CHAPTER 571

An act to amend Sections 3058.65 and 3058.8 of the Penal Code, and to amend Sections 6608 and 6609.1 of the Welfare and Institutions Code, relating to inmates.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 3058.65 of the Penal Code is amended to read:

3058.65. (a) (1) Whenever any person confined in the state prison is serving a term for the conviction of child abuse, pursuant to Section 273a, 273ab, 273d, any sex offense specified as being perpetrated against a minor, or an act of domestic violence, or as ordered by a court, the Board of Prison Terms, with respect to inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections, with respect to inmates sentenced pursuant to Section 1170, shall notify the following parties that the person is scheduled to be released on parole, or rereleased following a period of confinement pursuant to a parole revocation without a new commitment, as specified in subdivision (b):

(A) The immediate family of the parolee who requests notification and provides the department with a current address.

(B) A county child welfare services agency that requests notification pursuant to Section 16507 of the Welfare and Institutions Code.

(2) For the purposes of this paragraph, "immediate family of the parolee" means the parents, siblings, and spouse of the parolee.

(b) (1) The notification shall be made by mail at least 60 days prior to the scheduled release date, except as provided in paragraph (2). In all cases, the notification shall include the name of the person who is scheduled to be released, the terms of that person's parole, whether or not that person is required to register with local law enforcement, and the community in which that person will reside. The notification shall specify the office within the Department of Corrections that has the authority to make the final determination and adjustments regarding parole location decisions.

(2) When notification cannot be provided within the 60 days due to the unanticipated release date change of an inmate as a result of an order from the court, an action by the Board of Prison Terms, the granting of an administrative appeal, or a finding of not guilty or dismissal of a disciplinary action, that affects the sentence of the inmate, or due to a modification of the department's decision regarding the community into

which the person is scheduled to be released pursuant to paragraph (3), the department shall provide notification to the parties and agencies specified in subdivision (a) as soon as practicable, but in no case less than 24 hours after the final decision is made regarding the location where the parolee will be released.

(3) Those agencies receiving the notice referred to in this subdivision may provide written comment to the board or department regarding the impending release. Agencies that choose to provide written comments shall respond within 30 days prior to the inmate's scheduled release, unless an agency received less than 60 days' notice of the impending release, in which case the agency shall respond as soon as practicable prior to the scheduled release. Those comments shall be considered by the board or department which may, based on those comments, modify its decision regarding the community in which the person is scheduled to be released. The board or department shall respond in writing not less than 15 days prior to the scheduled release with a final determination as to whether to adjust the parole location and documenting the basis for its decision, unless the department received comments less than 30 days prior to the impending release, in which case the department shall respond as soon as practicable prior to the scheduled release. The comments shall become a part of the inmate's file.

(c) In no case shall the notice required by this section be later than the day the person is released on parole.

SEC. 2. Section 3058.8 of the Penal Code is amended to read:

3058.8. (a) At the time a notification is sent pursuant to subdivision (a) of Section 3058.6, the Board of Parole Hearings or the Department of Corrections and Rehabilitation, or the designated agency responsible for notification, as the case may be, shall also send a notice to persons described in Section 679.03 who have requested a notice informing those persons of the fact that the person who committed the violent offense is scheduled to be released from the Department of Corrections and Rehabilitation or from the State Department of Mental Health, including, but not limited to, conditional release, and specifying the proposed date of release. Notice of the community in which the person is scheduled to reside shall also be given if it is (1) in the county of residence of a witness, victim, or family member of a victim who has requested notification, or (2) within 100 miles of the actual residence of a witness, victim, or family member of a victim who has requested notification. If, after providing the witness, victim, or next of kin with the notice, there is any change in the release date or the community in which the person is to reside, the board or department shall provide the witness, victim, or next of kin with the revised information.

(b) In order to be entitled to receive the notice set forth in this section, the requesting party shall keep the department or board informed of his or her current mailing address.

(c) The board or department, when sending out notices regarding an offender's release on parole, shall use the information provided by the requesting party in the form completed pursuant to subdivision (b) of Section 679.03, unless that information is no longer current. If the information is no longer current, the department shall make a reasonable attempt to contact the person and to notify him or her of the impending release.

SEC. 3. Section 6608 of the Welfare and Institutions Code is amended to read:

6608. (a) Nothing in this article shall prohibit the person who has been committed as a sexually violent predator from petitioning the court for conditional release or an unconditional discharge without the recommendation or concurrence of the Director of Mental Health. If a person has previously filed a petition for conditional release without the concurrence of the director and the court determined, either upon review of the petition or following a hearing, that the petition was frivolous or that the committed person's condition had not so changed that he or she would not be a danger to others in that it is not likely that he or she will engage in sexually violent criminal behavior if placed under supervision and treatment in the community, then the court shall deny the subsequent petition unless it contains facts upon which a court could find that the condition of the committed person had so changed that a hearing was warranted. Upon receipt of a first or subsequent petition from a committed person without the concurrence of the director, the court shall endeavor whenever possible to review the petition and determine if it is based upon frivolous grounds and, if so, shall deny the petition without a hearing. The person petitioning for conditional release and unconditional discharge under this subdivision shall be entitled to assistance of counsel. The person petitioning for conditional release or unconditional discharge shall serve a copy of the petition on the State Department of Mental Health at the time the petition is filed with the court.

(b) The court shall give notice of the hearing date to the attorney designated in subdivision (i) of Section 6601, the retained or appointed attorney for the committed person, and the Director of Mental Health at least 30 court days before the hearing date.

(c) No hearing upon the petition shall be held until the person who is committed has been under commitment for confinement and care in a facility designated by the Director of Mental Health for not less than one year from the date of the order of commitment.

(d) The court shall hold a hearing to determine whether the person committed would be a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent criminal behavior due to his or her diagnosed mental disorder if under supervision and treatment in the community. If the court at the hearing determines that the committed person would not be a danger to others due to his or her diagnosed mental disorder while under supervision and treatment in the community, the court shall order the committed person placed with an appropriate forensic conditional release program operated by the state for one year. A substantial portion of the state-operated forensic conditional release program shall include outpatient supervision and treatment. The court shall retain jurisdiction of the person throughout the course of the program. At the end of one year, the court shall hold a hearing to determine if the person should be unconditionally released from commitment on the basis that, by reason of a diagnosed mental disorder, he or she is not a danger to the health and safety of others in that it is not likely that he or she will engage in sexually violent criminal behavior. The court shall not make this determination until the person has completed at least one year in the state-operated forensic conditional release program. The court shall notify the Director of Mental Health of the hearing date.

(e) Before placing a committed person in a state-operated forensic conditional release program, the community program director designated by the State Department of Mental Health shall submit a written recommendation to the court stating which forensic conditional release program is most appropriate for supervising and treating the committed person. If the court does not accept the community program director's recommendation, the court shall specify the reason or reasons for its order on the record. The procedures described in Sections 1605 to 1610, inclusive, of the Penal Code shall apply to the person placed in the forensic conditional release program.

(f) If the court determines that the person should be transferred to a state-operated forensic conditional release program, the community program director, or his or her designee, shall make the necessary placement arrangements and, within 30 days after receiving notice of the court's finding, the person shall be placed in the community in accordance with the treatment and supervision plan unless good cause for not doing so is presented to the court.

(g) If the court rules against the committed person at the trial for unconditional release from commitment, the court may place the committed person on outpatient status in accordance with the procedures described in Title 15 (commencing with Section 1600) of Part 2 of the Penal Code.

(h) If the court denies the petition to place the person in an appropriate forensic conditional release program or if the petition for unconditional discharge is denied, the person may not file a new application until one year has elapsed from the date of the denial.

(i) In any hearing authorized by this section, the petitioner shall have the burden of proof by a preponderance of the evidence.

(j) If the petition for conditional release is not made by the director of the treatment facility to which the person is committed, no action on the petition shall be taken by the court without first obtaining the written recommendation of the director of the treatment facility.

(k) Time spent in a conditional release program pursuant to this section shall not count toward the term of commitment under this article unless the person is confined in a locked facility by the conditional release program, in which case the time spent in a locked facility shall count toward the term of commitment.

SEC. 4. Section 6609.1 of the Welfare and Institutions Code is amended to read:

6609.1. (a) (1) When the State Department of Mental Health makes a recommendation to the court for community outpatient treatment for any person committed as a sexually violent predator, or when a person who is committed as a sexually violent predator pursuant to this article has petitioned a court pursuant to Section 6608 for conditional release under supervision and treatment in the community pursuant to a conditional release program, or has petitioned a court pursuant to Section 6608 for subsequent unconditional discharge, and the department is notified, or is aware, of the filing of the petition, and when a community placement location is recommended or proposed, the department shall notify the sheriff or chief of police, or both, the district attorney, or the county's designated counsel, that have jurisdiction over the following locations:

(A) The community in which the person may be released for community outpatient treatment.

(B) The community in which the person maintained his or her last legal residence as defined by Section 3003 of the Penal Code.

(C) The county that filed for the person's civil commitment pursuant to this article.

(2) The department shall also notify the Sexually Violent Predator Parole Coordinator of the Department of Corrections and Rehabilitation, if the person is otherwise subject to parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code. The department shall also notify the Department of Justice.

(3) The notice shall be given when the department or its designee makes a recommendation under subdivision (e) of Section 6608 or

proposes a placement location without making a recommendation, or when any other person proposes a placement location to the court and the department or its designee is made aware of the proposal.

(4) The notice shall be given at least 30 days prior to the department's submission of its recommendation to the court in those cases in which the department recommended community outpatient treatment under Section 6607, or in which the department or its designee is recommending or proposing a placement location, or in the case of a petition or placement proposal by someone other than the department or its designee, within 48 hours after becoming aware of the petition or placement proposal.

(5) The notice shall state that it is being made under this section and include all of the following information concerning each person committed as a sexually violent predator who is proposed or is petitioning to receive outpatient care in a conditional release program in that city or county:

(A) The name, proposed placement address, date of commitment, county from which committed, proposed date of placement in the conditional release program, fingerprints, and a glossy photograph no smaller than 3 ⅛ by 3 ⅛ inches in size, or clear copies of the fingerprints and photograph.

(B) The date, place, and time of the court hearing at which the location of placement is to be considered and a proof of service attesting to the notice's mailing in accordance with this subdivision.

(C) A list of agencies that are being provided this notice and the addresses to which the notices are being sent.

(b) Those agencies receiving the notice referred to in paragraphs (1) and (2) of subdivision (a) may provide written comment to the department and the court regarding the impending release, placement, location, and conditions of release. All community agency comments shall be combined and consolidated. The written comment shall be filed with the court at the time that the comment is provided to the department. The written comment shall identify differences between the comment filed with the court and that provided to the department, if any. In addition, a single agency in the community of the specific proposed or recommended placement address may suggest appropriate, alternative locations for placement within that community. A copy of the suggested alternative placement location shall be filed with the court at the time that the suggested placement location is provided to the department. The State Department of Mental Health shall issue a written statement to the commenting agencies and to the court within 10 days of receiving the written comments with a determination as to whether to adjust the release location or general terms and conditions, and explaining the basis for its

decision. In lieu of responding to the individual community agencies or individuals, the department's statement responding to the community comment shall be in the form of a public statement.

(c) The agencies' comments and department's statements shall be considered by the court which shall, based on those comments and statements, approve, modify, or reject the department's recommendation or proposal regarding the community or specific address to which the person is scheduled to be released or the conditions that shall apply to the release if the court finds that the department's recommendation or proposal is not appropriate.

(d) (1) When the State Department of Mental Health makes a recommendation to pursue recommitment, makes a recommendation not to pursue recommitment, or seeks a judicial review of commitment status pursuant to subdivision (f) of Section 6605, of any person committed as a sexually violent predator, it shall provide written notice of that action to the sheriff or chief of police, or both, and to the district attorney, that have jurisdiction over the following locations:

(A) The community in which the person maintained his or her last legal residence as defined by Section 3003 of the Penal Code.

(B) The community in which the person will probably be released, if recommending not to pursue recommitment.

(C) The county that filed for the person's civil commitment pursuant to this article.

(2) The State Department of Mental Health shall also notify the Sexually Violent Predator Parole Coordinator of the Department of Corrections and Rehabilitation, if the person is otherwise subject to parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code. The State Department of Mental Health shall also notify the Department of Justice. The notice shall be made at least 15 days prior to the department's submission of its recommendation to the court.

(3) Those agencies receiving the notice referred to in this subdivision shall have 15 days from receipt of the notice to provide written comment to the department regarding the impending release. At the time that the written comment is made to the department, a copy of the written comment shall be filed with the court by the agency or agencies making the comment. Those comments shall be considered by the department, which may modify its decision regarding the community in which the person is scheduled to be released, based on those comments.

(e) (1) If the court orders the release of a sexually violent predator, the court shall notify the Sexually Violent Predator Parole Coordinator of the Department of Corrections and Rehabilitation. The Department of Corrections and Rehabilitation shall notify the Department of Justice,

the State Department of Mental Health, the sheriff or chief of police or both, and the district attorney, that have jurisdiction over the following locations:

(A) The community in which the person is to be released.

(B) The community in which the person maintained his or her last legal residence as defined in Section 3003 of the Penal Code.

(2) The Department of Corrections and Rehabilitation shall make the notifications required by this subdivision regardless of whether the person released will be serving a term of parole after release by the court.

(f) If the person is otherwise subject to parole pursuant to Article 1 (commencing with Section 300) of Chapter 8 of Title 1 of Part 3 of the Penal Code, to allow adequate time for the Department of Corrections and Rehabilitation to make appropriate parole arrangements upon release of the person, the person shall remain in physical custody for a period not to exceed 72 hours or until parole arrangements are made by the Sexually Violent Predator Parole Coordinator of the Department of Corrections and Rehabilitation, whichever is sooner. To facilitate timely parole arrangements, notification to the Sexually Violent Predator Parole Coordinator of the Department of Corrections and Rehabilitation of the pending release shall be made by telephone or facsimile and, to the extent possible, notice of the possible release shall be made in advance of the proceeding or decision determining whether to release the person.

(g) The notice required by this section shall be made whether or not a request has been made pursuant to Section 6609.

(h) The time limits imposed by this section are not applicable when the release date of a sexually violent predator has been advanced by a judicial or administrative process or procedure that could not have reasonably been anticipated by the State Department of Mental Health and where, as the result of the time adjustments, there is less than 30 days remaining on the commitment before the inmate's release, but notice shall be given as soon as practicable.

(i) In the case of any subsequent community placement or change of community placement of a conditionally released sexually violent predator, notice required by this section shall be given under the same terms and standards as apply to the initial placement, except in the case of an emergency where the sexually violent predator must be moved to protect the public safety or the safety of the sexually violent predator. In the case of an emergency, the notice shall be given as soon as practicable, and the affected communities may comment on the placement as described in subdivision (b).

(j) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not

affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 572

An act to amend Section 12126 of the Penal Code, relating to firearms.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited as, the Crime Gun Identification Act of 2007.

SEC. 2. Section 12126 of the Penal Code is amended to read:

12126. As used in this chapter, "unsafe handgun" means any pistol, revolver, or other firearm capable of being concealed upon the person, as defined in subdivision (a) of Section 12001, for which any of the following is true:

(a) For a revolver:

(1) It does not have a safety device that, either automatically in the case of a double-action firing mechanism, or by manual operation in the case of a single-action firing mechanism, causes the hammer to retract to a point where the firing pin does not rest upon the primer of the cartridge.

(2) It does not meet the firing requirement for handguns pursuant to Section 12127.

(3) It does not meet the drop safety requirement for handguns pursuant to Section 12128.

(b) For a pistol:

(1) It does not have a positive manually operated safety device, as determined by standards relating to imported guns promulgated by the federal Bureau of Alcohol, Tobacco, and Firearms.

(2) It does not meet the firing requirement for handguns pursuant to Section 12127.

(3) It does not meet the drop safety requirement for handguns pursuant to Section 12128.

(4) Commencing January 1, 2006, for a center fire semiautomatic pistol that is not already listed on the roster pursuant to Section 12131, it does not have either a chamber load indicator, or a magazine disconnect mechanism.

(5) Commencing January 1, 2007, for all center fire semiautomatic pistols that are not already listed on the roster pursuant to Section 12131, it does not have both a chamber load indicator and if it has a detachable magazine, a magazine disconnect mechanism.

(6) Commencing January 1, 2006, for all rimfire semiautomatic pistols that are not already listed on the roster pursuant to Section 12131, it does not have a magazine disconnect mechanism, if it has a detachable magazine.

(7) Commencing January 1, 2010, for all semiautomatic pistols that are not already listed on the roster pursuant to Section 12131, it is not designed and equipped with a microscopic array of characters that identify the make, model, and serial number of the pistol, etched or otherwise imprinted in two or more places on the interior surface or internal working parts of the pistol, and that are transferred by imprinting on each cartridge case when the firearm is fired, provided that the Department of Justice certifies that the technology used to create the imprint is available to more than one manufacturer unencumbered by any patent restrictions. The Attorney General may also approve a method of equal or greater reliability and effectiveness in identifying the specific serial number of a firearm from spent cartridge casings discharged by that firearm than that which is set forth in this paragraph, to be thereafter required as otherwise set forth by this paragraph where the Attorney General certifies that this new method is also unencumbered by any patent restrictions. Approval by the Attorney General shall include notice of that fact via regulations adopted by the Attorney General for purposes of implementing that method for purposes of this paragraph. The microscopic array of characters required by this section shall not be considered the name of the maker, model, manufacturer's number, or other mark of identification, including any distinguishing number or mark assigned by the Department of Justice, within the meaning of Sections 12090 and 12094.

(c) As used in this section, a "chamber load indicator" means a device that plainly indicates that a cartridge is in the firing chamber. A device satisfies this definition if it is readily visible, has incorporated or adjacent explanatory text or graphics, or both, and is designed and intended to indicate to a reasonably foreseeable adult user of the pistol, without requiring the user to refer to a user's manual or any other resource other than the pistol itself, whether a cartridge is in the firing chamber.

(d) As used in this section, a "magazine disconnect mechanism" means a mechanism that prevents a semiautomatic pistol that has a detachable magazine from operating to strike the primer of ammunition in the firing chamber when a detachable magazine is not inserted in the semiautomatic pistol.

(e) As used in this section, a "semiautomatic pistol" means a pistol, as defined in subdivision (a) of Section 12001, the operating mode of which uses the energy of the explosive in a fixed cartridge to extract a fired cartridge and chamber a fresh cartridge with each single pull of the trigger.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 573

An act to amend Section 3003 of the Penal Code, relating to sex offenders.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 3003 of the Penal Code is amended to read:

3003. (a) Except as otherwise provided in this section, an inmate who is released on parole shall be returned to the county that was the last legal residence of the inmate prior to his or her incarceration. For purposes of this subdivision, "last legal residence" shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison or local jail facility or while confined for treatment in a state hospital.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county if that would be in the best interests of the public. If the Board of Parole Hearings setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168, as determined by the parole consideration panel, or the Department of Corrections and Rehabilitation setting the conditions of parole for inmates sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record and include these reasons in the notice to the sheriff or chief of police pursuant to Section 3058.6. In making its decision, the paroling authority shall

consider, among others, the following factors, giving the greatest weight to the protection of the victim and the safety of the community:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(5) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) The Department of Corrections and Rehabilitation, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) In making its decision about an inmate who participated in a joint venture program pursuant to Article 1.5 (commencing with Section 2717.1) of Chapter 5, the paroling authority shall give serious consideration to releasing him or her to the county where the joint venture program employer is located if that employer states to the paroling authority that he or she intends to employ the inmate upon release.

(e) (1) The following information, if available, shall be released by the Department of Corrections and Rehabilitation to local law enforcement agencies regarding a paroled inmate who is released in their jurisdictions:

(A) Last, first, and middle name.

(B) Birth date.

(C) Sex, race, height, weight, and hair and eye color.

(D) Date of parole and discharge.

(E) Registration status, if the inmate is required to register as a result of a controlled substance, sex, or arson offense.

(F) California Criminal Information Number, FBI number, social security number, and driver's license number.

(G) County of commitment.

(H) A description of scars, marks, and tattoos on the inmate.

(I) Offense or offenses for which the inmate was convicted that resulted in parole in this instance.

(J) Address, including all of the following information:

(i) Street name and number. Post office box numbers are not acceptable for purposes of this subparagraph.

(ii) City and ZIP Code.

(iii) Date that the address provided pursuant to this subparagraph was proposed to be effective.

(K) Contact officer and unit, including all of the following information:

(i) Name and telephone number of each contact officer.

(ii) Contact unit type of each contact officer such as units responsible for parole, registration, or county probation.

(L) A digitized image of the photograph and at least a single digit fingerprint of the parolee.

(M) A geographic coordinate for the parolee's residence location for use with a Geographical Information System (GIS) or comparable computer program.

(2) The information required by this subdivision shall come from the statewide parolee database. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be continually available to local law enforcement agencies upon request.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(f) Notwithstanding any other provision of law, an inmate who is released on parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, and paragraph (16) of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.53, 12022.7, or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Parole Hearings or the Department of Corrections and Rehabilitation finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(g) Notwithstanding any other law, an inmate who is released on parole for a violation of Section 288 or 288.5 whom the Department of Corrections and Rehabilitation determines poses a high risk to the public shall not be placed or reside, for the duration of his or her parole, within one-half mile of any public or private school including any or all of kindergarten and grades 1 to 12, inclusive.

(h) Notwithstanding any other law, an inmate who is released on parole for an offense involving stalking shall not be returned to a location within 35 miles of the victim's actual residence or place of employment if the victim or witness has requested additional distance in the placement

of the inmate on parole, and if the Board of Parole Hearings or the Department of Corrections and Rehabilitation finds that there is a need to protect the life, safety, or well-being of the victim.

(i) The authority shall give consideration to the equitable distribution of parolees and the proportion of out-of-county commitments from a county compared to the number of commitments from that county when making parole decisions.

(j) An inmate may be paroled to another state pursuant to any other law.

(k) (1) Except as provided in paragraph (2), the Department of Corrections and Rehabilitation shall be the agency primarily responsible for, and shall have control over, the program, resources, and staff implementing the Law Enforcement Automated Data System (LEADS) in conformance with subdivision (e).

(2) Notwithstanding paragraph (1), the Department of Justice shall be the agency primarily responsible for the proper release of information under LEADS that relates to fingerprint cards.

CHAPTER 574

An act to add Section 66406.7 to the Education Code, relating to public postsecondary education.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 66406.7 is added to the Education Code, to read:

66406.7. (a) This section shall be known and may be cited as the College Textbook Transparency Act.

(b) As used in this section, the following terms have the following meanings:

(1) "Adopter" means any faculty member or academic department or other adopting entity at an institution of higher education responsible for considering and choosing course materials to be used in connection with the accredited courses taught at that institution.

(2) "Complimentary copies" or "review course materials" only includes books that in all appearances are the same as the regular student edition of the textbook, and contain no material other than that found in the regular student edition of the textbook.

(3) "Instructor copies" or "complimentary teacher editions" means books with information that is meant to be for the exclusive use of teachers and not for students. These books contain answers and solutions, test questions, and pedagogical techniques, and are often labeled instructor's edition or instructor's manuals.

(4) "New edition of textbook" means a subsequent version of an earlier standard textbook. A standard textbook is the primary, full, and unabridged edition of a textbook. An abridged, alternate format, or alternate version of a standard textbook shall not be considered a new edition.

(5) "Publisher" means any publishing house, publishing firm, or publishing company that publishes textbooks or other course materials, specifically designed for postsecondary instruction.

(6) "Textbook" means a book that contains printed material and is intended for use as a source of study material for a class or group of students, a copy of which is expected to be available for the use of each of the students in that class or group. "Textbook" does not include a novel.

(7) "Unsolicited complimentary copies" means all items described in paragraph (2) and that were not requested by faculty but are sent by the publisher unsolicited by a faculty or staff member.

(c) (1) Adopters are encouraged to consider cost in the adoption of textbooks.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 575

An act to amend Sections 111070, 111115, 111130, and 111170 of, and to add Sections 111071 and 111198 to, the Health and Safety Code, relating to drinking water.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) According to a survey conducted in 2002 by the Public Policy Institute of California, 39 percent of all adults in California rely on bottled and vended water as their primary source of drinking water.

(b) Among low-income and immigrant communities, vended water is the alternative drinking water of choice, due to its lower cost.

(c) Many water vending machines fail to meet state health and consumer protection standards as a result of insufficient routine monitoring.

(d) Consumers of bottled and vended water should be afforded the same water quality "right to know" protections and regulatory oversight of bottled and vended water products as those established for tap water.

SEC. 2. Section 111070 of the Health and Safety Code is amended to read:

111070. (a) "Bottled water," means any water that is placed in a sealed container at a water-bottling plant to be used for drinking, culinary, or other purposes involving a likelihood of the water being ingested by

humans. Bottled water shall not include water packaged with the approval of the department for use in a public emergency.

(b) "Vended water" means any water that is dispensed by a water-vending machine, retail water facility, or water from a private water source, or other water as defined in Section 111170 that is not placed by a bottler in sealed containers, and that is dispensed by a water-vending machine, retail water facility, water hauler, or any other person or facility for drinking, culinary, or other purposes involving a likelihood of the water being ingested by humans. "Vended water," does not include water from a public water system that has not undergone additional treatment. Water sold without further treatment is not "vended water" and shall be labeled in accordance with Section 111170.

(c) "Water-bottling plant" means any facility in which bottled water is produced.

(d) A "water-vending machine" means a water-connected vending machine designed to dispense drinking water, or purified or other water products. The machines shall be designed to reduce or remove turbidity, off-tastes, and odors and to provide disinfection treatment. Processes for dissolved solids reduction or removal shall also be used.

(e) "Water hauler," means any person who hauls water in bulk by any means of transportation if the water is to be used for drinking, culinary, or other purposes involving a likelihood of the water being ingested by humans.

"In bulk," as used in this subdivision, means containers having capacities of 250 gallons or greater.

(f) "Retail water facility" means any commercial establishment where vended water is sold, and placed in customer's containers, or placed in containers sold or given to customers who come to the establishment to obtain water.

(g) "Private water source," means a privately owned source of water, other than a public water system, that is used for bottled or vended water and meets the requirements of an approved source for bottled water as defined in Section 129.3 of Title 21 of the Code of Federal Regulations.

(h) "Bottled water distributor" means any person, other than an employee or representative of a bottled water plant, who delivers bottled water directly to customers.

SEC. 3. Section 111071 is added to the Health and Safety Code, to read:

111071. (a) As a condition of licensure, each bottled water plant, as defined in subdivision (c) of Section 111070, shall annually prepare a bottled water report and shall, upon request, make that report available to each customer.

(b) The report shall be prepared in English, Spanish, and in the appropriate languages for each non-English-speaking group other than Spanish that exceeds 10 percent of the state's population.

(c) For purposes of complying with this section, when bottled water comes from a municipal source, the relevant information from the consumer confidence report or water quality report prepared for that year by the public water system pursuant to Section 116470, may be used.

(d) The bottled water report shall include, but not be limited to, all of the following:

(1) The source of the bottled water, consistent with applicable state and federal regulations.

(2) A brief and plainly worded definition of the terms "statement of quality," "maximum contaminant level," "primary drinking water standard," and "public health goal."

(3) A brief description of the treatment process.

(4) A reference to the United States Food and Drug Administration Web site that provides product recall information.

(5) The bottled water company's address and telephone number that enables customers to obtain further information concerning contaminants and potential health effects.

(6) Information on the levels of unregulated substances, if any, for which water bottlers are required to monitor pursuant to state or federal law or regulation.

(7) (A) The following statement:

> "Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the United States Food and Drug Administration, Food and Cosmetic Hotline (1-888-723-3366)."

(B) If the telephone number for the United States Food and Drug Administration, Food and Cosmetic Hotline changes, the statement shall be updated to reflect the new telephone number.

(8) The following statement:

> "Some persons may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons, including, but not limited to, persons with cancer who are undergoing chemotherapy, persons who have undergone organ

transplants, persons with HIV/AIDS or other immune system disorders, some elderly persons, and infants can be particularly at risk from infections. These persons should seek advice about drinking water from their health care providers. The United States Environmental Protection Agency and the Centers for Disease Control and Prevention guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (1-800-426-4791)."

(9) The following statement:

"The sources of bottled water include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water naturally travels over the surface of the land or through the ground, it can pick up naturally occurring substances as well as substances that are present due to animal and human activity.

Substances that may be present in the source water include any of the following:

(1) Inorganic substances, including, but not limited to, salts and metals, that can be naturally occurring or result from farming, urban stormwater runoff, industrial or domestic wastewater discharges, or oil and gas production.

(2) Pesticides and herbicides that may come from a variety of sources, including, but not limited to, agriculture, urban stormwater runoff, and residential uses.

(3) Organic substances that are byproducts of industrial processes and petroleum production and can also come from gas stations, urban stormwater runoff, agricultural application, and septic systems.

(4) Microbial organisms that may come from wildlife, agricultural livestock operations, sewage treatment plants, and septic systems.

(5) Substances with radioactive properties that can be naturally occurring or be the result of oil and gas production and mining activities."

(10) The following statement:

"In order to ensure that bottled water is safe to drink, the United States Food and Drug Administration and the State Department of Public Health prescribe regulations that limit the amount of certain contaminants in water provided by bottled water companies."

(11) (A) The following statement, if nitrate (NO_3) levels above 23 ppm but below 45 ppm (the Maximum Contaminant Level for nitrate (NO_3)) are detected:

"Nitrate in drinking water at levels above 45 mg/L is a health risk for infants of less than six months of age. These nitrate levels in drinking water can interfere with the capacity of the infant's blood to carry oxygen, resulting in a serious illness. Symptoms include shortness of breath and blueness of the skin. Nitrate levels above 45 mg/L may also affect the ability of the blood to carry oxygen in other individuals, including, but not limited to, pregnant women and those with certain specific enzyme deficiencies. If you are caring for an infant, or you are pregnant, you should ask advice from your health care provider."

(B) If the nitrate disclosure requirements for municipal water suppliers are revised by the State Department of Public Health, this statement shall be updated to reflect the revision.

(12) (A) The following statement, if arsenic levels above 5 ppb, but below 10 ppb (the Maximum Contaminant Level for arsenic), are detected:

"Arsenic levels above 5 ppb and up to 10 ppb are present in your drinking water. While your drinking water meets the current EPA standard for arsenic, it does contain low levels of arsenic. The standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. The State Department of Public Health continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects, including, but not limited to, skin damage and circulatory problems."

(B) If the arsenic disclosure requirements for municipal water suppliers are revised by the State Department of Public Health, this statement shall be updated to reflect the revision.

(13) A full disclosure of any exemption or variance that have been granted to the bottler by the State Department of Public Health, including an explanation of reasons for each exemption or variance and the date of the exemption or variance.

SEC. 4. Section 111115 of the Health and Safety Code is amended to read:

111115. (a) Each water-vending machine, retail water treatment plant, water hauler vehicle and facility, and private water source shall be maintained in a clean and sanitary condition at all times.

(b) (1) The department shall require that water-vending machines be cleaned, serviced, and sanitized in accordance with the manufacturer's specifications, but at least once every 31 days.

(2) Inspection records shall be kept for every visit made by either the operator or the maintenance personnel pursuant to this subdivision. These records shall show the date and time of the visit, any tests performed, any maintenance performed, and the signature or electronic signature of the operator or maintenance personnel. The records shall be kept by the owner of the water-vending machine for a minimum of two years and shall be made available to the department upon request.

(c) A record of any consumer complaints shall be kept on file with the owner of the water-vending machine for a minimum of two years, and shall be made available to the department upon request.

(d) If the department determines that there is a violation of this article, the department may do either or both of the following:

(1) Embargo the machine pursuant to Section 111860.

(2) Impose a fine, as determined appropriate by the department.

(e) (1) The department shall, annually, conduct inspections of not less than 20 percent of the licensed water-vending machines in the state and shall include both rural and urban counties. The selection of these machines shall be dependent on the state of the machine and the quality of the water source, and any other factors as determined by the department.

(2) The department may perform, within 12 months of the initial violation, one or more reinspections of each water-vending machine or water retailer that is found to be in violation of this section as necessary to prevent repeated or continuing violations. The department shall charge a fee to the owner to cover the costs of performing the reinspections. The fee shall not exceed the full cost of performing the reinspections up to a maximum of one hundred dollars ($100) per hour.

(f) Subdivisions (b) to (e), inclusive, shall become operative January 1, 2009.

SEC. 5. Section 111130 of the Health and Safety Code is amended to read:

111130. (a) The department shall charge and collect a fee for each license application submitted in accordance with the fee schedule in Table 1, that shall be an amount reasonably necessary to produce sufficient revenue to enforce this article. The fees collected shall be adjusted annually as required by Section 100425. New applicants for a

water bottling plant license shall pay Category 2 fees for the first license year.

(b) The water-bottling plant and bottled water distributor categories shall be determined by dividing by 52 the number of gallons produced or shipped into California during the previous year. If the result is an average of 5,000 gallons or less per week, the firm is Category 1. If the average exceeds 5,000 gallons per week, the firm is Category 2.

Table 1
License Fees

License Class	Annual Fee
Water-Bottling Plant	
Category 1	$310
Category 2	875
Water-Vending Machine	40
Water Hauler	310
Retail Water Facility	310

Applications and license fees shall be submitted annually. Applicants shall provide to the department, in electronic format, the serial number of each machine, and the street address, city, ZIP Code, and county where the machine is located.

(d) Each water-vending machine owner or operator shall make application annually for a license for all machines on forms provided by the department. A decal or seal provided by the department indicating a license fee has been paid shall be affixed in a prominent place to each water-vending machine in service. The duty to display the decal or seal shall apply only on and after the decal has been received by the operator.

SEC. 6. Section 111170 of the Health and Safety Code is amended to read:

111170. (a) Labeling and advertising of bottled water and vended water shall conform with this section, Chapter 4 (commencing with Section 110290), and applicable portions of Part 101 of Title 21 of the Code of Federal Regulations.

(b) Each container of bottled water sold in this state, each water-vending machine, and each container provided by retail water facilities located in this state shall be clearly labeled in an easily readable

format. Retail water facilities that do not provide labeled containers shall post, in a location readily visible to consumers, a sign conveying required label information.

(c) Water-vending machines, retail water facilities, and private water sources that sell water at retail shall display in a position clearly visible to customers the following information:

(d) The information required pursuant to subdivision (c) shall be displayed in both English and Spanish.

(e) Bottled water may be labeled "drinking water," notwithstanding the source or characteristics of the water, only if it is processed pursuant to the Food and Drug Administration Good Manufacturing Practices contained in Section 165.110 and Parts 110 and 129 of Title 21 of the Code of Federal Regulations, Sections 12235 to 12285, inclusive, of Title 17 of the California Code of Regulations, and any other requirements established by the department pursuant to Sections 111145, 111150, and 111155. Any vended water and any water from a retail water facility may be labeled "drinking water," notwithstanding the source or characteristics of the water, only if it is processed pursuant to Article 10 (commencing with Section 114200) of Chapter 4 of Part 7 and any other requirements established by the department pursuant to Sections 111145, 111150, and 111155.

(A) The statement shall contain all of the following:

(i) It shall include the term "water quality and information" appropriately, while informing customers about methods of gaining access to the full bottled water report.

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Sections 6254.7 and 6254.13, nothing in this chapter shall be construed to require disclosure of records that are any of the following:

(a) Preliminary drafts, notes, or interagency or intra-agency memoranda that are not retained by the public agency in the ordinary course of business, if the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

(d) Contained in or related to any of the following:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan

associations, industrial loan companies, credit unions, and insurance companies.

(2) Examination, operating, or condition reports prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(3) Preliminary drafts, notes, or interagency or intra-agency communications prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(4) Information received in confidence by any state agency referred to in paragraph (1).

(e) Geological and geophysical data, plant production data, and similar information relating to utility systems development, or market or crop reports, that are obtained in confidence from any person.

(f) Records of complaints to, or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and any state or local police agency, or any investigatory or security files compiled by any other state or local police agency, or any investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes. However, state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, carjacking, vandalism, vehicle theft, or a crime as defined by subdivision (b) of Section 13951, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation. However, nothing in this division shall require the disclosure of that portion of those investigative files that reflects the analysis or conclusions of the investigating officer.

Customer lists provided to a state or local police agency by an alarm or security company at the request of the agency shall be construed to be records subject to this subdivision.

Notwithstanding any other provision of this subdivision, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an

(2) As a condition to holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, and that notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. SEC. 25. Section 16935.5 of the Welfare and Institutions Code is amended to read:

16935.5. The department may administer the distribution and monitoring of funds allocated from the Hospital Services Account pursuant to subdivision (b) of Section 16946 and from the Physician Services Account pursuant to subdivision (c) of Section 16952, less funds retained by the department for the administration of the children's treatment program pursuant to Section 16934, for any county that is eligible to participate in the CMSP pursuant to Section 16809 that does not apply for, or rescinds its application for, funds under this chapter. Allocations for a particular county shall generally be utilized for payments to eligible providers in that county.

SEC. 26. Section 16952 of the Welfare and Institutions Code is amended to read:

16952. (a) (1) Each county shall establish within its emergency medical services fund a Physician Services Account. Each county shall deposit in the Physician Services Account those funds appropriated by the Legislature for the purposes of the Physician Services Account of the fund.

(2) (A) Each county may encumber sufficient funds to reimburse physician losses incurred during the fiscal year for which bills will not be received until after the fiscal year.

(B) Each county shall provide a reasonable basis for its estimate of the necessary amount encumbered.

(C) All funds that are encumbered for a fiscal year shall be expended or disencumbered prior to the submission of the report of actual expenditures required by Sections 16938 and 16980.

(b) (1) Funds deposited in the Physician Services Account in the county emergency medical services fund shall be exempt from the percentage allocations set forth in subdivision (a) of Section 1797.98. However, funds in the county Physician Services Account shall not be used to reimburse for physician services provided by physicians employed by county hospitals.

(2) No physician who provides physician services in a primary care clinic which receives funds from this act shall be eligible for reimbursement from the Physician Services Account for any losses incurred in the provision of those services.

(c) The county physician services account shall be administered by each county, except that a county that is eligible to participate in the CMSP pursuant to Section 16809, may elect to have its county physician services account administered by the state.

(d) Costs of administering the account, whether by the county or by the department through the emergency medical services contract-back

program, shall be reimbursed by the account based on actual administrative costs, not to exceed 10 percent of the amount of the account.

(e) For purposes of this article "administering agency" means the agency designated by the board of supervisors to administer this article, or the department, in the case of those counties that are eligible to participate in the CMSP pursuant to Section 16809, and that elect to have the state administer this article on their behalf.

(f) The county Physician Services Account shall be used to reimburse physicians for losses incurred for services provided during the fiscal year of allocation due to patients who do not have health insurance coverage for emergency services and care, who cannot afford to pay for those services, and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government with the exception of claims submitted for reimbursement through Section 1011 of the federal Medicare Prescription Drug, Improvement and Modernization Act of 2003.

(g) Physicians shall be eligible to receive payment for patient care services provided by, or in conjunction with, a properly credentialed nurse practitioner or physician's assistant for care rendered under the direct supervision of a physician and surgeon who is present in the facility where the patient is being treated and who is available for immediate consultation. Payment shall be limited to those claims that are substantiated by a medical record and that have been reviewed and countersigned by the supervising physician and surgeon in accordance with regulations established for the supervision of nurse practitioners and physician assistants in California.

(h) (1) Reimbursement for losses shall be limited to emergency services as defined in Section 16953, obstetric, and pediatric services as defined in Sections 16905.5 and 16907.5, respectively.

(2) It is the intent of this subdivision to allow reimbursement for all of the following:

(A) All inpatient and outpatient obstetric services which are medically necessary, as determined by the attending physician.

(B) All inpatient and outpatient pediatric services which are medically necessary, as determined by the attending physician.

(i) Any physician may be reimbursed for up to 50 percent of the amount claimed pursuant to Section 16955 for the initial cycle of reimbursements made by the administering agency in a given year. All funds remaining at the end of the fiscal year shall be distributed proportionally, based on the dollar amount of claims submitted and paid to all physicians who submitted qualifying claims during that year. The

administering agency shall not disburse funds in excess of the total amount of a qualified claim.

SEC. 27. The Legislature finds and declares that Section 1 of this act, which amends Section 6254 of the Government Code, and Section 5 of this act, which amends Section 11126 of the Government Code, impose limitations on the public's right of access to the meetings of public bodies and the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by these limitations and the need for protecting that interest:

In order to clarify existing law and to ensure that the Managed Risk Medical Insurance Board is not constrained in exercising its fiduciary powers and obligations to negotiate on behalf of the public as it provides or funds health care coverage for low-income persons and populations for whom this coverage is difficult to secure, the limitations on the public's right of access imposed by Sections 1 and 5 of this act are necessary.

SEC. 28. Section 1.5 of this bill incorporates amendments to Section 6254 of the Government Code proposed by both this bill and SB 449. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, but this bill becomes operative first, (2) each bill amends Section 6254 of the Government Code, and (3) this bill is enacted after SB 449, in which case Section 6254 of the Government Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of SB 449, at which time Section 1.5 of this bill shall become operative.

SEC. 29. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to adequately protect the public health and safety, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined in any of the sections of the Penal Code set forth in this subdivision may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

(3) Subject to the restrictions of Section 841.5 of the Penal Code and this subdivision, the current address of every individual arrested by the agency and the current address of the victim of a crime, where the requester declares under penalty of perjury that the request is made for a scholarly, journalistic, political, or governmental purpose, or that the request is made for investigation purposes by a licensed private investigator as described in Chapter 11.3 (commencing with Section 7512) of Division 3 of the Business and Professions Code. Address information obtained pursuant to this paragraph may not be used directly or indirectly, or furnished to another, to sell a product or service to any individual or group of individuals, and the requester shall execute a declaration to that effect under penalty of perjury. Nothing in this paragraph shall be construed to prohibit or limit a scholarly, journalistic, political, or government use of address information obtained pursuant to this paragraph.

(i) Information required from any taxpayer in connection with the collection of local taxes that is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

(j) Library circulation records kept for the purpose of identifying the borrower of items available in libraries, and library and museum materials made or acquired and presented solely for reference or exhibition purposes. The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family

agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a community care facility.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social

Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal offender record information search response for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(F) The State Department of Social Services shall develop procedures to provide the individual's state and federal criminal history information with the written notification of his or her exemption denial or revocation based on the criminal record. Receipt of the criminal history information shall be optional on the part of the individual, as set forth in the agency's procedures. The procedure shall protect the confidentiality and privacy of the individual's record, and the criminal history information shall not be made available to the employer.

(G) Notwithstanding any other provision of law, the department is authorized to provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall

not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in their written request. The department shall retain a copy of the individual's written request and the response and date provided.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(iii) The person is providing care or services within the person's scope of practice.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and

family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed 24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprint images and related information shall be sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible, the Department of Justice shall notify the State Department of

Social Services, as required by Section 1522.04, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprint images and related information submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in

consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall

submit a set of fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprint images and related information from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice. A foster family home licensee or foster family agency shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence in the foster family home or certified family home. A foster family agency's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent

violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprint images shall then be submitted to the Department of Justice for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to

comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of

subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state

or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department-delegated licensing authority a fee for each time

a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) The State Department of Social Services may charge a fee for the costs of processing electronic fingerprint images and related information.

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 1.5. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a community care facility.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant

or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal offender

record information search response for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(F) The State Department of Social Services shall develop procedures to provide the individual's state and federal criminal history information with the written notification of his or her exemption denial or revocation based on the criminal record. Receipt of the criminal history information shall be optional on the part of the individual, as set forth in the agency's procedures. The procedure shall protect the confidentiality and privacy of the individual's record, and the criminal history information shall not be made available to the employer.

(G) Notwithstanding any other provision of law, the department is authorized to provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in their written request. The department shall retain a copy of the individual's written request and the response and date provided.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall

provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not

apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed 24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprint images and related information shall be sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the

Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible, the Department of Justice shall notify the State Department of Social Services, as required by Section 1522.04, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is

determined by the State Department of Social Services, on the basis of the fingerprint images and related information submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of

Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The

department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprint images and related information from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice. A foster family home licensee or foster family agency shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence in the foster family home or certified family home. A foster family agency's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a

deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprint images shall then be submitted to the Department of Justice for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction

following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2),

(7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department, a county office with department-delegated licensing authority, or county child welfare agency with criminal record clearance and exemption authority, a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(5) (A) A county child welfare agency with authority to secure clearances pursuant to Section 16504.5 of the Welfare and Institutions Code and to grant exemptions pursuant to Section 361.4 of the Welfare and Institutions Code may accept a clearance or exemption from another county with criminal record and exemption authority pursuant to these sections.

(B) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by a county child welfare agency with criminal record clearance and exemption authority, the Department of Justice shall process a request from a county

child welfare agency with criminal record and exemption authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the State Department of Social Services and the Department of Justice.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) The State Department of Social Services may charge a fee for the costs of processing electronic fingerprint images and related information.

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 2. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the electronic fingerprint images of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

It is the intent of the Legislature, in enacting this section, to require the electronic fingerprint images of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a residential care facility for persons with chronic, life-threatening illnesses.

(a) (1) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from

an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the search required by this subdivision. If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines

that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to subdivision (a) of Section 1568.082. The department may also suspend the license pending an administrative hearing pursuant to subdivision (b) of Section 1568.082.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility for persons with chronic, life-threatening illness. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for persons with chronic, life-threatening illness pursuant to Section 1568.092.

(4) (A) Any staff person, volunteer, or employee who has contact with the residents.

(B) A volunteer shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer does not provide direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, close friend, or family member and provides direct care and supervision to that resident only at the request of the resident. The department may define in regulations persons similar to those described in this subparagraph who may be exempt from the requirements of this subdivision.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development

of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (g), prior to the person's employment, residence, or initial presence in the residential care facility.

(B) These fingerprint images and related information shall be electronically submitted to the Department of Justice in a manner approved by the State Department of Social Services and the Department of Justice, for the purpose of obtaining a permanent set of fingerprints. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082. The State Department of Social Services may assess civil penalties for continued violations as allowed in Section 1568.0822. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. The licensee shall maintain and make available for inspection documentation of the individual's clearance or exemption.

(2) A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082. The department may assess civil penalties for continued violations as permitted by Section 1568.0822.

(3) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social

Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprint images, notify the licensee that the fingerprint images were illegible. The Department of Justice shall notify the department, as required by Section 1522.04, and shall notify the licensee by mail within 14 days of electronic transmission of the fingerprint images to the Department of Justice, if the person has no criminal history record.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprint images submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and

frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1568.092.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) (1) The Department of Justice shall charge a fee sufficient to cover its cost in providing services to comply with the 14-day requirement contained in subdivision (c) for provision to the department of criminal record information.

(2) Paragraph (1) shall cease to be implemented when the department adopts emergency regulations pursuant to Section 1522.04, and shall become inoperative when permanent regulations are adopted under that section.

(j) Notwithstanding any other provision of law, the department may provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in his or her written request. The department shall retain a copy of the individual's written request and the response and date provided.

SEC. 3. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a residential care facility for the elderly.

(a) (1) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in

subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1569.50. The

department may also suspend the license pending an administrative hearing pursuant to Sections 1569.50 and 1569.51.

(b) In addition to the applicant, the provisions of this section shall apply to criminal convictions of the following persons:

(1) (A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility. Residents of unlicensed independent senior housing facilities that are located in contiguous buildings on the same property as a residential care facility for the elderly shall be exempt from these requirements.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility for the elderly. The facility shall maintain the copy of the certification on file as long as the care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for the elderly pursuant to Section 1569.58.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in a similar capacity.

(F) Additional officers of the governing body of the applicant or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from requirements applicable under paragraph (1):

(A) A spouse, relative, significant other, or close friend of a client shall be exempt if this person is visiting the client or provides direct care and supervision to that client only.

(B) A volunteer to whom all of the following apply:

(i) The volunteer is at the facility during normal waking hours.

(ii) The volunteer is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(iii) The volunteer spends no more than 16 hours per week at the facility.

(iv) The volunteer does not provide clients with assistance in dressing, grooming, bathing, or personal hygiene.

(v) The volunteer is not left alone with clients in care.

(C) A third-party contractor retained by the facility if the contractor is not left alone with clients in care.

(D) A third-party contractor or other business professional retained by a client and at the facility at the request or by permission of that client. These individuals may not be left alone with other clients.

(E) Licensed or certified medical professionals are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(F) Employees of licensed home health agencies and members of licensed hospice interdisciplinary teams who have contact with a resident of a residential care facility at the request of the resident or resident's legal decisionmaker are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(G) Clergy and other spiritual caregivers who are performing services in common areas of the residential care facility, or who are advising an individual resident at the request of, or with permission of, the resident, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(H) Any person similar to those described in this subdivision, as defined by the department in regulations.

(I) Nothing in this paragraph shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(c) (1) (A) Subsequent to initial licensure, any person required to be fingerprinted pursuant to subdivision (b) shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for

a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (g) prior to the person's employment, residence, or initial presence in the residential care facility for the elderly.

(B) These fingerprint images and related information shall be electronically transmitted in a manner approved by the State Department of Social Services and the Department of Justice. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50. The State Department of Social Services may assess civil penalties for continued violations as permitted by Section 1569.49. The licensee shall then submit these fingerprint images to the State Department of Social Services for processing. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. The Department of Justice shall notify the department, as required by Section 1522.04, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50. The department may assess civil penalties for continued violations as permitted by Section 1569.49.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days

from the date of receipt of the fingerprint images, notify the licensee that the fingerprint images were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If the State Department of Social Services determines, on the basis of the fingerprint images submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's

employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person

convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(3) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be submitted in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearances to be transferred under this section.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the department that the employee has a prior criminal conviction

or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) Notwithstanding any other provision of law, the department may provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in his or her written request. The department shall retain a copy of the individual's written request and the response and date provided.

SEC. 4. Section 1596.871 of the Health and Safety Code is amended to read:

1596.871. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a child care center or family child care home. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a child day care facility.

(a) (1) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the department may charge a fee for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of an applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1596.885. The department may also suspend the license pending an administrative hearing pursuant to Section 1596.886.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a child, residing in the facility.

(C) Any person who provides care and supervision to the children.

(D) Any staff person, volunteer, or employee who has contact with the children.

(i) A volunteer providing time-limited specialized services shall be exempt from the requirements of this subdivision if this person is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the volunteer spends no more than 16 hours per week at the facility, and the volunteer is not left alone with children in care.

(ii) A student enrolled or participating at an accredited educational institution shall be exempt from the requirements of this subdivision if the student is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption, the facility has an agreement with the educational institution concerning the placement of the student, the student spends no more than 16 hours per week at the facility, and the student is not left alone with children in care.

(iii) A volunteer who is a relative, legal guardian, or foster parent of a client in the facility shall be exempt from the requirements of this subdivision.

(iv) A contracted repair person retained by the facility, if not left alone with children in care, shall be exempt from the requirements of this subdivision.

(v) Any person similar to those described in this subdivision, as defined by the department in regulations.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility, as designated by the applicant agency.

(F) If the applicant is a local educational agency, the president of the governing board, the school district superintendent, or a person designated to administer the operation of the facility, as designated by the local educational agency.

(G) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(H) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal record clearance as part of

an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission, including employees of child care and development programs that serve both children subsidized under, and children not subsidized under, a State Department of Education contract. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(I) This section does not apply to employees of a child care and development program operated by a school district, county office of education, or community college district under contract with the State Department of Education who have completed a criminal record clearance as a condition of employment. The school district, county office of education, or community college district upon receiving information that the status of an employee's criminal record clearance has changed shall submit that information to the department.

(2) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individuals exempt from the requirements under this subdivision.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the child day care facility.

(B) These fingerprint images for the purpose of obtaining a permanent set of fingerprints shall be electronically submitted to the Department of Justice in a manner approved by the State Department of Social Services and to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency, and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886. The State Department of Social Services may assess civil penalties for continued violations permitted by Sections 1596.99 and 1597.62. The fingerprint images and

related information shall then be submitted to the department for processing. Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprint images, notify the licensee that the fingerprints were illegible.

(C) Documentation of the individual's clearance or exemption shall be maintained by the licensee, and shall be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. Any violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886. The department may assess civil penalties for continued violations, as permitted by Sections 1596.99 and 1597.62.

(2) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an

exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1596.885 or 1596.886.

(3) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(4) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence

of conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a child day care facility as specified in paragraphs (3), (4), and (5) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character so as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) or (b) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1596.8897.

(g) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprint images.

(h) (1) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearances to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice, only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department-delegated licensing authority a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) Notwithstanding any other provision of law, the department may provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in his or her written request. The department shall retain a copy of the individual's written request and the response and date provided.

Every person who, as a sexually violent predator, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased

However, no year of conviction shall be made available to the public unless the department also is able to make available the corresponding year of release of incarceration for that offense, and the required notation regarding any subsequent felony.

(B) (i) Any state facility that releases from incarceration a person who was incarcerated because of a crime for which he or she is required to register as a sex offender pursuant to Section 290 shall, within 30 days of release, provide the year of release for his or her most recent offense requiring registration to the Department of Justice in a manner and format approved by the department.

(L) Any person required to register pursuant to Section 290 based upon an out-of-state conviction, unless that person is excluded from the Internet Web site pursuant to subdivision (e). However, if the Department of Justice has determined that the out-of-state crime, if committed or attempted in this state, would have been punishable in this state as a crime described in subdivision (c) of Section 290, the person shall be placed on the Internet Web site as provided in subdivision (b) or (c), as applicable to the crime.

(e) (1) If a person has been convicted of the commission or the attempted commission of any of the offenses listed in this subdivision, and he or she has been convicted of no other offense listed in subdivision (b), (c), or (d) other than those listed in this subdivision, that person may file an application with the Department of Justice, on a form approved by the department, for exclusion from the Internet Web site. If the department determines that the person meets the requirements of this subdivision, the department shall grant the exclusion and no information concerning the person shall be made available via the Internet Web site described in this section. He or she bears the burden of proving the facts that make him or her eligible for exclusion from the Internet Web site. However, a person who has filed for or been granted an exclusion from the Internet Web site is not relieved of his or her duty to register as a sex offender pursuant to Section 290 nor from any otherwise applicable provision of law.

(2) This subdivision shall apply to the following offenses:

(A) A felony violation of subdivision (a) of Section 243.4.

(ii) An offense for which the offender is on probation at the time of his or her application, provided that the offender submits to the department a certified copy of a probation report, presentencing report, report prepared pursuant to Section 288.1, or other official court document that clearly demonstrates that the offender was the victim's parent, stepparent, sibling, or grandparent and that the crime did not involve either oral copulation or penetration of the vagina or rectum of either the victim or the offender by the penis of the other or by any foreign object.

(iii) If, subsequent to his or her application, the offender commits a violation of probation resulting in his or her incarceration in county jail or state prison, his or her exclusion, or application for exclusion, from the Internet Web site shall be terminated.

(iv) For the purposes of this subparagraph, "successfully completed probation" means that during the period of probation the offender neither received additional county jail or state prison time for a violation of probation nor was convicted of another offense resulting in a sentence to county jail or state prison.

(3) If the department determines that a person who was granted an exclusion under a former version of this subdivision would not qualify for an exclusion under the current version of this subdivision, the department shall rescind the exclusion, make a reasonable effort to provide notification to the person that the exclusion has been rescinded, and, no sooner than 30 days after notification is attempted, make information about the offender available to the public on the Internet Web site as provided in this section.

(4) Effective January 1, 2012, no person shall be excluded pursuant to this subdivision unless the offender has submitted to the department documentation sufficient for the department to determine that he or she has a SARATSO risk level of low or moderate-low.

(f) The Department of Justice shall make a reasonable effort to provide notification to persons who have been convicted of the commission or attempted commission of an offense specified in subdivision (b), (c), or (d), that on or before July 1, 2005, the department is required to make information about specified sex offenders available to the public via an Internet Web site as specified in this section. The Department of Justice shall also make a reasonable effort to provide notice that some offenders are eligible to apply for exclusion from the Internet Web site.

(g) (1) A designated law enforcement entity, as defined in subdivision (f) of Section 290.45, may make available information concerning persons who are required to register pursuant to Section 290 to the public via an Internet Web site as specified in paragraph (2).

(2) The law enforcement entity may make available by way of an Internet Web site the information described in subdivision (c) if it determines that the public disclosure of the information about a specific offender by way of the entity's Internet Web site is necessary to ensure the public safety based upon information available to the entity concerning that specific offender.

(3) The information that may be provided pursuant to this subdivision may include the information specified in subdivision (b) of Section 290.45. However, that offender's address may not be disclosed unless he or she is a person whose address is on the Department of Justice's Internet Web site pursuant to subdivision (b) or (c).

(h) For purposes of this section, "offense" includes the statutory predecessors of that offense, or any offense committed in another jurisdiction that, if committed or attempted to be committed in this state, would have been punishable in this state as an offense listed in subdivision (c) of Section 290.

(i) Notwithstanding Section 6254.5 of the Government Code, disclosure of information pursuant to this section is not a waiver of exemptions under Chapter 3.5 (commencing with Section 6250) of Title 1 of Division 7 of the Government Code and does not affect other statutory restrictions on disclosure in other situations.

(j) (1) Any person who uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than ten thousand dollars ($10,000) and not more than fifty thousand dollars ($50,000).

(2) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to any other punishment, by a five-year term of imprisonment in the state prison.

(k) Any person who is required to register pursuant to Section 290 who enters an Internet Web site established pursuant to this section shall be punished by a fine not exceeding one thousand dollars ($1,000), imprisonment in a county jail for a period not to exceed six months, or by both that fine and imprisonment.

(*l*) (1) A person is authorized to use information disclosed pursuant to this section only to protect a person at risk.

(2) Except as authorized under paragraph (1) or any other provision of law, use of any information that is disclosed pursuant to this section for purposes relating to any of the following is prohibited:

(A) Health insurance.

(B) Insurance.
(C) Loans.
(D) Credit.
(E) Employment.
(F) Education, scholarships, or fellowships.
(G) Housing or accommodations.
(H) Benefits, privileges, or services provided by any business establishment.

(3) This section shall not affect authorized access to, or use of, information pursuant to, among other provisions, Sections 11105 and 11105.3, Section 8808 of the Family Code, Sections 777.5 and 14409.2 of the Financial Code, Sections 1522.01 and 1596.871 of the Health and Safety Code, and Section 432.7 of the Labor Code.

(4) (A) Any use of information disclosed pursuant to this section for purposes other than those provided by paragraph (1) or in violation of paragraph (2) shall make the user liable for the actual damages, and any amount that may be determined by a jury or a court sitting without a jury, not exceeding three times the amount of actual damage, and not less than two hundred fifty dollars ($250), and attorney's fees, exemplary damages, or a civil penalty not exceeding twenty-five thousand dollars ($25,000).

(B) Whenever there is reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of misuse of the information available via an Internet Web site established pursuant to this section in violation of paragraph (2), the Attorney General, any district attorney, or city attorney, or any person aggrieved by the misuse is authorized to bring a civil action in the appropriate court requesting preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or group of persons responsible for the pattern or practice of misuse. The foregoing remedies shall be independent of any other remedies or procedures that may be available to an aggrieved party under other provisions of law, including Part 2 (commencing with Section 43) of Division 1 of the Civil Code.

(m) The public notification provisions of this section are applicable to every person described in this section, without regard to when his or her crimes were committed or his or her duty to register pursuant to Section 290 arose, and to every offense described in this section, regardless of when it was committed.

(n) On or before July 1, 2006, and every year thereafter, the Department of Justice shall make a report to the Legislature concerning the operation of this section.

(o) A designated law enforcement entity and its employees shall be immune from liability for good faith conduct under this section.

(p) The Attorney General, in collaboration with local law enforcement and others knowledgeable about sex offenders, shall develop strategies to assist members of the public in understanding and using publicly available information about registered sex offenders to further public safety. These strategies may include, but are not limited to, a hotline for community inquiries, neighborhood and business guidelines for how to respond to information posted on this Web site, and any other resource that promotes public education about these offenders.

SEC. 37. Section 296.2 of the Penal Code is amended to read:

296.2. (a) Whenever the DNA Laboratory of the Department of Justice notifies the Department of Corrections and Rehabilitation or any law enforcement agency that a biological specimen or sample, or print impression is not usable for any reason, the person who provided the original specimen, sample, or print impression shall submit to collection of additional specimens, samples, or print impressions. The Department of Corrections and Rehabilitation or other responsible law enforcement agency shall collect additional specimens, samples, and print impressions from these persons as necessary to fulfill the requirements of this chapter, and transmit these specimens, samples, and print impressions to the appropriate agencies of the Department of Justice.

(b) If a person, including any juvenile, is convicted of, pleads guilty or no contest to, is found not guilty by reason of insanity of, or is adjudged a ward of the court under Section 602 of the Welfare and Institutions Code for committing, any of the offenses described in subdivision (a) of Section 296, and has given a blood specimen or other biological sample or samples to law enforcement for any purpose, the DNA Laboratory of the Department of Justice is authorized to analyze the blood specimen and other biological sample or samples for forensic identification markers, including DNA markers, and to include the DNA and forensic identification profiles from these specimens and samples in the state's DNA and forensic identification databank and databases.

This subdivision applies whether or not the blood specimen or other biological sample originally was collected from the sexual or violent offender pursuant to the databank and database program, and whether or not the crime committed predated the enactment of the state's DNA and forensic identification databank program, or any amendments thereto. This subdivision does not relieve a person convicted of a crime described in subdivision (a) of Section 296, or otherwise subject to this chapter, from the requirement to give blood specimens, saliva samples, and thumb and palm print impressions for the DNA and forensic identification databank and database program as described in this chapter.

(c) Any person who is required to register under the Sex Offender Registration Act who has not provided the specimens, samples, and print impressions described in this chapter for any reason including the release of the person prior to the enactment of the state's DNA and forensic identification database and databank program, an oversight or error, or because of the transfer of the person from another state, the person, as an additional requirement of registration or of updating his or her annual registration pursuant to the Sex Offender Registration Act shall give specimens, samples, and print impressions as described in this chapter for inclusion in the state's DNA and forensic identification database and databank.

At the time the person registers or updates his or her registration, he or she shall receive an appointment designating a time and place for the collection of the specimens, samples, and print impressions described in this chapter, if he or she has not already complied with the provisions of this chapter.

As specified in the appointment, the person shall report to a county jail facility in the county where he or she resides or is temporarily located to have specimens, samples, and print impressions collected pursuant to this chapter or other facility approved by the Department of Justice for this collection. The specimens, samples, and print impressions shall be collected in accordance with subdivision (f) of Section 295.

If, prior to the time of the annual registration update, a person is notified by the Department of Justice, a probation or parole officer, other law enforcement officer, or officer of the court, that he or she is subject to this chapter, then the person shall provide the specimens, samples, and print impressions required by this chapter within 10 calendar days of the notification at a county jail facility or other facility approved by the department for this collection.

It is the intent

of the Legislature that efforts be made with respect to persons who are subject to Section 290.011 who are on probation to engage them in treatment.

SEC. 43. Section 1417.8 of the Penal Code is amended to read:

1417.8. (1) Prior to the final determination of the action or proceeding, the photograph shall be available only to the parties or to a person named in a court order to receive the photograph.

(2) After the final determination of the action or proceeding, the photograph shall be preserved with the permanent record maintained by the clerk of the court. The photograph may be disposed of or destroyed after preservation through any appropriate photographic or electronic medium. If the photograph is disposed of, it shall be rendered unidentifiable before the disposal. No person shall have access to the photograph unless that person has been named in a court order to receive the photograph. Any copy, negative, reprint, or other duplication of the photograph in the possession of the state, a state agency, the defendant, or an agent of the defendant, shall be delivered to the clerk of the court for disposal whether or not the defendant was convicted of the offense.

SEC. 44. Section 3000 of the Penal Code is amended to read:

3000. (a) (1) The Legislature finds and declares that the period immediately following incarceration is critical to successful reintegration of the offender into society and to positive citizenship. It is in the interest of public safety for the state to provide for the supervision of and surveillance of parolees, including the judicious use of revocation actions, and to provide educational, vocational, family and personal counseling necessary to assist parolees in the transition between imprisonment and discharge. A sentence pursuant to Section 1168 or 1170 shall include a period of parole, unless waived, as provided in this section.

(2) The Legislature finds and declares that it is not the intent of this section to diminish resources allocated to the Department of Corrections and Rehabilitation for parole functions for which the department is responsible. It is also not the intent of this section to diminish the resources allocated to the Board of Parole Hearings to execute its duties with respect to parole functions for which the board is responsible.

(3) The Legislature finds and declares that diligent effort must be made to ensure that parolees are held accountable for their criminal behavior, including, but not limited to, the satisfaction of restitution fines and orders.

(4) The parole period of any person found to be a sexually violent predator shall be tolled until that person is found to no longer be a sexually violent predator, at which time the period of parole, or any remaining portion thereof, shall begin to run.

(b) Notwithstanding any provision to the contrary in Article 3 (commencing with Section 3040) of this chapter, the following shall apply:

(1) At the expiration of a term of imprisonment of one year and one day, or a term of imprisonment imposed pursuant to Section 1170 or at the expiration of a term reduced pursuant to Section 2931 or 2933, if applicable, the inmate shall be released on parole for a period not exceeding three years, except that any inmate sentenced for an offense specified in paragraph (3), (4), (5), (6), (11), (16), or (18) of subdivision (c) of Section 667.5 shall be released on parole for a period not exceeding five years, unless in either case the parole authority for good cause waives parole and discharges the inmate from the custody of the department.

(2) In the case of any inmate sentenced under Section 1168, the period of parole shall not exceed five years in the case of an inmate imprisoned for any offense other than first or second degree murder for which the inmate has received a life sentence, and shall not exceed three years in the case of any other inmate, unless in either case the parole authority for good cause waives parole and discharges the inmate from custody of the department. This subdivision shall also be applicable to inmates who committed crimes prior to July 1, 1977, to the extent specified in Section 1170.2.

(3) Notwithstanding paragraphs (1) and (2), in the case of any offense for which the inmate has received a life sentence pursuant to Section 667.61 or 667.71, the period of parole shall be 10 years.

(4) The parole authority shall consider the request of any inmate regarding the length of his or her parole and the conditions thereof.

(5) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1), (2), or (3), as the case may be, whichever is earlier, the

inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1), (2), and (3) shall be computed from the date of initial parole and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, the period of parole is subject to the following:

(A) Except as provided in Section 3064, in no case may a prisoner subject to three years on parole be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole.

(B) Except as provided in Section 3064, in no case may a prisoner subject to five years on parole be retained under parole supervision or in custody for a period longer than seven years from the date of his or her initial parole.

(C) Except as provided in Section 3064, in no case may a prisoner subject to 10 years on parole be retained under parole supervision or in custody for a period longer than 15 years from the date of his or her initial parole.

(6) The Department of Corrections and Rehabilitation shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length of parole and conditions thereof by the parole authority. The Department of Corrections and Rehabilitation or the Board of Parole Hearings may impose as a condition of parole that a prisoner make payments on the prisoner's outstanding restitution fines or orders imposed pursuant to subdivision (a) or (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, or subdivision (b) or (f) of Section 1202.4.

(7) For purposes of this chapter, the Board of Parole Hearings shall be considered the parole authority.

(8) The sole authority to issue warrants for the return to actual custody of any state prisoner released on parole rests with the Board of Parole Hearings, except for any escaped state prisoner or any state prisoner released prior to his or her scheduled release date who should be returned to custody, and Section 3060 shall apply.

(9) It is the intent of the Legislature that efforts be made with respect to persons who are subject to Section 290.011 who are on parole to engage them in treatment.

SEC. 45. Section 3000.07 of the Penal Code is amended to read:

3000.07. (a) Every inmate who has been convicted for any felony violation of a "registerable sex offense" described in subdivision (c) of Section 290 or any attempt to commit any of the above-mentioned offenses and who is committed to prison and released on parole pursuant to Section 3000 or 3000.1 shall be monitored by a global positioning system for the term of his or her parole, or for the duration or any remaining part thereof, whichever period of time is less.

(b) Any inmate released on parole pursuant to this section shall be required to pay for the costs associated with the monitoring by a global positioning system. However, the Department of Corrections and Rehabilitation shall waive any or all of that payment upon a finding of an inability to pay. The department shall consider any remaining amounts the inmate has been ordered to pay in fines, assessments and restitution fines, fees, and orders, and shall give priority to the payment of those items before requiring that the inmate pay for the global positioning monitoring. No inmate shall be denied parole on the basis of his or her inability to pay for those monitoring costs.

SEC. 46. Section 3004 of the Penal Code is amended to read:

3004. (a) Notwithstanding any other law, the parole authority may require, as a condition of release on parole or reinstatement on parole, or as an intermediate sanction in lieu of return to prison, that an inmate or parolee agree in writing to the use of electronic monitoring or supervising devices for the purpose of helping to verify his or her compliance with all other conditions of parole. The devices shall not be used to eavesdrop or record any conversation, except a conversation between the parolee and the agent supervising the parolee which is to be used solely for the purposes of voice identification.

(b) Every inmate who has been convicted for any felony violation of a "registerable sex offense" described in subdivision (c) of Section 290 or any attempt to commit any of the above-mentioned offenses and who is committed to prison and released on parole pursuant to Section 3000 or 3000.1 shall be monitored by a global positioning system for life.

(c) Any inmate released on parole pursuant to this section shall be required to pay for the costs associated with the monitoring by a global positioning system. However, the Department of Corrections and Rehabilitation shall waive any or all of that payment upon a finding of an inability to pay. The department shall consider any remaining amounts the inmate has been ordered to pay in fines, assessments and restitution fines, fees, and orders, and shall give priority to the payment of those items before requiring that the inmate pay for the global positioning monitoring.

SEC. 47. Section 3005 of the Penal Code is amended and renumbered to read:

3008. (a) The Department of Corrections and Rehabilitation shall ensure that all parolees under active supervision who are deemed to pose a high risk to the public of committing sex crimes, as determined by the State-Authorized Risk Assessment Tool for Sex Offenders (SARATSO), as set forth in Sections 290.04 to 290.06, inclusive, are placed on intensive and specialized parole supervision and are required to report frequently to designated parole officers. The department may place any other parolee convicted of an offense that requires him or her to register as a sex offender pursuant to Section 290 who is on active supervision on intensive and specialized supervision and require him or her to report frequently to designated parole officers.

(b) The department shall develop and, at the discretion of the secretary, and subject to an appropriation of the necessary funds, may implement a plan for the implementation of relapse prevention treatment programs, and the provision of other services deemed necessary by the department, in conjunction with intensive and specialized parole supervision, to reduce the recidivism of sex offenders.

(c) The department shall develop control and containment programming for sex offenders who have been deemed to pose a high risk to the public of committing a sex crime, as determined by the SARATSO, and shall require participation in appropriate programming as a condition of parole.

SEC. 48. Section 3060.6 of the Penal Code is amended to read:

3060.6. Upon the release of the paroled person, the Department of Corrections and Rehabilitation shall inform the law enforcement agency and the district attorney that has primary jurisdiction over the community in which the circumstances occurred and, if different, the county in which the person is paroled or discharged, of the circumstances that were the basis for the return to custody or revocation of parole.

SEC. 49. Section 5054.1 of the Penal Code is amended to read:

5054.1. The Secretary of the Department of Corrections and Rehabilitation has full power to order returned to custody any person under the secretary's jurisdiction. The written order of the secretary shall be sufficient warrant for any peace officer to return to actual custody any escaped state prisoner or any state prisoner released prior to his or

her scheduled release date who should be returned to custody. All peace officers shall execute an order as otherwise provided by law.

SEC. 50. Section 5054.2 of the Penal Code is amended to read:

The secretary shall allow visitation only when the juvenile court, pursuant to Section 362.6 of the Welfare and Institutions Code, finds that visitation between the incarcerated person and his or her child victim is in the best interests of the child victim.

CHAPTER 580

An act to amend Section 1522 of the Health and Safety Code, and to amend Section 16504.5 of the Welfare and Institutions Code, relating to community care facilities.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a community care facility.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal offender record information search response for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be

revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(F) The State Department of Social Services shall develop procedures to provide the individual's state and federal criminal history information with the written notification of his or her exemption denial or revocation based on the criminal record. Receipt of the criminal history information shall be optional on the part of the individual, as set forth in the agency's procedures. The procedure shall protect the confidentiality and privacy of the individual's record, and the criminal history information shall not be made available to the employer.

(G) Notwithstanding any other provision of law, the department is authorized to provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in their written request. The department shall retain a copy of the individual's written request and the response and date provided.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing.

This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed 24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprint images and related information shall be sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a

maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible, the Department of Justice shall notify the State Department of Social Services, as required by Section 1522.04, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprint images and related information submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or

bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this

subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprint images and related information from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice. A foster family home licensee or foster family agency shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence in the foster family home or certified family home. A foster family agency's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprint images shall then be submitted to the Department of Justice for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department

of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For

purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing

authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department, a county office with department-delegated licensing authority, or a county child welfare agency with criminal record clearance and exemption authority, a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(5) (A) A county child welfare agency with authority to secure clearances pursuant to Section 16504.5 of the Welfare and Institutions Code and to grant exemptions pursuant to Section 361.4 of the Welfare and Institutions Code may accept a clearance or exemption from another county with criminal record and exemption authority pursuant to these sections.

(B) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by a county child welfare agency with criminal record clearance and exemption authority, the Department of Justice shall process a request from a county child welfare agency with criminal record and exemption authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the State Department of Social Services and the Department of Justice.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) The State Department of Social Services may charge a fee for the costs of processing electronic fingerprint images and related information.

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 1.5. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a community care facility.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime

specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal offender record information search response for the applicant or any of the persons described in subdivision (b), the department may issue a license if the

applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(F) The State Department of Social Services shall develop procedures to provide the individual's state and federal criminal history information with the written notification of his or her exemption denial or revocation based on the criminal record. Receipt of the criminal history information shall be optional on the part of the individual, as set forth in the agency's procedures. The procedure shall protect the confidentiality and privacy of the individual's record, and the criminal history information shall not be made available to the employer.

(G) Notwithstanding any other provision of law, the department is authorized to provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in their written request. The department shall retain a copy of the individual's written request and the response and date provided.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy

of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed 24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with

a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprint images and related information shall be sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the

citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible, the Department of Justice shall notify the State Department of Social Services, as required by Section 1522.04, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprint images and related information submitted to the Department of Justice, that the person has been convicted of, or is

awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot

grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and all persons described in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant, and each person described in subdivision (b), has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or any person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprint images and related information from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice. A foster family home licensee or foster family agency shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence in the foster family home or certified family home. A foster family agency's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of

Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprint images shall then be submitted to the Department of Justice for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a

conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided

in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department, a county office with department-delegated licensing authority, or county child welfare agency with criminal record clearance and exemption authority, a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(5) (A) A county child welfare agency with authority to secure clearances pursuant to Section 16504.5 of the Welfare and Institutions Code and to grant exemptions pursuant to Section 361.4 of the Welfare and Institutions Code may accept a clearance or exemption from another county with criminal record and exemption authority pursuant to these sections.

(B) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by a county child welfare agency with criminal record clearance and exemption authority, the Department of Justice shall process a request from a county child welfare agency with criminal record and exemption authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the State Department of Social Services and the Department of Justice.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) The State Department of Social Services may charge a fee for the costs of processing electronic fingerprint images and related information.

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 2. Section 16504.5 of the Welfare and Institutions Code is amended to read:

16504.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (b) of Section 11105 of the Penal Code, a child welfare agency may secure from an appropriate governmental criminal justice agency the state summary criminal history information, as defined in subdivision (a) of Section 11105 of the Penal Code, through the California Law Enforcement Telecommunications System pursuant to subdivision (d) of Section 309, and subdivision (a) of Section 1522 of the Health and Safety Code for the following purposes:

(B) (i) To assess the appropriateness and safety of placing a child who has been detained or is a dependent of the court, in the home of a relative assessed pursuant to Section 309 or 361.4, or in the home of a

nonrelative extended family member assessed as described in Section 362.7 during an emergency situation.

(ii) When a relative or nonrelative family member who has been assessed pursuant to clause (i) and approved as a caregiver moves to a different county and continued placement of the child with that person is intended, the move shall be considered an emergency situation for purposes of this subparagraph.

(C) To attempt to locate a parent or guardian pursuant to Section 311 of a child who is the subject of dependency court proceedings.

(2) Any time that a child welfare agency initiates a criminal background check through the California Law Enforcement Telecommunications System for the purpose described in subparagraph (B) of paragraph (1), the agency shall ensure that a state-level fingerprint check is initiated within 10 calendar days of the check, unless the whereabouts of the subject of the check are unknown or the subject of the check refuses to submit to the fingerprint check. The Department of Justice shall provide the requesting agency a copy of all criminal history information regarding an individual that it maintains pursuant to subdivision (b) of Section 11105 of the Penal Code.

(d) Information obtained pursuant to this section shall not be used for any purposes other than those described in subdivision (a).

(e) Nothing in this section shall preclude a relative or other person living in a relative's home from refuting any of the information obtained by law enforcement if the individual believes the state- or federal-level criminal records check revealed erroneous information.

(f) (1) A state or county welfare agency may submit to the Department of Justice fingerprint images and related information required by the Department of Justice of parents or legal guardians when determining their suitability for reunification with a dependent child subject to the jurisdiction of the juvenile court, for the purposes of obtaining information as to the existence and content of a record of state or federal convictions and state or federal arrests, as well as information as to the existence and content of a record of state or federal arrests for which the Department of Justice establishes that the person is free on bail or on his or her own recognizance pending trial or appeal. Of the information

received by the Department of Justice pursuant to this subdivision, only the parent's or legal guardian's criminal history for the time period following the removal of the child from the parent or legal guardian shall be considered.

(2) When received, the Department of Justice shall forward to the Federal Bureau of Investigation requests for federal summary criminal history information received pursuant to this subdivision. The Department of Justice shall review the information returned from the Federal Bureau of Investigation and respond to the state or county welfare agency.

(3) The Department of Justice shall provide a response to the state or county welfare agency pursuant to subdivision (p) of Section 11105 of the Penal Code.

(4) The state or county welfare agency shall not request from the Department of Justice subsequent arrest notification service, as provided pursuant to Section 11105.2 of the Penal Code, for individuals described in this subdivision.

(5) The Department of Justice shall charge a fee sufficient to cover the costs of processing the request described in this subdivision.

(6) This subdivision shall become operative on July 1, 2007.

The people of the State of California do enact as follows:

SECTION 1. Section 11105 of the Penal Code is amended to read:

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 273.5 of the Penal Code is amended to read:

273.5. (a) Any person who willfully inflicts upon a person who is his or her spouse, former spouse, cohabitant, former cohabitant, or the mother or father of his or her child, corporal injury resulting in a traumatic condition, is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for two, three, or four years, or in a county jail for not more than one year, or by a fine of up to six thousand dollars ($6,000) or by both that fine and imprisonment.

(b) Holding oneself out to be the husband or wife of the person with whom one is cohabiting is not necessary to constitute cohabitation as the term is used in this section.

(c) As used in this section, "traumatic condition" means a condition of the body, such as a wound or external or internal injury, whether of a minor or serious nature, caused by a physical force.

(d) For the purpose of this section, a person shall be considered the father or mother of another person's child if the alleged male parent is presumed the natural father under Sections 7611 and 7612 of the Family Code.

(e) (1) Any person convicted of violating this section for acts occurring within seven years of a previous conviction under subdivision (a), or subdivision (d) of Section 243, or Section 243.4, 244, 244.5, or 245, shall be punished by imprisonment in a county jail for not more than one year, or by imprisonment in the state prison for two, four, or five years, or by both imprisonment and a fine of up to ten thousand dollars ($10,000).

(2) Any person convicted of a violation of this section for acts occurring within seven years of a previous conviction under subdivision (e) of Section 243 shall be punished by imprisonment in the state prison for two, three, or four years, or in a county jail for not more than one year, or by a fine of up to ten thousand dollars ($10,000), or by both that imprisonment and fine.

(f) If probation is granted to any person convicted under subdivision (a), the court shall impose probation consistent with the provisions of Section 1203.097.

(g) If probation is granted, or the execution or imposition of a sentence is suspended, for any defendant convicted under subdivision (a) who has been convicted of any prior offense specified in subdivision (e), the court shall impose one of the following conditions of probation:

(1) If the defendant has suffered one prior conviction within the previous seven years for a violation of any offense specified in subdivision (e), it shall be a condition thereof, in addition to the provisions contained in Section 1203.097, that he or she be imprisoned in a county jail for not less than 15 days.

(2) If the defendant has suffered two or more prior convictions within the previous seven years for a violation of any offense specified in subdivision (e), it shall be a condition of probation, in addition to the provisions contained in Section 1203.097, that he or she be imprisoned in a county jail for not less than 60 days.

(3) The court, upon a showing of good cause, may find that the mandatory imprisonment required by this subdivision shall not be imposed and shall state on the record its reasons for finding good cause.

(h) If probation is granted upon conviction of a violation of subdivision (a), the conditions of probation may include, consistent with

the terms of probation imposed pursuant to Section 1203.097, in lieu of a fine, one or both of the following requirements:

For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

(i) Upon conviction under subdivision (a), the sentencing court shall also consider issuing an order restraining the defendant from any contact with the victim, which may be valid for up to 10 years, as determined by the court. It is the intent of the Legislature that the length of any restraining order be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim and his or her immediate family. This protective order may be issued by the court whether the defendant is sentenced to state prison, county jail, or if imposition of sentence is suspended and the defendant is placed on probation.

SEC. 2. Section 646.9 of the Penal Code is amended to read:

Upon the certification, the defendant shall be evaluated and transferred to the appropriate hospital for treatment pursuant to Section 2684.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(d) The agency shall treat any report described in subdivision (a) that is received from another state, an Indian tribe, or a private agency under contract with another state, as meeting any requirements imposed by the state for the completion of a home study before placing a child in the home, unless, within 14 days after receipt of the report, the agency determines, based on grounds that are specific to the content of the report,

that making a decision in reliance on the report would be contrary to the welfare of the child.

(e) A county is not restricted from contracting with a private agency for the conduct of a home study described in subdivision (a).

(f) The department shall work with counties to identify barriers to meeting the timeframes specified in this section and to develop recommendations to reduce or eliminate those barriers.

(d) Nothing in this section shall be construed to require the county to have completed, within the applicable period, those portions of the home study concerning the education and training of the prospective foster parent or adoptive parent.

(e) The county shall treat any report described in subdivision (a) that is received from another state, an Indian tribe, or a private agency under contract with another state, as meeting any requirements imposed by the state for the completion of a home study before placing a child in the home, unless, within 14 days after receipt of the report, the county determines, based on grounds that are specific to the content of the report, that making a decision in reliance on the report would be contrary to the welfare of the child.

SEC. 13. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a community care facility.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State

Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal offender record information search response for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(F) The State Department of Social Services shall develop procedures to provide the individual's state and federal criminal history information with the written notification of his or her exemption denial or revocation

based on the criminal record. Receipt of the criminal history information shall be optional on the part of the individual, as set forth in the agency's procedures. The procedure shall protect the confidentiality and privacy of the individual's record, and the criminal history information shall not be made available to the employer.

(G) Notwithstanding any other provision of law, the department is authorized to provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in their written request. The department shall retain a copy of the individual's written request and the response and date provided.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. (A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed 24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprint images and related information shall be sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprint images and related information to the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil

penalties for continued violations as permitted by Section 1548. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible, the Department of Justice shall notify the State Department of Social Services, as required by Section 1522.04, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprint images and related information submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption

pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) To the extent required by federal law, an applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the criminal records search required by subdivision (a).

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprint images and related information from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice. A foster family home licensee or foster family agency shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence in the foster family home or certified family home. A foster family agency's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation, per day for a

maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation, per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprint images shall then be submitted to the Department of Justice for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director

grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit,

or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of

Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department-delegated licensing authority a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) The State Department of Social Services may charge a fee for the costs of processing electronic fingerprint images and related information.

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 13.1. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a community care facility.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State

Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons

described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal offender record information search response for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(F) The State Department of Social Services shall develop procedures to provide the individual's state and federal criminal history information with the written notification of his or her exemption denial or revocation based on the criminal record. Receipt of the criminal history information shall be optional on the part of the individual, as set forth in the agency's procedures. The procedure shall protect the confidentiality and privacy of the individual's record, and the criminal history information shall not be made available to the employer.

(G) Notwithstanding any other provision of law, the department is authorized to provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in their written request. The department shall retain a copy of the individual's written request and the response and date provided.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A

certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of

that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed 24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprint images and related information shall be sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the

Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible, the Department of Justice shall notify the State Department of Social Services, as required by Section 1522.04, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is

determined by the State Department of Social Services, on the basis of the fingerprint images and related information submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of

Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) To the extent required by federal law, an applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the criminal records search required by subdivision (a).

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprint images and related information from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice.

A foster family home licensee or foster family agency shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence in the foster family home or certified family home. A foster family agency's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprint images shall then be submitted to the Department of Justice for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified

by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department or a county office with department-delegated licensing authority a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) The State Department of Social Services may charge a fee for the costs of processing electronic fingerprint images and related information.

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 13.2. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the

Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a community care facility.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal offender record information search response for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(F) The State Department of Social Services shall develop procedures to provide the individual's state and federal criminal history information with the written notification of his or her exemption denial or revocation based on the criminal record. Receipt of the criminal history information shall be optional on the part of the individual, as set forth in the agency's procedures. The procedure shall protect the confidentiality and privacy of the individual's record, and the criminal history information shall not be made available to the employer.

(G) Notwithstanding any other provision of law, the department is authorized to provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by

the individual in their written request. The department shall retain a copy of the individual's written request and the response and date provided.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(iii) The same organization does not conduct group activities for clients more often than defined by the department's regulations.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed 24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

(5) (A) In addition to the exemptions specified in paragraph (2), the following persons in adult residential and social rehabilitation facilities, unless contraindicated by the client's individualized program plan (IPP) or needs and services plan, are exempt from the requirements applicable under paragraph (1): a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprint images and related information shall be sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible, the Department of Justice shall notify the State Department of Social Services, as required by Section 1522.04, and shall also notify the licensee by mail, within 14 days of electronic transmission of the

fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprint images and related information submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) To the extent required by federal law, an applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for

a state and federal level criminal offender record information search, in addition to the criminal records search required by subdivision (a).

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprint images and related information from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice. A foster family home licensee or foster family agency shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence in the foster family home or certified family home. A foster family agency's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a

deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprint images shall then be submitted to the Department of Justice for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction

following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2),

(7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department, a county office with department-delegated licensing authority, or a county child welfare agency with criminal record clearance and exemption authority, a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(5) (A) A county child welfare agency with authority to secure clearances pursuant to Section 16504.5 of the Welfare and Institutions Code and to grant exemptions pursuant to Section 361.4 of the Welfare and Institutions Code may accept a clearance or exemption from another county with criminal record and exemption authority pursuant to these sections.

(B) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by a county child welfare agency with criminal record clearance and exemption authority, the Department of Justice shall process a request from a county

child welfare agency with criminal record and exemption authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the State Department of Social Services and the Department of Justice.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) The State Department of Social Services may charge a fee for the costs of processing electronic fingerprint images and related information.

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

SEC. 13.3. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home of a licensed foster family agency. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record

clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a community care facility.

(a) (1) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, of the Penal Code, subdivision (b) of Section 273a of the Penal Code, or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) Except during the 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years, neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section.

(4) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and all other persons described in subdivision (b) meet all of the conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal offender record information search response for the applicant or any of the persons described in subdivision (b), the department may issue a license if the applicant and each person described in subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction, as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or any other person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(F) The State Department of Social Services shall develop procedures to provide the individual's state and federal criminal history information with the written notification of his or her exemption denial or revocation based on the criminal record. Receipt of the criminal history information shall be optional on the part of the individual, as set forth in the agency's procedures. The procedure shall protect the confidentiality and privacy of the individual's record, and the criminal history information shall not be made available to the employer.

(G) Notwithstanding any other provision of law, the department is authorized to provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in their written request. The department shall retain a copy of the individual's written request and the response and date provided.

(b) (1) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(F) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from the requirements applicable under paragraph (1):

(A) A medical professional as defined in department regulations who holds a valid license or certification from the person's governing California medical care regulatory entity and who is not employed, retained, or contracted by the licensee if all of the following apply:

(i) The criminal record of the person has been cleared as a condition of licensure or certification by the person's governing California medical care regulatory entity.

(ii) The person is providing time-limited specialized clinical care or services.

(iii) The person is providing care or services within the person's scope of practice.

(iv) The person is not a community care facility licensee or an employee of the facility.

(B) A third-party repair person or similar retained contractor if all of the following apply:

(i) The person is hired for a defined, time-limited job.

(ii) The person is not left alone with clients.

(iii) When clients are present in the room in which the repairperson or contractor is working, a staff person who has a criminal record clearance or exemption is also present.

(C) Employees of a licensed home health agency and other members of licensed hospice interdisciplinary teams who have a contract with a client or resident of the facility and are in the facility at the request of that client or resident's legal decisionmaker. The exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(D) Clergy and other spiritual caregivers who are performing services in common areas of the community care facility or who are advising an individual client at the request of, or with the permission of, the client or legal decisionmaker, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care licensee or employee of the facility.

(E) Members of fraternal, service, or similar organizations who conduct group activities for clients if all of the following apply:

(i) Members are not left alone with clients.

(ii) Members do not transport clients off the facility premises.

(3) In addition to the exemptions in paragraph (2), the following persons in foster family homes, certified family homes, and small family homes are exempt from the requirements applicable under paragraph (1):

(A) Adult friends and family of the licensed or certified foster parent, who come into the home to visit for a length of time no longer than defined by the department in regulations, provided that the adult friends and family of the licensee are not left alone with the foster children. However, the licensee, acting as a reasonable and prudent parent, as defined in paragraph (2) of subdivision (a) of Section 362.04 of the Welfare and Institutions Code, may allow his or her adult friends and family to provide short-term care to the foster child and act as an appropriate occasional short-term babysitter for the child.

(B) Parents of a foster child's friends when the foster child is visiting the friend's home and the friend, licensed or certified foster parent, or both are also present. However, the licensee, acting as a reasonable and prudent parent, may allow the parent of the foster child's friends to act as an appropriate short-term babysitter for the child without the friend being present.

(C) Individuals who are engaged by any licensed or certified foster parent to provide short-term care to the child for periods not to exceed

24 hours. Caregivers shall use a reasonable and prudent parent standard in selecting appropriate individuals to act as appropriate occasional short-term babysitters.

(4) In addition to the exemptions specified in paragraph (2), the following persons in adult day care and adult day support centers are exempt from the requirements applicable under paragraph (1):

(A) Unless contraindicated by the client's individualized program plan (IPP) or needs and service plan, a spouse, significant other, relative, or close friend of a client, or an attendant or a facilitator for a client with a developmental disability if the attendant or facilitator is not employed, retained, or contracted by the licensee. This exemption applies only if the person is visiting the client or providing direct care and supervision to the client.

(B) A volunteer if all of the following applies:

(i) The volunteer is supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(ii) The volunteer is never left alone with clients.

(iii) The volunteer does not provide any client assistance with dressing, grooming, bathing, or personal hygiene other than washing of hands.

This exemption applies only if the person is visiting the client or providing direct care and supervision to that client.

(B) Nothing in this subdivision shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(6) Any person similar to those described in this subdivision, as defined by the department in regulations.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or

to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprint images and related information shall be sent by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice for the purpose of obtaining a permanent set of fingerprints, and shall be submitted to the Department of Justice by the licensee. A licensee's failure to submit fingerprints to the Department of Justice or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and the immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible, the Department of Justice shall notify the State Department of Social Services, as required by Section 1522.04, and shall also notify the licensee by mail, within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and

shall be grounds for disciplining the licensee pursuant to Section 1550. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprint images and related information submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (A) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (B) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State

Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons.

(3) Neither the Department of Justice nor the State Department of Social Services may charge a fee for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant.

(4) The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority may cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) To the extent required by federal law, an applicant for a foster family home license or for certification as a family home, and any other person specified in subdivision (b), shall submit a set of fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the criminal records search required by subdivision (a).

(5) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, spousal or cohabitant abuse or, any crime for which the department cannot grant an exemption if the person was convicted and

shall submit these fingerprints to the licensing agency or other approving authority.

(6) (A) The foster family agency shall obtain fingerprint images and related information from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice by electronic transmission in a manner approved by the State Department of Social Services and the Department of Justice. A foster family home licensee or foster family agency shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (b) prior to the person's employment, residence, or initial presence in the foster family home or certified family home. A foster family agency's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, shall result in a citation of a deficiency, and the immediate civil penalties of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1550. A violation of the regulation adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the foster family agency pursuant to Section 1550. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or comply with paragraph (1) of subdivision (h), as required in this section, may result in the citation of a deficiency and immediate civil penalties of one hundred dollars ($100) per violation. A licensee's violation of regulations adopted pursuant to Section 1522.04 may result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess penalties for continued violations, as permitted by Section 1548. The fingerprint images shall then be submitted to the Department of Justice for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the Department of Justice shall verify receipt

of the fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster family home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(7) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(8) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her

plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) (i) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(ii) Notwithstanding clause (i), the director may grant an exemption regarding the conviction for an offense described in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, if the employee or prospective employee has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter

3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the State Department of Social Services, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed envelope for this purpose, the State Department of Social Services shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(3) The following shall apply to a criminal record clearance or exemption from the department or a county office with department-delegated licensing authority:

(A) A county office with department-delegated licensing authority may accept a clearance or exemption from the department.

(B) The department may accept a clearance or exemption from any county office with department-delegated licensing authority.

(C) A county office with department-delegated licensing authority may accept a clearance or exemption from any other county office with department-delegated licensing authority.

(4) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by the department or a county office with department-delegated licensing authority, all of the following shall apply:

(A) The Department of Justice shall process a request from the department or a county office with department-delegated licensing authority to receive the notice only if all of the following conditions are met:

(i) The request shall be submitted to the Department of Justice by the agency to be substituted to receive the notification.

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the department and the Department of Justice.

(B) (i) On or before January 7, 2005, the department shall notify the Department of Justice of all county offices that have department-delegated licensing authority.

(ii) The department shall notify the Department of Justice within 15 calendar days of the date on which a new county office receives department-delegated licensing authority or a county's delegated licensing authority is rescinded.

(C) The Department of Justice shall charge the department, a county office with department-delegated licensing authority, or a county child welfare agency with criminal record clearance and exemption authority, a fee for each time a request to substitute the recipient agency is received for purposes of this paragraph. This fee shall not exceed the cost of providing the service.

(5) (A) A county child welfare agency with authority to secure clearances pursuant to Section 16504.5 of the Welfare and Institutions Code and to grant exemptions pursuant to Section 361.4 of the Welfare and Institutions Code may accept a clearance or exemption from another county with criminal record and exemption authority pursuant to these sections.

(B) With respect to notifications issued by the Department of Justice pursuant to Section 11105.2 of the Penal Code concerning an individual whose criminal record clearance was originally processed by a county child welfare agency with criminal record clearance and exemption authority, the Department of Justice shall process a request from a county child welfare agency with criminal record and exemption authority to receive the notice only if all of the following conditions are met:

(ii) The request shall be for the same applicant type as the type for which the original clearance was obtained.

(iii) The request shall contain all prescribed data elements and format protocols pursuant to a written agreement between the State Department of Social Services and the Department of Justice.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) The State Department of Social Services may charge a fee for the costs of processing electronic fingerprint images and related information.

(*l*) Amendments to this section made in the 1999 portion of the 1999–2000 Regular Session shall be implemented commencing 60 days after the effective date of the act amending this section in the 1999 portion of the 1999–2000 Regular Session, except that those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation shall be implemented 90 days after the effective date of that act.

The Department of Justice shall maintain and continually update an index of reports of child abuse by providers and shall inform the department of subsequent reports received from the Child Abuse Central Index pursuant to Section 11170 of the Penal Code and the criminal history. The department shall investigate any reports received from the Child Abuse Central Index. The investigation shall include, but not be limited to, the review of the investigation report and file prepared by the child protective agency which investigated the child abuse report. if compliance would cause a delay in providing an expedited response to the agency's inquiry and if further delay in placement may be detrimental to the child.

(10) (A) Whenever information contained in the Department of Justice files is furnished as the result of an application for employment or licensing pursuant to paragraph (4), (5), or (8), the Department of Justice may charge the person or entity making the request a fee. The fee shall not exceed the reasonable costs to the department of providing the information. The only increase shall be at a rate not to exceed the legislatively approved cost-of-living adjustment for the department. In no case shall the fee exceed fifteen dollars ($15).

The request shall be signed by the department supervisor of the requesting law enforcement agency. The written requests shall cite the out-of-state statute or interstate compact provision that requires that the information contained within these reports shall be disclosed only to law enforcement, prosecutorial entities, or multidisciplinary investigative teams, and shall cite the criminal penalties for unlawful disclosure of any confidential information provided by the requesting state or the applicable interstate compact provision. request for information in writing on official letterhead, transmitted either by mail, fax, or electronic transmission or as designated by the department. The request shall identify the prospective foster or adoptive parent or relative caregiver, and any other adult living in the home, by name and date of birth or approximate age. The request shall cite the out-of-state statute or interstate compact provision that requires that the information received in response to the inquiry shall be disclosed and used for no purpose other than conducting background checks in foster or adoptive cases. The request shall also cite the criminal penalties for unlawful disclosure of any information provided by the requesting state or the applicable interstate compact provision. In the absence of an out-of-state statute or interstate compact provision that requires that the information shall be used for no purpose other than conducting background checks in foster or adoptive cases and criminal penalties equivalent to the penalties in California for unlawful disclosure, access shall be denied.

(2) With respect to any information provided by the department in response to the out-of-state agency's request, the out-of-state agency is responsible for obtaining the original investigative report from the reporting agency, and for drawing independent conclusions regarding the quality of the evidence disclosed and its sufficiency for making decisions regarding the approval of prospective foster or adoptive parents or relative caregivers.

(3) (A) Whenever information contained in the index is furnished pursuant to this subdivision, the department shall charge the out-of-state agency making the request a fee. The fee shall not exceed the reasonable costs to the department of providing the information. If the parent does not have an attorney of record, the court shall order that service be made by publication of citation requiring the parent to appear at the date, time, and place stated in the citation, and that the citation be published in a newspaper designated as most likely to give notice to the parent. (C) In any case where the residence of the parent becomes known, notice shall immediately be served upon the parent as provided for in either paragraph (2), (3), (4), (5), or (6).

(g) (1) If the identity of one or both of the parents, or alleged parents, of the child is unknown, or if the name of one or both parents is uncertain, then that fact shall be set forth in the affidavit filed with the court at least 75 days before the hearing date and the court, consistent with the provisions of Sections 7665 and 7666 of the Family Code, shall issue an order dispensing with notice to a natural parent or possible natural parent under this section if, after inquiry and a determination that there has been due diligence in attempting to identify the unknown parent, the court is unable to identify the natural parent or possible natural parent and no person has appeared claiming to be the natural parent.

(2) After a determination that there has been due diligence in attempting to identify an unknown parent pursuant to paragraph (1) and the probation officer or social worker recommends adoption, the court shall consider whether publication notice would be likely to lead to actual notice to the unknown parent. The court may order publication notice if, on the basis of all information before the court, the court determines that notice by publication is likely to lead to actual notice to the parent. If publication notice to an unknown parent is ordered, the court shall order the published citation to be directed to either the father or mother, or both, of the child, and to all persons claiming to be the father or mother of the child, naming and otherwise describing the child. An order of publication pursuant to this paragraph shall be based on an affidavit describing efforts made to identify the unknown parent or parents. Service made by publication pursuant to this paragraph shall require the unknown parent or parents to appear at the date, time, and place stated in the citation. Publication shall be made once a week for four consecutive weeks.

(3) If the court determines that there has been due diligence in attempting to identify one or both of the parents, or alleged parents, of the child and the probation officer or social worker recommends legal guardianship or long-term foster care, no further notice to the parent shall be required.

(h) Notice to the child and all counsel of record shall be by first-class mail.

361.4. (a) Prior to placing a child in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall visit the home to ascertain the appropriateness of the placement.

(b) Whenever a child may be placed in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the court or county social worker placing the child shall cause a state level criminal records check to be conducted by an appropriate governmental agency through the California Law Enforcement Telecommunications System (CLETS) pursuant to Section 16504.5. The criminal records check shall be conducted with regard to all persons over the age of 18 years living in the home, and on any other person over the age of 18 years, other than professionals providing professional services to the child, known to the placing entity who may have significant contact with the child, including any person who has a familial or intimate relationship with any person living in the home. A criminal records check may be conducted pursuant to this section on any person over the age of 14 years living in the home who the county social worker believes may have a criminal record. Within 10 calendar days following the criminal records check conducted through the California Law Enforcement Telecommunications System, the social worker shall ensure that a fingerprint clearance check of the relative and any other person whose criminal record was obtained pursuant to this subdivision is initiated through the Department of Justice to ensure the accuracy of

the criminal records check conducted through the California Law Enforcement Telecommunications System and shall review the results of any criminal records check to assess the safety of the home. The Department of Justice shall forward fingerprint requests for federal level criminal history information to the Federal Bureau of Investigation pursuant to this section.

(c) Whenever a child may be placed in the home of a relative, or a prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall cause a check of the Child Abuse Central Index pursuant to subdivision (a) of Section 11170 of the Penal Code to be requested from the Department of Justice. The Child Abuse Central Index check shall be conducted on all persons over the age of 18 years living in the home. For any application received on or after January 1, 2008, if any person in the household is 18 years of age or older and has lived in another state in the preceding five years, the county social worker shall check the other state's child abuse and neglect registry to the extent required by federal law.

(d) (1) If the criminal records check indicates that the person has no criminal record, the county social worker and court may consider the home of the relative, prospective guardian, or other person who is not a licensed or certified foster parent for placement of a child.

(2) If the criminal records check indicates that the person has been convicted of a crime that would preclude licensure under Section 1522 of the Health and Safety Code, the child may not be placed in the home, unless a criminal records exemption has been granted by the county, based on substantial and convincing evidence to support a reasonable belief that the person with the criminal conviction is of such good character as to justify the placement and not present a risk of harm to the child pursuant to paragraph (3).

(3) (A) A county may issue a criminal records exemption only if that county has been granted permission by the Director of Social Services to issue criminal records exemptions. The county may file a request with the Director of Social Services seeking permission for the county to establish a procedure to evaluate and grant appropriate individual criminal records exemptions for persons described in subdivision (b). The director shall grant or deny the county's request within 14 days of receipt. The county shall evaluate individual criminal records in accordance with the standards and limitations set forth in paragraph (1) of subdivision (g) of Section 1522 of the Health and Safety Code, and in no event shall the county place a child in the home of a person who is ineligible for an exemption under that provision.

county evaluates individual criminal records and allows or disallows placements according to the standards set forth in paragraph (1) of subdivision (g) of Section 1522 of the Health and Safety Code.

(4) The department shall conduct an evaluation of the implementation of paragraph (3) through random sampling of county exemption decisions.

(5) The State Department of Social Services shall not evaluate or grant criminal records exemption requests for persons described in subdivision (b), unless the exemption request is made by an Indian tribe pursuant to subdivision (f).

(6) If a county has not requested, or has not been granted, permission by the State Department of Social Services to establish a procedure to evaluate and grant criminal records exemptions, the county may not place a child into the home of a person described in subdivision (b) if any person residing in the home has been convicted of a crime other than a minor traffic violation, except as provided in subdivision (f).

(e) Nothing in this section shall preclude a county from conducting a criminal background check that the county is otherwise authorized to conduct using fingerprints.

(f) Upon request from an Indian tribe, the State Department of Social Services shall evaluate an exemption request, if needed, to allow placement into an Indian home that the tribe has designated for placement under the Indian Child Welfare Act (25 U.S.C. Sec. 1901 et seq.) that would otherwise be barred under this section. However, if the county with jurisdiction over the child that is the subject of the tribe's request has established an approved procedure pursuant to paragraph (3) of subdivision (d), the tribe may request that the county evaluate the exemption request. Once a tribe has elected to have the exemption request reviewed by either the State Department of Social Services or the county, the exemption decision may only be made by that entity. Nothing in this subdivision limits the duty of a county social worker to evaluate the home for placement or to gather information needed to evaluate an exemption request.

(g) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 25. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b), or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the

juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, "a sibling group" shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1), (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends

the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would

constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child; or that the parent or other person having custody of the child voluntarily surrendered physical custody of the child pursuant to Section 1255.7 of the Health and Safety Code. For the purposes of this paragraph, "serious danger" means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a) and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parental rights of a parent over any sibling or half-sibling of the child had been permanently severed, and this parent is the same parent described in subdivision (a), and that, according to the findings of the court, this parent has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from the parent.

(12) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(13) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior court-ordered treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(14) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or

her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(15) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling's or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs

or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections and Rehabilitation pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child, and shall consider in-state and out-of-state placement options. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed

guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

SEC. 25.5. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b), or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, "a sibling group" shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1), (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in

the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent

or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half sibling of the child, or between the child or a sibling or half sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or

half sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child; or that the parent or other person having custody of the child voluntarily surrendered physical custody of the child pursuant to Section 1255.7 of the Health and Safety Code. For the purposes of this paragraph, "serious danger" means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That the court ordered termination of reunification services for any siblings or half siblings of the child because the parent or guardian failed to reunify with the sibling or half sibling after the sibling or half sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a) and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half sibling of that child from that parent or guardian.

(11) That the parental rights of a parent over any sibling or half sibling of the child had been permanently severed, and this parent is the same parent described in subdivision (a), and that, according to the findings of the court, this parent has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half sibling of that child from the parent.

(12) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(13) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior court-ordered treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to

the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(14) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(15) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half sibling from his or her placement and refused to disclose the child's or child's sibling's or half sibling's whereabouts, refused to return physical custody of the child or child's sibling or half sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively

attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections and Rehabilitation pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child, and shall consider in-state and out-of-state placement options. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g)(1) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(A) Current search efforts for an absent parent or parents.

(B) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this subparagraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(C) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(D) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this subparagraph, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(E) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(F) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(2) (A) A relative caregiver's preference for legal guardianship over adoption, if it is due to circumstances that do not include an unwillingness to accept legal or financial responsibility for the child, shall not constitute the sole basis for recommending removal of the child from the relative caregiver for purposes of adoptive placement.

(B) A relative caregiver shall be given information regarding the permanency options of guardianship and adoption, including the long-term benefits and consequences of each option, prior to establishing legal guardianship or pursuing adoption.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

SEC. 26. Section 366.21 of the Welfare and Institutions Code, as amended by Chapter 177 of the Statutes of 2007, is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement for six months or longer and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior

to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child. The social worker shall include a copy of the Judicial Council Caregiver Information Form (JV-290) with the summary of recommendations to the child's foster parents, relative caregivers, or foster parents approved for adoption, in the caregiver's primary language when available, along with information on how to file the form with the court.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report, or a Judicial Council Caregiver Information Form (JV-290), containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history

information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Whether or not the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if

sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of

detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366. If the child is not returned to his or her parent or legal guardian, the court shall consider, and state for the record, in-state and out-of-state placement options. If the child is placed out of the state, the court shall make a determination whether the out-of-state placement continues to be appropriate and in the best interests of the child.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it

finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of

Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

If the child is not returned to his or her parent or legal guardian, the court shall consider, and state for the record, in-state and out-of-state options for permanent placement. If the child is placed out of the state, the court shall make a determination whether the out-of-state placement continues to be appropriate and in the best interests of the child.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents or legal guardians.

(2) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment and listing on an adoption exchange within the state or out of the state.

(7) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP Program, as provided for in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(m) The implementation and operation of the amendments to subdivisions (c) and (g) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 26.5. Section 366.21 of the Welfare and Institutions Code, as amended by Chapter 177 of the Statutes of 2007, is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Sections 294 and 295, notice of the hearing shall be provided pursuant to Section 293.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or legal guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, including, but not limited to, efforts to maintain relationships between a child who is 10 years of age or older and has been in out-of-home placement for six months or longer and individuals who are important to the child, consistent with the child's best interests; the progress made; and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or legal guardian; and shall make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or legal guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or legal guardian, counsel for the child, and any court-appointed child advocate with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or legal guardian, the social worker shall, at least 10 calendar days prior to the hearing, provide a summary of his or her recommendation for disposition to any foster parents, relative caregivers, and certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, community care facility, or foster family agency having the physical custody of the child. The social worker shall include a copy of the Judicial Council Caregiver Information Form

(JV-290) with the summary of recommendations to the child's foster parents, relative caregivers, or foster parents approved for adoption, in the caregiver's primary language when available, along with information on how to file the form with the court.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or a foster family agency that may result in the return of the child to the physical custody of his or her parent or legal guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report, or a Judicial Council Caregiver Information Form (JV-290), containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself to services provided.

Regardless of whether the child is returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and, where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or legal guardian. The court shall also inform the parent or legal guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal, or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or legal guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (b) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or legal guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or legal guardian, the court shall determine whether reasonable services that were designed to aid the parent or legal guardian in overcoming the problems that led to the initial removal and the continued custody of the child have been provided or offered to the parent or legal guardian. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, which shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The court shall also determine whether reasonable services that were designed to aid the parent or legal guardian to overcome the problems

that led to the initial removal and continued custody of the child have been provided or offered to the parent or legal guardian. For each youth 16 years of age and older, the court shall also determine whether services have been made available to assist him or her in making the transition from foster care to independent living. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5, shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided, and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Regardless of whether the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366. If the child is not returned to his or her parent or legal guardian, the court shall consider, and state for the record, in-state and out-of-state placement options. If the child is placed out of the state, the court shall make a determination whether the out-of-state placement continues to be appropriate and in the best interests of the child.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1), (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or legal guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or legal guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or legal guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or legal guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or legal guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

For purposes of this subdivision, the court's decision to continue the case based on a finding or substantial probability that the child will be returned to the physical custody of his or her parent or legal guardian is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interests of the child.

The court shall inform the parent or legal guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.26 may be instituted. The court may not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that a hearing be held within 120 days, pursuant to Section 366.26, but only if the court does not continue the case to the permanency planning review hearing and there is clear and convincing evidence that reasonable services have been provided or offered to the parents or legal guardians.

(3) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and may not preclude a different recommendation at a later date if the child's circumstances change.

If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency

has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained.

If the child is not returned to his or her parent or legal guardian, the court shall consider, and state for the record, in-state and out-of-state options for permanent placement. If the child is placed out of the state, the court shall make a determination whether the out-of-state placement continues to be appropriate and in the best interests of the child.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child pending the hearing unless it finds that visitation would be detrimental to the child. The court shall make any other appropriate orders to enable the child to maintain relationships with individuals, other than the child's siblings, who are important to the child, consistent with the child's best interests.

(i) (1) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(A) Current search efforts for an absent parent or parents or legal guardians.

(B) A review of the amount of and nature of any contact between the child and his or her parents or legal guardians and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this subparagraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(C) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(D) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the

assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(E) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(F) A description of efforts to be made to identify a prospective adoptive parent or legal guardian, including, but not limited to, child-specific recruitment and listing on an adoption exchange within the state or out of the state.

(G) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(2) (A) A relative caregiver's preference for legal guardianship over adoption, if it is due to circumstances that do not include an unwillingness to accept legal or financial responsibility for the child, shall not constitute the sole basis for recommending removal of the child from the relative caregiver for purposes of adoptive placement.

(B) A relative caregiver shall be given information regarding the permanency options of guardianship and adoption, including the long-term benefits and consequences of each option, prior to establishing legal guardianship or pursuing adoption.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP Program, as provided for in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(*l*) For purposes of this section, evidence of any of the following circumstances may not, in and of itself, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(m) The implementation and operation of the amendments to subdivisions (c) and (g) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 27. Section 366.22 of the Welfare and Institutions Code, as amended by Chapter 177 of the Statutes of 2007, is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the permanency review hearing shall occur within 18 months after the date the child was originally removed from the physical custody of his or her parent or legal guardian. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency review hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that return would be detrimental. If the child is not returned to his or her parent or legal guardian, the court shall consider, and state for the record, in-state and out-of-state options for the child's permanent placement. If the child is placed out of the state, the court shall make a determination whether the out-of-state

placement continues to be appropriate and in the best interests of the child.

If the child is not returned to a parent or legal guardian at the permanency review hearing, the court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason, as described in paragraph (2) of subdivision (g) of Section 366.21, for determining that a hearing held under Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship, then the court may, only under these circumstances, order that the child remain in foster care. If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained. The hearing shall be held no later than 120 days from the date of the permanency review hearing. The court shall also order termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child unless it finds that visitation would be detrimental to the child. The court shall determine whether reasonable services have been offered or provided to the parent or legal guardian. For purposes of this subdivision, evidence of any of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not

served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purposes of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed legal guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or legal guardianship, and a statement from the child concerning placement and the adoption or legal guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(c) This section shall become operative January 1, 1999. If at any hearing held pursuant to Section 366.26, a legal guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP Program, as provided for in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(d) As used in this section, "relative" means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(e) The implementation and operation of the amendments to subdivision (a) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 27.5. Section 366.22 of the Welfare and Institutions Code, as amended by Chapter 177 of the Statutes of 2007, is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the permanency review hearing shall occur within 18 months after the date the child was originally removed from the physical custody of his or her parent or legal guardian. The court shall order the return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. At the permanency review hearing, the court shall consider the criminal history, obtained pursuant to paragraph (1) of subdivision (f) of Section 16504.5, of the parent or legal guardian subsequent to the child's removal, provided that he or she agreed to submit fingerprint images to obtain criminal history information as part of the case plan. The failure of the parent or legal guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or legal guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Whether or not the child is returned to his or her parent or legal guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or legal guardian, the court shall specify the factual basis for its conclusion that return would be detrimental. If the child is not returned to his or her parent or legal guardian, the court shall consider, and state for the record, in-state and out-of-state options for the child's permanent placement. If the child is placed out of the state, the court shall make a determination whether the out-of-state placement continues to be appropriate and in the best interests of the child.

If the child is not returned to a parent or legal guardian at the permanency review hearing, the court shall order that a hearing be held

pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason, as described in paragraph (3) of subdivision (g) of Section 366.21, for determining that a hearing held under Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship, then the court may, only under these circumstances, order that the child remain in foster care. If the court orders that a child who is 10 years of age or older remain in long-term foster care, the court shall determine whether the agency has made reasonable efforts to maintain the child's relationships with individuals other than the child's siblings who are important to the child, consistent with the child's best interests, and may make any appropriate order to ensure that those relationships are maintained. The hearing shall be held no later than 120 days from the date of the permanency review hearing. The court shall also order termination of reunification services to the parent or legal guardian. The court shall continue to permit the parent or legal guardian to visit the child unless it finds that visitation would be detrimental to the child. The court shall determine whether reasonable services have been offered or provided to the parent or legal guardian. For purposes of this subdivision, evidence of any of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to make and finalize a permanent placement for the child if efforts to reunify fail.

(3) Services to make and finalize a permanent placement for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(b) (1) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(A) Current search efforts for an absent parent or parents.

(B) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended

family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purposes of this subparagraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(C) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(D) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or legal guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed legal guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(E) The relationship of the child to any identified prospective adoptive parent or legal guardian, the duration and character of the relationship, the motivation for seeking adoption or legal guardianship, and a statement from the child concerning placement and the adoption or legal guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(F) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(2) (A) A relative caregiver's preference for legal guardianship over adoption, if it is due to circumstances that do not include an unwillingness to accept legal or financial responsibility for the child, shall not constitute the sole basis for recommending removal of the child from the relative caregiver for purposes of adoptive placement.

(B) A relative caregiver shall be given information regarding the permanency options of guardianship and adoption, including the long-term benefits and consequences of each option, prior to establishing legal guardianship or pursuing adoption.

(c) This section shall become operative January 1, 1999. If at any hearing held pursuant to Section 366.26, a legal guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP Program, as provided for in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(d) As used in this section, "relative" means an adult who is related to the child by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status

is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(e) The implementation and operation of the amendments to subdivision (a) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 28. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to children who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. Section 8714.7 of the Family Code is applicable and available to all dependent children meeting the requirements of that section, if the postadoption contact agreement has been entered into voluntarily. For children who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the child while the child is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all children who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these children, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties may present, and then shall make findings and orders in the following order of preference:

(1) Terminate the rights of the parent or parents and order that the child be placed for adoption and, upon the filing of a petition for adoption in the juvenile court, order that a hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted.

(2) On making a finding under paragraph (3) of subdivision (c), identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days.

(3) Appoint a legal guardian for the child and order that letters of guardianship issue.

(4) Order that the child be placed in long-term foster care, subject to the periodic review of the juvenile court under Section 366.3.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) (1) If the court determines, based on the assessment provided as ordered under subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22, and any other relevant evidence, by a clear and convincing standard, that it is likely the child will be adopted, the court shall terminate parental rights and order the child placed for adoption. The fact that the child is not yet placed in a preadoptive home nor with a relative or foster family who is prepared to adopt the child, shall not constitute a basis for the court to conclude that it is not likely the child will be adopted. A finding under subdivision (b) or paragraph (1) of subdivision (e) of Section 361.5 that reunification services shall not be offered, under subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or, under Section 366.21 or 366.22, that the court has continued to remove the child from the custody of the parent or guardian and has terminated reunification services, shall constitute a sufficient basis for termination of parental rights unless the court finds a compelling reason for determining that termination would be detrimental to the child due to one or more of the following circumstances:

(A) The parents have maintained regular visitation and contact with the child and the child would benefit from continuing the relationship.

(B) A child 12 years of age or older objects to termination of parental rights.

(C) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The child is living with a relative, foster parent, or Indian custodian who is unable or unwilling to adopt the child because of exceptional circumstances, that do not include an unwillingness to accept legal or financial responsibility for the child, but who is willing and capable of providing the child with a stable and permanent environment and the removal of the child from the physical custody of his or her relative, foster parent, or Indian custodian would be detrimental to the emotional well-being of the child. This subparagraph does not apply to any child who is living with a nonrelative and who is either (i) under six years of age or (ii) a member of a sibling group where at least one child is under six years of age and the siblings are, or should be, permanently

placed together. For purposes of an Indian child, "relative" shall include an "extended family member" as defined in the Indian Child Welfare Act (25 U.S.C. Sec. 1903(2)).

(E) There would be substantial interference with a child's sibling relationship, taking into consideration the nature and extent of the relationship, including, but not limited to, whether the child was raised with a sibling in the same home, whether the child shared significant common experiences or has existing close and strong bonds with a sibling, and whether ongoing contact is in the child's best interest, including the child's long-term emotional interest, as compared to the benefit of legal permanence through adoption.

(F) The child is an Indian child and there is a compelling reason for determining that termination of parental rights would not be in the best interest of the child, including, but not limited to:

(i) Termination of parental rights would substantially interfere with the child's connection to his or her tribal community or the child's tribal membership rights.

(ii) The child's tribe has identified guardianship, long-term foster care with a fit and willing relative, or another planned permanent living arrangement for the child.

If the court finds that termination of parental rights would be detrimental to the child pursuant to subparagraph (A), (B), (C), (D), (E), or (F), it shall state its reasons in writing or on the record.

(2) The court shall not terminate parental rights if:

(A) At each hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(B) In the case of an Indian child:

(i) At the hearing terminating parental rights, the court has found that active efforts were not made as required in Section 361.7.

(ii) The court does not make a determination at the hearing terminating parental rights, supported by evidence beyond a reasonable doubt, including testimony of one or more "qualified expert witnesses" as defined in Section 224.6, that the continued custody of the child by the parent is likely to result in serious emotional or physical damage to the child.

(3) If the court finds that termination of parental rights would not be detrimental to the child pursuant to paragraph (1) and that the child has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the child, within the state or out of the

state, within a period not to exceed 180 days. During this 180-day period, the public agency responsible for seeking adoptive parents for each child shall, to the extent possible, ask each child who is 10 years of age or older, to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential adoptive parents. The public agency may ask any other child to provide that information, as appropriate. During the 180-day period, the public agency shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. During the 180-day period, the public agency shall conduct the search for adoptive parents in the same manner as prescribed for children in Sections 8708 and 8709 of the Family Code. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1) or (3) of subdivision (b). For purposes of this section, a child may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the child because of the child's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the child is the age of seven years or more.

(4) (A) If the court finds that adoption of the child or termination of parental rights is not in the best interest of the child, because one of the conditions in subparagraph (A), (B), (C), (D), (E), or (F) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the child or order that the child remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. A child who is 10 years of age or older, shall be asked to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential guardians. The agency may ask any other child to provide that information, as appropriate.

(B) If the child is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the child shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the child because the child has substantial psychological ties to the relative caretaker or foster parents.

(C) The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the child.

(5) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no

suitable foster parents except exclusive-use homes available to provide the child with a stable and permanent environment, the court may order the care, custody, and control of the child transferred from the county welfare department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director regarding the suitability of the transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the child in a suitable licensed or exclusive-use home that has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the child and providing appropriate services to the child, including those services ordered by the court. Responsibility for the support of the child shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the child. Those children whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a child who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanent plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) The proceeding for the adoption of a child who is a dependent of the juvenile court shall be in the juvenile court if the court finds pursuant to this section that adoption is the appropriate permanent plan and the petition for adoption is filed in the juvenile court. Upon the filing of a petition for adoption, the juvenile court shall order that an adoption hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted. The full report required by Section 8715 of the Family Code shall be read and considered by the court prior to the adoption and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding. It is the intent of the Legislature, pursuant to this subdivision, to give potential adoptive parents the option of filing in the juvenile court the petition for the adoption of a child who is a dependent of the juvenile court. Nothing in

this section is intended to prevent the filing of a petition for adoption in any other court as permitted by law, instead of in the juvenile court.

(f) At the beginning of any proceeding pursuant to this section, if the child or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) In accordance with subdivision (c) of Section 317, if a child before the court is without counsel, the court shall appoint counsel unless the court finds that the child would not benefit from the appointment of counsel. The court shall state on the record its reasons for that finding.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the child and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the child, in any proportions the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(g) The court may continue the proceeding for a period of time not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(h) (1) At all proceedings under this section, the court shall consider the wishes of the child and shall act in the best interests of the child.

(2) In accordance with Section 349, the child shall be present in court if the child or the child's counsel so requests or the court so orders. If the child is 10 years of age or older and is not present at a hearing held pursuant to this section, the court shall determine whether the minor was properly notified of his or her right to attend the hearing and inquire as to the reason why the child is not present.

(3) (A) The testimony of the child may be taken in chambers and outside the presence of the child's parent or parents, if the child's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exists:

(i) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(ii) The child is likely to be intimidated by a formal courtroom setting.

(iii) The child is afraid to testify in front of his or her parent or parents.

(B) After testimony in chambers, the parent or parents of the child may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

(C) The testimony of a child also may be taken in chambers and outside the presence of the guardian or guardians of a child under the circumstances specified in this subdivision.

(i) (1) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the child, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making the order, the juvenile court shall have no power to set aside, change, or modify it, except as provided in paragraph (2), but nothing in this section shall be construed to limit the right to appeal the order.

(2) A child who has not been adopted after the passage of at least three years from the date the court terminated parental rights and for whom the court has determined that adoption is no longer the permanent plan may petition the juvenile court to reinstate parental rights pursuant to the procedure prescribed by Section 388. The child may file the petition prior to the expiration of this three-year period if the State Department of Social Services or licensed adoption agency that is responsible for custody and supervision of the child as described in subdivision (j) and the child stipulate that the child is no longer likely to be adopted. A child over 12 years of age shall sign the petition in the absence of a showing of good cause as to why the child could not do so. If it appears that the best interests of the child may be promoted by reinstatement of parental rights, the court shall order that a hearing be held and shall give prior notice, or cause prior notice to be given, to the social worker or probation officer and to the child's attorney of record, or, if there is no attorney of record for the child, to the child, and the child's tribe, if applicable, by means prescribed by subdivision (c) of Section 297. The court shall order the child or the social worker or probation officer to give prior notice of the hearing to the child's former parent or parents whose parental rights were terminated in the manner prescribed by subdivision (f) of Section 294 where the recommendation is adoption. The juvenile court shall grant the petition if it finds by clear and convincing evidence that the child is no longer likely to be adopted and that reinstatement of parental rights is in the child's best interest. If the court reinstates parental rights over a child who is under 12 years of age and for whom the new permanent plan will not be reunification with a parent or legal guardian, the court shall specify the factual basis for its findings that it is in the best interest of the child to reinstate parental rights. This subdivision is intended to be retroactive and applies to any child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

(j) If the court, by order or judgment, declares the child free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the child referred to the State Department of Social Services or a licensed adoption agency for adoptive placement by the agency. However, a petition for adoption may not be granted until the appellate rights of the natural parents have been exhausted. The State Department of Social Services or licensed adoption agency shall be responsible for the custody and supervision of the child and shall be entitled to the exclusive care and control of the child at all times until a petition for adoption is granted, except as specified in subdivision (n). With the consent of the agency, the court may appoint a guardian of the child, who shall serve until the child is adopted.

(k) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's emotional well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(*l*) (1) An order by the court that a hearing pursuant to this section be held is not appealable at any time unless all of the following apply:

(A) A petition for extraordinary writ review was filed in a timely manner.

(B) The petition substantively addressed the specific issues to be challenged and supported that challenge by an adequate record.

(C) The petition for extraordinary writ review was summarily denied or otherwise not decided on the merits.

(2) Failure to file a petition for extraordinary writ review within the period specified by rule, to substantively address the specific issues challenged, or to support that challenge by an adequate record shall preclude subsequent review by appeal of the findings and orders made pursuant to this section.

(3) The Judicial Council shall adopt rules of court, effective January 1, 1995, to ensure all of the following:

(A) A trial court, after issuance of an order directing a hearing pursuant to this section be held, shall advise all parties of the requirement of filing

a petition for extraordinary writ review as set forth in this subdivision in order to preserve any right to appeal in these issues. This notice shall be made orally to a party if the party is present at the time of the making of the order or by first-class mail by the clerk of the court to the last known address of a party not present at the time of the making of the order.

(B) The prompt transmittal of the records from the trial court to the appellate court.

(C) That adequate time requirements for counsel and court personnel exist to implement the objective of this subdivision.

(D) That the parent or guardian, or their trial counsel or other counsel, is charged with the responsibility of filing a petition for extraordinary writ relief pursuant to this subdivision.

(4) The intent of this subdivision is to do both of the following:

(A) Make every reasonable attempt to achieve a substantive and meritorious review by the appellate court within the time specified in Sections 366.21 and 366.22 for holding a hearing pursuant to this section.

(B) Encourage the appellate court to determine all writ petitions filed pursuant to this subdivision on their merits.

(5) This subdivision shall only apply to cases in which an order to set a hearing pursuant to this section is issued on or after January 1, 1995.

(m) Except for subdivision (j), this section shall also apply to minors adjudged wards pursuant to Section 727.31.

(n) (1) Notwithstanding Section 8704 of the Family Code or any other provision of law, the court, at a hearing held pursuant to this section or anytime thereafter, may designate a current caretaker as a prospective adoptive parent if the child has lived with the caretaker for at least six months, the caretaker currently expresses a commitment to adopt the child, and the caretaker has taken at least one step to facilitate the adoption process. In determining whether to make that designation, the court may take into consideration whether the caretaker is listed in the preliminary assessment prepared by the county department in accordance with subdivision (i) of Section 366.21 as an appropriate person to be considered as an adoptive parent for the child and the recommendation of the State Department of Social Services or licensed adoption agency.

(2) For purposes of this subdivision, steps to facilitate the adoption process include, but are not limited to, the following:

(A) Applying for an adoption homestudy.

(B) Cooperating with an adoption homestudy.

(C) Being designated by the court or the licensed adoption agency as the adoptive family.

(D) Requesting de facto parent status.

(E) Signing an adoptive placement agreement.

(F) Engaging in discussions regarding a postadoption contact agreement.

(G) Working to overcome any impediments that have been identified by the State Department of Social Services and the licensed adoption agency.

(H) Attending classes required of prospective adoptive parents.

(3) Prior to a change in placement and as soon as possible after a decision is made to remove a child from the home of a designated prospective adoptive parent, the agency shall notify the court, the designated prospective adoptive parent or the current caretaker, if that caretaker would have met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1) on the date of service of this notice, the child's attorney, and the child, if the child is 10 years of age or older, of the proposal in the manner described in Section 16010.6.

(A) Within five court days or seven calendar days, whichever is longer, of the date of notification, the child, the child's attorney, or the designated prospective adoptive parent may file a petition with the court objecting to the proposal to remove the child, or the court, upon its own motion, may set a hearing regarding the proposal. The court may, for good cause, extend the filing period. A caretaker who would have met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1) on the date of service of the notice of proposed removal of the child may file, together with the petition under this subparagraph, a petition for an order designating the caretaker as a prospective adoptive parent for purposes of this subdivision.

(B) A hearing ordered pursuant to this paragraph shall be held as soon as possible and not later than five court days after the petition is filed with the court or the court sets a hearing upon its own motion, unless the court for good cause is unable to set the matter for hearing five court days after the petition is filed, in which case the court shall set the matter for hearing as soon as possible. At the hearing, the court shall determine whether the caretaker has met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1), and whether the proposed removal of the child from the home of the designated prospective adoptive parent is in the child's best interest, and the child may not be removed from the home of the designated prospective adoptive parent unless the court finds that removal is in the child's best interest. If the court determines that the caretaker did not meet the threshold criteria to be designated as a prospective adoptive parent on the date of service of the notice of proposed removal of the child, the petition objecting to the proposed removal filed by the caretaker shall be dismissed. If the caretaker was designated as a prospective adoptive

parent prior to this hearing, the court shall inquire into any progress made by the caretaker towards the adoption of the child since the caretaker was designated as a prospective adoptive parent.

(C) A determination by the court that the caretaker is a designated prospective adoptive parent pursuant to paragraph (1) or subparagraph (B) does not make the caretaker a party to the dependency proceeding nor does it confer on the caretaker any standing to object to any other action of the department or licensed adoption agency, unless the caretaker has been declared a de facto parent by the court prior to the notice of removal served pursuant to paragraph (3).

(D) If a petition objecting to the proposal to remove the child is not filed, and the court, upon its own motion, does not set a hearing, the child may be removed from the home of the designated prospective adoptive parent without a hearing.

(4) Notwithstanding paragraph (3), if the State Department of Social Services or a licensed adoption agency determines that the child must be removed from the home of the caretaker who is or may be a designated prospective adoptive parent immediately, due to a risk of physical or emotional harm, the agency may remove the child from that home and is not required to provide notice prior to the removal. However, as soon as possible and not longer than two court days after the removal, the agency shall notify the court, the caretaker who is or may be a designated prospective adoptive parent, the child's attorney, and the child, if the child is 10 years of age or older, of the removal. Within five court days or seven calendar days, whichever is longer, of the date of notification of the removal, the child, the child's attorney, or the caretaker who is or may be a designated prospective adoptive parent may petition for, or the court on its own motion may set, a noticed hearing pursuant to paragraph (3). The court may, for good cause, extend the filing period.

(5) Except as provided in subdivision (b) of Section 366.28, an order by the court issued after a hearing pursuant to this subdivision shall not be appealable.

(6) Nothing in this section shall preclude a county child protective services agency from fully investigating and responding to alleged abuse or neglect of a child pursuant to Section 11165.5 of the Penal Code.

(7) The Judicial Council shall prepare forms to facilitate the filing of the petitions described in this subdivision, which shall become effective on January 1, 2006.

(o) The implementation and operation of the amendments to paragraph (3) of subdivision (c) and subparagraph (A) of paragraph (4) of subdivision (c) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 28.5. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to children who are adjudged dependent children of the juvenile court pursuant to subdivision (d) of Section 360. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. Section 8616.5 of the Family Code is applicable and available to all dependent children meeting the requirements of that section, if the postadoption contact agreement has been entered into voluntarily. For children who are adjudged dependent children of the juvenile court pursuant to subdivision (d) of Section 360, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the child while the child is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all children who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these children, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties may present, and then shall make findings and orders in the following order of preference:

(1) Terminate the rights of the parent or parents and order that the child be placed for adoption and, upon the filing of a petition for adoption in the juvenile court, order that a hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted.

(2) Appoint a relative or relatives with whom the child is currently residing as legal guardian or guardians for the child, and order that letters of guardianship issue.

(3) On making a finding under paragraph (3) of subdivision (c), identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the child within a period not to exceed 180 days.

(4) Appoint a nonrelative legal guardian for the child and order that letters of guardianship issue.

(5) Order that the child be placed in long-term foster care, subject to the periodic review of the juvenile court under Section 366.3.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) (1) If the court determines, based on the assessment provided as ordered under subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22, and any other relevant evidence, by a clear and convincing standard, that it is likely the child will be adopted, the court shall terminate parental rights and order the child placed for adoption. The fact that the child is not yet placed in a preadoptive home nor with a relative or foster family who is prepared to adopt the child, shall not constitute a basis for the court to conclude that it is not likely the child will be adopted. A finding under subdivision (b) or paragraph (1) of subdivision (e) of Section 361.5 that reunification services shall not be offered, under subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or, under Section 366.21 or 366.22, that the court has continued to remove the child from the custody of the parent or guardian and has terminated reunification services, shall constitute a sufficient basis for termination of parental rights. Under these circumstances, the court shall terminate parental rights unless either of the following applies:

(A) The child is living with a relative who is unable or unwilling to adopt the child because of circumstances that do not include an unwillingness to accept legal or financial responsibility for the child, but who is willing and capable of providing the child with a stable and permanent environment through legal guardianship, and the removal of the child from the custody of his or her relative would be detrimental to the emotional well-being of the child. For purposes of an Indian child, "relative" shall include an "extended family member," as defined in the federal Indian Child Welfare Act (25 U.S.C. Sec. 1903(2)).

(B) The court finds a compelling reason for determining that termination would be detrimental to the child due to one or more of the following circumstances:

(i) The parents have maintained regular visitation and contact with the child and the child would benefit from continuing the relationship.

(ii) A child 12 years of age or older objects to termination of parental rights.

(iii) The child is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(iv) The child is living with a foster parent or Indian custodian who is unable or unwilling to adopt the child because of exceptional circumstances, that do not include an unwillingness to accept legal or financial responsibility for the child, but who is willing and capable of

providing the child with a stable and permanent environment and the removal of the child from the physical custody of his or her foster parent or Indian custodian would be detrimental to the emotional well-being of the child. This clause does not apply to any child who is either (I) under six years of age or (II) a member of a sibling group where at least one child is under six years of age and the siblings are, or should be, permanently placed together.

(v) There would be substantial interference with a child's sibling relationship, taking into consideration the nature and extent of the relationship, including, but not limited to, whether the child was raised with a sibling in the same home, whether the child shared significant common experiences or has existing close and strong bonds with a sibling, and whether ongoing contact is in the child's best interest, including the child's long-term emotional interest, as compared to the benefit of legal permanence through adoption.

(vi) The child is an Indian child and there is a compelling reason for determining that termination of parental rights would not be in the best interest of the child, including, but not limited to:

(I) Termination of parental rights would substantially interfere with the child's connection to his or her tribal community or the child's tribal membership rights.

(II) The child's tribe has identified guardianship, long-term foster care with a fit and willing relative, or another planned permanent living arrangement for the child.

If the court finds that termination of parental rights would be detrimental to the child pursuant to clause (i), (ii), (iii), (iv), (v), or (vi), it shall state its reasons in writing or on the record.

(2) The court shall not terminate parental rights if:

(A) At each hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(B) In the case of an Indian child:

(i) At the hearing terminating parental rights, the court has found that active efforts were not made as required in Section 361.7.

(ii) The court does not make a determination at the hearing terminating parental rights, supported by evidence beyond a reasonable doubt, including testimony of one or more "qualified expert witnesses" as defined in Section 224.6, that the continued custody of the child by the parent is likely to result in serious emotional or physical damage to the child.

(3) If the court finds that termination of parental rights would not be detrimental to the child pursuant to paragraph (1) and that the child has a probability for adoption but is difficult to place for adoption and there

is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the child, within the state or out of the state, within a period not to exceed 180 days. During this 180-day period, the public agency responsible for seeking adoptive parents for each child shall, to the extent possible, ask each child who is 10 years of age or older, to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential adoptive parents. The public agency may ask any other child to provide that information, as appropriate. During the 180-day period, the public agency shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the child for adoption. During the 180-day period, the public agency shall conduct the search for adoptive parents in the same manner as prescribed for children in Sections 8708 and 8709 of the Family Code. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1) or (4) of subdivision (b). For purposes of this section, a child may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the child because of the child's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the child is the age of seven years or more.

(4) (A) If the court finds that adoption of the child or termination of parental rights is not in the best interest of the child, because one of the conditions in clause (i), (ii), (iii), (iv), (v), or (vi) of subparagraph (B) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the child or order that the child remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. A child who is 10 years of age or older, shall be asked to identify any individuals, other than the child's siblings, who are important to the child, in order to identify potential guardians. The agency may ask any other child to provide that information, as appropriate.

(B) If the child is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the child shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the child because the child has substantial psychological ties to the relative caretaker or foster parents.

(C) The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the child.

(5) If the court finds that the child should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the child with a stable and permanent environment, the court may order the care, custody, and control of the child transferred from the county welfare department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director regarding the suitability of the transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the child in a suitable licensed or exclusive-use home that has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the child and providing appropriate services to the child, including those services ordered by the court. Responsibility for the support of the child shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the child. Those children whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a child who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanent plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) The proceeding for the adoption of a child who is a dependent of the juvenile court shall be in the juvenile court if the court finds pursuant to this section that adoption is the appropriate permanent plan and the petition for adoption is filed in the juvenile court. Upon the filing of a petition for adoption, the juvenile court shall order that an adoption hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted. The full report required by Section 8715 of the Family Code shall be read and considered by the court prior to the adoption and this shall be reflected

in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding. It is the intent of the Legislature, pursuant to this subdivision, to give potential adoptive parents the option of filing in the juvenile court the petition for the adoption of a child who is a dependent of the juvenile court. Nothing in this section is intended to prevent the filing of a petition for adoption in any other court as permitted by law, instead of in the juvenile court.

(f) At the beginning of any proceeding pursuant to this section, if the child or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) In accordance with subdivision (c) of Section 317, if a child before the court is without counsel, the court shall appoint counsel unless the court finds that the child would not benefit from the appointment of counsel. The court shall state on the record its reasons for that finding.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the child and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the child, in any proportions the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(g) The court may continue the proceeding for a period of time not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(h) (1) At all proceedings under this section, the court shall consider the wishes of the child and shall act in the best interests of the child.

(2) In accordance with Section 349, the child shall be present in court if the child or the child's counsel so requests or the court so orders. If the child is 10 years of age or older and is not present at a hearing held pursuant to this section, the court shall determine whether the minor was properly notified of his or her right to attend the hearing and inquire as to the reason why the child is not present.

(3) (A) The testimony of the child may be taken in chambers and outside the presence of the child's parent or parents, if the child's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exists:

(i) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(ii) The child is likely to be intimidated by a formal courtroom setting.

(iii) The child is afraid to testify in front of his or her parent or parents.

(B) After testimony in chambers, the parent or parents of the child may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

(C) The testimony of a child also may be taken in chambers and outside the presence of the guardian or guardians of a child under the circumstances specified in this subdivision.

(i) (1) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the child, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making the order, the juvenile court shall have no power to set aside, change, or modify it, except as provided in paragraph (2), but nothing in this section shall be construed to limit the right to appeal the order.

(2) A child who has not been adopted after the passage of at least three years from the date the court terminated parental rights and for whom the court has determined that adoption is no longer the permanent plan may petition the juvenile court to reinstate parental rights pursuant to the procedure prescribed by Section 388. The child may file the petition prior to the expiration of this three-year period if the State Department of Social Services or licensed adoption agency that is responsible for custody and supervision of the child as described in subdivision (j) and the child stipulate that the child is no longer likely to be adopted. A child over 12 years of age shall sign the petition in the absence of a showing of good cause as to why the child could not do so. If it appears that the best interests of the child may be promoted by reinstatement of parental rights, the court shall order that a hearing be held and shall give prior notice, or cause prior notice to be given, to the social worker or probation officer and to the child's attorney of record, or, if there is no attorney of record for the child, to the child, and the child's tribe, if applicable, by means prescribed by subdivision (c) of Section 297. The court shall order the child or the social worker or probation officer to give prior notice of the hearing to the child's former parent or parents whose parental rights were terminated in the manner prescribed by subdivision (f) of Section 294 where the recommendation is adoption. The juvenile court shall grant the petition if it finds by clear and convincing evidence that the child is no longer likely to be adopted and that reinstatement of parental rights is in the child's best interest. If the court reinstates parental rights over a child who is under 12 years of age and for whom the new permanent plan will not be reunification with a parent or legal guardian, the court shall specify the factual basis for its

findings that it is in the best interest of the child to reinstate parental rights. This subdivision is intended to be retroactive and applies to any child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

(j) If the court, by order or judgment, declares the child free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the child referred to the State Department of Social Services or a licensed adoption agency for adoptive placement by the agency. However, a petition for adoption may not be granted until the appellate rights of the natural parents have been exhausted. The State Department of Social Services or licensed adoption agency shall be responsible for the custody and supervision of the child and shall be entitled to the exclusive care and control of the child at all times until a petition for adoption is granted, except as specified in subdivision (n). With the consent of the agency, the court may appoint a guardian of the child, who shall serve until the child is adopted.

(k) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the child's emotional well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

(*l*) (1) An order by the court that a hearing pursuant to this section be held is not appealable at any time unless all of the following apply:

(A) A petition for extraordinary writ review was filed in a timely manner.

(B) The petition substantively addressed the specific issues to be challenged and supported that challenge by an adequate record.

(C) The petition for extraordinary writ review was summarily denied or otherwise not decided on the merits.

(2) Failure to file a petition for extraordinary writ review within the period specified by rule, to substantively address the specific issues challenged, or to support that challenge by an adequate record shall preclude subsequent review by appeal of the findings and orders made pursuant to this section.

(3) The Judicial Council shall adopt rules of court, effective January 1, 1995, to ensure all of the following:

(A) A trial court, after issuance of an order directing a hearing pursuant to this section be held, shall advise all parties of the requirement of filing a petition for extraordinary writ review as set forth in this subdivision in order to preserve any right to appeal in these issues. This notice shall be made orally to a party if the party is present at the time of the making of the order or by first-class mail by the clerk of the court to the last known address of a party not present at the time of the making of the order.

(B) The prompt transmittal of the records from the trial court to the appellate court.

(C) That adequate time requirements for counsel and court personnel exist to implement the objective of this subdivision.

(D) That the parent or guardian, or their trial counsel or other counsel, is charged with the responsibility of filing a petition for extraordinary writ relief pursuant to this subdivision.

(4) The intent of this subdivision is to do both of the following:

(A) Make every reasonable attempt to achieve a substantive and meritorious review by the appellate court within the time specified in Sections 366.21 and 366.22 for holding a hearing pursuant to this section.

(B) Encourage the appellate court to determine all writ petitions filed pursuant to this subdivision on their merits.

(5) This subdivision shall only apply to cases in which an order to set a hearing pursuant to this section is issued on or after January 1, 1995.

(m) Except for subdivision (j), this section shall also apply to minors adjudged wards pursuant to Section 727.31.

(n) (1) Notwithstanding Section 8704 of the Family Code or any other provision of law, the court, at a hearing held pursuant to this section or anytime thereafter, may designate a current caretaker as a prospective adoptive parent if the child has lived with the caretaker for at least six months, the caretaker currently expresses a commitment to adopt the child, and the caretaker has taken at least one step to facilitate the adoption process. In determining whether to make that designation, the court may take into consideration whether the caretaker is listed in the preliminary assessment prepared by the county department in accordance with subdivision (i) of Section 366.21 as an appropriate person to be considered as an adoptive parent for the child and the recommendation of the State Department of Social Services or licensed adoption agency.

(2) For purposes of this subdivision, steps to facilitate the adoption process include, but are not limited to, the following:

(A) Applying for an adoption home study.

(B) Cooperating with an adoption home study.

(C) Being designated by the court or the licensed adoption agency as the adoptive family.

(D) Requesting de facto parent status.

(E) Signing an adoptive placement agreement.

(F) Engaging in discussions regarding a postadoption contact agreement.

(G) Working to overcome any impediments that have been identified by the State Department of Social Services and the licensed adoption agency.

(H) Attending classes required of prospective adoptive parents.

(3) Prior to a change in placement and as soon as possible after a decision is made to remove a child from the home of a designated prospective adoptive parent, the agency shall notify the court, the designated prospective adoptive parent or the current caretaker, if that caretaker would have met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1) on the date of service of this notice, the child's attorney, and the child, if the child is 10 years of age or older, of the proposal in the manner described in Section 16010.6.

(A) Within five court days or seven calendar days, whichever is longer, of the date of notification, the child, the child's attorney, or the designated prospective adoptive parent may file a petition with the court objecting to the proposal to remove the child, or the court, upon its own motion, may set a hearing regarding the proposal. The court may, for good cause, extend the filing period. A caretaker who would have met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1) on the date of service of the notice of proposed removal of the child may file, together with the petition under this subparagraph, a petition for an order designating the caretaker as a prospective adoptive parent for purposes of this subdivision.

(B) A hearing ordered pursuant to this paragraph shall be held as soon as possible and not later than five court days after the petition is filed with the court or the court sets a hearing upon its own motion, unless the court for good cause is unable to set the matter for hearing five court days after the petition is filed, in which case the court shall set the matter for hearing as soon as possible. At the hearing, the court shall determine whether the caretaker has met the threshold criteria to be designated as a prospective adoptive parent pursuant to paragraph (1), and whether the proposed removal of the child from the home of the designated prospective adoptive parent is in the child's best interest, and the child may not be removed from the home of the designated prospective adoptive parent unless the court finds that removal is in the child's best interest. If the court determines that the caretaker did not meet the

threshold criteria to be designated as a prospective adoptive parent on the date of service of the notice of proposed removal of the child, the petition objecting to the proposed removal filed by the caretaker shall be dismissed. If the caretaker was designated as a prospective adoptive parent prior to this hearing, the court shall inquire into any progress made by the caretaker towards the adoption of the child since the caretaker was designated as a prospective adoptive parent.

(C) A determination by the court that the caretaker is a designated prospective adoptive parent pursuant to paragraph (1) or subparagraph (B) does not make the caretaker a party to the dependency proceeding nor does it confer on the caretaker any standing to object to any other action of the department or licensed adoption agency, unless the caretaker has been declared a de facto parent by the court prior to the notice of removal served pursuant to paragraph (3).

(D) If a petition objecting to the proposal to remove the child is not filed, and the court, upon its own motion, does not set a hearing, the child may be removed from the home of the designated prospective adoptive parent without a hearing.

(4) Notwithstanding paragraph (3), if the State Department of Social Services or a licensed adoption agency determines that the child must be removed from the home of the caretaker who is or may be a designated prospective adoptive parent immediately, due to a risk of physical or emotional harm, the agency may remove the child from that home and is not required to provide notice prior to the removal. However, as soon as possible and not longer than two court days after the removal, the agency shall notify the court, the caretaker who is or may be a designated prospective adoptive parent, the child's attorney, and the child, if the child is 10 years of age or older, of the removal. Within five court days or seven calendar days, whichever is longer, of the date of notification of the removal, the child, the child's attorney, or the caretaker who is or may be a designated prospective adoptive parent may petition for, or the court on its own motion may set, a noticed hearing pursuant to paragraph (3). The court may, for good cause, extend the filing period.

(5) Except as provided in subdivision (b) of Section 366.28, an order by the court issued after a hearing pursuant to this subdivision shall not be appealable.

(6) Nothing in this section shall preclude a county child protective services agency from fully investigating and responding to alleged abuse or neglect of a child pursuant to Section 11165.5 of the Penal Code.

(7) The Judicial Council shall prepare forms to facilitate the filing of the petitions described in this subdivision, which shall become effective on January 1, 2006.

(o) The implementation and operation of the amendments to paragraph (3) of subdivision (c) and subparagraph (A) of paragraph (4) of subdivision (c) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

SEC. 29. Section 16500.1 of the Welfare and Institutions Code is amended to read:

16500.1. (a) It is the intent of the Legislature to use the strengths of families and communities to serve the needs of children who are alleged to be abused or neglected, as described in Section 300, to reduce the necessity for removing these children from their home, to encourage speedy reunification of families when it can be safely accomplished, to locate permanent homes and families for children who cannot return to their biological families, to reduce the number of placements experienced by these children, to ensure that children leaving the foster care system have support within their communities, to improve the quality and homelike nature of out-of-home care, and to foster the educational progress of children in out-of-home care.

(b) In order to achieve the goals specified in subdivision (a), the state shall encourage the development of approaches to child protection that do all of the following:

(1) Allow children to remain in their own schools, in close proximity to their families.

(2) Increase the number and quality of foster families available to serve these children.

(3) Use a team approach to foster care that permits the biological and foster family and the child to be part of that team.

(4) Use team decisionmaking in case planning.

(5) Provide support to foster children and foster families.

(6) Ensure that licensing requirements do not create barriers to recruitment of qualified, high-quality foster homes.

(7) Provide training for foster parents and professional staff on working effectively with families and communities.

(8) Encourage foster parents to serve as mentors and role models for biological parents.

(9) Use community resources, including community-based agencies and volunteer organizations, to assist in developing placements for children and to provide support for children and their families.

(10) Ensure an appropriate array of placement resources for children in need of out-of-home care.

(11) Ensure that no child leaves foster care without a lifelong connection to a committed adult.

(12) Ensure that children are actively involved in the case plan and permanency planning process.

(c) (1) Each county shall provide the department with a disaster response plan describing how county programs assisted under Part B (commencing with Section 620) and Part E (commencing with Section 670) of Subchapter IV of Chapter 7 of Title 42 of the United States Code (Titles IV-B and IV-E of the Social Security Act) would respond to a disaster. The plan shall set forth procedures describing how each county will perform the following services:

(A) Identify, locate, and continue availability of services for children under state care or supervision who are displaced or adversely affected by a disaster.

(B) Respond, as appropriate, to new child welfare cases in areas adversely affected by a disaster, and provide services in those cases.

(C) Remain in communication with caseworkers and other essential child welfare personnel who are displaced because of a disaster.

(D) Preserve essential program records.

(E) Coordinate services and share information with other counties.

(2) The department shall review its disaster plan with respect to subparagraphs (A) to (E), inclusive, of paragraph (1), and shall revise the plan to clarify the role and responsibilities of the state in the event of a disaster.

(3) The department shall consult with counties to identify opportunities for collaboration between counties, and between the county and the state, in the event of a disaster.

(d) In carrying out the requirements of subdivisions (b) and (c), the department shall do all of the following:

(1) Consider the existing array of program models provided in statute and in practice, including, but not limited to, wraparound services, as defined in Section 18251, children's systems of care, as provided for in Section 5852, the Oregon Family Unity or Santa Clara County Family Conference models, which include family conferences at key points in the casework process, such as when out-of-home placement or return home is considered, and the Annie E. Casey Foundation Family to Family initiative, which uses team decisionmaking in case planning, community-based placement practices requiring that children be placed in foster care in the communities where they resided prior to placement, and involve foster families as team members in family reunification efforts.

(2) Ensure that emergency response services, family maintenance services, family reunification services, and permanent placement services are coordinated with the implementation of the models described in paragraph (1).

(3) Ensure consistency between child welfare services program regulations and the program models described in paragraph (1).

(e) The department, in conjunction with stakeholders, including, but not limited to, county child welfare services agencies, foster parent and group home associations, the California Youth Connection, and other child advocacy groups, shall review the existing child welfare services program regulations to ensure that these regulations are consistent with the legislative intent specified in subdivision (a). This review shall also determine how to incorporate the best practice guidelines for assessment of children and families receiving child welfare and foster care services, as required by Section 16501.2.

(f) The department shall report to the Legislature on the results of the actions taken under this section on or before January 1, 2002.

SEC. 30. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) (1) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(2) The Legislature further finds and declares that a case plan ensures that the child receives protection and safe and proper care and case management, and that services are provided to the child and parents or other caretakers, as appropriate, in order to improve conditions in the parent's home, to facilitate the safe return of the child to a safe home or the permanent placement of the child, and to address the needs of the child while in foster care.

(b) (1) A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(2) In determining the reasonable services to be offered or provided, the child's health and safety shall be the paramount concerns.

(3) Reasonable services shall be offered or provided to make it possible for a child to return to a safe home environment, unless, pursuant to subdivisions (b) and (e) of Section 361.5, the court determines that reunification services shall not be provided.

(4) If reasonable services are not ordered, or are terminated, reasonable efforts shall be made to place the child in a timely manner in accordance with the permanent plan and to complete all steps necessary to finalize the permanent placement of the child.

(c) (1) If out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of a safe setting that is the least restrictive or most familylike and the

most appropriate setting that is available and in close proximity to the parent's home, proximity to the child's school, consistent with the selection of the environment best suited to meet the child's special needs and best interests, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(2) In addition to the requirements of paragraph (1), and taking into account other statutory considerations regarding placement, the selection of the most appropriate home that will meet the child's special needs and best interests shall also promote educational stability by taking into consideration proximity to the child's school attendance area.

(d) A written case plan shall be completed within a maximum of 60 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.26, but no less frequently than once every six months. Each updated case plan shall include a description of the services that have been provided to the child under the plan and an evaluation of the appropriateness and effectiveness of those services.

(1) It is the intent of the Legislature that extending the maximum time available for preparing a written case plan from 30 to 60 days will afford caseworkers time to actively engage families, and to solicit and integrate into the case plan the input of the child and the child's family, as well as the input of relatives and other interested parties.

(2) The extension of the maximum time available for preparing a written case plan from the 30 to 60 days shall be effective 90 days after the date that the department gives counties written notice that necessary changes have been made to the Child Welfare Services Case Management System to account for the 60-day timeframe for preparing a written case plan.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances that required child welfare services intervention. The child

shall be involved in developing the case plan as age and developmentally appropriate.

(2) The case plan shall identify specific goals and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents that led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out of state, the county social worker or a social worker on the staff of the social services agency in the state in which the child has been placed shall visit the child in a foster family home or the home of a relative at least every 12 months and submit a report to the court on each visit. For children in out-of-state group home facilities, visits shall be conducted at least monthly, pursuant to Section 16516.5. At least once every six months, at the time of a regularly scheduled social worker contact with the foster child, the child's social worker shall inform the child of his or her rights as a foster child, as specified in Section 16001.9. The social worker shall provide the information to the child in a manner appropriate to the age or developmental level of the child.

(5) (A) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(B) Information regarding any court-ordered visitation between the child and the natural parents or legal guardians, and the terms and conditions needed to facilitate the visits while protecting the safety of the child, shall be provided to the child's out-of-home caregiver as soon as possible after the court order is made.

(6) When out-of-home placement is made, the case plan shall include provisions for the development and maintenance of sibling relationships as specified in subdivisions (b), (c), and (d) of Section 16002. If appropriate, when siblings who are dependents of the juvenile court are not placed together, the social worker for each child, if different, shall communicate with each of the other social workers and ensure that the child's siblings are informed of significant life events that occur within their extended family. Unless it has been determined that it is inappropriate in a particular case to keep siblings informed of significant

life events that occur within the extended family, the social worker shall determine the appropriate means and setting for disclosure of this information to the child commensurate with the child's age and emotional well-being. These significant life events shall include, but shall not be limited to, the following:

(A) The death of an immediate relative.

(B) The birth of a sibling.

(C) Significant changes regarding a dependent child, unless the child objects to the sharing of the information with his or her siblings, including changes in placement, major medical or mental health diagnoses, treatments, or hospitalizations, arrests, and changes in the permanent plan.

(7) If out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out of state, the case plan shall specify the reasons why that placement is in the best interest of the child. When an out-of-state group home placement is recommended or made, the case plan shall, in addition, specify compliance with Section 7911.1 of the Family Code.

(8) (A) If out-of-home services are used, or if parental rights have been terminated and the case plan is placement for adoption, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(B) Information regarding the schedule and frequency of the visits between the child and siblings, as well as any court-ordered terms and conditions needed to facilitate the visits while protecting the safety of the child, shall be provided to the child's out-of-home caregiver as soon as possible after the court order is made.

(9) If out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail. The plan shall also consider in-state and out-of-state placements, the importance of developing and maintaining sibling relationships pursuant to Section 16002, and the desire and willingness of the caregiver to provide legal permanency for the child if reunification is unsuccessful.

(10) If out-of-home services are used, the child has been in care for at least 12 months, and the goal is not adoptive placement, the case plan

shall include documentation of the compelling reason or reasons why termination of parental rights is not in the child's best interest. A determination completed or updated within the past 12 months by the department when it is acting as an adoption agency or by a licensed adoption agency that it is unlikely that the child will be adopted, or that one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, shall be deemed a compelling reason.

(11) (A) Parents and legal guardians shall have an opportunity to review the case plan, and to sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(12) A child shall be given a meaningful opportunity to participate in the development of the case plan and state his or her preference for foster care placement. A child who is 12 years of age or older and in a permanent placement shall also be given the opportunity to review the case plan, sign the case plan, and receive a copy of the case plan.

(13) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan. If out-of-home services are used with the goal of family reunification, the case plan shall consider and describe the application of subdivision (b) of Section 11203.

(14) If the case plan has as its goal for the child a permanent plan of adoption or placement in another permanent home, it shall include a statement of the child's wishes regarding their permanent placement plan and an assessment of those stated wishes. The agency shall also include documentation of the steps the agency is taking to find an adoptive family or other permanent living arrangements for the child; to place the child with an adoptive family, an appropriate and willing relative, a legal guardian, or in another planned permanent living

arrangement; and to finalize the adoption or legal guardianship. At a minimum, the documentation shall include child-specific recruitment efforts, such as the use of state, regional, and national adoption exchanges, including electronic exchange systems, when the child has been freed for adoption.

(15) When appropriate, for a child who is 16 years of age or older, the case plan shall include a written description of the programs and services that will help the child, consistent with the child's best interests, prepare for the transition from foster care to independent living. The case plan shall be developed with the child and individuals identified as important to the child, and shall include steps the agency is taking to ensure that the child has a connection to a caring adult.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings, the child's current caregiver, and the child's prospective adoptive parents, if applicable, be provided with information necessary to accomplish this visitation. This section does not require or prohibit the social worker's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) When a child who is 10 years of age or older and who has been in out-of-home placement for six months or longer, the case plan shall include an identification of individuals, other than the child's siblings, who are important to the child and actions necessary to maintain the child's relationship with those individuals, provided that those relationships are in the best interest of the child. The social worker shall ask every child who is 10 years of age or older and who has been in out-of-home placement for six months or longer to identify individuals other than the child's siblings who are important to the child, and may ask any other child to provide that information, as appropriate. The social worker shall make efforts to identify other individuals who are important to the child, consistent with the child's best interests.

(j) The child's caregiver shall be provided a copy of a plan outlining the child's needs and services.

(k) On or before June 30, 2008, the department, in consultation with the County Welfare Directors Association and other advocates, shall develop a comprehensive plan to ensure that 90 percent of foster children are visited by their caseworkers on a monthly basis by October 1, 2011, and that the majority of the visits occur in the residence of the child. The plan shall include any data reporting requirements necessary to comply

with the provisions of the federal Child and Family Services Improvement Act of 2006 (Public Law 109-288).

(*l*) The implementation and operation of the amendments to subdivision (i) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35.

CHAPTER 584

An act to amend Section 20133 of the Public Contract Code, relating to public contracts.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 20133 of the Public Contract Code is amended to read:

20133. (a) (1) This section provides for an alternative procedure on bidding on construction projects in excess of two million five hundred thousand dollars ($2,500,000) applicable only in the Counties of Alameda, Butte, Contra Costa, Del Norte, El Dorado, Fresno, Humboldt, Kings, Los Angeles, Madera, Mariposa, Mendocino, Merced, Monterey, Napa, Orange, Placer, Sacramento, San Diego, San Joaquin, San Luis Obispo, Santa Clara, Shasta, Siskiyou, Solano, Sonoma, Stanislaus, Tulare, Yolo, and Yuba, upon approval of the appropriate board of supervisors.

(2) These counties may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable these counties to utilize design-build for buildings and county sanitation wastewater treatment facilities. It is not the intent of the Legislature to authorize this procedure for other infrastructure, including, but not limited to, streets and highways, public rail transit, or water resources facilities and infrastructures.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process.

(3) If the board of supervisors elects to proceed under this section, the board of supervisors shall establish and enforce for design-build projects a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the county or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) "Best value" means a value determined by objective criteria related to price, features, functions, and life-cycle costs.

(2) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(4) "Project" means the construction of a building and improvements directly related to the construction of a building, and county sanitation wastewater treatment facilities, but does not include the construction of other infrastructure, including, but not limited to, streets and highways, public rail transit, or water resources facilities and infrastructure.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The county shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type, and desired design character of the public improvement, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the county's needs.

The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the county to assist in the development of the project specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the county shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the county. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the county to inform interested parties of the contracting opportunity, to include the methodology that will be used by the county to evaluate proposals and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors that the county reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of subparagraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the county chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately or incorporate into the request for proposal applicable rules and procedures to be observed by the county to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The county shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the county. In preparing the questionnaire, the county shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will

participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete, projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the county that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code, or the federal Occupational Safety and Health Act of 1970 (P.L. 91-596), settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance in which an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance in which the entity, or its owners, officers, or managing employees, defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contributions Act (FICA; 26 U.S.C. Sec. 3101 et seq.) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of

a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association, that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(4) The county shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A county may use a design-build competition based upon best value and other criteria set forth in paragraph (2). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors: price, technical design, and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the county shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the county's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five

years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average total recordable injury/illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the county.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the county in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the county.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the county.

(h) The county may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the county elects to award a project pursuant to this section, retention proceeds withheld by the county from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the county and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the county and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each county that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's Office before December 1, 2009, a report containing a description of each public works project procured through the design-build process and completed after November 1, 2004, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual length of time to complete the project.

(5) The estimated and actual project costs.

(6) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(7) An assessment of the prequalification process and criteria.

(8) An assessment of the effect of retaining 5-percent retention on the project.

(9) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(10) A description of the method used to award the contract. If best value was the method, the report shall describe the factors used to

evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(11) An assessment of the project impact of "skilled labor force availability."

(12) An assessment of the design-build dollar limits on county projects. This assessment shall include projects where the county wanted to use design-build and was precluded by the dollar limitation. This assessment shall also include projects where the best value method was not used due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(m) Any county named in subdivision (a) that elects to not use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the county elected to not use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst shall report to the Legislature on the use of the design-build method by counties pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) Except as provided in this section, nothing in this act shall be construed to affect the application of any other law.

(p) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 1.5. Section 20133 of the Public Contract Code is amended to read:

20133. (a) A county, with approval of the board of supervisors, may utilize an alternative procedure for bidding on construction projects in the county in excess of two million five hundred thousand dollars ($2,500,000) and may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable counties to utilize design-build for buildings and county sanitation wastewater treatment facilities. It is not the intent of the Legislature to authorize this procedure for other infrastructure, including, but not limited to, streets and highways, public rail transit, or water resources facilities and infrastructures.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process.

(3) If the board of supervisors elects to proceed under this section, the board of supervisors shall establish and enforce for design-build

projects a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the county or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) "Best value" means a value determined by objective criteria related to price, features, functions, and life-cycle costs.

(2) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(4) "Project" means the construction of a building and improvements directly related to the construction of a building, and county sanitation wastewater treatment facilities, but does not include the construction of other infrastructure, including, but not limited to, streets and highways, public rail transit, or water resources facilities and infrastructure.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The county shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type, and desired design character of the public improvement, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the county's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the county to assist in the development of the project specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the county shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the county. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the county to inform interested parties of the contracting opportunity, to

include the methodology that will be used by the county to evaluate proposals and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors that the county reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the county chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately or incorporate into the request for proposal applicable rules and procedures to be observed by the county to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The county shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the county. In preparing the questionnaire, the county shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete, projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the county that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code, or the federal Occupational Safety and Health Act of 1970 (P.L. 91-596), settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance in which an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance in which the entity, or its owners, officers, or managing employees, defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contributions Act (FICA; 26 U.S.C. Sec. 3101 et seq.) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association, that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter

3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(4) The county shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A county may use a design-build competition based upon best value and other criteria set forth in paragraph (2). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors: price, technical design, and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the county shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the county's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average total recordable injury/illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or if the bidder is a party

to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the county.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the county in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the county.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the county.

(h) The county may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the county elects to award a project pursuant to this section, retention proceeds withheld by the county from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor

thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the county and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the county and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each county that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's Office before December 1, 2009, a report containing a description of each public works project procured through the design-build process and completed after November 1, 2004, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual length of time to complete the project.

(5) The estimated and actual project costs.

(6) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(7) An assessment of the prequalification process and criteria.

(8) An assessment of the effect of retaining 5-percent retention on the project.

(9) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(10) A description of the method used to award the contract. If best value was the method, the report shall describe the factors used to evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(11) An assessment of the project impact of "skilled labor force availability."

(12) An assessment of the design-build dollar limits on county projects. This assessment shall include projects where the county wanted to use design-build and was precluded by the dollar limitation. This assessment shall also include projects where the best value method was not used due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(m) Any county that elects to not use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the county elected to not use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst shall report to the Legislature on the use of the design-build method by counties pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) Except as provided in this section, nothing in this act shall be construed to affect the application of any other law.

(p) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 20133 of the Public Contract Code proposed by this bill and SB 416. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 20133 of the Public Contract Code, and (3) this bill is enacted after SB 416, in which case Section 20133 of the Public Contract Code, as amended by SB 416, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

CHAPTER 585

An act to amend Section 20133 of the Public Contract Code, relating to public contracts.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 20133 of the Public Contract Code is amended to read:

20133. (a) A county, with approval of the board of supervisors, may utilize an alternative procedure for bidding on building construction projects in the county in excess of two million five hundred thousand dollars ($2,500,000) and may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable counties to utilize cost-effective options for building and modernizing public facilities. It

is not the intent of the Legislature to authorize this procedure for transportation facilities, including, but not limited to, roads and bridges.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process. The Legislature also finds that the cost-effective benefits to counties are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(3) It is the intent of the Legislature to provide an alternative and optional procedure for bidding and building construction projects for counties.

(4) The design-build approach may be used, but is not limited to, when it is anticipated that it will: reduce project cost, expedite project completion, or provide design features not achievable through the design-bid-build method.

(5) If the board of supervisors elects to proceed under this section, the board of supervisors shall establish and enforce for design-build projects a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the county or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) "Best value" means a value determined by objective criteria related to price, features, functions, and life-cycle costs.

(2) "Design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) "Design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(4) "Project" means the construction of a building and improvements directly related to the construction of a building, but does not include the construction of other infrastructure, including, but not limited to, streets and highways, public rail transit, or water resources facilities and infrastructure.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The county shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type, and desired design character of the buildings and site,

performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the county's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the county to assist in the development of the project specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the county shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the county. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the county to inform interested parties of the contracting opportunity, to include the methodology that will be used by the county to evaluate proposals and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors that the county reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of subparagraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the county chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately or incorporate into the request for proposal applicable rules and procedures to be observed by the county to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The county shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the county. In preparing the questionnaire, the county shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete, projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the county that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code, or the federal Occupational Safety and Health Act of 1970 (P.L. 91-596), settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance in which an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance in which the entity, or its owners, officers, or managing employees, defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contributions Act (FICA; 26 U.S.C. Sec. 3101 et seq.) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(4) The county shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A county may use a design-build competition based upon best value and other criteria set forth in paragraph (2). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors: price, technical design, and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the county shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the county's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the county.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the county in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the county.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered

to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the county.

(h) The county may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the county elects to award a project pursuant to this section, retention proceeds withheld by the county from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the county and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each county that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's Office before December 1, 2009, a report containing a description of each public works project procured through the design-build process and completed after November 1, 2004, and before November 1, 2009. SEC. 1.5. Section 20133 of the Public Contract Code is amended to read:

20133. (a) A county, with approval of the board of supervisors, may utilize an alternative procedure for bidding on construction projects in the county in excess of two million five hundred thousand dollars ($2,500,000) and may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable counties to utilize design-build for buildings and county sanitation wastewater treatment facilities. It is not the intent of the Legislature to authorize this procedure for other infrastructure, including, but not limited to, streets and highways, public rail transit, or water resources facilities and infrastructures.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process.

(3) If the board of supervisors elects to proceed under this section, the board of supervisors shall establish and enforce for design-build projects a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. (ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete, projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project, as well as a financial statement that assures the county that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code, or the federal Occupational Safety and Health Act of 1970 (P.L. 91-596), settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance in which an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance in which the entity, or its owners, officers, or managing employees, defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contributions Act (FICA; 26 U.S.C. Sec. 3101 et seq.) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association, that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which

civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(4) The county shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A county may use a design-build competition based upon best value and other criteria set forth in paragraph (2). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall each represent at least 10 percent of the total weight of consideration given to all criteria factors: price, technical design, and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the county shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the county's second and third ranked design-build entities.

(v) For the purposes of this paragraph, "skilled labor force availability" shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's "safety record" shall be deemed "acceptable" if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their average total recordable injury/illness rate and average lost work rate for the most recent three-year period does not exceed the applicable

statistical standards for its business category or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the county.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the county in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the county.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the county.

(h) The county may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the county elects to award a project pursuant to this section, retention proceeds withheld by the county from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the county and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the county and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each county that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's Office before December 1, 2009, a report containing a description of each public works project procured through the design-build process and completed after November 1, 2004, and before November 1, 2009. The report shall include, but shall not be limited to, all of the following information:

(1) The type of project.

(2) The gross square footage of the project.

(3) The design-build entity that was awarded the project.

(4) The estimated and actual length of time to complete the project.

(5) The estimated and actual project costs.

(6) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(7) An assessment of the prequalification process and criteria.

(8) An assessment of the effect of retaining 5-percent retention on the project.

(9) A description of the Labor Force Compliance Program and an assessment of the project impact, where required.

(10) A description of the method used to award the contract. If best value was the method, the report shall describe the factors used to evaluate the bid, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(11) An assessment of the project impact of "skilled labor force availability."

(12) An assessment of the design-build dollar limits on county projects. This assessment shall include projects where the county wanted to use design-build and was precluded by the dollar limitation. This assessment shall also include projects where the best value method was not used due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(m) Any county that elects to not use the authority granted by this section may submit a report to the Legislative Analyst's Office explaining why the county elected to not use the design-build method.

(n) On or before January 1, 2010, the Legislative Analyst shall report to the Legislature on the use of the design-build method by counties pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) Except as provided in this section, nothing in this act shall be construed to affect the application of any other law.

(p) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 20133 of the Public Contract Code proposed by this bill and SB 233. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 20133 of the Public Contract Code, and (3) this bill is enacted after SB 233, in which case Section 20133 of the Public Contract Code, as amended by SB 233, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Any regulations adopted pursuant to this section that specify the type of procedure that may be performed by testing personnel shall be based on the skills, knowledge, and tasks required to perform the type of procedure in question.

(2) Ensure that policies and procedures are established for monitoring individuals who conduct preanalytical, analytical, and postanalytical phases of testing to ensure that they are competent and maintain their competency to process biological specimens, perform test procedures, and report test results promptly and proficiently, and, whenever necessary, identify needs for remedial training or continuing education to improve skills.

(3) Specify in writing the responsibilities and duties of each individual engaged in the performance of the preanalytic, analytic, and postanalytic phases of clinical laboratory tests or examinations, including which clinical laboratory tests or examinations the individual is authorized to perform, whether supervision is required for the individual to perform specimen processing, test performance, or results reporting, and whether consultant, supervisor, or director review is required prior to the individual reporting patient test results.

(c) Notwithstanding any other provision of law, where appropriate, a citation issued by the board may contain an order of abatement. The order of abatement shall fix a reasonable time for abatement of the violation. It may also require the person or entity to whom the citation is issued to demonstrate how future compliance with the Pharmacy Law, and the regulations adopted pursuant thereto, will be accomplished. A demonstration may include, but is not limited to, submission of a

corrective action plan, and requiring completion of up to six hours of continuing education courses in the subject matter specified in the order of abatement. Any continuing education courses required by the order of abatement shall be in addition to those required for license renewal.

(b) The letter of admonishment shall be in writing and shall describe in detail the nature and facts of the violation, including a reference to the statutes or regulations violated.

(c) The letter of admonishment shall inform the licensee that within 30 days of service of the order of admonishment the licensee may do either of the following:

(2) Comply with the letter of admonishment and submit a written corrective action plan to the executive officer documenting compliance. If an office conference is not requested pursuant to this section, compliance with the letter of admonishment shall not constitute an admission of the violation noted in the letter of admonishment.

(d) The letter of admonishment shall be served upon the licensee personally or by certified mail at the licensee's address of record with the board. If the licensee is served by certified mail, service shall be effective upon deposit in the United States mail.

DANGER: ULTRAVIOLET RADIATION

3. Wear protective eyewear.

FAILURE TO USE PROTECTIVE EYEWEAR
MAY RESULT IN SEVERE BURNS OR
LONG-TERM INJURY TO THE EYES.

4. Ultraviolet radiation from sunlamps will aggravate the effects of the sun. Therefore, do not sunbathe before or after exposure to ultraviolet radiation.

5. Medications or cosmetics may increase your sensitivity to ultraviolet radiation. Consult a physician before using a sunlamp if you are using medications, have a history of skin problems, or believe you are especially sensitive to sunlight. IF YOU DO NOT TAN IN THE SUN YOU WILL

(3) Show each customer how to use suitable physical aids, such as handrails and markings on the floor, to maintain proper exposure distance as recommended by the manufacturer.

(4) Use a timer on an ultraviolet tanning device that has an accuracy of plus or minus 10 percent of any selected timer interval. The timer shall also be remotely located so that customers cannot set their own exposure time.

(5) Limit each customer using an ultraviolet tanning device to the maximum exposure time as recommended by the manufacturer.

(6) Control the interior temperature of a tanning facility so that it does not exceed 100 degrees Fahrenheit.

(b) (1) Every person who uses a tanning facility shall sign a written statement acknowledging that he or she has read and understood the warnings before using the device; and agrees to use the protective eyewear that the tanning facility provides. SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 591

An act to add Chapter 9.6 (commencing with Section 3250) to Division 4 of Title 1 of the Government Code, relating to firefighters.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Firefighters are often called upon to render aid in hostile emergency situations rife with conflict and confrontation.

(b) In providing lifesaving services to the public, firefighters are subject to numerous job safety procedures and protocols, which sometimes are compromised or altered, in a highly charged atmosphere of critical incident stressors.

(c) Firefighters who trust their instincts in these volatile emergency situations are deserving of due process rights and protections should those circumstances arise.

(d) Mutual aid and automatic aid agreements entered into between fire agencies throughout the state require firefighters to respond to emergencies across political boundaries, therefore, the rights and protections provided to firefighters under this act constitute a matter of statewide concern.

(e) The effective protection of property and the safety of the public depends upon the maintenance of reasonable and consistent procedural protections applicable to all employers with respect to the disciplinary process.

(f) It is necessary that this act be applicable to all firefighters, as defined in subdivision (a) of Section 3251 of the Government Code, wherever situated within the State of California, in order to ensure that stable employment relations are continued throughout the state, and to further ensure that effective services are provided to all people of the state.

SEC. 2. Chapter 9.6 (commencing with Section 3250) is added to Division 4 of Title 1 of the Government Code, to read:

Chapter 9.6. Firefighters

3250. This chapter shall be known, and may be cited, as the Firefighters Procedural Bill of Rights Act.

3251. For purposes of this chapter, the following definitions apply:

(a) "Firefighter" means any firefighter employed by a public agency, including, but not limited to, any firefighter who is a paramedic or emergency medical technician, irrespective of rank. However, "firefighter" does not include an inmate of a state or local correctional agency who performs firefighting or related duties or persons who are subject to Chapter 9.7 (commencing with Section 3300). This chapter does not apply to any employee who has not successfully completed the probationary period established by his or her employer as a condition of employment.

(b) "Public agency" has the meaning given that term by Section 53101.

(c) "Punitive action" means any action that may lead to dismissal, demotion, suspension, reduction in salary, written reprimand, or transfer for purposes of punishment.

3252. (a) Except as otherwise provided in Chapter 9.5 (commencing with Section 3201), or whenever on duty or in uniform, no firefighter shall be prohibited from engaging, or be coerced or required to engage, in political activity.

(b) A firefighter shall not be prohibited from seeking election to, or serving as a member of, the governing board of a school district, or any local agency where the firefighter is not employed, including, but not limited to, any city, county, city and county, or special district, or political subdivision thereof.

3253. When any firefighter is under investigation and subjected to interrogation by his or her commanding officer, or any other member designated by the employing department or licensing or certifying agency, that could lead to punitive action, the interrogation shall be conducted under the following conditions:

(a) The interrogation shall be conducted at a reasonable hour, at a time when the firefighter is on duty, unless an imminent threat to the safety of the public requires otherwise. If the interrogation does occur during off-duty time of the firefighter being interrogated, the firefighter shall be compensated for any off-duty time in accordance with regular department procedures. The firefighter's compensation shall not be reduced as a result of any work missed while being interrogated.

(b) The firefighter under investigation shall be informed, prior to the interrogation, of the rank, name, and command of the officer or other person in charge of the interrogation, the interrogating officer, and all other persons to be present during the interrogation. All questions directed

to the firefighter under interrogation shall be asked by and through no more than two interrogators at one time.

(c) The firefighter under investigation shall be informed of the nature of the investigation prior to any interrogation.

(d) The interrogating session shall be for a reasonable period taking into consideration the gravity and complexity of the issue being investigated. The person under interrogation shall be allowed reasonable breaks to attend to his or her own personal physical necessities.

(e) (1) The firefighter under interrogation shall not be subjected to offensive language or threatened with punitive action. A promise of reward shall not be made as an inducement to answering any question. The employer shall provide to, and obtain from, an employee a formal grant of immunity from criminal prosecution, in writing, before the employee may be compelled to respond to incriminating questions in an interrogation. Subject to that grant of immunity, a firefighter refusing to respond to questions or submit to interrogations shall be informed that the failure to answer questions directly related to the investigation or interrogation may result in punitive action.

(2) The employer shall not cause the firefighter under interrogation to be subjected to visits by the press or news media without his or her express written consent free of duress, and the firefighter's photograph, home address, telephone number, or other contact information shall not be given to the press or news media without his or her express written consent.

(f) A statement made during interrogation by a firefighter under duress, coercion, or threat of punitive action shall not be admissible in any subsequent judicial proceeding, subject to the following qualifications:

(1) This subdivision shall not limit the use of statements otherwise made by a firefighter when the employing fire department is seeking civil service sanctions against any firefighter, including disciplinary action brought under Section 19572.

(2) This subdivision shall not prevent the admissibility of statements otherwise made by the firefighter under interrogation in any civil action, including administrative actions, brought by that firefighter, or that firefighter's exclusive representative, arising out of a disciplinary action.

(g) The complete interrogation of a firefighter may be recorded. If a recording is made of the interrogation, the firefighter shall have access to the recording if any further proceedings are contemplated or prior to any further interrogation at a subsequent time. The firefighter shall be entitled to a transcribed copy of any notes made by a stenographer or to any reports or complaints made by investigators or other persons, except those portions that are otherwise required by law to be kept confidential. Notes or reports that are deemed to be confidential shall not be entered

in the firefighter's personnel file. The firefighter being interrogated shall have the right to bring his or her own recording device and record any and all aspects of the interrogation.

(h) If, prior to or during the interrogation of a firefighter, it is contemplated that he or she may be charged with a criminal offense, he or she shall be immediately informed of his or her constitutional rights.

(i) Upon the filing of a formal written statement of charges, or whenever an interrogation focuses on matters that may result in punitive action against any firefighter, that firefighter, at his or her request, shall have the right to be represented by a representative of his or her choice who may be present at all times during the interrogation. The representative shall not be a person subject to the same investigation. The representative shall not be required to disclose, or be subject to any punitive action for refusing to disclose, any information received from the firefighter under investigation for noncriminal matters.

This section shall not be construed to apply to counseling, instruction, or informal verbal admonishment by, or other routine or unplanned contact with, a supervisor or any other firefighter.

(j) A firefighter shall not be loaned or temporarily reassigned to a location or duty assignment if a firefighter in his or her department would not normally be sent to that location or would not normally be given that duty assignment under similar circumstances.

3254. (a) A firefighter shall not be subjected to punitive action, or denied promotion, or be threatened with that treatment, because of the lawful exercise of the rights granted under this chapter, or the exercise of any rights under any existing administrative grievance procedure.

(b) Punitive action or denial of promotion on grounds other than merit shall not be undertaken by any employing department or licensing or certifying agency against any firefighter who has successfully completed the probationary period without providing the firefighter with an opportunity for administrative appeal.

(c) A fire chief shall not be removed by a public agency or appointing authority without providing that person with written notice, the reason or reasons for removal, and an opportunity for administrative appeal.

For purposes of this subdivision, the removal of a fire chief by a public agency or appointing authority, for the purpose of implementing the goals or policies, or both, of the public agency or appointing authority, or for reasons including, but not limited to, incompatibility of management styles or as a result of a change in administration, shall be sufficient to constitute "reason or reasons."

Nothing in this subdivision shall be construed to create a property interest, if one does not otherwise exist by rule or law, in the job of fire chief.

(d) Punitive action or denial of promotion on grounds other than merit shall not be undertaken for any act, omission, or other allegation of misconduct if the investigation of the allegation is not completed within one year of discovery by the employing fire department or licensing or certifying agency. This one-year limitation period shall apply only if the discovery of the act, omission, or other misconduct occurred on or after January 1, 2008. If the employing department or licensing or certifying agency determines that discipline may be taken, it shall complete its investigation and notify the firefighter of its proposed disciplinary action within that year, except in any of the following circumstances:

(1) If the firefighter voluntarily waives the one-year time period in writing, the time period shall be tolled for the period of time specified in the written waiver.

(2) If the act, omission, or other allegation of misconduct is also the subject of a criminal investigation or criminal prosecution, the time during which the criminal investigation or criminal prosecution is pending shall toll the one-year time period.

(3) If the investigation is a multijurisdictional investigation that requires a reasonable extension for coordination of the involved agencies.

(4) If the investigation involves an employee who is incapacitated or otherwise unavailable.

(5) If the investigation involves a matter in civil litigation where the firefighter is named as a party defendant, the one-year time period shall be tolled while that civil action is pending.

(6) If the investigation involves a matter in criminal litigation in which the complainant is a criminal defendant, the one-year time period shall be tolled during the period of that defendant's criminal investigation and prosecution.

(7) If the investigation involves an allegation of workers' compensation fraud on the part of the firefighter.

(e) If a predisciplinary response or grievance procedure is required or utilized, the time for that response or procedure shall not be governed or limited by this chapter.

(f) If, after investigation and any predisciplinary response or procedure, the employing department or licensing or certifying agency decides to impose discipline, that agency shall notify the firefighter in writing of its decision to impose discipline within 30 days of its decision, but not less than 48 hours prior to imposing the discipline.

(g) Notwithstanding the one-year time period specified in subdivision (d), an investigation may be reopened against a firefighter if both of the following circumstances exist:

(1) Significant new evidence has been discovered that is likely to affect the outcome of the investigation.

(2) One of the following conditions exists:

(A) The evidence could not reasonably have been discovered in the normal course of investigation without resorting to extraordinary measures by the agency.

(B) The evidence resulted from the firefighter's predisciplinary response or procedure.

3254.5. An administrative appeal instituted by a firefighter under this chapter shall be conducted in conformance with rules and procedures adopted by the employing department or licensing or certifying agency that are in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2.

3255. A firefighter shall not have any comment adverse to his or her interest entered in his or her personnel file, or any other file used for any personnel purposes by his or her employer, without the firefighter having first read and signed the instrument containing the adverse comment indicating he or she is aware of the comment. However, the entry may be made if after reading the instrument the firefighter refuses to sign it. That fact shall be noted on that document, and signed or initialed by the firefighter.

3256. A firefighter shall have 30 days within which to file a written response to any adverse comment entered in his or her personnel file. The written response shall be attached to, and shall accompany, the adverse comment.

3256.5. (a) Every employer shall, at reasonable times and at reasonable intervals, upon the request of a firefighter, during usual business hours, with no loss of compensation to the firefighter, permit that firefighter to inspect personnel files that are used or have been used to determine that firefighter's qualifications for employment, promotion, additional compensation, or termination or other disciplinary action.

(b) Each employer shall keep each firefighter's personnel file or a true and correct copy thereof, and shall make the file or copy thereof available within a reasonable period of time after a request therefor by the firefighter.

(c) If, after examination of the firefighter's personnel file, the firefighter believes that any portion of the material is mistakenly or unlawfully placed in the file, the firefighter may request, in writing, that the mistaken or unlawful portion be corrected or deleted. Any request made pursuant to this subdivision shall include a statement by the firefighter describing the corrections or deletions from the personnel file requested and the reasons supporting those corrections or deletions. A statement submitted pursuant to this subdivision shall become part of the personnel file of the firefighter.

(d) Within 30 calendar days of receipt of a request made pursuant to subdivision (c), the employer shall either grant the firefighter's request or notify the officer of the decision to refuse to grant the request. If the employer refuses to grant the request, in whole or in part, the employer shall state in writing the reasons for refusing the request, and that written statement shall become part of the personnel file of the firefighter.

3257. (a) A firefighter shall not be compelled to submit to a lie detector test against his or her will.

(1) Disciplinary action or other recrimination shall not be taken against a firefighter refusing to submit to a lie detector test.

(2) No comment shall be entered anywhere in the investigator's notes or anywhere else that the firefighter refused to take, or did not take, a lie detector test.

(3) Testimony or evidence to the effect that the firefighter refused to take, or was subjected to, a lie detector test shall not be admissible at a subsequent hearing, trial, or proceeding, judicial or administrative.

(b) For the purpose of this section, "lie detector" means a polygraph, deceptograph, voice stress analyzer, psychological stress evaluator, or any other similar device, whether mechanical or electrical, that is used, or the results of which are used, for the purpose of rendering a diagnostic opinion regarding the honesty or dishonesty of an individual.

3258. A firefighter shall not be required or requested for purposes of job assignment or other personnel action to disclose any item of his or her property, income, assets, source of income, debts, or personal or domestic expenditures, including those of any member of his or her family or household, unless that information is otherwise required to be furnished under state law or obtained pursuant to court order.

3259. A firefighter shall not have his or her locker or other space for storage that may be assigned to him or her searched except in his or her presence, or with his or her consent, or unless a valid search warrant has been obtained or unless he or she has been notified that a search will be conducted. This section shall apply only to lockers or other space for storage that are owned or leased by the employing department or licensing or certifying agency.

3260. (a) It shall be unlawful for any employing department or licensing or certifying agency to deny or refuse to any firefighter the rights and protections guaranteed by this chapter.

(b) The superior court shall have initial jurisdiction over any proceeding brought by any firefighter against any employing department or licensing or certifying agency for alleged violations of this chapter.

(c) (1) If the superior court finds that the employing department or licensing or certifying agency has violated any of the provisions of this chapter, the court shall render appropriate injunctive or other

extraordinary relief to remedy the violation and to prevent future violations of a like or similar nature, including, but not limited to, the granting of a temporary restraining order or preliminary or permanent injunction prohibiting the employing department or licensing or certifying agency from taking any punitive action against the firefighter.

(2) If the court finds that a bad faith or frivolous action or a filing for an improper purpose has been brought pursuant to this chapter, the court may order sanctions against the party filing the action, the party's attorney, or both, pursuant to Sections 128.6 and 128.7 of the Code of Civil Procedure. Those sanctions may include, but not be limited to, reasonable expenses, including attorney's fees, incurred by a fire department as the court deems appropriate. Nothing in this paragraph is intended to subject actions or filings under this section to rules or standards that are different from those applicable to other civil actions or filings subject to Section 128.6 or 128.7 of the Code of Civil Procedure.

(d) In addition to the extraordinary relief afforded by this chapter, upon a finding by a superior court that a fire department, its employees, agents, or assigns, with respect to acts taken within the scope of employment, maliciously violated any provision of this chapter with the intent to injure the firefighter, the fire department shall, for each and every violation, be liable for a civil penalty not to exceed twenty-five thousand dollars ($25,000) to be awarded to the firefighter whose right or protection was denied and for reasonable attorney's fees as may be determined by the court. If the court so finds, and there is sufficient evidence to establish actual damages suffered by the firefighter whose right or protection was denied, the fire department shall also be liable for the amount of the actual damages. Notwithstanding these provisions, a fire department may not be required to indemnify a contractor for the contractor's liability pursuant to this subdivision if there is, within the contract between the fire department and the contractor, a "hold harmless" or similar provision that protects the fire department from liability for the actions of the contractor. An individual shall not be liable for any act for which a fire department is liable under this section.

3261. Nothing in this chapter shall in any way be construed to limit the ability of any employing department, licensing or certifying agency, or any firefighter to fulfill mutual aid agreements with other jurisdictions or agencies, and this chapter shall not be construed in any way to limit any jurisdictional or interagency cooperation under any circumstances where that activity is deemed necessary or desirable by the jurisdictions or agencies involved.

3262. The rights and protections described in this chapter shall only apply to a firefighter during events and circumstances involving the performance of his or her official duties.

SEC. 3. Any subvention of funds to reimburse a local agency or a school district for the costs mandated by the state pursuant to Chapter 9.6 (commencing with Section 3250) of Division 4 of Title 1 of the Government Code shall be limited to the actual costs directly associated with the new program or higher level of service required by this chapter. A local agency or school district may not be reimbursed for the costs of existing, similar protections and procedures required for investigations and interrogations of firefighters pursuant to regulation, rule, or ordinance of the local agency or school district, or pursuant to a memorandum of understanding between the local agency or school district and a recognized employee organization.

SEC. 4. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 592

An act to add Sections 43011.5 and 43704 to the Health and Safety Code, and to add Section 4755 to the Vehicle Code, relating to air pollution.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited as, the Healthy Heart and Lung Act.

SEC. 2. The Legislature finds and declares all of the following:

(a) The State Air Resources Board's Emission Reduction Plan for Ports and Goods Movement, adopted April 2006, states that goods movement activity, including trips made by diesel-fueled trucks, contributes to increases in cancer risk, premature deaths, hospitalizations for respiratory and cardiovascular causes, bronchitis, asthma attacks, and other respiratory symptoms.

(b) The State Air Resources Board identified particulate matter emissions from diesel-fueled engines as a toxic air contaminant in 1998.

The state board subsequently developed a risk reduction plan that included a goal of reducing the public health risk from diesel particulate matter by 85 percent by 2020, and began to develop regulations designed to further reduce diesel particulate matter emissions from diesel-fueled engines and vehicles.

(c) As part of its efforts to reduce diesel emissions, the State Air Resources Board has adopted regulations to control idling of diesel-fueled vehicles, including buses and trucks. Additional enforcement measures are needed to ensure consistent enforcement of these and other regulations.

SEC. 3. Section 43011.5 is added to the Health and Safety Code, to read:

43011.5. (a) Every three years, the state board shall review its existing enforcement of diesel emission control regulations and anticipated enforcement needs for future diesel emission control regulations for manufacturers, owners, or operators of on-road and off-road vehicles and engines to implement the state board's Diesel Risk Reduction Plan and Emission Reduction Plan for Ports and Goods Movement, and develop a strategic plan for consistent, comprehensive, and fair enforcement of these regulations.

(b) The state board shall consult with the districts and the public in developing the plan, and shall review the plan at a public board meeting.

(c) The plan shall include, but is not limited to, all of the following:

(1) An assessment of the need for additional staff and technology resources at the state board to ensure that the appropriate resources are available to ensure consistent enforcement of diesel emission control regulations for on-road and off-road vehicles and engines throughout the state and in areas where diesel emissions are concentrated.

(2) Goals for inspection frequency for the next three years to promote the maximum level of compliance with diesel emission control regulations for on-road and off-road vehicles and engines.

(3) An education and outreach component to increase public awareness and understanding of the diesel regulations identified in subdivision (a). The education and outreach component shall include the placement of signs and other materials in multiple languages where appropriate in locations where significant numbers of idling trucks and engines have been found, especially locations near schools and residential communities, to ensure that operators of trucks traveling through the state and other affected individuals and businesses are aware of the state's diesel engine idling requirements.

(4) A training program for local enforcement staff, including, but not limited to, outreach to highway patrol, local police, and local air district staff on enforcement of the state's diesel engine idling requirements

through workshops, educational material, and training sessions in northern and southern California.

(d) The state board shall submit the plan prepared pursuant to subdivision (a) to the relevant legislative policy and fiscal committees by January 1, 2009, and every three years thereafter.

SEC. 4. Section 43704 is added to the Health and Safety Code, to read:

43704. Any person who violates Section 2485 of Title 13 of the California Code of Regulations is subject to a minimum civil penalty of three hundred dollars ($300).

SEC. 5. Section 4755 is added to the Vehicle Code, to read:

4755. The department shall refuse registration, or renewal or transfer of registration for any commercial motor vehicle subject to Section 4000.6, if the owner or operator of the motor vehicle at the time of the application has been cited for a violation, pertaining to that vehicle, of Division 26 (commencing with Section 39000) of the Health and Safety Code or regulations of the State Air Resources Board adopted pursuant to that division, until the violation has been cleared, as determined by the State Air Resources Board.

CHAPTER 593

An act to amend Sections 25722.5, 25725, and 25726 of, and to add Sections 25722.6 and 25722.8 to, the Public Resources Code, relating to public resources.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 25722.5 of the Public Resources Code is amended to read:

25722.5. (a) In order to achieve the policy objectives set forth in Sections 25000.5 and 25722, the Department of General Services, in consultation with the commission and the State Air Resources Board, shall develop and adopt specifications and standards for all passenger cars and light-duty trucks that are purchased or leased on behalf of, or by, state offices, agencies, and departments. An authorized emergency vehicle, as defined in Section 165 of the Vehicle Code, that is equipped with emergency lamps or lights described in Section 25252 of the Vehicle

Code is exempt from the requirements of this section. The specifications and standards shall include the following:

(1) Minimum air pollution emission specifications that meet or exceed California's Ultra-Low Emission Vehicle II (ULEV II) standards for exhaust emissions (13 Cal. Code Regs. 1961). These specifications shall apply on January 1, 2006, for passenger cars and on January 1, 2010, for light-duty trucks.

(2) Notwithstanding any other provision of law, the utilization of procurement policies that enable the Department of General Services to do all of the following:

(A) Evaluate and score emissions, fuel costs, and fuel economy in addition to capital cost to enable the Department of General Services to choose the vehicle with the lowest life-cycle cost when awarding a state vehicle procurement contract.

(B) Maximize the purchase or lease of hybrid or "Best in Class" vehicles that are substantially more fuel efficient than the class average.

(C) Maximize the purchase or lease of available vehicles that meet or exceed California's Super Ultra-Low Emission Vehicle (SULEV) passenger car standards for exhaust emissions.

(D) Maximize the purchase or lease of alternative fuel vehicles.

(3) In order to discourage the unnecessary purchase or leasing of a sport utility vehicle and a four-wheel drive truck, a requirement that each state office, agency, or department seeking to purchase or lease that vehicle, demonstrate to the satisfaction of the Director of General Services or to the entity that purchases or leases vehicles for that office, agency, or department, that the vehicle is required to perform an essential function of the office, agency, or department. If it is so demonstrated, priority consideration shall be given to the purchase or lease of an alternative fuel or hybrid sports utility vehicle or four-wheel drive vehicle.

(b) The specifications and standards developed and adopted pursuant to subdivision (a) do not apply upon the development and implementation of the method, criteria, and procedure described in Section 25722.6.

(c) Each state office, agency, and department shall review its vehicle fleet and, upon finding that it is fiscally prudent, cost effective, or otherwise in the public interest to do so, shall dispose of nonessential sport utility vehicles and four-wheel drive trucks in its fleet and replace these vehicles with more fuel-efficient passenger cars and trucks.

(d) To the maximum extent practicable, each state office, agency, and department that has bifuel natural gas, bifuel propane, and flex fuel vehicles in its vehicle fleet shall use the respective alternative fuel in those vehicles.

(e) The Director of General Services shall compile annually and maintain information on the nature of vehicles that are owned or leased by the state, including, but not limited to, all of the following:

(1) The number of passenger-type motor vehicles purchased or leased during the year, and the number owned or leased as of December 31 of each year.

(2) The number of sport utility vehicles and four-wheel drive trucks purchased or leased by the state during the year, and the number owned or leased as of December 31 of each year.

(3) The number of alternatively fueled vehicles and hybrid vehicles purchased or leased by the state during the year, and the total number owned or leased as of December 31 of each year and their location.

(4) The locations of the alternative fuel pumps available for those vehicles.

(5) The justification provided for all sport utility vehicles and four-wheel drive trucks purchased or leased by the state and the specific office, department, or agency responsible for the purchase or lease.

(6) The number of sport utility vehicles and four-wheel drive trucks purchased or leased by the state during the year, and the number owned or leased as of December 31 of each year that are alternative fuel or hybrid vehicles.

(7) The number of light-duty trucks disposed of under subdivision (c).

(8) The total dollars spent by the state on passenger-type vehicle purchases and leases, categorized by sport utility vehicle and nonsport utility vehicle, and within each of those categories, by alternative fuel, hybrid and other.

(9) The total annual consumption of gasoline and diesel fuel used by the state fleet.

(10) The total annual consumption of alternative fuels.

(11) On December 31, 2009, and annually thereafter, the Director of General Services shall also compile the total annual vehicle miles traveled by vehicles in the state fleet.

(f) Each state office, agency, and department shall cooperate with the Department of General Services' data requests in order that the department may compile and maintain the information required in subdivision (e).

(g) As soon as practicable, but no later than 12 months after receiving the data, the information compiled and maintained under subdivision (e) and a list of those state offices, agencies, and departments that are not in compliance with subdivision (f) shall be made available to the public on the Department of General Services' Internet Web site.

(h) Beginning July 1, 2009, and every three years thereafter, the Director of General Services shall report to the Legislature and the Governor the information compiled and maintained pursuant to subdivision (e).

SEC. 2. Section 25722.6 is added to the Public Resources Code, to read:

25722.6. (a) On or before December 31, 2008, the Department of General Services, in conjunction with the State Air Resources Board and the commission, shall amend the existing "Enhanced Efficiency Costing Methodology for Passenger Cars and Light-Duty Vehicles" to rank the environmental and energy benefits, and costs of motor vehicles for potential procurement by state and local governments. The vehicle rankings shall include both of the following criteria:

(1) The reduction in greenhouse gas emissions, air pollutant emissions, and petroleum use on a full fuel-cycle basis, to the extent possible, based on existing data available to the State Air Resources Board, the commission, or other reliable sources, including the California Strategy to Reduce Petroleum Dependence developed pursuant to subdivision (f) of Section 25720 and the state plan to increase the use of alternative transportation fuels developed pursuant to Section 43866 of the Health and Safety Code.

(2) The life-cycle costs of the vehicle and fuel, including maintenance.

(b) On or before December 31, 2008, the Department of General Services shall revise its procedures for the procurement of state and local government vehicles based upon the necessary performance specifications of the vehicles to perform the required work or tasks of the vehicles in the fleet. The Department of General Services shall establish vehicle "classes" depending upon the required work or tasks and the necessary performance specifications.

(c) On or before July 1, 2009, for the purpose of state fleet procurement, both of the following shall apply:

(1) Available vehicles in individual classes shall be ranked for purchase or lease using the method and criteria developed in subdivision (a).

(2) (A) Vehicles shall be procured for use in the state fleet that meet all requirements established by the federal government, including, but not limited to, the federal Energy Policy Act of 1992, Public Law 102-486, if applicable, and that have been ranked best in their class as determined by the evaluation in subdivision (a).

(B) If fueling infrastructure, for the fuel used to rank a vehicle best in class, is not available, or planned to be available within two years, the Department of General Services shall procure the vehicle ranked next best in class for which fueling infrastructure is or will be available.

(d) The Department of General Services shall evaluate vehicles for potential addition to the state and local fleets, as described in this section, on an annual basis, reflecting annual new vehicle availability.

(e) A vehicle capable of using alternative fuels shall be operated on those fuels to the maximum extent practicable unless alternative fuels are not readily available or other factors exist that may prevent the use of those fuels in the area in which the vehicle is used.

(f) The Department of General Services shall do both of the following:

(1) During the normal course of coordination and contracting with nearby fueling stations, provide information related to the alternative fuel vehicles in the state fleet and request the stations to provide a fuel supply to meet that demand.

(2) When replacing, retrofitting, or installing a fueling tank or infrastructure at a facility that fuels state vehicles, the Department of General Services shall consider requesting competitive bids for alternative fuel infrastructure that would meet the needs of vehicles used, or planned to be used, in that facility.

(g) Authorized emergency vehicles as defined in Section 165 of the Vehicle Code, that are equipped with emergency lamps or lights described in Section 25252 of the Vehicle Code, are exempt from the requirements of this section.

(h) Each state office, agency, or department seeking to purchase or lease a sport utility vehicle or four-wheel drive vehicle shall demonstrate to the satisfaction of the Director of General Services or the entity that purchases or leases vehicles that the vehicle is required to perform an essential function of the office, agency, or department. If it is so demonstrated, priority consideration shall be given to the purchase or lease of an alternative fuel or hybrid sports utility vehicle or four-wheel drive vehicle.

(i) Pursuant to Article IX of the California Constitution, this section shall not apply to the University of California except to the extent that the Regents of the University of California, by appropriate resolution, make this section applicable.

University, shall develop and implement, and submit to the Legislature and the Governor, a plan to improve the overall state fleet's use of alternative fuels, synthetic lubricants, and fuel-efficient vehicles by reducing or displacing the consumption of petroleum products by the state fleet when compared to the 2003 consumption level based on the following schedule:

(1) By January 1, 2012, a 10-percent reduction or displacement.

(2) By January 1, 2020, a 20-percent reduction or displacement.

(b) Beginning April 1, 2010, and annually thereafter, the Department of General Services shall provide to the Department of Finance and the appropriate legislative committees of the Legislature a progress report on meeting the goals specified in subdivision (a). The Department of General Services shall also make the progress report available on its Internet Web site.

SEC. 4. Section 25725 of the Public Resources Code is amended to read:

25725. When awarding a vehicle procurement contract, every city, county, city and county, and special district, including a school district and a community college district may evaluate and score fuel economy, in addition to other life-cycle factors, in choosing passenger cars or light-duty trucks, or both, with the lowest life-cycle costs.

SEC. 5. Section 25726 of the Public Resources Code is amended to read:

25726. (a) When awarding a vehicle procurement contract, every city, county, city and county, and special district, including a school district and a community college district may require that 75 percent of the passenger cars or light-duty trucks, or both, to be acquired be energy-efficient vehicles.

(b) "Energy-efficient vehicle" means either of the following:

(1) A vehicle that meets California's Super Ultra-Low Emission Vehicle (SULEV) standard for exhaust emissions and the federal inherently low-emission vehicle (ILEV) evaporative emission standard, as defined in Part 88 (commencing with Section 88.101-94) of Title 40 of the Code of Federal Regulations.

(2) A hybrid vehicle or an alternative fuel vehicle that meets California's advanced technology partial zero-emission vehicle (AT PZEV) standard for criteria pollutant emissions.

CHAPTER 594

An act to amend Sections 19410 and 19605.51 of, and to add Sections 19410.7, 19605.25, and 19605.54 to, the Business and Professions Code, relating to horse racing, and making an appropriation therefor.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Although there are over 18,000 lottery outlets, more than 90 gambling establishments, and more than 60 tribal casinos, there are only 33 places to make a wager on a horse race in the State of California. Yet horse racing employs over 45,000 people in the state.

(b) With a population of over 35,000,000 people, the horse racing industry needs many more wagering sites to adequately serve the people of the state.

(c) It is the intent of the Legislature, in enacting this measure, to make the sport of horse racing more accessible to the citizens of this state.

SEC. 2. Section 19410 of the Business and Professions Code is amended to read:

19410. "Inclosure" means all areas of the racing association's or fair's grounds and locations, as designated by the racing association or fair licensed to conduct a live racing meeting and approved by the board.

SEC. 3. Section 19410.7 is added to the Business and Professions Code, to read:

19410.7. "Minisatellite wagering site" means a location where satellite wagering may be conducted, with the approval of the board, provided that the wagering occurs in an area that is restricted to those who are 21 years of age or older.

SEC. 4. Section 19605.25 is added to the Business and Professions Code, to read:

19605.25. (a) The California Horse Racing Board may approve an additional 15 minisatellite wagering sites in each zone, if all of the following conditions are met:

(1) No site is within 20 miles of a racetrack, a satellite wagering facility, or a tribal casino that has a satellite wagering facility. If the proposed facility is within 20 miles of one of the above-referenced satellite facilities, then the consent of each facility within a 20-mile radius must be given before the proposed facility may be approved by the board.

(2) An agreement in accordance with subdivision (a) of Section 19605.3 has been executed and approved by the board. In addition to the requirements set forth in that provision, the agreement shall specify which components of its racing program, including live, out-of-zone, out-of-state, and out-of-country races, an association or fair will make available to the site. The terms and condition of the agreement, including all fees payable pursuant to paragraph (3) of that provision, a portion of which may be paid to horsemen in the form of purses, shall be subject to the approval of the horsemen's organization responsible for negotiating purse agreements with the association or fair.

(3) The site is approved by the board.

(4) The wagers are accepted in an area that is accessible only to those who are at least 21 years of age.

(5) The board has approved the accommodation, equipment used in conducting wagering at the site, communications system, technology, and method used by the site to accept wagers and transmit odds, results, and other data related to wagering.

(b) Parimutuel clerks shall be available to service the self-service tote machines at these locations, and to cash wagering vouchers on a regularly scheduled basis.

(c) Until January 1, 2013, if the proposed minisatellite wagering site is in the northern zone in a fair district where the fair has operated a satellite wagering facility for the previous five years, the approval of the fair must be obtained even if the proposed location is more than 20 miles from the existing satellite wagering facility operated by the fair.

(d) For purposes of commissions, deductions, and distribution of handle, wagers placed at minisatellite sites shall be treated as if they were placed at satellite wagering facilities authorized under Section 19605, 19605.1, or 19605.2. Section 19608.4 shall apply to minisatellite wagering facilities.

(e) The written consent of the San Mateo County Fair shall be obtained prior to the approval of any minisatellite wagering site located within a 20-mile radius of its fairground.

(f) Minisatellite wagering facilities created pursuant to this section are not eligible for satellite wagering commission distributions pursuant to Section 19604.

(g) The board shall adopt emergency regulations to implement these new facilities on or before April 1, 2008. The board, in adopting these regulations, shall minimize the expense to both the operator of the minisatellite facility and the host racetrack.

(h) If there are more than 15 applications for minisatellite wagering facilities in any zone, the board shall determine which facilities will generate the largest handle, and give priority to the approval of those

facilities. The board shall license a minisatellite facility for two years, and then review the operation and the size of the handle, and determine if it is in the best interest of horse racing to relicense the facility or, in the alternative, license another minisatellite facility that might generate a greater handle.

(i) Except as may be provided in the agreement required pursuant to paragraph (2) of subdivision (a), no association or fair shall be required to make all or part of its racing program available to a minisatellite wagering facility. Notwithstanding subdivision (e) of Section 19608.2, all costs incurred by the organization executing that agreement in excess of the amounts distributable to the organization from wagers placed at the site on that racing program, shall be borne by the minisatellite wagering facility.

SEC. 5. Section 19605.51 of the Business and Professions Code is amended to read:

19605.51. Notwithstanding subdivision (a) of Section 19605, and Section 19605.1, any fair that operated a satellite wagering facility on July 1, 2007, may, with the approval of the Department of Food and Agriculture and the authorization of the board, subject to the conditions specified in Section 19605.3, operate a satellite wagering facility on leased premises within the boundaries of that fair. Any fair that did not operate a satellite wagering facility on July 1, 2007, may, subject to Sections 19605 and 19605.1, operate one satellite wagering facility either on the property of the fairgrounds, or on leased premises.

SEC. 6. Section 19605.54 is added to the Business and Professions Code, to read:

19605.54. Any racetrack in the central zone that conducted racing in 2007 but that has since closed may continue to conduct satellite wagering. If the racetrack site is no longer available for use as a satellite wagering facility, then the owner of the racetrack may conduct satellite racing at another location within that city, subject to approval by the board. If the owners of the racetrack which last conducted racing at that facility determine that they do not wish to operate a satellite wagering facility, then any other racetrack conducting racing in that zone may instead be authorized to open a satellite wagering facility. If there is no other racing association that wishes to operate a satellite wagering facility in that city, then any other person or entity may seek the approval of the board to operate a satellite wagering facility in that city. The board, prior to granting its approval, shall conduct a hearing on the issue, and afford parties the opportunity to be heard.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.6 of the Civil Code is amended to read:

798.6. "Park" is a manufactured housing community as defined in Section 18210.7 of the Health and Safety Code, or a mobilehome park.

SEC. 1.5. Section 53583.5 is added to the Government Code, to read:

53583.5. If the original bonds to be refunded under this article were issued under Section 33760, 34312, or 52080 of the Health and Safety Code, the refunding bonds shall require a regulatory agreement that complies with subdivision (d) of Section 33760 of, or paragraph (2) of subdivision (d) of Section 34312 of, or subdivision (g) of Section 52080 of, the Health and Safety Code.

SEC. 2. Section 65583 of the Government Code is amended to read:

65583. The housing element shall consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing. The housing element shall identify adequate sites for housing, including rental housing, factory-built housing, and mobilehomes, and shall make adequate provision for the existing and projected needs of all economic segments of the community. The element shall contain all of the following:

(a) An assessment of housing needs and an inventory of resources and constraints relevant to the meeting of these needs. The assessment and inventory shall include all of the following:

(1) An analysis of population and employment trends and documentation of projections and a quantification of the locality's existing and projected housing needs for all income levels, including extremely low income households, as defined in subdivision (b) of Section 50105 and Section 50106 of the Health and Safety Code. These existing and projected needs shall include the locality's share of the regional housing need in accordance with Section 65584. Local agencies shall calculate the subset of very low income households allotted under Section 65584 that qualify as extremely low income households. The local agency may either use available census data to calculate the percentage of very low income households that qualify as extremely low income households or presume that 50 percent of the very low income households qualify as extremely low income households. The number of extremely low income households and very low income households shall equal the jurisdiction's allocation of very low income households pursuant to Section 65584.

(2) An analysis and documentation of household characteristics, including level of payment compared to ability to pay, housing characteristics, including overcrowding, and housing stock condition.

(3) An inventory of land suitable for residential development, including vacant sites and sites having potential for redevelopment, and an analysis of the relationship of zoning and public facilities and services to these sites.

(4) An analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the types of housing identified in paragraph (1) of subdivision (c), and for persons with disabilities as identified in the analysis pursuant to paragraph (6), including land use controls, building codes and their enforcement, site improvements, fees and other exactions required of developers, and local processing and permit procedures. The analysis shall also demonstrate local efforts to remove governmental constraints that hinder the locality from meeting its share of the regional housing need in accordance with Section 65584 and from meeting the need for housing for persons with disabilities identified pursuant to paragraph (6).

(5) An analysis of potential and actual nongovernmental constraints upon the maintenance, improvement, or development of housing for all income levels, including the availability of financing, the price of land, and the cost of construction.

(6) An analysis of any special housing needs, such as those of the elderly, persons with disabilities, large families, farmworkers, families with female heads of households, and families and persons in need of emergency shelter.

(7) An analysis of opportunities for energy conservation with respect to residential development.

(8) An analysis of existing assisted housing developments that are eligible to change from low-income housing uses during the next 10 years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use. "Assisted housing developments," for the purpose of this section, shall mean multifamily rental housing that receives governmental assistance under federal programs listed in subdivision (a) of Section 65863.10, state and local multifamily revenue bond programs, local redevelopment programs, the federal Community Development Block Grant Program, or local in-lieu fees. "Assisted housing developments" shall also include multifamily rental units that were developed pursuant to a local inclusionary housing program or used to qualify for a density bonus pursuant to Section 65916.

(A) The analysis shall include a listing of each development by project name and address, the type of governmental assistance received, the earliest possible date of change from low-income use and the total number of elderly and nonelderly units that could be lost from the locality's low-income housing stock in each year during the 10-year period. For purposes of state and federally funded projects, the analysis required by this subparagraph need only contain information available on a statewide basis.

(B) The analysis shall estimate the total cost of producing new rental housing that is comparable in size and rent levels, to replace the units that could change from low-income use, and an estimated cost of preserving the assisted housing developments. This cost analysis for replacement housing may be done aggregately for each five-year period and does not have to contain a project-by-project cost estimate.

(C) The analysis shall identify public and private nonprofit corporations known to the local government which have legal and managerial capacity to acquire and manage these housing developments.

(D) The analysis shall identify and consider the use of all federal, state, and local financing and subsidy programs which can be used to preserve, for lower income households, the assisted housing developments, identified in this paragraph, including, but not limited to, federal Community Development Block Grant Program funds, tax increment funds received by a redevelopment agency of the community, and administrative fees received by a housing authority operating within the community. In considering the use of these financing and subsidy

programs, the analysis shall identify the amounts of funds under each available program which have not been legally obligated for other purposes and which could be available for use in preserving assisted housing developments.

(b) (1) A statement of the community's goals, quantified objectives, and policies relative to the maintenance, preservation, improvement, and development of housing.

(2) It is recognized that the total housing needs identified pursuant to subdivision (a) may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements outlined in Article 5 (commencing with Section 65300). Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category, including extremely low income, that can be constructed, rehabilitated, and conserved over a five-year time period.

(c) A program which sets forth a five-year schedule of actions the local government is undertaking or intends to undertake to implement the policies and achieve the goals and objectives of the housing element through the administration of land use and development controls, provision of regulatory concessions and incentives, and the utilization of appropriate federal and state financing and subsidy programs when available and the utilization of moneys in a low- and moderate-income housing fund of an agency if the locality has established a redevelopment project area pursuant to the Community Redevelopment Law (Division 24 (commencing with Section 33000) of the Health and Safety Code). In order to make adequate provision for the housing needs of all economic segments of the community, the program shall do all of the following:

(1) Identify actions that will be taken to make sites available during the planning period of the general plan with appropriate zoning and development standards and with services and facilities to accommodate that portion of the city's or county's share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory completed pursuant to paragraph (3) of subdivision (a) without rezoning, and to comply with the requirements of Section 65584.09. Sites shall be identified as needed to facilitate and encourage the development of a variety of types of housing for all income levels, including multifamily rental housing, factory-built housing, mobilehomes, housing for agricultural employees, supportive housing, single-room occupancy units, emergency shelters, and transitional housing.

(A) Where the inventory of sites, pursuant to paragraph (3) of subdivision (a), does not identify adequate sites to accommodate the need for groups of all household income levels pursuant to Section 65584,

the program shall identify sites that can be developed for housing within the planning period pursuant to subdivision (h) of Section 65583.2.

(B) Where the inventory of sites pursuant to paragraph (3) of subdivision (a) does not identify adequate sites to accommodate the need for farmworker housing, the program shall provide for sufficient sites to meet the need with zoning that permits farmworker housing use by right, including density and development standards that could accommodate and facilitate the feasibility of the development of farmworker housing for low- and very low income households.

(2) Assist in the development of adequate housing to meet the needs of extremely low, very low, low-, and moderate-income households.

(3) Address and, where appropriate and legally possible, remove governmental constraints to the maintenance, improvement, and development of housing, including housing for all income levels and housing for persons with disabilities. The program shall remove constraints to, and provide reasonable accommodations for housing designed for, intended for occupancy by, or with supportive services for, persons with disabilities.

(4) Conserve and improve the condition of the existing affordable housing stock, which may include addressing ways to mitigate the loss of dwelling units demolished by public or private action.

(5) Promote housing opportunities for all persons regardless of race, religion, sex, marital status, ancestry, national origin, color, familial status, or disability.

(6) Preserve for lower income households the assisted housing developments identified pursuant to paragraph (8) of subdivision (a). The program for preservation of the assisted housing developments shall utilize, to the extent necessary, all available federal, state, and local financing and subsidy programs identified in paragraph (8) of subdivision (a), except where a community has other urgent needs for which alternative funding sources are not available. The program may include strategies that involve local regulation and technical assistance.

(7) The program shall include an identification of the agencies and officials responsible for the implementation of the various actions and the means by which consistency will be achieved with other general plan elements and community goals. The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element, and the program shall describe this effort.

(d) Except as otherwise provided in this article, amendments to this article that alter the required content of a housing element shall apply to both of the following:

(1) A housing element or housing element amendment prepared pursuant to subdivision (e) of Section 65588 or Section 65584.02, where a city, county, or city and county submits a first draft to the department for review pursuant to Section 65585 more than 90 days after the effective date of the amendment to this section.

(2) Any housing element or housing element amendment prepared pursuant to subdivision (e) of Section 65588 or Section 65584.02, where the city, county, or city and county fails to submit the first draft to the department before the due date specified in Section 65588 or 65584.02.

SEC. 3. Section 65584.5 of the Government Code is repealed.

SEC. 4. Section 65863.7 of the Government Code is amended to read:

65863.7. (a) Prior to the conversion of a mobilehome park to another use, except pursuant to the Subdivision Map Act (Division 2 (commencing with Section 66410) of Title 7), or prior to closure of a mobilehome park or cessation of use of the land as a mobilehome park, the person or entity proposing the change in use shall file a report on the impact of the conversion, closure, or cessation of use upon the displaced residents of the mobilehome park to be converted or closed. In determining the impact of the conversion, closure, or cessation of use on displaced mobilehome park residents, the report shall address the availability of adequate replacement housing in mobilehome parks and relocation costs.

(b) The person proposing the change in use shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at least 15 days prior to the hearing, if any, on the impact report by the advisory agency, or if there is no advisory agency, by the legislative body.

(c) When the impact report is filed prior to the closure or cessation of use, the person or entity proposing the change shall provide a copy of the report to a resident of each mobilehome in the mobilehome park at the same time as the notice of the change is provided to the residents pursuant to paragraph (2) of subdivision (g) of Section 798.56 of the Civil Code.

(d) When the impact report is filed prior to the closure or cessation of use, the person or entity filing the report or park resident may request, and shall have a right to, a hearing before the legislative body on the sufficiency of the report.

(e) The legislative body, or its delegated advisory agency, shall review the report, prior to any change of use, and may require, as a condition of the change, the person or entity to take steps to mitigate any adverse impact of the conversion, closure, or cessation of use on the ability of displaced mobilehome park residents to find adequate housing in a

mobilehome park. The steps required to be taken to mitigate shall not exceed the reasonable costs of relocation.

(f) If the closure or cessation of use of a mobilehome park results from an adjudication of bankruptcy, the provisions of this section shall not be applicable.

(g) The legislative body may establish reasonable fees pursuant to Section 66016 to cover any costs incurred by the local agency in implementing this section and Section 65863.8. Those fees shall be paid by the person or entity proposing the change in use.

(h) This section is applicable to charter cities.

(i) This section is applicable when the closure, cessation, or change of use is the result of a decision by a local governmental entity or planning agency not to renew a conditional use permit or zoning variance under which the mobilehome park has operated, or as a result of any other zoning or planning decision, action, or inaction. In this case, the local governmental agency is the person proposing the change in use for the purposes of preparing the impact report required by this section and is required to take steps to mitigate the adverse impact of the change as may be required in subdivision (e).

(j) This section is applicable when the closure, cessation, or change of use is the result of a decision by an enforcement agency, as defined in Section 18207 of the Health and Safety Code, to suspend the permit to operate the mobilehome park. In this case, the mobilehome park owner is the person proposing the change in use for purposes of preparing the impact report required by this section and is required to take steps to mitigate the adverse impact of the change as may be required in subdivision (e).

(3) A statement that the owner will make available to each of the type of entities listed in subdivision (d), within 15 business days of receiving a request therefor, itemized lists of monthly operating expenses, capital improvements as determined by the owner made within each of the two preceding calendar years, the amount of project reserves, and copies of the two most recent financial and physical inspection reports on the development, if any, filed with the federal, state, or local agencies.

(4) A statement that the owner will make available to each of the entities listed in subdivision (d), within 15 business days of a request therefor, the most recent rent roll listing the rent paid for each unit and the subsidy, if any, paid by a governmental agency as of the date the notice of intent was made pursuant to Section 65863.10, and a statement of the vacancy rate at the development for each of the two preceding calendar years.

(5) A statement that the owner has satisfied all notice requirements pursuant to subdivision (b) of Section 65863.10, unless the notice of opportunity to submit an offer to purchase is delivered more than 12 months prior to the anticipated date of termination, prepayment, or expiration of rental restrictions.

(i) If a qualified entity elects to purchase an assisted housing development, it shall make a bona fide offer to purchase the development. A qualified entity's bona fide offer to purchase shall identify whether it is a tenant association, nonprofit organization, public agency, or

profit-motivated organizations or individuals and shall certify, under penalty of perjury, that it is qualified pursuant to subdivision (e). During the first 180 days from the date of an owner's bona fide notice of the opportunity to submit an offer to purchase, an owner shall accept a bona fide offer to purchase only from a qualified entity. During this 180-day period, the owner shall not accept offers from any other entity.

(j) When a bona fide offer to purchase has been made to an owner, and the offer is accepted, a purchase agreement shall be executed.

(k) Either the owner or the qualified entity may request that the fair market value of the property, as a development, be determined by an independent appraiser qualified to perform multifamily housing appraisals, who shall be selected and paid by the requesting party. All appraisers shall possess qualifications equivalent to those required by the members of the Appraisers Institute. This appraisal shall be nonbinding on either party with respect to the sales price of the development offered in the bona fide offer to purchase, or the acceptance or rejection of the offer.

(*l*) During the 180-day period following the initial 180-day period required pursuant to subdivision (i), an owner may accept an offer from a person or an entity that does not qualify under subdivision (e). This acceptance shall be made subject to the owner providing each qualified entity that made a bona fide offer to purchase the first opportunity to purchase the development at the same terms and conditions as the pending offer to purchase, unless these terms and conditions are modified by mutual consent. The owner shall notify in writing those qualified entities of the terms and conditions of the pending offer to purchase, sent by registered or certified mail, return receipt requested. The qualified entity shall have 30 days from the date the notice is mailed to submit a bona fide offer to purchase and that offer shall be accepted by the owner. The owner shall not be required to comply with the provisions of this subdivision if the person or the entity making the offer during this time period agrees to maintain the development for persons and families of very low, low, and moderate income in accordance with paragraph (2) of subdivision (e). The owner shall notify the department regarding how the buyer is meeting the requirements of paragraph (2) of subdivision (e).

(m) This section shall not apply to any of the following: a government taking by eminent domain or negotiated purchase; a forced sale pursuant to a foreclosure; a transfer by gift, devise, or operation of law; a sale to a person who would be included within the table of descent and distribution if there were to be a death intestate of an owner; or an owner who certifies, under penalty of perjury, the existence of a financial emergency during the period covered by the first right of refusal requiring

immediate access to the proceeds of the sale of the development. The certification shall be made pursuant to subdivision (p).

(n) Prior to the close of escrow, an owner selling, leasing, or otherwise disposing of a development to a purchaser who does not qualify under subdivision (e) shall certify under penalty of perjury that the owner has complied with all provisions of this section and Section 65863.10. This certification shall be recorded and shall contain a legal description of the property, shall be indexed to the name of the owner as grantor, and may be relied upon by good faith purchasers and encumbrances for value and without notice of a failure to comply with the provisions of this section.

Any person or entity acting solely in the capacity of an escrow agent for the transfer of real property subject to this section shall not be liable for any failure to comply with this section unless the escrow agent either had actual knowledge of the requirements of this section or acted contrary to written escrow instructions concerning the provisions of this section.

(o) The department shall undertake the following responsibilities and duties:

(1) Maintain a form containing a summary of rights and obligations under this section and make that information available to owners of assisted housing developments as well as to tenant associations, local nonprofit organizations, regional or national nonprofit organizations, public agencies, and other entities with an interest in preserving the state's subsidized housing.

(2) Compile, maintain, and update a list of entities in subdivision (d) that have either contacted the department with an expressed interest in purchasing a development in the subject area or have been identified by the department as potentially having an interest in participating in a right-of-first-refusal program. The department shall publicize the existence of the list statewide. Upon receipt of a notice of intent under Section 65863.10, the department shall make the list available to the owner proposing the termination, prepayment, or removal of government assistance or to the owner of an assisted housing development in which there will be the expiration of rental restrictions. If the department does not make the list available at any time, the owner shall only be required to send a written copy of the opportunity to submit an offer to purchase notice to the qualified entities which directly contact the owner and to post a copy of the notice in the common area pursuant to subdivision (g).

(p) (1) The provisions of this section may be enforced either in law or in equity by any qualified entity entitled to exercise the opportunity to purchase and right of first refusal under this section, that has been adversely affected by an owner's failure to comply with this section.

(2) An owner may rely on the statements, claims, or representations of any person or entity that the person or entity is a qualified entity as specified in subdivision (d), unless the owner has actual knowledge that the purchaser is not a qualified entity.

(3) If the person or entity is not an entity as specified in subdivision (d), that fact, in the absence of actual knowledge as described in paragraph (2), shall not give rise to any claim against the owner for a violation of this section.

(q) It is the intent of the Legislature that the provisions of this section are in addition to, but not preemptive of, applicable federal laws governing the sale, or other disposition of a development that would result in either (1) a discontinuance of its use as an assisted housing development or (2) the termination or expiration of any low-income use restrictions that apply to the development.

(r) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2011, deletes or extends that date.

SEC. 4.5. Section 65863.13 of the Government Code is amended to read:

65863.13. (a) An owner shall not be required to provide a notice as required by Section 65863.10 or 65863.11 if all of the following conditions are contained in a regulatory agreement that has been or will be recorded against the property at the close of escrow of the sale of the property and the owner of the property complies with the requirements below during the escrow period:

(1) No low-income tenant whose rent was restricted and or subsidized and who resides in the development within 12 months of the date that the rent restrictions are, or subsidy is, scheduled to expire or terminate shall be involuntarily displaced on a permanent basis as a result of the action by the owner unless the tenant has breached the terms of the lease.

(2) The owner shall accept and fully utilize all renewals of project-based assistance under Section 8 of the United States Housing Act of 1937, if available, and if that assistance is at a level to maintain the project's fiscal viability. The property shall be deemed fiscally viable if the rents permitted under the terms of the assistance are not less than the regulated rent levels established pursuant to paragraph (7).

(3) The owner shall accept all enhanced Section 8 vouchers, if the tenants receive them, and all other Section 8 vouchers for future vacancies.

(4) The owner shall not terminate a tenancy of a low-income household at the end of a lease term without demonstrating a breach of the lease.

(5) The owner may, in selecting eligible applicants for admission, utilize criteria that permit consideration of the amount of income, as long as the owner adequately considers other factors relevant to an applicant's ability to pay rent.

(6) For assisted housing developments described in paragraph (3) of subdivision (a) of Section 65863.10, a new regulatory agreement, consistent with this section, is recorded that restricts the rents and incomes of the previously restricted units, except as provided in paragraph (7), (8), or (9), to an equal or greater level of affordability than previously required so that the units are affordable to households at the same or a lower percentage of area median income.

(7) For housing developments that have units with project-based rental assistance upon the effective date of prepayment and subsequently become unassisted by any form of rental assistance, rents shall not exceed 30 percent of 60 percent of the area median income. If any form of rental assistance is or becomes available, the owner shall apply for and accept, if awarded, the rental assistance. Rent and occupancy levels shall then be set in accordance with federal regulations for the rental assistance program.

(8) For units that do not have project-based rental assistance upon the effective date of prepayment of a federally insured, federally held, or formerly federally insured or held mortgage and subsequently remain unassisted or become unassisted by any form of rental assistance, rents shall not exceed the greater of (i) 30 percent of 50 percent of the area median income, or (ii) for projects insured under Section 241(f) of the National Housing Act, the regulated rents, expressed as a percentage of area median income. If any form of rental assistance is or becomes available, the owner shall apply for and accept, if awarded, the rental assistance. Rent and occupancy levels shall then be set in accordance with federal regulations governing the rental assistance program.

(9) If, upon the recordation of the new regulatory agreement, any unit governed by regulatory agreement is occupied by a household whose income exceeds the applicable limit, the rent for that household shall not exceed 30 percent of that household's adjusted income, provided that household's rent shall not be increased by more than 10 percent annually.

(b) As used in this section, "regulatory agreement" means an agreement with a governmental agency for the purposes of any governmental program, which agreement applies to the development that would be subject to the notice requirement in Section 65863.10 and which obligates the owner and any successors in interest to maintain the affordability of the assisted housing development for households of very low, low, or moderate income for the greater of the term of the existing

federal, state, or local government assistance specified in subdivision (a) of Section 65863.10 or 30 years.

(c) Section 65863.11 shall not apply to any development for which the owner is exempt from the notice requirements of Section 65863.10 pursuant to this section.

(d) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

SEC. 5. Section 17958.4 of the Health and Safety Code is amended to read:

17958.4. (a) Any city, county, or city and county, may, by ordinance, establish a date by which all residential real property with security window bars on bedroom windows shall meet current state and local requirements for safety release mechanisms on security window bars consistent with the applicable standards in the 1995 edition of the California Building Standards Code, or, for safety release mechanisms on security window bars installed on or after January 1, 2008, the current edition of the California Building Standards Code, and any changes thereto made by the city, county, or city and county pursuant to Section 17958.

(b) Disclosures of the existence of any safety release mechanism on any security window bar shall be made in writing, and may be included in existing transactional documents, including, but not limited to, a real estate sales contract or receipt for deposit, or a transfer disclosure statement pursuant to Section 1102.6 or 1106.6a of the Civil Code.

(c) Enforcement of an ordinance adopted pursuant to subdivision (a) shall not apply as a condition of occupancy or at the time of any transfer that is subject to the Documentary Transfer Tax Act, Part 6.7 (commencing with Section 11901) of the Revenue and Taxation Code.

SEC. 6. Section 18210.7 is added to the Health and Safety Code, to read:

18210.7. (a) "Manufactured housing community" means any area or tract of land where two or more manufactured home lots are rented or leased, held out for rent or lease, or were formerly held out for rent or lease and later converted to a subdivision, cooperative, condominium, or other form of resident ownership, only to accommodate the use of manufactured homes constructed pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 and following) or mobilehomes containing two or more dwelling units for human habitation. The rental paid for a manufactured home shall be deemed to include rental for the lot it occupies.

(b) Notwithstanding subdivision (a), an area or tract of land zoned for agricultural purposes where two or more manufactured home lots

are rented or leased, held out for rent or lease, or provided as a term or condition of employment to accommodate manufactured homes or mobilehomes used for the purpose of housing 12 or fewer agricultural employees, shall not be deemed a manufactured housing community.

(c) Notwithstanding subdivision (a), an area or tract of land shall not be deemed a mobilehome park if the structures on it consist of residential structures that are rented or leased, or held out for rent or lease, if those residential structures meet both of the following requirements:

(1) The residential structures are manufactured homes constructed pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 and following) or mobilehomes containing two or more dwelling units for human habitation.

(2) Those manufactured homes or mobilehomes have been approved by a city, county, or city and county pursuant to subdivision (d) of Section 17951 as an alternate for which the requirements are at least equivalent to the requirements prescribed in the California Building Standards Code or Part 1.5 (commencing with Section 17910) for performance, safety, and the protection of life and health.

SEC. 7. Part 2.2 (commencing with Section 18800) of Division 13 of the Health and Safety Code is repealed.

SEC. 8. Section 19205 of the Health and Safety Code is repealed.

SEC. 9. Part 5 (commencing with Section 19950) of Division 13 of the Health and Safety Code is repealed.

SEC. 9.2. Section 33334.3 of the Health and Safety Code is amended to read:

33334.3. (a) The funds that are required by Section 33334.2 or 33334.6 to be used for the purposes of increasing and improving the community's supply of low- and moderate-income housing shall be held in a separate Low and Moderate Income Housing Fund until used.

(b) Any interest earned by the Low and Moderate Income Housing Fund and any repayments or other income to the agency for loans, advances, or grants, of any kind from the Low and Moderate Income Housing Fund, shall accrue to and be deposited in, the fund and may only be used in the manner prescribed for the Low and Moderate Income Housing Fund.

(c) The moneys in the Low and Moderate Income Housing Fund shall be used to increase, improve, and preserve the supply of low- and moderate-income housing within the territorial jurisdiction of the agency.

(d) It is the intent of the Legislature that the Low and Moderate Income Housing Fund be used to the maximum extent possible to defray the costs of production, improvement, and preservation of low- and moderate-income housing and that the amount of money spent for

planning and general administrative activities associated with the development, improvement, and preservation of that housing not be disproportionate to the amount actually spent for the costs of production, improvement, or preservation of that housing. The agency shall determine annually that the planning and administrative expenses are necessary for the production, improvement, or preservation of low- and moderate-income housing.

(e) (1) Planning and general administrative costs which may be paid with moneys from the Low and Moderate Income Housing Fund are those expenses incurred by the agency which are directly related to the programs and activities authorized under subdivision (e) of Section 33334.2 and are limited to the following:

(A) Costs incurred for salaries, wages, and related costs of the agency's staff or for services provided through interagency agreements, and agreements with contractors, including usual indirect costs related thereto.

(B) Costs incurred by a nonprofit corporation which are not directly attributable to a specific project.

(2) Legal, architectural, and engineering costs and other salaries, wages, and costs directly related to the planning and execution of a specific project which are authorized under subdivision (e) of Section 33334.2 and which are incurred by a nonprofit housing sponsor are not planning and administrative costs for the purposes of this section, but are instead project costs.

(f) (1) The requirements of this subdivision apply to all new or substantially rehabilitated housing units developed or otherwise assisted, with moneys from the Low and Moderate Income Housing Fund, pursuant to an agreement approved by an agency on or after January 1, 1988. Except to the extent a longer period of time may be required by other provisions of law, the agency shall require that housing units subject to this subdivision shall remain available at affordable housing cost to, and occupied by, persons and families of low or moderate income and very low income and extremely low income households for the longest feasible time, but for not less than the following periods of time:

(A) Fifty-five years for rental units. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (A) the replacement units are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (B) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(B) Forty-five years for owner-occupied units. However, the agency may permit sales of owner-occupied units prior to the expiration of the

45-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program which protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program which establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency and deposited in the Low and Moderate Income Housing Fund. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(C) Fifteen years for mutual self-help housing units that are occupied by and affordable to very low and low-income households. However, the agency may permit sales of mutual self-help housing units prior to expiration of the 15-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that (i) protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds based on the length of occupancy; and (ii) ensures through a recorded regulatory agreement, deed of trust, or similar recorded instrument that if a mutual self-help housing unit is sold at any time after expiration of the 15-year period and prior to 45 years after the date of recording of the covenants or restrictions required pursuant to paragraph (2), the agency recovers, at a minimum, its original principal from the Low and Moderate Income Housing Fund from the proceeds of the sale and deposits those funds into the Low and Moderate Income Housing Fund. The remainder of the excess proceeds of the sale not retained by the seller shall be allocated to the agency and deposited in the Low and Moderate Income Housing Fund. For the purposes of this subparagraph, "mutual self-help housing unit" means an owner-occupied housing unit for which persons and families of very low and low income contribute no fewer than 500 hours of their own labor in individual or group efforts to provide a decent, safe, and sanitary ownership housing unit for themselves, their families, and others authorized to occupy that unit. Nothing in this subparagraph precludes the agency and the developer of the mutual self-help housing units from agreeing to 45-year deed restrictions.

(D) If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(2) The agency shall require the recording in the office of the county recorder of covenants or restrictions implementing this subdivision for each parcel or unit of real property subject to this subdivision.

Notwithstanding any other provision of law, the covenants or restrictions shall run with the land and shall be enforceable, against the original owner and successors in interest, by the agency or the community.

(g) "Housing," as used in this section, includes residential hotels, as defined in subdivision (k) of Section 37912. The definitions of "lower income households," "very low income households," and "extremely low income households" in Sections 50079.5, 50105, and 50106 shall apply to this section. "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

(h) "Increasing, improving, and preserving the community's supply of low- and moderate-income housing," as used in this section and in Section 33334.2, includes the preservation of rental housing units assisted by federal, state, or local government on the condition that units remain affordable to, and occupied by, low- and moderate-income households, including extremely low and very low income households, for the longest feasible time, but not less than 55 years, beyond the date the subsidies and use restrictions could be terminated and the assisted housing units converted to market rate rentals. In preserving these units the agency shall require that the units remain affordable to, and occupied by, persons and families of low- and moderate-income and extremely low and very low income households for the longest feasible time but not less than 55 years. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (1) the replacement units in another location are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (2) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(i) Agencies that have more than one project area may satisfy the requirements of Sections 33334.2 and 33334.6 and of this section by allocating, in any fiscal year, less than 20 percent in one project area, if the difference between the amount allocated and the 20 percent required is instead allocated, in that same fiscal year, to the Low and Moderate Income Housing Fund from tax increment revenues from other project areas. Prior to allocating funds pursuant to this subdivision, the agency shall make the finding required by subdivision (g) of Section 33334.2.

(j) Funds from the Low and Moderate Income Housing Fund shall not be used to the extent that other reasonable means of private or commercial financing of the new or substantially rehabilitated units at the same level of affordability and quantity are reasonably available to the agency or to the owner of the units. Prior to the expenditure of funds from the Low and Moderate Income Housing Fund for new or substantially rehabilitated housing units, where those funds will exceed

50 percent of the cost of producing the units, the agency shall find, based on substantial evidence, that the use of the funds is necessary because the agency or owner of the units has made a good faith attempt but been unable to obtain commercial or private means of financing the units at the same level of affordability and quantity.

SEC. 9.3. Section 33334.3 of the Health and Safety Code is amended to read:

33334.3. (a) The funds that are required by Section 33334.2 or 33334.6 to be used for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing shall be held in a separate Low and Moderate Income Housing Fund until used.

(b) Any interest earned by the Low and Moderate Income Housing Fund and any repayments or other income to the agency for loans, advances, or grants, of any kind from the Low and Moderate Income Housing Fund, shall accrue to and be deposited in, the fund and may only be used in the manner prescribed for the Low and Moderate Income Housing Fund.

(c) The moneys in the Low and Moderate Income Housing Fund shall be used to increase, improve, and preserve the supply of low- and moderate-income housing within the territorial jurisdiction of the agency.

(d) It is the intent of the Legislature that the Low and Moderate Income Housing Fund be used to the maximum extent possible to defray the costs of production, improvement, and preservation of low- and moderate-income housing and that the amount of money spent for planning and general administrative activities associated with the development, improvement, and preservation of that housing not be disproportionate to the amount actually spent for the costs of production, improvement, or preservation of that housing. The agency shall determine annually that the planning and administrative expenses are necessary for the production, improvement, or preservation of low- and moderate-income housing.

(e) (1) Planning and general administrative costs which may be paid with moneys from the Low and Moderate Income Housing Fund are those expenses incurred by the agency which are directly related to the programs and activities authorized under subdivision (e) of Section 33334.2 and are limited to the following:

(A) Costs incurred for salaries, wages, and related costs of the agency's staff or for services provided through interagency agreements, and agreements with contractors, including usual indirect costs related thereto.

(B) Costs incurred by a nonprofit corporation which are not directly attributable to a specific project.

(2) Legal, architectural, and engineering costs and other salaries, wages, and costs directly related to the planning and execution of a specific project that are authorized under subdivision (e) of Section 33334.2 and that are incurred by a nonprofit housing sponsor are not planning and administrative costs for the purposes of this section, but are instead project costs.

(f) (1) The requirements of this subdivision apply to all new or substantially rehabilitated housing units developed or otherwise assisted with moneys from the Low and Moderate Income Housing Fund, pursuant to an agreement approved by an agency on or after January 1, 1988. Except to the extent that a longer period of time may be required by other provisions of law, the agency shall require that housing units subject to this subdivision shall remain available at affordable housing cost to, and occupied by, persons and families of low or moderate income, and very low income and extremely low income households, for the longest feasible time, but for not less than the following periods of time:

(A) Fifty-five years for rental units. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (i) the replacement units are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (ii) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(B) Forty-five years for owner-occupied units. However, the agency may permit sales of owner-occupied units prior to the expiration of the 45-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program which protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program which establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency and deposited in the Low and Moderate Income Housing Fund. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(C) Fifteen years for mutual self-help housing units that are occupied by and affordable to very low and low-income households. However, the agency may permit sales of mutual self-help housing units prior to expiration of the 15-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that (i) protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits

retention by the seller of a portion of those excess proceeds based on the length of occupancy; and (ii) ensures through a recorded regulatory agreement, deed of trust, or similar recorded instrument that if a mutual self-help housing unit is sold at any time after expiration of the 15-year period and prior to 45 years after the date of recording of the covenants or restrictions required pursuant to paragraph (2), the agency recovers, at a minimum, its original principal from the Low and Moderate Income Housing Fund from the proceeds of the sale and deposits those funds into the Low and Moderate Income Housing Fund. The remainder of the excess proceeds of the sale not retained by the seller shall be allocated to the agency and deposited in the Low and Moderate Income Housing Fund. For the purposes of this subparagraph, "mutual self-help housing unit" means an owner-occupied housing unit for which persons and families of very low and low income contribute no fewer than 500 hours of their own labor in individual or group efforts to provide a decent, safe, and sanitary ownership housing unit for themselves, their families, and others authorized to occupy that unit. Nothing in this subparagraph precludes the agency and the developer of the mutual self-help housing units from agreeing to 45-year deed restrictions.

(2) If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(3) The agency shall require the recording in the office of the county recorder of the following documents:

(A) The covenants or restrictions implementing this subdivision for each parcel or unit of real property subject to this subdivision. The agency shall obtain and maintain a copy of the recorded covenants or restrictions for not less than the life of the covenant or restriction.

(B) For all new or substantially rehabilitated units developed or otherwise assisted with moneys from the Low and Moderate Income Housing Fund on or after January 1, 2008, a separate document called the "Notice of Affordability Restrictions on Transfer of Property," set forth in 14-point type or larger. This document shall contain all of the following information:

(i) A recitation of the affordability covenants or restrictions. If the document recorded under this subparagraph is recorded concurrently with the covenants or restrictions recorded under subparagraph (A), the recitation of the affordability covenants or restrictions shall also reference the concurrently recorded document. If the document recorded under this subparagraph is not recorded concurrently with the covenants or restrictions recorded under subparagraph (A), the recitation of the affordability covenants or restrictions shall also reference the recorder's

identification number of the document recorded under subparagraph (A).

(ii) The date the covenants or restrictions expire.

(iii) The street address of the property, including, if applicable, the unit number.

(iv) The assessor's parcel number for the property.

(v) The legal description of the property.

(4) The agency shall require the recording of the document required under subparagraph (B) of paragraph (3) not more than 30 days after the date of recordation of the covenants or restrictions required under subparagraph (A) of paragraph (3).

(5) The county recorder shall index the documents required to be recorded under paragraph (3) by the agency and current owner.

(6) Notwithstanding Section 27383 of the Government Code, a county recorder may charge all authorized recording fees to any party, including a public agency, for recording the document specified in subparagraph (B) of paragraph (3).

(7) Notwithstanding any other provision of law, the covenants or restrictions implementing this subdivision shall run with the land and shall be enforceable against any owner who violates a covenant or restriction and each successor in interest who continues the violation, by any of the following:

(A) The agency.

(B) The community, as defined in Section 33002.

(C) A resident of a unit subject to this subdivision.

(D) A residents' association with members who reside in units subject to this subdivision.

(E) A former resident of a unit subject to this subdivision who last resided in that unit.

(F) An applicant seeking to enforce the covenants or restrictions for a particular unit that is subject to this subdivision, if the applicant conforms to all of the following:

(i) Is of low or moderate income, as defined in Section 50093.

(ii) Is able and willing to occupy that particular unit.

(iii) Was denied occupancy of that particular unit due to an alleged breach of a covenant or restriction implementing this subdivision.

(G) A person on an affordable housing waiting list who is of low or moderate income, as defined in Section 50093, and who is able and willing to occupy a unit subject to this subdivision.

(8) A dwelling unit shall not be counted as satisfying the affordable housing requirements of this part, unless covenants for that dwelling unit are recorded in compliance with subparagraph (A) of paragraph (3).

(9) Failure to comply with the requirements of subparagraph (B) of paragraph (3) shall not invalidate any covenants or restrictions recorded pursuant to subparagraph (A) of paragraph (3).

(g) "Housing," as used in this section, includes residential hotels, as defined in subdivision (k) of Section 37912. The definitions of "lower income households," "very low income households," and "extremely low income households" in Sections 50079.5, 50105, and 50106 shall apply to this section. "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

(h) "Increasing, improving, and preserving the community's supply of low- and moderate-income housing," as used in this section and in Section 33334.2, includes the preservation of rental housing units assisted by federal, state, or local government on the condition that units remain affordable to, and occupied by, low- and moderate-income households, including extremely low and very low income households, for the longest feasible time, but not less than 55 years, beyond the date the subsidies and use restrictions could be terminated and the assisted housing units converted to market rate rentals. In preserving these units the agency shall require that the units remain affordable to, and occupied by, persons and families of low- and moderate-income and extremely low and very low income households for the longest feasible time but not less than 55 years. However, the agency may replace rental units with equally affordable and comparable rental units in another location within the community if (1) the replacement units in another location are available for occupancy prior to the displacement of any persons and families of low or moderate income residing in the units to be replaced and (2) the comparable replacement units are not developed with moneys from the Low and Moderate Income Housing Fund.

(i) Agencies that have more than one project area may satisfy the requirements of Sections 33334.2 and 33334.6 and of this section by allocating, in any fiscal year, less than 20 percent in one project area, if the difference between the amount allocated and the 20 percent required is instead allocated, in that same fiscal year, to the Low and Moderate Income Housing Fund from tax increment revenues from other project areas. Prior to allocating funds pursuant to this subdivision, the agency shall make the finding required by subdivision (g) of Section 33334.2.

(j) Funds from the Low and Moderate Income Housing Fund shall not be used to the extent that other reasonable means of private or commercial financing of the new or substantially rehabilitated units at the same level of affordability and quantity are reasonably available to the agency or to the owner of the units. Prior to the expenditure of funds from the Low and Moderate Income Housing Fund for new or substantially rehabilitated housing units, where those funds will exceed

50 percent of the cost of producing the units, the agency shall find, based on substantial evidence, that the use of the funds is necessary because the agency or owner of the units has made a good faith attempt but been unable to obtain commercial or private means of financing the units at the same level of affordability and quantity.

SEC. 9.4. Section 33413 of the Health and Safety Code is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same or a lower income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed on or after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to persons in the same or a lower income category (low, very low, or moderate), as the persons displaced from those destroyed or removed units.

(b) (1) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10 at least 30 percent of all new and substantially rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10 at least 15 percent of all new and substantially rehabilitated dwelling units developed within a project area under the jurisdiction of an agency by public or private entities or persons other than the agency shall be available at affordable housing cost to, and occupied by, persons

and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing cost, to, and occupied by, persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have been required to be available inside a project area.

(iii) On or after January 1, 2002, as used in this paragraph and in paragraph (1), "substantially rehabilitated dwelling units" means all units substantially rehabilitated, with agency assistance. Prior to January 1, 2002, "substantially rehabilitated dwelling units" shall mean substantially rehabilitated multifamily rented dwelling units with three or more units regardless of whether there is agency assistance, or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units.

(iv) As used in this paragraph and in paragraph (1), "substantial rehabilitation" means rehabilitation, the value of which constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of the land value.

(v) To satisfy this paragraph, the agency may aggregate new or substantially rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase, or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of, long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons

and families of low or very low income, for the longest feasible time but not less than 55 years for rental units and 45 years for owner-occupied units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(D) To satisfy the requirements of paragraph (1) and subparagraph (A), each mutual self-help housing unit, as defined in subparagraph (C) of paragraph (1) of subdivision (f) of Section 33334.3, that is subject to a 15-year deed restriction shall count as one-third of a unit.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply, in the aggregate, to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units, unless an agency determines otherwise.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2), (3), and (4) of subdivision (a) of Section 33490.

(c) (1) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to, and occupied by, persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, but for not less than 55 years for rental units, 45 years for home ownership units, and 15 years for mutual self-help housing units, as defined in

subparagraph (C) of paragraph (1) of subdivision (f) of Section 33334.3, except as set forth in paragraph (2). Nothing in this paragraph precludes the agency and the developer of the mutual self-help housing units from agreeing to 45-year deed restrictions.

(2) Notwithstanding paragraph (1), the agency may permit sales of owner-occupied units prior to the expiration of the 45-year period, and mutual self-help housing units prior to the expiration of the 15-year period, established by the agency for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency, and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale pursuant to this paragraph of each home ownership or mutual self-help housing unit subject to a 45-year deed restriction, and every third mutual self-help housing unit subject to a 15-year deed restriction, expend funds to make affordable an equal number of units at the same or lowest income level as the unit or units sold pursuant to this paragraph, for a period not less than the duration of the original deed restrictions. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(3) The requirements of this section shall be made enforceable in the same manner as provided in paragraph (2) of subdivision (f) of Section 33334.3.

(4) If land on which the dwelling units required by this section are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas that are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976. In

addition, subdivision (b) shall apply to redevelopment plans adopted prior to January 1, 1976, for which an amendment is adopted pursuant to Section 33333.10, except that subdivision (b) shall apply to those redevelopment plans prospectively only so that the requirements of subdivision (b) shall apply only to new and substantially rehabilitated dwelling units for which the building permits are issued on or after the date that the ordinance adopting the amendment pursuant to Section 33333.10 becomes effective.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

SEC. 9.5. Section 33413 of the Health and Safety Code is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project that is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units that have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units

available at affordable housing cost in the same or a lower income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units. When dwelling units are destroyed or removed on or after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to persons in the same or a lower income category (low, very low, or moderate), as the persons displaced from those destroyed or removed units.

(b) (1) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10 at least 30 percent of all new and substantially rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) Prior to the time limit on the effectiveness of the redevelopment plan established pursuant to Sections 33333.2, 33333.6, and 33333.10 at least 15 percent of all new and substantially rehabilitated dwelling units developed within a project area under the jurisdiction of an agency by public or private entities or persons other than the agency shall be available at affordable housing cost to, and occupied by, persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to, and occupied by, persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(ii) To satisfy this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing cost, to, and occupied by, persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have been required to be available inside a project area.

(iii) On or after January 1, 2002, as used in this paragraph and in paragraph (1), "substantially rehabilitated dwelling units" means all units substantially rehabilitated, with agency assistance. Prior to January 1, 2002, "substantially rehabilitated dwelling units" shall mean substantially rehabilitated multifamily rented dwelling units with three or more units regardless of whether there is agency assistance, or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units.

(iv) As used in this paragraph and in paragraph (1), "substantial rehabilitation" means rehabilitation, the value of which constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of the land value.

(v) To satisfy this paragraph, the agency may aggregate new or substantially rehabilitated dwelling units in one or more project areas, if the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase, or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of, long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost to, and occupied by, persons and families of low or very low income, for the longest feasible time but not less than 55 years for rental units and 45 years for owner-occupied units. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(D) To satisfy the requirements of paragraph (1) and subparagraph (A), each mutual self-help housing unit, as defined in subparagraph (C) of paragraph (1) of subdivision (f) of Section 33334.3, that is subject to a 15-year deed restriction shall count as one-third of a unit.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply, in the aggregate, to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units, unless an agency determines otherwise.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2), (3), and (4) of subdivision (a) of Section 33490.

(c) (1) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to, and occupied by, persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, but for not less than 55 years for rental units, 45 years for home ownership units, and 15 years for mutual self-help housing units, as defined in subparagraph (C) of paragraph (1) of subdivision (f) of Section 33334.3, except as set forth in paragraph (2). Nothing in this paragraph precludes the agency and the developer of the mutual self-help housing units from agreeing to 45-year deed restrictions.

(2) Notwithstanding paragraph (1), the agency may permit sales of owner-occupied units prior to the expiration of the 45-year period, and mutual self-help housing units prior to the expiration of the 15-year period, established by the agency for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency, and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale pursuant to this paragraph of each home ownership or mutual self-help housing unit subject to a 45-year deed restriction, and every third mutual self-help housing unit subject to a 15-year deed

restriction, expend funds to make affordable an equal number of units at the same or lowest income level as the unit or units sold pursuant to this paragraph, for a period not less than the duration of the original deed restrictions. Only the units originally assisted by the agency shall be counted towards the agency's obligations under Section 33413.

(3) The requirements of this section shall be made enforceable in the same manner as provided in paragraph (7) of subdivision (f) of Section 33334.3.

(4) If land on which the dwelling units required by this section are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision.

(5) For each unit counted towards the requirements of subdivisions (a) and (b), the agency shall require the recording in the office of the county recorder of covenants or restrictions that ensure compliance with this subdivision. With respect to covenants or restrictions that are recorded on or after January 1, 2008, the agency shall comply with the requirements of paragraphs (3) and (4) of subdivision (f) of Section 33334.3.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas that are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976. In addition, subdivision (b) shall apply to redevelopment plans adopted prior to January 1, 1976, for which an amendment is adopted pursuant to Section 33333.10, except that subdivision (b) shall apply to those redevelopment plans prospectively only so that the requirements of subdivision (b) shall apply only to new and substantially rehabilitated dwelling units for which the building permits are issued on or after the date that the ordinance adopting the amendment pursuant to Section 33333.10 becomes effective.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each

dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to and occupied by the same income level of households as the destroyed or removed units.

(g) "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

SEC. 9.6. Section 33413.1 of the Health and Safety Code is amended to read:

33413.1. (a) For only the Mt. Eden Sub-Area of the Eden Redevelopment Project Area, the Redevelopment Agency of the County of Alameda may count, towards satisfaction of the housing production requirements of subdivision (b) of Section 33413, the construction of units outside the project area but within the City of Hayward if all of the following conditions are met:

(1) The units shall be available at affordable housing cost to, and occupied by, persons and families of very low or low income.

(2) The units shall comply with subdivision (c) of Section 33413, except that the requirements of that subdivision shall be deemed satisfied if the recorded covenants or restrictions are enforceable by the City of Hayward.

(3) The units shall be located on a parcel or parcels immediately contiguous to the Mt. Eden Sub-Area of the Eden Redevelopment Project Area.

(4) The Redevelopment Agency of the City of Hayward shall provide to the Redevelopment Agency of the County of Alameda written consent to the measures taken pursuant to this section and shall not count any units credited to the Redevelopment Agency of Alameda County pursuant to this section towards its own production or replacement requirements under Section 33413.

(b) The Redevelopment Agency of the County of Alameda shall cause to be made available, at affordable housing cost to, and occupied by, persons and families of very low, low-, or moderate-income households, as applicable, two units outside the project area for each unit that

otherwise would have been required to be available inside the project area as required by clause (ii) of subparagraph (A) of paragraph (2) of subdivision (b) of Section 33413.

(c) This section does not apply to a housing unit for which construction commences on or after January 1, 2012.

SEC. 10. Chapter 7 (commencing with Section 33701) of Part 1 of Division 24 of the Health and Safety Code is repealed.

SEC. 10.5. Section 34278 of the Health and Safety Code is amended to read:

34278. (a) An authority shall select from among its commissioners a vice chairman. It also may employ a secretary, who shall be executive director, technical experts, and any other officers, agents, and employees that it requires, and shall determine their qualifications, duties, terms of employment, and compensation. The authority shall adopt personnel rules and regulations applying to all employees. Those rules shall contain procedures affecting conflicts of interest, use of funds, and personnel procedures on hiring and firing, including removal of personnel for inefficiency, neglect of duties, or misconduct in office. Those rules and regulations shall be of public record.

(b) An authority may contract with the Department of Housing and Community Development, any city, any county, or any other authority, for the furnishing by the department, city, county, or authority of any necessary staff services associated with or required by an authority and which could be performed by the staff of an authority.

SEC. 11. Part 3 (commencing with Section 34800) of Division 24 of the Health and Safety Code is repealed.

SEC. 12. Part 11 (commencing with Section 37850) of Division 24 of the Health and Safety Code is repealed.

SEC. 12.5. Section 50199.21 of the Health and Safety Code is amended to read:

50199.21. "Rural area" for the purpose of this chapter and Sections 17058 and 23610.5 of the Revenue and Taxation Code, means an area, which, on January 1 of any calendar year satisfies any of the following criteria:

(a) The area is eligible for financing under the Section 515 program, or successor program, of the Rural Development Administration of the United States Department of Agriculture.

(b) The area is located in a nonmetropolitan area as defined in Section 50090.

(c) The area is either (1) an incorporated city having a population of 40,000 or less as identified in the most recent Report E-1 published by the Demographic Research Unit of the Department of Finance, or (2) an unincorporated area which adjoins a city having a population of 40,000

or less, provided that the city and its adjoining unincorporated area are not located within a census tract designated as an urbanized area by the United States Census Bureau. The department shall assist in determinations of eligibility pursuant to this subdivision upon request. With respect to areas eligible under subdivision (b) and this subdivision, the committee may rely upon the recommendations made by the department. Any inconsistencies between areas eligible under subdivisions (a) and (b), and this subdivision, shall be resolved in favor of considering the area a rural area. Eligible and ineligible areas need not be established by regulation.

SEC. 13. Section 50199.50 of the Health and Safety Code is amended to read:

50199.50. For the purposes of this chapter, the following terms shall have the following meanings:

(a) "Agricultural worker" or "farmworker" shall have the same meaning as specified in subdivision (b) of Section 1140.4 of the Labor Code.

As a condition of submitting an application, or as a condition of receiving an allocation or reservation of tax credits, the committee may charge a fee to a tax credit applicant to defray the committee's costs in administering this chapter. In review

of applications, the committee shall require the following criteria in order to ensure compliance with all provisions of this chapter:

(5) Development fees included in subdivision (c) of Section 50199.52 shall not exceed a percentage of the total project cost, excluding land costs, prior to the inclusion of the fees in the total project cost, as determined by the committee. The amount of development fees determined by the committee shall be consistent with the amount of development fees allowed by the committee under the low-income housing tax credit program (Chapter 3.6 (commencing with Section 50199.4)).

(b) Following approval, the committee shall issue a certificate to the taxpayer that states the total amount of the allocated tax credit to which the taxpayer is entitled for each income or taxable year.

SEC. 15. Section 50409 is added to the Health and Safety Code, to read:

50409. Except where the department is specifically vested by this part or by any other provision of law with the authority to adopt rules and regulations, and except as provided in Section 18930, the commission may adopt, amend, and repeal rules and regulations reasonably necessary to carry out this part or by any other provision of law. Any rules and regulations of the commission in effect on September 26, 1975, shall remain in effect until amended or repealed except that building standards, as defined in Section 18909, shall remain in effect only until January 1, 1985, or until adopted, amended, repealed, or superseded by building standards adopted and published in the California Building Standards Code pursuant to the provisions of Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13, whichever occurs sooner.

SEC. 16. Chapter 4 (commencing with Section 50559) of Part 2 of Division 31 of the Health and Safety Code is repealed.

SEC. 17. Section 50843 of the Health and Safety Code is amended to read:

50843. (a) This section applies only to grants awarded pursuant to this chapter from funds made available pursuant to Part 11 (commencing with Section 53500).

(b) The department may make matching grants available to cities and counties, or a city and county, that have created, funded, and operated housing trust funds prior to January 1, 2003, and to existing charitable nonprofit organizations described in Section 501(c)(3) of the Internal Revenue Code that have created, funded, and operated housing trust funds prior to January 1, 2003. These funds shall be awarded through the issuance of a Notice of Funding Availability (NOFA). The department may establish competitive criteria consistent with the funding priorities used in the Multifamily Housing Program (Chapter 6.7 (commencing with Section 50675)) to be used in the event that applications exceed the funds available. Applicants that provide matching funds from a source or sources other than impact fees on residential development shall receive a priority for funding.

(c) The department may make matching grants available to new local housing trusts created by cities and counties, or a city and county, and to fund new housing trusts created by charitable nonprofit organizations described in Section 501(c)(3) of the Internal Revenue Code that provide low-income housing assistance. As used in this section, "new housing trust" means a housing trust that was not in existence prior to January 1, 2003. The department may consider grant applications, submitted pursuant to this subdivision, and determine their eligibility for funding, in the order in which they are received.

(d) Housing trusts eligible for funding under this section shall have the following characteristics:

(1) They utilize a public or joint public and private fund established by legislation, ordinance, resolution, or a public-private partnership to receive specific revenue to address local housing needs.

(2) They receive ongoing revenues from dedicated sources of funding such as taxes, fees, loan repayments, or private contributions.

(e) The minimum allocation to an applicant shall be one million dollars ($1,000,000), and no applicant may receive an allocation in excess of two million dollars ($2,000,000). All funds provided pursuant to this section shall be matched on a dollar-for-dollar basis. No application shall be considered unless the department has received adequate documentation of the deposit in the local housing trust fund of the local match and the identity of the source of matching funds. Applicants shall be required to continue funding the local housing trust fund from these identified local sources, and continue the trust in operation, for a period of no less than five years from the date of award. If the funding is not continued for a five-year period, then (1) the amount of the department's grant to

the local housing trust fund, to the extent that the trust fund has unencumbered funds available, shall be immediately repaid, and (2) any payments from any projects funded by the local housing trust fund that would have been paid to the local housing trust fund shall be paid instead to the department and used to fund projects under the Multifamily Housing Program, or its successor. The total amount paid to the department pursuant to (1) and (2), combined, shall not exceed the amount of the department's grant.

(f) Funds shall be used to provide loans for the construction of rental housing projects, or for construction of units within rental housing projects, affordable to, and restricted for, very low income persons and families earning less than 60 percent of the area median income. All assisted units shall be restricted for not less than 55 years. Loan repayments shall accrue to the grantee housing trust, or to the department if the trust is no longer in existence.

(g) In order for a city, county, or city and county to be eligible for funding, the applicant shall have, at the time of application, an adopted housing element that the department has determined, pursuant to Section 65585 of the Government Code, is in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code. In order for a nonprofit organization applicant to be eligible for funding, the applicant shall agree to utilize funds provided under this chapter only for projects located in cities, counties, or a city and county that have, at the time of application, an adopted housing element that the department has determined, pursuant to Section 65585 of the Government Code, to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code. For the purposes of this section, eligible local housing trust funds may not include any ongoing restricted fund that is required to be established pursuant to federal or state law.

(h) Recipients shall have held, or shall agree to hold, a public hearing or hearings to discuss and describe the project or projects that will be financed with funds provided pursuant to this section. As a condition of receiving a grant pursuant to this section, any nonprofit organization shall agree that it will hold one public meeting a year to discuss the criteria that will be used to select projects to be funded. That meeting shall be open to the public, and public notice of this meeting shall be provided, except to the extent that any similar meeting of a city or county would be permitted to be held in closed session.

(i) No more than 5 percent of the funds appropriated to the department pursuant to subparagraph (C) of paragraph (1) of subdivision (a) of

Section 53533 shall be used to pay the costs of administration of this section.

(j) A local housing trust fund shall encumber funds provided pursuant to this section no later than 54 months after receipt. Any funds not encumbered within that period shall revert to the department for use in the Multifamily Housing Program.

(k) Recipients shall be required to file periodic reports with the department regarding the use of funds provided pursuant to this section. No later than December 31, 2005, the department shall provide a report to the Legislature regarding the number of trust funds created, a description of the projects supported, the number of units assisted, and the amount of matching funds.

(*l*) This program shall be operated under guidelines adopted by the department and shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 17.5. Section 50862.5 of the Health and Safety Code is amended to read:

50862.5. Downpayment assistance provided pursuant to this chapter shall be in the form of a second mortgage loan. The maximum amount of the loan shall be set in the current Notice of Funding Availability (NOFA), but in no case shall the loan exceed 20 percent of the sale price of the residence. The loan shall accrue simple interest.

SEC. 18. Section 53545 of the Health and Safety Code is amended to read:

53545. The Housing and Emergency Shelter Trust Fund of 2006 is hereby created in the State Treasury. The Legislature intends that the proceeds of bonds deposited in the fund shall be used to fund the housing-related programs described in this chapter over the course of the next decade. The proceeds of bonds issued and sold pursuant to this part for the purposes specified in this chapter shall be allocated in the following manner:

(a) (1) One billion five hundred million dollars ($1,500,000,000) to be deposited in the Affordable Housing Account, which is hereby created in the fund. Notwithstanding Section 13340 of the Government Code, the money in the account shall be continuously appropriated in accordance with the following schedule:

(A) (i) Three hundred forty-five million dollars ($345,000,000) shall be transferred to the Housing Rehabilitation Loan Fund to be expended for the Multifamily Housing Program authorized by Chapter 6.7 (commencing with Section 50675) of Part 2. The priorities specified in Section 50675.13 shall apply to the expenditure of funds pursuant to this clause.

(ii) Fifty million dollars ($50,000,000) shall be transferred to the Housing Rehabilitation Loan Fund to be expended under the Multifamily Housing Program authorized by Chapter 6.7 (commencing with Section 50675) of Part 2 for housing meeting the definitions in paragraphs (2) and (3) of subdivision (e) of Section 11139.3 of the Government Code. The department may provide higher per-unit loan limits as necessary to achieve affordable housing costs to the target population. Any funds not encumbered for the purposes of this clause within 30 months of availability shall revert for general use in the Multifamily Housing Program.

(B) One hundred ninety-five million dollars ($195,000,000) shall be transferred to the Housing Rehabilitation Loan Fund to be expended for the Multifamily Housing Program authorized by Chapter 6.7 (commencing with Section 50675) of Part 2, to be used for supportive housing for individuals and households moving from emergency shelters or transitional housing or those at risk of homelessness. The Department of Housing and Community Development shall provide for higher per-unit loan limits as reasonably necessary to achieve housing costs affordable to those individuals and households. For purposes of this subparagraph, "supportive housing" means housing with no limit on length of stay, that is occupied by the target population, as defined in subdivision (d) of Section 53260, and that is linked to onsite or offsite services that assist the tenant to retain the housing, improve his or her health status, maximize his or her ability to live, and, when possible, work in the community. The criteria for selecting projects shall give priority to:

(i) Supportive housing for people with disabilities who would otherwise be at high risk of homelessness where the applications represent collaboration with programs that meet the needs of the person's disabilities.

(ii) Projects that demonstrate funding commitments from local governments for operating subsidies or services funding, or both, for five years or longer.

(C) One hundred thirty-five million dollars ($135,000,000) shall be transferred to the fund created by subdivision (b) of Section 50517.5 to be expended for the programs authorized by Chapter 3.2 (commencing with Section 50517.5) of Part 2.

(D) Three hundred million dollars ($300,000,000) shall be transferred to the Self-Help Housing Fund created by Section 50697.1. These funds shall be available to the Department of Housing and Community Development, to be expended for the purposes of enabling households to become or remain homeowners pursuant to the CalHome Program authorized by Chapter 6 (commencing with Section 50650) of Part 2,

except ten million dollars ($10,000,000) shall be expended for construction management under the California Self-Help Housing Program pursuant to subdivision (b) of Section 50696.

(E) Two hundred million dollars ($200,000,000) shall be transferred to the Self-Help Housing Fund created by Section 50697.1. These funds shall be available to the California Housing Finance Agency, to be expended for the purposes of the California Homebuyer's Downpayment Assistance Program authorized by Chapter 11 (commencing with Section 51500) of Part 3. Up to one hundred million dollars ($100,000,000) of these funds may be expended pursuant to subdivision (b) of Section 51504.

(F) One hundred million dollars ($100,000,000) shall be transferred to the Affordable Housing Innovation Fund, which is hereby created in the State Treasury, to be administered by the Department of Housing and Community Development. Funds shall be expended for competitive grants or loans to sponsoring entities that develop, own, lend, or invest in affordable housing and used to create pilot programs to demonstrate innovative, cost-saving approaches to creating or preserving affordable housing. Specific criteria establishing eligibility for and use of the funds shall be established in statute as approved by a ⅔ vote of each house of the Legislature. Any funds not encumbered for the purposes set forth in this subparagraph within 30 months of availability shall revert to the Self-Help Housing Fund created by Section 50697.1 and shall be available for the purposes described in subparagraph (D).

(G) One hundred twenty-five million dollars ($125,000,000) shall be transferred to the Building Equity and Growth in Neighborhoods Fund to be used for the Building Equity and Growth in Neighborhoods (BEGIN) Program pursuant to Chapter 14.5 (commencing with Section 50860) of Part 1. Any funds not encumbered for the purposes set forth in this subparagraph within 30 months of availability shall revert for general use in the CalHome Program.

(H) Fifty million dollars ($50,000,000) shall be transferred to the Emergency Housing and Assistance Fund to be distributed in the form of capital development grants under the Emergency Housing and Assistance Program authorized by Chapter 11.5 (commencing with Section 50800) of Part 2 of Division 31. The funds shall be administered by the Department of Housing and Community Development in a manner consistent with the restrictions and authorizations contained in Provision 3 of Item 2240-105-0001 of the Budget Act of 2000, except that any appropriations in that item shall not apply. The competitive system used by the department shall incorporate priorities set by the designated local boards and their input as to the relative merits of submitted applications from within the designated local board's county in relation to those

priorities. In addition, the funding limitations contained in this section shall not apply to the appropriation in that budget item.

(2) The Legislature may, from time to time, amend the provisions of law related to programs to which funds are, or have been, allocated pursuant to this subdivision for the purpose of improving the efficiency and effectiveness of the program, or for the purpose of furthering the goals of the program.

(3) The Bureau of State Audits shall conduct periodic audits to ensure that bond proceeds are awarded in a timely fashion and in a manner consistent with the requirements of this subdivision, and that awardees of bond proceeds are using funds in compliance with applicable provisions of this subdivision. The first audit shall be conducted no later than one year from voter approval of this part.

(4) In its annual report to the Legislature, the Department of Housing and Community Development shall report how funds that were made available pursuant to this subdivision and allocated in the prior year were expended. The department shall make the report available to the public on its Internet Web site.

(b) Eight hundred fifty million dollars ($850,000,000) shall be deposited in the Regional Planning, Housing, and Infill Incentive Account, which is hereby created in the fund. Funds in the account shall be available, upon appropriation by the Legislature, and subject to such other conditions and criteria as the Legislature may provide in statute, for the following purposes:

(1) For infill incentive grants for capital outlay related to infill housing development and other related infill development, including, but not limited to, all of the following:

(A) No more than two hundred million dollars ($200,000,000) for park creation, development, or rehabilitation to encourage infill development.

(B) Water, sewer, or other public infrastructure costs associated with infill development.

(C) Transportation improvements related to infill development projects.

(D) Traffic mitigation.

(2) For brownfield cleanup that promotes infill housing development and other related infill development consistent with regional and local plans.

(c) Three hundred million dollars ($300,000,000) to be deposited in the Transit-Oriented Development Account, which is hereby created in the fund, for transfer to the Transit-Oriented Development Implementation Fund, for expenditure, upon appropriation by the Legislature, pursuant to the Transit-Oriented Development

Implementation Program authorized by Part 13 (commencing with Section 53560).

(d) Two hundred million dollars ($200,000,000) shall be deposited in the Housing Urban-Suburban-and-Rural Parks Account, which is hereby created in the fund. Funds in the account shall be available upon appropriation by the Legislature for housing-related parks grants in urban, suburban, and rural areas, subject to the conditions and criteria that the Legislature may provide in statute.

SEC. 19. Section 115928 of the Health and Safety Code is amended to read:

115928. Whenever a building permit is issued for the construction of a new swimming pool or spa, the pool or spa shall meet all of the following requirements:

(a) (1) The suction outlet of the pool or spa for which the permit is issued shall be equipped to provide circulation throughout the pool or spa as prescribed in paragraph (2).

(2) The swimming pool or spa shall have at least two circulation drains per pump that shall be hydraulically balanced and symmetrically plumbed through one or more "T" fittings, and that are separated by a distance of at least three feet in any dimension between the drains.

(b) Suction outlets that are less than 12 inches across shall be covered with antientrapment grates, as specified in the ASME/ANSI Standard A 112.19.8, that cannot be removed except with the use of tools. Slots or openings in the grates or similar protective devices shall be of a shape, area, and arrangement that would prevent physical entrapment and would not pose any suction hazard to bathers.

(c) Any backup safety system that an owner of a new swimming pool or spa may choose to install in addition to the requirements set forth in subdivisions (a) and (b) shall meet the standards as published in the document, "Guidelines for Entrapment Hazards: Making Pools and Spas Safer," Publication Number 363, March 2005, United States Consumer Product Safety Commission.

SEC. 20. Section 115928.5 is added to the Health and Safety Code, to read:

115928.5. Whenever a building permit is issued for the remodel or modification of an existing swimming pool, toddler pool, or spa, the permit shall require that the suction outlet of the existing swimming pool, toddler pool, or spa be upgraded so as to be equipped with an antientrapment cover meeting current standards of the American Society for Testing and Materials (ASTM) or the American Society of Mechanical Engineers (ASME).

SEC. 21. Section 5803 of the Revenue and Taxation Code is amended to read:

5803. (a) "Full cash value" means the "full cash value" or the "fair market value," as determined pursuant to Section 110, of a manufactured home similarly equipped and installed, including any value attributable to a manufactured home accessory building or structure as defined in Section 18008.5 of the Health and Safety Code which is sold along with the manufactured home, giving recognition, however, to the exemption provided in subdivision (m) of Section 3 of Article XIII of the Constitution.

(b) The Legislature finds and declares that, because owners of manufactured homes subject to property taxation on rented or leased land do not own the land on which the manufactured home is located and are subject to having the manufactured home removed upon termination of tenancy, "full cash value" for purposes of subdivision (a) does not include any value attributable to the particular site where the manufactured home is located on rented or leased land which would make the sale price of the manufactured home at that location different from its price at some other location on rented or leased land. In determining the "full cash value" of a manufactured home on rented or leased land, the assessor shall take into consideration, among other relevant factors, cost data issued pursuant to Section 401.5 or sales prices listed in recognized value guides for manufactured homes, including, but not limited to, the National Automobile Dealers Association's Manufactured Housing Appraisal Guide.

SEC. 22. Section 2 of this act shall not become operative if SB 2 of the 2007–08 Regular Session is enacted and becomes effective on or before January 1, 2008, and amends Section 65583 of the Government Code.

SEC. 23. Sections 13 and 14 of this act shall not become operative if SB 713 of the 2007–08 Regular Session is enacted and becomes effective on or before January 1, 2008, and repeals Chapter 3.7 (commencing with Section 50199.50) of Part 1 of Division 31 of the Health and Safety Code.

SEC. 24. Section 9.3 of this bill incorporates amendments to Section 33334.3 of the Health and Safety Code proposed by both this bill and AB 987. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends Section 33334.3 of the Health and Safety Code, and (3) this bill is enacted after AB 987, in which case Section 9.2 of this bill shall not become operative.

SEC. 25. Section 9.5 of this bill incorporates amendments to Section 33413 of the Health and Safety Code proposed by both this bill and AB 987. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2008, (2) each bill amends

Section 33413 of the Health and Safety Code, and (3) this bill is enacted after AB 987, in which case Section 9.4 of this bill shall not become operative.

CHAPTER 597

An act to amend Section 25356.1.5 of the Health and Safety Code, and to add Section 13304.2 to the Water Code, relating to hazardous substances.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 25356.1.5 of the Health and Safety Code is amended to read:

25356.1.5. (a) Any response action taken or approved pursuant to this chapter shall be based upon, and no less stringent than, all of the following requirements:

(1) The requirements established under federal regulation pursuant to Subpart E of the National Oil and Hazardous Substances Pollution Contingency Plan (40 C.F.R. 300.400 et seq.), as amended.

(2) The regulations established pursuant to Division 7 (commencing with Section 13000) of the Water Code, all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code, and all applicable state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code, to the extent that the department or the regional board determines that those regulations, plans, and policies do not require a less stringent level of remediation than the federal regulations specified in paragraph (1) and to the degree that those regulations, plans, and policies do not authorize decisionmaking procedures that may result in less stringent response action requirements than those required by the federal regulations specified in paragraph (1).

(3) Any applicable provisions of this chapter, to the extent those provisions are consistent with the federal regulations specified in paragraph (1) and do not require a less stringent level of remediation than, or decisionmaking procedures that are at variance with, the federal regulations set forth in paragraph (1).

(b) Any health or ecological risk assessment prepared in conjunction with a response action taken or approved pursuant to this chapter shall be based upon Subpart E of the National Oil and Hazardous Substances Pollution Contingency Plan (40 C.F.R. 300.400 et seq.), the policies, guidelines, and practices of the United States Environmental Protection Agency developed pursuant to the federal act, and the most current sound scientific methods, knowledge, and practices of public health and environmental professionals who are experienced practitioners in the fields of epidemiology, risk assessment, environmental contamination, ecological risk, fate and transport analysis, and toxicology. Risk assessment practices shall include the most current sound scientific methods for data evaluation, exposure assessment, toxicity assessment, and risk characterization, documentation of all assumptions, methods, models, and calculations used in the assessment, and any health risk assessment shall include all of the following:

(1) Evaluation of risks posed by acutely toxic hazardous substances based on levels at which no known or anticipated adverse effects on health will occur, with an adequate margin of safety.

(2) Evaluation of risks posed by carcinogens or other hazardous substances that may cause chronic disease based on a level that does not pose any significant risk to health.

(3) Consideration of possible synergistic effects resulting from exposure to, or interaction with, two or more hazardous substances.

(4) Consideration of the effect of hazardous substances upon subgroups that comprise a meaningful portion of the general population, including, but not limited to, infants, children, pregnant women, the elderly, individuals with a history of serious illness, or other subpopulations, that are identifiable as being at greater risk of adverse health effects due to exposure to hazardous substances than the general population.

(5) Consideration of exposure and body burden level that alter physiological function or structure in a manner that may significantly increase the risk of illness and of exposure to hazardous substances in all media, including, but not limited to, exposures in drinking water, food, ambient and indoor air, and soil.

(c) If currently available scientific data are insufficient to determine the level of a hazardous substance at which no known or anticipated adverse effects on health will occur, with an adequate margin of safety, or the level that poses no significant risk to public health, the risk assessment prepared in conjunction with a response action taken or approved pursuant to this chapter shall be based on the level that is protective of public health, with an adequate margin of safety. This level shall be based exclusively on public health considerations, shall, to the

extent scientific data are available, take into account the factors set forth in paragraphs (1) to (5), inclusive, of subdivision (b), and shall be based on the most current principles, practices, and methods used by public health professionals who are experienced practitioners in the fields of epidemiology, risk assessment, fate and transport analysis, and toxicology.

(d) The exposure assessment of any risk assessment prepared in conjunction with a response action taken or approved pursuant to this chapter shall include the development of reasonable maximum estimates of exposure for both current land use conditions and reasonably foreseeable future land use conditions at the site.

(e) The exposure assessment of any risk assessment prepared in conjunction with a response action taken or approved pursuant to this chapter shall include the development of reasonable maximum estimates of exposure to volatile organic compounds that may enter structures that are on the site or that are proposed to be constructed on the site and may cause exposure due to accumulation of those volatile organic compounds in the indoor air of those structures.

SEC. 2. Section 13304.2 is added to the Water Code, to read:

13304.2. (a) For purposes of this section, "brownfield site" means a real estate parcel or improvements located on the parcel, or both that parcel and the improvements, that is abandoned, idled, or underused, due to environmental contamination and that is proposed to be redeveloped.

(b) The state board or a regional board may require a person conducting cleanup, abatement, or other remedial action pursuant to Section 13304 for a brownfield site to assess the potential human health or ecological risks caused or created by the discharge, using human health and environmental screening levels or a site-specific assessment of risks.

(c) In conducting a site-specific assessment of human health or ecological risks, the discharger shall address all of the following factors to the extent relevant based on site-specific conditions:

(1) An evaluation of risks posed by acutely toxic hazardous substances.

(2) An evaluation of risks posed by carcinogenic or other hazardous substances that may cause chronic disease.

(3) Consideration of possible synergistic effects resulting from exposure to, or interaction with, two or more hazardous substances.

(4) Consideration of the effect of hazardous substances upon subgroups that comprise a meaningful portion of the general population, including, but not limited to, infants, children, pregnant women, or other subpopulations that are identifiable as being at greater risk than the

general population of adverse health effects due to exposure to hazardous substances.

(5) Consideration of exposure level and body burden level that alter physiological function or structure in a manner that may significantly increase the risk of illness and of exposure to hazardous substances in all media, including, but not limited to, exposures in drinking water, food, ambient and indoor air, or soil.

(6) The development of reasonable maximum estimates of exposure for both current land use conditions and reasonably foreseeable future land uses at the site.

(7) The development of reasonable maximum estimates of exposure to volatile organic compounds that may enter structures that are on the site or that are proposed to be constructed on the site and that may cause exposure due to accumulation of these volatile organic compounds in the indoor air of those structures.

(d) The state board or a regional board may document its decision to require a site-specific assessment of human health or ecological risks in a letter issued to the discharger pursuant to Section 13267, through amendment of the cleanup and abatement order issued pursuant to Section 13304, or through other written means that the board deems appropriate.

(e) (1) Except as provided in paragraph (2), this section applies only to an order issued by the state board or a regional board issued pursuant to Section 13304 on or after January 1, 2008.

(2) The state board or a regional board may require a site-specific assessment of human health or ecological risks at a brownfield site that is subject to an order issued before January 1, 2008, only if the state board or a regional board makes a determination that site-specific circumstances demonstrate the need for that assessment. A site-specific assessment pursuant to this paragraph shall be done in accordance with the authority granted to the state board or a regional board pursuant to this division, as it read on December 31, 2007.

CHAPTER 598

An act to amend Section 14684.1 of the Government Code, relating to state property.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 14684.1 of the Government Code is amended to read:

14684.1. (a) The department, in consultation with the State Energy Resources Conservation and Development Commission, shall ensure that solar energy equipment is installed, no later than January 1, 2009, on all state buildings, state parking facilities, and state-owned swimming pools that are heated with fossil fuels or electricity, where feasible. The department shall establish a schedule designating when solar energy equipment will be installed on each building and facility, with priority given to buildings and facilities where installation is most feasible.

(b) Solar energy equipment shall be installed, where feasible, as part of the construction of all state buildings and state parking facilities for which construction commences on or after January 1, 2008.

(c) For purposes of this section, it is feasible to install solar energy equipment if adequate space on or adjacent to a building is available, if the solar energy equipment is cost-effective, and if funding is available from the state or another source.

(d) Any solar energy equipment installed pursuant to this section shall meet applicable standards and requirements imposed by state and local permitting authorities, including, but not limited to, all of the following:

(1) Certification by the Solar Rating Certification Corporation, which is a nonprofit third party supported by the Department of Energy, or any other nationally recognized certification agency.

(2) All applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories, such as the Underwriters Laboratories.

(3) Where applicable, the regulations adopted by the Public Utilities Commission regarding safety and reliability.

(e) This section does not exempt the state from the payment of any applicable fee or requirement imposed by the Public Utilities Commission.

(f) The department may adopt regulations for the purposes of this section as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1. For purposes of that chapter, including, but not limited to, Section 11349.6, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health, safety, and general welfare. Notwithstanding the 120-day limit specified in subdivision (e) of Section 11346.1, the regulations shall be repealed

180 days after their effective date, unless the department complies with Chapter 3.5 (commencing with Section 11340) of Part 1 as provided in subdivision (e) of Section 11346.1.

(g) Any solar energy equipment installed pursuant to this section shall be subject to the provisions of the California Solar Rights Act of 1978 (Chapter 1154 of the Statutes of 1978), as amended.

(h) For purposes of this section, the following terms have the following meanings:

(1) "Cost-effective" means that the present value of the savings generated over the life of the solar energy system, including consideration of the value of the energy produced during peak and off-peak demand periods and the value of a reliable energy supply not subject to price volatility, shall exceed the present value cost of the solar energy equipment by not less than 10 percent. The present value cost of the solar energy equipment does not include the cost of unrelated building components. The department, in making the present value assessment, shall obtain interest rates, discount rates, and consumer price index figures from the Treasurer, and shall take into consideration air emission reduction benefits and the value of stable energy costs.

(2) "Local publicly owned electric utility" means a local publicly owned electric utility as defined in subdivision (d) of Section 9604 of the Public Utilities Code.

(3) "Solar energy equipment" means equipment whose primary purpose is to provide for the collection, conversion, storage, or control of solar energy for the purpose of heat production, electricity production, or simultaneous heat and electricity production.

CHAPTER 600

An act to amend Section 15814.12 of the Government Code, relating to state buildings.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 15814.12 of the Government Code is amended to read:

15814.12. (a) Without obtaining the authorization required by Section 15808, the board may acquire, and engage in the construction of, cogeneration equipment, alternative energy equipment, or conservation measures, and any combination thereof, and enter into energy service contracts, at any structure, building, facility, site, or work used, owned or hereafter acquired by the state agency, including, but not limited to, the facilities of the California State University and Colleges, the Department of General Services, state prisons, hospitals, and other agencies and the community colleges, but only with the consent of the state agency.

(b) No cogeneration equipment or alternative energy equipment or water conservation equipment shall be acquired or constructed, and no energy service contract shall be entered into, by the board unless it determines that the anticipated cost to the state agency purchasing thermal or electrical energy or water provided by the equipment or under an energy service contract has been found through life-cycle cost analysis to be cost effective over the life of the equipment installed or over the term of the energy service contract. Equipment, conservation measures, or energy service contracts shall be anticipated to provide cost savings to the state during the useful life of the equipment or conservation measures under Section 14684, Sections 14710 to 14713, inclusive, or Section 15814.30 of this code, under Section 25008 of the Public Resources Code, or under Section 388 of the Public Utilities Code.

(c) Alternatively, the board may execute agreements to finance the construction of cogeneration equipment, alternative energy equipment, water conservation equipment, or conservation measures, and any combination thereof, by the state agency, including the University of California, to be owned by the state agency, in exchange for repayment of the financing and all costs and expenses related thereto from revenues resulting from sales of electricity or thermal energy or water from the facilities and measures or from funding which otherwise would have been used for purchase of electricity, water, and thermal energy required by the state agency but which is derived from the facilities and measures.

(d) This section shall not prohibit, limit, or supersede more stringent green building requirements for any structure, building, facility, site, or work.

CHAPTER 601

An act to amend, repeal, and add Sections 14030, 14037, 14070, and 14076 of the Corporations Code, relating to small businesses.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 14030 of the Corporations Code is amended to read:

14030. (a) There is hereby created in the State Treasury the California Small Business Expansion Fund. All or a portion of the funds in the expansion fund may be paid out, with the approval of the Department of Finance, to a lending institution or financial company that will act as trustee of the funds. The expansion fund and the trust fund shall be used to pay for defaulted loan guarantees issued pursuant to Article 9 (commencing with Section 14070), administrative costs of corporations, and those costs necessary to protect a real property interest in a defaulted loan or guarantee. The amount of guarantee liability outstanding at any one time shall not exceed five times the amount of funds on deposit in the expansion fund plus any receivables due from funds loaned from the expansion fund to another fund in state government as directed by the Department of Finance pursuant to a statute enacted by the Legislature, including each of the trust fund accounts within the trust fund.

(b) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 2. Section 14030 is added to the Corporations Code, to read:

14030. (a) There is hereby created in the State Treasury the California Small Business Expansion Fund. All or a portion of the funds in the expansion fund may be paid out, with the approval of the Department of Finance, to a lending institution or financial company that will act as trustee of the funds. The expansion fund and the trust fund shall be used to pay for defaulted loan guarantees issued pursuant to Article 9 (commencing with Section 14070), administrative costs of corporations, and those costs necessary to protect a real property interest in a defaulted loan or guarantee. The amount of guarantee liability outstanding at any one time shall not exceed four times the amount of funds on deposit in the expansion fund plus any receivables due from funds loaned from the expansion fund to another fund in state government as directed by the Department of Finance pursuant to a statute enacted by the Legislature, including each of the trust fund accounts within the trust fund, unless the director has permitted a higher leverage ratio for an individual corporation pursuant to subdivision (b) of Section 14037.

(b) This section shall become operative on January 1, 2013.

SEC. 3. Section 14037 of the Corporations Code is amended to read:

14037. (a) The state shall not be liable or obligated in any way beyond the state money that is allocated and deposited in the trust fund account from state money and that is appropriated for these purposes.

(b) The director may reallocate funds held within a corporation's trust fund account. The director shall reallocate funds based on which corporation is most effectively using its guarantee funds. If funds are withdrawn from a less effective corporation as part of a reallocation, the office shall make that withdrawal only after giving consideration to that corporation's fiscal solvency, its ability to honor loan guarantee defaults, and its ability to maintain a viable presence within the region it serves. Reallocation of funds shall occur no more frequently than once per fiscal year. Any decision made by the director pursuant to this subdivision may be appealed to the board. The board has authority to repeal or modify any decision to reallocate funds.

(c) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 4. Section 14037 is added to the Corporations Code, to read:

14037. (a) The state shall not be liable or obligated in any way beyond the state money that is allocated and deposited in the trust fund account from state money and that is appropriated for these purposes.

(b) The director may reallocate funds held within a corporation's trust fund account.

(1) The director shall reallocate funds based on which corporation is most effectively using its guarantee funds. If funds are withdrawn from a less effective corporation as part of a reallocation, the office shall make that withdrawal only after giving consideration to that corporation's fiscal solvency, its ability to honor loan guarantee defaults, and its ability to maintain a viable presence within the region it serves. Reallocation of funds shall occur no more frequently than once per fiscal year. Any decision made by the director pursuant to this subdivision may be appealed to the board. The board has authority to repeal or modify any decision to reallocate funds.

(2) The director may authorize a corporation to exceed the leverage ratio specified in Section 14030, subdivision (b) of Section 14070, and subdivision (a) of Section 14076 pending the annual reallocation of funds pursuant to this section. However, no corporation shall be permitted to exceed an outstanding guarantee liability of more than five times its portion of funds on deposit in the expansion fund.

(c) This section shall become operative on January 1, 2013.

SEC. 5. Section 14070 of the Corporations Code is amended to read:

14070. (a) The corporate guarantee shall be backed by funds on deposit in the corporation's trust fund account, or by receivables due from funds loaned from the corporation's trust fund account to another fund in state government as directed by the Department of Finance pursuant to a statute enacted by the Legislature.

(b) Loan guarantees shall be secured by a reserve of at least 20 percent to be determined by the director.

(c) The expansion fund and trust fund accounts shall be used exclusively to guarantee obligations and pay the administrative costs of the corporations. A corporation located in a rural area may utilize the funds for direct lending to farmers as long as at least 90 percent of the corporate fund farm loans, calculated by dollar amount, and all expansion fund farm loans are guaranteed by the United States Department of Agriculture. The amount of funds available for direct farm lending shall be determined by the director. In its capacity as a direct lender, the corporation may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. The agency shall issue regulations governing these direct loans, including the maximum amount of these loans.

(d) In furtherance of the purposes of this part, up to one-half of the trust funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) To execute the direct loan programs established in this chapter, the director may loan trust funds to a corporation located in a rural area for the express purpose of lending those funds to an identified borrower. The loan authorized by the director to the corporation shall be on terms similar to the loan between the corporation and the borrower. The amount of the loan may be in excess of the amount of a loan to any individual farm borrower, but actual disbursements pursuant to the agency loan agreement shall be required to be supported by a loan agreement between the farm borrower and the corporation in an amount at least equal to the requested disbursement. The loan between the agency and the corporation shall be evidenced by a credit agreement. In the event that any loan between the corporation and borrower is not guaranteed by a governmental agency, the portion of the credit agreement attributable to that loan shall be secured by assignment of any note, executed in favor of the corporation by the borrower to the agency. The terms and conditions of the credit agreement shall be similar to the loan agreement between the corporation and the borrower, which shall be collateralized by the note between the corporation and the borrower. In the absence of fraud on the part of the corporation, the liability of the corporation to repay the loan to the agency is limited to the repayment received by the corporation from the borrower except in a case where the United States Department of Agriculture requires exposure by the corporation in rule or regulation. The corporation may use trust funds for loan repayment to the agency if the corporation has exhausted a loan loss reserve created for this purpose. Interest and principal received by the agency from the corporation shall be deposited into the same account from which the funds were originally borrowed.

(f) Upon the approval of the director, a corporation shall be authorized to borrow trust funds from the agency for the purpose of relending those funds to small businesses. A corporation shall demonstrate to the director that it has the capacity to administer a direct loan program, and has procedures in place to limit the default rate for loans to startup businesses. Not more than 25 percent of any trust fund account shall be used for the direct lending established pursuant to this subdivision. A loan to a corporation shall not exceed the amount of funds likely to be lent to small businesses within three months following the loan to the corporation. The maximum loan amount to a small business is fifty thousand dollars ($50,000). In the absence of fraud on the part of the corporation, the repayment obligation pursuant to the loan to the corporation shall be limited to the amount of funds received by the corporation for the loan to the small business and any other funds received from the agency that are not disbursed. The corporation shall be authorized to charge a fee to the small business borrower, in an amount

determined by the director pursuant to regulation. The program provided for in this subdivision shall be available in all geographic areas of the state.

(g) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 6. Section 14070 is added to the Corporations Code, to read:

14070. (a) The corporate guarantee shall be backed by funds on deposit in the corporation's trust fund account, or by receivables due from funds loaned from the corporation's trust fund account to another fund in state government as directed by the Department of Finance pursuant to a statute enacted by the Legislature.

(b) Loan guarantees shall be secured by a reserve of at least 25 percent to be determined by the director, unless the director authorizes a higher leverage ratio for an individual corporation pursuant to subdivision (b) of Section 14037.

(c) The expansion fund and trust fund accounts shall be used exclusively to guarantee obligations and pay the administrative costs of the corporations. A corporation located in a rural area may utilize the funds for direct lending to farmers as long as at least 90 percent of the corporate fund farm loans, calculated by dollar amount, and all expansion fund farm loans are guaranteed by the United States Department of Agriculture. The amount of funds available for direct farm lending shall be determined by the director. In its capacity as a direct lender, the corporation may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. The agency shall issue regulations governing these direct loans, including the maximum amount of these loans.

(d) In furtherance of the purposes of this part, up to one-half of the trust funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) To execute the direct loan programs established in this chapter, the director may loan trust funds to a corporation located in a rural area for the express purpose of lending those funds to an identified borrower. The loan authorized by the director to the corporation shall be on terms similar to the loan between the corporation and the borrower. The amount of the loan may be in excess of the amount of a loan to any individual farm borrower, but actual disbursements pursuant to the agency loan agreement shall be required to be supported by a loan agreement between the farm borrower and the corporation in an amount at least equal to the requested disbursement. The loan between the agency and the corporation shall be evidenced by a credit agreement. In the event that any loan

between the corporation and borrower is not guaranteed by a governmental agency, the portion of the credit agreement attributable to that loan shall be secured by assignment of any note, executed in favor of the corporation by the borrower to the agency. The terms and conditions of the credit agreement shall be similar to the loan agreement between the corporation and the borrower, which shall be collateralized by the note between the corporation and the borrower. In the absence of fraud on the part of the corporation, the liability of the corporation to repay the loan to the agency is limited to the repayment received by the corporation from the borrower except in a case where the United States Department of Agriculture requires exposure by the corporation in rule or regulation. The corporation may use trust funds for loan repayment to the agency if the corporation has exhausted a loan loss reserve created for this purpose. Interest and principal received by the agency from the corporation shall be deposited into the same account from which the funds were originally borrowed.

(f) Upon the approval of the director, a corporation shall be authorized to borrow trust funds from the agency for the purpose of relending those funds to small businesses. A corporation shall demonstrate to the director that it has the capacity to administer a direct loan program, and has procedures in place to limit the default rate for loans to startup businesses. Not more than 25 percent of any trust fund account shall be used for the direct lending established pursuant to this subdivision. A loan to a corporation shall not exceed the amount of funds likely to be lent to small businesses within three months following the loan to the corporation. The maximum loan amount to a small business is fifty thousand dollars ($50,000). In the absence of fraud on the part of the corporation, the repayment obligation pursuant to the loan to the corporation shall be limited to the amount of funds received by the corporation for the loan to the small business and any other funds received from the agency that are not disbursed. The corporation shall be authorized to charge a fee to the small business borrower, in an amount determined by the director pursuant to regulation. The program provided for in this subdivision shall be available in all geographic areas of the state.

(g) This section shall become operative on January 1, 2013.

SEC. 7. Section 14076 of the Corporations Code is amended to read:

14076. (a) It is the intent of the Legislature that the corporations make maximal use of their statutory authority to guarantee loans and surety bonds, including the authority to secure loans with a minimum loan loss reserve of only 20 percent, so that the financing needs of small business may be met as fully as possible within the limits of corporations' loan loss reserves. The agency shall report annually to the Legislature

on the financial status of the corporations and their portfolio of loans and surety bonds guaranteed.

(b) Any corporation that serves an area declared to be in a state of emergency by the Governor or a disaster area by the President of the United States, the Administrator of the United States Small Business Administration, or the United States Secretary of Agriculture shall increase the portfolio of loan guarantees where the dollar amount of the loan is less than one hundred thousand dollars ($100,000), so that at least 15 percent of the dollar value of loans guaranteed by the corporation is for those loans. The corporation shall comply with this requirement within one year of the date the emergency or disaster is declared. Upon application of a corporation, the director may waive or modify the rule for the corporation if the corporation demonstrates that it made a good faith effort to comply and failed to locate lending institutions in the region that the corporation serves that are willing to make guaranteed loans in that amount.

(c) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 8. Section 14076 is added to the Corporations Code, to read:

14076. (a) It is the intent of the Legislature that the corporations make maximal use of their statutory authority to guarantee loans and surety bonds, including the authority to secure loans with a minimum loan loss reserve of only 25 percent, unless the agency authorizes a higher leverage ratio for an individual corporation pursuant to subdivision (b) of Section 14037, so that the financing needs of small business may be met as fully as possible within the limits of corporations' loan loss reserves. The agency shall report annually to the Legislature on the financial status of the corporations and their portfolio of loans and surety bonds guaranteed.

(b) Any corporation that serves an area declared to be in a state of emergency by the Governor or a disaster area by the President of the United States, the Administrator of the United States Small Business Administration, or the United States Secretary of Agriculture shall increase the portfolio of loan guarantees where the dollar amount of the loan is less than one hundred thousand dollars ($100,000), so that at least 15 percent of the dollar value of loans guaranteed by the corporation is for those loans. The corporation shall comply with this requirement within one year of the date the emergency or disaster is declared. Upon application of a corporation, the director may waive or modify the rule for the corporation if the corporation demonstrates that it made a good faith effort to comply and failed to locate lending institutions in the

region that the corporation serves that are willing to make guaranteed loans in that amount.

(c) This section shall become operative on January 1, 2013.

CHAPTER 602

An act to add Division 120 (commencing with Section 151000) to the Health and Safety Code, relating to sex education funding.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Division 120 (commencing with Section 151000) is added to the Health and Safety Code, to read:

DIVISION 120. SEXUAL HEALTH EDUCATION ACCOUNTABILITY ACT

151000. This division shall be known, and may be cited, as the Sexual Health Education Accountability Act.

151001. For purposes of this division, the following definitions shall apply:

(a) "Age appropriate" means topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group.

(b) A "sexual health education program" means a program that provides instruction or information to prevent adolescent pregnancy, unintended pregnancy, or sexually transmitted diseases, including HIV, that is conducted, operated, or administered by any state agency, is funded directly or indirectly by the state, or receives any financial assistance from state funds or funds administered by a state agency, but does not include any program offered by a school district, a county superintendent of schools, or a community college district.

(c) "Medically accurate" means verified or supported by research conducted in compliance with scientific methods and published in peer review journals, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, including, but not limited to, the federal Centers for Disease Control and Prevention, the American Public Health Association,

the Society for Adolescent Medicine, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists.

151002. (a) Every sexual health education program shall satisfy all of the following requirements:

(1) All information shall be medically accurate, current, and objective.

(2) Individuals providing instruction or information shall know and use the most current scientific data on human sexuality, human development, pregnancy, and sexually transmitted diseases.

(3) The program content shall be age appropriate for its targeted population.

(4) The program shall be culturally and linguistically appropriate for its targeted populations.

(5) The program shall not teach or promote religious doctrine.

(6) The program shall not reflect or promote bias against any person on the basis of disability, gender, nationality, race or ethnicity, religion, or sexual orientation, as defined in Section 422.56 of the Penal Code.

(7) The program shall provide information about the effectiveness and safety of at least one or more drug or device approved by the federal Food and Drug Administration for preventing pregnancy and for reducing the risk of contracting sexually transmitted diseases.

(b) A sexual health education program that is directed at minors shall comply with all of the criteria in subdivision (a) and shall also comply with both the following requirements:

(1) It shall include information that the only certain way to prevent pregnancy is to abstain from sexual intercourse, and that the only certain way to prevent sexually transmitted diseases is to abstain from activities that have been proven to transmit sexually transmitted diseases.

(2) If the program is directed toward minors under the age of 12 years, it may, but is not required to, include information otherwise required pursuant to paragraph (7) of subdivision (a).

(c) A sexual health education program conducted by an outside agency at a publicly funded school shall comply with the requirements of Section 51934 of the Education Code if the program addresses HIV/AIDS and shall comply with Section 51933 of the Education Code if the program addresses pregnancy prevention and sexually transmitted diseases other than HIV/AIDS.

(d) An applicant for funds to administer a sexual health education program shall attest in writing that its program complies with all conditions of funding, including those enumerated in this section. A publicly funded school receiving only general funds to provide comprehensive sexual health instruction or HIV/AIDS prevention instruction shall not be deemed an applicant for the purposes of this subdivision.

(e) If the program is conducted by an outside agency at a publicly funded school, the applicant shall indicate in writing how the program fits in with the school's plan to comply fully with the requirements of the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act, Chapter 5.6 (commencing with Section 51930) of the Education Code. Notwithstanding Section 47610 of the Education Code, "publicly funded school" includes a charter school for the purposes of this subdivision.

(f) Monitoring of compliance with this division shall be integrated into the grant monitoring and compliance procedures. If the agency knows that a grantee is not in compliance with this section, the agency shall terminate the contract or take other appropriate action.

151003. This division shall apply only to grants that are funded pursuant to contracts entered into or amended on or after January 1, 2008.

CHAPTER 603

An act to amend Section 66007 of the Government Code, relating to land use.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 66007 of the Government Code is amended to read:

66007. (a) Except as otherwise provided in subdivision (b), any local agency that imposes any fees or charges on a residential development for the construction of public improvements or facilities shall not require the payment of those fees or charges, notwithstanding any other provision of law, until the date of the final inspection, or the date the certificate of occupancy is issued, whichever occurs first. However, utility service fees may be collected at the time an application for utility service is received. If the residential development contains more than one dwelling,

the local agency may determine whether the fees or charges shall be paid on a pro rata basis for each dwelling when it receives its final inspection or certificate of occupancy, whichever occurs first; on a pro rata basis when a certain percentage of the dwellings have received their final inspection or certificate of occupancy, whichever occurs first; or on a lump-sum basis when the first dwelling in the development receives its final inspection or certificate of occupancy, whichever occurs first.

(b) (1) Notwithstanding subdivision (a), the local agency may require the payment of those fees or charges at an earlier time if (A) the local agency determines that the fees or charges will be collected for public improvements or facilities for which an account has been established and funds appropriated and for which the local agency has adopted a proposed construction schedule or plan prior to final inspection or issuance of the certificate of occupancy or (B) the fees or charges are to reimburse the local agency for expenditures previously made. "Appropriated," as used in this subdivision, means authorization by the governing body of the local agency for which the fee is collected to make expenditures and incur obligations for specific purposes.

(2) (A) Paragraph (1) does not apply to units reserved for occupancy by lower income households included in a residential development proposed by a nonprofit housing developer in which at least 49 percent of the total units are reserved for occupancy by lower income households, as defined in Section 50079.5 of the Health and Safety Code, at an affordable rent, as defined in Section 50053 of the Health and Safety Code. In addition to the contract that may be required under subdivision (c), a city, county, or city and county may require the posting of a performance bond or a letter of credit from a federally insured, recognized depository institution to guarantee payment of any fees or charges that are subject to this paragraph. Fees and charges exempted from paragraph (1) under this paragraph shall become immediately due and payable when the residential development no longer meets the requirements of this paragraph.

(B) The exception provided in subparagraph (A) does not apply to fees and charges levied pursuant to Chapter 6 (commencing with Section 17620) of Part 10.5 of Division 1 of Title 1 of the Education Code.

(c) (1) If any fee or charge specified in subdivision (a) is not fully paid prior to issuance of a building permit for construction of any portion of the residential development encumbered thereby, the local agency issuing the building permit may require the property owner, or lessee if the lessee's interest appears of record, as a condition of issuance of the building permit, to execute a contract to pay the fee or charge, or applicable portion thereof, within the time specified in subdivision (a).

If the fee or charge is prorated pursuant to subdivision (a), the obligation under the contract shall be similarly prorated.

(2) The obligation to pay the fee or charge shall inure to the benefit of, and be enforceable by, the local agency that imposed the fee or charge, regardless of whether it is a party to the contract. The contract shall contain a legal description of the property affected, shall be recorded in the office of the county recorder of the county and, from the date of recordation, shall constitute a lien for the payment of the fee or charge, which shall be enforceable against successors in interest to the property owner or lessee at the time of issuance of the building permit. The contract shall be recorded in the grantor-grantee index in the name of the public agency issuing the building permit as grantee and in the name of the property owner or lessee as grantor. The local agency shall record a release of the obligation, containing a legal description of the property, in the event the obligation is paid in full, or a partial release in the event the fee or charge is prorated pursuant to subdivision (a).

(3) The contract may require the property owner or lessee to provide appropriate notification of the opening of any escrow for the sale of the property for which the building permit was issued and to provide in the escrow instructions that the fee or charge be paid to the local agency imposing the same from the sale proceeds in escrow prior to disbursing proceeds to the seller.

(d) This section applies only to fees collected by a local agency to fund the construction of public improvements or facilities. It does not apply to fees collected to cover the cost of code enforcement or inspection services, or to other fees collected to pay for the cost of enforcement of local ordinances or state law.

(e) "Final inspection" or "certificate of occupancy," as used in this section, have the same meaning as described in Sections 305 and 307 of the Uniform Building Code, International Conference of Building Officials, 1985 edition.

(f) Methods of complying with the requirement in subdivision (b) that a proposed construction schedule or plan be adopted, include, but are not limited to, (1) the adoption of the capital improvement plan described in Section 66002, or (2) the submittal of a five-year plan for construction and rehabilitation of school facilities pursuant to subdivision (c) of Section 17017.5 of the Education Code.

CHAPTER 604

An act to amend Section 2715.5 of the Public Resources Code, relating to public resources.

[Approved by Governor October 13, 2007. Filed with
Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 2715.5 of the Public Resources Code is amended to read:

2715.5. (a) The Cache Creek Resource Management Plan, in conjunction with a site specific plan deemed consistent by the lead agency with the Cache Creek Resource Management Plan, until December 31, 2012, shall be considered to be a functional equivalent of a reclamation plan for the purposes of this chapter. No other reclamation plan shall be required to be reviewed and approved for any excavation project subject to the Cache Creek Resource Management Plan that is conducted in conformance with an approved site specific plan that is consistent with the Cache Creek Resource Management Plan, and the standards specified in that plan governing erosion control, channel stabilization, habitat restoration, flood control, or infrastructure maintenance, if that plan is reviewed and approved by a lead agency pursuant to this chapter.

(b) For purposes of this section, the board of supervisors of the county in which the Cache Creek Resource Management Plan is to be implemented shall prepare and file the annual report required to be prepared pursuant to Section 2207.

(c) Nothing in this section precludes an enforcement action by the board or the department brought pursuant to this chapter or Section 2207 if the lead agency or the director determines that a surface mining operator, acting under the authority of the Cache Creek Resource Management Plan, is not in compliance with the requirements of this chapter or Section 2207.

(d) "Site specific plan," for the purposes of this section, means an individual project plan approved by the lead agency that is consistent with the Cache Creek Resource Management Plan. Site specific plans prepared in conformance with the Cache Creek Resource Management Plan shall, at a minimum, include the information required pursuant to subdivision (c) of Section 2772, shall comply with the requirements of Article 9 (commencing with Section 3700) of Subchapter 1 of Chapter 8 of Division 2 of Title 14 of the California Code of Regulations, and shall be provided along with a financial assurance estimate to the department for review and comment pursuant to Section 2774. Notwithstanding the number of days authorized by paragraph (1) of subdivision (d) of Section 2774, the department shall review the site specific plan and the financial assurance estimate and prepare any written

comments within 15 days from the date of receipt of the plan and the estimate.

(e) Prior to engaging in an excavation activity in conformance with the Cache Creek Resource Management Plan, a surface mining operation shall be required to obtain financial assurances that meet the requirements of Section 2773.1.

(f) This section shall not become operative until the date the State Mining and Geology Board notifies the Secretary of State in writing that the board has approved an ordinance adopted by the Board of Supervisors for the County of Yolo that governs in-channel noncommercial extraction activities carried out pursuant to the Cache Creek Resources Management Plan.

(g) This section shall remain in effect only until December 31, 2012, and as of that date is repealed, unless a later enacted statute that is enacted before December 31, 2012, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 605

An act to add Sections 19501 and 19619.7 to the Business and Professions Code, relating to horse racing.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 19501 is added to the Business and Professions Code, to read:

19501. (a) The Legislature finds and declares the following:

(1) Professional jockeys are vital to the horse racing industry and the work they perform is very dangerous.

(2) The minimum wage that jockeys receive in a horse race is established by the California Horse Racing Board as a minimum jockey riding fee. Jockeys may earn additional compensation if the horse they are racing is a winning mount, a second place mount, or a third place mount.

(3) The minimum jockey riding fee has not kept up with inflation or the cost of living. Since 1970, the state minimum wage has increased at more than twice the rate that the average jockey riding fee increased over the same period.

(4) The riding fee should be increased at least as much on a percentage basis as the state minimum wage, so that the average full-time jockey can earn an income sufficient to provide for the basic necessities of life.

(b) (1) Effective January 1, 2008, the scale of minimum jockey riding fees for losing mounts established by the board shall be increased by ten dollars ($10) per mount from the rate in effect on December 31, 2007, except that this increase shall not be applicable to the two highest fees on the scale. Effective January 1, 2010, the scale of minimum jockey riding fees for losing mounts established by the board shall be increased by ten dollars ($10) per mount from the rate in effect on December 31, 2009. Effective January 1, 2012, the scale of minimum jockey riding fees for losing mounts established by the board shall be increased by ten dollars ($10) per mount from the rate in effect on December 31, 2011, except the three lowest fees on the scale shall be increased by five dollars ($5) per mount. Thereafter the scale of minimum jockey riding fees for losing mounts shall be increased whenever the state minimum wage is increased by the percentage of that increase.

(2) Effective January 1, 2008, the minimum amount awarded to the jockey who finishes second or third in a race shall be increased by ten dollars ($10) per race over the amount required to be paid on December 31, 2007. Effective January 1, 2010, the minimum amount awarded to the jockey who finishes second or third in a race shall be increased by ten dollars ($10) over the amount required to be paid on December 31, 2009. Effective January 1, 2012, the minimum amount awarded to the jockey who finishes second or third in a race shall be increased by five dollars ($5) over the amount required to be paid on December 31, 2011. This subdivision shall apply to races in which the purse is nine thousand nine hundred ninety-nine dollars ($9,999) or less.

(c) No jockey shall be paid less than the minimum jockey riding fees established pursuant to this section.

(d) Nothing in this section prohibits the board from increasing the minimum jockey riding fee above the minimum level required by this section.

SEC. 2. Section 19619.7 is added to the Business and Professions Code, to read:

19619.7. Notwithstanding any other provision of this chapter, no later than July 1, 2008, the board shall provide that the jockey who rides the horse that finishes in fourth place in a thoroughbred horse race shall be entitled to a reasonable riding fee, not to exceed 2 percent of the

owner's share of the purse, provided that the riding fee is no greater than that earned by the jockeys whose horses finish second and third in the same race.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 606

An act to add Part 10.3 (commencing with Section 19850) to Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Part 10.3 (commencing with Section 19850) is added to Division 2 of the Revenue and Taxation Code, to read:

PART 10.3. EARNED INCOME TAX CREDIT INFORMATION ACT

19850. This act shall be known and may be cited as the Earned Income Tax Credit Information Act.

19851. The Legislature finds and declares as follows:

(a) Congress created the federal earned income tax credit (EITC) in 1975 to offset the adverse effects of the Medicare and social security payroll taxes on working poor families and to encourage low-income workers to seek employment rather than welfare.

(b) Due to a relatively low percentage of federal earned income tax credit eligible persons that participate in the federal Earned Income Tax Credit program, hundreds of millions of federal dollars go unclaimed by the working poor in California.

(c) In order to alleviate the tax burden on working poor persons and families, to enhance the wages and income of working poor persons and families, to ensure that California receives its share of the federal money available in the federal Earned Income Tax Credit program, and to inject

additional federal money into the California economy, the state shall facilitate the furnishing of information to working poor persons and families regarding the availability of the federal earned income tax credit so that they may claim that credit on their federal income tax returns.

(d) It is the intent of this act to offer the most cost-effective assistance to eligible taxpayers through notices provided by their employers.

19852. For purposes of this part, the following terms have the following meanings:

(a) "Employer" means any California employer who is subject to, and is required to provide, unemployment insurance to his or her employees, under the Unemployment Insurance Code.

(b) "Employee" means any person who is covered by unemployment insurance by his or her employer, pursuant to the Unemployment Insurance Code.

(c) "EITC" means the federal earned income tax credit, as defined in Section 32 of the Internal Revenue Code.

19853. (a) An employer shall notify all employees that they may be eligible for the EITC within one week before or after, or at the same time, that the employer provides an annual wage summary, including, but not limited to, a Form W-2 or a Form 1099, to any employee.

(b) The employer shall provide the notification required by subdivision (a) by handing directly to the employee or mailing to the employee's last known address either of the following:

(1) Instructions on how to obtain any notices available from the Internal Revenue Service for this purpose, including, but not limited to, the IRS Notice 797 and Form W-5, or any successor notice or form.

(2) Any notice created by the employer, as long as it contains substantially the same language as the notice described in paragraph (1) or in subdivision (a) of Section 19854.

(c) The employer shall not satisfy the notification required by subdivision (a) by posting a notice on an employee bulletin board or sending it through office mail. However, these methods of notification are encouraged to help inform all employees of the EITC.

(d) Every employer shall process, in accordance with federal law, Form W-5 for advance payments of the EITC, upon the request of the employee.

19854. The notice furnished to employees regarding the availability of the EITC shall state as follows:

BASED ON YOUR ANNUAL EARNINGS, YOU MAY BE ELIGIBLE TO RECEIVE THE EARNED INCOME TAX CREDIT FROM THE FEDERAL GOVERNMENT. THE EARNED INCOME TAX CREDIT IS A REFUNDABLE FEDERAL

INCOME TAX CREDIT FOR LOW-INCOME WORKING INDIVIDUALS AND FAMILIES. THE EARNED INCOME TAX CREDIT HAS NO EFFECT ON CERTAIN WELFARE BENEFITS. IN MOST CASES, EARNED INCOME TAX CREDIT PAYMENTS WILL NOT BE USED TO DETERMINE ELIGIBILITY FOR MEDICAID, SUPPLEMENTAL SECURITY INCOME, FOOD STAMPS, LOW-INCOME HOUSING OR MOST TEMPORARY ASSISTANCE FOR NEEDY FAMILIES PAYMENTS. EVEN IF YOU DO NOT OWE FEDERAL TAXES, YOU MUST FILE A TAX RETURN TO RECEIVE THE EARNED INCOME TAX CREDIT. BE SURE TO FILL OUT THE EARNED INCOME TAX CREDIT FORM IN THE FEDERAL INCOME TAX RETURN BOOKLET. FOR INFORMATION REGARDING YOUR ELIGIBILITY TO RECEIVE THE EARNED INCOME TAX CREDIT, INCLUDING INFORMATION ON HOW TO OBTAIN THE IRS NOTICE 797 OR FORM W-5, OR ANY OTHER NECESSARY FORMS AND INSTRUCTIONS, CONTACT THE INTERNAL REVENUE SERVICE BY CALLING 1-800-829-3676 OR THROUGH ITS WEB SITE AT WWW.IRS.GOV.

CHAPTER 607

An act to add Article 4.5 (commencing with Section 76070) to Chapter 1 of Part 47 of Division 7 of Title 3 of the Education Code, relating to student financial aid.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 76070) is added to Chapter 1 of Part 47 of Division 7 of Title 3 of the Education Code, to read:

Article 4.5. California Community College Student Federal and State Financial Aid Opportunity Act

76070. (a) The Legislature finds and declares all of the following:

(1) Students of the California Community Colleges (CCC) receive federal Pell Grants at a rate significantly below the national community college average, and yet there is no indication that CCC students are less needy.

(2) California taxpayers pay into the federal Pell Grant program through federal taxes, but California students do not receive the benefits of the federal Pell Grant program at equal levels.

(3) California Community Colleges students receive federal Pell Grant funds at a rate significantly below undergraduate students at the University of California and the California State University, and again, there is no indication that CCC students are less needy.

(4) California maintains a low fee for CCC students, significantly lower than for University of California and California State University students and lower than the fee for other community college students in the nation, but this does not mean these students need fewer funds from the federal Pell Grant program. Federal Pell Grant funds do not pay community college fees; instead, federal Pell Grant funds are directed toward the remaining costs of attendance, called "indirect expenses" such as books, supplies, and room and board, which are just as high, and sometimes higher, for CCC students as for those other students in the nation and in other California colleges.

(5) Textbook prices are soaring, many CCC students live in high-cost urban areas, many CCC students support children, and financially needy CCC students struggle to make ends meet. A low participation rate in the largest federal grant program in California's largest system of postsecondary education is unacceptable.

(6) The University of California (UC) and the California State University (CSU) conduct annual one-day conferences to educate California high school counselors about the policies, procedures, and services available in their respective systems. The California Community Colleges have not been funded to conduct similar statewide conferences, and must rely on local relationships that do not give all high schools access to consistent information. It is critical for student success in the community colleges that high school counselors are full partners in outreach and preparation, particularly as California is poised to hire and train many new counselors. This training will help counselors understand that all students need encouragement, information, and support services to pursue postsecondary education, not just those who are the most successful and traditionally viewed as headed to four-year colleges and universities.

(7) California Community Colleges financial aid programs received a major infusion of administrative allowances in the Budget Act of 2003 (Chapter 157 of the Statutes of 2003), which has resulted in substantial

progress in assisting more students to receive federal Pell Grants; however, the average financial aid administrative support per student in the CCC segment, as compared to support for undergraduates in the UC and CSU systems is still significantly lower, while the administrative function is no less demanding, and in some aspects, more demanding, than the challenges faced by financial aid administrators in the UC and CSU systems.

(8) Some CCC students fail to receive federal Pell Grants because they do not enroll directly from high school or drop out after beginning attendance, or take very few units and work to support themselves and often to help their families. The income from these jobs, which cannot be sustained if a student desires to be a full-time student, causes students to become ineligible for federal Pell Grants. The colleges have the discretion, under federal law, to work with individuals to document the changes in their circumstances and justify eligibility, but to do so is labor-intensive and, thus, not a service that can be widely provided.

(9) Some CCC students are not able to secure financial information from their parents, or are reluctant to approach parents who live in poverty, and give up when they discover the financial aid application process involves their parents. The counseling and assistance necessary to make these highly needy students eligible is also labor-intensive and is, thus, difficult to provide without sufficient professional staff.

(10) Some students fail to qualify for federal Pell Grants because they have not yet declared an "eligible program" as their objective, and scarce counseling resources in the community colleges exacerbate this problem.

(11) Efforts to improve participation in federal student aid will also have a beneficial effect on participation in the Cal Grant Program, which currently provides only 10 percent of the financial aid funding in the community colleges. While there are participation barriers in the Cal Grant Program, such as early deadlines and limited funds for older students, that cannot be addressed by increased support services, some students will be reached who might not otherwise qualify for the Cal Grant Program.

(12) Efforts to improve participation in federal student aid will additionally have a beneficial effect on participation in the Board of Governors Enrollment Fee Waiver Program, which is critical to community college access.

(13) The CCC Chancellor's Office maintains a financial aid unit, but it does not have the staffing capacity to undertake a wide range of systemwide initiatives and support. These initiatives could leverage millions of dollars in federal student assistance.

(b) It is the intent of the Legislature to support an array of initiatives to increase the number of CCC students receiving awards from the federal

Pell Grant program, thereby helping to improve access to college for low-income students, helping improve their chances of success by having improved financial means to pay for escalating college costs, and the ability to devote more time to their education, improving the participation rate in other federal and state student aid programs, and helping Californians receive their fair share of the federal taxes paid to support federal financial aid programs.

76071. (a) The CCC Chancellor's Office shall develop a statement that individual students will be asked to sign, which acknowledges that federal and state funds are available to assist with the costs of college and that information regarding these programs, and assistance in applying for those funds can be obtained at the financial aid office. The chancellor shall request the colleges to require students to sign this acknowledgment in the application for enrollment at all campuses of the California Community Colleges in the next regular local cycle in which those forms are printed and the next regular cycle in which electronic applications are updated.

(b) The CCC Chancellor's Office shall develop a statement to individual students receiving the Board of Governors Enrollment Fee Waiver, who did not apply for federal student aid, informing them about the benefits of the federal programs, the application process, and the availability of assistance to apply. The chancellor shall request colleges to provide this statement to all students who meet this description.

CHAPTER 608

An act to add Section 14670.11 to the Government Code, relating to state property.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 14670.11 is added to the Government Code, to read:

14670.11. Notwithstanding Section 14670, the Director of General Services, with the concurrence of the Department of Forestry and Fire Protection, may lease to the County of Shasta for a period not to exceed 20 years, approximately 29 acres of real property with improvements thereon, located in the Whiskeytown National Recreation Area,

approximately 25 miles west of the City of Redding, in the County of Shasta, known as the Crystal Creek Regional Boys' Camp.

(b) The lease shall be entered into for the purposes of operating a regional rehabilitative juveniles camp, upon the terms and conditions deemed by the director to be in the best interest of the state.

(c) The director may negotiate the provision of maintenance or other services as compensation for the lease of the property, but shall negotiate a lease condition that precludes unilateral termination of the lease by the state prior to the county fully recovering its investment in the property.

SEC. 2. The Legislature finds and declares that the lease of state property authorized by Section 1 of this act does not constitute a lease or other disposition of surplus state property within the meaning of subdivision (g) of Section 11011 of the Government Code.

CHAPTER 609

An act to add Sections 9852.9, 9853.7, and 9853.8 to the Vehicle Code, relating to vessels.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 9852.9 is added to the Vehicle Code, to read:

9852.9. (a) On and after July 1, 2008, the form for an initial application for a number prepared by the department pursuant to Section 9853 shall include both of the following:

(1) Checkoff boxes or line alternatives for the retail seller of an undocumented vessel to certify that a sterndrive or inboard vessel that contains a spark-ignition marine engine below 373 kW (500 hp) rated power output that was manufactured on or after January 1, 2008, and a sterndrive or inboard vessel that contains a spark-ignition marine engine with any rated power output that was manufactured on or after January 1, 2009, has a permanently affixed label indicating that the engine meets or exceeds the 2008 California emissions standards required by Section 2442 of Title 13 of the California Code of Regulations.

(2) A line requiring that an initial application for a vessel described in paragraph (1) be accompanied by the hang tag required by Section 2443.3 of Title 13 of the California Code of Regulations for the engine described in paragraph (1).

(b) As used in this section, "spark-ignition marine engine" has the same meaning as that term is defined in Section 9853.7.

SEC. 2. Section 9853.7 is added to the Vehicle Code, to read:

9853.7. (a) (1) When the retail seller of an undocumented sterndrive or inboard vessel, that contains a spark-ignition marine engine below 373 kW (500 hp) rated power output that was manufactured on or after January 1, 2008, or contains a spark-ignition marine engine with any rated power output that was manufactured on or after January 1, 2009, files for the purchaser of the vessel the initial application for a number for the vessel, the retail seller shall do both of the following:

(A) Certify on that application, by marking in indelible ink the affirmative checkoff boxes or line alternatives described in subdivision (a) of Section 9852.9, that the spark-ignition marine engine has a permanently affixed label indicating that the engine meets or exceeds the 2008 California emissions standards required by Section 2442 of Title 13 of the California Code of Regulations. The retail seller shall make that certification only after examining the permanently affixed label for the engine and only if the label indicates compliance with Section 2442 of Title 13 of the California Code of Regulations.

(B) Submit with the application, the hang tag required by Section 2443.3 of Title 13 of the California Code of Regulations for the engine, after including on the reserved white space of the hang tag, the engine family name, from the permanently affixed engine label, and the serial number of the engine.

(2) If the retail seller does not file for the purchaser of a vessel described in paragraph (1) the initial application for a number for the vessel, the applicant, upon filing an initial application for a number, shall submit the hang tag required by Section 2443.3 of Title 13 of the California Code of Regulations for the engine. The hang tag shall contain the engine family name, from the permanently affixed engine label, and the serial number of the engine, as inserted by the retail seller of the vessel.

(b) Subdivision (a) does not apply to a vessel originally purchased in another state by a resident of that state who subsequently establishes residence in this state and who provides satisfactory evidence to the department, or the department's agent authorized pursuant to Section 9858, of the previous residence.

(c) The department, and the department's agent authorized pursuant to Section 9858, shall not number a vessel subject to subdivision (a), unless the retail seller certifies on the initial application for a number filed for the purchaser of the vessel that the spark-ignition marine engine has the label described in paragraph (1) of subdivision (a) permanently

affixed to the engine, or the applicant submits an application that is accompanied by the hang tag required by subdivision (a).

(d) For the purposes of this section, "spark-ignition marine engine" has the same meaning as that term is defined in paragraph (48) of subdivision (a) of Section 2441 of Title 13 of the California Code of Regulations.

SEC. 3. Section 9853.8 is added to the Vehicle Code, to read:

9853.8. (a) This section applies only to a sterndrive or inboard vessel that contains a spark-ignition marine engine below 373 kW (500 hp) rated power output that was manufactured on or after January 1, 2008, or contains a spark-ignition marine engine with any rated power output that was manufactured on or after January 1, 2009.

(b) It is an infraction, punishable by a fine of two hundred fifty dollars ($250), for a person to operate an undocumented vessel, requiring numbering by the state, that is not currently numbered by the state, and that does not comply with the emissions standards required by Section 2442 of Title 13 of the California Code of Regulations.

(c) As used in this section, "spark-ignition marine engine" has the same meaning as that term is defined in Section 9853.7.

SEC. 4. This act shall become operative on July 1, 2008.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 610

An act to amend Section 11352 of the Government Code, to add Sections 5096.827.2, 5096.827.3, 75050.2, and 75050.4 to the Public Resources Code, and to add Sections 13383.7 and 13383.8 to the Water Code, relating to water.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The federal Clean Water Act requires the regulation of stormwater discharges under the national pollutant discharge elimination system (NPDES) permit program. The State Water Resources Control Board and the California regional water quality control boards have been designated by the United States Environmental Protection Agency to implement the NPDES stormwater program.

(b) Polluted runoff, including stormwater discharges, is generated by runoff from land and impervious areas such as paved streets, parking lots, and building rooftops during both dry and wet months. Stormwater discharges often contain pollutants in quantities that could adversely affect water quality. Stormwater discharges can also accelerate stream erosion, causing increased sedimentation downstream, loss of flood conveyance capacity, and increased flood damage risk.

(c) The State Water Resources Control Board and the California regional water quality control boards, in their 2001 strategic plan, indicate that polluted runoff is the leading cause of water quality problems in the state. The United States Environmental Protection Agency considers urban stormwater pollution a serious source of pollution in the waters of the United States.

(d) The State Water Resources Control Board's Resolution No. 2000-0006, dated January 2005, which adopted sustainability as a core value for all activities and programs, supports sustainable practices related to water quality and water supply, including, but not limited to, low-impact development that seeks to maintain predevelopment runoff rates and volumes. Low-impact development includes specific techniques such as reducing the amount of impermeable surfaces and increasing infiltration.

(e) The State Water Resources Control Board and the Department of Water Resources should coordinate applicable financial assistance programs to maximize public benefits and leverage local and federal funding.

(f) The State Water Resources Control Board should provide state oversight regarding the NPDES stormwater program, including guidance, priorities, policy direction, technical assistance, and evaluation of program effectiveness.

SEC. 1.5. Section 11352 of the Government Code is amended to read:

11352. The following actions are not subject to this chapter:

(a) The issuance, denial, or waiver of any water quality certification as authorized under Section 13160 of the Water Code.

(b) The issuance, denial, or revocation of waste discharge requirements and permits pursuant to Sections 13263 and 13377 of the Water Code and waivers issued pursuant to Section 13269 of the Water Code.

(c) The development, issuance, and use of the guidance document pursuant to Section 13383.7 of the Water Code.

SEC. 2. Section 5096.827.2 is added to the Public Resources Code, to read:

5096.827.2. (a) The department shall develop project selection and evaluation guidelines to implement Section 5096.827. The State Water Resources Control Board shall advise the department on the water quality portions of the guidelines, relying as appropriate on the stormwater guidelines developed by the State Water Resources Control Board pursuant to Section 75050.2.

(b) The guidelines shall include a provision that gives preference to a project that reduces flood damages for which one or both of the following applies:

(1) The project is not receiving state funding for flood control or flood prevention projects pursuant to Section 5096.824 or Section 75034.

(2) The project provides multiple benefits, including, but not limited to, water quality improvements, ecosystem benefits, reduction of instream erosion and sedimentation, and groundwater recharge.

SEC. 3. Section 5096.827.3 is added to the Public Resources Code, to read:

5096.827.3. Consistent with the requirements of Sections 5096.827 and 5096.827.2, the design and construction of projects for combined municipal sewer and stormwater systems are eligible for financing under Section 5096.827.

SEC. 4. Section 75050.2 is added to the Public Resources Code, to read:

75050.2. (a) The state board shall develop project selection and evaluation guidelines for the allocation of funds made available pursuant to subdivision (m) of Section 75050. Upon appropriation, the funds shall be available for matching grants to local public agencies, not to exceed five million dollars ($5,000,000) per project, for projects to achieve any of the following purposes in accordance with the requirements of that subdivision:

(1) Complying with total maximum daily load requirements established pursuant to Section 303(d) of the Clean Water Act (33 U.S.C. Sec. 1313(d)) and this division where pollutant loads have been allocated to stormwater, including, but not limited to, metals, pathogens, and trash pollutants.

(2) Assistance in implementing low-impact development and other onsite and regional practices, on public and private lands, that seek to maintain predevelopment hydrology for existing and new development and redevelopment projects. Projects funded pursuant to this paragraph

shall be designed to infiltrate, filter, store, evaporate, or retain runoff in close proximity to the source of water.

(3) Implementing treatment and source control practices to meet design and performance standard requirements for new development.

(4) Treating and recycling stormwater discharge.

(5) Implementing improvements to combined municipal sewer and stormwater systems.

(6) Implementing best management practices, and other measures, required by municipal stormwater permits issued by a California regional water quality control board or the state board.

(7) Assessing project effectiveness, including, but not limited to, monitoring receiving water quality, determining pollutant load reductions, and assessing improvements in stormwater discharge water quality.

(b) (1) For the purpose of implementing subdivision (a), the state board shall give preference to a project that does one or more of the following:

(A) Supports sustained, long-term water quality improvements.

(B) Is coordinated or consistent with any applicable integrated regional water management plan.

(3) Upon the filing of an appeal, the appeal board or legislative body shall set the matter for hearing. The hearing shall be held within 30 days after the date of a request filed by the subdivider or the appellant. Within 10 days following the conclusion of the hearing, the legislative body shall render its decision on the appeal.

(c) (1) If there is an appeal board and it fails to act upon an appeal within the time limit specified in this chapter, the decision from which the appeal was taken shall be deemed affirmed and an appeal therefrom may thereupon be taken to the legislative body as provided in subdivision

The hearing may be a public hearing for which notice shall be given in the time and manner provided.

The legislative body may sustain, modify, reject, or overrule any recommendations or rulings of the advisory board or the appeal board and may make any findings that are not inconsistent with the provisions of this chapter or any local ordinance adopted pursuant to this chapter.

(e) Each decision made pursuant to this section shall be supported by findings that are consistent with the provisions of this division and any local ordinance adopted pursuant to this division.

(f) Notice of each hearing provided for in this section shall be sent by United States mail to each tenant of the subject property, in the case of a conversion of residential real property to a condominium project, community apartment project, or stock cooperative project, at least three

(a) As used in this section, the following definitions apply:

(1) "Advance deposit wagering" means a form of parimutuel wagering in which a person residing within California or outside of this state establishes an account with an ADW provider, and subsequently issues wagering instructions concerning the funds in this account, thereby authorizing the ADW provider holding the account to place wagers on the account owner's behalf.

(2) "ADW provider" means a licensee, betting system, or multijurisdictional wagering hub, located within California or outside this state, that is authorized to conduct advance deposit wagering pursuant to this section.

(3) "Betting system" means a business conducted exclusively in this state that facilitates parimutuel wagering on races it simulcasts and other races it offers in its wagering menu.

(4) "Breed of racing" means as follows:

(A) With respect to associations and fairs licensed by the board to conduct thoroughbred, fair, or mixed breed race meetings, "breed of racing" shall mean thoroughbred.

(B) With respect to associations licensed by the board to conduct quarter horse race meetings, "breed of racing" shall mean quarter horse.

(C) With respect to associations and fairs licensed by the board to conduct standardbred race meetings, "breed of racing" shall mean standardbred.

(5) "Contractual compensation" means the amount paid to an ADW provider from advance deposit wagers originating in this state. Contractual compensation includes, but is not limited to, hub fee payments, and may include host fee payments, if any, for out-of-state and out-of-country races. Contractual compensation is subject to the following requirements:

(A) Excluding contractual compensation for host fee payments, contractual compensation shall not exceed 6.5 percent of the amount wagered.

(B) The host fee payments included within contractual compensation shall not exceed 3.5 percent of the amount wagered. Notwithstanding this provision, the host fee payment with respect to wagers on the Kentucky Derby, Preakness Stakes, Belmont Stakes, and selected Breeders' Cup Championship races may be negotiated by the ADW provider, the racing associations accepting wagers on those races pursuant to Section 19596.2, and the horsemen's organization.

(C) In order to ensure fair and consistent market access fee distributions to associations, fairs, horsemen, and breeders, for each breed of racing, the percentage of wagers paid as contractual compensation to an ADW provider pursuant to the terms of a hub agreement with a racing association or fair when that racing association or fair is conducting live racing shall be the same as the percentage of wagers paid as contractual compensation to that ADW provider when that racing association or fair is not conducting live racing.

(6) "Horsemen's organization" means, with respect to a particular racing meeting, the organization recognized by the board as responsible

for negotiating purse agreements on behalf of horsemen participating in that racing meeting.

(7) "Hub agreement" means a written agreement providing for contractual compensation paid with respect to advance deposit wagers placed by California residents on a particular breed of racing conducted outside of California. In the event a hub agreement exceeds a term of two years, then an ADW provider, one or more racing associations or fairs that together conduct no fewer than five weeks of live racing for the breed covered by the hub agreement, and the horsemen's organization responsible for negotiating purse agreements for the breed covered by the hub agreement shall be signatories to the hub agreement. A hub agreement is required for an ADW provider to receive contractual compensation for races conducted outside of California.

(8) "Hub agreement arbitration" means an arbitration proceeding pursuant to which the disputed provisions of the hub agreement pertaining to the hub or host fees from wagers on races conducted outside of California provided pursuant to paragraph (2) of subdivision (b) are determined in accordance with the provisions of this paragraph. If a hub agreement arbitration is requested, all of the following shall apply:

(A) The ADW provider shall be permitted to accept advance deposit wagers from California residents.

(B) The contractual compensation received by the ADW provider shall be the contractual compensation specified in the hub agreement that is the subject of the hub agreement arbitration.

(C) The difference between the contractual compensation specified in subparagraph (B) and the contractual compensation determined to be payable at the conclusion of the hub agreement arbitration shall be calculated and paid within 15 days following the arbitrator's decision and order. The hub agreement arbitration shall be held as promptly as possible, but in no event more than 60 days following the demand for that arbitration. The arbitrator shall issue a decision no later than 15 days following the conclusion of the arbitration. A single arbitrator jointly selected by the ADW provider and the party requesting a hub agreement arbitration shall conduct the hub agreement arbitration. However, if the parties cannot agree on the arbitrator within seven days of issuance of the written demand for arbitration, then the arbitrator shall be selected pursuant to the Streamlined Arbitration Rules and Procedures of the Judicial Arbitration and Mediation Services, or pursuant to the applicable rules of its successor organization. In making the hub agreement arbitration determination, the arbitrator shall be required to choose between the contractual compensation of the hub agreement agreed to by the ADW provider or whatever different terms for the hub agreement were proposed by the party requesting the hub agreement arbitration.

The arbitrator shall not be permitted to impose new, different, or compromised terms to the hub agreement. The arbitrator's decision shall be final and binding on the parties. If an arbitration is requested, either party may bring an action in state court to compel a party to go into arbitration or to enforce the decision of the arbitrator. The cost of the hub agreement arbitration, including the cost of the arbitrator, shall be borne in equal shares by the parties to the hub agreement and the party or parties requesting a hub agreement arbitration. The hub agreement arbitration shall be administered by the Judicial Arbitration and Mediation Services pursuant to its Streamlined Arbitration Rules and Procedures or its successor organization.

(9) "Incentive awards" means those payments provided for in Sections 19617.2, 19617.7, 19617.8, 19617.9, and 19619. The amount determined to be payable for incentive awards under this section shall be payable to the applicable official registering agency and thereafter distributed as provided in this chapter.

(10) "Licensee" means any racing association or fair licensed to conduct a live racing meet in this state, or affiliation thereof, authorized under this section.

(11) "Market access fee" means the amount of advance deposit wagering handle remaining after the payment of winning wagers, and after the payment of contractual compensation, if any, to an ADW provider. Market access fees shall be distributed in accordance with subdivision (f).

(12) "Multijurisdictional wagering hub" means a business conducted in more than one jurisdiction that facilitates parimutuel wagering on races it simulcasts and other races it offers in its wagering menu.

(13) "Racing fair" means a fair authorized by the board to conduct live racing.

(14) "Zone" means the zone of the state, as defined in Section 19530.5, except as modified by the provisions of subdivision (f) of Section 19601. For these purposes, the central and southern zones shall together be considered one zone.

(b) Wagers shall be accepted according to the procedures set forth in this subdivision.

(1) No ADW provider shall accept wagers or wagering instructions on races conducted in California from a resident of California unless all of the following conditions are met:

(A) The ADW provider is licensed by the board.

(B) A written agreement allowing those wagers exists with the racing association or fair conducting the races on which the wagers are made.

(C) The agreement referenced in subparagraph (B) shall have been approved in writing by the horsemen's organization responsible for

negotiating purse agreements for the breed on which the wagers are made in accordance with the Interstate Horseracing Act (15 U.S.C. Sec. 3001, et seq.), regardless of the location of the ADW provider, whether in California or otherwise, including, without limitation, any and all requirements contained therein with respect to written consents and required written agreements of horsemen's groups to the terms and conditions of the acceptance of those wagers and any arrangements as to the exclusivity between the host racing association or fair and the ADW provider. For purposes of this subdivision, the substantive provisions of the Interstate Horseracing Act shall be taken into account without regard to whether, by its own terms, that act is applicable to advance deposit wagering on races conducted in California accepted from residents of California.

(2) No ADW provider shall accept wagers or wagering instructions on races conducted outside of California from a resident of California unless all of the following conditions are met:

(A) The ADW provider is licensed by the board.

(B) There is a hub agreement between the ADW provider and one or both of (i) one or more racing associations or fairs that together conduct no fewer than five weeks of live racing on the breed on which wagering is conducted during the calendar year during which the wager is placed, and (ii) the horsemen's organization responsible for negotiating purse agreements for the breed on which wagering is conducted.

(C) If the parties referenced in clauses (i) and (ii) of subparagraph (B) are both signatories to the hub agreement, then no party shall have the right to request a hub agreement arbitration.

(D) If only the party or parties referenced in clause (i) of subdivision (B) is a signatory to the hub agreement, then the signatories to the hub agreement shall, within five days of execution of the hub agreement, provide a copy of the hub agreement to the horsemen's organization responsible for negotiating purse agreements for the breed on which wagering is conducted for each race conducted outside of California on which California residents may place advance deposit wagers. Prior to receipt of the hub agreement, the horsemen's organization shall sign a nondisclosure agreement with the ADW provider agreeing to hold confidential all terms of the hub agreement. If the horsemen's organization wants to request a hub agreement arbitration, it shall send written notice of its election to the signatories to the hub agreement within 10 days after receipt of the copy of the hub agreement, and shall provide its alternate proposal to the hub and host fees specified in the hub agreement with that written notice. If the horsemen's organization does not provide that written notice within the 10-day period, then no party shall have the right to request a hub agreement arbitration. If the

horsemen's organization does provide that written notice within the 10-day period, then the ADW provider shall have 10 days to elect in writing to do one of the following:

(i) Abandon the hub agreement.

(ii) Accept the alternate proposal submitted by the horsemen's organization.

(iii) Proceed with a hub agreement arbitration.

(E) If only the party referenced in clause (ii) of subdivision (B) is a signatory to the hub agreement, then the signatories to the hub agreement shall, within five days of execution of the hub agreement, provide written notice of the host and hub fees applicable pursuant to the hub agreement for each race conducted outside of California on which California residents may place advance deposit wagers, which notice shall be provided to all racing associations and fairs conducting live racing of the same breed covered by the hub agreement. If any racing association or fair wants to request a hub agreement arbitration, it shall send written notice of its election to the signatories to the hub agreement within 10 days after receipt of the notice of host and hub fees. It shall also provide its alternate proposal to the hub and host fees specified in the hub agreement with the notice of its election. If more than one racing association or fair provides notice of their request for hub agreement arbitration, those racing associations or fairs, or both, shall have a period of five days to jointly agree upon which of their alternate proposals shall be the official proposal for purposes of the hub agreement arbitration. If one or more racing associations or fairs that together conduct no fewer than five weeks of live racing on the breed on which wagering is conducted during the calendar year during which the wager is placed does not provide written notice of their election to arbitrate within the 10-day period, then no party shall have the right to request a hub agreement arbitration. If a valid hub agreement arbitration request is made, then the ADW provider shall have 10 days to elect in writing to do one of the following:

(i) Abandon the hub agreement.

(ii) Accept the alternate proposal submitted by the racing associations or fairs.

(iii) Proceed with a hub agreement arbitration.

The results of any hub agreement arbitration elected pursuant to this subdivision shall be binding on all other associations and fairs conducting live racing on that breed.

(F) The acceptance thereof is in compliance with the provisions of the Interstate Horseracing Act (15 U.S.C. Sec. 3001, et seq.), regardless of the location of the ADW provider, whether in California or otherwise, including, without limitation, any and all requirements contained therein

with respect to written consents and required written agreements of horsemen's groups to the terms and conditions of the acceptance of such wagers and any arrangements as to the exclusivity between the host racing association or fair and the ADW provider.

(c) An advance deposit wager may be made only by the ADW provider holding the account pursuant to wagering instructions issued by the owner of the funds communicated by telephone call or through other electronic media. The ADW provider shall ensure the identification of the account's owner by using methods and technologies approved by the board. Any ADW provider that accepts wagering instructions concerning races conducted in California, or accepts wagering instructions originating in California, shall provide a full accounting and verification of the source of the wagers thereby made, including the postal ZIP Code and breed of the source of the wagers, in the form of a daily download of parimutuel data to a database designated by the board. The daily download shall be delivered in a timely basis using file formats specified by the database designated by the board, and shall include any and all data necessary to calculate and distribute moneys according to the rules and regulations governing California parimutuel wagering. Any and all reasonable costs associated with the creation, provision, and transfer of this data shall be borne by the ADW provider.

(d) (1) (A) The board shall develop and adopt rules to license and regulate all phases of operation of advance deposit wagering for ADW providers operating in California.

(B) The board shall not approve an application for an original or renewal license as an ADW provider unless the entity, if requested in writing by a bona fide labor organization no later than ninety days prior to licensing, has entered into a contractual agreement with that labor organization that provides all of the following:

(i) The labor organization has historically represented employees who accept or process any form of wagering at the nearest horse racing meeting located in California.

(ii) The agreement establishes the method by which the ADW provider will agree to recognize and bargain in good faith with a labor organization which has demonstrated majority status by submitting authorization cards signed by those employees who accept or process any form of wagering for which a California ADW license is required.

(iii) The agreement requires the ADW provider to maintain its neutrality concerning the choice of those employees who accept or process any form of wagering for which a California ADW license is required whether or not to authorize the labor organization to represent them with regard to wages, hours, and other the terms and conditions of employment.

(iv) The agreement applies to those classifications of employees who accept or process wagers for which a California ADW license is required whether the facility is located within or outside of California.

(C) (i) The agreement required by subparagraph (B) shall not be conditioned by either party upon the other party agreeing to matters outside the requirements of subparagraph (B).

(ii) The requirement in subparagraph (B) shall not apply to an ADW provider which has entered into a collective bargaining agreement with a bona fide labor organization that is the exclusive bargaining representative of employees who accept or process parimutuel wagers on races for which an ADW license is required whether the facility is located within or outside California.

(D) Permanent state or county employees and nonprofit organizations that have historically performed certain services at county, state, or district fairs may continue to provide those services.

(E) Parimutuel clerks employed by racing associations or fairs or employees of ADW providers who accept or process any form of wagers who are laid off due to lack of work shall have preferential hiring rights for new positions with their employer in occupations whose duties include accepting or processing any form of wagers, or the operation, repair, service, or maintenance of equipment that accepts or processes any form of wagering at a racetrack, satellite wagering facility, or ADW provider licensed by the board. The preferential hiring rights established by this subdivision shall be conditioned upon the employee meeting the minimum qualification requirements of the new job.

(2) The board shall develop and adopt rules and regulations requiring ADW providers to establish security access policies and safeguards, including, but not limited to, the following:

(A) The ADW provider shall use board-approved methods to perform location and age verification confirmation with respect to persons establishing an advance deposit wagering account.

(B) The ADW provider shall use personal identification numbers (PINs) or other technologies to assure that only the accountholder has access to the advance deposit wagering account.

(C) The ADW provider shall provide for withdrawals from the wagering account only by means of a check made payable to the accountholder and sent to the address of the accountholder or by means of an electronic transfer to an account held by the verified accountholder or the accountholder may withdraw funds from the wagering account at a facility approved by the board by presenting verifiable account identification information.

(D) The ADW provider shall allow the board access to its premises to visit, investigate, audit and place expert accountants and other persons

it deems necessary for the purpose of ensuring that its rules and regulations concerning credit authorization, account access, and other security provisions are strictly complied with. To ensure that the amounts retained from the parimutuel handle are distributed under law, rules, or agreements, any ADW provider that accepts wagering instructions concerning races conducted in California or accepts wagering instructions originating in California shall provide an independent "agreed upon procedures" audit for each California racing meeting, within 60 days of the conclusion of the race meeting. The auditing firm to be used and the content and scope of the audit, including host fee obligations, shall be set forth in the applicable agreement. The ADW provider shall provide the board, horsemen's organizations, and the host racing association with an annual parimutuel audit of the financial transactions of the ADW provider with respect to wagers authorized pursuant to this section, prepared in accordance with generally accepted auditing standards and the requirements of the board. Any and all reasonable costs associated with those audits shall be borne by the ADW provider.

(3) The board shall prohibit advance deposit wagering advertising that it determines to be deceptive to the public. The board shall also require, by regulation, that every form of advertising contain a statement that minors are not allowed to open or have access to advance deposit wagering accounts.

(e) In order for a licensee, betting system, or multijurisdictional wagering hub to be approved by the board as an ADW provider, it shall meet both of the following requirements:

(1) All wagers thereby made shall be included in the appropriate parimutuel pool under a contractual agreement with the applicable host track.

(2) The amounts deducted from advance deposit wagers shall be in accordance with the provisions of this chapter.

(f) After the payment of contractual compensation, the amounts received as market access fees from advance deposit wagers, which shall not be considered for purposes of Section 19616.51, shall be distributed as follows:

(1) An amount equal to 0.0011 multiplied by the amount handled on advance deposit wagers originating in California for each racing meeting shall be distributed to the Center for Equine Health to establish the Kenneth L. Maddy Fund for the benefit of the School of Veterinary Medicine at the University of California at Davis.

(2) An amount equal to 0.0003 multiplied by the amount handled on advance deposit wagers originating in California for each racing meeting shall be distributed to the Department of Industrial Relations to cover costs associated with audits conducted pursuant to Section 19526 and

for the purposes of reimbursing the State Mediation and Conciliation Service for costs incurred pursuant to this bill. However, if that amount would exceed the costs of the Department of Industrial Relations, the amount distributed to the department shall be reduced, and that reduction shall be forwarded to an organization designated by the racing association or fair described in subdivision (a) for the purpose of augmenting a compulsive gambling prevention program specifically addressing that problem.

(3) An amount equal to 0.00165 multiplied by the amount handled on advance deposit wagers that originate in California for each racing meeting shall be distributed as follows:

(A) One-half of the amount shall be distributed to supplement the trainer-administered pension plans for backstretch personnel established pursuant to Section 19613. Moneys distributed pursuant to this subparagraph shall supplement, and not supplant, moneys distributed to that fund pursuant to Section 19613 or any other provision of law.

(B) One-half of the amount shall be distributed to the welfare fund established for the benefit of horsemen and backstretch personnel pursuant to subdivision (b) of Section 19641. Moneys distributed pursuant to this subparagraph shall supplement, and not supplant, moneys distributed to that fund pursuant to Section 19641 or any other provision of law.

(4) With respect to wagers on each breed of racing that originate in California, an amount equal to two percent of the first two hundred fifty million dollars ($250,000,000) of handle from all advance deposit wagers originating from within California annually, an amount equal to 1.5 percent of the next two hundred fifty million dollars ($250,000,000) of handle from all advance deposit wagers originating from within California annually, an amount equal to one percent of the next two hundred fifty million dollars ($250,000,000) of handle from all advance deposit wagers originating from within California annually, and an amount equal to 0.50 percent of handle from all advance deposit wagers originating from within California in excess of seven hundred fifty million dollars ($750,000,000) annually, shall be distributed as satellite wagering commissions. Satellite facilities that were not operational in 2001, other than one each in the cities of Inglewood and San Mateo, and two additional facilities each operated by the Alameda County Fair and the Los Angeles County Fair and their partners and other than existing facilities which are relocated, are not eligible for satellite wagering commission distributions under this section. The satellite wagering facility commissions calculated in accordance with this subdivision shall be distributed to each satellite wagering facility and racing association or fair in the zone in which the wager originated in the same relative

proportions that the satellite wagering facility or the racing association or fair generated satellite commissions during the previous calendar year. If there is a reduction in the satellite wagering commissions pursuant to this section, the benefits therefrom shall be distributed equitably as purses and commissions to all associations and racing fairs generating advance deposit wagers in proportion to the handle generated by those associations and racing fairs. For purposes of this section, the purse funds distributed pursuant to Section 19605.72 shall be considered to be satellite wagering facility commissions attributable to thoroughbred races at the locations described in that section.

(5) After the distribution of the amounts set forth in paragraphs (1) to (4), inclusive, the remaining market access fees from advance deposit wagers originating in California shall be as follows:

(A) With respect to wagers on each breed of racing, the amount remaining shall be distributed to the racing association or fair that is conducting live racing on that breed during the calendar period in the zone in which the wager originated. That amount shall be allocated to that racing association or fair as commissions, to horsemen participating in that racing meeting in the form of purses, and as incentive awards, in the same relative proportion as they were generated or earned during the prior calendar year at that racing association or fair on races conducted or imported by that racing association or fair after making all deductions required by applicable law. Notwithstanding any other provision of law, the distributions with respect to each breed of racing set forth in this subparagraph may be altered upon the approval of the board, in accordance with an agreement signed by the respective associations, fairs, horsemen's organizations, and breeders organizations receiving those distributions.

(B) If the provisions of Section 19601.2 apply, then the amount distributed to the applicable racing associations or fairs shall first be divided between those racing associations or fairs in direct proportion to the total amount wagered in the applicable zone on the live races conducted by the respective association or fair. Notwithstanding this requirement, when the provisions of subdivision (b) of Section 19607.5 apply to the 2nd District Agricultural Association in Stockton or the California Exposition and State Fair in Sacramento, then the total amount distributed to the applicable racing associations or fairs shall first be divided equally, with 50 percent distributed to applicable fairs and 50 percent distributed to applicable associations.

(C) Notwithstanding any provisions of this section to the contrary, with respect to wagers on out-of-state and out-of-country thoroughbred races conducted after 6 p.m., Pacific time, 50 percent of the amount remaining shall be distributed as commissions to thoroughbred

associations and racing fairs, as thoroughbred and fair purses, and as incentive awards in accordance with subparagraph (A), and the remaining 50 percent, together with the total amount remaining from advance deposit wagering originating from California out-of-state and out-of-country harness and quarter horse races conducted after 6 p.m., Pacific time, shall be distributed as commissions on a pro rata basis to the applicable licensed quarter horse association and the applicable licensed harness association, based upon the amount handled in state, both on- and off-track, on each breed's own live races in the previous year by that association, or its predecessor association. One-half of the amount thereby received by each association shall be retained by that association as a commission, and the other half of the money received shall be distributed as purses to the horsemen participating in its current or next scheduled licensed racing meeting.

(D) Notwithstanding any provisions of this section to the contrary, with respect to wagers on out-of-state and out-of-country nonthoroughbred races conducted before 6 p.m., Pacific time, 50 percent of the amount remaining shall be distributed as commissions as provided in subparagraph (C) for licensed quarter horse and harness associations, and the remaining 50 percent shall be distributed as commissions to the applicable thoroughbred associations or fairs, as thoroughbred and fair purses, and as incentive awards in accordance with subparagraph (A).

(E) Notwithstanding any provision of this section to the contrary, the distribution of market access fees pursuant to this subparagraph may be altered upon the approval of the board, in accordance with an agreement signed by all parties whose distributions would be affected.

(g) A racing association, a fair, or a satellite wagering facility may enter into an agreement with an ADW provider to accept and facilitate the placement of any wager from a patron at its facility that a California resident could make through that ADW provider. Deductions from wagers made pursuant to such an agreement shall be distributed in accordance with the provisions of this chapter governing wagers placed at that facility, except that the board may authorize alternative distributions as agreed to by the ADW provider, the operator of the facility accepting the wager, the association or fair conducting that breed of racing in the zone where the wager is placed, and the respective horsemen's organization.

(h) Any issues concerning the interpretation or application of this section shall be resolved by the board.

(i) Amounts distributed under this section shall be proportionally reduced by an amount equal to 0.00295 multiplied by the amount handled on advanced deposit wagers originating in California for each racing meeting, and shall not exceed two million dollars ($2,000,000). The

method used to calculate the reduction in proportionate share shall be approved by the board. The amount deducted shall be distributed as follows:

(1) Fifty percent of the money to the California Horse Racing Board to establish and to administer jointly with the organization certified as the majority representative of California licensed jockeys pursuant to Section 19612.9, a defined contribution retirement plan for California licensed jockeys who retired from racing on or after January 1, 2009, and who, as of the date of their retirement, had ridden in a minimum of 1,250 parimutuel races conducted in California.

(2) The remaining 50 percent of the money shall be distributed as follows:

(A) Seventy percent shall be distributed to supplement the trainer-administered pension plans for backstretch personnel established pursuant to Section 19613. Moneys distributed pursuant to this subparagraph shall supplement, and not supplant, moneys distributed to that fund pursuant to Section 19613 or any other provision of law.

(B) Thirty percent shall be distributed to the welfare fund established for the benefit of horsemen and backstretch personnel pursuant to subdivision (b) of Section 19641. Moneys distributed pursuant to this subparagraph shall supplement, and not supplant, moneys distributed to that fund pursuant to Section 19641 or any other provision of law.

SEC. 9. Section 19605.72 of the Business and Professions Code is amended to read:

19605.72. (a) In addition to the amounts deducted and distributed pursuant to Section 19605.7, an amount equal to 1.25 percent of the total amount handled on thoroughbred races conducted by, or disseminated by, a thoroughbred racing association or fair at a satellite facility that is located on the premises where, and on days when, harness races are being conducted in the northern zone, shall be paid to the harness racing association and thereafter shall be distributed as purses to the harness horsemen racing at the harness racing meeting.

(b) In addition to the amounts deducted and distributed pursuant to Section 19605.71, an amount equal to 1.25 percent of the total amount handled on thoroughbred races conducted by, or disseminated by, a thoroughbred racing association or fair at a satellite facility that is located on the premises where, and during calendar periods when, quarter horse or harness race meetings are being conducted in Orange County, shall be distributed as purses to the horsemen racing at the quarter horse or harness racing meeting.

(1) Maximum levels of contaminants that, in the judgment of the department, may have an adverse effect on the health of persons.

(2) Specific treatment techniques adopted by the department in lieu of maximum contaminant levels pursuant to subdivision (j) of Section 116365.

(3) The monitoring and reporting requirements as specified in regulations adopted by the department that pertain to maximum contaminant levels.

Secondary drinking water standards may apply to any contaminant in drinking water that may adversely affect the odor or appearance of the water and may cause a substantial number of persons served by the public water system to discontinue its use, or that may otherwise adversely affect the public welfare. Regulations establishing secondary drinking water standards may vary according to geographic and other circumstances and may apply to any contaminant in drinking water that adversely affects the taste, odor, or appearance of the water when the standards are necessary to ensure a supply of pure, wholesome, and potable water.

(2) Any collection or pretreatment storage facilities not under the control of the operator that are used primarily in connection with the system.

(3) Any water system that treats water on behalf of one or more public water systems for the purpose of rendering it safe for human consumption.

(n) "State small water system" means a system for the provision of piped water to the public for human consumption that serves at least five, but not more than 14, service connections and does not regularly serve drinking water to more than an average of 25 individuals daily for more than 60 days out of the year.

(o) "Transient noncommunity water system" means a noncommunity water system that does not regularly serve at least 25 of the same persons over six months per year.

(s) "Service connection" means the point of connection between the customer's piping or constructed conveyance, and the water system's meter, service pipe, or constructed conveyance. A connection to a system that delivers water by a constructed conveyance other than a pipe shall not be considered a connection in determining if the system is a public water system if any of the following apply:

(1) The water is used exclusively for purposes other than residential uses, consisting of drinking, bathing, and cooking or other similar uses.

(2) The department determines that alternative water to achieve the equivalent level of public health protection provided by the applicable primary drinking water regulation is provided for residential or similar uses for drinking and cooking.

An act to add Section 11760.1 to the Insurance Code, relating to workers' compensation audits.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 11760.1 is added to the Insurance Code, to read:

11760.1. (a) If an employer fails to provide for access by the insurer or its authorized representative to its records, to enable the insurer to perform an audit to determine the remuneration earned by the employer's employees and by any of its uninsured subcontractors and the employees of any of its uninsured subcontractors during the policy period, the employer shall be liable to pay to the insurer a total premium for the policy equal to three times the insurer's then-current estimate of the annual premium on the expiration date of the policy. The employer shall also be liable, in addition to the premium, for costs incurred by the insurer in its attempts to perform an audit, after the insured has failed upon the insurer's third request during at least a 90-day period to provide access, and the insured has provided no compelling business reason for the failure. This section shall only apply if the insurer elects to comply with the conditions set forth in subdivision (d).

(b) "Access" shall mean access at any time during regular business hours during the policy period and within three years after the policy

period ends. "Access" may also include any other time mutually agreed upon by the employer and insurer.

(c) The insurer shall have and follow regular and reasonable rules and procedures to notify employers of their duty to provide for access to records, and to contact employers to make appointments during regular business hours for that purpose.

(d) Upon the employer's failure to provide access after the insurer's third request during at least a 90-day period, the insurer may notify the employer through its mailing of a certified, return-receipt, document of the increased premium and the total amount of the costs incurred by the insurer for its attempts to perform an audit as described under subdivision (a). Upon the expiration of 30 days after the delivery of the notice, collection by the insurer of the amount of premium and costs described under subdivision (a), less all premiums previously paid by the employer for the policy, shall be fully enforceable and executable.

(e) If the employer provides for access to its records after having received the notice described in subdivision (d), and if the insurer then succeeds in performing the audit to its satisfaction, the insurer shall revise the total premium and costs payable for the policy by the employer to reflect the results of its audit.

CHAPTER 616

An act to add Article 4 (commencing with Section 25546) to Chapter 6.95 of Division 20 of the Health and Safety Code, relating to toxic chemicals.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 25546) is added to Chapter 6.95 of Division 20 of the Health and Safety Code, to read:

Article 4. California Toxic Release Inventory Program Act of 2007

25546. The Legislature finds and declares all of the following:

(a) The people of California have the right to know the hazards posed by toxic releases near their homes, schools, and workplaces. They have the right to know how much pollution is being released into the water, air, and soil.

(b) Since its inception in 1986, as part of the federal Emergency Planning and Community Right-to-Know Act of 1986, (EPCRA; Chapter 116 (commencing with Section 11001) of Title 42 of the United States Code), the Toxics Release Inventory (TRI) has supplied this essential information on toxic chemical releases to the public. The goal of the TRI is to empower citizens, through information, to hold companies and local governments accountable for how toxic chemicals are managed.

(c) It is the intent of the Legislature that California citizens do not lose access to the information necessary to understand the potential threats to public health and safety and the environment that is available through the Toxics Release Inventory as it existed on January 1, 2006, including the ease of accessibility.

25546.1. This article shall be known, and may be cited, as the "California Toxic Release Inventory Program Act of 2007."

25546.2. For purposes of this article, the following definitions shall apply:

(a) "Department" means the Department of Toxic Substances Control.

(b) "Facility" means a facility subject to the federal act, as provided by Section 11002 of Title 42 of the United States Code, as that section read on January 1, 2006, and that is subject to the existing federal regulations.

(c) "Existing federal regulations" mean the regulations found in Part 372 (commencing with Section 372.1) of Subchapter J of Chapter 1 of Title 40 of the Code of Federal Regulations, as those regulations read on January 1, 2006, except as provided in subdivision (b) of Section 25546.3.

(d) "Federal act" means the federal Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA; Chapter 116 (commencing with Section 11001) of Title 42 of the United States Code).

(e) "Federal regulations" mean the regulations found in Part 372 (commencing with Section 372.1) of Subchapter J of Chapter 1 of Title 40 of the Code of Federal Regulations, as those regulations may be revised or amended on or after January 1, 2006.

(f) "Program" means the California Toxic Release Inventory Program established pursuant to this article.

(g) "Toxic chemical" means a substance listed pursuant to Subpart D (commencing with Section 372.65) of Part 372 of Subchapter J of Chapter 1 of Title 40 of the Code of Federal Regulations, as those regulations read on January 1, 2006, and not as those regulations may be subsequently amended, revised, or repealed after that date, except as provided in subdivision (b) of Section 25546.3.

(h) "Toxic chemical release form" means the form required to be completed by the owner or operator of a facility pursuant to Section

11023 of Title 42 of the United States Code, as that section read on January 1, 2006.

(i) "Threshold quantity" means the amount of a toxic chemical specified in Sections 372.25, 372.27, and 372.28 of Title 40 of the Code of Federal Regulations as those regulations read on January 1, 2006, and not as those regulations may be subsequently amended, revised, or repealed after that date, except as provided in subdivision (b) of Section 25546.3.

25546.3. (a) On or before January 1, 2009, the department shall develop and implement the California Toxic Release Inventory Program pursuant to this article.

(b) Notwithstanding any other provision of this article, the department shall, when implementing the program, comply with the requirements of the federal act with regard to ensuring that any requirement imposed pursuant to this article is no less stringent than, or is not otherwise preempted by, any requirement imposed pursuant to the federal act, including any changes to the existing federal regulations that decrease the threshold quantity or include additional toxic chemicals subject to the federal act.

(c) If there is a legal challenge to changes made to Section 312 of the federal act (42 U.S.C. Sec. 11022) or the federal regulations adopted pursuant to that section, that result in the changes being stayed or enjoined by a federal court, the department shall not require a facility to submit a toxic chemical release form pursuant to Section 25546.4 until the department determines that the court action has been settled or adjudicated.

25546.4. (a) The program established pursuant to this article shall require a facility to submit a toxic chemical release form to the department, in accordance with the existing federal regulations, if the facility is not required by the federal regulations to submit a toxic chemical release form containing that same information.

(b) The program adopted pursuant to subdivision (a) shall require that the information be reported retroactively to the effective date of the change in the federal act or the existing federal regulations as to ensure no gap in data collection.

(c) The department shall evaluate California-specific reporting requirements and determine if this information can substitute, in whole or in part, for the information that would be required under the program. This review shall include, but not be limited to, reporting required pursuant to the Air Toxic "Hot Spot" Information and Assessment Act (Part 6 (commencing with Section 44300) of Division 26), the Hazardous Waste Source Reduction and Management Review Act of 1989 (Article 11.9 (commencing with Section 25244.12) of Chapter 6.5), and reporting

required by the regional water quality control boards pursuant to the National Pollution Discharge Elimination System permits and waste discharge requirements.

(d) The department shall require the facility to utilize the same reporting forms in use, pursuant to the existing federal regulations, unless the department determines that an alternative form is necessary to substitute chemical release data reported under existing California-specific programs, to ensure that the information is consolidated. The department shall also prescribe the manner in which the information in the forms shall be transmitted.

(e) The department shall post a copy of each form received from each facility that is subject to the program on the department's publicly available Internet Web site.

25546.5. (a) The department may adopt regulations to implement the program as emergency regulations. The emergency regulations adopted pursuant to this section shall be adopted by the department in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is hereby deemed an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare.

(b) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the department pursuant to this section shall be filed with, but not be repealed by, the Office of Administrative Law and shall remain in effect for a period of two years or until revised by the department, whichever occurs sooner.

CHAPTER 617

An act to amend Sections 3751 and 3752.5 of the Family Code, to amend Section 1373 of the Health and Safety Code, and to amend Sections 10277 and 10278 of the Insurance Code, relating to disabled persons.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 3751 of the Family Code is amended to read:

3751. (a) (1) Support orders issued or modified pursuant to this chapter shall include a provision requiring the child support obligor to keep the agency designated under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.) informed of whether the obligor has health insurance coverage at a reasonable cost and, if so, the health insurance policy information.

(2) In any case in which an amount is set for current support, the court shall require that health insurance coverage for a supported child shall be maintained by either or both parents if that insurance is available at no cost or at a reasonable cost to the parent. Health insurance coverage shall be rebuttably presumed to be reasonable in cost if it is employment-related group health insurance or other group health insurance, regardless of the service delivery mechanism. The actual cost of the health insurance to the obligor shall be considered in determining whether the cost of insurance is reasonable. If the court determines that the cost of health insurance coverage is not reasonable, the court shall state its reasons on the record.

(b) If the court determines that health insurance coverage is not available at no cost or at a reasonable cost, the court's order for support shall contain a provision that specifies that health insurance coverage shall be obtained if it becomes available at no cost or at a reasonable cost. Upon health insurance coverage at no cost or at a reasonable cost becoming available to a parent, the parent shall apply for that coverage.

(c) The court's order for support shall require the parent who, at the time of the order or subsequently, provides health insurance coverage for a supported child to seek continuation of coverage for the child upon attainment of the limiting age for a dependent child under the health insurance coverage if the child meets the criteria specified under Section 1373 of the Health and Safety Code or Section 10277 or 10278 of the Insurance Code and that health insurance coverage is available at no cost or at a reasonable cost to the parent or parents, as applicable.

SEC. 2. Section 3752.5 of the Family Code is amended to read:

3752.5. (a) A child support order issued or modified pursuant to this division shall include a provision requiring the child support obligor to keep the obligee informed of whether the obligor has health insurance made available through the obligor's employer or has other group health insurance and, if so, the health insurance policy information. The support obligee under a child support order shall inform the support obligor of whether the obligee has health insurance made available through the

employer or other group health insurance and, if so, the health insurance policy information.

(b) A child support order issued or modified pursuant to this division shall include a provision requiring the child support obligor and obligee to provide the information described in subdivision (a) for a child or an adult who meets the criteria for continuation of health insurance coverage upon attaining the limiting age pursuant to Section 1373 of the Health and Safety Code or Section 10277 or 10278 of the Insurance Code.

(c) The Judicial Council shall modify the form of the order for health insurance coverage (family law) to notify child support obligors of the requirements of this section and of Section 3752. Notwithstanding any other provision of law, the Judicial Council shall not be required to modify the form of the order for health insurance coverage (family law) to include the provisions described in subdivision (b) until January 1, 2010.

SEC. 3. Section 1373 of the Health and Safety Code is amended to read:

1373. (a) A plan contract may not provide an exception for other coverage if the other coverage is entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, or Medicaid benefits under Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

Each plan contract shall be interpreted not to provide an exception for the Medi-Cal or Medicaid benefits.

A plan contract shall not provide an exemption for enrollment because of an applicant's entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, or Medicaid benefits under Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

A plan contract may not provide that the benefits payable thereunder are subject to reduction if the individual insured has entitlement to the Medi-Cal or Medicaid benefits.

(b) A plan contract that provides coverage, whether by specific benefit or by the effect of general wording, for sterilization operations or procedures shall not impose any disclaimer, restriction on, or limitation of, coverage relative to the covered individual's reason for sterilization.

As used in this section, "sterilization operations or procedures" shall have the same meaning as that specified in Section 10120 of the Insurance Code.

(c) Every plan contract that provides coverage to the spouse or dependents of the subscriber or spouse shall grant immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant of any subscriber or spouse covered and to each minor child placed for adoption from and after the date on which the adoptive child's birth parent or other appropriate legal authority signs a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or a relinquishment form, granting the subscriber or spouse the right to control health care for the adoptive child or, absent this written document, on the date there exists evidence of the subscriber's or spouse's right to control the health care of the child placed for adoption. No plan may be entered into or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn infants of, or children placed for adoption with, a subscriber or spouse covered as required by this subdivision.

(d) (1) Every plan contract that provides that coverage of a dependent child of a subscriber shall terminate upon attainment of the limiting age for dependent children specified in the plan, shall also provide that attainment of the limiting age shall not operate to terminate the coverage of the child while the child is and continues to meet both of the following criteria:

(A) Incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition.

(B) Chiefly dependent upon the subscriber for support and maintenance.

(2) The plan shall notify the subscriber that the dependent child's coverage will terminate upon attainment of the limiting age unless the subscriber submits proof of the criteria described in subparagraphs (A) and (B) of paragraph (1) to the plan within 60 days of the date of receipt of the notification. The plan shall send this notification to the subscriber at least 90 days prior to the date the child attains the limiting age. Upon receipt of a request by the subscriber for continued coverage of the child and proof of the criteria described in subparagraphs (A) and (B) of paragraph (1), the plan shall determine whether the child meets that criteria before the child attains the limiting age. If the plan fails to make the determination by that date, it shall continue coverage of the child pending its determination.

(3) The plan may subsequently request information about a dependent child whose coverage is continued beyond the limiting age under this subdivision but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

(4) If the subscriber changes carriers to another plan or to a health insurer, the new plan or insurer shall continue to provide coverage for the dependent child. The new plan or insurer may request information about the dependent child initially and not more frequently than annually thereafter to determine if the child continues to satisfy the criteria in subparagraphs (A) and (B) of paragraph (1). The subscriber shall submit the information requested by the new plan or insurer within 60 days of receiving the request.

(e) A plan contract that provides coverage, whether by specific benefit or by the effect of general wording, for both an employee and one or more covered persons dependent upon the employee and provides for an extension of the coverage for any period following a termination of employment of the employee shall also provide that this extension of coverage shall apply to dependents upon the same terms and conditions precedent as applied to the covered employee, for the same period of time, subject to payment of premiums, if any, as required by the terms of the policy and subject to any applicable collective bargaining agreement.

(f) A group contract shall not discriminate against handicapped persons or against groups containing handicapped persons. Nothing in this subdivision shall preclude reasonable provisions in a plan contract against liability for services or reimbursement of the handicap condition or conditions relating thereto, as may be allowed by rules of the director.

(g) Every group contract shall set forth the terms and conditions under which subscribers and enrollees may remain in the plan in the event the group ceases to exist, the group contract is terminated or an individual subscriber leaves the group, or the enrollees' eligibility status changes.

(h) (1) A health care service plan or specialized health care service plan may provide for coverage of, or for payment for, professional mental health services, or vision care services, or for the exclusion of these services. If the terms and conditions include coverage for services provided in a general acute care hospital or an acute psychiatric hospital as defined in Section 1250 and do not restrict or modify the choice of providers, the coverage shall extend to care provided by a psychiatric health facility as defined in Section 1250.2 operating pursuant to licensure by the State Department of Mental Health. A health care service plan that offers outpatient mental health services but does not cover these services in all of its group contracts shall communicate to prospective group contractholders as to the availability of outpatient coverage for the treatment of mental or nervous disorders.

(2) No plan shall prohibit the member from selecting any psychologist who is licensed pursuant to the Psychology Licensing Law (Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and

Professions Code), any optometrist who is the holder of a certificate issued pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code or, upon referral by a physician and surgeon licensed pursuant to the Medical Practice Act (Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code), (i) any marriage and family therapist who is the holder of a license under Section 4980.50 of the Business and Professions Code, (ii) any licensed clinical social worker who is the holder of a license under Section 4996 of the Business and Professions Code, (iii) any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing, or (iv) any advanced practice registered nurse certified as a clinical nurse specialist pursuant to Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code who participates in expert clinical practice in the specialty of psychiatric-mental health nursing, to perform the particular services covered under the terms of the plan, and the certificate holder is expressly authorized by law to perform these services.

(3) Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training and experience.

(4) For the purposes of this section, "marriage and family therapist" means a licensed marriage and family therapist who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions that is equivalent to the instruction required for licensure on January 1, 1981.

(5) Nothing in this section shall be construed to allow a member to select and obtain mental health or psychological or vision care services from a certificate or licenseholder who is not directly affiliated with or under contract to the health care service plan or specialized health care service plan to which the member belongs. All health care service plans and individual practice associations that offer mental health benefits shall make reasonable efforts to make available to their members the services of licensed psychologists. However, a failure of a plan or association to comply with the requirements of the preceding sentence shall not constitute a misdemeanor.

(6) As used in this subdivision, "individual practice association" means an entity as defined in subsection (5) of Section 1307 of the federal Public Health Service Act (42 U.S.C. Sec. 300e-1 (5)).

(7) Health care service plan coverage for professional mental health services may include community residential treatment services that are alternatives to inpatient care and that are directly affiliated with the plan or to which enrollees are referred by providers affiliated with the plan.

(i) If the plan utilizes arbitration to settle disputes, the plan contracts shall set forth the type of disputes subject to arbitration, the process to be utilized, and how it is to be initiated.

(j) A plan contract that provides benefits that accrue after a certain time of confinement in a health care facility shall specify what constitutes a day of confinement or the number of consecutive hours of confinement that are requisite to the commencement of benefits.

SEC. 4. Section 10277 of the Insurance Code is amended to read:

10277. (a) A group health insurance policy that provides that coverage of a dependent child of an employee or other member of the covered group shall terminate upon attainment of the limiting age for dependent children specified in the policy, shall also provide that attainment of the limiting age shall not operate to terminate the coverage of the child while the child is and continues to meet both of the following criteria:

(1) Incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition.

(2) Chiefly dependent upon the employee or member for support and maintenance.

(b) The insurer shall notify the employee or member that the dependent child's coverage will terminate upon attainment of the limiting age unless the employee or member submits proof of the criteria described in paragraphs (1) and (2) of subdivision (a) to the insurer within 60 days of the date of receipt of the notification. The insurer shall send this notification to the employee or member at least 90 days prior to the date the child attains the limiting age. Upon receipt of a request by the employee or member for continued coverage of the child and proof of the criteria described in paragraphs (1) and (2) of subdivision (a), the insurer shall determine whether the dependent child meets that criteria before the child attains the limiting age. If the insurer fails to make the determination by that date, it shall continue coverage of the child pending its determination.

(c) The insurer may subsequently request information about a dependent child whose coverage is continued beyond the limiting age under subdivision (a), but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

(d) If the employee or member changes carriers to another insurer or to a health care service plan, the new insurer or plan shall continue to provide coverage for the dependent child. The new plan or insurer may

request information about the dependent child initially and not more frequently than annually thereafter to determine if the child continues to satisfy the criteria in paragraphs (1) and (2) of subdivision (a). The employee or member shall submit the information requested by the new plan or insurer within 60 days of receiving the request.

SEC. 5. Section 10278 of the Insurance Code is amended to read:

10278. (a) An individual health insurance policy that provides that coverage of a dependent child shall terminate upon attainment of the limiting age for dependent children specified in the policy, shall also provide that attainment of the limiting age shall not operate to terminate the coverage of the child while the child is and continues to meet both of the following criteria:

(1) Incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition.

(2) Chiefly dependent upon the policyholder or subscriber for support and maintenance.

(b) The insurer shall notify the policyholder or subscriber that the dependent child's coverage will terminate upon attainment of the limiting age unless the policyholder or subscriber submits proof of the criteria described in paragraphs (1) and (2) of subdivision (a) to the insurer within 60 days of the date of receipt of the notification. The insurer shall send this notification to the policyholder or subscriber at least 90 days prior to the date the child attains the limiting age. Upon receipt of a request by the policyholder or subscriber for continued coverage of the child and proof of the criteria described in paragraphs (1) and (2) of subdivision (a), the insurer shall determine whether the dependent child meets that criteria before the child attains the limiting age. If the insurer fails to make the determination by that date, it shall continue coverage of the child pending its determination.

(c) The insurer may subsequently request information about a dependent child whose coverage is continued beyond the limiting age under subdivision (a), but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

(d) If the subscriber or policyholder changes carriers to another insurer or to a health care service plan, the new insurer or plan shall continue to provide coverage for the dependent child. The new plan or insurer may request information about the dependent child initially and not more frequently than annually thereafter to determine if the child continues to satisfy the criteria in paragraphs (1) and (2) of subdivision (a). The subscriber or policyholder shall submit the information requested by the new plan or insurer within 60 days of receiving the request.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs

that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 50675.1 of the Health and Safety Code is amended to read:

50675.1. (a) This chapter shall be known and may be cited as the Multifamily Housing Program.

(b) Assistance provided to a project pursuant to this chapter shall be provided in the form of a deferred payment loan to pay for the eligible costs of development as hereafter described.

(c) Except as provided in paragraph (3), on and after January 1, 2008, of the total assistance provided under this chapter, the percentage that is awarded for units restricted to senior citizens, as defined in paragraph (1) of subdivision (b) of Section 51.3 of the Civil Code, shall be proportional to the percentage of lower income renter households in the state that are lower income elderly renter households, as reported by the federal Department of Housing and Urban Development on the basis of the most recent decennial census conducted by the United States Census Bureau.

(1) The department shall be deemed to have met its obligation under this subdivision if the assistance awarded is not less than 1 percent below the proportional share.

(2) This subdivision does not require the department to provide loans to projects that fail to meet minimum threshold requirements under subdivision (b) of Section 50675.7.

(3) Assistance for projects meeting the definitions in paragraphs (2) and (3) of subdivision (e) of Section 11139.3 of the Government Code

and subdivisions (c) and (d) of Section 53260 shall be excluded from the total assistance calculation under this subdivision.

(4) The department shall determine the time period over which it will measure compliance with this section, but that period shall not be less than one year or two funding cycles, whichever period is longer.

(5) If, at the end of the time period determined by the department, the total amount of funding for which sponsors have submitted qualified applications is lower than the proportional share, the department may award the remaining funds to units that are not restricted to senior citizens.

(6) The department's annual report to the Legislature submitted under Section 50408 shall include a breakdown of funding awards between units restricted to senior citizens and units that are not age-restricted.

(d) This chapter shall be administered by the department and the department shall establish the terms upon which loans may be made consistent with the provisions of this chapter.

CHAPTER 619

An act to amend Sections 34 and 155 of the Sacramento Area Flood Control Agency Act (Chapter 510 of the Statutes of 1990), relating to flood management.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares both of the following:

(a) The top priority of the Sacramento Area Flood Control Agency should be to undertake and complete the capital improvement projects that serve as the backbone of the Sacramento area flood control network.

(b) When used in conjunction with these capital improvement projects, easements and other nonstructural flood control projects provide important and cost-effective tools for the Sacramento Area Flood Control Agency to use to augment the Sacramento region's system of flood protection.

SEC. 2. Section 34 of the Sacramento Area Flood Control Agency Act (Chapter 510 of the Statutes of 1990) is amended to read:

Sec. 34. (a) "Project" means the acquisition, construction, maintenance, or operation of any flood control facility authorized under the agreement and not inconsistent with this act, including, but not limited

to, acquisition of rights-of-way and easements and payment of incidental expenses.

(b) Nothing in this section, or any other provision of this act, authorizes the agency to exercise the power of eminent domain outside its boundaries.

(c) Participation in a project includes making payments or other contributions pursuant to any contract entered into with another governmental agency that requires the other governmental agency to perform work on a project.

(d) The acquisition of rights-of-way and easements outside of the agency's boundaries shall be consistent with applicable county plans, including county general plans, and the State Plan of Flood Control.

(e) This section does not alter the existing powers granted to members of the agreement.

(f) This section does not preclude the acquisition of time-limited easements.

SEC. 3. Section 155 of the Sacramento Area Flood Control Agency Act (Chapter 510 of the Statutes of 1990) is amended to read:

Sec. 155. Revenues derived from fees prescribed pursuant to this chapter for any area may be used only for the acquisition, engineering, design, construction, reconstruction, maintenance, or operation of flood control projects that protect that area, or used to pay the debt service on, or reduce the principal of, any bonded indebtedness of that area.

CHAPTER 620

An act to amend Sections 1729, 1730, and 1736.1 of, and to add Section 1728.8 to, the Health and Safety Code, relating to home health agencies.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 1728.8 is added to the Health and Safety Code, to read:

1728.8. (a) It is the intent of the Legislature to ensure that the department licenses and certifies home health agencies in a reasonable and timely manner to ensure Californians have access to critical home- and community-based services. Home health agencies have significant startup costs and regulatory requirements, which make home health

agencies vulnerable to delays in licensing and certification surveys. Home health agencies help the state protect against the unnecessary institutionalization of individuals and are integral in ensuring the state's compliance with the United States Supreme Court decision in Olmstead v. L.C. (527 U.S. 581 (1999)), which requires public agencies to provide services in the most integrated setting appropriate to the needs of qualified individuals with disabilities.

(b) No later than 90 calendar days after the department receives an initial and complete parent, branch, or change of ownership home health agency application, the department shall make every effort to complete the application paperwork and conduct a licensure survey, if necessary, to inspect the agency and evaluate the agency's compliance with state requirements. The department shall forward its recommendation, if necessary, and all other information, to the federal Centers for Medicare and Medicaid Services within the same 90 calendar days.

(c) (1) For those applicants seeking to receive reimbursement under the Medicare or Medi-Cal programs, the department shall make every effort to complete the initial application paperwork and conduct an unannounced certification survey, if necessary, no later than 90 calendar days after the department conducts the licensure survey required by subdivision (a), or no later than 90 days after the department's receipt of a letter from the home health agency notifying the department of its readiness for the certification survey from a parent or branch agency.

(2) No later than 30 calendar days after the certification survey, the department shall forward the results of its licensure and certification surveys and all other information necessary for certification to the federal Centers for Medicare and Medicaid Services.

(d) This section shall apply to all licensing and certification entities, including any county that contracts with the state to provide licensing and certification services on behalf of the state.

(e) If the department is unable to meet the 90-day timelines for licensing or certification required pursuant to this section, the department shall notify the applicant in writing of the delay and the anticipated date of the survey.

(f) This section shall become operative on July 1, 2008.

SEC. 2. Section 1729 of the Health and Safety Code is amended to read:

1729. Each application for a license under this chapter, except applications by the State of California or any state department, authority, bureau, commission, or officer, shall be accompanied by a Licensing and Certification Program fee for the headquarters or main office of the agency and for each additional branch office maintained and operated by the agency in the amount set in accordance with Section 1266. The

department shall work with the home health agency industry association and providers to restructure home health agency licensing and certification program fees in a budget neutral capacity for the 2008–09 fiscal year.

SEC. 3. Section 1730 of the Health and Safety Code is amended to read:

1730. (a) Each license issued under this chapter shall expire 12 months from the date of its issuance. Application for renewal of license accompanied by the necessary fee shall be filed with the state department annually, not less than 30 days prior to expiration date. Failure to make a timely renewal shall result in expiration of the license.

(b) (1) At least 45 days prior to the expiration of a license issued pursuant to this chapter, the department shall mail an application for renewal to the licensee.

(2) Any application for a license renewal shall be submitted with the necessary fee in accordance with subdivision (a). A license shall be deemed renewed upon payment of the necessary fee, commencing from the license's expiration date. If the requirements of this section are met, the department shall issue a license to the agency and its branches by the expiration date of the license to ensure the provider remains in good standing. The agency's license shall be mailed within 30 calendar days after the date the department receives the renewal fee.

SEC. 4. Section 1736.1 of the Health and Safety Code is amended to read:

1736.1. (a) An applicant for certification as a certified home health aide shall comply with each of the following requirements:

(1) Have successfully completed a training program with a minimum of 75 hours or an equivalent competency evaluation program approved by the department pursuant to applicable federal and state regulations.

(2) Obtain a criminal record clearance pursuant to Section 1736.6.

(b) Any person who violates this article is guilty of a misdemeanor and, upon a conviction thereof, shall be punished by imprisonment in the county jail for not more than 180 days, or by a fine of not less than twenty dollars ($20) nor more than one thousand dollars ($1,000), or by both that fine and imprisonment.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 621

An act to amend Section 4604.5 of the Labor Code, relating to workers' compensation.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 4604.5 of the Labor Code is amended to read:

4604.5. (a) Upon adoption by the administrative director of a medical treatment utilization schedule pursuant to Section 5307.27, the recommended guidelines set forth in the schedule shall be presumptively correct on the issue of extent and scope of medical treatment. The presumption is rebuttable and may be controverted by a preponderance of the scientific medical evidence establishing that a variance from the guidelines is reasonably required to cure or relieve the injured worker from the effects of his or her injury. The presumption created is one affecting the burden of proof.

(b) The recommended guidelines set forth in the schedule adopted pursuant to subdivision (a) shall reflect practices that are evidence and scientifically based, nationally recognized, and peer reviewed. The guidelines shall be designed to assist providers by offering an analytical framework for the evaluation and treatment of injured workers, and shall constitute care in accordance with Section 4600 for all injured workers diagnosed with industrial conditions.

(c) Three months after the publication date of the updated American College of Occupational and Environmental Medicine's Occupational Medicine Practice Guidelines, and continuing until the effective date of a medical treatment utilization schedule, pursuant to Section 5307.27, the recommended guidelines set forth in the American College of Occupational and Environmental Medicine's Occupational Medicine Practice Guidelines shall be presumptively correct on the issue of extent and scope of medical treatment, regardless of date of injury. The presumption is rebuttable and may be controverted by a preponderance of the evidence establishing that a variance from the guidelines is reasonably required to cure and relieve the employee from the effects

of his or her injury, in accordance with Section 4600. The presumption created is one affecting the burden of proof.

(d) (1) Notwithstanding the medical treatment utilization schedule or the guidelines set forth in the American College of Occupational and Environmental Medicine's Occupational Medicine Practice Guidelines, for injuries occurring on and after January 1, 2004, an employee shall be entitled to no more than 24 chiropractic, 24 occupational therapy, and 24 physical therapy visits per industrial injury.

(2) Paragraph (1) shall not apply when an employer authorizes, in writing, additional visits to a health care practitioner for physical medicine services.

(3) Paragraph (1) shall not apply to visits for postsurgical physical medicine and postsurgical rehabilitation services provided in compliance with a postsurgical treatment utilization schedule established by the administrative director pursuant to Section 5307.27.

(e) For all injuries not covered by the American College of Occupational and Environmental Medicine's Occupational Medicine Practice Guidelines or official utilization schedule after adoption pursuant to Section 5307.27, authorized treatment shall be in accordance with other evidence based medical treatment guidelines generally recognized by the national medical community and that are scientifically based.

CHAPTER 622

An act to amend Sections 11155.2, 11155.4, 11155.6, 11322.6, and 15204.6 of, and to add Section 11322.5 to, the Welfare and Institutions Code, relating to CalWORKs.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 11155.2 of the Welfare and Institutions Code is amended to read:

11155.2. (a) In addition to the personal property permitted by this part, recipients of aid under CalWORKs shall be permitted to retain savings and interest thereon for specified purposes. Interest earned from these savings and deposited into a restricted account shall be considered exempt as income for purposes of determining eligibility for aid and grant amounts if the interest is retained in the account. If the interest is not deposited by the financial institution into the account, the interest

shall be treated as a nonqualifying withdrawal of funds from the account as specified in subdivision (b). This section shall not apply to applicants. Funds may be used by the family for education or job training expenses for the accountholder or his or her dependents, for starting a business, or for the purchase of a home. Recipients who wish to retain savings for these purposes shall enter into a written agreement with the county to establish a separate account with a financial institution, with the account to be used solely for the purpose of accumulating funds for later withdrawal for a qualifying expenditure. A qualifying expenditure shall be defined by department regulations and shall be verified by the recipient. The recipient shall agree to provide periodic verification of account activity, as required by department regulations. The agreement shall notify the recipient of the penalty for nonqualifying withdrawal of funds.

(b) Any nonqualifying withdrawal of funds from the account shall result in a calculation of a period of ineligibility for all persons in the assistance unit, to be determined by dividing the balance in the account immediately prior to the withdrawal by the minimum basic standard of adequate care for the members of the assistance unit, as set forth in Section 11452. The resulting whole number shall be the number of months of ineligibility. The period of ineligibility may be reduced when the minimum basic standard of adequate care of the assistance unit, including special needs, increases.

(c) If the California Savings and Asset Project is established pursuant to Chapter 17 (commencing with Section 50897) of Part 2 of Division 31 of the Health and Safety Code, then to the extent permitted by federal law, a recipient shall be eligible to receive matching funds derived from federal contributions for the purpose of establishing an individual account in an amount not to exceed three thousand dollars ($3,000) in addition to the amounts specified in subdivision (a) and a fiduciary organization may provide amounts in excess of the first three thousand dollars ($3,000) limitation if contributed solely through private sources.

SEC. 2. Section 11155.4 of the Welfare and Institutions Code is amended to read:

11155.4. The principal and interest in an individual development account established in accordance with the federal requirements of Section 604(h) of Title 42 of the United States Code or established by a statewide individual development account program shall be exempt from consideration when determining or redetermining eligibility and the amount of CalWORKs assistance.

SEC. 3. Section 11155.6 of the Welfare and Institutions Code is amended to read:

11155.6. (a) (1) The principal and interest in a 401(k) plan, 403(b) plan, or 457 plan shall be excluded from consideration as property when determining eligibility and the amount of assistance with respect to an applicant for benefits who is not a recipient of CalWORKs benefits.

(2) The principal and interest in a 401(k) plan, 403(b) plan, IRA, 457 plan, 529 college savings plan, or Coverdell ESA, shall be excluded from consideration as property when redetermining eligibility and the amount of assistance for recipients of CalWORKs benefits.

(b) For purposes of this section, the following terms have the following meanings:

(1) "401(k) plan" means a deferred compensation plan that satisfies the requirements of Section 401(k) of the Internal Revenue Code.

(2) "403(b) plan" means a qualified annuity plan that satisfies the requirements of Section 403(b) of the Internal Revenue Code.

(3) "IRA" means an individual retirement account that satisfies the requirements of Section 408 of the Internal Revenue Code.

(4) "457 plan" means a deferred compensation plan that satisfies the requirements of Section 457 of the Internal Revenue Code.

(5) "529 college savings plan" means a qualified tuition program that satisfies the requirements of Section 529 of the Internal Revenue Code.

(6) "Coverdell ESA" means an education savings account that satisfies the requirements of Section 530 of the Internal Revenue Code.

SEC. 4. Section 11322.5 is added to the Welfare and Institutions Code, to read:

11322.5. (a) It is the intent of the Legislature to do each of the following:

(1) Maximize the ability of CalWORKs recipients to benefit from the federal Earned Income Tax Credit (EITC), including retroactive EITC credits and the Advance EITC, take advantage of the earned-income disregard to increase their federal Food Stamp Program benefits, and accumulate credit toward future social security income.

(2) Educate and empower all CalWORKs participants who receive the federal EITC to save or invest part or all of their credits in instruments such as individual development accounts, 401(k) plans, 403(b) plans, IRAs, 457 plans, Coverdell ESA plans, restricted accounts pursuant to subdivision (a) of Section 11155.2, or 529 plans, and to take advantage of the federal Assets for Independence Program and any other matching funds, tools, and training available from public or private sources, in order to build their assets.

(b) It is the intent of the Legislature that counties encourage CalWORKs recipients to participate in activities that will maximize their receipt of the EITC. To this end, counties may do all of the following:

(1) Structure welfare-to-work activities pursuant to subdivisions (a) to (j), inclusive, of Section 11322.6 to give recipients the option of maximizing the portion of their CalWORKs benefits that meets the definition of "earned income" in Section 32(c)(2) of the Internal Revenue Code.

(2) Inform CALWORKS recipients of each of the following:

(A) That earned income, either previous or future, may make them eligible for the federal EITC, including retroactive EITC credits and the Advance EITC, increase their federal Food Stamp Program benefits, and accumulate credit toward future social security income.

(B) That recipients, as part of their welfare-to-work plans, have the option of engaging in subsidized employment and grant-based on-the-job training, as specified in Section 11322.6, and that participating in these activities will increase their earned income to the extent that they meet the requirements of federal law.

(C) That receipt of the federal EITC does not affect their CalWORKs grant and is additional tax-free income for them.

(D) That a CalWORKs recipient who receives the federal EITC may invest these funds in an individual development account, 401(k) plan, 403(b) plan, IRA, 457 plan, 529 college savings plan, Coverdell ESA, or restricted account, and that investments in these accounts will not make the recipient ineligible for CalWORKs benefits or reduce the recipient's CalWORKs benefits.

(3) At each regular eligibility redetermination, the county shall ask each recipient whether the recipient is eligible for and takes advantage of the EITC. If the recipient may be eligible and does not participate, the county shall give the recipient the federal EITC form and encourage and assist the recipient to take advantage of it.

(c) (1) No later than December 1, 2008, the State Department of Social Services shall develop guidelines that counties may adopt to carry out the intent of this section and shall present options to the Governor and Legislature for any legislation necessary to further carry out the intent of this section.

(2) In developing the guidelines and legislative options, the department shall consult and convene at least one meeting of subject-matter experts, including representatives from the Assembly and Senate Human Services Committees, Assets for All Alliance, Asset Policy Initiative of California, California Budget Project, California Catholic Conference, California Council of Churches, California Family Resource Association, California State Association of Counties, CFED, County Welfare Directors Association of California, Federal Reserve Bank of San Francisco, Legislative Analyst's Office, Lifetime, National Council of Churches, National Economic Development and Law Center, New America

Foundation, Public Policy Institute of California, University of California at Los Angeles Law School, United States Internal Revenue Service, and Western Center on Law and Poverty. Nothing in this section requires the department to compensate or pay expenses for any person it consults or invites to the meeting or meetings.

SEC. 5. Section 11322.6 of the Welfare and Institutions Code is amended to read:

11322.6. The welfare-to-work plan developed by the county welfare department and the participant pursuant to this article shall provide for welfare-to-work activities. Welfare-to-work activities may include, but are not limited to, any of the following:

(a) Unsubsidized employment.

(b) Subsidized private sector employment.

(c) Subsidized public sector employment.

(d) Work experience, which means public or private sector work that shall help provide basic job skills, enhance existing job skills in a position related to the participant's experience, or provide a needed community service that will lead to employment. Unpaid work experience shall be limited to 12 months, unless the county welfare department and the recipient agree to extend this period by an amendment to the welfare-to-work plan. The county welfare department shall review the work experience assignment as appropriate and make revisions as necessary to ensure that it continues to be consistent with the participant's plan and effective in preparing the participant to attain employment.

(e) On-the-job training.

(f) (1) Grant-based on-the-job training, which means public or private sector employment or on-the-job training in which the recipient's cash grant, or a portion thereof, or the aid grant savings resulting from employment, or both, is diverted to the employer as a wage subsidy to partially or wholly offset the payment of wages to the participant, so long as the total amount diverted does not exceed the family's maximum aid payment.

(2) A county shall not assign a participant to grant-based on-the-job training unless and until the participant has voluntarily agreed to participate in grant-based on-the-job training by executing a voluntary agreement form, which shall be developed by the department. The agreement shall include, but not be limited to, information on the following:

(A) How job termination or another event will not result in loss of the recipient's grant funds, pursuant to department regulations.

(B) (i) How to obtain the federal Earned Income Tax Credit (EITC), including the Advance EITC, and increased Food Stamp Program benefits, which may become available due to increased earned income.

(ii) This subparagraph shall only become operative when and to the extent that the department determines that it reflects current federal law and Internal Revenue Service regulations.

(C) How these financial supports should increase the participant's current income and how increasing earned income should increase the recipient's future social security income.

(3) Grant-based on-the-job training shall include community service positions pursuant to Section 11322.9.

(4) Any portion of a wage from employment that is funded by the diversion of a recipient's cash grant, or the grant savings from employment pursuant to this subdivision, or both, shall not be exempt under Section 11451.5 from the calculation of the income of the family for purposes of subdivision (a) of Section 11450.

(g) Supported work or transitional employment, which means forms of grant-based on-the-job training in which the recipient's cash grant, or a portion thereof, or the aid grant savings from employment, is diverted to an intermediary service provider, to partially or wholly offset the payment of wages to the participant.

(h) Workstudy.

(i) Self-employment.

(j) Community service.

(k) Adult basic education, which shall include reading, writing, arithmetic, high school proficiency, or general educational development certificate of instruction, and English-as-a-second-language. Participants under this subdivision shall be referred to appropriate service providers that include, but are not limited to, educational programs operated by school districts or county offices of education that have contracted with the Superintendent of Public Instruction to provide services to participants pursuant to Section 33117.5 of the Education Code.

(*l*) Job skills training directly related to employment.

(m) Vocational education and training, including, but not limited to, college and community college education, adult education, regional occupational centers, and regional occupational programs.

(n) Job search and job readiness assistance, which means providing the recipient with training to learn job seeking and interviewing skills, to understand employer expectations, and learn skills designed to enhance an individual's capacity to move toward self-sufficiency, including financial management education.

(o) Education directly related to employment.

(p) Satisfactory progress in secondary school or in a course of study leading to a certificate of general educational development, in the case of a recipient who has not completed secondary school or received such a certificate.

(q) Mental health, substance abuse, and domestic violence services, described in Sections 11325.7 and 11325.8, and Article 7.5 (commencing with Section 11495), that are necessary to obtain and retain employment.

(r) Other activities necessary to assist an individual in obtaining unsubsidized employment.

Assignment to an educational activity identified in subdivisions (k), (m), (o), and (p) is limited to those situations in which the education is needed to become employed.

SEC. 6. Section 15204.6 of the Welfare and Institutions Code is amended to read:

15204.6. (a) Contingent upon a Budget Act appropriation, a Pay for Performance Program shall provide additional funding for counties that meet the standards developed according to subdivision (c) in their welfare-to-work programs under Article 3.2 (commencing with Section 11320) of Chapter 2. The state shall have no obligation to pay incentives earned that exceed the funds appropriated for the year in which the incentives were earned.

(b) To the extent that funds are appropriated, the maximum total funds available to each county each year under the Pay for Performance Program shall be 5 percent of the funds the county receives that year, less the amount for child care, from the single allocation under Section 15204.2. If funds appropriated for this section are less than the incentives earned under this subdivision, each county's allocation under this section shall be prorated based on the amount of funds appropriated for that year.

(c) The funds available to each county under the Pay for Performance Program shall be divided each year into as many equal parts as there are measures established for the year under this subdivision. A county shall earn payment of one equal part for each improvement standard that it achieves for the year or by ranking in the top 20 percent of all counties in a measure identified in paragraphs (1), (2), (3), (4), and (5), except as provided in subparagraph (B) of paragraph (4). Counties may receive a pro rata share of incentive funds for each improvement standard. The department shall consult with the County Welfare Directors Association, legislative staff, and other stakeholders, when developing improvement standards and the methodology for earning and distributing incentives for each of the following measures:

(1) The employment rate of county CalWORKs cases.

(2) The federal participation rates of county CalWORKs cases, calculated in accordance with Section 607 of Title 42 of the United States Code, but excluding individuals who are exempt in accordance with Section 11320.3 and including sanctioned cases and cases participating in activities described in subdivision (q) of Section 11322.6. If valid data

does not exist to measure this outcome, the funds for this measure shall be made available for the Pay for Performance Program in the following fiscal year.

(3) The percentage of county CalWORKs cases that have earned income three months after ceasing to receive assistance under Section 11450.

(4) (A) The percentage of county CalWORKs cases, including cases that have ceased receiving assistance in the previous two quarters, with earned income that equals or exceeds the income level for the maximum EITC amount available to a household, as determined under Section 22 of the Internal Revenue Code.

(B) This paragraph shall only become operative if the department, in consultation with the County Welfare Directors Association, legislative staff, and other stakeholders, determines that implementing its provisions will not create a substantial risk of California failing to meet federal welfare-to-work participation goals, and shall remain operative for so long as the department does not reverse that determination.

(5) Any additional measures that the department may establish in consultation with the County Welfare Directors Association, legislative staff, and other stakeholders.

(d) Performance measures, standards, outcomes, and payments to counties under subdivisions (a), (b), and (c) shall be based on the following schedule:

(1) For the performance measure described in paragraph (2) of subdivision (c), payments in fiscal year 2007–08 shall be based on outcomes for the period of July 1, 2006, through December 31, 2006, compared to outcomes for the period of January 1, 2007, through June 30, 2007, and payments in each subsequent fiscal year shall be based on outcomes for the fiscal year prior to payment, compared to outcomes for the fiscal year two years prior to payment.

(2) For all other performance measures, payments shall be based on outcomes for the fiscal year prior to payment, compared to outcomes for the fiscal year two years prior to payment.

(e) The department may make further adjustments to any of the performance measures listed under subdivision (c), in consultation with the County Welfare Directors Association, legislative staff, and other stakeholders. The act that both amends subdivision (c) and enacts this sentence in the 2007–08 Regular Session of the Legislature shall not limit the department's authority under this subdivision.

(f) The funds paid in accordance with this section may only be used in accordance with subdivisions (f) and (g) of Section 10544.1 and only for the purpose of enhancing family self-sufficiency. Funds earned by a county in accordance with this section shall be available for expenditure

in the fiscal year that they are received and the following two fiscal years. Following the period of availability, and notwithstanding any provisions of subdivision (f) of Section 10544.1 to the contrary, any unspent balance shall revert to the Temporary Assistance for Needy Families (TANF) block grant.

(g) Any funds appropriated by the Legislature for the Pay for Performance Program, but not earned by a county, shall revert to the TANF block grant at the end of the fiscal year for which the funds were appropriated.

(h) The department shall periodically publish the outcomes measured by the Pay for Performance Program, identified by county.

(i) Notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this section through all-county letters throughout the duration of the Pay for Performance Program.

SEC. 7. No appropriation pursuant to Section 15200 of the Welfare and Institutions Code shall be made for the purposes of this act.

SEC. 8. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 623

An act to amend Sections 25514.5 and 25540 of, and to add Section 25540.1 to, the Health and Safety Code, relating to hazardous materials.

[Approved by Governor October 13, 2007. Filed with Secretary of State October 13, 2007.]

The people of the State of California do enact as follows:

SECTION 1. Section 25514.5 of the Health and Safety Code is amended to read:

25514.5. (a) Notwithstanding Section 25514, any business that violates this article is liable to an administering agency for an administrative penalty not greater than two thousand dollars ($2,000) for each day in which the violation occurs. If the violation results in, or significantly contributes to, an emergency, including a fire or health or medical problem requiring toxicological, health, or medical consultation,

the business shall also be assessed the full cost of the county, city, fire district, local EMS agency designated pursuant to Section 1797.200, or poison control center as defined by Section 1797.97, emergency response, as well as the cost of cleaning up and disposing of the hazardous materials, or acutely hazardous materials.

(b) Notwithstanding Section 25514, any business that knowingly violates this article after reasonable notice of the violation is liable for an administrative penalty, not greater than five thousand dollars ($5,000) for each day in which the violation occurs.
