Existing law establishes the California Horse Racing Board, which generally regulates horse racing in the state, including setting riding fees for jockeys that apply in the absence of an agreement regarding riding fees to the contrary.

This bill would require the scale of minimum jockey riding fees for losing mounts to be increased, effective January 1, 2008, when the state minimum wage is increased, as specified. The bill would provide that the new fees are minimum jockey riding fees. The bill would also require, effective January 1, 2008, the minimum amount awarded to a jockey who finishes 2nd or 3rd in a thoroughbred horse race to be increased. The bill would further charge the board, no later than July 1, 2008, with establishing that a jockey who rides a horse finishing in 4th place in a thoroughbred horse race receive a reasonable riding fee, as specified.

The bill would state findings and declarations of the Legislature relative to jockey riding fees.

Because this bill would impose requirements, the violation of which would be a misdemeanor, pursuant to existing provisions of law, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 606 (AB 650) Lieu Personal income taxes: earned income tax credit: notification.

The Personal Income Tax Law authorizes various credits against the taxes imposed by that law. The federal income tax laws authorize a refundable earned income tax credit for certain low-income individuals who have earned income and who meet certain other requirements.

The bill would require an employer, as defined, to notify all employees that they may be eligible for the federal earned income tax credit, as specified.

Ch. 607 (AB 668) Portantino Student financial aid: California Community College Student Federal and State Financial Aid Opportunity Act.

Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law establishes community college

districts throughout the state, and authorizes these districts to provide instruction to students at community college campuses.

This bill would enact the California Community College Student Federal and State Financial Aid Opportunity Act. The bill would express various findings and declarations of the Legislature relating to the use of the federal Pell Grant program by students of the California Community Colleges, and would express the intent of the Legislature to increase the number of students of the California Community Colleges receiving awards from the federal Pell Grant program.

The bill would require the Chancellor's Office of the California Community Colleges to take various actions to inform community college students of opportunities to participate in the federal Pell Grant program.

Ch. 608 (AB 687) La Malfa State property: Crystal Creek Regional Boys' Camp.

(1) Existing law generally authorizes the Director of General Services to let for a period not to exceed 5 years any real property of the state.

This bill would, notwithstanding these provisions, authorize the director, with the concurrence of the Department of Forestry and Fire Protection, to lease to the County of Shasta, the Crystal Creek Regional Boys' Camp located in Shasta County, for the purposes of operating a regional rehabilitative juveniles camp, subject to specified conditions, including a condition that precludes the state from unilateral termination of the lease prior to the county fully recovering its investment in the property.

(2) Existing law requires that, except as otherwise specified by law, the net proceeds received from the lease or other disposition of surplus real property be paid into the Deficit Recovery Bond Retirement Sinking Fund Subaccount, a continuously appropriated account, until the bonds issued pursuant to the act are retired.

This bill would declare that the lease of state property authorized by the bill does not constitute a lease or other disposition of surplus state property within the meaning of these provisions.

Ch. 609 (AB 695) Karnette Vessels: registration.

(1) Existing law generally requires every undocumented vessel, as defined, using the waters or on the waters of the state to be currently numbered. The owner of each vessel requiring numbering by the state is required to file an initial application for a number, on forms the Department of Motor Vehicles develops and approves, with the department or an agent authorized by the department.

Existing law, by regulation, imposes emissions standards on spark-ignition marine engines with a model-year of 2001 or later, that are manufactured for sale, sold, or offered for sale in the state, or that are introduced, delivered, or imported into the state for introduction into commerce.

This bill would require the initial application for a number, on and after July 1, 2008, to contain checkoff boxes or line alternatives for the retail seller of the vessel to certify that a sterndrive or inboard vessel that contains a spark-ignition marine engine below 373 kW (500 hp) rated power output that was manufactured on or after January 1, 2008, or contains a spark-ignition marine engine with any rated power output that was manufactured on or after January 1, 2009, has a permanently affixed label indicating that the engine meets or exceeds specified 2008 California emissions standards. The bill also would require an initial application for one of those vessels to have a line requiring the application to be accompanied by a specified hang tag for the engine.

If the retail seller of one of those vessels files for the purchaser the initial application for a number for the vessel, the bill would require the retail seller to certify on the initial application for a number that the spark-ignition marine engine has a permanently affixed label indicating that the engine meets or exceeds those emissions standards. The retail seller

also would be required to submit with the application the hang tag for the engine, after including specified information on the hang tag.

If the retail seller does not file for the purchaser the initial application for a number for one of those vessels, the bill would require the applicant to submit the hang tag for the engine, with specified information on the hang tag, inserted by the retail seller of the vessel.

The bill would exclude from its provisions vessels originally purchased in another state by a resident of that state who subsequently establishes residence in this state, and who provides satisfactory evidence to the department, or the department's agent, of the previous residence.

The bill would prohibit the department, and the department's agent, from numbering a vessel subject to those requirements if the retail seller does not certify on the initial application for a number that the engine has the permanently affixed label or the applicant does not submit an application that is accompanied by the hang tag.

(2) The bill would provide that it is an infraction, punishable by a fine of \$250, for a person to operate an undocumented vessel with one of those engines described in (1), requiring numbering by the state, that is not currently numbered by the state, and that does not comply with the emissions standards described in (1). By creating a new infraction, the bill would impose a state-mandated local program.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(4) This bill would become operative on July 1, 2008.

Ch. 610 (AB 739) Laird Stormwater discharge.

Under existing law, the State Water Resources Control Board and the California regional water quality control boards prescribe waste discharge requirements for the discharge of stormwater in accordance with the national pollutant discharge elimination system (NPDES) permit program established by the federal Clean Water Act and the Porter-Cologne Water Quality Control Act (state act).

The Safe Drinking Water, Water Quality and Supply, Flood Control, River, and Coastal Protection Bond Act of 2006 (initiative bond act) authorizes the issuance of bonds in the amount of \$5,388,000,000. The Disaster Preparedness and Flood Prevention Bond Act of 2006 authorizes the issuance of bonds in the amount of \$4,090,000,000 for the purposes of financing a disaster preparedness and flood prevention program.

This bill would require the Department of Water Resources to develop project selection and evaluation guidelines to implement a specified stormwater flood management grant program financed by the Disaster Preparedness and Flood Prevention Bond Act of 2006. The bill would provide that the design and construction of projects for combined municipal sewer and stormwater systems are eligible for financing under that grant program. The bill would require the state board to develop project selection and evaluation guidelines for the allocation of funds made available by the initiative bond act for a stormwater contamination prevention and reduction program. The bill would provide for the expenditure of those funds, upon appropriation, for specified projects. Grant recipients would be required to assess and report on project effectiveness. The bill would require the state board and the department to consult with each other, as necessary, with regard to the development of project selection and evaluation guidelines for various programs involving stormwater management that are financed by the initiative bond act or the Disaster Preparedness and Flood Prevention Bond Act of 2006. The state board would be required, no later than July 1, 2009, and after holding public workshops and soliciting public comments, to develop a comprehensive guidance document for evaluating and measuring the effectiveness of municipal stormwater management programs undertaken, and permits issued, in accordance with the NPDES permit program and the state act. The state board and the regional boards would be required

to refer to the guidance document when establishing requirements in municipal stormwater programs and permits for evaluation and reporting on program effectiveness. The bill would require the state board to appoint a stormwater management task force comprised of public agencies, representatives of the regulated community, and nonprofit organizations, and to submit a specified report on polluted runoff control to the Ocean Protection Council no later than January 1, 2009.

Ch. 611 (AB 761) Coto State contracts: infrastructure bonds: small businesses.

Existing law provides for various programs to encourage the participation of small businesses, as certified by the Department of General Services, in state agency contracts, and sets forth the duties of the Director of General Services and the directors of other state agencies in this regard.

This bill, in order to encourage the participation of small businesses in the construction of the state's infrastructure, as provided in specified infrastructure-related bond acts of 2006, would additionally require each state agency, as defined, to establish a 25% goal for the participation of small businesses in the construction of the state's infrastructure, as provided in those bond acts, to advertise all upcoming opportunities to bid on contracts for projects funded by those bond acts, as specified, including bidding procedures, and to provide California small businesses with information regarding available training and technical assistance for understanding and bidding on contracts for projects funded by those bond acts.

This bill would also require each state agency, on or before August 1, 2009, and annually thereafter, that has awarded any contract financed with the proceeds of the infrastructure-related bond acts in the previous fiscal year to report to the Director of General Services on certain statistics regarding small business and microbusiness participation.

Ch. 612 (AB 763) Saldana Condominium conversion: tenant notification.

The Subdivision Map Act prohibits a legislative body from approving a final map for a subdivision to be created from the conversion of residential real property into a condominium project, a community apartment project, or a stock cooperative project, unless the legislative body finds that there has been compliance with certain tenant notice requirements.

This bill would recast the specified prohibition and would make other, technical changes to related provisions of existing law.

Ch. 613 (AB 765) Evans Horse racing.

Existing law requires fairs and racing associations to pay a certain percentage of the handle from races to the state as license fees, and to pay other portions of the handle out for other purposes, as specified.

This bill would authorize certain fairs or associations, or combined entities, to contribute 1% of the total amount handled daily in conventional and exotic pools for maintenance and improvements at a fair's racetrack inclosure, for those fairs that contribute. The money raised would be deposited into the Inclosure Facilities Improvement Fund, which would be created as a special fund in the State Treasury, and that money would be available upon appropriation by the Legislature in the annual Budget Act. The bill would direct the Secretary of Food and Agriculture to appoint a committee to advise on the administration of the funds raised pursuant to the provisions of the bill, and would require the secretary to report any allocations made pursuant to those provisions of the bill, as specified.

Under existing law, in addition to parimutuel wagering otherwise authorized, advance deposit wagering is authorized to be conducted, upon approval of the California Horse Racing Board. Provisions relating to the authorization of advance deposit wagering are to be repealed as of January 1, 2008.

This bill would extend that authorization indefinitely, and revise and recast provisions relating to advance deposit wagering, including clarifying terms, imposing requirements on

advance deposit wagering providers, requiring the consent of a horsemen's organization before conducting advance deposit wagering on races conducted in this state, prescribing a process for hub fee agreements and disputes, and revising how the proceeds from advance deposit wagers are distributed. The bill would make additional conforming changes by deleting alternate provisions of law related thereto.

Under existing law, revenues distributed to the state as license fees from horse racing are required to be deposited in the Fair and Exposition Fund and are continuously appropriated to the Department of Food and Agriculture for various regulatory and general governmental purposes.

Because this bill would revise the amount of money deposited into, and distributed from, that fund, it would make an appropriation.

Ch. 614 (AB 783) Arambula Public water systems.

Existing law, known as the California Safe Drinking Water Act, requires the State Department of Public Health to administer provisions relating to the regulation of drinking water to protect public health, including, but not limited to, conducting research, studies, and demonstration programs relating to the provision of a dependable, safe supply of drinking water, enforcing the federal Safe Drinking Water Act, adoption of enforcement regulations, and conducting studies and investigations to assess the quality of water in domestic water supplies.

Existing law, the Calderon-Sher Safe Drinking Water Act of 1996, requires the State Department of Public Health to submit to the Legislature a Comprehensive Safe Drinking Water Plan for California once every 5 years, and to take all reasonable measures necessary to reduce the risk to the public health from waterborne illnesses in drinking water caused by cryptosporidium and giardia.

This bill would require the department, in administering programs to fund improvements and expansions of small community water systems, as defined, to award funds using specified priorities.

Existing law permits the department to enter into oral contracts, in an amount not to exceed \$5,000 for immediate remedial action necessary to remedy or prevent emergencies related to contamination of the drinking water supply.

This bill would increase this amount to \$10,000.

Ch. 615 (AB 812) Hernandez Workers' compensation: audits.

Existing law provides that workers' compensation insurers generally perform a payroll verification audit to compare the actual premium to the estimated premium. This information is generally supplied by the insured employer.

This bill would provide that if an employer fails to provide for access by the insurer or its authorized representative to its records, to enable the insurer to perform an audit, the employer shall be liable to pay to the insurer a total premium for the policy equal to 3 times the insurer's then-current estimate of the annual premium on the expiration date of the policy. The employer shall also be liable for costs, as specified.

This bill would require the insurer to have and follow regular and reasonable rules and procedures for access to records, as specified.

This bill would specify the procedures to be followed if the employer fails to provide access as required, and makes other changes.

Ch. 616 (AB 833) Ruskin California Toxic Release Inventory Program.

Existing law authorizes the California Environmental Protection Agency (Cal-EPA) to request any business to submit the information required to be submitted in the toxic chemical release form pursuant to the federal Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA). Existing law prohibits the Cal-EPA from requiring the form from

certain businesses or in an amount lower than the applicable threshold amount specified in EPCRA.

This bill would enact the California Toxic Release Inventory Program Act of 2007 to require the Department of Toxic Substances Control (department) to develop and implement, by January 1, 2009, the California Toxic Release Inventory Program to require a facility to submit a toxic chemical release form to the department, if the facility is not required to submit a toxic chemical release form containing that same information pursuant to the existing federal regulations, as defined.

The bill would require the information to be reported under the program to be reported retroactively to the effective date of the changes made to EPCRA or the existing federal regulations to ensure no gap in data collection. The bill would require the department to determine whether existing California-specific reporting requirements can substitute, in whole or in part, for the information that would be required under the program. The bill would require the facility to utilize the same reporting forms required by the existing regulations, unless the department determines that an alternative form is necessary to substitute chemical release data reported under existing California-specific programs.

The department would be authorized to adopt regulations to implement the program as emergency regulations and would require the Office of Administrative Law to deem these regulations to be necessary for the immediate preservation of the public peace, health, safety, and general welfare. The bill would also prohibit the department, if there is a legal challenge to the changes made to a specified provision of the federal act or the federal regulations adopted pursuant to that provision, that result in the changes being stayed or enjoined by a court, from requiring a facility to submit a toxic chemical release form, until the department determines that the court action has been settled or adjudicated.

Ch. 617 (AB 910) Karnette Disabled persons: support and health care coverage.

(1) Existing law, the Knox-Keene Health Care Service Plan Act of 1975 (Knox-Keene Act), provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act a crime. Existing law also provides for the regulation of health insurers by the Department of Insurance. Under existing law, a plan and a health insurer are required to provide that coverage for a dependent child who attains a limiting age specified in the plan or policy shall not terminate if the child is and continues to be both incapable of self-sustaining employment by reason of mental retardation or a physical handicap and chiefly dependent upon the subscriber or insured for support, provided that proof of those facts is furnished within 31 days of the request for the information or the child's attainment of the limiting age, as specified.

This bill would change the first criterion, requiring a health care service plan and a health insurer to provide that coverage of a dependent child shall not terminate upon attaining the limiting age if, in addition to meeting the 2nd criterion, as specified, the child is and continues to be incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition. The bill would require the plan and insurer to notify the subscriber or insured at least 90 days before the dependent child attains the limiting age and would require the subscriber or insured to submit proof, within 60 days of receiving that notice, that the child meets the criteria. The bill would require the plan or insurer upon request from the subscriber, group member, or policyholder and proof the child meets the criteria for continued coverage, to determine whether the child meets that criteria before the date the child attains the limiting age. The bill would also require, after a change in carriers, that the new plan or insurer continue coverage of the dependent child and would authorize that new plan or insurer to request information about the dependent child initially and not more frequently than annually thereafter in order to determine if the child continues to meet the criteria. The bill would require the subscriber, group member, or policyholder to submit the information requested by the new plan or insurer within 60 days of receiving the request.

Because the bill would specify additional requirements under the Knox-Keene Act, the willful violation of which would be a crime, it would impose a state-mandated local program.

(2) Existing law requires health insurance coverage, as defined, for a supported child to be included in a court's order for support if that insurance is available at no cost or at a reasonable cost to the parents. Existing law also requires a child support order to include a provision requiring the child support obligor and obligee to inform each other of the availability of health insurance coverage, as specified, and requires the Judicial Council to modify the form of the order to include those provisions.

The bill would require a support order to direct the parent or parents who, at the time of the order or subsequently, provide health insurance coverage for a supported child to seek continuation of coverage for the child upon his or her attaining the limiting age under the coverage if the child is incapable of self-sustaining employment and otherwise meets the criteria described in paragraph (1). The bill would require a child support order to include a provision for the obligor and obligee to provide information about the availability of health insurance coverage for a child or an adult who meets that criteria and would not require the Judicial Council to modify the order's form for this purpose until January 1, 2010.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 618 (AB 927) Saldana Multifamily Housing Program.

Existing law establishes the Multifamily Housing Program under the administration of the Department of Housing and Community Development to provide a standardized set of program rules and features applicable to all housing types based on the department's California Housing Rehabilitation Program.

This bill, on and after January 1, 2008, would require the percentage of the total assistance provided under the Multifamily Housing Program that is awarded for units restricted to senior citizens, as defined, to be equal to the percentage of lower income renter households in the state that are lower income elderly renter households, as reported by the federal Department of Housing and Urban Development on the basis of the most recent decennial census conducted by the United States Census Bureau.

Ch. 619 (AB 930) Jones Sacramento Area Flood Control Agency: projects.

(1) The Sacramento Area Flood Control Agency Act grants to the Sacramento Area Flood Control Agency, which is an agency created pursuant to a joint exercise of powers agreement, the authority to impose assessments or special taxes, and issue bonds, to finance projects in accordance with specified laws. "Project" is defined for the purposes of the act to mean the acquisition, construction, or operation of any flood control facility authorized under the agreement, and not inconsistent with the act, including the acquisition of rights-of-way.

This bill would expand that definition to include the acquisition of easements. The bill would require that the acquisition of rights-of-way and easements outside the agency's boundaries be consistent with applicable county plans, including county general plans, and the State Plan of Flood Control. The bill would provide that nothing in the act authorizes the agency to exercise the power of eminent domain outside its boundaries, alters the existing powers granted to members of the agreement, or precludes the acquisition of time-limited easements.

(2) The existing act requires revenues derived from fees prescribed pursuant to its provisions for any area to only be used for flood control projects within that area.

This bill would instead require revenues derived from those fees for any area to only be used for flood control projects that protect that area.

Ch. 620 (AB 993) Aghazarian State Department of Public Health: licensure: home health agencies.

Existing law requires private or public organizations, including, but not limited to, any partnership, corporation, political subdivision of the state, or other governmental agency within the state, to obtain a home health agency license before providing or arranging for the provision of skilled nursing services in the home. Existing law provides for licensing of home health agencies by the State Department of Public Health. Existing law gives the department full range of authority over accredited home health agencies to ensure that the licensure and accreditation requirements are met, including the entire scope of enforcement sanctions and options available for unaccredited home health agencies.

This bill would, commencing July 1, 2008, require the department to make every effort, no later than 90 days after the department receives an initial and complete parent, branch, or change of ownership home health agency application to complete the application paperwork, to conduct a licensure survey, if necessary, and in certain circumstances, to conduct an unannounced certification survey in accordance with a specified timeline, as provided. The bill would require the department to forward the results of the certification surveys to the federal Centers for Medicare and Medicaid Services, as specified.

The bill would require the department, if the department is unable to meet the 90-day timelines for licensing or certification required pursuant to this bill, to notify the applicant in writing of the delay and the anticipated date of the survey.

The bill would require the department to work with the home health industry association and providers to restructure home health agency licensing and certification program fees for the 2008–09 fiscal year.

Existing law requires that a home health agency license shall expire 12 months after the date of issuance, and provides for renewal applications to be filed with the department not less than 30 days prior to the expiration date, accompanied by the necessary fees.

This bill would, in addition, require the department to mail a renewal application to all licensees not less than 45 days prior to the expiration date, as specified.

Existing law requires an applicant for certification as a certified home health aide to satisfy certain requirements, including to have successfully completed a training program approved by the department pursuant to applicable state and federal regulations. A violation of these provisions is a misdemeanor.

This bill would require the certified home health aide training program to have a minimum of 75 hours or a competency evaluation program equivalent. By changing the definition of an existing crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 621 (AB 1073) Nava Workers' compensation: medical treatment utilization schedule.

Existing law establishes a workers' compensation system to compensate an employee for injuries sustained in the course of his or her employment. Existing law requires that the Administrative Director of the Division of Workers' Compensation, on or before January 1, 2004, adopt, after public hearings, a medical treatment utilization schedule, as specified. Existing law provides that, notwithstanding the medical treatment utilization schedule or guidelines set forth in the American College of Occupational and Environmental Medicine's Occupational Medicine Practice Guidelines, for injuries occurring on and after January 1, 2004, an employee shall be entitled to no more than 24 chiropractic, 24 occupational therapy, and 24 physical therapy visits per industrial injury, but specifies that this limit shall not apply when an employer authorizes, in writing, additional visits to a health care practitioner for physical medicine services.

This bill would also prohibit the limit on the number of chiropractic, occupational therapy, and physical therapy visits from applying to visits for postsurgical physical medicine and postsurgical rehabilitative services, as provided.

Ch. 622 (AB 1078) Lieber CalWORKs: eligibility: income and assets.

Existing federal law provides for allocation of federal funds through the federal Temporary Assistance for Needy Families (TANF) block grant program to eligible states, with California's version of this program being known as the California Work Opportunity and Responsibility to Kids (CalWORKs) program.

Existing law provides for the CalWORKs program, under which each county provides cash assistance and other benefits to qualified low-income families and individuals who meet specified eligibility criteria.

Existing law imposes limits on the amount of income and personal and real property, including savings accounts, that an individual or family may possess in order to be eligible for aid under the CalWORKs program. Under existing law, principal and interest in designated federally created retirement or college savings plans held by existing CalWORKs recipients, but not new applicants, are excluded as property for purposes of redetermining eligibility and the amount of assistance.

This bill would delete the maximum amount of savings and interest that a CalWORKs recipient would be permitted to retain. The bill would extend the provisions excluding from income the principal and interest in the designated federal savings plans to CalWORKs applicants.

By increasing duties of counties administering the CalWORKs program, this bill would impose a state-mandated local program.

Federal income tax laws allow a refundable federal Earned Income Tax Credit (EITC) for low-income individuals that meet specified requirements.

This bill would declare the intent of the Legislature to maximize the abilities of CalWORKs recipients to benefit from, and be educated about, the EITC, as specified. The bill would impose various duties on the State Department of Social Services in this regard, and would authorize counties administering the CalWORKs program that choose to participate to take specified actions, in order to carry out this intent.

Existing law, contingent on a Budget Act appropriation, provides for a Pay for Performance Program to provide additional funding for counties that meet specified welfare-to-work improvement standards.

This bill would revise the Pay for Performance Program to include, only if and to the extent that a specified determination is made by the department, an improvement standard for counties with a percentage of county CalWORKs cases with earned income that equals or exceeds a specified income level, as provided.

Existing law continually appropriates money from the General Fund to pay for a share of aid grant costs under the CalWORKs program.

The bill would declare that no appropriation would be made for purposes of the bill pursuant to the provision continuously appropriating funds for the CalWORKs program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 623 (AB 1098) Saldana Hazardous materials: administrative: penalties: liability.

(1) Existing law requires that, in order to protect the public health and safety and the environment, a business, as defined, establish and implement a business plan, meeting

specified requirements, relating to the handling and release or threatened release of hazardous materials. A business that violates or knowingly violates any provision with regard to the business plan is liable to an administering agency for a prescribed administrative penalty.

This bill would remove the requirement that the amount of the administrative penalty be set by the governing board of the administrative agency.

(2) Existing law requires the implementation of the federal accident release prevention program, established pursuant to the federal Clean Air Act, with regard to the handling and storage of chemical and hazardous substances, along with certain amendments specific to the state. If there is a violation of the provisions of the program, specified administrative civil liability shall be imposed. If there is a knowing violation of the provisions of the program, after reasonable notice, specified administrative civil liability shall be imposed, and upon conviction the person may be punished by imprisonment in a county jail for not more than one year. An administering agency is required to utilize specified enforcement procedures when an administering agency issues an enforcement order or assesses an administrative penalty, or both, for a violation of those requirements.

This bill would instead provide that the person or stationary source that violates those provisions is civilly liable to the administering agency. The bill would specify that a person or stationary source that knowingly violates those provisions after reasonable notice of the violation is guilty of a misdemeanor.

Ch. 624 (AB 1104) Aghazarian Small Business Expansion Fund.

The California Small Business Financial Development Corporation Law authorizes the formation of small business financial development corporations to grant loans or guarantees for the purpose of stimulating small business development. The California Small Business Expansion Fund, which is created under the law and is continuously appropriated, specifies that all or a portion of the funds may be paid out to a lending institution that will act as trustee of the funds. Existing law provides for the expansion fund and the trust fund to be used to pay for defaulted loan guarantees and administrative costs of these corporations. Existing law authorizes a corporation, in an area declared to be in a state of emergency by the Governor, to provide loan guarantees from specified allocated funds to small businesses, small farms, nurseries, and agriculture-related enterprises that have suffered as a result of the disaster.

This bill would extend that authority to a corporation in an area affected by a state of emergency within the state and declared a disaster by the President of the United States, or by the Administrator of the United States Small Business Administration, or by the United States Secretary of Agriculture. Because the fund is continuously appropriated, the bill would thereby make an appropriation.

Existing law authorizes the Executive Director of the Small Business Expansion Fund to request a trustee of a trust fund to invest funds in securities issued by the United States Treasury.

This bill would modify that provision by specifying certain securities including, but not limited to, bonds and notes of this state as well as those of the federal government.

Ch. 625 (AB 1123) Berg State surplus property: Healdsburg Armory.

Existing law authorizes the Director of General Services to dispose of state surplus property, subject to specified conditions, including authorization by the Legislature. Existing law requires the net proceeds from the lease of state surplus property to be paid into the Deficit Recovery Bond Retirement Sinking Fund Subaccount, except as otherwise specified by law.

This bill would authorize the director, with the approval of the Adjutant General, to lease to the City of Healdsburg at fair market value and for a period of up to 30 years specified state-owned property known as the Healdsburg Armory. The bill would, notwithstanding the

requirement for payment of lease proceeds into the Deficit Recovery Bond Retirement Sinking Fund Subaccount, require the proceeds of the lease to be deposited into the Armory Fund pursuant to a specified provision of law. The bill would additionally require the lease to be executed by all parties no later than January 1, 2009.

Ch. 626 (AB 1130) Laird Aboveground storage tanks.

(1) Existing law requires the Secretary for Environmental Protection to implement a unified hazardous waste and hazardous materials management regulatory program. A city or local agency that meets specified requirements is authorized to apply to the secretary to implement the unified program, and every county is required to apply to the secretary to be certified to implement the unified program.

The Aboveground Petroleum Storage Act (Act) defines, for purposes of the act, a “storage tank” as any aboveground tank or container used for the storage of petroleum, except as specified. Existing law requires the State Water Resources Control Board and the California regional water quality control boards to administer the act with regard to a tank facility that is subject to specified federal regulations and requires a certified unified program agency to enforce the requirements of the act regarding a spill prevention control and countermeasure plan. Existing law imposes specified inspection and monitoring requirements upon the board and the regional boards with regard to these tanks and requires a tank facility owner or operator to file a storage statement with the board. Existing law establishes the Environmental Protection Trust Fund in the State Treasury and provides that the money in the fund is available for expenditure by the board, upon appropriation by the Legislature, for specified purposes.

This bill would instead require the unified program agencies (UPAs) to implement that act, and would make conforming changes.

The bill would define the term “aboveground storage tank” and would revise the types of storage tanks subject to the act. A storage tank at a tank facility subject to specified federal regulations would be required to prepare a spill prevention control and countermeasure plan and a tank facility located on a farm, nursery, logging site, or construction site that is less than a specified capacity would be required to be subject to inspections and, if the UPA makes a certain determination, secondary containment requirements.

The bill would require the UPA to inspect, at least once every 3 years, each storage tank within its jurisdiction that has a storage capacity of 10,000 gallons or more of petroleum, except as specified. The owner or operator of a tank facility would be required to file an annual tank facility statement with the local agency, with an exception, accompanied by a fee established by the UPA.

The board and the regional board would be authorized to oversee the cleanup or abatement efforts, or to cause cleanup or abatement efforts, with regard to a release from a storage tank at a tank facility.

Any expenses recovered by the board or a regional board in overseeing, or contracting for, a cleanup or abatement would be required to be deposited in the Waste Discharge Permit Fund, for expenditure by the board, upon appropriation by the Legislature, to assist the regional boards and other public agencies in cleaning up or abating the effects of waste on water and other specified purposes. The bill would require the deposited money to be separately accounted for.

The bill would impose a state-mandated local program by imposing new duties upon local agencies with regard to the regulation of aboveground storage tanks.

The bill would authorize the expenditure of a portion of the moneys in the Environmental Protection Trust Fund, upon appropriation by the Legislature, in an amount determined by the Secretary for Environmental Protection in consultation with the UPAs, to a training account established and maintained by the secretary to be used for purposes of training UPA personnel in the requirements of the act. The bill would allocate all remaining funds to the UPAs for expenditure to implement the act, but limit to 80% or less the allocation to a UPA

in advance of actual expenditure by the UPA. Any funds remaining in the training account established by the secretary, or in the Environmental Protection Trust Fund, as of June 1, 2011, would be authorized to be expended by the UPAs to implement the act, upon appropriation by the Legislature. The Environmental Protection Trust Fund and the training account would be inoperative as of July 1, 2011, and would be repealed as of January 1, 2012.

The bill would also make conforming changes.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) This bill would also incorporate additional changes in Section 25404 of the Health and Safety Code proposed by AB 558, to be operative only if AB 558 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 627 (AB 1168) Jones Social security numbers.

(1) Existing law establishes the University of California, under the administration of the Regents of the University of California, the California State University, under the administration of the Trustees of the California State University, and the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, and private, independent institutions of higher education as the 4 segments of postsecondary education in this state.

This bill would require the Office of Privacy Protection in the Department of Consumer Affairs to establish a task force, with specified members, to conduct a review of the use by all public and private colleges and universities in this state of social security numbers in order to recommend practices to minimize the collection, use, storage, and retention of social security numbers. It would require the task force to commence meetings no later than May 1, 2008, and, on or before July 1, 2010, to submit a report of its findings and recommendations to the Office of Privacy Protection and to the Assembly Committee on Judiciary and the Senate Committee on Judiciary.

(2) Existing law prohibits any person or entity from publicly posting or displaying in any manner an individual's social security number, printing an individual's social security number on any card required to access products or services, requiring an individual to transmit his or her social security number over the Internet, requiring an individual to use his or her social security number to access an Internet Web site, or printing an individual's social security number on any materials that are mailed to the individual, with specified exceptions. Existing law provides that these prohibitions do not apply to documents that are recorded or required to be open to the public pursuant to the California Public Records Act.

The California Public Records Act requires state and local agencies to make their records available for public inspection unless a record is exempt from disclosure. The act exempts from disclosure, among others, any record that is a personnel, medical, or similar file the disclosure of which would constitute an unwarranted invasion of personal privacy.

This bill would declare the intent of the Legislature that, in order to protect against the risk of identity theft, local agencies shall redact social security numbers from records before disclosing them to the public pursuant to this chapter. This bill also would provide that, unless required to do so by state or federal law, no person, entity, or government agency shall present for recording or filing with a county recorder if it displays more than the last 4 digits of a social security number, as specified.

(3) Existing law establishes in state government the Franchise Tax Board to, among other duties, administer the Personal Income Tax Law and the Corporation Tax Law.

This bill would provide that, notwithstanding any other provision of law, unless prohibited by federal law, the board shall truncate social security numbers on lien abstracts and any other records created by the board that are disclosable under the California Public Records Act before disclosing the record to the public.

(4) Existing law specifies requirements for the filing of various documents with the Secretary of State and other filing offices.

This bill would apply requirements to redact social security numbers on specified filings. It would require that for every filing containing an untruncated social security number filed before August 1, 2007, or after that date if filed by means other than the filing office's Web site, a filing office shall create a public filing, defined to mean an exact copy of the official filing except that the first 5 digits of any social security number are redacted. It would require each filing office to post a notice on its Web site informing filers not to include social security numbers in any portion of their filings. It would require that, when a public filing version of an official filing exists, and upon a request for inspection, copying, or any other public disclosure of an official filing that is not exempt from disclosure, a filing office shall make available only the public filing version of that filing. It would specify that these provisions shall not apply to a county recorder. It also would require the Secretary of State to produce and make available financing statements that do not provide a space for the disclosure of a social security number of an individual.

(5) Existing law requires the recorder of each county, upon payment of proper fees and taxes, to accept for recordation any instrument, paper, or notice that is authorized or required by law to be recorded, as specified, and specifies that these recorded documents shall be called "official records."

This bill would require the recorder of each county to establish a social security number truncation program in order to create a "public record" version of each "official record" so that the "public record" is in an electronic format and is an exact copy of the "official record" except that any social security number contained in the "official record" shall be truncated by redacting the first 5 digits of that number. These provisions would apply to any document recorded since January 1, 1980, as specified. It would provide that when a "public record" version of an "official record" exists, and upon request of any person to inspect, for a copy of, or to otherwise publicly disclose that record, the recorder shall make available only the "public record" version of that record, and publicly disclose the "official record" only in response to a subpoena or court order. By creating new duties for county recorders, this bill would impose a state-mandated local program.

Existing law establishes a fee for recording documents with the county recorder at \$4 for the first page and \$3 for each additional page and authorizes a county recorder to assess additional specified fees.

This bill would authorize a county recorder, upon authorization of the board of supervisors, to charge an additional fee of \$1 for recording the first page of each document, until December 31, 2017, to be used only by the county recorder collecting the fee to implement a social security number truncation program pursuant to these provisions. It would provide that a board shall not authorize this fee unless the board requires the county auditor to audit the county's use of funds generated by this fee, as specified, and would authorize the county recorder to request an extension of the authorization to charge this fee beyond December 31, 2017. It would require each county recorder, no later than June 1, 2008, to petition the board of supervisors for the authority to levy the fee.

The bill also would provide that, notwithstanding these provisions, a county recorder shall be required to create a public record version of an official record only for that fraction of the official records for which the fee is sufficient to create a public record version.

The bill also would require that the County Recorders Association of California, no later than January 1, 2009, and annually thereafter, submit to the Assembly Committee on Judiciary, Senate Committee on Judiciary, and the Office of Privacy Protection a report on the progress each county recorder has made in complying with these provisions. It would require the Office of Privacy Protection, on or before January 1, 2018, to report to these committees on whether counties need to continue to levy the fee authorized by these provisions.

(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(7) This bill would make legislative findings that any limitation on the public's right of access to the writings of public officials and agencies made by its provisions is necessary to protect against the risk of identity theft.

Ch. 628 (AB 1420) Laird Water demand management measures: water management grant or loan funds.

(1) Existing law requires an urban water supplier to prepare and adopt an urban water management plan that includes a description of the supplier's water demand management measures that are currently being implemented or scheduled for implementation. Existing law requires the Department of Water Resources to take into consideration whether the urban water supplier is implementing or has scheduled for implementation the water demand management activities that the supplier identified in its urban water management plan in evaluating applications for grants and loans financed by specified bond funds.

This bill would delete that provision relating to the evaluation of grant or loan applications financed by those specified bond funds. The bill, instead, would require the terms of, and eligibility for, any water management grant or loan made to an urban water supplier and awarded or administered by the department, the State Water Resources Control Board, or the California Bay-Delta Authority, with certain exceptions, to be conditioned on the implementation of the water demand management measures described in the urban water management plan, as determined by the department.

The department would be required to convene an independent panel to provide information and recommendations to the department and the Legislature on new demand management measures, technologies, and approaches. The department would be required to identify in a specified report submitted to the Legislature water demand management measures that achieve water savings significantly above the levels established by the department to meet the requirements discussed above.

(2) This bill would incorporate additional changes to Section 10644 of the Water Code proposed by SB 862, to be operative only if this bill and SB 862 are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 629 (AB 1689) Lieber The revised Uniform Anatomical Gift Act.

Existing law, the Uniform Anatomical Gift Act, regulates the making of anatomical gifts and the disposition of donated bodies and body parts.

This bill would repeal those provisions, would recast and reenact the revised provisions as the Uniform Anatomical Gift Act, and would make conforming changes. By increasing the duties of local officers, including, but not limited to, the coroner, and by changing the definition of related crimes, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 630 (AB 1728) Committee on Transportation Vehicles.

(1) Existing law requires every clerk of a court in which a person was convicted of a violation of the Vehicle Code, or specified sections of other codes, to prepare an abstract of the record of the court covering the case in which the person was convicted. Existing law requires the abstract to indicate whether the vehicle involved was of a type requiring the driver to have a driver's license endorsement authorizing the operation of a tank vehicle.

This bill instead would require the abstract to indicate whether the vehicle involved was of a type requiring the driver to have a driver's license endorsement authorizing the operation of a vehicle carrying hazardous materials, rather than a tank vehicle.

(2) Existing law authorizes certain county officials who are regularly issued a county-owned vehicle, in a county of over 20,000 square miles in area, to apply to the Department of Motor Vehicles for regular series license plates for that vehicle if a request for that issuance is also made by the county board of supervisors.

This bill would, additionally, authorize the county assessor to apply to the department for regular series license plates.

(3) Under existing law, a person who holds a class A or class B driver's license and an endorsement authorizing the operation of a tank vehicle is exempt from being presumed to be a prima facie negligent operator based on that person being found at a hearing to have a driving record violation point count of 6 or more points in 12 months, 8 or more points in 24 months, or 10 or more points in 36 months.

The bill instead would exempt a person who holds a class A or class B driver's license and an endorsement authorizing the operation of a vehicle carrying hazardous materials, rather than a tank vehicle, from the application of the presumption.

(4) Under existing law, "commercial motor vehicle" is defined, for the purpose of implementing the Commercial Motor Vehicle Safety Program, as a vehicle or combination of vehicles that requires a class A license, a class B license, or a class C license with an endorsement authorizing the operation of a tank vehicle.

The bill would change this definition of "commercial motor vehicle" to mean a vehicle or combination of vehicles that requires a class A license, class B license, or a class C license with an endorsement authorizing the operation of a vehicle carrying hazardous materials, rather than a tank vehicle.

(5) Existing law prohibits a person from driving a motorcycle, motor-driven vehicle, or motorized bicycle upon a highway, unless that person then holds a valid California driver's license or an endorsement issued for that class.

The bill would create an exception to this prohibition by authorizing a person with a valid California driver's license of any class to operate a short-term rental motorized bicycle without taking a special examination for the operation of a motorized bicycle and without having a class M2 endorsement authorizing the operation of that class of vehicle.

(6) Existing law provides the process by which a licensed driver who has granted consent to be an organ and tissue donor upon death may revoke the consent or limit the consent to specific organs or tissues.

The bill would enable a donor, by participation in the same process, to limit the consent to specific types of research and would make technical changes to that provision.

(7) Existing law prohibits a contract from being let to a nongovernmental entity for the processing of identification cards unless the department receives 2 or more qualified bids from independent, responsible bidders.

This bill would recast this provision to prohibit the awarding of that contract unless the contract conforms to all applicable state contracting laws and all applicable procedures set forth in the State Contracting Manual.

(8) Under existing law, a driver of a vehicle approaching a stop sign at a railroad grade crossing is required to stop at a limit line, if marked, otherwise before entering the crosswalk on the near side of the intersection. If there is no limit line or crosswalk, the driver is required to stop at the entrance to the intersecting railroad grade crossing.

The bill instead would require the driver of any vehicle approaching a stop sign at a railroad grade crossing to stop at a limit line, if marked, otherwise before crossing the first track or entrance to the railroad grade crossing.

(9) Existing law requires the driver of a specified vehicle to stop that vehicle before traversing a railroad grade crossing and requires that driver to confirm that he or she can safely proceed before doing so.

The bill would correct an erroneous cross-reference within that law and would, thereby, provide specified exceptions to the requirement that the driver of a specified vehicle stop before traversing a railroad grade crossing.

(10) This bill would incorporate additional changes in Sections 12811 and 13005 of the Vehicle Code, proposed by AB 1689, to be operative if AB 1689 and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

Ch. 631 (AB 1721) Committee on Jobs, Economic Development, and the Economy Economic development.

Existing law provides for various programs and activities in the development of economic opportunities for businesses in the state.

This bill would define the terms “economic development,” “economic development corporation,” “local economic development organization,” and “regional economic development organization,” and would make related legislative findings and declarations.

The bill would specify that the Business, Transportation and Housing Agency shall be the primary state agency responsible for facilitating economic development in the state, subject to specified criteria.

The bill would create the California Economic Development Fund in the State Treasury for the purpose of receiving specified funds, and would authorize the Secretary of Business, Transportation and Housing to expend moneys in the Fund, upon appropriation by the Legislature, for specified purposes related to economic development in the state.

The bill would also authorize the secretary to administer the federal Economic Adjustment Assistance grant, as defined, subject to specified criteria. The secretary would be authorized to assign and contract administration of the grant to a joint powers agency.

The bill would also make a technical, nonsubstantive change by repealing an obsolete provision.

Ch. 632 (AB 1742) Committee on Environmental Safety and Toxic Materials State Water Pollution Control Revolving Fund: administrative costs.

Existing law continuously appropriates state and federal funds in the State Water Pollution Control Revolving Fund to the State Water Resources Control Board for loans and other financial assistance for the construction of publicly owned treatment works by a municipality, the implementation of a management program, the development and implementation of a conservation and management plan, and other related purposes in accordance with the federal Clean Water Act and the Porter-Cologne Water Quality Control Act.

This bill would authorize the board to assess a specified annual charge with regard to a loan made under the revolving fund program. The bill would require the proceeds generated from the imposition of the annual fee, along with other moneys, to be deposited in the State Water Pollution Control Revolving Fund Administration Fund, which the bill would create in the State Treasury. The bill would authorize the board to expend the moneys in the fund, upon appropriation by the Legislature to the board, for costs incurred by the board in connection with the administration of the revolving fund program.

Ch. 633 (SB 2) Cedillo Local planning.

(1) The Planning and Zoning Law requires the housing element of the general plan of a city, county, or city and county to contain, among other things, an assessment of housing

needs, including an inventory of land suitable for residential development, and a program with a 5-year schedule of actions that the local government is undertaking or intends to undertake to implement the goals and objectives of the housing element. This program is also required to identify adequate sites with zoning that permits owner-occupied and multifamily residential use by right, including the development of farmworker housing for low- and very low income households.

This bill would add emergency shelters to these provisions, as specified, and would add provisions to the housing element that would require a local government to identify a zone or zones where emergency shelters are allowed as a permitted use without a conditional use or other discretionary permit. The bill would also authorize a local government to satisfy all or part of this requirement by adopting and implementing a multijurisdictional agreement, as specified, and would delete multifamily residential use from these provisions. By increasing the duties of local public officials, the bill would create a state-mandated local program.

(2) The Planning and Zoning Law requires that a local agency not disapprove a housing development project, including farmworker housing, for very low, low-, or moderate-income households or condition its approval, including through the use of design review standards, in a manner that renders the project infeasible for development for those households unless it makes written findings, based upon substantial evidence in the record, as to one of a number of specified conditions.

This bill would add supportive housing, transitional housing, and emergency shelters to these provisions and would revise the conditions upon which a disapproval or a conditional approval of an emergency shelter is based. The bill would define supportive housing and transitional housing. By increasing the duties of local public officials, the bill would impose a state-mandated local program.

(3) The bill would also make other technical and conforming changes to these provisions.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 634 (SB 23) Cogdill San Joaquin Valley Unified Air Pollution Control District: high polluter vehicles.

(1) Existing law imposes various limitations on emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Existing law generally designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution, and air pollution control districts and air quality management districts with the primary responsibility for the control of air pollution from all sources other than vehicular sources.

Existing law establishes a motor vehicle inspection and maintenance (smog check) program, developed, implemented, and administered by the Department of Consumer Affairs. Existing law vests in the Chief of the Bureau of Automotive Repair within the department the duty of enforcing and administering the program. Existing law establishes a voluntary high polluter, as defined, repair or removal program. Existing law also creates the San Joaquin Valley Unified Air Pollution Control District (district), formed by specified counties, and permits the district to adopt specified rules and regulations relating to air pollution.

Existing law creates the Traffic Congestion Relief Fund in the State Treasury, and specifies projects that are eligible for grants from the fund, including \$25,000,000 for the San Joaquin Valley Emergency Clean Air Attainment Program.

This bill would impose a state-mandated local program by requiring the district to develop and administer, in consultation with the state board, a voluntary program to remove high polluter vehicles within the district by exchanging high polluter vehicles in the district for

donated vehicles, as provided. The bill would require the district to certify that the exchange of any 2 vehicles results in quantified lower net emissions. The bill would limit the program to 200 vehicle exchanges annually. The bill would authorize the district to use any interest generated from the funds allocated to the district from the Traffic Congestion Relief Fund, upon appropriation, for the purpose of administering the program. The bill would require the district to submit a report, on or before January 1, 2012, relating to the implementation and status of the program, including, but not limited to, the number of vehicles donated. The bill would repeal these provisions on January 1, 2013.

This bill would make legislative findings and declarations as to the necessity of a special statute.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would make the operation of its provisions contingent upon the enactment of SB 719 of the 2007–08 Regular Session.

Ch. 635 (SB 45) Perata Private postsecondary education.

(1) The former Private Postsecondary and Vocational Education Reform Act of 1989, which became inoperative on July 1, 2007, and is to be repealed on January 1, 2008, generally set minimum standards of instructional quality, ethical and business practices, health and safety, and fiscal responsibility for private postsecondary and vocational educational institutions, as defined. The act established the Bureau for Private Postsecondary and Vocational Education in the Department of Consumer Affairs. The former act required the bureau, among other things, to review and investigate all institutions, programs, and courses of instruction approved under the act.

The former act established the Private Postsecondary and Vocational Education Administration Fund and the continuously appropriated Student Tuition Recovery Fund. The former act specified that certain violations of its provisions were subject to civil penalties and that certain willful violations of the act were punishable as crimes.

Existing law expresses the intent of the Legislature to provide for the protection of the interests of students who, and institutions which, have pending matters, or any other pending business, before the former bureau as of June 30, 2007.

Existing law requires that each matter, as defined, pending before the former bureau as of the close of business on June 30, 2007, be deemed to remain pending before the bureau or a successor agency as of February 1, 2008, irrespective of any applicable deadlines. With respect to any deadline applicable to a pending matter, existing law requires that no time be deemed to have elapsed between July 1, 2007, and January 31, 2008, inclusive. Existing law requires that any institution, program, or course of study that is approved by the former bureau, or authorized as prescribed, as of the close of business on June 30, 2007, be deemed to be approved as of February 1, 2008, irrespective of any applicable conditions, deadlines, or additional requirements. Existing law also requires that, with respect to any deadline applicable to the approval or conditional approval of an institution, program, or course of study, no time shall be deemed to have elapsed between July 1, 2007, and January 31, 2008, inclusive.

This bill would extend these provisions so that they apply until July 1, 2008.

(2) Existing law authorizes the Director of Consumer Affairs to enter into voluntary agreements with institutions that state that the institutions agree to comply with state statutes, rules, and regulations applicable to these institutions as of June 30, 2007. Existing law requires institutions to disclose to their current and prospective students in writing, within 60 days of the effective date of the bill, whether they entered into, or declined to enter into, a voluntary agreement with the director. These provisions are repealed on February 1, 2008.

This bill would extend these provisions by 5 months, providing for their repeal on July 1, 2008.

This bill would authorize accredited institutions to make specified modifications in their programs with the approval of their accrediting agencies. The bill would authorize the Board of Barbering and Cosmetology to approve a school meeting prescribed criteria.

These provisions would be repealed on July 1, 2008.

(3) The bill would, until July 1, 2008, continue the existence of the Private Postsecondary and Vocational Education Administration Fund and the continuously appropriated Student Tuition Recovery Fund, thereby making an appropriation.

(4) Existing law continues the approval of private postsecondary institutions for specified purposes until July 1, 2008.

This bill would extend that approval until January 1, 2009.

(5) The bill would establish a Bureau for Private Postsecondary Education in the Department of Consumer Affairs. The bill would specify the duties of the bureau, and would authorize the Director of Consumer Affairs to delegate his or her duties under this bill to a bureau chief, who would be appointed by the Governor and confirmed by a vote of a majority of the membership of the Senate.

Ch. 636 (SB 94) Kuehl Medi-Cal: reimbursement rates.

Existing law establishes the Medi-Cal program, administered by the State Department of Health Care Services, under which basic health care services, including certain family planning services, are provided to qualified low-income persons. Existing law prescribes various requirements governing reimbursement rates for these services.

This bill would require reimbursement rates for office visits billed as comprehensive clinical family planning services by Family PACT waiver providers and for office visits billed as family planning services by Medi-Cal providers to receive a rate augmentation equal to the weighted average of at least 80% of the amount that the federal Medicare program reimburses for these same or similar office visits, as provided. The bill would require the augmentation of reimbursement rates to be made for office visits rendered on or after January 1, 2008.

Ch. 637 (SB 163) Migden Yerba Buena Island ramp connections.

Existing law provides the Department of Transportation full possession and control of all state highways and all property and rights in property acquired for state highway purposes. Existing law requires the department to improve and maintain the state highways, including all traversable highways that have been adopted or designated as state highways by the California Transportation Commission. Existing law establishes the state highway system, which consists of specified routes, including State Highway Route 80. Existing law specifies the respective powers and duties of the Bay Area Toll Authority and the department relative to the San Francisco-Oakland Bay Bridge, and creates the Treasure Island Development Authority with specified powers and duties relative to lands on former Naval Station Treasure Island to be conveyed to the authority by the federal government.

This bill would require the department to work in cooperation with the Treasure Island Development Authority on the design and engineering of replacement ramps connecting Yerba Buena Island to the San Francisco-Oakland Bay Bridge and to work in cooperation with the authority and the San Francisco County Transportation Authority to ensure that the design of the ramps is compatible with the design of the new eastern span of the bridge. The bill would authorize the department, upon the transfer to the authority from the federal government of the ramp connections, to accept from the authority title, easements, and other interests in land necessary for the state to own and operate one or more of the ramps. The bill would make transfer of a ramp from the authority to the state contingent upon completion of work on the ramp in accordance with specified standards and upon the commission making certain findings and approving the transfer agreement. The bill would also require

a project study report on the reconstruction of the ramps to be finalized by December 31, 2008, would require the San Francisco County Transportation Authority to be the lead agency for the development of the project study report, and would require the San Francisco County Transportation Authority to work in coordination with the Treasure Island Development Authority, the Mayor of the City of San Francisco, and the Bay Area Toll Authority.

Because the bill would impose duties on local government agencies, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 638 (SB 238) Aanestad Medi-Cal.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons. Existing law provides that federally qualified health center services and rural health clinic services, as defined, are covered benefits under the Medi-Cal program, to be reimbursed, to the extent that federal financial participation is obtained, to providers on a per-visit basis. "Visit" is defined as a face-to-face encounter between a patient of a federally qualified health center or a rural health clinic and specified health care professionals.

This bill would also include within those health care professionals covered under that definition, a dental hygienist and dental hygienist in alternative practice. The bill would revise the definition of a visit to include face-to-face encounters with these dental practitioners, as specified, and would set forth applicable rate and billing requirements for clinics providing these services.

Existing law also requires the department, by no later than March 30, 2004, to promptly seek all necessary federal approvals to implement this reimbursement procedure.

This bill would change that date to March 30, 2008.

This bill would incorporate additional changes to Section 14132.100 of the Welfare and Institutions Code proposed by SB 260, to be operative only if SB 260 and this bill are enacted, both bills amend Section 14132.100 of the Welfare and Institutions Code, and this bill is enacted after SB 260.

Ch. 639 (SB 248) Padilla Firearms.

Existing law regulates the sale, transfer, and possession of firearms.

This bill would authorize local law enforcement agencies to have specified information related to firearms entered into the United States Department of Justice, National Integrated Ballistic Information Network to ensure that representative samples of fired bullets and cartridge cases from crime scenes are recorded, as specified. The bill would require the Attorney General to develop a protocol by July 1, 2008, to implement the provisions authorizing the entering of this information.

Ch. 640 (SB 250) Corbett Gift certificates.

Existing law prohibits the sale of any gift certificate, as defined, that contains an expiration date or service fee, with specified exceptions, including, but not limited to, for a gift certificate issued for a food product. Existing law also provides that any gift certificate sold after January 1, 1997, is redeemable in cash or subject to replacement with a new gift certificate.

This bill would allow any gift certificate with a cash value of less than \$10 to be redeemed in cash, as defined, for its cash value, and would except donated gift certificates from the above-described prohibitions. The bill would also delete the exception described above for

food product gift certificates, thereby prohibiting those gift certificates from containing an expiration date or service fee, unless issued for perishable food products.

Ch. 641 (SB 276) Steinberg Flood control projects.

Existing law adopts and authorizes, at an estimated cost to the state of the sum that may be appropriated by the Legislature for state participation upon the recommendation and advice of the Department of Water Resources or the Reclamation Board, the federally authorized project for flood control along the American and Sacramento Rivers, as modified, and the Folsom Dam modification project, as modified by a prescribed report prepared by the Sacramento Area Flood Control Agency.

This bill would, for the purposes of those authorizations, describe the project for flood control along the American and Sacramento Rivers as further modified to include a specified 200-year level of flood protection. The bill would describe the Folsom Dam modification project as further modified by a specified report adopted by Congress. The bill would specify the extent of state and local participation in specified flood control projects administered by the Sacramento Area Flood Control Agency.

Ch. 642 (SB 306) Ducheny Health facilities: seismic safety.

Existing law, the Alfred E. Alquist Hospital Facilities Seismic Safety Act of 1983, establishes, under the jurisdiction of the Office of Statewide Health Planning and Development, a program of seismic safety building standards for certain hospitals constructed on and after March 7, 1973.

Existing law authorizes the office to assess an application fee for the review of facilities design and construction, and requires that full and complete plans be submitted to the office for review and approval.

This bill would authorize the department to, in its discretion, enter into a phased submission and review agreement with the hospital governing authority, would authorize the office to assess a related fee, and would require that the fee be deducted from the application fee.

This bill would require the office to prepare and provide a report to the Legislature by April 1, 2008, that details how a specified field review and approval process will be implemented without undue delay.

Existing law requires that, after January 1, 2008, any general acute care hospital building that is determined to be a potential risk of collapse or pose significant loss of life be used only for nonacute care hospital purposes. The act authorizes the office to grant a delay in this deadline under certain circumstances.

This bill would authorize certain hospital owners who do not have the financial capacity to bring certain buildings into compliance by 2013 to, instead, replace those buildings by January 1, 2020, by filing a declaration to that effect that includes specified financial information and a fee to cover the additional costs. The bill would require the hospital to bear the costs of reviewing and verifying the financial information.

Ch. 643 (SB 341) Lowenthal Enterprise zones: environmental impact reports.

The Enterprise Zone Act requires the lead agency filing a preliminary application for designation of an area under its jurisdiction as an enterprise zone, to provide an initial study and a notice of preparation to the Department of Housing and Community Development, the state clearinghouse, and all responsible agencies. Only an entity chosen by the department as a final applicant for designation is required to prepare or cause to be prepared, a draft environmental impact report, subject to specified criteria. Prior to final designation, the applicant is required to complete and certify a final impact report, and no further environmental impact report is required if specified conditions are met.

This bill would instead require the submission of a notice of preparation and a draft environmental impact report if an environmental impact report is to be prepared. It would

require the submission by an applicant lead agency chosen as a final applicant of a draft environmental impact report, negative declaration, or mitigated negative declaration, as required by specified provisions of law, and would delete the exceptions to the requirement of further environmental impact reports for preliminary applications filed on and after October 1, 2007.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 644 (SB 373) Kehoe Natural community conservation planning.

The Natural Community Conservation Planning Act authorizes the Department of Fish and Game to enter into agreements with any person or public entity for the purpose of preparing a natural community conservation plan, to provide comprehensive management and conservation of multiple wildlife species. The act requires a plan to identify and provide for those measures necessary to conserve and manage natural biological diversity within the plan area while allowing compatible and appropriate economic development, growth, and other human uses. The act requires each natural community conservation plan to include an implementation agreement governing specified matters.

Existing law exempts from specified provisions of the act any natural community conservation plan or subarea plan initiated on or before January 1, 2000, or amendment thereto, by Sweetwater Authority, Helix Water District, Padre Dam Municipal Water District, Santa Fe Irrigation District, or the San Diego County Water Authority, which the department determines is consistent with the approved San Diego Multiple Habitat Conservation Program or the San Diego Multiple Species Conservation Program, if the department finds that the plan has been developed and is otherwise in conformance with the act.

This bill would deem certain open-space lands to be dedicated land under the City Charter of San Diego. The bill would make legislative findings and declarations relating to the protection of open-space lands within the City of San Diego under the city charter and the San Diego Multiple Species Conservation Program.

Ch. 645 (SB 391) Ducheny Corrections.

Existing law gives the Board of Parole Hearings the power upon granting parole to any prisoner to impose on the parole any conditions that it may deem proper. Existing law gives the Board of Parole Hearings power to suspend or revoke any parole and to order returned to prison any prisoner upon parole.

This bill would authorize the Department of Corrections and Rehabilitation to expand the use of parole programs or services. It would allow the department or the Board of Parole Hearings, with respect to a parolee who violates a condition of parole and who meets specified criteria, to assign the parolee to a parole program or service, in lieu of revoking his or her parole. This bill would allow the Board of Parole Hearings, as an alternative to ordering a parolee returned to custody upon revocation of parole, to suspend the period of revocation pending the parolee's successful completion of the specified parole program or service.

This bill would impose various requirements in connection with the parole programs or services.

This bill would require the Department of Corrections and Rehabilitation, in consultation with the Legislative Analyst's Office, to evaluate the effect of the expansion of parole programs or services on several factors and report the results to the Legislature 3 years after funding is provided, as specified. Until that date, the Department of Corrections and Rehabilitation and the Board of Parole Hearings would be required to annually report to the Legislature, beginning January 1, 2009, regarding the status of the expansion of parole programs or services and the number of offenders assigned and participating in parole programs or services in the preceding fiscal year.

This bill would authorize the department to create a Parole Violation Intermediate Sanctions program. The bill would authorize certain eligible parolees who would otherwise be referred to the Board of Parole Hearings for revocation of parole and returned to prison

for a violation of parole to be admitted to the program in lieu of revocation, as specified. The program would be modeled after a collaborative court system, including a hearing officer, frequent appearances in the program by the parolee, requirements that the parolee attend treatment or rehabilitation programs, coordination between the hearing officer, parole agents, and representatives from the treatment and rehabilitation programs, and sanctions for the parolee upon failure in the program.

This bill would require the department, in consultation with the Legislative Analyst's Office, to report to the Legislature on the effectiveness of the Parole Violation Intermediate Sanctions program, as specified.

Ch. 646 (SB 419) Kehoe San Diego River Conservancy.

Existing law authorizes the San Diego River Conservancy to acquire and manage certain public lands in the San Diego River area. Existing law states that the San Diego River Parkway Coalition's Policy Committee and Citizen's Advisory Committee are developing a San Diego River Parkway Concept Plan.

This bill would revise those provisions to state that the conservancy has developed a Five Year Strategic and Infrastructure Plan that is consistent with the San Diego River Parkway Concept Plan.

The bill would revise the description of the San Diego River area to include tributaries of the San Diego River and historic flumes, as defined, emanating from the river, as well as certain other properties within the river's watershed. The bill would expand the purposes for which the conservancy was created by including the protection of historical and cultural resources.

The bill would also increase the membership of the conservancy from 9 to 11 voting members, by adding the Director of Parks and Recreation and one member of the Board of Supervisors of the County of San Diego, whose district includes the preponderance of the San Diego River watershed.

The bill would provide that the conservancy has no authority to levy a tax, regulate land use, or exercise the power of eminent domain. The bill would repeal language providing that an authorization to the conservancy to award grants would not become operative until the Legislature appropriates the necessary funds or until a bond act approved by the voters of the state includes an allocation for those purposes.

Ch. 647 (SB 421) Ducheny Department of Parks and Recreation: acquisition of property.

Existing law authorizes the Department of Parks and Recreation, with the consent of the Department of Finance, to acquire title to or any interest in real property that the department deems necessary or proper for the extension, improvement, or development of the state park system.

This bill would authorize the department to acquire, by donation or purchase, real property that is subject to a conservation easement, deed restriction, or other limitation, if the director of the department determines that the conservation easement, deed restriction, or other limitation is consistent with and promotes the purposes for which the property is to be acquired.

Ch. 648 (SB 490) Alquist Pupil nutrition: trans fats.

(1) The Pupil Nutrition, Health, and Achievement Act of 2001 requires a school to follow the Enhanced Food Based Meal Pattern, Nutrient Standard Meal Planning, or Traditional Meal Pattern developed by the United States Department of Agriculture or the Shaping Health as Partners in Education (SHAPE) Menu Patterns developed by the state in order to qualify for reimbursement for free and reduced-price meals sold or served to pupils. The act prescribes nutrition standards for snacks sold to pupils in middle, junior, or high school with

certain exceptions. The act also prohibits the sale of certain beverages to a pupil at an elementary school.

This bill would prohibit, commencing on July 1, 2009, a school or school district, through a vending machine or school food service establishment during school hours and up to $\frac{1}{2}$ hour before and after school hours, from making available to pupils enrolled in kindergarten or any of grades 1 to 12, inclusive, a food containing artificial trans fat and would prohibit the use of artificial trans fat in the preparation of a food item served to those pupils. This prohibition would not apply to food provided as part of a USDA meal program and would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 649 (SB 518) Migden Juveniles: Youth Bill of Rights.

Existing law authorizes a peace officer to take a minor that the officer has reasonable cause to believe is within the jurisdiction of the juvenile court, either as a dependent child or as a ward of the court, into temporary custody without a warrant, as specified. Existing law provides procedures for processing the minor thereafter. Existing law requires the release within 48 hours of a minor who is taken into temporary custody by a peace officer or probation officer, as specified, unless a petition to declare him or her a dependent child or ward of the court has been filed. Existing law requires the juvenile court, upon the appearance of a minor at a detention hearing, to inform the minor, and his or her parents or guardians, of the reasons why the minor was taken into custody, the nature of the juvenile court proceedings, and their right to representation by counsel.

This bill would enact the "Youth Bill of Rights" in connection with youth confined in a facility of the Division of Juvenile Facilities. The bill would enumerate various specific rights. The bill would require every Division of Juvenile Facilities facility to provide each youth who is placed in the facility with an age and developmentally appropriate orientation that includes an explanation and a copy of the rights, and would require a facility of the Division of Juvenile Facilities to post a listing of the rights. The bill would require all facilities of the Division of Juvenile Facilities to provide care, placement, and services to youth in their custody without discriminating on the basis of actual or perceived race, ethnic group identification, ancestry, national origin, color, religion, sex, sexual orientation, gender identity, mental or physical disability, or HIV status. The bill would require the Office of the Ombudspersons of the Division of Juvenile Facilities to take various actions in connection with the rights, including disseminating information, investigating complaints, providing information regarding complaints it does not investigate, compiling data and making it available to the Legislature, and providing a toll-free telephone number. The bill would further require the Ombudspersons of the Division of Juvenile Facilities, in consultation with specified groups, to develop standardized, age-appropriate information in connection with these rights by July 1, 2008.

Ch. 650 (SB 537) Simitian Charter schools: report.

The Charter Schools Act of 1992 authorizes a chartering agency to charge up to 1% of a charter school's revenue for the actual costs of supervisory oversight of the charter school. A chartering agency is authorized to charge up to 3% of a charter school's revenue for actual costs of supervisory oversight if the charter school is able to obtain substantially rent-free facilities from the chartering agency.

This bill would require the California Research Bureau of the California State Library to prepare and submit to the Legislature on or before January 8, 2009, a report on the key

elements and actual costs of charter school oversight. In preparing its report, the bureau would be required to consult with an advisory panel to ensure technical accuracy.

The bill would make additional, technical, nonsubstantive changes including replacing “chartering agency” with “chartering authority.”

Ch. 651 (SB 581) Wiggins Firefighters: volunteer firefighters length of service awards.

(1) Existing law establishes the Volunteer Firefighters Length of Service Award Act and authorizes local agencies with regularly organized fire departments to contract with the Board of Administration of the Public Employees’ Retirement System to make the volunteer firefighters of those local agencies members of the service award system. Under existing law, a volunteer firefighter subject to the service award system is entitled to an award upon attaining 60 years of age and accruing a minimum of 10 years of length of service award credit, and not to exceed 20 years of length of service award credit. Under existing law, all moneys received pursuant to these provisions are deposited in the Volunteer Firefighters Length of Service Award Fund, a continuously appropriated fund in the State Treasury.

This bill would repeal these provisions, effective March 1, 2008, and instead authorize those local agencies with regularly organized fire departments to contract with the board of the California State Fire Employees Welfare Benefit Corporation to make the volunteer firefighters of those local agencies members of the service award system. The bill would require that board to maintain a plan pursuant to specified provisions of the Internal Revenue Code and to select a financial institution or other qualified entity to act as trustee and establish a trust for the award system, as specified. The bill would provide that the representatives on the board administer the award system subject to specified fiduciary duties and for the exclusive purpose of providing benefits to members of the award system. The bill would also require the board to adopt rules and regulations to administer the award system, including, but not limited to, eligibility requirements for membership in the award system, requirements for a member to receive an award, and the amount of an award payable under the act.

This bill would further require a volunteer firefighter who is a member of the award system and the members of the qualifications review commission, as specified, to certify, under penalty of perjury, that the volunteer firefighter has actively participated in specified fire department activities. By creating a new crime, the bill would create a state-mandated local program. The bill would also require the Board of Administration of the Public Employees’ Retirement System, on or before January 31, 2008, to divulge and transfer specified data and files regarding the award system to the board of the California State Fire Employees Welfare Benefit Corporation. The bill would require the Board of Administration of the Public Employees’ Retirement System to terminate the award system, as specified, if the transfer of the award system is not completed on or before March 1, 2008.

(2) Existing law requires the state to indemnify, from the General Fund, and hold harmless the present, former, and future board members, officers, and employees of, and investment managers under contract with, the Board of Administration of the Public Employees’ Retirement System by reason of any decision to restrict, reduce, or eliminate specified investments.

This bill would require the state to indemnify, from the General Fund, and hold harmless the present, former, and future board members, officers, and employees of the Board of Administration of the Public Employees’ Retirement System as a result of the transfer of the award system to the board of the California State Fire Employees Welfare Benefit Corporation.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 652 (SB 586) Dutton Affordable Housing Innovation Fund: Affordable Housing Revolving Development and Acquisition Program.

Existing law, the Housing and Emergency Shelter Trust Fund Act of 2006, authorizes the issuance of bonds in the amount of \$2,850,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds are required to be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. The act establishes the Housing and Emergency Shelter Trust Fund of 2006 in the State Treasury and requires the sum of \$1,500,000,000 to be deposited in the Affordable Housing Account, which the act establishes in the fund. The act continuously appropriates the money in the account in accordance with a specified schedule that requires, among other things, the transfer of the sum of \$100,000,000 to the Affordable Housing Innovation Fund, which the act establishes in the State Treasury, to be administered by the Department of Housing and Community Development and expended for competitive grants or loans to sponsoring entities that develop, own, lend, or invest in affordable housing, and to create pilot programs to demonstrate innovative, cost-saving approaches to creating or preserving affordable housing.

This bill would establish the Affordable Housing Revolving Development and Acquisition Program under the administration of the department. The bill would authorize applicants under the program to apply for loans to purchase real property for the development or preservation of housing affordable to low-income households and would require applicants to demonstrate certain qualification factors. The bill would require the department to adopt guidelines and regulations establishing the minimum criteria required of the fund manager and applicants, as well as a point system for prioritizing requests in the event that requests exceed the funds available for the program in any given year. The guidelines and regulations would give priority to applicants who can demonstrate specified criteria.

The bill would require the department to issue a request for qualification to select a private sector entity to manage the Loan Fund. The bill would establish criteria that the fund manager must meet and would also require applicants for the fund manager position to submit a business plan that addresses appropriate financial and internal controls as well as a description of how the lender would close loans quickly.

The bill would require the funds in the Affordable Housing Innovation Fund to be allocated in the amount of \$50,000,000 for the Affordable Housing Revolving Development and Acquisition Program, of which \$25,000,000 would be made available to the Loan Fund and \$25,000,000 would be made available to the Practitioner Fund; \$5,000,000 for the Construction Liability Insurance Reform Pilot Program, which this bill would establish within the department; \$35,000,000 for a local housing trust fund matching grant program established under a specified provision of existing law; and \$10,000,000 for the Innovative Homeownership Program, which the bill would require the department to develop and implement as specified. The bill would make an appropriation by authorizing the funds in the continuously appropriated fund to be expended for these additional purposes.

The bill would require the department to grant preference to a housing trust fund that agrees to expend more than 65% of state funds to a specified first-time homebuyers' program and to set aside funding for a specified 36-month period for newly established housing trust funds that are in a county with a population of less than 425,000 persons when awarding the \$35,000,000 under the local housing trust fund matching grant program. The bill would also require the department to make available 50% of this grant money exclusively for newly established housing trust funds.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 653 (SB 624) Padilla Tobacco products: minors.

(1) The Stop Tobacco Access to Kids Enforcement (STAKE) Act is designed to reduce the availability of tobacco products to minors through sales restrictions and enforcement activities. The act, among other things, prohibits the furnishing of tobacco products to, and the purchase of tobacco products by, a person under the age of 18 years, and authorizes the assessment of civil penalties for violations of the act. Certain violations of the act are a criminal offense.

The STAKE Act requires the State Department of Health Services to take primary responsibility for enforcement of the act. The act requires the department to conduct random, onsite sting inspections at retail sites, and requires the department to enlist the assistance of persons who are 15 and 16 years of age for this purpose. The act requires the department to adopt and publish guidelines for the use of persons under 18 years of age in inspections.

This bill would make changes to the requirements for guideline provisions, including, but not limited to, provisions relating to authorized state and local enforcement agencies.

(2) The act requires funds collected as civil penalties under the act, up to \$300,000 per year, to be deposited in the State Treasury to the credit of the Sale of Tobacco to Minors Control Account to be expended for purposes of the act upon appropriation by the Legislature. The act requires funds collected in one year that exceed \$300,000 to be deposited in the General Fund.

This bill would require all moneys collected as civil penalties under the act by the department and other state agencies to be deposited into the account, and would delete the requirement that the funds in excess of \$300,000 per year be deposited in the General Fund.

(3) Existing law authorizes the department to enter into an agreement with a local law enforcement agency for the enforcement of the act within the agency's local jurisdiction. The act requires the department to reimburse local law enforcement agencies for enforcement costs pursuant to an agreement from the Sale of Tobacco to Minors Control Account and requires the department to coordinate with local law enforcement agencies any state enforcement in those jurisdictions.

This bill would delete those provisions and would, instead, specifically authorize an enforcing agency, as defined, other than the department, to conduct inspections and assess penalties for violations of the act if the enforcing agency complies with the act and with all applicable laws and guidelines. The bill would encourage state and local enforcement agencies to coordinate with the department.

(4) Existing law authorizes the department to assess civil penalties against any person, firm, or corporation that sells, gives, or in any way furnishes to another person who is under the age of 18 years, tobacco related products.

This bill would make changes to the civil penalty amounts for the first and second violations of that provision and would authorize, not only the department, but also any enforcing agency, to assess those civil penalties.

Ch. 654 (SB 625) Padilla Cigarette and tobacco product retailers: license fees.

Existing law, the California Cigarette and Tobacco Products Licensing Act of 2003, provides for and requires the licensure by the State Board of Equalization of manufacturers, distributors, wholesalers, importers, and retailers of cigarette or tobacco products that are engaged in business in California. Existing law requires an application for licensure as a retailer of cigarettes or tobacco products to be filed on or before April 15, 2004, and to include a one-time license fee of \$100 per retail location, but does not apply this fee to an application for renewal of a license for which the one-time fee has been paid.

This bill would require payment of a \$100 reinstatement fee as a precondition for reinstatement of an expired license.

Ch. 655 (SB 655) Margett Inmates: prohibited items.

Existing law prohibits possession or use of tobacco products by inmates under the jurisdiction of the Department of Corrections and Rehabilitation, as specified.

Existing law generally regulates the conditions of incarceration for prisoners in a local correctional facility.

This bill would provide that the unauthorized possession of a wireless communication device, as specified, by a person in a local correctional facility is a misdemeanor, punishable by a fine of not more than \$1,000. Because this bill would create a new crime, this bill would impose a state-mandated local program.

This bill would also provide that possession of tobacco products, as specified, by a person housed in a local correctional facility is an infraction punishable by a fine not exceeding \$250 if that facility is located in a county in which the board of supervisors has adopted an ordinance or passed a resolution banning tobacco in its correctional facilities.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 656 (SB 661) Maldonado Healing arts: anatomic pathology services.

Existing law makes it unlawful for healing arts practitioners to charge, bill, or otherwise solicit payment from any patient, client, customer, or 3rd-party payer for cytologic services relating to the examination of gynecologic slides if those services were not actually rendered by the practitioner or under his or her direct supervision. Existing law also requires clinical laboratories performing cytologic examinations of gynecologic slides to directly bill either the patient or the responsible 3rd-party payer for the cytology services rendered by the laboratory, except as specified. Under existing law, a violation of these provisions is a crime.

This bill would delete the prohibition against a healing arts practitioner charging, billing, or otherwise soliciting payment for cytological services relating to the examination of gynecologic slides. The bill would instead prohibit a healing arts practitioner from charging, billing, or otherwise soliciting payment for anatomic pathology services, as defined, if those services were not actually rendered by the practitioner or under his or her direct supervision, except as specified. The bill would also require a clinical laboratory and a physician and surgeon performing anatomic pathology services to directly bill the patient, the responsible 3rd-party payer, the clinical laboratory that sent the sample for specialized testing, if certain requirements are met, the requesting hospital or clinic, or the governmental agency or its specified public or private agent, agency, or organization responsible for payment for those services, except as specified.

Because a violation of these provisions would be punishable as a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 657 (SB 701) Wiggins Forest legacy program.

Existing law contains a finding and declaration by the Legislature that the forest resources and timberlands of the state are among the most valuable of the natural resources of the state and that there is great concern throughout the state relating to their utilization, restoration, and protection.

This bill would enact the California Forest Legacy Program Act of 2007, pursuant to which the California Forest Legacy Program would be established to conserve private forest lands. The bill would permit the Department of Forestry and Fire Protection to acquire conservation easements of eligible properties according to criteria contained in the bill. The department would be required to obtain funding from various specified sources. The bill would permit federal and state agencies, local governments, and nonprofit land trust organizations to hold conservation easements acquired pursuant to the program. The bill

would require the department to make available to the public, on its Internet Web site, a list of conservation easements acquired through the program, which includes specified information. The provisions of the bill would be repealed on January 1, 2015, unless a later enacted statute deletes or extends that date.

Ch. 658 (SB 707) Ducheny Housing loan conversions.

Existing law authorizes the Department of Housing and Community Development to provide technical assistance to groups and persons with various housing needs and to administer various housing loan programs.

This bill, on and after July 1, 2008, would authorize the department, or the California Housing Finance Agency, as applicable, to extend the term of existing multifamily housing loans made under specified programs upon the request of any borrower, subject to certain conditions, as provided, and would make related legislative findings and declarations.

Ch. 659 (SB 774) Ridley-Thomas Hazardous packaging.

(1) Existing law, the Toxics in Packaging Prevention Act, prohibits a manufacturer, importer, agent, or supplier, as defined, from offering for sale or for promotional purposes in this state a package or packaging component that includes specified regulated metals and prohibits a person from offering for sale or for promotional purposes in the state a product in a package that includes those intentionally introduced regulated metals. A violation of the hazardous waste control laws, including the act, is a crime.

The act exempts from its requirements a package or a packaging component that meets any of specified conditions. One of these conditions, until January 1, 2010, is met when the package or a packaging component that has a vitrified label, when tested in accordance with a prescribed test, does not exceed 5.0 ppm for lead.

This bill would prohibit a glass bottle package with paint or applied ceramic decoration from qualifying for an exemption under that act if the paint or decoration contains lead or lead compounds in excess of 0.06% by weight. By changing the definition of a crime, this bill would impose a state-mandated local program.

(2) Existing law also requires each manufacturer or supplier, as defined, to furnish a certification of compliance to the purchaser, as defined, stating that the package or packaging component is in compliance with the act or the package is exempt, as specified.

This bill would also provide that a purchaser includes a supplier for purposes of the above-described certification of compliance requirement.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 660 (SB 815) Migden Tidelands and submerged lands: City and County of San Francisco: seawall lots: Treasure Island.

(1) Existing law grants to the City and County of San Francisco the right, title, and interest of the State of California in and to certain tidelands and submerged lands in trust for certain purposes. Under existing law, the Burton Act, and the Burton Act transfer agreement, the interest of the state in and to the Harbor of San Francisco was transferred in trust to the City and County of San Francisco. The State Lands Commission has jurisdiction over tidelands and submerged lands of the state.

This bill would authorize the City and County of San Francisco to lease, sell, or otherwise transfer all or any portion of certain tidelands and submerged lands constituting "paper streets" in the City and County of San Francisco to any person, as defined, free of the public trust and of any additional restrictions on use or transfer created by the Burton Act or Burton Act transfer agreement upon a finding and declaration of specified conditions by the State Lands Commission.

The bill would declare, until January 1, 2094, certain parcels of real property denominated as the designated seawall lots, subject to certain specified conditions, are free from the use requirements of the public trust, the Burton Act trust, and the Burton Act transfer agreement. The San Francisco Port Commission would be authorized to lease all or a portion of the designated seawall lots provided that specified conditions are met. Revenues generated from the leases would be deposited in a separate account in the harbor fund, established in the treasury of the City and County of San Francisco, to be expended for specified purposes. The bill would exempt any lands or interests granted to the Treasure Island Development Authority pursuant to the Treasure Island Conversion Act of 1997 from the requirements of the Burton Act.

(2) The Treasure Island Public Trust Exchange Act approved an exchange of public trust lands within the Treasure Island Development Authority property, whereby certain trust lands on Treasure Island that meet specified criteria and are not useful for public trust purposes are freed from the public trust and may be conveyed into private ownership, and certain other lands on Yerba Buena Island that are not public trust lands and that are useful for public trust purposes are made subject to the public trust.

This bill would revise that act to, among other things, no longer allow the reconfigured trust lands to include additional land in the trust along the western shore of Treasure Island in exchange for certain land removed from the trust. The bill would provide that certain parcels owned by the United States Department of Labor may be incorporated into the exchange authorized by the act if certain specified conditions are met.

Ch. 661 (SB 850) Maldonado Vital statistics: Certificate of Still birth.

Existing law requires the State Registrar of Vital Statistics, to administer the registration of births, deaths, fetal deaths, and marriages. Existing law requires that each fetal death in which the fetus has advanced to or beyond the 20th week of uterogestation to be registered with the local registrar of births and deaths of the district in which the fetal death was officially pronounced within 8 calendar days following the event and prior to any disposition of the fetus.

This bill would specify that those provisions shall not apply to the termination of a pregnancy performed in compliance with a prescribed law governing reproductive privacy. The bill would further enact the Missing Angels Act, which would require the local registrar of births and deaths of the county in which a fetal death, in which the fetus has advanced to or beyond the 20th week of uterogestation, is registered, to issue, upon request, to the father or mother, a Certificate of Still Birth on a form prescribed by the State Registrar of Vital Statistics. The bill would define stillbirth for this purpose to be delivery of a fetus where there was a naturally occurring intrauterine fetal death that occurred after a gestational age of not less than 20 weeks. The bill would prescribe information to be contained in a Certificate of Still Birth. The bill would authorize the state registrar to charge a fee for processing and issuing a Certificate of Still Birth, not to exceed the agency's costs, and not to exceed \$20 adjusted annually as prescribed. The bill would authorize a local registrar of births and deaths to charge an appropriate fee for the processing and issuance of a certificate not to exceed that agency's cost of processing and issuing a certificate. By imposing a new requirement on local registrars of births and deaths, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 662 (SB 869) Ridley-Thomas Workers' compensation insurance: coverage program.

(1) Existing law requires the Labor Commissioner to establish and maintain a workers' compensation insurance coverage program for targeting employers in industries with the

highest incidence of unlawfully uninsured employers and annually report to the Legislature concerning the effectiveness of the program. The report is required to include specified information.

This bill would revise these provisions to require the program to systematically identify unlawfully uninsured employers and would authorize the Labor Commissioner to prioritize targets for the program in consideration of available resources. The bill would revise the reporting requirements to, among other things, require the report to be posted on the Labor Commissioner's Web site.

(2) Existing law establishes the Workers' Compensation Administration Revolving Fund in the State Treasury. Money in the fund may be expended by the Department of Industrial Relations, upon appropriation by the Legislature, for the administration of the workers' compensation program, except as provided, and for the Return-to-Work Program.

This bill would also authorize these funds to be used for the enforcement of the insurance coverage program maintained by the Labor Commissioner.

(3) Existing law requires the Director of Employment Development to permit the use of any information in his or her possession to the extent necessary for specified purposes.

This bill would additionally require the director to permit the use of any information in his or her possession to the extent necessary to enable the Labor Commissioner of the Division of Labor Standards Enforcement in the Department of Industrial Relations to identify unlawfully uninsured employers.

(4) (A) This bill would incorporate additional changes to Section 1095 of the Unemployment Insurance Code, proposed by AB 798, to be operative only if AB 798 and this bill are both enacted, each bill amends that section, AB 8 is not enacted, or if enacted, does not amend Section 1095 of the Unemployment Insurance Code, and this bill is enacted after AB 798.

(B) This bill would incorporate additional changes to Section 1095 of the Unemployment Insurance Code, proposed by AB 8, to be operative only if AB 8 and this bill are both enacted, each bill amends that section, AB 798 is not enacted, or if enacted, does not amend Section 1095 of the Unemployment Insurance Code, and this bill is enacted after AB 8.

(C) This bill would incorporate additional changes to Section 1095 of the Unemployment Insurance Code, proposed by AB 798 and AB 8, to be operative only if AB 798, AB 8, and this bill are all enacted, all 3 bills amend that section, and this bill is enacted after AB 798 and AB 8.

Ch. 663 (SB 884) Lowenthal California Coastal Commission: gift or gratuity.

The California Coastal Act of 1976 prohibits a commissioner member or alternate from making, participating in making, or in any other way attempting to use his or her official position to influence a commission decision about which the member or alternate has knowingly had an ex parte communication, and which has not been reported as required by the act.

This bill would prohibit an interested person, as defined, from giving, conveying, or making available gifts, as defined, aggregating more than \$10 in a calendar month to a commissioner or a member of the commission's staff. A commissioner or member of the commission's staff would be prohibited from accepting gifts aggregating more than \$10 in a calendar month from an interested person. A commissioner, member of the commission's staff, or interested person who violates this prohibition, in addition to any other applicable penalty, would be subject to a civil fine, not to exceed \$500 for each violation. A person who for compensation attempts to influence or affect the outcome of a commission decision or action and who violates this prohibition, in addition to any other applicable penalty, may be barred from any activity seeking to influence or affect the outcome of a commission decision or action for up to one year from the date of the finding of the violation.

Ch. 664 (SB 886) Negrete McLeod Management districts: district board.

(1) The Lewis-Presley Air Quality Management Act establishes the South Coast Air Quality Management District in those portions of the Counties of Los Angeles, Orange, Riverside, and San Bernardino included within the South Coast Air Basin as the local agency with the responsibility for comprehensive air pollution control within the basin. The act requires the election of a chairperson of the south coast district board every 2 years, and requires that no member serve more than 2 consecutive terms as chairperson.

Existing law establishes the Sacramento Metropolitan Air Quality Management District within the County of Sacramento, and requires the election of a chairperson of the Sacramento district board every 2 years, and requires that no member serve more than 2 consecutive terms as chairperson.

Existing law establishes the Mojave Desert Air Quality Management District within certain areas of San Bernardino and Riverside Counties, and requires the election of a chairperson of the Mojave Desert district board every year, and requires that no member serve more than 2 consecutive terms as chairperson.

This bill would delete all of the above-referenced prohibitions on a member serving more than 2 consecutive terms as chairperson.

(2) The Lewis-Presley Air Quality Management Act requires the south coast district to be governed by a district board consisting of 12 members, including 3 members appointed, one each, by the city selection committees of Orange, Riverside, and San Bernardino Counties, one member appointed by cities in the western region of the County of Los Angeles, and one member appointed by the cities in the eastern region of the County of Los Angeles. The specified cities in each region are required to organize a city selection committee and hold a public meeting to determine the appointment from the region. Existing law prescribes the cities, including Los Angeles, that comprise the western region of the County of Los Angeles, and provides that those cities not included in the western region are deemed to constitute the eastern region for the purpose of appointing members to the district board.

This bill would increase the number of members on the south coast district board from 12 to 13 by adding one new member appointed by the Mayor of the City of Los Angeles from among the members of the Los Angeles City Council. The bill would add certain cities to, and exclude Los Angeles from, the list of cities included in the western region of the County of Los Angeles. The bill would exclude the Cities of Lancaster, Los Angeles, and Palmdale from the cities included in the eastern region.

The bill would require the member serving on the board as of June 1, 2007, appointed by the western region of Los Angeles County to be deemed to be the member appointed by the Mayor of the City of Los Angeles until the end of that member's term, and would require the member serving on the district board as of June 1, 2007, appointed to represent the eastern region of Los Angeles County to be deemed to be the member appointed to represent the western region. The city selection committee of the eastern region of Los Angeles County would be required to convene promptly to make an appointment.

Because the bill would impose additional duties on cities within the south coast district, this bill would establish a state-mandated local program.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 665 (SB 898) Simitian Personal income tax return: voluntary contributions.

Under the Personal Income Tax Law, individual taxpayers are allowed to contribute amounts in excess of their tax liability for the support of specified funds or accounts, including, among others, the State Children's Trust Fund for the Prevention of Child Abuse and the Endangered and Rare Fish, Wildlife, and Plant Species Conservation and Enhancement Account. That law provides for the repeal of the contribution provisions for these funds on January 1, 2008.

This bill would instead provide a repeal date of January 1, 2013, for the contribution provisions for the State Children's Trust Fund for the Prevention of Child Abuse and the Endangered and Rare Fish, Wildlife, and Plant Species Conservation and Enhancement Account.

This bill would also make a technical, nonsubstantive change to one of the contribution provisions.

Ch. 666 (SB 920) Oropeza Taxpayer information: disclosure: unclaimed property.

Existing law limits the information that the Franchise Tax Board may provide to the Controller for purposes of assisting the Controller's office in locating owners of unclaimed property, as specified, and prohibits the Controller or any officer, employee, or agent, as provided, from disclosing or using that information for any purpose except for the purpose of locating owners of unclaimed property.

This bill would authorize the Franchise Tax Board to provide the Controller, on an annual basis, with certain specified information about taxpayers from business entity income tax returns and other business entity records maintained by the Franchise Tax Board.

Ch. 667 (SB 970) Ridley-Thomas Rental vehicles.

Existing law does not regulate the use of rental vehicle fuel gauges as a measuring instrument in rental vehicle transactions.

This bill would provide that a fuel gauge installed in a motor vehicle by the motor vehicle manufacturer may be used in a rental transaction to calculate an optional charge for fueling a rental vehicle, as specified.

Ch. 668 (SB 1017) Perata East Bay Municipal Utility District: electricity generation.

(1) Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. Existing law permits a private energy producer, as defined, to generate electricity not generated from conventional sources, as defined, solely for his, her, or its own use or the use of its tenants, or generating electricity to or for any electrical corporation, state agency, city, county, district, or an association thereof, but not the public, without becoming a public utility subject to the general jurisdiction of the commission. Existing law provides for interconnection to the electric transmission and distribution system by a private energy producer and for payment of just and reasonable compensation to the electrical corporation for transporting the electricity generated by the private energy producer over the transmission and distribution system of the utility.

This bill would require every electrical corporation that owns and operates transmission and distribution facilities that deliver electricity at one or more locations to the East Bay Municipal Utility District (EBMUD), upon request by EBMUD, and without discrimination or delay, to use the same facilities to deliver electricity generated by EBMUD. The bill would authorize EBMUD to elect to designate specific hydroelectric generation facilities owned by EBMUD for the generation of electricity to be delivered to EBMUD, if certain conditions are met and would require EBMUD to pay applicable rates approved by the commission for distribution, or distribution and transmission, or any transmission rates as required under federal law. The bill would require each electrical corporation that owns and operates transmission and distribution facilities that deliver electricity at one or more locations to the EBMUD system, to file an advice letter with the commission that complies with these requirements and the commission, within 150 days of the date of filing of the advice letter, would be required to approve the advice letter or specify conforming changes to be made by the electrical corporation, to be filed in an amended advice letter within 60 days.

(2) Existing law makes any public utility that fails to comply with any part of any order, decision, rule, direction, demand, or requirement of the Public Utilities Commission guilty of a crime.

Because a violation of these provisions or failure to comply with an approved advice letter would be a crime under existing law, this bill would impose a state-mandated local program by creating a new crime.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 669 (SB 1028) Padilla State Air Resources Board: regulations: ambient air quality standards: vehicles.

Existing law designates the State Air Resources Board as the state agency responsible for the preparation of the state implementation plan required by the federal Clean Air Act, and requires the state board to coordinate the activities of local air districts to comply with the act. The state board is authorized to adopt and implement motor vehicle emission standards, in-use performance standards, and motor vehicle fuel specifications for the control of air contaminants and sources of air pollution which the state board has found to be necessary, cost effective, and technologically feasible.

This bill would require the state board to adopt and implement motor vehicle emission standards, in-use performance standards, and motor vehicle fuel specifications for the control of air contaminants and sources of air pollution which the state board has found to be necessary, cost effective, and technologically feasible.

The bill would require the state board to adopt rules and regulations pursuant to these provisions that, in conjunction with other measures adopted by the state board, the districts, and the United States Environmental Protection Agency, will achieve ambient air quality standards, and if necessary to carry out this duty, to adopt and enforce rules and regulations that anticipate the development of new technologies or the improvement of existing technologies.

Ch. 670 (AB 373) Wolk Local government: community facilities improvement.

(1) Existing law authorizes the governing board of a school district or community college district to authorize an election for the issuance of bonds for that district and the issuance of those bonds pursuant to specified requirements. Existing law authorizes the formation of a school facilities improvement district (SFID) by a school district or community college district and the election for the issuance of bonds for that district and the issuance of those bonds pursuant to specified requirements.

This bill would conform, except for specified differences, the requirements for bonds, including the process through which those bonds are ultimately issued, for SFIDs to the requirements for bonds for school districts and community college districts, including, but not limited to, authorizing the governing board of the school district or community college district that formed the SFID to issue bonds on behalf of that SFID. The prohibition on the boundaries of a SFID including all or part of the territory of a specified community facilities district would be deleted. The board of supervisors of a county in which a SFID is located would be required to file the resolution adopted by that board that made specific provisions related to a SFID applicable with the California Debt Investment Advisory Commission. The requirement that notice of a hearing of the governing board of a school district or community college district on the establishment of a SFID be posted in 3 public places within the proposed SFID for at least 14 days prior to the time of the hearing would be deleted. The governing board of a school district or community college district that has established a SFID would be authorized to amend the resolution it adopted to establish the SFID in specified ways.

(2) Existing law, the Mello-Roos Community Facilities Act of 1982, permits a local agency to initiate proceedings to establish a district if it has first considered and adopted local goals and policies, including, among others, a statement of the priority that various kinds of public facilities have for financing, as specified.

This bill would revise this statement to include the priority that services, in addition to public facilities, have for financing.

(3) Existing law authorizes local governments to establish community facilities districts for recreational program services, library services, maintenance services for elementary and secondary schoolsites and structures, and the operation and maintenance of museums and cultural facilities, and permits a special tax to be levied for any of these services upon approval of all voters, as specified. Existing law provides that a vote on a special tax to support these services is not subject to the requirement that a specified number of persons have been registered to vote for each of the 90 days preceding the close of the protest hearing. Existing law prohibits bonds to be issued to fund any of these services.

The bill would revise the vote requirements to provide that a vote on a special tax to be levied to fund these services be of the registered voters, as specified.

Existing law also authorizes local governments to establish community facilities districts for the maintenance of parks, parkways and open space, flood and storm protection services, as specified, among others.

This bill would additionally authorize local governments to establish community facilities districts for the maintenance and lighting of parks, parkways, and open space, and would add streets and roads to these provisions. The bill would also authorize the local government to establish a community facilities district for flood and storm protection services, including the plowing and removal of snow.

The bill would revise the prohibition against the issuance of bonds for community facilities districts, to authorize a local government to issue bonds to fund capital facilities to be used in providing the specified services.

(4) Existing law provides that a territory within a community facilities district established for the acquisition or improvement of school facilities for a school district is exempt from any fee, increase in any fee other than a cost-of-living increase, or other requirement first levied, increased, or imposed subsequent to the date that the resolution of formation creating the community facilities district is adopted until a specified time.

This bill would revise this provision to provide that any territory within a community facilities district established for the acquisition or improvements of school facilities for a school district is exempt from any fee, as specified, pursuant to a specified chapter of the Education Code.

The bill would also revise the length of the term of the exemption, as specified.

(5) Existing law authorizes a community facilities district to finance the purchase, expansion, improvement, or rehabilitation of any real or other tangible property, as specified. Existing law provides various examples of facilities that a community facilities district may finance, including the acquisition, improvement, rehabilitation or maintenance of any real or other tangible property, as specified, and the payment in full of liens, assessment, obligation, or indebtedness, as specified, among others.

This bill would revise these provisions to specify that a community facilities district may finance the purchase, expansion, improvement or rehabilitation of any real or other tangible property, as specified. The bill would also revise the examples of facilities that a community facilities district may finance to include the acquisition, improvement, rehabilitation, or maintenance of any real or other tangible property for flood and storm protection services, as specified. The bill would also require written consent from a public agency other than the agency conducting the proceedings, under specified circumstances.

The bill would include, among the examples of permissible facilities, the acquisition, improvement, rehabilitation, or maintenance of property for the removal or remedial action

for the cleanup of any hazardous substance released, or threatened to be released, into the environment, as specified.

(6) Existing law authorizes a legislative body to provide for adjustments in ad valorem property taxes within a community facilities district only if 2 specified findings are made at the conclusion of a public hearing. One of the required findings is that an ad valorem property tax is levied on property within a proposed community facilities district for the exclusive purpose of making lease payments or paying principal or interest on bonds or indebtedness, as specified.

This bill would revise this required finding to include a finding that an ad valorem property tax is, or will be, levied on property within a proposed community facilities district for the exclusive purpose of making lease payments on an existing lease, or paying principal or interest on outstanding bonds or other existing indebtedness, as specified, and would make conforming changes to other provisions of law.

(7) Existing law authorizes a community facilities district to finance the acquisition, improvement, rehabilitation, or maintenance of any real or other tangible property, whether privately or publicly owned, for the removal or remedial action for the cleanup of any hazardous substance released or threatened to be released into the environment.

This bill would repeal this provision.

(8) Existing law provides that all or part of the cost of any school facilities financed by a community facilities district may be shared by the State Allocation Board, as specified, but that if the State Allocation Board shares in any part of the cost of the school facilities, the ownership of those facilities and the real property that the facilities are located upon shall be transferred to the state, and the community facilities district is required to make specified reductions in bonds or special taxes, as specified, provided that the reductions are consistent with the provisions of the resolution of intention, formation, consideration and to incur bonded indebtedness, as specified.

This bill would specify that whenever the State Allocation Board shares in any part of the cost of the school facilities, the ownership of those facilities and the real property that the facilities are located upon are held as provided in the Leroy F. Greene School Facilities Act of 1998, and would eliminate the requirement that the community facilities district make reductions in bonds or special taxes. The bill would also provide that the resolution of intention, formation, consideration, and to incur bonded indebtedness may provide for cost sharing by the State Allocation Board and for appropriate adjustment of the principal amount of any bond issue or issues and of the rate and method of apportionment of any special tax, as specified.

(9) Existing law authorizes a community facilities district to finance facilities that are to be owned or operated by an entity other than the agency that created the district or services to be provided by an entity other than the agency that created the district, or any combination thereof, if a joint community facilities agreement or a joint exercise of powers agreement is adopted, as specified.

This bill would require that the facilities be owned or operated by a public agency, and would specify that a joint community facilities agreement or a joint exercise of powers agreement with a state or federal agency is not required if the local agency with primary responsibility for formation of a district is the agency that would, in the absence of the district, deal directly with the state or federal agency in the provision of the facilities or services, or if the local agency with primary responsibility for formation of a district enters into a joint agreement with the local agency that would, in the absence of the district, deal directly with a state or federal agency in the provision of the facilities.

(10) Existing law defines various terms in connection with community facilities districts, including "landowner," as specified.

This bill would revise the definition of landowner to specify that a public agency is not a landowner or owner of land unless either (a) the land owned by a public agency would be subject to a special tax, as specified, (b) the public agency has acquired the property by

purchase or negotiation in connection with foreclosure of the special tax lien and it is intended that the property will be transferred to private ownership, (c) the public agency makes specified statements in the proceedings, or (d) the land owned by a public agency is within the territory of a military base that is closed or being closed.

(11) Existing law requires the legislative body to institute proceedings for the establishment of a community facilities district when either a written request for the establishment of a district, signed by 2 members of the legislative body, describing the territory that is proposed for inclusion in the area and specifying the type or types of facilities and services to be financed by the district is filed with the legislative body, or a petition requesting the institution of the proceedings signed by the requisite number of registered voters, as specified, is filed with the clerk of the legislative body, or when a petition requesting the institution of the proceedings signed by landowners owning the requisite portion of the area of the proposed district, as specified, is received. Existing law also requires a written request or petition requesting the institution of the proceedings be accompanied by the payment of a fee in an amount that the legislative body determines is sufficient to compensate the legislative body for all costs incurred in conducting the proceedings, as specified.

This bill would require the petitions signed by registered voters or landowners to include a description of the boundaries of the territory that is proposed for inclusion in the community facilities district and a specification of the type or types of facilities and services to be financed by the district. The bill would provide that a written request or a petition signed by registered voters need not be acted on until the legislative body receives the payment of a fee that it determines, within 45 days, to be sufficient to compensate the legislative body for all costs incurred in conducting the proceedings. The bill would also provide that the legislative body may not act upon a petition by landowners until a fee is paid that the legislative body determines, within 45 days, to be sufficient to compensate the legislative body for all costs incurred in conducting the proceedings, as specified.

(12) Existing law requires a petition requesting the institution of proceedings for the establishment of a community facilities district to, among other things, state the type or types of facilities and services to be financed by the district and be signed by not less than 10% of the registered voters residing within the territory proposed to be included within the district or by owners of not less than 10% of the area of land proposed to be included within the district.

This bill would require the petition to state the type or types of facilities and services proposed to be financed by the district and authorizes the petition to include proposals for a resolution to be adopted by the legislative body. The bill would also require the petition to be signed by either not less than 10% of the registered voters residing within the proposed territory or not less than 10% of the owners of the area of land proposed to be included within the district and not proposed to be exempt from the special tax.

(12.5) Existing law requires proceedings for the establishment of a community facilities district to be instituted by the adoption of a resolution of intention to establish the district, which must, among other things, state that, except where funds are otherwise available, a special tax sufficient to pay for all facilities and services, secured by recordation of a continuing lien against all nonexempt real property in the district, will be annually levied within the area. That statement must, in the case of any special tax to pay for public facilities and to be levied against any parcel used for private residential purposes, among other things, specify that under no circumstances will the special tax levied against specified parcels be increased by more than 10% as a consequence of delinquency of default by the owner of any other parcel or parcels within the district.

This bill would require the statement to specify that under no circumstances will the special tax levied in any fiscal year against specified parcels, be increased as a consequence of delinquency or default by the owner or owners of any other parcel or parcels within the

district by more than 10% above the amount that would have been levied in that fiscal year had there never been any delinquencies or defaults.

(13) Existing law requires the clerk of the legislative body to publish a notice of hearing, as specified, and authorizes the clerk to give the same notice of the hearing by first-class mail, at least 15 days before the hearing, to each registered voter and to each landowner within the proposed district.

This bill would delete the requirement that the notice by first-class mail be mailed at least 15 days before the hearing.

(14) Existing law authorizes interested persons or taxpayers to make oral or written protest against the establishment of a district, the extent of the district, or the furnishing of specified types of public facilities or services within the district at the hearing on the matter. Existing law requires written protest to be filed with the clerk of the legislative body on or before the time fixed for the hearing.

This bill would authorize any person to make an oral or written protest, and would require only written protest not personally presented by the author of the protest at the time of the hearing to be filed with the clerk of the legislative body at or before the time fixed for the hearing.

(15) Existing law authorizes the legislative body to modify the resolution of intention to establish the community facilities district at a public hearing.

This bill would prohibit the legislative body from modifying the resolution of intention to increase the maximum special tax or to add territory to the proposed district.

(16) Existing law authorizes the legislative body to submit a proposition to establish or change the appropriations limit, as specified, of a community facilities district, to the qualified electors of a proposed or established district, to become effective if approved by the qualified electors voting on the proposition. Existing law requires the limit to be adjusted for changes in the cost of living and changes in populations.

This bill would revise this section to require the limit to be adjusted for changes in the per capita personal income in the state and changes in populations, as specified.

(17) Existing law requires the legislative body to submit the levy of any special taxes to the qualified electors of the proposed community facilities district subject to the levy or to the qualified electors of the territory to be annexed by the community facilities district subject to the levy in the next general election or in a special election to be held at least 90 days, but not more than 180 days, following the adoption of the resolution of formation and requires the legislative body to provide the resolution of formation, a certified map of sufficient scale and clarity to show the boundaries of the district, and a sufficient description to allow the election official to determine the boundaries of the district, to the official conducting the election within 3 business days after the adoption of the resolution of formation. Existing law specifies the allocation of the votes, if the vote is to be by landowners of the district, as specified.

This bill would also require the legislative body to provide the resolution deeming it necessary to incur bonded indebtedness, if one is adopted.

This bill would require the ballots to be executed by an owner of a parcel, or by a lawfully appointed representative of an owner, as specified, and would further specify the allocation of landowner votes.

(18) Existing law provides that when an election involves a school district and the vote is to be by the landowners of the proposed district, the legislative body of the school district may authorize an official of the district to conduct the election, including preparation of analysis and compilation of arguments.

This bill would instead provide that when the vote is to be by the landowners of the proposed district, the legislative body of the local agency may authorize an official of the local agency to conduct the election, including the preparation of analysis and compilation of arguments.

(19) Existing law provides that a special tax may be levied to provide services only if at least 12 persons shall have been registered to vote within the territory of the proposed community facilities district for each of the 90 days preceding the close of the protest hearing and if $\frac{2}{3}$ of the votes cast upon the question of levying the tax are in favor of levying the tax.

This bill would repeal this provision.

(20) Existing law requires the clerk of the legislative body, upon determining that the required $\frac{2}{3}$ votes cast are in favor of levying the special tax, to record the notice of a special tax lien, as specified.

This bill would require the clerk of the legislative body to record the notice within 15 days of a landowner election or within 90 days of a registered voter election.

(21) Existing law authorizes the legislative body, at any time after conducting a public hearing, to eliminate one or more of the types of facilities and services specified in the resolution of intention to establish the district, but may not finance any types of facilities and services that were not specified in the resolution of intention.

This bill would revise this provision to refer to the resolution of formation of the district, instead of the resolution of intention.

(22) Existing law requires the legislative body, if it receives a petition signed by 25% or more of the registered voters residing in the district or by the owners of 25% or more of the territory within the district, to adopt a resolution of consideration within 40 days of the payment of the fee determined by the legislative body, as specified, reflecting the changes in the community facilities district the petition requested.

This bill would require a petition by landowners to be by 25% or more of the owners of land within the district not exempt from the special tax, and would provide an additional reason to petition for a change in the district. The bill would also require the legislative body to determine the required fee within 45 days of receipt of a petition filed by landowners, and would permit the legislative body to require a fee, that must be determined within 45 days, in the case of a petition filed by registered voters.

(23) Existing law permits protests against a proposal to change a community facilities district or special tax to be made in writing by any interested person, and requires written protest to be filed with the clerk of the legislative body on or before the time fixed for the hearing.

This bill would only require written protests not personally presented by the author at the hearing to be filed with the clerk of the legislative body on or before the time fixed for the hearing.

(24) Existing law requires the resolution of intention to annex a territory or to provide for future annexation of territory to, among other requirements, specify any special taxes that would be levied within the territory proposed to be annexed or to be annexed in the future and requires a special tax proposed to pay for public facilities financed with bonds secured by the existing community facilities district to be the same as the tax levied in the existing district for that purpose. The resolution of intention must also specify any alteration in the special tax rate levied within the existing community facilities district as a result of the proposed annexation.

This bill would require a special tax proposed to pay for public facilities with bonds that have already been issued and that are secured by the existing community facilities district to be the same as the tax levied in the existing district for that purpose. The bill would also specify that these provisions may not be construed to limit the levy of a special tax within the territory to be annexed or to be annexed in the future to provide new or additional services beyond those supplied within the existing territory of the district or to pay for new or additional public facilities with or without bond financing. The bill would also require the resolution of intention to specify in quantitative terms any change in the legislative body's expectations with respect to the probable special tax rate to be levied within the existing community facilities district as a result of the proposed annexation.

(25) Existing law authorizes protests against a resolution of intention to annex a territory or to provide for future annexation of a territory to be made in writing by any interested person, and requires written protest to be filed with the clerk of the legislative body on or before the time fixed for the hearing.

This bill would only require written protests not personally presented by the author at the hearing to be filed with the clerk of the legislative body on or before the time fixed for the hearing.

(26) Existing law prohibits any further proceedings to be taken on the annexation of territory for a period of one year from the decision of the legislative body at the hearing on the annexation if a specified number or groups of persons, including the owners of $\frac{1}{2}$ or more of the area of land in the territory included in the existing district, or the owners of $\frac{1}{2}$ or more of the area of land in the territory proposed to be annexed or proposed to be annexed in the future, file written protests with the legislative body.

This bill would specify that the land in the existing district, and the land in the territory proposed to be annexed or proposed to be annexed in the future, in which $\frac{1}{2}$ or more of the owners have filed protests against annexation not be exempt from the special tax, and would clarify that no further proceedings to annex the same territory, or to authorize the same territory to be annexed in the future, take place.

(27) Existing law provides that when the question of levying a special tax within the areas proposed to be annexed into an existing community facilities district appears on the same ballot as the question of annexation of the same territory to a school district, the effectiveness of each measure may be made contingent on the passage of the other.

This bill would provide that when the question of levying a special tax within the areas proposed to be annexed into an existing community facilities district appears on the same ballot as the question of annexation of the same territory to a local agency, rather than a school district, the effectiveness of each measure may be made contingent on the passage of the other.

(28) Existing law, if a canvass of returns of any election on the question of levying a special tax, as specified, shows that $\frac{2}{3}$ of the votes cast are in favor levying the special tax, requires the legislative body to determine that the area proposed to be annexed is added to, and part of, the existing community facilities district with full legal effect, and the legislative body may levy any special tax within the annexed territory, as specified in the resolution of intention to annex.

This bill would specify that the legislative body may levy any special tax within the annexed territory, as specified in the resolution of intention to annex and in the ordinance adopted, as specified, to levy special taxes.

(29) Existing law provides that properties or entities of the state, federal, or other local governments are exempt from the special tax, except as specified.

Existing law requires the special tax to be collected in the same manner as ordinary ad valorem property taxes are collected, but that the legislative body of the district may waive delinquency penalties and redemption penalties if it makes specified determinations.

This bill would specify that properties that a local agency is a landowner of, as specified, are not exempt from the special tax.

This bill would authorize the legislative body of the district to waive all or any specified portion of the delinquency penalties and redemption penalties if it makes specified determinations.

(30) Existing law requires the legislative body levying the special tax to designate an office, department, or bureau of the local agency to be responsible for annually preparing the current roll of special tax levy obligations. Existing law requires the office, department, or bureau to furnish a Notice of Special Tax to any individual requesting the notice or any owner of property subject to a special tax levied by the local agency, within 5 working days of receiving the request, and permits the local agency to charge a reasonable fee, not to exceed

\$10, for this service. Existing law requires the notice to be in a specified format, that may be modified as needed, for specified reasons.

This bill would authorize the local agency to charge a fee for furnishing the Notice of Special Tax, not to exceed \$15. The bill would also authorize the form of the notice to be modified as needed to clearly and accurately describe a tax rate that will change with a change in use of the parcel, or to clearly and accurately describe a tax that will be levied only once.

(31) Existing law permits a legislative body to fix and collect charges for any community facilities district or zone thereof, in the same manner as for miscellaneous extended services in county service areas.

This bill would repeal this provision.

(32) Existing law requires a Notice of Cancellation of Special Tax Lien to, among other things, state the book and page number in the records of the county recorder where the Notice of Special Tax Lien being canceled is recorded.

This bill would specify that the Notice of Cancellation of Special Tax Lien must state the book and page number or the document or instrument number in the records of the county recorder where the Notice of Special Tax Lien being canceled is recorded.

(33) Existing law requires the legislative body, whenever the legislative body deems it necessary for the community facilities district to incur bonded indebtedness, as specified, to set forth certain items in a resolution, including the time and place for a hearing by the legislative body on the proposed debt issue.

This bill would revise this provision to require the legislative body to set forth the time and place for a hearing by the legislative body on the proposed debt authorization. The bill would also prohibit the issuance of bonds to fund specified services, except that bonds may be issued to fund capital facilities to be used in providing those services.

(34) Existing law requires a $\frac{2}{3}$ vote for the issuance of revenue bonds, as specified.

This bill would instead provide that a $\frac{2}{3}$ vote is required for the issuance of revenue bonds.

(35) Existing law authorizes the legislative body, by resolution adopted prior to the issuance of debt, as specified, to covenant for the benefit of debtholders to commence and diligently pursue any foreclosure action regarding delinquent installments of any amount levied as a special tax for the payment of interest or principal of any bonds that are issued, as specified.

This bill would authorize the legislative body to pursue a foreclosure action regarding delinquent installments or any amount levied as a special tax, in whole or in part, for the payment of interest or principal of any debt that is incurred, as specified.

(36) Existing law authorizes the legislative body to bring a foreclosure action to collect, among other debts, any outstanding debts, special taxes, interest, penalties, as specified.

This bill would specify allocation of the sale price in a foreclosure action where the property is sold for less than the amount necessary to redeem plus costs, as defined, and would provide that if the property is sold for at least the total amount necessary to redeem plus costs, as defined, the sale of the property extinguishes the delinquent special taxes, interest, penalties, and costs included in the sales price.

(37) Existing law requires the legislative body, with respect to any bonds sold, as specified, and until the final maturity of bonds, to notify the California Debt and Investment Advisory Commission within 10 days if, among other events, funds are withdrawn from a reserve fund to pay principal and interest on the bonds beyond levels set by the California Debt and Investment Advisory Commission.

This bill would instead require the legislative body to notify the California Debt and Investment Advisory Commission when, among other events, funds are withdrawn from a reserve fund to pay principal and interest on the bonds that reduces the reserve fund to less than the reserve requirement.

(38) Existing law authorizes the community facilities district to sell bonds, as specified, at the time or in the manner the legislative body deems to be in the public interest, except that all bonds must be sold on sealed proposals to the highest bidder, after advertising for bids

by publication of notice of sale, as specified, not less than 10 days prior to the date of sale in a newspaper of general circulation circulating in the area.

This bill would authorize the community facilities district to sell bonds on sealed proposals or through generally accepted electronic means to the highest bidder after advertising for bids by publication of notice of sale, as specified.

(39) Existing law prohibits the issuance of refunding bonds if the total net interest cost to maturity on the refunding bonds plus the principal amount of the refunding bonds exceeds the total net interest cost to maturity on the bonds to be refunded plus the principal amount of the bonds to be refunded.

Existing law also provides that the designated costs of issuing refunding bonds may be paid by the purchaser of the refunding bonds or may be paid from any other legally available source, including, among other sources, any available revenues of the legislative body, except that any amounts paid by the local agency other than from proceeds of sale of the refunding bonds or from interest or other gains derived from the investment of the proceeds of sale shall be added to the total net interest cost to maturity on the refunding bonds in determining whether the issuance of the refunding bonds comply with specified law.

This bill would instead provide that refunding bonds may not be issued if the total interest cost to maturity on the refunding bonds plus the principal amount of the refunding bonds exceeds the total interest cost to maturity on the bonds to be refunded plus the principal amount of the bonds to be refunded, and would provide that any amounts paid by a local agency other than from the proceeds of sale of the refunding bonds or from interest or other gains derived from the investment of the proceeds shall be added to the total interest cost to maturity on the refunding bonds in determining whether the issuance of the refunding bonds complies with specified law.

(40) Existing law requires any savings achieved through the issuance of refunding bonds to be used by the legislative body to reduce the special taxes that were levied to retire the bonds being refunded, and requires the legislative body, at the time it makes a determination to issue the refunding bonds, to determine and cause to be made any reductions in the annual tax levy in the district, as specified.

This bill would provide that if further facilities or services are authorized to be financed by the district, savings achieved through the issuance of refunding bonds may be used by the legislative body for those purposes, but if no further facilities or services are authorized to be financed by the district, any savings achieved through the issuance of refunding bonds shall be used by the legislative body to reduce the special taxes levied to retire outstanding bonds. The bill would also provide that savings achieved through the issuance of refunding bonds, as specified, may be used in proportions determined by the legislative body, and would define the term "savings achieved through the issuance of refunding bonds" to mean the difference between the principal and interest to maturity of the refunded bonds and the principal and interest to maturity of the refunding bonds. The bill would also provide that if savings are to be used for authorized facilities, bonds may be issued that are secured by those savings.

(41) Existing law provides, in the case of property that is tax defaulted, that the deed conveys title to the purchaser free of all encumbrances of any kind, except a number of specified liens, assessments, and taxes.

This bill would provide that the title of a piece or property that is sold in tax default is not free of unpaid assessments that are being collected through a foreclosure action, as specified, and that the sale shall not nullify, eliminate, or reduce the amount of a foreclosure judgment, as specified.

(42) Existing law prohibits a legislative body from ordering a modification in the boundaries of a district shown on a previously filed map of the district unless the legislative body describes the proposed modification by reference to an amended map of the district boundary that shall be approved by resolution, and the amended map must be filed with the

county recorder not later than 10 days after the resolution of the legislative body approving the amended boundary.

This bill would require the amended map to be filed with the county recorder not later than 15 days after the resolution of the legislative body approving the amended boundary.

(43) Existing law provides that, with regard to community facilities districts, within 15 days after the determination, as specified, that the requisite number of voters is in favor of the levy of a special tax, the clerk of the legislative body shall execute and record a notice of special tax lien in the office of the county recorder of each county that all or any part of the community facilities district is located, as specified.

This bill would provide that this notice shall be filed within 15 days in the case of a landowner vote, or 90 days, in the case of a registered voter election.

(44) Existing law, with regard to community facilities districts, provides that from the date of the recording in the office of the county recorder, as specified, or if the community facilities district is located in 2 or more counties, then from the date of the recording in the office of the county recorder where a notice is last recorded, all persons are deemed to have notice of the contents of the Notice of Special Tax Lien. Existing law also provides that, upon the date of the last recording, the notice of special tax lien imposes a lien upon all nonexempt real property in the district.

This bill would provide that, in the case of a community facilities district that is located in 2 or more counties, all persons are deemed to have notice of the contents of the Notice of Special Tax Lien, with respect to parcels located within each county, from the date of the recording in the office of each county recorder where a notice recorded. This bill would also provide that upon the date the recording is made, the Notice of Special Tax Lien imposes a lien upon all nonexempt real property in the district within that county.

(45) Existing law requires the clerk of the legislative body, if any proceedings subsequent to the approval by the voters of a special tax result in a change to the approved special tax lien, as specified, to record an amendment to the original Notice of Special Tax Lien and any amendments thereto, and to reference the book and page and recording date of that notice and any amendments to it, as specified.

This bill would instead require the Special Tax Lien and any amendments thereto to reference the recorder's serial or document number and recording date of the notice and any amendments to it, as specified.

(46) Existing law specifies the procedures for the foreclosure sale of a piece of property, and the allocation of the proceeds to owed installments, interest, penalties, costs, fees, and other delinquent charges that are owed at the time of the sale.

This bill would specify the distribution of the sale proceeds from a foreclosure sale of property by the tax collector. The bill would provide that if the property is sold for at least, the total amount necessary to redeem plus costs, as defined, the sale of the property would distinguish assessment installments, interest, penalties, and costs included in the sale price, but if the property is sold for less than the total amount necessary to redeem plus costs, as defined, the proceeds must be distributed.

(47) This bill would also make other technical, nonsubstantive changes to laws relating to the act.

Ch. 671 (AB 221) Anderson Public retirement systems: investments: Iran.

The California Constitution provides that the Legislature may by statute prohibit retirement board investments if it is in the public interest to do so, and providing that the prohibition satisfies specified fiduciary standards.

Existing law prohibits the Public Employees' Retirement System and the State Teachers' Retirement System from investing public employee retirement funds in a company with active business operations in Sudan, as specified. Existing law also requires these retirement systems to sell or transfer any investments in a company with business operations in Sudan. Existing law requires these retirement systems to submit an annual report to the Legislature

regarding any investments in a company with business operations in Sudan and the sale or transfer of those investments. Existing law requires the state to indemnify, from the General Fund, and hold harmless the present, former, and future board members, officers, and employees of, and investment managers under contract with, these retirement systems by reason of any decision to restrict, reduce, or eliminate investments in Sudan, as specified.

This bill would create the California Public Divest from Iran Act and additionally prohibit the Public Employees' Retirement System and the State Teachers' Retirement System from investing public employee retirement funds in a company with business operations in Iran that is invested in or engaged in business operations with entities in the defense or nuclear sectors of Iran, or the company is invested or engaged in business operations with entities involved in the development of petroleum or natural gas resources of Iran, and that company is subject to sanctions under federal law, as specified, or the company is engaged in business operations with an Iranian organization that has been labeled as a terrorist organization by the United States government. The bill would require the Board of Administration of the Public Employees' Retirement System and the Teachers' Retirement Board of the State Teachers' Retirement System to sell or transfer any investments in a company with business operations in Iran, until Iran is removed from the United States Department of State's list of countries that have been determined to repeatedly provide support for acts of international terrorism and the President of the United States determines and certifies that Iran has ceased its efforts to design, develop, manufacture, or acquire a nuclear explosive device or related materials and technology, as specified. The bill would make related legislative findings and declarations.

This bill would require these boards to report to the Legislature any investments in a company with specified business operations in Iran and the sale or transfer of those investments, subject to the fiduciary duty of these boards, by January 1, 2009, and every year thereafter.

This bill would indemnify from the General Fund and hold harmless the present, former, and future board members, officers, and employees of, and investment managers under contract with, these retirement systems.

Ch. 672 (AB 1108) Ma Children's products: phthalates.

Existing law prohibits the manufacture, processing, and distribution in commerce of products containing certain chemicals found to raise health risks, including, but not limited to, polybrominated diphenyl ether.

This bill would, commencing January 1, 2009, prohibit the manufacture, sale, or distribution in commerce of certain toys and child care articles, as defined, if those products contain types of phthalates in concentrations exceeding $\frac{1}{10}$ of 1%.

This bill would also require manufacturers to use the least toxic alternative when replacing phthalates in their products and would prohibit manufacturers from replacing phthalates with certain carcinogens and reproductive toxicants.

Ch. 673 (AB 57) Soto Highways: federal funds: Safe Routes to School.

Existing law authorizes certain state and local entities to secure and expend federal funds appropriated under the federal Highway Safety Act of 1973 for a number of programs relating to projects for the improvement of highway safety and the reduction of traffic congestion.

This bill would instead authorize those state and local entities to secure and expend federal funds appropriated under the federal act known as SAFETEA-LU for programs relating to highway safety improvements that can reduce the number of fatal and serious injury accidents, as specified. The bill would declare the Legislature's intent that these federal funds be allocated in approximately equal amounts between state highways and local roads.

Existing law requires, until January 1, 2008, the Department of Transportation, in consultation with the Department of the California Highway Patrol, to establish and

administer a “Safe Routes to School” construction program pursuant to authority granted under specified federal law and to use federal transportation funds for construction of bicycle and pedestrian safety and traffic calming projects. Existing law requires the department to make grants available to local agencies under the program through a competitive grant process.

This bill would extend indefinitely the department’s authority to establish and administer that program, without reference to federal law or federal funding, but would require that any federal funding received for “Safe Routes to School” projects shall be distributed under the competitive grant process. The bill would require any annual budget allocation to fund grants under the “Safe Routes to School” construction program to be in addition to any federal funding received by the state for projects under the program. The bill would also authorize the department to administer the competitive grant program, as it existed prior to the enactment of the bill, with respect to any funds allocated during the 2006–07 and 2007–08 fiscal years.

Ch. 674 (AB 87) Blakeslee Alcoholic beverages: California county wine.

Under existing law, the Department of Alcoholic Beverage Control regulates the licensing, enforcement, and administration of the alcoholic beverage control laws. Existing law requires any wine labeled with a viticultural area appellation of origin established pursuant to federal law, other than the viticultural area “Napa Valley,” that is located entirely within the County of Napa to bear the designation “Napa Valley” on the label in conjunction with the area designation of the wine, as specified.

This bill would declare the intent of the Legislature to protect the Paso Robles wine-growing area and prevent confusion among consumers.

This bill would provide that any wine labeled with a viticultural area appellation of origin established pursuant to federal law when the appellation includes the term “Napa Valley” does not need to bear the additional designation of “Napa Valley.”

This bill also would require any wine labeled with a viticultural area appellation of origin established pursuant to federal law, other than the viticultural area “Paso Robles,” that is located entirely within the “Paso Robles” viticultural area name to bear the designation “Paso Robles” on the label in conjunction with the area designation of wine. This bill would provide that any wine labeled with a viticultural area appellation of origin established pursuant to federal law when the appellation includes the term “Paso Robles” does not need to bear the additional designation of “Paso Robles.”

The Alcoholic Beverage Control Act provides that a violation of its provisions is a misdemeanor, unless otherwise specified. This bill by creating a new crime, would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 675 (AB 1404) Laird Water measurement information.

(1) Existing law, with certain exceptions, requires each person who diverts water after December 31, 1965, to file with the State Water Resources Control Board a statement of diversion and use. Existing law requires other water users or suppliers to report other water use information to various state agencies. Existing law requires certain water suppliers to install water meters on specified service connections and to charge for water service each customer that has a service connection for which a water meter has been installed based on the actual volume of deliveries, as measured by the water meter.

This bill would require the Department of Water Resources, the board, and the State Department of Public Health to coordinate the collection, management, and use of agricultural and urban water measurement information provided to each agency. The bill

would require the board, in collaboration with the department, the California Bay-Delta Authority or its successor agency, and the State Department of Public Health, to prepare and submit a report to the Legislature by January 1, 2009, evaluating the feasibility, estimated costs, and potential means of financing a coordinated water measurement database.

The bill would require agricultural water suppliers to report, each year, aggregated farm-gate delivery data, as defined, to the department.

The bill, with certain exceptions and not later than January 1, 2012, would require persons required to submit to the board a specified annual statement of water diversion and use to include in that statement monthly records of water diversions. The bill, with a certain exception, would condition eligibility for certain grants or loans to those persons on compliance with this reporting requirement.

(2) Existing law requires the department to update the California Water Plan, which is a plan for the conservation, development, and use of the water resources of the state, every 5 years. The department, as part of the update, is required to release assumptions and estimates relating to current and projected water use.

This bill would require the department to include assumptions and estimates relating to current and projected water use for agricultural water diversion and use.

(3) This bill also would incorporate additional changes in Section 10004.6 of the Water Code proposed by SB 862, to be operative if this bill and SB 862 are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 676 (AB 1410) Feuer Traumatic brain injury.

Existing law requires the State Department of Mental Health to designate project sites in order to develop a system of postacute continuum-of-care models for adults 18 years of age or older with acquired traumatic brain injuries. Existing law also establishes the Traumatic Brain Injury Fund, to be used, upon appropriation by the Legislature for these purposes. These provisions are to be repealed as of January 1, 2012.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons. The Medi-Cal program is partially governed and funded by federal Medicaid provisions.

This bill would require the department, by March 15, 2009, to submit to the federal Centers for Medicare and Medicaid Services a home- and community-based services waiver application or an amendment of the state plan for home- and community-based services, to serve at least 100 adults with acquired traumatic brain injuries who otherwise would require care in a Medi-Cal funded nursing facility or an intermediate care facility for persons with developmental disabilities. It would specify that the waiver or state plan amendment would be implemented only if certain conditions are met.

The bill would require that services under the waiver be provided by project sites providing services to adults with acquired traumatic brain injuries, as described in existing law, and would expand the services that these projects would be permitted to provide.

Ch. 677 (AB 12) Beall The Adult Health Coverage Expansion Program: Santa Clara County.

Existing law requires a health care service plan and a health insurer to fairly and affirmatively offer, market, and sell its contract or its policy, as specified, to small employers, as defined. Existing law also provides for a local initiative, which is defined as a prepaid health plan organized by a county government or by stakeholders to provide comprehensive health care to eligible Medi-Cal beneficiaries.

This bill would provide for the creation of the Adult Health Coverage Expansion Program as a pilot program in Santa Clara County that would be administered by a local initiative in the county, at the option of the local initiative. The program would provide health care coverage to eligible employees, as specified, of a small business, as defined, that participates

in the program, not to exceed 5,000 employees in the county. The bill would authorize the Department of Managed Health Care to authorize an increase in the number of enrollees in the program. The bill would provide that the program is subject to the requirements of the Knox-Keene Health Care Service Plan Act of 1975, except as specified, and subject to approval as to regulatory filings with the Department of Managed Health Care. The bill would fund the program through a combination of employer contributions, employee premiums, and any county, state, private sector, or federal funding made available for its purposes. The bill would authorize the local initiative to determine the amount of employer contributions and employee premiums, subject to specified maximum amounts, but subject to adjustment after the first year. The bill would provide for an evaluation of the pilot program by Santa Clara County and the local initiative in the county after 3 years. The bill would enact other related provisions. Because the bill would impose new duties on Santa Clara County, it would thereby impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 678 (AB 253) Eng Medical Board of California.

The Medical Practice Act provides for the licensure and regulation of physicians and surgeons by the Medical Board of California that consists of 21 members. Existing law establishes a Division of Licensing and a Division of Medical Quality, each consisting of specified members of the board, with each division having certain responsibilities. Under existing law, the Division of Medical Quality is responsible for implementing the disciplinary provisions of the act and is prohibited from delegating its authority to take final disciplinary action against a licensee.

This bill would reduce the board's membership to 15 and would abolish the 2 divisions of the board. The bill would instead provide for the board as a whole to handle the responsibilities of the divisions. The bill would require the board to delegate to its executive director the authority to adopt default decisions and certain stipulations in disciplinary proceedings. The bill would make other related changes.

Ch. 679 (AB 262) Coto Public postsecondary education.

(1) Existing law establishes the California State University under the administration of the Trustees of the California State University. Existing law, to be repealed as of January 1, 2008, sets forth a procedure for the adoption of regulations by the trustees, and requires the trustees to follow that procedure rather than the procedure set forth in the Administrative Procedure Act.

This bill would extend the repeal date of this provision from January 1, 2008, to January 1, 2013.

(2) Existing law establishes the various segments of the higher education system in the state. These segments include the University of California, which is administered by the Regents of the University of California, the California State University, which is administered by the Trustees of the California State University, the California Community Colleges, which is administered by the Board of Governors of the California Community Colleges, and various private and independent colleges and universities. The Student Financial Responsibility Act requests the regents and the governing body of each accredited private or independent college or university in the state, and requires the trustees and the board of governors, to adopt policies to regulate the marketing practices used on campuses by credit card companies.

This bill would urge the regents and require the trustees and board of governors to annually direct each campus to disclose all exclusive arrangements, excluding proprietary information, with banks or other commercial entities to engage in on-campus credit card marketing activities. The bill would urge the regents and require the trustees and board of governors to prohibit banks and other commercial entities, while soliciting in public campus areas, from offering gifts to students who complete credit card applications. The bill would urge the regents to revise the University of California Policy on the On-Campus Marketing of Credit Cards to Students as it relates to specified future contractual agreements.

(3) Existing law requires that all contracts for acquisition of motor vehicles or general use mobile equipment for an executive branch officer or agency or for any campus of the California State University be made by or under the supervision of the Department of General Services, and permits the department to collect a fee to offset the cost of the services provided. Existing law requests and encourages the University of California to have the department perform these tasks with respect to the acquisition or replacement of motor vehicles by the University of California.

This bill would, until July 1, 2012, delete the California State University and its campuses from the scope of these provisions. The bill would require the trustees to report yearly to the Legislature, until June 30, 2012, certain information relative to motor vehicle procurement by the California State University.

Ch. 680 (AB 294) Adams Air pollution: manganese.

Existing law imposes various limitations on emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources.

This bill would require the State Air Resources Board to conduct a study of ambient air concentrations of manganese to determine if there are areas in the state that have unhealthy concentrations, and to submit a report to the Legislature that describes the conclusions of this study and provides recommendations for reducing manganese exposures as needed.

Ch. 681 (SB 754) Kehoe State property: leases.

Existing law authorizes the Director of General Services, with the consent of the state agency involved, to let for a period not to exceed 5 years, any real or personal property that belongs to the state, subject to specified conditions. Any money received in connection with these leases is required to be deposited in the Property Acquisition Law Money Account and be available to the department upon appropriation by the Legislature.

This bill, notwithstanding existing law, would authorize the Director of General Services, with the consent of the Department of Motor Vehicles, to lease or exchange, for a term of years, as determined by the director, specified parcels of real property that are acquired and used by the state for the benefit of the Department of Motor Vehicles, subject to specified conditions. This bill would also provide that the proceeds from the lease or exchange of that property shall be deposited in the Motor Vehicle Account in the State Transportation Fund and shall be available to the Department of Motor Vehicles, thereby making an appropriation. This bill would also require that a mixed-use facility be located at the current state-owned site unless there are mitigating circumstances requiring relocation. If relocation is necessary, the bill would require that the replacement facility be located within the geographic area that serves the current customer base. This bill would also require the Department of General Services and the Department of Motor Vehicles, jointly, to notify the Joint Legislative Budget Committee prior to entering into any lease that is 30 years or longer and to report the terms and conditions of any lease 45 days prior to entering into that lease. This bill would also require that a lease or exchange of properties be for no less than fair market value and upon terms and conditions that are determined to be in the best interest of the state. This bill would also require reimbursement to the Department of General Services for any cost or expense incurred in the disposition or lease of any parcels.

Ch. 682 (AB 430) Benoit Vehicles: speed contests and reckless driving.

(1) Existing law requires persons convicted of either reckless driving, or of engaging in motor vehicle speed contests, that proximately cause one or more of various specified injuries to a person, other than the driver, to be punished by imprisonment in the state prison, or by imprisonment in a county jail for not less than 30 days nor more than 6 months, or by a specified fine, or by both the fine and imprisonment. Any violation of the Vehicle Code is a crime.

This bill would include one or both of those crimes within the scope of various existing statutes including, among others, provisions relating to time limits for destruction of court records; exceptions to requirements that insurance companies not raise premium rates where the insured or applicant has been convicted of a traffic violation while driving an employer's vehicle during the course and scope of employment; exceptions to requirements that insurance companies not cancel or refuse to renew commercial motor vehicle liability policies where employed drivers have been convicted of traffic violations while driving vehicles not owned or leased by the employer; allocation of specified fines to certain programs; suspension or revocation of driver's licenses; violation point counts and penalties; arrest procedures; and voluntary county amnesty programs.

(2) Because this bill would increase penalties for crimes and require additional duties on local governments, the bill would impose a state-mandated local program.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(4) This bill would incorporate additional changes in Section 68152 of the Government Code proposed by AB 1248, to be operative if AB 1248 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(5) This bill would incorporate additional changes in Section 1463.17 of the Penal Code proposed by AB 227, to be operative if AB 227 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(6) This bill would incorporate additional changes in Section 11110 of the Vehicle Code proposed by AB 678, to be operative if AB 678 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(7) This bill would incorporate additional changes in Section 11215 of the Vehicle Code proposed by AB 678, to be operative if AB 678 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(8) This bill would incorporate additional changes in Section 12810 of the Vehicle Code proposed by AB 678, to be operative if AB 678 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(9) This bill would incorporate additional changes in Section 13351 of the Vehicle Code proposed by AB 678, to be operative if AB 678 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(10) This bill would incorporate additional changes in Section 42009 of the Vehicle Code proposed by AB 1165, to be operative if AB 1165 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(11) This bill would incorporate additional changes in Section 42010 of the Vehicle Code proposed by AB 1165, to be operative if AB 1165 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 683 (AB 632) Salas Health care facilities: whistleblower protections.

Existing law provides for the licensure and regulation of health care facilities, as defined, by the State Department of Public Health. Under existing law, a health facility is prohibited from retaliating or discriminating against an employee of a health facility that has presented or initiated a complaint or initiated, participated, or cooperated in an investigation or proceeding of a government entity relating to the care, services, or conditions of the facility. Existing law makes the violation of these provisions a crime and subject to the assessment of a civil penalty.

This bill would prohibit a health facility from discriminating or retaliating against any patient, employee, a member of the facility's medical staff, or any other health care worker of the facility because that person (1) has presented a grievance, complaint, or report to an entity or agency responsible for accrediting or evaluating the facility or to any other governmental entity; or (2) has initiated, participated, or cooperated in an investigation or administrative proceeding related to the quality of care, services, or conditions at the facility, as provided.

This bill would provide that an employee who has been discriminated against in employment in violation of those provisions shall be entitled to reinstatement, reimbursement for lost wages and work benefits caused by the acts of the employer, or to any remedy deemed warranted by the court pursuant to those provisions, or to any applicable provisions of statutory or common law, as specified. The bill would also entitle a health care worker who has been discriminated against, in violation of those provisions, and who prevails in court, to reimbursement for lost income and any legal costs associated with pursuing the case, or to any remedy deemed warranted by the court pursuant to those provisions, or any other applicable statutory or common law.

Because the bill would expand the definition of a crime, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 684 (AB 809) Blakeslee Energy: renewable energy resources.

Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations. The Public Utilities Act imposes various duties and responsibilities on the commission with respect to the purchase of electricity and requires the commission to review and adopt a procurement plan and a renewable energy procurement plan for each electrical corporation pursuant to the California Renewables Portfolio Standard Program. The program requires that a retail seller of electricity, including electrical corporations, community choice aggregators, and electric service providers, but not including local publicly owned electric utilities, purchase a specified minimum percentage of electricity generated by eligible renewable energy resources, as defined, in any given year as a specified percentage of total kilowatthours sold to retail end-use customers each calendar year (renewables portfolio standard).

The existing definition of an "eligible renewable energy resource," includes the electricity generated by a small hydroelectric generation facility of 30 megawatts or less procured or owned by an electrical corporation as of January 1, 2003. An exception to this provision provides that a small hydroelectric generation facility that is an eligible renewable energy resource retains eligibility if efficiency improvements at the facility undertaken after January 1, 2003, cause the generating capacity of the facility to exceed 30 megawatts, and the efficiency improvements do not result in a new or increased appropriation or diversion of water from a watercourse. The existing definition of an "eligible renewable energy resource" provides that an existing conduit hydroelectric facility, as defined by a specified federal law, of 30 megawatts or less is an eligible renewable energy source and provides that a new

conduit hydroelectric facility is an eligible renewable energy resource so long as it does not require a new or increased appropriation or diversion of water from a watercourse.

Under existing law, the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board and the California regional water quality control boards are the principal state agencies with authority over matters relating to water quality. Existing law provides for the issuance by the state board, or by a regional board to which the state board has delegated authority, of a water quality certification pursuant to the federal Clean Water Act.

This bill would revise the definition of an “eligible renewable energy resource” to provide that a conduit hydroelectric facility, as defined, of 30 megawatts or less that commenced operation before January 1, 2006, is an eligible renewable energy resource, or if a conduit hydroelectric facility of 30 megawatts or less commences operation after December 31, 2005, it is an eligible renewable energy resource so long as it does not cause an adverse impact on instream beneficial uses or cause a change in the volume or timing of streamflow. The bill would provide that a small hydroelectric generation facility that is an eligible renewable energy resource retains eligibility if efficiency improvements at the facility undertaken after January 1, 2008, cause the generating capacity of the facility to exceed 30 megawatts, and the efficiency improvements do not result in an adverse impact on instream beneficial uses or cause a change in the volume or timing of streamflow. The bill would provide that the incremental increase in the amount of electricity generated from a hydroelectric generation facility as a result of efficiency improvements at the facility is electricity from an eligible renewable energy resource, without regard to the electrical output of the facility, if the incremental increase is the result of efficiency improvements from a retrofit that do not result in an adverse impact on instream beneficial uses or cause a change in the volume or timing of streamflow, the hydroelectric generation facility has received a water quality certification from the board or a regional board or is exempted from the certification requirement for a specified reason, the hydroelectric generation facility was operational prior to January 1, 2007, the efficiency improvements are initiated on or after January 1, 2008, the efficiency improvements are not the result of routine maintenance, and all of the incremental increase in electricity resulting from the efficiency improvements are demonstrated to result from a long-term financial commitment, as defined, by the retail seller. The bill would make other conforming and corrective changes.

Ch. 685 (SB 1036) Perata Energy: renewable energy resources.

Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations. The Public Utilities Act requires the PUC to review and adopt a renewable energy procurement plan for each electrical corporation pursuant to the California Renewables Portfolio Standard Program. The renewables portfolio standard program requires that a retail seller of electricity, including electrical corporations, community choice aggregators, and electric service providers, but not including local publicly owned electric utilities, purchase a specified minimum percentage of electricity generated by eligible renewable energy resources, as defined, in any given year as a specified percentage of total kilowatthours sold to retail end-use customers each calendar year (renewables portfolio standard). Existing law requires the PUC to require the state’s 3 largest electrical corporations, Pacific Gas and Electric Company, San Diego Gas and Electric, and Southern California Edison, to identify a separate electrical rate component to fund programs that enhance system reliability and provide in-state benefits. This rate component is a nonbypassable element of local distribution and collected on the basis of usage. Existing PUC resolutions refer to the nonbypassable rate component as a “public goods charge.” The public goods charge moneys are collected to support cost-effective energy efficiency and conservation activities, public interest, research, and development not adequately provided by competitive and regulated markets, and renewable energy resources.

Existing law establishes the Renewable Resource Trust Fund as a continuously appropriated fund in the State Treasury, and provides that 51.5% of the money collected by the public goods charge for renewable energy resources, after deducting certain administrative expenses, be deposited in the New Renewable Resources Account in the fund, for use by the State Energy Resources Conservation and Development Commission (Energy Commission) to foster the development of new in-state renewable electricity generation facilities. Existing law requires the Energy Commission to certify eligible renewable energy resources, to design and implement an accounting system to verify compliance with the renewables portfolio standard by retail sellers, and to award production incentives and allocate and award supplemental energy payments from the New Renewable Resources Account to cover above-market costs of purchasing electricity from eligible renewable energy resources.

This bill would, effective July 1, 2008, repeal those provisions providing for the New Renewable Resources Account within the Renewable Resource Trust Fund. The bill would delete the requirement that the Energy Commission award production incentives and allocate and award supplemental energy payments to eligible renewable energy resources to cover above-market costs of renewable energy. The bill would require the Energy Commission to terminate all production incentives awarded prior to January 1, 2002, from the New Renewable Resources Account, unless the renewable energy project began generating electricity by January 1, 2007. The Energy Commission would be required by March 1, 2008, to transfer to electrical corporations serving customers subject to the renewable energy public goods charge, the remaining unencumbered funds in the New Renewable Resources Account, to be allocated among retail sellers on the basis of annual retail sales of electricity. The bill would require the PUC to ensure that electrical corporations allocate funds received from the Energy Commission in a manner that maximizes the economic benefit to all customer classes that funded the New Renewable Resources Account. The bill would place certain cost limitations upon the requirements placed upon electrical corporations pursuant to the renewables portfolio standard. The bill would make other conforming changes.

Because this bill would make moneys in the New Renewable Resources Account within the Renewable Resource Trust Fund available for use for a new purpose, it would make an appropriation.

Ch. 686 (AB 949) Krekorian Residential care facilities for the elderly: resident transfers.

Existing law provides for the licensure and regulation of residential care facilities for the elderly, as defined, by the State Department of Social Services, including, among other things, regulation of admissions procedures and agreements. Under existing law, a violation of any of these provisions is punishable as a misdemeanor.

This bill would require a licensed residential care facility for the elderly, prior to transferring a resident to another facility or to an independent living arrangement as a result of the forfeiture of a license, or a change of use of the facility pursuant to an eviction by the department, to take all reasonable steps to transfer affected residents safely, and minimize possible trauma by taking specified actions relating to resident notification and transfer and relocation planning, as prescribed. The bill would require a facility, if 7 or more residents of the facility will be transferred as a result of the forfeiture of a license or the change in the use of a facility, to submit a proposed closure plan for the affected residents to the department for review, and would require the department to approve or disapprove the plan. The bill would also require an admission agreement to include an explanation of the facility's responsibility to prepare a relocation evaluation for each resident and a closure plan, as provided, and a statement of the licensee's responsibilities and the resident's rights in the event of an eviction. The bill would impose civil penalties of \$100 per violation per day.

Existing law requires that if a licensee of a residential care facility for the elderly charges a preadmission fee in excess of \$500, it is refundable under certain conditions, as provided.

This bill would require that if a resident of a licensed residential care facility for the elderly is evicted, as provided, the resident is entitled to a refund of, or credit for, paid preadmission fees in excess of \$500, in accordance with specified conditions.

By changing the definition of related crimes, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 687 (AB 959) Soto BEP Vendor Loan Interest Rate Buy-Down Fund.

Existing state and federal laws provide for the establishment of vending facilities to be operated by blind vendors on state and federal property. The program is administered by the Director of Rehabilitation, and requires the director to establish the Business Enterprises Program for the Blind, and to encourage and establish these vending facilities.

Existing law also provides for the Blind Vendor Revolving Loan Fund in the State Treasury, and continuously appropriates moneys in the fund to the department, for the purpose of providing loans for the purchase of inventory and equipment by existing blind vendors, in accordance with specified criteria.

Existing law provides that the fund includes moneys appropriated by the Legislature, moneys collected from repayment of loans, and all interest and other earnings of moneys in the fund.

This bill would, commencing January 1, 2008, rename the fund as the BEP Vendor Loan Interest Rate Buy-Down Fund, would delete moneys collected from repayment of loans from the fund, and would require the department to use moneys in the fund for the purposes of reducing the interest paid by vendors for loans.

This bill would delete the department's authority to use the fund to grant loans and would, instead, authorize the department to use the fund to reduce the interest vendors must pay for loans issued by eligible lenders, as defined, to purchase inventory and equipment for vending facilities.

The bill would require the department, in determining eligibility for interest buy-down assistance from this fund, to make any assistance contingent upon a determination that the blind vendor reasonably can be expected to repay the loan based, in part, on the vendor's expected income. The bill would permit the department, in the event that the total amount of assistance applied for exceeds the total amount of assistance that may be guaranteed, to establish a system of priorities for the approval of applications.

By changing the purpose of a continuously appropriated fund, this bill would make an appropriation.

Ch. 688 (AB 962) Houston Speech-language pathologists.

Existing law, the Speech-Language Pathologists and Audiologists Licensure Act, provides for the registration and regulation of speech-language pathology assistants by the Speech-Language Pathology and Audiology Board. Existing law requires a person seeking approval as a speech-language pathology assistant to make an application to the board for approval.

This bill would express findings and declarations of the Legislature with respect to the services provided by speech-language pathology professionals and paraprofessionals. The bill would require the California Postsecondary Education Commission to assess and discuss issues, information, and barriers relating to, and progress made in the accomplishment of, the creation of additional speech-language pathology assistant training programs in a report to the Legislature. The bill would require the commission to confer with specified stakeholder

groups in connection with this report. The bill would require this report to be submitted to the appropriate policy committees of the Assembly and the Senate on or before June 1, 2008. The bill would specify that the commission would produce this report using existing resources.

Ch. 689 (AB 980) Charles Calderon Real estate transfer fees: residential property.

Existing law permits various fees to be included in the price of a residential real estate transfer. Existing law requires specified disclosures to be made upon a transfer of residential real property and provides a form for this purpose.

This bill would define a transfer fee as a fee payment requirement imposed in any covenant, restriction, or condition contained in any deed, contract, security instrument, or other document affecting the transfer or sale of real property that requires a fee be paid upon transfer of the real property, with specified exceptions. The bill would require a receiver of a transfer fee imposed prior to January 1, 2008, as a condition of payment of the fee on or after January 1, 2009, to record, by December 31, 2008, a specified document against the real property in the office of the county recorder in which the real property is located. The bill would, with regard to a transfer fee imposed upon real property on or after January 1, 2008, require the person or entity imposing the transfer fee, as a condition of payment of the fee, to record a specified document describing the transfer fee concurrently with the instrument creating the transfer fee requirement. The bill would require these recorded documents to include information on the amount of the fee and the purpose for which it will be used, among other things. The bill would require a transferor of residential real property subject to transfer fees to make a specified disclosure regarding those fees.

Ch. 690 (AB 987) Jones Low and Moderate Income Housing Fund: affordability covenants and restrictions.

(1) The Community Redevelopment Law requires that not less than 20% of the tax-increment revenue allocated to a redevelopment agency be used to increase, improve, and preserve the supply of the community's low- and moderate-income housing within the territorial jurisdiction of the agency, and for this purpose, the funds are held in a separate Low and Moderate Income Housing Fund.

The Community Redevelopment Law requires that all new or substantially rehabilitated housing units developed or otherwise assisted with moneys from the Low and Moderate Income Housing Fund pursuant to an agreement approved by an agency on or after January 1, 1988, remain available at affordable housing cost to, and occupied by, persons and families of low or moderate income, very low income, and extremely low income households for the longest feasible time, but for not less than specified periods of time, except as specified. Existing law requires the agency to record these covenants and restrictions in the office of the county recorder for each parcel or unit that is subject to these provisions. Existing law requires the covenants and restrictions to run with the land and be enforceable against the original owner and successors in interest by the agency or the community.

This bill, instead, would require the covenants and restrictions to be enforceable by any person or family of low or moderate income, as defined, and other specified persons, against any owner who violates a covenant or restriction and each successor in interest who continues the violation.

The bill would require the recordation of a separate document, called "Notice of Affordability Restrictions on Transfer of Property," for all new or substantially rehabilitated units developed or otherwise assisted with moneys from the Low and Moderate Income Housing Fund on or after January 1, 2008. The bill would establish specific procedures for the recordation of the covenants and restrictions and the new notice of affordability restrictions document.

The bill would require a redevelopment agency to compile and maintain a database of existing, new and substantially rehabilitated, housing units developed or otherwise assisted

with moneys from the Low and Moderate Income Housing Fund, include certain information in the database, make the database available to the public on the Internet, and update it on an annual basis. The bill would require the database to omit any property used to confidentially house victims of domestic violence. The bill would also require the agency to provide reasonable notice to the community regarding the existence of the database upon establishment of the database.

(2) This bill would incorporate additional changes in Section 33334.3 of the Health and Safety Code, proposed by AB 382, to be operative only if AB 382 and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

(3) This bill would incorporate additional changes in Section 33413 of the Health and Safety Code, proposed by AB 382, to be operative only if AB 382 and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

Ch. 691 (AB 1014) Bass School facilities.

The Leroy F. Greene School Facilities Act of 1998 requires the State Allocation Board to allocate to applicant school districts prescribed per-unhoused-pupil state funding for construction and modernization of school facilities, including hardship funding and supplemental funding for site development and acquisition. The act provides that a school district's ongoing eligibility for new construction funding is determined by making calculations related to certain factors, including enrollment projections. The act requires school districts to calculate enrollment projections for the 5th year beyond the fiscal year in which the application is made by utilizing the cohort survival enrollment projection system, as defined and approved by the board. The act authorizes the board to supplement the cohort survival enrollment projection with the number of unhoused pupils who are anticipated as a result of dwelling units proposed pursuant to approved and valid tentative subdivision maps.

This bill, in addition, would authorize the board to supplement the projection with modified weighting mechanisms, subject to specified conditions, and an adjustment to reflect the effects of specified changes in birth rates. School districts would be authorized to submit an enrollment projection for either a 5th year or 10th year beyond the fiscal year in which the application is made. A school district that bases its enrollment projection calculation on a high school attendance area would be authorized to use pupil residence in that attendance area to calculate enrollment. The board would be authorized to adopt regulations to specify the format and certification requirements for a school district that submits residency data.

Ch. 692 (AB 1053) Nunez Regional Planning, Housing, and Infill Incentive Account: programs.

The Housing and Emergency Shelter Trust Fund Act of 2006 authorizes the issuance of bonds in the amount of \$2,850,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds are required to be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. The act establishes the Housing and Emergency Shelter Trust Fund of 2006 in the State Treasury, requires the sum of \$850,000,000 to be deposited in the Regional Planning, Housing, and Infill Incentive Account, which the act establishes in the fund, and makes the moneys in the account available, upon appropriation, for infill incentive grants for capital outlay related to infill housing development and other related infill development, and for brownfield cleanup that promotes infill housing development and other related infill development consistent with regional and local plans, subject to the conditions and criteria that the Legislature may provide in statute.

Existing law establishes the Infill Incentive Grant Program of 2007 to require the Department of Housing and Community Development, upon appropriation by the

Legislature of the funds in the Regional Planning, Housing, and Infill Incentive Account for certain purposes, to establish and administer a competitive grant program to allocate those funds to selected capital improvements projects related to qualifying infill projects or qualifying infill areas, as defined.

The Property and Business Improvement District Law of 1994 authorizes a city to form a property and business improvement district that may levy assessments within a business improvement area for the purpose of making improvements and promoting activities of benefit to the properties within the district. Existing law authorizes the establishment of an "owners' association" as a private nonprofit entity that is under contract with the city to administer or implement the activities and improvements specified in the management district plan.

This bill would add to the definition of "eligible applicant" under the grant program a city, county, city and county, public housing authority, or redevelopment agency that has jurisdiction over a qualifying infill area and applies for funding jointly with an owners' association for a business or property improvement district that includes a qualifying infill area.

Ch. 693 (AB 1226) Hayashi Medi-Cal: provider enrollment.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services and under which qualified low-income persons receive health care benefits.

Existing law requires an applicant that is not currently enrolled as a provider in the Medi-Cal program, a provider required to apply for continued enrollment, or a provider not currently enrolled at a location where the provider intends to provide Medi-Cal goods or services, to submit a complete application package for enrollment, continuing enrollment, or enrollment at a new location. Existing law requires the department to provide, within 30 days of receipt, written notice that the application package has been received. Applicants or providers that meet certain criteria may be granted preferred provider status for up to 18 months.

This bill would provide, as of July 1, 2008, that a physician and surgeon practicing in an individual physician practice, as defined, and enrolled and in good standing in the Medi-Cal program who is changing locations of that individual physician practice within the same county is eligible to continue enrollment at the new location by filing a change of location form, to be developed by the department, in lieu of submitting a complete application package. The bill would also require the department, within 15 days after receiving an application package from a physician or a physician group or a change of location form, to provide notice of receipt of the application package or the change of location form.

The bill would also provide, as of July 1, 2008, for the expedited enrollment in the Medi-Cal program of any physician and surgeon licensed by the Medical Board of California or the Osteopathic Medical Board of California who meets specified conditions and submits a short form application to be developed by the department. Commencing July 1, 2008, the bill would grant an applicant under these circumstances provisional provider status for 12 months. Commencing July 1, 2008, the bill would also require the department, within 90 days of receiving an application package from a physician or physician group, or from the date of notice to the physician or physician group that the physician or physician group does not qualify as a preferred provider under these provisions, or within 90 days after receiving a change of location form, to provide written notice relating to the status of the application package or form, as provided, or, by the 91st day, to grant the applicant or provider provisional provider status, as specified.

Existing law authorizes a Medi-Cal provider or applicant for provider status to appeal actions taken by the department pursuant to these provider enrollment provisions. Existing law prohibits certain applicants whose application for enrollment as a provider has been

denied from reapplying for 3 years from the date the application is denied, commencing upon the date of final action by the director or the director's designee.

This bill would, instead, provide that the 3-year period commences on the date of the denial notice.

Ch. 694 (AB 1242) Karnette Classified school employees.

Existing law requires all vacancies in the classified service of a school district that has adopted the merit system to be filled from applicants on eligibility lists that are made up from promotional examinations or by appointments made by means of transfer, demotion, reinstatement, or reemployment, as specified. Existing law requires that if a vacancy is filled from applicants on an eligibility list, the appointment be made from the eligible candidates having the first 3 ranks on the list who are ready and willing to accept the position.

Existing law authorizes, in a school district that has adopted the merit system, an appointment to be made from other than the first 3 ranks when the ability to speak, read, or write a language in addition to English, or possession of a driver's license is a requirement of the position to be filled, but in that case existing law requires the appointment to be made from among the highest 3 ranks of applicants on the list who meet the special requirements and are ready and willing to accept the position.

This bill, in a school district with a pupil population over 400,000 and until January 1, 2012, would authorize an appointment for a school-based position to be made from any rank on the eligibility list, but would require consideration of certain factors. The bill would limit this authority to specified listed classes. A school district that avails itself of this authority would be required to study, among other things, the effectiveness of this selection method and submit a report on the study to the affected labor unions.

Ch. 695 (AB 1253) Caballero Water: Salinas Valley State Prison wastewater treatment plant.

(1) Under existing law, the State Water Resources Control Board and the California regional water quality control board prescribe waste discharge requirements for publicly owned treatment works and other dischargers in accordance with the federal Clean Water Act and the Porter-Cologne Water Quality Control Act.

Existing law authorizes the Director of General Services to dispose of state surplus property, subject to specified conditions, including authorization by the Legislature.

This bill would make legislative findings and declarations relating to the wastewater treatment situation in the City of Soledad and the Salinas Valley State Prison. The bill would authorize the Director of General Services to sell, lease, convey, or exchange at fair market value specified real property at the Salinas Valley State Prison containing the prison's wastewater treatment facility to the City of Soledad upon those terms and conditions and subject to those reservations and exceptions as the Director of General Services determines are in the best interests of the state. The bill would require that the Department of General Services be reimbursed for any costs or expenses incurred in the disposition of the specified real property. The bill would require the Director of General Services, in implementing these activities, to except and reserve to the state all mineral deposits, as defined, together with the right to prospect for, mine, and remove the deposits. The net proceeds of any moneys received from the disposition of the property would be paid into the Deficit Recovery Bond Retirement Sinking Fund Subaccount, a continuously appropriated fund. By increasing the amount transferred into a continuously appropriated fund, this bill would make an appropriation.

(2) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 696 (AB 1259) Caballero Local planning: housing element.

(1) The Planning and Zoning Law specifies the dates of revision for the housing element and prescribes the time periods for the submission of draft and adopted local general plan

housing elements to the Department of Housing and Community Development and for the review of those elements by the department. That law also requires the department, based upon data provided by the Department of Finance and in consultation with each council of government (COG), to determine the regional share of the statewide housing need for the subsequent revisions to the housing element, and local governments within the regional jurisdiction of the Sacramento Area Council of Governments (SACOG) are required to revise their housing elements by June 30, 2002, for the 3rd revision, and June 30, 2008, for the 4th revision.

This bill would until January 1, 2014, authorize the Department of Housing and Community Development, consistent with the revised population projections released by the Department of Finance on July 9, 2007, to revise its regional housing need determination for the Sacramento Area Council of Governments for the 4th revision of the housing element, and prior to the adoption of the final regional housing need allocation plan by the Sacramento Area Council of Governments.

(2) Existing law requires every city, county, and city and county to revise the housing element of its general plan as frequently as is appropriate, but not less than every 5 years, to reflect the results of the periodic review of the housing element. Existing law further provides that specified councils of governments must complete the 3rd and 4th revisions of the housing elements of their general plans by specified dates. Local governments within the regional jurisdiction of the Association of Monterey Bay Area Governments are required to complete the 4th revision on June 30, 2008.

This bill would extend the date by which local governments within the regional jurisdiction of the Association of Monterey Bay Area Governments must complete the 4th revision to June 30, 2009, and would make various technical, nonsubstantive changes.

Ch. 697 (AB 1269) Hernandez Workers' compensation: inpatient facility fees: burn cases: reimbursement.

Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Existing law requires that implantable medical devices, hardware, and instrumentation for specified diagnostic related groups (DRGs) be separately reimbursed in accordance with a prescribed formula.

Existing law requires the administrative director, after public hearings, to adopt and revise periodically an official medical fee schedule that establishes reasonable maximum fees paid for medical services, other than prescribed goods and services, in accordance with specified requirements.

This bill would, notwithstanding the above provisions, commencing January 1, 2008, and continuing until January 1, 2011, authorize the administrative director, after public hearings, to adopt and revise, no less frequently than biennially, an official medical fee schedule for inpatient facility fees for burn cases in accordance with specified requirements.

Ch. 698 (AB 1296) Torrico Public employee health benefits: disclosures.

The Public Employees' Medical and Hospital Care Act requires the Board of Administration of the Public Employees' Retirement System to approve health benefit plans for certain public employees and annuitants, and authorizes the board to contract with carriers offering health benefit plans. The act sets forth certain criteria the board may take into account when considering a contract with an entity seeking to provide health care benefits or services, and allows the board to require specified documents from that entity.

This bill would require a health benefit plan or contractor, or an entity offering services relating to the administration of health benefit plans to members and annuitants, to disclose to the Board of Administration of the Public Employees' Retirement System, staff, and any contractor or consultant of the system, the cost, utilization, actual claim payments, and contract allowance amounts for health care services rendered by participating hospitals, with

specified restrictions and disclosure limitations imposed upon the board, staff, and any contractor or consultant of the system to whom the information is disclosed. The bill would deem this information confidential, subject to evidentiary trade secret protections, and exempt from the California Public Records Act, as specified.

Ch. 699 (AB 1298) Jones Personal information: disclosure.

(1) The Confidentiality of Medical Information Act prohibits a provider of health care, a health care service plan, contractor, or corporation and its subsidiaries and affiliates from intentionally sharing, selling, using for marketing, or otherwise using any medical information, as defined, for any purpose not necessary to provide health care services to a patient, except as expressly authorized by the patient, enrollee, or subscriber, as specified, or as otherwise required or authorized by law. The act includes within the definition of "provider of health care," any corporation organized for the primary purpose of maintaining medical information for treatment or diagnosis, as specified.

Violations of those provisions are subject to a civil action for compensatory and punitive damages, and, if a violation results in economic loss or personal injury to a patient, it is punishable as a misdemeanor.

This bill would apply the prohibitions of the Confidentiality of Medical Information Act to any business organized for the purpose of maintaining medical information to allow an individual to manage his or her information, or for the treatment or diagnosis of the individual. By expanding an existing crime, this bill would impose a state-mandated local program.

(2) Existing state and federal law defines and regulates consumer credit reports. Existing state law permits a consumer to place a security freeze on his or her credit report by making a request in writing, which results in the placement of a notice in the consumer's credit report that, subject to certain exceptions, prohibits the consumer credit reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer.

This bill would, regardless of the existence of a security freeze, permit a consumer reporting agency to disclose public record information lawfully obtained from an open public record to the extent otherwise permitted by law. The bill would specify that these provisions do not prohibit the consumer reporting agency from electing to apply a valid security freeze to the entire contents of a credit report.

(3) Existing law requires any agency, and any person or business conducting business in California, that owns or licenses computerized data that includes personal information to disclose any breach of the security of the system, following discovery or notification of the security breach, to any resident of California whose unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person. Existing law defines "personal information," for the purposes of these provisions, to mean an individual's first name or first initial and last name in combination with specified data elements, when either the name or the data elements are not encrypted.

This bill would add medical information and health insurance information, as defined, to the data elements that, when combined with the individual's name as described above, would constitute personal information that would require disclosure when acquired, or believed to be acquired, by an unauthorized person due to a security breach. The bill would also repeal duplicative provisions of law.

(4) This bill would incorporate changes made by AB 779 that would become operative if both bills are enacted and this bill is enacted after AB 779.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 700 (AB 1302) Horton Health Insurance Portability and Accountability Act.

Existing law, the Health Insurance Portability and Accountability Implementation Act of 2001 (the act), provides for the implementation of the federal Health Insurance Portability and Accountability Act (HIPAA) by the state under the direction of the Office of HIPAA Implementation, which was established by the Governor in the California Health and Human Services Agency. Under existing law, the act will be repealed January 1, 2008, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date, and all unexpended or unencumbered funds under the act will revert to the General Fund.

This bill would extend the act's duration to July 1, 2010, when it would become inoperative, and all funds under the act that are unexpended or unencumbered as of that date would revert to the General Fund.

Ch. 701 (AB 1310) Leno Charter-party carriers.

(1) The Passenger Charter-Party Carriers Act, with certain exceptions, prohibits a charter-party carrier of passengers from engaging in transportation services subject to regulation by the Public Utilities Commission without obtaining a specified certificate or permit, as appropriate, from the commission. The act requires the commission to investigate every business listed in every classified directory of telephone subscribers as furnishing limousine-for-hire or passenger charter transportation service for compensation in motor vehicles to determine compliance with the certificate or permit requirements and for the purpose of instituting specified civil or criminal proceedings in the event of noncompliance.

This bill, instead, would require the commission, upon receipt of a complaint containing sufficient information to warrant conducting an investigation, to investigate any business that advertises, as defined, limousine-for-hire or passenger charter transportation service for compensation in motor vehicles. The bill would require the commission, in a rulemaking or other appropriate procedure, to adopt criteria that establishes the type of information, if contained in a complaint, that is sufficient to warrant an investigation.

(2) The act generally requires every charter-party carrier of passengers to state the number of its permit or a specified identifying symbol in every written or oral advertisement of the services it offers. The act requires every charter-party carrier operating a limousine to state the number of its permit or license plate number in every written or oral advertisement of the services it offers. The commission is authorized to impose a fine of not more than \$5,000 for each violation if it finds, after hearing, that any person or corporation is operating as a charter-party carrier of passengers without a valid certificate or permit, or fails to include in any public advertisement the number of the permit or specified identifying symbol.

This bill, instead, would require every charter-party carrier of passengers, including a charter-party carrier operating a limousine, to include the number of its certificate or permit in every written or oral advertisement of the services it offers. The bill would define "advertisement" for the purpose of this requirement. The bill would authorize the commission to impose that fine if it finds, after hearing, that any person or corporation is operating as a charter-party carrier of passengers, including a charter-party carrier operating a limousine, without a valid certificate or permit, or fails to include, the number of the certificate or permit in any written or oral advertisement.

(3) The existing Household Goods Carrier Act provides for the termination of telephone service by a telephone corporation or telegraph corporation to unlicensed household goods carriers and places enforcement of this prohibition with the commission.

This bill would provide for the termination of telephone service by a telephone corporation or telegraph corporation to a charter-party carrier of passengers without a valid certificate or permit and places enforcement of this prohibition with the commission.

(4) Under existing law, a violation of the Passenger Charter-Party Carriers Act, or a violation of an order or direction of the commission issued pursuant to the act, is a crime.

Because the provisions of this bill would be a part of the act and because a violation of those provisions or of an order or decision of the commission implementing those provisions

would be a crime, the bill would impose a state-mandated local program by creating new crimes.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 702 (AB 1324) De La Torre Health care coverage: treatment authorization.

Existing law provides for regulation of health care service plans by the Director of the Department of Managed Health Care. Existing law provides for the regulation of health insurers by the Insurance Commissioner.

Existing law provides that a health care service plan or a health insurer that authorizes a specific type of treatment by a health care provider shall not rescind or modify this authorization after the provider renders the health care service in good faith and pursuant to the authorization.

This bill would additionally specify that a health care service plan or a health insurer is precluded from rescinding or modifying its authorization for any reason, including its subsequent rescission, cancellation, or modification of the contract or its subsequent determination that it did not make an accurate eligibility determination. The bill would also state that it is not the intent of the Legislature to instruct a court as to whether these provisions make a change to existing law.

Ch. 703 (AB 1347) Caballero Pet Store Animal Care Act.

Existing law regulates the sale of dogs and cats by breeders and retail outlets and the sale of birds.

This bill would enact the Pet Store Animal Care Act, which, commencing January 1, 2009, would establish procedures for the care and maintenance of animals in the custody of a pet store, and would place limitations on the sale or transfer of those animals.

This bill would make the violation of its provisions punishable as an infraction or as a misdemeanor. By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 704 (AB 1359) Parra Hazardous materials: dielectric mineral oil.

Existing law exempts used oil meeting certain specifications from regulation by the Department of Toxic Substances Control. A generator is required to test and certify that the used oil meets those specifications before transportation from the generator location.

This bill would provide that a generator of dielectric fluid, derived from highly refined mineral oil, from oil-filled equipment is not required to test the dielectric fluid for specified purity levels before transporting the fluid if the generator has certified, based on prior tests, that dielectric fluid from similar equipment subject to similar operations conditions did not exhibit the characteristic of toxicity. The generator would be required to include the certification with each shipment of used oil that the generator claims is exempted, and to maintain the records of prior tests on which the certification is based and the certification, which are subject to audit and verification by the department, the unified program agency, or the California Integrated Waste Management Board.

Ch. 705 (AB 1371) Ruskin Hazardous waste: civil penalty.

Existing law authorizes the Department of Toxic Substances Control to impose civil penalties or administrative civil penalties against a person who intentionally or negligently disposes or causes the disposal of hazardous waste at an unauthorized site. Existing law also

authorizes the imposition of civil penalties, upon a person illegally disposing of hazardous waste, without regard to the intent of the person.

This bill would, in addition, impose a specified civil penalty or an administrative civil penalty against a person who intentionally or negligently treats or stores, or causes the treatment or storage of, a hazardous waste at an unauthorized site or who treats or stores, or causes that treatment or storage, without regard to the intention of the person. This bill would exempt a person from the imposition of civil penalties for illegal disposal, treatment, or storage, that are imposed without regard to that person's intent, if that person has taken reasonable steps to determine that the transporter is registered or the facility is authorized to accept the hazardous waste being offered.

Ch. 706 (AB 76) Lieber Corrections: female inmates.

Existing law provides for the care and custody of female inmates under the jurisdiction of the Department of Corrections and Rehabilitation.

This bill would require the department to undertake various tasks related to female offenders, including creating a Female Offender Reform Master Plan, creating policies and practices designed to ensure a safe and productive institutional environment for female offenders, contracting for specified services related to female offenders, creating a gender responsive female classification system and staffing pattern, designing and implementing evidence-based gender specific rehabilitative programs, and establishing a family service coordinator at each female prison. The bill would prohibit the department from converting certain existing women's prisons into facilities to house male inmates without legislative approval. The bill would express the intent of the Legislature to reduce crime and recidivism, improve access to rehabilitative programs, break the intergenerational cycle of incarceration, create a therapeutic community within women's prisons, and dedicate adequate space for programming needs.

Ch. 707 (AB 110) Laird Drug paraphernalia: clean needle and syringe exchange projects.

(1) Existing law, with certain exceptions, makes it a misdemeanor for a person to deliver, furnish, transfer, possess with intent to deliver, furnish, or transfer, or manufacture with the intent to deliver, furnish, or transfer, drug paraphernalia, knowing, or under circumstances where one reasonably should know, that it will be used to plant, propagate, cultivate, grow, harvest, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance. Existing law provides an exception to this general rule by authorizing a public entity, its agents, or employees to distribute hypodermic needles or syringes to participants in clean needle and syringe exchange projects authorized by the public entity pursuant to a declaration of a local emergency due to the existence of a critical local public health crisis.

Existing law establishes the Office of AIDS in the State Department of Public Health. That office, among other functions, provides funding for AIDS prevention and education.

This bill would authorize a public entity, as defined, that receives General Fund money from the department for HIV prevention and education to use that money to support clean needle and syringe exchange projects authorized by the public entity. The bill would authorize the money to be used for the purchase of sterile hypodermic needles and syringes, subject to specified conditions.

(2) Existing law requires the health officer of the participating jurisdiction to annually present a report on the status of clean needle and syringe exchange programs, including relevant statistics on blood-borne infections.

This bill would require the report to also include the use of public funds for these purposes.

Ch. 708 (AB 1430) Garrick Political Reform Act of 1974: contribution limitations.

Existing law provides that, for the purposes of contribution limits imposed by the Political Reform Act of 1974, payments for communications to an organization's members, employees, shareholders, or their family members, to support or oppose a candidate or ballot measure are not contributions or expenditures if not made for general public advertisements, such as broadcasting, billboards, or newspaper ads. However, existing law requires that payments by a political party for communications to registered party members that would otherwise qualify as contributions or expenditures be reported in accordance with provisions governing the filing of periodic campaign reports, and governing the filing of reports online or electronically with the Secretary of State.

Existing law provides that the Political Reform Act does not nullify contribution limitations or prohibitions of any local jurisdiction that apply to elections for local elective office, except the limitations and prohibitions may not conflict with these provisions regulating payments for communications.

This bill would provide that certain restrictions and limitations by a local jurisdiction on payments for a member communication, as defined, would conflict with these provisions and would be prohibited.

The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes upon a $2/3$ vote of each house and compliance with specified procedural requirements.

This bill would declare that it furthers the purposes of the act.

Ch. 709 (AB 1447) Charles Calderon Hazardous waste: major appliances.

(1) Existing hazardous waste laws prohibit a person who is not a certified appliance recycler from removing materials that require special handling from major appliances, or transporting, delivering, or selling discarded major appliances to a scrap recycling facility, except as specified. A person who transports, delivers, or sells discarded major appliances to a scrap recycling facility is required to provide evidence that that person is a certified appliance recycler, but a person who is not a certified appliance recycler is allowed to transport, deliver, or sell a discarded major appliance to a scrap recycling facility under specified conditions. A scrap recycling facility that accepts an appliance from a person who is not certified as an appliance recycler under specified conditions is required to submit an annual report to the department and the local certified unified program agency (CUPA) containing specified information. A person wishing to operate as a certified appliance recycler is also required to submit an application to the department containing specified information. A violation of the hazardous waste control laws is a crime.

This bill would revise those requirements to instead allow an appliance service technician to remove refrigerant from a major appliance. The bill would delete the provisions prohibiting the transportation, delivery, or sale of discarded major appliances by a person who is not a certified appliance recycler to a scrap recycling facility, and would allow a person who is not a certified appliance recycler to transport, deliver, or sell a discarded major appliance to a certified appliance recycler under revised conditions. A scrap recycling facility accepting an appliance from a person who is not certified as an appliance recycler would be required to submit a monthly report to the department and the local CUPA. The bill would revise the application for a certified appliance recycler to require the telephone number, the physical address and mailing address, if different, of the business, and a technical description of how each material requiring special handling will be removed and managed. The bill would also make conforming changes.

By imposing new hazardous waste management requirements, the violation of which would be a crime, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 710 (AB 1460) Saldana Multifamily Housing Program: project prioritization.

Existing law establishes the Multifamily Housing Program under the administration of the Department of Housing and Community Development to provide a standardized set of program rules and features applicable to all housing types based on the department's California Housing Rehabilitation Program.

Existing law requires the department, with respect to certain funds appropriated under the Housing and Emergency Shelter Trust Fund Act of 2002 and allocated under the Multifamily Housing Program, to award reasonable priority points for projects to prioritize infill development, adaptive reuse in existing developed areas served with public infrastructure, and projects in proximity to public transit, public schools, parks and recreational facilities, or job centers.

The Housing and Emergency Shelter Trust Fund Act of 2006 authorizes the issuance of bonds in the amount of \$2,850,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds are required to be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. The act establishes the Housing and Emergency Shelter Trust Fund of 2006 in the State Treasury and requires the sum of \$1,500,000,000 to be deposited in the Affordable Housing Account, which the act establishes in the fund. The act continuously appropriates the moneys in the account in accordance with a specified schedule that requires, among other things, the transfer of certain sums to the Housing Rehabilitation Loan Fund in the State Treasury for expenditure under the Multifamily Housing Program.

This bill, additionally, would require the department to award reasonable priority points for projects to prioritize sustainable building methods established in accordance with certain criteria listed under state regulations relating to federal and state low-income housing tax credits.

Ch. 711 (AB 1484) Krekorian Model State Trademark Law.

Existing law, the Trademark Law, provides for the registration of trademarks and service marks with the Secretary of State and requires an application for registration of a mark to provide specified information on its application. A registration of a mark is effective for 10 years, and may be renewed for successive 10-year periods. Existing law specifies the grounds for cancellation of, and provides specified remedies for violation of, a registered mark.

This bill would repeal the Trademark Law and would enact the Model State Trademark Law. The bill would expand the information required to be provided with an application for registration of a mark to include, among other things, a drawing of the mark and 3 specimens of that mark as it is actually used. The bill would also require that the application include a declaration of accuracy signed by a specified person and would subject that person to a civil penalty of not more than \$10,000 for willfully stating as true in the declaration any material fact he or she knows to be false. The bill would provide procedures for amendment of an application and, if the secretary refuses registration, would authorize the applicant to seek a writ of mandamus to compel registration. The bill would provide that registration of a mark is effective for 5 years, and may be renewed for successive 5-year periods. The bill would expand the grounds upon which the secretary shall cancel a registration and would specify procedures for actions to compel registration or cancel a registration. The bill would revise and recast the provisions dealing with actions and remedies for violation of a registered mark.

Ch. 712 (AB 1559) Berryhill Public postsecondary education: community college registered nursing programs.

Existing law establishes the California Community Colleges under the administration of the Board of Governors of the California Community Colleges. Existing law establishes community college districts throughout the state, under the administration of community college district governing boards, and authorizes these districts to provide instruction at the community college campuses they operate.

This bill would require a community college registered nursing program that elects to use a multicriteria screening process on or after January 1, 2008, to evaluate applicants for admission to nursing programs to include specified criteria relating to the academic performance, work or volunteer experience, foreign language skills, life experiences, and special circumstances of the applicant. The bill would authorize a community college registered nursing program using a multicriteria screening process to use an approved diagnostic assessment tool before, during, or after the multicriteria screening process. The bill would require a district that uses multicriteria screening measures to report its nursing program admissions policies to the chancellor annually, in writing.

The bill would repeal these provisions on January 1, 2016.

The bill would require the Legislative Analyst's Office to evaluate the use and efficacy of the admissions process for community college registered nursing programs, and to report its findings and any related recommendations to the Legislature as part of its annual analysis of the Budget Bill, commencing with its analysis of the Budget Bill for the 2009–10 fiscal year.

Ch. 713 (AB 1613) Blakeslee Energy: Waste Heat and Carbon Emissions Reduction Act.

(1) Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations, as defined. Existing law authorizes the PUC to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. The existing Public Utilities Act requires the PUC to review and adopt a procurement plan for each electrical corporation in accordance with specified elements, incentive mechanisms, and objectives. The act additionally requires the PUC, in consultation with the Independent System Operator, to establish resource adequacy requirements for all load-serving entities, as defined, in accordance with specified objectives.

The existing Warren-Alquist State Energy Resources Conservation and Development Act establishes the State Energy Resources Conservation and Development Commission (Energy Commission) and requires it to undertake a continuing assessment of trends in the consumption of electricity and other forms of energy and to analyze the social, economic, and environmental consequences of those trends and to collect from electric utilities, gas utilities, and fuel producers and wholesalers and other sources, forecasts of future supplies and consumption of all forms of energy.

This bill would enact the Waste Heat and Carbon Emissions Reduction Act. The bill would state the intent of the Legislature: (A) to dramatically advance the efficiency of the state's use of natural gas by capturing unused waste heat, (B) to reduce wasteful consumption of energy through improved residential, commercial, institutional, industrial, and manufacturer utilization of waste heat whenever it is cost effective, technologically feasible, and environmentally beneficial, particularly when this reduces emissions of carbon dioxide and other carbon-based greenhouse gases, and (C) to support and facilitate both customer- and utility-owned combined heat and power systems.

This bill would authorize the PUC to require an electrical corporation to purchase excess electricity, as defined, delivered by a combined heat and power system, as defined, that complies with certain sizing, energy efficiency, and air pollution control requirements, but would authorize the PUC to establish a maximum kilowatthours limitation on the amount of excess electricity that an electrical corporation is required to purchase if the PUC finds that the anticipated excess electricity generated has an adverse effect on long-term resource

planning or the reliable operation of the grid. The bill would require the PUC to establish, in consultation with the Independent System Operator, tariff provisions that facilitate the provisions of the act and the reliable operation of the grid. The bill would require every electrical corporation to file a standard tariff with the PUC for the purchase of excess electricity from an eligible customer-generator, as defined, would require the electrical corporation to make the tariff available to eligible customer-generators within the service territory of the electrical corporation upon request, and would authorize the electrical corporation to make the terms of the tariff available in the form of a standard contract. The bill would require that the costs and benefits associated with any tariff or contract be allocated to benefiting customers, as defined. The bill would require the PUC to establish for each electrical corporation, a pay-as-you-save pilot program, meeting certain goals, for eligible customers, as defined, to finance all of the upfront costs for the purchase and installation of combined heat and power systems. The bill would require the PUC, in approving an electrical corporation's procurement plan, to require the plan to assess the reliability of incorporating combined heat and power solutions to the maximum degree that is cost effective compared to other competing forms of wholesale generation, technologically feasible, and environmentally beneficial, particularly as it pertains to reducing emissions of carbon dioxide and other greenhouse gases. The bill would authorize the PUC to modify or adjust the requirements of the act for any electrical corporation with less than 100,000 service connections, as individual circumstances merit.

This bill would require a local publicly owned electric utility serving retail end-use customers to establish a program that allows retail end-use customers to utilize combined heat and power systems that reduce emissions of greenhouse gases by achieving improved efficiencies utilizing heat that would otherwise be wasted in separate energy applications and that provides a market for the purchase of excess electricity generated by a combined heat and power system, at a just and reasonable rate, to be determined by the governing body of the utility. By placing additional requirements upon local publicly owned electric utilities, the bill would impose a state-mandated local program.

This bill would require the Energy Commission, by January 1, 2010, to adopt guidelines that require combined heat and power systems be designed to reduce waste energy, be sized to meet the eligible customer-generator's thermal load, operate continuously in a manner that meets the expected thermal load and optimizes the efficient use of waste heat, and are cost effective, technologically feasible, and environmentally beneficial. The bill would authorize the Energy Commission to adopt temporary guidelines for combined heat and power systems prior to January 1, 2010. The bill would require an eligible customer-generator's combined heat and power system to meet certain efficiency and emissions requirements. The bill would require an eligible customer-generator to adequately maintain and service the combined heat and power system so that during operation, the system continues to meet or exceed the efficiency and emissions requirements.

(2) The existing California Global Warming Solutions Act of 2006, requires the State Air Resources Board (state board) to adopt regulations to require the reporting and verification of statewide greenhouse gas emissions and to monitor and enforce compliance with the reporting and verification program, as specified, and requires the state board to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions levels in 1990 to be achieved by 2020. The act requires the state board to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective reduction in emissions of greenhouse gases and authorizes the state board to adopt market-based compliance mechanisms, as defined, meeting specified requirements. Existing law requires the PUC, by February 1, 2007, through a rulemaking proceeding and in consultation with the Energy Commission and the state board, to establish a greenhouse gases emission performance standard for all baseload generation of load-serving entities.

This bill would require that a combined heat and power system comply with the greenhouse gases emission performance standard established by the PUC.

(3) This bill would require the state board to report to the Governor and the Legislature by December 31, 2011, on the reduction in emissions of greenhouse gases resulting from the increase of new electrical generation that utilizes excess waste heat through combined heat and power systems and recommend policies that further the goals of the bill.

(4) Existing law makes any public utility, as defined, and any corporation other than a public utility, that violates or that fails to comply with any part of any order, decision, rule, direction, demand, or requirement of the PUC, guilty of a crime.

Because certain provisions of the bill would require PUC action to implement and a violation or failure to comply with any part of any order, decision, rule, direction, demand, or requirement of the PUC would be a crime, the bill would impose a state-mandated local program by creating a new crime.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 714 (AB 1614) Strickland Rodeo animals.

Existing law requires the management of any professionally sanctioned or amateur rodeo that intends to perform in any city, county, or city and county to ensure that there is a licensed veterinarian present during the performances of the rodeo or on-call, as specified. Existing law establishes the duties of the veterinarian and rodeo management with respect to the treatment of injured animals. For purposes of these provisions, "rodeo" is defined as, among other things, a public performance featuring 4 or more of specified events involving bareback bronc riding, saddle bronc riding, bull riding, calf roping, steer wrestling, or team roping.

This bill would revise the definition of a rodeo to include a performance of 3 or more of these specified events and would define a "performance" for this purpose. By changing the definition of an infraction, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 715 (AB 1645) La Malfa Emergency powers: firearms.

Existing law authorizes the Governor to invoke various powers in the event of an emergency, as specified.

This bill would provide that these powers do not authorize the seizure or confiscation of any firearm or ammunition from any individual who is lawfully carrying or possessing the firearm or ammunition, as specified.

Ch. 716 (AB 1670) Mendoza Fictitious business name statements.

Existing law requires every person who regularly transacts business in California for profit under a fictitious business name to file and maintain a current fictitious business name statement. Existing law requires a fictitious business name statement to contain specified information, to be published in a newspaper of general circulation in the county in which the principal place of business of the registrant is located, except as specified, and to be signed as specified with the county clerk where the business is located. Existing law also authorizes filing of a statement of abandonment of use of a fictitious business name or a statement of withdrawal from a partnership operating under a fictitious business name, as specified, and requires a statement of abandonment or withdrawal to include certain information. Existing law authorizes a county clerk to charge specified fees for filing a fictitious business name,

supplying a certified copy of the statement to a registrant, or filing a statement of withdrawal, and authorizes a county clerk to destroy a fictitious business name statement 4 years after its expiration. Under existing law, a person who knowingly executes, files, or publishes a false statement under the provisions regulating fictitious business names is guilty of a crime.

This bill would revise the conditions under which a new fictitious business name must be filed, and would revise the content of a fictitious business form statement. The bill would revise the signature requirements for a registrant, including specifying signature requirements for a husband and wife or for domestic partners, and would allow a person to also file a fictitious business name statement in a county other than where the registrant's principal place of business is located, as specified. The bill would instead require the publication of a statement in a newspaper of general circulation in the county where the fictitious business name was filed or, under certain conditions, in an adjoining county to where the fictitious business name statement was filed. The bill would also require a person to file a statement of abandonment upon ceasing to transact business in this state under a business name that was filed in the previous 5 years, and would revise the information required on a statement of abandonment or on a statement of withdrawal.

This bill would make technical, clarifying changes with respect to the fees that the county clerk may charge for a certified copy of a statement, the filing of a fictitious business name, the filing of a statement of abandonment of use, or the filing of a statement of withdrawal and would allow the destruction of proof of publication of a statement and other references related to the fictitious business name at the same time as the clerk may destroy the statement of a fictitious business name. Because the bill would expand the crime of filing a false statement by revising the requirements for a statement, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 717 (AB 1672) Nunez California Transportation Commission.

(1) Existing law, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, approved by the voters as Proposition 1B in the November 2006 general election, establishes the Highway Safety, Traffic Reduction, Air Quality, and Port Security Fund of 2006 in the State Treasury. Existing law requires specified moneys in the fund to be deposited in designated accounts and funds to be available, upon appropriation by the Legislature, for allocation by the California Transportation Commission for certain transportation-related purposes.

This bill would require the commission to provide written notification to the chairs of the appropriate policy committees of the Legislature not less than 30 days prior to adopting changes to any guidelines for the expenditure of funds pursuant to the Highway Safety, Traffic Reduction, Air Quality and Port Security Act of 2006.

(2) Existing law creates the California Transportation Commission, with specified powers and duties relating to allocation of transportation capital funds through the state transportation improvement program process and various other responsibilities. Existing law provides for a commission of 11 members, with 9 members appointed by the Governor with the advice and consent of the Senate and 2 ex officio nonvoting legislative members. Voting members serve terms of 4 years.

This bill would expand the commission to 13 members, with one additional voting member each appointed by the Speaker of the Assembly and the Senate Committee on Rules, who would not be subject to Senate confirmation. The bill would also require vacancies to be filled by the appointing authority, as specified.

Ch. 718 (SB 224) Battin State Highway Routes 79 and 111: relinquishment.

Existing law provides that the Department of Transportation has full possession and control of all state highways. Existing law describes the authorized routes in the state highway system and establishes a process for adoption of a highway on an authorized route by the California Transportation Commission. Existing law authorizes the commission to relinquish certain state highway segments to local agencies.

This bill would authorize the commission to relinquish the portion of State Highway Route 79 in the City of Hemet and the portion of State Highway Route 111 in the City of La Quinta to the applicable city under certain conditions.

Ch. 719 (SB 241) Kuehl Minors: legal representation: probate proceedings.

(1) Existing law permits a court to appoint private counsel to represent the interests of a ward, a proposed ward, a conservatee, or a proposed conservatee, with compensation to be fixed by the court.

This bill would require a court, if a ward or proposed ward is furnished legal counsel for a guardianship proceeding, to determine whether the parent or parents or the estate of the ward is financially unable to pay all or a portion of the cost of appointed counsel. The bill would require that any portion of the cost of that counsel that the court finds the parents or the estate of the ward is unable to pay be paid by the county. By creating a new duty for the counties, this bill would impose a state-mandated local program. The bill would require the Judicial Council to adopt guidelines to assist in determining financial eligibility for county payment of counsel.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 720 (SB 601) Torlakson Teachers: Physical Education Professional Development Program.

(1) Existing law requires the State Department of Education to exercise general supervision over the physical education courses in elementary and secondary schools of the state. The department is required to ensure that the data collected through categorical program monitoring (CPM) indicates the actual number of minutes of instruction in physical education actually provided by each school district for the purpose of determining whether each school district is in compliance with the required minimum minutes of instruction. Public schools are required to provide instruction in physical education for a total period of time of not less than 200 minutes each 10 schooldays to pupils in grades 1 to 6, inclusive, and for a total period of time of not less than 400 minutes each 10 schooldays to pupils in grades 7 to 12, inclusive.

This bill would require the department to ensure that the data collected through CPM indicates the extent to which each school within the jurisdiction of a school district or county office of education performs specified duties regarding the provision of instruction in physical education, including, among others, providing the required minimum minutes of instruction and conducting physical fitness testing. The department would be required to submit annually a report to the Governor and the Legislature that summarizes the data collected through CPM regarding those items and to post annually a summary of that data on the Internet Web site of the department.

(2) Existing law authorizes the governing board of a school district or the office of the county superintendent of schools of a county to grant a pupil an exemption from courses in physical education for 2 years any time during grades 10 to 12, inclusive, with the consent of a pupil, if the pupil has passed the physical performance test administered in the 9th grade.

This bill would grant that exemption if the pupil has met satisfactorily any 5 of the 6 standards of the physical performance test administered in grade 9.

Ch. 721 (SB 666) Maldonado Proprietary security services.

Existing law, the Proprietary Security Services Act, requires a person who meets the definition of a proprietary private security officer to register with the Department of Consumer Affairs.

This bill would require a proprietary private security officer to complete training in security officer skills within a specified period of time. The bill would require the department to develop and approve a standard course and curriculum for the skills training, to be administered by an employer, an organization, or a school approved by the department. For that purpose, the bill would require the department to convene an advisory committee composed of specified parties in order to develop a curriculum that features certain skills, courses, and hours of instruction. The bill would exempt peace officers meeting certain criteria from this requirement. The bill would make these provisions applicable on and after July 1, 2009, to any person hired as a proprietary private security officer on and after January 1, 2009, and for a person hired before January 1, 2009, these provisions would become applicable on and after January 1, 2010. The bill would, on and after January 1, 2009, require proprietary private security officer employers to provide annual review or practice training and to maintain records thereof, as specified.

Ch. 722 (AB 159) Jones Courts: judgeships.

(1) Existing law requires the Governor to submit to a designated agency of the State Bar of California the names of all potential appointees or nominees for a vacant judicial office for evaluation of their judicial qualifications. Upon receipt of those names, the State Bar is required to evaluate and determine the qualifications of each candidate for judicial office and to report in confidence to the Governor its recommendation whether the candidate is qualified, as specified.

This bill would require the State Bar to consider legal experience of candidates broadly.

(2) Existing law also requires the Governor, on or before March 1, 2007, and annually on or before each March 1 thereafter, to disclose aggregate statewide demographic data provided by all judicial applicants relative to ethnicity and gender.

This bill would require the Governor to collect and release, on an aggregate statewide basis, demographic data provided by all judicial applicants and judicial appointments or nominations, relative to ethnicity, race, and gender.

(3) Existing law requires the designated agency of the State Bar responsible for evaluation of judicial candidates to collect and release, on an aggregate statewide basis, both statewide demographic data provided by judicial applicants reviewed relative to ethnicity, race, and gender, and the statewide summary of the agency's recommendations by ethnicity, race, and gender.

This bill would require that agency of the State Bar to also collect and release statewide demographic data provided by all judicial applicants reviewed, and the statewide summary of the agency's recommendations, both relative to the areas of legal practice and employment.

(4) Existing law specifies the number of judges for the superior court of each county and for each division of each district of the court of appeal.

This bill would authorize 50 additional judges, upon appropriation by the Legislature in the 2007–08 fiscal year, to be allocated to the various county superior courts, pursuant to uniform criteria approved by the Judicial Council.

This bill would provide that 16 subordinate judicial officer positions in eligible superior courts, as determined by the Judicial Council, shall be converted to judgeships. Beginning in the 2008–09 fiscal year, the bill would provide that, upon subsequent authorization by the Legislature, 146 subordinate judicial officer positions in eligible superior courts, as

determined by the Judicial Council, shall be converted to judgeships, upon the occurrence of specified conditions, except that no more than 16 positions may be converted to judgeships in any fiscal year. The bill would define the term “subordinate judicial officer” for purposes of those provisions and would further declare the Legislature’s intent to restore an appropriate balance between subordinate judicial officers and judges in enacting those provisions.

Ch. 723 (SB 859) Scott Teacher credentialing: visiting faculty permits.

(1) Existing law authorizes the Commission on Teacher Credentialing to issue various types of teaching and services credentials, including preliminary and clear multiple and single subject teaching credentials. The commission is also authorized to issue emergency teaching and specialist permits that correspond to specified credential types. Statutory provisions specify the requirements with which applicants for those credentials and permits are required to comply.

This bill would, until July 1, 2015, authorize the commission to issue and renew visiting faculty permits that would be valid for one year and renewable 2 times and authorize instruction in departmentalized classes to individuals who satisfy specified requirements, including having a minimum of 3 years, as specified, of full-time teaching experience at, or the full-time equivalent of that experience at, an accredited California community college, a campus of the California State University or the University of California, or a regionally accredited private, nonprofit postsecondary institution. Before issuing a visiting faculty permit, the commission would be required to review and approve the justification for the permit submitted by the employing school district. The commission would be authorized to deny a request for a visiting faculty permit that does not include the requisite justification.

The commission would be required to issue 5-year preliminary single subject teaching credentials authorizing instruction in departmentalized classes to individuals who satisfy specified requirements, including possession of a visiting faculty permit and completion of a course in teaching methodology. These individuals would be eligible for professional clear single subject teaching credentials if they submit verification that they have completed individualized professional development plans that include mentoring, support, and assistance provided by a credentialed, experienced teacher and verification that addresses the health education requirement that other candidates for professional clear credentials must satisfy.

(2) Existing law requires the commission to issue certificates that authorize the holder to provide specified instructional services to English learners and sets forth the minimum requirements for those certificates, including, among others, possession of a valid California teaching credential, services credential, children’s center instructional permit, or children’s center supervision permit.

This bill would include possession of a visiting faculty permit within the credentials and permits that satisfy the minimum requirements for the issuance of a certificate that authorizes the provision of instructional services to English learners.

(3) This bill would incorporate additional changes in Section 44253.3 of the Education Code, proposed by SB 777, to be operative only if SB 777 and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

Ch. 724 (SB 1021) Padilla Beverage containers: grants.

The California Beverage Container Recycling and Litter Reduction Act requires a distributor of specified beverage containers to pay a redemption payment to the Department of Conservation (department) for each beverage container sold or transferred, for deposit in the California Beverage Container Recycling Fund. The moneys in the fund are continuously appropriated to the department to pay refund values, administrative fees, and a reserve for contingencies. The department is authorized to expend the moneys in the fund for administrative costs only upon appropriation by the Legislature. The department is then

authorized to make other specified expenditures from the moneys remaining in the fund after the moneys for those purposes have been set aside, including the expenditure of up to \$5,000,000 from January 1, 2007, to January 1, 2008, to provide grants to local governments or nonprofit agencies to place multifamily housing source separated beverage container recycling receptacles in low-income communities.

This bill would additionally authorize the department to expend up to \$15,000,000 from January 1, 2008, to January 1, 2009, to provide grants to place source separated beverage container recycling receptacles in multifamily housing, thereby making an appropriation. The bill would also authorize the department to expend \$198,000 from the fund, on a one-time basis, for the administrative costs of implementing this grant program.

Ch. 725 (SB 1029) Ducheny Drinking water standards.

Existing law, the Administrative Procedure Act, contains various provisions governing the conduct of administrative adjudication and rulemaking proceedings of state agencies. The act requires, among other things, an agency seeking to adopt regulations to submit to the Office of Administrative Law, in addition to its proposed regulations, a file that includes certain information, including a financial estimate, prepared in accordance with instructions adopted by the Department of Finance and authorizes the department to review any estimate created pursuant to these instructions.

Existing law, the Calderon-Sher Safe Drinking Water Act of 1996, requires the State Department of Public Health to, among other things, adopt regulations relating to primary and secondary drinking water standards for contaminants in drinking water, which are based upon specified criteria.

This bill would require the Department of Finance, notwithstanding any other provision of law, to take no longer than 90 days, from the date of submission or resubmission of a rule or regulation by the State Department of Public Health to the Department of Finance, to complete its documentation or estimate review, if required, in connection with any proposed regulation that is submitted by the department to the office in relation to the maximum contaminant levels for primary or secondary drinking water standards subject to certain limitations.

This bill would also permit the State Department of Public Health to adopt specified federal rules and regulations other than those relating to the maximum contaminant level of primary or secondary drinking water standards, in accordance with specified procedures.

Ch. 726 (AB 335) De Leon CalWORKs: aid: homeless assistance.

Existing federal law provides for allocation of federal funds through the federal Temporary Assistance for Needy Families (TANF) block grant program to eligible states. Existing law provides for the California Work Opportunity and Responsibility to Kids (CalWORKs) program under which, through a combination of state and county funds and federal funds received through the TANF program, each county provides cash assistance and other benefits to qualified low-income families. Existing law establishes maximum aid grant amounts to be provided under the CalWORKs program, and provides, with certain exceptions, that the aid grant amounts shall be adjusted annually to reflect any increases or decreases in the cost of living.

Under existing law, after a family has used all available liquid resources in excess of \$100, the family shall be entitled to receive an allowance for nonrecurring special needs, including homeless assistance, under specified circumstances, including when homelessness is a direct result of domestic violence by a spouse, partner, or roommate. Existing law requires domestic violence under these circumstances to be verified by a 3rd-party governmental or private health and human services agency.

This bill would also permit the domestic violence to be verified by a sworn statement made by the victim, as provided by specified existing law. It would also require county welfare departments to inform recipients who verify domestic violence by this sworn statement of

specified information. By increasing the duties of local officials, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 727 (SB 67) Perata Vehicles: speed contests and reckless driving.

Existing law, as of January 1, 2007, allows a peace officer to arrest and take into custody a person that a peace officer determines was engaged in a motor vehicle speed contest and permits the peace officer to cause the removal and seizure of the motor vehicle used in the contest, in accordance with specified statutory procedures. A vehicle impounded under these provisions is required to be impounded for not more than 30 days, with specified exceptions. Existing law permits the release of the motor vehicle prior to the end of the impoundment period in specified circumstances. Existing law makes the registered owner or his or her agent responsible for, among other things, all towing and storage charges related to the impoundment and any authorized administrative charges, except under specified circumstances.

This bill, the U'Kendra K. Johnson Memorial Act, would extend those provisions to persons engaged in reckless driving on a highway, reckless driving in an offstreet parking facility, or an exhibition of speed on a highway. It would require the impounding agency to release the vehicle to the registered owner prior to the conclusion of the impoundment period if the registered owner was neither the driver nor a passenger in the vehicle at the time of the alleged violation, or was unaware that the vehicle was being used to engage in the prohibited activities.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 728 (SB 719) Machado San Joaquin Valley Unified Air Pollution Control District: district board membership.

(1) Existing law establishes the San Joaquin Valley Unified Air Pollution Control District formed by the Counties of Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare, and consisting of the Counties of Fresno, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare, and that portion of the County of Kern that is within the San Joaquin Valley Air Basin, as a single integrated agency with all staff under one centralized management structure that is able to implement programs on a basinwide basis. Existing law requires the district to be governed by a district board composed of a total of 11 voting members. Of those members, existing law requires 8 members to be appointed by each of the Counties of Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare. The remaining 3 members are appointed by cities within the territory of the district, based on region and population.

This bill would increase the membership of the district board to 15 members. In addition to the existing 8 county members, the bill would require the appointment of 5 city council members by the cities within the territory of the district, based on region and population. The bill would require 2 public members to be appointed to the district board by the Governor, with the advice and consent of the Senate. The bill would require each member to be appointed in accordance with certain requirements, and would prohibit a member from designating an alternate for any purpose or otherwise being represented by another person in his or her capacity as a member of the district board. The bill would require all members to be residents of the district. Because of the additional duties this bill would require of the district, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 729 (SB 990) Kuehl Hazardous waste: Santa Susana Field Laboratory.

(1) Existing law charges the Director of Toxic Substances Control with oversight over hazardous waste control in the state. A violation of the hazardous waste control laws is a crime.

This bill would authorize the Department of Toxic Substances Control to compel a responsible party or parties to take or pay for appropriate removal or remediation action, as prescribed, necessary to protect public health and safety and the environment at the Santa Susana Field Laboratory site in Ventura County. The sale, lease, sublease, or other transfer of any land presently or formerly occupied by the Santa Susana Field Laboratory would be prohibited unless the Director of Toxic Substances Control certifies that the land has undergone complete remediation pursuant to specified protective standards.

Because a violation of this bill's requirements would be a crime, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 730 (SB 132) Committee on Education Education.

The Education Code assigns various duties to state and local educational agencies and governs the operation of public schools, community colleges, and universities in the state.

This bill would make various clarifying and technical changes to the code and also delete obsolete provisions from the code.

Ch. 731 (SB 219) Steinberg Pupil achievement: Academic Performance Index: alternative education.

Existing law requires the Superintendent of Public Instruction, with approval of the State Board of Education, to develop the Academic Performance Index (API) consisting of a variety of indicators currently reported to the State Department of Education to track the achievement of schools and their pupils. Statutory provisions establish a specific calculation for graduation rates to be included within the API and require the Superintendent to provide an annual report to the Legislature on graduation and dropout rates in California. The Superintendent is required to establish an advisory committee to advise the Superintendent and the state board on all matters relative to the creation of the API and implementation of the Immediate Intervention/Underperforming Schools Program and the High Achieving/Improving Schools Program.

This bill, beginning July 1, 2011, would require that the API include additional information regarding test scores and other accountability data of pupils who were referred by the school or school district of residence to an alternative education program and school and school district dropout rates. The bill would require the advisory committee to recommend to the Superintendent and the state board certain matters relative to the assignment of the accountability data on pupils in alternative education programs. The requirements imposed by the bill would become operative only if local educational agencies receive a per pupil allocation prior to the 2010-11 fiscal year for implementation of the California Longitudinal Pupil Achievement Data System.

Ch. 732 (SB 405) Steinberg Schools: curriculum: opportunities for pupils.

(1) Under existing law, the Middle and High School Supplemental Counseling Program is established to provide additional counseling services to pupils in grades 7 to 12, inclusive.

NOTE: Superior numbers appear as a separate section at the end of the digests.

As a condition of receiving funds, the governing board of each school district maintaining any of grades 7 to 12, inclusive, is required to hold a public meeting to adopt the program, which is required to include specified provisions.

This bill would expand the program requirements to include provisions for individualized review of the career goals of the pupil and academic and career-related opportunities available to the pupil and for explanation of the coursework and academic progress required for eligibility for admission to a 4-year college. School districts, as a condition of the program, also would be required to perform additional duties related to identifying and monitoring pupils who are not on track to satisfy the curricular requirements for admission to the University of California and the California State University and to mandate each school perform additional duties related to that subject.

(2) This bill also would incorporate additional changes in Section 52378 of the Education Code, proposed by AB 347, to be operative if AB 347 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 733 (SB 717) Perata Transportation Investment Fund.

Existing law specifies the allocation of funds in the Transportation Investment Fund, derived from a portion of the sales tax on gasoline, to various transportation projects and programs. Article XIX B of the California Constitution requires, commencing with the 2003–04 fiscal year, that sales taxes on motor vehicle fuel that are deposited into the General Fund be transferred to the Transportation Investment Fund for allocation for those transportation purposes until the end of the 2007–08 fiscal year. Thereafter, Article XIX B requires these revenues to be allocated to broad categories of transportation purposes, including 20% for programs funded by the Public Transportation Account, 40% for transportation capital improvement projects in the State Transportation Improvement Program, and 40% for apportionment to cities and counties pursuant to certain formulas for road maintenance and construction purposes.

This bill would continue the Transportation Investment Fund in existence and would specify the use of revenues deposited in that fund from gasoline sales tax revenues subject to Article XIX B beginning in the 2008–09 fiscal year. Moneys in the fund would be continuously appropriated without regard to fiscal year.

Ch. 734 (SB 976) Torlakson San Francisco Bay Area Water Emergency Transportation Authority.

Existing law creates the San Francisco Bay Area Water Transit Authority (WTA) with specified powers and duties relative to the development of a plan for implementation and operation of a water transit system on San Francisco Bay.

This bill would repeal those provisions and establish the San Francisco Bay Area Water Emergency Transportation Authority (WETA) with specified powers and duties, including, but not limited to, the authority to, among other things, coordinate the emergency activities of all water transportation and related facilities within the bay area region, as defined. The bill would require the WTA to transfer, among other things, the title and ownership of all property within its control to the WETA. The bill would also require the transfer to the WETA of funds designated for the WTA and all public transportation ferries and related water transportation services and facilities within the bay area region, as specified. The bill would provide that the WETA is as fully entitled to new allocations or distributions of funds as if it were the WTA. The bill would require the WETA to be governed by a board composed of five members appointed by the Governor, the Senate Committee on Rules, and the Speaker of the Assembly, as specified, and would set forth various duties and powers of the board. The bill would require the WETA to create and adopt, in cooperation with the Metropolitan Transportation Commission and the State Office of Emergency Services, among other agencies, an emergency water transportation system management plan for water transportation services in the bay area region and a related transition plan, as specified. The

bill would require adoption of the management plan on or before July 1, 2009, and adoption of the transition plan on or before January 1, 2009, and would require the WETA to provide a copy of the plans to each city and county in the bay area region at least 45 days prior to the plans' adoption. The bill would require the WETA to set fares for travel on the water transportation system it operates and would authorize the WETA to issue bonds, levy special benefit assessments, and borrow money, as specified. The bill would require that represented employees of the WTA become employees of the WETA and suffer no loss of employment or reduction in wages or health benefits, among other things. The bill would prescribe related matters with regard to the powers and duties of the WETA.

By imposing those duties on the WETA, the bill would impose a state-mandated local program.

Existing law requires the Metropolitan Transportation Commission to allocate certain amounts of the toll increase approved in 1988 for specified purposes.

This bill would require that funds made available for rapid water transit systems pursuant to that provision be allocated to the WETA.

Existing law authorizes the funding of certain projects and programs in the Regional Traffic Relief Plan from toll bridge revenues, as specified, and identifies the WTA as the project sponsor for certain of those projects.

This bill would instead identify the WETA as the project sponsor in place of the WTA.

Existing law specifies that one of the projects in the Regional Traffic Relief Plan is the purchase of 2 vessels for ferry services between Alameda and Oakland areas and San Francisco. Existing law authorizes the WTA to use the funds for terminal improvements if the WTA demonstrates to the Metropolitan Transportation Commission that it has secured alternative funding for those vessel purchases.

This bill would also authorize the WETA to use the funds for consolidation of existing ferry operations if the WETA demonstrates to the Metropolitan Transportation Commission that it has secured that alternative funding.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 735 (AB 258) Krekorian Water quality: plastic discharges.

Under the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board and the California regional water quality control boards are the principal state agencies with authority over matters relating to water quality. The state board and the regional boards prescribe waste discharge requirements for the discharge of waste in accordance with the federal national pollutant discharge elimination system (NPDES) permit program established by the federal Clean Water Act and the Porter-Cologne Water Quality Control Act. A person who discharges waste into the waters of the state in violation of waste discharge requirements, or other order or prohibition issued by a regional board or the state board, is required upon the order of that regional board or the state board, to clean up the waste or to abate the effects of the waste. The act authorizes the state board or a regional board to issue a cleanup or abatement order.

This bill would require the state board and the regional boards, by January 1, 2009, to implement a program for the control of discharges of preproduction plastics from point and nonpoint sources, including waste discharge, monitoring, and reporting requirements that, at a minimum, target plastic manufacturing, handling, and transportation facilities, and the implementation of specified minimum best management practices for the control of discharges of preproduction plastic. The bill would require the state board to determine the appropriate regulatory methods to address the discharges from point and nonpoint sources. The state board would be required, when developing the program, to consult with any regional board with plastic manufacturing, handling, and transportation facilities located

within the regional board's jurisdiction that have already voluntarily implemented a program to control discharges of preproduction plastic. The state board would also be required to include criteria for submitting a no exposure certification in all NPDES permits regulating plastic manufacturing, handling, or transportation facilities. The bill would provide that facilities that meet the no exposure certification criteria are conditionally exempt from NPDES permitting requirements.

Ch. 736 (AB 617) Torrico State contracts: information technology goods and services.

Existing law authorizes the Department of General Services to provide for progress payments in any contract for information technology goods or services that are to be manufactured or performed by the contractor, exclusively for the state, at the contractor's shop or plant, provided that not less than 10% of the contract price be withheld until final delivery and acceptance of the goods or services, and that the contractor submit a faithful performance bond, in a specified sum.

This bill would, until July 1, 2013, delete the performance bond requirement, and would require the department, in consultation with the Department of Finance, to develop and maintain criteria for the evaluation of risk to the state that results from the acquisition of information technology goods or services, and would require this risk analysis to determine the need for financial protection that is in the best interest of the state, as specified. This bill would also require the department to submit the criteria developed and maintained for the evaluation of risk to the state that results from the acquisition of information technology goods and services to the Joint Legislative Budget Committee and to the State Chief Information Officer, as specified. This bill would require the State Chief Information Officer to review all contracts approved pursuant to this provision, as specified, and to submit a report to the Legislature, as specified.

Ch. 737 (AB 932) Jeffries Convict labor: fire camps: weight training equipment.

Existing law appropriates moneys from the Inmate Welfare Fund of the Department of Corrections and Rehabilitation for educational and recreational purposes at prison camps, as specified. Existing law also provides for the regulation of the use of weight training equipment in correctional facilities.

This bill would require the Secretary of the Department of Corrections and Rehabilitation to provide inmates assigned to fire suppression efforts with access to weight training equipment in accordance with the regulations provided for the use of weight training equipment in correctional facilities.

Ch. 738 (AB 1248) Evans Courts.

(1) Existing law requires the Administrative Office of the Courts to make monthly distributions from superior court filing fees to the law library fund in each county in specified amounts.

This bill would increase the amount of these monthly distributions for the Counties of Inyo, Mendocino, Plumas, and San Benito, as specified.

(2) Under existing law, the parent or guardian of a minor is jointly and severally liable with the minor for civil damages resulting from the willful misconduct of the minor that causes the injury or death of another person or the injury or defacement of property, not to exceed \$25,000 for each tort, as specified. Existing law requires the Judicial Council to adjust that amount every 2 years to reflect any increase in the cost of living in California, and to compute and publish the adjusted amount on or before January 1 of each odd-numbered year.

This bill would change the date by which the Judicial Council is required to complete those duties to July 1 of each odd-numbered year.

(3) Existing law allows a plaintiff to commence an action in small claims court by filing a claim under oath with the clerk of the small claims court in person or by mail.

This bill would, in addition, allow a plaintiff to commence an action in small claims court by filing a claim by fax or by electronic means.

(4) Existing law provides that if a complaint or other first paper is accompanied by payment by check in an amount less than the required fee, the clerk shall accept the paper for filing, but shall not issue a summons until the court receives full payment of the required fee. Existing law requires the clerk to issue a specified notice regarding the amount of the fee owed, including a notice that payment of a certain administrative charge and the remainder of the required filing fee shall be in cash, by cashier's check, or by other means specified by the court but not by traveler's check or personal check.

This bill would allow a person who files a complaint or other first paper and who pays by check in an amount less than the required fee to pay the remainder of the fee by personal check.

(5) Existing law establishes the Trial Court Trust Fund, the proceeds of which are apportioned for the purposes of funding trial court operations. Existing law, the Unclaimed Property Law, provides that certain property escheats to the state under specified circumstances. Existing law exempts certain property from these provisions.

This bill would, in addition, exempt from the Unclaimed Property Law any property in the official custody of a court if the property may be transferred to the Trial Court Operations Fund under specified provisions of law.

(6) The Civil Discovery Act allows any party to a civil action to obtain discovery, as specified, by inspecting documents, tangible things, and land or other property in the possession of any other party to the action. Existing law requires the party to whom an inspection demand has been directed to respond separately to each item or category of item by any of certain responses, including a statement that the party will comply with the particular demand for inspection and any related activities.

This bill would require that this response state that the party will comply with the inspection demand by the date set for inspection pursuant to specified provisions of law relating to the time for inspection.

(7) Existing law allows the party demanding an inspection and the responding party to agree to extend the time for service of a response to a set of inspection demands, or to particular items or categories of items in a set, to a date beyond that provided in a specified provision of law setting the time for serving such a response.

This bill would, in addition, allow the parties to agree to extend the date for inspection set pursuant to the provisions of law relating to the time for inspection.

The bill would require the documents subject to an inspection demand to be produced on the date specified in the inspection demand pursuant to the provisions of law relating to the time for inspection, unless an objection has been made to that date. The bill would provide that, if the date for inspection has been extended pursuant to the above provisions of law relating to extensions, the documents shall be produced on the date agreed to pursuant to those provisions.

(8) Existing law provides that, if the county elections official refuses to register any qualified elector in the county, the elector may proceed by action in the superior court to compel his or her registration. Existing law allows a voter to seek a court order requiring his or her provisional ballot to be included in an official canvass.

This bill would prohibit a fee from being charged to a claimant by the clerk of the court for services rendered in connection with either of those actions.

(9) Existing law requires a court, as part of the court order granting permission to marry under specified provisions of law relating to the marriage of minors, to require the parties to the prospective marriage of a minor to participate in premarital counseling if the court considers the counseling to be necessary. Existing law allows the court to impose a reasonable fee to cover the cost of any premarital counseling provided by the county.

This bill would allow the court, in addition, to impose a reasonable fee to cover the cost of this counseling provided by the court.

(10) Existing law establishes specified programs relating to the supervised visitation of children in connection with marital dissolution, marital separation, or child custody proceedings. Existing law requires the Judicial Council, on the first day of March of each year, to report to the Legislature on these programs, as specified.

This bill would require, instead, that the Judicial Council report to the Legislature on these programs on the first day of March of each even-numbered year.

(11) Existing law specifies fees for filing various court-related documents relating to certain claims, motions, appeals, requests, notices, stipulations and orders, certifications, oppositions, petitions, and appointments.

This bill would make specified changes to the amounts of those fees and the documents to which they apply.

(12) Existing law provides that any money in a court bank account or in a court trust account in a county treasury that remains unclaimed for 3 years shall become the property of the superior court if, after published notice, the money is not claimed or no verified complaint is filed and served. Existing law provides that if a claim is filed and rejected, or no action is taken on it, the party who submitted the claim may file a verified complaint seeking to recover all, or a specified part, of the money.

This bill would provide that any portion of the unclaimed money not covered by the verified complaint shall become the property of the court if no other claim or verified complaint has been filed regarding it within a specified time. The bill would further provide that, if the party that submitted the claim does not file a verified complaint within 30 days after the date that the court mailed notice that the claim was rejected or within 60 days after the claim was filed, the money shall become the property of the court.

(13) Existing law requires each superior court to deposit specified fees and fines, as soon as practicable after collection and on a regular basis, into a bank account established for this purpose by the Administrative Office of the Courts. Existing law requires each court, within a certain period of time, to provide the Administrative Office of the Courts with a report of the fees by categories.

This bill would make specified changes to the fees that are subject to these requirements and would allow the Administrative Office of the Courts and any court to agree on an extension of the time to provide the above report.

(14) Existing law requires that the amounts collected by each superior court under specified provisions of law be added to the monthly apportionment for that court from the Trial Court Trust Fund.

This bill would make specified changes to the fees subject to this requirement. The bill would make certain other changes to the calculation of amounts to be deposited in the Trial Court Trust Fund.

(15) Existing law allows the Judicial Council to take certain actions relating to the administration of the courts.

This bill would require the council, after receiving comment from the courts, court employee organizations, and other interested groups, to adopt fiscally responsible travel reimbursement policies, procedures, and rates for the judicial branch that provide for appropriate accountability.

(16) Existing law authorizes the Judicial Council to establish a tax-exempt public benefit nonprofit corporation, or other tax-exempt entity, qualified under federal and state law to receive grants or other financial support from private or public sources for the purposes of undertaking or funding any survey, study, publication, proceeding, or other activity authorized by law to be undertaken by the Judicial Council.

This bill would restrict the use of that financial support solely for the governmental purposes approved by the Judicial Council for activities within the scope of authority of the Judicial Council. The bill would authorize the Administrative Office of the Courts to provide administrative support and oversight services to a tax-exempt public benefit nonprofit corporation or other tax-exempt entity established under these provisions, as specified.

(17) Existing law provides that, in the trial of a capital case or other specified cases, an indigent defendant may make a request to the court for funds for investigators for the presentation of the defense. Existing law allows the Supreme Court to compensate counsel representing indigent defendants in automatic appeals arising out of a judgment of death, or for state postconviction proceedings in those cases, at a specified rate. Existing law also allows the Supreme Court to raise the guideline limitation on investigative and other expenses allowable for counsel to adequately investigate and present collateral claims to up to \$25,000 without an order to show cause.

This bill would, instead, allow the Supreme Court to set a guideline limitation on the above expenses of up to \$50,000 without an order to show cause.

(18) Under existing law, various fees charged for superior court filings and services are intended to be uniform statewide and to be the only allowable fees for those services and filings, except as specified. Existing law allows certain charges to be added to those fees, including various charges applicable in the County of San Bernardino and other specified counties.

This bill would add certain superior court fees to the fees in the County of San Bernardino to which a specified surcharge may be added.

(19) Existing law provides that, when an arresting officer attempts to take before a magistrate a person arrested for a misdemeanor or infraction for violating the provisions of law regulating vehicles, and the magistrate is not available, the arresting officer shall take the arrestee before one of 2 persons, who shall admit the arrestee to bail in accordance with a schedule fixed as specified.

This bill would require that the person before whom the arrestee is taken admit the arrestee to bail for the full amount set for the offense in the above schedule.

(20) Existing law provides that, whenever a person is arrested for any nonfelony violation of the provisions of law governing vehicles, or for a violation of a local ordinance relating to traffic offenses, and he or she is not immediately taken before a magistrate, the arresting officer shall prepare a written notice to appear in court or before a person authorized to receive a deposit of bail, as specified. Existing law provides that, prior to any of specified dates, the defendant may deposit bail with the magistrate or the person authorized to receive a deposit of bail.

Existing law requires the clerk of the court to collect a fee from every person who is ordered or permitted to attend a traffic violator school pursuant to specified provisions of law, or who attends any other court-supervised program of traffic safety instruction. Existing law requires that the amount of the fee equal the total bail set forth for the eligible offense on the uniform countywide bail schedule.

This bill would provide, in addition, that, with respect to an arrestee, the clerk of the court may accept a payment and forfeiture of at least 25% of the total bail amount for each infraction violation prior to the above dates if specified circumstances exist, including the execution by the defendant of a written agreement to pay and forfeit the remainder of the required bail according to an installment schedule as agreed upon with the court. The bill would, with respect to a defendant who is ordered or permitted to attend traffic violator school, allow the clerk to accept from the defendant a payment of at least 25% of the fee required by the above provisions upon filing a written agreement by the defendant to pay the remainder of the fee according to an installment payment schedule of no more than 90 days as agreed upon with the court. The bill would require the Judicial Council to prescribe the forms of these agreements and would make other conforming changes.

(21) Existing law allows the imposition of a \$1 special assessment for every fine and forfeiture imposed and collected by any court that conducts a night session on all offenses involving a violation of the provisions of law regulating vehicles or any local ordinance adopted pursuant to those provisions, except as specified.

This bill would apply the above \$1 special assessment, instead, to every fine, forfeiture, and traffic violator school fee imposed and collected by a court that conducts a night or weekend session, except as specified.

(22) This bill would make other related and technical changes.

(23) This bill would incorporate additional changes in Section 14310 of the Elections Code, proposed by AB 1243, to be operative only if AB 1243 and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

(24) This bill would incorporate additional changes in Section 68152 of the Government Code, proposed by AB 430, to be operative only if AB 430 and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

(25) This bill would incorporate additional changes in Section 40509.5 of the Vehicle Code, proposed by AB 678, to be operative only if AB 678 and this bill are both chaptered and become effective on or before January 1, 2008, and this bill is chaptered last.

Ch. 739 (AB 1488) Mendoza Air pollution: smog check program: diesel-powered vehicles.

(1) Existing law establishes a motor vehicle inspection and maintenance program (smog check), administered by the Department of Consumer Affairs and the State Air Resources Board, that provides for the inspection of all motor vehicles, except those specifically exempted from the program, upon registration, biennially upon renewal of registration, upon transfer of ownership, and in certain other circumstances. Existing law also establishes an enhanced motor vehicle inspection and maintenance program (smog check II) in each urbanized area of the state, any part of which is classified by the United States Environmental Protection Agency as a serious, severe, or extreme nonattainment area for specified air contaminants. Existing law also requires the smog tests to include, at minimum, loaded mode dynamometer testing in enhanced areas, and 2-speed testing in all other program areas, and a visual or functional check of emission control devices specified by the department. Existing law exempts diesel-powered vehicles from these requirements, unless the department determines that the inclusion of those vehicles is technologically and economically feasible, and, if the department makes that determination, requires a visual inspection of emission control devices and the diesel-powered vehicle's exhaust emissions, and authorizes the testing of emissions of specified pollutants and the measurement of emissions of smoke or particulates, or both. Violations of smog check requirements are a crime.

This bill would, starting January 1, 2010, include diesel-powered vehicles manufactured after the 1997 model-year that have a gross vehicle weight rating of less than 8,501 pounds in the biennial smog check program, as provided.

The bill would authorize diesel-powered vehicle smog check testing to include on-board diagnostic testing.

Because violations of these requirements would be a crime, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 740 (AB 1539) Krekorian Sentencing.

Under existing law, a state prisoner who is diagnosed with a disease that would produce death within 6 months and whose release is deemed not to threaten the public safety may have his or her sentence recalled and be resentenced. Existing law additionally sets forth grounds under which the court has discretion to find that a prisoner is eligible for resentence or recall.

This bill would extend those provisions for early release to prisoners who are permanently medically incapacitated and whose release is deemed not to threaten public safety. This bill would also oblige a physician employed by the Department of Corrections and

Rehabilitation who determines that a prisoner has 6 months or less to live to inform the appropriate chief medical officer of that fact, and, if he or she concurs, would oblige the chief medical officer to inform the warden of that fact. This bill would also require the warden or the warden's representative to inform a prisoner given that prognosis of the recall and resentencing procedures, and to arrange for the prisoner's designee to be informed of the prisoner's medical condition and prognosis, and of the procedures for recall and resentencing. This bill would require the warden or the warden's representative to contact a mentally unfit inmate's emergency contact and provide the contact with this information. This bill would also direct the warden or the warden's representative to keep the prisoner and the prisoner's designee apprised of the prisoner's medical condition and recall and resentencing proceedings. This bill would also provide that when a prisoner or his or her designee initiates recall and resentencing procedures, the chief medical officer and the warden or the warden's representative, if they find that the prisoner has 6 months or less to live, shall, within 48 hours of their finding, inform the prisoner or his or her designee of the recall and resentencing procedures. This bill would also require release of a prisoner who is resented within 48 hours of receipt of the court's order, unless the prisoner agrees to a longer time period, and would require that the prisoner be given his or her medical records, state identification, medications, and property at the time of release. Finally, this bill would require the secretary to issue a directive to Department of Corrections and Rehabilitation staff explaining recall and resentencing procedures.

Ch. 741 (AB 1540) Bass Student financial aid: Cash for College Program.

Existing law establishes the Student Aid Commission as the primary state agency for the administration of state-authorized student financial aid programs available to students attending all segments of postsecondary education. Under existing law, the commission, among other things, administers the Cal Grant Program, the Student Opportunity and Access Program, the Assumption Program of Loans for Education, the Graduate Assumption Program of Loans for Education, the Public Interest Attorney Loan Repayment Program, and the California State Work-Study Program. The Student Aid Commission also oversees the state's participation in the Federal Family Education Loan Program.

This bill would express the intent of the Legislature that California students with financial need be made aware of the opportunities afforded to them through the various state and federal financial aid programs. The bill would express various findings and declarations of the Legislature relating to the Cash for College Program. The bill would establish the Cash for College Program under the administration of the Student Aid Commission, and would authorize the commission to allocate funds for support of local Cash for College projects designed to accomplish prescribed goals. The bill would require the commission to contract with an external evaluator to conduct an independent evaluation, and to report to the fiscal and policy committees of the Legislature by December 1 of each year, detailing program data, expenditures, and the findings of the independent evaluation on the extent to which program goals have been met. The bill would create the Cash for College Fund and would continuously appropriate voluntary contributions or donations received into the fund to the commission for purposes of the program. The bill would require the commission to allocate funds to regional coordinating organizations, as defined, to plan, coordinate, or conduct Cash for College workshop series within specified regions within the state. The bill would authorize the commission to partner with regional coordinating organizations or other entities to facilitate additional nonstate funding or donations of property, or both, for the program.

Ch. 742 (AB 1712) Committee on Veterans Affairs State militia: armories.

Existing law authorizes the Adjutant General to use specified funds, if appropriated by the Legislature, for the maintenance, repairs, improvements, and operating expenses necessary for increased or improved community utilization of armory facilities, as provided.

This bill would require the Military Department to submit a report to the Legislature, as specified, on the status of all California armories, as provided.

Ch. 743 (AB 1658) Sharon Runner Alcoholic beverages: underage drinking.

(1) (A) Existing law provides that every person who sells, furnishes, gives, or causes to be sold, furnished, or given away, any alcoholic beverage to a person under the age of 21 years is guilty of a misdemeanor punishable by a fine of \$1,000 and community service.

(B) Existing law also provides that any person under the age of 21 years who purchases any alcoholic beverage or who consumes any such beverage in any on-sale premises is guilty of a misdemeanor. Existing law provides, with respect to this misdemeanor, that a first violation is punishable by a fine not to exceed \$250 and community service and for subsequent violations, a fine of \$500 and community service.

(C) Under the Alcoholic Beverage Control Act, it is a misdemeanor for any person to provide an alcoholic beverage to a person under the age of 21 years who consumes the beverage and thereby proximately causes great bodily injury or death, punishable by imprisonment in a county jail for six months to one year, a fine not to exceed \$1,000, or by both imprisonment and fine.

(D) Additionally, existing law provides that any on-sale licensee who knowingly permits a person under the age of 21 years to consume alcoholic beverages in the on-sale premises, whether or not the licensee has knowledge that the person is under the age of 21 years, is guilty of a misdemeanor. Existing law provides that the penalties imposed under this provision do not preclude prosecution under any other provision of law.

(E) This bill would provide that the penalties imposed under (A), (B), (C), and (D) above do not preclude the imposition of penalties under a specified provision of law and would also provide that the fine imposed under (C) is \$1,000.

(2) The Alcoholic Beverage Control Act provides that any person under the age of 21 years who attempts to purchase any alcoholic beverage from a licensee, or the licensee's agent or employee, is guilty of an infraction. The act further provides, with respect to this infraction, that a first violation is punishable by a fine of not more than \$100 and for subsequent violations, a fine of \$250 or community service.

This bill would increase the fine for a first violation to \$250 and to \$500 for subsequent violations. This bill would also provide that penalties imposed under this provision do not preclude prosecution or the imposition of penalties under any other provision of law.

(3) The Alcoholic Beverage Control Act provides that any person under the age of 21 years who presents to a licensee any false identification for the purpose of ordering or purchasing or attempting to order or purchase alcoholic beverages is guilty of a misdemeanor, and subject to a fine of at least \$250, or specified community service, or both.

Existing law provides that a 2nd or subsequent violation would be punishable by a fine of not more than \$500 or community service, as specified, or a combination of fine and community service, as the court deems just.

This bill would provide that penalties imposed under this provision do not preclude prosecution or the imposition of penalties under any other provision of law.

(4) The Alcoholic Beverage Control Act makes it a misdemeanor for a person under the age of 21 years to have in his or her possession any alcoholic beverage on any street or highway or in any public place or place open to the public. Existing law makes a first violation of that provision punishable by a fine of at least \$250 or between 24 and 32 hours of community service and a 2nd or subsequent violation a misdemeanor punishable by a fine of not more than \$500, 36 to 48 hours of community service, and provides that any grant of probation shall include the fine and not less than 50 hours of community service.

This bill would provide that penalties imposed under this provision do not preclude prosecution or the imposition of penalties under any other provision of law.

(5) Existing law prescribes certain unlawful acts relating to the use of identification cards and driver's licenses issued by the Department of Motor Vehicles. Existing law specifically

prohibits the manufacture or sale of an identification document of a size and form substantially similar to the identification cards or the driver's licenses issued by the department. A violation of these prohibitions is a misdemeanor punishable by a fine of not less than \$500.

This bill would provide that a violation of these provisions is punishable by a fine of \$1,000 and community service.

(6) By changing the penalties for existing crimes, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 744 (AB 1739) Committee on Governmental Organization Alcoholic beverages.

(1) Existing law, known as tied-house restrictions, prohibits a manufacturer, winegrower, manufacturer's agent, rectifier, California winegrower's agent, distiller, bottler, importer, and wholesaler, and any officer, director, or agent of any of those persons, from having specified relationships with an on-sale alcoholic beverage licensee with limited exceptions. The Alcoholic Beverage Control Act provides that a violation of its provisions is punishable as a misdemeanor.

This bill would provide an additional exception to those restrictions for an employee of a licensee who is the spouse of an on-sale licensee, if the on-sale licensee does not purchase, offer for sale, or promote, regardless of source, any of the brands of alcoholic beverages that are produced, bottled, processed, imported, rectified, distributed, represented, or sold by a licensee that employs the spouse of the on-sale licensee.

(2) Existing law generally prohibits a manufacturer of alcoholic beverages and a winegrower from paying, crediting, or compensating a retailer for advertising or paying or giving anything of value for the privilege of placing a sign or advertisement with a retail licensee. It authorizes, as an exception, the holder of a winegrower's license, a California winegrower's agent, a beer manufacturer, a distilled spirits rectifier, a distilled spirits manufacturer, or a distilled spirits manufacturer's agent, to purchase advertising space and time from, or on behalf of, an on-sale retail licensee, under certain conditions, if the on-sale retail licensee is the owner, manager, agent of the owner, assignee of the owner's advertising rights, or major tenant of specified facilities.

This bill would expand the exceptions to existing law to allow beer manufacturers, winegrowers, distilled spirits rectifiers, distilled spirits manufacturers, or distilled spirits manufacturer's agents to purchase advertising space and time from, or on behalf of, on-sale retail licensees at specified facilities for a safe ride home program operated by, or funded by, the purchaser at the specified facility. This bill would provide that any advertising space and time purchased for the safe ride home program would be in addition to advertising purchased under the existing exceptions.

(3) The Alcoholic Beverage Control Act prohibits the sale, giving, or delivering of, or the knowing purchase of, an alcoholic beverage between the hours of 2 a.m. and 6 a.m. of the same day, as a misdemeanor. Existing law provides that on the day that a time change occurs from Pacific standard time to Pacific daylight saving time, or back again to Pacific standard time, 2 a.m. means 2 hours after 12 p.m. of the day preceding the change.

This bill would provide that, during a change from Pacific standard time to Pacific daylight saving time, or back again, 2 a.m. means 2 hours after midnight.

(4) The Alcoholic Beverage Control Act prohibits the sale of alcoholic beverages to, or the purchase of alcoholic beverages by, persons under the age of 21 years, and imposes penalties in that regard, but permits minors to be used as decoys in the enforcement of these provisions to apprehend licensees, or employees or agents of licensees, who sell alcoholic

beverages to minors. The act provides that a violation of this prohibition is punishable as a misdemeanor.

Existing law also requires that, after the completion of each minor decoy program, the law enforcement agency using the decoy shall notify licensees of the results of the program. Under the act, the law enforcement agency is additionally required to notify a licensee within 72 hours when the use of a minor decoy results in a citation.

This bill would expand this provision to allow minors to be used to apprehend licensees, or employees or agents of licensees, and other persons who both sell or furnish alcoholic beverages to minors.

This bill would also require the law enforcement agency to notify the Department of Alcoholic Beverage Control when the use of a minor decoy results in the issuance of a citation.

(5) By expanding the definition of an existing crime and changing the definition of an existing crime, this bill imposes a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(6) This bill would incorporate additional changes to Section 25658 of the Business and Professions Code, proposed by AB 1658, to be operative only if AB 1658 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 745 (AB 663) Galgiani Alcoholic beverages: advertising.

Existing law generally prohibits a manufacturer of alcoholic beverages and a winegrower from paying, crediting, or compensating a retailer for advertising or paying or giving anything of value for the privilege of placing a sign or advertisement with a retail licensee. It authorizes, as an exception, the holder of a winegrower's license, a beer manufacturer, a distilled spirits manufacturer, or a distilled spirits manufacturer's agent, to purchase advertising space and time from, or on behalf of, an on-sale retail licensee, under certain conditions, if the on-sale retail licensee is the owner, manager, agent of the owner, assignee of the owner's advertising rights, or major tenant of specified facilities in particular counties.

This bill would expand this exception to include an outdoor professional sports facility with a fixed seating capacity of at least 4,200 seats located within San Joaquin County.

This bill would make findings regarding the need for special legislation.

Ch. 746 (AB 421) Benoit Department of Motor Vehicles: abstract of record of court.

(1) Existing law requires the clerk of a court in which a person is convicted of a vehicle violation or other specified violations to prepare within 10 days after conviction or sentencing and immediately forward to the Department of Motor Vehicles an abstract of the record of the court covering that case. If a court impounds a license or limits a person's driving, the clerk of the court is required to prepare and forward to the department an abstract of the court record within 10 days after the impoundment or limitation. Within 10 days of an order terminating or revoking probation under certain provisions relating to DUI, the clerk of the court is required to prepare and forward to the department an abstract of that court order.

This bill would, commencing October 1, 2008, reduce the time for forwarding those abstracts of the court record to 5 days.

This bill would correct cross-references and make conforming technical changes to those provisions and other related provisions.

(2) This bill also would incorporate additional changes in Section 1803 of the Vehicle Code proposed by AB 678, to be operative if AB 678 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 747 (AB 678) Gaines Crimes: vehicular manslaughter: fleeing the scene of an accident.

(1) Existing law requires that a person who flees the scene of the crime, upon conviction, be punished by an additional term of imprisonment of 5 years in the state prison after committing a violation of certain provisions relating to vehicular manslaughter, which includes manslaughter while operating a vessel. The additional term is only imposed where the allegation is charged in the accusatory pleading and admitted by the defendant or found to be true by the trier of fact.

This bill would additionally include within the above mandatory 5-year enhancement the commission of vehicular manslaughter while either operating a vessel under the influence of alcohol or a drug and in the commission of an unlawful act, not amounting to a felony, and with gross negligence; or operating a vessel under the influence of alcohol or a drug and in the commission of a lawful act that might produce death, in an unlawful manner, and with gross negligence. Because this bill would impose additional duties on local prosecutors, the bill would create a state-mandated local program.

The bill would remove from the above mandatory 5-year enhancement the commission of vehicular manslaughter while either operating a vessel in the commission of an unlawful act, not amounting to a felony, and with gross negligence; or operating a vessel in the commission of a lawful act that might produce death, in an unlawful manner, and with gross negligence.

(2) Existing law defines “serious felony” to include vehicular manslaughter while driving a vehicle in connection with a vehicular collision, or any other vehicular accident, done for the purpose of presenting any false or fraudulent claim, where the collision or accident was knowingly caused for financial gain, and the collision or accident proximately resulted in the death of any person.

This bill would delete the above-described offense from the definition of “serious felony.”

(3) Existing law requires that a person convicted of vehicular manslaughter, vehicular manslaughter while intoxicated, or vehicular manslaughter in the operation of a vessel, or who has been previously convicted of those crimes, be subject to specified fines and penalties, including, but not limited to, suspension or revocation of his or her driver’s license, imprisonment, violation points, enhanced penalties, delayed driving privileges for minors, and removal and seizure of the person’s vehicle, where specified circumstances are present.

This bill would correct cross-references and make conforming technical changes to those provisions and other related provisions.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(5) This bill would incorporate additional changes in Section 977 of the Penal Code proposed by SB 649, to be operative if SB 649 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(6) This bill would incorporate additional changes in Section 1803 of the Vehicle Code proposed by AB 421, to be operative if AB 421 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(7) This bill would incorporate additional changes in Section 11110 of the Vehicle Code proposed by AB 430, to be operative if AB 430 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(8) This bill would incorporate additional changes in Section 11215 of the Vehicle Code proposed by AB 430, to be operative if AB 430 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(9) This bill would incorporate additional changes in Section 12810 of the Vehicle Code proposed by AB 430, to be operative if AB 430 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(10) This bill would incorporate additional changes in Section 13351 of the Vehicle Code proposed by AB 430, to be operative if AB 430 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(11) This bill would incorporate additional changes in Section 13353.1 of the Vehicle Code proposed by AB 1165, to be operative if AB 1165 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(12) This bill would incorporate additional changes in Section 40509.5 of the Vehicle Code proposed by AB 1248, to be operative if AB 1248 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 748 (AB 808) Parra Vehicles: licensure application or renewal: required declaration.

Existing law requires that as a condition of obtaining or renewing a driver's license the applicant sign certain declarations contained in the application.

This bill, the Steve Ambriz Act, would require, on or after July 1, 2008, as a condition of obtaining or renewing a driver's license, the applicant sign a declaration regarding driving under the influence, and the potential charges that could result from killing a person as a result of driving under the influence. The bill would require the declaration to be printed in the same language as the driver's license application or renewal notice.

Ch. 749 (AB 1165) Maze Driving under the influence: repeat offense.

(1) Existing law makes it unlawful to operate a motor vehicle while under the influence of alcohol or drugs, or both, or when the driver has a specified percent, by weight, of alcohol in his or her blood, or if the driver is addicted to the use of any drug. A separate provision makes it unlawful to engage in this conduct and to drive in a certain unlawful manner if that conduct causes bodily injury to a person other than the driver.

This bill would additionally make it unlawful for a person who is on probation for a violation of either of the above driving-under-the-influence offenses to operate a motor vehicle at any time with a blood-alcohol concentration of 0.01% or greater, as measured by a preliminary alcohol screening test or other chemical test. The bill would impose additional sanctions on persons found to violate this prohibition.

Because the bill would create a new crime, the bill would impose a state-mandated local program.

(2) Existing law authorizes the Department of Motor Vehicles to revoke a person's driving privilege if he or she refuses an officer's request to submit to, or fails to complete, a preliminary alcohol screening test if the refusal occurs within 10 years of a conviction of vehicular manslaughter committed in the operation of a vehicle while intoxicated.

This bill would delete obsolete references.

(3) This bill would become operative on January 1, 2009.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(5) This bill also would incorporate additional changes in Section 13353.1 of the Vehicle Code proposed by AB 678, to be operative if AB 678 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(6) This bill also would incorporate additional changes in Section 22651 of the Vehicle Code proposed by AB 1589, to be operative if AB 1589 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

(7) This bill also would incorporate additional changes in Sections 42009 and 42010 of the Vehicle Code proposed by AB 430, to be operative if AB 430 and this bill are both enacted and become effective on or before January 1, 2008, and this bill is enacted last.

Ch. 750 (AB 118) Nunez Alternative fuels and vehicle technologies: funding programs.

(1) Existing law imposes various limitations on emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Existing law generally designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution. Under existing law, the State Energy Resources Conservation and Development Commission (Energy Commission), in conjunction with other state agencies, is required to develop and adopt a state plan to increase the use of alternative fuels, as defined.

Existing law establishes the Public Interest Research, Development, and Demonstration Fund in the State Treasury, and provides that the money collected by the public goods charge to support cost-effective energy efficiency and conservation activities, public interest research and development not adequately provided by competitive and regulated markets, be deposited in the fund for use by the Energy Commission to develop, implement, and administer the Public Interest Research, Development, and Demonstration Program to develop technologies to, improve environmental quality, enhance electrical system reliability, increase efficiency of energy-using technologies, lower electrical system costs, or provide other tangible benefits.

The bill would create the Alternative and Renewable Fuel and Vehicle Technology Program, to be administered by the Energy Commission, to provide, upon appropriation by the Legislature, grants, loans, loan guarantees, revolving loans, or other appropriate measures, to public agencies, businesses and projects, public-private partnerships, vehicle and technology consortia, workforce training partnerships and collaboratives, fleet owners, consumers, recreational boaters, and academic institutions to develop and deploy innovative technologies that transform California's fuel and vehicle types to help attain the state's climate change policies.

The bill would create the Alternative and Renewable Fuel and Vehicle Technology Fund (Alternative Fund), and would require the Energy Commission to expend the moneys in the Alternative Fund, upon appropriation by the Legislature, to implement the Alternative and Renewable Fuel and Vehicle Technology Program. The bill would require \$10,000,000 to be transferred annually to the Alternative Fund from the Public Interest Research, Development, and Demonstration Fund.

The bill would also create the Air Quality Improvement Program, to be administered by the State Air Resources Board, to fund air quality improvement projects, upon appropriation by the Legislature, relating to fuel and vehicle technologies. The bill would create the Air Quality Improvement Fund, and would require the state board to expend the moneys in that fund, upon appropriation by the Legislature, to implement the Air Quality Improvement Program.

(2) Existing law creates the High Polluter Repair or Removal Account in the Vehicle Inspection and Repair Fund, and makes moneys deposited in the account available, upon appropriation by the legislature, to the Department of Consumer Affairs and the state board to establish and implement a program for the repair or replacement of high polluters.

This bill would create an enhanced fleet modernization program for the retirement of high polluting vehicles to be administered by the Bureau of Automotive Repair pursuant to guidelines adopted by the state board. The bill would create the Enhanced Fleet Modernization Subaccount in the High Polluter Removal and Repair Account to establish and implement this enhanced program, upon appropriation by the Legislature.

(3) The bill, beginning July 1, 2008, until January 1, 2016, would increase vehicle registration fees from \$31 to \$34, vessel registration fees from \$10 to \$20 and from \$20 to \$40, as applicable, and specified service fees for identification plates from \$15 to \$20. The bill would require the additional revenue generated by those fee increases to be deposited in the Alternative and Renewable Fuel and Vehicle Technology Fund, the Air Quality Improvement Fund, and the Enhanced Fleet Modernization Subaccount, as provided.

The bill beginning July 1, 2008, until January 1, 2016, would also increase smog abatement fees from \$12 to \$20, and would require^{1/2} of the additional revenue generated by that fee increase to be deposited in the Air Quality Improvement Fund and the other^{1/2} of that additional revenue to be deposited in the Alternative and Renewable Fuel and Vehicle Technology Fund.

NOTE: Superior numbers appear as a separate section at the end of the digests.

RESOLUTION CHAPTERS

Res. Ch. 1 (SCR 2) Perata Legislative Counsel of California.

This measure designates Diane F. Boyer-Vine as the Legislative Counsel of California.

Res. Ch. 2 (SCR 1) Scott Joint Rules.

This measure adopts the Joint Rules of the Senate and Assembly for the 2007–08 Regular Session.

Res. Ch. 3 (ACR 3) Torrico Korean-American Day.

This measure would proclaim January 13, 2007, as Korean-American Day.

Res. Ch. 4 (ACR 5) Berg American Heart Month and Wear Red Day.

This measure would recognize February 2007 as American Heart Month in California in order to raise awareness of the effect of heart disease on women. The measure would also recognize February 2, 2007, as Wear Red Day in California, and urge all citizens to show their support for women and the fight against heart disease by wearing and displaying the color red on that day.

Res. Ch. 5 (ACR 14) Torrico Lunar New Year 4704 celebration.

Relative to the Lunar New Year 4704 celebration.

Res. Ch. 6 (ACR 16) Nakanishi Day of Remembrance.

This measure would declare February 19, 2007, as a Day of Remembrance in order to increase public awareness of the events surrounding the internment of Americans of Japanese ancestry during World War II.

Res. Ch. 7 (ACR 19) Richardson Black History Month.

This measure would recognize February 2007 as Black History Month, urge all citizens to join in celebrating the accomplishments of African-Americans during Black History Month, and encourage the people of California to recognize the many talents, achievements, and contributions that African-Americans make to their communities.

Res. Ch. 8 (SCR 5) Lowenthal California Museum Month.

This measure would proclaim May 2007 as California Museum Month.

Res. Ch. 9 (ACR 2) Carter Kwanzaa: 40th Anniversary.

This measure would commemorate the 40th anniversary celebration of Kwanzaa.

Res. Ch. 10 (ACR 8) Torrico California Nonprofits and Philanthropy Week.

This measure would designate the week of March 18 through March 24, 2007, as California Nonprofits and Philanthropy Week.

Res. Ch. 11 (ACR 6) Ma Teenage dating violence.

This measure would recognize February 5 to 9, 2007, as Teenage Dating Violence Awareness and Prevention Week.

Res. Ch. 12 (ACR 23) Arambula EntrepreneurshipWeek USA.

This bill would declare the Legislature's support for EntrepreneurshipWeek USA, an event to be held nationally from February 24 to March 3, 2007, inclusive, and would encourage schools and other organizations to hold events promoting entrepreneurship during that week. The bill would also encourage educators and school administrators to train students in entrepreneurship principles and ideals.

Res. Ch. 13 (SCR 9) Steinberg Spaying and neutering.

This measure would declare February 27, 2007, to be Spay Day USA 2007, and would request that Californians observe that day by having their dogs or cats spayed or neutered and by contributing to organizations that provide spay and neuter services.

Res. Ch. 14 (SCR 12) Alquist Brain Injury Awareness Month.

This measure would designate the month of March of each year as Brain Injury Awareness Month to raise awareness about the symptoms of, and ways of preventing, brain injuries.

Res. Ch. 15 (SCR 17) Ridley-Thomas Black History Month.

This measure would recognize the efforts of the California African American Museum, and would urge all citizens to join in celebrating the accomplishments of African-Americans in communities throughout California and beyond during Black History Month and throughout the year.

Res. Ch. 16 (SCR 13) Corbett Irish-American Heritage Month.

This measure would designate March 2007 and March 2008 as Irish-American Heritage Month in honor of the multitude of contributions that Irish-Americans have made to the country and state.

Res. Ch. 17 (ACR 18) Ruskin Arts Education Month.

This measure would declare March 2007 to be Arts Education Month.

Res. Ch. 18 (ACR 32) Mendoza Read Across America Day.

This measure would recognize March 2, 2007, as Read Across America Day.

Res. Ch. 19 (ACR 33) Caballero California Municipal Treasurers Day and Week.

This measure would proclaim May 2, 2007, as California Municipal Treasurers Day, and the time period of April 30, 2007, through May 6, 2007, as California Municipal Treasurers Week.

Res. Ch. 20 (ACR 36) Strickland National Nutrition Month.

This measure would recognize the 2007 “March is National Nutrition Month” campaign and encourage citizens to join that campaign.

Res. Ch. 21 (SCR 7) Battin Motorcycle Awareness Month.

This measure would proclaim the month of May 2007 as Motorcycle Awareness Month.

Res. Ch. 22 (SCR 25) Cedillo César Chávez Day.

This measure would recognize March 31, 2007, as the anniversary of the birth of César Chávez, and would call upon all Californians to participate in appropriate observances to remember César Chávez as a symbol of hope and justice to all persons.

Res. Ch. 23 (ACR 13) Galgiani Chronic Obstructive Pulmonary Disease.

This measure would commend the State Department of Public Health and the State Department of Health Care Services for implementing a pilot program to provide for the chronic disease management of Chronic Obstructive Pulmonary Disease (COPD) in an effort to reduce the financial and clinical burden of this disease on the Medi-Cal program. This measure would also encourage these departments, upon the program’s conclusion, to each prepare and submit a report of the department’s respective findings and recommendations regarding the pilot program to the appropriate committees of the Senate and Assembly.

This measure would declare November 2007 as COPD Awareness Month, and November 14, 2007, as COPD Awareness Day.

Res. Ch. 24 (ACR 34) Nakanishi Shaken Baby Syndrome Awareness Week.

This measure recognizes April 15 to April 21, 2007, inclusive, as “Shaken Baby Syndrome Awareness Week.”

Res. Ch. 25 (SCR 18) Torlakson California Fitness Month.

This measure would proclaim the month of May 2007, as California Fitness Month, and would encourage all Californians to enrich their lives through proper diet and exercise.

Res. Ch. 26 (SCR 23) Cox Prostate Cancer Awareness Month.

This measure would designate the month of September 2007 as Prostate Cancer Awareness Month to raise awareness about the importance of early detection and treatment of prostate cancer.

Res. Ch. 27 (AJR 15) Krekorian Armenian Genocide: Day of Remembrance.

This measure would designate April 24, 2007, as “California Day of Remembrance for the Armenian Genocide of 1915–1923.” It would memorialize the Congress and the President of the United States to act likewise to commemorate the Armenian Genocide.

Res. Ch. 28 (ACR 1) Levine California Holocaust Memorial Week.

This measure would proclaim April 16 through April 22, 2007, as California Holocaust Memorial Week and would urge Californians to observe these days of remembrance for the victims of the Holocaust in an appropriate manner.

Res. Ch. 29 (SCR 8) Battin Child Abuse Prevention Month.

This measure would acknowledge the month of April 2007 as Child Abuse Prevention Month, and encourage the people of the State of California to work together to support youth-serving child abuse prevention activities in their communities and schools.

Res. Ch. 30 (SCR 19) Negrete McLeod West Nile Virus and Mosquito and Vector Control Awareness Week.

This measure would declare April 23 to April 29, 2007, inclusive, as West Nile Virus and Mosquito and Vector Control Awareness Week.

Res. Ch. 31 (SCR 26) Yee Language education: World Languages and Cultures Month.

This measure would declare the month of May 2007 to be World Languages and Cultures Month.

Res. Ch. 32 (SCR 35) Correa California Peace Officers’ Memorial Day.

This measure would designate Thursday, May 3, 2007, as California Peace Officers’ Memorial Day and would urge all Californians to use that day to honor California peace officers.

Res. Ch. 33 (ACR 37) Mendoza Automotive Career Month.

This measure would designate the month of April 2007 as Automotive Career Month.

Res. Ch. 34 (ACR 40) Lieu Financial Literacy Month.

This measure would declare the month of April 2007 as Financial Literacy Month, in order to raise public awareness about the need for increased financial literacy.

Res. Ch. 35 (ACR 42) Berryhill Donate Life California Registry.

This measure would proclaim April 4, 2007, as DMV/Donate Life California Day and the month of April 2007 as DMV/Donate Life California Month, and would encourage all Californians to register with the Donate Life California Registry for the purpose of organ and tissue donation.

Res. Ch. 36 (SCR 29) Scott Lyme Disease Awareness Month.

This measure would proclaim the month of May 2007 as Lyme Disease Awareness Month.

Res. Ch. 37 (SCR 28) Torlakson Youth sports.

This measure would recognize the importance of quality youth sports experiences, as well as the important role that local park and recreation agencies play in providing safe and enjoyable youth sports experiences.

Res. Ch. 38 (SCR 31) Padilla Healthy Communities Awareness Month.

This measure would recognize the importance of health and wellness in communities and would declare May as Healthy Communities Awareness Month.

Res. Ch. 39 (ACR 29) Emmerson NASCAR Day.

This measure would express the Legislature's declaration of May 18, 2007, as NASCAR Day for the State of California, and encourage fans to wear their NASCAR Day lapel pins to show their support.

Res. Ch. 40 (ACR 38) Evans Culinary Institute of America at Greystone: Vintners Hall of Fame.

This measure would congratulate the Culinary Institute of America at Greystone on the occasion of the establishment of its Vintners Hall of Fame and first annual induction ceremony, and commend its inaugural recipients for their efforts to serve as the voice of the California wine industry and for their contributions to the wine regions throughout the State of California.

Res. Ch. 41 (ACR 46) Lieu Skin Cancer Awareness Month.

This measure would proclaim the month of May 2007, as Skin Cancer Awareness Month, and would encourage all Californians to make themselves and their families aware of the risk of skin cancer and the measures that can be taken to prevent it.

Res. Ch. 42 (ACR 43) Coto Cinco de Mayo Week.

This measure would proclaim April 29 through May 5, 2007, as Cinco de Mayo Week, and would urge all Californians to join in celebrating Cinco de Mayo.

Res. Ch. 43 (ACR 47) Price National Multicultural Cancer Awareness Week.

This measure would designate the week of April 15 to 21, 2007, inclusive, as "National Multicultural Cancer Awareness Week," and would encourage the private sector and the state and federal governments to promote policies and programs that seek to reduce cancer disparities and improve cancer prevention, detection, treatment and followup care for all Californians.

Res. Ch. 44 (ACR 49) Davis American Stroke Month.

This measure would recognize May 2007 as American Stroke Month in California, and would urge all California citizens to familiarize themselves with the warning signs, symptoms, and risk factors associated with stroke, so that Californians might begin to reduce the devastating effects strokes have on the population of California.

Res. Ch. 45 (AJR 1) Dymally Charles R. Drew University of Medicine and Science.

This measure would respectfully memorialize the Congress and President of the United States to enact legislation to allow the Charles R. Drew University of Medicine and Science to become a fully and legally designated Historically Black College and University and a Historically Black Graduate Institution, as those terms are defined in the federal Higher Education Act of 1965.

Res. Ch. 46 (ACR 45) Caballero The 2007 State scientist Day.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This measure would proclaim May 23, 2007, as the 19th Annual State Scientist Day.

Res. Ch. 47 (ACR 50) Torrico Asian and Pacific Islander American Heritage Month.

This measure would recognize May 2007 as Asian and Pacific Islander American Heritage Month.

Res. Ch. 48 (ACR 52) Spitzer National Missing Children's Day.

This measure would proclaim May 25, 2007, as National Missing Children's Day, as specified.

Res. Ch. 49 (SCR 36) Yee California Community College Music Day.

This measure would designate May 11, 2007, and each May 11 thereafter, as California Community College Music Day to recognize the Music Association of California Community Colleges for its commitment to music education.

Res. Ch. 50 (SCR 42) Steinberg Autism Awareness Month.

This measure would proclaim April 2007 as Autism Awareness Month, and would acknowledge the contributions made in the area of early autism and autism spectrum disorders intervention treatment.

Res. Ch. 51 (SCR 44) Cox The Wakamatsu Tea and Silk Colony Day.

This measure would recognize May 20, 2007, as Wakamatsu Tea and Silk Colony Day in the State of California.

Res. Ch. 52 (AJR 10) Villines Family Day.

This measure would memorialize the President and the Congress of the United States to proclaim the 4th Monday in September as Family Day—A Day to Eat Dinner With Your Children.

Res. Ch. 53 (ACR 48) Blakeslee Fort Tejon earthquake of 1857.

This measure would memorialize the 150th anniversary of the Fort Tejon earthquake of 1857, and declare the intent of the Legislature with respect to future actions to directly affect the state's abilities to withstand and respond to major earthquakes generally.

Res. Ch. 54 (SCR 43) Machado California Architecture Week.

This measure would proclaim the week of April 9, 2007, to April 15, 2007, inclusive, and the second week of April each subsequent year, as California Architecture Week.

Res. Ch. 55 (AJR 13) Caballero Food safety.

Existing law provides that the people of the State of California have a primary interest in the sanitary conditions under which food crops are grown and harvested for human consumption.

This measure would request additional funds from the federal government to conduct research into the most effective practices to prevent E. coli O157:H7 contamination of leafy green vegetables, and that the funds be directed to the Western Institute for Food Safety and Security at the University of California, Davis.

Res. Ch. 56 (ACR 53) Walters Make-A-Wish Day celebrating Destination Joy.

This bill would declare the Legislature's support for designating Tuesday, June 5, 2007, as Make-A-Wish Day celebrating Destination Joy in the state, and would encourage the state's residents and organizations to recognize the many contributions of the Make-A-Wish Foundation in supporting the care and well-being of children with life-threatening illnesses.

Res. Ch. 57 (ACR 54) Salas Physical Education and Sport Week and Physical Fitness and Sport Month.

This measure would acknowledge the value of high-quality daily physical education programs for all youth, encourage local governments to support, and local educational agencies to provide, high-quality daily physical education experiences for all California children in kindergarten and grades 1 to 12, inclusive, and proclaim May 1 through 7, 2007, as “Physical Education and Sport Week” and May 2007, as “Physical Fitness and Sport Month.”

Res. Ch. 58 (SCR 49) Ridley-Thomas Make It In Scrubs Month.

This measure would proclaim June 2007 as Make It In Scrubs Month in order to recognize the importance of encouraging the state’s youth to pursue careers in the health care profession and the need to expand health care education programs in the state’s universities and colleges.

Res. Ch. 59 (ACR 17) Horton Mary Augustine Bridge.

This measure would encourage San Diego County to post appropriate markers on county property designating the horse bridge that crosses State Highway Route 125 and is located in Bonita, west of the Summit Park Campground in San Diego County, as the Mary Augustine Bridge.

Res. Ch. 60 (ACR 60) Duvall Flag Day.

This measure would recognize June 14, 2007, as Flag Day in California.

Res. Ch. 61 (SCR 34) Alquist San Jose State University: sesquicentennial anniversary celebration.

This measure would designate Monday, April 30, 2007, as a day to honor San Jose State University in the Legislature for the 150th anniversary of its founding.

Res. Ch. 62 (SCR 39) Torlakson Physical fitness and wellness.

This measure would urge all Californians to enrich their lives through proper diet and exercise, and encourage Members of the Legislature to increase public awareness about the benefits of exercise and physical fitness by hosting events in their districts that encourage physical fitness, and increase participation in activities that promote physical and mental health and a nutritious and well-balanced diet.

Res. Ch. 63 (SJR 6) Kehoe Military: “Don’t Ask, Don’t Tell” policy.

This measure would urge the Congress and the President of the United States to adopt the Military Readiness Enhancement Act of 2007 (H.R. 1246) that institutes a policy of nondiscrimination based on sexual orientation, and to repeal the “Don’t Ask, Don’t Tell” policy.

Res. Ch. 64 (ACR 10) Cook CDF Firefighter Chris Kanton Memorial Highway.

This measure would designate the portion of State Highway Route 10 from the Beaumont Avenue/State Highway Route 79 exit to the Sunset Avenue exit, in the County of Riverside, as the CDF Firefighter Chris Kanton Memorial Highway. The measure would also request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 65 (ACR 20) Cook Deputy Greg A. Gariepy Memorial Highway.

This measure would designate the portion of State Highway Route 247 between State Highway Route 62 and the town limit of Yucca Valley, in the County of San Bernardino, as the “Deputy Greg A. Gariepy Memorial Highway.” The measure would request the Department of Transportation to determine the cost of appropriate signs so designating that portion of State Highway Route 247 and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 66 (ACR 25) Lieber Norman Y. Mineta Highway.

This measure would designate State Highway Route 85, except for a specified segment, in Santa Clara County as the Norman Y. Mineta Highway. The measure would request the Department of Transportation to determine the cost for appropriate signs showing this designation and, upon receiving donations from appropriate nonstate sources covering that cost, to erect those signs.

Res. Ch. 67 (ACR 26) Sharon Runner Historic U.S. Highway Route 6.

The measure would request the Department of Transportation, upon application by an interested local agency or private entity, to identify any section of former U.S. Highway Route 6 that is still a publicly maintained highway and that is of interest to the applicant, and to designate that section as Historic U.S. Highway Route 6. This measure would also request the department to determine the costs of appropriate highway markers or signs showing that special designation and, upon receiving donations from nonstate sources covering that cost, to erect appropriate highway markers or signs on the portions of former U.S. Highway Route 6 that are part of the state highway system.

Res. Ch. 68 (ACR 27) Charles Calderon Los Angeles County Deputy Sheriff Jerry Ortiz Memorial Highway.

This measure would designate the segment of State Highway Route 60 between State Highway Route 605 and Rosemead Boulevard, in Los Angeles County, as the Los Angeles County Deputy Sheriff Jerry Ortiz Memorial Highway.

The measure would request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 69 (ACR 30) Berg Elizabeth Jane Rosewarne Memorial Bridge.

This measure would designate the northern span of the Eel River Bridge, located on State Highway Route 101 in the County of Mendocino, as the Elizabeth Jane Rosewarne Memorial Bridge. The measure would also request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 70 (ACR 31) Berg CHP Officer Ernest R. Felio Memorial Highway.

This measure would designate a portion of State Highway Route 101 in Del Norte County as the CHP Officer Ernest R. Felio Memorial Highway. The measure would request the Department of Transportation to determine the cost for appropriate signs showing this designation and, upon receiving donations from nonstate sources covering those costs, to erect those signs.

Res. Ch. 71 (ACR 39) Keene Wick's Corner Interchange.

This measure would designate the junction between State Highway Routes 70 and 149 near the City of Oroville, in the County of Butte, as the Wick's Corner Interchange. The measure would also request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 72 (ACR 41) Emmerson Officer James M. Goodman Memorial Highway.

This measure would designate a specified portion of State Highway Route 10 in San Bernardino County as the Officer James M. Goodman Memorial Highway. The measure would request the Department of Transportation to determine the cost for appropriate signs showing this designation and, upon receiving donations from appropriate nonstate sources covering that cost, to erect those signs.

Res. Ch. 73 (AJR 14) Jeffries Customs duties and importation revenues.

This measure would memorialize the President and the Congress of the United States to enact legislation that will ensure that a substantial increment of new revenues derived from customs duties and importation fees be dedicated to mitigating the economic, mobility, security, and environmental impacts of trade in California and in other trade-affected states across the United States.

Res. Ch. 74 (AJR 17) Lieu Currency: accessibility.

This measure would urge the United States Department of the Treasury to withdraw its appeal in a case relating to accessible currency and, if that appeal continues, would urge Congress and the President to enact legislation relating to accessible currency, as specified.

Res. Ch. 75 (AJR 19) Ma Healthy Families Program.

This measure would memorialize each Senator and Representative from California in the Congress of the United States to ensure that the Congress timely reauthorizes the State Children's Health Insurance Program to assure adequate federal funding for the Healthy Families Program. The measure would also urge the Governor to use his best efforts to work with the Congressional delegation in that regard and to provide meaningful assistance to help identify and enroll children who qualify for Medi-Cal or the Healthy Families Program.

Res. Ch. 76 (SJR 5) Yee Filipino veterans: benefits.

This measure would request that the Congress and the President of the United States enact the Filipino Veterans Equity Act of 2007.

Res. Ch. 77 (SCR 30) Padilla American Diabetes Alert Day.

This measure would declare March 27, 2007, as American Diabetes Alert Day in California and would encourage all Californians to help fight this disease.

Res. Ch. 78 (SCR 45) Battin Native Americans: California Indian Heritage Month.

This measure would proclaim November 2007 as California Indian Heritage Month, encourage its observance with activities that celebrate our uniqueness as Americans, and commend California Indian nations for their outstanding contributions to this state.

Res. Ch. 79 (SCR 46) Machado California Anti-Bullying Week.

This measure would designate the second week in November 2007 as California Anti-Bullying Week.

Res. Ch. 80 (SCR 47) Battin California Hispanic Heritage Month.

This measure would proclaim September 15 to October 15, 2007, inclusive, as California Hispanic Heritage Month and would encourage all Californians to observe this event in communities throughout the state.

Res. Ch. 81 (SCR 48) Harman Child Awareness Week.

This measure would designate the week of September 17, 2007, as Child Awareness Week to honor children's charities, youth-serving organizations, and other nongovernmental organizations that are committed to enriching and bettering the lives of children and youth in California and the rest of the country.

Res. Ch. 82 (SCR 54) Perata 9-1-1 for Kids Safety Education Month.

This measure would designate the month of June 2007 as "9-1-1 for Kids Safety Education Month" in the State of California.

Res. Ch. 83 (SCR 4) Cox James E. Roberts Memorial Bridge.

This measure would designate the Tuolumne River Bridge on State Highway Route 120 in Tuolumne County as the James E. Roberts Memorial Bridge. The measure would also request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 84 (SCR 10) Aanestad Officer Matthew J. Redding Memorial Interchange.

This measure would designate the interchange of Stanford Ranch Road and Galleria Boulevard at State Highway Route 65 as the Officer Matthew J. Redding Memorial Interchange. The measure would also request the Department of Transportation to determine the cost for appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 85 (SCR 11) Negrete McLeod Correctional Officer Manuel A. Gonzalez, Jr. Memorial Highway.

This measure would designate the portion of State Highway Route 71 between State Highway Route 60 and Central Avenue in San Bernardino County as the Correctional Officer Manuel A. Gonzalez, Jr. Memorial Highway. The measure would also request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 86 (SCR 16) Negrete McLeod Gary Moon Memorial Interchange.

This measure would designate the future interchange at State Highway Route 210 and Interstate 215, the Gary Moon Memorial Interchange. The measure would request the Department of Transportation to determine the cost for appropriate signs showing this designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 87 (SCR 21) Ducheny James D. Schultz Memorial Freeway.

This measure would designate a portion of State Highway Route 8 in Imperial County as the James D. Schultz Memorial Freeway. The measure also would request the Department of Transportation to determine the cost of appropriate signs showing that special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 88 (SCR 22) Cox Stephanie Marie Frazier Memorial Highway.

This measure would designate a specified segment of State Highway Route 50 in El Dorado County as the Stephanie Marie Frazier Memorial Highway.

This measure would also request the Department of Transportation to determine the cost of appropriate signs showing that special designation and, upon receiving donations from nonstate sources sufficient to cover that cost, to erect those signs.

Res. Ch. 89 (SCR 33) Hollingsworth Nello Irwin Greer Memorial Bridge.

This measure would designate the bridge on State Highway Route 8 that crosses Pine Valley Creek, as the Nello Irwin Greer Memorial Bridge. The measure would request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 90 (SCR 38) Cedillo Los Angeles Police Officer Steven Gajda Memorial Highway.

This measure would designate a specified segment of State Highway Route 60 in the City of Los Angeles as the Los Angeles Police Officer Steven Gajda Memorial Highway. The

measure would request the Department of Transportation to determine the cost for appropriate signs showing that special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 91 (SCR 41) Corbett Nels Dan Niemi Memorial Highway.

This measure would designate the portion of State Highway Route 880 between Washington Avenue and Marina Boulevard, in the City of San Leandro, as the Nels Dan Niemi Memorial Highway. The measure would request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 92 (SCR 14) Florez Officer John Palacios Memorial Highway.

This measure would designate a portion of State Highway Route 269 in Fresno County as the Officer John Palacios Memorial Highway. The measure would also request the Department of Transportation to determine the cost for appropriate signs showing that special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 93 (SCR 15) Aanestad Nomlaki Highway.

This measure would designate a specified portion of State Highway Route 5 in Tehama County as the Nomlaki Highway. The measure would also request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 94 (SCR 20) Kuehl Ricardo A. Crocker Memorial Highway.

This measure would designate the segment of State Highway Route 10 within the city limits of Santa Monica as the Ricardo A. Crocker Memorial Highway. The measure would also request the Department of Transportation to determine the cost of appropriate signs, consistent with the signing requirements for the state highway system, showing this special designation and, upon receiving donations from nonstate sources sufficient to cover that cost, to erect those signs.

Res. Ch. 95 (SCR 32) Hollingsworth Army Sergeant Brud Joseph Cronkrite Memorial Bridge.

This measure would designate the overpass on State Highway Route 8 at Buckman Springs Road in Pine Valley the "Army Sergeant Brud Joseph Cronkrite Memorial Bridge."

The measure would request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 96 (SCR 37) Simitian Lewis E. Platt Memorial Highway.

This measure would designate a specified segment of State Highway Route 87 in the City of San Jose as the Lewis E. Platt Memorial Highway. The measure would request the Department of Transportation to determine the cost of appropriate signs showing this designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 97 (SJR 3) Aanestad Federal Secure Rural Schools and Community Self-Determination Act of 2000: extension.

This measure would urge the 110th Congress to reauthorize and fund the federal Secure Rural Schools and Community Self-Determination Act of 2000.

Res. Ch. 98 (SJR 8) Migden Diabetes.

This measure would urge the Congress and the President of the United States to renew the Special Statutory Funding Program for Type 1 Diabetes Research and the Special Diabetes Program for Indians.

Res. Ch. 99 (ACR 4) Benoit Esperanza Firefighters Memorial Highway.

This measure would designate State Highway Route 243 as the Esperanza Firefighters Memorial Highway. The measure also would request the Department of Transportation to determine the cost of appropriate signs showing that special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 100 (ACR 35) Evans California Law Revision Commission: studies.

Under existing law, the California Law Revision Commission is required to study, and is limited to studying, those topics approved for its study by resolution of the Legislature.

This measure would authorize the commission to study whether specified laws should be revised, including a new topic for study, and would also authorize the removal of one specific topic from the calendar of the commission.

The measure would require the commission, before commencing work on any project within the calendar of topics the Legislature has authorized or directed the commission to study, to submit a detailed description of the scope of work to the Chairs and Vice Chairs of the Committees on Judiciary of the Senate and the Assembly, and if during the course of the project there is a major change to the scope of work, submit a description of the change.

Res. Ch. 101 (ACR 51) Spitzer Hate Crimes Awareness Month.

This measure would designate June 2007 as Hate Crimes Awareness Month.

Res. Ch. 102 (SCR 3) Cedillo The Wall Las Memorias Project AIDS monument: highway signs.

This measure would request the Department of Transportation to erect informational signs on a specified portion of State Highway Route 5, in the County of Los Angeles, upon receiving donations from nonstate sources covering that cost, directing motorists to The Wall Las Memorias Project AIDS monument.

Res. Ch. 103 (SCR 59) Ashburn Valley Fever Awareness Month.

This measure would proclaim August 2007, as Valley Fever Awareness Month.

Res. Ch. 104 (SCR 40) Ackerman Speech-language pathologists: shortage.

This measure would request the Governor and all state agencies to work together to alleviate the critical shortage of speech-language pathologists in the state.

Res. Ch. 105 (SCR 50) Harman Child abuse and neglect.

This measure would strongly encourage the State Board of Education to include instruction on preventing child abuse and neglect in the next set of health education content standards.

Res. Ch. 106 (ACR 22) Benoit Armed Forces Freeway.

This measure would designate a portion of State Highway Route 215 in Riverside County as the Armed Forces Freeway. The measure also would request the Department of Transportation to determine the cost of appropriate signs showing that special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 107 (ACR 62) DeSaulnier Congressman George Miller Benicia-Martinez Bridge.

This measure would designate the new northbound Benicia-Martinez Bridge as the Congressman George Miller Benicia-Martinez Bridge. The measure would also request the

NOTE: Superior numbers appear as a separate section at the end of the digests.

Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 108 (AJR 11) Swanson In-Home Supportive Services (IHSS) Plus Waiver.

This measure would encourage the State Department of Social Services, the State Department of Health Care Services, the Secretary of California Health and Human Services, and other relevant departments to work to ensure that the In-Home Supportive Services (IHSS) Plus Waiver is renewed and protected, and would urge the federal Centers for Medicaid and Medicare Services to renew the waiver.

Res. Ch. 109 (AJR 29) Eng Local Law Enforcement Hate Crimes Prevention Act: hate crimes.

This measure would memorialize the Legislature's support for the Local Law Enforcement Hate Crimes Prevention Act (LLEHCPA), also known as the Matthew Shepard Act, and urge the United States Congress, including all members of the California delegation, to vote in favor of passage of, and the President of the United States to sign into law, legislation that strengthens the ability of federal, state, and local governments to investigate and prosecute hate crimes based on race, ethnicity, religion, gender, gender identity, sexual orientation, and disability.

Res. Ch. 110 (SCR 51) Maldonado CHP Lieutenant Michael Elvin Walker Memorial Highway.

This measure would designate a specified portion of State Highway Route 17 in Santa Cruz County as the CHP Lieutenant Michael Elvin Walker Memorial Highway. The measure would request the Department of Transportation to determine the cost of appropriate signs showing this special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 111 (SJR 2) Migden Forest resources: Headwaters Forest.

This measure would declare that the Legislature and the state are committed to ensuring that the provisions of the agreement between the state and federal governments, and Pacific Lumber Company, and MAXXAM, Incorporated, consistent with state law, remain in effect for the protection of the Headwaters Forest, as well as residual stands of old growth redwoods, and fish and wildlife habitat on adjacent lands.

Res. Ch. 112 (SJR 9) Oropeza Funding: veterans health care.

This measure would urge the Congress and the President of the United States to pass assured funding for veterans health care, and that the Governor and the Legislature of the State of California support this assured funding for veterans health care.

Res. Ch. 113 (ACR 57) Berg Veterans' Memorial Highway.

This measure would designate a portion of State Highway Route 101 in Humboldt County as the Veterans' Memorial Highway. The measure also would request the Department of Transportation to determine the cost of appropriate signs showing that special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 114 (ACR 58) Fuller CHP Officer Erick S. Manny Memorial Highway.

This measure would designate a portion of State Highway Route 5 in Kern County as the CHP Officer Erick S. Manny Memorial Highway. The measure would also request the Department of Transportation to determine the cost of appropriate signs showing that special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 115 (ACR 59) Cook Lieutenant Jared M. Landaker Memorial Highway.

This measure would designate a specified portion of State Highway Route 38 in San Bernardino County as the Lieutenant Jared M. Landaker Memorial Highway. The measure would also request the Department of Transportation to determine the cost for appropriate signs showing this designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 116 (AJR 5) Hernandez Social Security: retirement benefits: public employees.

This measure would request the President and the Congress of the United States to enact the Social Security Fairness Act, which would repeal the Government Pension Offset and the Windfall Elimination Provision from the Social Security Act.

Res. Ch. 117 (AJR 7) Arambula Agriculture: freeze losses.

This measure would respectfully request that the President of the United States and the United States Congress act swiftly in enacting legislation to provide relief and assistance to California workers, producers, and processors who are suffering losses from the January 2007 freeze consistent with the \$1.7 billion relief package embodied in S. 524, authored by Senator Barbara Boxer, and H.R. 925, authored by Congressman Devin Nunes, which are supported by a bipartisan group of California's Congressional Delegation.

Res. Ch. 118 (AJR 16) Levine Immigration policy.

This measure would urge local, state, and federal government officials, when crafting immigration policy that affects the United States-Mexico border, to take steps related to recognizing and protecting the human rights of immigrants and publicly denouncing xenophobia and anti-immigrant bias as having no place in immigration policy.

Res. Ch. 119 (AJR 24) Evans Speech.

This measure would respectfully urge the Congress of the United States to enact a shield law for America's journalists.

Res. Ch. 120 (SJR 7) Maldonado Renewable energy resources.

This measure would support legislation introduced in the Congress of the United States expressing the sense of Congress that it is the goal of the United States that, no later than January 1, 2025, not less than 25% of the total energy consumed in the United States comes from renewable resources. The measure also would request that Congress ensure that efforts to increase renewable energy production do not harm current production of food, feed, and fiber.

Res. Ch. 121 (ACR 7) Wolk The Officer David Lamoree Memorial Highway.

This measure would designate a specified segment of State Highway Route 12 in Solano County as the Officer David Lamoree Memorial Highway. The measure would also request the Department of Transportation to determine the cost for appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 122 (AJR 2) Dymally Filipino veterans: benefits.

This measure would request that the Congress and the President of the United States enact legislation granting veteran benefits to the Filipino Americans who fought in World War II in the United States Armed Forces.

Res. Ch. 123 (AJR 4) Beall CalWORKs.

This measure would request the United States Congress to repeal or amend provisions of federal law affecting the state's implementation of welfare-to-work and child support collection practices, in connection with the CalWORKs program.

Res. Ch. 124 (AJR 20) Feuer Commemorative postal stamp: Mayor Tom Bradley.

This measure would urge the Citizens Stamp Advisory Committee of the United States Postal Service to issue a commemorative postal stamp in honor of the late Mayor Tom Bradley of Los Angeles.

Res. Ch. 125 (AJR 23) Hancock No Child Left Behind Act of 2001: reauthorization.

This measure would urge the Congress of the United States to amend the federal No Child Left Behind Act of 2001 to provide states more flexibility in the implementation of the law and in the identification of schools in need of improvement in order to strategically target resources and interventions toward those schools and school districts that are most in need, to permit adequate yearly progress to accommodate a range of accountability models, and to respect parental choice. This measure also would urge the President and the Congress of the United States to fully fund the requirements of the No Child Left Behind Act of 2001 for the life of the act.

Res. Ch. 126 (SCR 52) Yee University of California Retirement Plan: shared governance.

This measure would find that shared governance of the University of California Retirement Plan is necessary to ensure that significant pension plan decisions are based on full and accurate information, to prevent conflicts of interest from impacting the management and performance of the retirement plan, and to ensure that the retirement plan is financially sound and well managed in a fair and appropriate manner. The measure would memorialize the Regents of the University of California to provide for shared governance of the University of California Retirement Plan by including trustees representing the employer and the faculty and staff plan participants, similar to the Public Employees' Retirement System and the State Teachers' Retirement System.

Res. Ch. 127 (SCR 55) Perata Legislative Blue Ribbon Commission on Autism.

This measure would extend the termination date of the authorization to act of the Legislative Blue Ribbon Commission on Autism from November 30, 2007, to November 30, 2008.

Res. Ch. 128 (SCR 58) Cedillo The Mexican Repatriation Program: school curriculum.

This measure would recognize the importance of including the events surrounding the Mexican Repatriation Program in the social studies curriculum and request that the Curriculum Development and Supplemental Materials Commission and the State Board of Education include these events in the 2009 curriculum framework.

Res. Ch. 129 (SCR 61) Lowenthal Carbon Monoxide Awareness Week.

This measure would declare and recognize the 2nd week of November as Carbon Monoxide Awareness Week and urges the State Fire Marshal, local fire departments, public schools, and all other interested persons or organizations to initiate awareness activities during that week to alert the general public to the dangers of carbon monoxide poisoning and ways to reduce the risk factors in their homes.

Res. Ch. 130 (SCR 62) Alquist Alzheimer's Disease Awareness Month.

This measure would designate November 2007 as Alzheimer's Awareness Month to raise awareness about the importance of early diagnosis and treatment of Alzheimer's disease. The

measure would also designate Tuesday, November 13, 2007, as National Memory Screening Day, and urges the citizens of California to participate in a free and confidential memory screening program.

Res. Ch. 131 (SCR 65) Steinberg Adoption.

This measure would designate November 2007 as Court Adoption and Permanency Month and would encourage courts and communities to join in activities to expedite permanency for children who have been abused or neglected.

Res. Ch. 132 (SCR 66) Wyland QUALCOMM Million Dollar Challenge Commemorative Week.

This measure would declare the week of October 20 to October 28, 2007, to be QUALCOMM Million Dollar Challenge Commemorative Week.

Res. Ch. 133 (SJR 13) Alquist César Estrada Chávez Study Act of 2007: passage.

This measure would urge the President and Congress of the United States to enact H.R. 359, the César Estrada Chávez Study Act of 2007, that authorizes the Secretary of the Interior to conduct a special resource study of sites associated with the life of César Estrada Chávez and the United States farm labor movement, to determine whether any of the sites examined meets the criteria for listing on the National Register of Historic Places or designation as a national historic landmark.

Res. Ch. 134 (ACR 11) Beall Domestic Violence Awareness Month.

This measure would proclaim the month of October 2007 as Domestic Violence Awareness Month.

Res. Ch. 135 (ACR 28) Ma National Day of Human Trafficking Awareness.

This measure would recognize the National Day of Human Trafficking Awareness on January 11 of each year in order to encourage greater awareness of human trafficking and all other forms of modern day slavery.

Res. Ch. 136 (ACR 66) Ma Hydrocephalus Awareness Month.

This measure would declare September as Hydrocephalus Awareness Month, and would urge the President and Congress of the United States to collect comprehensive statistics and data regarding the seriousness of hydrocephalus and its impact on families.

Res. Ch. 137 (ACR 67) Price Voter Registration Month.

This measure would proclaim January 2008 to be Voter Registration Month.

Res. Ch. 138 (ACR 68) Hayashi Neuropathy Action Awareness Day.

This measure would declare June 26, 2008, as Neuropathy Action Awareness Day in California to raise public awareness regarding the symptoms and treatment of peripheral neuropathy.

Res. Ch. 139 (ACR 71) Portantino Blood cancers.

This measure would designate September 2007, as "Leukemia, Lymphoma, and Myeloma Awareness Month," in order to enhance the understanding of blood-related cancers and to encourage participation in voluntary activities to support education programs and funding of research programs to find a cure for them.

Res. Ch. 140 (ACR 72) Mendoza California Indian Cultural Awareness Conference and California Native American Day.

This measure would recognize the importance of California Native American Day, celebrated this year on September 28, 2007, and the annual California Cultural Awareness Conference to the enhancement of awareness of California Indian culture.

Res. Ch. 141 (ACR 64) Lieu California Vietnam Veterans Memorial: 20-year anniversary.

This measure which would commemorate 2008 as the 20-year anniversary of the California Vietnam Veterans Memorial, encourages all Californians to take part in the ceremonies commemorating the 20-year anniversary, on December 10, 2008, and urges that all steps necessary to inform all Californians of the date of these ceremonies and locations of these events be taken, so that all Californians may have the opportunity to remember and honor the service, efforts, and sacrifices of Vietnam veterans, and to pay homage to those veterans who are still alive.

Res. Ch. 142 (ACR 74) Fuentes California Firefighters Memorial Day.

This measure would proclaim September 29, 2007, as California Firefighters Memorial Day.

Res. Ch. 143 (AJR 18) Solorio Legal permanent residents: United States citizenship.

This bill would memorialize the Legislature's opposition to an increase in the fees for legal permanent residents to begin the naturalization process by the United States Citizenship and Immigration Services, and would call upon the President and the Congress to address the nation's system of financing immigration services.

Res. Ch. 144 (AJR 34) Price National Lupus Awareness Month.

This measure would declare that the month of October 2007 be designated as "National Lupus Awareness Month," and would encourage state and federal government entities to promote policies and programs that seek to reduce the incidence of lupus, and improve current methods of prevention, detection, treatment, and followup care for all Californians.

Res. Ch. 145 (ACR 55) Mullin Public schools: character education.

This measure would urge the State Board of Education, county offices of education, and local school governing bodies to examine their current practices and to increase emphasis on character, citizenship, and ethics.

Res. Ch. 146 (ACR 56) DeSaulnier Mesothelioma Awareness Week.

This measure would designate the week of June 3, 2007, through June 10, 2007, as Mesothelioma Awareness Week to raise awareness about the symptoms of, and ways of preventing and treating mesothelioma.

Res. Ch. 147 (ACR 70) Galgiani Red Ribbon Week.

This measure would proclaim the period of October 23 through October 31, 2007, as including Red Ribbon Week, and would encourage all Californians to help build drug-free communities and participate in drug prevention activities.

Res. Ch. 148 (ACR 73) Bass The Nathan Shapell Memorial Highway.

This measure would designate a specified portion of State Highway Route 405 in the County of Los Angeles as the Nathan Shapell Memorial Highway. The measure also would request the Department of Transportation to determine the cost of appropriate signs showing that special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 149 (ACR 75) Coto Chumash Highway.

This measure would designate State Highway Route 154 in Santa Barbara County as the Chumash Highway. The measure also would request the Department of Transportation to determine the cost of appropriate signs showing that special designation and, upon receiving donations from nonstate sources sufficient to cover the cost, to erect those signs.

Res. Ch. 150 (AJR 27) Solorio United States Postal Service.

This measure would urge the United States Postal Service to discontinue the practice of contracting out mail delivery services.

Res. Ch. 151 (AJR 28) Leno Union representation.

This measure would respectfully request the President of the United States and the United States Congress to enact the Re-Empowerment of Skilled and Professional Employees and Construction Tradesworkers (RESPECT) Act, S. 969 and H.R. 1644, to reverse a decision by the National Labor Relations Board that effectively limits the rights of millions of workers to join unions merely because they sometimes assign tasks to coworkers.

Res. Ch. 152 (AJR 32) Karnette C-17 Aircraft production.

This measure would implore the Congress and the President of the United States to more quickly make available the funding necessary to ensure the continued vitality of the C-17 Globemaster III Transport Jet production program.

2007 DIGEST CHAPTERS SUPERIOR NUMBERS

- 1 [Ch. 171] I object to the following appropriations contained in Senate Bill 77.

Item 0250-001-0001—For support of Judicial Branch. I revise this item by deleting Provision 5.

I am deleting Provision 5, which would state the Legislature's intent that the Administrative Office of the Courts (AOC) prioritize existing resources to provide a \$5 increase to the hourly rates paid to attorneys in the Court Appointed Counsel Program (Program). A study of the Program's attorney rates is currently underway and is due to be completed by the end of August 2007. To the extent that the study justifies rate increases, the AOC has the ability to provide increases commensurate with the needs as determined by the study.

Item 0250-101-0932—For local assistance, Judicial Branch. I reduce this item from \$3,056,153,000 to \$3,035,796,000 by reducing:

(1) 45.10-Support for Operation of the Trial Courts from \$2,632,142,000 to \$2,611,785,000;

and by revising Provision 4.

I am reducing this item by \$20,357,000, which includes a reduction of \$17,377,000 for funding to support the implementation of the Omnibus Conservatorship and Guardianship Reform Act of 2006 (Act) and a reduction of \$2,980,000 for one month of savings related to the 50 new trial court judgeships established in 2006–07. It is my intention for the Judicial Branch to delay implementation of the Act until the 2008–09 fiscal year. Due to the timing of appointments and hiring, one month of the funding for new judgeships will not be necessary in 2007–08. These reductions are necessary in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

I am revising Provision 4, which would require the Judicial Council to allocate not less than \$5,250,000 for court interpreter pay increases and other recruiting and retention incentives. Requiring the Judicial Council to allocate funds for court interpreter recruiting and retention incentives would alter the collective bargaining process by shifting the focus from the actual need for pay increases and other recruiting and retention measures, as negotiated through the normal process, to the minimum level of funding allocated.

Provision 4 is revised as follows:

“The funds appropriated in Schedule (4) shall be for payments for services of contractual court interpreters, and certified and registered court interpreters employed by the courts, and the following court interpreter coordinators: 1.0 each in counties of the 1st through the 15th classes, 0.5 each in counties of the 16th through the 31st classes, and 0.25 each in counties of the 32nd through the 58th classes. For the purposes of this provision, “court interpreter coordinators” may be full- or part-time court employees, or those contracted by the court to perform these services.

The Judicial Council shall set statewide or regional rates and policies for payment of court interpreters, not to exceed the rate paid to certified interpreters in the federal court system. The Legislature finds and declares that there exists a shortage in the availability of certified and registered interpreters in the state courts that reduces the state's ability to provide meaningful access to justice for all court users; including parties; witnesses; and victims: Therefore, every effort must be made to recruit and retain qualified interpreters to work in the state courts:

Of the amount appropriated in Schedule (4); not less than five million dollars (\$5,000,000); not including funds provided pursuant to Section 77202 of the Government Code; shall be provided to the trial courts for the purpose of adjusting or creating pay ranges for court interpreter employees that; at the top of the range; do not exceed the top step of the full performance range for staff interpreters in the Federal Courts as

of the effective date of this provision. The establishment of pay ranges and their application to specific employee classifications shall be subject to meet and confer in good faith as provided in Chapter 7-5 (commencing with Section 71800) of Title 8 of the Government Code. The Judicial Council shall adjust statewide or regional rates for contract court interpreters in a manner that is equivalent to the average rate of increase provided to court interpreter employees. The Judicial Council shall notify the courts in each region of the availability of these funds for the purposes set forth in this provision; and shall allocate the funds upon notification that ranges and salary adjustments have been established and implemented as provided herein. In no event shall the daily rate set by the Judicial Council for contract interpreters exceed the equivalent median wage of court interpreters employed by the courts in each region.

Of the amount appropriated in Schedule (4), the Judicial Council shall allocate not less than two hundred fifty thousand dollars (\$250,000) to develop and make available to trial courts; interpreter training and recruitment programs including, but not limited to: 1) training programs designed for working interpreters who are subject to new certification exams in Russian; Western Armenian; Mandarin; Cambodian and Punjabi; 2) certification exam preparation courses for all languages subject to state certification exams; and 3) development of mentoring and internship programs in the trial courts for exam candidates attending educational institutions that train legal interpreters; subject to meet and confer in good faith as provided in Chapter 7-5 (commencing with Section 71800) of Title 8 of the Government Code. The Judicial Council shall adopt appropriate rules and procedures for the administration of these funds. The Judicial Council shall report to the Legislature and Director of Finance annually regarding expenditures from this schedule ; which shall also include a report of expenditures for; equivalent work days of; non-certified and non-registered contract interpreters that provide interpretation services in the state trial courts; and number of interpreter vacancies filled .”

Item 0250-111-0001—For local assistance, Judicial Branch. I reduce this item from \$1,813,729,000 to \$1,793,372,000.

I am reducing this item by \$20,357,000 to conform with the action taken in Item 0250-101-0932.

Item 0530-001-9732—For support of Secretary of Health and Human Services Agency. I reduce this item from \$182,976,000 to \$177,841,000 by reducing:

(1) 30-Office of Systems Integration from \$182,976,000 to \$177,841,000.

This reduction conforms to the action taken in Item 5180-151-0001.

Item 0540-492—Reappropriation, Secretary for Resources. I revise this item by deleting Schedule 1.

“Notwithstanding any other provision of law, the period to liquidate encumbrances of the following citations is extended to June 30, 2008:

0001—General Fund

(1) Item 0540-101-0001, Budget Act of 1999 (Ch. 50, Stats. 1999); as reappropriated by Item 0540-492, Budget Act of 2002 (Ch. 379, Stats. 2002); Item 0540-490, Budget Acts of 2003 (Ch. 157, Stats. 2003); 2005 (Chs. 38 and 39, Stats. 2005); and 2006 (Chs. 47 and 48, Stats. 2006); and Item 0540-491, Budget Act of 2004 (Ch. 208, Stats. 2004)

(2) Item 0540-101-0001, Budget Act of 2000 (Ch. 52, Stats. 2000), as reappropriated by Item 0540-490, Budget Acts of 2003 (Ch. 157, Stats. 2003), 2005 (Chs. 38 and 39, Stats. 2005), and 2006 (Chs. 47 and 48, Stats. 2006) and Item 0540-491, Budget Act of 2004 (Ch. 208, Stats. 2004)

(3) Item 0540-101-0001, Budget Act of 2001 (Ch. 106, Stats. 2001), as reappropriated by Item 0540-491, Budget Act of 2004 (Ch. 208, Stats. 2004), and Item 0540-490, Budget Acts of 2005 (Chs. 38 and 39, Stats. 2005) and 2006 (Chs. 47 and 48, Stats. 2006)”

I am eliminating the expenditure availability for two projects funded from the Coastal Resources Grant program. Funds for these projects have been available since 1999 and no funds have been expended on either project as required by the grant agreements. Several obstacles remain, making progress on these projects unlikely in the near future. Consequently, it would not be prudent to continue earmarking General Fund for these projects. This action will result in \$577,500 of General Fund savings.

Item 0552-001-0001—For support of the Office of the Inspector General. I reduce this item from \$19,265,000 to \$18,306,000 by reducing:

- (1) 10-Office of Inspector General from \$19,265,000 to \$18,306,000, and by deleting Provision 1.

I am deleting the \$959,000 augmentation for the Office of the Inspector General (OIG) to implement their review of all candidates for superintendent in Division of Juvenile Justice facilities. Superintendent review was mandated by Chapter 709, Statutes of 2006 (AB 971). While I believe these activities are important, I am directing the OIG to delay implementation of this measure in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

Provision 1 would require the OIG to complete a study of custody resources within the California Department of Corrections and Rehabilitation's (CDCR) budget related to the transfer of various medical guarding and transportation positions within the CDCR. I am concerned about the large number of programs being created and expanded within the OIG. The Budget includes additional resources for audits and investigations, auditing the budget of the California Prison Receivership, monitoring compliance with court orders in the Armstrong case, and chairing the California Rehabilitation Oversight Board created by Chapter 7, Statutes of 2007 (AB 900). Because of the increased workload requirements within their programmatic expansions and responsibilities, the OIG will not be able to complete this study. However, I am directing the CDCR's reactivated Program Support Unit, whose historical responsibilities have included studying and making recommendations on custody staffing levels within the CDCR, to conduct this study.

Item 0690-002-0001—For Support of Office of Emergency Services. I delete Provision 4.

I am deleting Provision 4, which specifies that the duties and responsibilities of the State Anti-Gang Coordinator will be subject to additional definition in legislation. However, I will continue to work with the Legislature to further define the role of the Coordinator to assist state and local agencies in combating gang violence.

Item 0690-102-0214—For local assistance, Office of Emergency Services. I delete Provision 1.

I am deleting Provision 1, which specifies that funds for grants to cities and community-based organizations are for gang prevention, intervention, reentry, education, job training and skills development, and family and community services. In addition, the language in Provision 1 specifies that none of the funds can be used for law enforcement suppression activities or front-line police services.

While prevention and intervention are necessary components of a comprehensive anti-gang strategy, so is suppression. Therefore, I am vetoing Provision 1 and directing the State Anti-Gang Coordinator to draft and provide cities with grant instructions specifying that suppression activities are an allowable use of the funds, along with the other activities listed in Provision 1.

Item 0820-001-0001—For support of Department of Justice. I revise this item from \$404,237,000 to \$403,237,000, by reducing:

- (8) 45-Public Rights from \$92,478,000 to \$89,312,000;

(15) Amount payable from Hazardous Waste Control Account (Item 0820-001-0014) from $-\$1,973,000$ to $-\$987,000$;

(26) Amount payable from the Toxic Substances Control Account (Item 0820-001-0557) $-\$2,361,000$ to $-\$1,181,000$;
and by deleting Provision 12.

I am deleting the $\$1,000,000$ legislative augmentation that would have provided funding for the Department of Justice (DOJ) to independently pursue climate change litigation as the plaintiff on behalf of the state. In the area of law related to climate change, the Air Resources Board (ARB) is the state agency with the responsibility to oversee litigation in that arena and has the funds to request the DOJ to pursue such litigation.

I am deleting Provision 12 to conform to this action.

I am reducing the Environmental Law Section's appropriations from the Hazardous Waste Control Account and the Toxic Substances Control Account by a total of $\$2,166,000$ to reflect half-year funding for the program, and I urge the Legislature to pass legislation that redirects these funds to the California Environmental Protection Agency's (Cal/EPA) and the Department of Toxic Substances Control's (DTSC) green chemistry initiative and returns the litigation oversight role in hazardous waste cases to Cal/EPA and DTSC. DTSC is increasingly turning to our local government partners and district attorneys to enforce California's hazardous waste laws. In addition, Cal/EPA and DTSC are developing a green chemistry initiative that will change the paradigm of toxic and chemical use and enforcement in California. The combination of these activities will improve our environment and human health through greater enforcement of current hazardous waste laws and usher in a new future to the approach of chemical use in California. In addition, when developing the 2008-09 Budget, we will review the litigation needs in this area and budget the necessary funds for legal services within DTSC's budget.

I am sustaining the $\$541,000$ legislative augmentation for the first year of a multi-year project to update the DOJ Automated Firearms Systems database. However, I am concerned that there has been no review done to ensure the information technology solution addresses the program needs. In addition, I am concerned that competing demands for the Dealers' Record of Sale Special Account funds could necessitate an increase in fees on the sale of firearms. Therefore, in addition to having an approved feasibility study report prior to expending any funds, I am also requesting the DOJ to provide the Department of Finance and the Legislature with a long-term analysis of the fund, including any known pressures on that fund, to ensure that there are sufficient resources to cover the program costs without necessitating a fee increase.

Item 0820-001-0014—For support of Department of Justice. I reduce this item from $\$1,973,000$ to $\$987,000$.

I am revising this item to conform to the action I have taken in Item 0820-001-0001.

Item 0820-001-0557—For support of Department of Justice. I reduce this item from $\$2,361,000$ to $\$1,181,000$.

I am revising this item to conform to the action I have taken in Item 0820-001-0001.

Item 0855-101-0367—For local assistance, California Gambling Control Commission. I reduce this item from $\$30,283,000$ to $\$283,000$ and delete Provision 1.

I am deleting the $\$30,000,000$ for grants to local government agencies to mitigate the impacts on the local governments by tribal casinos. As evidenced in a recent Bureau of State Audits report, there is great concern regarding whether these funds are being used solely for their intended purpose, which is to mitigate the impacts of having tribal casinos in their communities. I will support legislation that includes an appropriation for mitigation funds if the process is reformed.

I am deleting Provision 1 to conform to this action.

With this reduction, there still remains \$283,000 for payment to Del Norte County which reflects local mitigation grant funding not received by Del Norte County from the Indian Gaming Special Distribution Fund in fiscal years 2003–04, 2004–05, and 2005–06.

Item 0860-001-0001—For support of State Board of Equalization. I reduce this item from \$218,835,000 to \$218,435,000 by reducing:

- (2) 300000-Operating Expense and Equipment from \$96,269,000 to \$95,869,000, and by deleting Provision 3.

I am deleting this legislative augmentation of \$400,000 for a county assessor pilot program designed to promote taxpayer awareness of the requirement to pay use tax on non-exempt purchases if sales tax has not been paid. This reduction is necessary to limit program expansions and provide for a prudent General Fund reserve in light of the various uncertainties in revenues and spending that we face this year.

Item 0890-001-0001—For support of Secretary of State. I reduce this item from \$48,157,500 to \$47,822,000 by reducing:

- (2) 20-Elections from \$46,933,500 to \$46,598,000.

I am deleting the \$335,500 legislative augmentation for 4.0 positions which would provide staffing to expand voter outreach and education efforts to support the three elections scheduled for 2008. During a time of limited General Fund resources, the counties, political parties, and civic organizations must step up and encourage and promote increased voter participation.

Item 3110-101-0001—For local assistance, Special Resources Program. I delete this item and Provision 1.

I am deleting the \$200,000 legislative augmentation for the Tahoe Regional Planning Agency for regulation enforcement and transit system development. It is premature to provide additional funding until the bi-state commission completes its report. With these reductions, \$3,800,000 still remains to provide California's share of funding for the Tahoe Regional Planning Agency.

I am deleting Provision 1 to conform to this action.

Item 3340-101-6051—For local assistance, California Conservation Corps. I delete this item.

I am deleting the \$12,000,000 legislative augmentation that would provide \$1,000,000 to each of the 12 certified Local Conservation Corps. Notwithstanding the merit of the Local Corps programs, the California Conservation Corps is still in the process of developing grant guidelines for Proposition 84 bond funds. Furthermore, a recent audit of Proposition 12 and 40 bond funds identified a need for the Corps to improve its oversight of bond expenditures. The audit recommended that the Corps develop a corrective action plan prior to receiving additional bond funds. Therefore, it is necessary to delete this funding to ensure that bond proceeds are spent efficiently, effectively, and in a manner consistent with my Executive Order S-02-07 regarding bond accountability. I support funding for the Local Corps grant program when the grant guidelines and a corrective action plan that identifies appropriate oversight measures are in place.

Item 3360-001-0465—For Support, State Energy Resources Conservation and Development Commission. I revise this item by reducing:

- (1) 30-Development from \$128,807,000 to \$127,841,000, and
- (6) Reimbursements from -\$6,711,000 to -\$5,745,000.

I am eliminating a fund shift of \$966,000 from the Energy Resources Programs Account to reimbursements for the support of two contracts. Funding for these contracts was included in the budget of the Energy Commission (Commission) when I introduced the Governor's Budget last January. However, the Legislature removed the funds from the Commission's budget, placed them in the budget of the Air Resources Board, and indicated that the Commission may seek the funds by contracting with the

Air Resources Board. This would have the effect of requiring both the Commission and the Air Board to engage in unnecessary work that would delay these important projects, and as such is unacceptable.

Item 3600-001-0001—For support of Department of Fish and Game. I reduce this item from \$84,503,000 to \$82,998,000 by reducing:

(3) 30-Management of Department Lands and Facilities from \$54,180,000 to \$53,342,000;

(4) 40-Enforcement from \$61,705,000 to \$60,200,000; and

(22) Amount payable from the Coastal Wetlands Account (Item 3600-001-3104) from -\$974,000 to -\$136,000.

I am reducing the \$3,000,000 legislative augmentation for Fish and Game Warden recruitment and retention by \$1,505,000. Last year, for the first time in several years, I increased salaries by 25 percent during the three years of the bargaining agreement. I am sustaining \$1,495,000 to provide overtime funding for wardens and lieutenants, which continues my commitment to address compensation issues. However, this partial veto is necessary in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

I am also revising this item to conform to the actions I have taken in Item 3600-001-3104.

Item 3600-001-3104—For support of Department of Fish and Game. I reduce this item from \$974,000 to \$136,000.

I am deleting the \$838,000 legislative augmentation for the maintenance and management of Department of Fish and Game coastal wetlands properties. Last year, I sustained a \$5,000,000 transfer from the General Fund to the Coastal Wetlands Account to create an endowment to provide ongoing, sustainable funding for coastal wetlands management activities. This augmentation, if sustained for 2007–08 and continued in future years, would spend down the endowment in approximately six years, and place additional cost pressure on the General Fund at that time. With this reduction, \$1,400,000 million and 18.1 positions remain for coastal wetlands management.

Item 3720-001-0001—For support of California Coastal Commission. I reduce this item from \$11,881,000 to \$11,501,000 by reducing:

(1) 10—Coastal Management Program from \$15,909,000 to \$15,529,000.

I am deleting the \$380,000 legislative augmentation for coastal enforcement. The California Coastal Commission has the authority to adjust its fees, and I am willing to consider augmentations that address the Commission's workload needs once fees have been adjusted to cover associated costs. Currently, however, the proposed augmentation would result in additional General Fund costs. This reduction is necessary in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. With this reduction \$15,529,000 still remains to support the Commission's coastal management program.

Item 3780-001-0001—For support of Native American Heritage Commission. I reduce this item from \$970,000 to \$770,000 by reducing:

(1) 10—Native American Heritage Commission from \$975,000 to \$775,000.

I am deleting the \$200,000 legislative augmentation for 2.0 positions to implement legislative mandates. This reduction is necessary in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. With this reduction \$775,000 remains to support the Native American Heritage Commission.

Item 3790-301-6051—For capital outlay, Department of Parks and Recreation. I reduce this item from \$60,878,000 to \$45,878,000 by reducing:

(3.7) 90.RS.412-Statewide: State Park System Opportunity and Inholding Acquisitions—Acquisition from \$30,000,000 to \$15,000,000.

I am vetoing \$15,000,000 of the \$25,000,000 augmentation to allow the Department sufficient resources for opportunity purchases and inholding acquisitions. The Department expended \$324,000,000 between 2000 and 2006 to acquire nearly 100,000 acres to expand the state park system. Given this recent significant investment, the Department should proceed cautiously to limit future operating costs.

Item 3790-492—Reappropriation, Department of Parks and Recreation. I revise this item by deleting Schedule 1.

“Notwithstanding any other provision of law, the period to liquidate encumbrances in the following citation is extended as cited below:

6029—California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Fund

~~(1) Subdivision (b) of Section 2 of Chapter 1126 of the Statutes of 2002: The liquidation period for the grant of \$3,000,000 to the City of Oroville is extended to December 31, 2009.”~~

I am eliminating the expenditure availability for this project funded from the Proposition 40 Historical and Cultural Resources Preservation Opportunity Grant Program. Funds for this project have been available for five years and have not yet been spent.

Item 3860-001-0001—For support of Department of Water Resources. I revise this item by reducing:

(1) 10-Continuing Formulation of the California Water Plan from \$120,292,000 to \$116,047,000, and

(29) Amount payable from the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Fund of 2006 (Item 3860-001-6051) from -\$12,165,000 to -\$7,920,000.

I am revising this item to conform to the action taken in Item 3860-001-6051.

Item 3860-001-6051—For support of Department of Water Resources. I reduce this item from \$12,165,000 to \$7,920,000.

I am deleting the legislative augmentation of \$4,245,000 for watershed basin planning activities. Although I support this program, I believe that these activities should be funded through Proposition 84 funds available for the development of regional and local land use plans. Statewide water planning activity funds should be reserved for activities such as planning future water storage, adaptations of the state’s water systems to climate change, and other activities that address the state’s future water supply needs.

Item 3860-101-6051—For local assistance, Department of Water Resources. I reduce this item from \$229,340,000 to \$219,340,000.

I am deleting the legislative augmentation of \$10,000,000 for the Flood Protection Corridor Program. My proposal includes \$24,000,000 Proposition 84 funds for projects to implement Flood Protection Corridor Program. This funding is sufficient to meet the needs of the program for the budget year, and I will propose additional funds to implement Flood Protection Corridor projects in future budgets.

Item 3860-101-6052—For local assistance, Department of Water Resources. I reduce this item from \$197,450,000 to \$167,450,000.

I am deleting the legislative augmentation of \$30,000,000 for the Floodway Corridor Program. This augmentation is unnecessary because criteria have not been developed for this new program created by Proposition 1E. Thus, it is not feasible for grants to be solicited and awarded during the fiscal year. The Department of Water Resources will develop criteria for this program during the fiscal year, and funds to implement Floodway Corridor Program projects will be included in future budgets.

Item 3900-001-0465—For support of State Air Resources Board. I delete this item.

I am eliminating this item by reducing \$966,000 in funding from the Energy Resources Programs Account. This funding was intended to support two contracts that were proposed in the budget of the Energy Commission when I introduced the Gover-

nor's Budget last January. However, the Legislature removed the funds from the Commission's budget, placed them in the budget of the Air Resources Board, and indicated that the Commission may seek the funds by contracting with the Air Resources Board. This would have the effect of requiring both the Commission and the Air Board to engage in unnecessary work that would delay these important projects, and as such is unacceptable.

Item 3900-001-6053—For support of State Air Resources Board.

I am sustaining the legislative augmentation of an additional \$96,500,000 provided for school bus replacement and retrofits to reduce the air pollution emissions of older, high-polluting school buses. However, I note a concern with respect to the ability of the State Air Resources Board to allocate almost \$200 million in lower-emission school bus funding within the next two years. It is important that we do not sacrifice accountability in the interests of expediency. Therefore, while acknowledging the challenge that the State Air Resources Board faces in distributing these funds, I am directing the State Air Resources Board to allocate these funds expeditiously while ensuring consistency with the accountability safeguards identified in my Executive Order S-02-07 for the bonds that were approved by the voters in the November 2006 general election.

Item 3900-001-6054—For support of State Air Resources Board.

I am sustaining the legislative augmentation of an additional \$139,000,000 provided for trade corridor emissions reductions to be expended in the budget year for this new program authorized by the voters in Proposition 1B in the November 2006 general election. Proposition 1B provides \$1 billion to fund projects intended to improve air quality along four of California's major transportation corridors: from the Los Angeles ports to the Inland Empire, State Route 99 in the Central Valley, the San Francisco Bay Area, and the San Diego border region. The State Air Resources Board will be developing program guidelines and will solicit project proposals. The projects to be funded are intended to achieve air quality improvements above and beyond anything required by current law or regulation.

The travelers on our busy trade corridors and the individuals who reside along their routes are demanding relief now—not many years from now. However, I am concerned about taxing the ability of the State Air Resources Board to develop program guidelines and allocate \$250,000,000 in the 2007–08 fiscal year. We must ensure effective expenditure of this bond funding. It is important that we do not sacrifice accountability in the interests of expediency. Therefore, while acknowledging the challenge that the State Air Resources Board faces in distributing these funds, I am directing the State Air Resources Board to ensure that this funding be allocated consistent with the accountability safeguards identified in my Executive Order S-02-07 for all bond funds approved by the voters in the November 2006 general election.

I am requesting the State Air Resources Board to develop program administrative guidelines that make sense, reduce bureaucratic red tape, simplify and expedite project application and award procedures, and ensure projects are completed in record time. The people who voted for Proposition 1B are demanding this action. I know that my colleagues in the Legislature agree with these goals, and that the staff of the State Air Resources Board is up to this challenge.

In addition, because the language adopted by the Legislature relies heavily on local and regional entities to carry out this program, I am calling on those entities to work closely with the State Air Resources Board and ensure they are prepared to submit applications to receive and allocate funding as soon as possible in this fiscal year.

Item 4260-001-0001—For support of Department of Health Care Services. I reduce this item from \$136,412,000 to \$136,218,000 by reducing:

(1) 20-Health Care Services from \$385,348,000 to \$382,971,000;

(6) Amount payable from the Childhood Lead Poisoning Prevention Fund (Item 4260-001-0080) from $-\$198,000$ to $-\$142,000$;

(8) Amount payable from the Federal Trust Fund (Item 4260-001-0890) from -\$224,133,000 to -\$224,036,000;
and by deleting:

(10) Amount payable from the California Discount Prescription Drug Program Fund (Item 4260-001-8040) (-\$2,030,000);
and Provision 4.

I am deleting the \$56,000 legislative augmentation to restore 1.0 special funded position that was redirected from the Department of Health Services (DHS) to the new Department of Health Care Services. This will ensure the split of the DHS into two departments remains budget-neutral, consistent with the intent of Chapter 241, Statutes of 2006 (SB 162). This action is consistent with the deletion of \$744,000 and 11.0 positions in the Department of Public Health.

I am also reducing \$56,000 in Item 4260-001-0080 to conform to this action.

Provision 4 prohibits the Department of Health Care Services from expending any funds to relocate the Fresno Medi-Cal Field Office. I am deleting Provision 4 because it interferes with the Executive Branch's ability to effectively administer programs. Maintaining the Department's ability to consolidate operations is an important component of increasing operational efficiencies.

I am deleting \$195,000 (\$98,000 General Fund and \$97,000 Federal Trust Fund) and 2.0 positions for the implementation of Chapter 328, Statutes of 2006 (SB 437), which included a pilot program for self-certification of income at enrollment for Medi-Cal and development of feasibility study reports to begin implementing changes to several automated eligibility systems. While I remain committed to implementation of these reforms, this reduction is needed to build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. I am directing the Department of Health Care Services to delay implementation for one year.

In order to further build a prudent reserve, I am deleting \$2,030,000 intended to specifically fund implementation costs for the California Discount Prescription Drug Program. I am directing the Department of Health Care Services to identify resources to move forward with implementation.

I am also deleting Item 4260-001-8040 to conform to this action.

I am deleting \$96,000 General Fund intended to fund implementation costs for the California Rx Prescription Drug Website Program and am directing the Department of Health Care Services to delay implementation of the program for one year.

Item 4260-001-0080—For support of Department of Health Care Services. I reduce this item from \$198,000 to \$142,000.

I am reducing this item to conform to the action I have taken in Item 4260-001-0001.

Item 4260-001-0890—For support of Department of Health Care Services. I reduce this item from \$224,133,000 to \$224,036,000.

I am reducing this item by \$97,000 to conform to the action I have taken in Item 4260-001-0001, related to the delayed implementation of Chapter 328, Statutes of 2006 (SB 437).

Item 4260-001-8040—For support of Department of Health Care Services. I delete this item.

I am deleting this item to conform to the action I have taken in Item 4260-001-0001 regarding the California Discount Prescription Drug Program.

Item 4260-006-0001—For transfer by the Controller to the California Discount Prescription Drug Program Fund. I delete this item and Provision 1.

I am deleting the \$6,330,000 in this item to conform to the actions I have taken in Items 4260-001-0001, 4260-001-8040, and 4260-119-8040 regarding the California Discount Prescription Drug Program.

I am also deleting Provision 1 to conform to this action.

Item 4260-101-0001—For local assistance, Department of Health Care Services. I reduce this item from \$14,313,728,000 to \$13,903,340,000 by reducing:

(1) 20.10.010-Eligibility (County Administration) from \$2,660,676,000 to \$2,633,842,000;

(3) 20.10.030-Benefits (Medical Care and Services) from \$32,222,681,000 to \$31,447,632,000; and

(8) Amount payable from the Federal Trust Fund (Item 4260-101-0890) from -\$20,595,964,000 to -\$20,204,469,000.

I am deleting the legislative augmentation of \$4,260,000 (\$2,130,000 General Fund and \$2,130,000 Federal Trust Fund) for workstation replacement to conform to the action taken in Item 5180-141-0001.

I am deleting \$106,286,000 (\$53,143,000 General Fund and \$53,143,000 Federal Trust Fund) of the funding for rates for managed health care plans in the Medi-Cal Program. This reduction is necessary to provide for a prudent General Fund reserve in light of the various uncertainties in revenues and spending that we face this year. With this reduction, \$108,000,000 (\$54,000,000 General Fund) still remains to fund rate increases for plans to ensure adequate access to care for low-income Californians.

I am reducing the Medi-Cal Program by \$644,893,000 (\$331,893,000 General Fund and \$313,000,000 Federal Trust Fund). This reduction is necessary to provide for a prudent General Fund reserve in light of the various uncertainties in revenues and spending that we face this year. This reduction is based on historical data showing that on average over the last three fiscal years, Medi-Cal expenditures have been more than \$400 million General Fund lower than the estimate.

I am deleting \$26,792,000 (\$13,396,000 General Fund and \$13,396,000 Federal Trust Fund) to delay the implementation of Chapter 328, Statutes of 2006 (SB 437), which included a pilot program for self-certification of income at enrollment for Medi-Cal and development of feasibility study reports to begin implementing changes to several automated eligibility systems. This action will delay implementation of SB 437 for one year. This reduction is necessary to provide for a prudent General Fund reserve in light of the various uncertainties in revenues and spending that we face this year.

I am reducing the \$19,652,000 (\$9,826,000 General Fund and \$9,826,000 Federal Trust Fund) in funding for the county grants portion of the Children's Outreach Initiative. This appropriation reduction is necessary to provide for a prudent General Fund reserve in light of the various uncertainties in revenues and spending that we face this year. With this reduction, \$147,020,000 (\$64,680,000 General Fund) still remains to fund other components of the Children's Outreach Initiative that streamline enrollment processes, improve retention, and support county-based enrollment efforts for children. The Department of Health Care Services will pay for any valid county claims for the Children's Outreach Initiative for the 2006-07 fiscal year from remaining funds within this item.

Item 4260-101-0890—For local assistance, Department of Health Care Services.

I reduce this item from \$20,595,964,000 to \$20,204,469,000.

I am reducing this item by \$391,495,000 to conform to the action I have taken in Item 4260-101-0001.

Item 4260-111-0001—For local assistance, Department of Health Care Services. I reduce this item from \$172,616,000 to \$162,616,000 by reducing:

(3) 20.35-Primary and Rural Health from \$53,289,000 to \$43,289,000, and by deleting Provision 3.

I am reducing \$10,000,000 General Fund from Expanded Access to Primary Care (EAPC) in order to help build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. I will seek a subsequent bill this session

to fund this program with Proposition 99 funding and maintain a constant level of funding in the program.

Provision 3 directs the Department of Health Care Services to work with various constituency groups to resolve issues with the timely discharge of patients enrolled in the California Children's Services Program. This requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language.

Given the Legislature's interest in this area and the importance of this program, I am instructing the director of the Department of Health Care Services to continue the activities of this legislative request to the extent such activities can be achieved using existing resources and without impairing the Department of Health Care Services ability to perform its essential functions.

Item 4260-113-0001—For local assistance, Department of Health Care Services. I reduce this item from \$190,394,000 to \$185,171,000 by reducing:

(1) 20.10.010-Eligibility (County Administration) from \$20,783,000 to \$5,860,000, and

(4) Amount payable from the Federal Trust Fund (Item 4260-113-0890) from -\$330,184,000 to -\$320,484,000.

I am reducing the \$14,923,000 (\$5,223,000 General Fund and \$9,700,000 Federal Trust Fund) in funding for the county grants portion of the Children's Outreach Initiative to conform to the action I have taken in Item 4260-101-0001. The Department of Health Care Services will pay for any valid county claims for the Children's Outreach Initiative for the 2006-07 fiscal year from remaining funds within this item.

Item 4260-113-0890—For local assistance, Department of Health Care Services. I reduce this item from \$330,184,000 to \$320,484,000.

I am reducing this item by \$9,700,000 to conform to the action I have taken in Item 4260-113-0001.

Item 4260-119-8040—For local assistance, Department of Health Care Services. I delete this item.

I am deleting the \$4,300,000 intended specifically to fund local assistance implementation costs for the California Discount Prescription Drug Program. This action is necessary to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

Item 4265-001-0001—For support of Department of Public Health. I reduce this item from \$96,897,000 to \$95,460,000 by reducing:

(2) 20-Public and Environmental Health from \$504,804,000 to \$502,502,000;

(3) 30-Licensing and Certification from \$151,366,000 to \$150,935,000;

(6) Reimbursements from -\$36,726,000 to -\$36,605,000;

(14) Amount payable from the Radiation Control Fund (Item 4265-001-0075) from -\$22,620,000 to -\$22,402,000;

(16) Amount payable from the Childhood Lead Poisoning Prevention Fund (Item 4265-001-0080) from -\$9,471,000 to -\$9,368,000;

(18) Amount payable from the Clinical Laboratory Improvement Fund (Item 4265-001-0098) from -\$5,571,000 to -\$5,517,000;

(24) Amount payable from the Genetic Disease Testing Fund (Item 4265-001-0203) from -\$113,633,000 to -\$113,577,000;

(31) Amount payable from the Safe Drinking Water Account (Item 4265-001-0306) from -\$11,383,000 to -\$11,204,000;

(37) Amount payable from the Federal Trust Fund (Item 4265-001-0890) from -\$212,090,000 to -\$211,956,000;

(41) Amount payable from the Licensing and Certification Trust Fund (Item 4265-001-3098) from -\$84,033,000 to -\$83,602,000;

and by deleting Provision 6.

I am reducing the \$744,000 legislative augmentation to restore 11.0 special funded positions that were redirected from the Department of Health Services (DHS) to administrative and managerial positions in the new Department of Health Care Services and Department of Public Health. This will ensure the split of the DHS into two departments remains budget-neutral, consistent with the intent of Chapter 241, Statutes of 2006 (SB 162). This action is consistent with the deletion of \$56,000 and 1.0 position in the Department of Health Care Services.

I am also reducing \$218,000 in Item 4265-001-0075, \$103,000 in Item 4265-001-0080, \$54,000 in Item 4265-001-0098, \$56,000 in Item 4265-001-0203, \$179,000 in Item 4265-001-0306, and \$134,000 in Item 4265-001-0890 to conform to this action.

I am also reducing \$1,314,000 and 9.0 positions to reflect a delay in implementation of the Healthcare Associated Infections Program under Chapter 526, Statutes of 2006 (SB 739) for one year. This action is necessary to help build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

I am also reducing \$431,000 and 3.0 positions in Item 4265-001-3098 to conform to this action.

I am reducing \$123,000 General Fund and 2.0 positions for the implementation of Chapter 328, Statutes of 2006 (SB 437), which required development of feasibility study reports to implement changes to several automated eligibility systems. I am taking this action to delay implementation for one year in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

I am also deleting Provision 6 which would require the Department of Public Health to provide an action plan to the Legislature by November 1, 2007, and addresses temporary management appointment issues identified by the Bureau of State Audits. This requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature's desire to obtain this information, I am instructing the director of the Department of Public Health to comply with this legislative request to the extent compliance can be achieved using existing resources and without impairing the department's ability to perform its essential functions.

Item 4265-001-0075—For support of Department of Public Health. I reduce this item from \$22,620,000 to \$22,402,000.

I am reducing this item to conform to the action I have taken in Item 4265-001-0001.

Item 4265-001-0080—For support of Department of Public Health. I reduce this item from \$9,471,000 to \$9,368,000.

I am reducing this item to conform to the action I have taken in Item 4265-001-0001.

Item 4265-001-0098—For support of Department of Public Health. I reduce this item from \$5,571,000 to \$5,517,000.

I am reducing this item to conform to the action I have taken in Item 4265-001-0001.

Item 4265-001-0203—For support of Department of Public Health. I reduce this item from \$113,633,000 to \$113,577,000.

I am reducing this item to conform to the action I have taken in Item 4265-001-0001.

Item 4265-001-0306—For support of Department of Public Health. I reduce this item from \$11,383,000 to \$11,204,000.

I am reducing this item to conform to the action I have taken in Item 4265-001-0001.

Item 4265-001-0890—For support of Department of Public Health. I reduce this item from \$212,090,000 to \$211,956,000.

I am reducing this item to conform to the action I have taken in Item 4265-001-0001.

Item 4265-001-3098—For support of Department of Public Health. I reduce this item from \$84,033,000 to \$83,602,000.

I am reducing this item by \$431,000 and 3.0 positions to conform to the action I have taken in Item 4265-001-0001 related to the Healthcare Associated Infections Program.

Item 4265-111-0001—For support of Department of Public Health. I reduce this item from \$273,999,000 to \$265,499,000 by reducing:

(1) 10.10-Emergency Preparedness from \$198,220,000 to \$189,720,000.

In order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year, I am reducing \$8,500,000 from this item on a one-time basis from the ongoing discretionary funding provided for allocation to local health departments for local pandemic influenza preparedness and response planning. Even with this reduction, \$10,000,000 remains to fund local health departments' emergency preparedness activities. In addition, \$8,500,000 remains to provide storage to protect the state's investment in medical supplies and equipment to address health care surge capacity needs.

Item 4280-001-0001—For support of Managed Risk Medical Insurance Board. I reduce this item from \$2,516,000 to \$2,400,000 by reducing:

(3) 40-Healthy Families Program from \$9,495,000 to \$9,162,000, and

(9) Amount payable from Federal Trust Fund (Item 4280-001-0890) from -\$7,000,000 to -\$6,783,000.

I am reducing \$333,000 (\$116,000 General Fund and \$217,000 Federal Trust Fund) and 3.0 positions for the implementation of Chapter 328, Statutes of 2006 (SB 437) which provided for a program to test self-certification of income at the Annual Eligibility Review for the Healthy Families Program. I am directing the Managed Risk Medical Insurance Board to delay implementation for one year to contribute to a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

Item 4280-001-0890—For support of Managed Risk Medical Insurance Board. I reduce this item from \$7,000,000 to \$6,783,000.

I am reducing this item by \$217,000 to conform to my actions in 4280-001-0001, related to the delayed implementation of Chapter 328, Statutes of 2006 (SB 437).

Item 4280-101-0890—For local assistance, Managed Risk Medical Insurance Board.

I reduce this item from \$732,337,000 to \$729,841,000.

I am reducing this item by \$2,496,000 to conform to the action I have taken in Item 4280-101-0001, related to the delayed implementation of Chapter 328, Statutes of 2006 (SB 437).

Item 4280-102-0001—For local assistance, Managed Risk Medical Insurance Board.

I reduce this item from \$26,520,000 to \$26,240,000 by reducing:

(1) 40-Healthy Families Program from \$75,190,000 to \$74,396,000, and

(3) Amount payable from the Federal Trust Fund (Item 4280-102-0890) from -\$41,053,000 to -\$40,539,000.

I am deleting \$794,000 (\$280,000 General Fund and \$514,000 Federal Trust Fund) to conform to the action I have taken in Item 4280-001-0001, related to the delayed implementation of Chapter 328, Statutes of 2006 (SB 437).

Item 4280-102-0890—For local assistance, Managed Risk Medical Insurance Board.

I reduce this item from \$41,053,000 to \$40,539,000.

I am reducing this item by \$514,000 to conform to the action I have taken in Item 4280-102-0001, related to the delayed implementation of Chapter 328, Statutes of 2006 (SB 437).

Item 4440-101-0001—For local assistance, Department of Mental Health. I revise this item from \$518,723,000 to \$463,873,000 by reducing:

(1) 10.25-Community Services—Other Treatment from \$705,124,000 to \$638,274,000, and

(6) Reimbursements from -\$1,132,671,000 to -\$1,120,671,000.

I am deleting the \$54,850,000 legislative augmentation for the Integrated Services for Homeless Adults with Serious Mental Illness Program. While I support the goals of the program, this reduction is necessary to limit program expansions and to help

bring ongoing expenditures in line with existing resources. To the extent counties find this program beneficial and cost-effective, it can be restructured to meet the needs of each county's homeless population using other county funding sources, such as federal funds, realignment funds, or Proposition 63 funds.

I am reducing Schedule (6) to eliminate the \$12,000,000 legislative augmentation for the 5 percent rate restoration for mental health managed care. This technical veto is consistent with the legislative action taken in Item 4440-103-0001.

Item 4700-001-0001—For support of Department of Community Services and Development. I reduce this item from \$250,000 to \$150,000 by reducing:

(1) 47-Naturalization Services from \$250,000 to \$150,000.

I am deleting the \$100,000 legislative augmentation to expand the Naturalization Services Program. This action is necessary for a prudent reserve for economic uncertainties. With this reduction, \$3,000,000 still remains to support the Naturalization Services Program, and to assist legal immigrants in completing their citizenship application, citizenship testing, and in preparing for the interview. In addition, similar services are provided by the California Department of Education, such as instruction in civics and English.

I am also taking conforming action to reduce Item 4700-101-0001.

Item 4700-101-0001—For local assistance, Department of Community Services and Development. I reduce this item from \$4,750,000 to \$2,850,000 by reducing:

(1) 47-Naturalization Services from \$4,750,000 to \$2,850,000.

I am reducing this item by \$1,900,000 to conform to my action in Item 4700-001-0001.

Item 5180-001-0001—For support of Department of Social Services. I reduce this item from \$102,904,000 to \$102,717,000 by reducing:

(2) 25-Social Services and Licensing from \$161,486,000 to \$161,212,000;

(8) Amount payable from the Federal Trust Fund (Item 5180-001-0890) from -\$347,576,000 to -\$347,489,000;

and by deleting Provision 8.

I am reducing this item by \$274,000 (\$187,000 General Fund and \$87,000 Federal Trust Fund) for 3.0 positions on a one-time basis. This funding would have provided resources for the Department of Social Services to assist in sibling searches within the Adoptions Program, pursuant to legislation enacted during fiscal year 2006–07. While I support efforts to remove barriers to sibling reunification and facilitate the release of information between siblings, I am delaying implementation of this program for one year in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. I am reducing Item 5180-151-0001 by \$1,046,000 and Item 5180-151-0890 by \$794,000 to conform to this action.

Provision 8 requires the Department of Social Services to display legal accusations filed by the Department against a provider's license on the Community Care Licensing public website pages as a condition to spending set-aside funding of \$1,475,000 to implement its Licensing Reform Automation proposal. I am delaying implementation of this project for one year, to provide for a prudent General Fund reserve in light of the various uncertainties in revenues and spending that we face this year. I am also deleting the provisional language related to this project funding.

Item 5180-001-0890—For support of Department of Social Services. I reduce this item from \$347,576,000 to \$347,489,000 and delete Provision 4.

I am reducing this item to conform to the action I have taken in Item 5180-001-0001 related to sibling searches within the Adoptions Program.

I am deleting Provision 4 to conform to the action I have taken in Item 5180-001-0001 related to licensing reform automation costs.

Item 5180-151-0890—For local assistance, Department of Social Services. I reduce this item from \$1,222,557,000 to \$1,218,641,000.

I am reducing this item to conform to the actions I have taken in Item 5180-151-0001 related to workstation replacement, sibling searches within the Adoptions Program, and foster youth identify theft.

Item 5180-153-0001—For local assistance, Department of Social Services. I revise this item by deleting Provision 2.

Provision 2 requires the Department of Social Services to collaborate with stakeholders to develop the timeline, components, and execution of the evaluation of the Title IV-E Waiver. This requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, I am directing the Department to work with stakeholders to facilitate the successful implementation of the Title IV-E Waiver, which allows participating counties flexibility in using federal Title IV-E foster care funds for direct services and supports.

Item 5225-001-0001—For support of the California Department of Corrections and Rehabilitation. I reduce this Item from \$6,980,353,000 to \$6,958,609,000 by reducing:

(1) 10-Corrections and Rehabilitation Administration from \$376,992,000 to \$369,580,000;

(4) 20-Juvenile Operations from \$183,097,300 to \$181,168,300;

(8) 25-Adult Corrections and Rehabilitation Operations from \$4,904,883,000 to \$4,892,480,000;

and by revising Provisions 10 and 16 and deleting Provisions 8, 11, and 19.

I am reducing funds for the second phase of the Consolidated Information Technology Infrastructure Project by \$4,408,000 and eliminating the \$3,004,000 augmentation for the Division of Juvenile Justice Infrastructure Migration Project. In addition, I am reducing the augmentation provided for facility maintenance and special repair projects by \$10,000,000 and eliminating \$4,332,000 for equipment replacement. These reductions are necessary in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. I am revising Provisions 10 and 16 to conform to these actions as follows:

“10. In implementing the Consolidated Information Technology Infrastructure Project (CITIP), the department shall, when possible, give first priority to data drops for business services and rehabilitative programming. ~~Of the funds appropriated in this item, \$4,408,000 may not be expended sooner than 30 days after the department provides a report to the Joint Legislative Budget Committee certifying that CITIP design and engineering work has been completed at 12 institutions. This report shall also identify the revised cost estimates to implement the CITIP at these 12 institutions as compared to the original estimated costs. The report shall also identify the reasons for any differences between the original and revised estimates.~~”

“16. Of the funds appropriated in this item, ~~\$698,514,000~~ \$679,774,000 is available for expenditure only for the purposes identified below. Any unexpended funds shall revert to the General Fund.

(a) Facility Maintenance Funding: ~~\$46,000,000~~ \$36,000,000

(b) Coleman v. Schwarzenegger, Administrative Segregation Unit Mental Health Cells Modification: \$3,550,000

(c) Coleman v. Schwarzenegger, Administrative Segregation Intake Cells: \$13,203,000

(d) Coleman v. Schwarzenegger, Salary Enhancements: \$13,108,000

(e) Plata v. Schwarzenegger, Salary Enhancements: \$1,521,000

(f) Coleman v. Schwarzenegger, CMF Acute Cells Modification: \$1,075,000

(g) Coleman v. Schwarzenegger, Reception Center Enhanced Outpatient Program: \$2,916,000

(h) Perez v. Tilton, Comprehensive Inmate Dental Services Program: \$8,477,000

(i) Farrell v. Tilton, Safety and Welfare Remedial Plan: \$66,747,000

- (j) Farrell v. Tilton, Mental Health Remedial Plan: \$25,145,000
- (k) Implementation of Revised Program Guide for Mental Health Services Delivery System (Ch. 511, Stats. 2006): \$8,706,000
- (l) Sex Offender Management Funding: \$113,327,000
- (m) Reducing Recidivism Strategies: \$90,136,000
- (l) The department is authorized to make changes to the Reducing Recidivism Strategies supported by this subdivision not sooner than 15 days after notifying the fiscal committees of both houses of the Legislature of any proposed changes.
 - (n) Basic Correctional Officer Academy: \$61,105,000
 - (o) Records Staffing and Automation: \$7,759,000
 - (p) Garrison Johnson v. California, Racial Integration: \$1,214,000
 - (q) Coleman v. Schwarzenegger, Court Order Compliance: \$2,325,000
 - (r) Comprehensive Health Care Recruitment: \$3,928,000
 - (s) Life Prisoner Parole Hearing Staffing: \$6,646,000
 - (t) Farrell v. Tilton Healthcare Remedial Plan: \$9,064,000
 - (u) Farrell v. Tilton, Consent Decree: \$1,327,000
 - (v) Strategic Offender Management System: \$3,611,000
 - (w) Consolidated Information Technology Infrastructure Project: ~~\$118,466,000~~
\$114,058,000
 - (x) Teacher Pay Parity: \$13,868,000
 - ~~(y) Equipment Funding: \$4,332,000~~
 - (z) Mandatory Aftercare/Drug Treatment Furlough: \$65,615,000
 - (aa) Valdivia Case Records: \$3,344,000
 - (bb) Perez v. Tilton, Salary Enhancements: \$1,999,000'

I am deleting Provision 8, which would require the Department to pass along a portion of its 2.7-percent price increase to public community correctional facilities under contract with the Department. The Budget no longer contains funding for a price increase for the Department. Therefore, this language is unnecessary.

I am deleting Provision 11, which would allow the Department to submit a staffing plan to conduct background investigations and would preclude the use of sworn staff from being utilized. The Department's use of sworn staff to conduct background investigations has improved the processing time that it takes to conduct a background investigation as compared to non-sworn staff previously used. Because sworn staff have proved to be more effective than non-sworn classifications, and due to the need to aggressively fill the Department's vacant Correctional Officer positions, this provision would prevent the Department from managing their hiring process in a manner that allows Correctional Officer vacancies to be filled in the most effective way possible.

I am deleting Provision 19, which would require the Department to submit a plan for staffing and organizational changes in the Office of Facilities Management and other departmental units to deliver capital outlay projects, including those authorized by Chapter 7, Statutes of 2007 (AB 900). This reporting requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature's desire to obtain this information, it will be addressed as though the request had been included in Supplemental Report Language. Therefore, I am instructing the Secretary of the Department of Corrections and Rehabilitation to comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the Department's ability to perform its essential functions.

Item 5225-002-0001—For support of Department of Corrections and Rehabilitation.

I reduce this Item from \$2,126,132,000 to \$2,124,612,000 by reducing:

- (4.2) 50.20-Dental Services—Adult from \$103,292,000 to \$103,129,000;

(4.3) 50.30-Mental Health Services—Adult from \$303,093,000 to \$302,930,000; and

(4.5) 50.50-Dental and Mental Health Services Administration—Adult from \$59,283,000 to \$58,089,000.

I am deleting the \$1,520,000 legislative augmentation to support positions to improve hiring efforts within the California Department of Corrections and Rehabilitation's (CDCR) Dental and Mental Health programs. While I am supportive of these activities, my budget proposed to fund these limited-term positions using the salary savings available from the vacancies within CDCR's Dental and Mental Health programs.

I expect that the recruitment efforts of the Department of Personnel Administration, the salary increases provided to dental and mental health classifications, and the hiring efforts of the CDCR will greatly improve the CDCR's ability to fill the vacancies within these programs. As such, I recognize that funding these positions through salary savings is only a short-term solution and it may be necessary to provide additional funding to support these efforts in the future.

Item 5225-301-0001—For capital outlay, Department of Corrections and Rehabilitation.

I am sustaining Provision 7, which requires the department to report to the Joint Legislative Budget Committee with an update to the facility master plan for juvenile facilities. This report will identify how the projects funded in the 2007–08 Budget implement the master plan. While the department is committed to completing this valuable plan and has every intention of providing the data, it will be unable to meet the October 31, 2007 deadline provided therein because of the necessary time constraints associated with compiling the level of detail as required by this report. I am directing the department to prepare and deliver the required report by February 29, 2008.

Item 5225-301-0660—For capital outlay, Department of Corrections and Rehabilitation. I reduce this item from \$119,752,000 to \$107,367,000 by deleting:

(5.1) 61.23.004-California State Prison, Corcoran: Wastewater Treatment Plant Improvements—Construction (\$5,944,000), and

(5.2) 61.30.004-Centinel State Prison, Imperial: Wastewater Treatment Plant Upgrades—Construction (\$6,441,000).

I am deleting these two wastewater treatment plant projects from this item because they cannot be funded with lease revenue bond financing. I am directing the Department of Corrections and Rehabilitation to fund both projects from the \$300,000,000 General Fund appropriation contained in Chapter 7, Statutes of 2007 (AB 900) for infrastructure improvements at existing prisons. Should this action result in additional funding needs in order to complete the infrastructure work at the various existing institutions, I expect that the Legislature will be supportive of future funding requests.

Item 6110-001-0001—For support of Department of Education. I reduce this item from \$47,380,000 to \$47,127,000 by reducing:

(1) 10-Instruction from \$62,022,000 to \$60,422,000;

(2) 20-Instructional Support from \$103,209,000 to \$99,833,000; and

(9) Amount payable from Federal Trust Fund (Item 6110-001-0890) from –\$163,060,000 to –\$158,337,000.

I am deleting the legislative augmentation of \$133,000 and 1.0 position to coordinate education programs for incarcerated youth and support implementation of alternative school programs. This reduction is necessary to limit program expansion and in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. Further, the Department of Education already has existing positions that support alternative school programs and there is not sufficient workload justification for this additional position.

I am deleting Provision 28 to conform to this action.

I am deleting the \$120,000 legislative augmentation to support implementation of the English language learner component of the Mathematics and Reading Professional Development Program. Chapter 524, Statutes of 2006 (SB 472), appropriated \$120,000 to the Department of Education without regard to fiscal year and authorized the Department to establish one position for this purpose. The Department has not filled the position and, consequently, the \$120,000 remains available for expenditure. Therefore, it is unnecessary to provide additional expenditure authority in the budget year. However, I am sustaining authority for 1.0 limited-term position for one year to enable the Department to fill the position in order to conduct one-time activities associated with this program.

I am also revising this item to conform to the actions I have taken in Item 6110-001-0890.

Item 6110-001-0890—For support of Department of Education. I reduce this item from \$163,060,000 to \$158,337,000.

I am reducing a legislative augmentation by \$198,000 in federal Title II funds and 6.0 positions to implement the Compliance, Monitoring, Interventions, and Sanctions (CMIS) program related to the highly qualified teacher requirements under the federal No Child Left Behind Act. The Department of Education did not provide sufficient workload justification for these positions. Further, the Legislature rejected the Administration's proposal to shift funding from federal Title V to Title II for 4.0 professional development positions, with a priority on meeting the highly qualified teacher requirements, as Title V will no longer be available to support these positions. Therefore, I am sustaining \$929,000 to support 2.0 new positions and the 4.0 existing but unfunded positions for the purpose of assisting school districts to meet the highly qualified teacher requirements. When combined with the positions that are currently dedicated for this purpose, the Department will have a total of 8.0 positions for the CMIS program.

I am revising Provision 34 to conform to this action as follows:

“34. Of the funds appropriated in this item, ~~\$1,127,000~~ \$929,000 of federal Title II funds is for the Compliance, Monitoring, Intervention, and Sanctions (CMIS) program. This program is designed to help school districts meet the highly qualified teacher requirements specified in the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.). By April 1, 2008, the State Department of Education shall submit a report on the CMIS program to the budget and policy committees. The report shall identify (a) the number of school districts that received CMIS support in the 2007–08 fiscal year, and (b) the major components of the plans that those districts developed to respond to the federal highly qualified teacher requirements. For each participating district, the report also shall provide longitudinal data on the number and percent of teachers who are and are not highly qualified. At a minimum, the 2007–08 report shall include finalized data for the 2004–05, 2005–06, and 2006–07 fiscal years, and initial data for the 2007–08 fiscal year. The report shall provide data separately for high-poverty and low-poverty schools. For comparison, the report shall provide the same longitudinal data for the statewide average of all school districts as well as the average for school districts not receiving CMIS support.”

I am reducing this item by \$1,600,000 and 4.0 positions to monitor and provide technical assistance to alternative, county court, and Division of Juvenile Justice schools serving English learners. An increase in staff to monitor these schools has not been justified. Furthermore, monitoring and providing technical assistance for these schools is an ongoing activity and the use of one-time monies would be inappropriate. With this veto, these funds will be available to be distributed to local educational agencies for direct classroom instruction of English learner students.

I am deleting Provision 37 to conform to this action.

I am technically revising Provision 39 to eliminate references stipulating that \$450,000 of one-time funds is made available for special education dispute resolution contract “cost-of-living increases”. This program does not receive a cost-of-living adjustment, but rather receives funding on a workload basis. Accordingly, the funds will be used for addressing new workload claims to ensure that the public receives prompt and appropriate due process for consideration of dispute resolution matters, as required by law.

I am revising Provision 39 to conform as follows:

“39. Of the funds appropriated in this item, \$450,000 is made available on a one-time basis for the special education dispute resolution contract ~~for cost-of-living increases~~. The State Department of Education, in coordination with the Office of Administrative Hearings, shall provide quarterly caseload and expenditure data to the appropriate budget committees of the Legislature, the Department of Finance, and the Legislative Analyst’s Office by March 1, 2008. The information shall also include updated budget detail and payment provisions, as shown in Exhibit B of the inter-agency agreement.”

I am deleting the \$150,000 legislative augmentation to provide an independent evaluation of the special education dispute resolution services provided by the Office of Administrative Hearings. The proposal essentially is a request for data, some of which is duplicative. Instead, I am directing the Office of Administrative Hearings to provide the remaining data requested using existing resources, including specified workload and mediator use data, and efficiency options for the program.

I am deleting Provision 40 to conform to this action.

I am deleting the \$1,050,000 legislative augmentation to expand special education focused monitoring and technical assistance services in alternative, county court, and Division of Juvenile Justice schools. This program essentially provides auditing for compliance with individualized education plans and follow-up for necessary corrections. I am unable to support this augmentation. Individualized education plan compliance should already be a part of the Special Education program not only for alternative schools but in all educational settings. Students are entitled to receive the quality services required by law and included in their individual education plans. This particular funding should be allocated instead to local grants to fund direct special education instruction.

I am deleting Provision 41 to conform to this action.

I am reducing this item to delete the legislative augmentation of \$125,000 for a study to identify options for improving indicators of student socioeconomic status. Because the study is vague, I am concerned that \$125,000 augmentation may not be adequate to complete the study and may lead to future cost pressures to complete or expand the study. With this veto, these funds will be available to be distributed to local educational agencies for direct classroom instruction to improve the academic performance of schools. In lieu of this funding, I request that the Legislative Analyst’s Office partner with the Department of Finance to explore the issue with existing resources and staff.

I am deleting Provision 43 to conform to this action.

I am reducing this item by \$350,000 and 4.0 positions for assistance to local educational agencies (LEAs) that are expected to face federal No Child Left Behind corrective action sanctions. Until more definitive results from a privately funded pilot project are available and a resulting plan for expenditure of the local assistance dollars is fully developed, it is premature to add staff to support these activities. Further, until the final determination is made on how to allocate local assistance funding, it is not clear that it is necessary for the State Department of Education to provide a higher level of assistance or that additional positions are needed.

I am deleting Provision 44 to conform to this action.

I am reducing this item to delete the legislative augmentation of \$300,000 intended to support a pilot project that allows schools to use non-adopted reading language arts materials for English learner students. The proposed new program would allow the use of instructional materials that are not aligned to state standards, which is a concern because all students should have access to standards-aligned materials. In addition, an alternate \$20 million pilot project is already underway, and that project will be assessing what educational practices work best for improving the academic performance of English learners.

I am deleting Provision 46 to conform to this action.

I am deleting the \$400,000 legislative augmentation to create an advisory committee and perform a best practices study that would assist local education agencies in implementing evidence-based practices intended to assist students with specific learning disabilities to improve academically. However, I believe local grants for direct instruction would be a more prudent and timely use of this funding.

I am deleting Provision 47 to conform to this action.

I am reducing this item by \$500,000 for an evaluation of the English Learner Best Practices Pilot Program (Pilot) pursuant to the requirements of Chapter 561, Statutes of 2006 (AB 2117). During last year's development of Assembly Bill 2117, which established the Pilot, the understanding was that the evaluation would be funded by a not-for-profit organization. However, this funding has not materialized. The legislative augmentation of \$1,000,000 for the evaluation appears to be excessive. Instead, I am sustaining \$500,000 of the augmentation which would be consistent with similar evaluations done in the recent past. I believe the evaluation is an important component of ensuring that the \$20 million Proposition 98 General Fund provided in the Budget Act of 2006 for the Pilot would produce conclusions that could lead to improvements in English learner academic performance.

I am revising Provision 48 to conform to this action.

“48. Of the funds appropriated in this item, ~~\$1,000,000~~ \$500,000 of one-time federal Title III funds is available on a one-time basis for five years for an independent evaluation administered by the State Department of Education pursuant to the requirements of Chapter 561 of the Statutes of 2006.”

I am reducing this item by \$50,000 for an evaluation to ensure that local educational agencies (LEAs) are employing methods to ensure effective and timely oral communication with non-English-speaking parents. To the extent that this is a problem for LEAs, they already receive federal funds that can be used for these purposes. Specifically, the Budget includes over \$165 million in federal Title III funds that can be used for parent outreach activities such as interpreter services. With this veto, these funds will be available to be distributed to LEAs for direct classroom instruction of English learner students.

I am deleting Provision 49 to conform to this action.

Item 6110-123-0001—For local assistance, Department of Education. I revise Provision 1 of this item.

I am deleting provisional language added by the Legislature that allocates funds to Intervention Underperforming Schools Program (II/USP) schools that are still subject to state sanctions and are working with school assistance and intervention teams (SAITs). The last cohort of II/USP schools qualified for funding in 2002–03 and since that time, some schools, even with the assistance of SAITs, still have not met bare minimum academic benchmarks to improve student achievement and to exit the program. Consequently, I do not believe that the state should continue to fund these activities given the efforts to consolidate state and federal accountability programs. In addition, I am concerned that the Legislature's shift of these II/USP costs from another Budget item to this item may create cost pressures within the II/USP successor

program, the High Priority Schools Grant Program. I continue to support focusing efforts on improving low-performing schools and request that the State Board of Education assign the full spectrum of more effective sanction strategies available under current law to these schools to help them improve student achievement.

I am revising Provision 1 as follows to conform to this action.

“1. Funds appropriated in Schedule (1) are provided solely for the purpose of implementing the High Priority Schools Grant Program pursuant to Article 3.5 (commencing with Section 52055.600) of Chapter 6.1 of Part 28 of the Education Code. Of these funds, \$10,000,000 or whatever greater or lesser amount is necessary, shall be available to support schools working with school assistance and intervention teams or schools subject to state sanctions by the Superintendent of Public Instruction as part of the High Priority Schools Grant Program ~~or the Immediate Intervention/Underperforming Schools Program .”~~

Item 6110-134-0890—For local assistance, Department of Education. I reduce this item from \$77,900,000 to \$70,800,000 by deleting:

(7) 10.30.013-District Assistance and Intervention Teams (\$7,100,000), and by deleting Provision 9.

I am deleting \$7,100,000 and setting these funds aside for appropriation in subsequent legislation. This Legislative augmentation provided funding for District Assistance and Intervention Teams (DAITs) to work with local educational agencies (LEAs) facing sanctions under the federal accountability system. The augmentation is premature because a privately funded pilot project and evaluation of the effectiveness of DAITs is underway. Until the evaluation is completed, or an interim report shows that DAITs are effective, I cannot support funding for these new activities. I recognize the problem of a growing number of LEAs and schools entering federal No Child Left Behind sanctions and note that funding is set aside in this item, pursuant to subsequent legislation, for implementation of an effective plan that supports LEAs and schools and their attempts to improve the academic performance of their students.

Item 6110-196-0001—For local assistance, Department of Education (Proposition 98).

I reduce this item from \$1,761,366,000 to \$1,756,366,000 by reducing:

(1) 30.10.010-Special Programs, Child Development, Preschool Education from \$418,644,000 to \$413,644,000,

and by revising Provision 3 to conform.

I am reducing \$5,000,000 from preschool programs and revising Provision 3 by eliminating language that would expand the authorized use of these funds to include wrap-around child care for children participating in any state preschool program. These funds were provided to continue support of the Pre-Kindergarten Family Literacy program (PKFL) that was authorized by Chapter 211, Statutes of 2006 (AB 172) by providing ongoing funding for full-day child care for children participating in the PKFL program (AB 172 utilized one-time funding to provide this service in 2006–07). I believe that making these funds available to all preschool programs would undermine the PKFL program and negatively impact the ability of families to participate in the program. I am therefore setting these funds aside for legislation that would restore the priority for these funds to the PKFL programs.

I am revising Provision 3 to conform to this action as follows:

“3. Of the amount appropriated in Schedule (1), \$50,000,000 is available for pre-Kindergarten and Family Literacy Preschool programs pursuant to Chapter 211 of the Statutes of 2006. ~~Of the amount appropriated in Schedule (1); \$5,000,000 is available for wraparound care in order to provide direct child care for children in the state preschool program for the portion of the day that is not otherwise covered by services provided as part of the state preschool program .”~~

Item 6120-211-0001—For local assistance, California State Library. I reduce this item from \$21,342,000 to \$14,342,000 by reducing:

(1) 20.30-Direct Loan and Interlibrary Loan Programs from \$18,616,000 to \$11,616,000.

I am deleting \$7,000,000 for Direct Loan and Interlibrary Loan services. This reduction is necessary in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

Item 6120-221-0001—For local assistance, California State Library, Public Library Foundation Program. I reduce this item from \$22,360,000 to \$14,360,000.

I am deleting the discretionary \$1,000,000 legislative augmentation to the Public Library Foundation. This reduction is necessary to limit program expansions and help bring ongoing General Fund expenditures in line with existing resources. In addition, I am deleting \$7,000,000 in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

Item 6440-001-0001—For support of University of California. I reduce this item from \$3,019,559,000 to \$3,016,059,000 by reducing:

(1) Support from \$2,936,063,000 to \$2,932,563,000,

and by revising Provisions 11,13, and 24 and deleting Provisions 26 and 27.

I am deleting the legislative augmentations for agricultural research (\$1,500,000) and for oceanographic research at the Scripps Institute of Oceanography (\$1,500,000) to limit program expansions and to help bring ongoing expenditures in line with existing resources. With these reductions, over \$77,000,000 of state and university funds remains to support agricultural research and over \$9,700,000 of state and university funds remains to support research at the Scripps Institute of Oceanography.

I am deleting provisions 26 and 27 to conform to these actions.

I am deleting \$500,000 for UC-Mexico research, which represents the amount of funding for the financing of a facility located in Mexico, in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. The University of California should use other sources for this purpose at its discretion.

I am revising Provision 11 to conform as follows:

~~“11. Notwithstanding Section 3.00, for the term of the financing, the University of California may use funds appropriated in Schedule (1) for debt service and costs associated with the purchase, renovation, and financing of a facility for the UC-Mexico research and academic programs in Mexico City. The amount to be financed shall not exceed \$7,000,000. The university shall report to the Legislature by March 15, 2008, on the (a) amount of funds spent to support the UC-Mexico facility, including the specific use of these funds; (b) amount of funds spent to support UC-Mexico research and academic programs, and (c) different types of research conducted and programs operated at the UC-Mexico facility.”~~

I am sustaining the legislative augmentation of \$19,300,000 for student academic preparation and education programs. However, the reporting requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature’s desire to obtain this information, it will be addressed as though the request had been included in Supplemental Report language. Therefore, I am instructing the President of the University of California to comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the University’s ability to perform its essential functions.

I am revising Provision 24 to conform as follows:

~~“24. Of the funds appropriated in Schedule (1), \$19,300,000 is for student academic preparation and education programs (SAPEP) and is to be matched with \$12,000,000 from existing university resources, for a total of \$31,300,000 for these programs. The~~

University of California shall provide a plan to the Department of Finance and the fiscal committees of each house of the Legislature for expenditure of both state and university funds for SAPEP by September 1, 2007. It is the intent of the Legislature that the university report on the use of state and university funds provided for these programs, including detailed information on the outcomes and effectiveness of academic preparation programs consistent with the accountability framework developed by the university in April 2005. The report shall be submitted to the fiscal committees of each house of the Legislature not later than April 1, 2008.”

Finally, I am revising Provision 13 to delete language that describes a new methodology for determining the marginal cost of each additional state-supported student in the future. The new formula is not transparent, is too difficult to either replicate or verify allowing for potential manipulation in future years, and does not properly reflect the full mix of new faculty associated with the system-wide growth in students.

I am revising Provision 13 to conform as follows:

“13. Of the funds appropriated in Schedule (1), \$52,930,000 is to fund 5,000 additional state-supported full-time equivalent students (FTES) at the University of California, based on a marginal General Fund cost of \$10,586 per additional student. This funding rate is based on a methodology for determining the marginal cost of each additional state-supported student, as adopted by the Legislature for the 2006–07 fiscal year. This methodology calculates a total marginal cost (including operation and maintenance costs and faculty costs based on the salaries of recently hired professors) and then subtracts from this cost the fee revenue the university anticipates from each additional student (after adjusting for financial aid); in order to determine the amount of General Fund support needed from the state. It is the intent of the Legislature that enrollment growth funding provided to the university in subsequent fiscal years be based on this specific methodology. The Legislature expects the University of California to enroll a total of 198,455 state-supported FTES during the 2007–08 academic year. This enrollment target does not include nonresident students and students enrolled in non-state-supported summer programs. The University of California shall report to the Legislature by March 15, 2008, on whether it has met the 2007–08 enrollment goal. For purposes of this provision, enrollment totals shall only include state-supported students. If the University of California does not meet its total state-supported enrollment goal by at least 250 FTES, the Director of Finance shall revert to the General Fund by April 1, 2008, the total amount of enrollment funding associated with the total share of the enrollment goal that was not met.”

Item 6440-305-6048—For capital outlay, University of California.

I am sustaining the \$10,000,000 provided for the Life Sciences Research and Nursing Education Building in this item.

In my efforts to continue to support programs and projects that will alleviate the nursing shortage California is suffering, I am sustaining this legislative augmentation for the Charles R. Drew University of Medicine and Science to build a Life Sciences Research and Nursing Education Building. However, I note that a number of issues both legal and programmatically need to be resolved before funds may be expended. Specifically, there are legal concerns regarding the use of general obligation bonds for this project and may require the state to acquire and maintain ownership of the facility being built. Additionally, the nursing program that will utilize this facility needs to be fully developed before the scope of this new facility can be generated. Until these concerns are resolved, no funds for this project may be expended.

Item 6610-001-0001—For support of California State University. I revise this item by revising Provision 7.

I am revising Provision 7 to delete language that describes a new methodology for determining the marginal cost of each additional state-supported student in the future. The new formula is not transparent, is too difficult to either replicate or verify allowing

for potential manipulation in future years, and does not properly reflect the full mix of new faculty associated with the system-wide growth in students.

I am revising Provision 7 to conform as follows:

“7. Of the amount appropriated in Schedule (1), \$64,417,000 is to fund 8,355 additional state-supported full-time equivalent students (FTES) at the California State University (CSU), based on a marginal General Fund cost of \$7,710 per additional student. This funding rate is based on a methodology for determining the marginal cost of each additional state-supported student, as adopted by the Legislature for the 2006–07 fiscal year. This methodology calculates a total marginal cost (including operation and maintenance costs and faculty costs based on the salaries of recently hired professors) and then subtracts from this cost the fee revenue the university anticipates from each additional student (after adjusting for financial aid); in order to determine the amount of General Fund support needed from the state. It is the intent of the Legislature that enrollment growth funding provided to the university in subsequent fiscal years be based on this specific methodology. The Legislature expects CSU to enroll a total of 342,553 state-supported FTES during the 2007–08 academic year. This enrollment target does not include nonresident students and students enrolled in non-state-supported summer programs. The CSU shall provide a preliminary report to the Legislature by March 15, 2008, and a final report by May 1, 2008, on whether it has met the 2007–08 enrollment goal. For purposes of this provision, enrollment totals shall only include state-supported students. If CSU does not meet its total state-supported enrollment goal by at least 418 FTES, the Director of Finance shall revert to the General Fund by May 15, 2008, the total amount of enrollment funding associated with the total share of the enrollment goal that was not met.”

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges, Proposition 98. I reduce this item from \$3,906,649,000 to \$3,859,753,000 by reducing:

- (1) 10.10.010-Apportionsments from \$3,093,135,000 to \$3,079,349,000;
- (2) 10.10.020-Basic Skills and Apprenticeship from \$48,339,000 to \$15,229,000; and by deleting subdivision (c) of Provision 7.

I am reducing Schedule (1) by \$13,786,000 and Schedule (2) by \$33,110,000 to delete the legislative augmentations for a noncredit course rate increase and a basic skills student funding increase, respectively. However, I am setting these funds aside for legislation that appropriates these funds for improving outcomes for at-risk students in a manner more consistent with the priorities of my proposed Student Success Initiative (\$33,110,000) and the remainder for other more compelling Proposition 98 funding needs.

The Legislature’s proposed \$13,786,000 augmentation to support a second consecutive noncredit rate increase is premature and inconsistent with the agreement reached in last year’s compromise on Chapter 631, Statutes of 2006 (SB 361). As part of that agreement, my Administration indicated that any future noncredit rate increase would be subject to improved student outcomes from last year’s initial investment of \$30,000,000. To date, no accountability measures have been developed to evaluate this investment, nor has my Administration received a comprehensive list of courses and programs that have been approved by the Chancellor’s Office for funding from the 2006–07 increase. While I cannot sustain this augmentation, the budget does provide a 4.53-percent COLA, which, when combined with the ongoing \$30,000,000 increase from 2006–07, provides for a 23-percent increase in per student funding for selected noncredit courses since the 2005–06 fiscal year.

I am deleting Provision 4.6 to conform to this action.

I cannot support the Legislature’s \$33,110,000 redirection of funds proposed for my May Revision’s Student Success Initiative because the accompanying control provisions do not contain the appropriate accountability and distribution mechanisms neces-

sary to ensure this investment improves student outcomes, particularly for at-risk students transitioning from high schools. With this reduction, the community colleges still retain \$33,110,000 in unspent current year funds that carryover for expenditure in the budget year to address strategies for improving basic skills instruction. My Administration is prepared to work with the Chancellor's Office to reinstate the ongoing funding pending agreement on revised accountability and distribution provisions that address my priority for improving meaningful outcomes for students transitioning from high school.

I am deleting subdivision (c) of provision 7 to conform to this action.

Item 6870-486—Reappropriation, Proposition 98, Board of Governors of the California Community Colleges. I reduce this item from \$26,668,000 to \$21,168,000 by deleting legislative augmentations for the Part-time Faculty Health Insurance Program in Schedule (4) and the proposed Construction College Pilot Program in Schedule (6).

I am deleting the one-time augmentation of \$4,000,000 from the Proposition 98 Reversion Account for the Part-time Faculty Health Insurance Program because this program was established as an incentive grant program to encourage additional district investments in benefits for part-time faculty. However, these programs were not intended to require additional one-time or ongoing contributions from the state. Given the significant general purpose increases provided in this Budget for community colleges, I believe that districts have sufficient resources to provide additional benefits to part-time faculty at their discretion.

I am also deleting the one-time augmentation of \$1,500,000 for a Construction College pilot program at San Jose City College and another, unspecified site. While this program may have merit from a local perspective, significant investments are already proposed for apprenticeship and pre-apprenticeship programs, as well as traditional K–12 career path programs including construction technology, within my anticipated 2007–08 Career Technical Education Initiative expenditure plan. Additional funding for a construction-specific program would establish an undesirable precedent for singling out a local project for funding without competing for limited resources with other meritorious local projects. It is also premature to fund this program until other construction and related program grants can be evaluated.

Item 7980-001-0001—For support of Student Aid Commission. I reduce this item from \$15,449,000 to \$15,349,000 by reducing:

- (1) 15-Financial Aid Grants Program from \$13,886,000 to \$13,786,000, and by deleting Provision 5.

I am deleting the \$100,000 legislative augmentation for one position for purposes of administering the Public Interest Attorney Loan Repayment Program to conform to my action on Item 7980-101-0001.

I am deleting Provision 5 to conform to this action.

Item 7980-101-0001—For local assistance, Student Aid Commission. I reduce this item from \$859,814,000 to \$857,614,000 by reducing:

- (1) 15-Financial Aid Grants Program from \$889,950,000 to \$887,750,000, and by revising Provision 5 and deleting Provision 9.

I am reducing the legislative augmentation for the California Student Opportunity and Access Program (CalSOAP) by \$2,200,000. This program provides financial aid awareness as well as student academic preparation and education services to public school students. This reduction is necessary in order to build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. Additionally, I am concerned that this program's various student academic support and preparation activities have not been subjected to a cost-effectiveness analysis in many years. With this reduction, \$6,367,000 still remains for CalSOAP to support financial aid awareness activities. Further, it is my understanding that the California Student Aid Commission recently approved \$2,200,000 from the Student Loan Operating Fund for

similar financial aid outreach purposes. Therefore, this augmentation is largely redundant with planned expenditures.

I am revising Provision 5 to conform to this action:

“5. Of the funds appropriated in Schedule (1), ~~\$8,567,000~~ \$6,367,000 is for the California Student Opportunity and Access Program established pursuant to Article 4 (commencing with Section 69560) of Chapter 2 of Part 42 of the Education Code and shall be available to provide financial aid awareness and outreach to students who are preparing to enter, or are currently enrolled in, college.”

Additionally, I am deleting the legislative language augmentation included in Provision 9 that authorizes 100 new warrants for the Public Interest Attorney Loan Repayment Program. The authorization of 100 loan assumption warrants would commit the state to out-year costs in excess of \$1,000,000. Furthermore, this program authorizes warrants for attorneys employed by local government. Thus, in effect, this augmentation would serve to subsidize local government employee recruitment and retention with state funds. Therefore, this action is necessary to limit program expansions.

Item 7100-001-0185—For support of Employment Development Department. I reduce this item from \$79,495,000 to \$67,435,000.

I am reducing the \$27,060,000 legislative augmentation for the Job Services Program by \$12,060,000. This program provides employment services in the One-Stop Career Centers, facilitating a match between employers' needs and job seekers' skills, and while I agree with the Legislature that some additional resources would benefit job seekers, I am confident that the \$168,000,000 available will be sufficient in meeting the employment demands of California communities. Finally, I am directing the Employment Development Department to minimize the number of positions to be reduced in job services locations by making reductions in Administration and facility operations.

I am deleting Provision 4 to conform to this action.

Item 7350-001-0001—For support of Department of Industrial Relations. I reduce this item from \$67,768,000 to \$67,383,000 by reducing:

(6) 50-Division of Labor Standards Enforcement from \$49,933,000 to \$49,548,000.

I am deleting \$385,000 and 5.0 positions for the Licensing and Registration Unit provided for recently enacted legislation including the registration of employers in the car washing and polishing industry. This reduction is necessary to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

Item 7350-011-0223—For support of Department of Industrial Relations. I revise this item by deleting Provision 1.

I delete Provision 1, which would require the Department of Industrial Relations to provide a long-term plan and a detailed repayment schedule by January 10, 2008, for the California Occupational Safety and Health Administration, Targeted Inspection and Consultation Fund loan.

This reporting requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature's desire to obtain this information, it will be addressed as though the request had been included in Supplemental Report language. Therefore, I am instructing the Director of the Department of Industrial Relations to comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the Department of Industrial Relations' ability to perform its essential functions.

Item 8120-011-0268—For support of Commission on Peace Officer Standards and Training. I revise this item by deleting Provision 3.

I am deleting Provision 3, which would require the Commission on Peace Officer Standards and Training to report to the Legislature on the findings of the local law enforcement agency audits conducted by the Controller on behalf of the commission.

This reporting requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature's desire to obtain this information, it will be addressed as though the request had been included in Supplemental Report language. Therefore, I am instructing the Executive Director of the Commission on Peace Officer Standards and Training to comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the Commission on Peace Officer Standards and Training's ability to perform its essential functions.

Item 8660-001-0042—For support of Public Utilities Commission. I reduce this item from \$3,526,000 to \$3,354,000.

I am deleting a legislative augmentation of \$172,000 and 2.0 positions for Public Utilities Commission's (PUC) rail crossing safety staff. In the 2006 Budget Act, I included three positions for the rail safety crossing program, giving the PUC 20.0 base positions for rail crossing safety. To date, all those positions are not filled. It would be premature to authorize additional positions until the positions at the PUC are filled and the impact on workload can be determined. With these reductions, \$3,354,000 still remains to support the rail crossing safety staff.

Item 8660-001-0462—For support of Public Utilities Commission. I revise this item by reducing:

- (1) 10-Regulation of Utilities from \$120,157,000 to \$119,857,000;
- (3) 20-Regulation of Transportation from \$19,911,000 to \$19,739,000;
- (7) Amount payable from the State Highway Account, State Transportation Fund (Item 8660-001-0042) from -\$3,526,000 to -\$3,354,000; and
- (18) Amount payable from the Public Utilities Commission Ratepayer Advocate Account (Item 8660-001-3089) from -\$21,632,000 to -\$21,332,000.

I am revising this item to conform to the actions I have taken in Item 8660-001-3089 and Item 8660-001-0042.

Item 8660-001-3089—For support of Public Utilities Commission. I reduce this item from \$21,632,000 to \$21,332,000.

I am deleting a legislative augmentation of \$300,000 and 3 positions for the Division of Ratepayer Advocates' (DRA) water audits division. The Budget Act of 2006 provided additional auditors to the Public Utilities Commission (Commission) that were intended to meet the needs of the DRA as well as the balance of the Commission. With these reductions, \$2,200,000 and 22.0 positions still remain to support the Division of Ratepayer Advocates water auditing staff.

Item 8770-001-0462—For Support of the Electricity Oversight Board. I reduce this item from \$3,579,000 to \$2,684,000 by reducing:

- (1) 30-Administration from \$4,128,000 to \$3,096,000, and
- (2) Amount payable from the Energy Resources Programs Account (Item 8770-001-0465) from -\$549,000 to -\$412,000.

I am reducing Schedule (1) to reflect my expectation that by April 1, 2008, the Electricity Oversight Board (EOB) will have transferred its remaining duties to the Public Utilities Commission. The EOB was established in 1996 as part of the state's attempt to restructure the electricity industry, and was given the responsibility for overseeing the California Independent System Operator, a non-profit entity that operates most of California's electric transmission grid. Since that time, changes in state and federal law have eliminated the need for the EOB; the duties it performs are now also performed either by the California Independent System Operator or the California Public Utilities Commission. When I first took office, the California Performance Review determined that the EOB should be eliminated, with its remaining functions transferred to other entities. It is time to implement this recommendation. With this reduction, sufficient funding will remain in the EOB budget to allow for an orderly staffing reduction plan so staff will have every opportunity to transfer to new duties within California state

government. I am requesting the Department of Personnel Administration to fully assist the EOB in this effort.

Item 8770-001-0465—For support of the Electricity Oversight Board. I reduce this item from \$549,000 to \$412,000.

I am revising this item to conform to actions I have taken in Item 8770-001-0462.

Item 8910-001-0001—For support of Office of Administrative Law. I revise this item by deleting Provision 1.

I am deleting Provision 1, which would require the Office of Administrative Law to report to the Legislature on the use of positions assigned to underground regulation review. This reporting requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature's desire to obtain this information, it will be addressed as though the request had been included in Supplemental Report language. Therefore, I am instructing the director of the Office of Administrative Law to comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the Office of Administrative Law's ability to perform its essential functions.

Item 8955-001-0001—For support of California Department of Veterans Affairs. I revise this item by deleting Provision 5.

I delete Provision 5, which would require the California Department of Veterans Affairs (CDVA) to report on the Department's progress in providing a "restraint-free" environment for residents at the Veterans Homes. This reporting requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature's desire to obtain this information, it will be addressed as though the request had been included in Supplemental Report language. Therefore, I am instructing the Secretary of the CDVA to comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the CDVA's ability to perform its essential functions.

Item 9210-107-0001—For local assistance, Local Government Financing. I delete this item.

I am deleting the \$3,500,000 legislative augmentation for grants to county assessors, which would be made in proportion to the amount of property tax received by their K-14 schools. This reduction is necessary to limit program expansions and provide for a prudent General Fund reserve in light of the various uncertainties in revenues and spending that we face this year.

Local government is anticipated to receive \$28,000,000 in property tax revenue in 2007-08 pursuant to a new method of collecting fractionally owned aircraft property taxes, facilitated by budget trailer bill legislation. As a result, this \$3,500,000 augmentation is unnecessary.

Item 9800-001-0001—For Augmentation for Employee Compensation. I reduce this item from \$525,262,000 to \$453,262,000.

I am reducing funding by \$72,000,000 for employee compensation and instructing my administration to absorb this reduction in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. To effect this reduction, I am directing the Director of Finance to reduce the amount that would have been allocated to each department from Item 9800-001-0001 by an amount equal to 8.576 percent of that department's General Fund expenditures for personal services in April of 2007. With this reduction, \$453,262,000 still remains to be allocated by the Department of Finance for increases in employee compensation that the Department of Personnel Administration has already agreed to pay. This reduced amount available for allocation to departments will not affect pay or benefits for

employees in any way. Employees will receive full pay, and the funding for pay increases not available from Item 9800 will be funded by a redirection within existing resources by individual departments. So, all previously negotiated employee compensation increases, and all employee compensation increases for medical, mental, and dental health positions arising from the Coleman and Plata court cases will be unaffected by my action to reduce this appropriation.

Item SEC 24.55—California Research and Education Network. I delete this control section.

I am deleting Control Section 24.55 because this language is unnecessary and could increase administrative costs at the expense of either direct network services or potentially higher fees. Chapter 552, Statutes of 2006, already provides appropriate oversight for K–12. Similarly, annual program review through the budget process, the governance structure of the higher education segments, and the current business practices of establishing interagency agreements and essentially using cost-based accounting for each educational segment already provide appropriate accountability for higher education.

With the above deletions, revisions, and reductions, I hereby approve Senate Bill 77.

ARNOLD SCHWARZENEGGER, Governor

- 2 [Ch. 172] I object to the following appropriations contained in Senate Bill 78.

Item 1760-001-0666—For support of Department of General Services. I revise this item by deleting Provision 10.

I delete Provision 10, which would require the Department of General Services to provide an implementation progress report on the Fleet Asset Management System.

This reporting requirement would result in an expenditure increase without regard to the availability of revenues. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature's desire to obtain this information, it will be addressed as though the request had been included in Supplemental Report language. Therefore, I am instructing that the Director of the Department of General Services comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the Department of General Services' ability to perform its essential functions.

Item 2660-001-0042—For support of Department of Transportation.

I am sustaining the Legislature's augmentation for capital outlay support. In the May Revision, reflecting the large increase of work to be done to implement Proposition 1B as well as Caltrans' work funded from other sources, I proposed additional funding necessary to use contractual services for engineering, design, environmental studies, and other work needed to ready projects for construction. This was proposed in lieu of expanding state staff in order to speed up delivery of Proposition 1B projects.

The augmentation was based on 90 percent state staff and 10 percent contract staff. Because it will take a year or more to hire and train state staff, I am very concerned that this action will delay projects by a year or more and end up costing more than using contractual services because of salary costs incurred while training new state hires and the impact of inflation on construction costs while projects are delayed. Moreover, because the funding from Proposition 1B is one-time and will be exhausted over the next five years, the hiring of new permanent state staff could lead to the need for future layoffs. An appropriate balance between state staff and contract staff will enable the state to improve its highways, roads, bridges, and railroad crossings immediately. Therefore, I am directing the Director of the Department of Transportation to take all steps necessary to deliver these projects as quickly as possible, including an increased use of contractual services within the funding level the Legislature has provided.

Item 3790-001-0001—For support of Department of Parks and Recreation. I reduce this item from \$145,359,000 to \$130,359,000 by reducing:

(1) For support of the Department of Parks and Recreation from 383,495,000 to \$368,495,000.

I am vetoing \$15,000,000 General Fund on a one-time basis for maintenance at state parks. The Department of Parks and Recreation's existing maintenance budget is approximately \$67,000,000, and a one-time augmentation of \$90,000,000 was provided in 2006–07 to address deferred maintenance needs. Furthermore, Proposition 84 provides \$400,000,000 for the development and rehabilitation of state parks, including deferred maintenance. For these reasons, and in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year, I believe a one-time reduction can be made without a significant impact on the department's ability to perform its essential functions in 2007–08.

Item 3900-001-0044—For support of State Air Resources Board. I reduce this item from \$94,533,000 to \$93,875,000 by reducing:

(1) 15-Mobile Source from \$696,312,000 to \$675,188,000;

(2) 25-Stationary Source from \$53,845,000 to \$53,345,000;

(7) Amount payable from the Air Pollution Control Fund (Item 3900-001-0115) from –\$174,541,000 to –\$154,541,000;

and by deleting:

(9.5) Amount payable from the Energy Resources Programs Account (Item 3900-001-0465) (–\$966,000).

I am reducing Schedule 1 to eliminate the legislative augmentation of \$658,000 and 6.7 positions for additional diesel enforcement efforts. In the past three budgets, I have included additional staff for diesel enforcement every year. In 2005–06, I added 15.3 positions, in 2006–07, I added 5.8 positions, and in the 2007–08 Governor's Budget, I included 6.7 more positions. The Legislature concurred in all of these augmentations, but added 6.7 additional positions this year for reasons which have not been explained. While I recognize that diesel enforcement is important, these augmentations are all funded by the Motor Vehicle Account, which is facing significant fiscal pressures for other high-priority expenditures. In light of this, and the lack of workload justification for the 6.7 position legislative augmentation, it is necessary to make this reduction in order to preserve Motor Vehicle Account funds for other critical needs.

I am also revising this item to conform to the actions I have taken in Items 3900-001-0115 and 3900-001-0465.

Item 3900-001-0115—For support of State Air Resources Board. I reduce this item from \$174,541,000 to \$154,541,000.

I am deleting the \$20,000,000 legislative augmentation for construction equipment grants that would be funded by increasing vehicle-related fees charged to the citizens of California. This proposal would carve out one industry, construction, for a state subsidy to comply with proposed air quality regulatory requirements. This focus on a single industry is inconsistent with the Air Board's overall approach to regulating air quality.

I am sustaining the \$1,000,000 fund shift from General Fund to the Air Pollution Control Fund (APCF) for legal defense costs associated with Chapter 200, Statutes of 2002 and associated provisional language. I note, however, that the resources expected to be available in the APCF are quite limited. Consequently, should the legal defense costs exceed the \$1,000,000 provided in this item, the Air Board will likely request General Fund deficiency funding rather than additional resources from the APCF.

Item 3940-001-0001—For support of State Water Resources Control Board. I reduce this item from \$39,344,000 to \$39,102,000 by reducing:

(1) 10-Water Quality from \$463,986,400 to \$459,499,400, and

(5) Reimbursements from $-\$14,244,000$ to $-\$9,999,000$.

I am eliminating a legislative augmentation of $\$242,000$ and 2.0 positions to accelerate the development of Total Maximum Daily Load standards (TMDLs) in the North Coast Regional Water Board. I support the expeditious implementation of TMDLs throughout the state. However, I believe this can be accomplished within existing resources. In addition, this reduction is necessary in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year. With this reduction, $\$1,100,000$ still remains to support the development of North Coast Regional Water Board TMDLs.

I am also eliminating a legislative augmentation of $\$4,245,000$ in reimbursement authority for water basin planning. My budget proposed funding water basin planning from Chapter 9 of Proposition 84. The Legislature shifted this funding to reimbursements, to be provided by the Department of Water Resources from funds made available by Chapter 4 of Proposition 84. However, notwithstanding the merits of this program, it is not appropriately funded from Chapter 4 of Proposition 84, which requires the funding to be used for statewide, rather than basin-specific, water planning activities. With this reduction, $\$6,600,000$ still remains to support water basin planning.

Item 4280-101-0001—For local assistance of the Managed Risk Medical Insurance Board. I reduce this item from $\$373,832,000$ to $\$372,429,000$ by reducing:

- (2) 40-Healthy Families Program from $\$1,032,841,000$ to $\$1,028,942,000$, and
- (3) Amount payable from the Federal Trust Fund (Item 4280-101-0890) from $-\$732,337,000$ to $-\$729,841,000$.

I am deleting $\$3,899,000$ ($\$1,403,000$ General Fund and $\$2,496,000$ Federal Trust Fund) to conform to the action I have taken in Item 4280-001-0001, related to the delayed implementation of SB 437 (Chapter 328, Statutes of 2006).

Item 5180-101-0001—For local assistance, Department of Social Services. I reduce this item from $\$2,210,356,000$ to $\$2,207,412,000$ by reducing:

- (2) 16.65-Other Assistance Payments from $\$1,324,322,000$ to $\$1,321,378,000$.

I am reducing by $\$2,944,000$ the augmentation I included in the May Revision to fund local food banks and Foodlink to provide relief to Californians from the effects of last winter's severe weather conditions. This reduction in funding is possible due to a decrease in the number of disaster victims being served and a reduced timeframe that these victims will require services. This action will in no way affect the services being provided to victims of the freeze disaster.

Item 5180-141-0001—For local assistance, Department of Social Services. I reduce this item from $\$437,764,000$ to $\$432,941,000$ by reducing:

- (1) 16.75-County Administration and Automation Projects from $\$1,085,916,000$ to $\$1,073,349,000$;
- (2) Reimbursements from $-\$57,871,000$ to $-\$54,951,000$; and
- (3) Amount payable from the Federal Trust Fund (Item 5180-141-0890) from $-\$590,281,000$ to $-\$585,457,000$.

I am deleting the legislative augmentation of $\$12,567,000$ ($\$4,823,000$ General Fund, $\$2,920,000$ Reimbursements, and $\$4,824,000$ Federal Trust Fund) for workstation replacement and help desk support of the Statewide Automated Welfare System, including the CalWORKs Information Network. Although I understand that workstations need to be replaced on a regular basis, this reduction is needed to build a prudent reserve. In addition, I believe this cost may be paid from funds provided for general county administration.

I am also reducing $\$2,130,000$ in Item 4260-101-0001 and $\$2,130,000$ in Item 4260-101-0890 to conform to this action.

Item 5180-141-0890—For local assistance, Department of Social Services. I reduce this item from \$590,281,000 to \$585,457,000 and delete Provision 2.

I am reducing this item to conform to the action I have taken in Item 5180-141-0001 related to workstation replacement and help desk support.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from \$756,589,000 to \$739,528,000 by reducing:

(1) 25.30-Children and Adult Services and Licensing from \$2,077,314,000 to \$2,056,169,000;

(3) Reimbursements from $-\$115,875,000$ to $-\$115,707,000$; and

(6) Amount payable from the Federal Trust Fund (Item 5180-151-0890) from $-\$1,222,557,000$ to $-\$1,218,641,000$.

In order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year, I am deleting the legislative augmentation of \$12,000,000 General Fund for the Adult Protective Services program. This veto maintains funding for the program at the level proposed in the May Revision.

I am deleting the legislative augmentation of \$5,135,000 (\$2,467,000 General Fund, \$168,000 Reimbursements, and \$2,500,000 Federal Trust Fund) for workstation replacement of the Child Welfare Services/Case Management System. Although I understand that workstations need to be replaced on a regular basis, this reduction is needed to build a prudent reserve. I am reducing Item 0530-001-9732 by \$5,135,000 to conform to this action.

I am reducing this item by \$4,010,000 (\$2,594,000 General Fund and \$1,416,000 Federal Trust Fund) on a one-time basis. This funding would have provided resources to counties for sibling searches in the Adoptions Program and to help prevent foster youth identity theft, pursuant to legislation enacted in the 2006–07 fiscal year. I am suspending implementation of these programs by one year to further build a prudent reserve and I am directing the Department of Social Services to notify counties that these activities should be suspended during this fiscal year.

Item 5225-101-0001—For local assistance, California Department of Corrections and Rehabilitation. I reduce this item from \$336,791,000 to \$321,891,000 by deleting:

(8) 60.01-County Juvenile Justice Planning Grants (\$4,900,000);

(9) 60.02-County Juvenile Justice Competitive Grants (\$10,000,000);
and Provision 10.

I am deleting the \$4,900,000 legislative augmentation, which was intended to provide one-time grants to all counties to plan for changes in state law governing county custody and rehabilitative services for youthful offenders whose offenses are not listed in Welfare and Institutions Code Section 707(b). I am also deleting the \$10,000,000 legislative augmentation, which was intended to provide one-time competitive grants to counties for additional planning and development efforts related to the juvenile offender population that will now be housed locally. These reductions are necessary in order to further build a prudent reserve in light of the various uncertainties in revenues and spending that we face this year.

I am deleting Provision 10 to conform to this action.

Item 7100-001-0870—For support of Employment Development Department. I revise this item by reducing:

(1) 10-Employment and Employment Related Services from \$180,125,000 to \$168,065,000, and

(10) Amount payable from the Employment Development Contingent Fund (Item 7100-001-0185) from $-\$79,495,000$ to $-\$67,435,000$.

I am revising this item to conform to the action I have taken in Item 7100-001-0185.

Item SEC. 29.50—2008–09 State Operations and Capital Outlay Budget Restrictions. I delete this Control Section.

This Control Section provides legislative intent language to assist me in preparing the 2008–09 Budget that I will propose. The intent language directs the Department of Finance not to include funding in the Budget for various issues that evidently are low priorities for the Legislature. While controlling expenditures is a worthy and laudable goal every year, I do not think it is appropriate to predetermine funding decisions now, and I will propose a Budget that reflects my spending priorities within available fiscal resources. I believe it is important that the full and deliberative process take place for each and every program.

California taxpayers expect that we all do our job completely each year, and I would miss an opportunity to continue discussions on these important issues with my legislative friends next year; therefore, I am deleting this control section.

With the above deletions, revisions, and reductions, I hereby approve Senate Bill 78.

ARNOLD SCHWARZENEGGER, Governor

3 [Ch. 173] To the Members of the California State Senate:

I am signing Senate Bill 79 with the following objections:

I am eliminating the two hundred million dollar (\$200,000,000) appropriation for transfer from the Transportation Debt Service Fund to the General Fund in paragraph (2) of subdivision (b) of Section 16965 of the Government Code as added by this bill in Section 1. The language making this appropriation is technically deficient and does not conform to what I believe was Legislative intent and may not achieve the intended fiscal result. I am setting aside these funds for appropriation in subsequent legislation to achieve the intended purpose of offsetting General Fund debt service costs for public transportation-related bonds.

I am eliminating the eighty-two million six hundred seventy-eight thousand dollar (\$82,678,000) appropriation for transfer from the Mass Transportation Fund to the General Fund in subdivision (b) of Section 7103 of the Revenue and Taxation Code as added by this bill in Section 5. The language making this appropriation is technically deficient and does not conform to what I believe was Legislative intent and may not achieve the intended fiscal result. I am setting aside these funds for appropriation in subsequent legislation to achieve the intended purpose of offsetting General Fund debt service costs for public transportation-related bonds.

I am also reducing the appropriation in paragraph (1) of subdivision (d) Section 99312 of the Public Utilities Code, as amended in Section 2 of this bill, from two hundred million dollars (\$200,000,000) to one hundred million dollars (\$100,000,000) and modifying the language in the paragraph accordingly as follows:

“SEC. 2. Section 99312 of the Public Utilities Code is amended to read:

99312. From the funds transferred to the account pursuant to Section 7102 of the Revenue and Taxation Code, the Legislature shall appropriate funds for the following purposes:

(a) To the department, 50 percent for purposes of Section 99315.

(b) To the Controller, 25 percent for allocation to transportation planning agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board pursuant to Section 99314.

(c) To the Controller, 25 percent for allocation to transportation agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board for purposes of Section 99313.

(d) For the 2007–08 fiscal year, notwithstanding any other provision of this section, or any other provision of law, the allocations made pursuant to this section shall be adjusted as follows:

(1) From the funds transferred to the account pursuant to paragraph (1) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, ~~one hundred fifty million dollars (\$100,000,000)~~ (\$50,000,000) shall be allocated pursuant to subdivision (b); ~~one hundred fifty million dollars (\$100,000,000)~~ (\$50,000,000) shall be allocated pursuant to subdivision (c); and the remainder of revenue shall remain in the Public Transportation Account to fund other state public transportation priorities. The Controller shall make these allocations in four equal quarterly amounts of ~~twenty-five~~ twelve and one-half million dollars (\$25,000,000) (\$12,500,000), as achievable by the receipt of the specified revenue.

(2) The amount appropriated in Item 2640-101-0046 of the Budget Act of 2006 for state transit assistance pursuant to subdivision (b) and (c) was greater than the amount of revenues received to support state transit assistance pursuant to Section 7102 of the Revenue and Taxation Code. Therefore, notwithstanding any other provision of law, the amount that would have otherwise been available for appropriation to state transit assistance in the 2007–08 fiscal year pursuant to paragraphs (2) and (3) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, shall be reduced by the excess amount that was appropriated to state transit assistance in the Budget Act of 2006, and that excess amount, as determined by the Department of Finance, shall instead remain in the Public Transportation Account to fund other state public transportation priorities. The Controller shall attempt to spread this adjustment equally over four quarterly payments, as achievable by revenue estimates.

(e) For the 2008–09 fiscal year and thereafter, notwithstanding any other provision of this section, or any other provision of law, from the funds transferred to the account pursuant to paragraph (1) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, the Legislature shall appropriate funds for the following purposes:

- (1) To the department, 33.34 percent for purposes of Section 99315.
- (2) To the Controller, 33.33 percent for allocation to transportation planning agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board pursuant to Section 99314.
- (3) To the Controller, 33.33 percent for the allocation to transportation agencies, county transportation commissions, and the San Diego Metropolitan Transit Development Board for purposes of Section 99313.”

I am reducing this appropriation because the total of appropriations made in this account exceeds projected resources and would put the account into a deficit. The revenues funding this appropriation are from the spillover calculation, which has proven to be very unpredictable and volatile in the past. To protect the viability of the other appropriations from the account, in particular those for State Transportation Improvement Program projects, a prudent reserve is necessary. If sufficient revenues become available to provide this level of grants to local transit agencies, I would be willing to consider a supplemental appropriation later in the year. Another provision of this bill provides for substantial increase in these grants in 2008–09.

While I am sustaining the language regarding the out-year funding for the State Transit Assistance program, future year appropriations will be reviewed in light of future budget needs, and therefore may be subject to future redirection.

ARNOLD SCHWARZENEGGER, Governor

 - cleanup and abatement, 597
 - landscape irrigation, 535
 - litter, refuse, etc., 285
 - plastic, preproduction, 735
 - sewage. See WASTE CONTROL AND DISPOSAL—*sewers and sewage*.
- districts. See DISTRICTS; and name of particular district.
- drinking water—
 - bottled water, 575
 - contamination: emergency remediation, 614
 - standards, 725
 - systems, public. See subheading, *systems, public*.
 - vended water, 575
- groundwater—
 - fees, 551
 - ojai basin: extraction fees, 551
 - recharge facilities and recharging: floodwater, 369
- hydroelectric facilities, 29, 684

WATER—Continued

irrigation—

- evapotranspiration data, 319

- landscape irrigation, 319

- plan, state water, 319

recycled and reclaimed water—

- landscape irrigation: requirements, regulations, etc., 535

- toilet and urinal flushing, 537

- rights: supply or capacity contracts, 94

- sewers and sewage. See WASTE CONTROL AND DISPOSAL—*sewers and sewage*.

stormwater—

- drains, storm: prohibited deposits, 285

- management, 369, 610

- municipal sewer and stormwater systems, combined, 610

- pollution, 610

suppliers and supplies, water—

- agricultural water suppliers, 675

- capacity charges, 94

- metered service, 157

- urban water suppliers: management plans, etc., 64, 628

- use measurement, water: reports, 675

- surface water diversion or use, 675

systems, public—

- bay area regional water system, 52

- small community drinking water systems: infrastructure improvements, 614

wastewater—

- electricity, production of, 112

- facilities, plants, etc.—

- design-build contracts, 584

- soledad, city of, 695

WATER AGENCIES

- desert water agency, 29

- electricity, production of, 112

- ojai basin groundwater management agency, 551

WATER AUTHORITIES

- san gabriel basin water quality authority, 404

WATER DISTRICTS. See DISTRICTS; and name of particular district.

WATER RESOURCES CONTROL BOARD, STATE

- administrative costs, 632

WATER RESOURCES, DEPARTMENT OF

- irrigation management: evapotranspiration data, 319

WATERWAYS

- transportation projects, 503

WEAPONS

- firearms. See FIREARMS.

- unlawful detainer actions re illegal possession of weapons, 456

WEAR RED DAY

- recognition, 4

WEIGHTS AND MEASURES

- gasoline: fuel delivery temperature study, 398

NOTE: Citations are to chapter numbers; resolution chapters are indicated in *italics*. First or Second Extraordinary Session chapter or resolution numbers are followed by (1X) or (2X).

- WELFARE. See PUBLIC SOCIAL SERVICES.
- WEST NILE VIRUS AND MOSQUITO AND VECTOR CONTROL AWARENESS WEEK
 declaration, etc., 30
- WETLANDS
 coastal wetlands, 178
- WILDLIFE. See GAME AND WILDLIFE.
- WINE. See ALCOHOLIC BEVERAGES.
- WIRETAPPING
 regulations, wiretapping: extension, 391
- WITNESSES
 depositions, 113
 protection program, witness, 176
 relocation and assistance program, witness, 455
- WOMEN
 aids/hiv testing, information, etc., 550
 heart disease, 4
 prison inmates, 706
- WORK OPPORTUNITY AND RESPONSIBILITY TO KIDS, CALIFORNIA. See CALWORKS.
- WORKERS' COMPENSATION
 employers—
 audits, payroll verification, 615
 uninsured employers, unlawfully, 662
 firefighters, 595
 horse racing industry, 444
 inmate firefighters, 595
 insurers—
 insolvency, 431
 reserves, 117, 431
 medical treatment, evaluation, etc., 621, 697
 mental incapacity, 31
 payments, 595
- WORLD LANGUAGES AND CULTURES MONTH
 declaration, 31
- WORLD WAR II
 japanese american internment, 6
 veterans, filipino: benefits, etc., 76, 122

Y

- YERBA BUENA ISLAND
 bridge connection ramp reconstruction, 637
 land exchange, 660
- YUBA COUNTY
 freeze of january 2007: disaster relief, 223
- YUOK TRIBE
 gaming compact, 37

Z

- ZONES AND ZONING. See also PLANNING.
 flood hazard zones, 364, 369

NOTE: Superior numbers appear as a separate section at the end of the Statutory Record.

1999–2007 Superior Numbers

- * Effective immediately.
- 1 Operative January 1, 2000.
- 2 Repeal operative January 1, 2000.
- 3 Contingent effect.
- 4 Inoperative July 1, 2001.
- 5 Repeal operative January 1, 2002.
- 6 Operative for taxable years beginning on or after January 1, 1998.
- 7 Repeal operative August 7, 1999.
- 8 Operative January 1, 2002.
- 9 Paragraphs (1) to (3), inclusive, of subdivision (b) shall not become operative unless and until the Regents of the University of California adopt a resolution within the meaning of Sections 92851, 92856, and 99221 of the Education Code.
- 10 Operative when Los Angeles County Board of Supervisors, by resolution adopted by majority vote, makes provisions of this section applicable in the county.
- 11 Inoperative July 31, 1999.
- 12 Inoperative July 1, 1999.
- 13 Repeal deleted by amendment.
- 14 Inoperative January 1, 2001.
- 15 Repeal operative July 1, 1999.
- 16 Operative July 1, 1999.
- 17 Operative pursuant to the provisions of Sec. 25390.9 of the Health and Safety Code, as added by Ch. 23, Stats. 1999.
- 18 Repeal operative January 1, 2005.
- 19 Repeal operative January 1, 2004.
- 20 Repeal operative January 1, 2003.
- 21 Inoperative July 1, 2002.
- 22 Operative January 1, 2004.
- 23 In effect until the effective date of the Budget Act of 2000 or June 30, 2000, whichever occurs later.
- 24 Repeal operative January 1, 2001.
- 25 Operative January 1, 2001.
- 27 Repeal operative on June 30, 2000, or on the day following the execution of the transfers required under Sections 4, 5, and 6 of Chapter 85 of the Statutes of 1999, whichever date is first.
- 28 Operative on June 30, 2000, or on the day following the execution of the transfers required under Sections 4, 5, and 6 of Chapter 85 of the Statutes of 1999, whichever date is first.
- 29 Not operative unless an amendment to the California Constitution is placed on the ballot by the Legislature and is approved by the statewide electorate during the 2000 calendar year, that would do as specified in Sec. 11 of act.
- 30 Any section of any act enacted by the Legislature during the 1999 calendar year that takes effect on or before January 1, 2000, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 1999 calendar year and takes effect on or before January 1, 2000, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 31 Inoperative June 30, 2000.

- 32 Operative only if an appropriation is made for its purposes in the Budget Act of 1999, or in another statute enacted during the first calendar year of the 1999–2000 Regular Session, and shall be funded exclusively with funds appropriated thereby.
- 33 Effective only until the effective date of the Budget Act of 2000 or July 1, 2000, whichever occurs later.
- 34 Operative January 1, 2003.
- 35 Operative July 1, 2002.
- 36 Inoperative date deleted by amendment.
- 37 See Governor's Item Veto Message.
- 38 Repeal operative January 1, 2010.
- 39 Repeal operative July 1, 2000.
- 40 This section prevails over the same-numbered section as added to the Water Code by Ch. 92, Stats. 1999.
- 41 Repealed as of the date the relinquishment authorized under subd. (b) becomes effective.
- 42 Subdivision (m), paragraph (1) shall become inoperative when the State Department of Health Services has obtained all necessary federal approvals pursuant to Welfare and Institutions Code Section 14132.95, subdivision (j), paragraph (3).
- 43 Repeal operative January 1, 2006.
- 44 Operative March 1, 2000.
- 45 Inoperative July 1, 2000.
- 46 Subdivision (b), paragraph (1) shall become inoperative January 1, 2005.
- 47 The changes to subdivision (c) made by the act adding this subdivision shall apply to each taxable year beginning on or after January 1, 1999.
- 48 Inoperative on the effective date of the relinquishment by the California Transportation Commission to the City of Downey of the portion of Route 19 located between Gardendale Street and Telegraph Boulevard within the city.
- 49 Operative January 1 following the effective date of the relinquishment by the California Transportation Commission to the City of Downey of the portion of route 19 located between Gardendale Street and Telegraph Boulevard within the city.
- 50 Operative as of the effective date of the relinquishment by the California Transportation Commission to the City of Downey of the portion of Route 19 located between Gardendale Street and Telegraph Boulevard within the city, pursuant to subdivision (c) of Section 319, as that section read on the day before it was repealed pursuant to the act that added this section during the 1999–2000 Regular Session.
- 51 Operative November 1, 2000.
- 52 Repeal operative on effective date of a final judgment based on a claim under California or United States Constitution holding that evidence that is relevant, reliable, and material may not be considered for purposes of a judicial determination of factual innocence under this section.
- 53 In the event that the Department of Finance determines that the program operated under the authority of the waiver described in subd. (aa), para. (2) is no longer cost-effective, subd. (aa) shall become inoperative on the first day of the first month following the issuance of a 30-day notification of that determination in writing by the Department of Finance to the chairperson in each house that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees in each house that considers the State Budget, and the Chairperson of the Joint Legislative Budget Committee.
- 54 Inoperative date repealed.
- 55 Not operative in any county until the time the board of retirement, by a majority vote, makes this section applicable in the county.

- 56 Operative July 1, 2000.
- 57 Termination date repealed.
- 58 Repeal operative January 1, 2006. However, if, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 9.5 (Sec. 18805 et seq.)) made on returns filed in that calendar year will be less than \$250,000, or the adjusted amount specified in RTC 18808(c), as may be applicable, then this section is repealed with respect to taxable years beginning on and after January 1 of the calendar year.
- 59 Inoperative date for para. (9) of subd. (b) deleted by amendment.
- 60 Repeal operative January 1, 2005. However, if the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 3 (Sec. 18721 et seq.)) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2001, or the adjusted amount specified in RTC 18724(c) for any subsequent taxable year, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 61 The changes made to RTC 23305.5 by this act shall apply to taxable years beginning on or after January 1, 1997.
- 62 Inoperative June 30, 2003.
- 63 Operative January 1, 2005.
- 64 The provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.
- 65 Repeal operative January 1, 2005. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 6 (Sec. 18761 et seq.)) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2000, or the adjusted amount specified in RTC 18766(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
- 66 Inoperative not later than 60 days from the date the Director of Transportation receives notice from the United States Secretary of Transportation that future operation of this section will result in a reduction of the state's share of federal highway funds pursuant to Section 131 of Title 23 of the United States Code.
- 67 Operative on January 1 immediately following the date the Secretary of State receives the notice required under paragraph (2) of this section.
- 68 Repeal operative January 1, 2008.
- 69 Operative January 1, 2008.
- 70 Inoperative July 1, 2004.
- 71 Amendments to section not implemented until July 1, 2001, unless otherwise authorized by the Department of Information Technology pursuant to Executive Order D-3-99.
- 72 Repeal operative January 1 of the fifth taxable year following the first appearance of the Birth Defects Research Fund on the tax return or January 1, 2007, whichever occurs first. If, in any calendar year after the first taxable year the Birth Defects Research Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than \$250,000, or the adjusted amount specified in subd. (c), RTC Sec. 18865 for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 73 Inoperative July 1, 2003.
- 74 Repeal operative June 30, 2005.
- 75 Repeal operative January 1, 2007.

- 76 Operative January 1, 2001, with respect to any cash register or other machine or device that electronically prints receipts for credit card transactions that is first put into use on or after January 1, 2001; operative January 1, 2004, with respect to any cash register or other machine or device that electronically prints receipts for credit card transactions that is in use before January 1, 2001.
- 77 Inoperative January 1, 2000.
- 78 Repeal operative January 1 of an unspecified year.
- 79 Inoperative July 1, 2005.
- 80 Operative January 1, 2006.
- 81 Operative July 1, 2005.
- 82 Not operative.
- 84 The changes made to subdivision (b) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of those changes in the annual Budget Act or in another measure.
- 85 The changes made to subdivision (a) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of those changes in the annual Budget Act or in another measure.
- 86 The change made to subdivision (c) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of that change in the annual Budget Act or in another measure.
- 87 Operative only if there is an appropriation in the Budget Act to fund the provisions of this act.
- 88 Operative by voter approval of the Veterans' Homes Bond Act of 2000, as set forth in Section 2 of this act (M&VC Ch. 2 (Sec. 1100 et seq.)), at the March 7, 2000, statewide primary election, Prop. 16.
- 89 Approved by voters at March 7, 2000, election, Prop. 16.
- 90 Approved by voters at March 7, 2000, election, Prop. 12.
- 92 Operative in the County of San Diego when the board of supervisors adopts a resolution declaring this section operative.
- 93 Operative only if the federal waiver identified under Section 14495.10 of the Welfare and Institutions Code is approved by the federal Health Care Financing Administration.
- 94 Paragraphs (2) and (3) of subdivision (b) inoperative January 1, 2001.
- 95 Repeal operative July 1, 2003.
- 96 Operative July 1, 2001.
- 98 Inoperative July 1, 2006.
- 99 Subdivision (g) operative January 1, 2001.
- 100 Operative January 1, 2007.
- 101 Clause (iv), of subparagraph (B), of paragraph (4), of subdivision (d), of this section shall be operative for the 1999–2000 fiscal year only to the extent that moneys are appropriated for purposes of that clause in the Budget Act of 1999 by an appropriation that specifically references that clause.
- 103 In effect as long as Section 42 of the Internal Revenue Code, relating to low-income housing credits, remains in effect.
- 104 Operative June 1, 2001.
- 105 Subdivision (l) operative January 1, 2001.
- 106 Applicable to taxable years beginning on or after January 1, 1999.
- 107 Operative only when funds are specifically appropriated for the purposes of the California YouthBuild Act.
- 110 Prevails over and supersedes Chapter 461, Statutes of 1999, Reg. Sess., with regard to this section.

- 111 Repeal operative January 1, 2011.
- 112 This act shall become effective on January 1, 2000, and shall become operative on the date that the Governor, by executive order, establishes the Department of Managed Care or July 1, 2000, whichever occurs first.
- 113 Inoperative date for subdivision (p) deleted by amendment.
- 114 Any section of any act enacted by the Legislature during the 1999 calendar year that takes effect on or before January 1, 2000, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 115 Operative as of the date of approval by the governing board of the Los Angeles Unified School District of the contract to provide air-conditioning to 150 schools within the district.
- 116 Subdivision (a), paragraph (2) is repealed on January 1, 2005.
- 117 Operative only for as long as Fam C Sec. 17704 requires participating counties to report data to the department.
- 118 Operative July 1, 1998.
- 119 Paragraph (1) subd. (a) inoperative January 1, 2000. Paragraph (2) subd. (a) operative January 1, 2000.
- 120 Paragraph (1) subd. (c) inoperative January 1, 2000. Paragraph (2) subd. (c) operative January 1, 2000.
- 121 Applicable on and after the property tax lien date on January 1, 2000.
- 122 Subdivision (e) of this section shall become operative on July 1, 2000, and shall be implemented only to the extent that funds are appropriated for its purposes in the Budget Act.
- 123 Approved by voters at March 7, 2000, election, Prop. 13.
- 124 This section shall remain in effect only until the operative date of the independent review process established by Chapter 533 of the Statutes of 1999, and as of that date is repealed.
- 127 Not operative unless the Board of Administration of the Public Employees' Retirement System adopts a resolution that does both of the following: (A) employs, for the June 30, 1998, valuation, 95 percent of the market value of assets of the state employer as the actuarial value of the assets; and (b) amortizes the June 30, 1998, excess assets over a period of 20 years, beginning July 1, 1999.
- 129 Subdivision (a) shall only become operative upon a determination by the Director of Finance that funds are available to make an adjustment pursuant to subdivision (h) of EDC Sec. 60640.
- 130 Repeal operative August 1, 2000.
- 131 Inoperative on the date that the director executes a declaration stating that Section 11265.2 of the Welfare and Institutions Code, as added by the act adding this subdivision, is fully implemented statewide, and shall be repealed on January 1 of the year following the year in which it becomes inoperative.
- 132 Paragraph (2) of subdivision (a) inoperative January 1, 2004.
- 133 Inoperative July 1, 2000, and repealed January 1, 2001, if all of the events described in Section 901 of the Pajaro River Watershed Flood Prevention Authority Act (Stats. 1999, Ch. 963) occur.
- 134 Applicable to taxable years beginning on or after January 1, 1998.
- 135 Applicable to income years beginning on or after January 1, 1998.
- 136 Applicable to taxable or income years beginning on or after January 1, 1998.
- 137 The amendments made to subdivision (a) shall apply to all income years for which the Franchise Tax Board may propose an assessment or allow a claim for refund.
- 138 Subdivision (h) shall remain operative until January 1, 2005, and as of that date shall be repealed.

- 139 Subdivision (m) shall remain operative only until January 1, 2005.
- 140 Operative on January 1 of the year following the year in which it becomes inoperative.
- 142 Inoperative January 1, 2005, or on such earlier date as the Board of Administration of the Public Employees' Retirement System makes a formal determination that HMOs are no longer the most cost-effective health care plans offered by the board.
- 143 Repealed as of January 1 following the Secretary of State's submittal to the Legislature of the report regarding the special handling fee charged for preclearance documents and expedited filings provided for in Gov. C. Sec. 12208.
- 144 Any section of any act enacted by the Legislature during the 1999 calendar year that takes effect on or before January 1, 2000, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of Sections 3 to 18, inclusive, of this act shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 1999 calendar year and takes effect on or before January 1, 2000, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 145 Repeal operative December 31, 2002.
- 146 Inoperative April 1, 2005.
- 147 Subdivision (e) of this section shall be operative only until January 1, 2003.
- 148 Inoperative February 1, 2000.
- 149 Inoperative June 30, 2001.
- 152 Repealed on January 1 of the fifth taxable year following the notification required under subd. (a) of Sec. 18821, RTC, unless a later enacted statute, which is enacted before that date, deletes that date. However, if, in any calendar year, beginning in the year 2001, the Franchise Tax Board estimates by September 1 that contributions described in Art. 11, Ch. 3, Pt. 10.2, Div. 1 (Sec. 18821 et seq.) RTC, made on returns filed in that calendar year will be less than \$250,000 then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
- 153 Subdivision (c) of this section inoperative December 31, 2001.
- 154 Subd. (b), paragraph (10) shall be operative only to the extent that funds for purposes of paragraph (10) are appropriated in the annual Budget Act.
- 155 Repeal operative April 1, 2000.
- 156 Operative December 31, 2003.
- 157 Not operative until the State Mining and Geology Board approves the County of Yolo implementing ordinance governing in-channel noncommercial extraction activities carried out pursuant to the Cache Resource Management Plan and notifies the Secretary of State in writing of that approval.
- 160 Rejected by voters at March 7, 2000, election, Prop. 15.
- 161 Repealed as of January 1 following the Secretary of State's submittal to the Legislature of the report regarding the special handling fee charged for preclearance documents and expedited filings provided for in Gov. C. Sec. 12182.
- 162 Second paragraph of subdivision (l) operative January 1, 2001.
- 163 Subparagraph (A) shall become inoperative on October 1, 2002.
- 164 Applicable to the entire 1999-2000 fiscal year, regardless of the effective date of act.
- 165 Approved by voters at March 7, 2000, election, Prop. 14.

- 166 This section shall prevail over Section 1874.8 of the Insurance Code as added by Chapter 884 of the Statutes of 1999 to the extent that it provides for the allocation and distribution of funds under the program established to target organized fraud activity.
- 167 Section 1874.8 of the Insurance Code as added by Chapter 885 of the Statutes of 1999 shall prevail to the extent that it provides for the allocation and distribution of funds under the program established to target organized fraud activity.
- 168 Section is inoperative if federal approval is not obtained for its implementation. Section shall also become immediately inoperative in the event there is a final judicial determination by any court of appellate jurisdiction or a final determination by the administrator of the federal Health Care Financing Administration that the supplemental reimbursement provided in this section must be made to any facility not described therein.
- 169 Amendments not operative unless the Board of Administration of the Public Employees' Retirement System adopts a resolution that does both of the following: (A) employs, for the June 30, 1998, valuation, 95 percent of the market value of assets of the state employer as the actuarial value of the assets; and (B) amortizes the June 30, 1998, excess assets over a period of 20 years, beginning July 1, 1999.
- 170 Rejected by voters at March 7, 2000, election, Prop. 30.
- 171 Rejected by voters at March 7, 2000, election, Prop. 31.
- 173 Amendments made to this section by the act adding subdivision (e) shall apply to income years beginning on or after January 1, 1999.
- 174 Inoperative January 1, 2006.
- 175 Operative July 1, 2003.
- 181 Proposed by Chapter 629, Statutes of 1998.
- 182 Proposed by Chapter 760, Statutes of 1998.
- 183 Proposed by Chapter 800, Statutes of 1998.
- 184 Proposed by Chapter 409, Statutes of 1998.
- 185 Operative upon passage of the "Smaller Classes, Safer Schools and Financial Accountability Act", approved by voters at November 7, 2000, general election, Prop. 39.
- 186 Approved by voters at November 7, 2000, election, Prop. 32.
- 187 Repeal operative July 1, 2005.
- 188 Effective January 1, 2003.
- 189 Inoperative June 30, 2010.
- 190 Subdivision (b) to (f), inclusive, shall be inoperative from the operative date of Subdivision (g) to June 30, 2001, inclusive.
- 191 Inoperative January 1, 2002.
- 192 Operative January 1, 2011.
- 193 Inoperative July 31, 2004.
- 194 Repeal operative July 1, 2001.
- 195 Operative June 30, 2001.
- 196 Inoperative June 30, 2006.
- 197 Inoperative September 1, 2003.
- 198 Inoperative June 30, 2004.
- 199 Repeal operative December 1, 2005.
- 200 Effective only until the effective date of the Budget Act of 2001 or June 30, 2001, whichever occurs first.
- 201 Paragraph (2) of subdivision (a) inoperative January 1, 2005.
- 202 Paragraph (1) of subdivision (d) operative for the 2000–01 fiscal year and each year thereafter unless otherwise provided in paragraphs (2), (3), (4), and (5).

- 203 Any section of any act enacted by the Legislature during the 2000 calendar year that takes effect on or before January 1, 2001, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2000 calendar year and takes effect on or before January 1, 2001, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 204 Paragraph (4) of subdivision (b), subdivision (c), and paragraph (3) of subdivision (d) shall become inoperative, and are repealed as of December 31, 2001.
- 205 Repeal operative December 31, 2003.
- 206 Inoperative April 10, 2005.
- 207 Repeal operative July 1, 2006.
- 208 Repeal operative December 31, 2005.
- 210 Approved by voters at November 7, 2000, election, Prop. 34.
- 211 This section shall become effective with regard to the March 31 holiday only when the Department of Personnel Administration notifies the Legislature that the language contained in this section has been agreed to by all exclusive representatives, and the Department of Personnel Administration authorizes this holiday to be applied to employees designated as excluded from the Ralph C. Dills Act (Ch. 10.3 (Sec. 3512 et seq.), Div. 4, Title 1 of the Government Code), and the necessary statutes are amended to reflect this change.
- 214 Subdivision (e) of this section inoperative January 1, 2004.
- 215 Not operative in any county until such time as the board of supervisors shall, by resolution adopted by majority vote, make the provisions of this section applicable in that county.
- 216 Any section of any act enacted by the Legislature during the 2000 calendar year that takes effect on or before January 1, 2001, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2000 calendar year and takes effect on or before January 1, 2001, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 217 Repeal operative January 1, 2003, except that the binding commitments in paragraph (5) of subdivision (e) shall remain in effect after that date.
- 218 Operative March 31, 2002.
- 219 Subdivision (d) operative only if the director executes a declaration, that shall be retained by the director, stating that the surety bonds described in this paragraph are commercially offered throughout the state and by more than one vendor.
- 220 Subdivision (a) operative only if the director executes a declaration, that shall be retained by the director, stating that the surety bonds described in this paragraph are commercially offered throughout the state and by more than one vendor.
- 222 Inoperative June 1, 2002.
- 224 Subdivision (c) of this section inoperative January 1, 2003.
- 225 Subdivision (g) shall become inoperative on January 1, 2007.
- 227 Inoperative on the date that all encumbrances incurred for the projects funded under paragraph (3) of subdivision (c) have been liquidated or on June 30, 2006, whichever date is later, and as of the January 1 immediately following that date is repealed.

- 228 Inoperative April 1, 2006.
- 229 Section not operative until (1) the City of Watsonville and the County of Santa Cruz both have housing elements in their respective general plans certified by the Department of Housing and Community Development and unless (2) either the City of Watsonville or the County of Santa Cruz takes any official action to amend or repeal the supermajority voting requirements as contained in the Memorandum of Understanding.
- 230 Effective retroactively to January 1, 2000.
- 231 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Lung Disease and Asthma Research Fund on the tax return. If, in any calendar year after the first taxable year the fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions made on returns filed in that calendar year will be less than \$250,000, or the adjusted amount specified in RTC Sec. 18835(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 232 Operative January 1, 2010.
- 233 Inoperative on (1) January 1, 2004, or (2) the date of adoption of an accreditation or designation by an agency of the state or federal government or by a voluntary national health organization of an HIV or AIDS specialist, whichever date is earlier.
- 234 Operative on January 1, 2004, or the January 1 following the date of adoption of an accreditation or designation by an agency of the state or federal government or by a voluntary national health organization of an HIV or AIDS specialist, whichever date is earlier.
- 235 Operative on (1) January 1, 2004, or (2) the date of adoption of an accreditation or designation by an agency of the state or federal government or by a voluntary national health organization of an HIV or AIDS specialist, whichever date is earlier.
- 236 The amendments to this section made by Stats. 2000, Ch. 442, prevail over the amendments made by this act.
- 238 The provisions of this act shall become operative on the first day of the first month commencing more than 90 days after the effective date of this act.
- 240 Repeal operative on one of the following dates, whichever comes first: (1) January 1, 2002; (2) The date that all motor carriers of passengers that operate regular service on the route described in subdivision (a) of this section operate only vehicles on that route that are fully accessible to disabled passengers who rely substantially on the use of wheelchairs; (3) The date that the memorandum of understanding described in Section 14035.57 is executed by all parties listed in that section.
- 241 Subdivision (d) inoperative on July 1, 2003.
- 242 Section is effective until such time as Gov. C. Sec. 3502.5 is amended to provide that a 30-percent or greater showing of interest by means of a petition requires an election regarding an agency shop, and a vote at that election of 50 percent plus one of those voting secures an agency shop arrangement, and as of that date is repealed.
- 243 Operative only if Gov. C. Sec. 3502.5 is amended to provide that a 30-percent or greater showing of interest by means of a petition requires an election regarding an agency shop, and a vote at that election of 50 percent plus one of those voting secures an agency shop arrangement.
- 244 Repeal operative January 2, 2006.
- 245 Subdivisions (b) and (d) operative July 1, 2001.
- 246 Operative September 1, 2001.

- 248 Repealed on the effective date of legislation implementing the San Diego Regional Government Efficiency Commission's plan for consolidation of regional agencies.
- 249 Section in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 2006, deletes or extends that date, or unless tax-increment moneys have, prior to that date, been received by the joint powers agency, in which case the date of repeal of this section shall be extended until the time that the joint powers agency shall expend these funds in accordance with this section.
- 250 Paragraph (4) of subdivision (d) inoperative July 1, 2004.
- 251 Approved by voters at March 5, 2002, election, Prop. 44.
- 252 Repeal operative January 1 of the third taxable year following the first appearance of the National World War II Veterans Memorial Trust Fund on the tax return. If, in any calendar year after the first taxable year the fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions made on returns filed in that calendar year will be less than \$250,000, or the adjusted amount specified in RTC Sec. 18704(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 253 Operative April 1, 2001.
- 255 Inoperative September 30, 2004.
- 256 Inoperative if federal approval is not obtained for implementation of this section.
- 257 Inoperative April 1, 2003.
- 258 Repeal operative January 31, 2003.
- 259 Operative three months after Contractors' State License Board adopts regulations referenced in paragraph (1) of subdivision (a) of this section.
- 260 This section supersedes Section 50898.2 of the Health and Safety Code, as added by Chapter 83 of the Statutes of 2000, which section shall not become operative.
- 262 Any section of any act enacted by the Legislature during the 2000 calendar year that takes effect on or before January 1, 2001, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 263 Subdivision (c) of this section inoperative January 1, 2004.
- 265 Operative when moneys are appropriated for deposit in the Rice Straw Demonstration Project Grant Fund, created pursuant to H & S C Sec. 39751, by the Legislature, or when moneys are transferred to that fund by any other entity.
- 267 Subparagraph (B) of paragraph (1) of subdivision (d) operative January 1, 2002.
- 268 The amendments made to Section 17052.2 of the Revenue and Taxation Code by this act shall apply to taxable years beginning on or after January 1, 2000.
- 269 Operative July 1, 2002, if the revenue limit cost-of-living adjustment computed by Superintendent of Public Instruction for the 2001-02 fiscal year is equal to or greater than 3.5 percent. Otherwise this section shall become operative July 1, 2003.
- 270 Inoperative July 1, 2002, if the revenue limit cost-of-living adjustment computed by Superintendent of Public Instruction for the 2001-02 fiscal year is equal to or greater than 3.5 percent. Otherwise section shall become inoperative July 1, 2003.
- 273 Section shall be operative as long as the district does not provide water, drainage services, electricity, flood control services, or sewage disposal services for domestic purposes for residents of the district, and shall become inoperative if the district commences to provide any of those services.

- 274 Inoperative July 1, 2003, if the revenue limit cost-of-living adjustment computed by Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise section shall become inoperative July 1, 2004.
- 275 Operative July 1, 2003, if the revenue limit cost-of-living adjustment computed by Superintendent of Public Instruction for the 2001–02 fiscal year is equal to or greater than 3.5 percent. Otherwise section shall become operative July 1, 2004.
- 279 This section shall become operative upon the appropriation of sufficient funds in the Budget Act to implement this section.
- 280 Operative until January 1, 2004, and repealed as of that date.
- 281 Operative only during those fiscal years for which funds are appropriated in the annual Budget Act to implement this part, or are made available from contributions or donations from the sources identified in PRC Section 71101.
- 282 Subdivisions (b), (c), and (d) inoperative January 1, 2007.
- 283 Subdivision (d) not operative.
- 284 Inoperative June 1, 2010.
- 285 Inoperative April 1, 2002.
- 286 Operative April 1, 2002.
- 287 Any section of any act enacted by the Legislature during the 2000 calendar year that takes effect on or before January 1, 2001, and that amends, amends and rennumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2000 calendar year and takes effect on or before January 1, 2001, amends, amends and rennumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 288 Inoperative November 30, 2004.
- 289 Operative for those years in which there is an appropriation from the General Fund in the Budget Act.
- 290 Operative pursuant to the provisions of Sec. 25390.9 of the Health and Safety Code, as amended by Ch. 912, Stats. 2000.
- 291 Operative only until the operative date of Chapter 861 of the Statutes of 2000.
- 292 Operative upon the operative date of Chapter 861 of the Statutes of 2000.
- 293 Operative for vehicle registrations that expire on or after December 31, 2001.
- 294 Effective July 1, 2001.
- 295 Conditional operation provision repealed.
- 296 Inoperative February 2, 2001.
- 297 Operative July 1, 2001, except that the additional vehicle license fee offset established by this section shall continue to be operative on or after July 1, 2001, with respect to those vehicle license fees with a final due date before July 1, 2001.
- 298 Operative retroactively to January 1, 2000.
- 299 Repeal operative March 1, 2006.
- 300 Inoperative July 1, 2008.
- 301 Operative January 1, 2009.
- 302 Inoperative on the date that all encumbrances incurred for the projects funded under paragraph (3) of subdivision (c) have been liquidated or on June 30, 2008, whichever date is later, and as of the January 1 immediately following that date is repealed.
- 303 Operative only until the effective date of the Budget Act of 2002 or June 30, 2002, whichever occurs later.
- 304 Except as provided in subdivision (b) of HSC Section 51455, this section shall not be operative on and after January 1, 2002.

- 305 Any section of any act enacted by the Legislature during the 2001 calendar year that takes effect on or before January 1, 2002, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2001 calendar year and takes effect on or before January 1, 2002, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 306 Inoperative date for paragraphs (2) and (3) of subdivision (b) deleted by amendment.
- 307 This section shall not be operative in any county until it is adopted by a majority vote of the board of supervisors.
- 308 Repeal operative January 1, 2004, or on the date that all motor carriers of passengers that operate regular service on the route described in subd. (a) of this section operate only vehicles on that route that are fully accessible to disabled passengers who rely substantially on the use of wheelchairs, whichever occurs first.
- 309 Effective retroactively to December 21, 2000.
- 310 Not operative unless and until the county board of supervisors, by resolution adopted by a majority vote, make this section operative in the county.
- 311 Inoperative if an unappealable court decision or judgment determines that specified conditions apply.
- 312 Repeal operative July 1, 2007.
- 313 Operative only to the extent that funds are appropriated for its purpose in the annual Budget Act.
- 314 Subdivision (p) (9) (B) shall only remain operative until the Sierra Valley District Hospital is annexed by the Eastern Plumas Health Care District or January 1, 2008, whichever occurs first.
- 315 Paragraph (1) of subdivision (b) shall not be effective with respect to the director appointed by the Santa Clarita Water Company until a court of competent jurisdiction issues a final decision holding that the Castaic Lake Water Agency acquired the property.
- 316 Subdivision (c) inoperative on and after January 1, 2007.
- 317 Repeal operative January 1, 2009.
- 318 Repeal operative January 1 of the fifth taxable year following the first appearance of the Lupus Foundation of America, California Chapters Fund on the tax return. If, in any calendar year after the second taxable year the Lupus Foundation of America, California Chapters Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand (\$250,000), or the adjusted amount specified in subd. (c), RTC Sec. 18840 for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 319 Inoperative July 1, 2009.
- 320 Implemented January 1, 2003.
- 322 This section shall become inoperative after the lien date in 2012, and as of January 1, 2013, is repealed.
- 323 Repeal operative December 31, 2007.
- 324 Operative on the date the Director of Finance makes the determination described in subdivision (d) of Section 7152.7 of the Health and Safety Code.
- 325 Inoperative on the operative date of the regulations adopted by the California Integrated Waste Management Board pursuant to Section 48007.5.

- 326 Operative January 1 following the operative date of the regulations adopted by the California Integrated Waste Management Board pursuant to Section 48007.5.
- 327 Operative on the operative date of the regulations adopted by the California Integrated Waste Management Board pursuant to Section 48007.5.
- 328 Inoperative on the date the Director of Finance makes the determination described in subdivision (d) of Section 7152.7 of the Health and Safety Code.
- 330 Amendments to this section made by the act adding subdivision (s) shall apply only to taxable years beginning on or after January 1, 1994, except that paragraph (1) of subdivision (q), as amended, shall apply to taxable years beginning on or after January 1, 1993.
- 331 Subdivisions (a), (b), and (c) shall become operative on July 1, 2002. Subdivisions (d) and (e) shall become operative on July 1, 2002, or as soon thereafter as administratively feasible, as determined by the registrar, but not later than January 2, 2003.
- 332 Clause (xvi) of subparagraph (A) of paragraph (2) of subdivision (c) of Section 25160.2 of the Health and Safety Code shall not become operative unless Section 25163.2 of the Health and Safety Code, as that section is proposed to be added by Assembly Bill No. 1708 of the 2001–02 Regular Session, also becomes operative.
- 333 Inoperative upon the adoption by the Fish and Game Commission of a market squid fishery management plan and the adoption of implementing regulations pursuant to Section 8425, and repealed six months thereafter.
- 334 Inoperative on January 1, 2003.
- 335 Operative January 1, 2004, only if funding is approved in the Budget Act of 2003 for the purposes of increased reimbursements pursuant to this article.
- 336 Not implemented unless and until funds are appropriated by the Legislature in the annual Budget Act or another statute.
- 337 Repeal operative December 1, 2006.
- 338 Except for the provisions of subparagraph (C) of paragraph (3) of subdivision (a) of Section 1748.13 which shall become operative on January 1, 2002, this act shall become operative on July 1, 2002.
- 340 Operative on July 1, 2002, and only if funds are appropriated to the Department of Justice in the 2002–03 Budget Act for the purposes described in this article.
- 341 This part shall remain in effect only until January 1, 2004, and as of that date is repealed, provided that the interim report required by Section 38066 of the Revenue and Taxation Code is submitted to the Governor and the Legislature on or before December 1, 2002. If the interim report is not submitted to the Governor and the Legislature on or before December 1, 2002, this part shall remain in effect only until January 1, 2003, and as of that date is repealed.
- 342 Operative only if the Budget Act of 2001 for the 2001–02 fiscal year contains an appropriation for the Rural Transit System Grant Program.
- 344 Subdivisions (e) to (i), inclusive, shall become inoperative on January 1, 2006.
- 345 Inoperative March 31, 2004.
- 347 This section shall become inoperative on July 1, 2003, and as of January 1, 2004, is repealed, at which time the member's retirement contribution rate shall be restored to the levels in effect on August 30, 2001, as defined in Section 20687.
- 348 Inoperative July 1, 2011.
- 349 Repeal operative January 1, 2012.
- 350 Any section of any act enacted by the Legislature during the 2001 calendar year that takes effect on or before January 1, 2002, and that amends, amends and renumbers, add, repeals and adds, or repeals a section that is amended, added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 351 Not operative in the county until the board of supervisors, by resolution adopted by a majority vote, makes the provisions of this section applicable in the county.
- 352 Repeal operative December 31, 2008.

- 353 Approved by voters at March 5, 2002, election, Prop. 40.
- 354 This section shall only be applicable to Los Angeles County and shall not become operative until the board of supervisors of that county elects, by resolution adopted by a majority vote, to make this section operative in the county.
- 355 Inoperative July 1, 2020.
- 356 Operative January 1, 2021.
- 357 Operative on the date that Assembly Constitutional Amendment No. 4 (Res. Ch. 87, Stats. 2001) is approved by the voters.
- 359 Effective on the earlier of July 1, 2003, or the effective date of regulations adopted by the California State Board of Pharmacy pursuant to B&PC Section 4127.
- 360 Operative upon the allocation of positions to the California State Board of Pharmacy for the implementation of the provisions of B&PC Article 7.5 (Sec. 4127 et seq.) in the annual Budget Act.
- 361 Operative January 1, 2005, or on the date the board of directors of the sanitation district notifies the Legislature that construction of a pipeline facility in the unincorporated portion of Yolo County is completed, whichever is later.
- 362 This chapter shall become effective at such time as it is adopted in substantially similar form by this state and one or more states, subject to specified conditions.
- 363 The changes made to subdivision (a) by the act adding paragraph (6) of subdivision (a) shall apply to taxable years beginning on or after January 1, 2001.
- 364 Inoperative April 1, 2003, unless the California Integrated Waste Management Board adopts and submits regulations governing the operation of organic composting sites to the Office of Administrative Law pursuant to subdivision (c) of Section 43209.1 of the Public Resources Code on or prior to that date.
- 365 Operative April 1, 2003, unless the California Integrated Waste Management Board adopts and submits regulations governing the operation of organic composting sites to the Office of Administrative Law pursuant to subdivision (c) of Section 43209.1 of the Public Resources Code on or prior to that date.
- 366 This section shall become operative only upon enactment into law of amendments to the Federal Internal Revenue Code to impose an excise tax on a transfer of structured settlement payment rights if the transfer is not approved by a court.
- 368 Subdivision (a) of this section shall become operative only if both of the following occur: (1) the Director of Motor Vehicles makes a written finding that the implementation of subdivision (a) is necessary to ensure that there is a sufficient and stable supply of rental cars available in California; and (2) the Executive Officer of the State Air Resources Board makes a written finding that the implementation of subdivision (a) will not result in a significant adverse impact upon air quality.
- 369 Any section of any act enacted by the Legislature during the 2001 calendar year that takes effect on or before January 1, 2002, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2001 calendar year and takes effect on or before January 1, 2002, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 370 Any section of any act enacted by the Legislature during the 2001 calendar year, other than Chapter 159 of the Statutes of 2001 (relating to maintenance of the codes), that takes effect on or before January 1, 2002, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 371 Repeal operative December 1, 2007.

- 372 Subdivision (a) operative upon the effective date of the annexation of all or part of the Annexed Area by the City of Newport Beach.
- 373 Any section of any act enacted by the Legislature during the 2001 calendar year that takes effect on or before January 1, 2002, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 374 This section shall remain in effect only until the date that the California Transportation Commission notifies the Secretary of State that sufficient funds have been generated to meet the obligations identified in paragraph (4) of subdivision (b) of Section 188.5 of the Streets and Highways Code, and repayment of any outstanding debt secured by tolls, and as of that date is repealed.
- 375 Repeal operative July 1, 2004.
- 376 Subdivision (e) effective until January 1, 2006.
- 377 This section shall become inoperative on the effective date of the relinquishment described in subdivision (c) or (d), whichever date is later, and as of January 1 following that date is repealed.
- 378 Operative on the later date, as between the effective date of the relinquishment by the California Transportation Commission to the City of Downey of the portion of Route 19 located between Century Boulevard and Telegraph Road within the City of Downey, pursuant to subdivision (c) of Section 319, and the effective date of the relinquishment by the commission to the City of Bellflower of the portion of Route 19 located between the southerly city limit of the City of Bellflower near Rose Avenue and Foster Road within the City of Bellflower, pursuant to subdivision (d) of Section 319, as that section read on the day before it was repealed pursuant to the act that amended this section during the 2001–02 Regular Session.
- 379 Subdivisions (c) and (d) and paragraph (3) of subdivision (e) shall become inoperative, and are repealed as of December 31, 2001.
- 381 Approved by voters at March 5, 2002, election, Prop. 41.
- 382 Inoperative January 1, 2004.
- 383 Applicable to taxable years beginning on or after January 1, 2002.
- 384 Inoperative July 1, 2010.
- 385 Operative December 2, 2002.
- 386 Operative only if ACA 9 of the 2001–02 Regular Session is adopted by the voters and amends the California Constitution by adding Section 2.5 to Article II thereof.
- 387 Repeal operative upon receipt of notice by Secretary of State of the Attorney General's determination that the Electricity Oversight Board has been abolished, merged with, or replaced by, another agency, or that the functions of the board have been duplicated by statute, executive order, or otherwise; or as of January 1, 2003, whichever is earlier.
- 388 Operative August 31, 2001.
- 389 Approved by voters at November 5, 2002, election, Prop. 46.
- 390 Operative March 6, 2002.
- 391 Operative July 1, 2004.
- 392 Subdivision (b) shall be operative only until January 1, 2005.
- 393 Inoperative when building standards become effective after approval by the California Building Standards Commission pursuant to H&SC Ch. 4 (Sec. 18935 et seq.) that permit the construction of structures that use baled straw as a loadbearing or nonloadbearing material and that are safe to the public.
- 394 Approved by voters at November 5, 2002, election, Prop. 47.
- 395 Effective only upon approval by the voters, at the 2004 direct primary election, of the Kindergarten–University Public Education Facilities Bond Act of 2004, as set forth in Section 31 of this act (Pt. 68.2 (Sec. 100800 et seq.), EDC).

- 396 Operative upon approval of the voters, at the November 2, 2004, statewide general election, of the Kindergarten-University Public Education Facilities Bond Act of 2004, as set forth in Section 31.5 of this act (Pt. 68.2 (Sec. 100800 et seq.), EDC), if the voters do not approve the Kindergarten-University Public Education Facilities Bond Act of 2004, as set forth in Section 31 of this act (Pt. 68.2 (Sec. 100800 et seq.), EDC), at the 2004 direct primary election.
- 397 Paragraph (1) of subdivision (a) shall become inoperative commencing on the effective date of the measure that amended this section to add this paragraph, and shall remain inoperative through the date of the 2004 direct primary election after which date paragraph (1) shall again become operative.
- 398 For taxable years beginning on or after January 1, 2002, Sections 529(c) and 529(e) of the Internal Revenue Code, as amended by Section 402 of the Economic Growth and Tax Relief Reconciliation Act of 2001 (P. L. 107-16) and Section 417 of the Job Creation and Worker Assistance Act of 2002 (P. L. 107-147), shall apply in lieu of subdivisions (b) and (c).
- 399 Subdivision (a) applies to taxable years ending after December 31, 1995.
- 400 Amendments apply for the same taxable years as the amendments made by Section 6007(f)(2) of the Internal Revenue Service Restructuring and Reform Act of 1998 (P. L. 105-206), unless those amendments specifically apply for federal purposes to a date prior to the specified date of incorporation, in which case they shall apply as of the specified date of incorporation.
- 401 Amendments apply for the same taxable years as the amendments made by Section 6013(a) of the Internal Revenue Service Restructuring and Reform Act of 1998 (P. L. 105-206), unless those amendments specifically apply for federal purposes to a date prior to the specified date of incorporation, in which case they shall apply as of the specified date of incorporation.
- 402 Amendments apply for the same taxable years as the amendments made by Section 6005(f) of the Internal Revenue Service Restructuring and Reform Act of 1998 (P. L. 105-206), unless those amendments specifically apply for federal purposes to a date prior to the specified date of incorporation, in which case they shall apply as of the specified date of incorporation.
- 403 Amendments apply to taxable years beginning on or after January 1, 1999.
- 404 Operative with respect to the same period as the federal law provision to which it conforms.
- 405 Inoperative October 31, 2002.
- 406 Operative April 1, 2003.
- 407 Implemented only to the extent funds are provided in the annual Budget Act.
- 408 Operative on the date the Secretary of State adopts uniform standards for storing and recording permanent and nonpermanent documents in electronic media, as required by Section 12168.7 of the Government Code.
- 409 Operative 30 days after the effective date of this act.
- 410 Subdivision (c) operative January 1, 2004.
- 411 Subdivision (b) operative January 1, 2004.
- 412 Not operative unless the Costa-Hawkins Rental Housing Act (Chapter 2.7 (commencing with Section 1954.50) of Title 5 of Part 4 of Division 3 of the Civil Code) is repealed.
- 413 Effective until December 1, 2006, or until all the moneys remaining in the Unlawful Sales Reduction Fund on January 1, 2006, have been appropriated by the Legislature for allocation to the Office of Criminal Justice Planning for funding the competitive grant program established under this section, whichever occurs later.
- 414 Inoperative June 30, 2005.
- 415 Operative January 1, 2004, only if moneys are appropriated on or before January 1, 2004, for the purposes of increased reimbursements pursuant to this article.

- 416 Operative January 1, 2004, only if moneys are appropriated on or before January 1, 2004, for each of the following purposes: (a) providing nutrition policy development grants pursuant to subdivision (c) of Section 49433; (b) support and technical assistance to school districts pursuant to Section 49433.5; (c) increasing meal reimbursements pursuant to Section 49430.5.
- 417 Operative upon voter approval of the Housing and Emergency Shelter Trust Fund Act of 2002, approved by voters at November 5, 2002, election, Prop. 46.
- 418 Subdivision (p) inoperative January 1, 2008.
- 419 Amendments to subdivisions (d), (e), (f), and (g) relating to advanced practices, that are made by the act adding subdivision (k), shall become operative no later than January 1, 2004, or on the date the California Board of Occupational Therapy adopts regulations pursuant to subdivision (h), whichever first occurs.
- 420 Operation contingent upon an appropriation from the Dealers' Record of Sale Special Account.
- 421 Inoperative on the date that a federal law or regulation is enacted that regulates notice requirements in the event of termination of electronic mail service.
- 422 Any section of any act, other than Senate Bill 1316, that is enacted by the Legislature during the 2002 calendar year that takes effect on or before January 1, 2003, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more sections affected by this act shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2002 calendar year and takes effect on or before January 1, 2003, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 423 Repeal operative January 1, 2015.
- 424 Inoperative July 1, 2007.
- 425 Subdivision (b) shall become inoperative on January 1, 2007, unless otherwise provided by a memorandum of understanding or agreement with a recognized employee organization.
- 426 Any section of any act enacted by the Legislature during the 2002 calendar year that does both of the following shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act: (a) takes effect on or before January 1, 2003; (b) amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, added, or repealed by this act.
- 427 Subdivision (e) inoperative January 1, 2007.
- 428 Any section of any act enacted by the Legislature during the 2002 calendar year that takes effect on or before the effective date of this act, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 429 Repeal operative April 1, 2003.
- 430 Operative January 2, 2003.
- 431 Any section of any act enacted by the Legislature during the 2002 calendar year that takes effect on or before January 1, 2003, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2002 calendar year and takes effect on or before January 1, 2003, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

- 432 Operative only if all of the following conditions are met: (a) the petitioners in Sacramento Metropolitan Air Quality Management District, and Yolo Solano Air Quality Management District v. the United States Environmental Protection Agency, in the United States Court of Appeals for the Ninth Circuit (Petition Number 02-70848), move to withdraw from the lawsuit, with prejudice, on or before October 4, 2002; (b) the court issues an order granting that motion; and (c) the petitioners file a certified copy of that order with the Secretary of State.
- 433 Operative upon at least one of the following two events taking place, whichever occurs first, but in no event prior to July 1, 2004: (a) the amendment by Congress of subd. (f) of 42 U.S.C. Sec. 666 to statutorily require or authorize, in connection with the approval of state plans for purposes of federal funding, the adoption of the Uniform Interstate Family Support Act as promulgated by the National Conference of Commissioners on Uniform State Laws in 2001; (b) the approval, either generally or with specific application to California, by the federal office of Child Support Enforcement or by the Secretary of Health and Human Services, of a waiver, exemption, finding, or other indicia of regulatory approval of the Uniform Interstate Family Support Act, as promulgated by the National Conference of Commissioners on Uniform State Laws in 2001, in connection with the approval of state plans for purposes of federal funding.
- 434 Operative December 31, 2004.
- 435 Approved by voters at March 2, 2004, election, Prop. 57. Operative because ACA 5 of the 2003-04 Fifth Extraordinary Session (Res. Ch. 1, Stats. 2003-04 (5th Ex. Sess.)) was submitted to and approved by the voters at the March 2, 2004, election, Prop. 58.
- 436 The amendments to this section made by the act adding this subdivision shall apply only to taxable years beginning on or after January 1, 2002.
- 437 Inoperative on January 1, 2003, and shall remain inoperative until January 1, 2006, at which time it shall become operative.
- 438 Operative only upon a determination by the Insurance Commissioner that the personnel positions needed to carry out the provisions of this article are in existence or have been authorized in the Budget Act of 2002 or a subsequent budget act. On and after January 1, 2003, the commissioner may accept applications from communications equipment vendors seeking licensure pursuant to this article. However, the commissioner shall not act upon the applications. If, prior to April 30, 2003, the commissioner receives 50 applications or less, the commissioner shall be deemed to have sufficient personnel to carry out the provisions of this article and this article shall immediately become operative.
- 439 A city or county shall not be required to comply with the amendments made by this act, relating to military readiness activities, military personnel, military airports, and military installations, until (1) an agreement is entered into between the United States Department of Defense or other federal agency and the State of California, through the Governor's Office of Planning and Research, for the federal government to fully reimburse all claims approved by the Commission on State Mandates and paid by the Controller that cities and counties would be eligible to file as a result of the enactment of this act; and (2) the city or county undertakes its next general plan revision. The amendments made by this act shall become inoperative on the January 1 following the date that the Director of Planning and Research executes a declaration stating that the agreement described above has been terminated by either party.
- 440 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.

- 441 Amendments to this section shall be retroactive to July 1, 2001.
- 442 Paragraph (2) of subdivision (a) shall become inoperative January 1, 2006.
- 443 Operative only if the Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 is approved by the voters at the November 5, 2002, statewide general election.
- 444 Implemented only to the extent that funds are appropriated for these purposes in the annual Budget Act or another measure.
- 445 Any section of Senate Bill 570, Assembly Bill 354, or Assembly Bill 1254 enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and rennumbers, adds, repeals and adds, or repeals Section 830.1 of the Penal Code shall prevail over the amendments to Section 830.1 proposed by this act, whether enacted prior to, or subsequent to, the enactment of this act, and the amendments to Section 830.1 proposed by this act shall not become operative.
- 446 Operative January 1, 2013.
- 447 Operative July 1, 2004, and shall cease to be operative on the first day of the first calendar quarter commencing more than 90 days following a notification to the State Board of Equalization by the Director of Finance pursuant to subdivision (b) of Section 99006 of the Government Code.
- 448 Operative upon an appropriation of funds by the Legislature, or the allocation of existing discretionary funds by the Governor pursuant to Section 128(a) of the Workforce Investment Act of 1998 (29 U.S.C. Sec. 2853 (a)), for the specific stated purpose of establishing the California Savings and Asset Project.
- 449 Not operative unless appropriate funding, as determined by the Office of Statewide Health Planning and Development, is made available.
- 450 Paragraph (3) of subdivision (b) inoperative January 1, 2006.
- 451 Inoperative July 1, 2012.
- 452 The changes made by this act to subdivision (f) of this section shall become operative 90 days after the effective date of this act.
- 453 Subdivision (b) shall become inoperative on January 1, 2007.
- 454 Inoperative in the event, and on the date, of a final judicial determination by any court of appellate jurisdiction or a final determination by the administrator of the federal Centers for Medicare and Medicaid Services that the supplemental reimbursement provided in this section must be made to any facility not described in this section.
- 455 Operative only upon adoption by the Los Angeles County Board of Supervisors of a resolution by majority vote making the provisions of Article 10 of Chapter 1 of Part 4.7 of the Government Code applicable in that county.
- 456 Operative June 30, 2003.
- 457 Inoperative June 30, 2007.
- 458 Inoperative March 1, 2004.
- 459 Repeal operative June 1, 2006.
- 460 This section shall become inoperative on a date that is three years after the date that Section 5018.1 of the Public Resources Code is repealed, and, as of January 1 immediately following that inoperative date, is repealed.
- 461 Inoperative October 31, 2004.
- 462 Operative with respect to unpaid tax liabilities of high-risk collection accounts that are the subject of notifications made to eligible taxpayers on or after October 1, 2002, and before July 1, 2003.
- 463 Amendments made to this section by the act adding subdivision (c) shall apply only to taxable years beginning on or after January 1, 2002.

- 464 Inoperative on December 31, 2010, or the date on which the State Director of Health Services notifies, in writing, the Chairperson of the Joint Legislative Audit Committee and certifies that the city has awarded contracts for construction of each of the projects described in subdivision (b) of Section 73502 of the Water Code, whichever date is earlier.
- 465 Operative on January 1 immediately following the earlier of either December 31, 2010, or the date on which the State Director of Health Services notifies, in writing, the Chairperson of the Joint Legislative Audit Committee and certifies that the city has awarded contracts for construction of each of the projects described in subdivision (b) of Section 73502 of the Water Code.
- 466 Repeal operative January 1, 2008. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 8 (commencing with Sec. 18791) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 1997, or the adjusted amount specified in subdivision (c) of RTC 18796 for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
- 467 Inoperative September 1, 2003, and repealed January 1, 2004, if the final report required by subdivision (e) is submitted to the Department of Finance and the Legislature on or before February 1, 2003.
- 468 Not operative until the Legislature appropriates funds necessary to implement this division (Div. 22.9, PRC), or until a bond act approved by the voters of this state includes an allocation of funds for the purposes of this division.
- 469 Repeal operative January 1, 2008. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 2 (commencing with Sec. 18711) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2002, or the adjusted amount specified in subdivision (c) of RTC 18716, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 470 Operative only until the operative date of regulations that revise the regulations set forth in Chapter 3 (commencing with Section 100101) of Division 9 of Title 22 of the California Code of Regulations and that authorize an EMT-I to receive EMT-II training in administering naloxone hydrochloride without having to complete the entire EMT-II certification course.
- 471 Not operative in a city unless and until the city council or board of supervisors, by ordinance adopted by majority vote, makes this section operative in the city.
- 472 Not operative in a city, including a charter city, county, including a charter county, or city and county unless and until the city council or board of supervisors, by ordinance or resolution adopted by majority vote, makes this section operative in the city, county, or city and county.
- 473 Inoperative October 1, 2003.
- 474 Operative on the effective date of this act.
- 475 Inoperative August 1, 2004.
- 476 This act shall become operative on January 1, 2004, except that benefits shall be payable for periods of family temporary disability leave commencing on or after July 1, 2004.
- 478 Inoperative in any fiscal year in which Section 2550.1 of the Education Code is operative.

- 479 Operative only if the total appropriation for the support of trial court funding in Item 0450-101-0932 of the Budget Act of 2003, as enacted, is two billion one hundred eighty-six million eight hundred sixty-four thousand dollars (\$2,186,864,000) or more and the total appropriation for support of trial court funding in Item 0450-111-0001 of the Budget Act of 2003, as enacted, is one billion one million one thousand dollars (\$1,001,001,000) or more; and in that event, shall become operative on the 15th day after the effective date of this act or on July 1, 2003, whichever is later.
- 480 Operative only if the total appropriation for support of the judiciary in Item 0250-001-0001 of the Budget Act of 2003, as enacted, is two hundred eighty million four hundred ninety thousand dollars (\$280,490,000) or more; and in that event shall become operative on the 15th day after the effective date of this act or July 1, 2003, whichever is later.
- 481 Subdivision (f) operative January 1, 2006.
- 482 Operative September 1, 2003.
- 483 Inoperative September 1, 2007.
- 484 Subdivision (f) shall become inoperative on September 1, 2007.
- 485 Operative July 1, 2006.
- 486 Repeal operative January 1, 2008. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in RTC Div. 2, Part 10.2, Ch. 3, Art. 5 (commencing with Sec. 18741) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2002, or the adjusted amount specified in subdivision (c) of RTC 18744 for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
- 487 Operative upon approval of the Kindergarten-University Public Education Facilities Bond Act of 2002, approved by voters at November 5, 2002, election, Prop. 47.
- 488 Subdivision (g) operative until January 1, 2003.
- 489 Repeal operative January 1, 2018.
- 490 Any section of any act enacted by the Legislature during the 2002 calendar year, other than a section of Assembly Bill 3034, that takes effect on or before January 1, 2003, and that amends, amends and renumbers, amends and repeals, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, amended and repealed, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is chaptered before or after this act.
- 491 Repeal operative January 1 of the fifth taxable year following the first appearance of the Asthma and Lung Disease Research Fund on the tax return. If, in the second calendar year after the first taxable year the fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions made on returns filed in that calendar year will be less than \$250,000, or the adjusted amount specified in RTC Sec. 18835(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 492 Subdivision (h) operative July 1, 2002, or the date that the program for accelerated enrollment coverage for children takes effect, whichever is later.
- 493 Repeal operative January 1, 2006, unless the Secretary of the Resources Agency determines that federal legislation has been enacted authorizing the participation of appropriate federal agencies in the California Bay-Delta Authority.
- 494 Paragraphs (1) and (2) of subdivision (b) inoperative for services provided after June 30, 2002.
- 495 Inoperative date of paragraph (3) of subdivision (a) deleted by amendment.
- 496 Effective only until July 1, 2003.
- 497 Operative after the Judicial Council adopts a rule of court, on or before July 1, 2004, to implement this section.

- 498 Paragraph (2) of subdivision (b) applies to taxable years beginning on or after January 1, 2004.
- 499 Operative January 1, 2004, or 120 days after Assembly Bill No. 1207 of the 2003-04 Regular Session is chaptered, whichever is later.
- 500 Paragraph (1) of subdivision (a) shall be implemented only to the extent that funds for these purposes are appropriated by the Legislature in the annual Budget Act or other statute.
- 501 Effective upon the adoption by the voters of the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, as set forth in Section 2 of this act (Ch. 20 (commencing with Sec. 2704), Div. 3, SHC).
- 502 This section shall become inoperative on the operative date of any regulation adopted by the California Integrated Waste Management Board relating to "inert waste removed from the solid waste stream and not disposed of in a solid waste landfill," as defined in subdivision (a)(2), if that regulation includes procedures to facilitate the counting of the inert waste for purposes of the disposal reporting system established under PRC Section 41821.5 when that inert waste is placed in a mine reclamation facility as fill material, and, as of January 1 immediately following that operative date, is repealed.
- 503 Repeal operative January 1, 2010. However, if the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 3 (Sec. 18721 et seq.)) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2001, or the adjusted amount specified in RTC 18724(c) for any subsequent taxable year, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 504 Inoperative January 1, 2008.
- 505 Not operative unless and until a memorandum of understanding has been agreed to by the state employer and the recognized employee organization making this section applicable to those members described in subdivision (a).
- 506 Operative March 1, 2003.
- 507 This section prevails over Section 10540 of the Water Code, as added by Chapter 767 of the Statutes of 2002.
- 509 Subdivision (b) operative January 1, 2005.
- 510 Operative only if the Housing and Emergency Shelter Trust Fund Act of 2002, approved by voters at November 5, 2002, election, Prop. 46, contains authority to use bond proceeds for the purposes of this act.
- 511 Inoperative March 1, 2004.
- 512 Operative March 1, 2004.
- 513 Operative July 1, 2004.
- 514 Except as provided in Article 6 (commencing with Section 23100) of Chapter 3 of Division 10 of the Financial Code, the provisions of Division 10 (commencing with Section 23000) of the Financial Code shall become effective on January 1, 2003, and shall become operative on March 1, 2004. However, the Commissioner of Corporations shall have the power and authority to implement the provisions of Division 10 prior to March 1, 2004.
- 515 This section shall become operative only as provided in a declaration of the State Director of Social Services that federal Food Stamp Program waivers have been granted and specifying a date upon which counties shall implement this act.
- 516 Subdivision (e) of this section shall become inoperative June 1, 2005.
- 517 Subdivision (c) operative July 1, 2003.
- 518 Effective July 1, 2003.

- 519 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2003 calendar year and takes effect on or before January 1, 2004, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 520 Implementation subject to the provision of funds for the purposes of this section in the Budget Act of 2002 or in another statute enacted during the 2001–02 Regular Session.
- 521 Implemented only during fiscal years for which an appropriation is provided for the purposes of this section in the annual Budget Act or in another statute.
- 523 Inoperative January 1, 2004, if the actual reserve balance in the Dealers' Record of Sale Special Account is \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice. If the reserve balance is not equal to \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice, these provisions shall become inoperative when the Department of Justice determines that the actual reserve balance in the Dealers' Record of Sale Special Account equals \$1,000,000 or more.
- 524 Operative January 1, 2004, if the actual reserve balance in the Dealers' Record of Sale Special Account is \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice. If the reserve balance is not equal to \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice, these provisions shall become operative when the Department of Justice determines that the actual reserve balance in the Dealers' Record of Sale Special Account equals \$1,000,000 or more.
- 525 The amendments to paragraph (1) of subdivision (e) made by this act shall be retroactive to June 30, 2002.
- 526 This section shall be implemented only to the extent sufficient funds for this purpose are appropriated by the Legislature in the annual Budget Act or other statute, or sufficient funds, as determined by the State Department of Mental Health, for the purposes of this section have been received pursuant to subdivision (d).
- 527 In effect until July 1, 2004.
- 528 This section shall prevail over same-numbered section as added by Chapter 812 of the Statutes of 2002.
- 529 Operation of subdivision (a) shall be suspended for the 2002–03 fiscal year.
- 530 Subdivision (e) shall not be operative if the total level of federal Community Services Block Grant funds is reduced more than 3.5 percent below the amount appropriated in the annual Budget Act.
- 531 Inoperative from July 1, 2002, to July 1, 2003, inclusive.
- 532 Inoperative March 31, 2005.
- 533 The amendments made to this section by the act adding this subdivision shall become operative six months after the date that act takes effect.
- 534 Operative only until the effective date of the Budget Act of 2003 or June 30, 2003, whichever occurs later, and, as of January 1, 2004, is repealed.
- 535 Not effective.
- 536 Amended by Governor's Reorganization Plan No. 1 of 2002. Effective July 2, 2002.
- 537 Added by Governor's Reorganization Plan No. 1 of 2002. Effective July 2, 2002.
- 538 Operative June 1, 2003.

- 539 Inoperative June 1, 2003.
- 540 Operative upon the effective date of Chapter 3 of the Statutes of 2003.
- 541 Inoperative June 30, 2009.
- 542 Inoperative July 1, 2036.
- 543 Operative January 1, 2037.
- 544 Inoperative on the effective date of this act.
- 545 Operation of subdivision (a) shall be suspended for the 2003-04, 2004-05, and 2005-06 fiscal years.
- 546 Inoperative July 1, 2013.
- 547 Repeal operative January 1, 2014.
- 548 Subdivisions (b), (c), and (d) inoperative for the 2003-04 fiscal year, pursuant to Section 43 of Chapter 227 of the Statutes of 2003.
- 549 Repeal operative July 1, 2010.
- 550 Subdivision (d) shall become inoperative upon full repayment or discharge of all moneys loaned from the California Teleconnect Fund Administrative Committee Fund in the Budget Act of 2003.
- 551 Subdivision (a) inoperative from July 1, 2003, to June 30, 2006, inclusive.
- 552 Paragraph (1) of subdivision (a) operative until June 30, 2004.
- 553 Repeal operative January 1, 2009. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 14 (Sec. 18851 et seq.)) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 1999, or the adjusted amount specified in RTC 18855(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 554 Paragraph (1) of subdivision (j) operative until June 30, 2004.
- 555 Operative only if moneys are appropriated for each of the following purposes: (a) providing nutrition policy development grants pursuant to subdivision (c) of Section 49433; (b) support and technical assistance to school districts pursuant to Section 49433.5; (c) increasing meal reimbursements pursuant to Section 49430.5.
- 556 Operative September 1, 2004.
- 557 Operative October 1, 2004.
- 558 Repeal operative June 30, 2004.
- 559 Operative on January 1, 2004, except that benefits shall be payable for family temporary disability insurance claims commencing on or after July 1, 2004.
- 561 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act, with the exception of Chapter 62 of the Statutes of 2003, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2003 calendar year and takes effect on or before January 1, 2004, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 562 Operative July 1, 2007.
- 563 Paragraph (1) of subdivision (c) and subdivision (d) inoperative on the date on which all bonds and ancillary obligations issued pursuant to this title are not outstanding, as certified by the Director of Finance pursuant to paragraph (1) of subdivision (b) of Section 99006.

- 564 If the amendments to paragraph (2) of subdivision (b) of Section 104557 of the Health and Safety Code made by Section 3 of this act are held by a court of competent jurisdiction to be unconstitutional, Section 3 of this act shall be deemed repealed, and paragraph (2) of subdivision (b) of Section 104557 of the Health and Safety Code shall be deemed to be in the form as it existed prior to the amendments made to that section by Section 3 of this act. Neither a holding of unconstitutionality of the provisions of Section 3 of this act, nor an implied repeal of the amendments to paragraph (2) of subdivision (b) of Section 104557 of the Health and Safety Code made by Section 3 of this act shall affect, impair, or invalidate any other portion of Section 104557 of the Health and Safety Code, or the application of that section to any other person or circumstance, and those remaining portions of Section 104557 of the Health and Safety Code shall at all times continue in full force and effect.
- 565 Paragraph (11) of subdivision (a) not operative if the California State Board of Pharmacy, prior to January 1, 2006, adopts regulations that mandate the same labeling requirements set forth in this paragraph.
- 566 Inoperative March 1, 2006.
- 568 Inoperative December 31, 2004.
- 570 Repeal operative June 30, 2007.
- 571 Any section of any act enacted by the Legislature during the 2004 calendar year that takes effect on or before January 1, 2005, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2004 calendar year and takes effect on or before January 1, 2005, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 572 Operative only until the administrative director adopts a regulation specifying separate reimbursement, if any, for implantable medical hardware or instrumentation for complex spinal surgeries.
- 573 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before the effective date of this act, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 574 After notification to Legislature and Secretary of State that completion of California Department of Transportation Project Number 11-RIV-86, P.M. R22.0, 179800 has occurred, this section shall remain in effect only until July 1 after the then current fiscal year has elapsed or June 30, 2005, whichever is later, and as of the later of those dates this section is repealed.
- 575 Applicable to purchases of tangible personal property made on or after January 1, 2003, in taxable years beginning on or after January 1, 2003, and on or before December 31, 2009, and as of that date becomes inoperative, unless a later enacted statute extends the operation of this section.
- 576 Applicable to reporting of purchases of tangible personal property made on or after January 1, 2003, in taxable years beginning on or after January 1, 2003, and on or before December 31, 2009, and as of that latter date becomes inoperative, unless a later enacted statute extends the operation of this section.
- 577 Operative for returns filed for taxable years on and after January 1, 2003, and ending on or before December 31, 2009, and as of that date becomes inoperative, unless a later enacted statute extends the operation of this section.

- 578 Applicable to taxable years beginning on or after January 1, 2003.
- 579 Operative January 1, 2014.
- 580 Operative only if the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century (Ch. 20 (commencing with Sec. 2704), Div. 3, S.H.C.) is approved by the voters at the November 2, 2004, statewide general election.
- 581 This section shall be implemented to the extent funding is made available through the federal government, or in the annual Budget Act or another state statute, or any combination of any sources of funding.
- 582 Paragraphs (24) and (25) of subdivision (b) operative July 1, 2004.
- 583 Subdivisions (c), (d), (e), and (f) shall not become operative unless the parties have executed the Quantification Settlement Agreement on or before October 12, 2003.
- 584 Operative with respect to the University of California, the Franchise Tax Board, the California community college districts, the California State University system, and the California Student Aid Commission and its auxiliary organization as specified in subdivision (h).
- 585 Inoperative July 31, 2008.
- 586 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Missions Foundation Fund on the tax return. If, in the second calendar year after the first taxable year the California Missions Foundation Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than \$250,000, or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 587 Operative only if the bond measure described in Section 1.3 of Article XVI of the Constitution, as added by this measure, is submitted to and approved by the voters at the March 2, 2004, statewide primary election.
- 588 Operative June 30, 2005.
- 589 Inoperative on July 1, 2007, or on the date that the authority to transfer responsibility for a court facility from a county to the Judicial Council pursuant to Section 70321 has lapsed, whichever is later, and as of the following January 1 is repealed.
- 590 Operative only until the effective date of the Budget Act of 2004 or July 1, 2004, whichever is later, and as of January 1, 2005, is repealed.
- 591 Subdivision (e) shall become inoperative upon full repayment or discharge of all moneys loaned from the California Teleconnect Fund Administrative Committee Fund in the Budget Act of 2003.
- 592 Operative if Section 6368.8 of the Revenue and Taxation Code is repealed and, in that event, shall become operative on the date that section is repealed.
- 593 Applicable to taxable years ending after October 10, 1999.
- 594 Applicable to taxable years beginning on or after January 1, 2003, except as provided in subdivision (c) of Section 15 of this act.
- 595 Inoperative in the event that Part 8.7 (commencing with Section 2120) of Division 2 of the Labor Code is held invalid.
- 596 Effective in any county or district only when the county board of supervisors or governing board of the district adopts an ordinance or resolution providing for that implementation, and shall become operative with respect to all safety members of the system on the date specified in the implementing ordinance.
- 597 Effective only until July 1, 2006.
- 598 Subdivision (c) operative July 1, 2004.
- 599 This act shall become operative only if Assembly Bill 97 of the 2003–04 Regular Session is enacted and takes effect.
- 600 Operative only if Assembly Bill 1179 of the 2003–04 Regular Session is enacted and takes effect, and that bill amends Section 6107 of the Government Code.

- 602 This act may become operative and inoperative on an earlier date established by an executive order issued by the Governor if that date is not less than 30 days after the issuance of the executive order.
- 603 Subdivision (d) shall be inoperative if any court finds that any portion of subdivision (d) is invalid or in violation of any state or federal law. Subdivision (d) shall remain in effect only until April 30, 2007, and as of that date is repealed.
- 604 Inoperative June 1, 2004.
- 605 Operative June 1, 2004.
- 606 Repeal operative January 1 following certification to the Public Works Board by the Secretary of the Department of Veterans Affairs, and with Department of Finance concurrence, that the construction project at Chula Vista is complete and that all accounting records are closed.
- 607 Operative for the period beginning on and after March 1, 2004, and ending on and including, July 15, 2004.
- 608 Except for subdivision (h), this section shall become inoperative on January 1, 2009, and as of January 1, 2010, this entire section is repealed.
- 609 Inoperative January 1, 2005, or on an earlier date if the Board of Administration of the Public Employees' Retirement System makes a formal determination that health maintenance organization plans are no longer the most cost-effective health benefit plans offered by the board.
- 610 Inoperative January 1, 2009, and repealed January 1, 2010, except as otherwise provided in Chapter 12.85 (commencing with Section 18987) of Part 6 of Division 9.
- 611 Paragraph (2) of subdivision (a) is repealed January 1, 2010.
- 612 Paragraph (1) of subdivision (a) operative until June 30, 2005.
- 613 Paragraph (1) of subdivision (j) operative until June 30, 2005.
- 614 Any section of any act enacted by the Legislature during the 2004 calendar year that takes effect on or before January 1, 2005, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 615 Subdivision (c) not operative unless the county board of supervisors, by resolution adopted by a majority vote, makes the subdivision operative in the county.
- 616 Operative December 31, 2008.
- 617 Not operative until the date the State Mining and Geology Board notifies the Secretary of State in writing that the board has approved an ordinance adopted by the Board of Supervisors for the County of Yolo that governs in-channel noncommercial extraction activities carried out pursuant to the Cache Creek Resources Management Plan.
- 618 In the event that this measure and Proposition 65 both are approved and this measure receives a higher number of affirmative votes, none of the provisions of Proposition 65 shall take effect.
- 619 Operative only when the Secretary of the Youth and Adult Correctional Agency certifies in writing that it is necessary to prevent or minimize employment actions, including, but not limited to, layoffs, demotions, reductions in time base, or involuntary transfers of employees.
- 620 Inoperative if the retirement program authorized by this section is inconsistent with federal laws or rules or becomes unnecessary under state or federal law.
- 621 Inoperative January 1, 2008, or on an earlier date if the Board of Administration of the Public Employees' Retirement System makes a formal determination that health maintenance organization plans are no longer the most cost-effective health benefit plans offered by the board.

- 622 This act is in its entirety an interim statute within the meaning of Proposition 65, the effect and operation of which is suspended pending voter approval as required by that measure, should that measure be approved by the voters and take effect.
- 623 Subdivision (c) inoperative July 1, 2006.
- 624 Amendments made by the act adding subdivision (f) operative October 1, 2004.
- 625 Inoperative for the period commencing with the effective date of this act, until July 1, 2005.
- 626 Repeal operative June 30, 2011.
- 627 Operative only until the effective date of the Budget Act of 2005 or July 1, 2005, whichever is later, and as of January 1, 2006, is repealed.
- 628 Subdivision (b) inoperative July 1, 2005, or upon the enactment of a uniform filing fee, whichever is earlier.
- 629 Operative after the Judicial Council adopts a rule of court, on or before January 1, 2005, to implement this section.
- 630 Operative October 1, 2004, or the first of the month following 90 days after the effective date of this act, whichever is later.
- 631 Paragraph (2) of subdivision (k) inoperative July 1, 2006.
- 632 Inoperative September 1, 2008.
- 633 Subdivisions (b) to (e), inclusive, of this section shall become inoperative July 1, 2009.
- 634 Inoperative September 1, 2004.
- 635 Inoperative January 1, 2009.
- 636 Operative July 1, 2009.
- 637 Operative, with exception of subdivision (i), only until January 1, 2011.
- 638 Subdivision (g) inoperative January 1, 2009.
- 639 Repeal operative January 1, 2013.
- 640 Inoperative January 1, 2012.
- 641 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Military Family Relief Fund on the tax return. If, in the second calendar year after the first taxable year the California Military Family Relief Fund appears on the tax return, or in any subsequent calendar year, as applicable, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000), or the adjusted amount specified in subd. (c), RTC Sec. 18709 for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 642 Applicable with respect to the entire 2004–05 fiscal year and for each fiscal year following that fiscal year.
- 643 Applicable to taxable years beginning on or after January 1, 2005.
- 644 Not operative if, in the opinion of the retirement board and the actuary, the allowances payable under this section would place an additional financial burden on the retirement system.
- 645 Inoperative March 1, 2011.
- 646 Repeal operative March 1, 2011.
- 647 Any section of any act enacted by the Legislature during the 2005 calendar year that takes effect on or before January 1, 2006, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2005 calendar year and takes effect on or before January 1, 2006, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

- 648 Inoperative, as of March 1, 2006, unless the secretary finds, in a referendum conducted by him or her, or a person designated by him or her, that a favorable vote has been given pursuant to this article.
- 649 Operative March 1, 2011.
- 650 Subdivision (b) shall apply to taxable years beginning after December 31, 2002.
- 651 Applicable to taxable years beginning after November 11, 2003.
- 652 Applicable to taxable years beginning after December 31, 2002.
- 653 Subdivision (b) not operative in any county until the board of supervisors, by resolution adopted by majority vote, makes the provision applicable in that county.
- 654 Any section of any act enacted by the Legislature during the 2004 calendar year that takes effect on or before January 1, 2005, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act, with the exception of Assembly Bill 3082, shall prevail over this act, whether this act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2004 calendar year and takes effect on or before January 1, 2005, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 656 Inoperative November 1, 2004.
- 657 Operative November 1, 2004.
- 658 Operative upon the operative date of an appropriation by the Legislature for the purpose of funding the payments of military benefits, as required by this chapter.
- 659 Subdivisions (a) and (b) and paragraph (3) of subdivision (c) shall become operative on January 1, 2006.
- 660 Inoperative upon the enactment of a statute requiring the licensure and regulation of nonprofit community service organizations providing consumer credit counseling.
- 661 Subdivisions (a) to (f), inclusive, of this section shall be inoperative from August 16, 2004, until July 1, 2005, with the exception of subdivisions (g) to (j), inclusive, which shall take effect retroactively, beginning November 3, 2004.
- 662 Operative July 1, 2008.
- 663 Operative only until the effective date of the Budget Act of 2006 or July 1, 2006, whichever is later, and as of January 1, 2007, is repealed.
- 664 Repeal operative January 1, 2010. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 6 (Sec. 18761 et seq.)) made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2000, or the adjusted amount specified in RTC 18766(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
- 665 Inoperative April 1, 2010.
- 666 Operative May 1, 2005.
- 667 Repeal operative April 1, 2007.
- 668 Section 11544, as added by Section 1 of Governor's Reorganization Plan No. 2, submitted to the Legislature on May 9, 2005, is not operative.
- 669 Operative July 9, 2005, the date the Governor's Reorganization Plan No. 2 becomes effective.
- 670 Repeal operative July 1, 2012.
- 671 Operative only if legislation is enacted and becomes operative on or after June 1, 2005, but before July 1, 2006, that requires the funds transferred pursuant to Section 80 of this act to be expended for environmental control technologies for chrome and metal plating related activities.

- 672 Amended by Governor's Reorganization Plan No. 2 of 2005. Effective July 9, 2005.
- 673 Inoperative December 31, 2006.
- 674 Rejected by voters at June 6, 2006, election, Prop. 81.
- 675 Inoperative September 20, 2005.
- 676 Operative September 20, 2005.
- 677 Operative January 1, 2015.
- 678 Operative July 1, 2012.
- 679 Inoperative January 1, 2005.
- 680 Operative July 1, 2006, if an appropriation is made from the Professional Engineer's and Land Surveyor's Fund for the 2006–07 fiscal year in the annual Budget Act to fund the activities of this article, and sufficient hiring authority is granted to the board pursuant to a budget change proposal to provide sufficient staffing to implement this article.
- 681 This section shall become inoperative upon the adoption by the Fish and Game Commission of a halibut fishery management plan in accordance with the requirements of Part 1.7 (commencing with Section 7050).
- 682 If an ordinance is not adopted consistent with this section by December 31, 2009, this section shall be repealed on January 1, 2010.
- 685 Inoperative June 1, 2012.
- 686 Operative January 1, 2006, if commencing July 1, 2005, and continuing during the period provided in Section 5096.11, there is an appropriation from the Accountability Fund in the annual Budget Act to fund the activities in the article (RTC Art. 5.1 (Sec. 5096 et seq.)) and sufficient hiring authority is granted pursuant to a budget change proposal to the board to provide staffing to implement this article.
- 687 Added by Governor's Reorganization Plan No. 2 of 2005. Effective July 9, 2005.
- 688 Paragraph (25) of subdivision (b) operative on the date on which sufficient funds are available for the Contractors' State License Board and the Department of Justice to conduct a criminal history record check pursuant to this section or on July 1, 2005, whichever occurs first.
- 689 Subdivision (b) operative on the date on which sufficient funds are available for the Contractors' State License Board and the Department of Justice to conduct a criminal history record check pursuant to subdivision (b) or on July 1, 2005, whichever occurs first.
- 690 Subdivision (c) operative on the date on which sufficient funds are available for the Contractors' State License Board and the Department of Justice to conduct a criminal history record check pursuant to subdivision (c) or on July 1, 2005, whichever occurs first.
- 691 Except as provided in subdivision (b) of Section 42486 of the Public Resources Code, inoperative on the date that either of the events described in subdivision (a) or (b) of Section 42485 of the Public Resources Code occurs, and if both occur, the earlier date.
- 692 Repealed by Governor's Reorganization Plan No. 2 of 2005. Effective July 9, 2005.
- 693 Operative until June 30, 2005, and thereafter is operative only if specified in the annual Budget Act or in another statute.
- 694 Amended by Governor's Reorganization Plan No. 1 of 2005. Effective May 5, 2005.
- 695 Any section of any act enacted by the Legislature during the second year of the 2003–04 Regular Session that amends, amends and renumbers, adds, repeals and adds, or repeals a statute that is amended by this act shall prevail over this act, whether that act is enacted prior or subsequent to the enactment of this act.

- 696 Repeal operative one year after the date on which *Caulerpa taxifolia* has been eradicated from Agua Hedionda Lagoon.
- 697 Inoperative January 1, 2010.
- 698 Operative on July 1, 2006, or when both the Joint Rules Committee of the California Senior Legislature and the Executive Director of the California Commission on Aging report to the Chief Clerk of the Assembly that the separation of the California Senior Legislature and the Commission on Aging has been accomplished, whichever is earlier.
- 699 Added by Governor's Reorganization Plan No. 1 of 2005. Effective May 5, 2005.
- 700 Operative only if the California Ocean Protection Act is enacted during the 2003–04 Regular Session.
- 701 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Prostate Cancer Research Fund on the tax return. If, in the second calendar year after the first taxable year the California Prostate Cancer Research Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000), or the adjusted amount specified in subd. (c), RTC Sec. 18845.3 for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 702 This section shall remain in effect only until the California Child Support Automated System becomes fully operational and the Director of the Department of Child Support Services revokes delegation of his or her authority to the executive officer of the Franchise Tax Board to collect child support delinquencies, pursuant to Fam. C. 17450 et seq., and as of January 1 of the year following that date is repealed.
- 703 Repealed by Governor's Reorganization Plan No. 1 of 2005. Effective May 5, 2005.
- 704 Subdivisions (d) and (e) inoperative when specified obligations are no longer outstanding.
- 705 Operative April 1, 2005.
- 706 Inoperative April 1, 2005, pursuant to Sec. 5 and Sec. 7, Stats. 2004, Ch. 704.
- 707 Inoperative when all toll bridge seismic retrofit and replacement projects described in Section 188.5 of the Streets and Highway Code are complete.
- 708 Implemented and operative as specified in subdivisions (a) through (c) of Section 1324.28 of the Health and Safety Code.
- 709 Operative only as long as Article 7.6 (commencing with Section 1324.20) of Chapter 2 of Division 2 of the Health and Safety Code.
- 710 Inoperative in the event of a final judicial determination made by any state or federal court that is not appealed, or by a court of appellate jurisdiction that is not further appealed, in any action by any party or a final determination by the administrator of the Centers for Medicare and Medicaid Services, that federal financial participation is not available with respect to any payment made under the methodology implemented pursuant to this article because the methodology is invalid, unlawful, or contrary to any provision of federal law or regulations, or of state law.
- 711 Operative to the extent that the Superintendent of Public Instruction determines that funds are available pursuant to Section 52616.19 of the Education Code to implement the section on or after July 1 of each fiscal year.
- 712 Effective January 1, 2005.
- 713 Rejected by voters at November 2, 2004, election, Prop. 72.
- 714 Chapter 673 of the Statutes of 2003, which added or enacted this section, was submitted to and rejected by voters at November 2, 2004, election, Prop. 72.

- 715 Operative July 1, 2005, only if the Governor's Reorganization Plan No. 1 becomes effective.
- 716 To the extent that any conflicts exist between this act and the Governor's Reorganization Plan No. 1, as submitted to the Legislature on February 22, 2005, the changes made in this act shall prevail.
- 717 Inoperative date for subdivisions (e) to (i) deleted by amendment.
- 718 Subdivision (b) shall become inoperative on July 1, 2006, or upon the enactment of a uniform filing fee, whichever is earlier.
- 719 Inoperative April 1, 2009.
- 721 Repeal operative January 1 of the fifth taxable year following the first appearance of the Veterans' Quality of Life Fund on the tax return. If, in the second calendar year after the first taxable year the Veterans' Quality of Life Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 11.5 (Sec. 18825 et seq.)) made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 722 Repeal operative January 1, 2016.
- 723 Inoperative July 1, 2014.
- 724 Repeal operative January 1, 2017.
- 726 Operative July 1, 2005, or upon enactment of the Budget Act of 2005, whichever is later.
- 727 The provisions added by this act shall have continuous operation from June 9, 2005.
- 728 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Sexual Violence Victim Services Fund on the tax return. If, in the second calendar year after the first taxable year the California Sexual Violence Victim Services Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 13.51 (Sec. 18846 et seq.)) made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 729 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Colorectal Cancer Prevention Fund on the tax return. If, in the second calendar year after the first taxable year the California Colorectal Cancer Fund appears on the tax return, the Franchise Tax Board estimates by September 1, that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars (\$250,000), or the adjusted amount specified in subd. (c) of RTC Sec. 18847.3 for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 730 Repeal operative December 31, 2011.
- 732 Inoperative December 31, 2007.
- 733 Inoperative March 1, 2007.
- 734 Inoperative December 31, 2008.
- 737 Inoperative unless the Secretary of Food and Agriculture finds that specified conditions have occurred with regard to referendum voting.
- 738 Subdivision (e) operative July 1, 2006.
- 739 Inoperative date for subdivision (e) deleted by amendment.

- 742 Any section of any act, except Senate Bill 1108 (Chapter 22 of the Statutes of 2005), enacted by the Legislature during the 2005 calendar year that takes effect on or before January 1, 2006, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act, shall prevail over this act, whether this act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2005 calendar year and takes effect on or before January 1, 2006, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 743 Paragraph (2) of subdivisions (q) and (r) shall become inoperative on January 1, 2008.
- 745 Unless repealed pursuant to subdivision (b) or (g) of Section 14166.2, this section shall become inoperative on the date that the State Director of Health Services executes a declaration stating that the federal demonstration project provided for in this article has been terminated by the federal Centers for Medicare and Medicaid Services, and shall, six months after the date the declaration is executed, be repealed.
- 747 Subparagraphs (B) to (F), inclusive, of paragraph (2) of subdivision (a) operative January 1, 2007.
- 748 Subdivision (f) operative July 1, 2007.
- 749 Subdivision (d) inoperative January 1, 2009.
- 750 Paragraph (2) of subdivision (c) operative July 1, 2006.
- 751 Subdivision (l) repealed December 31, 2010.
- 752 Repeal operative December 31, 2010.
- 754 Any section of any act enacted by the Legislature during the 2005 calendar year that takes effect on or before January 1, 2006, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 755 Paragraph (2) of subdivision (b) operative January 1, 2007.
- 762 Operative October 9, 2006.
- 763 Inoperative upon enactment of SB 66 (Chapter 375, Statutes of 2005), pursuant to Sec. 6 of SB 66.
- 764 Operative only in fiscal years for which funds have been appropriated by the Legislature expressly for the purposes of this section.
- 765 Operative upon receipt of federal funds to assist the state in implementing new direct certification requirements mandated by federal law for children receiving free or reduced-price meals at school.
- 768 Subdivisions (a) and (b) shall become inoperative on the effective date that the Department of Toxic Substances Control, in consultation with the Office of Environmental Health Hazard Assessment, adopts a health-based target remediation standard for methamphetamine to determine when a property contaminated by methamphetamine laboratory activity only is safe for human occupancy.
- 769 Applicable to taxable years beginning on and after January 1, 2005, and before January 1, 2006.
- 770 January 1, 2007, delayed operative date deleted by amendment. Section is operative January 1, 2006.
- 771 Paragraph (3) of subdivision (b) shall become inoperative on January 1, 2007.
- 772 Repeal operative December 31, 2006.

- 773 Paragraph (4) of subdivision (a) shall be repealed January 1, 2007.
- 774 Applicable only to a taxable year of a taxpayer that determines its income derived from or attributable to sources within this state pursuant to a water's-edge election made prior to January 1, 2006, where that election may not be terminated for that taxable year without the consent of the Franchise Tax Board pursuant to paragraph (9) of subdivision (c) of Section 25113 of the Revenue and Taxation Code.
- 775 Applicable to taxable years beginning on or after January 1, 2006, as specified in Sec. 3 of this chapter.
- 776 Approved by voters at November 7, 2006, election, Prop. 1C.
- 777 Repeal operative January 1, 2010, only if the voters approve the Kindergarten-University Public Education Facilities Bond Act of 2006, as set forth in Section 16 of this act.
- 778 Approved by voters at November 7, 2006, election, Prop. 1E.
- 779 Operative only if the voters approve the Kindergarten-University Public Education Facilities Bond Act of 2006, as set forth in Section 16 of this act.
- 780 Repeal operative July 1, 2016.
- 781 Repeal operative on the date that the Director of Transportation certifies to the Secretary of Business, Transportation and Housing that all construction activities for the seismic retrofit projects specified in subdivision (a) are complete, or June 30, 2010, whichever occurs first.
- 782 Operative only if the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 is approved by the voters at the November 7, 2006, statewide general election.
- 783 Operative only if the Disaster Preparedness and Flood Prevention Bond Act of 2006 is approved by the voters at the November 7, 2006, statewide general election.
- 784 Operative on or after any statewide election in 2012, if statewide general obligation bond measure submitted for voter approval in 2012 or thereafter that includes bond issuance authority to fund construction of kindergarten and grades 1 to 12, inclusive, public school facilities is submitted to the voters and fails to be approved. Inoperative if subsequent to the failure of a general obligation bond measure as described above, a statewide general bond measure is approved by the voters. Thereafter operative if statewide general obligation bond measure submitted for voter approval that includes bond issuance authority to fund construction of kindergarten and grades 1 to 12, inclusive, public school facilities is submitted to the voters and fails to be approved and inoperative if subsequent to the failure of the general obligation bond measure a statewide bond measure as described is approved by the voters.
- 785 Repeal operative January 1, 2011, only if the voters approve the Kindergarten-University Public Education Facilities Bond Act of 2006, as set forth in Section 16 of this act.
- 786 Approved by voters at November 7, 2006, election, Prop. 1B.
- 787 Approved by voters at November 7, 2006, election, Prop. 1D.
- 788 Repeal operative July 1, 2009.
- 789 Inoperative upon full repayment of loans authorized by this section, and repealed on January 1 of the following year.
- 790 This section shall remain in effect only until and including June 30, 2007, and as of July 1, 2007, is repealed.
- 791 This section shall become inoperative on the date that the Director of Health Services executes a declaration stating that the federal demonstration project provided for in this part has been terminated by the federal Centers for Medicare and Medicaid Services, and shall, six months after the date the declaration is executed, be repealed.

- 792 Paragraph (3) of subdivision (d) inoperative July 1, 2008.
- 793 Operative only until the effective date of the Budget Act of 2007 or July 1, 2007, whichever is later, and as of January 1, 2008, is repealed.
- 794 Subdivision (f) operative July 1, 2007, but only after the statewide database becomes operational and the full calendar year of the birth and death indices and images is entered into the statewide database and is available for the respective year of the birth or death certificate for which an informational copy is requested.
- 795 Operative October 1, 2006.
- 796 Repeal operative July 1, 2008.
- 797 Operation of subdivision (a) shall be suspended for the 2002–03, 2003–04, 2004–05, 2005–06, and 2006–07 fiscal years.
- 798 Inoperative two years following the date that the Substance Abuse Offender Treatment Program is first implemented.
- 799 Operative October 1, 2006, but only if the State Department of Social Services suspends the voluntary enrollment of Kin-GAP beneficiaries into the Kin-GAP Plus Program pursuant to subdivision (b) of Section 11380.1 of the Welfare and Institutions Code.
- 800 Inoperative date for subdivision (c) deleted by amendment.
- 801 Operative January 1, 2012.
- 802 Any section of any act enacted by the Legislature during the 2006 calendar year that takes effect on or before January 1, 2007, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2006 calendar year and takes effect on or before January 1, 2007, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 805 Paragraphs (2) and (3) of subdivision (a) operative January 1, 2009.
- 807 Paragraph (7) of subdivision (f) shall remain in effect only until January 1, 2012.
- 808 Paragraph (11) of subdivision (a) operative only until January 1, 2010.
- 809 Subdivision (f) inoperative July 1, 2006.
- 810 Any section of any act other than Senate Bill 1852 enacted by the Legislature during the 2006 calendar year that takes effect on or before January 1, 2007, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act, shall prevail over this act, whether this act is enacted prior to, or subsequent to, the enactment of that act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act other than Senate Bill 1852 that is enacted by the Legislature during the 2006 calendar year and takes effect on or before January 1, 2007, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 811 Subdivisions (b), (c), and (d) inoperative January 1, 2008.
- 812 Repeal operative January 1, 2011, except as otherwise provided in subdivision (b) of Section 18808 of the Revenue and Taxation Code.
- 813 Repeal operative December 1, 2019.
- 814 Operative August 1, 2010, only if the State Department of Health Services determines that participation by manufacturers has been insufficient to meet both of the benchmarks identified in HSC Section 130507.
- 815 Effective only until July 1, 2010.

- 816 Each provision of this division shall remain in effect unless the United States Secretary of Labor determines that any provision of this division or its application is not in conformity with the requirements of federal law, at which time only those provisions of this division that are not in conformity with federal law shall be repealed.
- 817 Repeal operative October 1, 2006.
- 818 Repeal operative December 1, 2012.
- 819 Repeal operative December 31, 2012.
- 820 Repeal operative January 1 of the fifth taxable year following the first appearance of the California Sea Otter Fund on the tax return.
- 821 The amendments made to subdivision (k) shall become operative on July 1, 2007, pursuant to Stats. 2006, Ch. 725.
- 824 Repeal operative on the date that the Director of Health Services executes a declaration stating that implementation of the Healthy Families Presumptive Eligibility Program established pursuant to Ins. C. 12693.98a has commenced.
- 825 This section shall become inoperative three years after the date the Director of Health Services executes a declaration of implementation of the Medi-Cal to Healthy Families Presumptive Eligibility Program pursuant to this section and shall be repealed on January 1 of the year following the date upon which this section becomes inoperative.
- 826 Inoperative January 1, 2011.
- 827 Repeal operative January 1, 2010, subject to subdivision (b) of Section 18709 of the Revenue and Taxation Code. Notwithstanding the amendments made to this section by this act, if, by September 1, 2006, the Franchise Tax Board determines that the amount of contributions estimated to be received during the 2006 calendar year will not be at least two hundred fifty thousand dollars (\$250,000), this article is repealed with respect to returns filed for taxable years beginning on or after January 1, 2006.
- 828 Repeal operative January 1, 2008, subject to subdivision (b) of Section 18716 of the Revenue and Taxation Code.
- 829 Repeal operative January 1, 2010, subject to subdivision (b) of Section 18724 of the Revenue and Taxation Code.
- 830 Repeal operative January 1, 2008, subject to subdivision (b) of Section 18744 of the Revenue and Taxation Code.
- 831 Repeal operative January 1, 2010, subject to subdivision (b) of Section 18766 of the Revenue and Taxation Code.
- 832 Repeal operative January 1, 2008, subject to subdivision (b) of Section 18796 of the Revenue and Taxation Code.
- 833 Repeal operative January 1, 2011, subject to subdivision (b) of Section 18830 of the Revenue and Taxation Code.
- 834 Repeal operative January 1, 2010, except as otherwise provided in subdivision (b) of Section 18845.3 of the Revenue and Taxation Code. Notwithstanding the amendments made to this section by this act, if, by September 1, 2006, the Franchise Tax Board determines that the amount of contributions estimated to be received during the 2006 calendar year will not be at least two hundred fifty thousand dollars (\$250,000), this article is repealed with respect to returns filed for taxable years beginning on or after January 1, 2006.
- 835 Repeal operative January 1, 2011, except as otherwise provided in subdivision (b) of Section 18846.3 of the Revenue and Taxation Code.
- 836 Repeal operative January 1, 2011, except as otherwise provided in subdivision (b) of Section 18847.3 of the Revenue and Taxation Code.
- 837 Repeal operative January 1, 2009, subject to subdivision (b) of Section 18855 of the Revenue and Taxation Code.

- 839 Subdivisions (d) and (e) inoperative January 1, 2013.
- 842 Implementation and operation of the amendments to subparagraph (B) of paragraph (1) of subdivision (a) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35 of the Welfare and Institutions Code.
- 843 Implementation and operation of the amendments to paragraph (3) of subdivision (c) and subparagraph (A) of paragraph (4) of subdivision (c) enacted at the 2005–06 Regular Session shall be subject to appropriation through the budget process and by phase, as provided in Section 366.35 of the Welfare and Institutions Code.
- 845 Not operative in a county described in subdivision (i) until the county board of supervisors adopts a resolution that makes this section applicable in that county.
- 846 Subdivision (n) inoperative in the event that the two facilities covered under the consolidated license described in subdivision (a) are located within a 15-mile radius of each other.
- 847 Operative only to the extent that funding is provided in the annual Budget Act or another statute.
- 848 Inoperative January 1, 2012, or on an earlier date if the Board of Administration of the Public Employees' Retirement System makes a formal determination that health maintenance organization plans are no longer the most cost-effective health benefit plans offered by the board.
- 849 Operative July 1, 2011.
- 852 Subdivision (e) shall remain in effect only until January 1, 2009.
- 853 Subdivision (f) shall remain in effect only until January 1, 2009.
- 854 Operative June 30, 2011.
- 855 Paragraphs (3), (4), and (5) of subdivision (d) inoperative January 1, 2009.
- 856 Any section of any act, other than the act for the maintenance of the codes, enacted by the Legislature during the 2006 calendar year that takes effect on or before January 1, 2007, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over the amendment, amendment and renumbering, addition, repeal and addition, or repeal of that section by this act whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 860 Subdivision (d) inoperative June 30, 2007.
- 861 Inoperative January 1, 2007.
- 862 Repealed when (1) the government of Sudan halts the genocide in Darfur for 12 months as determined by both the Department of State and the Congress of the United States; or (2) the United States revokes its current sanctions against Sudan.
- 863 Subdivision (f) shall become inoperative on December 31, 2007.
- 864 Repeal operative January 1, 2014.
- 868 Repeal operative January 1, 2011, or until the Secretary of State receives the notice described in subdivision (j), whichever occurs first.
- 869 Repeal operative January 1, 2011, or until the Secretary of State receives the notice described in Section 5205.5, whichever occurs first.
- 870 Operative only if the Secretary of Business, Transportation and Housing provides notice to the Legislature and the Secretary of State and posts notice on its Internet Web site that the conditions described in Section 13995.92 of the Government Code have been satisfied.
- 871 Operative January 1, 2011, or on the date the Secretary of State receives the notice described in Section 5205.5, whichever occurs first.
- 872 Operative July 1, 2010.

- 873 This section shall become inoperative on the date the Secretary of Business, Transportation and Housing provides notice to the Legislature and the Secretary of State and posts notice on its Internet Web site that the conditions described in Section 13995.92 have been satisfied, and if the secretary provides those notices, this section is repealed as of January 1, 2008.
- 874 Subdivision (g) inoperative January 1, 2012.
- 876 Inoperative date for paragraph (3) of subdivision (b) deleted by amendment.
- 877 Subdivisions (a) and (b) operative on January 1, 2008.
- 878 Subdivision (a) operative on January 1, 2008.
- 879 Operative on the date that the Attorney General issues an opinion holding that the new certifications by the Commission on Teacher Credentialing for the professional clear credential provided for under paragraph (2) of subdivision (a) are equivalent for purposes of federal law provided in paragraph (2) of subdivision (c) of Section 440.110 of Title 42 of the Code of Federal Regulations.
- 880 Inoperative date for paragraph (2) of former subdivisions (q) and (r) deleted by amendment.
- 881 Operative only upon the consent of the City of East Palo Alto to participate in the pilot program.
- 882 Supersedes same section as added by Governor's Reorganization Plan No. 2 of 2005.
- 883 Subdivision (b) inoperative January 1, 2012.
- 884 The amendments made to this section by the act adding this subdivision shall become operative May 1, 2007.
- 885 Operative May 1, 2007.
- 886 Subdivision (e) operative upon the adoption of an enabling ordinance by a city or county.
- 888 This section shall remain in effect only until July 1, 2008, and as of January 1, 2009, is repealed.
- 889 Effective only until July 1, 2008.
- 890 Inoperative June 30, 2017.
- 891 Effective until July 1, 2011, or until such time as the Department of Corrections and Rehabilitation has replaced "temporary beds," as defined in Section 15819.34(a)(3) of the Government Code, whichever is sooner.
- 892 Operative July 1, 2011, or at such time as the Department of Corrections and Rehabilitation has replaced "temporary beds," as defined in Section 15819.34(a)(3) of the Government Code, whichever is sooner.
- 893 Inoperative January 1, 2014.
- 894 Subparagraph (B) of paragraph (9) of subdivision (p) operative until the Sierra Valley District Hospital is annexed by the Eastern Plumas Health Care District.
- 895 Paragraph (3) of subdivision (d) inoperative July 1, 2009.
- 896 Operative February 1, 2008.
- 897 Title 14 shall remain in effect only until the state terminates its participation in Part C of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1431 et seq.) and notifies the Secretary of the Senate of the termination, and as of that later date is repealed.
- 898 It is the intent of the Legislature that paragraph (6) of subdivision (b) have retroactive effect.
- 899 Effective July 1, 2009, the provisions of this section shall only remain operative for the seven design-build projects specified in Section 4 of Chapter 252 of the Statutes of 1998.
- 900 Operative if and when the Director of Finance notifies the Secretary of State and the Chairperson of the Joint Legislative Budget Committee that specified occurrences, related to either a sale of the state student loan guarantee program assets to a transferee guaranty agency or a transaction with a transferee guarantee program operator, have been consummated and 30 days elapse after the receipt of the notice.

- 901 Inoperative on the effective date of regulations promulgated by the department pursuant to Section 1280.3 of the Health and Safety Code.
- 902 Any section of any act enacted by the Legislature during the 2007 calendar year that takes effect on or before January 1, 2008, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2007 calendar year and takes effect on or before January 1, 2008, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 903 Inoperative date for subdivisions (b), (c), and (d) deleted by amendment.
- 904 Inoperative July 31, 2009.
- 905 Inoperative September 1, 2010.
- 906 Repeal operative six months after the Managed Risk Medical Insurance Board ceases to provide benefits to additional individuals pursuant to Section 12693.981 of the Insurance Code.
- 907 Repeal operative June 30, 2008.
- 908 Inoperative August 1, 2007.
- 909 Repeal operative October 1, 2009.
- 910 Subdivision (f) operative July 1, 2013.
- 911 Operation of subdivision (a) shall be suspended for the 2002–03, 2003–04, 2004–05, 2005–06, 2006–07, and 2007–08 fiscal years.
- 912 Operative September 1, 2007.
- 913 Subdivision (i) operative July 1, 2008.
- 914 The amendments contained in clause (ii) of subparagraph (B) of paragraph (1) of subdivision (a) shall be suspended for the 2007–08 fiscal year.
- 915 The amendments contained in paragraph (2) of subdivision (c) shall be suspended for the 2007–08 fiscal year.
- 916 Operative only upon an appropriation for its purposes in the annual Budget Act or another statute.
- 917 Subdivision (b) operative July 1, 2008.
- 918 Inoperative October 1, 2009.
- 919 Inoperative July 1, 2019.
- 920 Repeal operative January 1, 2020.
- 922 Repeal operative January 1, 2012, or on the date the Secretary of State receives either of the notices described in subdivision (f).
- 923 Operative January 1, 2008, only if an appropriation is made from the Professional Engineer's and Land Surveyor's Fund for the 2007–08 fiscal year in the annual Budget Act to fund the activities of this article, and sufficient hiring authority is granted to the board pursuant to a budget change proposal to provide sufficient staffing to implement this article.
- 924 Repeal operative October 1, 2008.
- 925 Not operative in any county until the board of supervisors shall, by resolution adopted by a majority vote, make this section and Section 31680.8 applicable in the county.
- 926 Operative until subsequent provisions of law delete the requirement that National Guard members pay the employer contributions as a condition of membership in the Public Employees' Retirement System.
- 927 Not operative in any county until the board of supervisors, by resolution, makes this section applicable in the county.
- 928 Repeal operative November 4, 2007.

- 929 Repeal operative July 1, 2011.
- 930 This section shall become inoperative on March 1, 2008, and as of January 1, 2009, is repealed.
- 931 Inoperative January 1, 2004.
- 932 Operative March 1, 2008.
- 933 Inoperative March 1, 2008.
- 934 Applicable to taxable years beginning on and after January 1, 2007.
- 935 Inoperative July 1, 2015.
- 936 Operative July 1, 2013.
- 937 Subdivisions (b) to (e), inclusive, shall become operative January 1, 2009.
- 939 Operative only if local educational agencies receive a per pupil allocation prior to the 2010–11 fiscal year for implementation of the California Longitudinal Pupil Achievement Data System established pursuant to Section 60900.
- 941 The amendments to subdivision (b), the addition of paragraph (2) to subdivision (c), the amendments to subdivision (e), and the addition of subdivision (g) shall become operative on July 1, 2008.
- 942 Inoperative March 1, 2012.
- 943 Conditional operation provision deleted by amendment.
- 944 In effect only until July 1, 2011.
- 945 Inoperative June 30, 2012.
- 946 Repeal operative July 1, 2017.
- 947 Any section of any other act, other than Assembly Bill 299, that is enacted by the Legislature during the 2007 calendar year, that takes effect on or before January 1, 2008, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by Section 1, Sections 9 to 13, inclusive, Section 19, or Section 20 of this act, shall prevail over this act, whether this act is enacted prior to, or subsequent to, the enactment of that act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by Section 1, Sections 9 to 13, inclusive, Section 19, or Section 20 of this act shall not become operative if any section of any other act other than Assembly Bill 299 that is enacted by the Legislature during the 2007 calendar year and takes effect on or before January 1, 2008, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 948 Subparagraph (B) of paragraph (2) of subdivision (f) shall only become operative when and to the extent that the State Department of Social Services determines that it reflects current federal law and Internal Revenue Service regulations.
- 949 The amendments made by this act shall be operative for each taxable year beginning on or after January 1, 2007.
- 950 The changes to this section made by subdivision (m) shall remain in effect only until January 1, 2011.
- 959 Operative only until January 1, 2014, or until the date on which the California Building Standards Commission includes standards in the California Building Standards Code that conform to this section, whichever date is later.
- 960 Operative October 1, 2007.
- 962 Any section of any act, other than the act for the maintenance of the codes, enacted by the Legislature during the 2007 calendar year that takes effect on or before January 1, 2008, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended by this act, shall prevail over the amendment of that section by this act whether that act is enacted prior to, or subsequent to, the enactment of this act.
- 964 Repeal operative August 1, 2018.

- 965 Paragraph (4) of subdivision (c) shall only become operative if the State Department of Social Services, in consultation with the County Welfare Directors Association, legislative staff, and other stakeholders, determines that implementing its provisions will not create a substantial risk of California failing to meet federal welfare-to-work participation goals, and shall remain operative for so long as the department does not reverse that determination.

APPENDIX

COUNTY, CITY, AND CITY AND COUNTY CHARTERS
AND CHARTER AMENDMENTS

as transmitted by the Secretary of State for inclusion in the official statutes in
accordance with Section 3, Article XI, of the California Constitution as amended
by vote of electors on November 5, 1974.

Charter Chapter 1—City of Marysville

Amendments to the Charter of the City of Marysville

[Filed with the Secretary of State January 3, 2007.]

1. Section 4 of Article II of the Marysville City Charter shall be amended as follows:

Section 4. Vacancies in elective office—When office becomes vacant.

An elective office shall become vacant when the incumbent thereof dies, resigns, is removed from office under recall proceedings, is adjudged insane, convicted of a felony, or of any offense in violation of his official duties, or ceases to be a resident of the City of Marysville, or has been absent from the State of California without leave for more than sixty (60) consecutive days, or failed to attend the meetings of the body of which he/she is a member for a like period without being excused therefrom by said body.

2. Section 24 of Article II of the Marysville City Charter shall be amended as follows:

Section 24. When ordinances to take effect.

Ordinances shall take effect in accordance with the laws of the State of California.

3. Section 26 of Article II of the Marysville City Charter shall be amended as follows:

Section 26. Penalty for violation of city ordinances.

The penalty for the violation of any city ordinance shall be the same as that provided for a misdemeanor by the Penal Code of this state.

4. Section 33 of Article II of the Marysville City Charter shall be amended as follows:

Section 33. City Manager.

The city council shall exercise its authority as it relates to the office and duties of the City Manager as prescribed under city ordinance.

The City Manager shall appoint department heads and prescribe the duties of the department heads.

5. Section 34 of Article II of the Marysville City Charter shall be amended as follows:

Section 34. Departments of the city government.

The council shall establish by ordinance the various departments of the city government.

The council shall appoint the members of all other committees from its own members, who shall serve without remuneration, such appointments to be, as far as practicable, equally apportioned among the members of the council and prescribe their duties.

6. Section 1 of Article III of the Marysville City Charter shall be eliminated.

7. Section 2 of Article III of the Marysville City Charter shall be amended as follows:

Section 1. Salaries and expenses of mayor, council members and subordinate officers.

Salaries of the mayor, council members and all subordinate officers shall be fixed by the council by ordinance in accordance with the law of the State of California governing general law cities, and the mayor, council members and subordinate officers on order of the council shall be reimbursed for expenses incurred on city business, except as the same may be modified by ordinances duly passed and ordained by the council.

8. Section 2 of Article VI of the Marysville City Charter shall be eliminated.

9. Section 3 of Article VI of the Marysville City Charter shall be amended as follows:

Section 2. Initiative, referendum and recall.

The provisions of the Elections Code of the State of California as the same now exists or may hereafter be amended, governing the initiative, referendum and the recall of municipal officers, shall apply to use thereof in the city.

10. Section 3 of Article VII of the Marysville City Charter shall be amended as follows:

Section 3. Effective date of Charter amendments.

Charter amendments approved at the general municipal election of November 7, 2006, shall be effective on and after January 1, 2007, and when said amendments have been filed with the Secretary of the State of California.

Certified to be a true copy by Bill D. Harris, Mayor, and Billie J. Fangman, City Clerk.

Date of Municipal Election: November 7, 2006.

Charter Chapter 2—City of Riverside

Amendments to the Charter of the City of Riverside

[Filed with the Secretary of State January 5, 2007.]

Section 400 of Article IV is hereby amended to read as follows:

Sec. 400. Enumerated; number, term and manner of election; wards.

(a) The elective officers of the City shall consist of a City Council of seven members, elected from wards, and a Mayor elected from the City at large, at the times and in the manner provided in this Charter, who shall serve for a term of four years and until their respective successors qualify. The terms of all officials, so elected, shall be deemed to have commenced on the fifth Tuesday following the general municipal election.

(b) The members of the City Council shall be elected by wards by the registered voters of the respective wards only. One member of the City Council shall be elected by each ward, and only the registered voters of each ward shall vote for the member of the City Council to be elected by that ward. In those wards where

there are more than two candidates, only a candidate receiving a majority of the total votes cast for the office shall be declared elected.

(c) If in an election for a member of the City Council for any ward, or for the office of Mayor, no candidate receives a majority of the total votes cast for the office, the City Council shall immediately upon the determination of that fact, call a special election to be held on the first Tuesday following the first Monday of November of that same year. The two candidates receiving the highest number of votes for the office in the general municipal election shall be declared the candidates for the special election.

(d) Officials elected at the general municipal election shall take office on the second Tuesday following completion of the canvass, but in no event later than the fifth Tuesday following the general municipal election. Officials elected at any other election shall take office on the second Tuesday following completion of the canvass, but in no event later than the fifth Tuesday following the election.

(e) The qualifications of candidates and electors and the procedure governing general municipal elections shall apply to any special election called pursuant to this section and the notice of election shall be published at least thirty days prior to the date of such special election.

(f) Notwithstanding the above, an election shall be held on June 5, 2007, for the purpose of electing members of the City Council from Wards 1, 3, 5, and 7 for terms expiring in June 2011, or until their successors are elected and seated.

(g) Notwithstanding the above, an election shall be held on June 2, 2009, for the purpose of electing members of the City Council from Wards 2, 4, and 6 for terms expiring June 2013, or until their successors are elected and seated.

(h) Notwithstanding the above, an election shall be held on November 3, 2009 for the purpose of electing the Mayor for a term expiring June 2012 or until their successor is elected and seated.

Section 500 of Article V is hereby amended to read as follows:

Sec. 500. General municipal elections.

General municipal elections for the election of members of the City Council and for such other purposes as the City Council may prescribe shall be held in the City on the first Tuesday following the first Monday in June of each odd-numbered year.

Beginning in June of 2012, general municipal elections for the election of Mayor shall be held on the first Tuesday following the first Monday in June of United States Presidential election years.

Certified to be a true copy by Ronald O. Loveridge, Mayor, and Colleen J. Nicol, City Clerk.

Date of Municipal Election: November 7, 2006.

Charter Chapter 3—City of Newport Beach

Amendments to the Charter of the City of Newport Beach

[Filed with the Secretary of State January 12, 2007.]

Section 424. Limitations on Use of Eminent Domain

The City of Newport Beach and/or any City-Affiliated Agency shall not exercise the power of eminent domain to acquire any property from the owner of the property, without the owner's consent, for the sole purpose of transferring the property to another person to further private economic development.

As used in this section of the Charter, the following terms shall have the following ascribed meanings:

“Owner” means the owner of the fee title interest in the property to be acquired, as shown on the last equalized assessment roll, or other more current proof of vesting the City may have.

“Property” shall mean any interest in real or personal property otherwise subject to acquisition through the use of eminent domain.

“City-Affiliated Agency” shall mean the City of Newport Beach and/or any other entity possessing the power of eminent domain, the governing board of which is solely composed of, or is solely appointed by, the members of the City Council of the City of Newport Beach.

Certified to be a true copy by Steven Rosansky, Mayor, and LaVonne M. Harkless, City Clerk.

Date of Election: November 7, 2006.

 Charter Chapter 4—City of Pasadena
Amendments to the Charter of the City of Pasadena

[Filed with the Secretary of State January 12, 2007.]

The Charter of the City of Pasadena, Article XVII, Taxpayer Protection, is amended as ratified by the People on November 7, 2006, as follows:

ARTICLE XVII
TAXPAYER PROTECTION

Section 1701. TITLE.

This Article shall be known as the City of Pasadena Taxpayer Protection Act.

Section 1702. FINDINGS AND DECLARATIONS.

(a) The people of the City of Pasadena (“City”) find that the use or disposition of public assets are often tainted by conflicts of interest among local public officials entrusted with their management and control. Such assets, including publicly owned real property, land use decisions conferring substantial private benefits, conferral of a franchise without competition, public purchases, taxation, and

financing, should be arranged strictly on the merits for the benefit of the public, and irrespective of the separate personal or financial interests of involved public officials.

(b) The people find that public decisions to sell or lease property, to confer cable, trash hauling and other franchises, to award public construction or service contracts, or to utilize or dispose of other public assets, and to grant special land use or taxation exceptions have often been made with the expectation of, and subsequent receipt of, private benefits from those so assisted to involved public “decision makers”. The people further find that the sources of such corruptive influence include gifts and honoraria, future employment offers, and anticipated campaign contributions for public officials who are either elected or who later seek elective office. The trading of special favors or advantage in the management or disposal of public assets and in the making of major public purchases compromises the political process, undermines confidence in democratic institutions, deprives meritorious prospective private buyers, lessees, and sellers of fair opportunity, and deprives the public of its rightful enjoyment and effective use of public assets.

(c) Accordingly, the people declare that there is a compelling state interest in reducing the corruptive influence of emoluments, gifts, and prospective campaign contributions on the decisions of public officials in the management of public assets and franchises, and in the disposition of public funds. The people, who compensate public officials, expect and declare that as a condition of such public office, no gifts, promised employment, or campaign contributions shall be received from any substantial beneficiary of such a public decision for a reasonable period, as provided herein.

Section 1703. DEFINITIONS.

(a) As used herein, the term public benefit does not include public employment in the normal course of business for services rendered, but includes a contract, benefit, or arrangement between the City and any individual, corporation, firm, partnership, association, or other person or entity to:

(1) provide personal services of a value in excess of \$25,000 over any 12 month period,

(2) sell or furnish any material, supplies or equipment to the City of a value in excess of \$25,000 over any 12 month period,

(3) buy or sell any real property to or from the City with a value in excess of \$25,000, or lease any real property to or from the City with a value in excess of \$25,000 over any 12 month period,

(4) receive an award of a franchise from the City to conduct any business activity in a territory in which no other competitor potentially is available to provide similar and competitive services, and for which gross revenue from the business activity exceeds \$50,000 in any 12 month period,

(5) confer a land use variance, special use permit, or other exception to a pre-existing master plan or land use ordinance pertaining to real property where such decision has a value in excess of \$25,000,

(6) confer a tax abatement, exception, or benefit not applicable to the public generally, of a value in excess of \$5,000 in any 12 month period,

(7) receive cash or specie of a net value to the recipient in excess of \$25,000 in any 12 month period.

(8) For purposes of this section, other than subdivision 6, no person need track public benefits of less than \$5,000 unless it is reasonably foreseeable that the amounts under \$5,000 will cumulate in excess of the thresholds set forth in Section 1703(a)(1)–(5) and (7), in any 12 month period.

(9) The City shall adjust the amounts in this Section 1703(a) on July 1 every five years starting in 2010 to reflect any increase or decrease in the Consumer Price Index. Those adjustments shall be rounded to the nearest one thousand dollars (\$1,000).

(b) Those persons or entities receiving public benefits as defined in Section 1703(a)(1)–(7) shall include the individual, corporation, firm, partnership, association, or other person or entity so benefiting, and any individual or person who, during a period where such benefit is received or accrues,

(1) has more than a ten percent (10%) equity, participation, or revenue interest in that entity, or

(2) who is a trustee, director, partner, or officer of that entity except for such persons from an organization that is exempt from income taxes under Section 501 (c) (3), (4), or (6) of the Internal Revenue Code. However, this exception shall not apply to trustees, directors, partners, or officers of such organizations that are political committees or control political committees as defined by California Government Code Section 82013 or 2 U.S.C. 431 (4). Any person who is exempted by this subdivision shall still be considered a public benefit recipient for the purposes of disclosure under Section 1705(b) and (c).

(c) As used herein, the term personal or campaign advantage shall include:

(1) any gift, honoraria, emolument, or personal pecuniary benefit of a value in excess of \$50;

(2) any employment for compensation;

(3) any campaign contributions for any Pasadena City elective office said official may pursue or for any City ballot measure committee controlled by the official. Any Pasadena City official who receives contributions for a campaign outside of the City from a person or entity who has obtained public benefits shall not subsequently use or transfer such contributions to any election for a Pasadena City race.

(d) As used herein, the term public official includes any elected or appointed public official acting in an official capacity.

Section 1704. CITY PUBLIC OFFICIAL SHALL NOT RECEIVE PERSONAL OR CAMPAIGN ADVANTAGE FROM THOSE TO WHOM THEY ALLOCATE PUBLIC BENEFITS.

(a) No City public official who has exercised discretion to approve and who has approved or voted to approve a public benefit as defined in Section 1703(a) may receive a personal or campaign advantage as defined in Section 1703(c) from a person as defined in Section 1703(b) for a period beginning on the date the official approves or votes to approve the public benefit, and ending no later than

(1) one year after the expiration of the term of office that the official is serving at the time the official approves or votes to approve the public benefit;

(2) one year after the official's departure from his or her office whether or not there is a pre-established term of office; or

(3) five years from the date the official approves or votes to approve the public benefit; whichever is first.

(b) Section 1704(a) shall also apply to the exercise of discretion of any such public official serving in his or her official capacity through a redevelopment agency, or other public agency, whether within or without the territorial jurisdiction of the City either as a representative or appointee of the City. Section 1704(a) shall apply to agencies outside the City on which a City public official serves only if the outside agency voluntarily provides to the City the information in Section 1703 for those public benefits granted by the outside agency.

(c) When the public official, other than a member of the City Council or a person appointed to a City Commission, acts in his or her capacity as an employee of the City, the time restrictions in Section 1704(a) shall apply for one year after the City employee departs from his or her office or for two years from the date the City employee approves the public benefit, whichever comes first.

(d) No person or entity who bids on a contract with the City, or enters into a lease agreement or land sales agreement with the City, with a value in excess of \$25,000, which requires approval by the City Council, shall make any campaign contribution to any member of or candidate for the City Council, or committee controlled by the member or candidate, from the time the Request for Proposal or other bid process has been issued or from the time negotiations commence, whichever is earlier, until the negotiations have terminated. The prohibition on campaign contributions set forth in the preceding sentence shall also apply to trustees, directors, partners, officers, and 10% equity, participation, or revenue interest holders of the entity bidding on a contract with the City, but shall not apply to employees of the entity who are not trustees, directors, partners, officers, and 10% equity, participation, or revenue interest holders of the entity. When negotiations have terminated, this Article continues to apply to the public benefit recipient. This section does not apply to low bid contracts as defined by the City Charter.

Section 1705. APPLICABLE PUBLIC BENEFICIARIES SECTION. RESPONSIBILITIES OF CITY PUBLIC OFFICIALS AND ADVANTAGE RECIPIENTS.

(a) City public officials shall practice due diligence to ascertain whether or not a benefit defined under Section 1703(a) has been conferred, and to monitor personal or campaign advantages enumerated under Section 1703(c) so that any such qualifying advantage received is returned forthwith, and no later than ten days after its receipt.

(b) City public officials shall provide, upon inquiry by any person, the names of all entities and persons known to them who respectively qualify as public benefit recipients under the terms of Sections 1703 and 1704.

(c) All information compiled by city offices in compliance with Section 1705(a) and (b) shall be posted on the City of Pasadena website for public access.

Section 1706. DISCLOSURE OF THE LAW.

The City shall provide any person, corporation, firm, partnership, association, or other person or entity applying or competing for any benefit enumerated in Section 1703(a) with written notice of the provisions of this Article and the future limitations it imposes. Said notice shall be incorporated into requests for “proposal,” bid invitations, or other existing informational disclosure documents to persons engaged in prospective business with, from, or through the City.

Section 1707. PENALTIES AND ENFORCEMENT.

(a) In addition to all other penalties which might apply, any knowing and willful violation of this Article by a public official constitutes a criminal misdemeanor offense. The City Attorney is responsible for enforcing violations of this Article except as to violations by members of the City Council, which shall be referred to the Los Angeles County District Attorney’s office for investigation and prosecution.

(b) A civil action may be brought under this Article against a public official who receives a personal or campaign advantage in violation of Section 1704. A finding of liability shall subject the public official to the following civil remedies:

(1) restitution of the personal or campaign advantage received, which shall accrue to the general fund of the City;

(2) a civil penalty of up to five times the value of the personal or campaign advantage received;

(3) injunctive relief necessary to prevent present and future violations of this Article;

(4) disqualification from future public office or position within the jurisdiction, if violations are willful, egregious, or repeated.

(c) A civil action under subdivision (b) of this section may be brought by any resident of the City. In the event that such an action is brought by a resident of the City and the petitioner prevails, the respondent public official shall pay reasonable attorney’s fees and costs to the prevailing petitioner. Civil penalties collected in

such a prosecution shall accrue 10% to the petitioner and 90% to the City's general fund.

(d) The City Attorney and the Los Angeles County District Attorney may subpoena witnesses, compel their attendance and testimony, administer oaths and affirmations, take evidence and require by subpoena the production of any books, papers, records or other items material to the performance of his or her duties or exercise of his or her powers.

(e) The City may adopt guidelines for implementation of this Article that are consistent with the findings and declarations set forth in Section 1702.

Section 1708. SEVERABILITY.

If any provision of this Article is held invalid, such invalidity or unconstitutionality shall not affect other provisions or applications which can be given effect without the invalidated provision, and to this end the provisions of this Article are severable.

Certified to be a true copy by Bill Bogaard, Mayor, and Jane L. Rodriguez, City Clerk.

Date of Municipal Election: November 7, 2006.

Charter Chapter 5—City of Santa Monica

Amendments to the Charter of the City of Santa Monica

[Filed with the Secretary of State January 16, 2007.]

601 Eligibility.

No person shall be eligible to hold office as a member of the City Council unless he or she is a registered voter and otherwise qualified to vote for the office at the time that nomination papers are issued to him or her or at the time of his or her appointment to the office.

700 Officers to be appointed by the City Council.

The City Council shall appoint the City Manager and the City Attorney, which positions shall not be in the Classified Service and who may be removed by motion of the City Council adopted by at least five affirmative votes.

It shall also appoint the City Clerk, which position shall be in the Classified Service. The City Council in its discretion shall establish by resolution the salary and such other terms of employment of the City Manager, City Attorney and City Clerk as the City Council determines to be appropriate.

701 Officers to be appointed by the City Manager.

The City Manager shall appoint, and may remove, all directors of City departments under the City Manager's control, including the Chief of Police and the Chief of the Fire Department, which positions shall not be in the Classified Service or considered to have civil service status.

The City Manager shall consult with boards and commissions as appropriate concerning the appointment of a department director.

702 Other appointive officers.

The City Council may provide by ordinance for the creation, continuation, reorganization or abolishment of any City departments under the control of the City Manager, regardless of whether the department is referred to in the City Charter, upon recommendation of the City Manager. Each department so created, reorganized or continued shall be headed by an officer, as department director, who shall be appointed by the City Manager. The positions of such department directors shall not be included in the Classified Service.

707 City Clerk. Powers and duties.

The City Clerk shall have power and be required to:

(a) Attend all meetings of the City Council and record and maintain a full and true record of all of the proceedings of the City Council in books that shall bear appropriate titles and be devoted to such purposes. Such books shall have a general index sufficiently comprehensive to enable a person readily to ascertain matters contained therein;

(b) Maintain ordinance and resolution books into which shall be recorded all City ordinances and resolutions with the certificate of the Clerk annexed to each thereof stating the same to be a correct copy, giving the number of said ordinance or resolution and, as to an ordinance requiring publication, stating that the same has been published or posted in accordance with this Charter.

(c) Be the custodian of the seal of the City; and

(d) Administer oaths or affirmations, take affidavits and depositions pertaining to the affairs and business of the City and certify copies of its official records;

(e) Appoint and remove all assistants and other persons as are authorized to be employed in the office by the City Council, with the position of the Assistant City Clerk not being in the Classified Service of the City, unless the City Council by resolution determines otherwise. All other positions in the City Clerk's office shall not be in the Classified Service of the City unless the City Council by resolution determines otherwise; and

(f) Perform such other tasks as the City Council shall direct by ordinance or resolution.

719 Position Status—Designation by City Manager.

No person holding the position of City Controller, City Treasurer, City Engineer, Street Superintendent, Building Officer or Airport Director shall be considered a departmental director unless the City Manager designates the position in this manner and the position is so described in the City's organizational structure as approved by the City Council from time to time. In the discretion of the City Manager any person may simultaneously hold more than one position within City Government.

1010 Library Board. Powers and duties.

The Library Board shall have charge of the administration of the Santa Monica Public Library, and shall have power and be required to:

(a) Make and enforce such by-laws, rules and regulations as may be necessary for the administration, government and protection of the City Library; and

(b) Accept money, personal property or real estate donated to the Library Board of the Santa Monica Public Library or its predecessor.

1012 Personnel Board. Powers and duties.

The Personnel Board shall have power and be required to:

(a) After a public hearing thereon, recommend to the City Council the adoption, amendment or repeal of Civil Service rules and regulations;

(b) Make any investigation which it may consider desirable concerning the administration of personnel in the municipal service and report its findings to the City Council, City Manager, and the Personnel Director;

(c) Hear appeals of any officer or employee in the classified service who is suspended, demoted or removed, and report in writing to the appointing authority, City Manager, and City Council, its findings, conclusions, and recommendations; and

(d) Act in an advisory capacity to the City Council and the Personnel Director on personnel administration.

1013 Recreation and Parks Commission.

There shall be a Recreation and Parks Commission which shall be appointed by the City Council, and composed of seven members chosen from the residents of the City, none of whom shall hold any paid office or employment in the City Government.

1014 Recreation and Parks Commission. Powers and duties.

The Recreation and Parks Commission shall have power and be required to:

(a) Act in an advisory capacity to the City Council and Director of Community and Cultural Services in all matters pertaining to public recreation, including playgrounds, music and entertainment;

(b) Consider the annual budget of the Community and Cultural Services Department during its preparation and make recommendations with respect thereto to the City Manager and the City Council; and

(c) Assist in the planning of a recreation program for the inhabitants of the City, promote and stimulate public interest therein, and to that end, solicit to the fullest extent possible the cooperation of school authorities and other public and private agencies interested therein.

1016 Airport Commission. Powers and duties.

The Airport Commission shall have power and be required to:

(a) Act in an advisory capacity to the City Council in all matters pertaining to the Municipal Airport and to aviation matters generally to the extent that they affect the City;

(b) Consider and recommend City Council rules and regulations for the management and operation of the Municipal Airport.

1102 Classified Service.

The Civil Service of the City shall be divided into the Unclassified and the Classified Service.

(a) The Unclassified Service shall comprise the following officers and positions:

1. Members of the City Council;
2. City Manager and the entire staff of the immediate office;
3. City Attorney and the entire staff;
4. Except for City Clerk, directors of all City departments, including the Chief of Police and the Chief of the Fire Department;
5. All members of Boards and Commissions; and
6. Persons employed to render professional, scientific, technical or expert service or temporary and unskilled labor of an occasional and exceptional character, or during times of emergency involving the public safety and so declared by the City Council, a person employed as a civil defense coordinator, or other coordinator appointed by reason of such emergency.
7. The position of Assistant City Clerk and all other positions within the department other than the position of City Clerk, unless the City Council by resolution determines otherwise.

(b) The Classified Service shall comprise all permanent positions not specifically included by this section in the Unclassified Service.

1103 Appointments from the Classified to the Unclassified Service.

In the event an officer or employee of the City holding a position in the Classified Service is appointed to a position in the Unclassified Service, and should subsequently be removed therefrom, the officer or employee shall revert to his or her former position in the Classified Service without loss of any rights or privileges and upon the same terms and conditions as if the officer or employee had remained in said position continuously. Should such person be eligible for retirement under the retirement system at the time of such subsequent removal, upon recommendation of the City Manager the officer or employee shall be retired in lieu of being restored to his or her former position. This section shall not apply to any person who is appointed to a position of departmental director.

1107 Performance evaluations.

A system of compulsory, periodic, at least annually, efficiency ratings shall be established by the Personnel Director for all employees in the Classified Service, subject to the approval of the Personnel Board.

Special rating forms shall be designed for such classification as require them in order that the quality of performance, by each person rated, of the required functions of the positions may be accurately reflected through their use.

The City Manager or his or her designee shall be required to evaluate all departmental directors and subordinate officers. The departmental directors shall evaluate all officers and employees in their respective departments.

Promotions shall be on the basis of ascertained merit, credit and seniority in service and examination. Vacancies shall be filled by promotion upon competitive examinations unless the appointing authority in particular instances believes it impractical or not in the best interest of the public service, and the reasons therefor are submitted to and approved by the Personnel Board.

1108 Appointments.

Upon the receipt of notice of a vacancy in the Classified Service, the Personnel Director shall certify to the appointing authority the names of the three highest candidates on the promotional eligible list or the names of the candidates in the top three bands on an open (non-promotional) eligible list for such position. If less than three names are on the promotional eligible list or if less than three bands are on an open (non-promotional) eligible list, the appointing authority may request the establishment of a new eligible list. No candidate may be certified more than three times for any one Classified position.

When no eligible lists are available, the Personnel Board, under such rules and regulations as it shall prescribe, may authorize the appointing authority to make temporary appointments in the Classified Service which shall remain in force until regular appointments can be made, but in no case to exceed one-hundred-eighty (180) days in order to prevent the stoppage of public business and in order to meet extraordinary conditions.

Certified to be a true copy by Richard Bloom, Mayor, and Maria M. Stewart, City Clerk.

Date of Election: November 7, 2006.

Charter Chapter 6—City of Anaheim

Amendments to the Charter of the City of Anaheim

[Filed with the Secretary of State February 13, 2007.]

Article IV, Section 402, of the City Charter is added to read as follows:

ARTICLE IV POWERS OF CITY SECTION 402

Section 402. LIMITATIONS ON USE OF EMINENT DOMAIN.

Neither the City of Anaheim nor any City-affiliated agency may exercise the power of eminent domain to acquire any property from any private owner thereof, without such owner's consent, when the purpose of the acquisition is the intended conveyance of the property so acquired to any other private party, for the conduct

of any for-profit commercial activity or for-profit residential development, sales or leasing. Nothing contained in this section shall be deemed to prohibit acquisitions of property interests by eminent domain for the purpose of either (i) conveying such acquired interests to the owner of other property affected by a public acquisition of property in order to mitigate impacts of the acquisition or the project to be constructed on such other property, or (ii) the development of any facilities to be operated by the City or any facilities of which the City is or shall be an owner.

As used in this section, the following terms shall have the following ascribed meanings:

“Owner” means the owner of the fee title interest in the property to be acquired, as shown on the last equalized assessment roll, or other more current proof of vesting the City may have.

“Property” shall mean any interest in real or personal property otherwise subject to acquisition through the use of eminent domain.

“City-affiliated agency” shall mean the Anaheim Redevelopment Agency, Anaheim Housing Authority, and any other entity possessing the power of eminent domain the governing board of which is solely composed of, or is solely appointed by, the members of the City Council of the City of Anaheim.

Article V, Section 519, of the City Charter is added to read as follows:

ARTICLE V
CITY COUNCIL
SECTION 519

Section 519. GAMBLING ACTIVITIES AND GAMBLING FACILITIES PROHIBITED.

No ordinance shall be adopted by the City Council which would permit or authorize any gambling activities or gambling facility in the City of Anaheim. Any ordinance adopted by the City Council in violation of this section shall be null and void.

Neither the City Council, nor any officer or employee of the City when acting in his or her official capacity, shall (i) take any action or approve any license, permit or other entitlement, including but not limited to any zoning reclassification or zoning code amendment, which would directly or indirectly result in the authorization, approval, establishment or expansion of any gambling activities or gambling facility in the City of Anaheim; or (ii) acquiesce or concur in any action or decision of any other governmental agency or governmental official having jurisdiction concerning such gambling activities or gambling facility where a protest or objection procedure is available to the City and where failure to so protest or object could result in the approval, establishment or expansion of any gambling activities or gambling facility in the City of Anaheim or which could authorize any gambling activities or gambling facility to be so established or expanded; or (iii) approve, authorize, execute or enter into any agreement or understanding, or take any other action of any nature whatsoever, which would

authorize, approve, or in any way facilitate or result in, any gambling activities or gaming facility in the City of Anaheim, including, but not limited to, any agreement or understanding relating to any gambling activities or gambling facility which would result in the receipt by the City of any revenue of any kind from such gambling activities or gambling facility.

The term “gambling activities” as used in this section shall mean any game, contest or activity in which one or more players wager, stake or otherwise risk money, checks, credits, merchandise, chips, markers or other items of value or representations of value for the chance to win money, checks, credits, merchandise, chips, markers or other items of value or representations of value based upon the outcome or result of such game, contest or activity, regardless of whether chance or skill is the determining factor, except those certain games, contests and activities lawfully permitted in the City of Anaheim as of November 1, 2006.

The term “gambling facility” as used in this section shall mean any property, lot, building or structure used in whole or part for any gambling activities.

Nothing contained in this section shall be deemed to apply to any gambling activities or gambling facilities which are beyond the power of the City of Anaheim to prohibit.

Nothing contained in this section shall be deemed to prohibit the adoption of an initiative measure by the electorate of the City of Anaheim relating to gambling activities or gambling facilities in the City of Anaheim, nor shall be deemed to prevent the City Council from prohibiting or otherwise regulating any games, contests or activities which were permitted within the City of Anaheim as of November 1, 2006, to the extent it is within the power of the City to do so.

Certified to be a true copy by Curt Pringle, Mayor, and Cathy Godoy, Acting City Clerk.

Date of Municipal Election: November 7, 2006.

Charter Chapter 7—City of Berkeley

Amendments to the Charter of the City of Berkeley

[Filed with the Secretary of State March 7, 2007.]

Section 12.2 of Article V shall be amended to read as follows:

Section 12.2. Vacancy in Office of Rent Stabilization Board Commissioner.

(1) If a vacancy shall occur in the office of Rent Stabilization Board Commissioner:

(a) An election shall be held at the next feasible general municipal election to elect a successor, as provided in subsection (b). In the interim, the remaining members of the Rent Stabilization Board shall appoint a successor with requisite qualifications to fill the vacancy until such election. Such interim appointment shall be made only at a regular meeting of the Rent Stabilization Board after rea-

sonable notice of intent to fill the vacancy has been given to the remaining members of the Board by any Rent Stabilization Board Commissioner by placement on the Rent Stabilization Board agenda. The term of such appointed Commissioner shall expire on November 30 of the year that an election is held to elect a successor, as provided in subsection (b).

(b) If the vacancy occurs within the first two years of the four year term of the office being vacated, and there is sufficient time to nominate and elect a successor at the next general municipal election, the Commissioner elected shall serve the remaining two years of the term of the vacated office. At any general municipal election that includes an election to fill the unexpired term of a Rent Stabilization Board Commissioner, the Commissioner elected with the fewest votes shall serve the remaining two years of the unexpired term. If the vacancy occurs after the first two years of the four year term of the vacated office, the election for that office shall be held at the next general municipal election as required by this Charter even if the office was not vacant.

(2) If at any municipal election the required number of Rent Stabilization Board Commissioners are not elected by reason of a tie vote among any of the candidates, then the Rent Stabilization Board, after the qualification of the persons, if any, elected at the election, shall appoint the necessary number of the persons receiving the tie vote to fill any office vacant by reason of the tie vote. In this case, any person so appointed shall hold office, subject to the provisions of a recall, to and including November 30, following the next general municipal election.

Certified to be a true copy by Tom Bates, Mayor, and Pamyla C. Means, City Clerk.

Date of Election: November 7, 2006.

Charter Chapter 8—City of Oakland

Amendments to the Charter of the City of Oakland

[Filed with the Secretary of State March 7, 2007.]

Article XXVI of the Charter of the City of Oakland is amended at Section 2601(e) to read:

(e) The Board shall possess power to make all necessary rules and regulations for its guidance and shall have exclusive control of the administration and investment of the fund established for the maintenance and operation of the system, subject to the terms, conditions, limitations and restrictions hereinafter set forth. All funds received by the Board not required for current disbursements shall be invested in, but not limited to: . . .

(3) Common Stocks provided that:

a. The Board shall make investment decisions regarding such investments in accordance with the prudent person standard as defined by applicable court decisions and as required by the California Constitution. . . .

Subdivision (C) is deleted.

(4) Shares of diversified management investment companies (Mutual Funds) provided that:

a. The Board shall make investment decisions regarding such investments in accordance with the prudent person standard as defined by applicable court decisions and as required by the California Constitution. . . .

Certified to be a true copy by Ignacio De La Fuente, President of the City Council, and Latonda Simmons, City Clerk.

Date of Election: November 7, 2006.

Charter Chapter 9—City of Oakland

Amendments to the Charter of the City of Oakland

[Filed with the Secretary of State March 7, 2007.]

Article II of the Charter of the City of Oakland is amended at Section 205 to read:

Section 205. Vacancy, Filling of. All vacancies occurring in the office of Councilmember shall be filled by special election within 120 days of a vacancy. An extension of up to 60 days may be allowed for the express purpose of consolidating the special election with the next Municipal Election or Statewide Election. If the special election is to take place before the first use of ranked choice voting in a Municipal Election, the Council shall have the authority to provide for a ranked choice voting election by ordinance. Otherwise, the candidate who receives the highest number of votes at the special election shall be declared the winner and thereafter sworn into office as soon as legally possible. Special elections for the office of Councilmember that take place during or after the first use of ranked choice voting in a Municipal Election shall be conducted using the same ranked choice voting procedures used to elect Councilmembers in General Municipal Elections. Whenever the period of vacancy in a Councilmember's term of office equals or exceeds 120 days the vacancy may be temporarily filled by appointment through the majority vote of the remaining Councilmembers, provided the appointee is not a candidate for the office which created the vacancy and provided the appointment does not exceed 128 days or go beyond the date the new incumbent is sworn in, whichever is shortest. Alternative legal voting procedures shall be used to the greatest extent feasible to increase voter participation in special elections including but not limited to mail ballot voting, electronic voting, and extended voting period. Notwithstanding any other provision of this Section 205

or this Charter, an election shall not be required to fill a vacancy in the office of Councilmember that occurs when the Vice Mayor fills a mayoral vacancy pursuant to Sections 303 and 304 of this Charter, and the Vice Mayor shall be entitled to return to his/her seat.

Article III of the Charter of the City of Oakland is amended at Section 303 to read:

Section 303. Vacancy, Filling of. Upon the declaration of vacancy in the office of the Mayor, the office of the Mayor shall be filled by the Vice-Mayor of the Council. Except as otherwise provided in this section, when the Vice-Mayor of the Council assumes the office of Mayor upon declaration of a vacancy, she/he shall serve for the unexpired term if such term is less than one year; otherwise she/he shall serve until the vacancy is filled as provided herein. Whenever the period of vacancy in a Mayor's term of office is less than one year and the Vice-Mayor notifies the Council in writing that she/he does not wish to serve as Mayor for the unexpired term, the vacancy shall be filled by appointment through a majority vote of the remaining Councilmembers; provided the appointee shall be ineligible to be a candidate for the next full term of the Office of Mayor. If at the time of a vacancy declaration the unexpired term is one year or more, the vacancy occurring in the office of Mayor shall be filled by special election within 120 days of such vacancy. An extension of up to 60 days may be allowed for the express purpose of consolidating the special election with the next Municipal Election or Statewide Election. If the special election is to take place before the first use of ranked choice voting in a Municipal Election, the Council shall have the authority to provide for a ranked choice voting election by ordinance. Otherwise, the following procedures shall be used: if no candidate receives the majority of the votes cast in the special election, then a run-off election shall be held for the two candidates who received the highest number of votes no later than 60 days after the date of the special election; provided that all persons receiving a number of votes equal to the highest number of votes received by any candidate shall also be candidates at such run-off election. The candidate receiving the highest number of votes cast for all candidates for the office at the run-off election shall be declared elected. Special elections for the office of Mayor that take place during or after the first use of choice voting in a Municipal Election shall be conducted using the same ranked voting procedures used to elect the Mayor in a General Municipal Election. The candidate elected to fill the vacancy shall hold office for the balance of the unexpired term. Alternative legal voting procedures shall be used to the greatest extent feasible to increase voter participation in special elections including but not limited to mail ballot voting, electronic voting, and extended voting period.

Article XI of the Charter of the City of Oakland is amended by deleting Section 1100.

Article XI of the Charter of the City of Oakland is amended at Section 1103 to read:

Section 1103. Election Procedure. Except as may be otherwise provided by this charter, the mode, manner, form and procedure for nominations, qualifications, petitions, filing—including fees therefor and amounts thereof—and elections, for elective office, may be provided by ordinance. Except as may be otherwise provided by ordinance or by this charter, declarations of candidacy, nominations for election, all elections and all procedures relating thereto shall be in accordance with the applicable provisions of state law.

Article XI of the Charter of the City of Oakland is amended at Section 1105 to read:

Section 1105. Ranked Choice Voting. Elections for all city offices, including but not limited to Mayor, Councilmember, City Attorney, City Auditor, and School Director shall be conducted using ranked choice voting, known sometimes as “instant runoff voting.”

(A) Definitions. “Ranked choice voting” shall mean an election system in which voters rank the candidates for office in order of preference, and the ballots are counted in rounds that, in the case of a single-winner election, simulate a series of runoffs until one candidate receives a majority of votes. In each round of counting: (1) “continuing ballot” shall mean a ballot that counts towards some candidate; (2) “continuing candidate” shall mean a candidate that has not been eliminated; and (3) “majority of votes” shall mean more than fifty percent of the votes coming from continuing ballots.

(B) General Provisions. Ranked choice voting elections for single-winner city offices shall be conducted according to the procedures in this section. The City shall conduct a voter education campaign to familiarize voters with ranked choice voting. The use of ranked choice voting shall commence with the 2008 General Municipal Election.

(C) Ballot. The ranked choice voting ballot shall allow voters to rank as many choices as there are candidates. The ballot shall not interfere with a voter’s ability to rank a write-in candidate.

(D) Tabulation. The ballots shall be counted in rounds: (1) In the first round, every ballot shall count as a vote towards the first choice candidate. (2) After every round, if any candidate receives a majority of votes from the continuing ballots, that candidate shall be declared the winner. If no candidate receives a majority, the candidate receiving the smallest number of votes shall be eliminated, and every ballot counting towards that candidate shall be advanced to the next-ranked continuing candidate. All the ballots shall be counted again in a new round.

(E) Ties. In the event that two or more candidates tie for the smallest number of votes, the candidate to eliminate shall be chosen by lot.

(F) Elimination of more than one candidate. During the elimination stage of any round, in the event that any candidate has more votes than the combined vote total of all candidates with fewer votes, all the candidates with fewer votes shall be eliminated simultaneously, and those ballots advanced to the next-ranked continuing candidate.

(G) Skipped rankings. In the first or any round in the event that any ballot reaches a ranking with no candidate indicated, that ballot shall immediately be advanced to the next ranking.

(H) Undervotes, Overvotes, and Exhausted Ballots. After each round, any ballot that is not continuing is an undervote, overvote, or exhausted ballot, as follows. Any ballot that has no candidates indicated at any ranking shall be declared an “undervote.” In the event that any ballot reaches a ranking with more than one candidate indicated, that ballot shall immediately be declared an “overvote.” In the event that any ballot cannot be advanced because no further candidates are ranked on that ballot, that ballot shall immediately be declared “exhausted.” Any ballot that has been declared an undervote, overvote, or exhausted shall remain so and shall not count towards any candidate in that round or in subsequent rounds.

(I) Reports. Summary, ballot image, and comprehensive reports shall be made available after each ranked choice voting election, as follows: (1) The “summary report” for a race shall mean a report that lists the candidate vote totals in each round, along with the cumulative numbers of undervotes, overvotes, and exhausted ballots in each round. (2) The “ballot image report” for a race shall mean a report that lists, for each ballot, the candidate or candidates indicated at each ranking, the precinct of the ballot, and whether the ballot was cast absentee. In the report, the ballots shall be listed in an order that does not permit the order in which they were cast in each precinct to be reconstructed. (3) The “comprehensive report” for a race shall mean a report that breaks the numbers in the summary report down by precinct. The report shall list for each round, the number of ballots cast in each precinct (a) that count as votes for each candidate in that round, (b) that have been declared undervotes, (c) that have been declared overvotes up to that point, and (d) that have been declared exhausted up to that point. (4) Mode and manner of release. Preliminary versions of the summary report and ballot image report shall be made available as soon as possible after the ballots have begun to be processed and counted. The summary report, ballot image report, comprehensive report, and preliminary versions of the summary report and ballot image report shall be made available to the public during the canvass via the internet and by other means. The ballot image report and preliminary versions of the ballot image report shall be made available in a plain text electronic format.

(J) Manual Tally. Prior to the selection of precincts for the public one percent manual tally, as provided by State law, a report shall be made available to the public that lists, for the ballots subject to the manual tally, the number of those ballots in each precinct that counted in each round as undervotes, overvotes, exhausted ballots, and as votes for each candidate. The public manual tally shall check those vote totals in each of the randomly selected precincts.

(K) Changes to Procedures. For the purposes of this subsection: “voting equipment” shall mean all ballots and/or voting devices, vote tabulating systems and/or similar or related systems to be used in the conduct of the City’s election,

including but not limited to paper ballot systems, optical scan systems, and touch-screen systems. (1) Number of rankings. In the event that the voting equipment cannot feasibly accommodate a number of rankings on the ballot equal to the number of candidates, the City Clerk may limit the number of choices a voter may rank to the maximum number allowed by the equipment. This limit shall never be less than three. (2) Voting Equipment. If the voting equipment cannot feasibly accommodate all of the procedures in subsections (E)–(J) above, the City Clerk may make changes to those procedures provided that ranked choice voting shall still be used and the smallest feasible number of changes made until such time as the voting equipment can accommodate those procedures in their entirety. (3) State guidelines. If the State of California adopts guidelines for the conduct of ranked choice voting elections and the voting equipment used to conduct the City’s election can accommodate the State’s guidelines, the City Clerk shall have the option of adopting those guidelines, in whole or in part, in lieu of the ranked choice voting procedures in this section. (4) First choice tally. The City Clerk may authorize the following change to make ranked choice voting on voting equipment feasible: before counting the ballots in rounds, the first ranking on every ballot shall be tallied, with the exception of overvotes. If some candidate receives a majority of first rankings from all ballots cast, including undervotes and excluding overvotes, that candidate shall be declared the winner; and the ballots shall not be counted in rounds. Otherwise, the ballots shall be counted in rounds in accordance with this section. (5) Election integrity. The City Clerk shall further have the authority to make any changes to these procedures necessary to preserve the secrecy of the ballot and ensure the integrity and smooth functioning of the election, provided that ranked choice voting shall still be used and the smallest number of changes made to achieve such purposes.

(L) Exception from Using Ranked Choice Voting. Notwithstanding any other provision of this Charter, the City shall use ranked choice voting once the Alameda County Registrar of Voters is able to conduct the election on behalf of the City in accordance with the requirements and procedures of this section, including any changes to such procedures made pursuant to subsection (K).

(M) Election Procedures if Ranked Choice Voting is Not Used.

(1) In the event that the City is unable to use ranked choice voting, the City shall hold Municipal Nominating Elections for the nomination of officers and for such other purposes as the Council may prescribe, which shall be held in the City on the first Tuesday after the first Monday in June in each even-numbered year. In order to consolidate Municipal Nominating Elections with Statewide Primary Elections, the Council may by ordinance provide for a date for a Municipal Nominating Election which conforms to the date of a Statewide Primary Election. Any candidate receiving a majority of the vote cast for all candidates for that office at the Municipal Nominating Election shall be declared elected. (2) If at any Municipal Nominating Election there is any office to which no person was elected, then the two candidates for such office receiving the highest number of votes for

such office shall be the candidates, and the only candidates, for such office whose names shall be printed upon ballots to be issued at the second or General Municipal Election; provided that, in any event, all persons receiving a number of votes equal to the highest number of votes received by any candidate shall also be candidates at such second election. The candidate receiving the highest number of votes cast for all candidates for that office at the second or General Municipal Election shall be declared elected.

Certified to be a true copy by Ignacio De La Fuente, President of the City Council, and Latonda Simmons, City Clerk.

Date of Election: November 7, 2006.

Charter Chapter 10—City of Los Angeles

Amendments to the Charter of the City of Los Angeles

[Filed with the Secretary of State April 4, 2007.]

The Charter of the City of Los Angeles is hereby amended to read as follows: Article VII, Section 1, Subsection (d) of Section 700; Article VIII, Subsection (g) of Section 802, Section 803, adding Subsections (a) through (y); Section 804, adding Subsections (a) through (k), to read, all as detailed below:

Section 1. Subsection (d) of Section 700 of the Charter of the City of Los Angeles is amended to read:

(d) Qualifications. Each member of the commission shall be a registered voter of the City. Neither a member of the Commission nor its Executive Director shall seek election to any City office or Los Angeles Unified School District Board of Education office concerning which the commission has made a decision during the term of the commissioner or Executive Director unless the election for that office is to be held at least two years following the expiration of the term of office of the commissioner or Executive Director. During his or her tenure, neither a member of the commission nor its Executive Director shall:

- (1) hold any other public office;
- (2) participate in or contribute to a City election campaign;
- (3) participate in or contribute to an election campaign for a member of the Los Angeles Unified School District Board of Education;
- (4) participate in or contribute to a City official or member of the Los Angeles Unified School District Board of Education running for any elective office; or
- (5) employ or be employed as a person required to register as a lobbyist with the City of Los Angeles.

Sec. 2. Subsection (g) of Section 802 of the Charter of the City of Los Angeles is amended to read:

(g) Terms of Office. Members of the Board of Education shall hold their office for a term of four years. The terms of office of those Board members elected

from odd-numbered districts shall commence during each fourth anniversary of 1979, and for the members elected from even-numbered districts shall commence during each fourth anniversary of 1981. No person may serve more than three terms of office as a member of the Board of Education. This limitation on the number of terms of office shall not apply to any unexpired term to which a person is elected or appointed if the remainder of the term is less than one-half of the full term of office. The limitation on the number of terms of office shall apply only to terms of office that begin on or after March 1, 2007.

Sec. 3. Section 803 of the Charter of the City of Los Angeles is amended to read:

Section 803. Election of Board Members.

The election of Members of the Board of Education of the Los Angeles Unified School District shall be conducted in accordance with Sections 400 through 440 of the Charter and applicable ordinances consistent with the Charter. In order to encourage a broader participation in the political process by placing limits on the amount any person may contribute or otherwise cause to be available to candidates for election to the Board of Education, the following campaign finance provisions apply to elections of the members of the Board of Education. This section is intended to supplement the Political Reform Act of 1974.

(a) Definitions.

(1) “Behested” means and will be treated in the following manner for purposes of this section:

(A) An expenditure behested by a candidate or candidate’s controlled committee is not an independent expenditure and shall be treated as a contribution to the candidate or committee that behests the expenditure. A payment is behested if it is made:

(i) at the request or suggestion of the candidate, committee, or the candidate or committee’s agent;

(ii) in concert with, with the cooperation of, or in consultation with, the candidate, committee, or the candidate or committee’s agent; or

(iii) under any arrangement, coordination, or direction between the candidate, committee, or the candidate or committee’s agent.

(B) An expenditure is behested without limitation under the following circumstances:

(i) active involvement or participation by a candidate in the creation or design of a communication financed by the spender, including consultation between the spender and the candidate about content;

(ii) solicitation by the spender and/or provision by the candidate of materials specifically for use in the communication or procuring the candidate’s consent to include specific materials in the communication; or

(iii) arranging with the candidate for preparation of any materials used in the communication.

(C) There is a rebuttable presumption that an expenditure is behested, and therefore not independent, if:

(i) it is made by or through any agent of the affected candidate or member of the candidate's controlled committee in the course of his/her involvement in the current campaign;

(ii) in the election cycle during which the expenditure is made, both the spender or the spender's agent and the candidate on whose behalf the expenditure is made retain the same individual or entity to provide non-ministerial, campaign related professional services (non-ministerial, campaign related professional services include, but are not limited to: polling or other campaign research, media consulting or production, direct mail consultation, and fundraising);

(iii) the expenditure finances a communication that replicates, reproduces, republishes, distributes, or disseminates, in whole or substantial part, a broadcast, written, graphic, or other form of campaign material designed, produced, paid for, or distributed by the affected candidate, his or her committee, or agent;

(iv) the expenditure is based on information about a candidate's campaign plans, projects, or needs not generally available to the public; or information provided directly or indirectly by that candidate, committee, or their agents to the spender or spender's agent, with an express or tacit understanding that the expenditure was being considered;

(v) the spender or spender's agent discusses or negotiates the content, timing, location, mode, intended audience, volume of distribution, or frequency of placement of a communication financed by the spender with the candidate whose election or nomination is advocated by the spender or whose opponent's defeat is advocated by the spender;

(vi) in the election cycle during which the expenditure is made, the spender or spender's agent is serving or has served in a formal executive, policy-making, or advisory position with the candidate's campaign or has participated in strategic or policy-making discussions with the candidate's campaign relating to that candidate's pursuit of nomination or election to office, and the candidate is pursuing the same office as a candidate whose nomination or election the expenditure is intended to influence;

(vii) the expenditure is made after a request to the spender or spender's agent by the candidate, the candidate's controlled committee, or their agents for an expenditure on the candidate's behalf; or

(viii) the expenditure is made in connection with or as a consequence of fundraising events or campaign activities cosponsored by the candidate and the spender or the spender's agent.

(D) An expenditure will not be deemed behested merely when:

(i) a spender or spender's agent interviews a candidate on legislative or policy positions or issues affecting the spender or discusses campaign-related issues with the candidate, such as platforms, polling information, which organizations support the candidate and which support his/her opponent, or the identity of the consultants the candidate plans to hire, provided that prior to making a subsequent expenditure based on that information, the spender or his agent has not communi-

cated with the candidate, candidate's controlled committee, or their agents concerning the expenditure;

(ii) the spender solicits and/or obtains a photograph, biography, position paper, press release, or similar material from the candidate, candidate's controlled committee, or their agents and, without the prior knowledge, control, or involvement of the candidate, candidate's controlled committee, or their agents, subsequently utilizes or incorporates that information to create a communication in support of the candidate or in opposition to his or her opponent;

(iii) the spender made prior contributions to the candidate;

(iv) the spender communicates to the candidate, the candidate's controlled committee, or the agent of either, the intent to make an independent expenditure without discussing any of the items mentioned in Subparagraph (C)(v) of this section;

(v) a member of an organization that makes an expenditure renders volunteer personal services to or works for the affected candidate's campaign, unless the volunteer or campaign worker was also involved in the activities of the spender-organization's political action committee or makes payments on behalf of the spender-organization, or is serving or has served the affected candidate's campaign in one of the capacities described in Subparagraph (C)(vi) of this section;

(vi) the expenditure was made in response to an unsolicited request from political party leaders or their agents that the committee "support" the candidate or make an expenditure relating to the candidate;

(vii) the expenditure finances the cost of preparing or disseminating candidate evaluations to voters or conducting a political survey; or

(viii) the spender employs or is under contract with a political consultant or pollster who rendered services to a candidate in prior years.

(2) "Board of Education office" means the office of a member of the Board of Education of the Los Angeles Unified School District.

(3) "Candidate or Committee Agent" means any person who has express or implied authority to make or to authorize the making of expenditures on behalf of the candidate. There shall be a rebuttable presumption that the following have that authority: current or former officers of the candidate-controlled committee, employees of the campaign, persons who have received compensation or reimbursement from the campaign, or any person who has been placed in a position within the campaign organization where it would reasonably appear that in the ordinary course of campaign-related activities he or she may authorize expenditures. A candidate's agent is also any person who is serving or has served in an advisory, decision-making, or strategic role with a candidate's campaign, with or without compensation, where that person's duties and/or actions reflect or require direct knowledge of the candidate's campaign strategy, plans, or needs.

(4) "Election" means any primary nominating election, a general election, a special election and a recall election.

(5) “Independent expenditure” means an expenditure made by any person in connection with a communication that expressly advocates the election or defeat of a clearly identified candidate; or, taken as a whole and in context, unambiguously urges a particular result in an election, but which is not made to or at the behest of the affected candidate or committee.

(6) “Loan” means and will be treated in the following manner for purposes of this section:

(A) A loan shall be considered a contribution from the maker and the guarantor of the loan and shall be subject to the contribution limitations of this section.

(B) The proceeds of a loan made to a candidate by a commercial lending institution in the regular course of business on the same terms available to members of the public and which is secured or guaranteed shall not be considered to be a contribution within the meaning of the contribution limitations of this section.

(C) Extensions of credit (other than loans referred to in Subdivision (6)(B)) for a period of more than 30 days are subject to the contribution limitations of this article.

(7) “Member communications” means payments made pursuant to Government Code Section 85312.

(A) For purposes of this article, payments for member communications that are behested by candidates, with the exception of payments for a regularly published newsletter or periodical limited solely to individual members not exceeding the amount of payments regularly made to publish a regular newsletter or periodical, shall be considered contributions to that candidate or candidate controlled committee for purposes of the contribution limits reporting requirements contained in this article.

(B) For purposes of this article, member communications that are not behested by a candidate, a candidate’s controlled committee, or an agent of a candidate or a candidate’s controlled committee are not considered contributions to a candidate.

(C) Member communications that are not behested by a candidate, a candidate’s controlled committee, or an agent of a candidate or a candidate’s controlled committee and are not payments for a regularly published newsletter or periodical limited solely to individual members and do not exceed the amount of payments regularly made to publish a regular newsletter or periodical, are considered expenditures and are required to be reported pursuant to Subsection (s).

(8) “Non-Candidate Spending” means any combination of independent expenditures and/or member communications that are not behested by a candidate.

(b) Campaign Contribution Limitations.

(1) No intended candidate for the Board of Education, and no committee acting on behalf of such candidate, shall solicit or accept, or cause to be solicited or accepted, any contribution for use in any election for such office unless and until such candidate shall have filed a Declaration of Intent to Solicit and Receive Contributions in connection with candidacy for a specific Board of Education office.

That declaration shall be filed with the City Ethics Commission on a form prescribed by the City Ethics Commission. Once the election takes place, the declaration is thereafter void. No person may have on file at the same time more than one declaration for any single election. A candidate may, however, file a form canceling one declaration and may thereafter file a new declaration.

(2) The candidate and the treasurers of the candidate's controlled committees shall file with the City Ethics Commission on a form prescribed by the City Ethics Commission a statement under oath that the candidate and the treasurers have read and understood Section 803. This statement shall be filed concurrent with the filing of the Declaration of Intent to Solicit and Receive Contributions.

(3) No person shall contribute a total of more than \$1,000 to any candidate for the Board of Education and to his or her controlled committee for a single election. A candidate for the Board of Education shall not accept any contribution or contributions totaling more than \$1,000 from any person for a single election. Nothing in this section is intended to limit the amount a candidate can contribute to his or her candidacy for the Board of Education from his or her personal funds.

(4) No person shall make to any committee (other than the candidate's controlled committee), which supports or opposes any candidate for the Board of Education, and no such committee shall accept from any such person, a contribution or contributions totaling more than \$1,000 in any calendar year.

(5) No person shall make a contribution in connection with a single election for a Board of Education office, which would cause the aggregate amount of such contributions by that person to exceed a sum equal to \$1,000 multiplied by the number of Board of Education offices appearing on the ballot at that election, but in no case less than \$2,000, in connection with all candidates in that election seeking election to all Board of Education offices; provided, however, that a candidate shall not be limited by this Subdivision (5) in the amount he or she may contribute or expend in connection with his or her own campaign.

(6) No person shall make, and no person or candidate shall solicit or accept any loan of more than \$1,000 for use in connection with an election for the Board of Education. Further, no person shall make, and no person or candidate shall solicit or accept any loan for use in connection with an election for a Board of Education office for a period of more than 30 days. Loans to a candidate or to a candidate's controlled committees shall be counted against the contribution limitations applicable to the candidate. A candidate is not prohibited from obtaining a personal loan of any amount from a licensed financial lending institution in the regular course of business, unless the loan is made for political purposes. Every loan to a candidate or the candidate's controlled committee shall be by written agreement, which shall be filed with the candidate's or committee's campaign statement on which the loan is first reported. This Subdivision (6) shall not limit the amount or duration of loans from the candidate to his or her own campaign.

(7) Any contributions solicited or accepted pursuant to this section shall be expended only in connection with the candidacy for the office specified in the

candidate's Declaration of Intent to Solicit and Receive Contributions. Contributions solicited or accepted pursuant to this section for one individual shall not be expended for the candidacy of any other individual seeking another Board of Education office or in support of or in opposition to any Los Angeles Unified School District ballot measure. No candidate, committee controlled by a candidate, or elected member of the Board of Education shall use contributed funds to make any contribution to any other candidate running for office or to any committee supporting or opposing a candidate for office. Provided, however, a candidate shall not be prohibited from making a contribution from his or her own personal funds to his or her own candidacy, to the candidacy of any other candidate or in support of or in opposition to any Los Angeles Unified School District ballot measure.

(c) Adjustment of Limits. Every four years, the City Ethics Commission shall review whether the contribution limitations contained in this section should be adjusted to reflect changes in the Consumer Price Index (CPI) for the Los Angeles-Long Beach Metropolitan Statistical Area. The first review shall begin at the end of the calendar year 2011. If the contribution limitations are not adjusted during any review period, the limitations may be adjusted in a subsequent four-year review period, up to the overall increase in the CPI since the last adjustment. Any change to the contribution limitations shall be effective for any subsequent election for which the fundraising period has not yet opened as provided in Subsection (q). The City Ethics Commission shall forward a report with its findings to the Council by March 1, following each review. Within 60 days after the City Ethics Commission forwards its report to the Council, the Council shall hold a public hearing concerning the matter and act to approve or disapprove the report. If the Council fails to disapprove within the 60 day period, the report shall be presented to the Mayor for approval or veto, and to the Council for override of the Mayor's veto. If approved by the Mayor, or if the Mayor fails to act, or if approved by the Council on override of the Mayor's veto, the amount specified in the report shall have the force of law as the contribution limitations applicable to this section, subject to all penalties and remedies in this section.

(d) Cash Contributions and Anonymous Contributions. No person shall make, and no candidate or committee shall solicit or accept, any cash contribution in excess of \$25. Total anonymous contributions to a candidate or committee which exceed in the aggregate \$200 with respect to a single election shall not be used by the candidate or committee for whom such contributions were intended, but instead, such excess shall be paid promptly to the City Treasurer for deposit in the General Fund of the City.

(e) Campaign Contribution Checking Account. No more than one campaign contribution checking account shall be established by each candidate for a Board of Education office, and by each committee supporting or opposing such candidate. The account shall be established at an office of a bank or savings and loan institution located in the City of Los Angeles. Upon opening such account, the

candidate shall file with the City Ethics Commission within ten days of opening the campaign bank account, the name of the bank or savings and loan institution and the account number. Funds shall only be disbursed from such account by checks signed by the candidate, treasurer or designated agent of the treasurer. A candidate, treasurer or designated agent of the treasurer shall deposit into the campaign checking account all contributions received in connection with a Board of Education election. A candidate, treasurer or designated agent of the treasurer shall pay all campaign expenditures for a Board of Education election with monies from this campaign checking account.

If a candidate has other controlled committees and such committees have checking accounts, the candidate shall notify the City Ethics Commission in writing of these committees and the names and addresses of the banks or savings and loan institutions and the account numbers of any such accounts. A candidate shall notify the City Ethics Commission of these committees, the banks or savings and loan institutions, and the account numbers concurrent with the filing of the Declaration of Intent to Solicit and Receive Contributions. If committees are thereafter formed or accounts thereafter opened, then the candidate shall notify the City Ethics Commission on the next regular business day on which the City Ethics Commission office is open. No contribution shall be commingled with the personal funds of the candidate or any other person.

This subsection shall not prohibit the establishment of savings accounts or certificates of deposit, provided that no campaign expenditures may be made therefrom.

(f) Treasurer. A candidate having campaign committees for election to the Board of Education shall appoint a treasurer of each committee. No expenditure shall be made by or on behalf of a committee without the authorization of the treasurer or that of his or her designated agents. No contribution or expenditure shall be accepted or made by or on behalf of a committee at a time when there is a vacancy in the office of treasurer. It shall be the duty of the candidate and the treasurer to approve and authorize such payments and to retain such authorizations, detailed accounts, records, bills and receipts.

(g) Training for Candidates and Treasurers. Every candidate for the Board of Education, and every treasurer of such candidate's controlled committee, shall attend a training program conducted or sponsored by the City Ethics Commission prior to the election at which the candidate's name will appear on the ballot.

(h) Accountability. The candidate and the treasurer shall maintain such detailed accounts, records, bills and receipts as are necessary to prepare campaign statements. The candidate and the treasurer shall retain the detailed accounts, records, bills and receipts for the periods specified in the Political Reform Act of 1974 as amended. Every candidate and committee shall make available on demand to any public officer having legal authority to enforce this section, details of checking and financial accounts of each committee controlled by the candidate and all records supporting such details.

(i) **Petty Cash Fund.** Subsection (e) notwithstanding, a candidate, campaign treasurer and other designated agents authorized to issue checks on a campaign contribution checking account may disburse to the candidate or committee establishing the checking account an amount not greater than \$50 per week to be used for petty cash purposes by the candidate or committee.

(j) **Assumed Name Contributions.** No contribution shall be made, directly or indirectly, by any person or combination of persons, acting jointly in a name other than the name by which they are identified for legal purposes, nor in the name of another person or combination of persons. No person shall make a contribution in his, her or its name of anything belonging to another person or received from another person on the condition that it be used as a contribution. In the event it is discovered by a candidate or committee treasurer that a contribution has been received in violation of this subsection, the candidate or treasurer shall promptly pay the amount received in violation of this subsection to the City Treasurer for deposit in the General Fund of the City.

(k) **Campaign Expenditures—Uncontrolled by Candidate or Committee.** Persons or organizations not subject to the control of a candidate or committee but who make independent expenditures for or against a candidate or committee shall indicate clearly on any material published, displayed or broadcast that it was not authorized by a candidate or a committee controlled by a candidate.

(l) **Recall Petition.** In the event a recall petition is filed, the committee or individual filing the petition shall be subject to the same campaign disclosure provisions as are applicable to candidates for the Board of Education.

(m) **Suppliers of Goods and Services—Disclosure of Records Required.** No person who supplies goods or services or both goods and services to a candidate or committee for use in connection with the campaign for a Board of Education office shall knowingly refuse to divulge or disclose to the City Ethics Commission or to any public officer having legal authority to enforce this section, the details and the records supporting such details of any expenditures made by the candidate or committee in payment for such goods or services or both.

(n) **Aggregation of Payments.** For the purposes of the contribution limitations contained in this section, contributions and/or expenditures from two or more persons will be aggregated and considered to be made by a single person for the purposes of the contribution limitations and reporting provisions contained in this section, if any of the circumstances listed below is applicable:

(1) Contributions and/or expenditures from a person will be aggregated with contributions and/or expenditures from any other person that controls his, her, or its contribution or expenditure activity;

(2) Contributions and/or expenditures from a sponsored committee, as defined in Government Code Section 82048.7, shall be aggregated with contributions and/or expenditures from its sponsoring organization;

(3) Contributions and/or expenditures from an entity shall be aggregated with contributions and/or expenditures from any other entity that has the same indi-

viduals constituting a majority of the members of each entity's board of directors;

(4) Contributions and/or expenditures from an entity shall be aggregated with contributions and/or expenditures from any other entity that has the same officers or with whom it shares a majority of officers. For the purposes of this subdivision, an officer does not include an individual who serves only as a member of the entity's board of directors;

(5) Contributions and/or expenditures from a corporation or limited liability company shall be aggregated with contributions and/or expenditures from any other corporation or limited liability company that has the same majority shareholder and/or member or that holds a majority of voting rights in that corporation or limited liability company;

(6) Contributions and/or expenditures from a corporation shall be aggregated with contributions and/or expenditures from any parent or subsidiary corporation, provided that at least one of the corporations is not publicly traded;

(7) Contributions and/or expenditures from an individual shall be aggregated with contributions and/or expenditures from any corporation, limited liability company, firm, joint venture, syndicate, business trust, company or other business entity not described in Subdivisions (8) or (9) below, in which the individual owns an investment of 50% or more or holds a majority of voting rights;

(8) Contributions and/or expenditures from an individual shall be aggregated with contributions and/or expenditures from any sole proprietorship the individual owns; or

(9) Contributions and/or expenditures from a general partner shall be aggregated with contributions and/or expenditures from any general or limited partnership in which the general partner owns an investment of 50% or more or in which the general partner holds a majority of voting rights.

(o) Family Contributions. Contributions by a husband and wife shall be treated as separate contributions. Contributions by children under eighteen years of age shall be treated as contributions by their parents and attributed proportionately to each parent (one-half to each parent or the total amount to a single custodial parent).

(p) Return of Contributions. A contribution shall not be considered to be received if it is not negotiated, deposited, or utilized, and is returned to the donor within 14 days of receipt.

(q) Restrictions on When Contributions May Be Received. No candidate for the Board of Education, or the controlled committee of that candidate, shall solicit or accept or cause to be solicited or accepted any contribution more than 18 months before the date of the election at which the candidate seeks office. No candidate for the Board of Education, or his or her controlled committee, shall solicit or receive or cause to be solicited or received a contribution to his or her own campaign committee from any person later than nine months after the date of the election. Contributions solicited or received or caused to be solicited or

received by a candidate for the Board of Education, or his or her controlled committee, following his or her election shall be used to retire campaign debt.

(r) Campaign Disclosure, Reporting and Recordkeeping.

(1) In addition to the campaign statements required to be filed pursuant to the Political Reform Act, commencing with Government Code Section 81000, as amended, candidates for the Board of Education, their controlled committees and committees primarily formed to support or oppose these candidates shall file a pre-election statement on the Friday before the election. This statement shall have a closing date of the Wednesday before the election and shall cover activity and payments occurring through that day. Candidates for the Board of Education, their controlled committees and committees primarily formed to support or oppose these candidates shall also file campaign statements as follows in connection with a primary election held in March of an odd-numbered year:

(A) For the period ending September 30 of the year prior to the election, a statement shall be filed no later than October 10, for the period from July 1 through September 30.

(B) For the period ending December 31 of the year prior to the election, a statement shall be filed no later than January 10, of the year of the election for the period from October 1 through December 31.

(2) No contribution shall be deposited into a campaign checking account of a candidate for the Board of Education unless the name, address, occupation and employer of the contributor is on file in the records of the recipient of the contribution.

(3) Each candidate, and each committee making independent expenditures or member communications in support of or opposition to a candidate, who sends a mailing or distributes more than 200 substantially similar pieces of campaign literature, shall send a copy of the mailing or other literature to the City Ethics Commission at the same time the mailing or other literature is given to the post office or otherwise distributed. During the election campaign, the Commission shall merely serve as a repository for this literature and shall not judge or comment on the contents of the literature.

(4) Any candidate for the Board of Education and the candidate's controlled committee required to file campaign statements with the City Ethics Commission shall file those campaign statements online, using the Commission's Electronic Filing System (EFS), after the candidate and/or committee has received contributions or made expenditures of \$25,000 or more in connection with election to a Board of Education office.

(A) Once a candidate or committee is required to file campaign statements online, that candidate or committee shall continue to file statements online until the committee has officially terminated. Committees and other persons not required to file online by this subsection may do so voluntarily.

(B) A person required to file online shall continue to file a paper copy of each campaign statement, as required by the California Political Reform Act and this

article, until the person is no longer required to file campaign statements with the City Ethics Commission. The paper copy shall continue to be the original campaign statement for audit and other legal purposes.

(C) In addition to any late filing penalties that may be imposed for a late filing of a paper copy pursuant to the California Political Reform Act or this article, any person who fails to comply with the online filing requirement of this subsection will, in addition, be subject to an additional late filing penalty of \$25 per day after the deadline for the late filing of the online copy.

(D) The information contained on a campaign statement filed online shall be the same as that contained on the paper copy of the same statement that is filed with the City Ethics Commission.

(s) Disclosure of Payments for Independent Expenditures and Non-Behested Member Communications.

(1) Any person, including any committee, who makes or incurs independent expenditures of \$1,000 or more in support of or in opposition to any candidate for the Board of Education, or one or more payments for member communications as defined by this section, totaling \$1,000 or more in support of or in opposition to a candidate for the Board of Education, shall notify the City Ethics Commission within 24 hours by certified mail or fax or e-mail each time one or more payments, which meet this threshold, are made.

(2) The notification shall consist of a declaration specifying each candidate supported or opposed by the expenditure, the amount spent to support or oppose each candidate, whether the candidate was supported or opposed, and that the expenditure was not behested by the candidate or candidates who benefited from the expenditure. This declaration shall be made under penalty of perjury and signed by the person or officer and the treasurer of the group making the expenditure. In addition, the date and amount of the payment, a description of the type of communication for which the payment was made or incurred, the name and address of the person making the payment, the name and address of the payee, and a copy of the mailing or advertisement, or a copy of the script or recording of the call, transmission, or advertisement, shall also be provided to the City Ethics Commission. The notification also shall include disclosure of contributions of \$100 or more received by the committee since the day after the closing date of the committee's last campaign disclosure report filed within the Commission or since the first day of the current calendar year, whichever date occurs later; however, contributions that are received, but earmarked for any other candidate outside the Los Angeles Unified School District need not be disclosed. The notification also shall include disclosure of contributions of \$100 or more made in the current calendar year by the person to Board of Education candidates or their controlled committees.

(3) City Ethics Commission staff will notify all candidates by phone, fax or e-mail in the affected race within one business day after receiving the notice of payments for independent expenditures and uncoordinated member communica-

tions of \$1,000 or more. The notification will indicate the candidate who was supported or opposed by the expenditure as indicated on the signed declaration and include a copy of the communication provided by the person or group making the expenditure.

(4) For purposes of the notification required in Subdivision (1), payments by an organization for its regularly published newsletter or periodical, if the circulation is limited to the organization's members, employees, shareholders, other affiliated individuals and those who request or purchase the publication, shall not be required to be reported.

(5) Any committee, including but not limited to a candidate controlled committee and an independent expenditure committee, that makes or incurs payments for 1,000 or more recorded telephone calls or any other forms of electronic or facsimile transmission of substantially similar content, or that makes or incurs expenditures of \$1,000 or more for a radio or television advertisement, in support of or opposition to any candidate(s) for Board of Education office, shall send a copy of the script or recording used for each communication to the Ethics Commission within 24 hours of the first time the calls, transmissions, or advertisements are made or aired.

(t) Verification. All declarations, reports and statements filed under this section shall be signed and verified by the filer under penalty of perjury. The candidate and any person signing declarations, reports and statements under this provision shall read, know and understand the contents of all these declarations, reports and statements.

(u) Duties of City Ethics Commission. The City Ethics Commission shall administer the provisions of this section. In addition to other duties required under the terms of this section, the City Ethics Commission shall:

(1) Conduct audits and investigations of reports and statements filed by candidates and committees supporting or opposing candidates for Board of Education offices as required under the Political Reform Act of 1974, as amended, and Article VII and this section of the Charter. The City Ethics Commission shall employ investigators where necessary to fully investigate any person subject to this section.

(2) Enforce or cause to be enforced the provisions of this section pursuant to Section 90002(c) of the Government Code, in accordance with Article VII of the Charter.

(3) Report apparent violations of this section and applicable state law to the City Attorney or another appropriate law enforcement agency.

(v) Enforcement.

(1) Criminal Enforcement—Any person who knowingly or willfully violates any provisions of this section is guilty of a misdemeanor. Any person who knowingly or willfully causes any other person to violate any provision of this section, or who aids and abets any other person in the violation of any provision of this section, shall be liable under the provisions of this section. Prosecution for violation of any provision of this section must be commenced within four years after

the date on which the violation occurred. No person convicted of a misdemeanor under this section shall act as a lobbyist or as a City contractor for a period of four years following the date of the conviction unless the court at the time of sentencing specifically determines that this provision shall not be applicable. For purposes of this section, a plea of nolo contendere shall be deemed a conviction.

(2) Civil Enforcement.

(A) Any person who intentionally or negligently violates any provision of this section shall be liable in a civil action brought by the City Attorney, the City Ethics Commission or by a person residing within the boundaries of the Los Angeles Unified School District for an amount not more than \$5,000 per violation, or for more than three times the amount the person failed to report properly or unlawfully contributed, gave or received.

(B) Any person who intentionally or negligently makes or receives a contribution, or makes an expenditure, in violation of any provision of this section shall be liable in a civil action brought by the City Attorney or by a person residing within the City for an amount up to three times the amount of the unlawful contribution or expenditure.

(C) If two or more persons are responsible for any violation, they shall be jointly and severally liable.

(D) Any person, other than the City Attorney, before filing a civil action pursuant to this subsection, shall first file with the City Ethics Commission a written request for the City Ethics Commission to commence the action. The request shall contain a statement of the grounds for believing a cause of action exists. The City Ethics Commission shall respond within 40 days after receipt of the request, indicating whether it intends to file a civil action. If the City Ethics Commission indicates in the affirmative, and files suit within 40 days thereafter, no other action may be brought unless the action brought by the City Ethics Commission is dismissed without prejudice.

(E) Not more than one judgment on the merits with respect to any violation may be obtained under this subsection. Actions brought for the same violation or violations shall have precedence for purposes of trial in the order of the time filed. Such actions shall be dismissed once judgment has been entered or a settlement approved by the court in a previously filed action. The court may dismiss a pending action without prejudice to any other action for failure of the plaintiff to proceed diligently and in good faith. The action may be so dismissed on motion by the City Attorney or any plaintiff in an action based on the same violation.

(F) In determining the amount of liability under this subsection, the court may take into account the seriousness of the violation and the degree of culpability of the defendant. If a judgment is entered against the defendant or defendants in an action, a private plaintiff shall receive 50% of the amount recovered. The remaining 50% shall be deposited into the City's General Fund. In an action brought by the City Attorney or the City Ethics Commission, the entire amount shall be paid to the General Fund.

(G) No civil action alleging a violation of this section shall be filed more than four years after the date the violation occurred.

(H) Any person residing within the Los Angeles Unified School District, including the Los Angeles City Attorney, may sue for injunctive relief to enjoin violations or to compel compliance with the provisions of this section. The court may award to a party, other than an agency, who prevails in any civil action authorized by this article, his or her costs of litigation, including reasonable attorneys' fees; provided, however, that no such award may be granted against the City of Los Angeles.

(w) Effect of Violation on Outcome of Election.

(1) If a candidate is convicted of a misdemeanor violation of any provision of this section, the court shall make a determination as to whether the violation had a material effect on the outcome of the election. If the court finds such a material effect, then:

(A) if such conviction becomes final before the date of the election, the votes for such candidate shall not be counted, and the election shall be determined on the basis of the votes cast for the other candidates in that race;

(B) if such conviction becomes final after the date of the election, and if such candidate was declared to have been elected, then such candidate shall not assume office, the office shall be deemed vacant and shall be filled as otherwise provided in the Charter;

(C) if such conviction becomes final after the candidate has assumed office, then the candidate shall be removed from office, the office shall be deemed vacant and shall be filled as otherwise provided in the Charter; and

(D) the person so convicted shall be ineligible to hold any elected City office or the office of a member of the Board of Education for a period of five years after the date of such conviction.

(2) The City Clerk shall not issue any certificate of nomination or election to any candidate until his or her pre-election campaign statements required by the Political Reform Act of 1974, as amended, or if no campaign statement is required, the written declaration permitted under Section 84205 of the Government Code, have been filed in the form and at the place required by the Political Reform Act of 1974.

(x) Late Filing Penalties. If any person files an original statement or report after any deadline imposed by this article, he or she shall, in addition to any other penalties or remedies established by the article, be liable to the City Ethics Commission in the amount of \$25 per day after the deadline until the statement or report is filed. Liability need not be enforced by the Commission if on an impartial basis it determines that the late filing was not willful and that enforcement of the liability will not further the purposes of the article, except that no liability shall be waived if a statement or report is not filed within 30 days.

(y) Severability. If any provision or portion of this section, or its application to any person or circumstance, is held invalid by any court, the remainder of this

section or the application of such provisions to persons or circumstances other than those as to which it is held invalid, shall not be affected.

Sec. 4. Section 804 of the Charter of the City of Los Angeles is amended to read:

Section 804. Compensation.

The total compensation for members of the Board of Education shall be set by a compensation committee provided in this section:

(a) The committee shall be constituted as follows:

(1) The committee shall be comprised of a total of seven members.

(2) Each member of the committee shall reside within the Los Angeles Unified School District.

(3) Two members of the committee shall be parents or guardians of pupils who attend a school within the Los Angeles Unified School District:

(A) One of whom shall be a parent or guardian of a pupil who attends a school within the boundaries of the City of Los Angeles;

(B) One of whom shall be a parent or guardian of a pupil who attends a school outside of the boundaries of the City of Los Angeles.

(4) One member of the committee shall have expertise in the area of compensation, such as an economist, market researcher or personnel manager;

(5) Two members of the committee shall have experience in the business community:

(A) One of whom is an executive of a corporation, incorporated in California and located within the Los Angeles Unified School District, which ranks among the largest private sector employers in the Los Angeles Unified School District;

(B) One of whom is an owner of a small business (of less than 25 employees) located within the Los Angeles Unified School District.

(6) Two members of the committee shall be members or officers of a labor organization or union.

(b) The appointments shall be made as follows:

(1) The Mayor of the City of Los Angeles shall appoint the member referenced in Subdivision (a)(5)(A) and one of the two members referenced in Subdivision (a)(6);

(2) The Mayors of Cities of Bell, Cudahy, Huntington Park, Maywood and South Gate shall collectively appoint the member referenced in Subdivision (a)(5)(B);

(3) The Mayors of the Cities of Gardena, Carson, Lomita, Monterey Park, San Fernando and West Hollywood shall collectively appoint the member referenced in Subdivision (a)(4);

(4) The Chair of the Los Angeles County Board of Supervisors shall appoint the member referenced in Subdivision (a)(3)(B);

(5) The President of the Los Angeles City Council shall appoint the member referenced in (a)(3)(A) and one of the two members referenced in Subdivision (a)(6).

All appointments shall be subject to confirmation by a majority vote of the Los Angeles City Council. Within 10 days of any vacancy, the appointing authority

shall appoint a person to serve the unexpired portion of the term. Within 15 days of the appointment of a member to fill a vacancy, the appointment shall be subject to confirmation by a majority vote of the Los Angeles City Council.

(c) The appointing authorities shall strive insofar as practicable to provide a balanced representation of the geographic, gender, racial and ethnic and other diversity of the Los Angeles Unified School District in appointing committee members.

(d) Not later than 30 days after the effective date of this Charter section, the appointing authorities shall appoint the committee members. The Council shall approve or disapprove the appointments not later than 15 days after the appointments are received. Every five years, thereafter, beginning on the first Monday following April 1, 2007, a new committee shall be appointed.

(e) Ninety days after the Council confirms the committee members, the committee shall, by a single resolution adopted by a majority of the membership of the committee, establish the annual salary and the medical, dental, insurance and other similar benefits of the Board of Education members. The committee shall be dissolved 60 days after adoption of the resolution.

(f) In establishing the annual salary and other benefits, the committee shall consider all of the following:

(1) The amount of time members of the Board of Education serve, directly or indirectly related to the performance of his or her duties.

(2) The amount of the annual salary and other benefits for other elected and appointed officers and officials in the State of California with comparable responsibilities, the judiciary, and to the extent practicable the private educational sector, recognizing, however, that public officers do not receive, and do not expect to receive, compensation at the same levels as individuals in the private sector with comparable experience and responsibilities.

(g) The annual salary and benefits specified in that resolution shall become effective on the date the committee is dissolved as provided in Subsection (e).

(h) On an annual basis, in years when the committee is not performing a compensation review, the Board of Education may increase the compensation and other benefits of individual or all Board members beyond the amount established by the committee, in an amount not to exceed two percent of the applicable total combined amount of compensation and benefits. Any increase made pursuant to this subsection shall be effective upon approval by the Board of Education.

(i) The salary and benefits for members of the Board of Education shall be payable out of the funds of the Los Angeles Unified School District.

(j) All committee members shall receive their actual and necessary expenses incurred in the performance of their duties, paid by funds from the Los Angeles Unified School District. The committee members shall receive no other compensation for the performance of their services as committee members.

(k) Public notice shall be given of all meetings of the committee, and the meetings shall be open to the public pursuant to the Ralph M. Brown Act, Government Code Section 54950, et seq., or its successor open meeting legislation.

Certified to be a true copy by Eric Garcetti, President of the City Council, and Maria Kostrencich, Council Clerk.

Date of Election: March 6, 2007.

Charter Chapter 11—City of Los Angeles

Amendments to the Charter of the City of Los Angeles

[Filed with the Secretary of State April 4, 2007.]

The Charter of the City of Los Angeles is hereby amended to amend Article VI, Part 3, by adding a new Section 1234 to read, all as detailed below:

Section 1234. Authority of City Council to Establish a Public Service Purchase (PSP) Program by Ordinance.

(a) Council Authority. The Council may by ordinance adopted in accordance with the provisions of this section establish a voluntary Public Service Purchase (PSP) program to allow members to purchase service credit with the Fire and Police Pension Plan (the Plan) for prior full-time service with other public agencies that may include military service. The authority granted in this section shall include the authority to determine which members may participate in the program and specify what public service is eligible for purchase, to establish eligibility requirements and benefit limitations, to conduct periodic review of the costs and usefulness of the program for recruitment and retention purposes, and to terminate or make changes to the program. The authority granted in this section shall include the authority to make necessary modifications to requirements of other Charter and Los Angeles Administrative Code provisions of the Plan for the specific and limited purpose of implementing a PSP program.

(b) Limitations of the PSP Program. The authority given to the Council to establish a PSP program is specifically limited as follows:

(1) The PSP Program Shall Be Cost Neutral. The member shall be required to pay the full actuarial cost of the service credit to be purchased as determined by the Plan's actuary based upon the additional benefits available from the Plan as a result of the purchase. The City shall conduct periodic reviews of the PSP program to ensure the program is cost neutral to the City insofar as the additional benefits provided by the Plan are concerned, without regard to incidental administrative expenses incurred by the Plan.

(2) Limitations on Service Purchases. A member may only purchase full-time service with eligible public agencies. A member may purchase full-time service with a branch of the United States military service only if the member was honorably discharged. Full-time service with any bona fide police agency or fire

suppression agency may be purchased only if the member was not terminated for cause. A member may not purchase service for which the member is eligible, or may become eligible, to receive a retirement benefit from another entity unless federal law requires otherwise.

(3) **Restrictions Applicable to Purchased Service.** Purchased service shall be included in a member's years of service for purposes of calculating the amount of the member's service pension, but shall not be included in years of service for purposes of establishing eligibility for service retirement.

Purchased service may be used to qualify for other retirement benefits that are dependent on years of service, such as the Deferred Retirement Option Plan (DROP) or health premium subsidies or reimbursements payable after retirement, if authorized by ordinance and the member has paid the full actuarial costs to cover these additional benefits.

(4) **Refund of PSP Program Payments.** In the event a member terminates employment, all payments made by the member under the PSP program, including interest accruing on the payments, shall be refunded to the member upon request. If a member dies and contributions become payable from the Plan upon his or her death, all payments made by the member under the PSP program, including interest accruing on the payments, shall be considered contributions of the member and shall be paid accordingly.

(5) **PSP Program May Be Modified or Terminated.** If the Council determines that the PSP program is not cost neutral and/or that the program is not useful for recruitment or retention, the PSP program may be modified or terminated by the Council by ordinance provided that the appropriate employee representatives have received a minimum of sixty days notice prior to Council action. Agreements entered into prior to the PSP program's termination shall be honored based upon the benefits available from the Plan at the time the agreement was executed. If the PSP program is modified by ordinance, existing agreements to purchase service will continue to be honored based upon the benefits available from the Plan at the time the agreement was executed, unless the agreement is modified to encompass different benefits with actuarial costs adjusted accordingly.

(c) **Mode of Adoption.** Ordinances adopted pursuant to this section shall be adopted in the same manner as provided in Charter Section 1618(b), but the Council shall be advised in writing by an enrolled actuary as to the cost of the proposed program.

Certified to be a true copy by Eric Garcetti, President of the City Council, and Maria Kostrencich, Council Clerk.

Date of Election: March 6, 2007.

Charter Chapter 12—City of Burbank

Amendments to the Charter of the City of Burbank

[Filed with the Secretary of State May 14, 2007.]

Charter of the City of Burbank, California

Preamble

We the people of the City of Burbank, in order to exercise the benefits of home rule and establish a responsive, effective and accountable government that maintains the highest level of integrity, provides an outstanding quality of life through excellent municipal services, and through which all voices in our diverse society can be heard, and to provide fair representation and distribution of government resources and a safe, harmonious, and sustainable environment based on principles of liberty and equality, do enact this Charter.

ARTICLE 1.

Name, Seal and Boundaries

SECTION 100. NAME. The municipal corporation now existing and known as “The City of Burbank” shall remain and continue as at present, in fact and in law, by the name of the “City of Burbank”, and by such name shall have perpetual succession.

SECTION 105. SEAL. [No change in current language]

SECTION 110. BOUNDARIES. [No change in current language]

ARTICLE 2.

Powers

SECTION 200. POWERS. The City of Burbank, by and through its Council and other officials, boards, commissions, committees and employees, shall have and may exercise all powers necessary or appropriate to a municipal corporation and the general welfare of its inhabitants, which are not prohibited by the California Constitution and this Charter, and which it would be competent for this Charter to set forth particularly or specifically; and the specification in this Charter of any particular powers shall not be held to be exclusive or any limitation upon this general grant of powers.

SECTION 205. JOINT POWERS. [No change in current language]

SECTION 210. ADMINISTERING OATHS. SUBPOENAS. Any Council Member, the City Manager, the City Attorney, the City Clerk, or any officer or employee authorized by ordinance, shall have the power to administer oaths and affirmations, and the City Council, either on its own behalf or upon the written request of any City board, commission or committee authorized by ordinance, shall have the power to issue subpoenas, to compel by subpoena the production of books, papers, and documents, and to take and hear testimony or to order the giving of such testimony concerning any matter or thing pending before the Council or such board or commission.

SECTION 215. GENERAL LAWS AND PROCEDURES. The City shall have the power to exercise any and all rights, powers and privileges previously or in the future established, granted or prescribed by the general laws of the state or by other lawful authority and shall have the power to act pursuant to procedure established by any law of the state unless a different procedure is required by this Charter or by ordinance.

ARTICLE 3.

Officers and Employees

SECTION 300. OFFICERS AND EMPLOYEES. The officers of the City of Burbank shall be those provided for in this Charter. The Council may provide for such additional boards, commissions, committees, officers, and employees as may be deemed necessary and prescribe their respective powers and duties. The members of the Council shall be elected from the City at large and shall hold office for four (4) years or until their successors are elected and qualified. All other officers, assistants, deputies, clerks, and employees shall be appointed as provided in this Charter, or as the Council may provide by ordinance in case no provision for their appointment is made. They shall hold their respective offices or positions at the pleasure of the appointing power, except as otherwise provided in this Charter. Where the power to appoint is vested in the Council, a three-fifths (3/5) vote of the Council Members shall be required to effect an appointment or removal.

SECTION 305. THE CITY COUNCIL. The legislative body of the City shall consist of five (5) persons elected at large which body shall be known as the Council. The members of the Council shall be elected by the qualified voters of the City in the manner and for the term provided in this Charter. Members of the Council shall receive such compensation as may be prescribed by ordinance but not to exceed the amount which Council Members of general law cities of similar population would receive under State law, nor shall any Council Member be eligible to hold any other office or employment of the City except as may otherwise be provided in this Charter. In the event of resignation such member shall not be entitled to vote on the selection of their successor. Members of the Council shall not hold any other elective public office to which compensation is attached, and the acceptance of any such office or employment shall be deemed a resignation as Council Member.

SECTION 310. MAYOR. The Mayor shall be the executive head of the City. In case of riot, insurrection or extraordinary emergency the Mayor, unless delegated to the City Manager by ordinance, shall assume general control of the City government and all of its branches and be responsible for the suppression of disorders and the restoration of normal conditions. In the name and on behalf of the City the Mayor shall sign all contracts, deeds, bonds and other legal instruments in which the City is a party and countersign all warrants; provided, however, that the Council may by ordinance or resolution authorize any other person to sign

the same. The Mayor shall represent the City at all ceremonial functions of a social or patriotic character when it is desirable or appropriate to have the City officially represented. The Mayor shall not receive any compensation for services rendered except that received as a Council Member.

SECTION 315. CITY MANAGER. (a) There shall be a City Manager appointed by the Council who shall be the administrative head of the City government. The City Manager shall be chosen by the Council solely on the basis of the appointee's executive and administrative qualifications with special reference to actual experience in, or knowledge of, accepted practice in respect to the duties of the office.

(b) The City Manager shall be responsible to the Council for the proper administration of all affairs of the City, and to that end, subject to the civil service provisions of this Charter and all applicable laws and regulations, the City Manager shall have power and shall be required to:

1. Devote full time to the interests of the City.
2. Attend all meetings of the Council unless excused by the Council or the Mayor, but shall not have a vote.
3. Appoint and remove all officers and employees of the City except elected officers and other officers appointed by the Council, and except the employees of such elected officers and other officers appointed by the Council, provided that the City Manager may authorize the head of a department or office to appoint and remove subordinates in such department or office.
4. Prepare the budget annually and submit it to the Council and be responsible for its administration after adoption by the Council.
5. Prepare and submit to the Council as of the end of the fiscal year a complete report on the finances and administrative activities of the City for the preceding year.
6. Keep the Council advised of the financial conditions and future needs of the City and make such recommendations as may seem to be desirable for the consideration and action of the Council.
7. Perform such other duties as may be prescribed by this Charter or required by the Council, consistent with this Charter.
8. Be responsible that all ordinances and laws are enforced. It shall be the responsibility and duty of each Department Manager in the City to inform and advise the City Manager of any information indicating lack of law enforcement in the City.

(c) In case of the absence of the City Manager from the City, or of any temporary disability to act as such, the Assistant City Manager or such other person designated by the City Manager shall possess the powers and discharge the duties of the City Manager during such absence or disability. If there is no Assistant City Manager, or no person designated by the City Manager to act in his or her absence or disability, the Council shall appoint a City Manager pro tem, who shall possess the powers and discharge the duties of the City Manager during such absence or disability.

(d) The members of the Council shall not, nor shall any of them, either directly or indirectly, exact from any candidate for the position of City Manager any promise or assurance, or in any way intimate or suggest to such candidate, that such candidate shall, if appointed as City Manager, appoint or employ, or that it is in any way expected the candidate will appoint or employ, any person who has been or may be discussed, mentioned, referred to, approved, or in any way suggested by any member of the Council or other person, as being fit or qualified to have or hold any position in, or do any work for, the City. Nor shall the members or any member of the Council, either directly or indirectly, by suggestion or otherwise, coerce or bring any pressure to bear upon the City Manager, either to appoint any particular person or persons or class of persons to any position that is or may be vacant, or to give employment of any kind to any such persons, or to discharge any person holding any position or doing any work under the City Manager; or to make any purchase of supplies from any particular person, firm or corporation.

The prohibition contained in this Charter shall not be construed to mean that any member of the Council, or other person, shall be prohibited from informing the City Manager as to any fact known to such person which might assist the City Manager in appointing or employing competent, fit, and proper persons, or discharging any incompetent or unfit person previously appointed or employed, or to prohibit the giving of any information which might be of benefit to the City Manager in making an advantageous purchase of materials and supplies.

SECTION 320. CITY ATTORNEY. (a) There shall be a City Attorney appointed by the Council who shall devote full time to the duties of this office and shall not engage in the private practice of law. The City Attorney shall be an attorney-at-law, admitted to the bar of the Supreme Court of this State, and one who has been in actual practice in the State for at least five (5) years directly prior to appointment. The City Attorney shall be the legal adviser of the Council and all other City officials and shall attend all Council meetings unless excused by the Council or the Mayor. The City Attorney shall draft or review all ordinances, contracts, or other legal documents, or proceedings required by the Council or other officials, except as may be otherwise provided, and shall perform such other legal services from time to time as the Council may require.

(b) The Council shall have the power to direct and control the prosecution and defense of all suits and proceedings to which the City is a party, or in which it is interested, and upon the recommendation of the City Attorney, may employ special counsel to assist the City Attorney therein and which the City Attorney shall direct and oversee, and shall provide for the compensation and pay of such counsel.

(c) The City Attorney shall appoint and remove all officers and employees of the City employed in the City Attorney's office subject, when applicable, to the Civil Service system established for the City, and shall do so in keeping with the budget and personnel policies of the City.

SECTION 325. CITY CLERK. [No change in current language, unless otherwise changed at this election]

SECTION 330. CITY TREASURER. [No change in current language, unless otherwise changed at this election]

SECTION 332. CITY TAX COLLECTOR. [No change in current language, unless otherwise changed at this election]

SECTION 335. CHIEF OF POLICE. There shall be a Chief of Police appointed by the City Manager. The Chief of Police shall be the head of the Police Department of the City, and shall have all the powers that now or in the future may be conferred upon sheriffs and other peace officers by the laws of the state so far as they pertain to the City. It shall be the duty of the Chief of Police to preserve the public peace, to enforce the law and to suppress riots and disturbances. All orders of the Chief of Police shall be promptly executed by the police officers, or members of volunteer law enforcement organizations of the City, and every citizen shall lend aid when requested by the Chief of Police for the arrest of offenders, the maintenance of public order or the protection of life and property.

The Chief of Police shall execute and return all process issued by legal authority. The Chief of Police shall have the duty and the authority to arrest persons violating any laws of the nation, state, county or City. The Chief of Police shall have such other powers and duties pertaining to this office as may be prescribed by the Council or rules of the Police Department.

SECTION 340. FIRE CHIEF. There shall be a Fire Chief appointed by the City Manager. The Fire Chief shall be head of the Fire Department of the City, and shall have charge and supervision over all matters relating to the prevention and extinguishment of fires, and of all measures necessary to guard and protect all persons and property impaired thereby. During the time of a fire the Fire Chief shall always have supreme authority over the territory involved in and around such fire, and all persons in the immediate vicinity of the fire during such time, including police officers, shall be subject to the Fire Chief's orders.

SECTION 370. OFFICIAL BONDS. The Council shall, by ordinance, determine which officers and employees shall be subject to group or individual bonds to insure faithful performance of their official and ex-officio duties, shall fix the amount of such bonds and provide for the payment of premiums by the City.

SECTION 375. OATH OF OFFICE. Every officer shall take the constitutional oath or affirmation of office and sign such oath or affirmation before entering upon the performance of any official duties.

SECTION 380. ADDITIONAL DUTIES OF OFFICERS. Besides the duties specified in this Charter, all officers and boards shall perform such other appropriate duties as may be prescribed by ordinance or the general laws.

SECTION 385. COMPENSATION. The Council, except as otherwise provided in this Charter, shall fix the compensation of all officers appointed by the Council.

The City Manager shall fix the compensation of all deputies, assistants and employees of all officers appointed by or under the authority of the City Manager subject to the approval of the Council.

The City Attorney and elected officials shall fix the compensation of all deputies, assistants and employees of the City employed in their offices subject to the budget and the personnel policies of the City, and subject to the approval of the Council.

SECTION 390. EMPLOYEES' RETIREMENT SYSTEM. (a) The "Public Employees' Retirement Law" (hereafter in this section, "Retirement Law") as now existing or as in the future may be amended, is hereby adopted for the City of Burbank.

(b) All necessary authority and power is hereby vested in the City, its Council and its officers, agents and employees to do and perform any act, or exercise any authority granted, permitted, or required under the provisions of the Retirement Law, to enable the City to become and remain a contracting City participating in the Public Employees' Retirement System.

(c) The contract entered into shall provide for the participation of all full-time employees (except temporary and/or seasonal employees) of the City working under the personnel system and of all full-time elective and appointive officers of the City, and the contract shall give full credit for prior services rendered by the employees and full-time elective and appointive officers to the City of Burbank prior to the effective date of the contract and shall provide compulsory retirement as provided in the Retirement Law.

(d) The Council may terminate any contract entered into with the Board of Administration of the Public Employees' Retirement System only under authority granted by an ordinance adopted by a majority vote of the electors of the City of Burbank.

SECTION 395. CIVIL SERVICE SYSTEM. The Council shall provide for the establishment of a Civil Service System in the City of Burbank based on merit and suitability.

Article 4.

Meetings of the Council

SECTION 400. MEETINGS, REGULAR AND SPECIAL. The Council shall meet at 10:00 a.m. on the first day of May following their election or if such day be a Saturday, Sunday or holiday, then upon the next regular working day. The new members shall then be inducted into office, whereupon the Council, as thus newly constituted, shall choose one of their number to serve as Mayor. The Mayor shall have the same voting power as any other member of the Council. The Council shall also choose one of their number to serve as Vice-Mayor, who shall act as Mayor pro tempore in case of the absence, sickness or other disability of the Mayor. The officials so chosen shall hold their respective offices subject to the pleasure of the Council. The regular meetings of the Council shall be held at least

twice per month and such further regular meetings shall be held as determined by ordinance. The time for holding all regular meetings of the Council shall be provided for by ordinance or resolution, but any regular meeting may be adjourned to a time certain, which adjourned meeting shall be a regular meeting for all purposes.

Special meetings may be called as provided by the laws of the State of California.

Except as otherwise provided by State law, all meetings of the Council shall be open to the public and held in the City Hall or such other place as may be prescribed by ordinance or resolution, unless the Council is compelled to meet elsewhere by reason of fire, flood, earthquake, other emergency, or the temporary unavailability of the regular meeting place. The Council shall adopt rules for conducting its proceedings.

SECTION 405. PUBLIC PARTICIPATION. During any meeting of the Council, all persons are encouraged to address the Council on any item that is within the subject matter jurisdiction of the City Council or as otherwise required by state law. The Council shall provide for a reasonable period of comment consistent with the completion of the public's business, and may punish any member or other person for disorderly behavior at any meeting.

SECTION 410. QUORUM. A majority of the Council Members shall constitute a quorum for the transaction of any business, but a lesser number may adjourn from time to time and compel the attendance of absent members in such manner and under such penalties as may be prescribed by ordinance.

Article 5.

Council Actions and Enactments

SECTION 500. ORDINANCES, RESOLUTIONS OR MOTIONS. The Council may take official action only by the passage or adoption of ordinances, resolutions or motions, as may be prescribed by the Constitution or Laws of the State of California, and the provisions of this Charter; provided that any action of the Council fixing or prescribing a fine, punishment or penalty, or granting any franchise, shall be taken by ordinance. In the absence of any express provision to the contrary in the California Constitution, Laws or Charter, the Council may choose any of the above three methods of taking such action. All proposed ordinances introduced in the Council shall be in printed form. The enacting clause of all ordinances passed by the Council shall read as follows: "The Council of the City of Burbank does ordain as follows:"

The affirmative vote of not less than three (3) members of the Council shall be necessary to adopt any ordinances, resolutions or approve or reject claims against the City, which vote shall be taken by ayes and noes and entered upon the minutes of the Council.

Except as provided in this Charter no ordinance shall be passed by the Council on the day of its introduction, nor within five (5) days thereafter. Every ordinance

shall be read in full only when requested by a majority of the Council. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. All ordinances shall be signed by the Mayor and attested by the City Clerk, and the City Attorney's synopsis of such ordinances shall be published at least once in a newspaper of general circulation within fourteen (14) days of adoption, and shall become effective at 12:01 a.m. on the 31st day from and after the date of the adoption, and in computing said such time the day of adoption shall be excluded; provided, however, that an ordinance calling or otherwise relating to an election, or ordinances otherwise specially required by the laws of the State, or ordinances declared by the Council to be necessary as an emergency measure for preserving the public peace, health, safety or welfare or as mandated by a state or federal law, regulation, or permit condition, and containing the reasons for its urgency and passed by not less than four (4) members of the Council, or ordinances relating to bond issues, may be introduced and passed at one and the same meeting, and shall become effective immediately, if the Council shall in such ordinance so provide and shall be published in a newspaper of general circulation within fourteen (14) days following adoption. However, no measure creating or abolishing any office or changing the salaries, terms or duties of any office or creating any franchise or special privilege or creating any vested right or interest shall be construed to be an emergency or urgency measure.

SECTION 505. ADOPTION OF CODES BY REFERENCE. [No change in current language]

Article 6.

City Departments and Governmental Functions

SECTION 600. GOVERNMENTAL FUNCTIONS. In addition to public safety services and water and electric utility services, the City of Burbank, as a well managed and balanced City, shall serve the following functions:

1. Plan for and initiate sustainable long-range physical, economic, and social development of the City.
2. Effectively manage and maintain the City's infrastructure, including street, traffic, and transportation systems; sanitary and refuse systems; and public facilities.
3. Ensure open access to and availability of information and knowledge.
4. Provide high quality recreation facilities, programs, and activities designed to meet the human service, recreational, social, cultural, and educational needs of the City's constituents.
5. Provide high quality administrative support services designed to help the City meet its constituents' needs in an effective and efficient manner, including human resources, information management, budgeting, accounting, and other operations.
6. Such other functions as determined by the Council which are not prohibited by the California Constitution or this Charter.

SECTION 605. DEPARTMENT STRUCTURE. Any department or function provided for in this Charter or by ordinance, may be subsequently combined with other divisions or departments, redivided, or otherwise reorganized at the discretion of the City Manager.

SECTION 610. UTILITY DEPARTMENT. There shall be a Utility Department to be known as Burbank Water and Power and a General Manager appointed by the City Manager.

The Department shall supervise the construction, reconstruction, operation and maintenance of all public utilities now or hereafter owned and operated by the City, including, but not limited to, the generation, purchase, distribution and sale of electric energy, water, gas, and telecommunications services and may, with the approval of the Council, lease or rent any property connected with any of its utilities and fix the rental charges thereof.

All funds received by the City related to the Department shall be deposited in the City Treasury to the credit of the Department. An amount not to exceed two percent (2%) of the Department's gross sales of electricity (exclusive of wholesale sales of electricity to other public or privately owned utilities) shall, in the Council's discretion, be deposited or transferred to the City's General Fund, or pay bills incurred by the City for lighting its public streets, and an amount not to exceed five percent (5%) of the Department's gross sales of water and electricity, in lieu of taxes (exclusive of wholesale sales to other public or privately owned utilities) shall be deposited or transferred to the City's General Fund at the discretion of the Council.

Funds not immediately needed by the Department may be temporarily loaned to other departments of the City pending collection of tax receipts or other funds owing to such other department.

Article 7.

Boards, Commissions and Committees

SECTION 700. BOARDS, COMMISSIONS AND COMMITTEES. The Council may from time to time establish boards, commissions and committees, both ad hoc and standing, to advise the City and the Council on matters of public concern. In addition to any other boards, commissions and committees, there shall be the Planning Board, the Parks, Recreation and Community Services Board, the Civil Service Board, the Burbank Water and Power Board, and the Library Board, the size, membership and duties of each to be determined by the Council.

SECTION 705. POLICE COMMISSION. (a) There shall be a Police Commission, the size and membership of which are to be determined by the Council.

(b) The Police Commission shall have the following powers and duties:

1. To initiate studies and surveys in the general field of police science and law enforcement and report its findings and recommendations to the Council;
2. To conduct hearings, investigations, or both, at the request of the Council for the purpose of ascertaining whether additional legislation is needed for the health,

safety, peace and welfare of the inhabitants of the City and to make findings and recommendations to the Council;

3. To act in an advisory capacity to the Council on policy matters pertaining to the Police Department of the City;

4. To receive complaints, except those relating to traffic engineering, pertaining to the Police Department and law enforcement in general;

5. To examine books, papers, records and accounts in the Police Department, other than confidential matters under investigation.

(c) The Council or the City Manager may assign other powers and duties to the Commission as they shall deem appropriate.

Article 8. Elections

SECTION 800. ELECTIONS. Municipal elections held in the City of Burbank shall be classified as of three (3) kinds:

- (1) Primary nominating elections.
- (2) General municipal elections.
- (3) Special elections.

Primary nominating elections shall be held on the last Tuesday in February in every odd-numbered year, and general municipal elections shall be held on the second Tuesday in April in every odd-numbered year, except that if either of said days is a legal holiday such election shall be held on the following day. The officers elected at a primary or general municipal election, shall, after they have qualified, enter upon the discharge of the duties of their offices, on the first day of May following their election and shall hold office for the period of four (4) years or until their successors are elected and qualified.

Candidates to be voted for at any general municipal election shall be nominated at a primary nominating election. No person shall be eligible to be nominated for an elective office of the City unless such person has resided in the City for at least twenty-nine (29) days prior to filing nomination papers or a declaration of candidacy, and such person is a registered voter of the City at the time of nomination or election to office, whichever is sooner; and no names shall be printed upon the ballot for such general election other than those selected in the manner prescribed in this Charter.

Whenever possible the officers of election who shall be appointed for the primary nominating election shall be the officers of election of such general municipal election and such general municipal election shall be held at the same places as far as possible, and the polls shall be opened and closed at the same hours, as may be provided for primary nominating elections.

In the event that any candidate for nomination to any office for which only one (1) person is to be elected shall receive a majority of the votes cast for all candidates for nomination to such office at such primary nominating election, the candidate so receiving such majority vote shall be deemed to be and declared by the Council to be elected to such office; provided, that in the case of candidates for

the offices of member of the Council and member of the Board of Education, the candidates which are equal to or less than the number of such offices for which nominations are to be made who receive a majority of the votes of the voters voting for such office shall be deemed to be and declared by the Council to be elected to such office or offices, and their names shall not be printed upon the ballot to be used at the following general election.

Except as provided above, the two (2) candidates receiving the highest number of votes for any given office at the primary nominating election shall be the candidates, and the only candidates, for such office whose names shall be printed upon the ballots to be used at the general municipal election; provided, that where more than one (1) office of the same kind is to be filled, the candidates for such offices, equaling in number twice the number of such offices, who receive the highest number of votes at the primary nominating election, shall be the candidates, and the only candidates, for such offices whose names shall be printed upon the ballot to be used at such general election.

Whenever it shall appear upon the canvass of the returns of either a primary or general election that two (2) or more persons have received an equal number of votes as candidates for any office at such election, so that the result of such election does not determine which of such persons has been nominated for or elected to such office, the City Clerk shall notify in writing all such persons so receiving such equal vote to appear before the Council at the time specified in the notice. Such persons shall appear before the Council at such time and place and then and there, in open session, draw lots, in such manner as the Council shall prescribe, to determine which of such persons shall be nominated for or elected to such office. If any such persons shall not so appear, the City Clerk shall act for such person or persons in such drawing of lots.

All municipal elections shall, except as in this Charter otherwise provided, be conducted and held in substantial accordance with the provisions of the laws of the state for holding of municipal elections except as otherwise provided by the City Election Code. No amendments to the City Elections Code shall be effective during the six (6) months immediately preceding any General Municipal Election in the City of Burbank, nor during the period between the ordering and the holding of a special election.

The Council shall have power to submit to the voters of the City at any election any proposition or question or ordinance required or authorized to be so submitted by the Constitution of the State of California, the law, this Charter, or by ordinance; provided, that in case such proposition or question is required by the Constitution, law, Charter, or ordinance to be submitted at a special or other particular kind of election, it shall be so submitted, and not otherwise.

Except as otherwise provided in this Charter, every special election shall be ordered, held and conducted (except as to the date of such election) and the result made known and declared in the same manner as provided in this Charter for other elections. The Council may consolidate special elections with each other or with

any municipal, county or state election. When any elections shall have been consolidated as provided in this Charter, they shall be held, conducted, the returns canvassed and the result declared in all particulars the same as one election. Provided, that when any municipal election is consolidated with any state or county election, the ballots used may be the ballots used at such state or county election, or may be separate ballots, or the voting may be in such manner as may be authorized by law, and the appropriate officials of the County of Los Angeles shall canvass the returns and shall certify the result of such canvass of all municipal questions submitted at such election, to the Council, who shall thereupon declare the result, and any act in relation to the conduct of such election, required by this Charter to be performed by any officer or employee of the City, shall be performed by the proper officer or employee of the County.

The Council shall, by ordinance, order the holding of all elections. Every such ordinance shall specify the object and time of holding any such election. Such ordinance shall also direct the City Clerk to publish, not later than twenty (20) days prior to an election, a list of election precincts, polling places, and election officers for each precinct. The ordinance shall also set forth the places of posting by the City Clerk of three (3) copies of such list of election precincts, polling places and election officers in three public places in the City, and such lists shall so remain until the day after such election. When two (2) or more municipal elections are consolidated by the Council, it shall not be necessary to set forth the precincts, polling places and election officers in more than one (1) list. If a municipal election is consolidated with a state or county election, it shall not be necessary to set forth the precincts, polling places, or election officers, but reference shall be made to the notice, resolution, or ordinance of the Board of Supervisors of Los Angeles County calling such election and fixing precincts, polling places and election officers. All ordinances ordering the holding or consolidation of elections shall be published once in a newspaper of general circulation at least five (5) days prior to the date of such election.

The Council may conduct any City election by all mail ballot in accordance with provisions adopted by ordinance. In such elections any inconsistent provisions of this Charter shall not be applicable.

SECTION 805. CANVASS OF RETURNS. The City Clerk shall begin canvassing the returns at eight o'clock, A.M. on the second working day after all of the returns from any municipal election have been received in the City Clerk's office. Such canvass shall be publicly conducted and continued until completed.

Whenever requested by the City Clerk, the Council shall authorize the temporary employment of such persons in addition to the persons regularly employed in the City Clerk's office, as may be necessary to assist the City Clerk in the performance of any duty imposed by the Charter or by the Council in connection with the conduct of any election.

The City Clerk shall post the results of such election in three (3) public places within the City. Within five (5) days after such posting, any registered voter of the

City may file a verified written protest with the City Clerk contesting the count of the ballots. The protest shall set forth specifically the following:

1. The elector's name and address.
2. The name of the person whose right to be nominated or elected for an office, stating the office, is being contested; or the proposition being contested.
3. The number of the precinct or precincts in which it is contested errors in the counting of ballots would, if corrected, give a different result.
4. A statement of particulars as to the errors claimed to have been made in the original count.
5. A demand for a recount of the ballots cast at such election in the specified precinct or precincts.
6. A deposit in an amount estimated by the City Clerk to cover the cost of the recount.

The City Clerk shall present the result of the canvass of the returns of the election, together with any and all protests, to the Council at its next regular meeting after the expiration of the time for filing such protests. Unless a protest has been filed, the Council shall accept the canvass of returns by the City Clerk as correct and shall publicly declare the result. When any such protest has been filed, the Council shall fix a time for such recount, not more than seven (7) days following the Council meeting, for the City Clerk to conduct a recount of the ballots in the specified precinct or precincts only and as to the specified office or proposition. Upon the completion of such recount the Council shall publicly declare the result. The action of the Council shall be final.

The Council shall be the judge of the qualifications of all the elective officers of the City.

SECTION 810. QUALIFICATION FOR ELECTIVE OFFICE. No person may assume or hold an elective office of the City unless he or she is a registered voter of the City.

SECTION 815. INITIATIVE, REFERENDUM AND RECALL. The provisions of the Elections Code of the State of California governing the exercise of the powers of initiative and referendum in cities and governing the exercise of the power of recall of municipal officers shall apply to the exercise of those powers in the City insofar as such provisions may be applicable and except as otherwise provided in this Charter, or as otherwise provided by the Council by ordinance.

Article 9. Vacancies

SECTION 900. VACANCIES. (a) A vacancy in the office of Council Member, from whatever cause shall be filled by appointment by the Council, such appointee to hold office until the next regularly scheduled municipal election; provided that if the Council fails to agree or for any other reason does not fill such vacancy within thirty (30) days after the same occurs, then such vacancy shall be filled by the Mayor. Should a vacancy occur after the opening of the filing period for election to the office of Council Member, or within thirty (30) days before the

beginning of such filing period, then the appointee shall hold office until the regularly scheduled election next following the one for which the filing period is called. Should the appointment be for an unexpired term which has two or more years remaining when the next regularly scheduled election occurs, then the candidate elected who receives the lesser number of votes, shall be deemed elected to the remaining term for which the appointment was made.

(b) If the seats of a majority of the Council shall become vacant, then the City Clerk shall call a special election at once to fill the vacancies for the unexpired terms and the same shall be conducted substantially in the manner provided for general municipal elections, and the candidates receiving the greatest number of votes, equal to the number of vacancies, shall be deemed elected.

(c) A vacancy on the Council shall occur if any member of the Council shall fail to attend any regular meeting of the Council for sixty (60) consecutive days without the permission of the Council, or shall fail to qualify, or shall move their place of residence outside the City, or shall cease to be an elector of the City, or shall resign, or be convicted of a felony, or be adjudged mentally incompetent.

Article 10.

Finances and Budget

SECTION 1000. FISCAL YEAR. [No change in current language]

SECTION 1005. BUDGET. On or before the first day of June the City Manager shall prepare, or have prepared, a proposed budget and submit it to the City Council with appropriate recommendations. The budget shall include estimates of the sources and uses of available funds for the following fiscal year. These estimates shall be compiled from detailed information obtained from the various departments. Terminology and classifications used shall be uniform in accordance with generally accepted accounting practices. The budget shall include:

1. An itemization of all anticipated revenues of the City.
2. A statement of the proposed use of funds for the following fiscal year.
3. Comparisons of current and prior year sources and uses of the funds.
4. The total amount of City debt outstanding.
5. A statement of the amounts which should be appropriated to pay all principal and interest payments on debts of the City and all its related entities.
6. An item to be known as "unappropriated balance" which sum shall be available for appropriation later in the fiscal year to meet contingencies which might arise.
7. A capital budget of proposed activities, developments, and improvements listed by category and specifying the anticipated sources of funding.
8. Such other information as may be required by the Council or which the City Manager may deem advisable to submit.

Sufficient copies of the proposed budget shall be prepared and printed that there be one (1) copy furnished each member of the Council and the City Clerk shall

have sufficient copies for the inspection of the public. The Council may also provide for the printing and issuing of the adopted budget.

The Council shall have the power to revise, correct, or modify the proposed budget in any particular.

After considering the proposed budget, the Council shall fix a time for holding a public hearing upon the proposed budget and shall publish notice of the time fixed for the hearing one (1) time in a newspaper of general circulation at least ten (10) days before the time of the hearing. After the hearing, the Council may further modify or correct the proposed budget, and shall by resolution, adopted by a majority of the members of the Council adopt the budget, and authorize the tax levy required to provide funding for those uses identified for the fiscal year less the amounts to be raised by bond issues and revenues collected or transferred from other sources.

At any meeting after the adoption of the budget, the Council, by majority vote, may amend or supplement the budget so as to authorize the transfer of unused balances appropriated for one purpose to another, or to appropriate available revenue not included in the annual budget at its passage.

SECTION 1010. MUNICIPAL BONDED INDEBTEDNESS. The incurring of any general obligation bonded indebtedness of the City shall require the votes of two-thirds (2/3) of the voters voting at a special election to be held for that purpose; provided, however, that when two (2) or more propositions for incurring any bonded indebtedness are submitted at the same election the votes cast for and against each proposition shall be counted separately and when two-thirds (2/3) of the voters voting on any one of such propositions vote in favor thereof such proposition shall be deemed adopted. Such special election may be consolidated with any municipal, county, state or other election.

Before or at the time of incurring such bonded indebtedness, provision shall be made as required by the Constitution of the State of California for the collection of an annual tax sufficient to pay the interest on such bonded indebtedness as it falls due and also to constitute a sinking fund for the payment of the principal on or before maturity. The Council may at any time use, for the payment of principal or interest of such bonds, revenues derived from sales or use taxes or any other revenues or income of the City not allocated to, set aside for, or required to be used for a special purpose or constituting a special or trust fund.

The provisions of this section shall not apply to revenue bonds issued pursuant to the provisions of the laws of the State of California or procedural ordinance of the City and payable solely from the revenues of a revenue producing system or facility of the City, and nothing in this section or elsewhere in this Charter shall authorize the use of any revenues of any revenue producing system or facility of the City in any manner or for any purpose contrary to a covenant or agreement contained in any ordinance, resolution or other proceeding (whether taken or adopted before or subsequent to the adoption of this section) authorizing the

issuance of revenue bonds payable from the revenues of such revenue producing system or facility.

SECTION 1015. DEPOSITS WITH TREASURER. [No change in current language]

SECTION 1020. PAYMENT OF CITY FUNDS. Despite any other provisions of this Charter, demands against the City shall be presented, numbered and allowed or disallowed and warrants shall be numbered, dated, issued and signed as prescribed by ordinance. No demand shall be allowed, approved, audited or paid unless it shall specify each item of the claim and the date submitted.

SECTION 1025. SURPLUS BOND MONEY. [No change in current language]

SECTION 1030. UNIFORM ACCOUNTS AND REPORTS. The City shall use a uniform chart of accounts, which shall be observed by all officers and departments of the City which receive or disburse City moneys.

SECTION 1035. INDEPENDENT AUDITOR. The Council shall employ an independent certified public accounting firm to annually provide a full scope audit of the books and records of all funds and entities of the City of Burbank, and present its report to the City.

SECTION 1040. FINANCIAL REPORTS. [No change in current language]

SECTION 1045. APPROVING ILLEGAL CLAIMS. [No change in current language]

Article 11.

Board of Education

SECTION 1100. BOARD OF EDUCATION. (a) The control of the public schools of the City of Burbank, including the whole of the Burbank Unified School District, shall be vested in a Board of Education, which shall consist of five (5) members elected at large.

(b) The members of the Board of Education shall be elected in the manner provided by this Charter and shall serve for a term of four (4) years.

(c) The powers and duties of the Board of Education shall be such as are prescribed by the Constitution and laws of the State of California, and shall include the power to submit to the voters at any election any proposition or question required or authorized to be so submitted by the Constitution of the State of California, the law, or by this Charter; provided, that in case such proposition or question is required by the Constitution, law, or Charter, to be submitted at a special or other particular kind of election, it shall be so submitted, and not otherwise.

Article 12.

Purchasing, Contracts, Franchises, Improvements and Property

SECTION 1200. PUBLIC IMPROVEMENTS AND STREET WORK. All public improvements, including the improving, widening, opening, extending,

and closing of streets, lanes, or alleys, may be done and made in pursuance of the general laws of the state or procedure ordinances adopted by the Council or the voters, and the whole or any portion of the cost of such improvements paid out of the City treasury or assessed on the property fronting on the improvement, or the district or lands benefited.

SECTION 1205. CONTRACT WORK AND PURCHASES. (a) Contract Work. Every contract involving an expenditure of City moneys over an amount set by Ordinance for public works construction shall be let to the lowest responsible bidder after notice by publication in a newspaper of general circulation by two (2) insertions, the first of which shall be at least ten (10) days before the time for opening bids. In the case of an emergency, as established by Ordinance, such contracts may be awarded without advertising for bids and without Council approval. The Council shall have the right to waive any informality or minor irregularity in a bid. The City Manager may reject any and all bids presented and, in his or her discretion, may readvertise for bids, or recommend to the Council to dispense with competitive bidding. If the Council determines to dispense with competitive bidding, it shall do so by resolution, finding that it is in the best interests of the City.

(b) Purchases of Supplies, Materials, Equipment and Services Generally. Before making any purchase of, or contract for, supplies, materials, equipment or services (other than professional or contractual services which are, in their nature, unique and not subject to competitive bidding), the City Manager or a designated representative shall provide for competitive bidding under such definitions, conditions, terms, rules and regulations and with such exceptions as the Council shall prescribe by ordinance.

SECTION 1210. ILLEGAL AND VOID CONTRACTS. No officer or employee of the City shall have an interest in any contract or be the purchaser at any sale or the vendor at any purchase to which the City is a party, except to the extent permitted by state law as now or hereafter provided.

No officer or employee of the City shall aid or assist a bidder in securing a contract to furnish labor, material or supplies at a higher price or rate than that proposed by any other bidder, or favor one bidder over another, giving or withholding information or willfully mislead any bidder in regard to the character of the materials or supplies called for, or knowingly accept materials or supplies of a quality inferior to that called for by the contract, or knowingly certify to a greater amount of labor performed than has actually been performed, or to the receipt of a greater amount of material or supplies than has actually been received.

If at any time it shall be found that the person, firm or corporation to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties, then the contract so awarded shall, if the City so elect, be null and void and the contractor and its bondsmen shall be liable to the City for all loss or damage which the City may suffer due to such violation. In that event the Council may advertise again for bids for the work or supplies.

Any officer or employee violating any of the provisions of this section shall be guilty of a misdemeanor and shall be immediately expelled from office or employment by the officer or board responsible for employment, and the contract or transaction may be voided at the option of the Council.

SECTION 1215. FRANCHISES. Every franchise or privilege to construct, maintain, or operate any railroad, or other means of transportation in or over any street or highway, or to lay pipes or conduits, or erect poles or wires or other structures in or across any street or highway for the transmission of gas, electricity, or other commodity, or for the use of public property or places now or hereafter belonging to the City, shall be granted under and in pursuance of the provisions of this Charter, any applicable City ordinances, resolutions or policies and the general laws of the state relating to the granting of such franchises or privileges. The Council may place any condition on such franchise or privilege consistent with the California Constitution, general laws and this Charter.

SECTION 1220. DISPOSITION OF REAL PROPERTY. Any real property owned by the City of Burbank which has been or which may be dedicated to City use, and which is determined by a majority of the Council to be unsuitable or impractical for continued City use, may be sold or leased, either in whole or in part, under such terms and conditions and such procedure as the Council may by ordinance prescribe; and the proceeds of such sale or lease shall be paid into the City Treasury.

Article 13.

Official Records and Official Notices

SECTION 1300. OFFICIAL RECORDS. [No change in current language]

SECTION 1305. NEWSPAPER ADVERTISING. The publication of all ordinances and other legal notices of the City shall be made in a newspaper of general circulation published in the County of Los Angeles which has a substantial distribution to paid subscribers in the City, unless otherwise required by law.

The publication of every ordinance shall be complete if a notice of the ordinance is published which contains the full title, number and date of the ordinance, a brief synopsis of the content of the ordinance and the statement that a copy of the ordinance is on file and available for public inspection in the office of the City Clerk.

Article 14.

Amendment

SECTION 1400. CHARTER AMENDMENTS. This Charter may be amended pursuant to the procedure set forth in the Constitution and laws of this state.

Not more than five (5) years following completion of the previous Charter review or the completion of the citizen committee review as provided in this paragraph, whichever is most recent, the Council shall appoint a citizen committee of

five (5) members, one (1) appointed by each Council Member, to consider the Charter and advise the Council whether a comprehensive Charter review is necessary. The committee may recommend a full review, a limited, focused review, or no review. Upon such recommendation the Council may appoint a full Charter Review Committee, the number and appointments of which shall be determined by the Council, to determine what, if any, Charter changes should be placed before the voters.

From time to time the Council may also place other proposed Charter changes before the voters.

Article 15.

Continuation of Previous Ordinances and Contracts; Constitutionality

SECTION 1500. CONTINUING ORDINANCES IN FORCE. All lawful ordinances, resolutions and regulations in force at the time this Charter shall take effect, and which are consistent with its provisions, are hereby continued in force until they shall have been duly amended, repealed or superseded.

SECTION 1505. CONTINUING CONTRACTS IN FORCE. [No change in current language]

SECTION 1510. CONSTITUTIONAL CLAUSE. If any section, subsection, sentence, clause or phrase of this Charter is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Charter. The people of the City of Burbank hereby declare that they would have ratified and adopted, and the Legislature hereby declares that it would have approved this Charter and each section, subsection, sentence, clause and phrase of this Charter, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Date of Election: April 10, 2007.

Charter Chapter 13—City of Vista

Charter of the City of Vista

[Filed with the Secretary of State June 13, 2007.]

PREAMBLE

WE THE PEOPLE of the City of Vista declare our intent to restore to our community the historic principles of self-governance inherent in the doctrine of home-rule. Sincerely committed to the belief that local government has the closest affinity to the people governed, and firm in the conviction that the economic and fiscal independence of our local government will better serve and promote the health, safety and welfare of all the citizens of this City, we do hereby exercise the

express right granted by the Constitution of the State of California to enact and adopt this Charter for the City of Vista.

CHARTER

Article 1

Municipal Affairs

Section 100. Municipal Affairs

Each of the responsibilities of governance set forth and described in this Charter, and as established by the Constitutional, statutory and judicially defined law of the State of California, is hereby declared to be a municipal affair or concern, the performance of which is unique to the benefit of the citizens of the City of Vista.

Section 101. Powers

The City shall have all powers that a City can have under the Constitution and laws of the State of California as fully and completely as though they were specifically enumerated in this Charter. The enumeration in this Charter of any particular power, duty or procedure shall not be held to be exclusive of, or any limitation or restriction upon, this general grant of power.

Section 102. Incorporation and Succession

The City shall continue to be a municipal corporation known as the City of Vista. The boundaries of the City of Vista shall continue as now established until changed in the manner authorized by law. The City shall remain vested with and shall continue to own, have, possess, control and enjoy all property rights and rights of action of every nature and description owned, had, possessed, controlled or enjoyed by it at the time this Charter takes effect, and is hereby declared to be the successor of same. It shall be subject to all debts, obligations and liabilities, which exist against the City at the time this Charter takes effect. All lawful ordinances, resolutions, rules and regulations, or portions thereof, in force at the time this Charter takes effect and not in conflict with or inconsistent herewith, are hereby continued in force until the same have been duly repealed, amended, changed or superseded by proper authority.

Article 2

Form of Government

Section 200. Form of Government

The municipal government established by this Charter shall be known as the “Council-Manager” form of government. The City Council will establish the policy of the City and the City Manager will carry out that policy.

Article 3

Fiscal Matters

Section 300. Public Works Contracts

The City is exempt from the provisions of all California statutes regulating public contracting and purchasing except as provided by ordinance or by agreement approved by the City Council. The City shall establish all standards, procedures, rules or regulations to regulate all aspects of public contracting.

Section 301. Economic and Community Development

The City shall encourage, support, and promote economic development and community development in the City.

Article 4

Revenue Retention

Section 400. Reductions Prohibited

Revenues raised and collected by the City shall not be subject to subtraction, retention, attachment, withdrawal or any other form of involuntary reduction by any other level of government.

Section 401. Mandates Limited

No person, whether elected or appointed, acting on behalf of the City, shall be required to perform any function which is mandated by any other level of government, unless and until funds sufficient for the performance of such function are provided by said mandating authority.

Article 5

General Laws

Section 500. General Law Powers

In addition to the power and authority granted by the terms of this Charter and the Constitution of the State of California, the City shall have the power and authority to adopt, make, exercise and enforce all legislation, laws and regulations and to take all actions and to exercise any and all rights, powers, and privileges heretofore or hereafter established, granted or prescribed by any law of the State of California or by any other lawful authority. In the event of any conflict between the provisions of this Charter and the provisions of the general laws of the State of California, the provisions of this Charter shall control.

Article 6

Interpretation

Section 600. Construction & Interpretation

The language contained in this Charter is intended to be permissive rather than exclusive or limiting and shall be liberally and broadly construed in favor of the exercise by the City of its power to govern with respect to any matter which is a municipal affair.

Section 601. Severability

If any provision of this Charter should be held by a court of competent jurisdiction to be invalid, void or otherwise unenforceable, the remaining provisions shall remain enforceable to the fullest extent permitted by law.

Certified to be a true copy by Morris B. Vance, Mayor, and Marci Kilian, City Clerk.

Date of Municipal Election: June 5, 2007.

Charter Chapter 14—City of Solvang

Charter of the City of Solvang

[Filed with the Secretary of State June 28, 2007.]

PREAMBLE

We the people of the City of Solvang declare our intent to restore our community to the historic principles of self-governance inherent in the doctrine of home-rule. Sincerely committed to the belief that local government has the closest affinity to the people governed, and firm in the conviction that the economic and fiscal independence of our local government will promote the health, safety and welfare of all the citizens of this City, we do hereby exercise the express right granted by the Constitution of the State of California to enact and adopt this Charter for the City of Solvang.

ARTICLE I.

MUNICIPAL AFFAIRS

Section 100. Municipal Affairs.

The City shall have full power and authority to adopt, make, exercise and enforce all legislation, laws, and regulations and to take all actions relating to municipal affairs, without limitation, which may be lawfully adopted, made, exercised, taken or enforced under the Constitution of the State of California. Without limiting in any manner the foregoing power and authority, each of the powers, rights, and responsibilities described in this Charter is hereby declared to be a municipal affair, the performance of which is unique to the benefit and welfare of the citizens of the City of Solvang.

Section 101. Incorporation and Succession.

The City of Solvang, in the County of Santa Barbara, State of California, shall continue to be a municipal corporation under its present name City of Solvang. The boundaries of the City of Solvang shall continue as now established until changed in the manner authorized by law. The City of Solvang shall remain vested with and shall continue to own, have, possess, control and enjoy all property rights of property and rights of action of every nature and description owned, had, possessed, controlled or enjoyed by it at the time this Charter takes effect, and is hereby declared to be the successor of same. It shall be subject to all debts, obligations and liabilities, which exist against the municipality at the time this Charter takes effect. All lawful ordinances, resolutions, rules and regulations, or portions thereof, in force at the time this Charter takes effect and not in conflict with or inconsistent herewith, are hereby continued in force until the same have been duly repealed, amended, changed or superseded by proper authority.

Section 102. No Increased Power to Tax.

The citizens of Solvang, being ever mindful of the increasing tax burden upon them, confer no increased power to tax upon the City. The City of Solvang shall have only that power to tax allowed to general law cities.

ARTICLE II.
CONTRACTS, PUBLIC FINANCING AND FRANCHISES

Section 200. Public Works Contracts.

Except as provided by ordinance or by agreement approved by the City Council, the City of Solvang, as a Charter City, is exempt from the provisions of the California Public Contract Code. The City shall have the power to establish standards, procedures, rules or regulations to regulate all aspects of the bidding, award and performance of any public works contract, including, but not limited to, the compensation rates to be paid for the performance of such work. The City shall have the power to accept gifts and donations, including donations of material and labor, in the construction of any public works project. The City shall have the power to perform any work of improvement by use of its own forces and is not required to contract for the construction of works of public improvement. The City may also contract with other public agencies for the construction of works of public improvement.

Section 201. Purchasing.

The City shall have the power to establish standards, procedures, rules or regulations related to the purchasing of goods, property, or services, including, but not limited to, the establishment of local preferences.

Section 202. Public Financing.

The City shall have the power to establish standards, procedures, rules or regulations related to any public financing.

Section 203. Utility Franchises.

The City shall have the power to adopt any ordinance providing for the acquisition, development, or operation by the City of any utility, or any ordinance providing for the granting of a franchise to any utility not owned by the City which proposes to use or is using City streets, highways or other rights-of-way.

ARTICLE III.
REVENUE RETENTION

Section 300. Reductions Prohibited.

Any revenues raised and collected by the City shall not be subject to subtraction, retention, attachment, withdrawal or any other form of involuntary reduction by any other level of government.

Section 301. Mandates Limited.

No person, whether elected or appointed, acting on behalf of the City, shall be required to perform any function which is mandated by any other level of government, unless and until funds sufficient for the performance of such function are provided by said mandating authority.

ARTICLE IV.
GENERAL LAWS

Section 400. General Law Powers.

In addition to the power and authority granted by the terms of this Charter and the Constitution of the State of California, the City shall have the power and authority to adopt, make, exercise and enforce all legislation, laws and regulations and to take all actions and to exercise any and all rights, powers, and privileges heretofore or hereafter established, granted or prescribed by any law of the State of California or by any other lawful authority. In the event of any conflict between the provisions of this Charter and the provisions of the general laws of the State of California, the provisions of this Charter shall control.

ARTICLE V.
INTERPRETATION

Section 500. Construction and Interpretation.

The language contained in this Charter is intended to be permissive rather than conclusive or limiting and shall be liberally and broadly construed in favor of the exercise by the City of its power to govern with respect to any matter, which is a municipal affair.

Section 501. Severability.

If any provision of this Charter should be held by a court of competent jurisdiction to be invalid, void or otherwise unenforceable, the remaining provisions shall remain enforceable to the fullest extent permitted by law.

ARTICLE VI.
ELECTIVE OFFICIALS

Section 601. Enumeration.

The elective officers of the City of Solvang shall be a Mayor and four (4) Council members each of whom, including the Mayor, shall have the right to vote on all questions coming before the Council.

Section 602. Election at Large.

The Mayor shall be elected at the general municipal election on a general ticket from the City at large. The Council members shall be elected at the general municipal election from the City at large, two (2) being selected biennially.

Section 603. Eligibility for Office.

Eligibility for such elected offices shall be as mandated by general law.

Section 604. Terms of Office.

The term of the Mayor shall be two (2) years, and the terms of the Council members shall be four (4) years. Terms shall commence on the first regular Council meeting in December following the election and each shall serve until a successor is elected or appointed and qualified. Ties in voting shall be settled by the casting of lots. The office of each member of the Council, including the office of the member who is Mayor, is a separate office to be filled separately. Any incumbent member of the Council may run for the office of Mayor, and the Mayor may run

for the office of Mayor or for any other seat on the Council for which the Mayor is otherwise eligible; however, no member of the Council shall hold more than one seat, and no person may be a candidate for more than one seat or office. The first general election for Mayor shall take place in the general election in November 2008. Until that time, the current policy of rotation shall govern the selection of the Mayor amongst the regularly elected or appointed Council members.

Section 605. Mayor—Powers and Duties.

The Mayor shall preside at all meetings of the City Council and perform such other duties consistent with the office as may be imposed by the Council or by the vote of the people. The Mayor shall be entitled to vote, and must vote when present, except as prohibited by State law, but shall possess no veto power. As presiding officer of the Council the Mayor will faithfully communicate the will of the Council majority to the Administrative Officers in matters of policy. The Mayor shall be recognized as the official head of the City for all ceremonial purposes.

ARTICLE VII. OFFICE OF SPECIAL CITY AUDITOR

Section 700. Creation of Office.

The office of Special City Auditor is hereby established. The Special City Auditor shall be appointed by the Council. Each such appointment shall be made on a case-by-case basis as determined by the City Council from time to time. The Special City Auditor shall be qualified to investigate issues as directed by the City Council and shall be compensated at such times and such amounts as may be determined by the City Council.

The Special City Auditor shall have the following powers and duties:

(a) Conduct special audits and investigations as assigned by the City Council. “Special audits” and “investigations” mean assignments of limited scope, intended to determine: (1) The accuracy of information provided to the City Council. (2) The costs and consequences of recommendations made to the City Council. (3) Other information concerning the performance of City departments, offices, or agencies as requested by the Council.

Section 701. Auditor’s Right of Access.

The Special City Auditor shall have access to, and authority to examine any and all documents, including but not limited to books, accounts, internal memoranda, writings and tapes, reports, vouchers, correspondence, files and other records, bank accounts, money and other property of any City department, office or agency, whether created by the Charter or otherwise, with the exception of the office of any elected official. It is the duty of any officer, employee or agent of the City having control of such records to permit access to, and examination thereof, upon the request of the Special City Auditor or his or her authorized representative. It is also the duty of any such officer, employee or agent to fully cooperate with, and to make full disclosure of all pertinent information.

Certified to be a true copy by Eugene J. Boyle, Jr., Mayor, and Mary Ellen Rio, City Clerk.

Date of City Election: November 7, 2006.

Charter Chapter 15—City of Sunnyvale

Amendments to the Charter of the City of Sunnyvale

[Filed with the Secretary of State November 28, 2007.]

Section 601 of Article VI of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 601. Term and Election. Each member of the City Council shall be elected from the City at large at the General Municipal Election for a term of four years. The term shall commence at the first regular meeting in January, at which the City Council shall certify the election results, and shall continue until a successor is elected and qualified.

The office of each member of the Council is a separate elective office to be separately filled at any election.

The person receiving the highest number of all the votes cast for a particular elective office at any election shall be deemed and declared elected to that office.

Each Council seat shall be designated by a number from 1 through 7 and shall be known as “Councilmember Seat Number ____.” The designation given to each elective office shall be used in all elections, nomination papers, certificates of election, and all other papers pertaining to such office, and to designate the incumbent of such office.

Seats numbered 1, 2, and 3 shall be filled at the General Municipal Election held in 1977 and every fourth year thereafter. Seats numbered 4, 5, 6, and 7 shall be filled at the General Municipal Election held in 1979 and every fourth year thereafter.

Section 602 of Article VI of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 602. Qualifications. No person shall be eligible to hold office as a member of the City Council unless he/she shall be a registered voter of the City at the time of his/her nomination or appointment.

No person shall be a candidate for more than one elective office.

No incumbent member of the Council shall be a candidate for a Council seat other than the one which that person then holds.

No person shall be eligible to serve as a member of the Council for more than two (2) successive four-year elective terms. Any person who has served two (2) successive four-year elective terms shall not serve again until at least four (4) years have passed since that person last held office. Any person who fills an unexpired term of not more than two years in length shall, however, be eligible to serve

two (2) successive four-year terms after the expiration of the unexpired term which he/she filled. Any person who serves a four (4) year elective term and is either not re-elected or does not run for re-election for a second successive term is eligible to serve after two (2) years have passed since that person last held office as a councilmember but is not eligible to run for a second successive term. Any person may serve as a councilmember for eight (8) years in any twelve (12) year period, unless appointed to serve an unexpired term of less than two (2) years in length as provided in this section.

Section 605 of Article VI of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 605. Presiding Officer. Mayor. At the first regular meeting in January, at which the City Council shall certify the election results, following each General Municipal Election, and at the first regular meeting in January every two years thereafter, the City Council shall select one of its members as its presiding officer, who shall have the title of Mayor. Such selection shall be by motion of the City Council. The Mayor shall have a voice and vote in all its proceedings. He/she shall be the official head of the City for all ceremonial purposes. He/she shall perform such other duties as may be prescribed by this Charter or as may be imposed by the City Council consistent with his/her office. The Mayor shall serve in such capacity for a term of two (2) years from and after which the appointment is made, and until a successor is selected; provided, that a person can continue to serve in the capacity of Mayor only while that person remains as a member of the City Council. In the event of a vacancy in the office of Mayor, the City Council shall select one of its members to serve as Mayor for the remainder of the unexpired term.

The Mayor may be removed from such office prior to expiration of his/her term by a motion of the City Council adopted by the affirmative votes of at least five members of the City Council.

Section 606 of Article VI of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 606. Vice Mayor. At the first regular meeting in January, at which the City Council shall certify the election results, following each General Municipal Election, and the first regular meeting in January in odd-numbered years, the City Council shall also designate one of its members as Vice Mayor. The Vice Mayor shall perform the duties of the Mayor during his/her absence or disability.

Section 610 of Article VI of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 610. Place of Meetings. All meetings shall be convened in the Council Chambers of the City Hall, or at such other location as has been legally noticed, but may be thereafter adjourned to such other location as may be selected by the City Council. All meetings of the City Council shall be open to the public; with the exception of closed sessions as authorized by law. If, by reason of fire,

flood or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place as is designated by the Mayor, or, if he/she should fail to act, by four members of the City Council.

Section 612 of Article VI of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 612. Election and Qualification of Council Members. The City Council shall judge the qualifications of its members as required by Section 602 of the Charter and shall certify all election returns.

Section 613 of Article VI of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 613. Proceedings. The City Council shall establish rules for the conduct of its proceedings and may sanction members or other persons for disorderly or improper conduct at any meeting. It shall have the power and authority to compel the attendance of witnesses, to examine them under oath, and to compel the production of evidence before it. Subpoenas may be issued in the name of the City and be attested by the City Clerk. Disobedience of such subpoenas, or the refusal to testify (upon other than constitutional grounds), shall constitute a misdemeanor.

The City Clerk shall cause the publication, in a newspaper widely circulated within the City, or on a City Website accessible through Internet or other appropriate technology, of items listed on the agenda prepared for regular meetings of the City Council which the City Manager shall deem of significance or of interest to the residents of Sunnyvale. Such publication or Internet distribution shall be in accordance with procedures which shall be established by ordinance of the City Council, and shall be designed to provide reasonable public notice in a manner which will permit current information to be disseminated widely within the City. In addition, the City Clerk shall furnish the City Library with at least two (2) sets of packets containing materials in support of agenda items at the same time that such materials are made available to the members of the City Council; confidential or otherwise privileged materials shall be excluded therefrom. Nothing contained in this section shall prevent the City Council from taking action on any item not shown on such agenda, nor shall failure to comply with any provision of this section invalidate any action taken by the City Council.

The City Clerk shall keep an accurate record of all its proceedings and, at the demand of any member, or upon the adoption of any ordinance or resolution for the payment of money, the City Clerk shall call the roll and shall cause the “ayes” and “noes” taken on any question, to be entered in the minutes of the meeting. In any event, the City Clerk shall keep such records and shall make such entries into the minutes of the meetings necessary for publication or Internet distribution in accordance with the provisions set forth below.

The City Clerk shall cause the publication or Internet distribution of the minutes of the regular and special meetings of the City Council or of the digest of those

actions taken at such meetings which the City Manager shall deem of significance or of interest to the residents of Sunnyvale, excepting therefrom matters which may not be disclosed as a result of recognized legal privileges. Such publication or Internet distribution shall be in accordance with the procedures established by ordinance, pursuant to this section, for the publication of the City Council agenda.

Such publication or Internet distribution shall occur within a reasonable time after such meetings. The minutes or the digest of the actions taken, as hereinabove described, shall include but not be limited to a description of the items of the agenda acted upon in sufficient detail to inform the public of the nature of the action taken, the vote on such items and the names of the members of the Council voting for or against each item. Absences, together with abstentions and the reasons therefor shall also be published.

Section 703 of Article VII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 703. Ordinances. Publication. The City Clerk shall cause each ordinance to be published at least once within fifteen (15) days after its adoption in accordance with procedures established by ordinance of the City Council for the publication of legal notices, or, as an alternative method of publication, the Council, in its discretion, may order copies of any ordinance to be posted in three (3) prominent places in the City and posted to the City Website using Internet or other appropriate technology, together with a single publication of a notice setting forth the date of adoption, the title of the ordinance and a list of the places where copies of such ordinance are posted.

Section 708 of Article VII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 708. Publishing of Legal Notices. The City Council shall adopt, by ordinance, procedures for the publication of notices or other matter required, by law, to be published. Such procedures shall comply with such requirements of law as are binding upon chartered cities and, consistent with such laws, shall be designed to provide reasonable public notice, taking into consideration factors including, but not limited to, the desire to provide widespread dissemination of public notice, schedule of publication to ensure currency of notice, cost, and convenience. Such procedures may include alternative means of giving legal notice, such as posting, including posting to the City Website using Internet or other appropriate technology, where publication is not feasible and where such alternative methods are permitted by law. Such procedures may provide that failure to comply with the procedures shall not invalidate any action taken. Any reference in this Charter or any other provision of law to publication in the official newspaper shall be deemed satisfied by publication in accordance with the procedures established by ordinance pursuant to this section.

Section 800 of Article VIII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 800. Appointment. The City Manager shall be chosen by the City Council on the basis of his/her executive and administrative qualifications, and need not be a resident of the City or State at the time of his/her appointment, but he/she shall be strongly encouraged to reside within the City during his/her tenure of office. No City Councilmember shall receive such an appointment during the term for which he/she shall have been elected, nor within two years thereafter.

Section 802 of Article VIII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 802. Powers and Duties. The City Manager shall be the chief executive officer and the head of the administrative branch of the City government. He/she shall be responsible to the City Council for the proper administration of all affairs of the City and to that end, subject to the personnel provisions of this Charter, he/she shall have power and shall be required to:

(1) Appoint and remove, subject to the Civil Service provisions of this Charter, all officers and employees of the City, except as otherwise provided by this Charter, and except as he/she may authorize the head of a department or office to appoint and remove subordinates in such department or office;

(2) Prepare the budget annually and submit it to the City Council and be responsible for its administration after adoption. City boards and commissions shall be given the opportunity to review the annual budget and make recommendations to the City Council;

(3) Prepare and submit to the City Council as of the end of the fiscal year a complete report on the finances and administrative activities of the City for the preceding year;

(4) Keep the City Council advised of the financial condition and future needs of the City and make such recommendations as may seem to him/her desirable;

(5) Make investigations into the affairs of this City, or any department or division thereof, or any contract, or the proper performance of any obligation running to the City;

(6) Submit to the City Council, at each meeting for its approval, the list of all claims and bills approved for payment by him/her; and

(7) Perform such other duties as may be prescribed by this Charter or required of him/her by the City Council, not inconsistent with this Charter.

Section 803 of Article VIII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 803. Rules and Regulations. The City Manager may prescribe such general rules and regulations as he/she may deem necessary or expedient for the general conduct of the administrative offices and departments of the City under his/her jurisdiction.

Section 804 of Article VIII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 804. Manager Pro Tempore. The City Manager shall appoint, subject to the approval of the City Council, one of the other officers of the City to

serve as Manager Pro Tempore during any absence or disability of the City Manager for a period exceeding two (2) weeks.

Section 806 of Article VIII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 806. Removal of the City Manager. The City Council shall appoint the City Manager for an indefinite term and may remove him/her, with or without cause, by a majority vote of its members.

Section 903 of Article IX of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 903. City Clerk. Powers and Duties. The City Clerk shall be appointed by the City Manager and, subject to supervision and direction from the City Manager, be required to:

(a) Attend all meetings of the City Council and be responsible for the recording and maintaining of a full and true record of all the proceedings of the City Council in books that shall bear appropriate titles and be devoted to such purpose;

(b) Maintain separate books, in which shall be recorded respectively all ordinances and resolutions, with the certificate of the Clerk annexed to each thereof stating the same to be the original or a correct copy, and as to an ordinance requiring publication, stating that the same has been published or posted in accordance with this Charter;

(c) Maintain separate books, in which a record shall be made of all written contracts and official bonds;

(d) Keep all aforementioned books properly indexed and open to public inspection when not in actual use;

(e) Be the custodian of the seal of the City;

(f) Administer oaths or affirmations, take affidavits, and depositions pertaining to the affairs and business of the City, and certify copies of official records; and

(g) Have charge of all City elections.

Section 908 of Article IX of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 908. City Attorney. There shall be a City Attorney appointed by the City Council. The City Attorney shall serve at the pleasure of the City Council and may be removed, with or without cause, by motion of the City Council adopted by at least four affirmative votes. To become eligible for appointment as City Attorney, the appointee shall have been admitted to practice as an attorney at law before the Supreme Court of the State of California, and shall have been engaged in the practice of law for at least seven years prior to his/her appointment. The City Attorney shall have power and be required to:

(a) Represent and advise the City Council and all City officers in all matters of law pertaining to their offices;

(b) Represent and appear for the City, its Council, boards and commissions, in any or all legal actions or proceedings in which they or any of them are concerned or are a party.

Upon request of a current or former officer or employee of the City, defend such officer or employee in any legal action or proceeding brought against him/her, in his/her official or individual capacity, or both, on account of an act or omission in the scope of his/her employment as an officer or employee of the City, whenever the City is required by the General Laws of the State of California to provide such defense or whenever the Council elects to provide such defense even though not required to so do. Provided, however, that the City Attorney may refuse to provide such defense whenever, in his/her opinion, his/her providing such defense would conflict with his/her other duties or responsibilities, in which event the City, if required by the General Laws of the State of California to provide such defense or if it elects to provide such defense though not required by the General Laws to do so, shall provide other legal counsel for such purpose.

(c) Attend meetings of the City Council and give his/her advice or opinion in writing or appropriate electronic format whenever requested to do so by the City Council, or by any of the boards or officers of the City;

(d) Approve the form of all bonds given to and all contracts made by the City, endorsing his/her approval thereon in writing;

(e) Prepare any and all proposed ordinances or resolutions for the City, and amendments thereto;

(f) Prosecute on behalf of the people all criminal cases for violation of this Charter and of City ordinances;

(g) On vacating the office, surrender to his/her successor all books, papers, files and documents pertaining to the City's affairs;

(h) Perform such other legal functions and duties incident to the execution of the foregoing powers as may be necessary, and perform such other legal services as may be required by the City Council, or imposed by law.

The City Attorney shall have control of all legal business and proceedings and, subject to contracting requirements and budget constraints, may employ other attorneys, appraisers and other technical and expert services to assist with or to take charge of any litigation or matter. No City employee may retain or contract with outside legal counsel for City business without the prior approval and supervision of the City Attorney.

Section 1002 of Article X of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 1002. Appointments. Qualifications. Except as otherwise provided in this Article:

The members of each board or commission shall be appointed, and shall be subject to removal, by motion of the City Council adopted by at least four affirmative votes.

No member of any board or commission shall be eligible to serve for more than two consecutive four-year terms nor shall such member be eligible for appointment to the same board or commission for two years after the expiration of the second full term for which the member was appointed and served. Any person appointed

to a board or commission to fill an unexpired term of not more than two years in length shall be eligible to serve two full four-year terms upon the expiration of the unexpired term for which such person was appointed.

Any person appointed to a board or commission shall be immediately eligible, upon the expiration of their term or resignation prior to completion of their term if appointed to a different board or commission, to serve on a different board or commission. The Council shall consider whether appointment of a person on a board or commission to serve on a different board or commission is in the best interest of the City.

Unless otherwise provided, the members first appointed to boards and commissions composed of four members shall so classify themselves by lot that each succeeding July 1st, the term of one of their number shall expire. If the total number of the members of a board or commission to be appointed exceeds four, the classification by lot shall provide for the grouping of terms to such an extent as is necessary in order that the term of at least one member shall expire on each succeeding July 1st.

Section 1003 of Article X of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 1003. Terms. Except as otherwise provided in this Article, the members of such boards and commissions shall be eligible to serve no more than two successive terms on the same board or commission. For purposes of this section, terms are deemed successive if the commencement of one term occurs less than two years from the expiration of the other. No person having served two such successive terms shall be eligible for appointment to that same board or commission for two years following expiration of the second successive full term for which the member was appointed and served. Any person appointed to any of said boards or commissions to fill an unexpired term of not more than two years in length shall, however, be eligible to serve two successive four-year terms on the same board or commission upon expiration of the unexpired term for which such person was appointed. However, two nonconsecutive full terms shall be deemed successive if the member served an unexpired term of less than two years between the full terms, unless two years passed between the commencement or expiration of the member's partial term and either of the full terms.

Section 1007 of Article X of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 1007. Personnel Board. There shall be a Personnel Board consisting of five members to be appointed by the City Council. To be eligible for appointment, each appointee shall neither hold public office or employment nor be a candidate for any other public office or position, nor be a former City employee.

The members of the Personnel Board shall be selected and appointed in the following manner: three of the members shall be appointed by the City Council directly. Two of the members shall be appointed by the City Council from a list of

five persons to be nominated by election of the employees in the Classified Service. If the employees in the Classified Service do not nominate one or more persons to fill a vacancy for the employee-nominated seats within six (6) months of written notification, the City Council may appoint the person directly to fill the vacancy.

The successor of any member of the Board shall be appointed in the same manner as such member was appointed.

All persons appointed shall be registered voters of the City and shall maintain their principal place of residence within the City at the time of their appointment. If at any time during their term any member of the board shall cease to be an elector of the City or shall cease to maintain their principal place of residence within the City, then such person shall become ineligible to continue to serve as a member of the board and said position shall be declared vacant by the City Council.

Section 1012 of Article X of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 1012. Parks and Recreation Commission. Powers and Duties. The Parks and Recreation Commission shall have power to act in an advisory capacity to the City Council in all matters pertaining to parks, recreation, playgrounds and entertainment.

Section 1014 of Article X of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 1014. Board of Library Trustees. Powers and Duties. The Board of Library Trustees shall have power to:

(a) Act in an advisory capacity to the City Council and City Librarian in all matters pertaining to the City Library; and

(b) Exercise such other functions as now or hereafter may be prescribed by the City Council and which do not conflict with the provisions of this Charter.

Section 1302 of Article XIII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 1302. Budget. Submission to City Council. At least thirty-five days prior to the beginning of each fiscal year, the City Manager shall submit to the City Council the proposed budget as prepared by him/her. Said budget shall be a balanced 10-year budget, reflect a minimum of 10 years long-range financial planning, and include a multi-year operating and capital budget in accordance with the Fiscal Sub-Element of the City's General Plan. The budget shall depict planned City expenditures and revenues, as well as their relationship to the levels of service planned to be provided to the community. Financial efficiency and effectiveness measures shall be included, as well as historical trend data regarding past financial performances at the program budget level, at a minimum. The budget shall contain graphs/charts as appropriate to communicate both short-term and long-term impacts of the proposed budget to enable the Council to carry out its fiduciary responsibilities. After reviewing the same and making such revisions as it may deem advisable, the City Council shall determine the time for the holding

of a public hearing thereon and shall cause to be published a notice thereof not less than ten days prior to said hearing, by at least one insertion in the official newspaper.

Copies of the proposed budget shall be available for inspection by the public in the office of the City Clerk at least ten days prior to said hearing.

Section 1305 of Article XIII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 1305. Budget. Appropriations. From the effective date of the budget, the several amounts stated therein as proposed expenditures shall be and become appropriated to the several departments, offices and agencies for the respective objects and purposes therein named. All appropriations shall lapse at the end of the fiscal year to the extent that they shall not have been expended or lawfully encumbered. However, approved appropriations for Capital Improvement Projects shall not lapse at the end of the fiscal year unless the Capital Improvement Project has been completed and closed out or the City Council takes affirmative action to modify the budget appropriation for the Capital Improvement Project.

At any meeting after the adoption of the budget, the City Council may amend or supplement the budget by motion adopted by the affirmative votes of at least four members so as to authorize the transfer of unused balances appropriated for one purpose to another purpose, or to appropriate available revenue not included in the budget.

Section 1309 of Article XIII of the Charter of the City of Sunnyvale is amended, to read as follows:

Section 1309. Contracts on Public Works. Every project involving an expenditure of more than an amount to be determined from time to time by ordinance of the City Council, for the construction or improvement (excluding maintenance and repair) of public buildings, works, streets, drains, sewers, utilities, parks and playgrounds, shall be let to the lowest responsive and responsible bidder after notice of publication in the official newspaper by one or more insertions, the first of which shall be at least ten days before the time for opening bids.

The City Council may reject any and all bids presented and may readvertise in its discretion.

The City Council, without advertising for bids, or after rejecting bids, or if no bids are received, may declare and determine that, in its opinion, the work in question may be performed better or more economically by the City with its own employees, and after adoption of a resolution to this effect by at least four affirmative votes it may proceed to have said work done in the manner stated, without further observance of the provisions of this section. Such contracts likewise may be let without advertising for bids, if such work shall be deemed by the City Council to be of urgent necessity for the preservation of life, health or property, shall be authorized by motion passed by at least four affirmative votes and containing a declaration of the facts constituting such urgency.

No advertising for bids or awarding of a contract based thereon shall be required when the improvement or work is to be furnished or performed by a public utility subject to the jurisdiction of the California Public Utilities Commission.

Certified to be a true copy by Otto Lee, Mayor, and Gail Borkowski, City Clerk.

Date of Election: November 6, 2007.

Charter Chapter 16—City and County of San Francisco

***Amendments to the Charter of the
City and County of San Francisco***

[Filed with the Secretary of State December 17, 2007.]

Section 1. The San Francisco Charter is hereby amended by amending Sections 8A.100 through 8A.106, 8A.108 through 8A.110, and 8A.112 through 8A.113, to read as follows:

SEC. 8A.100. PREAMBLE.

(a) An effective, efficient, and safe transportation system is vital for San Francisco to achieve its goals for quality of life, environmental sustainability, public health, social justice, and economic growth. The Municipal Transportation Agency must manage San Francisco's transportation system—which includes automobile, freight, transit, bicycle, and pedestrian networks—to help the City meet those goals. Through this measure, the voters seek to provide the Municipal Transportation Agency with improved resources and expanded independence and authority in order to create a transportation system that is among the best in the world.

(b) This article requires the Municipal Transportation Agency to develop clear, meaningful and quantifiable measures of its performance and goals and to regularly publicize those standards. This article also recognizes that the workers of the Municipal Transportation Agency are vital to the success of the Agency and to achieving the improvements voters seek. Therefore, it authorizes incentives for excellence and requires accountability for both managers and employees.

(c) Specifically, San Francisco residents require:

1. Reliable, safe, timely, frequent, and convenient transit service to all neighborhoods;
2. A reduction in breakdowns, delays, over-crowding, preventable accidents;
3. Clean and comfortable transit vehicles and stations, operated by competent, courteous, and well trained employees;
4. Support and accommodation of the special transportation needs of the elderly and the disabled;
5. Protection from crime and inappropriate passenger behavior on the Municipal Railway;
6. Responsive, efficient, and accountable management;

7. Roads that are not gridlocked with congestion;
8. A safe and comprehensive network of bicycle lanes;
9. A safe and inviting environment for pedestrians;
10. Efficient movement of goods and deliveries;
11. A transportation sector that promotes environmental sustainability and does not contribute to global warming; and
12. A well-managed and well-coordinated transportation system that contributes to a livable urban environment.

Through this measure, the voters seek to provide the transportation system with the resources, independence and focus necessary to achieve these goals.

(d) The voters find that one of the impediments to achieving these goals in the past has been that responsibility for transportation has been diffused throughout City government. Accordingly, this Article places within the Municipal Transportation Agency the powers and duties relating to transit now vested in other departments, boards, and commissions of the City and County. This Article further requires that, to the extent other City and County agencies provide services to the Municipal Transportation Agency, those departments must give the highest priority to the delivery of such services.

(e) At the same time, this Article is intended to ensure sufficient oversight of the Municipal Transportation Agency by, among other things, preserving the role of the City's Controller as to financial matters, the City Attorney as to legal matters, and the Civil Service Commission, as to merit system issues. In addition, this Article requires that outside audits be performed to ensure that required service levels are obtained with a minimum of waste.

(f) Finally, this Article is intended to strengthen the Municipal Transportation Agency's authority to: 1) manage its employees; 2) establish efficient and economical work rules and work practices that maximize the Agency's responsiveness to public needs; and 3) protect the Agency's right to select, train, promote, demote, discipline, layoff and terminate employees, managers, and supervisors based upon the highest standards of customer service, efficiency and competency.

(g) The effective management of traffic flow and parking are vital to the operation of the Municipal Railway. Congestion on city streets causes delays in transit operations. Therefore, the Municipal Transportation Agency must manage parking and traffic flow to ensure that transit vehicles move through City streets safely and efficiently.

(h) In addition, the residents of San Francisco require that the Agency: 1) value and protect the safety of pedestrians and bicyclists; 2) reduce congestion and air pollution through efficient use of the streets; and 3) protect the City's economic health by giving priority to commercial deliveries and access to local businesses.

(i) The voters find that reducing the carbon emissions from San Francisco's transit sector is fundamental to the City's health and well-being and shall be among the Agency's policy priorities. Because the Agency has significant influence

on San Francisco's transportation sector, which is responsible for fully half of the carbon emissions produced within the City, the voters direct the Agency to develop and implement strategies for substantially reducing those emissions. The voters further affirm the goals of the City's Climate Action Plan.

(j) This Article shall be interpreted and applied in conformance with the above goals.

SEC. 8A.101. MUNICIPAL TRANSPORTATION AGENCY.

(a) There shall be a Municipal Transportation Agency. The Agency shall include a Board of Directors and a Director of Transportation. The Agency shall include the Municipal Railway and the former Department of Parking and Traffic, as well as any other departments, bureaus or operating divisions hereafter created or placed under the Agency. There shall also be a Citizens Advisory Committee to assist the Agency.

(b) The Board of Supervisors shall have the power, by ordinance, to abolish the Taxi Commission created in Section 4.133, and to transfer the powers and duties of that commission to the Agency under the direction of the Director of Transportation or his or her designee. In order to fully integrate taxi-related functions into the Agency should such a transfer occur, the Agency shall have the same exclusive authority over taxi-related functions and taxi-related fares, fees, charges, budgets, and personnel that it has over the Municipal Railway and parking and traffic fares, fees, charges, budgets, and personnel. Once adopted, Agency regulations shall thereafter supercede all previously-adopted ordinances governing motor vehicles for hire that conflict with or duplicate such regulations.

(c) Any transfer of functions occurring as a result of the above provisions shall not adversely affect the status, position, compensation, or pension or retirement rights and privileges of any civil service employees who engaged in the performance of a function or duty transferred to another office, agency, or department pursuant to this measure.

(d) Except as expressly provided in this Article, the Agency shall comply with all of the restrictions and requirements imposed by the ordinances of general application of the City and County, including ordinances prohibiting discrimination of any kind in employment and contracting, such as Administrative Code Chapters 12B et seq., as amended from time to time. The Agency shall be solely responsible for the administration and enforcement of such requirements.

(e) The Agency may contract with existing City and County departments to carry out any of its powers and duties. Any such contract shall establish performance standards for the department providing the services to the Agency, including measurable standards for the quality, timeliness, and cost of the services provided. All City and County departments must give the highest priority to the delivery of such services to the Agency.

(f) The Agency may not exercise any powers and duties of the Controller or the City Attorney and shall contract with the Controller and the City Attorney for the exercise of such powers and duties.

SEC. 8A.102. GOVERNANCE AND DUTIES.

(a) The Agency shall be governed by a board of seven directors appointed by the Mayor and confirmed after public hearing by the Board of Supervisors. All initial appointments must be made by the Mayor and submitted to the Board of Supervisors for confirmation no later than February 1, 2000. The Board of Supervisors shall act on those initial appointments no later than March 1, 2000 or those appointments shall be deemed confirmed.

At least four of the directors must be regular riders of the Municipal Railway, and must continue to be regular riders during their terms. The directors must possess significant knowledge of, or professional experience in, one or more of the fields of government, finance, or labor relations. At least two of the directors must possess significant knowledge of, or professional experience in, the field of public transportation. During their terms, all directors shall be required to ride the Municipal Railway on the average once a week.

Directors shall serve four-year terms, provided, however, that two of the initial appointees shall serve for terms ending March 1, 2004, two for terms ending March 1, 2003, two for terms ending March 1, 2002, and one for a term ending March 1, 2001. Initial terms shall be designated by the Mayor. No person may serve more than three terms as a director. A director may be removed only for cause pursuant to Article XV. The directors shall annually elect a chair. The chair shall serve as chair at the pleasure of the directors. Directors shall receive reasonable compensation for attending meetings of the Agency which shall not exceed the average of the two highest compensations paid to the members of any board or commission with authority over a transit system in the nine Bay Area counties.

(b) The Agency shall:

1. Have exclusive authority over the acquisition, construction, management, supervision, maintenance, extension, operation, use, and control of all property, as well as the real, personal, and financial assets of the Agency; and have exclusive authority over contracting, leasing, and purchasing by the Agency, provided that any Agency contract for outside services shall be subject to Charter Sections 10.104(12) and 10.104(15) and that the Agency may not transfer ownership of any of the real property of the City and County without approval from the Board of Directors and the Board of Supervisors;

2. Have exclusive authority to enter into such arrangements and agreements for the joint, coordinated, or common use with any other public entity owning or having jurisdiction over rights-of-way, tracks, structures, subways, tunnels, stations, terminals, depots, maintenance facilities, and transit electrical power facilities;

3. Have exclusive authority to make such arrangements as it deems proper to provide for the exchange of transfer privileges, and through-ticketing arrangements, and such arrangements shall not constitute a fare change subject to the requirements of Sections 8A.106 and 8A.108;

4. Notwithstanding any restrictions on contracting authority set forth in the Administrative Code, have exclusive authority to enter into agreements for the distribution of transit fare media and media for the use of parking meters or other individual parking services;

5. Have exclusive authority to arrange with other transit agencies for bulk fare purchases, provided that if passenger fares increase as a result of such purchases, the increase shall be subject to review by the Board of Supervisors pursuant to Sections 8A.106 and 8A.108;

6. Notwithstanding Section 2.109, and except as provided in Sections 8A.106 and 8A.108, have exclusive authority to fix the fares charged by the Municipal Railway, rates for off-street and on-street parking, and all other rates, fees, fines, penalties and charges for services provided or functions performed by the Agency;

7. Notwithstanding any provision of the San Francisco Municipal Code (except requirements administered by the Department of Public Works governing excavation, street design and official grade) have exclusive authority to adopt regulations that control the flow and direction of motor vehicle, bicycle and pedestrian traffic, including regulations that limit the use of certain streets or traffic lanes to categories of vehicles and that limit the speed of traffic; and to design, select, locate, install, operate, maintain and remove all official traffic control devices, signs, roadway features and pavement markings that control the flow of traffic with respect to streets and highways within City jurisdiction, provided that:

(i) Notwithstanding the authority established in subsection 7, the Board of Supervisors may by ordinance establish procedures by which the public may seek Board of Supervisors review of any Agency decision with regard to the installation or removal of a stop sign or the creation or elimination of a bicycle lane. In any such review, the Agency's decision shall stand unless the Board of Supervisors reverses the decision of the Agency not later than 60 days after submission of a request to the Board of Supervisors.

(ii) Nothing in this subsection 7 shall modify the authority of ISCOTT, or any successor body, over the temporary use or occupancy of public streets, or the authority of the Board of Supervisors to hear appeals regarding the temporary use or occupancy of public streets.

(iii) Nothing in subsection 7 shall modify the power of the Board of Supervisors to establish civil offenses, infractions and misdemeanors.

(iv) Notwithstanding the authority established in subsection 7, to the extent state law contemplates that Agency action authorized by subsection 7 be effectuated by ordinance, such action shall be effectuated by resolution of the Board of Directors and shall be subject to referendum in accordance with Article 14, and, if a referendum petition contains the requisite number of signatures, the Board of Supervisors shall have the power to reconsider or repeal the action as provided in Article 14.

8. Have exclusive authority to adopt regulations limiting parking, stopping, standing or loading as provided by state law and to establish parking privileges and locations subject to such privileges for categories of people or vehicles as provided by state law; to establish parking meter zones, to set parking rates, and to select, install, locate and maintain systems and equipment for payment of Parking fees, provided that:

(i) Notwithstanding the authority established in subsection 8 the Board of Supervisors may by ordinance establish procedures by which the public may seek Board Supervisors review of any Agency decision with regard to the creation or elimination of any preferential parking zone, the creation or elimination of any parking meter zone, the adoption of any limitation on the time period for which a vehicle may be parked, or reservation of any parking space for persons with a disability that qualifies for parking privileges under state law. In any review of a decision of the Agency pursuant to this section, the Agency's decision shall stand unless the Board of Supervisors reverses the decision of the Agency not later than 60 days after submission of a request to the Board of Supervisors.

(ii) Nothing in subsection 8 shall modify the power of the Board of Supervisors to establish civil offenses, infractions and misdemeanors.

(iii) Notwithstanding the authority established in subsection 8, to the extent state law contemplates that any Agency action authorized by subsection 8 be effectuated by ordinance, such action shall be effectuated by resolution of the Board of Directors and, if a referendum petition contains the requisite number of signatures, shall be subject to referendum in accordance with Article 14, and the Board of Supervisors shall have the power to reconsider or repeal the action as provided in Article 14.

9. Have exclusive authority to establish policies regarding and procure goods and services for the enforcement of regulations limiting parking, stopping, standing or loading and the collection of parking-related revenues and along with the Police Department, have authority to enforce parking stopping, standing, or loading regulations;

10. Be responsible for chairing the Interdepartmental Staff Committee on Traffic and Transportation (ISCOTT) or any successor body;

11. Be responsible for cooperating with and assisting the Police Department in the promotion of traffic safety; studying and responding to complaints related to street design, traffic control devices, roadway features and pavement markings; collecting compiling and analyzing traffic data and traffic accident data and planning improvements to improve the safety of the City's roadways; and conducting traffic research and planning;

12. Have exclusive authority to apply for, accept, and expend state, federal, or other public or private grant funds for Agency purposes;

13. To the maximum extent permitted by law, with the concurrence of the Board of Supervisors, and notwithstanding the requirements and limitations of Sections 9.107, 9.108, and 9.109, have authority without further voter approval to

incur debt for Agency purposes and to issue or cause to be issued bonds, notes, certificates of indebtedness, commercial paper, financing leases, certificates of participation or any other debt instruments. Upon recommendation from the Board of Directors, the Board of Supervisors may authorize the Agency to incur on behalf of the City such debt or other obligations provided: 1) the Controller first certifies that sufficient unencumbered balances are expected to be available in the proper fund to meet all payments under such obligations as they become due; and 2) any debt obligation, if secured, is secured by revenues or assets under the jurisdiction of the Agency;

14. Have the authority to conduct investigations into any matter within its jurisdiction through the power of inquiry, including the power to hold public hearings and take testimony, and to take such action as may be necessary to act upon its findings; and

15. Exercise such other powers and duties as shall be prescribed by ordinance of the Board of Supervisors.

(c) The Agency's Board of Directors shall:

1. Appoint a Director of Transportation, who shall serve at the pleasure of the Board. The Director of Transportation shall be employed pursuant to an individual contract. His or her compensation shall be comparable to the compensation of the chief executive officers of the public transportation systems in the United States which the Board of Directors, after an independent survey, determine most closely resemble the Agency in size, mission, and complexity. In addition, the Board of Directors shall provide an incentive compensation plan consistent with the requirements of Section 8A.104(k) under which a portion of the Director's compensation is based on achievement of service standards adopted by the Board of Directors.

2. Appoint an executive secretary who shall be responsible for administering the affairs of the Board of Directors and who shall serve at the pleasure of the Board.

3. In addition to any training that may be required by City, State or federal law, attend a minimum of four hours of training in each calendar year, provided by the City Attorney and the Controller regarding the legal and financial responsibilities of the Board and the Agency.

(d) The Director of Transportation shall appoint all subordinate personnel of the Agency, including deputy directors. The deputy directors shall serve at the pleasure of the Director of Transportation.

(e) Upon recommendation of the City Attorney and the approval of the Board of Directors, the City Attorney may compromise, settle, or dismiss any litigation, legal proceedings, claims, demands or grievances which may be pending for or on behalf of, or against the Agency relative to any matter or property solely under the Agency's jurisdiction. Unlitigated claims or demands against the Agency shall be handled as set forth in Charter Section 6.102. Any payment pursuant to the compromise, settlement, or dismissal of such litigation, legal proceedings, claims,

demands, or grievances, unless otherwise specified by the Board of Supervisors, shall be made from the Municipal Transportation Fund.

(f) The Agency's Board of Directors, and its individual members, shall deal with administrative matters solely through the Director of Transportation or his or her designees. Any dictation, suggestion, or interference by a director in the administrative affairs of the Agency, other than through the Director of Transportation or his or her designees, shall constitute official misconduct; provided, however, that nothing herein contained shall restrict the Board of Directors' powers of hearing and inquiry as provided in this Section.

(g) Notwithstanding any provision of Chapter 6 or 21 of the Administrative Code establishing any threshold amount for exercise of executive authority to execute contracts, or any successor provision of the San Francisco Municipal Code, the Agency's Board of Directors may adopt threshold amounts under which the Director of Transportation and his or her designees may approve contracts.

(h) Except provided in this Article, the Agency shall be subject to the provisions of this Charter applicable to boards, commissions, and departments of the City and County, including Sections 2.114, 3.105, 4.101, 4.103, 4.104, 4.113, 6.102, 9.118, 16.100, and A8.346. Sections 4.102, 4.126, and 4.132 shall not be applicable to the Agency.

SEC. 8A.103. SERVICE STANDARDS AND ACCOUNTABILITY.

(a) The Municipal Railway shall provide a level of service measured in service hours which is not less than that provided under the schedule of service published in the April 1996 timetable, although not necessarily in that configuration.

(b) By July 1 of each year, the Agency shall adopt milestones toward achievement of the goals specified in subsections (c) and (d). Milestones shall be adopted for each mode of transportation of the Municipal Railway, and for the Municipal Railway as a whole, with the goal of full achievement of the standards set in subsection (c).

(c) The standards for the Agency with respect to the services provided by the Municipal Railway shall include the following minimum standards for on-time performance and service delivery:

1. On-time performance: at least 85 percent of vehicles must run on-time, where a vehicle is considered on-time if it is no more than one minute early or four minutes late as measured against a published schedule that includes time points; and

2. Service delivery: 98.5 percent of scheduled service hours must be delivered, and at least 98.5 percent of scheduled vehicles must begin service at the scheduled time.

(d) The Board of Directors shall adopt Agency rules setting additional measurable standards for system reliability, system performance, staffing performance, and customer service, including:

1. Passenger, public, and employee safety and security;
2. Coverage of neighborhoods and equitable distribution of service;

3. Level of crowding;
4. Frequency and mitigation of accidents and breakdowns;
5. Improvements in travel time, taking into account adequate recovery and lay-over times for operators;
6. Vehicle cleanliness, including absence of graffiti;
7. Quality and responsiveness of customer service;
8. Employee satisfaction;
9. Effectiveness of the preventive maintenance program; and
10. Frequency and accuracy of communications to the public.
11. The Agency's duties related to parking and traffic functions and any other functions that may be added to the Agency's responsibilities.

(e) The Board of Directors shall adopt Agency rules setting forth the methods by which performance shall be measured with respect to each standard established pursuant to subsections (c) or (d) above in accordance with industry best practices to enhance the Agency's ability to compare its performance to that of other comparable transit systems. The Agency shall regularly publish reports documenting the Agency's performance for each standard. Each performance report shall note any changes in the rules governing the methods by which performance is measured so as to inform interpretation of performance trends over time. Nothing herein shall prohibit the Agency from using additional performance measures.

(f) The Agency shall issue a Climate Action Plan to the Board of Supervisors and the Commission on the Environment by January 1, 2009, and every two years thereafter. The plan shall describe measures taken and progress made toward the goal of reducing greenhouse gas emissions from San Francisco's transportation sector to 80% of 1990 levels by 2012 and shall further address progress toward the following goals:

1. Zero greenhouse gas emissions for Municipal Railway transit vehicles;
2. Lowering energy consumption in Agency facilities and by non-transit vehicles;
3. Maximizing waste reduction in Agency operations;
4. Increasing transit trips and reducing private vehicle trips within the City;
5. Increasing the use of bicycling and walking as alternate forms of transportation; and
6. Improving regional transit connections to reduce private vehicle use by commuters.

No later than January 1, 2010, and no less than every ten years thereafter, the Board of Supervisors shall adopt legislation setting goals for reducing greenhouse gas emissions from San Francisco's transportation sector, and other climate action measures set forth above, for periods after 2012.

SEC. 8A.104. PERSONNEL AND MERIT SYSTEM.

(a) The Agency shall establish its own personnel/labor relations office. The Director of Transportation shall appoint a personnel/labor relations manager, who

shall serve at the pleasure of the Director of Transportation and shall establish regular meetings with labor to discuss issues within the scope of representation on terms to be determined through collective bargaining.

(b) Except as otherwise provided in this Section, the Agency shall be governed by the rules of the civil service system administered by the City and appeals provided in civil service rules shall be heard by the City's Civil Service Commission. Unless otherwise agreed by the Agency and affected employee organizations, appeals to the Civil Service Commission shall include only those matters within the jurisdiction of the Civil Service Commission which establish, implement, and regulate the civil service merit system as listed in Section A8.409-3.

(c) Effective July 1, 2000, except for the administration of health services, the Agency shall assume all powers and duties vested in the Department of Human Resources and the Director of Human Resources under Articles X and XI of this Charter in connection with job classifications within the Agency performing "service-critical" functions. Except for the matters set forth in subsection (f), the Department of Human Resources and the Director of Human Resources shall maintain all powers and duties under Articles X and XI as to all other Agency employees.

(d) On or before April 15, 2000, the Agency shall designate "service-critical" classifications and functions for all existing classifications used by the Municipal Railway; provided, however, that employees in classifications designated as "service-critical" shall continue to be covered by any Citywide collective bargaining agreement covering their classifications until the expiration of that agreement.

(e) For purposes of this Article, "service-critical" functions are:

1. Operating a transit vehicle, whether or not in revenue service;
2. Controlling dispatch of, or movement of, or access to, a transit vehicle;
3. Maintaining a transit vehicle or equipment used in transit service, including both preventive maintenance and overhaul of equipment and systems, including system-related infrastructure;
4. Regularly providing information services to the public or handling complaints; and
5. Supervising or managing employees performing functions enumerated above.

The Agency shall consult with affected employee organizations before designating particular job classifications as performing "service-critical" functions. If an employee organization disagrees with the Agency's designation of a particular job classification as "service-critical" pursuant to the above standards, the organization may, within seven days of the Agency's decision, request immediate arbitration. The arbitrator shall be chosen pursuant to the procedures for the selection of arbitrators contained in the memorandum of understanding of the affected employee organization. The arbitrator shall determine only whether the

Agency's designation is reasonable based on the above standards. The arbitrator's decision shall be final and binding.

The Agency may designate functions other than those listed above, and the job classifications performing those additional functions, as "service-critical," subject to the consultation and arbitration provisions of this Section. In deciding a dispute over such a designation, the arbitrator shall decide whether the job functions of the designated classes relate directly to achievement of the goals and milestones adopted pursuant to Section 8A.103 and are comparable to the above categories in the extent to which they are critical to service.

(f) In addition, the Agency shall, with respect to all Agency employees, succeed to the powers and duties of the Director of Human Resources under Article X to review and resolve allegations of discrimination, as defined in Article XVII, against employees or job applicants, or allegations of nepotism or other prohibited forms of favoritism. To the extent resolution of a discrimination complaint or request for accommodation involves matters or employees beyond the Agency's jurisdiction, the Agency shall coordinate with and be subject to applicable determinations of the Director of Human Resources.

(g) The Agency shall be responsible for creating and, as appropriate, modifying Agency bargaining units for classifications designated by the Agency as "service-critical" and shall establish policies and procedures pursuant to Government Code sections 3507 and 3507.1 for creation and modification of such bargaining units. When the Agency creates or modifies a bargaining unit, employees in existing classifications placed in such bargaining unit shall continue to be represented by their current employee organizations.

(h) The Agency may create new classifications of Agency employees. Such classifications shall be subject to the civil service provisions of the Charter unless exempted pursuant to Section 10.104, or subsection (i).

(i) The Agency may create new classifications and positions in those classifications exempt from the civil service system for managerial employees in MTA bargaining units M and EM in addition to those exempt positions provided in Section 10.104; provided, however, that the total number of such exempt managerial positions within the Agency shall not exceed 2.75 percent of the Agency's total workforce, exclusive of the exempt positions provided in Section 10.104. This provision shall not be utilized to eliminate personnel holding existing permanent civil service managerial positions on November 2, 1999.

Persons serving in exempt managerial positions shall serve at the pleasure of the Director of Transportation. Such exempt management employees, to the extent they request placement in a bargaining unit, shall not be placed in the same bargaining units as non-exempt employees of the Agency.

(j) The Civil Service Commission shall annually review both exempt and non-exempt classifications of the Agency to ensure compliance with the provisions of subsections (h) and (i).

(k) Upon the expiration of labor contracts negotiated by the Department of Human Resources and approved by the Board of Supervisors, and except for retirement benefits, the wages, hours, working conditions, and benefits of the employees in classifications within the Municipal Railway designated by the Agency as “service-critical” shall be fixed by the Agency after meeting and conferring as required by the laws of the State of California and this Charter, including Sections A8.346, A8.404 and A8.409. These agreements shall utilize, and shall not alter or interfere with, the health plans established by the City’s Health Service Board; provided, however, that the Agency may contribute toward defraying the cost of employees’ health premiums. For any job classification that exists both as a “service-critical” classification in the Agency and elsewhere in City service, the base wage rate negotiated by the Agency for that classification shall not be less than the wage rate set in the Citywide memorandum of understanding for that classification.

(l) Notwithstanding subsection (k), the Agency may, in its sole discretion, utilize the City’s collective bargaining agreements with any employee organization representing less than 10 percent of the Agency’s workforce.

(m) Notwithstanding any limitations on compensation contained in Section A8.404, and in addition to the base pay established in collective bargaining agreements, all agreements negotiated by the Agency relating to compensation for Agency managers and employees in classifications designated by the Agency as “service-critical” shall provide incentive bonuses based upon the achievement of the service standards in Section 8A.103(c) and other standards and milestones adopted pursuant to Section 8A.103. Such agreements may provide for additional incentives based on other standards established by the Board of Directors, including incentives to improve attendance. The Board of Directors shall also establish a program under which a component of the compensation paid to the Director of Transportation and all exempt managers shall be based upon the achievement of service standard adopted by the Board of Directors.

(n) For employees whose wages, hours and terms and conditions of employment are set by the Agency pursuant to Sections A8.404 or A8.409 et seq., the Agency shall exercise all powers of the City and County, the Board of Supervisors, the Mayor, and the Director of Human Resources under those sections. For employees covered by Section A8.409 et seq., the mediation/arbitration board set forth in Section A8.409-4 shall consider the following additional factors when making a determination in any impasse proceeding involving the Agency: the interests and welfare of transit riders, residents, and other members of the public; and the Agency’s ability to meet the costs of the decision of the arbitration board without materially reducing service. Notwithstanding the timelines described in Section A8.409-4, to be effective the beginning of the next succeeding fiscal year, all collective bargaining agreements must be submitted to the Board of Directors no later than June 15 for final adoption on or before June 30. For employees whose wages, hours and terms and conditions of employment are set by the Agency pur-

suant to Sections A8.404, the Agency shall perform the functions of the Civil Service Commission with respect to certification of the average of the two highest wage schedules for transit operators in comparable jurisdictions pursuant to Section A8.404(a), and conduct any actuarial study necessary to implement Section A8.404(f).

(o) The voters find that unscheduled employee absences adversely affect customer service. Accordingly, not later than January 1, 2001, the agency shall create a comprehensive plan for the reduction of unscheduled absences. In addition, the Agency shall take all legally permitted steps to eliminate unexcused absences. The Agency shall have no authority to approve any memorandum of understanding or other binding agreement which restricts the authority of the Agency to administer appropriate discipline for unexcused absences.

(p) Before adopting any collective bargaining agreement, the Agency shall, no later than June 15, at a duly noticed public meeting, disclose in writing the contents of such collective bargaining agreement, a detailed analysis of the proposed agreement, a comparison of the differences between the agreement reached and the prior agreement, and an analysis of all costs for each year of the term of such agreement. Such agreement between the Agency and employee organization shall not be approved by the Agency until 15 days after the above disclosures have been made.

SEC. 8A.105. MUNICIPAL TRANSPORTATION FUND; REVENUES FOR PUBLIC TRANSIT.

(a) There is hereby established a fund to provide a predictable, stable, and adequate level of funding for the Agency, which shall be called the Municipal Transportation Fund. The fund shall be maintained separate and apart from all other City and County funds. Monies therein shall be appropriated, expended, or used by the Agency solely and exclusively for the operation including, without limitation, capital improvements, management, supervision, maintenance, extension, and day-to-day operation of the Agency, including any division subsequently created or incorporated into the Agency and performing transportation-related functions. Monies in the Fund may not be used for any other purposes than those identified in this Section.

(b) Beginning with the fiscal year 2000–2001 and in each fiscal year thereafter, there is hereby set aside to the Municipal Transportation Fund the following:

1. An amount (the “Base Amount”) which shall be no less than the amount of all appropriations from the General Fund, including all supplemental appropriations, for the fiscal year 1998–1999 or the fiscal year 1999–2000, whichever is higher (the “Base Year”), adjusted as provided in subsection (c), below, for (1) the Municipal Railway; and (2) all other City and County commissions, departments and agencies providing services to the Municipal Railway, including the Department of Human Resources and the Purchasing Department, for the provision of those services. The Base Amount for the Department of Parking and Traffic and the Parking Authority shall be established in the same fashion but

using fiscal years 2000–2001 and 2001–2002 for the services being incorporated into the Agency.

2. Subject to the limitations and exclusions in Sections 4.113, the revenues of the Municipal Railway, and, upon their incorporation into the Agency, the revenues of the Department of Parking and Traffic, and the Parking Authority; and

3. All other funds received by the City and County from any source, including state and federal sources, for the support of the Agency.

(c) The Base Amount shall initially be determined by the Controller. Adjustments to the Base Amount shall be made as follows:

1. The Base Amount shall be adjusted for each year after fiscal year 2000–2001 by the Controller based on calculations consistent from year to year, by the percentage increase or decrease in aggregate City and County discretionary revenues. In determining aggregate City and County discretionary revenues, the Controller shall only include revenues received by the City which are unrestricted and may be used at the option of the Mayor and the Board of Supervisors for any lawful City purpose. Errors in the Controller's estimate of discretionary revenues for a fiscal year shall be corrected by adjustment in the next year's estimate.

2. An adjustment shall also be made for any increases in General Fund appropriations to the Agency in subsequent years to provide continuing services not provided in the Base Year, but excluding additional appropriations for one-time-expenditures such as capital expenditures or litigation judgments and settlements.

(d) The Treasurer shall set aside and maintain the amounts required to be set aside by this Section, together with any interest earned thereon, in the Municipal Transportation Fund, and any amounts unspent or uncommitted at the end of any fiscal year shall be carried forward, together with interest thereon, to the next fiscal year for the purposes specified in this Article.

(e) It is the policy of the City and County of San Francisco to use parking-related revenues to support public transit. To that end, the following parking-related revenues deposited in the Transportation Fund shall be used to support the capital and operating expenses arising from the Agency's transit functions:

1. Revenues from parking meters except those amounts collected from parking meters operated by the Recreation and Park Department and the Port Commission and except to the extent that they are required by law to be dedicated to other traffic regulation and control functions;

2. Revenues from off-street parking facilities under the jurisdiction of the Agency (excluding facilities owned by the Parking Authority), including facilities leased to private owners and non-profit corporations, except those amounts generated from any parking on or below any land or facilities under the jurisdiction of the Recreation and Park Department and except those amounts obligated by contract executed before 1993 to pay debt service;

3. Revenues from fines, forfeited bail, or penalties for parking violations, except those amounts to be credited to the courthouse construction fund as provided in Administrative Code Section 10.117-35.

(f) In addition, there is hereby set aside from the general revenues of the City and County and deposited in the Transportation Fund to support the Agency's transit services an amount equivalent to 80 percent of the revenues received from the City's tax on occupation of parking spaces. Additional amounts appropriated as a result of this subsection after July 1, 2008 which were not previously available to support transit service shall be used exclusively to:

1. support implementation of the transit service improvements recommended by the Transit Effectiveness Project or any subsequent system-wide route and service evaluation, with first priority given to the hiring of full time on-going staff and expansion of training for Agency employees, supervisors and managers; and

2. support the creation of a Labor-Management Implementation and Service Improvement Committee consisting of the Director of Transportation and a designated representative of each union representing Agency employees. This committee shall meet quarterly to discuss implementation of this Section and ongoing system challenges.

SEC. 8A.106. BUDGET.

The Agency shall be subject to the provisions of Article IX of this Charter except:

(a) No later than May 1 of each even-numbered year, after professional review, public hearing and after receiving the recommendations of the Citizens' Advisory Council, the Agency shall submit its proposed budget with annual appropriation detail in a form approved by the Controller for each of the next two fiscal years to the Mayor and the Board of Supervisors for their review and consideration. The Agency shall propose a budget that is balanced without the need for additional funds over the Base Amount, but may include fare increases and decreases, and reductions or abandonment of service. The Mayor shall submit the budget to the Board of Supervisors, without change. Should the Agency request additional general fund support over the Base Amount, it shall submit an augmentation request for those funds in the standard budget process and subject to normal budgetary review and amendment under the general provisions of Article IX.

(b) At the time the budget is adopted, the Agency shall certify that the budget is adequate in all respects to make substantial progress towards meeting the performance standards established pursuant to Section 8A.103 for the fiscal year covered by the budget.

(c) No later than August 1, the Board of Supervisors may allow the Agency's budget to take effect without any action on its part or it may reject but not modify the Agency's budget by a seven-elevenths' vote. Any fare change, route abandonment, or revenue measure proposed in the budget shall be considered accepted unless rejected by a seven-elevenths' vote on the entire budget. Should the Board reject the budget, it shall make additional interim appropriations to the Agency

from the Municipal Transportation Fund sufficient to permit the Agency to maintain all operations through the extended interim period until a budget is adopted. Any request for appropriation of General Fund revenues in excess of the Base Amount shall be approved, modified, or rejected under the general provisions of Article IX.

(d) No later than May 1 of each odd-numbered year, the Agency shall submit any budget amendment that may be required to increase appropriations over those approved in the two year budget or as may be required by law, provided that such budget amendment shall establish a detailed plan with appropriation detail only for those anticipated revenues and expenditures exceeding those approved in the two year budget or as otherwise required by law. The Agency may submit to the Board of Supervisors such additional budget amendments or modifications during the term of the budget, including but not limited to amendments reflecting fare changes, route abandonments and revenue measures, as may be required in the discretion of the Agency. The Board of Supervisors may allow any budget amendment to take effect without any action on its part or it may reject but not modify the budget amendment by a seven-elevenths' vote taken within 30 days after its submission to the Board of Supervisors.

(e) Notwithstanding any other provisions of this Charter or requirements of the Annual Salary Ordinance, the Controller may authorize the Agency to move funds within its budget and hire personnel without specific Controller approval so long as the Agency's periodic and verifiable projections of spending by the Agency show the Controller that the Agency's spending will be within the approved budget. However, should the projections show that the Agency spending is likely to exceed its budget, the Controller may impose appropriate controls in his or her discretion to keep the Agency within budget.

SEC. 8A.108. FARE CHANGES AND ROUTE ABANDONMENTS.

(a) Except as otherwise provided in this Section, any proposed change in fares or route abandonments shall be submitted to the Board of Supervisors as part of the Agency's budget or as a budget amendment under Section 8A.106, and may be rejected at that time by a seven-elevenths vote of the Board on the budget or budget amendment. Any changes in fares or route abandonments proposed by the Agency specifically to implement a program of service changes identified in a system-wide strategic route and service evaluation such as the Transit Effectiveness Project may only be rejected by a single seven-elevenths' vote of the Board of Supervisors on the budget or budget amendment.

(b) The Agency shall base any proposed change in Municipal Railway fares on the following criteria:

1. The Municipal Railway's need for additional funds for operations and capital improvements and optimal maintenance of assets.
2. The extent to which the increase is necessary to meet the goals, objectives, and performance standards previously established by the Agency pursuant to Section 8A.103.

3. The extent to which the Agency has diligently sought other sources of funding for the operations and capital improvements of the Municipal Railway.

4. The need to keep Municipal Railway fares low to encourage maximum patronage.

5. The need to increase fares gradually over time to keep pace with inflation and avoid large fare increases after extended periods without a fare increase.

(c) For purposes of this Article, a “route abandonment” shall mean the permanent termination of service along a particular line or service corridor where no reasonably comparable substitute service is offered. If the Agency proposes to abandon a route at any time other than as part of the budget process as provided in Section 8A.106, it shall first submit the proposal to the Board of Supervisors. The Board of Supervisors may, after a noticed public hearing, reject the proposed route abandonment by a seven-elevenths vote of its members taken within 30 days after the proposal is submitted by the Agency.

SEC. 8A.109. ADDITIONAL SOURCES OF REVENUE.

(a) To the extent allowed by law, the Board of Supervisors may, by ordinance, dedicate to the Agency revenues from sources such as gas taxes, motor vehicle licensing taxes or other available motor vehicle-related revenue sources.

(b) The Mayor, the Board of Supervisors, and the Agency diligently shall seek to develop new sources of funding for the Agency’s operations, including sources of funding dedicated to the support of such operations, which can be used to supplement or replace that portion of the Municipal Transportation Fund consisting of appropriations from the General Fund of the City and County. Unless prohibited by preemptive state law, the Agency may submit any proposal for increased or reallocated funding to support all or a portion of the operations of the Agency, including, without limitation, a tax or special assessment directly to the electorate for approval, or to the owners of property or businesses to be specially assessed, or to any other persons or entities whose approval may be legally required, without the further approval of the Mayor or the Board of Supervisors. The Agency shall be authorized to conduct any necessary studies in connection with considering, developing, or proposing such revenue sources.

SEC. 8A.110. PLANNING AND ZONING.

The planning and zoning provisions of this Charter and the Planning Code, as they may be amended from time to time, shall apply to all real property owned or leased by the Agency but shall not impede the Agency’s exclusive authority to set rates and other charges pursuant to Section 8A.102(b)(5).

SEC. 8A.112. PARKING AND TRAFFIC.

(a) The Municipal Transportation Agency Board of Directors shall succeed to all powers and duties of the former Parking and Traffic Commission, including the power of members to serve ex officio as members of the Parking Authority Commission under Section 32657 of the Streets and Highways Code. The chair of the Agency’s board of directors shall designate annually the directors to serve as members of the Parking Authority Commission. Any person may serve concur-

rently as a member of the Agency's board of directors and as a member of the Parking Authority Commission. It is the policy of the City and County that the Agency exercise all powers vested by State law in the Parking Authority.

(b) It shall be City policy that the offices of Director of Transportation and Parking Authority Executive Director are not incompatible offices, and the Director of Transportation may serve ex officio as Parking Authority Executive Director, but shall not receive any additional compensation for that service.

SEC. 8A.113. PARKING AND TRAFFIC; GOVERNANCE.

(a) The Agency shall be responsible for management of parking and traffic functions within the City, so as to:

1. Provide priority to transit services in the utilization of streets, particularly during commute hours while maintaining the safety of passengers, pedestrians, cyclists and motorists;

2. Facilitate the design and operation of City streets to enhance alternative forms of transit, such as pedestrian, bicycle, and pooled or group transit (including taxis);

3. Propose and implement street and traffic changes that gives the highest priority to public safety and to impacts on public transit, pedestrians, commercial delivery vehicles, and bicycles;

4. Integrate modern information and traffic-calming techniques to promote safer streets and promote usage of public transit;

5. Develop a safe, interconnected bicycle circulation network; and

6. Ensure that parking policies and facilities contribute to the long term financial health of the Agency.

(b) It shall be City policy that the Agency manage the Parking Authority so that it does not acquire or construct new or expanded parking facilities unless the Agency finds that the costs resulting from such acquisition, construction, or expansion and the operation of such facilities will not reduce the level of funding to the Municipal Railway from parking and garage revenues under Section 16.110 to an amount less than that provided for fiscal year 1999–2000, as adjusted by the Controller for inflation; further provided that it shall be City policy that before approving the acquisition, construction or expansion of a parking garage, the Agency's Board of Directors shall make a finding that the operation of the garage will advance or be consistent with the City's Transit First Policy.

Section 2. The San Francisco Charter is hereby amended by renumbering Sections 16.100 and 16.102 as Sections 8A.114 and 8A.115 respectively and amending Section 8A.115 to read as follows:

SEC. 8A.114. CABLE CARS.

In the conduct of the public transportation system there shall be maintained and operated cable car lines as follows:

1. A line commencing at Powell and Market Streets; thence along Powell Street to Jackson Street; thence along Jackson Street to Mason Street; thence along Mason Street to Columbus Avenue; thence along Columbus Avenue to Taylor

Street; thence along Taylor Street to a terminal at Bay Street; returning from Bay and Taylor Streets along Taylor Street to Columbus Avenue; thence along Columbus Avenue to Mason Street; thence along Mason Street to Washington Street; thence along Washington Street to Powell Street; and thence along Powell Street to Market Street, the point of commencement.

2. A line commencing at Powell and Market Streets; thence along Powell Street to Jackson Street; thence along Jackson Street to Hyde Street; thence along Hyde Street to a terminal at Beach; returning from Beach and Hyde Streets along Hyde Street to Washington Street; thence along Washington Street to Powell Street; thence along Powell Street to Market Street, the point of commencement.

3. A line commencing at Market and California; thence along California Street to a terminal at Van Ness Avenue; returning from Van Ness Avenue along California Street to Market Street, the point of commencement.

To fully effectuate the intent of this section, these lines shall be maintained and operated at the normal levels of scheduling and service in effect on July 1, 1971; provided, however, that nothing herein contained shall prevent the increasing of the levels of scheduling and service.

SEC. 8A.115. TRANSIT-FIRST POLICY.

(a) The following principles shall constitute the City and County's transit-first policy and shall be incorporated into the General Plan of the City and County. All officers, boards, commissions, and departments shall implement these principles in conducting the City and County's affairs:

1. To ensure quality of life and economic health in San Francisco, the primary objective of the transportation system must be the safe and efficient movement of people and goods.

2. Public transit, including taxis and vanpools, is an economically and environmentally sound alternative to transportation by individual automobiles. Within San Francisco, travel by public transit, by bicycle and on foot must be an attractive alternative to travel by private automobile.

3. Decisions regarding the use of limited public street and sidewalk space shall encourage the use of public rights of way by pedestrians, bicyclists, and public transit, and shall strive to reduce traffic and improve public health and safety.

4. Transit priority improvements, such as designated transit lanes and streets and improved signalization, shall be made to expedite the movement of public transit vehicles (including taxis and vanpools) and to improve pedestrian safety.

5. Pedestrian areas shall be enhanced wherever possible to improve the safety and comfort of pedestrians and to encourage travel by foot.

6. Bicycling shall be promoted by encouraging safe streets for riding, convenient access to transit, bicycle lanes, and secure bicycle parking.

7. Parking policies for areas well served by public transit shall be designed to encourage travel by public transit and alternative transportation.

8. New transportation investment should be allocated to meet the demand for public transit generated by new public and private commercial and residential developments.

9. The ability of the City and County to reduce traffic congestion depends on the adequacy of regional public transportation. The City and County shall promote the use of regional mass transit and the continued development of an integrated, reliable, regional public transportation system.

10. The City and County shall encourage innovative solutions to meet public transportation needs wherever possible and where the provision of such service will not adversely affect the service provided by the Municipal Railway.

(b) The City may not require or permit off-street parking spaces for any privately-owned structure or use in excess of the number that City law would have allowed for the structure or use on July 1, 2007 unless the additional spaces are approved by a four-fifths vote of the Board of Supervisors. The Board of Supervisors may reduce the maximum parking required or permitted by this section.

Section 3. The San Francisco Charter is hereby amended by repealing Section 16.110, in its entirety.

Section 4. The San Francisco Charter is hereby amended by amending Section A8.404, to read as follows:

SEC. A8.404. SALARIES AND BENEFITS OF CARMEN.

The wages, conditions and benefits of employment as provided for in this section of the various classifications of employment of platform employees and coach or bus operators of the municipal railway as compensation, shall be determined and fixed annually as follows:

(a) On or before the first Monday of August of each year, the civil service commission shall certify to the board of supervisors for each classification of employment the average of the two highest wage schedules in effect on July 1st of that year for comparable platform employees and coach or bus operators of other surface street railway and bus systems in the United States operated primarily within the municipalities having each a population of not less than 500,000 as determined by the then most recent census taken and published by the director of the census of the United States, and each such system normally employing not less than 400 platform employees or coach or bus operators, or platform employees, coach and bus operators.

(b) The board of supervisors shall thereupon fix a wage schedule for each classification of platform employees and coach and bus operators of the municipal railway which shall not be less than the average of the two highest wage schedules so certified by the civil service commission for each such classification.

(c) When, in addition to their usual duties, such employees are assigned duties as instructors of platform employees or coach or bus operators they shall receive additional compensation that shall be subject to negotiation in addition to the rate of pay to which they are otherwise entitled under the wage schedule as herein provided.

(d) The rates of pay fixed for platform employees and coach and bus operators as herein provided shall be effective from July 1st of the year in which such rates of pay are certified by the civil service commission.

(e) The terms “wage schedule” and “wage schedules” wherever used in this section are hereby defined and intended to include only the maximum rate of pay provided in each such wage schedule.

(f) At the time the board of supervisors fixes the wage schedule as provided in (b) above, the board of supervisors may fix as conditions and benefits of employment other than wages as compensation for platform employees and coach or bus operators of the municipal railway, conditions and benefits not to exceed those conditions and benefits granted by collective bargaining agreements to the comparable platform employees and coach or bus operators of the two systems used for certification of the average of the two highest wage schedules by the civil service commission. The board of supervisors may establish such conditions and benefits notwithstanding other provisions or limitations of this charter, with the exception that such conditions and benefits shall not involve any change in the administration of, or benefits of the retirement system, health service system or vacation allowances as provided elsewhere in this charter. For all purposes of the retirement system as related to this section, the word “compensation” as used in Section 8.509 of this charter shall mean the “wage schedules” as fixed in accordance with paragraphs (a) and (b) above, including those differentials established and paid as part of wages to platform employees and coach and bus operators of the municipal railway, but shall not include the value of those benefits paid into the fund established as herein provided. Provided that when in the two systems used for certification as provided above, vacation, retirement and health service benefits are greater than such similar benefits provided by this charter for platform employees, coach or bus operators of the municipal railway, then an amount not to exceed the difference of such benefits may be converted to dollar values and the amount equivalent to these dollar values shall be paid into a fund. The fund shall be established to receive and to administer said amounts representing the differences in values of the vacation, retirement and health service benefits, and to pay out benefits that shall be jointly determined by representatives of the city and county government and the representatives of the organized platform employees and coach and bus operators of the municipal railway. The civil service commission shall adopt rules for the establishment and general administration of the fund as herein provided. Such rules shall provide for a joint administration of the fund by representatives of the city and county government, which shall include representatives of the administrator of the agency responsible for the municipal railway and representatives of the organized platform employees, coach and bus operators of the municipal railway. Such rules may provide a procedure for final and binding arbitration of disputes which may arise between representatives of the city and county government and the representatives of the organized platform employees and coach and bus operators of the municipal railway. Such rules shall

provide that all investments of the fund shall be of the character legal for insurance companies in California. Such rules and any amendments thereto shall be effective upon approval by the board of supervisors by ordinance.

(g) Notwithstanding any provisions of this charter, including other subparts of this section, the board of supervisors may, after meeting and conferring with and reaching agreement with the employee organization certified as the representative for municipal railway operators, fix wages and benefits of employment other than wages for platform employees and coach and bus operators of the municipal railway under this section for periods in excess of one year. Any ordinance fixing wages and benefits of employment other than wages adopted pursuant to this section for a period of more than one year shall contain a provision to the effect that during said period of time it shall be unlawful for the employees receiving the compensation so fixed to engage in a strike, work stoppage or conduct delaying or interfering with work at city and county facilities. Wages and benefits of employment other than wages established under this section shall not in any year exceed the limits established under paragraphs (b) and (f) of this section.

(h) Not later than the 25th day of August, the board of supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions for paying the rates of compensation and conditions and benefits other than wages fixed by the board of supervisors as in this section provided for platform employees and coach or bus operators for the then current fiscal year.

On recommendation of the civil service commission the board of supervisors shall establish a rate of pay for trainee platform men and bus or coach operators at a level reflecting the current labor market but below the basic hourly rate for motorman, conductor and bus operator.

Section 5. No later than 90 days after the effective date of this measure, the Board of Supervisors shall adopt legislation deleting all provisions of the San Francisco Traffic Code that are not consistent with Article 8A of the Charter and converting such provisions to rules and regulations of the Municipal Transportation Agency Board of Directors that shall be subject to amendment or repeal by the Municipal Transportation Agency Board of Directors; provided however that such transfers shall not disturb the powers of the Port Commission pursuant to Article 13, the powers of the Police Department pursuant to Article 2, 3, 6, 9 and 14, the powers of the Department of Public Works pursuant to Article 3, the powers of the Department of Public Health pursuant to Article 14, or the powers of the Interdepartmental Staff Committee on Traffic and Transportation pursuant to Article 21.

SEC. 4.101.5. HOLD-OVER SERVICE BY BOARD AND COMMISSION MEMBERS.

(a) Application of this Section. Unless otherwise provided in this Charter or required by law, the requirements of this Section shall apply to the members of

each appointive board, commission, or other unit of government of the executive branch of the City and County or otherwise created in the Charter (“Charter Commission”). Citizen advisory committees created in the Charter shall not be considered Charter Commissions for purposes of this Section. The provisions of this Section shall not apply to boards or commissions created in Article V (Executive Branch—Arts and Culture) or Article XII (Employee Retirement and Health Service Systems) of this Charter.

(b) **Limitations on Hold-Over Service.** Except as otherwise provided in this Charter, the tenure of a member of any Charter Commission shall terminate no later than 60 days after the expiration of the member’s term, unless the member is re-appointed. A member may not serve as a hold-over member of a Charter Commission for more than 60 days after the expiration of his or her term. The tenure of any person sitting as a hold-over member on the effective date of this amendment shall terminate no later than 60 days after the effective date of this amendment.

SEC. 2.113. LEGISLATIVE INITIATIVE.

(a) The Board of Supervisors, or four or more members, may submit to the voters declarations of policy, and any matter which the Board of Supervisors is empowered to pass.

Upon approval of a declaration of policy by the voters, the Board of Supervisors shall within 90 days of such approval take such actions within their powers as shall be necessary to carry such declaration into effect. A special municipal election shall not be called with respect to a declaration of policy.

(b) In order to submit a proposed initiative measure to the voters under this section or Section 3.100(15), four or more members of the Board of Supervisors or the Mayor shall submit the proposed initiative to the Board of Supervisors no later than 45 days prior to the deadline for the submission of such initiatives to the Department of Elections. The proponent or proponents shall clearly identify the measure as a proposed initiative to be submitted at a specific election, and the proponent or proponents shall file a copy of the measure with the Department of Elections at the same time as the measure is submitted to the Board of Supervisors.

The President of the Board of Supervisors shall assign the measure to a committee of the Board, and the committee shall conduct a public hearing on the measure at least 15 days prior to the deadline for the submission of such initiatives to the Department of Elections.

Failure by the Board of Supervisors to hold a hearing on the measure prior to the Department of Elections’ deadline for submittal of legislative or mayoral initiatives shall not prevent the Director of Elections from placing the initiative on the ballot. But the Director of Elections shall include a notice in the voter information pamphlet that the measure was not the subject of the required public hearing.

The proponent or proponents of an initiative measure may withdraw the proposed measure at any time prior to the Department of Elections’ deadline for

submission of such initiatives, subject to any requirements of the Municipal Elections Code or other City ordinance. If a measure is withdrawn, the Board of Supervisors is not required to conduct a hearing on the measure.

SEC. 3.100. POWERS AND RESPONSIBILITIES.

The Mayor shall be the chief executive officer and the official representative of the City and County, and shall serve full time in that capacity. The Mayor shall devote his or her entire time and attention to the duties of the office, and shall not devote time or attention to any other occupation or business activity. The Mayor shall enforce all laws relating to the City and County, and accept service of process on its behalf.

The Mayor shall have responsibility for:

1. General administration and oversight of all departments and governmental units in the executive branch of the City and County;
2. Coordination of all intergovernmental activities of the City and County;
3. Receipt and examination of complaints relating to the administration of the affairs of the City and County, and timely delivery of notice to the complainant of findings and actions taken;
4. Assurance that appointees to various governmental positions with the City and County are qualified and are as representative of the communities of interest and diverse population of the City and County as is reasonably practicable, and are representative of both sexes;
5. Submission of ordinances and resolutions by the executive branch for consideration by the Board of Supervisors;
6. Presentation before the Board of Supervisors of a policies and priorities statement setting forth the Mayor's policies and budget priorities for the City and County for the ensuing fiscal year;
7. Introduction before the Board of Supervisors of the annual proposed budget or multi-year budget which shall be initiated and prepared by the Mayor. The Mayor shall seek comments and recommendations on the proposed budget from the various commissions, officers and departments; and
8. Preparation of and introduction to the Board of Supervisors of supplemental appropriations.

The Mayor shall have the power to:

9. Speak and be heard with respect to any matter at any meeting of the Board of Supervisors or any of its committees, and shall have a seat but no vote on all boards and commissions appointed by the Mayor;
10. As provided in Section 3.103 of this Charter, veto any ordinance or resolution passed by the Board of Supervisors;
11. Subject to the fiscal provisions of this Charter and budgetary approval by the Board of Supervisors, appoint such staff as may be needed to perform the duties and carry out the responsibilities of the Mayor's office, provided that no member of the staff shall receive a salary in excess of seventy percent of that paid the Mayor. For purposes of this provision, staff does not include the City Admin-

istrator, department heads or employees of departments placed under his or her direction by Section 3.104. Notwithstanding any other provisions or limitations of this Charter to the contrary, the Mayor may not designate nor may the City and County employ on the Mayor's behalf any person to act as deputy to the Mayor or any similar employment classification, regardless of title, whose responsibilities include but are not necessarily limited to supervision of the administration of any department for which the City Administrator, an elected official other than the Mayor or an appointed board or commission is assigned responsibility elsewhere in this Charter;

12. Designate a member of the Board of Supervisors to act as Mayor in the Mayor's absence from the state or during a period of temporary disability;

13. In the case of an emergency threatening the lives, property or welfare of the City and County or its citizens, the Mayor may direct the personnel and resources of any department, command the aid of other persons, and do whatever else the Mayor may deem necessary to meet the emergency;

In meeting an emergency, the Mayor shall act only with the concurrence of the Board of Supervisors, or a majority of its members immediately available if the emergency causes any member of the Board to be absent. The Mayor shall seek the Board's concurrence as soon as is reasonably possible in both the declaration of an emergency and in the action taken to meet the emergency. Normal notice, posting and agenda requirements of the Board of Supervisors shall not be applicable to the Board's actions pursuant to these provisions;

14. Make an appointment to fill any vacancy in an elective office of the City and County until a successor shall have been elected;

15. Subject to the provisions of Charter Section 2.113, submit to the voters a declaration of policy or ordinance on any matter on which the Board of Supervisors is empowered to pass;

16. Have and exercise such other powers as are provided by this Charter or by law for the chief executive officer of a City and County;

17. Unless otherwise specifically provided, make appointments to boards and commissions which shall be effective immediately and remain so, unless rejected by a two-thirds vote of the Board of Supervisors within 30 days following transmittal of Notice of Appointment. The Notice of Appointment shall include the appointee's qualifications to serve and a statement how the appointment represents the communities of interest, neighborhoods and diverse populations of the City and County;

18. Appoint department heads subject to the provisions of this Charter; and

19. Prepare and submit schedule of rates, fees and other similar charges to the Board of Supervisors.

SEC. 16.109. LIBRARY PRESERVATION FUND

(a) Establishment of Fund. There is hereby established the Library Preservation Fund ("the Fund") to be administered by the Library Department as directed by the Library Commission. Monies therein shall be expended or used

solely by the Library Department, subject to the budgetary and fiscal provisions of the Charter, to provide library services and to construct, maintain and operate library facilities.

(b) Annual Set-Aside. The City will continue to set aside from the annual property tax levy, for a period of fifteen years starting with the fiscal year 2008–2009 an amount equivalent to an annual tax of two and one-half cents (\$0.025) for each one hundred dollars (\$100) assessed valuation (“Annual Set-Aside”).

The Controller shall set aside and maintain such an amount, together with any interest earned thereon, in the Fund. Revenues obtained from the Annual Set-Aside shall be in addition to, and not in place of, any General Fund monies appropriated to the Library pursuant to subsection (c).

(c) Baseline—Maintenance of Effort. The Annual Set-Aside shall be used exclusively to increase the aggregate City appropriations and expenditures for services, materials, facilities and equipment that will be operated by the Library for Library purposes. To this end, in any of the fifteen years during which funds are required to be set aside under this Section, the City shall not reduce the Baseline for the Library Department below the fiscal year 2006–2007 Required Baseline Amount (as calculated by the Controller), except that the Baseline shall be adjusted as provided below.

The Baseline shall be adjusted for each year after fiscal year 2006–2007 by the Controller based on calculations consistent from year to year, by the percentage increase or decrease in aggregate City and County discretionary revenues. In determining aggregate City and County discretionary revenues, the Controller shall only include revenues received by the City which are unrestricted and may be used at the option of the Mayor and the Board of Supervisors for any lawful City purpose. Errors in the Controller’s estimate of discretionary revenues for a fiscal year shall be corrected by adjustment in the next year’s estimate. For purposes of this subsection, (i) aggregate City appropriations shall not include funds granted to the City by private agencies or appropriated by other public agencies and received by the City, and (ii) Library Department appropriations shall not include funds appropriated to the Library Department to pay for services of other City departments or agencies, except for departments or agencies for whose specific services the Library Department was appropriated funds in fiscal year 2006–2007. Within 180 days following the end of each fiscal year through fiscal year 2023–2024, the Controller shall calculate and publish the actual amount of City appropriations for the Library Department.

The Controller shall set aside and maintain such baseline amounts, together with any interest earned thereon, in the Fund.

At the end of each fiscal year, the Controller shall pro-rate any monies from the annual Baseline and the Annual Set-Aside that remain uncommitted in the Fund, and the Baseline portion of such amount shall be returned to the General Fund. The Annual Set-Aside portion of such amount shall be carried forward to the next

fiscal year and shall be appropriated then or thereafter for the purposes specified in this Section.

Adjustments in the Controller's estimate of the Baseline, including any baseline changes required from increases or decreases to City revenues after budget adoption, along with adjustments to the Annual Set-Aside for a fiscal year shall be corrected by credits or adjustment to be carried forward and added to the annual City appropriation for next fiscal year and, subject to the budgetary and fiscal limitations of this Charter, shall be appropriated then or thereafter for the purposes specified in this Section.

(d) Debt Authority. Notwithstanding the limitations set forth in Sections 9.107, 9.108, and 9.109 of this Charter, the Library Commission may request, and upon recommendation of the Mayor the Board of Supervisors may authorize, the issuance of revenue bonds or other evidences of indebtedness or the incurrence of lease financing or other obligations (the "Debt Obligations"), the proceeds of which are to be used for the acquisition, construction, reconstruction, rehabilitation and/or improvement of real property and/or facilities that will be operated by the Library for Library purposes and for the purchase of equipment relating to such real property and/or facilities. Such Debt Obligations shall be secured by and/or repaid from any available funds pledged or appropriated by the Board of Supervisors for such purpose, which amount may include funds in the Fund allocated under subsection (e)(3) below. Funds appropriated to pay debt service on the Debt Obligations in each fiscal year under the terms of this Section shall be set aside in an account for such use until such payment is made.

(e) Spending Priorities. The Annual Set-Aside and monies carried over from prior fiscal years in the Fund shall be expended in accordance with the following priorities:

1. Such allocations as are necessary for the Library Department to operate the Main Library, which includes a library for the blind, no fewer than 27 neighborhood branch libraries, and an auxiliary technical services facility, with 1211 permanent service hours per week system wide and the permanent service hours at each neighborhood branch library as set by the Library Commission as of November 6, 2007, which may be modified only as provided by subsection (f).

2. Such allocations as are necessary to provide for library services and collections in all formats in order to meet the current and changing needs of San Francisco communities, as the Library Commission in its sole discretion shall approve.

3. Notwithstanding the priorities set forth in this subsection, a portion of the Annual Set-Aside may be used each fiscal year to pay debt service relating to Debt Obligations issued or incurred by the City under subsection (d) above. To ensure that debt service payments do not reduce overall funding available for other Library priorities from current levels, debt service may be payable from the Annual Set-Aside in any fiscal year in an amount no greater than:

A. the annual debt service that would be payable under a financing with the term and principal amount reflected in a Library Commission request for bond issuance under subsection (d) above; and

B. the aggregate growth of the Annual Set-Aside amount and the Baseline amount over the base fiscal year 2006–07.

Amounts on deposit in the Annual Set-Aside in excess of such annual debt service shall be used according to the other priorities of this subsection.

4. To the extent there are unexpended funds remaining in the Fund after the requirements of paragraphs 1 through 3 have been satisfied, such funds may be used for any lawful purpose of the Library Department; provided that no such funds shall be used for debt service payments in any fiscal year in excess of the amount allowed under clause (3) above.

(f) Library Service Hours. Except as provided below in paragraphs 3 and 4, the Library Commission shall maintain at least 1211 permanent service hours per week system wide and the permanent hours at any neighborhood branch Library until July 1, 2013. As of that date, the Library Commission may modify permanent service hours per week system wide and at specific neighborhood branch libraries for succeeding five-year intervals, or at shorter intervals as the Commission may adopt, and in accordance with the following procedures:

1. No later than March 1, 2013, and for each service hour interval thereafter, the Library Commission shall establish a community input process, which may include an informal survey of library users and meetings with the Library Citizens Advisory Committee, Council of Neighborhood Libraries and neighborhood groups, through which citizens of the City and County of San Francisco may provide assistance to the Library Commission as it develops criteria to set system wide and branch service hours for the upcoming interval. Prior to setting service hours for the next interval, the Library Department shall conduct at least one hearing in each supervisorial district to receive and consider the public's comments about existing and potential Library service hours. The Library Commission shall ensure that at least six of these hearings, distributed geographically throughout the City, are held in the evenings or on weekends for the public's convenience.

2. Following the hearings in Paragraph 1, and based on the public input, a comprehensive assessment of needs, and the anticipated adequacy of library resources, the Library Commission may, as of July 1, 2013, modify the system wide and individual neighborhood branch service hours for the next five-year interval or such shorter interval as the Library Commission may adopt. The Library Commission shall repeat this public process and set service hours at least once every five years for the duration of the Fund.

3. The service hours requirement set in subsection (e)(1) and any modifications thereto made pursuant to this subsection shall be temporarily reduced by the normal operating hours for any neighborhood branch temporarily closed for construction, renovation or maintenance purposes. In such cases, the Library Department shall add temporary services elsewhere by adding temporary hours at

nearby branches, providing bookmobile services, securing programming partners in the affected neighborhoods, or similar means.

4. If library services at any branch or system wide are interrupted due to fire, earthquake or other emergency, the Library Department shall be relieved of these service hour requirements, provided that the Library Department shall provide service hours consistent with such exigent circumstances.

(g) Unspent Funds. All unspent funds in the Fund on November 6, 2007 shall continue to be held for the use and benefit of the Library Department. These monies shall be expended to construct, maintain and operate library facilities as provided herein.

SEC. A8.506-2. MISCELLANEOUS SAFETY EMPLOYEES.

Notwithstanding any other provisions of this charter, the Board of Supervisors or the Community College Board shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the probation officers, airport police officers, district attorney and public defender investigators, medical examiner investigators, juvenile court counselors, institutional police, fire safety inspectors and fire protection engineers who are not members of the Section 8.588 plans, shall be members of the Public Employees' Retirement System, and the Board of Supervisors, the Community College Board and the Retirement Board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

The Board of Supervisors shall have the power to amend such a contract to terminate the participation of certain airport police officers in the Public Employees' Retirement System and to transfer to the San Francisco Employees' Retirement System the accumulated assets and liabilities relating to the airport police officers that make such an election, and to exempt such a contract amendment from the cost-neutrality requirements of this Section 8.506-2, provided that the present value of any additional costs associated with said transfer and the related benefits under the San Francisco Employees' Retirement System does not exceed \$670,000 in the aggregate. All additional costs in the form of actuarial liability associated with said transfer and said benefits that exceed \$670,000 in the aggregate shall be paid by the airport police officers that elect to terminate their participation in the Public Employees' Retirement System and transfer the accumulated assets and liabilities relating to their service to the San Francisco Employees' Retirement System. The Board of Supervisors and the Retirement Board shall have the power to perform all acts necessary to carry out the amendment of such contract.

Except as provided in this Section 8.506-2, contracts and contract amendments shall be cost-neutral and employee bargaining units shall be permitted to trade salary or other employee paid benefits to achieve cost-neutrality. The Board of Supervisors or the Community College Board is empowered to determine compliance under this Section. As provided in Section A8.409-5 of the City Charter,

disputes under this paragraph shall not be subject to the dispute resolution procedures contained in Charter Section A8.409-4.

Any person who shall become a member of the Public Employees' Retirement System pursuant to such contract shall have the right to be a member of the health service system and the Health Service Board shall make provision for the participation in the benefits of the health service system by such persons.

SEC. A8.597-10. COMPUTATION OF SERVICE.

The following time shall be included in the computation of the service to be credited to a member of the police department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon re-entry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department.

(b) Time prior to January 1, 2003, during which said member was entitled to receive compensation while a member of the police or fire department under any other section of the charter, provided that accumulated contributions on account of such service previously refunded are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board; and solely for the purpose of determining qualification for retirement under Section A8.597-3 for disability not resulting from injury received in or illness caused by performance of duty, time during which said member serves and receives compensation because of services rendered in other offices and departments.

(c) Time during which said member is absent from a status included in Subsection (a) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Sections A8.520 and A8.521 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the City and County contributed or contributes on his or her account.

(d) Time during which said member earned compensation as an airport police officer, provided that said member does not receive a retirement allowance from the Public Employees' Retirement System or receive credit from the Public Employees' Retirement System for the same service, and provided further that the accumulated assets with interest and accrued liability for the vast service relating to each said member is transferred from the Public Employees' Retirement System to his or her Section A8.597 account, or if previously refunded, is redeposited into his or her Section A8.597 account with interest from the date of refund to the dated redeposit, at times and in the manner fixed by the Retirement Board. The Retirement Board shall require that each said member execute a waiver consenting to the transfer so that any airport police officer service covered by Section A8.597

is not also covered by other pension provisions in this charter, and so that any such member is not receiving either a retirement allowance or service credit from the Public Employees' Retirement System for the same service, and agree to pay for any required costs allocable to such member under Section A8.506-2. Members of the police department on November 6, 2007, who are members of the retirement system under Section A8.597 shall execute and file said waiver on or before February 1, 2008. Failure to file a timely waiver shall bar any application to have such airport police officer service treated as safety service under this subsection.

The additions to this section A8.597-10, approved by the electorate on November 6, 2007, shall not apply to any member of the retirement system who separated from service, retired, or died before November 6, 2007, or to his or her continuant.

SEC. A8.597-11. SOURCES OF FUNDS.

All payments provided for members under Section A8.597 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section A8.597 a sum equal to seven percent of such payment of compensation plus the member's allocable share, if any, of the costs required under Section A8.506-2. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Sections A8.597-8, A8.597-9 and A8.597-10. A member's individual account under Section A8.597 shall include all monies previously credited to the member's account under Section A8.586. The individual accounts of members who were also airport police officers that terminated their participation in the Public Employees' Retirement System as provided in Section A8.506-2 shall also include that portion of the accumulated assets transferred to the San Francisco Employees' Retirement System that represents their contributions to the Public Employees' Retirement System plus interest.

(b) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section A8.597-11, to provide the benefits payable to members under Section A8.597. Such contributions of the City and County to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.597 in accordance with the provisions of Section A8.510.

(c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County held by the system to provide benefits for members under Section A8.597, shall be a part of the fund in which all other assets of said system are included.

(d) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with City representatives to implement a cost sharing arrangement between the City and employee organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the City's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3% @ 55 benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter section 12.100 and in section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under section A8.590-1 et seq.

Certified to be a true copy by Aaron Peskin, President of the Board of Supervisors, and Angela Calvillo, Clerk of the Board of Supervisors.

Date of Election: November 6, 2007.
