines and forfeitures transmitted to the state in the 1994–95 fiscal year, shall reduce that county's remittance specified in paragraph (2) of subdivision (a) by an equal amount. Nothing in this subdivision is intended to limit judicial sentencing discretion.

(e) Nothing in this section is intended to relieve a county of the responsibility to provide necessary and suitable court facilities pursuant to Section 68073.

(f) Nothing in this section is intended to relieve a county of the responsibility for justice-related expenses not included in Section 77003 which are otherwise required of the county by law, including, but not limited to, indigent defense representation and investigation, and payment of juvenile justice charges.

SEC. 5. Section 1463.17 of the Penal Code is amended to read:

1463.17. (a) In a county of the 19th class, notwithstanding any other provision of this chapter, of the moneys deposited with the county treasurer pursuant to Section 1463, fifty dollars ($50) for each conviction of a violation of Section 23103, 23104, 23152, or 23153 of the Vehicle Code shall be deposited in a special account to be used exclusively to pay the cost incurred by the county or a city or special district within the county, with approval of the board of supervisors, for performing analysis of blood, breath, or urine for alcohol content or for the presence of drugs, or for services related to the testing.

(b) The application of this section shall not reduce the county's remittance to the state specified in paragraph (2) of subdivision (b) of Section 77201, paragraph (2) of subdivision (b) of Section 77201.1, and paragraph (2) of subdivision (a) of Section 77201.3 of the Government Code.

CHAPTER 384

An act to amend Section 22358.4 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with
Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 22358.4 of the Vehicle Code is amended to read:

22358.4. (a) (1) Whenever a local authority determines upon the basis of an engineering and traffic survey that the prima facie speed limit of 25 miles per hour established by paragraph (2) of subdivision (a) of Section 22352 is more than is reasonable or safe, the local authority may, by ordinance or resolution, determine and declare a prima facie speed limit of 20 or 15 miles per hour, whichever is justified as the appropriate speed limit by that survey.

(2) An ordinance or resolution adopted under paragraph (1) shall not be effective until appropriate signs giving notice of the speed limit are erected upon the highway and, in the case of a state highway, until the ordinance is approved by the Department of Transportation and the appropriate signs are erected upon the highway.

(b) (1) Notwithstanding subdivision (a) or any other provision of law, a local authority may, by ordinance or resolution, determine and declare prima facie speed limits as follows:

(A) A 15 miles per hour prima facie limit in a residence district, on a highway with a posted speed limit of 30 miles per hour or slower, when approaching, at a distance of less than 500 feet from, or passing, a school building or the grounds of a school building, contiguous to a highway and posted with a school warning sign that indicates a speed limit of 15 miles per hour, while children are going to or leaving the school, either during school hours or during the noon recess period. The prima facie limit shall also apply when approaching, at a distance of less than 500 feet from, or passing, school grounds that are not separated from the highway by a fence, gate, or other physical barrier while the grounds are in use by children and the highway is posted with a school warning sign that indicates a speed limit of 15 miles per hour.

(B) A 25 miles per hour prima facie limit in a residence district, on a highway with a posted speed limit of 30 miles per hour or slower, when approaching, at a distance of 500 to 1,000 feet from, a school building or the grounds thereof, contiguous to a highway and posted with a school warning sign that indicates a speed limit of 25 miles per hour, while children are going to or leaving the school, either during school hours or during the noon recess period. The prima facie limit shall also apply when approaching, at a distance of 500 to 1,000 feet from, school grounds that are not separated from the highway by a fence, gate, or other physical

barrier while the grounds are in use by children and the highway is posted with a school warning sign that indicates a speed limit of 25 miles per hour.

(2) The prima facie limits established under paragraph (1) apply only to highways that meet all of the following conditions:

(A) A maximum of two traffic lanes.

(B) A maximum posted 30 miles per hour prima facie speed limit immediately prior to and after the school zone.

(3) The prima facie limits established under paragraph (1) apply to all lanes of an affected highway, in both directions of travel.

(4) When determining the need to lower the prima facie speed limit, the local authority shall take the provisions of Section 627 into consideration.

(5) (A) An ordinance or resolution adopted under paragraph (1) shall not be effective until appropriate signs giving notice of the speed limit are erected upon the highway and, in the case of a state highway, until the ordinance is approved by the Department of Transportation and the appropriate signs are erected upon the highway.

(B) For purposes of subparagraph (A) of paragraph (1), school warning signs indicating a speed limit of 15 miles per hour may be placed at a distance up to 500 feet away from school grounds.

(C) For purposes of subparagraph (B) of paragraph (1), school warning signs indicating a speed limit of 25 miles per hour may be placed at any distance between 500 and 1,000 feet away from the school grounds.

(D) A local authority shall reimburse the Department of Transportation for all costs incurred by the department under this subdivision.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 385

An act to add Section 1379.5 to the Health and Safety Code, relating to health care service plans.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1379.5 is added to the Health and Safety Code, to read:

1379.5. (a) On and after July 1, 2008, every contract between a plan and a health care provider who provides health care services in Mexico to an enrollee of the plan shall require the health care provider knowing of, or in attendance on, a case or suspected case of any disease or condition listed in subdivision (j) of Section 2500 of Title 17 of the California Code of Regulations to report the case to the health officer of the jurisdiction in California where the patient in the case resides, or if the patient resides in Mexico and is employed in California, the contract shall require a health care provider to report the case to the health officer of the jurisdiction where the patient in the case is employed. The contract provision shall require the health care provider to make the report in accordance with subdivision (d) of Section 2500 of Title 17 of the California Code of Regulations, except that for reports in cases where the patient resides in Mexico the contract shall require the report to be made to the health officer of the jurisdiction where the patient is employed.

(b) For purposes of this section, the terms "case," "health care provider," "health officer," "in attendance," and "suspected case" shall have the same meanings as set forth in subdivision (a) of Section 2500 of Title 17 of the California Code of Regulations.

(c) A plan's obligations under this section shall be limited to the following:

(1) Ensuring that the contracts executed by providers who provide health care services in Mexico satisfy the requirements set forth in subdivision (a).

(2) Giving the following written notice to the provider at the time the signed contract is delivered:

> "This contract contains specific requirements regarding reporting of actual or suspected diseases or conditions to California health officers."

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 386

The people of the State of California do enact as follows:

SECTION 1. Section 2028.5 is added to the Business and Professions Code, to read:

2028.5. (a) The board may establish a pilot program to expand the practice of telemedicine in this state.

(b) To implement this pilot program, the board may convene a working group of interested parties from the public and private sectors, including, but not limited to, state health-related agencies, health care providers, health plan administrators, information technology groups, and groups representing health care consumers.

(c) The purpose of the pilot program shall be to develop methods, using a telemedicine model, to deliver throughout the state health care to persons with chronic diseases as well as information on the best practices for chronic disease management services and techniques and other health care information as deemed appropriate.

(d) The board shall make a report with its recommendations regarding its findings to the Legislature within one calendar year of the commencement date of the pilot program. The report shall include an evaluation of the improvement and affordability of health care services and the reduction in the number of complications achieved by the pilot program.

CHAPTER 387

An act to amend Section 22511.85 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

CHAPTER 388

An act to amend Section 12252 of the Probate Code, relating to attorney-client privilege.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 12252 of the Probate Code is amended to read:

12252. If subsequent administration of an estate is necessary after the personal representative has been discharged because other property is discovered, disclosure is sought of a communication that is deemed privileged in the absence of a waiver by a personal representative under Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code, or because it becomes necessary or proper for any other cause, both of the following shall apply:

(a) The court shall appoint as personal representative the person entitled to appointment in the same order as is directed in relation to an original appointment, except that the person who served as personal representative at the time of the order of discharge has priority. The appointed personal representative shall be a holder of the decedent's

lawyer-client privilege for purposes of Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code.

(b) Notice of hearing of the appointment shall be given as provided in Section 1220 to the person who served as personal representative at the time of the order of discharge and to other interested persons. SEC. 2. The California Law Revision Commission shall study the issue of whether and, if so, under what circumstances, the attorney-client privilege should survive the death of the client. The commission shall report all of its findings to the Legislature on or before July 1, 2009.

CHAPTER 389

An act to amend Sections 9250.7 and 22710 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 9250.7 of the Vehicle Code is amended to read:

9250.7. (a) (1) A service authority established under Section 22710 may impose a service fee of one dollar ($1) on all vehicles, except vehicles described in subdivision (a) of Section 5014.1, registered to an owner with an address in the county that established the service authority. The fee shall be paid to the department at the time of registration, or renewal of registration, or when renewal becomes delinquent, except on vehicles that are expressly exempted under this code from the payment of registration fees.

(2) In addition to the one-dollar ($1) service fee, and upon the implementation of the permanent trailer identification plate program, and as part of the Commercial Vehicle Registration Act of 2001, all commercial motor vehicles subject to Section 9400.1 registered to an owner with an address in the county that established a service authority under this section shall pay an additional service fee of two dollars ($2).

(b) The department, after deducting its administrative costs, shall transmit, at least quarterly, the net amount collected pursuant to subdivision (a) to the Treasurer for deposit in the Abandoned Vehicle

Trust Fund, which is hereby created. All money in the fund is continuously appropriated to the Controller for allocation to a service authority that has an approved abandoned vehicle abatement program pursuant to Section 22710, and for payment of the administrative costs of the Controller. After deduction of its administrative costs, the Controller shall allocate the money in the Abandoned Vehicle Trust Fund to each service authority in proportion to the revenues received from the fee imposed by that authority pursuant to subdivision (a). If any funds received by a service authority pursuant to this section are not expended to abate abandoned vehicles pursuant to an approved abandoned vehicle abatement program that has been in existence for at least two full fiscal years within 90 days of the close of the fiscal year in which the funds were received and the amount of those funds exceeds the amount expended by the service authority for the abatement of abandoned vehicles in the previous fiscal year, the fee imposed pursuant to subdivision (a) shall be suspended for one year, commencing on July 1 following the Controller's determination pursuant to subdivision (e).

(c) Every service authority that imposes a fee authorized by subdivision (a) shall issue a fiscal yearend report to the Controller on or before October 31 of each year summarizing all of the following:

(1) The total revenues received by the service authority during the previous fiscal year.

(2) The total expenditures by the service authority during the previous fiscal year.

(3) The total number of vehicles abated during the previous fiscal year.

(4) The average cost per abatement during the previous fiscal year.

(5) Any additional, unexpended fee revenues for the service authority during the previous fiscal year.

(6) The number of notices to abate issued to vehicles during the previous fiscal year.

(7) The number of vehicles disposed of pursuant to an ordinance adopted pursuant to Section 22710 during the previous fiscal year.

(8) The total expenditures by the service authority for towing and storage of abandoned vehicles during the previous fiscal year.

(d) Each service authority that fails to submit the report required pursuant to subdivision (c) by October 31 of each year shall have its fee pursuant to subdivision (a) suspended for one year commencing on July 1 following the Controller's determination pursuant to subdivision (e).

(e) On or before January 1 annually, the Controller shall review the fiscal yearend reports, submitted by each service authority pursuant to subdivision (c) and due no later than October 31, to determine if fee revenues are being utilized in a manner consistent with the service

authority's approved program. If the Controller determines that the use of the fee revenues is not consistent with the service authority's program as approved by the Department of the California Highway Patrol, or that an excess of fee revenues exists, as specified in subdivision (b), the authority to collect the fee shall be suspended for one year pursuant to subdivision (b). If the Controller determines that a service authority has not submitted a fiscal yearend report as required in subdivision (c), the authorization to collect the service fee shall be suspended for one year pursuant to subdivisions (b) and (d). The Controller shall inform the Department of Motor Vehicles on or before January 1 annually, that the authority to collect the fee is suspended. A suspension shall only occur if the service authority has been in existence for at least two full fiscal years and the revenue fee surpluses are in excess of those allowed under this section, the use of the fee revenue is not consistent with the service authority's approved program, or the required fiscal yearend report has not been submitted by October 31.

(f) On or before January 1 annually, the Controller shall prepare and submit to the Legislature a revenue and expenditure summary for each service authority established under Section 22710 that includes, but is not limited to, all of the following:

(1) The total revenues received by each service authority.

(2) The total expenditures by each service authority.

(3) The unexpended revenues for each service authority.

(4) The total number of vehicle abatements for each service authority.

(5) The average cost per abatement as provided by each service authority to the Controller pursuant to subdivision (c).

(g) On or before January 1, 2010, and biennially thereafter, the service authority shall have a financial audit of the service authority conducted by a qualified independent third party.

(h) The fee imposed by a service authority shall remain in effect only for a period of 10 years from the date that the actual collection of the fee commenced unless the fee is extended pursuant to this subdivision. The fee may be extended in increments of up to 10 years each if the board of supervisors of the county, by a two-thirds vote, and a majority of the cities having a majority of the incorporated population within the county adopt resolutions providing for the extension of the fee.

SEC. 2. Section 22710 of the Vehicle Code is amended to read:

22710. (a) A service authority for the abatement of abandoned vehicles may be established, and a one dollar ($1) vehicle registration fee imposed, in a county if the board of supervisors of the county, by a two-thirds vote, and a majority of the cities having a majority of the incorporated population within the county have adopted resolutions providing for the establishment of the authority and imposition of the

fee. The membership of the authority shall be determined by concurrence of the board of supervisors and a majority vote of the majority of the cities within the county having a majority of the incorporated population.

(b) The authority may contract and may undertake any act convenient or necessary to carry out a law relating to the authority. The authority shall be staffed by existing personnel of the city, county, or county transportation commission.

(c) (1) Notwithstanding any other provision of law, a service authority may adopt an ordinance establishing procedures for the abatement, removal, and disposal, as a public nuisance, of an abandoned, wrecked, dismantled, or inoperative vehicle or part of the vehicle from private or public property; and for the recovery, pursuant to Section 25845 or 38773.5 of the Government Code, or assumption by the service authority, of costs associated with the enforcement of the ordinance. Cost recovery shall only be undertaken by an entity that may be a county or city or the department, pursuant to contract with the service authority as provided in this section.

(2) (A) The money received by an authority pursuant to Section 9250.7 and this section shall be used only for the abatement, removal, or the disposal as a public nuisance of any abandoned, wrecked, dismantled, or inoperative vehicle or part of the vehicle from private or public property. The money received shall not be used to offset the costs of vehicles towed under authorities other than an ordinance adopted pursuant to paragraph (1) or when costs are recovered under Section 22850.5.

(B) The money received by a service authority pursuant to Section 9250.7 and this section that are unexpended in a fiscal year may be carried forward by the service authority for the abandoned vehicle abatement program in the following fiscal year as agreed upon by the service authority and its member agencies.

(d) (1) An abandoned vehicle abatement program and plan of a service authority shall be implemented only with the approval of the county and a majority of the cities having a majority of the incorporated population.

(2) (A) The department shall provide guidelines for an abandoned vehicle abatement program. An authority's abandoned vehicle abatement plan and program shall be consistent with those guidelines, and shall provide for, but not be limited to, an estimate of the number of abandoned vehicles, a disposal and enforcement strategy including contractual agreements, and appropriate fiscal controls.

(B) The department's guidelines provided pursuant to this paragraph shall include, but not be limited to, requiring each service authority receiving funds from the Abandoned Vehicle Trust Fund to report to the Controller on an annual basis pursuant to subdivision (c) of Section

9250.7, in a manner prescribed by the department, and pursuant to an approved abandoned vehicle abatement program.

(C) A service authority may carry out an abandoned vehicle abatement from a public property after providing a notice as specified by the local ordinance adopted pursuant to Section 22660 of the jurisdiction in which the abandoned vehicle is located and that notice has expired.

(3) After a plan has been approved pursuant to paragraph (1), the service authority shall, not later than August 1 of the year in which the plan was approved, submit it to the department for review, and the department shall, not later than October 1 of that same year, either approve the plan as submitted or make recommendations for revision. After the plan has received the department's approval as being consistent with the department's guidelines, the service authority shall submit it to the Controller.

(4) Except as provided in subdivision (e), the Controller shall not make an allocation for a fiscal year, commencing on July 1 following the Controller's determination to suspend a service authority when a service authority has failed to comply with the provisions set forth in Section 9250.7.

(5) A governmental agency shall not receive funds from a service authority for the abatement of abandoned vehicles pursuant to an approved abandoned vehicle abatement program unless the governmental agency has submitted an annual report to the service authority stating the manner in which the funds were expended, and the number of vehicles abated. The governmental agency shall receive that percentage of the total funds collected by the service authority that is equal to its share of the formula calculated pursuant to paragraph (6).

(6) Each service authority shall calculate a formula for apportioning funds to each governmental agency that receives funds from the service authority and submit that formula to the Controller with the annual report required pursuant to paragraph (2). The formula shall apportion 50 percent of the funds received by the service authority to a governmental agency based on the percentage of vehicles abated by that governmental agency of the total number of abandoned vehicles abated by all member agencies, and 50 percent based on population and geographic area, as determined by the service authority. When the formula is first submitted to the Controller, and each time the formula is revised thereafter, the service authority shall include a detailed explanation of how the service authority determined the apportionment between per capita abatements and service area.

(7) Notwithstanding any other provision of this subdivision, the Controller may allocate to the service authority in the County of Humboldt the net amount of the abandoned vehicle abatement funds

received from the fee imposed by that authority, as described in subdivision (b) of Section 9250.7, for calendar years 2000 and 2001.

(e) A plan that has been submitted to the Controller pursuant to subdivision (d) may be revised pursuant to the procedure prescribed in that subdivision, including compliance with any dates described therein for submission to the department and the Controller, respectively, in the year in which the revisions are proposed by the service authority. Compliance with that procedure shall only be required if the revisions are substantial.

(f) For purposes of this section, "abandoned vehicle abatement" means the removal of a vehicle from public or private property by towing or any other means after the vehicle has been marked as abandoned by an official of a governmental agency that is a member of the service authority.

(g) A service authority shall cease to exist on the date that all revenues received by the authority pursuant to this section and Section 9250.7 have been expended.

(h) In the event of a conflict with other provisions of law, this section shall govern the disbursement of money collected pursuant to this section and from the Abandoned Vehicle Trust Fund for the implementation of the abandoned vehicle abatement program.

CHAPTER 390

An act to amend Section 851.8 of the Penal Code, relating to criminal procedure.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 851.8 of the Penal Code is amended to read:

851.8. (a) In any case where a person has been arrested and no accusatory pleading has been filed, the person arrested may petition the law enforcement agency having jurisdiction over the offense to destroy its records of the arrest. A copy of the petition shall be served upon the prosecuting attorney of the county or city having jurisdiction over the offense. The law enforcement agency having jurisdiction over the offense, upon a determination that the person arrested is factually innocent, shall, with the concurrence of the prosecuting attorney, seal its arrest records, and the petition for relief under this section for three years from the date

of the arrest and thereafter destroy its arrest records and the petition. The law enforcement agency having jurisdiction over the offense shall notify the Department of Justice, and any law enforcement agency that arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this subdivision, of the sealing of the arrest records and the reason therefor. The Department of Justice and any law enforcement agency so notified shall forthwith seal their records of the arrest and the notice of sealing for three years from the date of the arrest, and thereafter destroy their records of the arrest and the notice of sealing. The law enforcement agency having jurisdiction over the offense and the Department of Justice shall request the destruction of any records of the arrest which they have given to any local, state, or federal agency or to any other person or entity. Each agency, person, or entity within the State of California receiving the request shall destroy its records of the arrest and the request, unless otherwise provided in this section.

(b) If, after receipt by both the law enforcement agency and the prosecuting attorney of a petition for relief under subdivision (a), the law enforcement agency and prosecuting attorney do not respond to the petition by accepting or denying the petition within 60 days after the running of the relevant statute of limitations or within 60 days after receipt of the petition in cases where the statute of limitations has previously lapsed, then the petition shall be deemed to be denied. In any case where the petition of an arrestee to the law enforcement agency to have an arrest record destroyed is denied, petition may be made to the superior court that would have had territorial jurisdiction over the matter. A copy of the petition shall be served on the law enforcement agency and the prosecuting attorney of the county or city having jurisdiction over the offense at least 10 days prior to the hearing thereon. The prosecuting attorney and the law enforcement agency through the district attorney may present evidence to the court at the hearing. Notwithstanding Section 1538.5 or 1539, any judicial determination of factual innocence made pursuant to this section may be heard and determined upon declarations, affidavits, police reports, or any other evidence submitted by the parties which is material, relevant and reliable. A finding of factual innocence and an order for the sealing and destruction of records pursuant to this section shall not be made unless the court finds that no reasonable cause exists to believe that the arrestee committed the offense for which the arrest was made. In any court hearing to determine the factual innocence of a party, the initial burden of proof shall rest with the petitioner to show that no reasonable cause exists to believe that the arrestee committed the offense for which the arrest was made. If the court finds that this showing of no reasonable

cause has been made by the petitioner, then the burden of proof shall shift to the respondent to show that a reasonable cause exists to believe that the petitioner committed the offense for which the arrest was made. If the court finds the arrestee to be factually innocent of the charges for which the arrest was made, then the court shall order the law enforcement agency having jurisdiction over the offense, the Department of Justice, and any law enforcement agency which arrested the petitioner or participated in the arrest of the petitioner for an offense for which the petitioner has been found factually innocent under this section to seal their records of the arrest and the court order to seal and destroy the records, for three years from the date of the arrest and thereafter to destroy their records of the arrest and the court order to seal and destroy such records. The court shall also order the law enforcement agency having jurisdiction over the offense and the Department of Justice to request the destruction of any records of the arrest which they have given to any local, state, or federal agency, person or entity. Each state or local agency, person or entity within the State of California receiving such a request shall destroy its records of the arrest and the request to destroy the records, unless otherwise provided in this section. The court shall give to the petitioner a copy of any court order concerning the destruction of the arrest records.

(c) In any case where a person has been arrested, and an accusatory pleading has been filed, but where no conviction has occurred, the defendant may, at any time after dismissal of the action, petition the court that dismissed the action for a finding that the defendant is factually innocent of the charges for which the arrest was made. A copy of the petition shall be served on the prosecuting attorney of the county or city in which the accusatory pleading was filed at least 10 days prior to the hearing on the petitioner's factual innocence. The prosecuting attorney may present evidence to the court at the hearing. The hearing shall be conducted as provided in subdivision (b). If the court finds the petitioner to be factually innocent of the charges for which the arrest was made, then the court shall grant the relief as provided in subdivision (b).

(d) In any case where a person has been arrested and an accusatory pleading has been filed, but where no conviction has occurred, the court may, with the concurrence of the prosecuting attorney, grant the relief provided in subdivision (b) at the time of the dismissal of the accusatory pleading.

(e) Whenever any person is acquitted of a charge and it appears to the judge presiding at the trial at which the acquittal occurred that the defendant was factually innocent of the charge, the judge may grant the relief provided in subdivision (b).

(f) In any case where a person who has been arrested is granted relief pursuant to subdivision (a) or (b), the law enforcement agency having jurisdiction over the offense or court shall issue a written declaration to the arrestee stating that it is the determination of the law enforcement agency having jurisdiction over the offense or court that the arrestee is factually innocent of the charges for which the person was arrested and that the arrestee is thereby exonerated. Thereafter, the arrest shall be deemed not to have occurred and the person may answer accordingly any question relating to its occurrence.

(g) The Department of Justice shall furnish forms to be utilized by persons applying for the destruction of their arrest records and for the written declaration that one person was found factually innocent under subdivisions (a) and (b).

(h) Documentation of arrest records destroyed pursuant to subdivision (a), (b), (c), (d), or (e) that are contained in investigative police reports shall bear the notation "Exonerated" whenever reference is made to the arrestee. The arrestee shall be notified in writing by the law enforcement agency having jurisdiction over the offense of the sealing and destruction of the arrest records pursuant to this section.

(i) Any finding that an arrestee is factually innocent pursuant to subdivision (a), (b), (c), (d), or (e) shall not be admissible as evidence in any action.

(j) Destruction of records of arrest pursuant to subdivision (a), (b), (c), (d), or (e) shall be accomplished by permanent obliteration of all entries or notations upon the records pertaining to the arrest, and the record shall be prepared again so that it appears that the arrest never occurred. However, where (1) the only entries on the record pertain to the arrest and (2) the record can be destroyed without necessarily affecting the destruction of other records, then the document constituting the record shall be physically destroyed.

(k) No records shall be destroyed pursuant to subdivision (a), (b), (c), (d), or (e) if the arrestee or a codefendant has filed a civil action against the peace officers or law enforcement jurisdiction which made the arrest or instituted the prosecution and if the agency which is the custodian of the records has received a certified copy of the complaint in the civil action, until the civil action has been resolved. Any records sealed pursuant to this section by the court in the civil actions, upon a showing of good cause, may be opened and submitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties and any other person authorized by the court. Immediately following the final resolution of the civil action, records subject to subdivision (a), (b), (c), (d), or (e) shall be sealed and destroyed pursuant to subdivision (a), (b), (c), (d), or (e).

(*l*) For arrests occurring on or after January 1, 1981, and for accusatory pleadings filed on or after January 1, 1981, petitions for relief under this section may be filed up to two years from the date of the arrest or filing of the accusatory pleading, whichever is later. Until January 1, 1983, petitioners can file for relief under this section for arrests which occurred or accusatory pleadings which were filed up to five years prior to the effective date of the statute. Any time restrictions on filing for relief under this section may be waived upon a showing of good cause by the petitioner and in the absence of prejudice.

(m) Any relief which is available to a petitioner under this section for an arrest shall also be available for an arrest which has been deemed to be or described as a detention under Section 849.5 or 851.6.

(n) This section shall not apply to any offense which is classified as an infraction.

(o) (1) This section shall be repealed on the effective date of a final judgment based on a claim under the California or United States Constitution holding that evidence that is relevant, reliable, and material may not be considered for purposes of a judicial determination of factual innocence under this section. For purposes of this subdivision, a judgment by the appellate division of a superior court is a final judgment if it is published and if it is not reviewed on appeal by a court of appeal. A judgment of a court of appeal is a final judgment if it is published and if it is not reviewed by the California Supreme Court.

(2) Any decision referred to in this subdivision shall be stayed pending appeal.

(3) If not otherwise appealed by a party to the action, any decision referred to in this subdivision which is a judgment by the appellate division of the superior court shall be appealed by the Attorney General.

(p) A judgment of the court under subdivision (b), (c), (d), or (e) is subject to the following appeal path:

(1) In a felony case, appeal is to the court of appeal.

(2) In a misdemeanor case, or in a case in which no accusatory pleading was filed, appeal is to the appellate division of the superior court.

629.98. This chapter shall remain in effect only until January 1, 2012, and as of that date is repealed.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 392

An act relating to antiterrorism, and making an appropriation therefor.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The terror attacks of September 11, 2001, have highlighted the need for training and coordination among first responders to deal effectively with the threat of potential or imminent attack and to be able to effectively respond to attacks that occur.

(b) California, with its vast terrain, large population, and high value targets, should do all that it can to protect its assets and critical infrastructure against foreign and domestic terror threats.

(c) Law enforcement officers and firefighters are our first line of defense against the threat of terrorism. Their brave and dedicated work is what keeps the state safe from potentially horrific acts that could cost countless lives, and millions, if not billions, of dollars.

(d) The Legislature and the Governor's office are committed to providing our first responders with the best training and equipment to safeguard the state.

(e) Prevention, preparedness, response, and recovery are the foundations of California's strategy to combat terrorism, and preventing acts of terrorism relies on well-trained first responders. Prevention relies on the ability of law enforcement officers and firefighters to identify and report indicators of terrorist activity.

(f) A recent survey conducted by the Commission on Peace Officer Standards and Training underscored the need for additional terrorism training for law enforcement agencies throughout the state.

(g) The Office of Emergency Services and the Office of Homeland Security have identified the need for additional terrorism-related training to be provided to the state's firefighters.

(h) The California Fire Fighter Joint Apprenticeship Committee has assembled a compendium of courses to meet firefighter training objectives concerning terrorism, that will enhance the state's ability to prevent, prepare, and respond to an act of terrorism.

SEC. 2. Five million dollars ($5,000,000) is hereby appropriated from the Antiterrorism Fund created pursuant to paragraph (1) of subdivision (c) of Section 5066 of the Vehicle Code, pursuant to the following schedule:

(a) Two million five hundred thousand dollars ($2,500,000) to the Office of Emergency Services, for disbursement in the 2007–08, 2008–09, and 2009–10 fiscal years to the California Fire Fighter Joint Apprenticeship Program. The California Fire Fighter Joint Apprenticeship Program shall expend that money to develop, in cooperation with the State Fire Marshal, antiterrorism training courses and reimburse fire agencies for antiterrorism training activities, in accordance with Section 8588.11 of the Government Code.

(b) Two million five hundred thousand dollars ($2,500,000) to the Commission on Peace Officer Standards and Training, for expenditure in the 2007–08, 2008–09, and 2009–10 fiscal years. The Commission on Peace Officer Standards and Training shall expend that money to develop antiterrorism training courses and reimburse local law enforcement agencies and state law enforcement agencies that employ peace officers and that participate in and comply with the Peace Officer Standards and Training Program, for antiterrorism training activities.

CHAPTER 393

An act to amend Sections 11165.5, 11165.6 and 11166 of the Penal Code, relating to child abuse.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 11165.5 of the Penal Code is amended to read:

11165.5. As used in this article, the term "abuse or neglect in out-of-home care" includes physical injury or death inflicted upon a child by another person by other than accidental means, sexual abuse as defined in Section 11165.1, neglect as defined in Section 11165.2, unlawful corporal punishment or injury as defined in Section 11165.4, or the willful harming or injuring of a child or the endangering of the person or health of a child, as defined in Section 11165.3, where the person responsible for the child's welfare is a licensee, administrator, or employee of any facility licensed to care for children, or an administrator or employee of a public or private school or other institution or agency. "Abuse or neglect in out-of-home care" does not include an injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his or her employment as a peace officer.

SEC. 2. Section 11165.6 of the Penal Code is amended to read:

11165.6. As used in this article, the term "child abuse or neglect" includes physical injury or death inflicted by other than accidental means upon a child by another person, sexual abuse as defined in Section 11165.1, neglect as defined in Section 11165.2, the willful harming or injuring of a child or the endangering of the person or health of a child, as defined in Section 11165.3, and unlawful corporal punishment or injury as defined in Section 11165.4. "Child abuse or neglect" does not include a mutual affray between minors. "Child abuse or neglect" does not include an injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his or her employment as a peace officer.

SEC. 3. Section 11166 of the Penal Code is amended to read:

11166. (a) Except as provided in subdivision (d), and in Section 11166.05, a mandated reporter shall make a report to an agency specified in Section 11165.9 whenever the mandated reporter, in his or her professional capacity or within the scope of his or her employment, has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically transmit a written followup report thereof within 36 hours of receiving the information concerning the incident. The mandated reporter may include with the report any nonprivileged documentary evidence the mandated reporter possesses relating to the incident.

(1) For the purposes of this article, "reasonable suspicion" means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position,

drawing, when appropriate, on his or her training and experience, to suspect child abuse or neglect. For the purpose of this article, the pregnancy of a minor does not, in and of itself, constitute a basis for a reasonable suspicion of sexual abuse.

(2) The agency shall be notified and a report shall be prepared and sent, faxed, or electronically transmitted even if the child has expired, regardless of whether or not the possible abuse was a factor contributing to the death, and even if suspected child abuse was discovered during an autopsy.

(3) Any report made by a mandated reporter pursuant to this section shall be known as a mandated report.

(b) If after reasonable efforts a mandated reporter is unable to submit an initial report by telephone, he or she shall immediately or as soon as is practicably possible, by fax or electronic transmission, make a one-time automated written report on the form prescribed by the Department of Justice, and shall also be available to respond to a telephone followup call by the agency with which he or she filed the report. A mandated reporter who files a one-time automated written report because he or she was unable to submit an initial report by telephone is not required to submit a written followup report.

(1) The one-time automated written report form prescribed by the Department of Justice shall be clearly identifiable so that it is not mistaken for a standard written followup report. In addition, the automated one-time report shall contain a section that allows the mandated reporter to state the reason the initial telephone call was not able to be completed. The reason for the submission of the one-time automated written report in lieu of the procedure prescribed in subdivision (a) shall be captured in the Child Welfare Services/Case Management System (CWS/CMS). The department shall work with stakeholders to modify reporting forms and the CWS/CMS as is necessary to accommodate the changes enacted by these provisions.

(2) This subdivision shall not become operative until the CWS/CMS is updated to capture the information prescribed in this subdivision.

(3) This subdivision shall become inoperative three years after this subdivision becomes operative or on January 1, 2009, whichever occurs first.

(4) On the inoperative date of these provisions, a report shall be submitted to the counties and the Legislature by the Department of Social Services that reflects the data collected from automated one-time reports indicating the reasons stated as to why the automated one-time report was filed in lieu of the initial telephone report.

(5) Nothing in this section shall supersede the requirement that a mandated reporter first attempt to make a report via telephone, or that

agencies specified in Section 11165.9 accept reports from mandated reporters and other persons as required.

(c) Any mandated reporter who fails to report an incident of known or reasonably suspected child abuse or neglect as required by this section is guilty of a misdemeanor punishable by up to six months confinement in a county jail or by a fine of one thousand dollars ($1,000) or by both that imprisonment and fine. If a mandated reporter intentionally conceals his or her failure to report an incident known by the mandated reporter to be abuse or severe neglect under this section, the failure to report is a continuing offense until an agency specified in Section 11165.9 discovers the offense.

(d) (1) A clergy member who acquires knowledge or a reasonable suspicion of child abuse or neglect during a penitential communication is not subject to subdivision (a). For the purposes of this subdivision, "penitential communication" means a communication, intended to be in confidence, including, but not limited to, a sacramental confession, made to a clergy member who, in the course of the discipline or practice of his or her church, denomination, or organization, is authorized or accustomed to hear those communications, and under the discipline, tenets, customs, or practices of his or her church, denomination, or organization, has a duty to keep those communications secret.

(2) Nothing in this subdivision shall be construed to modify or limit a clergy member's duty to report known or suspected child abuse or neglect when the clergy member is acting in some other capacity that would otherwise make the clergy member a mandated reporter.

(3) (A) On or before January 1, 2004, a clergy member or any custodian of records for the clergy member may report to an agency specified in Section 11165.9 that the clergy member or any custodian of records for the clergy member, prior to January 1, 1997, in his or her professional capacity or within the scope of his or her employment, other than during a penitential communication, acquired knowledge or had a reasonable suspicion that a child had been the victim of sexual abuse that the clergy member or any custodian of records for the clergy member did not previously report the abuse to an agency specified in Section 11165.9. The provisions of Section 11172 shall apply to all reports made pursuant to this paragraph.

(B) This paragraph shall apply even if the victim of the known or suspected abuse has reached the age of majority by the time the required report is made.

(C) The local law enforcement agency shall have jurisdiction to investigate any report of child abuse made pursuant to this paragraph even if the report is made after the victim has reached the age of majority.

(e) Any commercial film and photographic print processor who has knowledge of or observes, within the scope of his or her professional capacity or employment, any film, photograph, videotape, negative, or slide depicting a child under the age of 16 years engaged in an act of sexual conduct, shall report the instance of suspected child abuse to the law enforcement agency having jurisdiction over the case immediately, or as soon as practicably possible, by telephone and shall prepare and send, fax, or electronically transmit a written report of it with a copy of the film, photograph, videotape, negative, or slide attached within 36 hours of receiving the information concerning the incident. As used in this subdivision, "sexual conduct" means any of the following:

(1) Sexual intercourse, including genital-genital, oral-genital, anal-genital, or oral-anal, whether between persons of the same or opposite sex or between humans and animals.

(2) Penetration of the vagina or rectum by any object.

(3) Masturbation for the purpose of sexual stimulation of the viewer.

(4) Sadomasochistic abuse for the purpose of sexual stimulation of the viewer.

(5) Exhibition of the genitals, pubic, or rectal areas of any person for the purpose of sexual stimulation of the viewer.

(f) Any mandated reporter who knows or reasonably suspects that the home or institution in which a child resides is unsuitable for the child because of abuse or neglect of the child shall bring the condition to the attention of the agency to which, and at the same time as, he or she makes a report of the abuse or neglect pursuant to subdivision (a).

(g) Any other person who has knowledge of or observes a child whom he or she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to an agency specified in Section 11165.9. For purposes of this section, "any other person" includes a mandated reporter who acts in his or her private capacity and not in his or her professional capacity or within the scope of his or her employment.

(h) When two or more persons, who are required to report, jointly have knowledge of a known or suspected instance of child abuse or neglect, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(i) (1) The reporting duties under this section are individual, and no supervisor or administrator may impede or inhibit the reporting duties, and no person making a report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting and apprise

supervisors and administrators of reports may be established provided that they are not inconsistent with this article.

(2) The internal procedures shall not require any employee required to make reports pursuant to this article to disclose his or her identity to the employer.

(3) Reporting the information regarding a case of possible child abuse or neglect to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to an agency specified in Section 11165.9.

(j) A county probation or welfare department shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the law enforcement agency having jurisdiction over the case, to the agency given the responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code, and to the district attorney's office every known or suspected instance of child abuse or neglect, as defined in Section 11165.6, except acts or omissions coming within subdivision (b) of Section 11165.2, or reports made pursuant to Section 11165.13 based on risk to a child which relates solely to the inability of the parent to provide the child with regular care due to the parent's substance abuse, which shall be reported only to the county welfare or probation department. A county probation or welfare department also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the incident to any agency to which it makes a telephone report under this subdivision.

(k) A law enforcement agency shall immediately, or as soon as practicably possible, report by telephone, fax, or electronic transmission to the agency given responsibility for investigation of cases under Section 300 of the Welfare and Institutions Code and to the district attorney's office every known or suspected instance of child abuse or neglect reported to it, except acts or omissions coming within subdivision (b) of Section 11165.2, which shall be reported only to the county welfare or probation department. A law enforcement agency shall report to the county welfare or probation department every known or suspected instance of child abuse or neglect reported to it which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or as the result of the failure of a person responsible for the child's welfare to adequately protect the minor from abuse when the person responsible for the child's welfare knew or reasonably should have known that the minor was in danger of abuse. A law enforcement agency also shall send, fax, or electronically transmit a written report thereof within 36 hours of receiving the information concerning the

incident to any agency to which it makes a telephone report under this subdivision.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 394

An act to add Section 1202.51 to the Penal Code, relating to illegal dumping.

The people of the State of California do enact as follows:

SECTION 1. Section 1202.51 is added to the Penal Code, to read:

1202.51. In any case in which a defendant is convicted of any of the offenses enumerated in Section 372, 373a, 374.3, 374.4, 374.7, or 374.8, the court shall order the defendant to pay a fine of one hundred dollars ($100) if the conviction is for an infraction or two hundred dollars ($200) if the conviction is for a misdemeanor, in addition to any other penalty or fine imposed. If the court determines that the defendant has the ability to pay all or part of the fine, the court shall set the amount to be paid and order the defendant to pay that sum to the city or, if not within a city, the county, where the violation occurred, to be used for the city's or county's illegal dumping enforcement program. Notwithstanding any other provision of law, no state or county penalty, assessment, fee, or surcharge shall be imposed on the fine ordered under this section.

CHAPTER 395

An act to add Section 17537.12 to the Business and Professions Code, relating to deceptive practices.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 17537.12 is added to the Business and Professions Code, to read:

17537.12. (a) This section shall be known and may be cited as the Truth in Music Advertising Act.

(b) As used in this section, the following terms have the following meanings unless the context clearly indicates otherwise:

(1) "Performing group" means a vocal or instrumental group seeking to use the name of another group that has previously released a commercial sound recording under that name.

(2) "Person" means the performing group or its promoter, manager, or agent. "Person" does not include the performance venue or its owners, managers, or operators, unless the performance venue owns or produces the performing group, or knew or should have known that the performing group does not have a legal right to perform.

(3) "Recording group" means a vocal or instrumental group, at least one of whose members has previously released a commercial sound recording under that group's name and in which the member or members have a legal right by virtue of use or operation under the group name without having abandoned the name or affiliation with the group.

(4) "Sound recording" means a work that results from the fixation on a material object of a series of musical, spoken, or other sounds regardless of the nature of the material object, such as a disk, tape, or other phonorecord, in which the sounds are embodied.

(c) No person shall advertise or conduct a live musical performance or production through the use of a false, deceptive, or misleading affiliation, connection, or association between a performing group and a recording group unless any of the following apply:

(1) The performing group is the authorized registrant and owner of a federal service mark for the group registered in the United States Patent and Trademark Office.

(2) At least one member of the performing group was previously a member of the recording group and has a legal right by virtue of use or

operation under the group name without having abandoned the name or affiliation of the group.

(3) The live musical performance or production is identified in all advertising and promotion as a salute or tribute, and the name of the vocal or instrumental group performing is not so closely related or similar to that used by the recording group that it would tend to confuse or mislead the public.

(4) The advertising does not relate to a live musical performance or production taking place in this state.

(5) The performance or production is expressly authorized by the recording group.

(d) (1) Any person who violates any of the provisions of this section shall be subject to a civil penalty not to exceed two thousand five hundred dollars ($2,500) per violation, as provided in subdivision (a) of Section 17206. An action for a civil penalty be brought by a public prosecutor as provided in subdivision (a) of Section 17206 and shall be enforceable as a civil judgment.

(2) Any person who violates any of the provisions of this section shall be subject to the equitable remedies described in Chapter 5 (commencing with Section 17200) of Part 2.

(3) Nothing in this section shall preclude prosecution of a violation of this section under any other provision of law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 396

An act to amend Sections 11208 and 11219.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature that, except as provided in subdivisions (f) and (g) of Section 42005 of the Vehicle Code, the Department of Motor Vehicles should license all programs that provide traffic safety instruction to traffic violators, if the completion of the program would result in the dismissal of a traffic violation by a court or the completion of the program would be in lieu of adjudicating the traffic offense.

(b) It is the further intent of the Legislature that the licensing authority of the department should apply regardless of the modality in which the traffic safety instruction is given.

(c) Except as provided in subdivisions (f) and (g) of Section 42005 of the Vehicle Code, it is the intent of the Legislature that a court should not dismiss a traffic citation committed by a driver who completes a traffic safety instruction program unless that program is licensed by the department.

SEC. 2. Section 11208 of the Vehicle Code is amended to read:

11208. (a) Fees for issuance by the department of a license to a traffic violator school owner shall be as follows:

The fee prescribed by this subdivision is nonrefundable.

(2) For annual renewal of the license for a traffic violator school and for each branch or classroom location, a fee of fifty dollars ($50).

(3) If alteration of an existing license is required by a firm name change, a change in corporate officer structure, address change, or the addition of a traffic violator school branch or classroom location, a fee of seventy dollars ($70).

(4) For replacement of the license certificate when the original license is lost, stolen, or mutilated, a fee of fifteen dollars ($15).

(b) Fees for the issuance by the department of a license for a traffic violator school operator shall be as follows:

(2) For annual renewal of the license, a fee of fifty dollars ($50).

(3) If alteration of an existing license is caused by a change in the name or location of the established principal place of business of the traffic violator school operated by the licensee, including a transfer by a licensee from one traffic violator school to another, a fee of fifteen dollars ($15).

(4) For replacement of the license certificate when the original license is lost, stolen, or mutilated, a fee of fifteen dollars ($15).

(c) Fees for the issuance by the department of a license for a traffic violator school instructor shall be as follows:

(1) For the original license, except as provided by Section 42231, a nonrefundable fee of thirty dollars ($30).

(2) For the triennial renewal of a license, a fee of thirty dollars ($30).

(3) If alteration of an existing license is required by a change in the instructor's employing school's name or location, or transfer of the instructor's license to another employing school, a fee of fifteen dollars ($15).

(4) For replacement of the instructor's license certificate when the original license is lost, stolen, or mutilated, a fee of fifteen dollars ($15).

(d) The department shall charge a fee, not to exceed three dollars ($3), for each completion certificate issued by a traffic violator school to each person referred by a court pursuant to Section 42005 and completing instruction at the traffic violator school. The amount of the fee shall be determined by the department and shall be a fee sufficient to defray the actual costs incurred by the department for publication and distribution of lists of schools for traffic violators pursuant to Section 11205, for monitoring instruction, business practices, and records of schools for traffic violators and for any other activities deemed necessary by the department to assure high quality education for traffic violators. Upon satisfactory completion of the instruction offered by a licensed traffic violator school, the traffic violator school shall provide the student referred by a court pursuant to Section 42005 with a certificate of completion furnished by the department. A certificate of completion shall not be issued to a person who elects to attend a traffic violator school. A traffic violator school shall not charge a fee in excess of the fee charged by the department pursuant to this subdivision for furnishing a certificate of completion. A traffic violator school may charge a fee not to exceed fifteen dollars ($15), to issue a duplicate certificate of completion that was requested by a traffic violator, when the original certificate was lost, stolen, or mutilated. A student referred by a court pursuant to Section 42005 shall present this certificate of completion to the court as proof of completion of instruction, and no other proof of completion of instruction may be accepted by the court.

(e) The department shall compile its actual costs incurred to determine the fee prescribed in subdivision (d) and make available its financial records used in the determination of the fee for completion certificates. The fee shall be adjusted every odd-numbered year based upon the costs incurred during the preceding two fiscal years. The records described in this subdivision are public records.

SEC. 3. Section 11219.5 of the Vehicle Code is amended to read:

The Secretary of State or a peace officer, as defined in Sections 830.1, 830.2, and 830.3 of the Penal Code, possessing reasonable suspicion and acting in his or her official capacity and within his or her authority, may enforce the provisions of this chapter through the examination of a notary public's books, records, letters, contracts, and other pertinent documents relating to the official acts of the notary public.

(e) Peace officers, officers of the court, or court employees who sell confidential information obtained during the course of a law enforcement investigation reduce the public's confidence and faith in our criminal justice system.

146g. (a) Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, any employee of a law enforcement agency, any attorney as defined in Section 6125 of the Business and Professions Code employed by a governmental agency, or any trial court employee as defined in Section 71601 of the Government Code, who does either of the following is guilty of a misdemeanor punishable by a fine not to exceed one thousand dollars ($1,000):

(2) Solicits, for financial gain, the exchange of information obtained in the course of a criminal investigation, the disclosure of which is prohibited by law.

(b) Any person who solicits any other person described in subdivision (a) for the financial gain of the person described in subdivision (a) to disclose information obtained in the course of a criminal investigation, with the knowledge that the disclosure is prohibited by law, is guilty of a misdemeanor, punishable by a fine not to exceed one thousand dollars ($1,000).

(c) (1) Any person described in subdivision (a) who, for financial gain, solicits or sells any photograph or video taken inside any secure area of a law enforcement or court facility, the taking of which was not authorized by the law enforcement or court facility administrator, is guilty of a misdemeanor punishable by a fine not to exceed one thousand dollars ($1,000).

(2) Any person who solicits any person described in subdivision (a) for financial gain to the person described in subdivision (a) to disclose any photograph or video taken inside any secure area of a law enforcement or court facility, the taking of which was not authorized by the law enforcement or court facility administrator, is guilty of a misdemeanor punishable by a fine not to exceed one thousand dollars ($1,000).

(d) Upon conviction of, and in addition to, any other penalty prescribed by this section, the defendant shall forfeit any monetary compensation received in the commission of a violation of this section and the money shall be deposited in the Victim Restitution Fund.

(e) Nothing in this section shall apply to officially sanctioned information, photographs, or video, or to information, photographs, or video obtained or distributed pursuant to the California Whistleblower Protection Act or the Local Government Disclosure of Information Act.

(f) This section shall not be construed to limit or prevent prosecution pursuant to any other applicable provision of law.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes

the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 404

An act to amend Section 706 of, and to add Sections 710 and 711 to, the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), relating to water.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 706 of the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), as amended by Section 3 of Chapter 192 of the Statutes of 2003, is amended to read:

Sec. 706. (a) Except as provided in this section, this act shall remain in effect only until July 1, 2017, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 2017, deletes or extends that date.

(b) Upon the repeal of this act, the assets and debts of the authority shall be administered as follows:

(1) The Los Angeles Regional Water Quality Control Board shall dispose of the property and assets as appropriate. The Los Angeles Regional Water Quality Control Board shall receive reimbursement for actual costs incurred related to the disposition of the property and assets. The cost recovery shall be from the proceeds of the disposition pursuant to this section. The proceeds, if any, of the disposition shall be transferred to the Treasurer to be applied to pay the debts of the authority and, if any proceeds remain, shall be transferred to the Treasurer for deposit in the Hazardous Substance Cleanup Fund for use in financing groundwater contamination investigation and remediation in the basin. Preference shall be given in the disposition of assets of the authority to transfers to producers who may be able to use the assets for the benefit of water distribution systems and to provide for continued operation and maintenance of the assets in order to further the purposes of this act.

(2) The Treasurer shall administer the payment of debts of the authority. The Treasurer shall apply the proceeds from the disposition of assets to the payment of the debts. If debts remain after application of the proceeds from disposition of assets, the Treasurer may continue to collect, in lieu of the authority, the pumping right assessments

authorized under either (A) Section 602 if the debt relates to administrative costs or (B) Section 605 if the debt is to repay warrants, notes, bonds, and other evidences of indebtedness, or both, to make payments pursuant to leases or installment sale agreements in connection with certificates of participation, to pay for operation and maintenance costs of facilities, and to make payments pursuant to any other financial obligations. All provisions set forth in Article 6 (commencing with Section 601) relating to the levy and collection of the pumping right assessments are not repealed and shall continue in effect until the debts of the authority are paid, as determined by the Treasurer, who shall notify the Secretary of State. Upon receipt by the Secretary of State of the Treasurer's notice, Article 6 (commencing with Section 601) is repealed. The Treasurer's authority to levy and collect assessments under this act is limited according to the provisions of this act and shall cease when all debts of the authority have been paid.

SEC. 2. Section 710 is added to the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), to read:

Sec. 710. At least on a quarterly basis, commencing April 1, 2008, the authority shall update its Internet Web site with information regarding its activities undertaken pursuant to the basin groundwater quality management and remediation plan developed and adopted pursuant to Section 406.

SEC. 3. Section 711 is added to the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), to read:

Sec. 711. By March 31, 2008, and every six months thereafter, the authority shall provide a status report on its activities undertaken pursuant to the basin groundwater quality management and remediation plan to the State Water Resources Control Board and the Los Angeles Regional Water Quality Control Board. The status report shall include, at a minimum, all of the following:

(i) Criteria used to quantitatively evaluate projects for effectiveness.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 405

An act to add Section 11062 to the Penal Code, relating to law enforcement, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) There are significant questions regarding the structure, staffing, funding, and workload priorities of California's forensic analysis delivery system. There is also concern that existing law enforcement needs are not being met and that this situation will worsen if not addressed quickly.

(b) Forensic science is an increasingly vital element in the field of law enforcement. This highly specialized work covers at least 10 different specialties and is becoming more sophisticated as our scientific knowledge increases.

(c) Recruitment and retention levels of state criminalists are dwindling as demand for services increases. The state is experiencing a serious shortage of criminalists resulting in a significant backlog in unprocessed DNA samples. This problem will get dramatically worse in 2009 when state law dramatically increases the number of persons subject to DNA testing.

(d) There are no universal standards for certification for criminalists in California nor is there a mandatory requirement that all criminal laboratories meet minimum standards. California currently has 11 Department of Justice crime laboratories providing services to approximately 40 percent of California's law enforcement agencies. The

remaining law enforcement agencies are served by at least 19 local criminal laboratories that fall under the command of a district attorney, sheriff, or police chief.

(e) The creation and growth of crime laboratories in California has evolved over decades without any statewide planning, review, or coordination to maximize the capabilities and effectiveness of these critical assets.

SEC. 2. Section 11062 is added to the Penal Code, to read:

11062. (a) The Department of Justice shall establish and chair a task force to conduct a review of California's crime laboratory system.

(b) The task force shall be known as the "Crime Laboratory Review Task Force." The composition of the task force shall be comprised of a representative of each of the following entities:

(1) The Department of Justice.

(2) The California Association of Crime Laboratory Directors.

(3) The California Association of Criminalists.

(4) The International Association for Identification.

(5) The American Society of Crime Laboratory Directors.

(6) The California Highway Patrol.

(7) The California State Sheriffs Association, from a department with a crime laboratory.

(8) The California District Attorneys Association, from an office with a crime laboratory.

(9) The California Police Chiefs Association, from a department with a crime laboratory.

(10) The California Peace Officers Association.

(11) The California Public Defenders Association.

(12) A private criminal defense attorney organization.

(13) The Judicial Council, to be appointed by the Chief Justice.

(14) The Office of the Speaker of the Assembly.

(15) The Office of the President pro Tempore of the Senate.

(16) Two representatives to be appointed by the Governor.

(c) The task force shall review and make recommendations as to how best to configure, fund, and improve the delivery of state and local crime laboratory services in the future. To the extent feasible, the review and recommendations shall include, but are not limited to, addressing the following issues:

(1) With respect to organization and management of crime laboratory services, consideration of the following:

(A) If the existing mix of state and local crime laboratories is the most effective and efficient means to meet California's future needs.

(B) Whether laboratories should be further consolidated. If consolidation occurs, who should have oversight of crime laboratories.

(C) If management responsibilities for some laboratories should be transferred.

(D) Whether all laboratories should provide similar services.

(E) How other states have addressed similar issues.

(2) With respect to staff and training, consideration of the following:

(A) How to address recruiting and retention problems of laboratory staff.

(B) Whether educational and training opportunities are adequate to supply the needs of fully trained forensic criminalists in the future.

(C) Whether continuing education is available to ensure that forensic science personnel are up-to-date in their fields of expertise.

(D) If crime laboratory personnel should be certified, and if so, the appropriate agency to assume this responsibility.

(E) The future educational role, if any, for the University of California or California State University systems.

(3) With respect to funding, consideration of the following:

(A) Whether the current method of funding laboratories is predictable, stable, and adequate to meet future growth demands and to provide accurate and timely testing results.

(B) The adequacy of salary structures to attract and retain competent analysts and examiners.

(4) With respect to performance standards and equipment, consideration of the following:

(A) Whether workload demands are being prioritized properly and whether there are important workload issues not being addressed.

(B) If existing laboratories have the necessary capabilities, staffing, and equipment.

(C) If statewide standards should be developed for the accreditation of forensic laboratories, including minimum staffing levels, and if so, a determination regarding what entity should serve as the sanctioning body.

(d) The task force shall also seek input from specialized law enforcement disciplines, other state and local agencies, relevant advocacy groups, and the public. The final report shall also include a complete inventory of existing California crime laboratories. This inventory shall contain sufficient details on staffing, workload, budget, major instrumentation, and organizational placement within the controlling agency.

(e) The first meeting of the task force shall occur no later than 60 days after the effective date of this act.

(f) On or before July 1, 2009, the task force shall submit a final report of its findings to the Department of Finance, and to the budget and public safety committees of both houses.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Given the importance of combating crime in the state in the most efficient and expeditious manner possible, it is necessary that this act take effect immediately.

CHAPTER 406

An act to add Section 11713.22 to the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 11713.22 is added to the Vehicle Code, to read:

11713.22. (a) Upon mutual agreement of the parties to enter into a dealer agreement, it is unlawful and a violation of this code for a manufacturer, manufacturer branch, distributor, or distributor branch licensed under this code to fail or refuse to provide a recreational vehicle dealer a written dealer agreement that complies with the requirements of Section 331.

(b) An agreement described in subdivision (a) shall include, but not be limited to, provisions regarding dealership transfer, dealership termination, sales territory, and reimbursement for costs incurred by the dealer for work related to the manufacturer's warranty for each line-make of recreational vehicle covered by the agreement.

(c) This section applies only to a dealer and manufacturer agreement involving recreational vehicles, as defined in subdivision (a) of Section 18010 of the Health and Safety Code, but does not include an agreement with a dealer who deals exclusively in truck campers.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 407

An act to add Section 1656.5 to the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1656.5 is added to the Vehicle Code, to read:

1656.5. (a) The Legislature finds that the department, by virtue of its interaction with millions of California drivers and vehicle owners each year, represents a valuable resource for the disbursement of important public safety and consumer information.

(b) The department may enter into a contract with a private vendor for the purpose of acquiring and utilizing message display systems. These systems may be used on the department's mailings or other property owned, leased, or controlled by the department. The information displayed shall be of appropriate benefit to the motoring public and the state's consumers, as determined by the department.

(c) A vendor under contract with the department may utilize a portion of the available time and space on the display systems that it provides for the purpose of advertising products or services. The advertising on a message display system shall not exceed 15 minutes in a 60-minute period. The extent of the access shall be established under the terms of the contract.

(d) The department shall determine whether a vendor's advertised product or service is consistent with and appropriate to the best interests of the motoring public. The department shall not enter into a contract with a vendor whose advertised product or service the department determines is not consistent with or appropriate to the best interests of the motoring public.

CHAPTER 408

An act to amend Section 186.11 of the Penal Code, relating to crime.

[Approved by Governor October 10, 2007. Filed with
Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 186.11 of the Penal Code is amended to read:

186.11. (a) (1) Any person who commits two or more related felonies, a material element of which is fraud or embezzlement, which involve a pattern of related felony conduct, and the pattern of related felony conduct involves the taking of, or results in the loss by another person or entity of, more than one hundred thousand dollars ($100,000), shall be punished, upon conviction of two or more felonies in a single criminal proceeding, in addition and consecutive to the punishment prescribed for the felony offenses of which he or she has been convicted, by an additional term of imprisonment in the state prison as specified in paragraph (2) or (3). This enhancement shall be known as the aggravated white collar crime enhancement. The aggravated white collar crime enhancement shall only be imposed once in a single criminal proceeding. For purposes of this section, "pattern of related felony conduct" means engaging in at least two felonies that have the same or similar purpose, result, principals, victims, or methods of commission, or are otherwise interrelated by distinguishing characteristics, and that are not isolated events. For purposes of this section, "two or more related felonies" means felonies committed against two or more separate victims, or against the same victim on two or more separate occasions.

(2) If the pattern of related felony conduct involves the taking of, or results in the loss by another person or entity of, more than five hundred thousand dollars ($500,000), the additional term of punishment shall be two, three, or five years in the state prison.

(3) If the pattern of related felony conduct involves the taking of, or results in the loss by another person or entity of, more than one hundred thousand dollars ($100,000), but not more than five hundred thousand dollars ($500,000), the additional term of punishment shall be the term specified in paragraph (1) or (2) of subdivision (a) of Section 12022.6.

(b) (1) The additional prison term and penalties provided for in subdivisions (a), (c), and (d) shall not be imposed unless the facts set forth in subdivision (a) are charged in the accusatory pleading and admitted or found to be true by the trier of fact.

(2) The additional prison term provided in paragraph (2) of subdivision (a) shall be in addition to any other punishment provided by law, including Section 12022.6, and shall not be limited by any other provision of law.

(c) Any person convicted of two or more felonies, as specified in subdivision (a), shall also be liable for a fine not to exceed five hundred thousand dollars ($500,000) or double the value of the taking, whichever is greater, if the existence of facts that would make the person subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact. However, if the pattern of related felony conduct involves the taking of more than one hundred thousand dollars ($100,000), but not more than five hundred thousand dollars ($500,000), the fine shall not exceed one hundred thousand dollars ($100,000) or double the value of the taking, whichever is greater.

(d) Any person convicted of two or more felonies, as specified in subdivision (a), shall be liable for the costs of restitution to victims of the pattern of fraudulent or unlawful conduct, if the existence of facts that would make the person subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact.

(e) (1) If a person is alleged to have committed two or more felonies, as specified in subdivision (a), and the aggravated white collar crime enhancement is also charged, any asset or property that is in the control of that person, and any asset or property that has been transferred by that person to a third party, subsequent to the commission of any criminal act alleged pursuant to subdivision (a), other than in a bona fide purchase, whether found within or outside the state, may be preserved by the superior court in order to pay restitution and fines imposed pursuant to this section. Upon conviction of two or more felonies, as specified in subdivision (a), this property may be levied upon by the superior court to pay restitution and fines imposed pursuant to this section if the existence of facts that would make the person subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact.

(2) To prevent dissipation or secreting of assets or property, the prosecuting agency may, at the same time as or subsequent to the filing of a complaint or indictment charging two or more felonies, as specified in subdivision (a), and the enhancement specified in subdivision (a), file a petition with the criminal division of the superior court of the county in which the accusatory pleading was filed, seeking a temporary restraining order, preliminary injunction, the appointment of a receiver, or any other protective relief necessary to preserve the property or assets. This petition shall commence a proceeding that shall be pendent to the criminal proceeding and maintained solely to affect the criminal remedies provided for in this section. The proceeding shall not be subject to or governed by the provisions of the Civil Discovery Act as set forth in Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure. The petition shall allege that the defendant has been

charged with two or more felonies, as specified in subdivision (a), and is subject to the aggravated white collar crime enhancement specified in subdivision (a). The petition shall identify that criminal proceeding and the assets and property to be affected by an order issued pursuant to this section.

(3) A notice regarding the petition shall be provided, by personal service or registered mail, to every person who may have an interest in the property specified in the petition. Additionally, the notice shall be published for at least three successive weeks in a newspaper of general circulation in the county where the property affected by an order issued pursuant to this section is located. The notice shall state that any interested person may file a verified claim with the superior court stating the nature and amount of their claimed interest. The notice shall set forth the time within which a claim of interest in the protected property is required to be filed.

(4) If the property to be preserved is real property, the prosecuting agency shall record, at the time of filing the petition, a lis pendens in each county in which the real property is situated which specifically identifies the property by legal description, the name of the owner of record as shown on the latest equalized assessment roll, and the assessor's parcel number.

(5) If the property to be preserved are assets under the control of a banking or financial institution, the prosecuting agency, at the time of the filing of the petition, may obtain an order from the court directing the banking or financial institution to immediately disclose the account numbers and value of the assets of the accused held by the banking or financial institution. The prosecuting agency shall file a supplemental petition, specifically identifying which banking or financial institution accounts shall be subject to a temporary restraining order, preliminary injunction, or other protective remedy.

(6) Any person claiming an interest in the protected property may, at any time within 30 days from the date of the first publication of the notice of the petition, or within 30 days after receipt of actual notice, file with the superior court of the county in which the action is pending a verified claim stating the nature and amount of his or her interest in the property or assets. A verified copy of the claim shall be served by the claimant on the Attorney General or district attorney, as appropriate.

(7) The imposition of fines and restitution pursuant to this section shall be determined by the superior court in which the underlying criminal offense is sentenced. Any judge who is assigned to the criminal division of the superior court in the county where the petition is filed may issue a temporary restraining order in conjunction with, or subsequent to, the filing of an allegation pursuant to this section. Any subsequent hearing

on the petition shall also be heard by a judge assigned to the criminal division of the superior court in the county in which the petition is filed. At the time of the filing of an information or indictment in the underlying criminal case, any subsequent hearing on the petition shall be heard by the superior court judge assigned to the underlying criminal case.

(f) Concurrent with or subsequent to the filing of the petition, the prosecuting agency may move the superior court for, and the superior court may issue, the following pendente lite orders to preserve the status quo of the property alleged in the petition:

(1) An injunction to restrain any person from transferring, encumbering, hypothecating, or otherwise disposing of that property.

(2) Appointment of a receiver to take possession of, care for, manage, and operate the assets and properties so that the property may be maintained and preserved. The court may order that a receiver appointed pursuant to this section shall be compensated for all reasonable expenditures made or incurred by him or her in connection with the possession, care, management, and operation of any property or assets that are subject to the provisions of this section.

(3) A bond or other undertaking, in lieu of other orders, of a value sufficient to ensure the satisfaction of restitution and fines imposed pursuant to this section.

(g) (1) No preliminary injunction may be granted or receiver appointed by the court without notice that meets the requirements of paragraph (3) of subdivision (e) to all known and reasonably ascertainable interested parties and upon a hearing to determine that an order is necessary to preserve the property pending the outcome of the criminal proceedings. A temporary restraining order may be issued by the court, ex parte, pending that hearing in conjunction with or subsequent to the filing of the petition upon the application of the prosecuting attorney. The temporary restraining order may be based upon the sworn declaration of a peace officer with personal knowledge of the criminal investigation that establishes probable cause to believe that aggravated white collar crime has taken place and that the amount of restitution and fines established by this section exceeds or equals the worth of the assets subject to the temporary restraining order. The declaration may include the hearsay statements of witnesses to establish the necessary facts. The temporary restraining order may be issued without notice upon a showing of good cause to the court.

(2) The defendant, or a person who has filed a verified claim as provided in paragraph (6) of subdivision (e), shall have the right to have the court conduct an order to show cause hearing within 10 days of the service of the request for hearing upon the prosecuting agency, in order to determine whether the temporary restraining order should remain in

effect, whether relief should be granted from any lis pendens recorded pursuant to paragraph (4) of subdivision (e), or whether any existing order should be modified in the interests of justice. Upon a showing of good cause, the hearing shall be held within two days of the service of the request for hearing upon the prosecuting agency.

(3) In determining whether to issue a preliminary injunction or temporary restraining order in a proceeding brought by a prosecuting agency in conjunction with or subsequent to the filing of an allegation pursuant to this section, the court has the discretion to consider any matter that it deems reliable and appropriate, including hearsay statements, in order to reach a just and equitable decision. The court shall weigh the relative degree of certainty of the outcome on the merits and the consequences to each of the parties of granting the interim relief. If the prosecution is likely to prevail on the merits and the risk of the dissipation of assets outweighs the potential harm to the defendants and the interested parties, the court shall grant injunctive relief. The court shall give significant weight to the following factors:

(A) The public interest in preserving the property or assets pendente lite.

(B) The difficulty of preserving the property or assets pendente lite where the underlying alleged crimes involve issues of fraud and moral turpitude.

(C) The fact that the requested relief is being sought by a public prosecutor on behalf of alleged victims of white collar crimes.

(D) The likelihood that substantial public harm has occurred where aggravated white collar crime is alleged to have been committed.

(E) The significant public interest involved in compensating the victims of white collar crime and paying court-imposed restitution and fines.

(4) The court, in making its orders, may consider a defendant's request for the release of a portion of the property affected by this section in order to pay reasonable legal fees in connection with the criminal proceeding, any necessary and appropriate living expenses pending trial and sentencing, and for the purpose of posting bail. The court shall weigh the needs of the public to retain the property against the needs of the defendant to a portion of the property. The court shall consider the factors listed in paragraph (3) prior to making any order releasing property for these purposes.

(5) The court, in making its orders, shall seek to protect the interests of any innocent third persons, including an innocent spouse, who were not involved in the commission of any criminal activity.

(6) Any petition filed pursuant to this section is part of the criminal proceedings for purposes of appointment of counsel and shall be assigned

to the criminal division of the superior court of the county in which the accusatory pleading was filed.

(7) Based upon a noticed motion brought by the receiver appointed pursuant to paragraph (2) of subdivision (f), the court may order an interlocutory sale of property named in the petition when the property is liable to perish, to waste, or to be significantly reduced in value, or when the expenses of maintaining the property are disproportionate to the value thereof. The proceeds of the interlocutory sale shall be deposited with the court or as directed by the court pending determination of the proceeding pursuant to this section.

(8) The court may make any orders that are necessary to preserve the continuing viability of any lawful business enterprise that is affected by the issuance of a temporary restraining order or preliminary injunction issued pursuant to this action.

(9) In making its orders, the court shall seek to prevent any asset subject to a temporary restraining order or preliminary injunction from perishing, spoiling, going to waste, or otherwise being significantly reduced in value. Where the potential for diminution in value exists, the court shall appoint a receiver to dispose of or otherwise protect the value of the property or asset.

(10) A preservation order shall not be issued against any assets of a business that are not likely to be dissipated and that may be subject to levy or attachment to meet the purposes of this section.

(h) If the allegation that the defendant is subject to the aggravated white collar crime enhancement is dismissed or found by the trier of fact to be untrue, any preliminary injunction or temporary restraining order issued pursuant to this section shall be dissolved. If a jury is the trier of fact, and the jury is unable to reach a unanimous verdict, the court shall have the discretion to continue or dissolve all or a portion of the preliminary injunction or temporary restraining order based upon the interests of justice. However, if the prosecuting agency elects not to retry the case, any preliminary injunction or temporary restraining order issued pursuant to this section shall be dissolved.

(i) (1) (A) If the defendant is convicted of two or more felonies, as specified in subdivision (a), and the existence of facts that would make the person subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact, the trial judge shall continue the preliminary injunction or temporary restraining order until the date of the criminal sentencing and shall make a finding at that time as to what portion, if any, of the property or assets subject to the preliminary injunction or temporary restraining order shall be levied upon to pay fines and restitution to victims of the crime. The order imposing fines and restitution may exceed the total worth of the property

or assets subjected to the preliminary injunction or temporary restraining order. The court may order the immediate transfer of the property or assets to satisfy any judgment and sentence made pursuant to this section. Additionally, upon motion of the prosecution, the court may enter an order as part of the judgment and sentence making the order imposing fines and restitution pursuant to this section enforceable pursuant to Title 9 (commencing with Section 680.010) of Part 2 of the Code of Civil Procedure.

(B) Additionally, the court shall order the defendant to make full restitution to the victim or to make restitution to the victim based on his or her ability to pay, as defined in subdivision (b) of Section 1203.1b. The payment of the restitution ordered by the court pursuant to this section shall be made a condition of any probation granted by the court if the existence of facts that would make the defendant subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact. Notwithstanding any other provision of law, the court may order that the period of probation continue for up to 10 years or until full restitution is made to the victim, whichever is earlier.

(C) The sentencing court shall retain jurisdiction to enforce the order to pay additional fines and restitution and, in appropriate cases, may initiate probation violation proceedings or contempt of court proceedings against a defendant who is found to have willfully failed to comply with any lawful order of the court.

(D) If the execution of judgment is stayed pending an appeal of an order of the superior court pursuant to this section, the preliminary injunction or temporary restraining order shall be maintained in full force and effect during the pendency of the appellate period.

(2) The order imposing fines and restitution shall not affect the interest in real property of any third party that was acquired prior to the recording of the lis pendens, unless the property was obtained from the defendant other than as a bona fide purchaser for value. If any assets or property affected by this section are subject to a valid lien, mortgage, security interest, or interest under a conditional sales contract and the amount due to the holder of the lien, mortgage, interest, or contract is less than the appraised value of the property, that person may pay to the state or the local government that initiated the proceeding the amount of the difference between the appraised value of the property and the amount of the lien, mortgage, security interest, or interest under a conditional sales contract. Upon that payment, the state or local entity shall relinquish all claims to the property. If the holder of the interest elects not to make that payment to the state or local governmental entity, the interest in the property shall be deemed transferred to the state or local governmental entity and any indicia of ownership of the property shall be confirmed

in the state or local governmental entity. The appraised value shall be determined as of the date judgment is entered either by agreement between the holder of the lien, mortgage, security interest, or interest under a conditional sales contract and the governmental entity involved, or if they cannot agree, then by a court-appointed appraiser for the county in which the action is brought. A person holding a valid lien, mortgage, security interest, or interest under a conditional sales contract shall be paid the appraised value of his or her interest.

(3) In making its final order, the court shall seek to protect the legitimately acquired interests of any innocent third persons, including an innocent spouse, who were not involved in the commission of any criminal activity.

(j) In all cases where property is to be levied upon pursuant to this section, a receiver appointed by the court shall be empowered to liquidate all property or assets which shall be distributed in the following order of priority:

(1) To the receiver, or court-appointed appraiser, for all reasonable expenditures made or incurred by him or her in connection with the sale of the property or liquidation of assets, including all reasonable expenditures for any necessary repairs, storage, or transportation of any property levied upon under this section.

(2) To any holder of a valid lien, mortgage, or security interest up to the amount of his or her interest in the property or proceeds.

(3) To any victim as restitution for any fraudulent or unlawful acts alleged in the accusatory pleading that were proven by the prosecuting agency as part of the pattern of fraudulent or unlawful acts.

(4) For payment of any fine imposed pursuant to this section. The proceeds obtained in payment of a fine shall be paid to the treasurer of the county in which the judgment was entered, or if the action was undertaken by the Attorney General, to the Treasurer. If the payment of any fine imposed pursuant to this section involved losses resulting from violation of Section 550 of this code or Section 1871.4 of the Insurance Code, one-half of the fine collected shall be paid to the treasurer of the county in which the judgment was entered, and one-half of the fine collected shall be paid to the Department of Insurance for deposit in the appropriate account in the Insurance Fund. The proceeds from the fine first shall be used by a county to reimburse local prosecutors and enforcement agencies for the reasonable costs of investigation and prosecution of cases brought pursuant to this section.

(5) To the Restitution Fund, or in cases involving convictions relating to insurance fraud, to the Insurance Fund as restitution for crimes not specifically pleaded and proven in the accusatory pleading.

(k) If, after distribution pursuant to paragraphs (1) and (2) of subdivision (j), the value of the property to be levied upon pursuant to this section is insufficient to pay for restitution and fines, the court shall order an equitable sharing of the proceeds of the liquidation of the property, and any other recoveries, which shall specify the percentage of recoveries to be devoted to each purpose. At least 70 percent of the proceeds remaining after distribution pursuant to paragraphs (1) and (2) of subdivision (j) shall be devoted to restitution.

(*l*) Unless otherwise expressly provided, the remedies or penalties provided by this section are cumulative to each other and to the remedies or penalties available under all other laws of this state, except that two separate actions against the same defendant and pertaining to the same fraudulent or unlawful acts may not be brought by a district attorney or the Attorney General pursuant to this section and Chapter 5 (commencing with Section 17200) of Part 2 of Division 7 of the Business and Professions Code. If a fine is imposed under this section, it shall be in lieu of all other fines that may be imposed pursuant to any other provision of law for the crimes for which the defendant has been convicted in the action.

SEC. 2. The changes to Section 186.11 contained in this act are intended to be declaratory of existing law.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 412

An act to amend Section 4584 of the Public Resources Code, relating to public resources.

[Approved by Governor October 10, 2007. Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 4584 of the Public Resources Code is amended to read:

4584. Upon determining that the exemption is consistent with the purposes of this chapter, the board may exempt from this chapter or portions thereof, a person engaged in forest management whose activities are limited to any of the following:

(a) The cutting or removal of trees for the purpose of constructing or maintaining a right-of-way for utility lines.

(b) The planting, growing, nurturing, shaping, shearing, removal, or harvest of immature trees for Christmas trees or other ornamental purposes or minor forest products, including fuelwood.

(c) The cutting or removal of dead, dying, or diseased trees of any size.

(d) Site preparation.

(e) Maintenance of drainage facilities and soil stabilization treatments.

(f) Timber operations on land managed by the Department of Parks and Recreation.

(g) (1) The one-time conversion of less than three acres to a nontimber use. A person, whether acting as an individual or as a member of a partnership, or as an officer or employee of a corporation or other legal entity, shall not obtain more than one exemption pursuant to this subdivision in a five-year period. If a partnership has as a member, or if a corporation or any other legal entity has as an officer or employee, a person who has received this exemption within the past five years, whether as an individual or as a member of a partnership, or as an officer or employee of a corporation or other legal entity, then that partnership, corporation, or other legal entity is not eligible for this exemption. "Person," for purposes of this subdivision, means an individual, partnership, corporation, or any other legal entity.

(2) (A) Notwithstanding Section 4554.5, the board shall adopt regulations that become effective and operative on or before July 1, 2002, and do all of the following:

(i) Identify the required documentation of a bona fide intent to complete the conversion that an applicant will need to submit in order to be eligible for the exemption in paragraph (1).

(ii) Authorize the department to inspect the sites approved in conversion applications that have been approved on or after January 1, 2002, in order to determine that the conversion was completed within the two-year period described in subparagraph (B) of paragraph (2) of subdivision (a) of Section 1104.1 of Title 14 of the California Code of Regulations.

(iii) Require the exemption under this subdivision to expire if there is a change in timberland ownership. The person who originally submitted an application for an exemption under this subdivision shall notify the department of a change in timberland ownership on or before five calendar days after a change in ownership.

(iv) The board may adopt regulations allowing a waiver of the five-year limitation described in paragraph (1) upon finding that the imposition of the five-year limitation would impose an undue hardship on the applicant for the exemption. The board may adopt a process for an appeal of a denial of a waiver.

(B) The application form for the exemption pursuant to paragraph (1) shall prominently advise the public that a violation of the conversion exemption, including a conversion applied for in the name of someone other than the person or entity implementing the conversion in bona fide good faith, is a violation of this chapter and penalties may accrue up to ten thousand dollars ($10,000) for each violation pursuant to Article 8 (commencing with Section 4601).

(h) Easements granted by a right-of-way construction agreement administered by the federal government if any timber sales and operations within or affecting these areas are reviewed and conducted pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. Sec. 4321 et seq.).

(i) The cutting, removal, or sale of timber or other solid wood forest products from the species Taxus brevifolia (Pacific yew), if the known locations of any stands of this species three inches and larger in diameter at breast height are identified in the exemption notice submitted to the department. (j) (1) The cutting or removal of trees in compliance with Sections 4290 and 4291, that eliminates the vertical continuity of vegetative fuels and the horizontal continuity of tree crowns for the purpose of reducing flammable materials and maintaining a fuel break for a distance of not more than 150 feet on each side from an approved and legally permitted structure that complies with the California Building Code, when that cutting or removal is conducted in compliance with this subdivision. For purposes of this subdivision, an "approved and legally permitted structure" includes only structures that are designed for human occupancy and garages, barns, stables, and structures used to enclose fuel tanks.

(2) (A) The cutting or removal of trees pursuant to this subdivision is limited to cutting or removal that will result in a reduction in the rate of fire spread, fire duration and intensity, fuel ignitability, or ignition of the tree crowns and shall be in accordance with any regulations adopted by the board pursuant to this section.

(B) Trees shall not be cut or removed pursuant to this subdivision by the clearcutting regeneration method, by the seed tree removal step of the seed tree regeneration method, or by the shelterwood removal step of the shelterwood regeneration method.

(3) (A) Surface fuels, including logging slash and debris, low brush, and deadwood, that could promote the spread of wildfire shall be chipped, burned, or otherwise removed from all areas of timber operations within 45 days from the date of commencement of timber operations pursuant to this subdivision.

(B) (i) All surface fuels that are not chipped, burned, or otherwise removed from all areas of timber operations within 45 days from the date of commencement of timber operations may be determined to be a nuisance and subject to abatement by the department or the city or county having jurisdiction.

(ii) The costs incurred by the department, city, or county, as the case may be, to abate the nuisance upon any parcel of land subject to the timber operations, including, but not limited to, investigation, boundary determination, measurement, and other related costs, may be recovered by special assessment and lien against the parcel of land by the department, city, or county. The assessment may be collected at the same time and in the same manner as ordinary ad valorem taxes, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as is provided for ad valorem taxes.

(4) All timber operations conducted pursuant to this subdivision shall conform to applicable city or county general plans, city or county implementing ordinances, and city or county zoning ordinances. Nothing in this paragraph is intended to authorize the cutting, removal, or sale of timber or other solid wood forest products within an area where timber harvesting is prohibited or otherwise restricted pursuant to the rules or regulations adopted by the board.

(5) (A) The board shall adopt regulations, initially as emergency regulations in accordance with subparagraph (B), that the board considers necessary to implement and to obtain compliance with this subdivision.

(B) The emergency regulations adopted pursuant to subparagraph (A) shall be adopted in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption of emergency regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare.

(k) (1) Until January 1, 2013, the harvesting of trees, limited to those trees that eliminate the vertical continuity of vegetative fuels and the horizontal continuity of tree crowns, for the purpose of reducing the rate of fire spread, duration and intensity, fuel ignitability, or ignition of tree crowns.

(2) The board may authorize an exemption pursuant to paragraph (1) only if the tree harvesting will decrease fuel continuity and increase the quadratic mean diameter of the stand, and the tree harvesting area will not exceed 300 acres.

(3) The notice of exemption, which shall be known as the Forest Fire Prevention Exemption, may be authorized only if all of the conditions specified in paragraphs (4) to (10), inclusive, are met.

(4) A registered professional forester shall prepare the notice of exemption and submit it to the director, and include a map of the area of timber operations that complies with the requirements of paragraphs (1), (3), (4), and (7) to (12), inclusive, of subdivision (x) of Section 1034 of Title 14 of the California Code of Regulations.

(5) (A) The registered professional forester who submits the notice of exemption shall include a description of the preharvest stand structure and a statement of the postharvest stand stocking levels.

(B) The level of residual stocking shall be consistent with maximum sustained production of high-quality timber products. The residual stand shall consist primarily of healthy and vigorous dominant and codominant trees from the preharvest stand. Stocking shall not be reduced below the standards required by any of the following provisions that apply to the exemption at issue:

(i) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 913.3 of Title 14 of the California Code of Regulations.

(ii) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 933.3 of Title 14 of the California Code of Regulations.

(iii) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 953.3 of Title 14 of the California Code of Regulations.

(C) If the preharvest dominant and codominant crown canopy is occupied by trees less than 14 inches diameter at breast height, a minimum of 100 trees over four inches diameter at breast height shall be retained per acre for Site I, II, and III lands, and a minimum of 75 trees over four inches diameter at breast height shall be retained per acre for Site IV and V lands.

(6) (A) The registered professional forester who submits the notice shall include selection criteria for the trees to be harvested or the trees to be retained. In the development of fuel reduction prescriptions, the registered professional forester should consider retaining habitat elements, where feasible, including, but not limited to, ground level cover necessary for the long-term management of local wildlife populations.

(B) All trees that are harvested or all trees that are retained shall be marked or sample marked by or under the supervision of a registered professional forester before felling operations begin. The board shall adopt regulations for sample marking for this section in Title 14 of the California Code of Regulations. Sample marking shall be limited to homogenous forest stand conditions typical of plantations.

(7) (A) The registered professional forester submitting the notice, upon submission of the notice, shall provide a confidential archaeology letter that includes all of the information required by any of the following provisions that apply to the exemption at issue:

(i) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 929.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section

or pursuant to Section 929.5 of Title 14 of the California Code of Regulations.

(ii) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 949.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section or pursuant to Section 949.5 of Title 14 of the California Code of Regulations.

(iii) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 969.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section or pursuant to Section 969.5 of Title 14 of the California Code of Regulations.

(B) The director shall submit a complete copy of the confidential archaeological letter and two copies of all required archaeological or historical site records, to the appropriate Information Center of the California Historical Resource Information System within 30 days from the date of notice submittal to the director. Before submitting the notice to the director, the registered professional forester shall send a copy of the notice to Native Americans, as defined in Section 895.1 of Title 14 of the California Code of Regulations.

(8) Only trees less than 18 inches stump diameter, measured at eight inches above ground level, may be removed. However, within 500 feet of a legally permitted structure, or in an area prioritized as a shaded fuel break in a community wildfire protection plan approved by a public fire agency, if the goal of fuel reduction cannot be achieved by removing trees less than 18 inches stump diameter, trees less than 24 inches stump diameter may be removed if that removal complies with this section and is necessary to achieve the goal of fuel reduction. A fuel reduction effort shall not violate the canopy closure regulations adopted by the board on June 10, 2004, and as those regulations may be amended.

(9) (A) This subparagraph applies to areas within 500 feet of a legally permitted structure and in areas prioritized as a shaded fuel break in a community wildfire protection plan approved by a public fire agency. The board shall adopt regulations for the treatment of surface and ladder fuels in the harvest area, including logging slash and debris, low brush, small trees, and deadwood, that could promote the spread of wildfire. The regulations adopted by the board shall be consistent with the standards in the board's "General Guidelines for Creating Defensible Space" described in Section 1299 of Title 14 of the California Code of Regulations. Postharvest standards shall include vertical spacing between fuels, horizontal spacing between fuels, maximum depth of dead ground surface fuels, and treatment of standing dead fuels, as follows:

(i) Ladder and surface fuels shall be spaced to achieve a vertical clearance distance of eight feet or three times the height of the postharvest fuels, whichever is the greater distance, measured from the base of the live crown of the postharvest dominant and codominant trees to the top of the surface fuels.

(ii) Horizontal spacing shall achieve a minimum separation of two to six times the height of the postharvest fuels, increasing spacing with increasing slope, measured from the outside branch edges of the fuels.

(iii) Dead surface fuel depth shall be less than nine inches.

(iv) Standing dead or dying trees and brush shall generally be removed. That material, along with live vegetation associated with the dead vegetation, may be retained for wildlife habitat when isolated from other vegetation.

(B) This subparagraph applies to all areas not described in subparagraph (A).

(i) The postharvest stand shall contain no more than 200 trees over three inches in diameter per acre.

(ii) Vertical spacing shall be achieved by treating dead fuels to a minimum clearance distance of eight feet measured from the base of the live crown of the postharvest dominant and codominant trees to the top of the dead surface fuels.

(iii) All logging slash created by the timber operations shall be treated to achieve a maximum postharvest depth of nine inches above the ground.

(C) The standards required by subparagraphs (A) and (B) shall be achieved on approximately 80 percent of the treated area. The treatment shall include chipping, removing, or other methods necessary to achieve the standards. Ladder and surface fuel treatments, for any portion of the exemption area where timber operations have occurred, shall be done within 120 days from the start of timber operations on that portion of the exemption area or by April 1 of the year following surface fuel creation on that portion of the exemption area if the surface fuels are burned.

(10) Timber operations shall comply with the requirements of paragraphs (1) to (10), inclusive, of subdivision (b) of Section 1038 of Title 14 of the California Code of Regulations. Timber operations in the Lake Tahoe Region shall comply instead with the requirements of paragraphs (1) to (16), inclusive, of subdivision (f) of Section 1038 of Title 14 of the California Code of Regulations.

(11) After the timber operations are complete, the department shall conduct an onsite inspection to determine compliance with this subdivision and whether appropriate enforcement action should be initiated.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(b) Charges levied by the district shall comply with Article XIII D of the California Constitution.

SEC. 2. The Legislature finds and declares that this act, which is applicable only to the Scott Valley and Shasta Valley Watermaster District, is necessary because of the unique and special water problems in the area included in the district. It is, therefore, hereby declared that a general law within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable to the district and the

enactment of this special law is necessary for the conservation, development, control, and use of that water for the public good.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 417

An act to amend Section 19517.5 of the Business and Professions Code, relating to horse racing.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 19517.5 of the Business and Professions Code is amended to read:

19517.5. (a) The respondent in an enforcement proceeding that alleges the use of a prohibited substance, as defined under class I, class II, or class III of the board's schedule of prohibited substances, may elect to have the proceeding referred, for administrative adjudication and preparation of a proposed decision for action by the board, to either a Board of Stewards or a hearing officer appointed by the board. The board shall select the hearing officer from a pool jointly developed by a representative from each of the following organizations:

(1) The board.

(2) A racing association.

(3) The trainers' organization.

(4) The horse owners' organization.

(b) The hearing before a duly appointed hearing officer or Board of Stewards shall commence no later than 90 days after the filing of the accusation. The hearing date may be extended only upon a showing of good cause to the earliest possible hearing date beyond the 90-day period, provided a written order and the reasons for the continuance are filed with the board.

(c) No later than 20 days before the hearing, the licensee shall post a bond with the paymaster of purses for the amount of the purse or purses

in question and received by the licensee. The bond shall be in cash, or a surety bond that meets the requirements of the board.

CHAPTER 418

An act to amend Section 14103.5 of the Welfare and Institutions Code, relating to Medi-Cal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 14103.5 of the Welfare and Institutions Code is amended to read:

14103.5. (a) A noncontract hospital that is in a closed health facility planning area is not eligible to receive reimbursement for services provided to a Medi-Cal beneficiary, unless either of the following apply:

(1) The noncontract hospital provides necessary emergency services to a Medi-Cal beneficiary who is in a life threatening or emergency situation, but cannot be sufficiently stabilized in order to facilitate transport to a contracting hospital.

(2) The noncontract hospital is a facility location of a nonprofit hospital that is an affiliate of a nonprofit health care service plan, the facility location is approved in accordance with the standards of the California Children's Services (CCS) program, and the hospital is providing medically necessary services for treatment of the CCS-eligible condition of a patient when all of the following apply:

(A) The patient is eligible for services under the California Children's Services Act (Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code) as well as the Medi-Cal program.

(B) The patient is a member of the health care services plan for other health care services not related to the CCS condition.

(C) The services for treatment of the CCS-eligible patient are authorized by the CCS program.

(b) A noncontract hospital in a closed health facility planning area that provides necessary emergency services to a Medi-Cal beneficiary who is in a life threatening or emergency situation, but cannot be sufficiently stabilized in order to facilitate transport to a contracting

hospital, may only be reimbursed for those necessary emergency services when it obtains an approved treatment authorization request.

(c) Any treatment authorization request submitted for any service classified as a necessary emergency service, which would have been subject to prior authorization had it not been so classified, shall be supported by the attending physician's statement that does all of the following:

(1) Describes in detail the nature of the emergency or life threatening situation, including relevant clinical information about the patient's condition.

(2) States why the patient could not be sufficiently stabilized for transport to a contracting hospital and why the necessary emergency services rendered were considered to be immediately required. A mere statement that an emergency existed is not sufficient. The treatment authorization request shall be comprehensive enough to support a finding that an emergency or a life threatening situation existed.

(3) Contains the signature of the attending physician who had direct knowledge of the emergency described in the statement.

(d) For the purposes of this section, "necessary emergency services" are limited to those health services medically necessary for alleviation of severe pain or immediate diagnosis and treatment of unforeseen medical conditions which, if not immediately diagnosed and treated, could lead to significant disability or death.

(e) For the purposes of this section, a "noncontract hospital" means a hospital that has not contracted with the department pursuant to Article 2.6 (commencing with Section 14081) for the provision of inpatient services to Medi-Cal beneficiaries.

(f) Nothing in this section shall be construed as limiting reimbursement for medically necessary care following stabilization, in the event that a contract hospital does not accept transfer of the patient or pending the transfer to a contract hospital.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that children receiving Medi-Cal services, who have a CCS-eligible condition, and who are in fragile medical condition, are not needlessly transported from one hospital to another, disrupting families and disrupting continuity of care.

CHAPTER 419

An act to amend Section 103 of, to amend the heading of Chapter 3.5 (commencing with Section 2300) of Division 3 of, and to add and repeal Section 2301 of, the Fish and Game Code, relating to fish and game, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Mussels of the genus Dreissena (dreissenid mussels) are a harmful, highly invasive species, and not native to California.

(b) Dreissenid mussels, which include both zebra and quagga mussels, were first discovered in the United States in the Great Lakes in or around 1988. This infestation has caused billions of dollars in costs to public agencies and private industry. Dreissenid mussels have been detected in Lake Mead on the Arizona-Nevada border and in Lake Havasu in California.

(c) Dreissenid mussels can readily move from place to place as free-swimming larvae and adults, and reproduce rapidly and in large numbers. Dreissenid mussels can severely hinder the delivery of water due to the mussels' capacity to clog or foul pipes, pumps, and other water intake structures, water delivery systems, powerplant intakes, cooling systems, and fish screens. Dreissenid mussels damage the hulls, propellers, and motors of boats and other watercraft.

(d) Dreissenid mussels alter the natural food web of aquatic ecosystems. By filtering planktonic algae and other nutrients that are the primary base of the food chain from the water, dreissenid mussels can cause the decline or extirpation of native species, and otherwise disrupt the ecological balance of infested water bodies.

(e) Dreissenid mussels' sharp-edged shells along swimming beaches can be a hazard to unprotected feet.

(f) In order to protect and preserve the health and safety of the people of the State of California, its economy, and its fish and wildlife resources, it is the intent of the Legislature to establish an effective program to prevent additional dreissenid mussels from entering the state, to prevent dreissenid mussels from being introduced into any water in California where they currently do not exist, and to detect and destroy dreissenid mussels anywhere in the state. For this purpose, there has been developed a Quagga Mussel Incident Strategic Plan.

SEC. 2. Section 103 of the Fish and Game Code is amended to read:

103. (a) Each of the commissioners shall receive one hundred dollars ($100) for each day of actual service performed in carrying out his or her official duties pursuant to law, but the amount of this compensation shall not exceed for any one commissioner the sum of five hundred dollars ($500) for any one calendar month. In addition to this compensation, the commissioners shall receive their actual and necessary expenses incurred in the performance of their duties.

(b) The compensation and expenses provided in this section shall be paid out of the Fish and Game Preservation Fund.

SEC. 3. The heading of Chapter 3.5 (commencing with Section 2300) of Division 3 of the Fish and Game Code is amended to read:

Chapter 3.5. Aquatic Invasive Species

SEC. 4. Section 2301 is added to the Fish and Game Code, to read:

2301. (a) (1) Except as authorized by the department, a person shall not possess, import, ship, or transport in the state, or place, plant, or cause to be placed or planted in any water within the state, dreissenid mussels.

(2) The director or his or her designee may do all of the following:

(A) Conduct inspections of conveyances, which include vehicles, boats and other watercraft, containers, and trailers, that may carry or contain adult or larval dreissenid mussels. Included as part of this authority to conduct inspections is the authority to temporarily stop conveyances that may carry or contain adult or larval dreissenid mussels on any roadway or waterway in order to conduct inspections.

(B) Order that areas in a conveyance that contain water be drained, dried, or decontaminated pursuant to procedures approved by the department.

(C) Impound or quarantine conveyances in locations designated by the department for up to five days or the period of time necessary to ensure that dreissenid mussels can no longer live on or in the conveyance.

(D) (i) Conduct inspections of waters of the state and facilities located within waters of the state that may contain dreissenid mussels. If dreissenid mussels are detected or may be present, the director or his or her designee may order the affected waters or facilities closed to conveyances or otherwise restrict access to the affected waters or facilities, and shall order that conveyances removed from, or introduced to, the affected waters or facilities be inspected, quarantined, or disinfected in a manner and for a duration necessary to detect and prevent the spread of dreissenid mussels within the state.

(ii) For the purpose of implementing clause (i), the director or his or her designee shall order the closure or quarantine of, or restrict access to, these waters, areas, or facilities in a manner and duration necessary to detect and prevent the spread of dreissenid mussels within the state. No closure, quarantine, or restriction shall be authorized by the director or his or her designee without the concurrence of the Secretary of the Resources Agency. If a closure lasts longer than seven days, the department shall update the operator of the affected facility every 10 days on efforts to address the dreissenid infestation. The department shall provide these updates in writing and also post these updates on the department's Internet Web site in an easily accessible manner.

(iii) The department shall develop procedures to ensure proper notification of affected local and federal agencies, and, as appropriate, the Department of Boating and Waterways, the Department of Water Resources, the Department of Parks and Recreation, and the State Lands Commission in the event of a decision to close, quarantine, or restrict a facility pursuant to this paragraph. These procedures shall include the reasons for the closure, quarantine, or restriction, and methods for providing updated information to those affected. These procedures shall also include protocols for the posting of the notifications on the department's Internet Web site required by clause (ii).

(iv) When deciding the scope, duration, level, and type of restrictions, and specific location of a closure or quarantine, the director shall consult with the agency, entity, owner, or operator with jurisdiction, control, or management responsibility over the marina, boat launch facility, or other facility, in order to focus the closure or quarantine to specific areas and facilities so as to avoid or minimize disruption of economic or recreational activity in the vicinity.

(b) (1) Upon a determination by the director that it would further the purposes of this section, other state agencies, including, but not limited to, the Department of Parks and Recreation, the Department of Water Resources, the Department of Food and Agriculture, and the State Lands Commission, may exercise the authority granted to the department in subdivision (a).

(2) A determination made pursuant to paragraph (1) shall be in writing and shall remain in effect until withdrawn, in writing, by the director.

(c) (1) Except as provided in paragraph (2), Division 13 (commencing with Section 21000) of the Public Resources Code does not apply to the implementation of this section.

(2) An action undertaken pursuant to subparagraph (B) of paragraph (2) of subdivision (a) involving the use of chemicals other than salt or hot water to decontaminate a conveyance or a facility is subject to

Division 13 (commencing with Section 21000) of the Public Resources Code.

(d) (1) A public or private agency that operates a water supply system shall cooperate with the department to implement measures to avoid infestation by dreissenid mussels and to control or eradicate any infestation that may occur in a water supply system. If dreissenid mussels are detected, the operator of the water supply system, in cooperation with the department, shall prepare and implement a plan to control or eradicate dreissenid mussels within the system. The approved plan shall contain the following minimum elements:

(A) Methods for delineation of infestation, including both adult mussels and veligers.

(B) Methods for control or eradication of adult mussels and decontamination of water containing larval mussels.

(C) A systematic monitoring program to determine any changes in conditions.

(D) The requirement that the operator of the water supply system cooperate with the department to update or revise control or eradication measures in the approved plan to address scientific advances in the methods of controlling or eradicating mussels and veligers.

(2) Paragraph (2) of subdivision (a) does not apply to the operation of water delivery and storage facilities for the purposes of providing water supply if the operator of the facilities has prepared and implemented a plan to control or eradicate dreissenid mussels in accordance with paragraph (1). The department may require the operator of a facility to update its plan, and if the plan is not updated or revised as described in subparagraph (D) of paragraph (1), the department may engage in the actions described in paragraph (2) of subdivision (a).

(e) Any entity that discovers dreissenid mussels within this state shall immediately report the discovery to the department.

(f) (1) In addition to any other penalty provided by law, any person who violates this section, any verbal or written order or regulation adopted pursuant to this section, or who resists, delays, obstructs, or interferes with the implementation of this section, is subject to a penalty, in an amount not to exceed one thousand dollars ($1,000), that is imposed administratively by the department.

(2) A penalty shall not be imposed pursuant to paragraph (1) unless the department has adopted regulations specifying the amount of the penalty and the procedure for imposing and appealing the penalty.

(g) The department may adopt regulations to carry out this section.

(h) This section shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to minimize the adverse impacts caused by dreissenid mussels, including impacts on water service deliveries, watercraft, recreational swimmers, and aquatic ecosystems, as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 420

An act to amend Section 12022.6 of the Penal Code, relating to sentencing.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 12022.6 of the Penal Code is amended to read:

12022.6. (a) When any person takes, damages, or destroys any property in the commission or attempted commission of a felony, with the intent to cause that taking, damage, or destruction, the court shall impose an additional term as follows:

(1) If the loss exceeds sixty-five thousand dollars ($65,000), the court, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which the defendant has been convicted, shall impose an additional term of one year.

(2) If the loss exceeds two hundred thousand dollars ($200,000), the court, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which the defendant has been convicted, shall impose an additional term of two years.

(3) If the loss exceeds one million three hundred thousand dollars ($1,300,000), the court, in addition and consecutive to the punishment

prescribed for the felony or attempted felony of which the defendant has been convicted, shall impose an additional term of three years.

(4) If the loss exceeds three million two hundred thousand dollars ($3,200,000), the court, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which the defendant has been convicted, shall impose an additional term of four years.

(b) In any accusatory pleading involving multiple charges of taking, damage, or destruction, the additional terms provided in this section may be imposed if the aggregate losses to the victims from all felonies exceed the amounts specified in this section and arise from a common scheme or plan. All pleadings under this section shall remain subject to the rules of joinder and severance stated in Section 954.

(c) The additional terms provided in this section shall not be imposed unless the facts of the taking, damage, or destruction in excess of the amounts provided in this section are charged in the accusatory pleading and admitted or found to be true by the trier of fact.

(d) This section applies to, but is not limited to, property taken, damaged, or destroyed in violation of Section 502 or subdivision (b) of Section 502.7. This section shall also apply to applicable prosecutions for a violation of Section 350, 653h, 653s, or 653w.

(e) For the purposes of this section, the term "loss" has the following meanings:

(1) When counterfeit items of computer software are manufactured or possessed for sale, the "loss" from the counterfeiting of those items shall be equivalent to the retail price or fair market value of the true items that are counterfeited.

(2) When counterfeited but unassembled components of computer software packages are recovered, including, but not limited to, counterfeited computer diskettes, instruction manuals, or licensing envelopes, the "loss" from the counterfeiting of those components of computer software packages shall be equivalent to the retail price or fair market value of the number of completed computer software packages that could have been made from those components.

(f) It is the intent of the Legislature that the provisions of this section be reviewed within 10 years to consider the effects of inflation on the additional terms imposed. For that reason this section shall remain in effect only until January 1, 2018, and as of that date is repealed unless a later enacted statute, which is enacted before January 1, 2018, deletes or extends that date.

SEC. 2. It is the intent of the Legislature that the amendments to Section 12022.6 of the Penal Code by this act apply prospectively only and shall not be interpreted to benefit any defendant who committed any crime or received any sentence before the effective date of this act.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 421

An act to add Section 224.5 to, and to amend, repeal, and add Section 224 of, the Food and Agricultural Code, relating to agriculture, and making an appropriation therefor.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 224 of the Food and Agricultural Code is amended to read:

224. Money transferred by the Controller to the Department of Food and Agriculture Fund from the Motor Vehicle Fuel Account pursuant to Section 8352.5 of the Revenue and Taxation Code shall be expended by the Secretary of Food and Agriculture as follows:

(a) Five hundred thousand dollars ($500,000) of the amount transferred each fiscal year is hereby appropriated for reimbursement for charges for state administrative costs, and for departmental and divisional overhead expense apportioned to the Department of Food and Agriculture Fund.

(b) One million dollars ($1,000,000) each fiscal year is hereby appropriated to be used only for emergency detection, eradication, or research of agricultural plant or animal pests or diseases, during the fiscal year. The Secretary of Food and Agriculture may expend the funds with the approval of the Director of Finance. At the end of each fiscal year, any unencumbered balance of those funds shall be added to the amount available for payment to counties during the next fiscal year, as provided in subdivision (c).

(c) The total amount transferred during each fiscal year less the amounts provided in subdivisions (a) and (b), is hereby appropriated to be paid to the counties as partial reimbursement for county expenses for

carrying out agricultural programs authorized by this code that are supervised by the department. The payment shall be apportioned to the counties by the secretary in relation to each county's expenditures to the total amount expended by all counties for the preceding fiscal year for such agricultural programs, as determined by the secretary. The amount to be transferred to any county for a fiscal year may be increased or decreased by the secretary to provide that, insofar as those transferred unclaimed refundable gas tax funds for apportionment to the counties are available, no county shall receive smaller combined apportionments of gas taxes and unclaimed refundable gas taxes than that county would have received had the gas taxes been apportioned without the transfer required by Section 8352.5, as determined by the secretary, except that the amount of unclaimed refundable gas tax funds to be transferred to any county for a fiscal year may be increased or decreased by the secretary to compensate for incorrect previous transfers to that county.

(d) This section shall become inoperative on July 1, 2008, and shall be repealed on January 1, 2009.

SEC. 2. Section 224 is added to the Food and Agricultural Code, to read:

224. Moneys transferred by the Controller to the Department of Food and Agriculture Fund from the Motor Vehicle Fuel Account pursuant to Section 8352.5 of the Revenue and Taxation Code shall be expended by the Secretary of Food and Agriculture as follows:

(a) Of the amount transferred each fiscal year, nine million dollars ($9,000,000) is hereby appropriated to the Department of Food and Agriculture for payment to the counties for pesticide use enforcement programs supervised by the Director of Pesticide Regulation. Reimbursement shall be apportioned to the counties in relation to each county's expenditures to the total amount expended by all counties for the preceding fiscal year for pesticide use enforcement programs, as determined by the director, or with the collective agreement of the agricultural commissioners, disbursement to counties for a current fiscal year according to criteria developed in work plans, or any combination of reimbursement and disbursement as agreed upon by the director and the commissioners. The amount to be transferred to any county for a fiscal year may be increased or decreased by the director to compensate for incorrect previous transfers to that county, or adjusted based on evaluations of annual county Pesticide Enforcement Workplans conducted by the Department of Pesticide Regulation.

(b) Of the amount transferred each fiscal year, two hundred fifty thousand dollars ($250,000) is hereby appropriated to the Department of Food and Agriculture for state and county liaison activities and for departmental expenses directly related to administration of this section.

(c) Of the amount transferred each fiscal year, one million five hundred thousand dollars ($1,500,000) is hereby appropriated to the department for divisional and departmental overhead charges to the Department of Food and Agriculture.

(d) Of the amount transferred each fiscal year in excess of the amount transferred in the 2006–07 fiscal year, 7 percent is hereby appropriated to the department for full disbursement to individual counties, in proportion to the distribution each county is to receive pursuant to subdivision (g) to offset expenses associated with programs, personnel, and materials that ensure the uniform application of state agricultural policy or administer programs supervised by the secretary.

(e) Notwithstanding any other provision of law, of the amount transferred each fiscal year, three million dollars ($3,000,000) is hereby appropriated for distribution to counties in a manner prescribed by the secretary for pest detection or trapping programs. These funds are intended to supplement funds available for pest detection or trapping in the annual Budget Act. As a condition of receiving these funds, counties shall not reduce their level of support from any other funds for pest detection or trapping programs. If a county declines to participate in a pest detection or trapping program, or fails to conduct the program to the state's satisfaction, the secretary shall reduce, by the amount that would otherwise be allocated to the county, funds available pursuant to this subdivision and any state allocations from the annual Budget Act. Those forfeited funds are hereby appropriated to the Department of Food and Agriculture for purposes of operating the pest detection or trapping programs in those counties.

(f) (1) Of the amount transferred each fiscal year, three million dollars ($3,000,000) is hereby appropriated to the Department of Food and Agriculture to be used for emergency detection, investigation, or eradication of agricultural plant or animal pests or diseases during the fiscal year, upon approval of the Director of Finance. At the end of each fiscal year, any unencumbered balance of these funds shall be carried over to the next fiscal year, or at the discretion of the secretary, may be used for planning and research involving detection, investigation, eradication, and methods of quarantine compliance for agricultural plant or animal pests or diseases.

(2) The department shall develop policies, in consultation with the agricultural commissioners and in compliance with any requirements of the annual Budget Act, to guide the ongoing use of these funds.

(g) The total amount transferred during each fiscal year less the amounts provided in subdivisions (a) to (f), inclusive, is hereby appropriated to be paid to the counties for agricultural programs authorized by this code that are supervised by the department and

administered by agricultural commissioners. Reimbursement shall be apportioned to the counties in relation to each county's expenditures to the total amount expended by all counties for the preceding fiscal year for agricultural programs, as determined by the secretary, or with the collective agreement of the agricultural commissioners, disbursement to counties according to criteria developed in work plans for a current fiscal year, or any combination of reimbursement and disbursement as agreed upon by the secretary and the commissioners. The amount to be transferred to any county for a fiscal year may be increased or decreased by the secretary to provide that, insofar as those transferred unclaimed refundable gas tax funds for apportionment to the counties are available, no county shall receive smaller combined apportionments of gas taxes and unclaimed refundable gas taxes than that county would have received had the gas taxes been apportioned without the transfer required by Section 8352.5, as determined by the secretary, except that the amount of unclaimed refundable gas tax funds to be transferred to any county for a fiscal year may be increased or decreased by the secretary to compensate for incorrect previous transfers to that county, and to account for any failure to meet the criteria listed in Section 224.5.

(h) This section shall become operative on July 1, 2008.

SEC. 3. Section 224.5 is added to the Food and Agricultural Code, to read:

224.5. (a) In order to be eligible for the transfer specified in subdivision (g) of Section 224, counties must meet all of the following criteria, as determined by the secretary:

(1) Currently employ or contract with a licensed agricultural commissioner.

(2) Submit annual agricultural expenditure reports to the department in a timely manner.

(3) Maintain county general fund support for agricultural commissioner services at least equal to the average amount expended for the five preceding fiscal years, unless the county is facing unusual economic hardship that precludes that support.

(b) In the event that a county does not meet the criteria listed in subdivision (a) in a timely fashion, nothing shall preclude the secretary from completing transfers only to those counties that have met the criteria, while reserving funds for distribution to counties that may later be determined to have met them, or to set a date certain each fiscal year by which all available funds will be distributed to the counties that have met the criteria.

(c) This section shall become operative on July 1, 2008.

CHAPTER 422

An act to amend Sections 6091.2, 6211, 6212, and 6213 of the Business and Professions Code, relating to attorneys.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 6091.2 of the Business and Professions Code is amended to read:

6091.2. As used in Section 6091.1:

(a) "Financial institution" means a bank, savings and loan, or other financial institution serving as a depository for attorney trust accounts under subdivision (a) or (b) of Section 6211.

(b) "Properly payable" means an instrument that, if presented in the normal course of business, is in a form requiring payment under the laws of this state.

(c) "Notice of dishonor" means the notice that a financial institution is required to give, under the laws of this state, upon presentation of an instrument that the institution dishonors.

SEC. 2. Section 6211 of the Business and Professions Code is amended to read:

6211. (a) An attorney or law firm that, in the course of the practice of law, receives or disburses trust funds shall establish and maintain an IOLTA account in which the attorney or law firm shall deposit or invest all client deposits or funds that are nominal in amount or are on deposit or invested for a short period of time. All such client funds may be deposited or invested in a single unsegregated account. The interest and dividends earned on all those accounts shall be paid to the State Bar of California to be used for the purposes set forth in this article.

(b) Nothing in this article shall be construed to prohibit an attorney or law firm from establishing one or more interest bearing bank trust deposit accounts or dividend-paying trust investment accounts as may be permitted by the Supreme Court, with the interest or dividends earned on the accounts payable to clients for trust funds not deposited or invested in accordance with subdivision (a).

(c) With the approval of the Supreme Court, the State Bar may formulate and enforce rules of professional conduct pertaining to the use by attorneys or law firms of an IOLTA account for unsegregated client funds pursuant to this article.

(d) Nothing in this article shall be construed as affecting or impairing the disciplinary powers and authority of the Supreme Court or of the State Bar or as modifying the statutes and rules governing the conduct of members of the State Bar.

SEC. 3. Section 6212 of the Business and Professions Code is amended to read:

6212. An attorney who, or a law firm that, establishes an IOLTA account pursuant to subdivision (a) of Section 6211 shall comply with all of the following provisions:

(a) The IOLTA account shall be established and maintained with an eligible institution offering or making available an IOLTA account that meets the requirements of this article. The IOLTA account shall be established and maintained consistent with the attorney or law firm's duties of professional responsibility. An eligible financial institution shall have no responsibility for selecting the deposit or investment product chosen for the IOLTA account.

(b) Except as provided in subdivision (e), the rate of interest or dividends payable on any IOLTA account shall not be less than the interest rate or dividends generally paid by the eligible institution to nonattorney customers on accounts of the same type meeting the same minimum balance and other eligibility requirements as the IOLTA account. In determining the interest rate or dividend payable on any IOLTA account, an eligible institution may consider, in addition to the balance in the IOLTA account, risk or other factors customarily considered by the eligible institution when setting the interest rate or dividends for its non-IOLTA accounts, provided that the factors do not discriminate between IOLTA customers and non-IOLTA customers and that these factors do not include the fact that the account is an IOLTA account. The eligible institution shall calculate interest and dividends in accordance with its standard practice for non-IOLTA customers. Nothing in this article shall preclude an eligible institution from paying a higher interest rate or dividend on an IOLTA account or from electing to waive any fees and service charges on an IOLTA account.

(c) Reasonable fees may be deducted from the interest or dividends remitted on an IOLTA account only at the rates and in accordance with the customary practices of the eligible institution for non-IOLTA customers. No other fees or service charges may be deducted from the interest or dividends earned on an IOLTA account. Unless and until the State Bar enacts regulations exempting from compliance with subdivision (a) of Section 6211 those accounts for which maintenance fees exceed the interest or dividends paid, an eligible institution may deduct the fees and service charges in excess of the interest or dividends paid on an IOLTA account from the aggregate interest and dividends remitted to

the State Bar. Any fees and service charges other than reasonable fees shall be the sole responsibility of, and may only be charged to, the lawyer or law firm maintaining the IOLTA account. No fees or charges may be assessed against or deducted from the principal of any IOLTA account. It is the intent of the Legislature that the State Bar develop policies so that eligible institutions not incur uncompensated administrative costs in adapting their systems to comply with the provisions of Assembly Bill 1723 of the 2007–08 Regular Session or in making investment products available to IOLTA members.

(d) The eligible institution shall be directed to do all of the following:

(1) To remit interest or dividends on the IOLTA account, less reasonable fees, to the State Bar, at least quarterly.

(2) To transmit to the State Bar with each remittance a statement showing the name of the attorney or law firm for whom the remittance is sent, for each account the rate of interest applied or dividend paid, the amount and type of fees deducted, if any, and the average balance for each account for each month of the period for which the report is made.

(3) To transmit to the attorney or law firm customer at the same time a report showing the amount paid to the State Bar for that period, the rate of interest or dividend applied, the amount of fees and service charges deducted, if any, and the average daily account balance for each month of the period for which the report is made.

(e) An eligible institution has no affirmative duty to offer or make investment products available to IOLTA customers. However, if an eligible institution offers or makes investment products available to non-IOLTA customers, in order to remain an IOLTA eligible institution, it shall make those products available to IOLTA customers or pay an interest rate on the IOLTA deposit account that is comparable to the rate of return or the dividends generally paid on that investment product for similar customers meeting the same minimum balance and other requirements applicable to the investment product. If the eligible institution elects to pay that higher interest rate, the eligible institution may subject the IOLTA deposit account to equivalent fees and charges assessable against the investment product.

SEC. 4. Section 6213 of the Business and Professions Code is amended to read:

6213. As used in this article:

(a) "Qualified legal services project" means either of the following:

(1) A nonprofit project incorporated and operated exclusively in California which provides as its primary purpose and function legal services without charge to indigent persons and which has quality control procedures approved by the State Bar of California.

(2) A program operated exclusively in California by a nonprofit law school accredited by the State Bar of California which meets the requirements of subparagraphs (A) and (B).

(A) The program shall have operated for at least two years at a cost of at least twenty thousand dollars ($20,000) per year as an identifiable law school unit with a primary purpose and function of providing legal services without charge to indigent persons.

(B) The program shall have quality control procedures approved by the State Bar of California.

(b) "Qualified support center" means an incorporated nonprofit legal services center, which has as its primary purpose and function the provision of legal training, legal technical assistance, or advocacy support without charge and which actually provides through an office in California a significant level of legal training, legal technical assistance, or advocacy support without charge to qualified legal services projects on a statewide basis in California.

(c) "Recipient" means a qualified legal services project or support center receiving financial assistance under this article.

(d) "Indigent person" means a person whose income is (1) 125 percent or less of the current poverty threshold established by the United States Office of Management and Budget, or (2) who is eligible for Supplemental Security Income or free services under the Older Americans Act or Developmentally Disabled Assistance Act. With regard to a project which provides free services of attorneys in private practice without compensation, "indigent person" also means a person whose income is 75 percent or less of the maximum levels of income for lower income households as defined in Section 50079.5 of the Health and Safety Code. For the purpose of this subdivision, the income of a person who is disabled shall be determined after deducting the costs of medical and other disability-related special expenses.

(e) "Fee generating case" means any case or matter that, if undertaken on behalf of an indigent person by an attorney in private practice, reasonably may be expected to result in payment of a fee for legal services from an award to a client, from public funds, or from the opposing party. A case shall not be considered fee generating if adequate representation is unavailable and any of the following circumstances exist:

(1) The recipient has determined that free referral is not possible because of any of the following reasons:

(A) The case has been rejected by the local lawyer referral service, or if there is no such service, by two attorneys in private practice who have experience in the subject matter of the case.

(B) Neither the referral service nor any attorney will consider the case without payment of a consultation fee.

(C) The case is of the type that attorneys in private practice in the area ordinarily do not accept, or do not accept without prepayment of a fee.

(D) Emergency circumstances compel immediate action before referral can be made, but the client is advised that, if appropriate and consistent with professional responsibility, referral will be attempted at a later time.

(2) Recovery of damages is not the principal object of the case and a request for damages is merely ancillary to an action for equitable or other nonpecuniary relief, or inclusion of a counterclaim requesting damages is necessary for effective defense or because of applicable rules governing joinder of counterclaims.

(3) A court has appointed a recipient or an employee of a recipient pursuant to a statute or a court rule or practice of equal applicability to all attorneys in the jurisdiction.

(4) The case involves the rights of a claimant under a publicly supported benefit program for which entitlement to benefit is based on need.

(f) "Legal Services Corporation" means the Legal Services Corporation established under the Legal Services Corporation Act of 1974 (Public Law 93-355; 42 U.S.C. Sec. 2996 et seq.).

(g) "Older Americans Act" means the Older Americans Act of 1965, as amended (Public Law 89-73; 42 U.S.C. Sec. 3001 et seq.).

(h) "Developmentally Disabled Assistance Act" means the Developmentally Disabled Assistance and Bill of Rights Act of 1975, as amended (Public Law 94-103; 42 U.S.C. Sec. 6001 et seq.).

(i) "Supplemental security income recipient" means an individual receiving or eligible to receive payments under Title XVI of the federal Social Security Act, or payments under Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code.

(1) An interest-bearing checking account.

(2) An investment sweep product that is a daily (overnight) financial institution repurchase agreement or an open-end money-market fund.

(3) Any other investment product authorized by California Supreme Court rule or order.

A daily financial institution repurchase agreement shall be fully collateralized by United States Government Securities or other comparably conservative debt securities, and may be established only

with any eligible institution that is "well-capitalized" or "adequately capitalized" as those terms are defined by applicable federal statutes and regulations. An open-end money-market fund shall be invested solely in United States Government Securities or repurchase agreements fully collateralized by United States Government Securities or other comparably conservative debt securities, shall hold itself out as a "money-market fund" as that term is defined by federal statutes and regulations under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.), and, at that time of the investment, shall have total assets of at least two hundred fifty million dollars ($250,000,000).

(k) "Eligible institution" means a bank or any other type of financial institution authorized by the Supreme Court.

If a majority of those who have voted on the proposition vote in favor of the creation of the district the board of supervisors shall order and declare the district created.

If it appears from the canvass that a majority of the electors voting at the election have voted against the formation of the district, the proceedings fail entirely, and there shall be no similar proceedings instituted within that territory within six months from the date of the election.

(b) This section shall become inoperative on July 1, 2008, and, as of January 1, 2009, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2009, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 425

An act to add Article 2.5 (commencing with Section 118947) to Chapter 4 of Part 15 of Division 104 of the Health and Safety Code, and to amend Section 12814.6 of the Vehicle Code, relating to public health.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.5 (commencing with Section 118947) is added to Chapter 4 of Part 15 of Division 104 of the Health and Safety Code, to read:

Article 2.5. Smoking in Motor Vehicles

118947. This act shall be known, and may be cited, as the Marco Firebaugh Memorial Children's Health and Safety Act of 2007.

118948. (a) It is unlawful for a person to smoke a pipe, cigar, or cigarette in a motor vehicle, whether in motion or at rest, in which there is a minor.

(b) For the purposes of this section, "to smoke" means to have in one's immediate possession a lighted pipe, cigar, or cigarette containing tobacco or any other plant.

(c) A violation of this section is an infraction punishable by a fine not exceeding one hundred dollars ($100) for each violation.

118949. A law enforcement officer shall not stop a vehicle for the sole purpose of determining whether the driver is in violation of this article.

SEC. 2. Section 12814.6 of the Vehicle Code is amended to read:

12814.6. (a) Except as provided in Section 12814.7, a driver's license issued to a person at least 16 years of age but under 18 years of age shall be issued pursuant to the provisional licensing program contained in this section. The program shall consist of all of the following components:

(1) Upon application for an original license, the applicant shall be issued an instruction permit pursuant to Section 12509. A person who has in his or her immediate possession a valid permit issued pursuant to Section 12509 may operate a motor vehicle, other than a motorcycle or motorized bicycle, only when the person is either taking the driver training instruction referred to in paragraph (3) or practicing that instruction, provided the person is accompanied by, and is under the immediate supervision of, a California licensed driver 25 years of age or older whose driving privilege is not on probation. The age requirement of this paragraph does not apply if the licensed driver is the parent, spouse, or guardian of the permitholder or is a licensed or certified driving instructor.

(2) The person shall hold an instruction permit for not less than six months prior to applying for a provisional driver's license.

(3) The person shall have complied with one of the following:

(A) Satisfactory completion of approved courses in automobile driver education and driver training maintained pursuant to provisions of the

The program shall utilize segmented modules, whereby a portion of the educational instruction is provided by, and then reinforced through, specific behind-the-wheel training before moving to the next phase of driver education and training. The program shall contain a minimum of 30 hours of classroom instruction and six hours of behind-the-wheel training.

(C) Satisfactory completion of six hours or more of behind-the-wheel instruction by a driving school or an independent driving instructor licensed under Chapter 1 (commencing with Section 11100) of Division 5 and either an accredited course in automobile driver education in any secondary school of California pursuant to provisions of the Education Code or satisfactory completion of equivalent professional instruction acceptable to the department. To be acceptable to the department, the professional instruction shall meet minimum standards to be prescribed by the department, and the standards shall be at least equal to the requirements for driver education and driver training contained in the rules and regulations adopted by the State Board of Education pursuant to the Education Code. Not less than 10 of the required practice hours shall include driving during darkness, as defined in Section 280. Upon application for a provisional license, the person shall submit to the department the certification of a parent, spouse, guardian, or licensed or certified driving instructor that the applicant has completed the required amount of driving practice and is prepared to take the department's driving test. A person without a parent, spouse, guardian, or who is an emancipated minor, may have a licensed driver 25 years of age or older or a licensed or certified driving instructor complete the certification. This requirement does not apply to motorcycle practice.

(5) The person shall successfully complete an examination required by the department. Before retaking a test, the person shall wait for not

less than one week after failure of the written test and for not less than two weeks after failure of the driving test.

(b) Except as provided in Section 12814.7, the provisional driver's license shall be subject to all of the following restrictions:

(1) Except as specified in paragraph (2), during the first 12 months after issuance of a provisional license the licensee may not do any of the following unless accompanied and supervised by a licensed driver who is the licensee's parent or guardian, a licensed driver who is 25 years of age or older, or a licensed or certified driving instructor:

(A) Drive between the hours of 11 p.m. and 5 a.m.

(B) Transport passengers who are under 20 years of age.

(2) A licensee may drive between the hours of 11 p.m. and 5 a.m. or transport an immediate family member without being accompanied and supervised by a licensed driver who is the licensee's parent or guardian, a licensed driver who is 25 years of age or older, or a licensed or certified driving instructor, in the following circumstances:

(A) Medical necessity of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. (B) Schooling or school-authorized activities of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. The licensee shall keep in his or her possession a signed statement from the school principal, dean, or school staff member designated by the principal or dean, containing a probable date that the schooling or school-authorized activity will have been completed.

(C) Employment necessity of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. The licensee shall keep in his or her possession a signed statement from the employer, verifying employment and containing a probable date that the employment will have been completed.

(D) Necessity of the licensee or the licensee's immediate family member when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary to transport the licensee or the licensee's immediate family member. The licensee shall keep in his or her possession a signed statement from a parent or legal guardian verifying the reason and containing a probable date that the necessity will have ceased.

(E) The licensee is an emancipated minor.

(c) A law enforcement officer shall not stop a vehicle for the sole purpose of determining whether the driver is in violation of the restrictions imposed under subdivision (b).

(d) A law enforcement officer shall not stop a vehicle for the sole purpose of determining whether a driver who is subject to the license restrictions in subdivision (b) is in violation of Article 2.5 (commencing with Section 118947) of Chapter 4 of Part 15 of Division 104 of the Health and Safety Code.

(e) (1) Upon a finding that any licensee has violated paragraph (1) of subdivision (b), the court shall impose one of the following:

(A) Not less than eight hours nor more than 16 hours of community service for a first offense and not less than 16 hours nor more than 24 hours of community service for a second or subsequent offense.

CHAPTER 432

An act to amend Sections 1726, 1726.4, and 1727 of the Fish and Game Code, relating to fisheries.

[Approved by Governor October 10, 2007. Filed with Secretary of State October 10, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1726 of the Fish and Game Code is amended to read:

1726. The Legislature hereby finds and declares that it is the policy of the state to do all of the following:

(a) Establish and maintain wild trout stocks in suitable waters of the state that are readily accessible to the general public as well as in those waters in remote areas.

(b) Establish angling regulations designed to maintain the wild trout fishery in those waters by natural reproduction.

(c) Discourage artificial planting of hatchery-raised hybrid and nonnative fish species in wild trout waters or in other areas that would adversely affect native aquatic species.

SEC. 2. Section 1726.4 of the Fish and Game Code is amended to read:

1726.4. (a) It is the intent of the Legislature that the department, in administering its existing wild trout program, shall conduct a biological and physical inventory of all California trout streams and lakes to determine the most suitable angling regulations for each stream or lake. The department shall determine for each stream or lake whether it should be managed as a wild trout fishery, or whether its management should involve the planting of native trout species to supplement wild trout populations. In making that inventory, the department shall give priority to those streams and lakes where public use is heaviest, which have the highest biological potential for producing sizeable wild trout, which are inhabited by rare species, or where the quality of the fishery is threatened or endangered. Biological and physical inventories prepared for each stream, stream system, or lake shall include an assessment of the resource status, threats to the continued well-being of the fishery resource, the potential for fishery resource development, and recommendations, including necessary changes in the allowed take of trout, for the development of each stream or lake to its full capacity as a fishery.

(b) This section does not provide any public entity or private party with any new or additional authority to affect the management of, or access to, any private land without the written consent of the owner. Privately owned lakes and ponds not open to the use of the general public shall be subject to the provisions of this section only with the written consent of the owner. This chapter shall not be construed as authorizing or requiring special treatment of adjacent land areas or requiring land use restrictions. It is the intent of the Legislature that this chapter should not diminish the existing authority of the department, nor should it interfere with the department's existing fisheries management planning process.

SEC. 3. Section 1727 of the Fish and Game Code is amended to read:

1727. (a) In order to provide for a diversity of available angling experiences throughout the state, it is the intent of the Legislature that the commission maintain the existing wild trout program, and as part of the program, develop additional wild trout waters in the more than 20,000 miles of trout streams and approximately 5,000 lakes containing trout in California.

(b) The department shall prepare a list of no less than 25 miles of stream or stream segments and at least one lake that it deems suitable for designation as wild trout waters. The department shall submit this list to the commission for its consideration at the regular October commission meeting.

(c) The commission may remove any stream or lake that it has designated as a wild trout fishery from the program at any time. If any of those waters are removed from the program, an equivalent amount of stream mileage or an equivalent size lake shall be added to the wild trout program.
