11515.2. (a) (1) If an insurance company makes a total loss settlement on a nonrepairable vehicle and takes possession of that vehicle, either itself or through an agent, the insurance company, an occupational licensee of the department authorized by the insurance company, or a salvage pool authorized by the insurance company, shall, within 10 days after receipt of title by the insurer, free and clear of all liens, forward the properly endorsed certificate of ownership or other evidence of ownership acceptable to the department, the license plates, and a fee in the amount of fifteen dollars ($15) to the department. An occupational licensee of the department may submit a certificate of license plate destruction in lieu of the actual license plate. The department, upon receipt of the certificate of ownership or other evidence of title, the license plates, and the fee, shall issue a nonrepairable vehicle certificate for the vehicle.

(2) If an insurance company, an occupational licensee of the department authorized by the insurance company, or a salvage pool authorized by the insurance company is unable to obtain the properly endorsed certificate of ownership or other evidence of ownership acceptable to the department within 30 days following oral or written acceptance by the owner of an offer of an amount in settlement of a total loss, that insurance company, licensee, or salvage pool, on a form provided by the department and signed under penalty of perjury, may

request the department to issue a nonrepairable vehicle certificate for the vehicle. The request shall include and document that the requester has made at least two written attempts to obtain the certificate of ownership or other acceptable evidence of title, and shall include the license plates and fee described in paragraph (1).

(3) The department, upon receipt of the certificate of ownership, other evidence of title, or properly executed request described in paragraph (2), the license plates, and the fee, shall issue a nonrepairable vehicle certificate for the vehicle.

(b) If the owner of a nonrepairable vehicle retains possession of the vehicle, the insurance company shall notify the department of the retention on a form prescribed by the department. The insurance company shall also notify the insured or owner of the insured's or owner's responsibility to comply with this subdivision. The owner shall, within 10 days from the settlement of the loss, forward the properly endorsed certificate of ownership or other evidence of ownership acceptable to the department, the license plates, and a fee in the amount of fifteen dollars ($15) to the department. The department, upon receipt of the certificate of ownership or other evidence of title, the license plates, and the fee, shall issue a nonrepairable vehicle certificate for the vehicle.

(c) If a nonrepairable vehicle is not the subject of an insurance settlement, the owner shall, within 10 days from the loss, forward the properly endorsed certificate of ownership or other evidence of ownership acceptable to the department, the license plates, and a fee in the amount of fifteen dollars ($15) to the department.

(d) If a nonrepairable vehicle is not the subject of an insurance settlement, a self-insurer, as defined in Section 16052, shall, within 10 days of the loss, forward the properly endorsed certificate of ownership or other evidence of ownership acceptable to the department, the license plates, and a fee in the amount of fifteen dollars ($15) to the department.

(e) Prior to sale or disposal of a nonrepairable vehicle, the owner, owner's agent, or salvage pool shall obtain a properly endorsed nonrepairable vehicle certificate and deliver it to the purchaser within 10 days after payment in full for the nonrepairable vehicle and shall also comply with Section 5900. The department shall accept the endorsed nonrepairable vehicle certificate in lieu of the certificate of ownership or other evidence of ownership when accompanied by an application and other documents and fees, including, but not limited to, the fees required by Section 9265, as may be required by the department.

(f) This section does not apply to a vehicle that has been driven or taken without the consent of the owner thereof, until the vehicle has been recovered by the owner and only if the vehicle is a nonrepairable vehicle.

(g) A nonrepairable vehicle certificate shall be conspicuously labeled with the words "NONREPAIRABLE VEHICLE" across the front of the certificate.

(h) A violation of subdivision (a), (b), (d), or (e) is a misdemeanor, pursuant to Section 40000.11. Notwithstanding Section 40000.11, a violation of subdivision (c) is an infraction, except that, if committed with intent to defraud, a violation of subdivision (c) is a misdemeanor.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

*The people of the State of California do enact as follows:*

SECTION 1. Section 73502 of the Water Code is amended to read:

73502. (a) The city, on or before February 1, 2003, shall adopt the program of capital improvement projects designed to restore and improve the bay area regional water system that are described in the capital improvement program report prepared by the San Francisco Public Utilities Commission dated February 25, 2002. A copy of the program shall be submitted, on or before March 1, 2003, to the State Department of Health Services. The program shall include a schedule for the completion of design and award of contract, and commencement and completion of construction of each described project. The schedule shall require that projects representing 50 percent of the total program cost be completed on or before 2010 and that projects representing 100 percent of the total program cost be completed on or before 2015. The program

shall also contain a financing plan. The city shall review and update the program, as necessary, based on changes in the schedule set forth in the plan adopted pursuant to subdivision (d).

(b) The plan shall require completion of the following projects:

|---|---|---|
| 1. Irvington Tunnel Alternative | Alameda/Santa Clara Counties | 9970 |
| 2. Crystal Springs Pump Station & Pipeline | San Mateo County | 201671 |
| 3. BDPL 1 & 2-Repair of Caissons/Pipe Bridge | Alameda/San Mateo Counties | 99 |

| 8. Conveyance Capacity West of Irvington Tunnel | Alameda/Santa Clara/San Mateo Counties | 201441 |
| 9. Calaveras Dam Seismic Improvements | Alameda County | 202135 |

(c) The city shall submit a report to the Joint Legislative Audit Committee, the Seismic Safety Commission, and the State Department of Public Health, on or before September 1 of each year, describing the progress made on the implementation of the capital improvement program for the bay area regional water system during the previous fiscal year. The city shall identify in the report any project that is behind schedule, and, for each project so identified, shall describe the city's plan and timeline for either making up the delay or adopting a revised schedule pursuant to subdivision (d).

(d) (1) The city may determine that completion dates for projects contained in the capital improvement program adopted pursuant to subdivision (a), including those projects described in subdivision (b), should be delayed or that different projects should be constructed.

(2) The city shall provide written notice, not less than 30 days prior to the date of a meeting of the city agency responsible for management of the bay area regional water system, that a change in the program is to be considered. The notice shall include information about the reason for the proposed change and the availability of materials related to the proposed change. All bay area wholesale customers shall be permitted to testify or otherwise submit comments at the meeting.

(3) If the city adopts a change in the program that deletes one or more projects from the program, or postpones the scheduled completion dates, the city shall promptly furnish a copy of that change and the reasons for that change to the State Department of Public Health and the Seismic Safety Commission. The State Department of Public Health and the Seismic Safety Commission shall each submit written comments with regard to the significance of that change with respect to public health and safety to the city and the Joint Legislative Audit Committee not later than 90 days after the date on which those entities received notice of that change.

SEC. 2. Section 73504 of the Water Code is amended to read:

73504. (a) Commencing in 2003, a regional wholesale water supplier shall submit a report to the Legislature and the State Department of Public Health, on or before February 1 of each year, describing the progress made during the previous calendar year on securing supplemental sources of water to augment existing supplies during dry years.

(b) In order to supply adequately, dependably, and safely the requirements of all users of water, the city shall continue its practice of operating the reservoirs in the Counties of Tuolumne and Stanislaus in a manner that ensures that the generation of hydroelectric power will not cause any reasonably anticipated adverse impact on water service. The city shall assign higher priority to delivery of water to the bay area than to the generation of electric power, unless the Secretary of the Interior, in writing, notifies the city that doing so would violate the Raker Act (63 P.L. 41). The city shall make available to the public, on request, its plans of operations (rule curves) for these reservoirs.

(c) The city shall be deemed to be a local public agency for the purposes of Article 4 (commencing with Section 1810) of Chapter 11 of Part 2 of Division 2.

guidelines established by the United States Environmental Protection Agency for the purposes of administering the comparable provisions of the federal Safe Drinking Water Act (42 U.S.C. Sec. 300f et seq.).

SEC. 4. Section 73512 of the Water Code is amended to read:

73512. A regional wholesale water supplier shall reimburse the state for all costs incurred by the State Department of Public Health or the Seismic Safety Commission in carrying out the duties imposed by this division. The bay area wholesale customers shall reimburse the city for their share of those costs as provided in the master water sales contract. The wholesale customers of regional wholesale water suppliers other than the city are responsible for reimbursing the regional wholesale water supplier for their proportionate share of those costs, through the imposition of water charges.

SEC. 5. Section 73514 of the Water Code is amended to read:

73514. This division shall remain in effect only until January 1, 2015, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2015, deletes or extends that date.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

To reflect unique variations or characteristics of different industries, the director may establish, to the extent necessary, either higher or lower qualifying standards than those specified in this subdivision, or alternative standards based on other applicable criteria.

(4) Standards applied under this subdivision shall be established by regulation, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2, and shall preclude the

## CHAPTER 103

An act to amend Section 11836 of the Health and Safety Code, and to amend Section 23103.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 10, 2008. Filed with Secretary of State July 10, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 11836 of the Health and Safety Code is amended to read:

11836. (a) The department shall have the sole authority to issue, deny, suspend, or revoke the license of a driving-under-the-influence program. As used in this chapter, "program" means any firm, partnership, association, corporation, local governmental entity, agency, or place that has been initially recommended by the county board of supervisors,

subject to any limitation imposed pursuant to subdivisions (c) and (d), and that is subsequently licensed by the department to provide alcohol or drug recovery services in that county to any of the following:

(1) A person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a violation of Section 23152 or 23153 of the Vehicle Code, and admitted to a program pursuant to Section 13352, 13352.1, 23538, 23542, 23548, 23552, 23556, 23562, or 23568 of the Vehicle Code.

(2) A person who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of the Harbors and Navigation Code, or of Section 655.4 of that code, and admitted to the program pursuant to Section 668 of that code.

(3) A person who has pled guilty or nolo contendere to a charge of a violation of Section 23103 of the Vehicle Code, under the conditions set forth in subdivision (c) of Section 23103.5 of the Vehicle Code, and who has been admitted to the program under subdivision (e) or (f) of Section 23103.5 of the Vehicle Code.

(4) A person whose license has been suspended, revoked, or delayed due to a violation of Section 23140, and who has been admitted to a program under Article 2 (commencing with Section 23502) of Chapter 1 of Division 11.5 of the Vehicle Code.

(b) If a firm, partnership, corporation, association, local government entity, agency, or place has, or is applying for, more than one license, the department shall treat each licensed program, or each program seeking licensure, as belonging to a separate firm, partnership, corporation, association, local government entity, agency, or place for the purposes of this chapter.

(c) For purposes of providing recommendations to the department pursuant to subdivision (a), a county board of supervisors may limit its recommendations to those programs that provide services for persons convicted of a first driving-under-the-influence offense, or services to those persons convicted of a second or subsequent driving-under-the-influence offense, or both services. If a county board of supervisors fails to provide recommendations, the department shall determine the program or programs to be licensed in that county.

(d) After determining a need, a county board of supervisors may also place one or more limitations on the services to be provided by a driving-under-the-influence program or the area the program may operate within the county, when it initially recommends a program to the department pursuant to subdivision (a).

(1) For purposes of this subdivision, a board of supervisors may restrict a program for those convicted of a first driving-under-the-influence offense to providing only a three-month

program, or may restrict a program to those convicted of a second or subsequent driving-under-the-influence offense to providing only an 18-month program, as a condition of its recommendation.

(2) A board of supervisors may not place restrictions on a program that would violate a statute or regulation.

(3) When recommending a program, if a board of supervisors fails to place any limitation on a program pursuant to this subdivision, the department may license that program to provide any driving-under-the-influence program services that are allowed by law within that county.

(4) This subdivision is intended to apply only to the initial recommendation to the department for licensure of a program by the county. It is not intended to affect a license that has been previously issued by the department or the renewal of a license for a driving-under-the-influence program. In counties where a contract or other written agreement is currently in effect between the county and a licensed driving-under-the-influence program operating in that county, this subdivision is not intended to alter the terms of that relationship or the renewal of that relationship.

SEC. 2. Section 23103.5 of the Vehicle Code is amended to read:

23103.5. (a) If the prosecution agrees to a plea of guilty or nolo contendere to a charge of a violation of Section 23103 in satisfaction of, or as a substitute for, an original charge of a violation of Section 23152, the prosecution shall state for the record a factual basis for the satisfaction or substitution, including whether or not there had been consumption of an alcoholic beverage or ingestion or administration of a drug, or both, by the defendant in connection with the offense. The statement shall set forth the facts that show whether or not there was a consumption of an alcoholic beverage or the ingestion or administration of a drug by the defendant in connection with the offense.

(b) The court shall advise the defendant, prior to the acceptance of the plea offered pursuant to a factual statement pursuant to subdivision (a), of the consequences of a conviction of a violation of Section 23103 as set forth in subdivision (c).

(c) If the court accepts the defendant's plea of guilty or nolo contendere to a charge of a violation of Section 23103 and the prosecutor's statement under subdivision (a) states that there was consumption of an alcoholic beverage or the ingestion or administration of a drug by the defendant in connection with the offense, the resulting conviction shall be a prior offense for the purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, as specified in those sections.

(d) The court shall notify the Department of Motor Vehicles of each conviction of Section 23103 that is required under this section to be a

prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622.

(e) Except as provided in paragraph (1) of subdivision (f), if the court places the defendant on probation for a conviction of Section 23103 that is required under this section to be a prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, the court shall order the defendant to enroll in an alcohol and drug education program licensed under Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code and complete, at a minimum, the educational component of that program, as a condition of probation. If compelling circumstances exist that mitigate against including the education component in the order, the court may make an affirmative finding to that effect. The court shall state the compelling circumstances and the affirmative finding on the record, and may, in these cases, exclude the educational component from the order.

(f) (1) If the court places on probation a defendant convicted of a violation of Section 23103 that is required under this section to be a prior offense for purposes of Section 23540, 23546, 23550, 23560, 23566, or 23622, and that offense occurred within 10 years of a separate conviction of a violation of Section 23103, as specified in this section, or within 10 years of a conviction of a violation of Section 23152 or 23153, the court shall order the defendant to participate for nine months or longer, as ordered by the court, in a program licensed under Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code that consists of at least 60 hours of program activities, including education, group counseling, and individual interview sessions.

(A) Maintenance of minimum passing grades, which is defined as at least a 2.0 grade point average in all enrolled courses on a 4.0 scale.

(B) Maintenance of minimum progress toward meeting the high school graduation requirements prescribed by the governing board.

(6) For purposes of this subdivision, "previous grading period" does not include a grading period in which the pupil was not in attendance for all, or a majority of, the grading period due to absences excused by the school for reasons such as serious illness or injury, approved travel, or work. In that event, "previous grading period" is deemed to mean the grading period immediately prior to the grading period or periods excluded pursuant to this paragraph.

(7) A program that has, as its primary goal, the improvement of academic or educational achievements of pupils is not an extracurricular or cocurricular activity as defined by this section.

(8) The governing board of each school district may adopt, as part of its policy established pursuant to this subdivision, provisions that would allow a pupil who does not achieve satisfactory educational progress, as defined in paragraph (5), in the previous grading period to remain eligible to participate in extracurricular and cocurricular activities during a probationary period. The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district. A pupil who does not achieve satisfactory educational progress, as defined in paragraph (5), during the probationary period shall not be allowed to participate in extracurricular and cocurricular activities in the subsequent grading period.

(9) Nothing in this subdivision shall preclude the governing board of a school district from imposing a more stringent academic standard than that imposed by this subdivision. If the governing board of a school district imposes a more stringent academic standard, the governing board shall establish the criteria for participation in extracurricular and cocurricular activities at a meeting open to the public pursuant to Section 35145.

(10) The governing board of each school district annually shall review the school district policies adopted pursuant to the requirements of this section.

(b) (1) On or before July 1, 1994, the governing board of each school district, as a condition for the receipt of school apportionments from the state school fund, shall adopt rules and regulations establishing a policy of open enrollment within the district for residents of the district. This requirement does not apply to a school district that has only one school or a school district with schools that do not serve any of the same grade levels.

(2) The policy shall include all of the following elements:

(A) It shall provide that the parent or guardian of each schoolage child who is a resident in the district may select the schools the child shall attend, irrespective of the particular locations of his or her residence within the district, except that school districts shall retain the authority to maintain appropriate racial and ethnic balances among their respective schools at the school districts' discretion or as specified in applicable court-ordered or voluntary desegregation plans.

(B) It shall include a selection policy for a school that receives requests for admission in excess of the capacity of the school that ensures that selection of pupils to enroll in the school is made through a random, unbiased process that prohibits an evaluation of whether a pupil should be enrolled based upon his or her academic or athletic performance. The governing board of a school district shall calculate the capacity of the schools in the district for purposes of this subdivision in a nonarbitrary manner using pupil enrollment and available space. However, school districts may employ existing entrance criteria for specialized schools or programs if the criteria are uniformly applied to all applicants. This subdivision shall not be construed to prohibit school districts from using academic performance to determine eligibility for, or placement in, programs for gifted and talented pupils established pursuant to Chapter 8 (commencing with Section 52200) of Part 28 of Division 4.

(C) It shall provide that no pupil who currently resides in the attendance area of a school shall be displaced by pupils transferring from outside the attendance area.

(3) Notwithstanding the requirement of subparagraph (B) of paragraph (2) that the policy include a selection policy for a school that receives requests for admission in excess of the capacity of the school that ensures that the selection is made through a random, unbiased process, the policy may include either of the following elements:

(A) (i) It may provide that special circumstances exist that might be harmful or dangerous to a particular pupil in the current attendance area of the pupil, including, but not necessarily limited to, threats of bodily harm or threats to the emotional stability of the pupil, that serve as a basis for granting a priority of attendance outside the current attendance area of the pupil. A finding of harmful or dangerous special circumstances shall be based upon either of the following:

(I) A written statement from a representative of the appropriate state or local agency, including, but not necessarily limited to, a law enforcement official or a social worker, or properly licensed or registered professionals, including, but not necessarily limited to, psychiatrists, psychologists, or marriage and family therapists.

(II) A court order, including a temporary restraining order and injunction, issued by a judge.

(ii) A finding of harmful or dangerous special circumstances pursuant to this subparagraph may be used by a school district to approve transfers within the district to schools that have been deemed by the school district to be at capacity and otherwise closed to transfers that are not based on harmful or dangerous special circumstances.

(B) It may provide that schools receiving requests for admission shall give priority for attendance to siblings of pupils already in attendance in that school and to pupils whose parent or legal guardian is assigned to that school as his or her primary place of employment.

(4) To the extent required and financed by federal law and at the request of the pupil's parent or guardian, each school district shall provide transportation assistance to the pupil.

## CHAPTER 114

An act to add Sections 9653.5 and 9653.6 to the Business and Professions Code, and to amend Sections 7018 and 8252 of the Health and Safety Code, relating to private cemeteries.

[Approved by Governor July 10, 2008. Filed with Secretary of State July 10, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 9653.5 is added to the Business and Professions Code, to read:

9653.5. (a) Subject to subdivision (b), a limited liability company certificated as a cemetery authority pursuant to Section 7018 of the Health and Safety Code may provide services of licensed cemetery brokers, cemetery salespersons, cemetery managers, funeral directors, embalmers, crematorium licensees, and any other person licensed under this code to provide services relating to cemeteries and funerals by employing one or more of these licensed persons.

(b) At the time of certification, and at all times during which a limited liability company transacts intrastate business as a cemetery authority, the company shall be required to provide security for claims against it based upon acts, errors, or omissions of its licensed employees as described in subdivision (a) by complying with one, or a combination, of the following:

(1) (A) Maintaining a policy or policies of insurance against liability imposed on or against it by law for damages arising out of claims. However, the total aggregate limit of liability under the policy or policies of insurance for a limited liability company that employs five or fewer licensed persons shall not be less than one million dollars ($1,000,000), and for a limited liability company that employs more than five licensees, an additional one hundred thousand dollars ($100,000) of insurance shall be obtained for each additional licensee except that the maximum amount of insurance is not required to exceed five million dollars ($5,000,000) in any one designated period, less amounts paid in defending, settling, or discharging claims as set forth in this paragraph. The policy or policies may be issued on a claims-made or occurrence basis, and shall cover:

(i) In the case of a claims-made policy, claims initially asserted in the designated period.

(ii) In the case of an occurrence policy, occurrences during the designated period.

(B) For purposes of this paragraph, "designated period" means a policy year or any other designated period in the policy that is not greater than 12 months.

(C) The impairment or exhaustion of the aggregate limit of liability by amounts paid under the policy in connection with the settlement, discharge, or defense of claims applicable to a designated period shall not require the limited liability company to acquire additional insurance coverage for that designated period. The policy or policies of insurance may be in a form reasonably available in the commercial insurance market and may be subject to those terms, conditions, exclusions, and endorsements that are typically contained in those policies. A policy or policies of insurance maintained pursuant to this paragraph may be subject to a deductible or self-insured retention.

(D) Upon the dissolution and winding up of the limited liability company, the company shall, with respect to any insurance policy or policies then maintained pursuant to this paragraph, maintain or obtain an extended reporting period endorsement or equivalent provision in the maximum aggregate limit of liability required to comply with this paragraph for a minimum of three years if reasonably available from the insurer.

(2) Maintaining in trust or bank escrow, cash, bank certificates of deposit, United States Treasury obligations, bank letters of credit, or bonds of insurance or surety companies as security for payment of liabilities imposed by law for damages arising out of all claims. However, the maximum amount of security for a limited liability company that employs five or fewer licensed persons shall not be less than one million dollars ($1,000,000), and for a limited liability company that employs

more than five licensees rendering professional services on behalf of the company, an additional one hundred thousand dollars ($100,000) of security shall be obtained for each additional licensee except that the maximum amount of security is not required to exceed five million dollars ($5,000,000). The limited liability company remains in compliance with this section during a calendar year notwithstanding amounts paid during that calendar year from the accounts, funds, Treasury obligations, letters of credit, or bonds in defending, settling, or discharging claims of the type described in this paragraph, provided that the amount of those accounts, funds, Treasury obligations, letters of credit, or bonds was at least the amount specified in the preceding sentence as of the first business day of that calendar year. Notwithstanding the pendency of other claims against the limited liability company, it shall be deemed to be in compliance with this paragraph as to a claim if within 30 days after the time that a claim is initially asserted through service of a summons, complaint, or comparable pleading in a judicial or administrative proceeding, the limited liability company has provided the required amount of security by designating and segregating funds in compliance with the requirements of this paragraph.

(3) Unless the limited liability company has satisfied paragraph (4), each member of a limited liability company certificated as a cemetery authority that provides professional services rendered by employees who are licensed professionals described in subdivision (a), by virtue of that person's status as a member, thereby automatically guarantees payment of the difference between the maximum amount of security required for the limited liability company by this subdivision and the security otherwise provided in accordance with paragraphs (1) and (2), provided that the aggregate amount paid by all members under these guarantees shall not exceed the difference. Neither withdrawal by a member nor the dissolution and winding up of the limited liability company shall affect the rights or obligations of a member arising prior to withdrawal or dissolution and winding up, and the guarantee provided for in this paragraph shall apply only to conduct that occurred prior to the withdrawal or dissolution and winding up. Nothing contained in this subdivision shall affect or impair the rights or obligations of the members among themselves, or the limited liability company, including, but not limited to, rights of contribution, subrogation, or indemnification.

(4) Confirming, pursuant to the procedure in subdivision (c) of Section 16956 of the Corporations Code, that, as of the most recently completed fiscal year of the limited liability company, it had a net worth equal to or exceeding ten million dollars ($10,000,000). The limited liability company shall transmit evidence of this paragraph to the Cemetery and Funeral Board in a form similar to the form submitted by a limited

liability partnership providing alternative security provisions pursuant to subdivision (c) of Section 16956 of the Corporations Code.

(c) (1) A limited liability company may aggregate the security required pursuant to paragraphs (1) to (4), inclusive, of subdivision (b).

(2) For purposes of compliance with this section, the provisions of subdivision (d) of Section 16956 of the Corporations Code shall apply to a limited liability company certificated as a cemetery authority.

SEC. 2. Section 9653.6 is added to the Business and Professions Code, to read:

9653.6. (a) No person licensed under this code as a cemetery broker, cemetery salesperson, cemetery manager, funeral director, embalmer, crematorium licensee, or other person licensed to provide services related to cemeteries and funerals shall have any ownership interest as a member in a limited liability company certificated as a cemetery authority pursuant to Section 7018 of the Health and Safety Code.

(b) If a limited liability company admits, as a member with ownership interest, a licensed person described in subdivision (a), the limited liability company, by operation of law, shall be deemed in violation of Section 17375 of the Corporations Code, and the members shall be treated as partners with joint and several liability for claims made upon acts, errors, or omissions arising out of services provided by any licensed person described in subdivision (a).

(c) If the bureau determines that a licensed cemetery broker, cemetery salesperson, cemetery manager, funeral director, embalmer, crematorium licensee, or other person licensed to provide services related to cemeteries and funerals has an ownership interest as a member in the limited liability company, the bureau shall suspend the limited liability company's certificate of authority. The bureau shall reinstate the certificate of authority only upon finding that the licensed cemetery broker, cemetery salesperson, cemetery manager, funeral director, embalmer, crematorium licensee, or other person licensed to provide services related to cemeteries and funerals has been divested of his or her ownership interest in the limited liability company or has voluntarily surrendered his or her license.

SEC. 3. Section 7018 of the Health and Safety Code is amended to read:

7018. "Cemetery authority" includes cemetery association, corporation sole, limited liability company, or other person owning or controlling cemetery lands or property.

SEC. 4. Section 8252 of the Health and Safety Code is amended to read:

8252. It is unlawful for any corporation, copartnership, firm, trust, association, or individual to engage in or transact any of the businesses

of a cemetery within this state except by means of a corporation or limited liability company duly organized for these purposes.

[Approved by Governor July 10, 2008. Filed with Secretary of State July 10, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 97 of the Streets and Highways Code is amended to read:

97. (a) A state highway segment shall be designated by the department as a Safety Enhancement-Double Fine Zone if all of the following conditions have been satisfied:

(1) The highway segment is eligible for designation pursuant to subdivision (b).

(2) The Director of Transportation, in consultation with the Commissioner of the California Highway Patrol, certifies that the segment identified in subdivision (b) meets all of the following criteria:

(A) The highway segment is a conventional highway or expressway and is part of the state highway system.

(B) The rate of total collisions per mile per year on the segment under consideration has been at least 1.5 times the statewide average for similar roadway types during the most recent three-year period for which data are available.

(C) The rate of head-on collisions per mile per year on the segment under consideration has been at least 1.5 times the statewide average for similar roadway types during the most recent three-year period for which data are available.

(3) The Department of the California Highway Patrol or local agency having traffic enforcement jurisdiction, as the case may be, has concurred with the designation.

(4) The governing board of each city, or county with respect to an unincorporated area, in which the segment is located has by resolution indicated that it supports the designation.

(5) An active public awareness effort to change driving behavior is ongoing either by the local agency with jurisdiction over the segment or by another state or local entity.

(6) Other traffic safety enhancements, including, but not limited to, increased enforcement and other roadway safety measures, are in place or are being implemented concurrent with the designation of the Safety Enhancement-Double Fine Zone.

(b) The following segments are eligible for designation as a Safety Enhancement-Double Fine Zone pursuant to subdivision (a):

State Highway Route 12 between the State Highway Route 80 junction in Solano County and the State Highway Route 5 junction in San Joaquin County.

(c) Designation of a segment as a Safety Enhancement-Double Fine Zone by the department pursuant to subdivision (a) shall be done in writing and a written notification shall be provided to the court with jurisdiction over the area in which the highway segment is located. The designation shall be valid for a minimum of two years from the date of submission to the court.

(d) After the two-year period, and at least every two years thereafter, the department, in consultation with the Department of the California Highway Patrol, shall evaluate whether the highway segment continues to meet the conditions set forth in subdivision (a). If the segment meets those conditions, the department shall renew the designation in which case an updated notification shall be sent to the court. If the department, in consultation with the Department of the California Highway Patrol, determines that any of those conditions no longer apply to a segment designated as a Safety Enhancement-Double Fine Zone under this section, the department shall revoke the designation and the segment shall cease to be a Safety Enhancement-Double Fine Zone.

(e) A Safety Enhancement-Double Fine Zone is subject to the rules and regulations adopted by the department prescribing uniform standards for warning signs to notify motorists that, pursuant to Section 42010 of the Vehicle Code, increased penalties apply for traffic violations that are committed within a Safety Enhancement-Double Fine Zone.

(f) (1) The department or the local authority having jurisdiction over these highway and road segments shall place and maintain the warning signs identifying these segments by stating that a “Special Safety Zone Region Begins Here” and a “Special Safety Zone Ends Here.”

(2) Increased penalties shall apply to violations under Section 42010 of the Vehicle Code only if appropriate signage is in place pursuant to this subdivision.

(3) If designation as a Safety Enhancement-Double Fine Zone is revoked pursuant to subdivision (d), the department shall be responsible for removal of all signage placed pursuant to this subdivision.

(g) Safety Enhancement-Double Fine Zones do not increase the civil liability of the state or local authority having jurisdiction over the highway segment under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code or any other provision of law relating to civil liability.

(1) Only the base fine shall be enhanced pursuant to this section.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

(h) The projects specified as a Safety Enhancement-Double Fine Zone shall not be elevated in priority for state funding purposes.

(i) The requirements of subdivision (a) shall not apply to the Safety Enhancement-Double Fine Zone established prior to the effective date of this subdivision pursuant to Section 97.4 or to the Safety Enhancement-Double Fine Zones established pursuant to Section 97.5.

(j) The department shall conduct an evaluation of the effectiveness of all double fine zones, except those designated pursuant to Section 97.5, that will terminate the same calendar year and submit its findings in one report to the Assembly Committee on Transportation and the Senate Committee on Transportation and Housing one year prior to the termination of the double fine zones. The report shall include a recommendation on whether the zones should be reauthorized by the Legislature.

SEC. 2. Section 97.5 is added to the Streets and Highways Code, to read:

97.5. (a) Notwithstanding subdivision (a) of Section 97, the following segments shall be designated as Safety Enhancement-Double Fine Zones:

(1) State Highway Route 1 between Junipero Serra Boulevard and Lake Street in the City and County of San Francisco.

(2) State Highway Route 101 between Golden Gate Avenue and Lyon Street in the City and County of San Francisco.

(b) The department shall conduct a Safety Enhancement-Double Fine Zone study on the segments identified in subdivision (a) that relates to pedestrian safety and that evaluates the appropriateness of adding

additional criteria to subdivision (a) of Section 97 and whether changes or additional criteria should be considered for adoption.

(1) The study shall include, but not be limited to, all of the following:

(A) A review of traffic volume, speed, the number and severity of collisions, the number and severity of pedestrian-related collisions, and contributing collision factors.

(B) A before and after study on pedestrian and roadway facilities, including, but not limited to, those facilities that have been revised or updated.

(C) A recommendation on whether the zones described in subdivision (a) should be reauthorized by the Legislature.

(2) On or before January 1, 2013, the department shall submit its findings from the study in a report to the appropriate committees of the Legislature.

(c) Subdivisions (e) to (h), inclusive, of Section 97 shall apply to the segments designated as Safety Enhancement-Double Fine Zones pursuant to subdivision (a).

(d) This section shall remain in effect until January 1, 2014, and as of that date is repealed, unless a later statute, that is enacted before January 1, 2014, deletes or extends that date.

(e) "Fund" means the Veterans' Farm and Home Building Fund of 1943, established by Section 988.

998.403. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the Veterans' Farm and Home Purchase Act of 1974 (Article 3.1 (commencing with Section 987.50)), and of all acts amendatory thereof and supplemental thereto, the committee may create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of not more than nine hundred million dollars ($900,000,000), exclusive of refunding bonds, in the manner provided herein.

998.404. (a) All bonds authorized by this article, when duly sold and delivered as provided herein, constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

(b) There shall be collected annually, in the same manner and at the same time as other state revenue is collected, a sum of money, in addition to the ordinary revenues of the state, sufficient to pay the principal of, and interest on, these bonds as provided herein, and all officers required

by law to perform any duty in regard to the collection of state revenues shall collect this additional sum.

(c) On the dates on which funds are to be remitted pursuant to Section 16676 of the Government Code for the payment of debt service on the bonds in each fiscal year, there shall be transferred to the General Fund to pay the debt service all of the money in the fund, not in excess of the amount of debt service then due and payable. If the money transferred on the remittance dates is less than debt service then due and payable, the balance remaining unpaid shall be transferred to the General Fund out of the fund as soon as it shall become available, together with interest thereon from the remittance date until paid, at the same rate of interest as borne by the bonds, compounded semiannually. Notwithstanding any other provision of law to the contrary, this subdivision shall apply to all veterans farm and home purchase bond acts pursuant to this chapter. This subdivision does not grant any lien on the fund or the moneys therein to the holders of any bonds issued under this article. For the purposes of this subdivision, "debt service" means the principal (whether due at maturity, by redemption, or acceleration), premium, if any, or interest payable on any date with respect to any series of bonds. This subdivision shall not apply, however, in the case of any debt service that is payable from the proceeds of any refunding bonds.

998.405. There is hereby appropriated from the General Fund, for purposes of this article, a sum of money that will equal both of the following:

(a) That sum annually necessary to pay the principal of, and the interest on, the bonds issued and sold as provided herein, as that principal and interest become due and payable.

(b) That sum necessary to carry out Section 998.406, appropriated without regard to fiscal years.

998.406. For the purposes of this article, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of a sum of money not to exceed the amount of the unsold bonds which have been authorized by the committee to be sold pursuant to this article. Any sums withdrawn shall be deposited in the fund. All moneys made available under this section to the board shall be returned by the board to the General Fund, plus the interest that the amounts would have earned in the Pooled Money Investment Account, from the sale of bonds for the purpose of carrying out this article.

998.407. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this article. The amount of the request shall not exceed the amount of unsold bonds which the committee has, by resolution,

authorized to be sold for the purpose of carrying out this article. The board shall execute whatever documents are required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this article.

998.408. Upon request of the board, supported by a statement of its plans and projects approved by the Governor, the committee shall determine whether to issue any bonds authorized under this article in order to carry out the board's plans and projects, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out these plans and projects progressively, and it is not necessary that all of the bonds be issued or sold at any one time.

998.409. As long as any bonds authorized under this article are outstanding, the Secretary of Veterans Affairs shall, at the close of each fiscal year, require a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, to be made by an independent public accountant of recognized standing. The results of each survey and projection shall be reported in writing by the public accountant to the Secretary of Veterans Affairs, the California Veterans Board, the appropriate policy committees dealing with veterans affairs in the Senate and the Assembly, and the committee.

The Division of Farm and Home Purchases shall reimburse the public accountant for these services out of any money which the division may have available on deposit with the Treasurer.

998.410. The committee may authorize the Treasurer to sell all or any part of the bonds authorized by this article at the time or times established by the Treasurer.

Whenever the committee deems it necessary for an effective sale of the bonds, the committee may authorize the Treasurer to sell any issue of bonds at less than their par value, notwithstanding Section 16754 of the Government Code. However, the discount on the bonds shall not exceed 3 percent of the par value thereof.

998.411. Out of the first money realized from the sale of bonds as provided herein, there shall be redeposited in the General Obligation Bond Expense Revolving Fund, established by Section 16724.5 of the Government Code, the amount of all expenditures made for the purposes specified in that section, and this money may be used for the same purpose and repaid in the same manner whenever additional bond sales are made.

998.412. Any bonds issued and sold pursuant to this article may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government Code.

The approval of the voters for the issuance of bonds under this article includes approval for the issuance of bonds issued to refund bonds originally issued or any previously issued refunding bonds.

998.413. Notwithstanding any provision of the bond act, if the Treasurer sells bonds under this article for which bond counsel has issued an opinion to the effect that the interest on the bonds is excludable from gross income for purposes of federal income tax, subject to any conditions which may be designated, the Treasurer may establish separate accounts for the investment of bond proceeds and for the earnings on those proceeds, and may use those proceeds or earnings to pay any rebate, penalty, or other payment required by federal law or take any other action with respect to the investment and use of bond proceeds required or permitted under federal law necessary to maintain the tax-exempt status of the bonds or to obtain any other advantage under federal law on behalf of the funds of this state.

998.414. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this article are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by Article XIII B.

SEC. 2. Section 1 of this act shall take effect upon the approval by the people of the Veterans' Bond Act of 2008, submitted to the voters pursuant to Section 3 of this act.

SEC. 3. (a) Notwithstanding Sections 9040, 9043, 9044, 9061, 9094, and 13115 of the Elections Code or any other provision of law, a ballot measure that sets forth the Veterans' Bond Act of 2008, as set forth in Section 1 of this act, shall be submitted to the voters at the November 4, 2008, general election.

(b) The Secretary of State shall ensure the placement of the Veterans' Bond Act of 2008 ballot measure as set forth in Section 1 of this act on the November 4, 2008, general election ballot, in substantial compliance with any statutory time requirements applicable to the submission of statewide measures to the voters at a statewide election.

(c) Notwithstanding Section 13115 of the Elections Code, Section 1 of this act and any other measure placed on the ballot by the Legislature for the November 4, 2008, general election after the 131-day deadline set forth in Section 9040 of the Elections Code shall be placed on the ballot, following all other ballot measures, in the order in which they qualified as determined by chapter number.

(d) Notwithstanding Section 9051 of the Elections Code, the Attorney General shall prepare and return to the Secretary of State a ballot title for the bond act contained in Section 1 of this act as expeditiously as possible, but not later than two days after the effective date of this act.

(e) The Secretary of State shall include, in the ballot pamphlet mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of that code regarding the bond act contained in Section 1 of this act.

If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding the bond act to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall, notwithstanding Section 9094 of that code, be mailed at least 14 days before the election.

SEC. 4. (a) Notwithstanding any other provision of law, all ballots at the election shall have printed thereon, in a square, the words: "Veterans' Bond Act of 2008" and in the same square, under the words, the following in 8-point type: "This act provides for a bond issue of nine hundred million dollars ($900,000,000) to provide farm and home aid for California veterans." Opposite the square, there shall be left spaces in which the voters may place a mark in the manner required by law to indicate whether they vote for or against the act.

(b) Notwithstanding Sections 13247 and 13281 of the Elections Code, the language in subdivision (a) shall be the only language included in the ballot label for the condensed statement of the ballot title, and the Attorney General shall not supplement, subtract from, or revise that language, except that the Attorney General may include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code. The ballot label is the condensed statement of the ballot title and the financial impact summary.

(c) Where the voting of the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 5. Notwithstanding Section 9054 of the Elections Code or any other provision of law, the translations of the ballot title and the condensed statement of the ballot title required pursuant to Section 9054 may be made available for public examination at a later date than the start of the public examination period for the ballot pamphlet, provided that the translations of the ballot title and the condensed statement of the ballot title must remain available for public examination for 20 days.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Veterans' Bond Act of 2008 may be included on the November 4, 2008, statewide general election ballot in furtherance of an orderly program of providing farm and home purchase benefits to California veterans, it is necessary that this act take effect immediately.

## CHAPTER 124

An act to amend Sections 66452.6 and 66463.5 of, to add Section 66452.21 to, and to amend and renumber Sections 66452.11 and 66452.12 of, the Government Code, relating to land use, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 15, 2008. Filed with Secretary of State July 15, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 66452.6 of the Government Code is amended to read:

66452.6. (a) (1) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months. However, if the subdivider is required to expend one hundred seventy-eight thousand

dollars ($178,000) or more to construct, improve, or finance the construction or improvement of public improvements outside the property boundaries of the tentative map, excluding improvements of public rights-of-way which abut the boundary of the property to be subdivided and which are reasonably related to the development of that property, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 36 months from the date of its expiration, as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps that may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

(2) Commencing January 1, 2005, and each calendar year thereafter, the amount of one hundred seventy-eight thousand dollars ($178,000) shall be annually increased by operation of law according to the adjustment for inflation set forth in the statewide cost index for class B construction, as determined by the State Allocation Board at its January meeting. The effective date of each annual adjustment shall be March 1. The adjusted amount shall apply to tentative and vesting tentative maps whose applications were received after the effective date of the adjustment.

(3) "Public improvements," as used in this subdivision, include traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) (1) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence. However, the length of the moratorium shall not exceed five years.

(2) The length of time specified in paragraph (1) shall be extended for up to three years, but in no event beyond January 1, 1992, during the pendency of any lawsuit in which the subdivider asserts, and the local agency which approved or conditionally approved the tentative map denies, the existence or application of a development moratorium to the tentative map.

(3) Once a development moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the

time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction, if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures, and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body without first processing a new tentative map. Once a timely filing is made, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map. Delivery to the county surveyor or city engineer shall be deemed a timely filing for purposes of this section.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires pursuant to subdivision (a) may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of six years. The period of extension specified in this subdivision shall be in addition to the period of time provided by subdivision (a). Prior to the expiration of an approved or conditionally approved tentative map, upon an application by the subdivider to extend that map, the map shall automatically be extended for 60 days or until the application for the extension is approved, conditionally approved, or denied, whichever occurs first. If the advisory agency denies a subdivider's application for an extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium includes a water or sewer moratorium, or a water and sewer moratorium, as well

as other actions of public agencies which regulate land use, development, or the provision of services to the land, including the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium shall also be deemed to exist for purposes of this section for any period of time during which a condition imposed by the city or county could not be satisfied because of either of the following:

(1) The condition was one that, by its nature, necessitated action by the city or county, and the city or county either did not take the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action prior to expiration of the tentative map.

(2) The condition necessitates acquisition of real property or any interest in real property from a public agency, other than the city or county that approved or conditionally approved the tentative map, and that other public agency fails or refuses to convey the property interest necessary to satisfy the condition. However, nothing in this subdivision shall be construed to require any public agency to convey any interest in real property owned by it. A development moratorium specified in this paragraph shall be deemed to have been imposed either on the date of approval or conditional approval of the tentative map, if evidence was included in the public record that the public agency which owns or controls the real property or any interest therein may refuse to convey that property or interest, or on the date that the public agency which owns or controls the real property or any interest therein receives an offer by the subdivider to purchase that property or interest for fair market value, whichever is later. A development moratorium specified in this paragraph shall extend the tentative map up to the maximum period as set forth in subdivision (b), but not later than January 1, 1992, so long as the public agency which owns or controls the real property or any interest therein fails or refuses to convey the necessary property interest, regardless of the reason for the failure or refusal, except that the development moratorium shall be deemed to terminate 60 days after the public agency has officially made, and communicated to the subdivider, a written offer or commitment binding on the agency to convey the necessary property interest for a fair market value, paid in a reasonable time and manner.

SEC. 2. Section 66452.11 of the Government Code, as added by Section 6 of Chapter 612 of the Statutes of 2007, is amended and renumbered to read:

66452.14 (a) Pursuant to the provisions of subparagraph (E) of paragraph (2) of subdivision (a) of Section 66427.1, the subdivider shall give written notice of the intent to convert 180 days prior to the

termination of tenancy in the form outlined in subdivision (b), to each tenant of the subject property.

(b) The notice shall be as follows:

"To the occupant(s) of

_____:

(address)

The owner(s) of this building, at (address), plans to convert this building to a (condominium, community apartment, or stock cooperative project). This is a notice of the owner's intention to convert the building to a (condominium, community apartment, or stock cooperative project).

A tentative map to convert the building to a (condominium, community apartment, or stock cooperative project) was approved by the City on _____. If the City approves a final map, you may be required to vacate the premises, but that cannot happen for at least 180 days from the date this notice was served upon you.

Any future notice given to you to terminate your tenancy because of the conversion cannot be effective for at least 180 days from the date this notice was served upon you. This present notice is not a notice to terminate your tenancy; it is not a notice that you must now vacate the premises.

_____

(signature of owner or owner's agent)

_____

(date)"

The written notices to tenants required by this section shall be deemed satisfied if such notices comply with the legal requirements for service by mail.

SEC. 3. Section 66452.12 of the Government Code, as added by Section 7 of Chapter 612 of the Statutes of 2007, is amended and renumbered to read:

66452.15 (a) Pursuant to subparagraph (F) of paragraph (2) of subdivision (a) of Section 66427.1, the subdivider shall give written notice within five days after receipt of the subdivision public report to each tenant of his or her exclusive right for at least 90 days after issuance of the subdivision public report to contract for the purchase of his or her respective unit in the form outlined in subdivision (b).

(b) The notice shall be as follows:

"To the occupant(s) of

_____:

(address)

The owner(s) of this building, at (address), have received the final subdivision report on the proposed conversion of this building to a (condominium, community apartment, or stock cooperative project). Commencing on the date of issuance of the subdivision public report, you have the exclusive right for 90 days to contract for the purchase of your rental unit upon the same or more favorable terms and conditions than the unit will initially be offered to the general public.

_____

(signature of owner or owner's agent)

_____

(date)"

The written notices to tenants required by this section shall be deemed satisfied if the notices comply with the legal requirements for service by mail.

SEC. 4. Section 66452.21 is added to the Government Code, to read:

66452.21. (a) The expiration date of any tentative or vesting tentative subdivision map or parcel map for which a tentative or vesting tentative map, as the case may be, has been approved that has not expired on the date that the act that added this section became effective and that will expire before January 1, 2011, shall be extended by 12 months.

(b) The extension provided by subdivision (a) shall be in addition to any extension of the expiration date provided for in Section 66452.6, 66452.11, 66452.13, or 66463.5.

(c) Any legislative, administrative, or other approval by any state agency that pertains to a development project included in a map that is extended pursuant to subdivision (a) shall be extended by 12 months if this approval has not expired on the date that the act that added this section became effective. This extension shall be in addition to any extension provided for in Section 66452.13.

(d) For purposes of this section, the determination of whether a tentative subdivision map or parcel map expires before January 1, 2011, shall count only those extensions of time pursuant to subdivision (e) of Section 66452.6 or subdivision (e) of Section 66463.5 approved on or before the date that the act that added this section became effective and any additional time in connection with the filing of a final map pursuant to subdivision (a) of Section 66452.6 for a map that was recorded on or before the date that the act that added this section became effective. The

determination shall not include any development moratorium or litigation stay allowed or permitted by Section 66452.6 or 66463.5.

SEC. 5. Section 66463.5 of the Government Code is amended to read:

66463.5. (a) When a tentative map is required, an approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months.

(b) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings, and no parcel map of all or any portion of the real property included within the tentative map shall be filed without first processing a new tentative map. Once a timely filing is made, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map. Delivery to the county surveyor or city engineer shall be deemed a timely filing for purposes of this section.

(c) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of six years. Prior to the expiration of an approved or conditionally approved tentative map, upon the application by the subdivider to extend that map, the map shall automatically be extended for 60 days or until the application for the extension is approved, conditionally approved, or denied, whichever occurs first. If the advisory agency denies a subdivider's application for an extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(d) (1) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence. However, the length of the moratorium shall not exceed five years.

(2) Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(e) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (c), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is, or was, pending in a court

of competent jurisdiction, if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures, and other administrative requirements.

(f) For purposes of this section, a development moratorium shall include a water or sewer moratorium or a water and sewer moratorium, as well as other actions of public agencies that regulate land use, development, or the provision of services to the land, including the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a parcel map.

(g) Notwithstanding subdivisions (a), (b), and (c), for the purposes of Chapter 4.5 (commencing with Section 66498.1), subdivisions (b), (c), and (d) of Section 66498.5 shall apply to vesting tentative maps prepared in connection with a parcel map except that, for purposes of this section, the time periods specified in subdivisions (b), (c), and (d) of Section 66498.5 shall be determined from the recordation of the parcel map instead of the final map.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit cities, counties, and a city and county to preserve development applications that are set to expire and that cannot be processed presently due to prevailing adverse economic conditions in the construction industry, it is necessary that this act take immediate effect.

Part 215) of the Federal Reserve Board, conform, and be interpreted by anyone construing the provisions of this article to so conform, to Regulation O, to any rule or interpretation promulgated thereunder by the Board of Governors of the Federal Reserve System, and to any interpretation issued by an official or employee of the Federal Reserve System duly authorized to issue the interpretation.

781. As used in this article:

(a) "Bank" means:

(1) Any commercial bank, industrial bank, or trust company incorporated under the laws of this state.

(2) Any foreign (other nation) bank that is licensed by the commissioner under Article 3 (commencing with Section 1750) of Chapter 13.5 to maintain a depositary agency or branch office, as defined in Section 1700, in this state, with respect to any office of that type.

(d) "Extension of credit" has the meaning set forth in Section 215.3 of Regulation O. However, for purposes of this subdivision, the term "member bank," as used in Section 215.3, means a bank.

(e) "Regulation O" means Regulation O (Part 215 (commencing with Section 215.1) of Title 12 of the Code of Federal Regulations) of the Board of Governors of the Federal Reserve System.

(f) "Subsidiary" has the meaning set forth in Section 1841(d) of Title 12 of the United States Code. However, for purposes of this subdivision, the term "bank holding company," as used in Section 1841(d) of Title 12 of the United States Code, means a bank holding company, as defined in Section 1841(a) of Title 12 of the United States Code, or a bank, and the term "board," as used in Section 1841(d) of Title 12 of the United States Code, means the commissioner.

(3) In case a bank in making an extension of credit becomes subject to the requirements set forth in subdivision (b)(1)(i) of Section 215.4 of Regulation O because of paragraph (1) or (2), the bank shall be deemed to fulfill the requirement if the extension of credit is promptly reported to the board of the bank.

783. No bank shall extend credit in an aggregate amount greater than the amount permitted in paragraph (4) of subdivision (c) of Section 215.5 of Regulation O to any company that is majority owned by one or more executive officers of the bank, individually or collectively. For purposes of paragraph (4) of subdivision (c) of Section 215.5 of Regulation O, the total amount of credit extended by the bank to the company is considered to be extended to each of those executive officers.

784. In making any extension of credit that is subject to this article, a bank shall comply with all other applicable provisions of this division relating to extensions of credit by banks.

(5) "Subject person of a bank" means any director, officer, or employee of the bank, or any person who participates in the conduct of the business of the bank. For purposes of this paragraph, "controlling person" has the meaning set forth in Section 700.

(6) "Violation" includes, without limitation, any act done, alone or with one or more persons, for or toward causing, bringing about, participating in, counseling, aiding, or abetting a violation.

(B) That the interests of the bank's accountholders have been or are likely to be seriously prejudiced by reason of the violation, act, or breach of fiduciary duty; or

(C) That the subject person has received financial gain by reason of the violation, act, or breach of fiduciary duty; and

(3) That the violation, act, or breach of fiduciary duty is one involving personal dishonesty on the part of the subject person, or one that demonstrates a willful or continuing disregard for the safety or soundness of the bank.

(c) If, after notice and a hearing, the commissioner finds the following, the commissioner may issue an order suspending or removing a subject person of a bank from his or her office with the bank or prohibiting the subject person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(1) That the subject person's conduct or practice with respect to another bank or business institution has resulted in substantial financial loss or other damage; and

(2) That the conduct or practice has evidenced personal dishonesty or willful or continuing disregard for the safety and soundness of the other bank or business institution; and

(3) That the conduct or practice is relevant in that it demonstrates unfitness to continue as a subject person of the bank.

(d) If the commissioner finds the following, the commissioner may immediately issue an order suspending or removing a subject person of a bank from his or her office with the bank or prohibiting the subject person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(1) That it is necessary for the protection of the bank or the interests of the bank's accountholders that the commissioner issue the order immediately; and

(2) (A) That any of the factors set forth in paragraph (1) of subdivision (b), any of the factors set forth in paragraph (2) of subdivision (b), and any of the factors set forth in paragraph (3) of subdivision (b) are true with respect to the subject person; or

(B) That any of the factors set forth in paragraph (1) of subdivision (c), any of the factors set forth in paragraph (2) of subdivision (c), and the factor set forth in paragraph (3) of subdivision (c) are true with respect to the subject person.

(e) (1) If the commissioner finds the following, the commissioner may immediately issue an order suspending or removing a subject person of a bank from his or her office with the bank or prohibiting the subject person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(A) That the subject person has been charged in an indictment issued by a grand jury or in an information, complaint, or similar pleading issued by a United States attorney, district attorney, or other governmental official or agency authorized to prosecute crimes, with a crime that is punishable by imprisonment for a term exceeding one year and that involves dishonesty or breach of trust; and

(B) That the person's continuing to serve as a subject person of the bank may pose a material threat to the interests of the bank's accountholders or may threaten to materially impair public confidence in the bank. In case the criminal proceedings are terminated other than by a judgment of conviction, the order shall be deemed rescinded.

(2) If the commissioner finds the following, the commissioner may immediately issue an order suspending or removing a subject person of a bank, or a former subject person of a bank, from his or her office, if any, with the bank and prohibiting the person from further participating in any manner in the conduct of the business of the bank, except with the prior consent of the commissioner:

(A) That the person has been finally convicted of a crime that is punishable by imprisonment for a term exceeding one year and that involves dishonesty or breach of trust; and

(B) That the person's continuing to serve or resumption of service as a subject person of the bank may pose a material threat to the interests of the bank's accountholders or may threaten to materially impair public confidence in the bank.

(3) The fact that any subject person of a bank charged with a crime involving dishonesty or breach of trust is not finally convicted of that crime shall not preclude the commissioner from issuing an order regarding the subject person pursuant to other provisions of this division.

(f) (1) Within 30 days after an order is issued pursuant to subdivision (d) or (e), the person to whom the order is issued may file with the

commissioner an application for a hearing on the order. The commissioner shall, upon the written request of the person, extend the 30-day period by an additional 30 days provided the request is filed with the commissioner within 30 days after the order is issued. If the commissioner fails to commence the hearing within 15 business days after the application is filed, or within a longer period to which the person consents, the order shall be deemed rescinded. Within 30 days after the hearing, the commissioner shall affirm, modify, or rescind the order; otherwise, the order shall be deemed rescinded.

(2) The right of any person to whom an order is issued under subdivision (d) or (e) to petition for judicial review of the order shall not be affected by the failure of that person to apply to the commissioner for a hearing on the order pursuant to this subdivision.

(g) (1) Any person to whom an order is issued under subdivision (b), (c), (d), or (e) may apply to the commissioner to modify or rescind that order. The commissioner shall not grant that application unless the commissioner finds that it is in the public interest to do so and that it is reasonable to believe that the person will, if and when he or she becomes a subject person of a bank, comply with all applicable provisions of this division and of any regulation or order issued thereunder.

(2) The right of any person to whom an order is issued under subdivision (b), (c), (d), or (e) to petition for judicial review of that order shall not be affected by the failure of the person to apply to the commissioner pursuant to paragraph (1) to modify or rescind the order.

(h) (1) A notice issued under this section shall state the facts constituting the grounds for removal, suspension, or prohibition.

(2) A hearing held before the commissioner pursuant to this section shall be private unless the commissioner, in his or her discretion, after fully considering the view of the party afforded the hearing, determines that a public hearing is necessary to protect the public interest.

(i) (1) It is unlawful for any subject person of a bank or former subject person of a bank to whom an order is issued under subdivision (b), (c), (d), or (e) to do any of the following, except with the prior consent of the commissioner, so long as the order is effective:

(A) To serve or act as a director, officer, employee, or agent of any licensee.

(B) To vote any shares or other securities of a licensee having voting rights, for the election of any person as a director of the licensee.

(C) Directly or indirectly, to solicit, procure, or transfer or attempt to transfer, or vote any proxy, consent, or authorization with respect to any shares or other securities of any licensee having voting rights.

(D) Otherwise to participate in any manner in the conduct of the business of any licensee.

(2) Any person who violates paragraph (1) shall, upon conviction, be punished by a fine of not more than five thousand dollars ($5,000) or imprisoned in the state prison, or in a county jail not to exceed one year, or by both that fine and imprisonment.

(3) If, after notice and a hearing, the commissioner finds that any person has violated paragraph (1), the commissioner may order that person to pay to the commissioner a civil penalty in an amount as the commissioner may specify, provided that the amount of the civil penalty shall not exceed one thousand dollars ($1,000) for each violation or, in the case of a continuing violation, one thousand dollars ($1,000) for each day for which the violation continues.

In determining the amount of a civil penalty to be paid to the commissioner under this paragraph, the commissioner shall consider the financial resources and good faith of the person charged, the gravity of the violation, the history of previous violations by the person, and other factors that in the opinion of the commissioner may be relevant.

[Approved by Governor July 16, 2008. Filed with Secretary of State July 16, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 23358 of the Business and Professions Code is amended to read:

23358. (a) Licensed winegrowers, notwithstanding any other provisions of this division, may also exercise the following privileges:

(2) Sell wine and brandy to consumers for consumption off the premises where sold.

(3) Sell wine to consumers for consumption on the premises.

(4) Sell all beers, wines, and brandies, regardless of source, to consumers for consumption on the premises in a bona fide eating place as defined in Section 23038 of this code, which is located on the licensed premises or on premises owned by the licensee that are contiguous to the licensed premises and which is operated by and for the licensee. At such bona fide public eating place beer, wine, and brandy may be used in the preparation of food and beverages to be consumed on the premises.

(b) A winegrower may also have upon the premises all beers, wines, and brandies, regardless of source, for sale or service only to guests during private events or private functions not open to the general public. Alcoholic beverage products sold at the premises that are not produced and bottled by, or produced and packaged for, the winegrower shall be purchased by the winegrower only from a licensed wholesaler.

(c) A winegrower shall actually produce on his or her licensed premises by conversion of grapes, berries, or other fruit, into wine, not less than 50 percent of all wines sold to consumers on his or her licensed premise or premises and any licensed branch premise or premises.

(d) The department may, if it shall determine for good cause that the granting of any such privilege would be contrary to public welfare or morals, deny the right to exercise any on-sale privilege authorized by this section in either a bona fide eating place the main entrance to which is within 200 feet of a school or church, or on the licensed winery premises, or both.

(e) Nothing in this section or in Section 23390 is intended to alter, diminish, replace, or eliminate the authority of a county, city, or city and county from exercising land use regulatory authority by law to the extent the authority may restrict, but not eliminate, privileges afforded by these sections.

SEC. 2. Section 23390 of the Business and Professions Code is amended to read:

23390. A licensed winegrower or brandy manufacturer, in addition to exercising all the privileges of his or her license at his or her licensed premises, may exercise all his or her license privileges at or from branch offices or warehouses, or United States bonded wine cellars located away from his or her place of production or manufacture, other than production or manufacture, the sale of wine to consumers for consumption on the licensed premises, the sale of wine or brandy to consumers for consumption on the premises in a bona fide eating place, and the sale or delivery of wine to consumers in containers supplied, furnished, or sold by the consumer. The department shall, upon request, issue to a winegrower or brandy manufacturer a duplicate of his or her original license for a location or locations other than his or her wine production or brandy manufacture premises. The duplicate license authorizes the maintenance and operation of each branch or warehouse or United States bonded wine cellar declared and designated by the winegrower or brandy manufacturer at the location for which the duplicate license is issued. The fee for each duplicate winegrower's license and for each duplicate brandy manufacturer's license is as specified in Section 23320.

Notwithstanding the provisions of any other section of this division, a duplicate winegrower's license or duplicate brandy manufacturer's license shall be issued forthwith upon the application therefor. In the event any protest is received by the department concerning the issuance of the duplicate license, the protest shall be considered as an accusation against the licensee and a hearing had thereon as if an accusation had been filed.

For 30 days from the date of the issuance of the duplicate license, no retail sales of wine or brandy shall be made at any branch office for which a duplicate winegrower's license or duplicate brandy manufacturer's license is issued pursuant to this section.

Notwithstanding any other provision of law, the department may allow any person who held more than one original winegrower's license, on or before January 1, 1981, to transfer any duplicate license which has been issued, on or before January 1, 1981, on any of the original winegrower's licenses to any other original winegrower's license held by that person, on or before January 1, 1981, provided that the licensee cancels the original winegrower's license from which any duplicate license is transferred. This subdivision shall not authorize any person to acquire any additional duplicate licenses other than those held by that licensee on or before January 1, 1981.

SEC. 3. Section 23396.5 of the Business and Professions Code is amended to read:

23396.5. Notwithstanding any other provision of law, any on-sale licensee, which maintains a bona fide eating place in conjunction with such license, or any winegrower that is exercising a privilege pursuant to Section 23358, may allow any person who has purchased and partially consumed a bottle of wine to remove such partially consumed bottle from the premises upon departure.

This section shall not be construed to limit the discretion of the juvenile

Thereafter, the department shall adopt regulations to implement this section and the approved waiver in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Beginning six months after the effective date of the act adding this subdivision, the department shall provide a status report to the Legislature on a semiannual basis until regulations have been adopted.

(6) In the event that the Department of Finance determines that the program operated under the authority of the waiver described in paragraph (2) is no longer cost effective, this subdivision shall become inoperative on the first day of the first month following the issuance of a 30-day notification of that determination in writing by the Department of Finance to the chairperson in each house that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees in each house that considers the State Budget, and the Chairperson of the Joint Legislative Budget Committee.

(7) If this subdivision ceases to be operative, all persons who have received or are eligible to receive comprehensive clinical family planning services pursuant to the waiver described in paragraph (2) shall receive family planning services under the Medi-Cal program pursuant to subdivision (n) if they are otherwise eligible for Medi-Cal with no share of cost, or shall receive comprehensive clinical family planning services

under the program established in Division 24 (commencing with Section 24000) either if they are eligible for Medi-Cal with a share of cost or if they are otherwise eligible under Section 24003.

(8) For purposes of this subdivision, "comprehensive clinical family planning services" means the process of establishing objectives for the number and spacing of children, and selecting the means by which those objectives may be achieved. These means include a broad range of acceptable and effective methods and services to limit or enhance fertility, including contraceptive methods, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies, natural family planning, abstinence methods, and basic, limited fertility management. Comprehensive clinical family planning services include, but are not limited to, preconception counseling, maternal and fetal health counseling, general reproductive health care, including diagnosis and treatment of infections and conditions, including cancer, that threaten reproductive capability, medical family planning treatment and procedures, including supplies and followup, and informational, counseling, and educational services. Comprehensive clinical family planning services shall not include abortion, pregnancy testing solely for the purposes of referral for abortion or services ancillary to abortions, or pregnancy care that is not incident to the diagnosis of pregnancy. Comprehensive clinical family planning services shall be subject to utilization control and include all of the following:

(A) Family planning related services and male and female sterilization. Family planning services for men and women shall include emergency services and services for complications directly related to the contraceptive method, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies, and followup, consultation, and referral services, as indicated, which may require treatment authorization requests.

(B) All United States Department of Agriculture, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies that are in keeping with current standards of practice and from which the individual may choose.

(C) Culturally and linguistically appropriate health education and counseling services, including informed consent, that include all of the following:

(i) Psychosocial and medical aspects of contraception.

(ii) Sexuality.

(iii) Fertility.

(iv) Pregnancy.

(v) Parenthood.

(vi) Infertility.

(vii) Reproductive health care.

(viii) Preconception and nutrition counseling.

(ix) Prevention and treatment of sexually transmitted infection.

(x) Use of contraceptive methods, federal Food and Drug Administration approved contraceptive drugs, devices, and supplies.

(E) A complete physical examination on initial and subsequent periodic visits.

(ab) Purchase of prescribed enteral formulae is covered, subject to the Medi-Cal list of enteral formulae and utilization controls.

(ac) Diabetic testing supplies are covered when provided by a pharmacy, subject to utilization controls.

SEC. 2. The Legislature finds and declares that, because providers have previously been made aware of the change in federal law that requires a prescription executed by a prescriber in written, nonelectronic form to be covered under the Medi-Cal program only when the prescription is executed on a tamper resistant prescription form, it is the intent of the Legislature that the amendments made by this act to Section 14132 of the Welfare and Institutions Code apply retroactively.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to timely comply with the federal statutory implementation date of April 1, 2008, to enhance fraud prevention, and to avoid the loss of federal financial participation funding for drugs administered in the Medi-Cal program, it is necessary that this act take effect immediately.

## CHAPTER 135

An act to add Section 5011.7 to the Public Resources Code, relating to parks and recreation.

[Approved by Governor July 17, 2008. Filed with
Secretary of State July 17, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 5011.7 is added to the Public Resources Code, to read:

5011.7. (a) The Legislature finds and declares that the use of conservation easements can assist the department in protecting the natural resources of the state park system and prevent incompatible uses on property at a low cost, while maintaining land in private ownership and productive use.

(b) For the purposes of this section, the following terms have the following meaning:

(1) "Conservation easement" means a limitation in a recorded instrument that contains an easement, restriction, covenant, condition, or offer to dedicate, that has been executed by or on behalf of the owner of the land subject to that limitation and is binding upon successive owners of the land, and the purpose of which is to retain land predominantly in its natural, scenic, historical, agricultural, forested, or open-space condition. "Conservation easement" includes a conservation easement as defined in Section 815.1 of the Civil Code, an open-space easement as defined in Section 51075 of the Government Code, and an agricultural conservation easement as defined in Section 10211.

(2) "Local government" means a city, county, or district.

(3) "Nonprofit land trust organization" means a nonprofit organization described in Section 501(c)(3) of the Internal Revenue Code (26 U.S.C. Sec. 501(c)(3)), that is exempt from taxation under Section 501(a) of that code (26 U.S.C. Sec. 501(a)), and that has among its purposes the conservation of natural or cultural resources.

(c) The department may acquire a conservation easement on real property, pursuant to the requirements of Section 5006, if the department determines that the conservation easement is necessary to protect a unit of the state park system from an incompatible use or to preserve and enhance the natural resource, cultural, or historic value of the unit of the state park system.

(d) (1) For the purposes of this section, the department may make grants to a state or local government agency or a nonprofit land trust organization to purchase and hold a conservation easement, using funds appropriated to the department through the annual Budget Act that have been authorized for encumbrance for either capital outlay or local assistance.

(2) The director shall not disburse grant funds to a state or local government agency or a nonprofit land trust organization to purchase and hold the easement until the grantee agrees that the easement acquired will be used only for the purpose for which the grant was requested.

(3) The director shall find that the disposition of the easement is consistent with, and in furtherance of, the purposes of this division and that the holder of the easement is qualified to monitor and enforce the easement.

(4) If the state or local government agency or nonprofit land trust organization holding the easement is dissolved, the easement shall be transferred to a state or local government agency or nonprofit land trust organization that is qualified to monitor and enforce the easement. The transfer of the easement shall go into effect after a subsequently recorded document reflecting that transfer is recorded.

(5) The easement or its terms may be amended with the consent of the property owner and the state or local government agency or nonprofit land trust organization holding the easement and upon approval by the department if the department determines that the amendment is consistent with this section. An amendment to the conservation easement shall go into effect once a subsequently recorded document setting forth the amendment is recorded.

(6) The director shall not disburse any grant funds unless the recipient agrees to restrict the use of the land in perpetuity.

(e) On or before July 1, 2009, the department shall adopt written policies regarding conservation easement purchases. At a minimum, these policies shall include procedures to monitor and enforce the provisions of the conservation easement. The policies shall be made available on the department's Internet Web site.

## CHAPTER 138

[Approved by Governor July 17, 2008. Filed with Secretary of State July 17, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 17050 of the Health and Safety Code is amended to read:

17050. (a) Except as provided in Section 18930, the Department of Housing and Community Development may promulgate rules and regulations to interpret and make specific this part. When adopted, those rules and regulations shall apply to all parts of the state.

(b) Upon written notice to the Department of Housing and Community Development, any city, county, or city and county may assume the responsibility for the enforcement of this part, for the building standards published in the California Building Standards Code relating to employee housing, and for the other regulations adopted pursuant to this part following approval by the department for that assumption.

(c) The Department of Housing and Community Development shall adopt regulations which shall set forth the conditions for assumption and may include required qualifications of local enforcement agencies. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of active and inactive employee housing within its jurisdiction.

(d) A city, county, or city and county may, by ordinance, establish a schedule of fees for the operation of employee housing not to exceed that which is established by the department. In no event may fees be charged to residents of employee housing.

(e) (1) In the event of nonenforcement of this part, of the building standards published in the California Building Standards Code relating to employee housing, or of the other rules and regulations adopted pursuant to this part, the department shall enforce this part, the building standards published in the California Building Standards Code relating to employee housing, and the rules and regulations adopted pursuant to this part in any city, county, or city and county after the department has given written notice to the governing body of the city, county, or city and county, setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and has failed to initiate corrective measures to carry out its responsibility within 30 days of the date of the notice.

(2) On or after January 1, 1987, in the event the local enforcement agency has failed to initiate adequate and reasonable corrective measures to carry out its responsibility, as determined by the department, within 30 days of the date of notice of one or more specific examples of nonenforcement, the department, at its option, may undertake investigation and enforcement of the alleged violations of this part within the local enforcement agency's jurisdiction, and the local enforcement agency shall be liable to the department and the Attorney General for the actual costs of the investigation and enforcement by these state agencies.

(f) (1) The department shall conduct an annual evaluation of the enforcement of this part, of the building standards published in the California Building Standards Code relating to employee housing, and of the other regulations adopted pursuant to this part by each city, county, or city and county which has assumed responsibility for enforcement. The department shall submit a written summary of the evaluation conducted pursuant to this subdivision with the report required by Section 50408.

(2) The department, in consultation with interested persons, including housing advocates and farming organizations, shall conduct an evaluation of the definition of "rural" as used in paragraph (1) of subdivision (b) of Section 17008 and submit a written summary of the evaluation with the report required in calendar year 1996 by Section 17031.8.

(h) (1) Any city, county, or city and county may cancel its assumption of responsibility for the enforcement of these provisions by providing written notice of cancellation to the department. The department shall assume the responsibility within 90 days after receipt of the notice.

(c) The department shall adopt regulations that set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations shall relate solely to the ability of local agencies to enforce properly this part and the regulations adopted pursuant to this part. The regulations shall not set forth requirements for local agencies different than those that the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of this part or the regulations adopted pursuant to this part by a city, county, or city and county, the department shall enforce both this part and Part 2.3 (commencing with Section 18860) and the regulations adopted pursuant to this part and Part 2.3 (commencing with Section 18860) in the city, county, or city and county, after the department has given written notice to the governing body of the city, county, or city and county, setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of the notice.

(2) Where the department determines that the local enforcement agency is not properly enforcing this part or Part 2.3 (commencing with Section 18860), the local enforcement agency may appeal the decision to the director of the department.

(e) (1) Any city, city and county, or county may cancel its assumption of responsibility for the enforcement of both this part and Part 2.3 (commencing with Section 18860) by providing written notice of the cancellation to the department. The department shall assume responsibility within 90 days after receipt of the notice.

(2) Any local enforcement agency that relinquishes enforcement authority to the department shall remit to the department any fees collected pursuant to Section 18502 that have not been expended for purposes of this part, except that, for fees collected pursuant to subdivision (c) of that section, the local enforcement agency shall pay to the department a sum that is equal to the percentage of the year remaining before outstanding permits to operate expire. In addition, the local enforcement agency that relinquishes enforcement authority to the department shall remit to the department any fees collected pursuant to this part for permits to construct or for plan review, or both, for which a final approval of the construction has not yet been issued.

(f) Every city, county, or city and county, within its jurisdiction, shall enforce this part and the regulations adopted pursuant to this part, as they relate to manufactured homes, mobilehomes, or recreational vehicles, and to accessory buildings or structures located in both of the following areas:

(1) Inside of parks while the city, county, or city and county has assumed responsibility for enforcement of both this part and Part 2.3 (commencing with Section 18860).

(2) Outside of parks.

(g) This part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers, from doing any of the following:

(1) From establishing, subject to the requirements of Sections 65852.3 and 65852.7 of the Government Code, certain zones for manufactured homes, mobilehomes, and mobilehome parks within the city, county, or city and county, or establishing types of uses and locations, including family mobilehome parks, senior mobilehome parks, mobilehome condominiums, mobilehome subdivisions, or mobilehome planned unit developments within the city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing park perimeter walls or enclosures on public street frontage, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks.

(2) From regulating the construction and use of equipment and facilities located outside of a manufactured home or mobilehome used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or

other waste therefrom when the facilities are located outside a park for which a permit is required by this part or the regulations adopted pursuant thereto.

(3) From requiring a permit to use a manufactured home or mobilehome outside a park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of manufactured homes and mobilehomes, which permit may be refused or revoked if the use violates this part or Part 2 (commencing with Section 18000), any regulations adopted pursuant thereto, or any local ordinance applicable to that use.

(4) From requiring a local building permit to construct an accessory structure for a manufactured home or mobilehome when the manufactured home or mobilehome is located outside a mobilehome park, under circumstances when this part or Part 2 (commencing with Section 18000) and the regulations adopted pursuant thereto do not require the issuance of a permit therefor by the department.

(5) From prescribing and enforcing setback and separation requirements governing the installation of a manufactured home, mobilehome, or mobilehome accessory structure or building installed outside of a mobilehome park.

(h) (1) A city, including a charter city, county, or city and county, shall not require the average density in a new park to be less than that permitted by the applicable zoning ordinance, plus any density bonus, as defined in Section 65915 of the Government Code, for other affordable housing forms.

(2) A city, including a charter city, county, or city and county, shall not require a new park to include a clubhouse. Recreational facilities, recreational areas, accessory structures, or improvements may be required only to the extent that the facilities or improvements are required in other types of residential developments containing a like number of residential dwelling units.

(3) A city, including a charter city, county, or city and county, shall not require the setback and separation requirements authorized by paragraph (5) of subdivision (g) to be greater than those permitted by applicable ordinances for other housing forms.

SEC. 3. Section 18400.1 of the Health and Safety Code is amended to read:

18400.1. (a) In accordance with subdivision (b), the enforcement agency shall enter and inspect mobilehome parks, as required under this part, with a goal of inspecting at least 5 percent of the parks per year, to ensure enforcement of this part and the regulations adopted pursuant to this part. The enforcement agency's inspection shall include an inspection

of the exterior portions of individual manufactured homes and mobilehomes in each park inspected. Any notices of violation of this part shall be issued pursuant to Chapter 3.5 (commencing with Section 18420).

(b) In developing its mobilehome park maintenance inspection program, the enforcement agency shall inspect the mobilehome parks that the enforcement agency determines have complaints that have been made to the enforcement agency regarding serious health and safety violations in the park. A single complaint of a serious health and safety violation shall not automatically trigger an inspection of the entire park unless upon investigation of that single complaint the enforcement agency determines that there is a violation and that an inspection of the entire park is necessary.

(c) This part does not allow the enforcement agency to issue a notice for a violation of existing laws or regulations that were not violations of the laws or regulations at the time the mobilehome park received its original permit to operate, or the standards governing any subsequent permit to construct, or at the time the manufactured home or mobilehome received its original installation permit, unless the enforcement agency determines that a condition of the park, manufactured home, or mobilehome endangers the life, limb, health, or safety of the public or occupants thereof.

(d) Not less than 30 days prior to the inspection of a mobilehome park under this section, the enforcement agency shall provide individual written notice of the inspection to the registered owners of the manufactured homes or mobilehomes, with a copy of the notice to the occupants thereof, if different than the registered owners, and to the owner or operator of the mobilehome park and the responsible person, as defined in Section 18603.

(e) At the sole discretion of the enforcement agency's inspector, a representative of either the park operator or the mobilehome owners may accompany the inspector during the inspection if that request is made to the enforcement agency or the inspector requests a representative to accompany him or her. If either party requests permission to accompany the inspector or is requested by the inspector to accompany him or her, the other party shall also be given the opportunity, with reasonable notice, to accompany the inspector. Only one representative of the park owner and one representative of the mobilehome owners in the park may accompany the inspector at any one time during the inspection. If more than one representative of the mobilehome owners in the park requests permission to accompany the inspector, the enforcement agency may adopt procedures for choosing that representative.

(f) The enforcement agency shall coordinate a preinspection orientation for mobilehome owners and mobilehome park operators with the use of an audiovisual presentation furnished by the department to affected local enforcement agencies. Enforcement agencies shall furnish the audiovisual presentation to park operators and mobilehome owner representatives in each park subject to inspection not less than 30 days prior to the inspection. Additionally, it is the Legislature's intent that the department shall, where practicable, conduct live presentations, forums, and outreach programs throughout the state to orient mobilehome owners and park operators on the mobilehome park maintenance inspection program and their rights and obligations under the program.

(g) This section shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

SEC. 4. Section 18865 of the Health and Safety Code is amended to read:

18865. (a) This part applies to all parts of the state and supersedes any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to this part. Except as provided in Section 18930, the department may adopt regulations to interpret and make specific this part and, when adopted, the regulations shall apply to all parts of the state.

(b) Upon 30 days' written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of both this part and Part 2.1 (commencing with Section 18200) and the regulations adopted pursuant to this part following approval by the department for the assumption.

(c) The department shall adopt regulations that set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations shall relate solely to the ability of local agencies to enforce properly this part and the regulations adopted pursuant to this part. The regulations shall not set forth requirements for local agencies different than those that the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of special occupancy parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of this part or the regulations adopted pursuant to this part by a city, county, or city and county, the department shall enforce both this part and Part 2.1 (commencing with Section 18200) and the regulations adopted pursuant to this part and Part 2.1 in the city, county, or city and county, after the department has given

written notice to the governing body of the city, county, or city and county, setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of the notice.

(2) Where the department determines that the local enforcement agency is not properly enforcing this part, the local enforcement agency may appeal the decision to the director of the department.

(e) (1) Any city, city and county, or county may cancel its assumption of responsibility for the enforcement of both this part and Part 2.1 (commencing with Section 18200) by providing written notice of cancellation to the department. The department shall assume responsibility within 90 days after receipt of the notice.

(2) A local enforcement agency that has been approved by the department to enforce the provisions of this chapter and cancels its assumption of responsibility and returns enforcement to the department under paragraph (1) shall remit to the department the fees collected under Section 18870.2 that have not been expended pursuant to this chapter and the regulations adopted thereunder, except that, for fees for a permit to operate, the local enforcement agency shall pay to the department a sum that is equal to the percentage of the year remaining before outstanding permits to operate expire. In addition, the local enforcement agency that relinquishes enforcement authority to the department shall remit to the department any fees collected pursuant to this part for permits to construct or for plan review, or both, for which a final approval of the construction has not yet been issued.

(f) Every city, county, or city and county shall, within its jurisdiction, enforce this part and the regulations adopted pursuant to this part, as they relate to recreational vehicles and to accessory buildings or structures located in both of the following areas: (1) inside of parks where the city, county, or city and county has assumed responsibility for enforcement of both this part and Part 2.1 (commencing with Section 18200), and (2) outside of parks.

(g) This part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers, from doing any of the following:

(1) Establishing, subject to the requirements of Sections 65852.3 and 65852.7 of the Government Code, certain zones for special occupancy parks within the city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing park perimeter walls or enclosures on public street frontage, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for special occupancy parks.

(2) Regulating the construction and use of equipment and facilities located outside of a recreational vehicle used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when the facilities are located outside a park for which a permit is required by this part or the regulations adopted pursuant thereto.

(3) Requiring a permit to use a recreational vehicle outside a park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of recreational vehicles, which permit may be refused or revoked if the use violates this part or Part 2 (commencing with Section 18000), any regulations adopted pursuant thereto, or any local ordinance applicable to that use or Part 2.1 (commencing with Section 18200).

(h) A city, including a charter city, county, or city and county, shall not require a new park to include a clubhouse. Recreational facilities, recreational areas, accessory structures, or improvements may be required only to the extent that the facilities or improvements are required in other types of similar recreational facilities, if any, in the city, county, or city and county.

513. (a) The department, as a means of furthering the interpretive and educational functions of the state park system, may enter into an agreement to act cooperatively with a nonprofit cooperating association engaged in educational or interpretive work in a state park system unit, as the director may designate, whereby the cooperating association would furnish educational and interpretive materials, or educational and interpretive services, or educational and interpretative materials and services, for sale to the public.

(c) A cooperating association may provide, pursuant to this section, noneducational and noninterpretive materials and services, as described in paragraph (4) of subdivision (d), as part of its cooperating association program with the approval of the department, if the department is unable to obtain, through a good faith effort, a concessionaire to provide those materials and services.

(d) For purposes of this section, the following definitions apply:

(1) "Cooperating association" means a corporation that meets all of the following criteria:

(A) The corporation is a nonprofit public benefit corporation, organized pursuant to Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code.

## CHAPTER 142

An act to amend Section 4011.10 of the Penal Code, relating to inmates.

[Filed with Secretary of State July 18, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4011.10 of the Penal Code is amended to read:

4011.10. (a) It is the intent of the Legislature in enacting this section to provide county sheriffs, chiefs of police, and directors or administrators of local detention facilities with an incentive to not engage in practices designed to avoid payment of legitimate emergency health care costs for the treatment or examination of persons lawfully in their custody, and to promptly pay those costs as requested by the provider of services. Further, it is the intent of the Legislature to encourage county sheriffs, chiefs of police, and directors or administrators of local detention facilities to bargain in good faith when negotiating a service contract with hospitals providing emergency health care services.

(b) Notwithstanding any other provision of law, a county sheriff, police chief or other public agency that contracts for emergency health services, may contract with providers of emergency health care services for care to local law enforcement patients. Hospitals that do not contract with the county sheriff, police chief, or other public agency that contracts for emergency health care services shall provide emergency health care services to local law enforcement patients at a rate equal to 110 percent of the hospital's actual costs according to the most recent Hospital Annual Financial Data report issued by the Office of Statewide Health Planning and Development, as calculated using a cost-to-charge ratio.

(c) A county sheriff or police chief shall not request the release of an inmate from custody for the purpose of allowing the inmate to seek medical care at a hospital, and then immediately rearrest the same individual upon discharge from the hospital, unless the hospital determines this action would enable it to bill and collect from a third-party payment source.

(d) The California Hospital Association, the University of California, the California State Sheriffs' Association and the California Police Chiefs' Association shall, immediately upon enactment of this section, convene the Inmate Health Care and Medical Provider Fair Pricing Working Group. The working group shall consist of at least six members from the California Hospital Association and the University of California, and six members from the California State Sheriffs' Association and the California Police Chiefs' Association. Each organization should give great weight and consideration to appointing members of the working group with diverse geographic and demographic interests. The working group shall meet as needed to identify and resolve industry issues that create fiscal barriers to timely and affordable emergency inmate health

care. In addition, the working group shall address issues including, but not limited to, inmates being admitted for care and later rearrested and any other fiscal barriers to hospitals being able to enter into fair market contracts with public agencies. To the extent that the rate provisions of this statute result in a disproportionate share of local law enforcement patients being treated at any one hospital or system of hospitals, the working group shall address this issue. No reimbursement is required under this provision.

(e) Nothing in this section shall require or encourage a hospital or public agency to replace any existing arrangements that any city police chief, county sheriff, or other public agency that contracts for emergency health services for care to local law enforcement patients.

(f) An entity that provides ambulance or any other emergency or nonemergency response service to a sheriff or police chief, and that does not contract with their departments for that service, shall be reimbursed for the service at the rate established by Medicare. Neither the sheriff nor the police chief shall reimburse a provider of any of these services that their department has not contracted with at a rate that exceeds the provider's reasonable and allowable costs, regardless of whether the provider is located within or outside of California.

(g) For the purposes of this section, "reasonable and allowable costs" shall be defined in accordance with Part 413 of Title 42 of the Code of Federal Regulations and federal Centers for Medicare and Medicaid Services Publication Numbers 15.1 and 15.2.

(h) For purposes of this section, in those counties in which the sheriff does not administer a jail facility, a director or administrator of a local department of corrections established pursuant to Section 23013 of the Government Code is the person who may contract for services provided to jail inmates in the facilities he or she administers in those counties.

(i) This section is repealed as of January 1, 2014.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

*The people of the State of California do enact as follows:*

SECTION 1. This act shall be known and may be cited as the Jason Flatt Act of 2008.

SEC. 2. Section 41533 is added to the Education Code, to read:

41533. A school district that receives a grant pursuant to this article may expend a portion of those funds to provide to each of its teachers two hours of training in the prevention of youth suicide. The training provided pursuant to this section shall not exceed two hours, and may occur during a regularly scheduled inservice training day.

## CHAPTER 144

An act to amend Section 6141 of the Penal Code, relating to criminal offenders.

[Filed with Secretary of State July 18, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 6141 of the Penal Code is amended to read:

6141. The California Rehabilitation Oversight Board shall meet at least quarterly, and shall regularly examine the various mental health, substance abuse, educational, and employment programs for inmates and parolees operated by the Department of Corrections and Rehabilitation. The board shall report to the Governor and the Legislature biannually, on March 15 and September 15, and may submit other reports during the year if it finds they are necessary. The reports shall include, but are not limited to, findings on the effectiveness of treatment efforts, rehabilitation needs of offenders, gaps in rehabilitation services in the department, and levels of offender participation and success in the programs. The board shall also make recommendations to the Governor and Legislature with respect to modifications, additions, and eliminations of rehabilitation and treatment programs. In performing its duties, the board shall use the work products developed for the department as a result of the provisions of the 2006 Budget Act, including Provision 18 of Item 5225-001-0001.

# CHAPTER 145

An act to amend Section 76361.1 of the Education Code, relating to community colleges.

[Approved by Governor July 18, 2008. Filed with Secretary of State July 18, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 76361.1 of the Education Code is amended to read:

76361.1. (a) This section applies only to the Los Rios, Peralta, and Rio Hondo community college districts.

(b) Notwithstanding any other provision of law, a district to which this section applies may require that a fee authorized by subdivision (a) of Section 76361 for transportation services be paid only by students and employees using the services, or, in the alternative, by any of the following groups of people:

(1) Upon the favorable vote of a majority of the students and a majority of the employees of a campus of the district, who voted at an election on the question of whether or not the governing board should require all students and employees at the campus to pay a fee for transportation services for a period of time to be determined by the governing board of the district, the fees may be required to be paid by all students, other than those students who are exempt from the fees pursuant to paragraph (1) of subdivision (c), and all employees of the campus of the community college district.

(2) Upon the favorable vote of a majority of the students at a campus of the district, who voted at an election on the question of whether or not the governing board should require all students to pay a fee for transportation services for a period of time to be determined by the governing board of the district, the fees may be required to be paid by all students, other than those students who are exempt from the fees pursuant to paragraph (1) of subdivision (c), at the campus of the community college district. However, the employees shall not be entitled to use the services.

(3) Upon the favorable vote of a majority of the students at a campus of the district taking a specified number of course credits for a specified duration, to be determined by the governing board, who voted at an election on the question of whether or not the governing board should require all students taking that prescribed number of course credits to pay a fee for transportation services for a period of time to be determined

by the governing board of the district, the fees may be required to be paid by those students taking the prescribed number of course credits, except those students who are exempt from the fees pursuant to paragraph (1) of subdivision (c), at the campus of the community college district. However, the employees shall not be entitled to use the services.

(c) (1) If, pursuant to Section 76361, a fee is required of students for transportation services, any fee required of a part-time student shall be a pro rata lesser amount than the fee charged to full-time students, depending on the number of units for which the part-time student is enrolled. Notwithstanding any other provision of law, the governing board of a community college district to which this section applies that provides for transportation services may adopt rules and regulations to exempt low-income students from this fee, or to require low-income students to pay all or part of this fee.

(2) Notwithstanding any other provision of law:

(A) The governing board of a community college district to which this section applies shall not enter into, or extend, a contract for transportation services provided by a common carrier or a municipally owned transit system, funded by the proceeds of a fee authorized under this section, unless and until a majority of the students of that district who vote in an election, held no more than 10 years prior to the date of the expiration of the contract proposed to be entered into or no more than 10 years prior to the date to which it is proposed that an existing contract be extended, have approved the payment of the fee for this purpose. An election held pursuant to this subparagraph shall be held in accordance with regulations adopted by the board of governors to ensure that the election is publicly noticed and that all students, including full-time, part-time, evening, and weekend students, have an opportunity to vote in the election.

(B) If the governing board of a community college district to which this section applies decides to seek to terminate or alter the arrangements under which the district receives transportation services from a common carrier or municipally owned transit system, the governing board shall provide at least 12 months' notice of that intention to the provider of transportation services.

(d) A community college district to which this section applies is subject to subdivisions (d), (e), and (f) of Section 76361.

SEC. 2. The Legislature finds and declares that, due to unique circumstances relating to the transportation services utilized by the community served by the Peralta Community College District, a general

statute cannot be made applicable, and the enactment of Section 1 of this act as a special statute is therefore necessary.

## CHAPTER 146

An act to amend Section 1473.5 of the Penal Code, relating to battering.

[Approved by Governor July 18, 2008. Filed with Secretary of State July 18, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1473.5 of the Penal Code is amended to read:

1473.5. (a) A writ of habeas corpus also may be prosecuted on the basis that expert testimony relating to intimate partner battering and its effects, within the meaning of Section 1107 of the Evidence Code, was not received in evidence at the trial court proceedings relating to the prisoner's incarceration, and is of such substance that, had it been received in evidence, there is a reasonable probability, sufficient to undermine confidence in the judgment of conviction, that the result of the proceedings would have been different. Sections 1260 to 1262, inclusive, apply to the prosecution of a writ of habeas corpus pursuant to this section. As used in this section, "trial court proceedings" means those court proceedings that occur from the time the accusatory pleading is filed until and including judgment and sentence.

(b) This section is limited to violent felonies as specified in subdivision (c) of Section 667.5 that were committed before August 29, 1996, and that resulted in judgments of conviction after a plea or trial as to which expert testimony admissible pursuant to Section 1107 of the Evidence Code may be probative on the issue of culpability.

(c) If a petitioner for habeas corpus under this section has previously filed a petition for writ of habeas corpus, it is grounds for denial of the new petition if a court determined on the merits in the prior petition that the omission of expert testimony relating to battered women's syndrome or intimate partner battering and its effects at trial was not prejudicial and did not entitle the petitioner to the writ of habeas corpus.

(d) For purposes of this section, the changes that become effective on January 1, 2005, are not intended to expand the uses or applicability of expert testimony on battering and its effects that were in effect immediately prior to that date in criminal cases.

(e) This section shall remain in effect only until January 1, 2020, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2020, deletes or extends that date.

*The people of the State of California do enact as follows:*

SECTION 1. Section 9166 of the Food and Agricultural Code is amended to read:

9166. (a) In addition to any other penalty or fine prescribed by law, any person who violates any provision of this division, or any regulation which is issued pursuant to this division, is subject to an administrative penalty of not less than one hundred dollars ($100) or more than one thousand dollars ($1,000) for each violation. Each violation during any day constitutes a separate offense. Any money that is recovered under this section shall be paid into the State Treasury and shall be credited to the Department of Food and Agriculture Fund.

(b) If the secretary finds that a violation has occurred, the person charged shall receive notice of the nature of the violation, and shall be given an opportunity to be heard in accordance with Chapter 4.5 (commencing with Section 11400) of Part 1 of Division 3 of Title 2 of the Government Code, except that informal hearing procedures may not be used under the circumstances described in subdivision (a) or (b) of Section 11445.20 of the Government Code.

[Approved by Governor July 18, 2008. Filed with Secretary of State July 18, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 21151.4 of the Public Resources Code is amended to read:

21151.4. (a) An environmental impact report shall not be certified or a negative declaration shall not be approved for any project involving the construction or alteration of a facility within one-fourth of a mile of a school that might reasonably be anticipated to emit hazardous air emissions, or that would handle an extremely hazardous substance or a mixture containing extremely hazardous substances in a quantity equal to or greater than the state threshold quantity specified pursuant to subdivision (j) of Section 25532 of the Health and Safety Code, that may pose a health or safety hazard to persons who would attend or would be employed at the school, unless both of the following occur:

(1) The lead agency preparing the environmental impact report or negative declaration has consulted with the school district having jurisdiction regarding the potential impact of the project on the school.

(2) The school district has been given written notification of the project not less than 30 days prior to the proposed certification of the environmental impact report or approval of the negative declaration.

(b) As used in this section, the following definitions apply:

(1) "Extremely hazardous substance" means an extremely hazardous substance as defined pursuant to paragraph (2) of subdivision (g) of Section 25532 of the Health and Safety Code.

(2) "Hazardous air emissions" means emissions into the ambient air of air contaminants that have been identified as a toxic air contaminant by the State Air Resources Board or by the air pollution control officer for the jurisdiction in which the project is located. As determined by the air pollution control officer, hazardous air emissions also means emissions into the ambient air of a substance identified in subdivisions (a) to (f), inclusive, of Section 44321 of the Health and Safety Code.

SEC. 2. Section 21151.8 of the Public Resources Code is amended to read:

21151.8. (a) An environmental impact report shall not be certified or a negative declaration shall not be approved for a project involving the purchase of a schoolsite or the construction of a new elementary or secondary school by a school district unless all of the following occur:

(1) The environmental impact report or negative declaration includes information that is needed to determine if the property proposed to be purchased, or to be constructed upon, is any of the following:

(A) The site of a current or former hazardous waste disposal site or solid waste disposal site and, if so, whether the wastes have been removed.

(B) A hazardous substance release site identified by the Department of Toxic Substances Control in a current list adopted pursuant to Section 25356 of the Health and Safety Code for removal or remedial action pursuant to Chapter 6.8 (commencing with Section 25300) of Division 20 of the Health and Safety Code.

(C) A site that contains one or more pipelines, situated underground or aboveground, that carries hazardous substances, extremely hazardous substances, or hazardous wastes, unless the pipeline is a natural gas line that is used only to supply natural gas to that school or neighborhood, or other nearby schools.

(D) A site that is within 500 feet of the edge of the closest traffic lane of a freeway or other busy traffic corridor.

(2) (A) The school district, as the lead agency, in preparing the environmental impact report or negative declaration has notified in writing and consulted with the administering agency in which the proposed schoolsite is located, pursuant to Section 2735.3 of Title 19 of the California Code of Regulations, and with any air pollution control district or air quality management district having jurisdiction in the area, to identify both permitted and nonpermitted facilities within that district's authority, including, but not limited to, freeways and busy traffic corridors, large agricultural operations, and railyards, within one-fourth of a mile of the proposed schoolsite, that might reasonably be anticipated to emit hazardous emissions or handle hazardous or extremely hazardous substances or waste. The notification by the school district, as the lead agency, shall include a list of the locations for which information is sought.

(B) Each administering agency, air pollution control district, or air quality management district receiving written notification from a lead agency to identify facilities pursuant to subparagraph (A) shall provide the requested information and provide a written response to the lead agency within 30 days of receiving the notification. The environmental impact report or negative declaration shall be conclusively presumed to comply with subparagraph (A) as to the area of responsibility of an agency that does not respond within 30 days.

(C) If the school district, as a lead agency, has carried out the consultation required by subparagraph (A), the environmental impact report or the negative declaration shall be conclusively presumed to comply with subparagraph (A), notwithstanding any failure of the consultation to identify an existing facility or other pollution source specified in subparagraph (A).

(3) The governing board of the school district makes one of the following written findings:

(A) Consultation identified no facilities of this type or other significant pollution sources specified in paragraph (2).

(B) The facilities or other pollution sources specified in paragraph (2) exist, but one of the following conditions applies:

(i) The health risks from the facilities or other pollution sources do not and will not constitute an actual or potential endangerment of public health to persons who would attend or be employed at the proposed school.

(ii) Corrective measures required under an existing order by another agency having jurisdiction over the facilities or other pollution sources will, before the school is occupied, result in the mitigation of all chronic or accidental hazardous air emissions to levels that do not constitute an actual or potential endangerment of public health to persons who would attend or be employed at the proposed school. If the governing board makes a finding pursuant to this clause, it shall also make a subsequent finding, prior to occupancy of the school, that the emissions have been so mitigated.

(iii) For a schoolsite with a boundary that is within 500 feet of the edge of the closest traffic lane of a freeway or other busy traffic corridor, the governing board of the school district determines, through analysis pursuant to paragraph (2) of subdivision (b) of Section 44360 of the Health and Safety Code, based on appropriate air dispersion modeling, and after considering any potential mitigation measures, that the air quality at the proposed site is such that neither short-term nor long-term exposure poses significant health risks to pupils.

(C) The facilities or other pollution sources specified in paragraph (2) exist, but conditions in clause (i), (ii), or (iii) of subparagraph (B) cannot be met, and the school district is unable to locate an alternative site that is suitable due to a severe shortage of sites that meet the requirements in subdivision (a) of Section 17213 of the Education Code. If the governing board makes this finding, the governing board shall adopt a statement of overriding considerations pursuant to Section 15093 of Title 14 of the California Code of Regulations.

(b) As used in this section, the following definitions shall apply:

(1) "Hazardous substance" means any substance defined in Section 25316 of the Health and Safety Code.

(2) "Extremely hazardous substances" means an extremely hazardous substance as defined pursuant to paragraph (2) of subdivision (g) of Section 25532 of the Health and Safety Code.

(3) "Hazardous waste" means any waste defined in Section 25117 of the Health and Safety Code.

(4) "Hazardous waste disposal site" means any site defined in Section 25114 of the Health and Safety Code.

(5) "Hazardous air emissions" means emissions into the ambient air of air contaminants that have been identified as a toxic air contaminant by the State Air Resources Board or by the air pollution control officer for the jurisdiction in which the project is located. As determined by the air pollution control officer, hazardous air emissions also means emissions into the ambient air from any substances identified in subdivisions (a) to (f), inclusive, of Section 44321 of the Health and Safety Code.

(6) "Administering agency" means an agency authorized pursuant to Section 25502 of the Health and Safety Code to implement and enforce Chapter 6.95 (commencing with Section 25500) of Division 20 of the Health and Safety Code.

(7) "Handle" means handle as defined in Article 1 (commencing with Section 25500) of Chapter 6.95 of Division 20 of the Health and Safety Code.

(8) "Facilities" means any source with a potential to use, generate, emit, or discharge hazardous air pollutants, including, but not limited to, pollutants that meet the definition of a hazardous substance, and whose process or operation is identified as an emission source pursuant to the most recent list of source categories published by the California Air Resources Board.

(9) "Freeway or other busy traffic corridors" means those roadways that, on an average day, have traffic in excess of 50,000 vehicles in a rural area, as defined in Section 50101 of the Health and Safety Code, and 100,000 vehicles in an urban area, as defined in Section 50104.7 of the Health and Safety Code.

## CHAPTER 150

An act to amend Section 1094.5 of the Code of Civil Procedure, and to amend Sections 18670, 19175, 19574, 19574.1, 19574.2, 19575, 19576, 19578, 19582, and 19583 of, to repeal Sections 19173.1, 19175.3, 19570.1, 19572.1, 19576.5, 19576.6, 19582.1, and 19582.6 of, and to repeal and add Section 18575 of, the Government Code, relating to civil service.

[Approved by Governor July 18, 2008. Filed with Secretary of State July 18, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1094.5 of the Code of Civil Procedure is amended to read:

1094.5. (a) Where the writ is issued for the purpose of inquiring into the validity of any final administrative order or decision made as the result of a proceeding in which by law a hearing is required to be given, evidence is required to be taken, and discretion in the determination of

facts is vested in the inferior tribunal, corporation, board, or officer, the case shall be heard by the court sitting without a jury. All or part of the record of the proceedings before the inferior tribunal, corporation, board, or officer may be filed with the petition, may be filed with respondent's points and authorities, or may be ordered to be filed by the court. Except when otherwise prescribed by statute, the cost of preparing the record shall be borne by the petitioner. Where the petitioner has proceeded pursuant to Section 68511.3 of the Government Code and the Rules of Court implementing that section and where the transcript is necessary to a proper review of the administrative proceedings, the cost of preparing the transcript shall be borne by the respondent. Where the party seeking the writ has proceeded pursuant to Section 1088.5, the administrative record shall be filed as expeditiously as possible, and may be filed with the petition, or by the respondent after payment of the costs by the petitioner, where required, or as otherwise directed by the court. If the expense of preparing all or any part of the record has been borne by the prevailing party, the expense shall be taxable as costs.

(b) The inquiry in such a case shall extend to the questions whether the respondent has proceeded without, or in excess of jurisdiction; whether there was a fair trial; and whether there was any prejudicial abuse of discretion. Abuse of discretion is established if the respondent has not proceeded in the manner required by law, the order or decision is not supported by the findings, or the findings are not supported by the evidence.

(c) Where it is claimed that the findings are not supported by the evidence, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, abuse of discretion is established if the court determines that the findings are not supported by the weight of the evidence. In all other cases, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record.

(d) Notwithstanding subdivision (c), in cases arising from private hospital boards or boards of directors of districts organized pursuant to The Local Hospital District Law, Division 23 (commencing with Section 32000) of the Health and Safety Code or governing bodies of municipal hospitals formed pursuant to Article 7 (commencing with Section 37600) or Article 8 (commencing with Section 37650) of Chapter 5 of Division 3 of Title 4 of the Government Code, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record. However, in all cases in which the petition alleges discriminatory actions prohibited by Section 1316 of the Health and Safety Code, and the plaintiff makes a preliminary showing of substantial evidence in support of that allegation, the court

shall exercise its independent judgment on the evidence and abuse of discretion shall be established if the court determines that the findings are not supported by the weight of the evidence.

(e) Where the court finds that there is relevant evidence that, in the exercise of reasonable diligence, could not have been produced or that was improperly excluded at the hearing before respondent, it may enter judgment as provided in subdivision (f) remanding the case to be reconsidered in the light of that evidence; or, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, the court may admit the evidence at the hearing on the writ without remanding the case.

(f) The court shall enter judgment either commanding respondent to set aside the order or decision, or denying the writ. Where the judgment commands that the order or decision be set aside, it may order the reconsideration of the case in the light of the court's opinion and judgment and may order respondent to take such further action as is specially enjoined upon it by law, but the judgment shall not limit or control in any way the discretion legally vested in the respondent.

(g) Except as provided in subdivision (h), the court in which proceedings under this section are instituted may stay the operation of the administrative order or decision pending the judgment of the court, or until the filing of a notice of appeal from the judgment or until the expiration of the time for filing the notice, whichever occurs first. However, no such stay shall be imposed or continued if the court is satisfied that it is against the public interest. The application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2. If an appeal is taken from a denial of the writ, the order or decision of the agency shall not be stayed except upon the order of the court to which the appeal is taken. However, in cases where a stay is in effect at the time of filing the notice of appeal, the stay shall be continued by operation of law for a period of 20 days from the filing of the notice. If an appeal is taken from the granting of the writ, the order or decision of the agency is stayed pending the determination of the appeal unless the court to which the appeal is taken shall otherwise order. Where any final administrative order or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect, the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of the proceedings.

(h) (1) The court in which proceedings under this section are instituted may stay the operation of the administrative order or decision of any licensed hospital or any state agency made after a hearing required by statute to be conducted under the Administrative Procedure Act, as set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, conducted by the agency itself or an administrative law judge on the staff of the Office of Administrative Hearings pending the judgment of the court, or until the filing of a notice of appeal from the judgment or until the expiration of the time for filing the notice, whichever occurs first. However, the stay shall not be imposed or continued unless the court is satisfied that the public interest will not suffer and that the licensed hospital or agency is unlikely to prevail ultimately on the merits. The application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

(2) The standard set forth in this subdivision for obtaining a stay shall apply to any administrative order or decision of an agency that issues licenses pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code or pursuant to the Osteopathic Initiative Act or the Chiropractic Initiative Act. With respect to orders or decisions of other state agencies, the standard in this subdivision shall apply only when the agency has adopted the proposed decision of the administrative law judge in its entirety or has adopted the proposed decision but reduced the proposed penalty pursuant to subdivision (b) of Section 11517 of the Government Code; otherwise the standard in subdivision (g) shall apply.

(3) If an appeal is taken from a denial of the writ, the order or decision of the hospital or agency shall not be stayed except upon the order of the court to which the appeal is taken. However, in cases where a stay is in effect at the time of filing the notice of appeal, the stay shall be continued by operation of law for a period of 20 days from the filing of the notice. If an appeal is taken from the granting of the writ, the order or decision of the hospital or agency is stayed pending the determination of the appeal unless the court to which the appeal is taken shall otherwise order. Where any final administrative order or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect, the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of the proceedings.

(i) Any administrative record received for filing by the clerk of the court may be disposed of as provided in Sections 1952, 1952.2, and 1952.3.

(j) Effective January 1, 1996, this subdivision shall apply to state employees in State Bargaining Unit 5. For purposes of this section, the court is not authorized to review any disciplinary decisions reached pursuant to Section 19576.1 of the Government Code.

SEC. 2. Section 18575 of the Government Code is repealed.

The board shall make investigations and hold hearings at the direction of the Governor or the Legislature or upon the petition of an employee or a citizen concerning the enforcement and effect of this part and to enforce the observance of Article VII of the Constitution and of this part and the rules made under this part.

(b) Effective January 1, 1996, this subdivision shall apply only to state employees in State Bargaining Unit 5. For purposes of subdivision (a), any discipline, as defined by Section 19576.1, is not subject to either a board investigation or hearing. Board review shall be limited to acceptance or rejection of discipline imposed pursuant to Section 19576.1.

SEC. 5. Section 19173.1 of the Government Code is repealed.

SEC. 6. Section 19175 of the Government Code is amended to read:

(a) Affirm the action of the appointing power.

(b) Modify the action of the appointing power.

(c) Restore the name of the rejected probationer to the employment list for certification to any position within the class; provided, that his or her name shall not be certified to the agency by which he or she was rejected, except with the concurrence of the appointing power of that agency.

(d) Restore him or her to the position from which he or she was rejected, but this shall be done only if the board determines, after a hearing, that there is no substantial evidence to support the reason or reasons for rejection, or that the rejection was made in fraud or bad faith. At the hearing, the rejected probationer shall have the burden of proof. Subject to rebuttal by the rejected probationer, it shall be presumed that the rejection was free from fraud and bad faith and that the statement of reasons therefor in the notice of rejection is true.

(e) Effective January 1, 1996, this section shall not apply to state employees in State Bargaining Unit 5.

SEC. 7. Section 19175.3 of the Government Code is repealed.

SEC. 8. Section 19570.1 of the Government Code is repealed.

SEC. 9. Section 19572.1 of the Government Code is repealed.

SEC. 10. Section 19574 of the Government Code is amended to read:

19574. (a) The appointing power, or its authorized representative, may take adverse action against an employee for one or more of the causes for discipline specified in this article. Adverse action is valid only if a written notice is served on the employee prior to the effective date of the action, as defined by board rule. The notice shall be served upon the employee either personally or by mail and shall include: (1) a statement of the nature of the adverse action; (2) the effective date of the action; (3) a statement of the reasons therefor in ordinary language; (4) a statement advising the employee of the right to answer the notice orally or in writing; and (5) a statement advising the employee of the time within which an appeal must be filed. The notice shall be filed with the board not later than 15 calendar days after the effective date of the adverse action.

(b) Effective January 1, 1996, this subdivision shall apply only to state employees in State Bargaining Unit 5. This section shall not apply to discipline as defined by Section 19576.1.

SEC. 11. Section 19574.1 of the Government Code is amended to read:

19574.1. (a) An employee who has been served with notice of adverse action, or a representative designated by the employee, shall have the right to inspect any documents in the possession of, or under the control of, the appointing power which are relevant to the adverse action taken or which would constitute "relevant evidence" as defined in Section 210 of the Evidence Code. The employee, or the designated

representative, shall also have the right to interview other employees having knowledge of the acts or omissions upon which the adverse action was based. Interviews of other employees and inspection of documents shall be at times and places reasonable for the employee and for the appointing power.

(b) The appointing power shall make all reasonable efforts necessary to assure the cooperation of any other employees interviewed pursuant to this section.

SEC. 12. Section 19574.2 of the Government Code is amended to read:

19574.2. (a) Any party claiming that his or her request for discovery pursuant to Section 19574.1 has not been complied with may serve and file a petition to compel discovery with the Hearing Office of the State Personnel Board, naming as respondent the party refusing or failing to comply with Section 19574.1. The petition shall state facts showing that the respondent party failed or refused to comply with Section 19574.1, a description of the matters sought to be discovered, the reason or reasons why the matter is discoverable under Section 19574.1, and the ground or grounds of respondent's refusal so far as known to petitioner.

(b) The petition shall be served upon respondent party and filed within 14 days after the respondent party first evidenced his or her failure or refusal to comply with Section 19574.1 or within 30 days after the request was made and the party has failed to reply to the request, whichever period is longer. However, no petition may be filed within 15 days of the date set for commencement of the administrative hearing, except upon a petition and a determination by the administrative law judge of good cause. In determining good cause, the administrative law judge shall consider the necessity and reasons for the discovery, the diligence or lack of diligence of the moving party, whether the granting of the petition will delay the commencement of the administrative hearing on the date set, and the possible prejudice of the action to any party. The respondent shall have a right to file a written answer to the petition. Any answer shall be filed with the Hearing Office of the State Personnel Board and the petitioner within 15 days of service of the petition.

Unless otherwise stipulated by the parties and as provided by this section, the administrative law judge shall review the petition and any response filed by the respondent and issue a decision granting or denying the petition within 20 days after the filing of the petition. Nothing in this section shall preclude the administrative law judge from determining that an evidentiary hearing shall be conducted prior to the issuance of a decision on the petition. In the event that a hearing is ordered, the decision of the administrative law judge shall be issued within 20 days of the closing of the hearing.

A party aggrieved by the decision of the administrative law judge may, within 30 days of service of the decision, file a petition to compel discovery in the superior court for the county in which the administrative hearing will be held or in the county in which the headquarters of the appointing power is located. The petition shall be served on the respondent party.

(c) If from a reading of the petition the court is satisfied that the petition sets forth good cause for relief, the court shall issue an order to show cause directed to the respondent party; otherwise the court shall enter an order denying the petition. The order to show cause shall be served upon the respondent and his or her attorney of record in the administrative proceeding by personal delivery or certified mail and shall be returnable no earlier than 10 days from its issuance nor later than 30 days after the filing of the petition. The respondent party shall have the right to serve and file a written answer or other response to the petition and order to show cause.

(d) The court may, in its discretion, order the administrative proceeding stayed during the pendency of the proceeding, and, if necessary, for a reasonable time thereafter to afford the parties time to comply with the court order.

(e) Where the matter sought to be discovered is under the custody or control of the respondent party and the respondent party asserts that the matter is not a discoverable matter under Section 19574.1, or is privileged against disclosure under Section 19574.1, the court may order lodged with it matters which are provided in subdivision (b) of Section 915 of the Evidence Code and shall examine the matters in accordance with the provisions thereof.

(f) The court shall decide the case on the matters examined by the court in camera, the papers filed by the parties, and any oral argument and additional evidence as the court may allow.

(g) Unless otherwise stipulated by the parties, the court shall no later than 45 days after the filing of the petition file its order denying or granting the petition; provided, however, that the court may on its own motion for good cause extend the time an additional 45 days. The order of the court shall be in writing setting forth the matters or parts the petitioner is entitled to discover under Section 19574.1. A copy of the order shall forthwith be served by mail by the clerk upon the parties. Where the order grants the petition in whole or in part, the order shall not become effective until 10 days after the date the order is served by the clerk. Where the order denies relief to the petitioning party, the order shall be effective on the date it is served by the clerk.

(h) The order of the superior court shall be final and, except for this subdivision, shall not be subject to review by appeal. A party aggrieved

by the order, or any part thereof, may within 30 days after the service of the superior court's order serve and file in the district court of appeal for the district in which the superior court is located, a petition for a writ of mandamus to compel the superior court to set aside, or otherwise modify, its order. Where a review is sought from an order granting discovery, the order of the trial court and the administrative proceeding shall be stayed upon the filing of the petition for writ of mandamus; provided, however, that the court of appeal may dissolve or modify the stay thereafter, if it is in the public interest to do so. Where the review is sought from a denial of discovery, neither the trial court's order nor the administrative proceeding shall be stayed by the court of appeal except upon a clear showing of probable error.

(i) Where the superior court finds that a party or his or her attorney, without substantial justification, failed or refused to comply with Section 19574.1, or, without substantial justification, filed a petition to compel discovery pursuant to this section, or, without substantial justification, failed to comply with any order of court made pursuant to this section, the court may award court costs and reasonable attorney fees to the opposing party. Nothing in this subdivision shall limit the power of the superior court to compel obedience to its orders by contempt proceedings.

SEC. 13. Section 19575 of the Government Code is amended to read:

19575. The employee has 30 calendar days after the effective date of the adverse action to file with the board a written answer to the notice of adverse action. The answer shall be deemed to be a denial of all of the allegations of the notice of adverse action not expressly admitted and a request for hearing or investigation as provided in this article. With the consent of the board or its authorized representative an amended answer may subsequently be filed. If the employee fails to answer within the time specified or after answer withdraws his or her appeal the adverse action taken by the appointing power shall be final. A copy of the employee's answer and of any amended answer shall promptly be given by the board to the appointing power.

SEC. 14. Section 19576 of the Government Code is amended to read:

19576. Whenever an answer is filed by an employee who has been suspended without pay for five days or less, or who has received a formal reprimand or up to a one-step reduction in pay for four months or less, the board or its authorized representative shall make an investigation with or without a hearing as it deems necessary. However, in the event an employee receives one of these actions under subdivision (r) of Section 19572 for behavior or acts outside of duty hours, the employee shall, if he or she files an answer to the action, be afforded a hearing. If the employee receives one of the cited actions in more than three instances in any 12-month period, the employee shall, upon each additional action

within the same 12-month period, be afforded a hearing if the employee files an answer to the action.

If the provisions of this section concerning whether a hearing should be held are in conflict with the provisions of a memorandum of understanding reached pursuant to the State Employer-Employee Relations Act (SEERA), commencing with Section 3512, the memorandum of understanding shall be controlling without further legislative action, except that if those provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 15. Section 19576.5 of the Government Code is repealed.

SEC. 16. Section 19576.6 of the Government Code is repealed.

SEC. 17. Section 19578 of the Government Code is amended to read:

19578. Except as provided in Section 19576, whenever an answer is filed to an adverse action, the board or its authorized representative shall within a reasonable time hold a hearing. The board shall notify the parties of the time and place of the hearing. The hearing shall be conducted in accordance with the provisions of Section 11513 of the Government Code, except that the employee and other persons may be examined as provided in Section 19580, and the parties may submit all proper and competent evidence against or in support of the causes.

SEC. 18. Section 19582 of the Government Code is amended to read:

19582. (a) Hearings may be held by the board, or by any authorized representative, but the board shall render the decision that in its judgment is just and proper.

During a hearing, after the appointing authority has completed the opening statement or the presentation of evidence, the employee, without waiving his or her right to offer evidence in the event the motion is not granted, may move for a dismissal of the charges.

If it appears that the evidence presented supports the granting of the motion as to some but not all of the issues involved in the action, the board or the authorized representative shall grant the motion as to those issues and the action shall proceed as to the issues remaining. Despite the granting of the motion, no judgment shall be entered prior to a final determination of the action on the remaining issues, and shall be subject to final review and approval by the board.

(b) If a contested case is heard by an authorized representative, he or she shall prepare a proposed decision in a form that may be adopted as the decision in the case. A copy of the proposed decision shall be filed by the board as a public record and furnished to each party within 10 days after the proposed decision is filed with the board. The board itself may adopt the proposed decision in its entirety, may remand the proposed

decision, or may reduce the adverse action set forth therein and adopt the balance of the proposed decision.

(c) If the proposed decision is not remanded or adopted as provided in subdivision (b), each party shall be notified of the action, and the board itself may decide the case upon the record, including the transcript, with or without taking any additional evidence, or may refer the case to the same or another authorized representative to take additional evidence. If the case is so assigned to an authorized representative, he or she shall prepare a proposed decision as provided in subdivision (b) upon the additional evidence and the transcript and other papers that are part of the record of the prior hearing. A copy of the proposed decision shall be furnished to each party. The board itself shall decide no case provided for in this subdivision without affording the parties the opportunity to present oral and written argument before the board itself. If additional oral evidence is introduced before the board itself, no board member may vote unless he or she heard the additional oral evidence.

(d) In arriving at a decision or a proposed decision, the board or its authorized representative may consider any prior suspension or suspensions of the appellant by authority of any appointing power, or any prior proceedings under this article.

(e) The decision shall be in writing and contain findings of fact and the adverse action, if any. The findings may be stated in the language of the pleadings or by reference thereto. Copies of the decision shall be served on the parties personally or by mail.

SEC. 19. Section 19582.1 of the Government Code is repealed.

SEC. 20. Section 19582.6 of the Government Code is repealed.

SEC. 21. Section 19583 of the Government Code is amended to read:

19583. The board shall render a decision within a reasonable time after the hearing or investigation. The adverse action taken by the appointing power shall stand unless modified or revoked by the board. If the board finds that the cause or causes for which the adverse action was imposed were insufficient or not sustained, or that the employee was justified in the course of conduct upon which the causes were based, it may modify or revoke the adverse action and it may order the employee returned to his or her position with appropriate restoration of backpay and lost benefits either as of the date of the adverse action or as of such later date as it may specify. The decision of the board shall be entered upon the minutes of the board and the official roster.

## CHAPTER 151

An act to amend Sections 1785.11.2 and 1785.15 of the Civil Code, relating to consumer credit reporting agencies.

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1785.11.2 of the Civil Code is amended to read:

1785.11.2. (a) A consumer may elect to place a security freeze on his or her credit report by making a request in writing by mail to a consumer credit reporting agency. "Security freeze" means a notice placed in a consumer's credit report, at the request of the consumer, and subject to certain exceptions, that prohibits the consumer credit reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer. If a security freeze is in place, information from a consumer's credit report may not be released to a third party without prior express authorization from the consumer. This subdivision does not prevent a consumer credit reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

(b) A consumer credit reporting agency shall place a security freeze on a consumer's credit report no later than three business days after receiving a written request from the consumer.

(c) The consumer credit reporting agency shall send a written confirmation of the security freeze to the consumer within 10 business days and shall provide the consumer with a unique personal identification number or password to be used by the consumer when providing authorization for the release of his or her credit for a specific party or period of time.

(d) If the consumer wishes to allow his or her credit report to be accessed for a specific party or period of time while a freeze is in place, he or she shall contact the consumer credit reporting agency, request that the freeze be temporarily lifted, and provide the following:

(1) Proper identification, as defined in subdivision (c) of Section 1785.15.

(2) The unique personal identification number or password provided by the credit reporting agency pursuant to subdivision (c).

(3) The proper information regarding the third party who is to receive the credit report or the time period for which the report shall be available to users of the credit report.

(e) A consumer credit reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report pursuant to subdivision (d) shall comply with the request no later than three business days after receiving the request.

(f) A consumer credit reporting agency may develop procedures involving the use of telephone, fax, the Internet, or other electronic media to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subdivision (d) in an expedited manner.

(g) A consumer credit reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

(1) Upon consumer request, pursuant to subdivision (d) or (j).

(2) If the consumer's credit report was frozen due to a material misrepresentation of fact by the consumer. If a consumer credit reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this paragraph, the consumer credit reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

(h) A third party who requests access to a consumer credit report in connection with an application for credit or any other use may treat the application as incomplete if a security freeze is in effect and the consumer does not allow his or her credit report to be accessed for that specific party or period of time.

(i) If a consumer requests a security freeze, the consumer credit reporting agency shall disclose the process of placing and temporarily lifting a freeze and the process for allowing access to information from the consumer's credit report for a specific party or period of time while the freeze is in place.

(j) A security freeze shall remain in place until the consumer requests that the security freeze be removed. A consumer credit reporting agency shall remove a security freeze within three business days of receiving a request for removal from the consumer if the consumer provides both of the following:

(1) Proper identification, as defined in subdivision (c) of Section 1785.15.

(2) The unique personal identification number or password provided by the credit reporting agency pursuant to subdivision (c).

(k) A consumer credit reporting agency shall require proper identification, as defined in subdivision (c) of Section 1785.15, of the person making a request to place or remove a security freeze.

(*l*) The provisions of this section do not apply to the use of a consumer credit report by any of the following:

(1) (A) (i) A person or entity with which the consumer has or had, prior to any assignment, an account or contract, including a demand deposit account, or to which the consumer issued a negotiable instrument, for the purpose of reviewing the account or collecting the financial obligation owing for the account, contract, or negotiable instrument.

(ii) A subsidiary, affiliate, or agent of a person or entity described in clause (i), an assignee of a financial obligation owing by the consumer to such a person or entity, or a prospective assignee of a financial obligation owing by the consumer to such a person or entity in conjunction with the proposed purchase of the financial obligation, for the purpose of reviewing the account or collecting the financial obligation owing for the account, contract, or negotiable instrument.

(B) For purposes of this paragraph, "reviewing the account" includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

(2) A subsidiary, affiliate, agent, assignee, or prospective assignee of a person to whom access has been granted under subdivision (d) for purposes of facilitating the extension of credit or other permissible use.

(3) Any state or local agency, law enforcement agency, trial court, or private collection agency acting pursuant to a court order, warrant, or subpoena.

(4) A child support agency acting pursuant to Chapter 2 (commencing with Section 17400) of Division 17 of the Family Code or Title IV-D of the Social Security Act (42 U.S.C. et seq.).

(5) The State Department of Health Care Services or its agents or assigns acting to investigate Medi-Cal fraud.

(6) The Franchise Tax Board or its agents or assigns acting to investigate or collect delinquent taxes or unpaid court orders or to fulfill any of its other statutory responsibilities.

(7) The use of credit information for the purposes of prescreening as provided for by the federal Fair Credit Reporting Act.

(8) Any person or entity administering a credit file monitoring subscription service to which the consumer has subscribed.

(9) Any person or entity for the purpose of providing a consumer with a copy of his or her credit report upon the consumer's request.

(m) (1) Except as provided in paragraph (2), this title does not prevent a consumer credit reporting agency from charging a fee of no more than ten dollars ($10) to a consumer for the placement of each freeze, the

removal of the freeze, the temporary lift of the freeze for a period of time, or the temporary lift of the freeze for a specific party, regarding access to a consumer credit report, except that a consumer credit reporting agency may not charge a fee to a victim of identity theft who has submitted a valid police report or valid Department of Motor Vehicles investigative report that alleges a violation of Section 530.5 of the Penal Code.

(2) With respect to a consumer who is 65 years of age or older and who has provided identification confirming his or her age, a consumer credit reporting agency may charge a fee not to exceed five dollars ($5) for the placement of each freeze, the removal of the freeze, the temporary lift of the freeze for a period of time, or the temporary lift of the freeze for a specific party.

(n) Regardless of the existence of a security freeze, a consumer reporting agency may disclose public record information lawfully obtained by, or for, the consumer reporting agency from an open public record to the extent otherwise permitted by law. This subdivision does not prohibit a consumer reporting agency from electing to apply a valid security freeze to the entire contents of a credit report.

SEC. 2. Section 1785.15 of the Civil Code is amended to read:

1785.15. (a) A consumer credit reporting agency shall supply files and information required under Section 1785.10 during normal business hours and on reasonable notice. In addition to the disclosure provided by this chapter and any disclosures received by the consumer, the consumer has the right to request and receive all of the following:

(1) Either a decoded written version of the file or a written copy of the file, including all information in the file at the time of the request, with an explanation of any code used.

(2) A credit score for the consumer, the key factors, and the related information, as defined in and required by Section 1785.15.1.

(3) A record of all inquiries, by recipient, that result in the provision of information concerning the consumer in connection with a credit transaction not initiated by the consumer and that were received by the consumer credit reporting agency in the 12-month period immediately preceding the request for disclosure under this section.

(4) The recipients, including end users specified in Section 1785.22, of any consumer credit report on the consumer which the consumer credit reporting agency has furnished:

(A) For employment purposes within the two-year period preceding the request.

(B) For any other purpose within the 12-month period preceding the request.

Identification for purposes of this paragraph shall include the name of the recipient or, if applicable, the fictitious business name under which the recipient does business disclosed in full. If requested by the consumer, the identification shall also include the address of the recipient.

(b) Files maintained on a consumer shall be disclosed promptly as follows:

(1) In person, at the location where the consumer credit reporting agency maintains the trained personnel required by subdivision (d), if he or she appears in person and furnishes proper identification.

(2) By mail, if the consumer makes a written request with proper identification for a copy of the file or a decoded written version of that file to be sent to the consumer at a specified address. A disclosure pursuant to this paragraph shall be deposited in the United States mail, postage prepaid, within five business days after the consumer's written request for the disclosure is received by the consumer credit reporting agency. Consumer credit reporting agencies complying with requests for mailings under this section shall not be liable for disclosures to third parties caused by mishandling of mail after the mailings leave the consumer credit reporting agencies.

(3) A summary of all information contained in files on a consumer and required to be provided by Section 1785.10 shall be provided by telephone, if the consumer has made a written request, with proper identification for telephone disclosure.

(4) Information in a consumer's file required to be provided in writing under this section may also be disclosed in another form if authorized by the consumer and if available from the consumer credit reporting agency. For this purpose, a consumer may request disclosure in person pursuant to Section 1785.10, by telephone upon disclosure of proper identification by the consumer, by electronic means if available from the consumer credit reporting agency, or by any other reasonable means that is available from the consumer credit reporting agency.

(c) "Proper identification," as used in subdivision (b) means that information generally deemed sufficient to identify a person. Only if the consumer is unable to reasonably identify himself or herself with the information described above may a consumer credit reporting agency require additional information concerning the consumer's employment and personal or family history in order to verify his or her identity.

(d) The consumer credit reporting agency shall provide trained personnel to explain to the consumer any information furnished him or her pursuant to Section 1785.10.

(e) The consumer shall be permitted to be accompanied by one other person of his or her choosing, who shall furnish reasonable identification. A consumer credit reporting agency may require the consumer to furnish

a written statement granting permission to the consumer credit reporting agency to discuss the consumer's file in that person's presence.

(f) Any written disclosure by a consumer credit reporting agency to any consumer pursuant to this section shall include a written summary of all rights the consumer has under this title and, in the case of a consumer credit reporting agency that compiles and maintains consumer credit reports on a nationwide basis, a toll-free telephone number that the consumer can use to communicate with the consumer credit reporting agency. The written summary of rights required under this subdivision is sufficient if in substantially the following form:

"You have a right to obtain a copy of your credit file from a consumer credit reporting agency. You may be charged a reasonable fee not exceeding eight dollars ($8). There is no fee, however, if you have been turned down for credit, employment, insurance, or a rental dwelling because of information in your credit report within the preceding 60 days. The consumer credit reporting agency must provide someone to help you interpret the information in your credit file.

You have a right to dispute inaccurate information by contacting the consumer credit reporting agency directly. However, neither you nor any credit repair company or credit service organization has the right to have accurate, current, and verifiable information removed from your credit report. Under the Federal Fair Credit Reporting Act, the consumer credit reporting agency must remove accurate, negative information from your report only if it is over seven years old. Bankruptcy information can be reported for 10 years.

If you have notified a consumer credit reporting agency in writing that you dispute the accuracy of information in your file, the consumer credit reporting agency must then, within 30 business days, reinvestigate and modify or remove inaccurate information. The consumer credit reporting agency may not charge a fee for this service. Any pertinent information and copies of all documents you have concerning an error should be given to the consumer credit reporting agency.

If reinvestigation does not resolve the dispute to your satisfaction, you may send a brief statement to the consumer credit reporting agency to keep in your file, explaining why you think the record is inaccurate. The consumer credit reporting agency must include your statement about disputed information in a report it issues about you.

You have a right to receive a record of all inquiries relating to a credit transaction initiated in 12 months preceding your request. This record shall include the recipients of any consumer credit report.

You may request in writing that the information contained in your file not be provided to a third party for marketing purposes.

You have a right to place a "security alert" in your credit report, which will warn anyone who receives information in your credit report that your identity may have been used without your consent. Recipients of your credit report are required to take reasonable steps, including contacting you at the telephone number you may provide with your security alert, to verify your identity prior to lending money, extending credit, or completing the purchase, lease, or rental of goods or services. The security alert may prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that taking advantage of this right may delay or interfere with the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or cellular phone or other new account, including an extension of credit at point of sale. If you place a security alert on your credit report, you have a right to obtain a free copy of your credit report at the time the 90-day security alert period expires. A security alert may be requested by calling the following toll-free telephone number: (Insert applicable toll-free telephone number). California consumers also have the right to obtain a "security freeze."

You have a right to place a "security freeze" on your credit report, which will prohibit a consumer credit reporting agency from releasing any information in your credit report without your express authorization. A security freeze must be requested in writing by mail. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or cellular phone or other new account, including an extension of credit at point of sale. When you place a security freeze on your credit report, you will be provided a personal identification number or password to use if you choose to remove the freeze on your credit report or authorize the release of your credit report for a specific party or period of time after the freeze is in place. To provide that authorization you must contact the consumer credit reporting agency and provide all of the following:

(1) The personal identification number or password.

(2) Proper identification to verify your identity.

(3) The proper information regarding the third party who is to receive the credit report or the period of time for which the report shall be available to users of the credit report.

A consumer credit reporting agency must authorize the release of your credit report no later than three business days after receiving the above information.

A security freeze does not apply when you have an existing account and a copy of your report is requested by your existing creditor or its agents or affiliates for certain types of account review, collection, fraud control, or similar activities.

If you are actively seeking credit, you should understand that the procedures involved in lifting a security freeze may slow your application for credit. You should plan ahead and lift a freeze, either completely if you are shopping around, or specifically for a certain creditor, before applying for new credit.

A consumer credit reporting agency may not charge a fee to a consumer for placing or removing a security freeze if the consumer is a victim of identity theft and submits a copy of a valid police report or valid Department of Motor Vehicles investigative report. A person 65 years of age or older with proper identification may be charged a fee of no more than $5 for placing, lifting, or removing a security freeze. All other consumers may be charged a fee of no more than $10 for each of these steps.

You have a right to bring civil action against anyone, including a consumer credit reporting agency, who improperly obtains access to a file, knowingly or willfully misuses file data, or fails to correct inaccurate file data.

If you are a victim of identity theft and provide to a consumer credit reporting agency a copy of a valid police report or a valid investigative report made by a Department of Motor Vehicles investigator with peace officer status describing your circumstances, the following shall apply:

(1) You have a right to have any information you list on the report as allegedly fraudulent promptly blocked so that the information cannot be reported. The information will be unblocked only if (A) the information you provide is a material misrepresentation of the facts, (B) you agree that the information is blocked in error, or (C) you knowingly obtained possession of goods, services, or moneys as result of the blocked transactions. If blocked information is unblocked, you will be promptly notified.

(2) Beginning July 1, 2003, you have a right to receive, free of charge and upon request, one copy of your credit report each month for up to 12 consecutive months."

(b) (1) Any person who is guilty of contempt of court under paragraph (4) of subdivision (a) by willfully contacting a victim by telephone or mail, or directly, and who has been previously convicted of a violation of Section 646.9 shall be punished by imprisonment in a county jail for not more than one year, by a fine of five thousand dollars ($5,000), or by both that fine and imprisonment.

(2) For the purposes of sentencing under this subdivision, each contact shall constitute a separate violation of this subdivision.

(3) The present incarceration of a person who makes contact with a victim in violation of paragraph (1) is not a defense to a violation of this subdivision.

(c) (1) Notwithstanding paragraph (4) of subdivision (a), any willful and knowing violation of any protective order or stay-away court order issued pursuant to Section 136.2, in a pending criminal proceeding involving domestic violence, as defined in Section 13700, or issued as a condition of probation after a conviction in a criminal proceeding involving domestic violence, as defined in Section 13700, or elder or dependent adult abuse, as defined in Section 368, or that is an order described in paragraph (3), shall constitute contempt of court, a misdemeanor, punishable by imprisonment in a county jail for not more than one year, by a fine of not more than one thousand dollars ($1,000), or by both that imprisonment and fine.

(2) If a violation of paragraph (1) results in a physical injury, the person shall be imprisoned in a county jail for at least 48 hours, whether a fine or imprisonment is imposed, or the sentence is suspended.

(3) Paragraphs (1) and (2) apply to the following court orders:

(A) Any order issued pursuant to Section 6320 or 6389 of the Family Code.

(B) An order excluding one party from the family dwelling or from the dwelling of the other.

(C) An order enjoining a party from specified behavior that the court determined was necessary to effectuate the orders described in paragraph (1).

(4) A second or subsequent conviction for a violation of any order described in paragraph (1) occurring within seven years of a prior conviction for a violation of any of those orders and involving an act of violence or "a credible threat" of violence, as provided in subdivisions (c) and (d) of Section 139, is punishable by imprisonment in a county jail not to exceed one year, or in the state prison for 16 months or two or three years.

(5) The prosecuting agency of each county shall have the primary responsibility for the enforcement of the orders described in paragraph (1).

(d) (1) A person who owns, possesses, purchases, or receives a firearm knowing he or she is prohibited from doing so by the provisions of a protective order as defined in Section 136.2 of this code, Section 6218 of the Family Code, or Sections 527.6 or 527.8 of the Code of Civil Procedure, shall be punished under the provisions of subdivision (g) of Section 12021.

(2) A person subject to a protective order described in paragraph (1) shall not be prosecuted under this section for owning, possessing,

purchasing, or receiving a firearm to the extent that firearm is granted an exemption pursuant to subdivision (h) of Section 6389 of the Family Code.

(e) (1) If probation is granted upon conviction of a violation of subdivision (c), the court shall impose probation consistent with the provisions of Section 1203.097 of the Penal Code.

(2) If probation is granted upon conviction of a violation of subdivision (c), the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of one thousand dollars ($1,000).

(B) That the defendant provide restitution to reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

(3) For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision or subdivision (c), the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support.

(4) If the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of subdivision (c), the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse and dependents required by this subdivision, until all separate property of the offending spouse is exhausted.

(5) Any person violating any order described in subdivision (c) may be punished for any substantive offenses described under Section 136.1 or 646.9. No finding of contempt shall be a bar to prosecution for a violation of Section 136.1 or 646.9. However, any person held in contempt for a violation of subdivision (c) shall be entitled to credit for any punishment imposed as a result of that violation against any sentence imposed upon conviction of an offense described in Section 136.1 or 646.9. Any conviction or acquittal for any substantive offense under Section 136.1 or 646.9 shall be a bar to a subsequent punishment for contempt arising out of the same act.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or

infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 6103.3 is added to the Government Code, to read:

6103.3. (a) For any order or injunction for which the sheriff or marshal provides service of process and is prohibited under paragraph (4) of subdivision (b) of Section 6103.2 from requiring payment of a fee, the sheriff or marshal may notify the protected person by electronic or telephonic means within 24 hours after service of process that the order or injunction has been served on the restrained person, including the date and time when the order or injunction was served, if the protected person has requested this notification and has registered a telephone number or e-mail address at which the protected person may be contacted for this purpose.

(b) The sheriff may provide the notification described in subdivision (a) via an automated statewide victim information and notification system if the sheriff has access to that system, his or her county participates in that system, and local, state, or federal funds are made available for the operation of that system.

## CHAPTER 154

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1764.2 of the Welfare and Institutions Code is amended to read:

1764.2. (a) Notwithstanding any other provision of law, the chief deputy secretary or the chief deputy secretary's designee shall release the information described in Section 1764 regarding a person committed to the Division of Juvenile Facilities, to the victim of the offense, the next of kin of the victim, or his or her representative as designated by the victim or next of kin pursuant to Section 1767, upon request, unless the court has ordered confidentiality under subdivision (c) of Section 676. The victim or the next of kin shall be identified by the court or the probation department in the offender's commitment documents before the chief deputy secretary is required to disclose this information.

(2) Notwithstanding paragraph (1), an attorney may disclose or permit to be disclosed, the name, address, telephone number, or other identifying information of a victim or witness to persons employed by the attorney or to a person hired or appointed for the purpose of assisting the person subject to this article in the preparation of the case, if that disclosure is required for that preparation. (3) A willful violation of this subdivision by an attorney, persons employed by an attorney, or persons appointed by the court is a misdemeanor.

(b) If the person subject to this article is acting as his or her own attorney, the court shall endeavor to protect the name, address, telephone number, or other identifying information of a victim or witness by providing for contact only through a private investigator licensed by the Department of Consumer Affairs and appointed by the court or by imposing other reasonable restrictions, absent a showing of good cause as determined by the court.

(b) If the court orders the victim to be identified as Jane Doe or John Doe pursuant to subdivision (a), and if there is a jury trial, the court shall instruct the jury at the beginning and at the end of the trial that the victim is being so identified only for the purposes of protecting his or her privacy.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 7071.5 of the Business and Professions Code is amended to read:

7071.5. The contractor's bond required by this article shall be executed by an admitted surety in favor of the State of California, in a form acceptable to the registrar and filed with the registrar by the licensee or applicant. The contractor's bond shall be for the benefit of the following:

(a) A homeowner contracting for home improvement upon the homeowner's personal family residence damaged as a result of a violation of this chapter by the licensee.

(b) A property owner contracting for the construction of a single-family dwelling who is damaged as a result of a violation of this chapter by the licensee. That property owner shall only recover under this subdivision if the single-family dwelling is not intended for sale or offered for sale at the time the damages were incurred.

(c) A person damaged as a result of a willful and deliberate violation of this chapter by the licensee, or by the fraud of the licensee in the execution or performance of a construction contract.

(d) An employee of the licensee damaged by the licensee's failure to pay wages.

(e) A person or entity, including an express trust fund described in Section 3111 of the Civil Code, to whom a portion of the compensation of an employee of a licensee is paid by agreement with that employee or the collective bargaining agent of that employee, damaged as the result of the licensee's failure to pay fringe benefits for its employees, including, but not limited to, employer payments described in Section 1773.1 of the Labor Code and regulations thereunder (without regard to whether the work was performed on a private or public work). Damage

to an express trust fund is limited to actual employer payments required to be made on behalf of employees of the licensee, as part of the overall compensation of those employees, which the licensee fails to pay.

SEC. 2. Section 7071.10 of the Business and Professions Code is amended to read:

7071.10. The qualifying individual's bond required by this article shall be executed by an admitted surety insurer in favor of the State of California, in a form acceptable to the registrar and filed with the registrar by the qualifying individual. The qualifying individual's bond shall not be required in addition to the contractor's bond when, as set forth under paragraph (1) of subdivision (b) of Section 7068, the individual proprietor has qualified for the license by his or her personal appearance, or the qualifier is a general partner as set forth under paragraph (2) of subdivision (b) of Section 7068. The qualifying individual's bond shall be for the benefit of the following persons:

(a) A homeowner contracting for home improvement upon the homeowner's personal family residence damaged as a result of a violation of this chapter by the licensee.

(b) A property owner contracting for the construction of a single-family dwelling who is damaged as a result of a violation of this chapter by the licensee. That property owner shall only recover under this subdivision if the single-family dwelling is not intended for sale or offered for sale at the time the damages were incurred.

(c) A person damaged as a result of a willful and deliberate violation of this chapter by the licensee, or by the fraud of the licensee in the execution or performance of a construction contract.

(d) An employee of the licensee damaged by the licensee's failure to pay wages.

(e) A person or entity, including an express trust fund described in Section 3111 of the Civil Code, to whom a portion of the compensation of an employee of a licensee is paid by agreement with that employee or the collective bargaining agent of that employee, that is damaged as the result of the licensee's failure to pay fringe benefits for its employees including, but not limited to, employer payments described in Section 1773.1 of the Labor Code and regulations adopted thereunder (without regard to whether the work was performed on a public or private work). Damage to an express trust fund is limited to employer payments required to be made on behalf of employees of the licensee, as part of the overall compensation of those employees, which the licensee fails to pay.

SEC. 3. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. (a) The aggregate liability of a surety on a claim for wages and fringe benefits brought against any bond required by this article,

other than a bond required by Section 7071.8, shall not exceed the sum of four thousand dollars ($4,000). If any bond required by this article is insufficient to pay all claims in full, the sum of the bond shall be distributed to all claimants in proportion to the amount of their respective claims.

(b) No license may be renewed, reissued, or reinstated while any judgment or admitted claim in excess of the amount of the bond remains unsatisfied.

(c) Except for claims covered by subdivision (d), any action against a bond required under this article, excluding the judgment bond specified under Section 7071.17, shall be brought in accordance with the following:

(1) Within two years after the expiration of the license period during which the act or omission occurred. The provisions of this paragraph shall be applicable only if the license has not been inactivated, canceled, or revoked during the license period for which the bond was posted and accepted by the registrar as specified under Section 7071.7.

(2) If the license has been inactivated, canceled, or revoked, an action shall be brought within two years of the date the license of the active licensee would have expired had the license not been inactivated, canceled, or revoked. For the provisions of this paragraph to be applicable, the act or omission for which the action is filed must have occurred prior to the date the license was inactivated, canceled, or revoked.

(3) An action against a disciplinary bond filed by an active licensee pursuant to Section 7071.8 shall be brought in accordance with the provisions of paragraph (1) or (2), as applicable, or within two years after the last date for which a disciplinary bond filed pursuant to Section 7071.8 was required, whichever date is first.

(d) A claim to recover wages or fringe benefits shall be brought within six months from the date that the wage or fringe benefit delinquencies were discovered, but in no event shall a civil action thereon be brought later than two years from the date the wage or fringe benefit contributions were due.

(e) Whenever the surety makes payment on any claim against a bond required by this article, whether or not payment is made through a court action or otherwise, the surety shall, within 30 days of the payment, provide notice to the registrar. The notice required by this subdivision shall provide the following information by declaration on a form prescribed by the registrar:

(1) The name and license number of the contractor.

(2) The surety bond number.

(3) The amount of payment.

(4) The statutory basis upon which the claim is made.

(5) The names of the person or persons to whom payments have been made.

(6) Whether or not the payments were the result of a good faith action by the surety.

The notice shall also clearly indicate whether or not the licensee filed a protest in accordance with this section.

(f) Prior to the settlement of a claim through a good faith payment by the surety, a licensee shall have not less than 15 days in which to provide a written protest. This protest shall instruct the surety not to make payment from the bond on the licensee's account upon the specific grounds that the claim is opposed by the licensee, and provide the surety a specific and reasonable basis for the licensee's opposition to payment.

(1) Whenever a licensee files a protest in accordance with this subdivision, the board shall investigate the matter and file disciplinary action as set forth under this chapter if there is evidence that the surety has sustained a loss as the result of a good faith payment made for the purpose of mitigating any damages incurred by any person or entity covered under Section 7071.5.

(2) Any licensee that fails to file a protest as specified in this subdivision shall have 90 days from the date of notification by the board to submit proof of payment of the actual amount owed to the surety and, if applicable, proof of payment of any judgment or admitted claim in excess of the amount of the bond or, by operation of law, the license shall be suspended at the end of the 90 days. A license suspension pursuant to this subdivision shall be disclosed indefinitely as a failure to settle outstanding final liabilities in violation of this chapter. The disclosure specified by this subdivision shall also be applicable to all licenses covered by the provisions of subdivision (g).

(g) No license may be renewed, reissued, or reinstated while any surety remains unreimbursed for any loss or expense sustained on any bond issued for the licensee or for any entity of which any officer, director, member, partner, or qualifying person was an officer, director, member, partner, or qualifying person of the licensee while the licensee was subject to suspension or disciplinary action under this section.

(h) The licensee may provide the board with a notarized copy of an accord, reached with the surety to satisfy the debt in lieu of full payment. By operation of law, failure to abide by the accord shall result in the automatic suspension of any license to which this section applies. A license that is suspended for failure to abide by the accord may only be renewed or reinstated when proof of satisfaction of all debts is made.

(i) Legal fees may not be charged against the bond by the board.

SEC. 4. Section 116.220 of the Code of Civil Procedure is amended to read:

116.220. (a) The small claims court has jurisdiction in the following actions:

(1) Except as provided in subdivisions (c), (e), and (f), for recovery of money, if the amount of the demand does not exceed five thousand dollars ($5,000).

(2) Except as provided in subdivisions (c), (e), and (f), to enforce payment of delinquent unsecured personal property taxes in an amount not to exceed five thousand dollars ($5,000), if the legality of the tax is not contested by the defendant.

(3) To issue the writ of possession authorized by Sections 1861.5 and 1861.10 of the Civil Code if the amount of the demand does not exceed five thousand dollars ($5,000).

(4) To confirm, correct, or vacate a fee arbitration award not exceeding five thousand dollars ($5,000) between an attorney and client that is binding or has become binding, or to conduct a hearing de novo between an attorney and client after nonbinding arbitration of a fee dispute involving no more than five thousand dollars ($5,000) in controversy, pursuant to Article 13 (commencing with Section 6200) of Chapter 4 of Division 3 of the Business and Professions Code.

(b) In any action seeking relief authorized by subdivision (a), the court may grant equitable relief in the form of rescission, restitution, reformation, and specific performance, in lieu of, or in addition to, money damages. The court may issue a conditional judgment. The court shall retain jurisdiction until full payment and performance of any judgment or order.

(c) Notwithstanding subdivision (a), the small claims court has jurisdiction over a defendant guarantor as follows:

(1) For any action brought by a natural person against the Registrar of the Contractors' State License Board as the defendant guarantor, the small claims jurisdictional limit stated in Section 116.221 shall apply.

(2) For any action against a defendant guarantor that does not charge a fee for its guarantor or surety services, if the amount of the demand does not exceed two thousand five hundred dollars ($2,500).

(3) For any action brought by a natural person against a defendant guarantor that charges a fee for its guarantor or surety services, if the amount of the demand does not exceed six thousand five hundred dollars ($6,500).

(4) For any action brought by an entity other than a natural person against a defendant guarantor that charges a fee for its guarantor or surety services or against the Registrar of the Contractors' State License Board as the defendant guarantor, if the amount of the demand does not exceed four thousand dollars ($4,000).

(d) In any case in which the lack of jurisdiction is due solely to an excess in the amount of the demand, the excess may be waived, but any waiver is not operative until judgment.

(e) Notwithstanding subdivision (a), in any action filed by a plaintiff incarcerated in a Department of Corrections and Rehabilitation facility, the small claims court has jurisdiction over a defendant only if the plaintiff has alleged in the complaint that he or she has exhausted his or her administrative remedies against that department, including compliance with Sections 905.2 and 905.4 of the Government Code. The final administrative adjudication or determination of the plaintiff's administrative claim by the department may be attached to the complaint at the time of filing in lieu of that allegation.

(f) In any action governed by subdivision (e), if the plaintiff fails to provide proof of compliance with the requirements of subdivision (e) at the time of trial, the judicial officer shall, at his or her discretion, either dismiss the action or continue the action to give the plaintiff an opportunity to provide that proof.

(g) For purposes of this section, "department" includes an employee of a department against whom a claim has been filed under this chapter arising out of his or her duties as an employee of that department.

## CHAPTER 2.5. COUNTY SERVICE AREAS

### Article 1. General Provisions

25210. This chapter shall be known and may be cited as the County Service Area Law.

25210.1. The Legislature finds and declares all of the following:

(a) Population growth and development in unincorporated areas result in new and increased demands for public facilities and services that promote the public peace, health, safety, and general welfare.

(b) The residents and property owners in unincorporated areas should have reasonable methods available so that they can finance and provide these needed public facilities and services.

(c) The residents and property owners in some unincorporated areas may propose the incorporation of new cities or annexations to existing cities as a way to fulfill these demands for public facilities and services.

(d) In other unincorporated areas, independent special districts with directly elected or appointed governing boards can fulfill these demands for public facilities and services.

(e) County boards of supervisors need alternative organizations and methods to finance and provide needed public facilities and services to the residents and property owners of unincorporated areas.

(f) In enacting the County Service Area Law by this chapter, it is the intent of the Legislature to continue a broad statutory authority for county boards of supervisors to use county service areas as a method to finance and provide needed public facilities and services.

(g) Further, it is the intent of the Legislature that county boards of supervisors, residents, and property owners use the powers and procedures provided by the County Service Area Law to meet the diversity of local conditions, circumstances, and resources.

25210.2. Unless the context requires otherwise, as used in this chapter, the following terms shall have the following meanings:

(a) "Board" means the county board of supervisors acting as the governing authority of a county service area.

(b) "Commission" or "local agency formation commission" means a local agency formation commission that operates in the county pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, Division 3 (commencing with Section 56000) of Title 5.

(f) "Landowner" or "owner of land" means all of the following:

(1) Any person shown as the owner of land on the county's most recent assessment roll, except where that person is no longer the owner. Where that person is no longer the owner, the landowner or owner of land is any person entitled to be shown as the owner of land on the next assessment roll.

(2) Where land is subject to a recorded written agreement of sale, any person shown in the agreement as purchaser.

(3) Any public agency owning land, provided that a public agency which owns highways, rights-of-way, easements, waterways, or canals shall not be deemed a landowner or owner of land.

(g) "Latent power" means any service or facility authorized by Article 4 (commencing with Section 25213) that the local agency formation commission has determined, pursuant to subdivision (h) of Section 56425, that the county service area was not authorized to provide prior to January 1, 2009.

(b) Any county service area established pursuant to the former Chapter 2.2 which was in existence on January 1, 2009, shall remain in existence as if it had been formed under this chapter.

(c) Any improvement area, improvement zone, or zone formed pursuant to the former Chapter 2.2, which was in existence on January 1, 2009, shall be deemed to be a zone and remain in existence as if it

had been formed as a zone pursuant to Article 8 (commencing with Section 25217).

(d) Any indebtedness, bond, note, certificate of participation, contract, special tax, benefit assessment, fee, charge, election, ordinance, resolution, regulation, rule, or any other action of a board taken pursuant to the former Chapter 2.2 before January 1, 2009, shall not be impaired or voided solely because of the enactment of this chapter or any error, omission, informality, misnomer, or inconsistency with this chapter.

(e) Any approval or determination, including, but not limited to, terms and conditions made with respect to a county service area by a local agency formation commission before January 1, 2009, shall remain in full force and effect.

25210.4. This chapter shall be liberally construed to effectuate its purposes.

25210.5. If any provision of this chapter or the application of any provision of this chapter in any circumstance or to any person, county, city, special district, school district, the state, or any agency or subdivision of the state is held invalid, that invalidity shall not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application of the invalid provision, and to this end the provisions of this chapter are severable.

(2) If an ordinance or resolution provides for an automatic adjustment in an assessment, charge, or fee, and the automatic adjustment results in an increase in the amount of an assessment, charge, or fee, any action or proceeding to attack, review, set aside, void, or annul the increase shall be commenced within 60 days of the effective date of the increase.

(3) Any appeal from a final judgment in the action or proceeding brought pursuant to this subdivision shall be filed within 30 days after entry of the judgment.

(d) Any judicial action to review any other action taken pursuant to this chapter shall be brought pursuant to Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure.

25210.7. (a) Territory, whether contiguous or noncontiguous, in the unincorporated area of a single county may be included in a county service area.

(b) A county service area that includes the entire unincorporated area of a county may be formed to provide any or all of the services and facilities authorized by this chapter if the county does not provide those services and facilities to the same extent to the entire area of the county.

(c) All or any part of a city may be included in a county service area only if the city council gives its consent, as provided in this chapter. The executive officer of a local agency formation commission shall not issue a certificate of filing pursuant to Section 56658 for an application for an annexation of incorporated territory to a county service area or a reorganization that would result in the annexation of incorporated territory to a county service area, unless the application is accompanied by a resolution adopted by the city council of the affected city that consents to the annexation of that incorporated territory.

(d) Land devoted primarily to the commercial production of agricultural products, timber, or livestock may be included in a county service area only if that land is contiguous to other land within the county service area and only if the land will benefit from the services and facilities that the county service area provides. A local agency formation commission shall not approve any change of organization or reorganization that would result in the inclusion of land devoted primarily to the commercial production of agricultural products, timber, or livestock in a county service area unless the board finds that the land will benefit from the services and facilities that the county service area provides.

(e) Except as provided in this chapter, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Division 3 (commencing with Section 56000) of Title 5) shall govern any change of organization or reorganization of a county service area. In the case of any conflict between that division or this chapter, the provisions of this chapter shall prevail.

(f) A county service area shall not be deemed an "independent special district" as defined by Section 56044 and as that term is used in the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Division 3 (commencing with Section 56000) of Title 5).

(g) Whenever the boundaries of an improvement zone change, a county shall comply with Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5.

25210.8. (a) Except as otherwise provided in this chapter, elections for a county service area or zone are subject to the Uniform District Election Law (Part 4 (commencing with Section 10500) of Division 10 of the Elections Code).

(b) A county may conduct any election for a county service area or zone by all-mailed ballots pursuant to Division 4 (commencing with Section 4000) of the Elections Code.

(c) A county may hold advisory elections for a county service area or zone pursuant to Section 9603 of the Elections Code.

(2) Twenty-five percent of the number of owners of land who own not less than 25 percent of the assessed value of land within the area to be included in the county service area.

25211.2. (a) Before circulating any petition, the proponents shall publish a notice of intention which shall include a written statement not to exceed 500 words in length, setting forth the reasons for forming the county service area, the proposed services and facilities that the county service area will provide, and the proposed methods by which the county service area will be financed. The notice shall be published pursuant to

Section 6061 in one or more newspapers of general circulation within the territory proposed to be included within the county service area.

(b) The notice shall be signed by one or more petitioners, and shall be in substantially the following form:

SEC. 8. Section 56375 of the Government Code is amended to read:

56375. The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally, proposals for changes of organization or reorganization, consistent with written policies, procedures, and guidelines adopted by the commission. A commission shall have the authority to initiate only a (1) consolidation of districts, as defined in Section 56036, (2) dissolution, (3) merger, (4) establishment of a subsidiary district, (5) formation of a new district or districts, or (6) reorganization that includes any of these changes of organization, if that change of organization or reorganization is consistent with a recommendation or conclusion of a study prepared pursuant to Section 56378, 56425, or 56430 and the commission makes the determinations specified in subdivision (b) of Section 56881. However, a commission shall not have the power to disapprove an annexation to a city, initiated by resolution, of contiguous territory that the commission finds is any of the following:

(1) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(2) Located within an urban service area that has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

(3) An annexation or reorganization of unincorporated islands meeting the requirements of Section 56375.3.

As a condition to the annexation of an area that is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

A commission shall not impose any conditions that would directly regulate land use density or intensity, property development, or subdivision requirements. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. A commission shall require, as a condition to annexation, that a city prezone the territory to be annexed or present evidence satisfactory to the commission that the existing development entitlements on the territory are vested or are already at build-out, and are consistent with the city's general plan. However, the commission shall not specify how, or in what manner, the territory shall be prezoned. The decision of the commission with regard to a proposal to annex territory to a city shall be based upon the general plan and prezoning of the city.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization that includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated successor city or district.

(d) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56742, located in the same county as that in which the city is located, and that is owned by a city

and used for municipal purposes and to authorize the annexation of the territory without notice and hearing.

(e) To approve the annexation of unincorporated territory consistent with the planned and probable use of the property based upon the review of general plan and prezoning designations. No subsequent change may be made to the general plan for the annexed territory or zoning that is not in conformance to the prezoning designations for a period of two years after the completion of the annexation, unless the legislative body for the city makes a finding at a public hearing that a substantial change has occurred in circumstances that necessitate a departure from the prezoning in the application to the commission.

(f) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district or, for a landowner-voter special district, the number of owners of land and the assessed value of their land within the territory proposed to be included in the new special district. The number of registered voters shall be calculated as of the time of the last report of voter registration by the county elections official to the Secretary of State prior to the date the first signature was affixed to the petition. The executive officer shall notify the petitioners of the number of registered voters resulting from this calculation. The assessed value of the land within the territory proposed to be included in a new landowner-voter special district shall be calculated as shown on the last equalized assessment roll.

(g) To adopt written procedures for the evaluation of proposals, including written definitions consistent with existing state law. The commission may adopt standards for any of the factors enumerated in Section 56668. Any standards adopted by the commission shall be written.

(h) To adopt standards and procedures for the evaluation of service plans submitted pursuant to Section 56653 and the initiation of a change of organization or reorganization pursuant to subdivision (a).

(i) To make and enforce regulations for the orderly and fair conduct of hearings by the commission.

(j) To incur usual and necessary expenses for the accomplishment of its functions.

(k) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(*l*) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty of those boundaries, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(m) To waive the restrictions of Section 56744 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(n) To waive the application of Section 22613 of the Streets and Highways Code if it finds the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and if it finds that the waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(o) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56810.

(p) To authorize a city or district to provide new or extended services outside its jurisdictional boundaries pursuant to Section 56133.

(q) To enter into an agreement with the commission for an adjoining county for the purpose of determining procedures for the consideration of proposals that may affect the adjoining county or where the jurisdiction of an affected agency crosses the boundary of the adjoining county.

(E) The formation of a new district or districts.

(F) A reorganization that includes any of the changes specified in subparagraph (A), (B), (C), (D), or (E).

(3) A commission may initiate a proposal described in paragraph (2) only if that change of organization or reorganization is consistent with a recommendation or conclusion of a study prepared pursuant to Section

56378, 56425, or 56430, and the commission makes the determinations specified in subdivision (b) of Section 56881.

(4) A commission shall not disapprove an annexation to a city, initiated by resolution, of contiguous territory that the commission finds is any of the following:

(A) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(B) Located within an urban service area that has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

(C) An annexation or reorganization of unincorporated islands meeting the requirements of Section 56375.3.

(5) As a condition to the annexation of an area that is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

(6) A commission shall not impose any conditions that would directly regulate land use density or intensity, property development, or subdivision requirements.

(7) The decision of the commission with regard to a proposal to annex territory to a city shall be based upon the general plan and prezoning of the city. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. A commission shall require, as a condition to annexation, that a city prezone the territory to be annexed or present evidence satisfactory to the commission that the existing development entitlements on the territory are vested or are already at build-out, and are consistent with the city's general plan. However, the commission shall not specify how, or in what manner, the territory shall be prezoned.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization that includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated successor city or district.

(d) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56742, located in the same county as that in which the city is located, and that is owned by a city and used for municipal purposes and to authorize the annexation of the territory without notice and hearing.

(e) To approve the annexation of unincorporated territory consistent with the planned and probable use of the property based upon the review of general plan and prezoning designations. No subsequent change may be made to the general plan for the annexed territory or zoning that is not in conformance to the prezoning designations for a period of two years after the completion of the annexation, unless the legislative body for the city makes a finding at a public hearing that a substantial change has occurred in circumstances that necessitate a departure from the prezoning in the application to the commission.

(f) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district or, for a landowner-voter special district, the number of owners of land and the assessed value of their land within the territory proposed to be included in the new special district. The number of registered voters shall be calculated as of the time of the last report of voter registration by the county elections official to the Secretary of State prior to the date the first signature was affixed to the petition. The executive officer shall notify the petitioners of the number of registered voters resulting from this calculation. The assessed value of the land within the territory proposed to be included in a new landowner-voter special district shall be calculated as shown on the last equalized assessment roll.

(g) To adopt written procedures for the evaluation of proposals, including written definitions consistent with existing state law. The commission may adopt standards for any of the factors enumerated in Section 56668. Any standards adopted by the commission shall be written.

(h) To adopt standards and procedures for the evaluation of service plans submitted pursuant to Section 56653 and the initiation of a change of organization or reorganization pursuant to subdivision (a).

(i) To make and enforce regulations for the orderly and fair conduct of hearings by the commission.

(j) To incur usual and necessary expenses for the accomplishment of its functions.

(k) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(*l*) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty of those boundaries, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(m) To waive the restrictions of Section 56744 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(n) To waive the application of Section 22613 of the Streets and Highways Code if it finds the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and if it finds that the waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(o) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56810.

## CHAPTER 159

An act to amend Sections 5898.12, 5898.20, 5898.22, and 5898.30 of, and to add Sections 5898.14 and 5898.21 to, the Streets and Highways Code, relating to contractual assessments, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2008. Filed with
Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 5898.12 of the Streets and Highways Code is amended to read:

5898.12. (a) It is the intent of the Legislature that this chapter should be used to finance public improvements to lots or parcels which are developed and where the costs and time delays involved in creating an assessment district pursuant to other provisions of this division or any other law would be prohibitively large relative to the cost of the public improvements to be financed.

(b) It is also the intent of the Legislature that this chapter should be used to finance the installation of distributed generation renewable energy sources or energy efficiency improvements that are permanently fixed to residential, commercial, industrial, or other real property.

(c) This chapter shall not be used to finance facilities for parcels which are undergoing development.

(d) This chapter shall not be used to finance the purchase or installation of appliances that are not permanently fixed to residential, commercial, industrial, or other real property.

(e) Assessments may be levied pursuant to this chapter only with the free and willing consent of the owner of each lot or parcel on which an assessment is levied at the time the assessment is levied.

SEC. 2. Section 5898.14 is added to the Streets and Highways Code, to read:

5898.14. (a) The Legislature finds all of the following:

(1) Energy conservation efforts, including the promotion of energy efficiency improvements to residential, commercial, industrial, or other real property are necessary to address the issue of global climate change.

(2) The upfront cost of making residential, commercial, industrial, or other real property more energy efficient prevents many property owners from making those improvements. To make those improvements more affordable and to promote the installation of those improvements, it is necessary to authorize an alternative procedure for authorizing assessments to finance the cost of energy efficiency improvements.

(b) The Legislature declares that a public purpose will be served by a contractual assessment program that provides the legislative body of any city with the authority to finance the installation of distributed generation renewable energy sources and energy efficiency improvements that are permanently fixed to residential, commercial, industrial, or other real property.

SEC. 3. Section 5898.20 of the Streets and Highways Code is amended to read:

5898.20. (a) (1) The legislative body of any city may determine that it would be convenient and advantageous to designate an area within the city, which may encompass the entire city or a lesser portion, within which authorized city officials and property owners may enter into contractual assessments for public improvements and to make financing arrangements pursuant to this chapter.

(2) The legislative body of any city may also determine that it would be convenient, advantageous, and in the public interest to designate an area within the city, which may encompass the entire city or a lesser portion, within which authorized city officials and property owners may enter into contractual assessments to finance the installation of distributed generation renewable energy sources or energy efficiency improvements that are permanently fixed to real property pursuant to this chapter.

(b) The legislative body shall make these determinations by adopting a resolution indicating its intention to do so. The resolution of intention shall include a statement that the city proposes to make contractual assessment financing available to property owners, shall identify the kinds of public works, distributed generation renewable energy sources, or energy efficiency improvements that may be financed, shall describe the boundaries of the area within which contractual assessments may be entered into, and shall briefly describe the proposed arrangements for financing the program. The resolution of intention shall state that it is in the public interest to finance the installation of distributed generation renewable energy sources or energy efficiency improvements, or both, pursuant to paragraph (2) of subdivision (a), if applicable. The resolution shall state that a public hearing should be held at which interested persons may object to or inquire about the proposed program or any of its particulars, and shall state the time and place of the hearing. The resolution shall direct an appropriate city official to prepare a report pursuant to Section 5898.22 and to enter into consultations with the county auditor's office or county controller's office in order to reach agreement on what additional fees, if any, will be charged to the city or county for incorporating the proposed contractual assessments into the assessments of the general taxes of the city or county on real property.

(c) As used in this chapter, each of the following terms has the following meaning:

(1) Notwithstanding Section 5005, "city" means a city, county, or city and county.

(2) "Legislative body" has the same meaning as defined in Section 5006.

SEC. 4. Section 5898.21 is added to the Streets and Highways Code, to read:

5898.21. Notwithstanding any other provision of this chapter, upon the written consent of an authorized city official, the proposed arrangements for financing the program pertaining to the installation of distributed generation renewable energy sources or energy efficiency improvements that are permanently fixed to real property may authorize the property owner to purchase directly the related equipment and materials for the installation of distributed generation renewable energy sources or energy efficiency improvements and to contract directly for the installation of distributed generation renewable energy sources or energy efficiency improvements that are permanently fixed to the property owner's residential, commercial, industrial, or other real property.

SEC. 5. Section 5898.22 of the Streets and Highways Code is amended to read:

5898.22. The report shall contain all of the following:

(a) A map showing the boundaries of the territory within which contractual assessments are proposed to be offered.

(b) A draft contract specifying the terms and conditions that would be agreed to by a property owner within the contractual assessment area and the city.

(c) A statement of city policies concerning contractual assessments including all of the following:

(1) Identification of types of facilities, distributed generation renewable energy sources, or energy efficiency improvements that may be financed through the use of contractual assessments.

(2) Identification of a city official authorized to enter into contractual assessments on behalf of the city.

(3) A maximum aggregate dollar amount of contractual assessments.

(4) A method for setting requests from property owners for financing through contractual assessments in priority order in the event that requests appear likely to exceed the authorization amount.

(d) A plan for raising a capital amount required to pay for work performed pursuant to contractual assessments. The plan may include amounts to be advanced by the city through funds available to it from any source. The plan may include the sale of a bond or bonds or other financing relationship pursuant to Section 5898.28. The plan shall include a statement of or method for determining the interest rate and time period during which contracting property owners would pay any assessment. The plan shall provide for any reserve fund or funds. The plan shall provide for the apportionment of all or any portion of the costs incidental

to financing, administration, and collection of the contractual assessment program among the consenting property owners and the city.

(e) A report on the results of the consultations with the county auditor's office or county controller's office concerning the additional fees, if any, that will be charged to the city or county for incorporating the proposed contractual assessments into the assessments of the general taxes of the city or county on real property, and a plan for financing the payment of those fees.

SEC. 6. Section 5898.30 of the Streets and Highways Code is amended to read:

5898.30. Assessments levied pursuant to this chapter, and the interest and any penalties thereon shall constitute a lien against the lots and parcels of land on which they are made, until they are paid. Division 10 (commencing with Section 8500) applies to the levy and collection of assessments levied pursuant to this chapter, insofar as those provisions are not in conflict with the provisions of this chapter, including, but not limited to, the collection of assessments in the same manner and at the same time as the general taxes of the city on real property are payable and any penalties and remedies and lien priorities in the event of delinquency and default.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for legislative bodies of cities and free and willing property owners to enter into contractual assessments to finance the installation of distributed generation renewable energy sources or energy efficiency improvements and for the state to begin to experience the effects of these contractual assessments, such as saving millions of kilowatthours, as early as this summer when usage is the highest, it is necessary that this act take effect immediately.

An act to amend Sections 18804 and 18808 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 18804 of the Revenue and Taxation Code is amended to read:

18804. (a) This article shall remain in effect only until January 1, 2016, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2016, deletes or extends that date.

(b) (1) If the repeal date specified in subdivision (a) has been deleted and if, thereafter, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than the minimum contribution amount prescribed by paragraph (2), then this article is inoperative with respect to taxable years beginning on and after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contributions.

(2) For purposes of this section, "minimum contribution amount" means two hundred fifty thousand dollars ($250,000) for any calendar year.

(c) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

SEC. 2. Section 18808 of the Revenue and Taxation Code is amended to read:

18808. (a) This article shall remain in effect only until January 1, 2016, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2016, deletes that date.

(b) If the repeal date specified in subdivision (a) has been deleted, all of the following apply:

(1) By September 1 of the calendar year beginning after the effective date of the act deleting the repeal date and by September 1 of each subsequent calendar year that the California Peace Officer's Memorial Foundation Fund appears on a tax return, the Franchise Tax Board shall do all of the following:

(A) Determine the minimum contribution amount required to be received during the next calendar year for the fund to appear on the tax return for the taxable year that includes that next calendar year.

(B) Provide written notification to the California Peace Officer Memorial Commission of the amount determined in subparagraph (A).

(C) Determine whether the amount of contributions estimated to be received during the calendar year will equal or exceed the minimum

contribution amount determined by the Franchise Tax Board for the calendar year pursuant to subparagraph (A). The Franchise Tax Board shall estimate the amount of contributions to be received by using the actual amounts received and an estimate of the contributions that will be received by the end of that calendar year.

(2) If the Franchise Tax Board determines that the amount of contributions estimated to be received during a calendar year will not at least equal the minimum contribution amount for the calendar year, this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

(3) For purposes of this section, the minimum contribution amount for a calendar year means two hundred fifty thousand dollars ($250,000) for the first calendar year beginning after the effective date of the act that deleted the repeal date specified in subdivision (a), or the minimum contribution amount adjusted pursuant to subdivision (c).

(c) For each calendar year, beginning with calendar year 2005, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum contribution amount specified in subdivision (b) as follows:

(1) The minimum contribution amount for the calendar year shall be an amount equal to the product of the minimum contribution amount for the prior calendar year multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

SEC. 2. Chapter 5.5 (commencing with Section 1993) is added to Title 5 of Part 4 of Division 3 of the Civil Code, to read:

## Chapter 5.5. Disposition of Property Remaining on Premises at Termination of Commercial Tenancy

1993. This chapter shall only apply to commercial real property. As used in this chapter:

(a) "Commercial real property" has the meaning specified in subdivision (d) of Section 1954.26. For purposes of this chapter, commercial real property shall not include self-storage units.

(b) "Landlord" means any operator, keeper, lessor, or sublessor of any furnished or unfurnished premises for hire, or his or her agent or successor in interest.

(c) "Owner" means any person other than the landlord who has any right, title, or interest in property.

(d) "Premises" includes any common areas associated therewith.

(e) "Reasonable belief" means the actual knowledge or belief a prudent person would have without making an investigation, including any investigation of public records, except that, if the landlord has specific information indicating that an investigation would more probably than not reveal pertinent information and the cost of an investigation would be reasonable in relation to the probable value of the property involved, "reasonable belief" includes the actual knowledge or belief a prudent person would have if an investigation were made.

(f) "Tenant" includes any lessee or sublessee of any commercial real property and its premises for hire.

1993.01. Notwithstanding Section 1980.5, the requirements of Sections 1982, 1987, and 1990 shall apply to property that is subject to this chapter.

1993.02. (a) This chapter provides an optional procedure for the disposition of property that remains on the premises after a tenancy of commercial real property has terminated and the premises have been vacated by the tenant.

(b) This chapter does not apply if Section 1862.5, 2080.8, 2080.9, or 2081 to 2081.6, inclusive, apply. This chapter does not apply to property

(e) This chapter does not apply to residential property or self-storage units.

(f) If the requirements of this chapter are not satisfied, nothing in this chapter affects the rights and liabilities of the landlord, former tenant, or any other person.

1993.03. (a) If property remains on the premises after a tenancy has terminated and the premises have been vacated by the tenant, the landlord shall give written notice to the tenant and to any other person the landlord reasonably believes to be the owner of the property.

(b) The notice shall describe the property in a manner reasonably adequate to permit the owner of the property to identify it. The notice may describe all or a portion of the property, but the limitation of liability provided by Section 1993.08 does not protect the landlord from any liability arising from the disposition of property not described in the notice, except that a trunk, valise, box, safe, vault, or other container that is locked, fastened, or tied in a manner that deters immediate access to its contents may be described as such without describing its contents. The notice shall advise the person to be notified that reasonable costs of storage may be charged before the property is returned, where the property may be claimed, and the date before which the claim must be made. The date specified in the notice shall be a date not less than 15 days after the notice is personally delivered or, if mailed, not less than 18 days after the notice is deposited in the mail.

If the notice is sent by mail to the

former tenant, one copy shall be sent to the premises vacated by the tenant.

1993.04. (a) A notice given to the former tenant that is in substantially the following form satisfies the requirements of Section 1993.03:

(Insert here the statement required by subdivision (b) of this section)

Dated: _____ _____
(Signature of landlord)

_____

(b) The notice set forth in subdivision (a) shall also contain one of the following statements:

(1) "If you fail to reclaim the property, it will be sold at a public sale after notice of the sale has been given by publication. You have the right to bid on the property at this sale. After the property is sold and the cost of storage, advertising, and sale is deducted, the remaining money will be paid over to the county. You may claim the remaining money at any time within one year after the county receives the money."

(2) "Because you were a commercial tenant and this property is believed to be worth less than the lesser of $750 or one dollar ($1) per square foot of the premises you occupied, it may be kept, sold, or destroyed without further notice if you fail to reclaim it within the time indicated above."

of safekeeping until the landlord either releases the property pursuant to Section 1987 or disposes of the property pursuant to Section 1993.07. The landlord shall exercise reasonable care in storing the property, but he or she is not liable to the tenant or any other owner for any loss not caused by his or her deliberate or negligent act.

1993.07. (a) (1) If the property described in the notice is not released pursuant to Section 1987, it shall be sold at public sale by competitive bidding. However, if the landlord reasonably believes that the total resale value of the property not released is less than the threshold amount, the landlord may retain the property for his or her own use or dispose of it in any manner. Nothing in this section shall be construed to preclude the landlord or tenant from bidding on the property at the public sale.

(2) For the purposes of this section, "threshold amount" means the lesser of seven hundred fifty dollars ($750) or one dollar ($1) per square foot of the premises occupied by the tenant.

(b) Notice of the time and place of the public sale shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation published in the county where the sale is to be held. The last publication shall be not less than five days before the sale is to be held. The notice of the sale shall not be published before the last of the dates specified for taking possession of the property in any notice given pursuant to Section 1993.03. The notice of the sale shall describe the property to be sold in a manner reasonably adequate to permit the owner of the property to identify it. The notice may describe all or a portion of the property, but the limitation of liability provided by Section 1993.08 does not protect the landlord from any liability arising from the disposition of property not described in the notice, except that a trunk, valise, box, safe, vault, or other container that is locked, fastened, or tied in a manner that deters immediate access to its contents may be described as such without describing its contents.

(c) After deduction of the costs of storage, advertising, and sale, any balance of the proceeds of the sale that is not claimed by the former tenant or an owner other than the tenant shall be paid into the treasury of the county in which the sale took place not later than 30 days after the date of sale. The former tenant or other owner may claim the balance within one year from the date of payment to the county by making application to the county treasurer or other official designated by the county. If the county pays the balance or any part thereof to a claimant, neither the county nor any officer or employee thereof is liable to any other claimant as to the amount paid.

1993.08. (a) Notwithstanding subdivision (c) of Section 1993.02, if the landlord releases to the former tenant property that remains on the

premises after a tenancy is terminated, the landlord is not liable with respect to that property to any person.

(b) If the landlord releases property pursuant to Section 1987 to a person, other than the former tenant, who is reasonably believed by the landlord to be the owner of the property, the landlord is not liable with respect to that property to any of the following persons:

(1) A person to whom notice was given pursuant to Section 1993.03.

(2) A person to whom notice was not given pursuant to Section 1993.03 unless the person proves that, prior to releasing the property, the landlord believed or reasonably should have believed that the person had an interest in the property and also that the landlord knew or should have known upon reasonable investigation the address of the person.

(c) If property is disposed of pursuant to Section 1993.07, the landlord is not liable with respect to that property to any of the following persons:

(1) A person to whom notice was given pursuant to Section 1993.03.

(2) A person to whom notice was not given pursuant to Section 1993.03 unless the person proves that, prior to disposing of the property pursuant to Section 1993.07, the landlord believed or reasonably should have believed that the person had an interest in the property and also that the landlord knew or should have known upon reasonable investigation the address of the person.

1993.09. If a notice of belief of abandonment is given to a lessee pursuant to Section 1951.3, the notice to the former tenant given pursuant to Section 1993.03 may, but need not, be given at the same time as the notice of belief of abandonment, even though the tenancy is not terminated until the end of the period specified in the notice of belief of abandonment. If the notices are so given, the notices may, but need not, be combined in one notice that contains all the information required by the sections under which the notices are given.

## CHAPTER 162

An act to amend Section 2889.5 of the Public Utilities Code, relating to telephone service.

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 2889.5 of the Public Utilities Code is amended to read:

2889.5. (a) No telephone corporation, or any person, firm, or corporation representing a telephone corporation, shall make any change or authorize a different telephone corporation to make any change in the provider of any telephone service for which competition has been authorized of a telephone subscriber until all of the following steps have been completed:

(1) The telephone corporation, its representatives or agents shall thoroughly inform the subscriber of the nature and extent of the service being offered.

(2) The telephone corporation, its representatives or agents shall specifically establish whether the subscriber intends to make any change in his or her telephone service provider, and explain any charges associated with that change.

(3) For sales of residential service, the subscriber's decision to change his or her telephone service provider shall be confirmed by an independent third-party verification company, or as provided in paragraph (5). For purposes of this provision, the confirmation by a third-party verification company shall be made as follows:

(A) The third-party verification company shall meet each of the following criteria:

(i) Be independent from the telephone corporation that seeks to provide the subscriber's new service.

(ii) Not be directly or indirectly managed, controlled, or directed, or owned wholly or in part, by the telephone corporation that seeks to provide the new service or by any corporation, firm, or person who directly or indirectly manages, controls, or directs, or owns more than 5 percent of the telephone corporation.

(iii) Operate from facilities physically separate from those of the telephone corporation that seeks to provide the subscriber's new service.

(iv) Not derive commissions or compensation based upon the number of sales confirmed.

(B) The telephone corporation seeking to verify the sale shall do so by connecting the subscriber by telephone to the third-party verification company or by arranging for the third-party verification company to call the subscriber to confirm the sale.

(C) The third-party verification company shall obtain the subscriber's oral confirmation regarding the change, and shall record that confirmation by obtaining appropriate verification data. The record shall be available to the subscriber upon request. Information obtained from the subscriber through confirmation shall not be used for marketing purposes. Any unauthorized release of this information is grounds for a civil suit by the aggrieved subscriber against the telephone corporation or its employees who are responsible for the violation.

(D) Notwithstanding subparagraphs (A), (B), and (C), a service provider shall not be required to comply with these provisions when the customer directly calls the local service provider to make changes in service providers. However, a service provider shall not avoid the verification requirements by asking a subscribing customer to contact a local exchange service provider directly to make any change in the service provider. A local exchange service provider shall be required to comply with these verification requirements for its own competitive services. However, a local exchange service provider shall not be required to perform any verification requirements for any changes solicited by another telephone corporation.

(4) For a sale of residential service, the telephone corporation seeking to verify the change in service, in addition to the requirements of paragraph (3), shall notify the subscriber by United States Postal Service that the subscriber's telephone service provider has been changed. The service provider that initiated the change shall send that notice within 14 days of the date of the change. The notice shall provide the subscriber with clear, legible notice of the change in service provider, and shall include a customer service telephone number for the subscriber to call if the subscriber did not authorize the change in service.

(5) Confirmation of a sale of residential service may be made using an electronic means that complies with Section 64.1120 of Title 47 of the Code of Federal Regulations in effect as of June 17, 2008.

(6) For sales of all nonresidential services, the subscriber's decision to change his or her service provider shall be confirmed through any of the following means:

(A) Independent third-party verification, as set forth in paragraph (3) of subdivision (a).

(B) The telephone corporation shall mail to the subscriber an information package seeking confirmation of his or her change in the telephone corporation. The information package shall describe the new service and shall include a postage prepaid postcard or mailer that the subscriber can use to deny, cancel, or confirm a service order, as soon as possible, and wait 14 days after the information package is mailed before making the change in the telephone corporation. The telephone corporation shall make the change only if the subscriber does not cancel the change in service order.

(C) Verify the subscriber's change in his or her telephone service provider by obtaining the subscriber's signature on a document fully explaining the nature and extent of the action. The document shall be a separate document whose sole purpose is to explain the nature and extent of the action.

(D) Obtain the subscriber's authorization through an electronic means that takes the information, including the calling number, and confirms the change to which the subscriber has given his or her consent.

(7) Where the telephone corporation obtains a written order for service, the document shall thoroughly inform the subscriber of the nature and extent of the action. The subscriber shall be furnished with a copy of the signed document. The subscriber by his or her signature on the document shall indicate a full understanding of the relationship being established with the telephone corporation. If a written subscriber solicitation or other document contains a letter of agency authorizing a change in service provider, in combination with other information including, but not limited to, inducements to subscribers to purchase service, the solicitation shall include a separate document whose sole purpose is to explain the nature and extent of the action. If any part of a mailing to a prospective subscriber is in language other than English, any written authorization contained in the mailing shall be sent to the same prospective subscriber in the same language.

(8) The telephone corporation shall retain a record of the verification of the sale for at least one year. These records shall be made available to the subscriber, the Attorney General, or the commission upon request.

(b) If a residential or business subscriber that has not signed an authorization notifies the telephone corporation within 90 days that he or she does not wish to change telephone corporations, the subscriber shall be switched back to his or her former telephone corporation at the expense of the telephone corporation that initiated the change.

(c) For purposes of this section, competitive services are those services where subscribers have the ability to presubscribe to a telephone service provider.

(d) When a subscriber changes telephone service providers, the change shall be conspicuously noticed on the subscriber's bill. Notice in the following form is deemed to comply with this subdivision:

"NOTICE: Your local (or long distance) telephone service provider has been changed from (name of prior provider) to (name of current provider).

Cost of change: $ ____."

(e) Any telephone corporation that violates the verification procedures described in this section shall be liable to the telephone corporation previously selected by the subscriber in an amount equal to all charges paid by the subscriber after the violation.

(f) In addition to the liability described in subdivision (e), any telephone corporation that violates the verification procedures described in this section shall credit to a subscriber any charges paid by the subscriber in excess of the amount that the subscriber would have been

obligated to pay had the subscriber's telephone service not been changed. The commission shall adopt regulations to govern credits to subscribers pursuant to this subdivision.

(g) The remedies provided by this section are in addition to any other remedies available by law.

(h) As described in federal law, no telephone corporation, or any person, firm, or corporation representing a telephone corporation, shall make any change or authorize a different telephone corporation to make any change in the provider of any telephone service for which competition has been authorized of a telephone subscriber without having on file, or having instituted reasonable steps designed to obtain, signed, dated orders for service from the subscriber. All orders shall be in the form prescribed in federal law for letters of agency. As described in federal law, the telephone corporation is responsible for charges associated with disputed changes in telephone service for which it cannot produce a signed, dated order for service from the subscriber. This subdivision applies to all intrastate services for which competition has been authorized.

*The people of the State of California do enact as follows:*

SECTION 1. Section 1091 of the Government Code is amended to read:

1091. (a) An officer shall not be deemed to be interested in a contract entered into by a body or board of which the officer is a member within the meaning of this article if the officer has only a remote interest in the contract and if the fact of that interest is disclosed to the body or board of which the officer is a member and noted in its official records, and thereafter the body or board authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest.

(b) As used in this article, "remote interest" means any of the following:

(1) That of an officer or employee of a nonprofit entity exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code (26 U.S.C. Sec. 501(c)(3)) or a nonprofit corporation, except as provided in paragraph (8) of subdivision (a) of Section 1091.5.

For purposes of this paragraph, time of employment with the contracting party by the officer shall be counted in computing the three-year period specified in this paragraph even though the contracting party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by the officer. Time of employment in that case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the contracting party is the same or substantially similar to that which existed before the transfer or change in organization. For purposes of this paragraph, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of the contracting party.

(A) The agency of which the person is an officer is a local public agency located in a county with a population of less than 4,000,000.

(B) The contract is competitively bid and is not for personal services.

(C) The employee or agent is not in a primary management capacity with the contracting party, is not an officer or director of the contracting party, and holds no ownership interest in the contracting party.

(5) That of a landlord or tenant of the contracting party.

(6) That of an attorney of the contracting party or that of an owner, officer, employee, or agent of a firm that renders, or has rendered, service to the contracting party in the capacity of stockbroker, insurance agent, insurance broker, real estate agent, or real estate broker, if these

individuals have not received and will not receive remuneration, consideration, or a commission as a result of the contract and if these individuals have an ownership interest of 10 percent or more in the law practice or firm, stock brokerage firm, insurance firm, or real estate firm.

(7) That of a member of a nonprofit corporation formed under the Food and Agricultural Code or a nonprofit corporation formed under the Corporations Code for the sole purpose of engaging in the merchandising of agricultural products or the supplying of water.

(8) That of a supplier of goods or services when those goods or services have been supplied to the contracting party by the officer for at least five years prior to his or her election or appointment to office.

(9) That of a person subject to the provisions of Section 1090 in any contract or agreement entered into pursuant to the provisions of the California Land Conservation Act of 1965.

(10) Except as provided in subdivision (b) of Section 1091.5, that of a director of, or a person having an ownership interest of, 10 percent or more in a bank, bank holding company, or savings and loan association with which a party to the contract has a relationship of borrower or depositor, debtor or creditor.

(11) That of an engineer, geologist, or architect employed by a consulting engineering or architectural firm. This paragraph applies only to an employee of a consulting firm who does not serve in a primary management capacity, and does not apply to an officer or director of a consulting firm.

(12) That of an elected officer otherwise subject to Section 1090, in any housing assistance payment contract entered into pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) as amended, provided that the housing assistance payment contract was in existence before Section 1090 became applicable to the officer and will be renewed or extended only as to the existing tenant, or, in a jurisdiction in which the rental vacancy rate is less than 5 percent, as to new tenants in a unit previously under a Section 8 contract. This section applies to any person who became a public official on or after November 1, 1986.

(13) That of a person receiving salary, per diem, or reimbursement for expenses from a government entity.

(14) That of a person owning less than 3 percent of the shares of a contracting party that is a for-profit corporation, provided that the ownership of the shares derived from the person's employment with that corporation.

(15) That of a party to litigation involving the body or board of which the officer is a member in connection with an agreement in which all of the following apply:

(A) The agreement is entered into as part of a settlement of litigation in which the body or board is represented by legal counsel.

(B) After a review of the merits of the agreement and other relevant facts and circumstances, a court of competent jurisdiction finds that the agreement serves the public interest.

(C) The interested member has recused himself or herself from all participation, direct or indirect, in the making of the agreement on behalf of the body or board.

(c) This section is not applicable to any officer interested in a contract who influences or attempts to influence another member of the body or board of which he or she is a member to enter into the contract.

(d) The willful failure of an officer to disclose the fact of his or her interest in a contract pursuant to this section is punishable as provided in Section 1097. That violation does not void the contract unless the contracting party had knowledge of the fact of the remote interest of the officer at the time the contract was executed.

(c) The retirement allowance for any safety member who is not subject to this article shall be computed in accordance with the provisions of Section 31664.

(d) Any member who becomes a safety member after the effective date of the selection of the method of computing the retirement allowance by the board of supervisors shall be subject to that selection and to the provisions of this article.

## CHAPTER 165

An act to amend Section 6140 of, and to add and repeal Sections 6140.3 and 6140.36 of, the Business and Professions Code, relating to the State Bar of California.

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 6140 of the Business and Professions Code is amended to read:

6140. (a) The board shall fix the annual membership fee for active members for 2009 at a sum not exceeding three hundred fifteen dollars ($315).

(b) The annual membership fee for active members is payable on or before the first day of February of each year. If the board finds it appropriate and feasible, it may provide by rule for payment of fees on an installment basis with interest, by credit card, or other means, and may charge members choosing any alternative method of payment an additional fee to defray costs incurred by that election.

(c) This section shall remain in effect only until January 1, 2010, and, as of that date, is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 2. Section 6140.3 is added to the Business and Professions Code, to read:

6140.3. (a) The board may increase the annual membership fee fixed by Section 6140 and the annual membership fee specified in Section 6141 by an additional amount not exceeding ten dollars ($10). This additional amount may be used only for (1) the costs of financing, constructing, purchasing, or leasing facilities to house State Bar staff and (2) any major capital improvement projects related to facilities owned by the bar.

(b) Funds collected pursuant to subdivision (a) between January 1, 2009, and December 31, 2013, may only be used for the construction, purchase, or lease of a facility in southern California upon the expiration of the State Bar's existing lease of a facility in Los Angeles in January 2014. The board shall report to the Assembly Committee on Judiciary and the Senate Committee on Judiciary on or before April 1, 2009, and annually thereafter, on its preliminary plans for determining whether to construct, purchase, or lease a facility in southern California. At least 60 days, or 90 days if the 60th day would occur when the Legislature

has adjourned for the fall or final recess, prior to entering into any agreement for the purchase of a facility in southern California, the board shall submit its proposed decision and cost estimate for the facility to the Assembly Committee on Judiciary and the Senate Committee on Judiciary for review. If the board does not enter into an agreement to purchase a facility in southern California and the Legislature does not, by a later enacted statute, authorize use of the funds collected pursuant to this section to construct or lease a facility, those funds shall be applied as a one-time credit to each member's annual dues in the amount paid by that member.

(c) This section shall remain in effect only until January 1, 2014, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2014, deletes or extends that date.

SEC. 3. Section 6140.36 is added to the Business and Professions Code, to read:

6140.36. (a) The board shall report to the Assembly Committee on Judiciary and the Senate Committee on Judiciary on or before April 1, 2009, and on or before April 1 of the succeeding two years, on the use of the funds authorized pursuant to Section 6140.35.

(b) This section shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

## CHAPTER 166

An act to amend Section 1517 of the Probate Code, and to amend Section 349 of the Welfare and Institutions Code, relating to dependent children.

[Approved by Governor July 21, 2008. Filed with Secretary of State July 21, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. It is the intent of the Legislature that all children who want to attend their juvenile court hearings be given the means and the opportunity to attend, that these hearings be set to accommodate children's schedules, and that courtrooms and waiting areas help facilitate their attendance and participation. It is also the intent of the Legislature that juvenile courts promote communication with, and the participation of, children in attendance at hearings of which they are the subject, and that children attending these hearings leave the hearing with a clear

understanding of what decisions the court made and why, and that the Administrative Office of the Courts help promote these objectives.

SEC. 2. Section 1517 of the Probate Code is amended to read:

1517. (a) This part does not apply to guardianships resulting from the selection and implementation of a permanent plan pursuant to Section 366.26 of the Welfare and Institutions Code. For those minors, Section 366.26 of the Welfare and Institutions Code and Division 3 (commencing with Rule 5.500) of Title Five of the California Rules of Court specify the exclusive procedures for establishing, modifying, and terminating legal guardianships. If no specific provision of the Welfare and Institutions Code or the California Rules of Court is applicable, the provisions applicable to the administration of estates under Part 4 (commencing with Section 2100) govern so far as they are applicable to like situations.

(b) This chapter shall not be construed to prevent a court that assumes jurisdiction of a minor child pursuant to Section 300 of the Welfare and Institutions Code, or a probate court, as appropriate, from issuing orders or making appointments, on motion of the child's counsel, consistent with Division 2 of the Welfare and Institutions Code or Divisions 4 to 6, inclusive, of the Probate Code necessary to ensure the appropriate administration of funds for the benefit of the child. Orders or appointments regarding those funds may continue after the court's jurisdiction is terminated pursuant to Section 391 of the Welfare and Institutions Code.

SEC. 3. Section 349 of the Welfare and Institutions Code is amended to read:

349. (a) A minor who is the subject of a juvenile court hearing and any person entitled to notice of the hearing under the provisions of Sections 290.1 and 290.2, is entitled to be present at the hearing.

(b) The minor and any person who is entitled to that notice has the right to be represented at the hearing by counsel of his or her own choice.

(c) If the minor is present at the hearing, the court shall allow the minor, if the minor so desires, to address the court and participate in the hearing.

(d) If the minor is 10 years of age or older and he or she is not present at the hearing, the court shall determine whether the minor was properly notified of his or her right to attend the hearing and inquire whether the minor was given an opportunity to attend. If that minor was not properly notified or if he or she wished to be present and was not given an opportunity to be present, the court shall continue the hearing to allow the minor to be present unless the court finds that it is in the best interest of the minor not to continue the hearing. The court shall continue the hearing only for that period of time necessary to provide notice and

secure the presence of the child. The court may issue any and all orders reasonably necessary to ensure that the child has an opportunity to attend.

(e) Nothing in this section shall prevent or limit any child's right to attend or participate in the hearing.

## CHAPTER 167

An act to amend Sections 1014 and 1023 of the Military and Veterans Code, relating to veterans.

[Approved by Governor July 22, 2008. Filed with Secretary of State July 22, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1014 of the Military and Veterans Code is amended to read:

1014. The home shall be under the management and control of the department and subject to the policies adopted by the California Veterans Board.

SEC. 2. Section 1023 of the Military and Veterans Code is amended to read:

1023. (a) The department may sue and be sued in any of the courts of this state. All property held by the department for the home shall be held in trust for the state and for the use and benefit of the home. The administrator shall manage the home and administer its affairs, and, subject to the direction of the director, adopt rules and regulations for the government of the home in conformity, as nearly as possible, to the rules and regulations of the United States Veterans' Administration for their facilities.

(b) The Director of General Services may lease or let any real property held by the department for the home, and not needed for any direct or immediate purpose of the home, to any entity or person upon terms and conditions determined to be in the best interests of the home. In any leasing or letting, primary consideration shall be given to the use of real property for agricultural purposes, and except as provided in Section 1048, all money received in connection therein shall be deposited in the General Fund to the credit of, and shall augment the current appropriation for the support of, the home.

# CHAPTER 168

An act to repeal and add Section 15212 of the Probate Code, relating to pet trusts.

[Approved by Governor July 22, 2008. Filed with Secretary of State July 22, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 15212 of the Probate Code is repealed.

SEC. 2. Section 15212 is added to the Probate Code, to read:

15212. (a) Subject to the requirements of this section, a trust for the care of an animal is a trust for a lawful noncharitable purpose. Unless expressly provided in the trust, the trust terminates when no animal living on the date of the settlor's death remains alive. The governing instrument of the animal trust shall be liberally construed to bring the trust within this section, to presume against the merely precatory or honorary nature of the disposition, and to carry out the general intent of the settlor. Extrinsic evidence is admissible in determining the settlor's intent.

(b) A trust for the care of an animal is subject to the following requirements:

(1) Except as expressly provided otherwise in the trust instrument, the principal or income shall not be converted to the use of the trustee or to any use other than for the benefit of the animal.

(2) Upon termination of the trust, the trustee shall distribute the unexpended trust property in the following order:

(A) As directed in the trust instrument.

(B) If the trust was created in a nonresiduary clause in the settlor's will or in a codicil to the settlor's will, under the residuary clause in the settlor's will.

(C) If the application of subparagraph (A) or (B) does not result in distribution of unexpended trust property, to the settlor's heirs under Section 21114.

(3) For the purposes of Section 21110, the residuary clause described in subparagraph (B) of paragraph (2) shall be treated as creating a future interest under the terms of a trust.

(c) The intended use of the principal or income may be enforced by a person designated for that purpose in the trust instrument or, if none is designated, by a person appointed by a court. In addition to a person identified in subdivision (a) of Section 17200, any person interested in the welfare of the animal or any nonprofit charitable organization that has as its principal activity the care of animals may petition the court

regarding the trust as provided in Chapter 3 (commencing with Section 17200) of Part 5.

(d) If a trustee is not designated or no designated or successor trustee is willing or able to serve, a court shall name a trustee. A court may order the transfer of the trust property to a court-appointed trustee, if it is required to ensure that the intended use is carried out and if a successor trustee is not designated in the trust instrument or if no designated successor trustee agrees to serve or is able to serve. A court may also make all other orders and determinations as it shall deem advisable to carry out the intent of the settlor and the purpose of this section.

(e) The accountings required by Section 16062 shall be provided to the beneficiaries who would be entitled to distribution if the animal were then deceased and to any nonprofit charitable corporation that has as its principal activity the care of animals and that has requested these accountings in writing. However, if the value of the assets in the trust does not exceed forty thousand dollars ($40,000), no filing, report, registration, periodic accounting, separate maintenance of funds, appointment, or fee is required by reason of the existence of the fiduciary relationship of the trustee, unless ordered by the court or required by the trust instrument.

(f) Any beneficiary, any person designated by the trust instrument or the court to enforce the trust, or any nonprofit charitable corporation that has as its principal activity the care of animals may, upon reasonable request, inspect the animal, the premises where the animal is maintained, or the books and records of the trust.

(g) A trust governed by this section is not subject to termination pursuant to subdivision (b) of Section 15408.

(h) Section 15211 does not apply to a trust governed by this section.

(i) For purposes of this section, "animal" means a domestic or pet animal for the benefit of which a trust has been established.

(3) "Employing unit" has the same meaning as defined in Section 135 of the Unemployment Insurance Code.

(4) "Client" and "customer" means the person with whom a temporary services employer has a contractual relationship to provide the services of one or more individuals employed by the temporary services employer.

(b) (1) Except as provided in paragraphs (2) to (5), inclusive, if an employee of a temporary services employer is assigned to work for a client, that employee's wages are due and payable no less frequently than weekly, regardless of when the assignment ends, and wages for work performed during any calendar week shall be due and payable not later than the regular payday of the following calendar week. A temporary services employer shall be deemed to have timely paid wages upon completion of an assignment if wages are paid in compliance with this subdivision.

(2) If an employee of a temporary services employer is assigned to work for a client on a day-to-day basis, that employee's wages are due and payable at the end of each day, regardless of when the assignment ends, if each of the following occurs:

(3) If an employee of a temporary services employer is assigned to work for a client engaged in a trade dispute, that employee's wages are due and payable at the end of each day, regardless of when the assignment ends.

(5) If an employee of a temporary services employer is assigned to work for a client and quits his or her employment with the temporary services employer, wages are due and payable as provided in Section 202.

(6) If an employee of a temporary services employer is assigned to work for a client for over 90 consecutive calendar days, this section shall not apply unless the temporary services employer pays the employee weekly in compliance with paragraph (1) of subdivision (b).

(c) A temporary services employer who violates this section shall be subject to the civil penalties provided for in Section 203, and to any other penalties available at law.

(d) Nothing in this section shall be interpreted to limit any rights or remedies otherwise available under state or federal law.

SEC. 2. Section 203 of the Labor Code is amended to read:

203. (a) If an employer willfully fails to pay, without abatement or reduction, in accordance with Sections 201, 201.3, 201.5, 202, and 205.5, any wages of an employee who is discharged or who quits, the wages of the employee shall continue as a penalty from the due date thereof at the same rate until paid or until an action therefor is commenced; but the wages shall not continue for more than 30 days. An employee who secretes or absents himself or herself to avoid payment to him or her, or who refuses to receive the payment when fully tendered to him or her, including any penalty then accrued under this section, is not entitled to

any benefit under this section for the time during which he or she so avoids payment.

(b) Suit may be filed for these penalties at any time before the expiration of the statute of limitations on an action for the wages from which the penalties arise.

SEC. 3. Section 203.1 of the Labor Code is amended to read:

203.1. If an employer pays an employee in the regular course of employment or in accordance with Section 201, 201.3, 201.5, 201.7, or 202 any wages or fringe benefits, or both, by check, draft or voucher, which check, draft or voucher is subsequently refused payment because the employer or maker has no account with the bank, institution, or person on which the instrument is drawn, or has insufficient funds in the account upon which the instrument is drawn at the time of its presentation, so long as the same is presented within 30 days of receipt by the employee of the check, draft or voucher, those wages or fringe benefits, or both, shall continue as a penalty from the due date thereof at the same rate until paid or until an action therefor is commenced. However, those wages and fringe benefits shall not continue for more than 30 days and this penalty shall not apply if the employer can establish to the satisfaction of the Labor Commissioner or an appropriate court of law that the violation of this section was unintentional. This penalty also shall not apply in any case in which an employee recovers the service charge authorized by Section 1719 of the Civil Code in an action brought by the employee thereunder.

SEC. 4. Section 204 of the Labor Code is amended to read:

204. (a) All wages, other than those mentioned in Section 201, 201.3, 202, 204.1, or 204.2, earned by any person in any employment are due and payable twice during each calendar month, on days designated in advance by the employer as the regular paydays. Labor performed between the 1st and 15th days, inclusive, of any calendar month shall be paid for between the 16th and the 26th day of the month during which the labor was performed, and labor performed between the 16th and the last day, inclusive, of any calendar month, shall be paid for between the 1st and 10th day of the following month. However, salaries of executive, administrative, and professional employees of employers covered by the Fair Labor Standards Act, as set forth pursuant to Section 13(a)(1) of the Fair Labor Standards Act, as amended through March 1, 1969, in Part 541 of Title 29 of the Code of Federal Regulations, as that part now reads or may be amended to read at any time hereafter, may be paid once a month on or before the 26th day of the month during which the labor was performed if the entire month's salaries, including the unearned portion between the date of payment and the last day of the month, are paid at that time.

(b) (1) Notwithstanding any other provision of this section, all wages earned for labor in excess of the normal work period shall be paid no later than the payday for the next regular payroll period.

(2) An employer is in compliance with the requirements of subdivision (a) of Section 226 relating to total hours worked by the employee, if hours worked in excess of the normal work period during the current pay period are itemized as corrections on the paystub for the next regular pay period. Any corrections set out in a subsequently issued paystub shall state the inclusive dates of the pay period for which the employer is correcting its initial report of hours worked.

(c) However, when employees are covered by a collective bargaining agreement that provides different pay arrangements, those arrangements shall apply to the covered employees.

(d) The requirements of this section shall be deemed satisfied by the payment of wages for weekly, biweekly, or semimonthly payroll if the wages are paid not more than seven calendar days following the close of the payroll period.

SEC. 5. Section 210 of the Labor Code is amended to read:

210. (a) In addition to, and entirely independent and apart from, any other penalty provided in this article, every person who fails to pay the wages of each employee as provided in Sections 201.3, 204, 204b, 204.1, 204.2, 205, 205.5, and 1197.5, shall be subject to a civil penalty as follows:

(1) For any initial violation, one hundred dollars ($100) for each failure to pay each employee.

(2) For each subsequent violation, or any willful or intentional violation, two hundred dollars ($200) for each failure to pay each employee, plus 25 percent of the amount unlawfully withheld.

(b) The penalty shall be recovered by the Labor Commissioner as part of a hearing held to recover unpaid wages and penalties pursuant to this chapter or in an independent civil action. The action shall be brought in the name of the people of the State of California and the Labor Commissioner and the attorneys thereof may proceed and act for and on behalf of the people in bringing these actions. Twelve and one-half percent of the penalty recovered shall be paid into a fund within the Labor and Workforce Development Agency dedicated to educating employers about state labor laws, and the remainder shall be paid into the State Treasury to the credit of the General Fund.

SEC. 6. Section 215 of the Labor Code is amended to read:

215. Any person, or the agent, manager, superintendent or officer thereof, who violates any provision of Section 201.3, 204, 204b, 205, 207, 208, 209, or 212 is guilty of a misdemeanor. Any failure to keep

posted any notice required by Section 207 is prima facie evidence of a violation of these sections.

SEC. 7. Section 220 of the Labor Code is amended to read:

220. (a) Sections 201.3, 201.5, 201.7, 203.1, 203.5, 204, 204a, 204b, 204c, 204.1, 205, and 205.5 do not apply to the payment of wages of employees directly employed by the State of California. Except as provided in subdivision (b), all other employment is subject to these provisions.

(b) Sections 200 to 211, inclusive, and Sections 215 to 219, inclusive, do not apply to the payment of wages of employees directly employed by any county, incorporated city, or town or other municipal corporation. All other employments are subject to these provisions.

SEC. 8. Section 2699.5 of the Labor Code is amended to read:

2699.5. SECTION 1. Section 17922.12 is added to the Health and Safety Code, to read:

17922.12. (a) For the purposes of this section, "graywater" means untreated wastewater that has not been contaminated by any toilet discharge, has not been affected by infectious, contaminated, or unhealthy bodily wastes, and does not present a threat from contamination by unhealthful processing, manufacturing, or operating wastes. "Graywater" includes wastewater from bathtubs, showers, bathroom washbasins, clothes washing machines, and laundry tubs, but does not include wastewater from kitchen sinks or dishwashers.

(b) Notwithstanding Chapter 22 (commencing with Section 14875) of Division 7 of the Water Code, at the next triennial building standards rulemaking cycle that commences on or after January 1, 2009, the

department shall adopt and submit for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 building standards for the construction, installation, and alteration of graywater systems for indoor and outdoor uses.

(c) In adopting building standards under this section, the department shall do all of the following:

(2) Ensure protection of water quality in accordance with applicable provisions of state and federal water quality law.

(4) Consider graywater use impacts on human health.

(5) Consider the circumstances under which the use of in-home graywater treatment systems is recommended.

(6) Consider the use and regulation of graywater in other jurisdictions within the United States and in other nations.

(d) The department may revise and update the standards adopted under this section at any time, and the department shall reconsider these standards at the next triennial rulemaking that commences after their adoption.

(e) The approval by the California Building Standards Commission of the standards for graywater systems adopted under this section shall terminate the authority of the Department of Water Resources to adopt and update standards for the installation, construction, and alteration of graywater systems in residential buildings pursuant to Chapter 22 (commencing with Section 14875) of Division 7 of the Water Code.

## CHAPTER 173

An act to amend Section 14035.55 of the Government Code, relating to transportation.

[Approved by Governor July 22, 2008. Filed with Secretary of State July 22, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 14035.55 of the Government Code is amended to read:

14035.55. (a) The Legislature finds and declares all of the following:

(1) Intercity passenger bus service provided by intercity bus companies on a regular-route basis is the only public mass transportation service in the state to provide surface transportation without public subsidy.

(2) The long-term maintenance of private sector intercity passenger service is of vital importance to the state.

(3) Intercity bus companies serve many communities throughout California, providing a network of connection points without equal by any other mode of public or private transportation.

(b) To the extent permitted by federal law, the department shall encourage Amtrak and motor carriers of passengers to do both of the following:

(1) Combine or package their respective services and facilities to the public as a means of improving services to the public.

(2) Coordinate schedules, routes, rates, reservations, and ticketing to provide for enhanced intermodal surface transportation.

(c) Except as authorized under subdivisions (e) and (f), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers for the intercity transportation of passengers by motor carrier over regular routes only if all of the following conditions are met:

(1) The motor carrier is not a public recipient of governmental assistance, as defined in Section 13902(b)(8)(A) of Title 49 of the United States Code, other than a recipient of funds under Section 5311(f) of that title and code. This paragraph does not apply if a local public motor carrier proposes to serve passengers only within its service area.

(2) Service is provided only for passengers on trips where the passengers have had prior movement by rail or will have subsequent movement by rail, evidenced by a combination rail and bus one-way or roundtrip ticket, or service is also provided on State Highway Route 50 between the City of Sacramento and the City of South Lake Tahoe and intermediate points or on State Highway Route 5 between the community of Lebec in Kern County and the City of Santa Clarita for passengers solely by bus if no other bus service is provided by a private intercity bus company.

(3) Vehicles of the motor carrier, when used to transport passengers pursuant to paragraph (2), are used exclusively for that purpose.

(4) The motor carrier is registered with the United States Department of Transportation (DOT) and operates in compliance with the federal motor carrier safety regulations, and provides service that is accessible to persons with disabilities in compliance with applicable DOT regulations pertaining to Amtrak services, in accordance with the federal Americans with Disabilities Act of 1990 (Public Law 101-336).

(d) The department shall incorporate the conditions specified in subdivision (c) into state-supported passenger rail feeder bus service agreements between Amtrak and motor carriers of passengers. The bus service agreements shall also provide that a breach of those conditions shall be grounds for termination of the agreements.

(e) Notwithstanding subdivisions (c) and (d), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers to transport Amtrak passengers on buses operated on a route, if the buses are operated by the motor carrier

as part of a regularly scheduled, daily bus service that has been operating consecutively without an Amtrak contract for 12 months immediately prior to contracting with Amtrak.

(f) Notwithstanding subdivisions (c) and (d), or any other provision of law, the department may enter into a contract, either directly with a public motor carrier in the County of Monterey, or indirectly with that carrier through a contract with Amtrak, to provide mixed-mode feeder bus service on the San Jose-Gilroy-Monterey route. The contract with a public motor carrier may only be entered into if the department determines that there is no private motor carrier providing scheduled bus service on the San Jose-Gilroy-Monterey route. However, the contract shall be terminated, within 120 days' notice to the public motor carrier, if a private motor carrier again operates a scheduled service on the San Jose-Gilroy-Monterey route.

(g) Pursuant to paragraph (2) of subdivision (c), the department may amend its contract with Amtrak to add a term to provide bus service to passengers traveling solely by bus on the Sacramento-South Lake Tahoe route and between Lebec and Santa Clarita on the Bakersfield-Santa Clarita route. A contract amendment with Amtrak may only be entered into if the department determines that there is no private motor carrier providing scheduled bus service on the route that is the subject of the contract amendment. However, the applicable contract amendment shall be terminated, within 120 days' notice to Amtrak, if a private carrier again operates a scheduled bus service on the Sacramento-South Lake Tahoe route, or within 60 days' notice to Amtrak, if a private carrier again operates a scheduled bus service between Lebec and Santa Clarita on the Bakersfield-Santa Clarita route.

(h) The department shall undertake a two-year study of patronage on the bus service operated between the City of Sacramento and the City of South Lake Tahoe and intermediate points pursuant to subdivision (g), identifying the number of passengers who are transferring to an Amtrak rail service and those who are traveling solely on the bus service. The study shall identify the revenue from each category of passengers and include other pertinent ridership information. The report shall be submitted to the transportation policy committees of the Legislature no later than March 1, 2010.

(i) For purposes of this section, the following terms have the following meanings:

(1) "Amtrak" means the National Railroad Passenger Corporation.

(2) "Department" means the Department of Transportation or the department's successor with respect to providing funds to subsidize Amtrak service.

(3) "Motor carrier of passengers" means a person or entity providing motor vehicle transportation of passengers for compensation.

(4) "Mixed-mode feeder bus service" means bus service carrying both passengers connecting to or from a rail service and passengers only using the bus service.

(e) "Protected instrument" means all of the following instruments:

(1) The instrument that contains the no contest clause.

(1) A direct contest that is brought without probable cause.

(2) A pleading to challenge a transfer of property on the grounds that it was not the transferor's property at the time of the transfer. A no contest clause shall only be enforced under this paragraph if the no contest clause expressly provides for that application.

(3) The filing of a creditor's claim or prosecution of an action based on it. A no contest clause shall only be enforced under this paragraph if the no contest clause expressly provides for that application.

(b) For the purposes of this section, probable cause exists if, at the time of filing a contest, the facts known to the contestant would cause a reasonable person to believe that there is a reasonable likelihood that the requested relief will be granted after an opportunity for further investigation or discovery.

21312. In determining the intent of the transferor, a no contest clause shall be strictly construed.

21313. This part is not intended as a complete codification of the law governing enforcement of a no contest clause. The common law governs enforcement of a no contest clause to the extent this part does not apply.

21314. This part applies notwithstanding a contrary provision in the instrument.

21315. (a) This part applies to any instrument, whenever executed, that became irrevocable on or after January 1, 2001.

(b) This part does not apply to an instrument that became irrevocable before January 1, 2001.

SEC. 3. This act shall become operative on January 1, 2010.

[Approved by Governor July 22, 2008. Filed with
Secretary of State July 22, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1501 of the Corporations Code is amended to read:

1501. (a) (1) The board shall cause an annual report to be sent to the shareholders not later than 120 days after the close of the fiscal year, unless in the case of a corporation with less than 100 holders of record of its shares (determined as provided in Section 605) this requirement is expressly waived in the bylaws. Unless otherwise provided by the articles or bylaws and if approved by the board of directors, that report and any accompanying material sent pursuant to this section may be sent by electronic transmission by the corporation (Section 20). This report shall contain a balance sheet as of the end of that fiscal year and an income statement and a statement of cashflows for that fiscal year, accompanied by any report thereon of independent accountants or, if there is no report, the certificate of an authorized officer of the corporation that the statements were prepared without audit from the books and records of the corporation.

(2) Unless so waived, the report specified in paragraph (1) shall be sent to the shareholders at least 15 (or, if sent by third-class mail, 35) days prior to the annual meeting of shareholders to be held during the next fiscal year, but this requirement shall not limit the requirement for holding an annual meeting as required by Section 600.

(3) Notwithstanding Section 114, the financial statements of any corporation with fewer than 100 holders of record of its shares (determined as provided in Section 605) required to be furnished by this subdivision and subdivision (c) are not required to be prepared in conformity with generally accepted accounting principles if they reasonably set forth the assets and liabilities and the income and expense of the corporation and disclose the accounting basis used in their preparation.

(4) The requirements described in paragraphs (1) and (2) shall be satisfied if a corporation with an outstanding class of securities registered under Section 12 of the Securities Exchange Act of 1934 complies with Section 240.14a-16 of Title 17 of the Code of Federal Regulations, as it may be amended from time to time, with respect to the obligation of a corporation to furnish an annual report to shareholders pursuant to Section 240.14a-3(b) of Title 17 of the Code of Federal Regulations.

(b) In addition to the financial statements required by subdivision (a), the annual report of any corporation having 100 or more holders of record

of its shares (determined as provided in Section 605) either not subject to the reporting requirements of Section 13 of the Securities Exchange Act of 1934, or exempted from those reporting requirements by Section 12(g)(2) of that act, shall also describe briefly both of the following:

(1) Any transaction (excluding compensation of officers and directors) during the previous fiscal year involving an amount in excess of forty thousand dollars ($40,000) (other than contracts let at competitive bid or services rendered at prices regulated by law) to which the corporation or its parent or subsidiary was a party and in which any director or officer of the corporation or of a subsidiary or (if known to the corporation or its parent or subsidiary) any holder of more than 10 percent of the outstanding voting shares of the corporation had a direct or indirect material interest, naming the person and stating the person's relationship to the corporation, the nature of the person's interest in the transaction and, where practicable, the amount of the interest; provided that in the case of a transaction with a partnership of which the person is a partner, only the interest of the partnership need be stated; and provided further that no report need be made in the case of any transaction approved by the shareholders (Section 153).

(2) The amount and circumstances of any indemnification or advances aggregating more than ten thousand dollars ($10,000) paid during the fiscal year to any officer or director of the corporation pursuant to Section 317; provided that no report need be made in the case of indemnification approved by the shareholders (Section 153) under paragraph (2) of subdivision (e) of Section 317.

(c) If no annual report for the last fiscal year has been sent to shareholders, the corporation shall, upon the written request of any shareholder made more than 120 days after the close of that fiscal year, deliver or mail to the person making the request within 30 days thereafter the financial statements required by subdivision (a) for that year. A shareholder or shareholders holding at least 5 percent of the outstanding shares of any class of a corporation may make a written request to the corporation for an income statement of the corporation for the three-month, six-month, or nine-month period of the current fiscal year ended more than 30 days prior to the date of the request and a balance sheet of the corporation as of the end of the period and, in addition, if no annual report for the last fiscal year has been sent to shareholders, the statements referred to in subdivision (a) for the last fiscal year. The statements shall be delivered or mailed to the person making the request within 30 days thereafter. A copy of the statements shall be kept on file in the principal office of the corporation for 12 months and it shall be exhibited at all reasonable times to any shareholder demanding an

examination of the statements or a copy shall be mailed to the shareholder.

(d) The quarterly income statements and balance sheets referred to in this section shall be accompanied by the report thereon, if any, of any independent accountants engaged by the corporation or the certificate of an authorized officer of the corporation that the financial statements were prepared without audit from the books and records of the corporation.

(e) In addition to the penalties provided for in Section 2200, the superior court of the proper county shall enforce the duty of making and mailing or delivering the information and financial statements required by this section and, for good cause shown, may extend the time therefor.

(f) In any action or proceeding under this section, if the court finds the failure of the corporation to comply with the requirements of this section to have been without justification, the court may award an amount sufficient to reimburse the shareholder for the reasonable expenses incurred by the shareholder, including attorney's fees, in connection with the action or proceeding.

(g) This section applies to any domestic corporation and also to a foreign corporation having its principal executive office in this state or customarily holding meetings of its board in this state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for corporations in the State of California to take advantage of technological improvements and achieve the costs savings afforded by federal regulations as soon as possible, it is necessary that this act take effect immediately.

SEC. 14. Section 6073 of the Business and Professions Code is amended to read:

6073. It has been the tradition of those learned in the law and licensed to practice law in this state to provide voluntary pro bono legal services to those who cannot afford the help of a lawyer. Every lawyer authorized and privileged to practice law in California is expected to make a

contribution. In some circumstances, it may not be feasible for a lawyer to directly provide pro bono services. In those circumstances, a lawyer may instead fulfill his or her individual pro bono ethical commitment, in part, by providing financial support to organizations providing free legal services to persons of limited means. In deciding to provide that financial support, the lawyer should, at minimum, approximate the value of the hours of pro bono legal service that he or she would otherwise have provided. In some circumstances, pro bono contributions may be measured collectively, as by a firm's aggregate pro bono activities or financial contributions. Lawyers also make invaluable contributions through their other voluntary public service activities that increase access to justice or improve the law and the legal system. In view of their expertise in areas that critically affect the lives and well-being of members of the public, lawyers are uniquely situated to provide invaluable assistance in order to benefit those who might otherwise be unable to assert or protect their interests, and to support those legal organizations that advance these goals.

SEC. 15. Section 6212 of the Business and Professions Code is amended to read:

6212. An attorney who, or a law firm that, establishes an IOLTA account pursuant to subdivision (a) of Section 6211 shall comply with all of the following provisions:

(a) The IOLTA account shall be established and maintained with an eligible institution offering or making available an IOLTA account that meets the requirements of this article. The IOLTA account shall be established and maintained consistent with the attorney's or law firm's duties of professional responsibility. An eligible financial institution shall have no responsibility for selecting the deposit or investment product chosen for the IOLTA account.

(b) Except as provided in subdivision (e), the rate of interest or dividends payable on any IOLTA account shall not be less than the interest rate or dividends generally paid by the eligible institution to nonattorney customers on accounts of the same type meeting the same minimum balance and other eligibility requirements as the IOLTA account. In determining the interest rate or dividend payable on any IOLTA account, an eligible institution may consider, in addition to the balance in the IOLTA account, risk or other factors customarily considered by the eligible institution when setting the interest rate or dividends for its non-IOLTA accounts, provided that the factors do not discriminate between IOLTA customers and non-IOLTA customers and that these factors do not include the fact that the account is an IOLTA account. The eligible institution shall calculate interest and dividends in accordance with its standard practice for non-IOLTA customers. Nothing

in this article shall preclude an eligible institution from paying a higher interest rate or dividend on an IOLTA account or from electing to waive any fees and service charges on an IOLTA account.

(c) Reasonable fees may be deducted from the interest or dividends remitted on an IOLTA account only at the rates and in accordance with the customary practices of the eligible institution for non-IOLTA customers. No other fees or service charges may be deducted from the interest or dividends earned on an IOLTA account. Unless and until the State Bar enacts regulations exempting from compliance with subdivision (a) of Section 6211 those accounts for which maintenance fees exceed the interest or dividends paid, an eligible institution may deduct the fees and service charges in excess of the interest or dividends paid on an IOLTA account from the aggregate interest and dividends remitted to the State Bar. Fees and service charges other than reasonable fees shall be the sole responsibility of, and may only be charged to, the attorney or law firm maintaining the IOLTA account. Fees and charges shall not be assessed against or deducted from the principal of any IOLTA account. It is the intent of the Legislature that the State Bar develop policies so that eligible institutions do not incur uncompensated administrative costs in adapting their systems to comply with the provisions of Chapter 422 of the Statutes of 2007 or in making investment products available to IOLTA members.

(d) The eligible institution shall be directed to do all of the following:

(1) To remit interest or dividends on the IOLTA account, less reasonable fees, to the State Bar, at least quarterly.

(2) To transmit to the State Bar with each remittance a statement showing the name of the attorney or law firm for which the remittance is sent, for each account the rate of interest applied or dividend paid, the amount and type of fees deducted, if any, and the average balance for each account for each month of the period for which the report is made.

(3) To transmit to the attorney or law firm customer at the same time a report showing the amount paid to the State Bar for that period, the rate of interest or dividend applied, the amount of fees and service charges deducted, if any, and the average daily account balance for each month of the period for which the report is made.

(e) An eligible institution has no affirmative duty to offer or make investment products available to IOLTA customers. However, if an eligible institution offers or makes investment products available to non-IOLTA customers, in order to remain an IOLTA-eligible institution, it shall make those products available to IOLTA customers or pay an interest rate on the IOLTA deposit account that is comparable to the rate of return or the dividends generally paid on that investment product for similar customers meeting the same minimum balance and other

requirements applicable to the investment product. If the eligible institution elects to pay that higher interest rate, the eligible institution may subject the IOLTA deposit account to equivalent fees and charges assessable against the investment product.

(D) Emergency circumstances compel immediate action before referral can be made, but the client is advised that, if appropriate and consistent with professional responsibility, referral will be attempted at a later time.

(2) Recovery of damages is not the principal object of the case and a request for damages is merely ancillary to an action for equitable or other nonpecuniary relief, or inclusion of a counterclaim requesting damages is necessary for effective defense or because of applicable rules governing joinder of counterclaims.

(3) A court has appointed a recipient or an employee of a recipient pursuant to a statute or a court rule or practice of equal applicability to all attorneys in the jurisdiction.

(4) The case involves the rights of a claimant under a publicly supported benefit program for which entitlement to benefit is based on need.

A daily financial institution repurchase agreement shall be fully collateralized by United States Government Securities or other comparably conservative debt securities, and may be established only with any eligible institution that is "well-capitalized" or "adequately capitalized" as those terms are defined by applicable federal statutes and regulations. An open-end money-market fund shall be invested solely in United States Government Securities or repurchase agreements fully collateralized by United States Government Securities or other comparably conservative debt securities, shall hold itself out as a "money-market fund" as that term is defined by federal statutes and regulations under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.), and, at the time of the investment, shall have total assets of at least two hundred fifty million dollars ($250,000,000).

(4) A notice with the heading "Mechanics' Lien Warning" written as follows:

"MECHANICS' LIEN WARNING:

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.

Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.

To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a '20-day Preliminary Notice.' This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices.

You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a

Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.

For other ways to prevent liens, visit CSLB's Internet Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe."

(5) The following notice shall be provided in at least 12-point typeface:

"Information about the Contractors' State License Board (CSLB): CSLB is the state consumer protection agency that licenses and regulates construction contractors.

Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions, and civil judgments that are reported to CSLB.

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

(5) The information in the possession of a provider of health care or health care service plan may be reviewed by a private or public body responsible for licensing or accrediting the provider of health care or health care service plan. (A) Is relevant in a lawsuit, arbitration, grievance, or other claim or challenge to which the employer and the employee are parties and in which the patient has placed in issue his or her medical history, mental or physical condition, or treatment, provided that information may only be used or disclosed in connection with that proceeding.

(B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(10) The information may be disclosed to a health care service plan by providers of health care that contract with the health care service plan and may be transferred among providers of health care that contract with the health care service plan, for the purpose of administering the health care service plan. Medical information shall not otherwise be disclosed by a health care service plan except in accordance with this part.

(11) This part does not prevent the disclosure by a provider of health care or a health care service plan to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Chapter 1 of Part 2 of Division 1 of the Insurance Code, of medical information if the insurance institution, agent, or support organization has complied with all of the requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Chapter 1 of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition, care, and treatment provided may be disclosed to a probate court investigator in the course of an investigation required or authorized in a conservatorship proceeding under the Guardianship-Conservatorship Law as defined in Section 1400 of the Probate Code, or to a probate court investigator, probation officer, or domestic relations investigator engaged in determining the need for an initial guardianship or continuation of an existing guardianship.

(15) Basic information, including the patient's name, city of residence, age, sex, and general condition, may be disclosed to a state-recognized or federally recognized disaster relief organization for the purpose of responding to disaster welfare inquiries.

(16) The information may be disclosed to a third party for purposes of encoding, encrypting, or otherwise anonymizing data. However, no information so disclosed shall be further disclosed by the recipient in a way that would violate this part, including the unauthorized manipulation of coded or encrypted medical information that reveals individually identifiable medical information.

(17) For purposes of disease management programs and services as defined in Section 1399.901 of the Health and Safety Code, information may be disclosed as follows: (A) to an entity contracting with a health care service plan or the health care service plan's contractors to monitor or administer care of enrollees for a covered benefit, if the disease management services and care are authorized by a treating physician, or (B) to a disease management organization, as defined in Section 1399.900 of the Health and Safety Code, that complies fully with the physician authorization requirements of Section 1399.902 of the Health and Safety Code, if the health care service plan or its contractor provides or has provided a description of the disease management services to a treating physician or to the health care service plan's or contractor's network of physicians. This paragraph does not require physician authorization for the care or treatment of the adherents of a

well-recognized church or religious denomination who depend solely upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(18) The information may be disclosed, as permitted by state and federal law or regulation, to a local health department for the purpose of preventing or controlling disease, injury, or disability, including, but not limited to, the reporting of disease, injury, vital events, including, but not limited to, birth or death, and the conduct of public health surveillance, public health investigations, and public health interventions, as authorized or required by state or federal law or regulation.

(20) The information may be disclosed as described in Section 56.103.

The management shall bear the burden of demonstrating that the mobilehome is in a significantly rundown condition or in disrepair. Copies of the audit shall be provided to the Assembly and Senate Committees on Judiciary, the Assembly Committee on Transportation, and the Senate Committee on Transportation and Housing. In the case of a transportation system, the audit also shall consider the reasonable costs of providing the transit system or busing network. At the Burbank Airport, and at all other airports, the fees designated as a customer facility charge shall not be used to pay for terminal expansion, gate expansion, runway expansion,

changes in hours of operation, or changes in the number of flights arriving or departing from the airport.

(C) The authorization given pursuant to this section for an airport to impose a customer facility charge shall become inoperative when the bonds used for financing are paid.

(5) "Damage waiver" means a rental company's agreement not to hold a renter liable for all or any portion of any damage or loss related to the rented vehicle, any loss of use of the rented vehicle, or any storage, impound, towing, or administrative charges.

(B) The rental company fully discloses, prior to the enrollee's first rental as a participant in the program, all terms and conditions of the rental agreement as well as all required disclosures.

(C) The renter may terminate enrollment at any time.

(2) Loss due to theft of the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, provided that the rental company establishes by clear and convincing evidence that the renter or the authorized driver failed to exercise ordinary care while in possession of the vehicle. In addition, the renter shall be presumed to have no liability for any loss due to theft if (A) an authorized driver has possession of the ignition key furnished by the rental company or an authorized driver establishes that the ignition key furnished by the rental company was not in the vehicle at the time of the theft, and (B) an authorized driver files an official report of the theft with the police or other law enforcement agency within 24 hours of learning of the theft and reasonably cooperates with the rental company and the police or other law enforcement agency in providing information concerning the theft. The presumption set forth in this paragraph is a presumption affecting the burden of proof which the rental company may rebut by establishing that an authorized driver committed, or aided and abetted the commission of, the theft.

(3) Physical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from vandalism occurring after, or in connection with, the theft of the rented vehicle. However, the renter shall have no liability for any damage due to vandalism if the renter would have no liability for theft pursuant to paragraph (2).

(4) Physical damage to the rented vehicle up to a total of five hundred dollars ($500) resulting from vandalism unrelated to the theft of the rented vehicle.

(5) Actual charges for towing, storage, and impound fees paid by the rental company if the renter is liable for damage or loss.

(c) The total amount of the renter's liability to the rental company resulting from damage to the rented vehicle shall not exceed the sum of the following:

(1) The estimated cost of parts which the rental company would have to pay to replace damaged vehicle parts. All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate, or otherwise promptly credited or refunded to the renter.

(2) The estimated cost of labor to replace damaged vehicle parts, which shall not exceed the product of (A) the rate for labor usually paid by the rental company to replace vehicle parts of the type that were damaged and (B) the estimated time for replacement. All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate, or otherwise promptly credited or refunded to the renter.

(3) (A) The estimated cost of labor to repair damaged vehicle parts, which may not exceed the lesser of the following:

(i) The product of the rate for labor usually paid by the rental company to repair vehicle parts of the type that were damaged and the estimated time for repair.

(ii) The sum of the estimated labor and parts costs determined under paragraphs (1) and (2) to replace the same vehicle parts.

(B) All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate, or otherwise promptly credited or refunded to the renter.

(4) For the purpose of converting the estimated time for repair into the same units of time in which the rental rate is expressed, a day shall be deemed to consist of eight hours.

(5) Actual charges for towing, storage, and impound fees paid by the rental company.

(6) The administrative charge described in paragraph (6) of subdivision (b) may not exceed (A) fifty dollars ($50) if the total estimated cost for parts and labor is more than one hundred dollars ($100) up to and including five hundred dollars ($500), (B) one hundred dollars ($100) if the total estimated cost for parts and labor exceeds five hundred dollars ($500) up to and including one thousand five hundred dollars ($1,500), and (C) one hundred fifty dollars ($150) if the total estimated cost for

parts and labor exceeds one thousand five hundred dollars ($1,500). An administrative charge shall not be imposed if the total estimated cost of parts and labor is one hundred dollars ($100) or less.

(2) A rental company shall not recover from the renter or other authorized driver an amount exceeding the renter's liability under subdivision (c).

(3) A claim against a renter resulting from damage or loss, excluding loss of use, to a rental vehicle shall be reasonably and rationally related to the actual loss incurred. A rental company shall mitigate damages where possible and shall not assert or collect a claim for physical damage which exceeds the actual costs of the repairs performed or the estimated cost of repairs, if the rental company chooses not to repair the vehicle, including all discounts and price reductions. However, if the vehicle is a total loss vehicle, the claim shall not exceed the total loss vehicle value established in accordance with procedures that are customarily used by insurance companies when paying claims on total loss vehicles, less the proceeds from salvaging the vehicle, if those proceeds are retained by the rental company.

(4) If insurance coverage exists under the renter's applicable personal or business insurance policy and the coverage is confirmed during regular business hours, the renter may require that the rental company submit any claims to the renter's applicable personal or business insurance carrier. The rental company shall not make any written or oral representations that it will not present claims or negotiate with the renter's insurance carrier. For purposes of this paragraph, confirmation of coverage includes telephone confirmation from insurance company representatives during regular business hours. Upon request of the renter and after confirmation of coverage, the amount of claim shall be resolved between the insurance carrier and the rental company. The renter shall remain responsible for payment to the rental car company for any loss sustained that the renter's applicable personal or business insurance policy does not cover.

(5) A rental company shall not recover from the renter or other authorized driver for an item described in subdivision (b) to the extent the rental company obtains recovery from another person.

(6) This section applies only to the maximum liability of a renter or other authorized driver to the rental company resulting from damage to the rented vehicle and not to the liability of another person.

(e) (1) Except as provided in subdivision (f), a damage waiver shall provide or, if not expressly stated in writing, shall be deemed to provide that the renter has no liability for a damage, loss, loss of use, or a cost or expense incident thereto.

(2) Except as provided in subdivision (f), every limitation, exception, or exclusion to a damage waiver is void and unenforceable.

(f) A rental company may provide in the rental contract that a damage waiver does not apply under any of the following circumstances:

(1) Damage or loss results from an authorized driver's (A) intentional, willful, wanton, or reckless conduct, (B) operation of the vehicle under the influence of drugs or alcohol in violation of Section 23152 of the Vehicle Code, (C) towing or pushing anything, or (D) operation of the vehicle on an unpaved road if the damage or loss is a direct result of the road or driving conditions.

(2) Damage or loss occurs while the vehicle is (A) used for commercial hire, (B) used in connection with conduct that could be properly charged as a felony, (C) involved in a speed test or contest or in driver training activity, (D) operated by a person other than an authorized driver, or (E) operated outside the United States.

(3) An authorized driver who has (A) provided fraudulent information to the rental company, or (B) provided false information and the rental company would not have rented the vehicle if it had instead received true information.

(g) (1) A rental company that offers or provides a damage waiver for any consideration in addition to the rental rate shall clearly and conspicuously disclose the following information in the rental contract or holder in which the contract is placed and, also, in signs posted at the place, such as the counter, where the renter signs the rental contract, and, for renters who are enrolled in the rental company's membership program, in a sign that shall be posted in a location clearly visible to those renters as they enter the location where their reserved rental cars are parked or near the exit of the bus or other conveyance that transports the enrollee to a reserved car: (A) the nature of the renter's liability, e.g., liability for all collision damage regardless of cause, (B) the extent of the renter's liability, e.g., liability for damage or loss up to a specified amount, (C) the renter's personal insurance policy or the credit card used to pay for the car rental transaction may provide coverage for all or a portion of the renter's potential liability, (D) the renter should consult with his or her insurer to determine the scope of insurance coverage, including the amount of the deductible, if any, for which the renter is obligated, (E) the renter may purchase an optional damage waiver to cover all liability, subject to whatever exceptions the rental company

expressly lists that are permitted under subdivision (f), and (F) the range of charges for the damage waiver.

(2) In addition to the requirements of paragraph (1), a rental company that offers or provides a damage waiver shall orally disclose to all renters, except those who are participants in the rental company's membership program, that the damage waiver may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance. The renter's receipt of the oral disclosure shall be demonstrated through the renter's acknowledging receipt of the oral disclosure near that part of the contract where the renter indicates, by the renter's own initials, his or her acceptance or declination of the damage waiver. Adjacent to that same part, the contract also shall state that the damage waiver is optional. Further, the contract for these renters shall include a clear and conspicuous written disclosure that the damage waiver may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance.

(3) The following is an example, for purposes of illustration and not limitation, of a notice fulfilling the requirements of paragraph (1) for a rental company that imposes liability on the renter for collision damage to the full value of the vehicle:

NOTICE ABOUT YOUR FINANCIAL RESPONSIBILITY AND OPTIONAL DAMAGE WAIVER

You are responsible for all collision damage to the rented vehicle even if someone else caused it or the cause is unknown. You are responsible for the cost of repair up to the value of the vehicle, and towing, storage, and impound fees.

Your own insurance, or the issuer of the credit card you use to pay for the car rental transaction, may cover all or part of your financial responsibility for the rented vehicle. You should check with your insurance company, or credit card issuer, to find out about your coverage and the amount of the deductible, if any, for which you may be liable.

Further, if you use a credit card that provides coverage for your potential liability, you should check with the issuer to determine if you must first exhaust the coverage limits of your own insurance before the credit card coverage applies.

The rental company will not hold you responsible if you buy a damage waiver. But a damage waiver will not protect you if (list exceptions).

(A) When the above notice is printed in the rental contract or holder in which the contract is placed, the following shall be printed immediately following the notice:

"The cost of an optional damage waiver is $____ for every (day or week)."

(B) When the above notice appears on a sign, the following shall appear immediately adjacent to the notice:

"The cost of an optional damage waiver is $____ to $____ for every (day or week), depending upon the vehicle rented."

(h) Notwithstanding any other provision of law, a rental company may sell a damage waiver subject to the following rate limitations for each full or partial 24-hour rental day for the damage waiver.

(1) For rental vehicles that the rental company designates as an "economy car," "subcompact car," "compact car," or another term having similar meaning when offered for rental, or another vehicle having a manufacturer's suggested retail price of nineteen thousand dollars ($19,000) or less, the rate shall not exceed nine dollars ($9).

(2) For rental vehicles that have a manufacturer's suggested retail price from nineteen thousand one dollars ($19,001) to thirty-four thousand nine hundred ninety-nine dollars ($34,999), inclusive, and that are also either vehicles of next year's model, or not older than the previous year's model, the rate may not exceed fifteen dollars ($15). For those rental vehicles older than the previous year's model year, the rate shall not exceed nine dollars ($9).

(i) On or after January 1, 2003, the manufacturer's suggested retail prices described in subdivision (h) shall be adjusted annually to reflect changes from the previous year in the Consumer Price Index. For the purposes of this section, "Consumer Price Index" means the United States Consumer Price Index for All Urban Consumers, for all items.

(j) A rental company that disseminates in this state an advertisement containing a rental rate shall include in that advertisement a clearly readable statement of the charge for a damage waiver and a statement that a damage waiver is optional.

(k) (1) A rental company shall not require the purchase of a damage waiver, optional insurance, or another optional good or service.

(2) A rental company shall not engage in any unfair, deceptive, or coercive conduct to induce a renter to purchase the damage waiver, optional insurance, or another optional good or service, including conduct such as, but not limited to, refusing to honor the renter's reservation, limiting the availability of vehicles, requiring a deposit, or debiting or blocking the renter's credit card account for a sum equivalent to a deposit if the renter declines to purchase the damage waiver, optional insurance, or another optional good or service.

(*l*) (1) In the absence of express permission granted by the renter subsequent to damage to, or loss of, the vehicle, a rental company shall not seek to recover any portion of a claim arising out of damage to, or

loss of, the rented vehicle by processing a credit card charge or causing a debit or block to be placed on the renter's credit card account.

(2) A rental company shall not engage in any unfair, deceptive, or coercive tactics in attempting to recover or in recovering on any claim arising out of damage to, or loss of, the rented vehicle.

(m) (1) A customer facility charge may be collected by a rental company under the following circumstances:

(A) Collection of the fee by the rental company is required by an airport operated by a city, a county, a city and county, a joint powers authority, or a special district.

(B) The fee is calculated on a per-contract basis.

(C) The fee is a user fee, not a tax imposed upon real property or an incidence of property ownership under Article XIII D of the California Constitution.

(D) Except as otherwise provided in subparagraph (E), the fee shall be ten dollars ($10) per contract.

(E) If the fee imposed by the airport is for both a consolidated rental car facility and a common-use transportation system, the fee collected from customers of on-airport rental car companies shall be ten dollars ($10), but the fee imposed on customers of off-airport rental car companies who are transported on the common-use transportation system is proportionate to the costs of the common-use transportation system only. The fee is uniformly applied to each class of on-airport or off-airport customers, provided the airport requires off-airport customers to use the common-use transportation system.

(F) Revenues collected from the fee do not exceed the reasonable costs of financing, designing, constructing, or operating the facility or services and shall not be used for any other purpose.

(G) The fee is separately identified on the rental agreement.

(H) This paragraph does not apply to airports the fees of which are governed by Section 50474.1 of the Government Code or Section 57.5 of the San Diego Unified Port District Act.

(2) Notwithstanding any other provision of law, including, but not limited to, Part 1 (commencing with Section 6001) to Part 1.7 (commencing with Section 7280), inclusive, of Division 2 of the Revenue and Taxation Code, the fees collected pursuant to this section, or another law whereby a local agency operating an airport requires a rental car company to collect a facility financing fee from its customers, are not subject to sales, use, or transaction taxes.

(n) (1) A rental company shall only advertise, quote, and charge a rental rate that includes the entire amount except taxes, a customer facility charge, if any, and a mileage charge, if any, which a renter must pay to hire or lease the vehicle for the period of time to which the rental rate

applies. A rental company shall not charge in addition to the rental rate, taxes, a customer facility charge, if any, and a mileage charge, if any, any fee that is required to be paid by the renter as a condition of hiring or leasing the vehicle, including, but not limited to, required fuel or airport surcharges other than customer facility charges, nor a fee for transporting the renter to the location where the rented vehicle will be delivered to the renter.

(2) In addition to the rental rate, taxes, customer facility charges, if any, and mileage charges, if any, a rental company may charge for an item or service provided in connection with a particular rental transaction if the renter could have avoided incurring the charge by choosing not to obtain or utilize the optional item or service. Items and services for which the rental company may impose an additional charge include, but are not limited to, optional insurance and accessories requested by the renter, service charges incident to the renter's optional return of the vehicle to a location other than the location where the vehicle was hired or leased, and charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental. A rental company also may impose an additional charge based on reasonable age criteria established by the rental company.

(3) A rental company shall not charge a fee for authorized drivers in addition to the rental charge for an individual renter.

(4) If a rental company states a rental rate in print advertisement or in a telephonic, in-person, or computer-transmitted quotation, the rental company shall disclose clearly in that advertisement or quotation the terms of mileage conditions relating to the advertised or quoted rental rate, including, but not limited to, to the extent applicable, the amount of mileage and gas charges, the number of miles for which no charges will be imposed, and a description of geographic driving limitations within the United States and Canada.

(5) (A) When a rental rate is stated in an advertisement, quotation, or reservation in connection with a car rental at an airport where a customer facility charge is imposed, the rental company shall disclose clearly the existence and amount of the customer facility charge. For purposes of this subparagraph, advertisements include radio, television, other electronic media, and print advertisements. For purposes of this subparagraph, quotations and reservations include those that are telephonic, in-person, and computer-transmitted. If the rate advertisement is intended to include transactions at more than one airport imposing a customer facility charge, a range of fees may be stated in the advertisement. However, all rate advertisements that include car rentals at airport destinations shall clearly and conspicuously include a toll-free

telephone number whereby a customer can be told the specific amount of the customer facility charge to which the customer will be obligated.

(B) If a person or entity other than a rental car company, including a passenger carrier or a seller of travel services, advertises or quotes a rate for a car rental at an airport where a customer facility charge is imposed, that person or entity shall, provided that he, she, or it is provided with information about the existence and amount of the fee, to the extent not specifically prohibited by federal law, clearly disclose the existence and amount of the fee in any telephonic, in-person, or computer-transmitted quotation at the time of making an initial quotation of a rental rate and at the time of making a reservation of a rental car. If a rental car company provides the person or entity with rate and customer facility charge information, the rental car company is not responsible for the failure of that person or entity to comply with this subparagraph when quoting or confirming a rate to a third person or entity.

(6) If a rental company delivers a vehicle to a renter at a location other than the location where the rental company normally carries on its business, the rental company shall not charge the renter an amount for the rental for the period before the delivery of the vehicle. If a rental company picks up a rented vehicle from a renter at a location other than the location where the rental company normally carries on its business, the rental company shall not charge the renter an amount for the rental for the period after the renter notifies the rental company to pick up the vehicle.

(o) A rental company shall not use, access, or obtain any information relating to the renter's use of the rental vehicle that was obtained using electronic surveillance technology, except in the following circumstances:

(1) (A) When the equipment is used by the rental company only for the purpose of locating a stolen, abandoned, or missing rental vehicle after one of the following:

(i) The renter or law enforcement has informed the rental company that the vehicle has been stolen, abandoned, or missing.

(ii) The rental vehicle has not been returned following one week after the contracted return date, or by one week following the end of an extension of that return date.

(iii) The rental company discovers the rental vehicle has been stolen or abandoned, and, if stolen, it shall report the vehicle stolen to law enforcement by filing a stolen vehicle report, unless law enforcement has already informed the rental company that the vehicle has been stolen, abandoned, or is missing.

(B) If electronic surveillance technology is activated pursuant to subparagraph (A), a rental company shall maintain a record, in either electronic or written form, of information relevant to the activation of

that technology. That information shall include the rental agreement, including the return date, and the date and time the electronic surveillance technology was activated. The record shall also include, if relevant, a record of written or other communication with the renter, including communications regarding extensions of the rental, police reports, or other written communication with law enforcement officials. The record shall be maintained for a period of at least 12 months from the time the record is created and shall be made available upon the renter's request. The rental company shall maintain and furnish explanatory codes necessary to read the record. A rental company shall not be required to maintain a record if electronic surveillance technology is activated to recover a rental vehicle that is stolen or missing at a time other than during a rental period.

(2) In response to a specific request from law enforcement pursuant to a subpoena or search warrant.

(3) This subdivision does not prohibit a rental company from equipping rental vehicles with GPS-based technology that provides navigation assistance to the occupants of the rental vehicle, if the rental company does not use, access, or obtain information relating to the renter's use of the rental vehicle that was obtained using that technology, except for the purposes of discovering or repairing a defect in the technology and the information may then be used only for that purpose.

(4) This subdivision does not prohibit a rental company from equipping rental vehicles with electronic surveillance technology that allows for the remote locking or unlocking of the vehicle at the request of the renter, if the rental company does not use, access, or obtain information relating to the renter's use of the rental vehicle that was obtained using that technology, except as necessary to lock or unlock the vehicle.

(5) This subdivision does not prohibit a rental company from equipping rental vehicles with electronic surveillance technology that allows the company to provide roadside assistance, such as towing, flat tire, or fuel services, at the request of the renter, if the rental company does not use, access, or obtain information relating to the renter's use of the rental vehicle that was obtained using that technology except as necessary to provide the requested roadside assistance.

(6) This subdivision does not prohibit a rental company from obtaining, accessing, or using information from electronic surveillance technology for the sole purpose of determining the date and time the vehicle is returned to the rental company, and the total mileage driven and the vehicle fuel level of the returned vehicle. This paragraph, however, shall apply only after the renter has returned the vehicle to the

rental company, and the information shall only be used for the purpose described in this paragraph.

(p) A rental company shall not use electronic surveillance technology to track a renter in order to impose fines or surcharges relating to the renter's use of the rental vehicle.

(q) A renter may bring an action against a rental company for the recovery of damages and appropriate equitable relief for a violation of this section. The prevailing party shall be entitled to recover reasonable attorney's fees and costs.

(r) A rental company that brings an action against a renter for loss due to theft of the vehicle shall bring the action in the county in which the renter resides or, if the renter is not a resident of this state, in the jurisdiction in which the renter resides.

(s) A waiver of any of the provisions of this section shall be void and unenforceable as contrary to public policy.

(t) (1) A rental company's disclosure requirements shall be satisfied for renters who are enrolled in the rental company's membership program if all of the following conditions are met:

(A) Prior to the enrollee's first rental as a participant in the program, the renter receives, in writing, the following:

(i) All of the disclosures required by paragraph (1) of subdivision (g), including the terms and conditions of the rental agreement then in effect.

(ii) An Internet Web site address, as well as a contact number or address, where the enrollee can learn of changes to the rental agreement or to the laws of this state governing rental agreements since the effective date of the rental company's most recent restatement of the rental agreement and distribution of that restatement to its members.

(B) At the commencement of each rental period, the renter is provided, on the rental record or the folder in which it is inserted, with a printed notice stating that he or she had either previously selected or declined an optional damage waiver and that the renter has the right to change preferences.

(C) At the commencement of each rental period, the rental company provides, on the rearview mirror, a hanger on which a statement is printed, in a box, in at least 12-point boldface type, notifying the renter that the collision damage waiver offered by the rental company may be duplicative of coverage that the customer maintains under his or her own policy of motor vehicle insurance. If it is not feasible to hang the statement from the rearview mirror, it shall be hung from the steering wheel.

The hanger shall provide the renter a box to initial if he or she (not his or her employer) has previously accepted or declined the collision

damage waiver and that he or she now wishes to change his or her decision to accept or decline the collision damage waiver, as follows:

"□ If I previously accepted the collision damage waiver, I now decline it.

□ If I previously declined the collision damage waiver, I now accept it."

The hanger shall also provide a box for the enrollee to indicate whether this change applies to this rental transaction only or to all future rental transactions. The hanger shall also notify the renter that he or she may make that change, prior to leaving the lot, by returning the form to an employee designated to receive the form who is present at the lot where the renter takes possession of the car, to receive any change in the rental agreement from the renter.

(2) (A) This subdivision is not effective unless the employee designated pursuant to subparagraph (E) of paragraph (8) of subdivision (a) is actually present at the required location.

(B) This subdivision does not relieve the rental company from the disclosures required to be made within the text of a contract or holder in which the contract is placed; in or on an advertisement containing a rental rate; or in a telephonic, in-person, or computer-transmitted quotation or reservation.

(u) The amendments made to this section during the 2001–02 Regular Session of the Legislature do not affect litigation pending on or before January 1, 2003, alleging a violation of Section 22325 of the Business and Professions Code as it read at the time the action was commenced.

SEC. 32. Section 1951.7 of the Civil Code is amended to read:

1951.7. (a) As used in this section, "advance payment" means moneys paid to the lessor of real property as prepayment of rent, or as a deposit to secure faithful performance of the terms of the lease, or another payment that is the substantial equivalent of either of these. A payment that is not in excess of the amount of one month's rent is not an advance payment for purposes of this section.

(b) The notice provided by subdivision (c) is required to be given only if all of the following apply:

(1) The lessee has made an advance payment.

(2) The lease is terminated pursuant to Section 1951.2.

(3) The lessee has made a request, in writing, to the lessor that he or she be given notice under subdivision (c).

(c) Upon the initial reletting of the property, the lessor shall send a written notice to the lessee stating that the property has been relet, the name and address of the new lessee, and the length of the new lease and the amount of the rent. The notice shall be delivered to the lessee personally, or be sent by regular mail to the lessee at the address shown

on the request, not later than 30 days after the new lessee takes possession of the property. Notice is not required if the amount of the rent due and unpaid at the time of termination exceeds the amount of the advance payment.

SEC. 33. Section 2938 of the Civil Code is amended to read:

2938. (a) A written assignment of an interest in leases, rents, issues, or profits of real property made in connection with an obligation secured by real property, irrespective of whether the assignment is denoted as absolute, absolute conditioned upon default, additional security for an obligation, or otherwise, shall, upon execution and delivery by the assignor, be effective to create a present security interest in existing and future leases, rents, issues, or profits of that real property. As used in this section, "leases, rents, issues, and profits of real property" includes the cash proceeds thereof. "Cash proceeds" means cash, checks, deposit accounts, and the like.

(b) An assignment of an interest in leases, rents, issues, or profits of real property may be recorded in the records of the county recorder in the county in which the underlying real property is located in the same manner as any other conveyance of an interest in real property, whether the assignment is in a separate document or part of a mortgage or deed of trust, and when so duly recorded in accordance with the methods, procedures, and requirements for recordation of conveyances of other interests in real property, (1) the assignment shall be deemed to give constructive notice of the content of the assignment with the same force and effect as any other duly recorded conveyance of an interest in real property and (2) the interest granted by the assignment shall be deemed fully perfected as of the time of recordation with the same force and effect as any other duly recorded conveyance of an interest in real property, notwithstanding a provision of the assignment or a provision of law that would otherwise preclude or defer enforcement of the rights granted the assignee under the assignment until the occurrence of a subsequent event, including, but not limited to, a subsequent default of the assignor, or the assignee's obtaining possession of the real property or the appointment of a receiver.

(c) Upon default of the assignor under the obligation secured by the assignment of leases, rents, issues, and profits, the assignee shall be entitled to enforce the assignment in accordance with this section. On and after the date the assignee takes one or more of the enforcement steps described in this subdivision, the assignee shall be entitled to collect and receive all rents, issues, and profits that have accrued but remain unpaid and uncollected by the assignor or its agent or for the assignor's benefit on that date, and all rents, issues, and profits that accrue on or

after the date. The assignment shall be enforced by one or more of the following:

(1) The appointment of a receiver.

(2) Obtaining possession of the rents, issues, or profits.

(3) Delivery to any one or more of the tenants of a written demand for turnover of rents, issues, and profits in the form specified in subdivision (k), a copy of which demand shall also be delivered to the assignor; and a copy of which shall be mailed to all other assignees of record of the leases, rents, issues, and profits of the real property at the address for notices provided in the assignment or, if none, to the address to which the recorded assignment was to be mailed after recording.

(4) Delivery to the assignor of a written demand for the rents, issues, or profits, a copy of which shall be mailed to all other assignees of record of the leases, rents, issues, and profits of the real property at the address for notices provided in the assignment or, if none, to the address to which the recorded assignment was to be mailed after recording.

Moneys received by the assignee pursuant to this subdivision, net of amounts paid pursuant to subdivision (g), if any, shall be applied by the assignee to the debt or otherwise in accordance with the assignment or the promissory note, deed of trust, or other instrument evidencing the obligation, provided, however, that neither the application nor the failure to so apply the rents, issues, or profits shall result in a loss of any lien or security interest that the assignee may have in the underlying real property or any other collateral, render the obligation unenforceable, constitute a violation of Section 726 of the Code of Civil Procedure, or otherwise limit a right available to the assignee with respect to its security.

(d) If an assignee elects to take the action provided for under paragraph (3) of subdivision (c), the demand provided for therein shall be signed under penalty of perjury by the assignee or an authorized agent of the assignee and shall be effective as against the tenant when actually received by the tenant at the address for notices provided under the lease or other contractual agreement under which the tenant occupies the property or, if no address for notices is so provided, at the property. Upon receipt of this demand, the tenant shall be obligated to pay to the assignee all rents, issues, and profits that are past due and payable on the date of receipt of the demand, and all rents, issues, and profits coming due under the lease following the date of receipt of the demand, unless either of the following occurs:

(1) The tenant has previously received a demand that is valid on its face from another assignee of the leases, issues, rents, and profits sent by the other assignee in accordance with this subdivision and subdivision (c).

(2) The tenant, in good faith and in a manner that is not inconsistent with the lease, has previously paid, or within 10 days following receipt of the demand notice pays, the rent to the assignor.

Payment of rent to an assignee following a demand under an assignment of leases, rents, issues, and profits shall satisfy the tenant's obligation to pay the amounts under the lease. If a tenant pays rent to the assignor after receipt of a demand other than under the circumstances described in this subdivision, the tenant shall not be discharged of the obligation to pay rent to the assignee, unless the tenant occupies the property for residential purposes. The obligation of a tenant to pay rent pursuant to this subdivision and subdivision (c) shall continue until receipt by the tenant of a written notice from a court directing the tenant to pay the rent in a different manner or receipt by the tenant of a written notice from the assignee from whom the demand was received canceling the demand, whichever occurs first. This subdivision does not affect the entitlement to rents, issues, or profits as between assignees as set forth in subdivision (h).

(e) An enforcement action of the type authorized by subdivision (c), and a collection, distribution, or application of rents, issues, or profits by the assignee following an enforcement action of the type authorized by subdivision (c), shall not do any of the following:

(1) Make the assignee a mortgagee in possession of the property, except if the assignee obtains actual possession of the real property, or an agent of the assignor.

(2) Constitute an action, render the obligation unenforceable, violate Section 726 of the Code of Civil Procedure, or, other than with respect to marshaling requirements, otherwise limit any rights available to the assignee with respect to its security.

(3) Be deemed to create a bar to a deficiency judgment pursuant to a provision of law governing or relating to deficiency judgments following the enforcement of any encumbrance, lien, or security interest, notwithstanding that the action, collection, distribution, or application may reduce the indebtedness secured by the assignment or by a deed of trust or other security instrument.

The application of rents, issues, or profits to the secured obligation shall satisfy the secured obligation to the extent of those rents, issues, or profits, and, notwithstanding any provisions of the assignment or other loan documents to the contrary, shall be credited against any amounts necessary to cure any monetary default for purposes of reinstatement under Section 2924c.

(f) If cash proceeds of rents, issues, or profits to which the assignee is entitled following enforcement as set forth in subdivision (c) are received by the assignor or its agent for collection or by another person

who has collected such rents, issues, or profits for the assignor's benefit, or for the benefit of a subsequent assignee under the circumstances described in subdivision (h), following the taking by the assignee of either of the enforcement actions authorized in paragraph (3) or (4) of subdivision (c), and the assignee has not authorized the assignor's disposition of the cash proceeds in a writing signed by the assignee, the rights to the cash proceeds and to the recovery of the cash proceeds shall be determined by the following:

(1) The assignee shall be entitled to an immediate turnover of the cash proceeds received by the assignor or its agent for collection or any other person who has collected the rents, issues, or profits for the assignor's benefit, or for the benefit of a subsequent assignee under the circumstances described in subdivision (h), and the assignor or other described party in possession of those cash proceeds shall turn over the full amount of cash proceeds to the assignee, less any amount representing payment of expenses authorized by the assignee in writing. The assignee shall have a right to bring an action for recovery of the cash proceeds, and to recover the cash proceeds, without the necessity of bringing an action to foreclose a security interest that it may have in the real property. This action shall not violate Section 726 of the Code of Civil Procedure or otherwise limit a right available to the assignee with respect to its security.

(2) As between an assignee with an interest in cash proceeds perfected in the manner set forth in subdivision (b) and enforced in accordance with paragraph (3) or (4) of subdivision (c) and another person claiming an interest in the cash proceeds, other than the assignor or its agent for collection or one collecting rents, issues, and profits for the benefit of the assignor, and subject to subdivision (h), the assignee shall have a continuously perfected security interest in the cash proceeds to the extent that the cash proceeds are identifiable. For purposes hereof, cash proceeds are identifiable if they are either (A) segregated or (B) if commingled with other funds of the assignor or its agent or one acting on its behalf, can be traced using the lowest intermediate balance principle, unless the assignor or other party claiming an interest in proceeds shows that some other method of tracing would better serve the interests of justice and equity under the circumstances of the case. The provisions of this paragraph are subject to any generally applicable law with respect to payments made in the operation of the assignor's business.

(g) (1) If the assignee enforces the assignment under subdivision (c) by means other than the appointment of a receiver and receives rents, issues, or profits pursuant to this enforcement, the assignor or another assignee of the affected real property may make written demand upon the assignee to pay the reasonable costs of protecting and preserving the

property, including payment of taxes and insurance and compliance with building and housing codes, if any.

(2) On and after the date of receipt of the demand, the assignee shall pay for the reasonable costs of protecting and preserving the real property to the extent of any rents, issues, or profits actually received by the assignee, provided, however, that no such acts by the assignee shall cause the assignee to become a mortgagee in possession and the assignee's duties under this subdivision, upon receipt of a demand from the assignor or any other assignee of the leases, rents, issues, and profits pursuant to paragraph (1), shall not be construed to require the assignee to operate or manage the property, which obligation shall remain that of the assignor.

(3) The obligation of the assignee hereunder shall continue until the earlier of (A) the date on which the assignee obtains the appointment of a receiver for the real property pursuant to application to a court of competent jurisdiction, or (B) the date on which the assignee ceases to enforce the assignment.

(4) This subdivision does not supersede or diminish the right of the assignee to the appointment of a receiver.

(h) The lien priorities, rights, and interests among creditors concerning rents, issues, or profits collected before the enforcement by the assignee shall be governed by subdivisions (a) and (b). Without limiting the generality of the foregoing, if an assignee who has recorded its interest in leases, rents, issues, and profits prior to the recordation of that interest by a subsequent assignee seeks to enforce its interest in those rents, issues, or profits in accordance with this section after any enforcement action has been taken by a subsequent assignee, the prior assignee shall be entitled only to the rents, issues, and profits that are accrued and unpaid as of the date of its enforcement action and unpaid rents, issues, and profits accruing thereafter. The prior assignee shall have no right to rents, issues, or profits paid prior to the date of the enforcement action, whether in the hands of the assignor or any subsequent assignee. Upon receipt of notice that the prior assignee has enforced its interest in the rents, issues, and profits, the subsequent assignee shall immediately send a notice to any tenant to whom it has given notice under subdivision (c). The notice shall inform the tenant that the subsequent assignee cancels its demand that the tenant pay rent to the subsequent assignee.

(i) (1) This section shall apply to contracts entered into on or after January 1, 1997.

(2) Sections 2938 and 2938.1, as these sections were in effect prior to January 1, 1997, shall govern contracts entered into prior to January 1, 1997, and shall govern actions and proceedings initiated on the basis of these contracts.

(j) "Real property," as used in this section, means real property or any estate or interest therein.

(k) The demand required by paragraph (3) of subdivision (c) shall be in the following form:

DEMAND TO PAY RENT TO
PARTY OTHER THAN LANDLORD
(SECTION 2938 OF THE CIVIL CODE)

Tenant: [Name of Tenant]

Property Occupied by Tenant: [Address]

Landlord: [Name of Landlord]

Secured Party: [Name of Secured Party]

(b) This section applies regardless of when the action or claim shall have accrued or been filed and regardless of whether it might have lapsed or otherwise be barred by time under California law. However, this section shall only apply to victims who, prior to January 1, 1990, filed a civil action, a timely claim, or a claim that is declared to be timely under the sixth Amended and Restated Disclosure Statement filed pursuant to Section 1125 of the Federal Bankruptcy Code in re: A.H. 9526.5. (a) For purposes of this section, the following terms have the following meanings:

(1) "Official filing" means the permanent archival filing of all instruments, papers, records, and attachments as accepted for filing by a filing office.

(2) "Public filing" means a filing that is an exact copy of an official filing except that any social security number contained in the copied filing is truncated. The public filing shall have the same legal force and effect as the official filing.

(3) "Truncate" means to redact at least the first five digits of a social security number.

(4) "Truncated social security number" means a social security number that displays no more than the last four digits of the number.

(d) Beginning August 1, 2007, for every filing containing an untruncated social security number filed by means other than the filing office's Internet Web site, a filing office shall create a public filing.

(e) When a public filing version of an official filing exists, both of the following shall apply:

(3) This article does not restrict, delay, or modify access to an official filing, or modify existing agreements regarding access to an official filing, prior to the creation and availability of a public filing version of that official filing.

(f) A filing office shall be deemed to be in compliance with the requirements of this section and shall not be liable for failure to truncate a social security number if the office uses due diligence to locate social security numbers in official records and truncate the social security numbers in the public filing version of those official filings. The use of an automated program with a high rate of accuracy shall be deemed to be due diligence.

(g) In the event that a filing office fails to truncate a social security number contained in a record pursuant to subdivision (b) or (d), a person may request that the filing office truncate the social security number contained in that record. Notwithstanding that a filing office may be deemed to be in compliance with this section pursuant to subdivision

(f), a filing office that receives a request that identifies the exact location of an untruncated social security number that is required to be truncated pursuant to subdivision (b) or (d) within a specifically identified record, shall truncate that number within 10 business days of receiving the request. The public filing with the truncated social security number shall replace the record with the untruncated number.

(3) Measurable program outcomes may be demonstrated by, but are not limited to, the following methods:

SEC. 41. Section 17075.10 of the Education Code is amended to read:

17075.10. (a) A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

(b) A school district applying for hardship state funding under this article shall comply with either paragraph (1) or (2).

(1) Demonstrate both of the following:

(A) That due to extreme financial, disaster-related, or other hardship the school district has unmet need for pupil housing.

(B) That the school district is not financially capable of providing the matching funds otherwise required for state participation, that the district has made all reasonable efforts to impose all levels of local debt capacity

and development fees, and that the school district is, therefore, unable to participate in the program pursuant to this chapter except as set forth in this article.

(2) Demonstrate that due to unusual circumstances that are beyond the control of the district, excessive costs need to be incurred in the construction of school facilities. Funds for the purpose of seismic mitigation work or facility replacement pursuant to this section shall be allocated by the board on a 50-percent state share basis from funds reserved for that purpose in any bond approved by the voters after January 1, 2006. If the board determines that the seismic mitigation work of a school building would require funding that is greater than 50 percent of the funds required to construct a new facility, the school district shall be eligible for funding to construct a new facility under this chapter.

(c) The board shall review the increased costs that may be uniquely associated with urban construction and shall adjust the per-pupil grant for new construction or modernization hardship applications as necessary to accommodate those costs. The board shall adopt regulations setting forth the standards, methodology, and a schedule of allowable adjustments, for the urban adjustment factor established pursuant to this subdivision.

SEC. 42. Section 33051 of the Education Code is amended to read:

(2) The waiver affects a program that requires the existence of a schoolsite council and the schoolsite council did not approve the request.

(3) The appropriate councils or advisory committees, including bilingual advisory committees, did not have an adequate opportunity to review the request and the request did not include a written summary of any objections to the request by the councils or advisory committees.

(4) Pupil or school personnel protections are jeopardized.

(5) Guarantees of parental involvement are jeopardized.

(6) The request would substantially increase state costs.

(7) The exclusive representative of employees, if any, as provided in Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, was not a participant in the development of the waiver.

(b) The governing board of a school district that has requested and received a general waiver under this article for two consecutive years for the same general waiver is not required to reapply annually if the information contained on the request remains current. The state board may require updated information for the request whenever it determines

that information to be necessary. This section does not prevent the state board from rescinding a waiver if additional information supporting a rescission is made available to the board. This waiver process shall not apply to waivers pertaining to teacher credentialing, which shall be submitted to the state board annually.

SEC. 43. Section 33382 of the Education Code is amended to read:

33382. The state board, upon the advice and recommendations of the Superintendent, shall approve revised guidelines for the selection and administration of California American Indian education centers. (b) (1) To be included on a registry established pursuant to this section, a prospective registrant shall submit to a criminal background check pursuant to Section 45125. The prospective registrant shall also submit current contact information to the school district or county office maintaining the registry and shall update that information whenever the information changes.

(2) A school, school district, or county office of education may contribute funds to pay for all or part of the cost of a criminal background check required of a prospective registrant pursuant to paragraph (1).

(c) A school district or county office maintaining a registry may impose other requirements on prospective registrants, including, but not limited to, certification in cardiopulmonary resuscitation.

(d) Upon approval of the person acting as the coordinator of, or overseeing, the after school activities of the school, a school under the jurisdiction of a school district or county office of education maintaining a registry may allow a volunteer registered with the school district or county office to provide instruction in physical recreation to pupils after school hours or provide other services.

(e) This section does not require a school district or county office of education to establish or maintain a registry and does not require a school to use a volunteer from a registry to provide instruction in physical recreation to pupils after school hours or provide other services.

(f) Instruction in physical recreation provided to a pupil by a volunteer pursuant to subdivision (d) shall not be counted toward satisfaction of either the physical education course requirements for graduation from high school pursuant to Section 51225.3 or the number of minutes of

instruction in physical education required pursuant to Section 51210, 51222, or 51223, as applicable.

SEC. 45. Section 46300 of the Education Code is amended to read:

46300. (b) (1) For purposes of a work experience education program in a secondary school that meets the standards of the California State Plan for Career Technical Education, "immediate supervision," in the context of off-campus work training stations, means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision.

(2) The pupil-teacher ratio in a work experience program shall not exceed 125 pupils per full-time equivalent certificated teacher coordinator. This ratio may be waived by the state board pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20 of Division 2 under criteria developed by the state board.

(3) A pupil enrolled in a work experience program shall not be credited with more than one day of attendance per calendar day, and shall be a full-time pupil enrolled in regular classes that meet the requirements of Section 46141 or 46144.

(c) (1) For purposes of the rehabilitative schools, classes, or programs described in Section 48917 that require immediate supervision, "immediate supervision" means that the person to whom the pupil is required to report for training, counseling, tutoring, or other prescribed activity shares the responsibility for the supervision of the pupils in the rehabilitative activities with certificated personnel of the district.

(2) A pupil enrolled in a rehabilitative school, class, or program shall not be credited with more than one day of attendance per calendar day.

(d) (1) For purposes of computing the average daily attendance of pupils engaged in the educational activities required of high school pupils who are also enrolled in a regional occupational center or regional occupational program, the school district shall receive proportional average daily attendance credit for those educational activities that are less than the minimum schoolday, pursuant to regulations adopted by the state board; however, none of that attendance shall be counted for purposes of computing attendance pursuant to Section 52324.

(2) A school district shall not receive proportional average daily attendance credit pursuant to this subdivision for a pupil in attendance for less than 145 minutes each day.

(3) The divisor for computing proportional average daily attendance pursuant to this subdivision is 240, except that, in the case of a pupil excused from physical education classes pursuant to Section 52316, the divisor is 180.

(4) Notwithstanding any other provision of law, travel time of pupils to attend a regional occupational center or regional occupational program shall not be used in any manner in the computation of average daily attendance.

(e) (1) In computing the average daily attendance of a school district, there shall also be included the attendance of pupils participating in independent study conducted pursuant to Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28 for five or more consecutive schooldays.

(2) A pupil participating in independent study shall not be credited with more than one day of attendance per calendar day.

(f) For purposes of cooperative career technical education programs and community classrooms described in Section 52372.1, "immediate supervision" means pupil participation in paid and unpaid on-the-job experiences, as outlined under a training agreement and individualized training plans wherein the supervisor of the training site and certificated school personnel share the responsibility for the supervision of on-the-job experiences.

(g) In computing the average daily attendance of a school district, there shall be included the attendance of pupils in kindergarten after they have completed one school year in kindergarten only if the school district has on file for each of those pupils an agreement made pursuant to Section 48011, approved in form and content by the department and signed by the pupil's parent or guardian, that the pupil may continue in kindergarten for not more than one additional school year.

SEC. 46. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district, as long as each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions are met:

(A) The petition has been signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation.

(B) The petition has been signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (b) of Section 41365 may be circulated by one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition has been signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having his or her child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, they shall be a material revision to the charter school's charter.

(5) A charter school that is unable to locate within the jurisdiction of the chartering school district may establish one site outside the boundaries of the school district, but within the county in which that school district is located, if the school district within the jurisdiction of which the charter school proposes to operate is notified in advance of the charter petition approval, the county superintendent of schools and the Superintendent are notified of the location of the charter school before it commences operations, and either of the following circumstances exist:

(A) The school has attempted to locate a single site or facility to house the entire program, but a site or facility is unavailable in the area in which the school chooses to locate.

(B) The site is needed for temporary use during a construction or expansion project.

(6) Commencing January 1, 2003, a petition to establish a charter school may not be approved to serve pupils in a grade level that is not

served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the district, other employees of the district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) If the proposed school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility

of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A" to "G" admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured.

(D) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the school.

(F) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(G) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission requirements, if applicable.

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

(O) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for the purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(P) A description of the procedures to be used if the charter school closes. The procedures shall ensure a final audit of the school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, legal guardians, and teachers regarding the school's educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) However, if the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the district except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and

in no event shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(e) The governing board of a school district shall not require any employee of the school district to be employed in a charter school.

(f) The governing board of a school district shall not require any pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be utilized by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school and upon the school district. The description of the facilities to be used by the charter school shall specify where the school intends to locate. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032 as it read prior to July 19, 2006.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The county board of education shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment

of a charter school with the state board, and the state board may approve the petition, in accordance with subdivision (b). A charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location to which it would otherwise be subject if it received approval from the entity to which it originally submitted its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(2) In assuming its role as a chartering agency, the state board shall develop criteria to be used for the review and approval of charter school petitions presented to the state board. The criteria shall address all elements required for charter approval, as identified in subdivision (b) and shall define "reasonably comprehensive" as used in paragraph (5) of subdivision (b) in a way that is consistent with the intent of this part. Upon satisfactory completion of the criteria, the state board shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the state board fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district to deny a petition shall, thereafter, be subject to judicial review.

(5) The state board shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the department and the state board.

(k) (1) The state board may, by mutual agreement, designate its supervisorial and oversight responsibilities for a charter school approved by the state board to any local educational agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local educational agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the state board.

(3) A charter school that has been granted its charter through an appeal to the state board and elects to seek renewal of its charter shall, prior to expiration of the charter, submit its petition for renewal to the governing

board of the school district that initially denied the charter. If the governing board of the school district denies the school's petition for renewal, the school may petition the state board for renewal of its charter.

(*l*) Teachers in charter schools shall hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

(m) A charter school shall transmit a copy of its annual, independent financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (b), to its chartering entity, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering entity, and the department by December 15 of each year. (3) A list of appropriately qualified staff, a description of the credential, license, or registration that qualifies each staff member rendering special education or designated instruction and services to do so, and copies of their credentials, licenses, or certificates of registration with the appropriate state or national organization that has established standards for the service rendered.

(4) An annual operating budget.

(5) Affidavits and assurances necessary to comply with all applicable federal, state, and local laws and regulations that include criminal record summaries required of all nonpublic, nonsectarian school or agency personnel having contact with minor children under Section 44237.

(b) (1) The applicant shall provide the special education local plan area in which the applicant is located with the written notification of its intent to seek certification or renewal of its certification. The applicant shall submit on a form, developed by the department, a signed verification by local educational agency representatives that they have been notified of the intent to certify or renew certification. The verification shall include a statement that representatives of the local educational agency for the area in which the applicant is located have had the opportunity to review the application at least 60 calendar days prior to submission of an initial application to the Superintendent, or at least 30 calendar days prior to submission of a renewal application to the Superintendent. The signed verification shall provide assurances that local educational agency representatives have had the opportunity to provide input on all required components of the application.

(2) If the applicant has not received a response from the local educational agency 60 calendar days from the date of the return receipt for initial applications or 30 calendar days from the date of the return receipt for renewal applications, the applicant may file the application with the Superintendent. A copy of the return receipt shall be included with the application as verification of notification efforts to the local educational agency.

(3) The department shall mail renewal application materials to certified nonpublic, nonsectarian schools and agencies at least 120 days prior to the date their current certification expires.

(c) If the applicant operates a facility or program on more than one site, each site shall be certified.

(d) If the applicant is part of a larger program or facility on the same site, the Superintendent shall consider the effect of the total program on the applicant. A copy of the policies and standards for the nonpublic, nonsectarian school or agency and the larger program shall be available to the Superintendent.

(e) Prior to certification, the Superintendent shall conduct an onsite review of the facility and program for which the applicant seeks certification. The Superintendent may be assisted by representatives of the special education local plan area in which the applicant is located and a nonpublic, nonsectarian school or agency representative who does not have a conflict of interest with the applicant. The Superintendent shall conduct an additional onsite review of the facility and program within three years of the effective date of the certification, unless the Superintendent conditionally certifies the school or agency or unless the Superintendent receives a formal complaint against the school or agency. In the latter two cases, the Superintendent shall conduct an onsite review at least annually.

(f) The Superintendent shall make a determination on an application within 120 days of receipt of the application and shall certify, conditionally certify, or deny certification to the applicant. If the Superintendent fails to take one of these actions within 120 days, the applicant is automatically granted conditional certification for a period terminating on August 31 of the current school year. If certification is denied, the Superintendent shall provide reasons for the denial. The Superintendent may certify the school or agency for a period of not longer than one year.

(g) Certification becomes effective on the date the nonpublic, nonsectarian school or agency meets all the application requirements and is approved by the Superintendent. Certification may be retroactive if the school or agency met all the requirements of this section on the date the retroactive certification is effective. Certification expires on December 31 of the terminating year.

(h) The Superintendent annually shall review the certification of each nonpublic, nonsectarian school and agency. For this purpose, a certified school or agency annually shall update its application between August 1 and October 31, unless the board grants a waiver pursuant to Section 56101. The Superintendent may conduct an onsite review as part of the annual review.

(i) (1) The Superintendent shall conduct an investigation of a nonpublic, nonsectarian school or agency onsite at any time without prior notice if there is substantial reason to believe that there is an immediate danger to the health, safety, or welfare of a child. The Superintendent shall document the concern and submit it to the nonpublic,

nonsectarian school or agency at the time of the onsite investigation. The Superintendent shall require a written response to any noncompliance or deficiency found.

(2) With respect to a nonpublic, nonsectarian school, the Superintendent shall conduct an investigation, which may include an unannounced onsite visit, if the Superintendent receives evidence of a significant deficiency in the quality of educational services provided, a violation of Section 56366.9, or noncompliance with the policies expressed by subdivision (b) of Section 1501 of the Health and Safety Code by the nonpublic, nonsectarian school. The Superintendent shall document the complaint and the results of the investigation and shall provide copies of the documentation to the complainant, the nonpublic, nonsectarian school, and the contracting local educational agency.

(3) Violations or noncompliance documented pursuant to paragraph (1) or (2) shall be reflected in the status of the certification of the school, at the discretion of the Superintendent, pending an approved plan of correction by the nonpublic, nonsectarian school. The department shall retain for a period of 10 years all violations pertaining to certification of the nonpublic, nonsectarian school or agency.

(j) The Superintendent shall monitor the facilities, the educational environment, and the quality of the educational program, including the teaching staff, the credentials authorizing service, the standards-based core curriculum being employed, and the standard-focused instructional materials used, of an existing certified nonpublic, nonsectarian school or agency on a three-year cycle, as follows:

(1) The nonpublic, nonsectarian school or agency shall complete a self-review in year one.

(2) The Superintendent shall conduct an onsite review of the nonpublic, nonsectarian school or agency in year two.

(3) The Superintendent shall conduct a followup visit to the nonpublic, nonsectarian school or agency in year three.

(k) (1) Notwithstanding any other provision of law, the Superintendent shall not certify a nonpublic, nonsectarian school or agency that proposes to initiate or expand services to pupils currently educated in the immediate prior fiscal year in a juvenile court program, community school pursuant to Section 56150, or other nonspecial education program, including independent study or adult school, or both, unless the nonpublic, nonsectarian school or agency notifies the county superintendent of schools and the special education local plan area in which the proposed new or expanded nonpublic, nonsectarian school or agency is located of its intent to seek certification.

(2) The notification shall occur no later than the December 1 prior to the new fiscal year in which the proposed or expanding school or agency intends to initiate services. The notice shall include the following:

(A) The specific date upon which the proposed nonpublic, nonsectarian school or agency is to be established.

(B) The location of the proposed program or facility.

(C) The number of pupils proposed for services, the number of pupils currently served in the juvenile court, community school, or other nonspecial education program, the current school services including special education and related services provided for these pupils, and the specific program of special education and related services to be provided under the proposed program.

(D) The reason for the proposed change in services.

(E) The number of staff who will provide special education and designated instruction and services and hold a current valid California credential or license in the service rendered.

(3) In addition to the requirements in subdivisions (a) to (f), inclusive, the Superintendent shall require and consider the following in determining whether to certify a nonpublic, nonsectarian school or agency as described in this subdivision:

(A) A complete statement of the information required as part of the notice under paragraph (1).

(B) Documentation of the steps taken in preparation for the conversion to a nonpublic, nonsectarian school or agency, including information related to changes in the population to be served and the services to be provided pursuant to each pupil's individualized education program.

(4) Notwithstanding any other provision of law, the certification becomes effective no earlier than July 1 if the school or agency provided the notification required pursuant to paragraph (1).

(*l*) (1) Notwithstanding any other provision of law, the Superintendent shall not certify or renew the certification of a nonpublic, nonsectarian school or agency, unless all of the following conditions are met:

(A) The entity operating the nonpublic, nonsectarian school or agency maintains separate financial records for each entity that it operates, with each nonpublic, nonsectarian school or agency identified separately from any licensed children's institution that it operates.

(B) The entity submits an annual budget that identifies the projected costs and revenues for each entity and demonstrates that the rates to be charged are reasonable to support the operation of the entity.

(C) The entity submits an entitywide annual audit that identifies its costs and revenues, by entity, in accordance with generally accepted accounting and auditing principles. The audit shall clearly document the

amount of moneys received and expended on the education program provided by the nonpublic, nonsectarian school.

(D) The relationship between various entities operated by the same entity are documented, defining the responsibilities of the entities. The documentation shall clearly identify the services to be provided as part of each program, for example, the residential or medical program, the mental health program, or the educational program. The entity shall not seek funding from a public agency for a service, either separately or as part of a package of services, if the service is funded by another public agency, either separately or as part of a package of services.

(2) For purposes of this section, "licensed children's institution" has the same meaning as it is defined by Section 56155.5.

(m) The school or agency shall be charged a reasonable fee for certification. The Superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts with greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

| | |
|---|---|
| (1) 1-5 pupils | $ 300 |
| (2) 6-10 pupils | 500 |
| (3) 11-24 pupils | 1,000 |
| (4) 25-75 pupils | 1,500 |
| (5) 76 pupils and over | 2,000 |

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual renewal by the Superintendent. The Superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall be refunded if the application is withdrawn or is denied by the Superintendent.

(n) (1) Notwithstanding any other provision of law, only those nonpublic, nonsectarian schools and agencies that provide special education and designated instruction and services utilizing staff who hold a certificate, permit, or other document equivalent to that which staff in a public school are required to hold in the service rendered are eligible to receive certification. Only those nonpublic, nonsectarian schools or agencies located outside of California that employ staff who hold a current valid credential or license to render special education and related services as required by that state shall be eligible to be certified.

(2) The board shall develop regulations to implement this subdivision.

(o) In addition to meeting the standards adopted by the board, a nonpublic, nonsectarian school or agency shall provide written assurances

that it meets all applicable standards relating to fire, health, sanitation, and building safety.

SEC. 71. The heading of Part 40.5 (commencing with Section 67500) of Division 5 of Title 3 of the Education Code is amended to read:

PART 40.5. CAPITAL OUTLAY REQUIREMENTS

SEC. 72. Section 69551 of the Education Code is amended to read:

69551. (a) The Legislature finds and declares all of the following:

(1) The Cash for College Program has successfully established local regional partnerships that annually provide hands-on help in filling out financial aid forms necessary to receive financial assistance for college. This program was initiated by private foundations and the Student Aid Commission in 2002 with the goal of increasing the number of students who successfully complete the financial aid process and enroll in college. In 2007, the Cash for College Program succeeded in serving over 20,000 students and their families in 44 of the 58 counties in California, thereby helping the state to access tens of millions of dollars in federal Pell Grant financial aid for low-income students and increasing the number of students participating in the state's Cal Grant program.

(2) The intersegmental cooperative nature of the Cash for College Program has proved to be a highly effective mechanism to coordinate existing services and to foster the cooperation of the various educational segments, community, and business partners involved.

(3) The Cash for College Program has been successful because of the financial and volunteer contributions of local partners in private business and industry, the financial aid, admissions, and outreach communities, and student groups. Additional funding has been provided through these local and regional partnerships, and through one million five hundred thousand dollars ($1,500,000) in private foundation grant funds that have supported the initial development of the program, as well as funded local scholarships offered to workshop participants who complete the financial aid process by the state filing deadline.

(4) The Cash for College Program has assisted high school and community college students whose families were unfamiliar with the financial aid process. The program focuses on assisting students and their families who are first- or second-generation college-bound students who have little or no access to college advising because of limited resources at the schoolsite or the perception that college is not an option.

(5) The Cash for College Program seeks to provide all California students who desire to attend college the opportunity to enroll by providing tangible assistance in accessing the available state and federal resources to make higher education possible.

(6) A college or postsecondary education is a requirement for a working wage job. The wage disparity between a high school graduate and a college graduate is one million dollars ($1,000,000) over an individual's lifespan.

(7) California reflects the ethnic and cultural diversity of today's world. Evidence of this change is most pronounced within our public elementary and secondary education system. As California continues into the 21st century, there is no single group that represents a majority of elementary and secondary enrollment. These changing demographics present great challenges and great opportunities.

(8) California must invest in higher education and in the future of its young people so they can acquire skills and knowledge necessary to continue the state's economic recovery.

(9) The Cash for College Program provides access to the college financial aid process for students of varied backgrounds and socioeconomic status.

(b) (1) Beginning January 1, 2008, the Cash for College Program is established and is administered by the Student Aid Commission, in partnership with private business and industry and local community and educational organizations. The Student Aid Commission may allocate funds for support of local Cash for College financial aid workshop efforts that are designed to accomplish the following goals:

(A) Targeted outreach to, and assistance for, low-income and first-generation college-bound students with state and federal financial aid applications.

(B) Targeted outreach to, and assistance for, students who are enrolled in schools or geographic regions with low college eligibility or participation rates, with state and federal financial aid applications.

(2) The projects and organizations funded under this article shall implement the following activities:

(A) Organize and conduct free local and regional workshops that help students and families to fill out the Free Application for Federal Student Aid (FAFSA) and the Cal Grant GPA verification form required for Cal Grants.

(B) Convene advisory board meetings to develop regional partnerships with local partners in private business and industry, admissions and outreach communities, and student groups, to foster financial and volunteer contributions.

(c) The Student Aid Commission shall, by December 1 of each year, provide a report to the fiscal and policy committees of the Legislature on the Cash for College Program detailing program data, expenditures, and the findings of an independent evaluation on the extent to which program goals have been met. Program data shall include the number of completed FAFSA applications, the number of submitted grade point average verifications, and the number of Cal Grant recipients using their Cal Grant awards at California postsecondary institutions.

(d) The Student Aid Commission shall contract with an external evaluator to conduct the independent evaluation.

(e) (1) The commission may accept voluntary contributions or donations in cash to pay for the costs of implementing the program pursuant to this article. Voluntary contributions shall be deposited into the Cash for College Fund, which is hereby created in the State Treasury. Only moneys contributed or donated for the purposes of this article may be deposited into the fund. The fund shall be credited with all investment income earned by moneys in the fund. The moneys received in contributions or donations for the purposes of this article are not part of the General Fund as defined in Section 16300 of the Government Code. Voluntary contributions or donations are special funds held in trust for purposes of meeting the purposes of this article. Notwithstanding Section 13340 of the Government Code, moneys in the fund from voluntary contributions or donations are hereby continuously appropriated to the commission without regard to fiscal year for the purposes enumerated in this article.

(2) Additional funds may be appropriated in the annual Budget Act for the purposes of this article.

(f) (1) As used in this subdivision, "regional coordinating organization" means a coalition of entities led by a designated organization, which may include nonprofit organizations, local education or other government agencies, or public or private higher education institutions.

(2) The Student Aid Commission shall allocate funds to regional coordinating organizations to plan, coordinate, or conduct Cash for College workshop series within specified regions within the state.

(3) The Student Aid Commission shall require a regional coordinating organization to contribute equal or greater resources to match the Cash for College funds allocated to it by the commission. Funds allocated to a regional coordinating organization under this subdivision shall be based on demonstrated ability to contribute equal or greater matching resources or funds. The Student Aid Commission may require advance payment, if it determines that it is necessary to ensure that funds provided pursuant to this article are available each year before the start of the program.

(4) The Student Aid Commission may partner with regional coordinating organizations or other entities to facilitate additional nonstate funding or donations of property, or both, for the Cash for College Program.

(5) Notwithstanding Section 11005 of the Government Code, the Student Aid Commission may accept gifts of personal property without approval of the Director of Finance.

(g) The commission may use the moneys appropriated for the program, including reasonable administrative costs, marketing, and external evaluation. Administrative costs shall include appropriate staffing to support the program, including, but not limited to, a Cash for College coordinator. The commission shall annually establish the total amount of funding to assist regional coordinating organizations. Allocation of funds shall be established based upon the best use of funding for that year, as determined by the commission in consultation with a Cash for College statewide advisory board that may include, but is not limited to, partners in private business and industry, admissions, outreach communities, and student groups.

SEC. 73. Section 71095 of the Education Code is amended to read:

(b) The standards and guidelines shall be developed in accordance with the Standardized Emergency Management System and the National Incident Management System, and shall be reviewed by the Governor's Office of Emergency Services in a manner that is consistent with existing policy. In developing the standards and guidelines, the chancellor's office shall consider, but is not limited to, all of the following components:

(1) Information on establishing a campus emergency management team.

3357. (a) In leasing, or entering into agreements for the use of, the State Fair Race Track or other property owned or controlled by the California Exposition and State Fair, the authority shall follow the same procedures, as appropriate, as the Department of General Services follows in leasing or entering into similar agreements for other state real property. 20755. The owner of a recorded brand may, on or before April 30 of any year, pay in advance to the bureau a sum that is a multiple of sixty dollars ($60). The payment entitles him or her to use the brand for a

SEC. 81. Section 3502.5 of the Government Code is amended to read:

3502.5. (a) Notwithstanding Section 3502, any other provision of this chapter, or any other law, rule, or regulation, an agency shop agreement may be negotiated between a public agency and a recognized public employee organization that has been recognized as the exclusive or majority bargaining agent pursuant to reasonable rules and regulations, ordinances, and enactments, in accordance with this chapter. As used in this chapter, "agency shop" means an arrangement that requires an employee, as a condition of continued employment, either to join the recognized employee organization or to pay the organization a service fee in an amount not to exceed the standard initiation fee, periodic dues, and general assessments of the organization.

(b) In addition to the procedure prescribed in subdivision (a), an agency shop arrangement between the public agency and a recognized employee organization that has been recognized as the exclusive or majority bargaining agent shall be placed in effect, without a negotiated agreement, upon (1) a signed petition of 30 percent of the employees in the applicable bargaining unit requesting an agency shop agreement and an election to implement an agency fee arrangement, and (2) the approval of a majority of employees who cast ballots and vote in a secret ballot election in favor of the agency shop agreement. The petition may be filed only after the recognized employee organization has requested the public agency to negotiate on an agency shop arrangement and, beginning seven working days after the public agency received this request, the two parties have had 30 calendar days to attempt good faith negotiations in an effort to reach agreement. An election that may not be held more frequently than once a year shall be conducted by the Division of Conciliation of the Department of Industrial Relations in the event that the public agency and the recognized employee organization cannot agree within 10 days from the filing of the petition to select jointly a neutral person or entity to conduct the election. In the event of an agency fee arrangement outside of an agreement that is in effect, the recognized employee organization shall indemnify and hold the public agency harmless against any liability arising from a claim, demand, or other action relating to the public agency's compliance with the agency fee obligation.

(c) An employee who is a member of a bona fide religion, body, or sect that has historically held conscientious objections to joining or

financially supporting public employee organizations shall not be required to join or financially support a public employee organization as a condition of employment. The employee may be required, in lieu of periodic dues, initiation fees, or agency shop fees, to pay sums equal to the dues, initiation fees, or agency shop fees to a nonreligious, nonlabor charitable fund exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, chosen by the employee from a list of at least three of these funds, designated in a memorandum of understanding between the public agency and the public employee organization, or if the memorandum of understanding fails to designate the funds, then to a fund of that type chosen by the employee. Proof of the payments shall be made on a monthly basis to the public agency as a condition of continued exemption from the requirement of financial support to the public employee organization.

(d) An agency shop provision in a memorandum of understanding that is in effect may be rescinded by a majority vote of all the employees in the unit covered by the memorandum of understanding, provided that: (1) a request for that type of vote is supported by a petition containing the signatures of at least 30 percent of the employees in the unit, (2) the vote is by secret ballot, and (3) the vote may be taken at any time during the term of the memorandum of understanding, but in no event shall there be more than one vote taken during that term. Notwithstanding the above, the public agency and the recognized employee organization may negotiate, and by mutual agreement provide for, an alternative procedure or procedures regarding a vote on an agency shop agreement. The procedures in this subdivision are also applicable to an agency shop agreement placed in effect pursuant to subdivision (b).

(e) An agency shop arrangement shall not apply to management employees.

(f) A recognized employee organization that has agreed to an agency shop provision or is a party to an agency shop arrangement shall keep an adequate itemized record of its financial transactions and shall make available annually, to the public agency with which the agency shop provision was negotiated, and to the employees who are members of the organization, within 60 days after the end of its fiscal year, a detailed written financial report thereof in the form of a balance sheet and an operating statement, certified as to accuracy by its president and treasurer or corresponding principal officer, or by a certified public accountant. An employee organization required to file financial reports under the federal Labor-Management Reporting and Disclosure Act of 1959 (29 U.S.C. Sec. 401 et seq.) covering employees governed by this chapter, or required to file financial reports under Section 3546.5, may satisfy

the financial reporting requirement of this section by providing the public agency with a copy of the financial reports.

SEC. 82. Section 3517.8 of the Government Code is amended to read:

3517.8. (a) If a memorandum of understanding has expired, and the Governor and the recognized employee organization have not agreed to a new memorandum of understanding and have not reached an impasse in negotiations, subject to subdivision (b), the parties to the agreement shall continue to give effect to the provisions of the expired memorandum of understanding, including, but not limited to, all provisions that supersede existing law, any arbitration provisions, any no strike provisions, any agreements regarding matters covered in the Fair Labor Standards Act of 1938 (29 U.S.C. Sec. 201 et seq.), and any provisions covering fair share fee deduction consistent with Section 3515.7.

(b) If the Governor and the recognized employee organization reach an impasse in negotiations for a new memorandum of understanding, the state employer may implement any or all of its last, best, and final offer. Any proposal in the state employer's last, best, and final offer that, if implemented, would conflict with existing statutes or require the expenditure of funds shall be presented to the Legislature for approval and, if approved, shall be controlling without further legislative action, notwithstanding Sections 3517.5, 3517.6, and 3517.7. Implementation of the last, best, and final offer does not relieve the parties of the obligation to bargain in good faith and reach an agreement on a memorandum of understanding if circumstances change, and does not waive rights that the recognized employee organization has under this chapter.

SEC. 83. Section 3543 of the Government Code is amended to read:

3543. (a) Public school employees shall have the right to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations. Public school employees shall have the right to represent themselves individually in their employment relations with the public school employer, except that once the employees in an appropriate unit have selected an exclusive representative and it has been recognized pursuant to Section 3544.1 or certified pursuant to Section 3544.7, an employee in that unit shall not meet and negotiate with the public school employer. If the exclusive representative of a unit provides notification, as specified by subdivision (a) of Section 3546, public school employees who are in a unit for which an exclusive representative has been selected, shall be required, as a condition of continued employment, to join the recognized employee organization or to pay the organization a fair share services fee, as required by Section 3546. If a

majority of the members of a bargaining unit rescind that arrangement, either of the following options shall be applicable:

(1) The recognized employee organization may petition for the reinstatement of the arrangement described in subdivision (a) of Section 3546 pursuant to the procedures in paragraph (2) of subdivision (d) of Section 3546.

(2) The employees may negotiate either of the two forms of organizational security described in subdivision (i) of Section 3540.1.

(b) An employee may at any time present grievances to his or her employer, and have those grievances adjusted, without the intervention of the exclusive representative, as long as the adjustment is reached prior to arbitration pursuant to Sections 3548.5, 3548.6, 3548.7, and 3548.8 and the adjustment is not inconsistent with the terms of a written agreement then in effect, provided that the public school employer shall not agree to a resolution of the grievance until the exclusive representative has received a copy of the grievance and the proposed resolution and has been given the opportunity to file a response.

SEC. 84. Section 7267.2 of the Government Code is amended to read:

7267.2. (a) (1) Prior to adopting a resolution of necessity pursuant to Section 1245.230 of the Code of Civil Procedure and initiating negotiations for the acquisition of real property, the public entity shall establish an amount that it believes to be just compensation therefor, and shall make an offer to the owner or owners of record to acquire the property for the full amount so established, unless the owner cannot be located with reasonable diligence. The offer may be conditioned upon the legislative body's ratification of the offer by execution of a contract of acquisition or adoption of a resolution of necessity or both. The amount shall not be less than the public entity's approved appraisal of the fair market value of the property. A decrease or increase in the fair market value of real property to be acquired prior to the date of valuation caused by the public improvement for which the property is acquired, or by the likelihood that the property would be acquired for the improvement, other than that due to physical deterioration within the reasonable control of the owner or occupant, shall be disregarded in determining the compensation for the property.

(2) At the time of making the offer described in paragraph (1), the public entity shall provide the property owner with an informational pamphlet detailing the process of eminent domain and the property owner's rights under the Eminent Domain Law.

(b) The public entity shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount it established as just compensation. The written statement and

summary shall contain detail sufficient to indicate clearly the basis for the offer, including, but not limited to, all of the following information:

(1) The date of valuation, highest and best use, and applicable zoning of property.

(2) The principal transactions, reproduction or replacement cost analysis, or capitalization analysis, supporting the determination of value.

(3) If appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated and shall include the calculations and narrative explanation supporting the compensation, including any offsetting benefits.

(c) Where the property involved is owner-occupied residential property and contains no more than four residential units, the homeowner shall, upon request, be allowed to review a copy of the appraisal upon which the offer is based. The public entity may, but is not required to, satisfy the written statement, summary, and review requirements of this section by providing the owner a copy of the appraisal on which the offer is based.

(d) Notwithstanding subdivision (a), a public entity may make an offer to the owner or owners of record to acquire real property for less than an amount that it believes to be just compensation therefor if (1) the real property is offered for sale by the owner at a specified price less than the amount the public entity believes to be just compensation therefor, (2) the public entity offers a price that is equal to the specified price for which the property is being offered by the landowner, and (3) no federal funds are involved in the acquisition, construction, or project development.

(e) As used in subdivision (d), "offered for sale" means any of the following:

(1) Directly offered by the landowner to the public entity for a specified price in advance of negotiations by the public entity.

(2) Offered for sale to the general public at an advertised or published specified price, set no more than six months prior to, and still available at, the time the public entity initiates contact with the landowner regarding the public entity's possible acquisition of the property.

SEC. 85. Section 7576 of the Government Code is amended to read:

7576. (a) The State Department of Mental Health, or a community mental health service, as described in Section 5602 of the Welfare and Institutions Code, designated by the State Department of Mental Health, is responsible for the provision of mental health services, as defined in regulations by the State Department of Mental Health, developed in consultation with the State Department of Education, if required in the individualized education program of a pupil. A local educational agency is not required to place a pupil in a more restrictive educational

environment in order for the pupil to receive the mental health services specified in his or her individualized education program if the mental health services can be appropriately provided in a less restrictive setting. It is the intent of the Legislature that the local educational agency and the community mental health service vigorously attempt to develop a mutually satisfactory placement that is acceptable to the parent and addresses the educational and mental health treatment needs of the pupil in a manner that is cost effective for both public agencies, subject to the requirements of state and federal special education law, including the requirement that the placement be appropriate and in the least restrictive environment. For purposes of this section, "parent" is as defined in Section 56028 of the Education Code.

(b) A local educational agency, individualized education program team, or parent may initiate a referral for assessment of the social and emotional status of a pupil, pursuant to Section 56320 of the Education Code. Based on the results of assessments completed pursuant to Section 56320 of the Education Code, an individualized education program team may refer a pupil who has been determined to be an individual with exceptional needs, as defined in Section 56026 of the Education Code, and who is suspected of needing mental health services to a community mental health service if the pupil meets all of the criteria in paragraphs (1) to (5), inclusive. Referral packages shall include all documentation required in subdivision (c), and shall be provided immediately to the community mental health service.

(1) The pupil has been assessed by school personnel in accordance with Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of Title 2 of the Education Code. Local educational agencies and community mental health services shall work collaboratively to ensure that assessments performed prior to referral are as useful as possible to the community mental health service in determining the need for mental health services and the level of services needed.

(2) The local educational agency has obtained written parental consent for the referral of the pupil to the community mental health service, for the release and exchange of all relevant information between the local educational agency and the community mental health service, and for the observation of the pupil by mental health professionals in an educational setting.

(3) The pupil has emotional or behavioral characteristics that satisfy all of the following:

(A) Are observed by qualified educational staff in educational and other settings, as appropriate.

(B) Impede the pupil from benefiting from educational services.

(C) Are significant as indicated by their rate of occurrence and intensity.

(D) Are associated with a condition that cannot be described solely as a social maladjustment or a temporary adjustment problem, and cannot be resolved with short-term counseling.

(4) As determined using educational assessments, the pupil's functioning, including cognitive functioning, is at a level sufficient to enable the pupil to benefit from mental health services.

(5) The local educational agency, pursuant to Section 56331 of the Education Code, has provided appropriate counseling and guidance services, psychological services, parent counseling and training, or social work services to the pupil pursuant to Section 56363 of the Education Code, or behavioral intervention as specified in Section 56520 of the Education Code, as specified in the individualized education program and the individualized education program team has determined that the services do not meet the educational needs of the pupil, or, in cases where these services are clearly inadequate or inappropriate to meet the educational needs of the pupil, the individualized education program team has documented which of these services were considered and why they were determined to be inadequate or inappropriate.

(c) If referring a pupil to a community mental health service in accordance with subdivision (b), the local educational agency or the individualized education program team shall provide the following documentation:

(1) Copies of the current individualized education program, all current assessment reports completed by school personnel in all areas of suspected disabilities pursuant to Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of Title 2 of the Education Code, and other relevant information, including reports completed by other agencies.

(2) A copy of the parent's consent obtained as provided in paragraph (2) of subdivision (b).

(3) A summary of the emotional or behavioral characteristics of the pupil, including documentation that the pupil meets the criteria set forth in paragraphs (3) and (4) of subdivision (b).

(4) A description of the counseling, psychological, and guidance services, and other interventions that have been provided to the pupil, as provided in the individualized education program of the pupil, including the initiation, duration, and frequency of these services, or an explanation of the reasons a service was considered for the pupil and determined to be inadequate or inappropriate to meet his or her educational needs.

(d) Based on preliminary results of assessments performed pursuant to Section 56320 of the Education Code, a local educational agency may refer a pupil who has been determined to be, or is suspected of being, an individual with exceptional needs, and is suspected of needing mental health services, to a community mental health service if a pupil meets the criteria in paragraphs (1) and (2). Referral packages shall include all documentation required in subdivision (e) and shall be provided immediately to the community mental health service.

(1) The pupil meets the criteria in paragraphs (2) to (4), inclusive, of subdivision (b).

(2) Counseling and guidance services, psychological services, parent counseling and training, social work services, and behavioral or other interventions as provided in the individualized education program of the pupil are clearly inadequate or inappropriate in meeting his or her educational needs.

(e) If referring a pupil to a community mental health service in accordance with subdivision (d), the local educational agency shall provide the following documentation:

(1) Results of preliminary assessments to the extent they are available and other relevant information including reports completed by other agencies.

(2) A copy of the parent's consent obtained as provided in paragraph (2) of subdivision (b).

(3) A summary of the emotional or behavioral characteristics of the pupil, including documentation that the pupil meets the criteria in paragraphs (3) and (4) of subdivision (b).

(4) Documentation that appropriate related educational and designated instruction and services have been provided in accordance with Sections 300.34 and 300.39 of Title 34 of the Code of Federal Regulations.

(5) An explanation of the reasons that counseling and guidance services, psychological services, parent counseling and training, social work services, and behavioral or other interventions as provided in the individualized education program of the pupil are clearly inadequate or inappropriate in meeting his or her educational needs.

(f) The procedures set forth in this chapter are not designed for use in responding to psychiatric emergencies or other situations requiring immediate response. In these situations, a parent may seek services from other public programs or private providers, as appropriate. This subdivision does not change the identification and referral responsibilities imposed on local educational agencies under Article 1 (commencing with Section 56300) of Chapter 4 of Part 30 of Division 4 of Title 2 of the Education Code.

(g) Referrals shall be made to the community mental health service in the county in which the pupil lives. If the pupil has been placed into residential care from another county, the community mental health service receiving the referral shall forward the referral immediately to the community mental health service of the county of origin, which shall have fiscal and programmatic responsibility for providing or arranging for the provision of necessary services. The procedures described in this subdivision shall not delay or impede the referral and assessment process.

(h) A county mental health agency does not have fiscal or legal responsibility for costs it incurs prior to the approval of an individualized education program, except for costs associated with conducting a mental health assessment.

SEC. 86. Section 7585 of the Government Code is amended to read:

7585. (a) Whenever a department or local agency designated by that department fails to provide a related service or designated instruction and service required pursuant to Section 7575 or 7576, and specified in the pupil's individualized education program, the parent, adult pupil, if applicable, or a local educational agency referred to in this chapter, shall submit a written notification of the failure to provide the service to the Superintendent of Public Instruction or the Secretary of California Health and Human Services.

(b) When either the Superintendent or the secretary receives a written notification of the failure to provide a service as specified in subdivision (a), a copy shall immediately be transmitted to the other party. A written copy of the meeting resolution shall be mailed to the parent, the local educational agency, and affected departments, within 10 days of the meeting.

(d) The Director of the Office of Administrative Hearings, or his or her designee, shall review the issue and submit his or her findings in the case to the Superintendent and the secretary within 30 calendar days of receipt of the case. The decision of the director, or his or her designee, shall be binding on the departments and their designated agencies who are parties to the dispute.

(e) If the meeting, conducted pursuant to subdivision (b), fails to resolve the issue to the satisfaction of the parent or local educational agency, either party may appeal to the director, whose decision shall be the final administrative determination and binding on all parties.

(f) Whenever notification is filed pursuant to subdivision (a), the pupil affected by the dispute shall be provided with the appropriate related service or designated instruction and service pending resolution of the dispute, if the pupil had been receiving the service. The Superintendent and the secretary shall ensure that funds are available for the provision of the service pending resolution of the issue pursuant to subdivision (e).

(g) This section does not prevent a parent or adult pupil from filing for a due process hearing under Section 7586.

(a) (1) This article does not prevent a state body from holding closed sessions during a regular or special meeting to consider the appointment, employment, evaluation of performance, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing.

(2) As a condition of holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, and that notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. If notice is not given, disciplinary or other action taken against any employee at the closed session shall be null and void.

(3) The state body also may exclude from a public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body.

(4) Following the public hearing or closed session, the body may deliberate on the decision to be reached in a closed session.

Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual

licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

14838. In order to facilitate the participation of small business, including microbusiness, in the provision of goods, information technology, and services to the state, and in the construction (including alteration, demolition, repair, or improvement) of state facilities, the directors of the department and other state agencies that enter those contracts, each within their respective areas of responsibility, shall do all of the following:

(a) Establish goals, consistent with those established by the Office of Small Business Certification and Resources, for the extent of participation of small businesses, including microbusinesses, in the provision of goods, information technology, and services to the state, and in the construction of state facilities.

(b) Provide for small business preference, or nonsmall business preference for bidders that provide for small business and microbusiness subcontractor participation, in the award of contracts for goods, information technology, services, and construction, as follows:

(1) In solicitations where an award is to be made to the lowest responsible bidder meeting specifications, the preference to small business and microbusiness shall be 5 percent of the lowest responsible bidder meeting specifications. The preference to nonsmall business bidders that provide for small business or microbusiness subcontractor participation shall be, up to a maximum of 5 percent of the lowest responsible bidder meeting specifications, determined according to rules and regulations established by the Department of General Services.

(2) In solicitations where an award is to be made to the highest scored bidder based on evaluation factors in addition to price, the preference to small business or microbusiness shall be 5 percent of the highest responsible bidder's total score. The preference to nonsmall business bidders that provide for small business or microbusiness subcontractor participation shall be up to a maximum 5 percent of the highest responsible bidder's total score, determined according to rules and regulations established by the Department of General Services.

(3) The preferences under paragraphs (1) and (2) shall not be awarded to a noncompliant bidder and shall not be used to achieve any applicable minimum requirements.

(c) Give special consideration to small businesses and microbusinesses by both:

(1) Reducing the experience required.

(2) Reducing the level of inventory normally required.

(d) Give special assistance to small businesses and microbusinesses in the preparation and submission of the information requested in Section 14310.

(e) Under the authorization granted in Section 10163 of the Public Contract Code, make awards, whenever feasible, to small business and microbusiness bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major

projects into subprojects so as to allow a small business or microbusiness contractor to qualify to bid on these subprojects.

(f) Small business and microbusiness bidders qualified in accordance with this chapter shall have precedence over nonsmall business bidders in that the application of a bidder preference for which nonsmall business bidders may be eligible under this section or any other provision of law shall not result in the denial of the award to a small business or microbusiness bidder. In the event of a precise tie between the low responsible bid of a bidder meeting specifications of a small business or microbusiness, and the low responsible bid of a bidder meeting the specifications of a disabled veteran-owned small business or microbusiness, the contract shall be awarded to the disabled veteran-owned small business or microbusiness. This provision applies if the small business or microbusiness bidder is the lowest responsible bidder, as well as if the small business or microbusiness bidder is eligible for award as the result of application of the small business and microbusiness bidder preference granted by subdivision (b).

The attached original instrument and certified translation may be presented to the recorder, and, upon payment of the usual fees, the recorder shall accept and permanently file the instrument and record the certified translation. The recording of the certified translation gives notice and is of the same effect as the recording of an original instrument. Certified copies of the recorded translation may be recorded in other counties, with the same effect as the recording of the original translation, provided, however, that in those counties where a photostatic or photographic method of recording is employed, the whole instrument, including the foreign language and the translation, may be recorded, and the original instrument returned to the party leaving it for record or upon his or her order.

(b) The provisions of subdivision (a) do not apply to any instrument offered for record that contains provisions in English and a translation of the English provisions in a language other than English, provided that the English provisions and the translation thereof are specifically set forth in state or federal law.

(1) If the printing on printed forms is spaced more than nine lines per vertical inch or more than 22 characters and spaces per inch measured horizontally for not less than three inches in one sentence, the recorder shall charge one dollar ($1) extra for each page or sheet on which printing appears, except, however, the extra charge shall not apply to printed words which are directive or explanatory in nature for completion of the form or on vital statistics forms. Fees collected under this paragraph are not subject to subdivision (b) or (c).

(2) If a page or sheet does not conform with the dimensions described in subdivision (a) of Section 27361.5, the recorder shall charge three dollars ($3) extra per page or sheet of the document. The funds generated by the extra charge authorized under this paragraph shall be available solely to support, maintain, improve, and provide for the full operation for modernized creation, retention, and retrieval of information in each county's system of recorded documents. Fees collected under this paragraph are not subject to subdivision (b) or (c).

(b) One dollar ($1) of each three dollar ($3) fee for each additional page shall be deposited in the county general fund.

(c) Notwithstanding Section 68085, one dollar ($1) for recording the first page and one dollar ($1) for each additional page shall be available solely to support, maintain, improve, and provide for the full operation for modernized creation, retention, and retrieval of information in each county's system of recorded documents.

(d) (1) In addition to all other fees authorized by this section, a county recorder may charge a fee of one dollar ($1) for recording the first page of every instrument, paper, or notice required or permitted by law to be recorded, as authorized by each county's board of supervisors. (3) Notwithstanding paragraph (2), a county recorder who, pursuant to subdivision (c) of Section 27304, secures a revenue anticipation loan, or other outside source of funding, for the implementation of a social security number truncation program, may be authorized to charge the fee described in paragraph (1) for a period not to exceed the term of repayment of the loan or other outside source of funding.

(4) A county board of supervisors that authorizes the fee described in this subdivision shall require the county auditor to conduct two reviews to verify that the funds generated by this fee are used only for the purpose of the program, as described in Article 3.5 (commencing with Section 27300) and for conducting these reviews. The reviews shall state the progress of the county recorder in truncating recorded documents pursuant to subdivision (a) of Section 27301, and shall estimate any ongoing costs to the county recorder of complying with subdivisions (a) and (b) of Section 27301. The board shall require that the first review be completed not before June 1, 2012, or after December 31, 2013, and that the second review be completed not before June 1, 2017, or after December 31, 2017. areas that has occurred in the previous two calendar years, rounded to the nearest dollar.

(d) This section shall apply only in a county of the first class, as defined by Section 28020, as amended by Chapter 1204 of the Statutes of 1971, and Section 28022, as amended by Chapter 43 of the Statutes of 1961.

SEC. 106. Section 53601 of the Government Code is amended to read:

53601. This section shall apply to a local agency that is a city, a district, or other local agency that does not pool money in deposits or investments with other local agencies, other than local agencies that have the same governing body. However, Section 53635 shall apply to all local agencies that pool money in deposits or investments with other local agencies that have separate governing bodies. The legislative body of a local agency having moneys in a sinking fund or moneys in its treasury not required for the immediate needs of the local agency may invest any portion of the moneys that it deems wise or expedient in those investments set forth below. A local agency purchasing or obtaining any securities prescribed in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book entry account may be used for book entry delivery.

For purposes of this section, "counterparty" means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where

this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. Where this section does not specify a limitation on the term or remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase or reverse repurchase agreement or securities lending agreement authorized by this section, that at the time of the investment has a term remaining to maturity in excess of five years, unless the legislative body has granted express authority to make that investment either specifically or as a part of an investment program approved by the legislative body no less than three months prior to the investment:

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(d) Registered treasury notes or bonds of any of the other 49 United States in addition to California, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, board, agency, or authority of any of the other 49 United States, in addition to California.

(e) Bonds, notes, warrants, or other evidences of indebtedness of a local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(g) Bankers' acceptances otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank. Purchases of bankers' acceptances shall not exceed 180 days' maturity or 40 percent of the agency's moneys that may be invested pursuant to this section. However, no more than 30 percent of the agency's moneys may be invested in the bankers' acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing moneys in its treasury in a manner authorized by the Municipal Utility District Act (Division 6 (commencing with Section 11501) of the Public Utilities Code).

(C) Has commercial paper that is rated "A-1" or higher, or the equivalent, by an NRSRO.

Eligible commercial paper shall have a maximum maturity of 270 days or less. Local agencies, other than counties or a city and county, may invest no more than 25 percent of their moneys in eligible commercial paper. Local agencies, other than counties or a city and county, may purchase no more than 10 percent of the outstanding commercial paper of any single issuer. Counties or a city and county may invest in commercial paper pursuant to the concentration limits in subdivision (a) of Section 53635.

(i) Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit shall not exceed 30 percent of the agency's moneys that may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposit do not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638. The legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the moneys are prohibited from investing local agency funds, or funds in the custody of the local

agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or a person with investment decisionmaking authority in the administrative office manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee or the supervisory committee of the state or federal credit union issuing the negotiable certificates of deposit.

(j) (1) Investments in repurchase agreements or reverse repurchase agreements or securities lending agreements of securities authorized by this section, as long as the agreements are subject to this subdivision, including the delivery requirements specified in this section.

(2) Investments in repurchase agreements may be made, on an investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities that underlie a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements or securities lending agreements may be utilized only when all of the following conditions are met:

(A) The security to be sold using a reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale.

(B) The total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency does not exceed 20 percent of the base value of the portfolio.

(C) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(D) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty using a reverse repurchase agreement or securities lending agreement shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of

a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) (A) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security may be made only upon prior approval of the governing body of the local agency and shall be made only with primary dealers of the Federal Reserve Bank of New York or with a nationally or state-chartered bank that has or has had a significant banking relationship with a local agency.

(B) For purposes of this chapter, "significant banking relationship" means any of the following activities of a bank:

(i) Involvement in the creation, sale, purchase, or retirement of a local agency's bonds, warrants, notes, or other evidence of indebtedness.

(ii) Financing of a local agency's activities.

(iii) Acceptance of a local agency's securities or funds as deposits.

(5) (A) "Repurchase agreement" means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book-entry account may be used for book-entry delivery.

(B) "Securities," for purposes of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) "Reverse repurchase agreement" means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(D) "Securities lending agreement" means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn, agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. (E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, securities lending agreements, or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(k) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated "A" or better by an NRSRO. Purchases of medium-term notes shall not include other instruments authorized by this section and may not exceed 30 percent of the agency's moneys that may be invested pursuant to this section.

However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is not required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

(2) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 et seq.).

(4) If investment is in shares issued pursuant to paragraph (2), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs.

(5) The purchase price of shares of beneficial interest purchased pursuant to this subdivision shall not include commission that the companies may charge and shall not exceed 20 percent of the agency's moneys that may be invested pursuant to this section. However, no more than 10 percent of the agency's funds may be invested in shares of beneficial interest of any one mutual fund pursuant to paragraph (1).

(m) Moneys held by a trustee or fiscal agent and pledged to the payment or security of bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of a local agency, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements, may be invested in accordance with the statutory provisions governing the issuance of those bonds, indebtedness, or lease installment sale, or other agreement, or to the extent not inconsistent therewith or if there are no specific statutory provisions, in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance.

(n) Notes, bonds, or other obligations that are at all times secured by a valid first priority security interest in securities of the types listed by Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank that is not affiliated with the issuer of the secured obligation, and the security interest shall be perfected in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities in which the security interest is granted.

(1) "Child care facility" means a facility installed, operated, and maintained under this section for the nonresidential care of children as defined under applicable state licensing requirements for the facility.

(2) "Density bonus" means a floor area ratio bonus over the otherwise maximum allowable density permitted under the applicable zoning ordinance and land use elements of the general plan of a city, including a charter city, city and county, or county of:

(A) A maximum of five square feet of floor area for each one square foot of floor area contained in the child care facility for existing structures.

(B) A maximum of 10 square feet of floor area for each one square foot of floor area contained in the child care facility for new structures.

For purposes of calculating the density bonus under this section, both indoor and outdoor square footage requirements for the child care facility as set forth in applicable state child care licensing requirements shall be included in the floor area of the child care facility.

(3) "Developer" means the owner or other person, including a lessee, having the right under the applicable zoning ordinance of a city council, including a charter city council, city and county board of supervisors, or county board of supervisors to make an application for development approvals for the development or redevelopment of a commercial or industrial project.

(4) "Floor area" means as to a commercial or industrial project, the floor area as calculated under the applicable zoning ordinance of a city council, including a charter city council, city and county board of supervisors, or county board of supervisors and as to a child care facility, the total area contained within the exterior walls of the facility and all

outdoor areas devoted to the use of the facility in accordance with applicable state child care licensing requirements.

(b) A city council, including a charter city council, city and county board of supervisors, or county board of supervisors may establish a procedure by ordinance to grant a developer of a commercial or industrial project, containing at least 50,000 square feet of floor area, a density bonus when that developer has set aside at least 2,000 square feet of floor area and 3,000 outdoor square feet to be used for a child care facility. The granting of a bonus shall not preclude a city council, including a charter city council, city and county board of supervisors, or county board of supervisors from imposing necessary conditions on the project or on the additional square footage. Projects constructed under this section shall conform to height, setback, lot coverage, architectural review, site plan review, fees, charges, and other health, safety, and zoning requirements generally applicable to construction in the zone in which the property is located. A consortium with more than one developer may be permitted to achieve the threshold amount for the available density bonus with each developer's density bonus equal to the percentage participation of the developer. This facility may be located on the project site or may be located offsite as agreed upon by the developer and local agency. If the child care facility is not located on the site of the project, the local agency shall determine whether the location of the child care facility is appropriate and whether it conforms with the intent of this section. The child care facility shall be of a size to comply with all state licensing requirements in order to accommodate at least 40 children.

(c) The developer may operate the child care facility itself or may contract with a licensed child care provider to operate the facility. In all cases, the developer shall show ongoing coordination with a local child care resource and referral network or local governmental child care coordinator in order to qualify for the density bonus.

(d) If the developer uses space allocated for child care facility purposes, in accordance with subdivision (b), for purposes other than for a child care facility, an assessment based on the square footage of the project may be levied and collected by the city council, including a charter city council, city and county board of supervisors, or county board of supervisors. The assessment shall be consistent with the market value of the space. If the developer fails to have the space allocated for the child care facility within three years, from the date upon which the first temporary certificate of occupancy is granted, an assessment based on the square footage of the project may be levied and collected by the city council, including a charter city council, city and county board of supervisors, or county board of supervisors in accordance with procedures

to be developed by the legislative body of the city council, including a charter city council, city and county board of supervisors, or county board of supervisors. The assessment shall be consistent with the market value of the space. A penalty levied against a consortium of developers shall be charged to each developer in an amount equal to the developer's percentage square feet participation. Funds collected pursuant to this subdivision shall be deposited by the city council, including a charter city council, city and county board of supervisors, or county board of supervisors into a special account to be used for child care services or child care facilities.

(e) Once the child care facility has been established, prior to the closure, change in use, or reduction in the physical size of, the facility, the city, city council, including a charter city council, city and county board of supervisors, or county board of supervisors shall be required to make a finding that the need for child care is no longer present, or is not present to the same degree as it was at the time the facility was established.

(f) The requirements of Chapter 5 (commencing with Section 66000) and of the amendments made to Sections 53077, 54997, and 54998 by Chapter 1002 of the Statutes of 1987 shall not apply to actions taken in accordance with this section.

(g) This section shall not apply to a voter-approved ordinance adopted by referendum or initiative.

SEC. 113. Section 65962 of the Government Code is amended to read:

65962. (a) Notwithstanding any other provision of law, after the amendments required by Sections 65302.9 and 65860.1 have become effective, each city and county within the Sacramento-San Joaquin Valley shall not approve a discretionary permit or other discretionary entitlement, or a ministerial permit that would result in the construction of a new residence, for a project that is located within a flood hazard zone unless the city or county finds, based on substantial evidence in the record, one of the following:

(1) The facilities of the State Plan of Flood Control or other flood management facilities protect the project to the urban level of flood protection in urban and urbanizing areas or the national Federal Emergency Management Agency standard of flood protection in nonurbanized areas.

(2) The city or county has imposed conditions on the permit or discretionary entitlement that will protect the project to the urban level of flood protection in urban and urbanizing areas or the national Federal Emergency Management Agency standard of flood protection in nonurbanized areas.

(3) The local flood management agency has made adequate progress on the construction of a flood protection system which will result in flood protection equal to or greater than the urban level of flood protection in urban or urbanizing areas or the national Federal Emergency Management Agency standard of flood protection in nonurbanized areas for property located within a flood hazard zone, intended to be protected by the system. For urban and urbanizing areas protected by project levees, the urban level of flood protection shall be achieved by 2025.

(b) The effective date of amendments referred to in this section shall be the date upon which the statutes of limitation specified in subdivision (c) of Section 65009 have run or, if the amendments and any associated environmental documents are challenged in court, the validity of the amendments and any associated environmental documents has been upheld in a final decision.

(c) This section does not change or diminish existing requirements of local flood plain management laws, ordinances, resolutions, or regulations necessary to local agency participation in the national flood insurance program.

SEC. 114. Section 66474.5 of the Government Code is amended to read:

66474.5. (a) Notwithstanding any other provision of law, after the amendments required by Sections 65302.9 and 65860.1 have become effective, the legislative body of each city and county within the Sacramento-San Joaquin Valley shall deny approval of a tentative map, or a parcel map for which a tentative map was not required, for a subdivision that is located within a flood hazard zone unless the city or county finds, based on substantial evidence in the record, one of the following:

(1) The facilities of the State Plan of Flood Control or other flood management facilities protect the subdivision to the urban level of flood protection in urban and urbanizing areas or the national Federal Emergency Management Agency standard of flood protection in nonurbanized areas.

(2) The city or county has imposed conditions on the subdivision that will protect the project to the urban level of flood protection in urban and urbanizing areas or the national Federal Emergency Management Agency standard of flood protection in nonurbanized areas.

(3) The local flood management agency has made adequate progress on the construction of a flood protection system which will result in flood protection equal to or greater than the urban level of flood protection in urban or urbanizing areas or the national Federal Emergency Management Agency standard of flood protection in nonurbanized areas for property located within a flood hazard zone, intended to be protected

by the system. For urban and urbanizing areas protected by project levees, the urban level of flood protection shall be achieved by 2025.

(b) The effective date of amendments referred to in this section shall be the date upon which the statutes of limitation specified in subdivision (c) of Section 65009 have run or, if the amendments and any associated environmental documents are challenged in court, the validity of the amendments and any associated environmental documents has been upheld in a final decision.

(c) This section does not change or diminish existing requirements of local flood plain management laws, ordinances, resolutions, or regulations necessary to local agency participation in the national flood insurance program.

SEC. 115. Section 66474.62 of the Government Code is amended to read:

66474.62. In cities having a population of more than 2,800,000, a legislative body shall not deny approval of a final subdivision map pursuant to Section 66474.61 if it, the advisory agency, or the appeal board has previously approved a tentative map for the proposed subdivision and if it finds that the final map is in substantial compliance with the previously approved tentative map and with the conditions to the approval thereof.

SEC. 116. Section 66540.1 of the Government Code is amended to read:

66540.1. The Legislature hereby finds and declares all of the following:

(a) In 1999, based on the findings and analyses in a study sponsored by the Bay Area Council, the Legislature created the San Francisco Bay Area Water Transit Authority for purposes of preparing a bay area water transit implementation and operations plan and operating a comprehensive regional public water transportation system. In 2002, after two years of study, public hearings, collaboration with existing bay area transit and public transportation ferry service providers, and peer review, the San Francisco Bay Area Water Transit Authority submitted the required plan to the Legislature. The plan included rationale for expanded ferries, ridership projections and routes, potential terminal locations, capital, operating and maintenance costs, vessel specification, and emergency and safety response capabilities.

(b) While the efforts of the existing San Francisco Bay Area Water Transit Authority to develop a regional water transit plan are commendable, the country has seen several significant disasters, including the 9/11 tragedy and Hurricane Katrina, which have emphasized the need for coordinated emergency response. From the lessons learned from those events, it is apparent that the bay area's current emergency response

infrastructure is not sufficient to respond to emergencies of the magnitude witnessed in the past few years and anticipated in the future.

(c) In 2006, the Bay Area Council sponsored a study on the role a comprehensive public water transportation system would play in the bay area's emergency response infrastructure. The 2006 study found that a comprehensive water transportation system is vital to emergency preparedness and response for the region. If bridges, roads, highways, tunnels, and trains are out of service as a result of an emergency, only the waters of the bay are certain to remain open for traffic. However, current infrastructure and equipment capabilities are grossly inadequate. Ferry terminals exist in only a few locations on the bay, and the vessel fleet lacks the capacity to make up for even one out-of-service bridge. The few vessels that exist are in the hands of many different public and private owners and operators, and there is no detailed plan or identified leader to activate and coordinate them.

(d) The study further urged that action be taken immediately to strengthen and expand the regional public water transportation system so that the bay area would be prepared in the event of a catastrophic emergency. The San Francisco Bay area is almost certain to experience moderate to severe earthquakes in the foreseeable future. A major earthquake or a series of earthquakes on any of the region's faults would have the potential of closing thousands of area roads and rendering some or all transbay bridges and mass transit lines impassable. With the regional transportation system disabled, first responders would be unable to help tens of thousands of homeless, injured, and starving victims. A failure of transportation would be particularly devastating to the most vulnerable of our population, the elderly, children, and the poor. The loss of any portion of the regional transportation system, from either a natural or manmade disaster, would place lives and property at risk and would seriously undermine the San Francisco Bay area economy.

(e) It is the responsibility of the state to protect and preserve the right of its citizens to a safe and peaceful existence. To accomplish this goal and to minimize the destructive impact of disasters and other massive emergencies, the actions of numerous public agencies must be coordinated to effectively manage all four phases of emergency activity: preparedness, mitigation, response, and recovery. It is a matter of statewide interest to establish an expanded and coordinated regional water transportation system to provide necessary security, flexibility, and mobility for disaster response and recovery in the San Francisco Bay area. This transcends any local interest, and requires a single governmental entity with appropriate powers and scope of authority to serve this statewide interest.

(f) As emergencies and other catastrophic events are certain (only the timing is unpredictable), it is crucial for immediate action to be taken to develop and implement these emergency response strategies. It is not only impractical, but rather impossible, to cobble together an emergency water transportation system after the fact. It is a task of years, not months, to make the real changes and create the essential infrastructure for an integrated and comprehensive water transit emergency system. In light of the ever-present threat, it is imperative to begin this crucial effort without delay.

(g) The public interest requires swift action and steadfast resolve to prepare for the coming earthquakes, as well as other emergencies, with the speed and determination that is due for a threat of this magnitude. The water transit emergency response and recovery system must be fully implemented as quickly as possible, as if the lives of bay area residents depend on it, because they do.

(h) It is a matter of statewide interest to stimulate the maximum use of the San Francisco Bay for emergency response and recovery. The geographical situation of the San Francisco Bay makes it ideal for emergency response and recovery, but at the same time prevents the full utilization of the bay by acting as a physical barrier to an effective transportation system between the various jurisdictions surrounding the bay. Only a specially created local entity of regional government can freely operate in the numerous individual units of county, city and county, and city governments located in the area. In order to protect the lives and livelihoods of the bay area, the Legislature in this act establishes a new governmental entity specifically charged and empowered with the responsibility to plan, implement, and manage these critical services and facilities, as a matter of the utmost urgency.

SEC. 117. Section 66540.9 of the Government Code is amended to read:

66540.9. In order to properly plan and provide for emergency water transportation services and facilities, the authority shall have the authority to plan, develop, and operate all aspects of water transportation facilities within the bay area region, including, but not limited to, the location and development of terminals, parking lots and structures, and all other facilities and services necessary to serve passengers and other customers of the water transportation services system.

SEC. 118. Section 66540.10 of the Government Code is amended to read:

66540.10. The San Francisco Bay Area Water Transit Authority shall transfer the title and ownership of all property within its control and ownership to the authority. Funds necessary for the establishment and organization of the authority, as determined by the board, shall be

transferred immediately upon request by the authority. All other transfers shall be consistent with the transition plan required under subdivision (b) of Section 66540.32 and shall include, but not be limited to, all of the following:

(a) All real and personal property, including, but not limited to, all terminals, ferries, vehicles or facilities, parking facilities for passengers and employees, and related buildings and facilities convenient or necessary to operate, support, maintain, and manage the water transportation services system and its services to customers.

(b) All contracts with tenants, concessionaires, leaseholders, and others.

(c) All financial obligations secured by revenues and fees generated from the operations of the water transportation services system, including, but not limited to, bonded indebtedness associated with the water transportation services system.

(d) All financial reserves, including, but not limited to, sinking funds and other credits.

(e) All office equipment, including, but not limited to, computers, records and files, and software required for financial management, personnel management, and accounting and inventory systems.

SEC. 119. Section 66540.12 of the Government Code is amended to read:

66540.12. (a) The authority shall be governed by a board composed of five members, as follows:

(1) Three members shall be appointed by the Governor, subject to confirmation by the Senate. The Governor shall make the initial appointment of these members of the board no later than January 11, 2008.

(2) One member shall be appointed by the Senate Committee on Rules.

(3) One member shall be appointed by the Speaker of the Assembly.

(b) Each member of the board shall be a resident of a county in the bay area region.

(c) Public officers associated with an area of government, including planning or water, whether elected or appointed, may be appointed to serve contemporaneously as members of the board. A local jurisdiction or agency shall not have more than one representative on the board of the authority.

(d) The Governor shall designate one member as the chair of the board and one member as the vice chair of the board.

(e) The term of a member of the board shall be six years.

(f) Vacancies shall be filled immediately by the appointing power for the unexpired portion of the terms in which they occur.

SEC. 120. Section 66540.32 of the Government Code is amended to read:

66540.32. (a) The authority shall create and adopt, on or before July 1, 2009, an emergency water transportation system management plan for water transportation services in the bay area region in the event that bridges, highways, and other facilities are rendered wholly or significantly inoperable.

(b) The authority shall create and adopt, on or before January 1, 2009, a transition plan to facilitate the transfer of existing public transportation ferry services within the bay area region to the authority pursuant to this title. In the preparation of the transition plan, priority shall be given to ensuring continuity in the programs, services, and activities of existing public transportation ferry services.

(c) In developing the plans described in subdivisions (a) and (b), the authority shall cooperate to the fullest extent possible with the Metropolitan Transportation Commission, the state Office of Emergency Services, the Association of Bay Area Governments, and the San Francisco Bay Conservation and Development Commission, and shall, to the fullest extent possible, coordinate its planning with local agencies, including those local agencies that operated, or contracted for the operation of, public water transportation services as of January 1, 2008. To avoid duplication of work, the authority shall make maximum use of data and information available from the planning programs of the Metropolitan Transportation Commission, the state Office of Emergency Services, the Association of Bay Area Governments, the San Francisco Bay Conservation and Development Commission, the cities and counties in the San Francisco Bay area, and other public and private planning agencies. In addition, the authority shall consider both of the following:

(1) The San Francisco Bay Area Water Transit Implementation and Operations Plan adopted by the San Francisco Bay Area Water Transit Authority on July 10, 2003.

(2) Any other plan concerning water transportation within the bay area region developed or adopted by a general purpose local government or special district that operates or sponsors water transit, including, but not limited to, those water transportation services provided under agreement with a private operator.

(d) The authority shall prepare a specific transition plan for any transfer not anticipated by the transition plan required under subdivision (b).

(e) At least 45 days prior to adoption of the plans required by subdivisions (a) and (b), the authority shall provide a copy of the plan adopted pursuant to subdivision (a) and the plan adopted pursuant to subdivision (b) to each city and county in the bay area region. Any of

these cities or counties may provide comments on these plans to the authority.

SEC. 121. Section 66540.34 of the Government Code, as added by Section 2, first occurrence, of Chapter 734 of the Statutes of 2007, is amended and renumbered to read:

66540.33. The authority shall refer for recommendation the plans of routes, rights of way, terminals, yards, and related facilities and improvements to the city councils and boards of supervisors within the jurisdiction of which those facilities and improvements lie and to other state, regional, and local agencies and commissions as may be deemed appropriate by the authority. The authority shall give due consideration to all recommendations submitted.

SEC. 122. Section 66540.54 of the Government Code is amended to read:

66540.54. (b) The authority shall contract with an independent certified public accountant for an annual audit of the financial records, books, and performance of the authority. The accountant shall submit a report of the audit to the board and the board shall make copies of the report available to the public and the appropriate policy and fiscal committees of the Legislature.

SEC. 123. Section 69615 of the Government Code is amended to read:

69615. (a) It is the intent of the Legislature in enacting this section to restore an appropriate balance between subordinate judicial officers and judges in the trial courts by providing for the conversion, as needed, of subordinate judicial officer positions to judgeships in courts that assign subordinate judicial officers to act as temporary judges. The Legislature finds that these positions must be converted to judgeships in order to ensure that critical case types, including family, probate, and juvenile law matters, can be heard by judges.

(b) (1) (A) Sixteen subordinate judicial officer positions in eligible superior courts, as determined by the Judicial Council pursuant to uniform criteria for determining the need for converting existing subordinate judicial officer positions to superior court judgeships, shall be converted to judgeships as set forth in paragraph (2).

(B) Upon subsequent authorization by the Legislature, 146 subordinate judicial officer positions in eligible superior courts, as determined by

the Judicial Council pursuant to uniform criteria for determining the need for converting existing subordinate judicial officer positions to superior court judgeships, shall be converted to judgeships as set forth in paragraphs (2) and (3), except that no more than 16 subordinate judicial officer positions may be converted in any fiscal year.

(2) The positions for conversion shall be allocated each fiscal year pursuant to uniform allocation standards to be developed by the Judicial Council for factually determining the relative judicial need for conversion of a subordinate judicial officer position that becomes vacant to a superior court judgeship position.

(3) Beginning in the 2008–09 fiscal year, a subordinate judicial officer position shall be converted to a judgeship when all of the following conditions are met:

(A) A vacancy occurs in a subordinate judicial officer position in an eligible superior court as determined by the uniform allocation standards described in paragraph (2).

(B) The Judicial Council files notice of the vacancies and allocations with the Chairperson of the Senate Committee on Rules, the Speaker of the Assembly, and the Chairpersons of the Senate and Assembly Committees on Judiciary.

(C) The proposed action is ratified by the Legislature, either in the annual Budget Act or another legislative measure.

(4) Section 12011.5 shall apply to an appointment to a superior court judgeship converted from a subordinate judicial officer position.

(c) For purposes of this section, "subordinate judicial officer" means an officer appointed under the authority of Section 22 of Article VI of the California Constitution. This section shall not apply to a subordinate judicial officer position established by Section 4251 of the Family Code.

(d) It is the intent of the Legislature that no subordinate judicial officer shall involuntarily lose his or her position solely due to operation of this section. This section does not change the employment relationship between subordinate judicial officers and the trial courts established by law.

(e) This section does not limit the authority of the Governor to appoint a person to fill a vacancy pursuant to subdivision (c) of Section 16 of Article VI of the California Constitution.

(f) This section does not entitle a court to an increase in funding.

(g) The operation of this section shall neither increase nor decrease the number of judicial and subordinate judicial officer positions and court support positions for which a county is responsible by law.

SEC. 124. Section 70375 of the Government Code is amended to read:

(b) In each county, the five-dollar ($5) penalty amount authorized by subdivision (a) of Section 70372 shall be reduced by the following:

(1) The amount collected for deposit into the local courthouse construction fund established pursuant to Section 76100. If a county board of supervisors elects to distribute part of the county penalty authorized by Section 76000 to the local courthouse construction fund, the amount of the contribution for each seven dollars ($7) is the difference between seven dollars ($7) and the amount shown for the county penalty in subdivision (e) of Section 76000.

(2) The amount collected for transmission to the state for inclusion in the Transitional State Court Facilities Construction Fund established pursuant to Section 70401 to the extent it is funded by moneys from the local courthouse construction fund.

(c) The authority for all of the following shall expire proportionally on June 30 following the date of transfer of responsibility for facilities from the county to the Judicial Council, except so long as moneys are needed to pay for construction provided for in those sections and undertaken prior to the transfer of responsibility for facilities from the county to the Judicial Council:

(1) An additional penalty for a local courthouse construction fund established pursuant to Section 76100.

(2) A filing fee surcharge in the County of Riverside established pursuant to Section 70622.

(3) A filing fee surcharge in the County of San Bernardino established pursuant to Section 70624.

(4) A filing fee surcharge in the City and County of San Francisco established pursuant to Section 70625.

(d) For purposes of subdivision (c), "proportionally" means the proportion of the fee or surcharge that shall expire upon the transfer of responsibility for a facility that is the same proportion as the square footage that facility bears to the total square footage of court facilities in that county.

SEC. 125. Section 70391 of the Government Code is amended to read:

70391. The Judicial Council, as the policymaking body for the judicial branch, shall have the following responsibilities and authorities with regard to court facilities, in addition to any other responsibilities or authorities established by law:

by the state, including, but not limited to, the acquisition and development of facilities.

(b) Exercise the full range of policymaking authority over trial court facilities, including, but not limited to, planning, construction, acquisition, and operation, to the extent not expressly otherwise limited by law.

(c) Dispose of surplus court facilities following the transfer of responsibility under Article 3 (commencing with Section 70321), subject to all of the following:

(1) If the property was a court facility previously the responsibility of the county, the Judicial Council shall comply with the requirements of Section 11011, and as follows, except that, notwithstanding any other provision of law, the proportion of the net proceeds that represents the proportion of other state funds used on the property other than for operation and maintenance shall be returned to the fund from which it came and the remainder of the proceeds shall be deposited in the State Court Facilities Construction Fund.

(2) The Judicial Council shall consult with the county concerning the disposition of the facility. Notwithstanding any other law, including Section 11011, when requested by the transferring county, a surplus facility shall be offered to that county at fair market value prior to being offered to another state agency or local government agency.

(3) The Judicial Council shall consider whether the potential new or planned use of the facility:

(B) Unreasonably departs from the historic or local character of the surrounding property or local community.

(C) Has a negative impact on the local community.

(D) Unreasonably interferes with other governmental agencies that use or are located in or adjacent to the building containing the court facility.

(E) Is of sufficient benefit to outweigh the public good in maintaining it as a court facility or building.

(4) All funds received for disposal of surplus court facilities shall be deposited by the Judicial Council in the State Court Facilities Construction Fund.

(5) If the facility was acquired, rehabilitated, or constructed, in whole or in part, with moneys in the State Court Facilities Construction Fund that were deposited in that fund from the state fund, any funds received for disposal of that facility shall be apportioned to the state fund and the State Court Facilities Construction Fund in the same proportion that the original cost of the building was paid from the state fund and other sources of the State Court Facilities Construction Fund.

(6) Submission of a plan to the Legislature for the disposition of court facilities transferred to the state prior to, or as part of, a budget submission to fund a new courthouse that will replace the existing court facilities transferred to the state.

(d) Conduct audits of all of the following:

(1) The collection of fees by the local courts.

(2) The moneys in local courthouse construction funds established pursuant to Section 76100.

(e) Establish policies, procedures, and guidelines for ensuring that the courts have adequate and sufficient facilities, including, but not limited to, facilities planning, acquisition, construction, design, operation, and maintenance.

(i) Manage shared-use facilities to the extent required by the agreement under Section 70343.

(1) Selecting and contracting with facility consultants.

(2) Preparing and reviewing architectural programs and designs for court facilities.

(3) Preparing strategic master and five-year capital facilities plans.

(4) Major maintenance of a facility.

SEC. 126. Section 76000 of the Government Code is amended to read:

76000. (a) (1) Except as otherwise provided in this section, in each county there shall be levied an additional penalty in the amount of seven

dollars ($7) for every ten dollars ($10), or part of ten dollars ($10), upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including all offenses involving a violation of the Vehicle Code or a local ordinance adopted pursuant to the Vehicle Code.

(2) The additional penalty shall be collected together with and in the same manner as the amounts established by Section 1464 of the Penal Code. The moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code. The county treasurer shall deposit those amounts specified by the board of supervisors by resolution in one or more of the funds established pursuant to this chapter. However, deposits to these funds shall continue through whatever period of time is necessary to repay any borrowings made by the county on or before January 1, 1991, to pay for construction provided for in this chapter.

(3) This additional penalty does not apply to the following:

(A) A restitution fine.

(B) A penalty authorized by Section 1464 of the Penal Code or this chapter.

(C) A parking offense subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.

(D) The state surcharge authorized by Section 1465.7 of the Penal Code.

(b) In each authorized county, provided that the board of supervisors has adopted a resolution stating that the implementation of this subdivision is necessary to the county for the purposes authorized, with respect to each authorized fund established pursuant to Section 76100 or 76101, for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added penalty of two dollars and fifty cents ($2.50) shall be included in the total penalty, fine, or forfeiture. Except as provided in subdivision (c), for each parking case collected in the courts of the county, the county treasurer shall place in each authorized fund two dollars and fifty cents ($2.50). The moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1462.3 or 1463.009 of the Penal Code. The judges of the county shall increase the bail schedule amounts as appropriate to reflect the added penalty provided for by this section. In cities, districts, or other issuing agencies that elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, the city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section. Each agency that elects to process parking violations shall pay to the county treasurer two dollars and fifty

(a) (1) Except as otherwise provided in this section, for the purpose of implementing the DNA Fingerprint, Unsolved Crime and Innocence Protection Act (Proposition 69), as approved by the voters at the November 2, 2004, statewide general election, there shall be levied an additional penalty of one dollar ($1) for every ten dollars ($10), or part of ten dollars ($10), in each county upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including all offenses involving a violation of the Vehicle Code or a local ordinance adopted pursuant to the Vehicle Code.

(C) In the fourth calendar year following the effective date of this section and in each calendar year thereafter, 25 percent of the amounts collected, including interest earned thereon.

(3) Funds remaining in the county's DNA Identification Fund shall be used only to reimburse local sheriff or other law enforcement agencies to collect DNA specimens, samples, and print impressions pursuant to this chapter; for expenditures and administrative costs made or incurred to comply with the requirements of paragraph (5) of subdivision (b) of Section 298 of the Penal Code, including the procurement of equipment and software integral to confirming that a person qualifies for entry into the Department of Justice DNA and Forensic Identification Database and Data Bank Program; and to local sheriff, police, district attorney, and regional state crime laboratories for expenditures and administrative costs made or incurred in connection with the processing, analysis, tracking, and storage of DNA crime scene samples from cases in which DNA evidence would be useful in identifying or prosecuting suspects, including the procurement of equipment and software for the processing, analysis, tracking, and storage of DNA crime scene samples from unsolved cases.

(4) The state's DNA Identification Fund shall be administered by the Department of Justice. Funds in the state's DNA Identification Fund, upon appropriation by the Legislature, shall be used by the Attorney General only to support DNA testing in the state and to offset the impacts of increased testing and shall be allocated as follows:

(c) On or before April 1 in the year following adoption of this section, and annually thereafter, the board of supervisors of each county shall submit a report to the Legislature and the Department of Justice. The report shall include the total amount of fines collected and allocated pursuant to this section, and the amounts expended by the county for each program authorized pursuant to paragraph (3) of subdivision (b). The Department of Justice shall make the reports publicly available on the department's Internet Web site.

(d) All requirements imposed on the Department of Justice pursuant to the DNA Fingerprint, Unsolved Crime and Innocence Protection Act are contingent upon the availability of funding and are limited by revenue, on a fiscal year basis, received by the Department of Justice pursuant to this section and any additional appropriation approved by the Legislature for purposes related to implementing this act.

(e) Upon approval of the DNA Fingerprint, Unsolved Crime and Innocence Protection Act, the Legislature shall lend the Department of Justice General Fund in the amount of seven million dollars ($7,000,000) for purposes of implementing the act. 77200. On and after July 1, 1997, the state shall assume sole responsibility for the funding of court operations, as defined in Section 77003 and Rule 10.810 of the California Rules of Court as it read on January 1, 2007. In meeting this responsibility, the state shall do all of the following:

(3) Except as otherwise specifically provided in this section, county remittances specified in paragraphs (1) and (2) shall not be increased in subsequent years.

(4) Except for those counties with a population of 70,000 or fewer on January 1, 1996, the amount a county is required to remit pursuant to paragraph (1) shall be adjusted by the amount equal to any adjustment resulting from the procedures in subdivisions (c) and (d) of Section 77201 as that section read on June 30, 1998, to the extent a county filed an appeal with the Controller with respect to the findings made by the Department of Finance. This paragraph shall not be construed to establish a new appeal process beyond what was provided by Section 77201, as that section read on June 30, 1998.

(5) A change in statute or rule of court that either reduces the bail schedule or redirects or reduces a county's portion of fee, fine, and forfeiture revenue to an amount that is less than (A) the fees, fines, and forfeitures retained by that county, and (B) the county's portion of fines and forfeitures transmitted to the state in the 1994–95 fiscal year, shall reduce that county's remittance specified in paragraph (2) of this subdivision by an equal amount. This paragraph is not intended to limit judicial sentencing discretion.

(6) In the 2005–06 fiscal year, the amount that the County of Santa Clara is required to remit to the state under paragraph (2) shall be reduced as described in this paragraph, rather than as described in subdivision (b) of Section 68085.7. It is the intent of the Legislature that this paragraph have retroactive effect.

(A) For the County of Santa Clara, the remittance under this subdivision for the 2005–06 fiscal year shall be reduced by an amount equal to one-half of the amount calculated by subtracting the budget reduction for the Superior Court of Santa Clara County for that fiscal year attributable to the reduction of the counties' payment obligation from thirty-one million dollars ($31,000,000) pursuant to subdivision (a) of Section 68085.6 from the net civil assessments received in that county in that fiscal year. "Net civil assessments" as used in this paragraph means the amount of civil assessments collected minus the

costs of collecting those civil assessments, under the guidelines of the Controller.

(B) The reduction under this paragraph of the amount that the County of Santa Clara is required to remit to the state for the 2005–06 fiscal year shall not exceed two million five hundred thousand dollars ($2,500,000). If the reduction reaches two million five hundred thousand dollars ($2,500,000), the amount the county is required to remit to the state under paragraph (2) of subdivision (a) of Section 77201.3 in each subsequent fiscal year shall be eight million four hundred sixty-one thousand two hundred ninety-three dollars ($8,461,293).

(C) This paragraph does not affect the reduction of the annual remittance for the County of Santa Clara as provided in Section 68085.2.

(7) Notwithstanding the changes to the amounts in paragraph (2) made by Section 68085.7 or any other section, the amounts in paragraph (2) shall not be changed for purposes of the calculation required by subdivision (a) of Section 77205.

(c) This section is not intended to relieve a county of the responsibility to provide necessary and suitable court facilities pursuant to Section 70311.

(d) This section is not intended to relieve a county of the responsibility for justice-related expenses not included in Section 77003 which are otherwise required of the county by law, including, but not limited to, indigent defense representation and investigation, and payment of juvenile justice charges.

(e) County base year remittance requirements specified in paragraph (2) of subdivision (b) incorporate specific reductions to reflect those instances where the Department of Finance has determined that a county's remittance to both the General Fund and the Trial Court Trust Fund during the 1994–95 fiscal year exceeded the aggregate amount of state funding from the General Fund and the Trial Court Trust Fund. The amount of the reduction was determined by calculating the difference between the amount the county remitted to the General Fund and the Trial Court Trust Fund and the aggregate amount of state support from the General Fund and the Trial Court Trust Fund allocated to the county's trial courts. In making its determination of whether a county is entitled to a reduction pursuant to paragraph (2) of subdivision (b), the Department of Finance subtracted from county revenues remitted to the state, all moneys derived from the fee required by Section 42007.1 of the Vehicle Code and the parking surcharge required by subdivision (c) of Section 76000 of this code.

(f) Notwithstanding subdivision (e), the Department of Finance shall not reduce a county's base year remittance requirement, as specified in paragraph (2) of subdivision (b), if the county's trial court funding

allocation was modified pursuant to the amendments to the allocation formula set forth in paragraph (4) of subdivision (d) of Section 77200, as amended by Chapter 2 of the Statutes of 1993, to provide a stable level of funding for small county courts in response to reductions in the General Fund support for the trial courts.

(g) In any fiscal year in which a county of the first class pays the employer-paid retirement contribution for court employees, or other employees of the county who provide a service to the court, and the amounts of those payments are charged to the budget of the courts, the sum the county is required to pay to the state pursuant to paragraph (1) of subdivision (b) shall be increased by the actual amount charged to the trial court up to twenty-three million five hundred twenty-seven thousand nine hundred forty-nine dollars ($23,527,949) in that fiscal year. The county and the trial court shall report to the Controller and the Department of Finance the actual amount charged in that fiscal year.

SEC. 132. Section 95001 of the Government Code is amended to read:

95001. (a) The Legislature hereby finds and declares all of the following:

(1) There is a need to provide appropriate early intervention services individually designed for infants and toddlers from birth to two years of age, inclusive, who have disabilities or are at risk of having disabilities, to enhance their development and to minimize the potential for developmental delays.

(2) Early intervention services for infants and toddlers with disabilities or who are at risk of having disabilities represent an investment of resources, in that these services reduce the ultimate costs to our society, by minimizing the need for special education and related services in later school years and by minimizing the likelihood of institutionalization. These services also maximize the ability of families to better provide for the special needs of their children. Early intervention services for infants and toddlers with disabilities maximize the potential of the individuals to be effective in the context of daily life and activities, including the potential to live independently, and exercise the full rights of citizenship. The earlier intervention is started, the greater is the ultimate cost-effectiveness and the higher is the educational attainment and quality of life achieved by children with disabilities.

(3) The family is the constant in the child's life, while the service system and personnel within those systems fluctuate. Because the primary responsibility of an infant's or toddler's well-being rests with the family, services should support and enhance the family's capability to meet the special developmental needs of their infant or toddler with disabilities.

(4) Family-to-family support strengthens families' ability to fully participate in services planning and their capacity to care for their infants or toddlers with disabilities.

(5) Meeting the complex needs of infants with disabilities and their families requires active state and local coordinated, collaborative, and accessible service delivery systems that are flexible, culturally competent, and responsive to family-identified needs. When health, developmental, educational, and social programs are coordinated, they are proven to be cost effective, not only for systems, but for families as well.

(6) Family-professional collaboration contributes to changing the ways that early intervention services are provided and to enhancing their effectiveness.

(7) Infants and toddlers with disabilities are a part of their communities, and as citizens make valuable contributions to society as a whole.

(b) Therefore, it is the intent of the Legislature that:

(1) Funding provided under Part C of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1431 et seq.) be used to improve and enhance early intervention services as defined in this title by developing innovative ways of providing family focused, coordinated services, which are built upon existing systems.

(2) The State Department of Developmental Services, the State Department of Education, the State Department of Health Care Services, the State Department of Mental Health, the State Department of Social Services, and the State Department of Alcohol and Drug Programs coordinate services to infants and toddlers with disabilities and their families. These agencies need to collaborate with families and communities to provide a family-centered, comprehensive, multidisciplinary, interagency, community-based, early intervention system for infants and toddlers with disabilities.

(3) Families be well informed, supported, and respected as capable and collaborative decisionmakers regarding services for their child.

(4) Professionals be supported to enhance their training and maintain a high level of expertise in their field, as well as knowledge of what constitutes most effective early intervention practices.

(5) Families and professionals join in collaborative partnerships to develop early intervention services that meet the needs of infants and toddlers with disabilities, and that those partnerships be the basis for the development of services that meet the needs of the culturally and linguistically diverse population of California.

(6) To the maximum extent possible, infants and toddlers with disabilities and their families be provided services in the most natural

environment, and include the use of natural supports and existing community resources.

(7) The services delivery system be responsive to the families and children it serves within the context of cooperation and coordination among the various agencies.

(8) Early intervention program quality be ensured and maintained through established early intervention program and personnel standards.

(9) The early intervention system be responsive to public input and participation in the development of implementation policies and procedures for early intervention services through the forum of an interagency coordinating council established pursuant to federal regulations under Part C of the federal Individuals with Disabilities Education Act.

(c) It is not the intent of the Legislature to require the State Department of Education to implement this title unless adequate reimbursement, as specified and agreed to by the department, is provided to the department from federal funds from Part C of the federal Individuals with Disabilities Education Act.

SEC. 133. Section 95003 of the Government Code, as amended by Section 106 of Chapter 56 of the Statutes of 2007, is amended to read:

95003. (a) The state's participation in Part C of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1431 et seq.) shall be contingent on the receipt of federal funds to cover the costs of complying with the federal statutes and regulations that impose new requirements on the state. The State Department of Developmental Services and the State Department of Education annually shall report to the Department of Finance during preparation of the Governor's Budget, and the May Revision, the budget year costs and federal funds projected to be available.

(b) If the amount of funding provided by the federal government pursuant to Part C of the federal Individuals with Disabilities Education Act for the 1993–94 fiscal year, or any fiscal year thereafter, is not sufficient to fund the full increased costs of participation in this federal program by the local educational agencies, as required pursuant to this title, for infants and toddlers from birth to two years of age, inclusive, identified pursuant to Section 95014, and that lack of federal funding would require an increased contribution from the General Fund or a contribution from a local educational agency in order to fund those required and supplemental costs, the state shall terminate its participation in the program. Termination of the program shall occur on July 1 if local educational agencies have been notified of the termination prior to March 10 of that calendar year. If this notification is provided after March 10 of a calendar year, then termination shall not occur earlier than July 1

of the subsequent calendar year. The voluntary contribution by a state or local agency of funding for any of the programs or services required pursuant to this title shall not constitute grounds for terminating the state's participation in that federal program. It is the intent of the Legislature that if the program terminates, the termination shall be carried out in an orderly manner with notification of parents and certificated personnel.

(c) This title shall remain in effect only until the state terminates its participation in Part C of the federal Individuals with Disabilities Education Act for individuals from birth to two years of age, inclusive, and notifies the Secretary of the Senate of the termination, and as of that later date is repealed. As the lead agency, the State Department of Developmental Services, upon notification by the Department of Finance or the State Department of Education as to the insufficiency of federal funds and the termination of this program, shall be responsible for the payment of services pursuant to this title when no other agency or department is required to make these payments.

SEC. 134. Section 95020 of the Government Code is amended to read:

95020. (a) An eligible infant or toddler shall have an individualized family service plan. The individualized family service plan shall be used in place of an individualized education program required pursuant to Sections 4646 and 4646.5 of the Welfare and Institutions Code, the individualized program plan required pursuant to Section 56340 of the Education Code, or any other applicable service plan.

(b) For an infant or toddler who has been evaluated for the first time, a meeting to share the results of the evaluation, to determine eligibility and, for children who are eligible, to develop the initial individualized family service plan shall be conducted within 45 calendar days of receipt of the written referral. Evaluation results and determination of eligibility may be shared in a meeting with the family prior to the individualized family service plan. Written parent consent to evaluate and assess shall be obtained within the 45-day timeline. A regional center, local educational agency, or the designee of one of those entities shall initiate and conduct this meeting. Families shall be afforded the opportunity to participate in all decisions regarding eligibility and services.

(c) Parents shall be fully informed of their rights, including the right to invite another person, including a family member or an advocate or peer parent, or any or all of them, to accompany them to any or all individualized family service plan meetings. With parental consent, a referral shall be made to the local family resource center or network.

(d) The individualized family service plan shall be in writing and shall address all of the following:

(1) A statement of the infant's or toddler's present levels of physical development including vision, hearing, and health status, cognitive development, communication development, social and emotional development, and adaptive developments.

(2) With the concurrence of the family, a statement of the family's concerns, priorities, and resources related to meeting the special developmental needs of the eligible infant or toddler.

(3) A statement of the major outcomes expected to be achieved for the infant or toddler and family where services for the family are related to meeting the special developmental needs of the eligible infant or toddler.

(4) The criteria, procedures, and timelines used to determine the degree to which progress toward achieving the outcomes is being made and whether modifications or revisions are necessary.

(5) A statement of the specific early intervention services necessary to meet the unique needs of the infant or toddler as identified in paragraph (3), including, but not limited to, the frequency, intensity, location, duration, and method of delivering the services, and ways of providing services in natural environments.

(6) A statement of the agency responsible for providing the identified services.

(7) The name of the service coordinator who shall be responsible for facilitating implementation of the plan and coordinating with other agencies and persons.

(8) The steps to be taken to ensure transition of the infant or toddler upon reaching three years of age to other appropriate services. These may include, as appropriate, special education or other services offered in natural environments.

(9) The projected dates for the initiation of services in paragraph (5) and the anticipated duration of those services.

(e) Each service identified on the individualized family service plan shall be designated as one of three types:

(1) An early intervention service, as defined in subsection (4) of Section 1432 of Title 20 of the United States Code, and applicable regulations, that is provided or purchased through the regional center, local educational agency, or other participating agency. The State Department of Health Care Services, State Department of Social Services, State Department of Mental Health, and State Department of Alcohol and Drug Programs shall provide services in accordance with state and federal law and applicable regulations, and up to the level of funding as appropriated by the Legislature. Early intervention services identified on an individualized family service plan that exceed the funding, statutory, and regulatory requirements of these departments shall be

provided or purchased by regional centers or local educational agencies under subdivisions (b) and (c) of Section 95014. The State Department of Health Care Services, State Department of Social Services, State Department of Mental Health, and State Department of Alcohol and Drug Programs shall not be required to provide early intervention services over their existing funding, statutory, and regulatory requirements.

(2) Another service, other than those specified in paragraph (1), which the eligible infant or toddler or his or her family may receive from other state programs, subject to the eligibility standards of those programs.

(3) A referral to a nonrequired service that may be provided to an eligible infant or toddler or his or her family. Nonrequired services are those services that are not defined as early intervention services or do not relate to meeting the special developmental needs of an eligible infant or toddler related to the disability, but which may be helpful to the family. The granting or denial of nonrequired services by a public or private agency is not subject to appeal under this title.

(f) An annual review, and other periodic reviews, of the individualized family service plan for an infant or toddler and the infant's or toddler's family shall be conducted to determine the degree of progress that is being made in achieving the outcomes specified in the plan and whether modification or revision of the outcomes or services is necessary. The frequency, participants, purpose, and required processes for annual and periodic reviews shall be consistent with the statutes and regulations under Part C of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1431 et seq.) and this title, and shall be specified in regulations adopted pursuant to Section 95028.

SEC. 136. Section 1250.8 of the Health and Safety Code is amended to read:

1250.8. (a) Notwithstanding subdivision (a) of Section 127170, the department, upon application of a general acute care hospital that meets all the criteria of subdivision (b), and other applicable requirements of licensure, shall issue a single consolidated license to a general acute care hospital that includes more than one physical plant maintained and operated on separate premises or that has multiple licenses for a single health facility on the same premises. A single consolidated license shall not be issued where the separate freestanding physical plant is a skilled nursing facility or an intermediate care facility, whether or not the location of the skilled nursing facility or intermediate care facility is contiguous to the general acute care hospital unless the hospital is exempt from the requirements of subdivision (b) of Section 1254, or the facility is part of the physical structure licensed to provide acute care.

(b) The issuance of a single consolidated license shall be based on the following criteria:

(1) There is a single governing body for all the facilities maintained and operated by the licensee.

(2) There is a single administration for all the facilities maintained and operated by the licensee.

(3) There is a single medical staff for all the facilities maintained and operated by the licensee, with a single set of bylaws, rules, and regulations, which prescribe a single committee structure.

If an applicant provides evidence satisfactory to the department that it can comply with all requirements of licensure and provide quality care and adequate administrative and professional supervision, the director may issue a single consolidated license to a general acute care hospital that operates two or more physical plants located more than 15 miles apart under any of the following circumstances:

(A) One or more of the physical plants is located in a rural area, as defined by regulations of the director.

(B) One or more of the physical plants provides only outpatient services, as defined by the department.

(C) If Section 14105.986 of the Welfare and Institutions Code is implemented and the applicant meets all of the following criteria:

(c) In issuing the single consolidated license, the state department shall specify the location of each supplemental service and the location of the number and category of beds provided by the licensee. The single consolidated license shall be renewed annually.

(d) To the extent required by Chapter 1 (commencing with Section127125) of Part 2 of Division 107, a general acute care hospital that has been issued a single consolidated license:

(1) Shall not transfer from one facility to another a special service described in Section 1255 without first obtaining a certificate of need.

(2) Shall not transfer, in whole or in part, from one facility to another, a supplemental service, as defined in regulations of the director pursuant to this chapter, without first obtaining a certificate of need, unless the licensee, 30 days prior to the relocation, notifies the Office of Statewide

Health Planning and Development, the applicable health systems agency, and the state department of the licensee's intent to relocate the supplemental service, and includes with this notice a cost estimate, certified by a person qualified by experience or training to render the estimates, which estimates that the cost of the transfer will not exceed the capital expenditure threshold established by the Office of Statewide Health Planning and Development pursuant to Section 127170.

(3) Shall not transfer beds from one facility to another facility, without first obtaining a certificate of need unless, 30 days prior to the relocation, the licensee notifies the Office of Statewide Health Planning and Development, the applicable health systems agency, and the state department of the licensee's intent to relocate health facility beds, and includes with this notice both of the following:

(A) A cost estimate, certified by a person qualified by experience or training to render the estimates, which estimates that the cost of the relocation will not exceed the capital expenditure threshold established by the Office of Statewide Health Planning and Development pursuant to Section 127170.

(B) The identification of the number, classification, and location of the health facility beds in the transferor facility and the proposed number, classification, and location of the health facility beds in the transferee facility.

Except as otherwise permitted in Chapter 1 (commencing with Section 127125) of Part 2 of Division 107, or as authorized in an approved certificate of need pursuant to that chapter, health facility beds transferred pursuant to this section shall be used in the transferee facility in the same bed classification as defined in Section 1250.1, as the beds were classified in the transferor facility.

Health facility beds transferred pursuant to this section shall not be transferred back to the transferor facility for two years from the date of the transfer, regardless of cost, without first obtaining a certificate of need pursuant to Chapter 1 (commencing with Section 127125) of Part 2 of Division 107.

(e) Transfers pursuant to subdivision (d) shall satisfy all applicable requirements of licensure and shall be subject to the written approval, if required, of the state department. The state department may adopt regulations that are necessary to implement this section. These regulations may include a requirement that each facility of a health facility subject to a single consolidated license have an onsite full-time or part-time administrator.

(f) As used in this section, "facility" means a physical plant operated or maintained by a health facility subject to a single, consolidated license issued pursuant to this section.

(g) For purposes of selective provider contracts negotiated under the Medi-Cal program, the treatment of a health facility with a single consolidated license issued pursuant to this section shall be subject to negotiation between the health facility and the California Medical Assistance Commission. A general acute care hospital that is issued a single consolidated license pursuant to this section may, at its option, be enrolled in the Medi-Cal program as a single business address or as separate business addresses for one or more of the facilities subject to the single consolidated license. Irrespective of whether the general acute care hospital is enrolled at one or more business addresses, the department may require the hospital to file separate cost reports for each facility pursuant to Section 14170 of the Welfare and Institutions Code.

(h) For purposes of the Annual Report of Hospitals required by regulations adopted by the state department pursuant to this part, the state department and the Office of Statewide Health Planning and Development may require reporting of bed and service utilization data separately by each facility of a general acute care hospital issued a single consolidated license pursuant to this section.

(i) The amendments made to this section during the 1985–86 Regular Session of the Legislature pertaining to the issuance of a single consolidated license to a general acute care hospital in the case where the separate physical plant is a skilled nursing facility or intermediate care facility shall not apply to the following facilities:

(1) A facility that obtained a certificate of need after August 1, 1984, and prior to February 14, 1985, as described in this subdivision. The certificate of need shall be for the construction of a skilled nursing facility or intermediate care facility that is the same facility for which the hospital applies for a single consolidated license, pursuant to subdivision (a).

(2) A facility for which a single consolidated license has been issued pursuant to subdivision (a), as described in this subdivision, prior to the effective date of the amendments made to this section during the 1985–86 Regular Session of the Legislature.

A facility that has been issued a single consolidated license pursuant to subdivision (a), as described in this subdivision, shall be granted renewal licenses based upon the same criteria used for the initial consolidated license.

(j) If the state department issues a single consolidated license pursuant to this section, the state department may take any action authorized by this chapter, including, but not limited to, any action specified in Article 5 (commencing with Section 1294), with respect to a facility, or a service provided in a facility, that is included in the consolidated license.

(k) The eligibility for participation in the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the

Welfare and Institutions Code) of a facility that is included in a consolidated license issued pursuant to this section, provides outpatient services, and is located more than 15 miles from the health facility issued the consolidated license shall be subject to a determination of eligibility by the state department. This subdivision shall not apply to a facility that is located in a rural area and is included in a consolidated license issued pursuant to subparagraphs (A), (B), and (C) of paragraph (4) of subdivision (b). Regardless of whether a facility has received or not received a determination of eligibility pursuant to this subdivision, this subdivision shall not affect the ability of a licensed professional, providing services covered by the Medi-Cal program to a person eligible for Medi-Cal in a facility subject to a determination of eligibility pursuant to this subdivision, to bill the Medi-Cal program for those services provided in accordance with applicable regulations.

(*l*) Notwithstanding any other provision of law, the director may issue a single consolidated license for a general acute care hospital to Children's Hospital Oakland and San Ramon Regional Medical Center.

(m) Notwithstanding any other provision of law, the director may issue a single consolidated license for a general acute care hospital to Children's Hospital Oakland and the John Muir Medical Center, Concord Campus.

(n) (1) To the extent permitted by federal law, payments made to Children's Hospital Oakland pursuant to Section 14166.11 of the Welfare and Institutions Code shall be adjusted as follows:

(B) The number of Medi-Cal payment days calculated for hospital beds located at John Muir Medical Center, Concord Campus that are included in the consolidated license beginning in the 2007–08 fiscal year shall only be used for purposes of calculating disproportionate share hospital payments authorized under Section 14166.11 of the Welfare and Institutions Code at Children's Hospital Oakland to the extent that the inclusion of those days does not exceed the total Medi-Cal payment days used to calculate Children's Hospital Oakland payments for the 2006–07 fiscal year disproportionate share replacement.

(2) This subdivision shall become inoperative in the event that the two facilities covered under the consolidated license described in subdivision (a) are located within a 15-mile radius of each other.

1348.8. (a) A health care service plan that provides, operates, or contracts for, telephone medical advice services to its enrollees and subscribers shall do all of the following:

(1) Ensure that the in-state or out-of-state telephone medical advice service is registered pursuant to Chapter 15 (commencing with Section 4999) of Division 2 of the Business and Professions Code.

(2) Ensure that the staff providing telephone medical advice services for the in-state or out-of-state telephone medical advice service are licensed as follows:

(A) For full service health care service plans, the staff hold a valid California license as a registered nurse or a valid license in the state within which they provide telephone medical advice services as a physician and surgeon or physician assistant, and are operating in compliance with the laws governing their respective scopes of practice.

(B) (i) For specialized health care service plans providing, operating, or contracting with a telephone medical advice service in California, the staff shall be appropriately licensed, registered, or certified as a dentist pursuant to Chapter 4 (commencing with Section 1600) of Division 2 of the Business and Professions Code, as a dental hygienist pursuant to Article 7 (commencing with Section 1740) of Chapter 4 of Division 2 of the Business and Professions Code, as a physician and surgeon pursuant to Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code or the Osteopathic Initiative Act, as a registered nurse pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, as a psychologist pursuant to Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code, as an optometrist pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code, as a marriage and family therapist pursuant to Chapter 13 (commencing with Section 4980) of Division 2 of the Business and Professions Code, as a licensed clinical social worker pursuant to Chapter 14 (commencing with Section 4991) of Division 2 of the Business and Professions Code, or as a chiropractor pursuant to the Chiropractic Initiative Act, and operating in compliance with the laws governing their respective scopes of practice.

All registered nurses providing telephone medical advice services to both in-state and out-of-state business entities registered pursuant to this

chapter shall be licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code.

(3) Ensure that every full service health care service plan provides for a physician and surgeon who is available on an on-call basis at all times the service is advertised to be available to enrollees and subscribers.

(4) Ensure that staff members handling enrollee or subscriber calls, who are not licensed, certified, or registered as required by paragraph (2), do not provide telephone medical advice. Those staff members may ask questions on behalf of a staff member who is licensed, certified, or registered as required by paragraph (2), in order to help ascertain the condition of an enrollee or subscriber so that the enrollee or subscriber can be referred to licensed staff. However, under no circumstances shall those staff members use the answers to those questions in an attempt to assess, evaluate, advise, or make any decision regarding the condition of an enrollee or subscriber or determine when an enrollee or subscriber needs to be seen by a licensed medical professional.

(5) Ensure that no staff member uses a title or designation when speaking to an enrollee or subscriber that may cause a reasonable person to believe that the staff member is a licensed, certified, or registered professional described in Section 4999.2 of the Business and Professions Code unless the staff member is a licensed, certified, or registered professional.

(6) Ensure that the in-state or out-of-state telephone medical advice service designates an agent for service of process in California and files this designation with the director.

(7) Requires that the in-state or out-of-state telephone medical advice service makes and maintains records for a period of five years after the telephone medical advice services are provided, including, but not limited to, oral or written transcripts of all medical advice conversations with the health care service plan's enrollees or subscribers in California and copies of all complaints. If the records of telephone medical advice services are kept out of state, the health care service plan shall, upon the request of the director, provide the records to the director within 10 days of the request.

(8) Ensure that the telephone medical advice services are provided consistent with good professional practice.

(b) The director shall forward to the Department of Consumer Affairs, within 30 days of the end of each calendar quarter, data regarding complaints filed with the department concerning telephone medical advice services.

(c) For purposes of this section, "telephone medical advice" means a telephonic communication between a patient and a health care professional in which the health care professional's primary function is

to provide to the patient a telephonic response to the patient's questions regarding his or her or a family member's medical care or treatment. "Telephone medical advice" includes assessment, evaluation, or advice provided to patients or their family members.

SEC. 138. Section 1357.03 of the Health and Safety Code is amended to read:

1357.03. (a) Upon the effective date of this article, a plan shall fairly and affirmatively offer, market, and sell all of the plan's health care service plan contracts that are sold to small employers or to associations that include small employers to all small employers in each service area in which the plan provides or arranges for the provision of health care services. A plan contracting to participate in the voluntary purchasing pool for small employers provided for under Article 4 (commencing with Section 10730) of Chapter 8 of Part 2 of Division 2 of the Insurance Code shall be deemed in compliance with this requirement for a contract offered through the voluntary purchasing pool established under Article 4 (commencing with Section 10730) of Chapter 8 of Part 2 of Division 2 of the Insurance Code in those geographic regions in which plans participate in the pool, if the contract is offered exclusively through the pool. Each plan shall make available to each small employer all small employer health care service plan contracts that the plan offers and sells to small employers or to associations that include small employers in this state. No plan or solicitor shall induce or otherwise encourage a small employer to separate or otherwise exclude an eligible employee from a health care service plan contract that is provided in connection with the employee's employment or membership in a guaranteed association.

(b) Every plan shall file with the director the reasonable employee participation requirements and employer contribution requirements that will be applied in offering its plan contracts. Participation requirements shall be applied uniformly among all small employer groups, except that a plan may vary application of minimum employee participation requirements by the size of the small employer group and whether the employer contributes 100 percent of the eligible employee's premium. Employer contribution requirements shall not vary by employer size. A health care service plan shall not establish a participation requirement that (1) requires a person who meets the definition of a dependent in subdivision (a) of Section 1357 to enroll as a dependent if he or she is otherwise eligible for coverage and wishes to enroll as an eligible employee and (2) allows a plan to reject an otherwise eligible small employer because of the number of persons that waive coverage due to coverage through another employer. Members of an association eligible for health coverage under subdivision (o) of Section 1357, but not

electing any health coverage through the association, shall not be counted as eligible employees for purposes of determining whether the guaranteed association meets a plan's reasonable participation standards.

(c) The plan shall not reject an application from a small employer for a health care service plan contract if all of the following are met:

(1) The small employer, as defined by paragraph (1) of subdivision (*l*) of Section 1357, offers health benefits to 100 percent of its eligible employees, as defined by paragraph (1) of subdivision (b) of Section 1357. Employees who waive coverage on the grounds that they have other group coverage shall not be counted as eligible employees.

(2) The small employer agrees to make the required premium payments.

(3) The small employer agrees to inform the small employers' employees of the availability of coverage and the provision that those not electing coverage must wait one year to obtain coverage through the group if they later decide they would like to have coverage.

(4) The employees and their dependents who are to be covered by the plan contract work or reside in the service area in which the plan provides or otherwise arranges for the provision of health care services.

(d) No plan or solicitor shall, directly or indirectly, engage in the following activities:

(1) Encourage or direct small employers to refrain from filing an application for coverage with a plan because of the health status, claims experience, industry, occupation of the small employer, or geographic location provided that it is within the plan's approved service area.

(2) Encourage or direct small employers to seek coverage from another plan or the voluntary purchasing pool established under Article 4 (commencing with Section 10730) of Chapter 8 of Part 2 of Division 2 of the Insurance Code because of the health status, claims experience, industry, occupation of the small employer, or geographic location provided that it is within the plan's approved service area.

(e) A plan shall not, directly or indirectly, enter into any contract, agreement, or arrangement with a solicitor that provides for or results in the compensation paid to a solicitor for the sale of a health care service plan contract to be varied because of the health status, claims experience, industry, occupation, or geographic location of the small employer. (f) A policy or contract that covers two or more employees shall not establish rules for eligibility, including continued eligibility, of an

These accounts are titled the State Health Facilities Citation Penalties Account, into which moneys derived from civil

penalties for violations of state law shall be deposited, and the Federal Health Facilities Citation Penalties Account, into which moneys derived from civil penalties for violations of federal law shall be deposited. (4) The costs associated with informational meetings required under Section 1327.2.

(b) Notwithstanding subdivision (a), the balance in the State Health Facilities Citation Penalties Account shall not, at any time, exceed ten million dollars ($10,000,000).

(c) Moneys from the Federal Health Facilities Citation Penalties Account, in the amount not to exceed one hundred thirty thousand dollars ($130,000), may also be used, notwithstanding Section 16370 of the Government Code, upon appropriation by the Legislature, in accordance with state and federal law for the improvement of quality of care and quality of life for long-term health care facilities residents pursuant to Section 1417.3.

(d) The department shall post on its Internet Web site, and shall update on a quarterly basis, all of the following regarding the funds in the State Health Facilities Citation Penalties Account and the Federal Health Facilities Citation Penalties Account:

SEC. 141. Section 1538.5 of the Health and Safety Code is amended to read:

1538.5. (a) (1) Not less than 30 days prior to the anniversary of the effective date of a residential community care facility license, except licensed foster family homes, the department may transmit a copy to the board members of the licensed facility, parents, legal guardians, conservators, clients' rights advocates, or placement agencies, as designated in each resident's placement agreement, of all inspection reports given to the facility by the department during the past year as a result of a substantiated complaint regarding a violation of this chapter relating to resident abuse and neglect, food, sanitation, incidental medical care, and residential supervision. During that one-year period the copy of the notices transmitted and the proof of the transmittal shall be open for public inspection.

(2) The department may transmit copies of the inspection reports referred to in paragraph (1) concerning group homes, as defined by regulations of the department, to the county in which a group home facility is located, if requested by that county.

(3) A group home facility shall maintain, at the facility, a copy of all licensing reports for the past three years that would be accessible to the public through the department, for inspection by placement officials, current and prospective facility clients, and these clients' family members who visit the facility.

(b) The facility operator, at the expense of the facility, shall transmit a copy of all substantiated complaints, by certified mail, to those persons described pursuant to paragraph (1) of subdivision (a) in the following cases:

(1) In the case of a substantiated complaint relating to resident physical or sexual abuse, the facility shall have three days from the date the facility receives the licensing report from the state department to comply.

(2) In any case in which a facility has received three or more substantiated complaints relating to the same violation during the past 12 months, the facility shall have five days from the date the facility receives the licensing report to comply.

(c) A residential facility shall retain a copy of the notices transmitted pursuant to subdivision (b) and proof of their transmittal by certified mail for a period of one year after their transmittal.

(d) If a residential facility to which this section applies fails to comply with this section, as determined by the department, the department shall initiate civil penalty action against the facility in accordance with this article and the related rules and regulations.

(e) Not less than 30 days prior to the anniversary of the effective date of the license of any group home facility, as defined by regulations of the department, at the request of the county in which the group home facility is located, a group home facility shall transmit to the county a

copy of all incident reports prepared by the group home facility and transmitted to a placement agency, as described in subdivision (f) of Section 1536.1, in a county other than the county in which the group home facility is located that involved a response by local law enforcement or emergency services personnel. The county shall designate an official for the receipt of the incident reports and shall notify the group home of the designation. Prior to transmitting copies of incident reports to the county, the group home facility shall redact the name of any child referenced in the incident reports, and other identifying information regarding any child referenced in the reports, and the identity and location of the placement agency of any child referenced in the reports. The county may review the incident reports to ensure that the group home facilities have taken appropriate action to ensure the health and safety of the residents of the facility.

(f) The department shall notify the residential community care facility of its obligation when it is required to comply with this section.

SEC. 142. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the electronic fingerprint images of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

It is the intent of the Legislature, in enacting this section, to require the electronic fingerprint images of those individuals whose contact with community care clients may pose a risk to the clients' health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a residential care facility for persons with chronic, life-threatening illnesses.

(a) (1) Before issuing a license to a person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) The following shall apply to the criminal record information:

(A) If the State Department of Social Services finds that the applicant or another person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or another person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the search required by this subdivision. If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to subdivision (a) of Section 1568.082. The department may also suspend the license pending an administrative hearing pursuant to subdivision (b) of Section 1568.082.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) A person, other than a resident, residing in the facility.

(3) A person who provides resident assistance in dressing, grooming, bathing, or personal hygiene. A nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility for persons with chronic, life-threatening illness. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. This paragraph does not restrict the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for persons with chronic, life-threatening illness pursuant to Section 1568.092.

(4) (A) A staff person, volunteer, or employee who has contact with the residents.

(B) A volunteer shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer does not provide direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, close friend, or family member and provides direct care and supervision to that resident only at the request of the resident. The department may define in regulations persons similar to those described in this subparagraph who may be exempt from the requirements of this subdivision.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) (A) Subsequent to initial licensure, a person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for

a state and federal level criminal offender record information search, or to comply with paragraph (1) of subdivision (g), prior to the person's employment, residence, or initial presence in the residential care facility.

(B) These fingerprint images and related information shall be electronically submitted to the Department of Justice in a manner approved by the State Department of Social Services and the Department of Justice, for the purpose of obtaining a permanent set of fingerprints. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082. The State Department of Social Services may assess civil penalties for continued violations as allowed in Section 1568.0822. The fingerprint images and related information shall then be submitted to the Department of Justice for processing. The licensee shall maintain and make available for inspection documentation of the individual's clearance or exemption.

(2) A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082. The department may assess civil penalties for continued violations as permitted by Section 1568.0822.

(3) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprint images, notify the licensee that the fingerprint images were illegible. The Department of Justice shall notify the department, as required by Section 1522.04, and shall

notify the licensee by mail within 14 days of electronic transmission of the fingerprint images to the Department of Justice, if the person has no criminal history record.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprint images submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (A) terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility; or (B) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1568.082.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. An action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain arrest or conviction records or reports from a law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption shall

not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with Section 1568.092.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) (1) The Department of Justice shall charge a fee sufficient to cover its cost in providing services to comply with the 14-day requirement contained in subdivision (c) for provision to the department of criminal record information.

(2) Paragraph (1) shall cease to be implemented when the department adopts emergency regulations pursuant to Section 1522.04, and shall become inoperative when permanent regulations are adopted under that section.

(j) Notwithstanding any other provision of law, the department may provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in his or her written request. The department shall retain a copy of the individual's written request and the response and date provided.

(a) A health facility, as defined by Section 1250.

(b) A clinic, as defined by Section 1200.

(c) A facility conducted by and for the adherents of a well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(d) A house, institution, hotel, congregate housing project for the elderly, or other similar place that is limited to providing one or more of the following: housing, meals, transportation, housekeeping, or recreational and social activities, or that have residents independently accessing supportive services, provided, however, that no resident thereof requires an element of care and supervision or protective supervision as determined by the director. This subdivision shall not include a home or residence that is described in subdivision (f).

(e) Recovery houses or other similar facilities providing group living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision.

(f) (1) An arrangement for the care and supervision of a person or persons by a family member.

(2) An arrangement for the care and supervision of a person or persons from only one family by a close friend, whose friendship preexisted the contact between the provider and the recipient, and both of the following are met:

(A) The care and supervision is provided in a home or residence chosen by the recipient.

(B) The arrangement is not of a business nature and occurs only as long as the needs of the recipient for care and supervision are adequately met.

(g) Housing for elderly or disabled persons, or both, that is approved and operated pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), or Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013), or whose mortgage is insured pursuant to Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), or that receives mortgage assistance pursuant to Section 221d(3) of Public Law 87-70 (12 U.S.C. Sec. 1715l), where supportive services are made available to residents at their option, as long as the project owner or operator does not contract for or provide the supportive services. (i) For purposes of this section, "family member" means a spouse, by marriage or otherwise, child or stepchild, by natural birth or by adoption, parent, brother, sister, half brother, half sister, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle, first cousin, or a person denoted by the prefix "grand" or "great," or the spouse of one of these persons.

(j) A person shall not be exempted from this chapter's licensure requirements if he or she has been appointed as conservator of the person, estate of the person, or both, if the person is receiving care and supervision from the conservator as regulated by this chapter, unless the conservator is otherwise exempted under other provisions of this section.

SEC. 144. Section 1728.8 of the Health and Safety Code is amended to read:

1728.8. (a) It is the intent of the Legislature to ensure that the department licenses and certifies home health agencies in a reasonable and timely manner to ensure that Californians have access to critical home- and community-based services. Home health agencies have significant startup costs and regulatory requirements, which make home health agencies vulnerable to delays in licensing and certification surveys. Home health agencies help the state protect against the unnecessary institutionalization of individuals and are integral in ensuring the state's compliance with the United States Supreme Court decision in Olmstead v. L.C. (1999) 527 U.S. 581, which requires public agencies to provide services in the most integrated setting appropriate to the needs of qualified individuals with disabilities.

(b) No later than 90 calendar days after the department receives an initial and complete parent, branch, or change of ownership home health agency application, the department shall make every effort to complete the application paperwork and conduct a licensure survey, if necessary, to inspect the agency and evaluate the agency's compliance with state requirements. The department shall forward its recommendation, if necessary, and all other information, to the federal Centers for Medicare and Medicaid Services within the same 90 calendar days.

(c) (1) For those applicants seeking to receive reimbursement under the Medicare or Medi-Cal programs, the department shall make every effort to complete the initial application paperwork and conduct an unannounced certification survey, if necessary, no later than 90 calendar days after the department conducts the licensure survey required by subdivision (a), or no later than 90 days after the department's receipt of a letter from the home health agency notifying the department of its readiness for the certification survey from a parent or branch agency.

(2) No later than 30 calendar days after the certification survey, the department shall forward the results of its licensure and certification surveys and all other information necessary for certification to the federal Centers for Medicare and Medicaid Services.

(d) This section shall apply to all licensing and certification entities, including a county that contracts with the state to provide licensing and certification services on behalf of the state.

(e) If the department is unable to meet the 90-day timelines for licensing or certification required pursuant to this section, the department shall notify the applicant in writing of the delay and the anticipated date of the survey.

(f) This section shall become operative on July 1, 2008.

SEC. 145. Section 11752.1 of the Health and Safety Code is amended to read:

11752.1. (a) "County board of supervisors" includes county boards of supervisors in the case of counties acting jointly.

(e) "Advisory board" means the county advisory board on alcohol and other drug problems established at the sole discretion of the county board of supervisors pursuant to Section 11805. If a county does not establish an advisory board, then any provision of this chapter relative

to the activities, duties, and functions of the advisory board shall be inapplicable to that county.

(f) "Alcohol and drug program administrator" means the county program administrator designated pursuant to Section 11800.

(g) "State alcohol and other drug program" includes all state alcohol and other drug projects administered by the department and all county alcohol and other drug programs funded under this division.

(h) "Health systems agency" means the health planning agency established pursuant to Public Law 93-641.

(j) "Alcohol abuser" means anyone who has a problem related to the consumption of alcoholic beverages whether or not it is of a periodic or continuing nature. This definition includes, but is not limited to, persons referred to as "alcoholics" and "drinking drivers." These problems may be evidenced by substantial impairment to the person's physical, mental, or social well-being, which impairment adversely affects his or her abilities to function in the community.

SEC. 148. Section 25299.57 of the Health and Safety Code is amended to read:

25299.57. (a) If the board makes the determination specified in subdivision (d), the board may pay only for the costs of a corrective action that exceed the level of financial responsibility required to be obtained pursuant to Section 25299.32, but not more than one million five hundred thousand dollars ($1,500,000) for each occurrence. In the case of an owner or operator who, as of January 1, 1988, was required to perform corrective action, who initiated that corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), and who

is undertaking the corrective action in compliance with waste discharge requirements or other orders issued pursuant to Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), the owner or operator may apply to the board for satisfaction of a claim filed pursuant to this article. The board shall notify claimants applying for satisfaction of claims from the fund of eligibility for reimbursement in a prompt and timely manner and that a letter of credit or commitment that will obligate funds for reimbursement shall follow the notice of eligibility as soon thereafter as possible.

(b) (1) For claims eligible for reimbursement pursuant to subdivision (c) of Section 25299.55, the claimant shall submit the actual cost of corrective action to the board, which shall either approve or disapprove the costs incurred as reasonable and necessary. At least 15 days before the board proposes to disapprove the reimbursement of corrective action costs that have been incurred on the grounds that the costs were unreasonable or unnecessary, the board shall issue a notice advising the claimant and the lead agency of the proposed disallowance, to allow review and comment.

(2) The board shall not reject actual costs of corrective action in a claim solely on the basis that the invoices submitted fail to sufficiently detail the actual costs incurred, if all of the following apply:

(A) Auxiliary documentation is provided that documents to the board's satisfaction that the invoice is for necessary corrective action work.

(B) The costs of corrective action work in the claim are reasonably commensurate with similar corrective action work performed during the same time period covered by the invoice for which reimbursement is sought.

(C) The invoices include a brief description of the work performed, the date that the work was performed, the vendor, and the amount.

(c) (1) For claims eligible for prepayment pursuant to subdivision (c) of Section 25299.55, the claimant shall submit the estimated cost of the corrective action to the board, which shall approve or disapprove the reasonableness of the cost estimate.

(2) If the claim is for reimbursement of costs incurred pursuant to a performance-based contract, Article 6.5 (commencing with Section 25299.64) shall apply to that claim.

(d) Except as provided in subdivision (j), a claim specified in subdivision (a) may be paid if the board makes all of the following findings:

(1) There has been an unauthorized release of petroleum into the environment from an underground storage tank.

(2) The claimant is required to undertake or contract for corrective action pursuant to Section 25296.10, or, as of January 1, 1988, the

claimant has initiated corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code.

(3) The claimant has complied with Section 25299.31.

(4) (A) Except as provided in subparagraphs (B) and (C), the claimant has complied with the permit requirements of Chapter 6.7 (commencing with Section 25280). A claimant shall obtain a permit required by subdivision (a) of Section 25284 for the underground storage tank that is the subject of the claim when the claimant becomes subject to subdivision (a) of Section 25284 or when the applicable local agency begins issuing permits pursuant to subdivision (a) of Section 25284, whichever occurs later.

(B) A claimant who acquires real property on which an underground storage tank is situated and, despite the exercise of reasonable diligence, was unaware of the existence of the underground storage tank when the real property was acquired, has obtained a permit required by subdivision (a) of Section 25284 for the underground storage tank that is the subject of the claim within a reasonable period, not to exceed one year, from when the claimant should have become aware of the existence of the underground storage tank, or when the applicable local agency began issuing permits pursuant to Section 25284, whichever occurs later.

(C) All claimants who file their claim on or after January 1, 2008, and who do not obtain a permit required by subdivision (a) of Section 25284 in accordance with subparagraph (A) or (B) may seek a waiver of the requirement to obtain a permit. The board shall waive the provisions of subparagraphs (A) and (B) as a condition for payment from the fund if the board finds all of the following:

(i) The claimant was unaware of the permit requirement, and upon becoming aware of the permit requirement, the claimant complies with subdivision (a) of Section 25284 or Section 25298 and the regulations adopted to implement those sections within a reasonable period, not to exceed one year, from when the claimant became aware of the permit requirement.

(ii) Prior to submittal of the application to the fund, the claimant has complied with Section 25299.31 and has obtained and paid for all permits currently required by this paragraph.

(iii) Prior to submittal of the application to the fund, the claimant has paid all fees, interest, and penalties imposed pursuant to Article 5 (commencing with Section 25299.40) of this chapter and Part 26 (commencing with Section 50101) of Division 2 of the Revenue and Taxation Code for the underground storage tank that is the subject of the claim.

(D) (i) A claimant who is exempted pursuant to subparagraph (C) and who has complied, on or before December 22, 1998, with subdivision

(a) of Section 25284 or Section 25298 and the regulations adopted to implement those sections, shall obtain a level of financial responsibility twice as great as the amount that the claimant is otherwise required to obtain pursuant to subdivision (a) of Section 25299.32, but in no event less than ten thousand dollars ($10,000). All other claimants exempted pursuant to subparagraph (C) shall obtain a level of financial responsibility that is four times as great as the amount that the claimant is otherwise required to obtain pursuant to subdivision (a) of Section 25299.32, but in no event less than twenty thousand dollars ($20,000).

(ii) The board may waive the requirements of clause (i) if the claimant can demonstrate that the conditions specified in clauses (i) to (iii), inclusive, of subparagraph (C) were satisfied prior to the causing of any contamination. The demonstration may be made through a certification issued by the permitting agency based on a site evaluation and tank tests at the time of permit application or in any other manner acceptable to the board.

(E) All claimants who file a claim before January 1, 2008, and who are not eligible for a waiver of the permit requirements pursuant to applicable statutes or regulations in effect on the date of the filing of the claim may resubmit a new claim pursuant to subparagraph (C) on or after January 1, 2008. The board shall rank all claims resubmitted pursuant to subparagraph (C) lower than all claims filed before January 1, 2008, within their respective priority classes specified in subdivision (b) of Section 25299.52.

(5) The board has approved either the costs incurred for the corrective action pursuant to subdivision (b) or the estimated costs for corrective action pursuant to subdivision (c).

(6) The claimant has paid all fees, interest, and penalties imposed pursuant to Article 5 (commencing with Section 29299.40) of this chapter and Part 26 (commencing with Section 50101) of Division 2 of the Revenue and Taxation Code for the underground storage tank that is the subject of the claim.

(e) The board shall provide the claimant, whose cost estimate has been approved, a letter of commitment authorizing payment of the costs from the fund.

(f) The claimant may submit a request for partial payment to cover the costs of corrective action performed in stages, as approved by the board.

(g) (1) A claimant who submits a claim for payment to the board shall submit multiple bids for prospective costs as prescribed in regulations adopted by the board pursuant to Section 25299.77.

(2) A claimant who submits a claim to the board for the payment of professional engineering and geologic work shall submit multiple

proposals and fee estimates, as required by the regulations adopted by the board pursuant to Section 25299.77. The claimant's selection of the provider of these services is not required to be based on the lowest estimated fee, if the fee estimate conforms with the range of acceptable costs established by the board.

(3) A claimant who submits a claim for payment to the board for remediation construction contracting work shall submit multiple bids, as required in the regulations adopted by the board pursuant to Section 25299.77.

(4) Paragraphs (1), (2), and (3) do not apply to a tank owned or operated by a public agency if the prospective costs are for private professional services within the meaning of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code and those services are procured in accordance with the requirements of that chapter.

(h) The board shall provide, upon the request of a claimant, assistance to the claimant in the selection of contractors retained by the claimant to conduct reimbursable work related to corrective actions. The board shall develop a summary of expected costs for common corrective actions. This summary of expected costs may be used by claimants as a guide in the selection and supervision of consultants and contractors.

(i) The board shall pay, within 60 days from the date of receipt of an invoice of expenditures, all costs specified in the work plan developed pursuant to Section 25296.10, and all costs that are otherwise necessary to comply with an order issued by a local, state, or federal agency.

(j) (1) The board shall pay a claim of not more than three thousand dollars ($3,000) per occurrence for regulatory technical assistance to an owner or operator who is otherwise eligible for reimbursement under this chapter.

(2) For purposes of this subdivision, regulatory technical assistance is limited to assistance from a person, other than the claimant, in the preparation and submission of a claim to the fund. Regulatory technical assistance does not include assistance in connection with proceedings under Section 25296.40, 25299.39.2, or 25299.56 or any action in court.

(k) (1) Notwithstanding any other provision of this section, the board shall pay a claim for the costs of corrective action to a person who owns property on which is located a release from a petroleum underground storage tank that has been the subject of a completed corrective action and for which additional corrective action is required because of additionally discovered contamination from the previous release, only if the person who carried out the earlier and completed corrective action was eligible for, and applied for, reimbursement pursuant to subdivision (b), and only to the extent that the amount of reimbursement for the

earlier corrective action did not exceed the amount of reimbursement authorized by subdivision (a). Reimbursement to a claimant on a reopened site shall occur when funds are available, and reimbursement commitment shall be made ahead of any new letters of commitment to be issued, as of the date of the reopening of the claim, if funding has occurred on the original claim, in which case funding shall occur at the time it would have occurred under the original claim.

(2) For purposes of this subdivision, a corrective action is completed when the local agency or regional board with jurisdiction over the site or the board issues a closure letter pursuant to subdivision (g) of Section 25296.10.

SEC. 149. Section 25299.58 of the Health and Safety Code is amended to read:

25299.58. A claimant shall obtain a permit required by subdivision (a) of Section 25284 for the underground storage tank that is the subject of the claim when the claimant becomes subject to subdivision (a) of Section 25284 or when the applicable local agency begins issuing permits pursuant to subdivision (a) of Section 25284, whichever occurs later.

(B) A claimant who acquires real property on which an underground storage tank is situated and, despite the exercise of reasonable diligence, was unaware of the existence of the underground storage tank when the real property was acquired, has obtained a permit required by subdivision (a) of Section 25284 for the underground storage tank that is the subject of the claim within a reasonable period, not to exceed one year, from when the claimant should have become aware of the existence of the

(1) "Administrative agency" means the state agency responsible for programming bond funds made available by Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code, as specified in subdivision (c).

(2) Unless otherwise specified in this chapter, "project" includes equipment purchase, right-of-way acquisition, and project delivery costs.

(3) "Recipient agency" means the recipient of bond funds made available by Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code that is responsible for implementation of an approved project.

(4) "Fund" shall have the meaning as defined in subdivision (c) of Section 8879.22 of the Government Code.

(b) Administrative costs, including audit and program oversight costs for the agency administering the program funded pursuant to this chapter, recoverable by bond funds shall not exceed 5 percent of the program's costs.

(c) The State Air Resources Board is the administrative agency for the goods movement emission reduction program pursuant to paragraph (2) of subdivision (c) of Section 8879.23 of the Government Code.

(d) The administrative agency shall not approve project fund allocations for a project until the recipient agency provides a project funding plan that demonstrates that the funds are expected to be reasonably available and sufficient to complete the project. The administrative agency may approve funding for usable project segments only if the benefits associated with each individual segment are sufficient to meet the objectives of the program from which the individual segment is funded.

(e) Guidelines adopted by the administrative agency pursuant to this chapter and Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code are intended to provide internal guidance for the agency and shall be exempt from the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), and shall do all of the following:

(f) (1) As a condition for allocation of funds to a specific project under Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2 of the Government Code, the administrative agency shall require the recipient agency to report, on a semiannual basis, on the activities and progress made toward implementation of the project. The administrative agency shall forward the report to the Department of Finance by means approved by the Department of Finance. The purpose of the report is to ensure that the project is being executed in a timely

fashion, and is within the scope and budget identified when the decision was made to fund the project. If it is anticipated that project costs will exceed the approved project budget, the recipient agency shall provide a plan to the administrative agency for achieving the benefits of the project by either downscoping the project to remain within budget or by identifying an alternative funding source to meet the cost increase. The administrative agency may either approve the corrective plan or direct the recipient agency to modify its plan.

(2) Within six months of the project becoming operable, the recipient agency shall provide a report to the administrative agency on the final costs of the project as compared to the approved project budget, the project duration as compared to the original project schedule as of the date of allocation, and performance outcomes derived from the project compared to those described in the original application for funding. The administrative agency shall forward the report to the Department of Finance by means approved by the Department of Finance.

43869. (a) The state board shall, no later than July 1, 2008, develop and, after at least two public workshops, adopt hydrogen fuel regulations to ensure the following:

(1) That state funding for the production and use of hydrogen fuel, as described in the California Hydrogen Highway Blueprint Plan, contributes to the reduction of greenhouse gas emissions, criteria air pollutant emissions, and toxic air contaminant emissions. The regulations, at a minimum, shall do all of the following:

(A) Require that, on a statewide basis, well-to-wheel emissions of greenhouse gases for the average hydrogen-powered vehicle fueled by hydrogen from fueling stations that receive state funds are at least 30 percent lower than emissions for the average new gasoline vehicle in California when measured on a per-mile basis.

(B) (i) Require that, on a statewide basis, no less than 33.3 percent of the hydrogen produced for, or dispensed by, fueling stations that receive state funds be made from eligible renewable energy resources as defined in Section 399.12 of the Public Utilities Code.

(ii) If the state board determines that there is insufficient availability of hydrogen fuel from eligible renewable resources to meet the 33.3-percent requirement of this subparagraph, the state board may, after at least one public workshop and on a one-time basis, reduce the requirement by an amount, not to exceed 10 percentage points, that the state board determines is necessary to result in a renewable percentage requirement for hydrogen fuel that is achievable.

(iii) If the executive officer of the state board determines that it is not feasible for a public transit operator to use hydrogen fuel made from eligible renewable resources, the executive officer may exempt the operator from the requirements of this subparagraph for a period of not more than five years and may extend the exemption for up to five additional years.

(C) Prohibit hydrogen fuel producers from counting as a renewable energy resource, pursuant to clause (i) of subparagraph (B), any electricity produced from sources previously procured by a retail seller and verifiably counted by the retail seller towards meeting the renewables portfolio standard obligation, as required by Article 16 (commencing with Section 399.11) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code.

(D) Require that all hydrogen fuel dispensed from fueling stations that receive state funds be generated in a manner so that local well-to-tank emissions of nitrogen oxides plus reactive organic gases are at least 50 percent lower than well-to-tank emissions of the average motor gasoline sold in California when measured on an energy equivalent basis.

(E) Require that well-to-tank emissions of relevant toxic air contaminants for hydrogen fuel dispensed from fueling stations that receive state funds be reduced to the maximum extent feasible at each site when compared to well-to-tank emissions of toxic air contaminants of the average motor gasoline fuel on an energy equivalent basis. In no case shall the toxic emissions be greater than the emissions from gasoline on an energy equivalent basis.

(F) Require that providers of hydrogen fuel for transportation in the state report to the state board the annual mass of hydrogen fuel dispensed and the method by which the dispensed hydrogen was produced and delivered.

(G) Authorize the state board, after at least one public workshop, to grant authority to the executive officer of the state board to exempt from this paragraph, for a period of no more than five years, hydrogen dispensing facilities constructed for small demonstration or temporary purposes. The exemption may be extended on a case-by-case basis upon a finding that the extension will not harm public health. The executive officer may limit the total number of exemptions by geographic region, including by air district, but the average annual mass of hydrogen dispensed from exempted facilities shall not exceed 10 percent of the total mass of hydrogen fuel dispensed for transportation purposes in the state.

(2) That, in any year immediately following a 12-month period in which the mass of hydrogen fuel dispensed for transportation purposes in California exceeds 3,500 metric tons, the production and direct use

of hydrogen fuels for motor vehicles in the state, including, but not limited to, any hydrogen highway network that is developed pursuant to the California Hydrogen Highway Blueprint Plan, contributes to a reduced dependence on petroleum, as well as reductions in greenhouse gas emissions, criteria air pollutant emissions, and toxic air contaminant emissions. For the purpose of this paragraph, the regulations, at a minimum, shall do all of the following:

(A) Require that, on a statewide basis, well-to-wheel emissions of greenhouse gases for the average hydrogen-powered vehicle in California are at least 30 percent lower than emissions for the average new gasoline vehicle in California when measured on a per-mile basis.

(B) Require that, on a statewide basis, no less than 33.3 percent of the hydrogen produced or dispensed in California for motor vehicles be made from eligible renewable energy resources as defined in Section 399.12 of the Public Utilities Code.

(C) Prohibit hydrogen fuel producers from counting as a renewable energy resource, for purposes of subparagraph (B), any electricity produced from sources previously procured by a retail seller and verifiably counted by the retail seller towards meeting the requirements established by the California Renewables Portfolio Standard Program, as set forth in Article 16 (commencing with Section 399.11) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code.

(D) Require that all hydrogen fuel dispensed in California for motor vehicles be generated in a manner so that local well-to-tank emissions of nitrogen oxides plus reactive organic gases are at least 50 percent lower than well-to-tank emissions of the average motor gasoline sold in California when measured on an energy equivalent basis.

(E) Require that well-to-tank emissions of relevant toxic air contaminants from hydrogen fuel produced or dispensed in California be reduced to the maximum extent feasible at each site when compared to well-to-tank emissions of toxic air contaminants of the average motor gasoline fuel on an energy equivalent basis. In no case shall the toxic emissions from hydrogen fuel be greater than the toxic emissions from gasoline on an energy equivalent basis.

(F) Authorize the state board, after at least one public workshop, to grant authority to the executive officer of the state board to exempt from this paragraph, for a period of no more than five years, hydrogen dispensing facilities that dispense an average of no more than 100 kilograms of hydrogen fuel per month. The exemption may be extended on a case-by-case basis by the executive officer upon a finding that the extension will not harm public health. The executive officer may limit the total number of exemptions by geographic region, including by air district, but the average annual mass of hydrogen dispensed statewide

from exempted facilities shall not exceed 10 percent of the total mass of hydrogen fuel dispensed for transportation purposes in the state.

(G) Authorize the state board, if it determines that reporting is necessary to facilitate enforcement of the requirements of this paragraph, to require that providers of hydrogen fuel for transportation in the state report to the state board the annual mass of hydrogen fuel dispensed and the method by which the dispensed hydrogen was produced and delivered.

(b) Notwithstanding paragraph (2) of subdivision (a), the state board may increase the 3,500-metric-ton threshold in paragraph (2) of subdivision (a) by no more than 1,500 metric tons if at least one of the following requirements is met:

(1) The 3,500-metric-ton threshold is first met prior to January 1, 2011.

(2) The state board determines that the 3,500-metric-ton threshold has been met primarily due to hydrogen fuel consumed in heavy duty vehicles.

(3) The state board determines at a public hearing that increasing the threshold would accelerate the deployment of hydrogen fuel cell vehicles in the state.

(c) The state board, in consultation with other relevant agencies as appropriate, shall review the renewable resource requirements adopted pursuant to this section every four years and shall increase the renewable resource percentage requirements if it determines that it is technologically feasible to do so and will not substantially hinder the development of hydrogen as a transportation fuel in a manner that is consistent with this section.

(d) The state board shall review the emission requirements adopted pursuant to this section every four years and shall strengthen the requirements if it determines it is technologically feasible to do so and will not substantially hinder the development of hydrogen as a transportation fuel in a manner that otherwise is consistent with this section.

(e) The state board shall produce and periodically update a handbook to inform and educate motor vehicle manufacturers, hydrogen fuel producers, hydrogen service station operators, and other interested parties on how to comply with the requirements set forth in this section. This handbook shall be made available on the agency's Internet Web site on or before July 1, 2009.

(f) The Secretary for Environmental Protection shall convene the California Environmental Protection Agency's Environmental Justice Advisory Committee at least once annually to solicit the committee's

comments on the production and distribution of hydrogen fuel in the state.

(g) The Secretary for Environmental Protection, in consultation with the state board, shall recommend to the Legislature and the Governor, on or before January 1, 2010, incentives that could be offered to businesses within the hydrogen fuel industry and consumers to spur the development of clean sources of hydrogen fuel.

(h) Unless the context requires otherwise, the definitions set forth in this subdivision govern the construction of this section:

(1) "Well-to-tank emissions" means emissions resulting from production of a fuel, including resource extraction, initial processing, transport, fuel production, distribution and marketing, and delivery into the fuel tank of a consumer vehicle.

(2) "Well-to-wheel emissions" means emissions resulting from production of a fuel, including resource extraction, initial processing, transport, fuel production, distribution and marketing, and delivery and use in a consumer vehicle.

SEC. 152. Section 44125 of the Health and Safety Code is amended to read:

44125. (a) No later than July 1, 2009, the state board, in consultation with the Bureau of Automotive Repair (BAR), shall adopt a program to commence on January 1, 2010, that allows for the voluntary retirement of passenger vehicles and light-duty and medium-duty trucks that are high polluters. The program shall be administered by the BAR pursuant to guidelines adopted by the state board.

(b) The guidelines shall ensure all of the following:

(1) Vehicles retired pursuant to the program are permanently removed from operation and retired at a dismantler under contract with the BAR.

(2) Districts retain their authority to administer vehicle retirement programs otherwise authorized under law.

(3) The program is available for high polluting passenger vehicles and light-duty and medium-duty trucks that have been continuously registered in California for two years prior to acceptance into the program or otherwise proven to have been driven primarily in California for the last two years and have not been registered in another state or country in the last two years.

(4) The program is focused where the greatest air quality impact can be identified.

(5) Compensation levels for retired vehicles are flexible, taking into account factors including, but not limited to, the age of the vehicle, the emission benefits of the vehicle's retirement, the emission impact of any replacement vehicle, and the location of vehicles in areas of the state with the poorest air quality.

(6) Cost-effectiveness and impacts on disadvantaged and low-income populations are considered.

SEC. 153. Section 44272 of the Health and Safety Code is amended to read:

44272. (a) The Alternative and Renewable Fuel and Vehicle Technology Program is hereby created. The program shall be administered by the commission. The program shall provide, upon appropriation by the Legislature, grants, revolving loans, loan guarantees, loans, or other appropriate measures, to public agencies, vehicle and technology consortia, businesses and projects, public-private partnerships, workforce training partnerships and collaboratives, fleet owners, consumers, recreational boaters, and academic institutions to develop and deploy innovative technologies that transform California's fuel and vehicle types to help attain the state's climate change policies. The emphasis of this program shall be to develop and deploy technology and alternative and renewable fuels in the marketplace, without adopting any one preferred fuel or technology.

(b) The commission shall provide preferences to those projects that maximize the goals of the Alternative and Renewable Fuel and Vehicle Technology Program, based on the following criteria, as appropriate:

(1) The project's ability to provide a measurable transition from the nearly exclusive use of petroleum fuels to a diverse portfolio of viable alternative fuels that meet petroleum reduction and alternative fuel use goals.

(2) The project's consistency with existing and future state climate change policy and low-carbon fuel standards.

(3) The project's ability to reduce criteria air pollutants and air toxics and reduce or avoid multimedia environmental impacts.

(4) The project's ability to decrease, on a life-cycle basis, the emissions of water pollutants or any other substances known to damage human health or the environment, in comparison to the production and use of California Phase 2 Reformulated Gasoline or diesel fuel produced and sold pursuant to California diesel fuel regulations set forth in Article 2 (commencing with Section 2280) of Chapter 5 of Division 3 of Title 13 of the California Code of Regulations.

(5) The project does not adversely impact the sustainability of the state's natural resources, especially state and federal lands.

(6) The project provides nonstate matching funds.

(7) The project provides economic benefits for California by promoting California-based technology firms, jobs, and businesses.

(8) The project uses existing or proposed fueling infrastructure to maximize the outcome of the project.

(9) The project's ability to reduce on a life-cycle assessment greenhouse gas emissions by at least 10 percent, and higher percentages in the future, from current reformulated gasoline and diesel fuel standards established by the state board.

(10) The project's use of alternative fuel blends of at least 20 percent, and higher blend ratios in the future, with a preference for projects with higher blends.

(11) The project drives new technology advancement for vehicles, vessels, engines, and other equipment, and promotes the deployment of that technology in the marketplace.

(c) All of the following shall be eligible for funding:

(1) Alternative and renewable fuel projects to develop and improve alternative and renewable low-carbon fuels, including electricity, ethanol, dimethyl ether, renewable diesel, natural gas, hydrogen, and biomethane, among others, and their feedstocks that have high potential for long-term or short-term commercialization, including projects that lead to sustainable feedstocks.

(2) Demonstration and deployment projects that optimize alternative and renewable fuels for existing and developing engine technologies.

(3) Projects to produce alternative and renewable low-carbon fuels in California.

(4) Projects to decrease the overall impact of an alternative and renewable fuel's life-cycle carbon footprint and increase sustainability.

(5) Alternative and renewable fuel infrastructure, fueling stations, and equipment. The preference in paragraph (10) of subdivision (b) shall not apply to these projects.

(6) Projects to develop and improve light-, medium-, and heavy-duty vehicle technologies that provide for better fuel efficiency and lower greenhouse gas emissions, alternative fuel usage and storage, or emission reductions, including propulsion systems, advanced internal combustion engines with a 40 percent or better efficiency level over the current market standard, lightweight materials, energy storage, control systems and system integration, physical measurement and metering systems and software, development of design standards and testing and certification protocols, battery recycling and reuse, engine and fuel optimization electronic and electrified components, hybrid technology, plug-in hybrid technology, fuel cell technology, and conversions of hybrid technology to plug-in technology through the installation of safety certified supplemental battery modules.

(7) Programs and projects that accelerate the commercialization of vehicles and alternative and renewable fuels including buy-down programs through near-market and market-path deployments, advanced

technology warranty or replacement insurance, development of market niches, and supply-chain development.

(8) Programs and projects to retrofit medium- and heavy-duty on-road and nonroad vehicle fleets with technologies that create higher fuel efficiencies, including alternative and renewable fuel vehicles and technologies, idle management technology, and aerodynamic retrofits that decrease fuel consumption.

(9) Infrastructure projects that promote alternative and renewable fuel infrastructure development connected with existing fleets, public transit, and existing transportation corridors, including physical measurement or metering equipment and truck stop electrification.

(10) Workforce training programs related to alternative and renewable fuel feedstock production and extraction, renewable fuel production, distribution, transport, and storage, high-performance and low-emission vehicle technology and high tower electronics, automotive computer systems, mass transit fleet conversion, servicing, and maintenance, and other sectors or occupations related to the purposes of this chapter.

(11) Block grants administered by not-for-profit technology consortia for multiple projects, education and program promotion within California, and development of alternative and renewable fuel and vehicle technology centers.

(d) The same requirements in Section 25620.5 of the Public Resources Code shall apply to awards made on a single source basis or a sole sources basis.

SEC. 154. Section 101317 of the Health and Safety Code is amended to read:

101317. (a) For purposes of this article, allocations shall be made to the administrative bodies of qualifying local health jurisdictions described as public health administrative organizations in Section 101185, and pursuant to Section 101315, in the following manner:

(1) (A) For the 2003–04 fiscal year and subsequent fiscal years, to the administrative bodies of each local health jurisdiction, a basic allotment of one hundred thousand dollars ($100,000), subject to the availability of funds appropriated in the annual Budget Act or another act.

(B) For the 2002–03 fiscal year, the basic allotment of one hundred thousand dollars ($100,000) shall be reduced by the amount of federal funding allocated as part of a basic allotment for the purposes of this article to local health jurisdictions in the 2001–02 fiscal year.

(2) (A) Except as provided in subdivision (c), after determining the amount allowed for the basic allotment as provided in paragraph (1), the balance of the annual appropriation for purposes of this article, if any, shall be allotted on a per capita basis to the administrative bodies of each

local health jurisdiction in the proportion that the population of that local health jurisdiction bears to the population of all eligible local health jurisdictions of the state.

(B) The population estimates used for the calculation of the per capita allotment pursuant to subparagraph (A) shall be based on the Department of Finance's E-1 Report, "City/County Population Estimates with Annual Percentage Change," as of January 1 of the previous year. However, if within a local health jurisdiction there are one or more city health jurisdictions, the local health jurisdiction shall subtract the population of the city or cities from the local health jurisdiction total population for purposes of calculating the per capita total.

(b) If the amounts appropriated are insufficient to fully fund the allocations specified in subdivision (a), the department shall prorate and adjust each local health jurisdiction's allocation so that the total amount allocated equals the amount appropriated.

(c) For the 2002–03 fiscal year and subsequent fiscal years, where the federally approved collaborative state-local plan identifies an allocation method, other than the basic allotment and per capita method described in subdivision (a), for specific funding to a local public health jurisdiction, including, but not limited to, funding laboratory training, chemical and nuclear terrorism preparedness, smallpox preparedness, and information technology approaches, that funding shall be paid to the administrative bodies of those local health jurisdictions in accordance with the federally approved collaborative state-local plan for bioterrorism preparedness and other public health threats in the state.

(d) Funds appropriated pursuant to the annual Budget Act or another act for allocation to local health jurisdictions pursuant to this article shall be disbursed quarterly to local health jurisdictions beginning July 1, 2002, using the following process:

(1) Each fiscal year, upon the submission of an application for funding by the administrative body of a local health jurisdiction, the department shall make the first quarterly payment to each eligible local health jurisdiction. Initially, that application shall include a plan and budget for the local program that is in accordance with the department's plans and priorities for bioterrorism preparedness and response, and other public health threats and emergencies, and a certification by the chairperson of the board of supervisors or the mayor of a city with a local health department that the funds received pursuant to this article will not be used to supplant other funding sources in violation of subdivision (d) of Section 101315. In subsequent years, the department shall develop a streamlined process for continuation of funding that will address new federal requirements and will assure the continuity of local plan activities.

(2) The department shall establish procedures and a format for the submission of the local health jurisdiction's plan and budget. The local health jurisdiction's plan shall be consistent with the department's plans and priorities for bioterrorism preparedness and response and other public health threats and emergencies in accordance with requirements specified in the department's federal grant award. Payments to local health jurisdictions beyond the first quarter shall be contingent upon the approval of the department of the local health jurisdiction's plan and the local health jurisdiction's progress in implementing the provisions of the local health jurisdiction's plan, as determined by the department.

(3) If a local health jurisdiction does not apply or submits a noncompliant application for its allocation, those funds provided under this article may be redistributed according to subdivision (a) to the remaining local health jurisdictions.

(e) Funds shall be used for activities to improve and enhance local health jurisdictions' preparedness for and response to bioterrorism and other public health threats and emergencies, and for other purposes, as determined by the department, that are consistent with the purposes for which the funds were appropriated.

(f) A local health jurisdiction that receives funds pursuant to this article shall deposit them in a special local public health preparedness trust fund established solely for this purpose before transferring or expending the funds for any of the uses allowed pursuant to this article. The interest earned on moneys in the fund shall accrue to the benefit of the fund and shall be expended for the same purposes as other moneys in the fund.

(g) (1) A local health jurisdiction that receives funding pursuant to this article shall submit reports that display cost data and the activities funded by moneys deposited in its local public health preparedness trust fund to the department on a regular basis in a form and according to procedures prescribed by the department.

(2) The department, in consultation with local health jurisdictions, shall develop required content for the reports required under paragraph (1), which shall include, but shall not be limited to, data and information needed to implement this article and to satisfy federal reporting requirements. The chairperson of the board of supervisors or the mayor of a city with a local health department shall certify the accuracy of the reports and that the moneys appropriated for the purposes of this article have not been used to supplant other funding sources.

(3) It is the intent of the Legislature that the department shall audit the cost reports every three years, commencing in January 2007, to determine compliance with federal requirements and consistency with local health jurisdiction budgets, contingent upon the availability of

federal funds for this activity, and contingent upon the continuation of federal funding for emergency preparedness and bioterrorism preparedness. All cost-compliance reports and audit exceptions or related analyses or reports issued by the State Department of Public Health regarding the expenditure of funding for emergency and bioterrorism preparedness by local health jurisdictions shall be made available to the Legislature upon request.

(h) The administrative body of a local health jurisdiction may enter into a contract with the department and the department may enter into a contract with that local health jurisdiction for the department to administer all or a portion of the moneys allocated to the local health jurisdiction pursuant to this article. The department may use funds retained on behalf of a local health jurisdiction pursuant to this subdivision solely for purposes of administering the jurisdiction's bioterrorism preparedness activities. The funds appropriated pursuant to this article and retained by the department pursuant to this subdivision are available for expenditure and encumbrance for purposes of support or local assistance.

(i) The department may recoup from a local health jurisdiction moneys allocated pursuant to this article that are unspent or that are not expended for purposes specified in subdivision (d). The department may also recoup funds expended by a local health jurisdiction in violation of subdivision (d) of Section 101315. The department may withhold quarterly payments of moneys to a local health jurisdiction if the local health jurisdiction is not in compliance with this article or the terms of that local health jurisdiction's plan as approved by the department. Before any funds are recouped or withheld from a local health jurisdiction, the department shall meet with local health officials to discuss the status of the unspent moneys or the disputed use of the funds, or both.

(j) Notwithstanding any other provision of law, moneys made available for bioterrorism preparedness pursuant to this article in the 2001–02 fiscal year shall be available for expenditure and encumbrance until June 30, 2003. Moneys made available for bioterrorism preparedness pursuant to this article from July 1, 2002, to August 30, 2003, inclusive, shall be available for expenditure and encumbrance until August 30, 2004. Moneys made available in the 2003–04 Budget Act for bioterrorism preparedness shall be available for expenditure and encumbrance until August 30, 2005.

SEC. 155. Section 111071 of the Health and Safety Code is amended to read:

111071. (a) As a condition of licensure, each bottled water plant, which has the same meaning as the definition in subdivision (c) of Section

111070, shall annually prepare a bottled water report and shall, upon request, make that report available to each customer.

(b) The report shall be prepared in English, Spanish, and in the appropriate languages for each non-English-speaking group other than Spanish that exceeds 10 percent of the state's population.

(c) For purposes of complying with this section, when bottled water comes from a municipal source, the relevant information from the consumer confidence report or water quality report prepared for that year by the public water system pursuant to Section 116470 may be used.

(d) The bottled water report shall include, but not be limited to, all of the following:

(1) The source of the bottled water, consistent with applicable state and federal regulations.

(2) A brief and plainly worded definition of the terms "statement of quality," "maximum contaminant level," "primary drinking water standard," and "public health goal."

(3) A brief description of the treatment process.

(4) A reference to the United States Food and Drug Administration Internet Web site that provides product recall information.

(5) The bottled water company's address and telephone number that enables customers to obtain further information concerning contaminants and potential health effects.

(6) Information on the levels of unregulated substances, if any, for which water bottlers are required to monitor pursuant to state or federal law or regulation.

(7) (A) The following statement:

"Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the United States Food and Drug Administration, Food and Cosmetic Hotline (1-888-723-3366)."

(B) If the telephone number for the United States Food and Drug Administration, Food and Cosmetic Hotline changes, the statement shall be updated to reflect the new telephone number.

(8) The following statement:

"Some persons may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons, including, but not limited to, persons with cancer who are undergoing chemotherapy, persons who have undergone organ transplants, persons with HIV/AIDS or other immune system

disorders, some elderly persons, and infants can be particularly at risk from infections. These persons should seek advice about drinking water from their health care providers. The United States Environmental Protection Agency and the federal Centers for Disease Control and Prevention guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (1-800-426-4791)."

(9) The following statement:

"The sources of bottled water include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water naturally travels over the surface of the land or through the ground, it can pick up naturally occurring substances as well as substances that are present due to animal and human activity.

Substances that may be present in the source water include any of the following:

(1) Inorganic substances, including, but not limited to, salts and metals, that can be naturally occurring or result from farming, urban stormwater runoff, industrial or domestic wastewater discharges, or oil and gas production.

(2) Pesticides and herbicides that may come from a variety of sources, including, but not limited to, agriculture, urban stormwater runoff, and residential uses.

(3) Organic substances that are byproducts of industrial processes and petroleum production and can also come from gas stations, urban stormwater runoff, agricultural application, and septic systems.

(4) Microbial organisms that may come from wildlife, agricultural livestock operations, sewage treatment plants, and septic systems.

(5) Substances with radioactive properties that can be naturally occurring or be the result of oil and gas production and mining activities."

(10) The following statement:

"In order to ensure that bottled water is safe to drink, the United States Food and Drug Administration and the State Department of Public Health prescribe regulations that limit the amount of certain contaminants in water provided by bottled water companies."

(11) (A) The following statement, if nitrate ($NO_3$) levels above 23 ppm but below 45 ppm (the maximum contaminant level for nitrate ($NO_3$)) are detected:

"Nitrate in drinking water at levels above 45 mg/L is a health risk for infants of less than six months of age. These nitrate levels in drinking water can interfere with the capacity of the infant's blood to carry oxygen, resulting in a serious illness. Symptoms include

shortness of breath and blueness of the skin. Nitrate levels above 45 mg/L may also affect the ability of the blood to carry oxygen in other individuals, including, but not limited to, pregnant women and those with certain specific enzyme deficiencies. If you are caring for an infant, or you are pregnant, you should ask advice from your health care provider."

(B) If the nitrate disclosure requirements for municipal water suppliers are revised by the State Department of Public Health, this statement shall be updated to reflect the revision.

(12) (A) The following statement, if arsenic levels above 5 ppb, but below 10 ppb (the maximum contaminant level for arsenic), are detected:

"Arsenic levels above 5 ppb and up to 10 ppb are present in your drinking water. While your drinking water meets the current EPA standard for arsenic, it does contain low levels of arsenic. The standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. The State Department of Public Health continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects, including, but not limited to, skin damage and circulatory problems."

(B) If the arsenic disclosure requirements for municipal water suppliers are revised by the State Department of Public Health, this statement shall be updated to reflect the revision.

(13) A full disclosure of any exemption or variance that has been granted to the bottler by the State Department of Public Health, including an explanation of reasons for each exemption or variance and the date of the exemption or variance.

SEC. 156. Section 116033 of the Health and Safety Code is amended to read:

116033. Persons providing aquatic instruction, including, but not limited to, swimming instruction, water safety instruction, water contact activities, and competitive aquatic sports, at a public swimming pool shall possess current certificates from an American Red Cross or YMCA of the U.S.A. lifeguard training program, or have equivalent qualifications, as determined by the department. In addition, these persons shall be certified in standard first aid and cardiopulmonary resuscitation (CPR). All these persons shall meet these qualifications by January 1, 1991. Persons who only disseminate written materials relating to water safety are not persons providing aquatic instruction within the meaning of this section.

The requirements of this section shall be waived under either of the following circumstances: (a) when one or more aquatic instructors

possessing the current certificates from an American Red Cross or YMCA of the U.S.A. lifeguard training program, or the equivalent, are in attendance continuously during periods of aquatic instruction, or (b) when one or more lifeguards meeting the requirements of Section 116028 are in attendance continuously during periods of aquatic instruction.

SEC. 157. Section 121530 of the Health and Safety Code is amended to read:

121530. The examination shall consist of either an approved intradermal tuberculin test or any other test for tuberculosis infection that has been recommended by the CDC and licensed by the FDA, that, if positive, shall be followed by an X-ray of the lungs.

SEC. 158. Section 122354 of the Health and Safety Code is amended to read:

122354. (a) The pet store operator or at least one of his or her employees shall be present in the store at least once daily, regardless of whether the store is open, for care and maintenance of the animals in the pet store.

(b) A pet store operator shall comply with the following animal care requirements:

(1) House only compatible animals in the same enclosure.

(2) Observe each animal at regular intervals, at least once a day, in order to recognize and evaluate general symptoms of sickness, injury, or abnormal behavior.

(3) Take reasonable measures to house intact mammals that have reached sexual maturity in a manner to prevent unplanned reproduction.

(4) (A) Maintain and abide by written animal husbandry procedures that address animal care, management and safe handling, disease prevention and control, routine care, preventive care, emergency care, veterinary treatment, euthanasia, and disaster planning, evacuation, and recovery that is applicable to the location of the pet store. These procedures shall be reviewed with employees who provide animal care and shall be present in writing, either electronically or physically, in the store and made available to all store employees.

(B) Sections 122356 and 122358 do not apply to subparagraph (A) if other local, state, or federal laws apply to those procedures.

(5) (A) If there is a determination that an animal may need to be euthanized, ensure that veterinary treatment is provided without delay.

(B) Notwithstanding subparagraph (A), an animal intended as food for another animal may be destroyed using a method or methods of euthanasia that are humane, involve painless loss of consciousness and immediate death as specified in Appendix 2 of the American Veterinary Medical Association (AVMA) 2000 Report of the AVMA Panel on

Euthanasia, and as authorized for the species in the documented program prescribed in paragraph (7).

(C) Each employee who performs euthanasia shall receive adequate training in the method or methods used and proof of successful completion of that training shall be documented in writing and retained by the pet store. All training records shall be maintained by the pet store for two years, and shall be made available, upon request, to appropriate law enforcement officers exercising authority pursuant to Section 122356.

(D) Subparagraphs (A) to (C), inclusive, shall be implemented in a manner consistent with California law and in accordance with Chapter 11 (commencing with Section 4800) of Division 2 of the Business and Professions Code.

(6) Isolate and not offer for sale those animals that have or are suspected of having a contagious condition. This paragraph shall not apply to those animals that are effectively isolated by their primary enclosure, including, but not limited to, fish, provided that a sign is posted on the enclosure that indicates that these animals are not for sale, or otherwise marked in a manner to prevent their sale to customers during their treatment for the contagious condition.

(7) Have a documented program of routine care, preventive care, and emergency care, disease control and prevention, and veterinary treatment and euthanasia, as outlined in paragraph (5), that is established and maintained by the pet store in consultation with a licensed veterinarian employed by the pet store or a California-licensed veterinarian, to ensure adherence to the program with respect to each animal. The program shall also include a documented onsite visit to the pet store premises by a California-licensed veterinarian at least once a year.

(8) Ensure that each diseased, ill, or injured animal is evaluated and treated without delay. If necessary for the humane care and treatment of the animal, the animal shall be provided with veterinary treatment without delay.

(9) In the event of a natural disaster, an emergency evacuation, or other similar occurrence, the humane care and treatment of each animal is provided for, as required by this chapter, to the extent access to the animal is reasonably available.

(c) Subdivisions (a) and (b) shall be implemented to the extent consistent with California law.

SEC. 159. Section 124900 of the Health and Safety Code is amended to read:

124900. (a) (1) The State Department of Health Care Services shall select primary care clinics that are licensed under subparagraph (A) or (B) of paragraph (1) of subdivision (a) of Section 1204, or are exempt from licensure under subdivision (c) of Section 1206, to be reimbursed

for delivering medical services, including preventive health care, and smoking prevention and cessation health education, to program beneficiaries.

(2) In order to be eligible to receive funds under this article a clinic shall meet all of the following conditions, at a minimum:

(A) Provide medical diagnosis and treatment.

(B) Provide medical support services of patients in all stages of illness.

(C) Provide communication of information about diagnosis, treatment, prevention, and prognosis.

(D) Provide maintenance of patients with chronic illness.

(E) Provide prevention of disability and disease through detection, education, persuasion, and preventive treatment.

(F) Meet one or both of the following conditions:

(i) Be located in an area or a facility federally designated as a health professional shortage area, medically underserved area, or medically underserved population.

(ii) Be a clinic that is able to demonstrate that at least 50 percent of the patients served are persons with incomes at or below 200 percent of the federal poverty level.

(3) Notwithstanding the requirements of paragraph (2), all clinics that received funds under this article in the 1997–98 fiscal year shall continue to be eligible to receive funds under this article.

(b) As a part of the award process for funding pursuant to this article, the department shall take into account the availability of primary care services in the various geographic areas of the state. The department shall determine which areas within the state have populations that have clear and compelling difficulty in obtaining access to primary care. The department shall consider proposals from new and existing eligible providers to extend clinic services to these populations.

(c) A primary care clinic applying for funds pursuant to this article shall demonstrate that the funds shall be used to expand medical services, including preventive health care, and smoking prevention and cessation health education, for program beneficiaries above the level of services provided in the 1988 calendar year, or in the year prior to the first year a clinic receives funds under this article if the clinic did not receive funds in the 1989 calendar year.

(d) (1) The department, in consultation with clinics funded under this article, shall develop a formula for allocation of funds available. It is the intent of the Legislature that the funds allocated pursuant to this article promote stability for those clinics participating in programs under this article as part of the state's health care safety net and at the same time be distributed in a manner that best promotes access to health care to uninsured populations.

(2) The formula shall be based on both of the following:

(A) A hold harmless for clinics funded in the 1997–98 fiscal year to continue to reimburse them for some portion of their uncompensated care.

(B) Demonstrated unmet need by both new and existing clinics, as reflected in their levels of uncompensated care reported to the department. For purposes of this article, "uncompensated care" means clinic patient visits for persons with incomes at or below 200 percent of the federal poverty level for which there is no encounter-based third-party reimbursement which includes, but is not limited to, unpaid expanded access to primary care claims.

(3) The department shall allocate available funds, for a three-year period, as follows:

(A) Clinics that received funding in the prior fiscal year shall receive 90 percent of their prior fiscal year allocation, subject to available funds, provided that the funding award is substantiated by the clinics' reported levels of uncompensated care.

(B) The remaining funds beyond 90 percent shall be awarded to new and existing applicants based on the clinics' reported levels of uncompensated care as verified by the department according to subparagraph (A) of paragraph (4). The department shall seek input from stakeholders to discuss adjustments to award levels that the department deems reasonable, such as including base amounts for new applicant clinics.

(C) New applicants shall be awarded funds pursuant to this subdivision if they meet the minimum requirements for funding under this article based on the clinics' reported levels of uncompensated care as verified by the department according to subparagraph (A) of paragraph (4). New applicants include applicants for new site expansions by existing applicants.

(4) In assessing reported levels of uncompensated care, the department shall utilize the data available from the Office of Statewide Health Planning and Development's (OSHPD's) completed analysis of the "Annual Report of Primary Care Clinics" for the prior fiscal year, or if more recent data is available, then the most recent data. If this data is unavailable for an existing applicant to assess reported levels of uncompensated care, the existing applicant shall receive an allocation pursuant to subparagraph (A) of paragraph (3).

(A) The department shall utilize the most recent data available from OSHPD's completed analysis of the "Annual Report of Primary Care Clinics" for the prior fiscal year, or if more recent data is available, then the most recent data.

(B) If the funds allocated to the program are less than the prior year, the department shall allocate available funds to existing program providers only.

(5) The department shall establish a base funding level, subject to available funds, of no less than thirty-five thousand dollars ($35,000) for frontier clinics and Native American reservation-based clinics. For purposes of this article, "frontier clinics" means clinics located in a medical services study area with a population of fewer than 11 persons per square mile.

(6) The department shall develop, in consultation with clinics funded pursuant to this article, a formula for reallocation of unused funds to other participating clinics to reimburse for uncompensated care. The department shall allocate the unused funds remaining on October 30, for the prior fiscal year to other participating clinics to reimburse for uncompensated care.

(e) In applying for funds, eligible clinics shall submit a single application per clinic corporation. Applicants with multiple sites shall apply for all eligible clinics, and shall report to the department the allocation of funds among their corporate sites in the prior year. A corporation may claim reimbursement only for services provided at a program-eligible clinic site identified in the corporate entity's application for funds, and approved for funding by the department. A corporation may increase or decrease the number of its program-eligible clinic sites on an annual basis, at the time of the annual application update for the subsequent fiscal years of any multiple-year application period.

(f) Grant allocations pursuant to this article shall be based on the formula developed by the department, notwithstanding a merger of one of more licensed primary care clinics participating in the program.

(g) A clinic that is eligible for the program in every other respect, but that provides dental services only, rather than the full range of primary care medical services, shall only be eligible to receive funds under this article on an exception basis. A dental-only provider's application shall include a memorandum of understanding (MOU) with a primary care clinic funded under this article. The MOU shall include medical protocols for making referrals by the primary care clinic to the dental clinic and from the dental clinic to the primary care clinic, and ensure that case management services are provided and that the patient is being provided comprehensive primary care as described in subdivision (a).

(h) (1) For purposes of this article, an outpatient visit shall include diagnosis and medical treatment services, including the associated pharmacy, X-ray, and laboratory services, and prevention health and case management services that are needed as a result of the outpatient visit. For a new patient, an outpatient visit shall also include a health

assessment encompassing an assessment of smoking behavior and the patient's need for appropriate health education specific to related tobacco use and exposure.

(2) "Case management" includes, for this purpose, the management of all physician services, both primary and specialty, and arrangements for hospitalization, postdischarge care, and followup care.

(i) (1) Payment shall be on a per-visit basis at a rate that is determined by the department to be appropriate for an outpatient visit as defined in this section, and shall be not less than seventy-one dollars and fifty cents ($71.50).

(2) In developing a statewide uniform rate for an outpatient visit as defined in this article, the department shall consider existing rates of payments for comparable outpatient visits. The department shall review the outpatient visit rate on an annual basis.

(j) Not later than June 1 of each year, the department shall adopt and provide each licensed primary care clinic with a schedule for programs under this article, including the date for notification of availability of funds, the deadline for the submission of a completed application, and an anticipated contract award date for successful applicants.

(k) In administering the program created pursuant to this article, the department shall utilize the Medi-Cal program statutes and regulations pertaining to program participation standards, medical and administrative recordkeeping, the ability of the department to monitor and audit clinic records pertaining to program services rendered to program beneficiaries and take recoupments or recovery actions consistent with monitoring and audit findings, and the provider's appeal rights. A primary care clinic applying for program participation shall certify that it will abide by these statutes and regulations and other program requirements set forth in this article.

SEC. 160. Section 124991 of the Health and Safety Code is amended to read:

124991. In administering this section the department shall ensure that the Birth Defects Monitoring Program meets at least one of the following conditions:

(A) The fees paid by researchers, investigators, and health care services providers pursuant to subdivision (c) shall be used to cover the cost of collecting and storing blood, including umbilical cord blood.

(B) The department receives confirmation that an investigator, researcher, or health care provider has requested umbilical cord blood

samples for research or has requested cord blood samples to be included within a request for pregnancy and newborn blood samples through the program.

(C) The department receives federal grant moneys to pay for initial startup costs for the collection and storage of umbilical cord blood samples.

(2) The department may limit the number of units the program collects each year.

(b) (1) All information relating to umbilical cord blood samples collected and utilized by the Birth Defects Monitoring Program shall be confidential, and shall be used solely for the purposes of the program. Access to confidential information shall be limited to authorized persons who agree, in writing, to maintain the confidentiality of that information.

(2) The department shall maintain an accurate record of all persons who are given confidential information pursuant to this section, and disclosure of confidential information shall be made only upon written agreement that the information will be kept confidential, used for its approved purpose, and not be further disclosed.

(3) A person who, in violation of a written agreement to maintain confidentiality, discloses information provided pursuant to this section, or who uses information provided pursuant to this section in a manner other than as approved pursuant to this section may be denied further access to confidential information maintained by the department, and shall be subject to a civil penalty not exceeding one thousand dollars ($1,000). The penalty provided in this section does not limit or otherwise restrict a remedy, provisional or otherwise, provided by law for the benefit of the department or a person covered by this section.

(c) In order to implement this program, the department shall establish fees of an amount that shall not exceed the costs of administering the program, which the department shall collect from researchers, investigators, and health care providers who have been approved by the department and who seek to use the following types of blood samples, collected by the Birth Defects Monitoring Program, for research:

(1) Umbilical cord blood.

(2) Pregnancy blood.

(3) Newborn blood.

(d) Fees collected pursuant to subdivision (c) shall be deposited into the Birth Defects Monitoring Program Fund created pursuant to paragraph (7) of subdivision (b) of Section 124977. Moneys deposited into the fund pursuant to this section may be used by the department, upon appropriation by the Legislature, for the purposes specified in subdivision (e).

(e) Moneys in the fund shall be used for the costs related to data management, including data linkage and entry, and umbilical cord blood storage, retrieval, processing, inventory, and shipping.

(f) The department shall adopt rules and regulations pursuant to existing requirements in the Birth Defects Monitoring Program.

(g) The department, health care providers, and local health departments shall maintain the confidentiality of patient information in accordance with existing law and in the same manner as other medical record information with patient identification that they possess, and shall use the information only for the following purposes:

(1) Research to identify risk factors for children's and women's diseases.

(2) Research to develop and evaluate screening tests.

(3) Research to develop and evaluate prevention strategies.

(4) Research to develop and evaluate treatments.

(h) (1) For purposes of ensuring the security of a donor's personal information, before any umbilical cord blood samples are released pursuant to this section for research purposes, the State Committee for the Protection of Human Subjects (CPHS) shall determine if all of the following criteria have been met:

(A) The Birth Defects Monitoring Program contractors or other entities approved by the department have provided a plan sufficient to protect personal information from improper use and disclosures, including sufficient administrative, physical, and technical safeguards to protect personal information from reasonable anticipated threats to the security or confidentiality of the information.

(B) The Birth Defects Monitoring Program contractors or other entities approved by the department have provided a sufficient plan to destroy or return all personal information as soon as it is no longer needed for the research activity, unless the program contractors or other entities approved by the department have demonstrated an ongoing need for the personal information for the research activity and have provided a long-term plan sufficient to protect the confidentiality of that information.

(C) The Birth Defects Monitoring Program contractors or other entities approved by the department have provided sufficient written assurances that the personal information will not be reused or disclosed to a person or entity, or used in a manner not approved in the research protocol, except as required by law or for authorized oversight of the research activity.

(2) As part of its review and approval of the research activity for the purpose of protecting personal information held in agency databases, CPHS shall accomplish at least all of the following:

(A) Determine whether the requested personal information is needed to conduct the research.

(B) Permit access to personal information only if it is needed for the research activity.

(C) Permit access only to the minimum personal information necessary for the research activity.

(D) Require the assignment of unique subject codes that are not derived from personal information in lieu of social security numbers if the research can be conducted without social security numbers.

(E) If feasible, and if cost, time, and technical expertise permit, require the agency to conduct a portion of the data processing for the researcher to minimize the release of personal information.

(i) In addition to the fees described in subdivision (c), the department may bill a researcher for the costs associated with the department's process of protecting personal information, including, but not limited to, the department's costs for conducting a portion of the data processing for the researcher, removing personal information, encrypting or otherwise securing personal information, or assigning subject codes.

(j) This section does not prohibit the department from using its existing authority to enter into written agreements to enable other institutional review boards to approve research activities, projects, or classes of projects for the department, provided that the data security requirements set forth in this section are satisfied.

SEC. 161. Section 127400 of the Health and Safety Code is amended to read:

127400. As used in this article, the following terms have the following meanings:

(a) "Allowance for financially qualified patient" means, with respect to services rendered to a financially qualified patient, an allowance that is applied after the hospital's charges are imposed on the patient, due to the patient's determined financial inability to pay the charges.

(b) "Federal poverty level" means the poverty guidelines updated periodically in the Federal Register by the United States Department of Health and Human Services under authority of subsection (2) of Section 9902 of Title 42 of the United States Code.

(c) "Financially qualified patient" means a patient who is both of the following:

(1) A patient who is a self-pay patient, as defined in subdivision (f) or a patient with high medical costs, as defined in subdivision (g).

(2) A patient who has a family income that does not exceed 350 percent of the federal poverty level.

(d) "Hospital" means a facility that is required to be licensed under subdivision (a), (b), or (f) of Section 1250, except a facility operated by

the State Department of Mental Health or the Department of Corrections and Rehabilitation.

(e) "Office" means the Office of Statewide Health Planning and Development.

(f) "Self-pay patient" means a patient who does not have third-party coverage from a health insurer, health care service plan, Medicare, or Medicaid, and whose injury is not a compensable injury for purposes of workers' compensation, automobile insurance, or other insurance as determined and documented by the hospital. Self-pay patients may include charity care patients.

(g) "A patient with high medical costs" means a person whose family income does not exceed 350 percent of the federal poverty level, as defined in subdivision (b), if that individual does not receive a discounted rate from the hospital as a result of his or her third-party coverage. For these purposes, "high medical costs" means any of the following:

(1) Annual out-of-pocket costs incurred by the individual at the hospital that exceed 10 percent of the patient's family income in the prior 12 months.

(2) Annual out-of-pocket expenses that exceed 10 percent of the patient's family income, if the patient provides documentation of the patient's medical expenses paid by the patient or the patient's family in the prior 12 months.

(3) A lower level determined by the hospital in accordance with the hospital's charity care policy.

(h) "Patient's family" means the following:

(2) For persons under 18 years of age, parent, caretaker relatives, and other children under 21 years of age of the parent or caretaker relative.

SEC. 162. Section 127405 of the Health and Safety Code is amended to read:

127405. (a) (1) Each hospital shall maintain an understandable written policy regarding discount payments for financially qualified patients as well as an understandable written charity care policy. Uninsured patients or patients with high medical costs who are at or below 350 percent of the federal poverty level, as defined in subdivision (b) of Section 127400, shall be eligible to apply for participation under a hospital's charity care policy or discount payment policy. Notwithstanding any other provision of this article, a hospital may choose to grant eligibility for its discount payment policy or charity care policies to patients with incomes over 350 percent of the federal poverty level. Both the charity care policy and the discount payment policy shall state

the process used by the hospital to determine whether a patient is eligible for charity care or discounted payment. In the event of a dispute, a patient may seek review from the business manager, chief financial officer, or other appropriate manager as designated in the charity care policy and the discount payment policy.

(2) Rural hospitals, as defined in Section 124840, may establish eligibility levels for financial assistance and charity care at less than 350 percent of the federal poverty level as appropriate to maintain their financial and operational integrity.

(b) A hospital's discount payment policy shall clearly state eligibility criteria based upon income consistent with the application of the federal poverty level. The discount payment policy shall also include an extended payment plan to allow payment of the discounted price over time. The policy shall provide that the hospital and the patient may negotiate the terms of the payment plan.

(c) The charity care policy shall state clearly the eligibility criteria for charity care. In determining eligibility under its charity care policy, a hospital may consider income and monetary assets of the patient. For purposes of this determination, monetary assets shall not include retirement or deferred compensation plans qualified under the Internal Revenue Code, or nonqualified deferred compensation plans. Furthermore, the first ten thousand dollars ($10,000) of a patient's monetary assets shall not be counted in determining eligibility, nor shall 50 percent of a patient's monetary assets over the first ten thousand dollars ($10,000) be counted in determining eligibility.

(d) A hospital shall limit expected payment for services it provides to a patient at or below 350 percent of the federal poverty level, as defined in subdivision (b) of Section 124700, eligible under its discount payment policy to the amount of payment the hospital would expect, in good faith, to receive for providing services from Medicare, Medi-Cal, Healthy Families, or another government-sponsored health program of health benefits in which the hospital participates, whichever is greater. If the hospital provides a service for which there is no established payment by Medicare or any other government-sponsored program of health benefits in which the hospital participates, the hospital shall establish an appropriate discounted payment.

(e) A patient, or patient's legal representative, who requests a discounted payment, charity care, or other assistance in meeting his or her financial obligation to the hospital shall make every reasonable effort to provide the hospital with documentation of income and health benefits coverage. If the person requests charity care or a discounted payment and fails to provide information that is reasonable and necessary for the

hospital to make a determination, the hospital may consider that failure in making its determination.

(1) For purposes of determining eligibility for discounted payment, documentation of income shall be limited to recent pay stubs or income tax returns.

(2) For purposes of determining eligibility for charity care, documentation of assets may include information on all monetary assets, but shall not include statements on retirement or deferred compensation plans qualified under the Internal Revenue Code, or nonqualified deferred compensation plans. A hospital may require waivers or releases from the patient or the patient's family, authorizing the hospital to obtain account information from financial or commercial institutions, or other entities that hold or maintain the monetary assets, to verify their value.

(3) Information obtained pursuant to paragraph (1) or (2) shall not be used for collections activities. This paragraph does not prohibit the use of information obtained by the hospital, collection agency, or assignee independently of the eligibility process for charity care or discounted payment.

(4) Eligibility for discounted payments or charity care may be determined at any time the hospital is in receipt of information specified in paragraph (1) or (2), respectively.

(20) Elements added pursuant to Section 128738.

(h) It is the intent of the Legislature that the patient's rights of confidentiality shall not be violated in any manner. Patient social security numbers and other data elements that the office believes could be used to determine the identity of an individual patient shall be exempt from the disclosure requirements of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(i) A person reporting data pursuant to this section shall not be liable for damages in an action based on the use or misuse of patient-identifiable data that has been mailed or otherwise transmitted to the office pursuant to the requirements of subdivision (g).

(j) A hospital shall use coding from the International Classification of Diseases in reporting diagnoses and procedures.

SEC. 164. Section 131540 of the Health and Safety Code is amended to read:

131540. (a) (1) The cost of the health care coverage provided through the program shall be paid through a combination of contributions paid by the small business, premiums paid by participating employees, and county, federal, state, or private sector funding made available for this purpose.

(2) The local initiative may determine the amount of the employer contribution for each participating eligible employee, which shall not exceed one hundred fifty dollars ($150) per month, and the amount of the employee premium, which shall not exceed seventy-five dollars ($75) per month. (4) The local initiative shall establish copayment levels and amounts in a manner substantially similar to that described in Section 12693.615 of the Insurance Code, pertaining to the Healthy Families Program.

(5) For purposes of the program, "applicable rate charged for a covered employee" in Section 1366.26 means the total premium amount paid to the health plan on behalf of an employee, including amounts paid by the small business on behalf of the employee, the premium paid by the employee, and any county, federal, state, or private sector funding, which funding shall include the value of the discounted rates negotiated pursuant to subdivision (b), as apportioned to the employee. The program shall submit to the Department of Managed Health Care the procedures the local initiative will use for purposes of establishing the rates to be paid by a person eligible for continuation coverage under Section 1366.26, and the department shall only approve those procedures if it determines that they are consistent with the requirements of the Cal-COBRA program.

(b) In order to enhance the affordability of coverage offered through the program to eligible small businesses and employees, the county and

the local initiative shall negotiate discounted rates for services provided to participants in the program by providers operated by the county or by providers with whom, or with which, the county has contracted to provide health care services.

SEC. 166. Section 1063.1 of the Insurance Code is amended to read:

1063.1. As used in this article:

(a) "Member insurer" means an insurer required to be a member of the association in accordance with subdivision (a) of Section 1063, except and to the extent that the insurer is participating in an insolvency program adopted by the United States government.

(b) "Insolvent insurer" means an insurer that was a member insurer of the association, consistent with paragraph (11) of subdivision (c), either at the time the policy was issued or when the insured event occurred, and against which an order of liquidation or receivership with a finding of insolvency has been entered by a court of competent jurisdiction, or, in the case of the State Compensation Insurance Fund, if a finding of insolvency is made by a duly enacted legislative measure.

(c) (1) "Covered claims" means the obligations of an insolvent insurer, including the obligation for unearned premiums, that satisfy all of the following requirements:

(A) Imposed by law and within the coverage of an insurance policy of the insolvent insurer.

(B) Which were unpaid by the insolvent insurer.

(C) Which are presented as a claim to the liquidator in this state or to the association on or before the last date fixed for the filing of claims in the domiciliary liquidating proceedings.

(D) Which were incurred prior to the date coverage under the policy terminated and prior to, on, or within 30 days after the date the liquidator was appointed.

(E) For which the assets of the insolvent insurer are insufficient to discharge in full.

(F) In the case of a policy of workers' compensation insurance, to provide workers' compensation benefits under the workers' compensation law of this state.

(G) In the case of other classes of insurance if the claimant or insured is a resident of this state at the time of the insured occurrence, or the property from which the claim arises is permanently located in this state.

(2) "Covered claims" also includes the obligations assumed by an assuming insurer from a ceding insurer where the assuming insurer subsequently becomes an insolvent insurer if, at the time of the insolvency of the assuming insurer, the ceding insurer is no longer

admitted to transact business in this state. Both the assuming insurer and the ceding insurer shall have been member insurers at the time the assumption was made. "Covered claims" under this paragraph shall be required to satisfy the requirements of subparagraphs (A) to (G), inclusive, of paragraph (1), except for the requirement that the claims be against policies of the insolvent insurer. The association shall have a right to recover any deposit, bond, or other assets that may have been required to be posted by the ceding company to the extent of covered claim payments and shall be subrogated to any rights the policyholders may have against the ceding insurer.

(3) "Covered claims" does not include obligations arising from the following:

(A) Life, annuity, health, or disability insurance.

(B) Mortgage guaranty, financial guaranty, or other forms of insurance offering protection against investment risks.

(C) Fidelity or surety insurance including fidelity or surety bonds, or any other bonding obligations.

(D) Credit insurance.

(E) Title insurance.

(F) Ocean marine insurance or ocean marine coverage under any insurance policy including claims arising from the following: the Jones Act (46 U.S.C. Sec. 688), the Longshore and Harbor Workers' Compensation Act (33 U.S.C. Sec. 901 et seq.), or another similar federal statutory enactment, or an endorsement or policy affording protection and indemnity coverage.

(G) A claims servicing agreement or insurance policy providing retroactive insurance of a known loss or losses, except a special excess workers' compensation policy issued pursuant to subdivision (c) of Section 3702.8 of the Labor Code that covers all or any part of workers' compensation liabilities of an employer that is issued, or was previously issued, a certificate of consent to self-insure pursuant to subdivision (b) of Section 3700 of the Labor Code.

(4) "Covered claims" does not include obligations of the insolvent insurer arising out of reinsurance contracts, nor obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured's request, or after the insurance policy has been canceled by the association as provided in this chapter, or after the insurance policy has been canceled by the liquidator, nor obligations to a state or to the federal government.

(5) "Covered claims" does not include obligations to insurers, insurance pools, or underwriting associations, nor their claims for contribution, indemnity, or subrogation, equitable or otherwise, except as otherwise provided in this chapter.

An insurer, insurance pool, or underwriting association shall not maintain, in its own name or in the name of its insured, a claim or legal action against the insured of the insolvent insurer for contribution, indemnity or by way of subrogation, except insofar as, and to the extent only, that the claim exceeds the policy limits of the insolvent insurer's policy. In those claims or legal actions, the insured of the insolvent insurer is entitled to a credit or setoff in the amount of the policy limits of the insolvent insurer's policy, or in the amount of the limits remaining, where those limits have been diminished by the payment of other claims.

(6) "Covered claims," except in cases involving a claim for workers' compensation benefits or for unearned premiums, does not include a claim in an amount of one hundred dollars ($100) or less, nor that portion of a claim that is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(7) "Covered claims" does not include that portion of a claim, other than a claim for workers' compensation benefits, that is in excess of five hundred thousand dollars ($500,000).

(8) "Covered claims" does not include an amount awarded as punitive or exemplary damages, nor an amount awarded by the Workers' Compensation Appeals Board pursuant to Section 5814 or 5814.5 of the Labor Code because payment of compensation was unreasonably delayed or refused by the insolvent insurer.

(9) "Covered claims" does not include (A) a claim to the extent it is covered by any other insurance of a class covered by this article available to the claimant or insured nor (B) a claim by a person other than the original claimant under the insurance policy in his or her own name, his or her assignee as the person entitled thereto under a premium finance agreement as defined in Section 673 and entered into prior to insolvency, his or her executor, administrator, guardian, or other personal representative or trustee in bankruptcy and does not include a claim asserted by an assignee or one claiming by right of subrogation, except as otherwise provided in this chapter.

(10) "Covered claims" does not include obligations arising out of the issuance of an insurance policy written by the separate division of the State Compensation Insurance Fund pursuant to Sections 11802 and 11803.

(11) "Covered claims" does not include obligations of the insolvent insurer arising from any policy or contract of insurance issued or renewed prior to the insolvent insurer's admission to transact insurance in the state.

(12) "Covered claims" does not include surplus deposits of subscribers as defined in Section 1374.1.

(13) "Covered claims" shall also include obligations arising under an insurance policy written to indemnify a permissibly self-insured employer pursuant to subdivision (b) or (c) of Section 3700 of the Labor Code for its liability to pay workers' compensation benefits in excess of a specific or aggregate retention, provided, however, that for purposes of this article, those claims shall not be considered workers' compensation claims and therefore are subject to the per claim limit in paragraph (7) and any payments and expenses related thereto shall be allocated to category (c) of Section 1063.5, which is for claims other than workers' compensation, homeowners, and automobile, as provided in that section.

These provisions shall apply to obligations arising under any policy as described herein issued to a permissibly self-insured employer or group of self-insured employers pursuant to Section 3700 of the Labor Code and notwithstanding any other provision of the Insurance Code, those obligations shall be governed by this provision in the event that the Self-Insurers' Security Fund is ordered to assume the liabilities of a permissibly self-insured employer or group of self-insured employers pursuant to Section 3701.5 of the Labor Code. The provisions of this paragraph apply only to insurance policies written to indemnify a permissibly self-insured employer or group of self-insured employers under subdivision (b) or (c) of Section 3700, for its liability to pay workers' compensation benefits in excess of a specific or aggregate retention, and this paragraph does not apply to special excess workers' compensation insurance policies unless issued pursuant to authority granted in subdivision (c) of Section 3702.8 of the Labor Code, and as provided for in subparagraph (G) of paragraph (3). In addition, this paragraph does not apply to a claims servicing agreement or insurance policy providing retroactive insurance of a known loss or losses as are excluded in subparagraph (G) of paragraph (3).

Each permissibly self-insured employer or group of self-insured employers, or the Self-Insurers' Security Fund, shall, to the extent required by the Labor Code, be responsible for paying, adjusting, and defending each claim arising under policies of insurance covered under this section, unless the benefits paid on a claim exceed the specific or aggregate retention, in which case:

(A) If the benefits paid on the claim exceed the specific or aggregate retention, and the policy requires the insurer to defend and adjust the claim, the California Insurance Guarantee Association (CIGA) shall be solely responsible for adjusting and defending the claim, and shall make all payments due under the claim, subject to the limitations and exclusions of this article with regards to covered claims. As to each claim subject to this paragraph, notwithstanding any other provisions of this code or the Labor Code, and regardless of whether the amount paid by CIGA is

adequate to discharge a claim obligation, neither the self-insured employer, group of employers, nor the Self-Insurers' Security Fund shall have any obligation to pay benefits over and above the specific or aggregate retention, except as provided in subdivision (c).

(B) If the benefits paid on the claim exceed the specific or aggregate retention, and the policy does not require the insurer to defend and adjust the claim, the permissibly self-insured employer or group of self-insured employers, or the Self-Insurers' Security Fund, shall not have further payment obligations with respect to the claim, but shall continue defending and adjusting the claim, and shall have the right, but not the obligation, in any proceeding to assert all applicable statutory limitations and exclusions as contained in this article with regard to the covered claim. CIGA shall have the right, but not the obligation, to intervene in any proceeding where the self-insured employer, group of self-insured employers, or the Self-Insurers' Security Fund is defending any such claim and shall be permitted to raise the appropriate statutory limitations and exclusions as contained in this article with respect to covered claims. Regardless of whether the self-insured employer or group of employers, or the Self-Insurers' Security Fund, asserts the applicable statutory limitations and exclusions, or whether CIGA intervenes in any such proceeding, CIGA shall be solely responsible for paying all benefits due on the claim, subject to the exclusions and limitations of this article with respect to covered claims. As to each claim subject to this paragraph, notwithstanding any other provision of this code or the Labor Code and regardless of whether the amount paid by CIGA is adequate to discharge a claim obligation, neither the self-insured employer, group of employers, nor the Self-Insurers' Security Fund shall have any obligation to pay benefits over and above the specific or aggregate retention, except as provided in this subdivision.

(d) In the event that the benefits paid on the covered claim exceed the per claim limit in paragraph (7) of subdivision (c), the responsibility for paying, adjusting, and defending the claim shall be returned to the permissibly self-insured employer or group of employers, or the Self-Insurers' Security Fund.

These provisions shall apply to all pending and future insolvencies. For purposes of this paragraph, a pending insolvency is one involving a company that is currently receiving benefits from the guarantee association.

(e) "Admitted to transact insurance in this state" means an insurer possessing a valid certificate of authority issued by the department.

(f) "Affiliate" means a person who directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common

control with an insolvent insurer on December 31 of the year next preceding the date the insurer becomes an insolvent insurer.

(g) "Control" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control is presumed to exist if a person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, 10 percent or more of the voting securities of another person. This presumption may be rebutted by showing that control does not in fact exist.

(h) "Claimant" means an insured making a first party claim or a person instituting a liability claim, provided that no person who is an affiliate of the insolvent insurer may be a claimant.

(i) "Ocean marine insurance" includes marine insurance as defined in Section 103, except for inland marine insurance, as well as any other form of insurance, regardless of the name, label, or marketing designation of the insurance policy, that insures against maritime perils or risks and other related perils or risks, which are usually insured against by traditional marine insurance, such as hull and machinery, marine builders' risks, and marine protection and indemnity. Those perils and risks insured against include, without limitation, loss, damage, or expense or legal liability of the insured arising out of or incident to ownership, operation, chartering, maintenance, use, repair, or construction of a vessel, craft, or instrumentality in use in ocean or inland waterways, including liability of the insured for personal injury, illness, or death for loss or damage to the property of the insured or another person.

(j) "Unearned premium" means that portion of a premium as calculated by the liquidator that had not been earned because of the cancellation of the insolvent insurer's policy and is that premium remaining for the unexpired term of the insolvent insurer's policy. "Unearned premium" does not include an amount sought as return of a premium under a policy providing retroactive insurance of a known loss or return of a premium under a retrospectively rated policy or a policy subject to a contingent surcharge or a policy in which the final determination of the premium cost is computed after expiration of the policy and is calculated on the basis of actual loss experience during the policy period.

SEC. 167. Section 1626 of the Insurance Code is amended to read:

1626. (a) A life licensee is a person authorized to act as a life agent. Licenses to act as a life agent under this chapter shall be of the following types:

(1) Life-only, which license shall entitle the licensee to transact insurance coverage on human lives, including benefits of endowment and annuities, and may include benefits in the event of death or dismemberment by accident and benefits for disability income.

(2) Accident and health, which license shall entitle the licensee to transact insurance coverage for sickness, bodily injury, or accidental death and may include benefits for disability income.

(b) An accident and health agent licensee also is authorized to transact 24-hour care coverage, as defined in Section 1749.02, pursuant to subdivision (d) of Section 1749 or subdivision (d) of Section 1749.33.

SEC. 168. Section 1764.1 of the Insurance Code is amended to read:

1764.1. (a) (1) Every nonadmitted insurer, in the case of insurance to be purchased by a resident of this state pursuant to Section 1760, and surplus line broker, in the case of any insurance with a nonadmitted carrier to be transacted by the surplus line broker, shall be responsible to ensure that, at the time of accepting an application for an insurance policy, other than a renewal of that policy, issued by a nonadmitted insurer, the signature of the applicant on the disclosure statement set forth in subdivision (b) is obtained. In fulfillment of this responsibility, the nonadmitted insurer and the surplus line broker may rely, if it is reasonable under all the circumstances to do so, on the disclosure statement received from a licensee involved in the transaction as prima facie evidence that the disclosure statement and appropriate signature from the applicant have been obtained. The surplus line broker shall maintain a copy of the signed disclosure statement in his or her records for a period of at least five years. These records shall be made available to the commissioner and the insured upon request. This disclosure shall be signed by the applicant, and is not subject to any limited power of attorney agreement between the applicant and an agent or broker, or a surplus line broker. The disclosure statement shall be in boldface 16-point type on a freestanding document. In addition, every policy issued by a nonadmitted insurer and every certificate evidencing the placement of insurance shall contain, or have affixed to it by the insurer or surplus line broker, the disclosure statement set forth in subdivision (b) in boldface 16-point type on the front page of the policy.

(2) In a case in which the applicant has not received and completed the signed disclosure form required by this section, he or she may cancel the insurance so placed. The cancellation shall be on a pro rata basis as to premium, and the applicant shall be entitled to the return of any broker's fees charged for the placement.

(b) The following notice shall be provided to policyholders and applicants for insurance as provided by subdivision (a), and shall be printed in English and in the language principally used by the surplus

line broker and nonadmitted insurer to advertise, solicit, or negotiate the sale and purchase of surplus line insurance. The surplus line broker and nonadmitted insurer shall use the appropriate bracketed language for application and issued policy disclosures:

"NOTICE:

2. THE INSURER IS NOT SUBJECT TO THE FINANCIAL SOLVENCY REGULATION AND ENFORCEMENT THAT APPLY TO CALIFORNIA LICENSED INSURERS.

3. THE INSURER DOES NOT PARTICIPATE IN ANY OF THE INSURANCE GUARANTEE FUNDS CREATED BY CALIFORNIA LAW. THEREFORE, THESE FUNDS WILL NOT PAY YOUR CLAIMS OR PROTECT YOUR ASSETS IF THE INSURER BECOMES INSOLVENT AND IS UNABLE TO MAKE PAYMENTS AS PROMISED.

IF YOU CANCEL COVERAGE, THE PREMIUM WILL BE PRORATED AND ANY BROKER'S FEE

CHARGED FOR THIS INSURANCE WILL BE RETURNED TO YOU."

(c) When a contract is issued to an industrial insured neither the nonadmitted insurer nor the surplus line broker is required to provide the notice required in this section except on the confirmation of insurance, the certificate of placement, or the policy, whichever is first provided to the insured, nor is the insurer or surplus line broker required to obtain the insured's signature. The producer shall ensure that the notice affixed to the confirmation of insurance, certificate of placement, or the policy is provided to the insured. The producer shall insert the current toll-free telephone number of the Department of Insurance as provided in paragraph 5 of the notice.

(1) An industrial insured is an insured:

(A) Which employs at least 25 employees on average during the prior 12 months; and

(B) Which has aggregate annual premiums for insurance for all risks other than workers' compensation and health coverage totaling no less than twenty-five thousand dollars ($25,000); or

(C) Which obtains insurance through the services of a full-time employee acting as an insurance manager or a continuously retained insurance consultant. A "continuously retained insurance consultant" does not include: (i) an agent or broker through whom the insurance is being placed, (ii) a subagent or subproducer involved in the transaction, or (iii) an agent or broker that is a business organization employing or contracting with a person mentioned in clauses (i) and (ii).

(2) The surplus line broker shall be responsible to ensure that the applicant is an industrial insured. A surplus line broker who reasonably relies on information provided in good faith by the applicant, whether directly or through the producer, shall be deemed to be in compliance with this requirement.

(d) For purposes of compliance with the requirement of subdivision (a) that the signature of the applicant be obtained, the following shall apply:

(1) If the insurance transaction is not conducted at an in-person, face-to-face meeting, the applicant's signature on the disclosure form may be transmitted by the applicant to the agent or broker via facsimile or comparable electronic transmittal.

(2) In the case of commercial lines coverage, or personal insurance coverage subject to Section 675 and any umbrella coverage associated therewith, where an applicant requires that insurance coverage be bound immediately, either because existing coverage will lapse within two business days of the time the insurance is bound or because the applicant

is required to have coverage in place within two business days, and the applicant cannot meet in person with the agent or broker to sign the disclosure form, the agent or broker may obtain the signature of the applicant within five days of binding coverage, provided that the applicant may cancel the insurance so placed within five days of receiving the disclosure form from the agent or broker. The cancellation shall be on a pro rata basis, and the applicant shall be entitled to the rescission or return of any broker's fees charged for the placement. When a policy is canceled, the broker shall inform the applicant that the broker's fee must be returned and that the premium must be prorated.

(e) Notwithstanding subdivision (a), this section shall not apply to insurance issued or delivered in this state by a nonadmitted Mexican insurer by and through a surplus line broker affording coverage exclusively in the Republic of Mexico on property located temporarily or permanently in, or operations conducted temporarily or permanently within, the Republic of Mexico.

SEC. 169. Section 1765 of the Insurance Code is amended to read:

1765. (a) A license under this chapter shall be applied for and renewed by the filing with the commissioner of a written application therefor, in accordance with Section 1652.

(b) Subject to subdivision (f), the commissioner shall issue a license authorizing an applicant who is trustworthy and competent to transact an insurance brokerage business in a manner to safeguard the interest of the insured, to act as a surplus line broker from the date of the license until the expiration date specified in Section 1630. In order to transact surplus line brokerage business, an individual shall be licensed as a surplus line broker.

(c) An applicant for a surplus line broker's license, as part of the application and a condition of the issuance of the license, shall file a bond to the people of the State of California in the sum of fifty thousand dollars ($50,000), conditioned that the licensee will fully and faithfully comply with the requirements of this chapter, and all applicable provisions of this code. The bond shall be subject to Sections 1662 and 1663. A surplus line broker bond is not required for an individual licensed as a surplus line broker who transacts only on behalf of a licensed surplus line broker organization.

(d) The filing fee for a license to act as a surplus line broker shall be seven hundred dollars ($700) every two years, or for any initial fractional license year. An applicant for a business entity license, as provided in subdivision (a) of Section 1765.2, shall provide the names of all persons who may exercise the power and perform the duties under the license. Whenever an organization licensed as a surplus line broker desires to change, remove, or add to the natural person or persons who are to

transact insurance under authority of its license, it shall immediately file an application or notice with the commissioner for an endorsement changing its license accordingly, on a form prescribed by the commissioner. The fee for adding or removing from a surplus line broker's license issued to an organization the name of a natural person, named thereon, shall be twenty-four dollars ($24). The commissioner shall require that the qualifying examination provided by subdivision (a) of Section 1676 be taken by a natural person named by the organization to exercise its agency or brokerage powers who would be required to take and pass the qualifying examination. That natural person or persons and the organization are in all other respects subject to the provisions of this chapter and the insurance laws.

(e) The license shall be renewed in accordance with, and subject to, Sections 1717, 1718, 1719, and 1720.

(f) The commissioner may deny, suspend, or revoke a license applied for or granted pursuant to this chapter on all or any one of the grounds and in accordance with the procedures provided in Article 6 (commencing with Section 1666) and Article 13 (commencing with Section 1737) of Chapter 5, if the commissioner finds that the applicant or licensee has committed a violation of a provision of this code.

SEC. 170. Section 1872.8 of the Insurance Code is amended to read:

1872.8. (a) An insurer doing business in this state shall pay an annual special purpose assessment to be determined by the commissioner, but not to exceed one dollar ($1) annually, for each vehicle insured under an insurance policy it issues in this state, in order to fund increased investigation and prosecution of fraudulent automobile insurance claims and economic automobile theft. Thirty-four percent of those funds received from ninety-five cents ($0.95) of the special purpose assessment per insured vehicle shall be distributed to the Fraud Division for enhanced investigative efforts, 15 percent of that ninety-five cents ($0.95) shall be deposited in the Motor Vehicle Account for appropriation to the Department of the California Highway Patrol for enhanced prevention and investigative efforts to deter economic automobile theft, and 51 percent of that ninety-five cents ($0.95) shall be distributed to district attorneys for purposes of investigation and prosecution of automobile insurance fraud cases, including fraud involving economic automobile theft.

(b) (1) The commissioner shall award funds to district attorneys according to population. The commissioner may alter this distribution formula as necessary to achieve the most effective distribution of funds. A local district attorney desiring a portion of those funds shall submit to the commissioner an application detailing the proposed use of any moneys that may be provided. The application shall include a detailed

accounting of assessment funds received and expended in prior years, including, at a minimum, all of the following:

(A) The amount of funds received and expended.

(B) The uses to which those funds were put, including payment of salaries and expenses, purchase of equipment and supplies, and other expenditures by type.

(C) The results achieved as a consequence of expenditures made, including the number of investigations, arrests, complaints filed, convictions, and the amounts originally claimed in cases prosecuted compared to payments actually made in those cases.

(D) Other relevant information as the commissioner may reasonably require.

A district attorney who fails to submit an application by the deadline set by the commissioner shall be subject to loss of distribution of the moneys. The commissioner may consider recommendations and advice of the Fraud Division and the Commissioner of the California Highway Patrol in allocating moneys to local district attorneys. A district attorney that receives funds shall submit an annual report to the commissioner, which may be made public, as to the success of the program administered. The report shall provide information and statistics on the number of active investigations, arrests, indictments, and convictions. Both the application for moneys and the distribution of moneys shall be public documents. The commissioner shall conduct a fiscal audit of the programs administered under this subdivision at least once every three years. The costs of a fiscal audit shall be shared equally between the department and the district attorney. Information submitted to the commissioner pursuant to this section concerning criminal investigations, whether active or inactive, shall be confidential. If the commissioner determines that a district attorney is unable or unwilling to investigate and prosecute automobile insurance fraud claims as provided by this subdivision or Section 1874.8, the commissioner may discontinue the distribution of funds allocated for that county and may redistribute those funds to other eligible district attorneys.

(2) The Department of the California Highway Patrol shall submit to the commissioner, for informational purposes only, a report detailing the department's proposed use of funds under this section and an annual report in the same format as required of district attorneys under paragraph (1).

(c) The remaining five cents ($0.05) shall be spent for enhanced automobile insurance fraud investigation by the Fraud Division.

(d) Except for funds to be deposited in the Motor Vehicle Account for allocation to the Department of the California Highway Patrol for purposes of the Motor Vehicle Theft Prevention Act (Chapter 5

(commencing with Section 10900) of Division 4 of the Vehicle Code), the funds received under this section shall be deposited in the Insurance Fund and be expended and distributed when appropriated by the Legislature.

(e) In the course of its investigations, the Fraud Division shall pursue aggressively all reported incidents of probable fraud and, in addition, shall forward to the appropriate disciplinary body the names of individuals licensed under the Business and Professions Code who are suspected of actively engaging in fraudulent activity along with all relevant supporting evidence.

(f) As used in this section, "economic automobile theft" means automobile theft perpetrated for financial gain, including, but not limited to, the following:

(1) Theft of a motor vehicle for financial gain.

(2) Reporting that a motor vehicle has been stolen for the purpose of filing a false insurance claim.

(3) Engaging in any act prohibited by Chapter 3.5 (commencing with Section 10801) of Division 4 of the Vehicle Code.

(4) Switching of vehicle identification numbers to obtain title to a stolen motor vehicle.

SEC. 171. Section 1872.81 of the Insurance Code is amended to read:

1872.81. In addition to the special purpose assessment imposed pursuant to Section 1872.8, an insurer doing business in this state shall pay to the commissioner an annual special purpose assessment of thirty cents ($0.30) for each vehicle insured under an insurance policy it issues in this state, for expenditure as follows:

(a) An amount equivalent to twenty cents ($0.20) of the special purpose assessment imposed per insured vehicle by this section shall be used for the purpose of paying for consumer service functions of the department that are related to automobile insurance. The revenues under this subdivision shall be used to improve service to consumers through the rating and underwriting services bureau, the claims services bureau, the investigations bureau, or any successor bureaus of the department that may assume the consumer service functions of these bureaus, and legal services in support of these bureaus. The department shall develop a plan for the use of the revenues available under this subdivision for the purposes authorized, and shall submit the plan to the Assembly and Senate Committees on Insurance.

(b) An amount equivalent to ten cents ($0.10) of the special purpose assessment imposed per insured vehicle by this section shall be used for the purpose of improving consumer functions of the department related to automobile insurance. Revenues available under this subdivision shall

be used to improve consumer functions through one or more of the following:

(1) The rating and underwriting services bureau.

(2) The claims services bureau.

(3) The investigations bureau.

(4) Any successor bureau of the department that may assume automobile insurance consumer functions of these bureaus, and legal services in support of these bureaus. These revenues also may be used for improving the ability of the department to respond to consumer complaints and information requests through the department's toll-free telephone number, and for improving the ability of the department to offer information about automobile insurance rates to the public. The department shall develop a plan for the use of the revenues available under this subdivision for the purpose authorized, and shall submit the plan to the Assembly and Senate Committees on Insurance.

(c) Notwithstanding subdivision (b), the Department of Insurance, after January 1, 2006, and the Department of Motor Vehicles, after that date, may propose to the budget committees of the Legislature a proposed use of up to five cents ($0.05) of the ten-cent ($0.10) special purpose assessment levied pursuant to subdivision (b) related to informing consumers about the existence of any low-cost automobile insurance program authorized in law pursuant to Section 11629.7 or other statutes that also establish a program of the type identified in Section 11629.7. Funds for this purpose shall not be expended without prior budget approval. The total amount of funds authorized to both departments in total, or to one department in total, for this purpose shall not exceed five cents ($0.05). The departments shall explain, with as much specificity as is reasonably possible, the objectives for the use of the funds and quantitative criteria by which the Legislature may evaluate the effectiveness of the department's use of funds.

(d) At least five cents ($0.05) of the ten-cent ($0.10) special purpose assessment shall be directed to the purpose set forth in subdivision (a) until January 1, 2009, and to the degree that funding for low-cost auto insurance is not fully appropriated up to five cents ($0.05), the difference thereof shall be additionally allocated to purposes set forth in subdivision (a).

(e) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

SEC. 172. Section 1872.86 of the Insurance Code is amended to read:

1872.86. (a) An insurer doing business in this state shall pay an annual special purpose assessment to be determined by the commissioner,

not to exceed five thousand one hundred dollars ($5,100), to be used exclusively for the support of the Fraud Division. All moneys received by the commissioner from insurers pursuant to this section shall be transmitted to the Treasurer to be deposited in the State Treasury to the credit of the Insurance Fund.

(b) The Fraud Division shall report annually, on the department's Internet Web site, all of the following information:

(1) The number of suspected fraudulent claim referrals made to the Fraud Division pursuant to Section 1872.4, by line of insurance.

(2) The number of investigations opened by the Fraud Division, by line of insurance, at the local, state, and federal levels.

(3) The number of investigations referred by the Fraud Division for criminal prosecution, by line of insurance, at the local, state, and federal levels.

(4) The number of insurer fraud cases investigated by the department's Enforcement Branch.

(5) The number of criminal complaints filed by prosecutors at the local, state, and federal levels.

(6) The number of convictions at the local, state, and federal levels.

The commission shall also include a survey of reports by the commission and other state agencies analyzing the insurance market response to rising system costs within the applicable period of time.

(d) The cost of the study is not to exceed one million dollars ($1,000,000). The presumption is rebuttable and may be controverted by a preponderance of the scientific medical evidence establishing that a variance from the guidelines reasonably is required to cure or relieve the injured worker from the effects of his or her injury. The presumption created is one affecting the burden of proof.

The presumption is rebuttable and may be controverted by a preponderance of the evidence establishing that a variance from the guidelines reasonably is required to cure and relieve the employee from the effects

of his or her injury, in accordance with Section 4600. The presumption created is one affecting the burden of proof.

(d) (1) Notwithstanding the medical treatment utilization schedule or the guidelines set forth in the American College of Occupational and Environmental Medicine's Occupational Medicine Practice Guidelines, for injuries occurring on and after January 1, 2004, an employee shall be entitled to no more than 24 chiropractic, 24 occupational therapy, and 24 physical therapy visits per industrial injury.

No more than 10 percent of the voucher moneys may be used for vocational or return-to-work counseling. The administrative director shall adopt regulations governing the form of payment, direct

reimbursement to the injured employee upon presentation to the employer of appropriate documentation and receipts, and other matters necessary to the proper administration of the supplemental job displacement benefit.

(c) Within 10 days of the last payment of temporary disability, the employer shall provide to the employee, in the form and manner prescribed by the administrative director, information that provides notice of rights under this section. This notice shall be sent by certified mail.

(d) This section shall apply to injuries occurring on or after January 1, 2004.

293. (a) An employee of a law enforcement agency who personally receives a report from a person, alleging that the person making the report has been the victim of a sex offense, shall inform that person that his or her name will become a matter of public record unless he or she requests that it not become a matter of public record, pursuant to Section 6254 of the Government Code.

(b) A written report of an alleged sex offense shall indicate that the alleged victim has been properly informed pursuant to subdivision (a) and shall memorialize his or her response.

(c) A law enforcement agency shall not disclose to a person, except the prosecutor, parole officers of the Department of Corrections and Rehabilitation, hearing officers of the parole authority, probation officers of county probation departments, or other persons or public agencies where authorized or required by law, the address of a person who alleges to be the victim of a sex offense.

the person who is alleged to have committed the sex offense is a probationer or is under investigation by a county probation department pursuant to Section 1203.

SEC. 178. Section 398 of the Penal Code is amended to read:

398. (a) If a person owning or having custody or control of an animal knows, or has reason to know, that the animal bit another person, he or she shall, as soon as is practicable, but no later than 48 hours thereafter, provide the other person with his or her name, address, telephone number, and the name and license tag number of the animal who bit the other person. If the animal is required by law to be vaccinated against rabies, the person owning or having custody or control of the animal shall, within 48 hours of the bite, provide the other person with information regarding the status of the animal's vaccinations. Violation of this section is an infraction punishable by a fine of not more than one hundred dollars ($100).

(b) For purposes of this section, it is necessary for the skin of the person to be broken or punctured by the animal for the contact to be classified as a bite.

SEC. 179. Section 903.2 of the Penal Code is amended to read:

903.2. The jury commissioner shall diligently inquire and inform himself or herself in respect to the qualifications of persons resident in his or her county who may be liable to be summoned for grand jury duty. He or she may require a person to answer, under oath to be administered by him or her, all questions as he or she may address to that person, touching his or her name, age, residence, occupation, and qualifications as a grand juror, and also all questions as to similar matters concerning other persons of whose qualifications for grand jury duty he or she has knowledge.

The commissioner and his or her assistants, referred to in Sections 69895 and 69896 of the Government Code, shall have the power to administer oaths and shall be allowed actual traveling expenses incurred in the performance of their duties. Those traveling expenses shall be audited, allowed, and paid out of the general fund of the county.

SEC. 180. Section 1170 of the Penal Code, as amended by Section 1 of Chapter 740 of the Statutes of 2007, is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of

sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Notwithstanding paragraph (1), the Legislature further finds and declares that programs should be available for inmates, including, but not limited to, educational programs, that are designed to prepare nonviolent felony offenders for successful reentry into the community. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent felony offenders. In implementing this section, the Department of Corrections and Rehabilitation is encouraged to give priority enrollment in programs to promote successful return to the community to an inmate with a short remaining term of commitment and a release date that would allow him or her adequate time to complete the program.

(3) In a case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given another disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term that it is required by law to impose as an additional term. This article does not affect a provision of law that imposes the death penalty, that authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In a case in which the amount of preimprisonment credit under Section 2900.5 or another provision of law is equal to or exceeds a sentence imposed pursuant to this chapter, the entire sentence shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the secretary. The court shall advise the defendant that he or she shall serve a period of parole and order the defendant to report to the parole office closest to the defendant's last legal residence, unless the in-custody credits equal the total sentence, including both confinement time and the period of parole. The sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the secretary.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the choice of the appropriate term shall

rest within the sound discretion of the court. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation. In determining the appropriate term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall select the term that, in the court's discretion, best serves the interests of justice. The court shall set forth on the record the reasons for imposing the term selected and the court shall not impose an upper term by using the fact of an enhancement upon which sentence is imposed under any provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court also shall inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the secretary, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the secretary or the Board of Parole Hearings, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided that the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a), if the secretary or the Board of Parole Hearings, or both, determine that a prisoner satisfies the criteria set forth in paragraph (2), the secretary or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds that the facts described in subparagraphs (A) and (B) or subparagraphs (B) and (C) exist:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

(C) The prisoner is permanently medically incapacitated with a medical condition that renders him or her permanently unable to perform activities of basic daily living, and results in the prisoner requiring 24-hour total care, including, but not limited to, coma, persistent vegetative state, brain death, ventilator-dependency, or loss of control of muscular or neurological function, and that incapacitation did not exist at the time of the original sentencing.

The Board of Parole Hearings shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the secretary or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) A physician employed by the department who determines that a prisoner has six months or less to live shall notify the chief medical officer of the prognosis. If the chief medical officer concurs with the prognosis, he or she shall notify the warden. Within 48 hours of receiving notification, the warden or the warden's representative shall notify the prisoner of the recall and resentencing procedures, and shall arrange for the prisoner to designate a family member or other outside agent to be notified as to the prisoner's medical condition and prognosis, and as to the recall and resentencing procedures. If the inmate is deemed mentally unfit, the warden or the warden's representative shall contact the inmate's emergency contact and provide the information described in paragraph (2).

(5) The warden or the warden's representative shall provide the prisoner and his or her family member, agent, or emergency contact, as described in paragraph (4), updated information throughout the recall and resentencing process with regard to the prisoner's medical condition and the status of the prisoner's recall and resentencing proceedings.

(6) Notwithstanding any other provisions of this section, the prisoner or his or her family member or designee may independently request consideration for recall and resentencing by contacting the chief medical officer at the prison or the secretary. Upon receipt of the request, the chief medical officer and the warden or the warden's representative shall follow the procedures described in paragraph (4). If the secretary determines that the prisoner satisfies the criteria set forth in paragraph (2), the secretary or board may recommend to the court that the prisoner's sentence be recalled. The secretary shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate

terms and, in the case of inmates sentenced to indeterminate terms, the secretary shall make a recommendation to the Board of Parole Hearings with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(7) A recommendation for recall submitted to the court by the secretary or the Board of Parole Hearings shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(8) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(9) If the court grants the recall and resentencing application, the prisoner shall be released by the department within 48 hours of receipt of the court's order, unless a longer time period is agreed to by the inmate. At the time of release, the warden or the warden's representative shall ensure that the prisoner has each of the following in his or her possession: a discharge medical summary, full medical records, state identification, parole medications, and all property belonging to the prisoner. After discharge, any additional records shall be sent to the prisoner's forwarding address.

(10) The secretary shall issue a directive to medical and correctional staff employed by the department that details the guidelines and procedures for initiating a recall and resentencing procedure. The directive shall clearly state that a prisoner who is given a prognosis of six months or less to live is eligible for recall and resentencing consideration, and that recall and resentencing procedures shall be initiated upon that prognosis.

(f) A sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

(h) This section shall remain in effect only until January 1, 2009, and as of that date is repealed, unless a later enacted statute, that is enacted before that date, deletes or extends that date.

SEC. 181. Section 1369.1 of the Penal Code is amended to read:

1369.1. (a) As used in this chapter, for the sole purpose of administering antipsychotic medication pursuant to a court order, "treatment facility" includes a county jail. Upon the concurrence of the county board of supervisors, the county mental health director, and the county sheriff, the jail may be designated to provide medically approved medication to defendants found to be mentally incompetent and unable

to provide informed consent due to a mental disorder, pursuant to this chapter. In the case of Madera, Napa, and Santa Clara Counties, the concurrence shall be with the board of supervisors, the county mental health director, and the county sheriff or the chief of corrections. The provisions of Sections 1370 and 1370.01 shall apply to antipsychotic medications provided in a county jail, provided, however, that the maximum period of time a defendant may be treated in a treatment facility pursuant to this section shall not exceed six months.

(5) Address the concerns regarding defendants who are incompetent to stand trial who are currently being held in jail awaiting treatment.

(c) This section does not abrogate or limit any provision of law enacted to ensure the due process rights set forth in Sell v. United States (2003) 539 U.S. 166.

(d)This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2010, deletes or extends that date.

(d) Site preparation.

(e) Maintenance of drainage facilities and soil stabilization treatments.

subdivision in a five-year period. If a partnership has as a member, or if a corporation or other legal entity has as an officer or employee, a person who has received this exemption within the past five years, whether as an individual or as a member of a partnership, or as an officer or employee of a corporation or other legal entity, then that partnership, corporation, or other legal entity is not eligible for this exemption. "Person," for purposes of this subdivision, means an individual, partnership, corporation, or other legal entity.

(2) (A) Notwithstanding Section 4554.5, the board shall adopt regulations that become effective and operative on or before July 1, 2002, and do all of the following:

(ii) Authorize the department to inspect the sites approved in conversion applications that have been approved on or after January 1, 2002, in order to determine that the conversion was completed within the two-year period described in subparagraph (B) of paragraph (2) of subdivision (a) of Section 1104.1 of Title 14 of the California Code of Regulations.

(iii) Require the exemption under this subdivision to expire if there is a change in timberland ownership. The person who originally submitted an application for an exemption under this subdivision shall notify the department of a change in timberland ownership on or before five calendar days after a change in ownership.

(iv) The board may adopt regulations allowing a waiver of the five-year limitation described in paragraph (1) upon finding that the imposition of the five-year limitation would impose an undue hardship on the applicant for the exemption. The board may adopt a process for an appeal of a denial of a waiver.

(B) The application form for the exemption pursuant to paragraph (1) shall prominently advise the public that a violation of the conversion exemption, including a conversion applied for in the name of someone other than the person or entity implementing the conversion in bona fide good faith, is a violation of this chapter and penalties may accrue up to ten thousand dollars ($10,000) for each violation pursuant to Article 8 (commencing with Section 4601).

(j) (1) The cutting or removal of trees in compliance with Sections 4290 and 4291 that eliminates the vertical continuity of vegetative fuels and the horizontal continuity of tree crowns for the purpose of reducing flammable materials and maintaining a fuel break for a distance of not more than 150 feet on each side from an approved and legally permitted structure that complies with the California Building Standards Code, when that cutting or removal is conducted in compliance with this subdivision. For purposes of this subdivision, an "approved and legally permitted structure" includes only structures that are designed for human occupancy and garages, barns, stables, and structures used to enclose fuel tanks.

(2) (A) The cutting or removal of trees pursuant to this subdivision is limited to cutting or removal that will result in a reduction in the rate of fire spread, fire duration and intensity, fuel ignitability, or ignition of the tree crowns and shall be in accordance with any regulations adopted by the board pursuant to this section.

(B) Trees shall not be cut or removed pursuant to this subdivision by the clearcutting regeneration method, by the seed tree removal step of the seed tree regeneration method, or by the shelterwood removal step of the shelterwood regeneration method.

(3) (A) Surface fuels, including logging slash and debris, low brush, and deadwood, that could promote the spread of wildfire shall be chipped, burned, or otherwise removed from all areas of timber operations within 45 days from the date of commencement of timber operations pursuant to this subdivision.

(B) (i) All surface fuels that are not chipped, burned, or otherwise removed from all areas of timber operations within 45 days from the date of commencement of timber operations may be determined to be a nuisance and subject to abatement by the department or the city or county having jurisdiction.

(ii) The costs incurred by the department, city, or county, as the case may be, to abate the nuisance upon any parcel of land subject to the timber operations, including, but not limited to, investigation, boundary determination, measurement, and other related costs, may be recovered

by special assessment and lien against the parcel of land by the department, city, or county. The assessment may be collected at the same time and in the same manner as ordinary ad valorem taxes, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as is provided for ad valorem taxes.

(4) All timber operations conducted pursuant to this subdivision shall conform to applicable city or county general plans, city or county implementing ordinances, and city or county zoning ordinances. This paragraph does not authorize the cutting, removal, or sale of timber or other solid wood forest products within an area where timber harvesting is prohibited or otherwise restricted pursuant to the rules or regulations adopted by the board.

(5) (A) The board shall adopt regulations, initially as emergency regulations in accordance with subparagraph (B), that the board considers necessary to implement and to obtain compliance with this subdivision.

(B) The emergency regulations adopted pursuant to subparagraph (A) shall be adopted in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption of emergency regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare.

(k) (1) Until January 1, 2013, the harvesting of trees, limited to those trees that eliminate the vertical continuity of vegetative fuels and the horizontal continuity of tree crowns, for the purpose of reducing the rate of fire spread, duration and intensity, fuel ignitability, or ignition of tree crowns.

(2) The board may authorize an exemption pursuant to paragraph (1) only if the tree harvesting will decrease fuel continuity and increase the quadratic mean diameter of the stand, and the tree harvesting area will not exceed 300 acres.

(3) The notice of exemption, which shall be known as the Forest Fire Prevention Exemption, may be authorized only if all of the conditions specified in paragraphs (4) to (10), inclusive, are met.

(4) A registered professional forester shall prepare the notice of exemption and submit it to the director, and include a map of the area of timber operations that complies with the requirements of paragraphs (1), (3), (4), and (7) to (12), inclusive, of subdivision (x) of Section 1034 of Title 14 of the California Code of Regulations.

(5) (A) The registered professional forester who submits the notice of exemption shall include a description of the preharvest stand structure and a statement of the postharvest stand stocking levels.

(B) The level of residual stocking shall be consistent with maximum sustained production of high-quality timber products. The residual stand shall consist primarily of healthy and vigorous dominant and codominant trees from the preharvest stand. Stocking shall not be reduced below the standards required by any of the following provisions that apply to the exemption at issue:

(i) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 913.3 of Title 14 of the California Code of Regulations.

(ii) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 933.3 of Title 14 of the California Code of Regulations.

(iii) Clauses 1 to 4, inclusive, of subparagraph (A) of paragraph (1) of subdivision (a) of Section 953.3 of Title 14 of the California Code of Regulations.

(C) If the preharvest dominant and codominant crown canopy is occupied by trees less than 14 inches in diameter at breast height, a minimum of 100 trees over four inches in diameter at breast height shall be retained per acre for Site I, II, and III lands, and a minimum of 75 trees over four inches in diameter at breast height shall be retained per acre for Site IV and V lands.

(6) (A) The registered professional forester who submits the notice shall include selection criteria for the trees to be harvested or the trees to be retained. In the development of fuel reduction prescriptions, the registered professional forester should consider retaining habitat elements, where feasible, including, but not limited to, ground level cover necessary for the long-term management of local wildlife populations.

(B) All trees that are harvested or all trees that are retained shall be marked or sample marked by or under the supervision of a registered professional forester before felling operations begin. The board shall adopt regulations for sample marking for this section in Title 14 of the California Code of Regulations. Sample marking shall be limited to homogenous forest stand conditions typical of plantations.

(7) (A) The registered professional forester submitting the notice, upon submission of the notice, shall provide a confidential archaeology letter that includes all the information required by any of the following provisions that apply to the exemption at issue:

(i) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 929.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section or pursuant to Section 929.5 of Title 14 of the California Code of Regulations.

(ii) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 949.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section or pursuant to Section 949.5 of Title 14 of the California Code of Regulations.

(iii) Paragraphs (2) and (7) to (11), inclusive, of subdivision (c) of Section 969.1 of Title 14 of the California Code of Regulations, and include site records if required pursuant to subdivision (g) of that section or pursuant to Section 969.5 of Title 14 of the California Code of Regulations.

(B) The director shall submit a complete copy of the confidential archaeological letter and two copies of all required archaeological or historical site records to the appropriate Information Center of the California Historical Resource Information System within 30 days from the date of notice submittal to the director. Before submitting the notice to the director, the registered professional forester shall send a copy of the notice to Native Americans, as defined in Section 895.1 of Title 14 of the California Code of Regulations.

(8) Only trees less than 18 inches in stump diameter, measured at eight inches above ground level, may be removed. However, within 500 feet of a legally permitted structure, or in an area prioritized as a shaded fuel break in a community wildfire protection plan approved by a public fire agency, if the goal of fuel reduction cannot be achieved by removing trees less than 18 inches in stump diameter, trees less than 24 inches in stump diameter may be removed if that removal complies with this section and is necessary to achieve the goal of fuel reduction. A fuel reduction effort shall not violate the canopy closure regulations adopted by the board on June 10, 2004, and as those regulations may be amended.

(9) (A) This subparagraph applies to areas within 500 feet of a legally permitted structure and in areas prioritized as a shaded fuel break in a community wildfire protection plan approved by a public fire agency. The board shall adopt regulations for the treatment of surface and ladder fuels in the harvest area, including logging slash and debris, low brush, small trees, and deadwood, that could promote the spread of wildfire. The regulations adopted by the board shall be consistent with the standards in the board's "General Guidelines for Creating Defensible Space" described in Section 1299 of Title 14 of the California Code of Regulations. Postharvest standards shall include vertical spacing between fuels, horizontal spacing between fuels, maximum depth of dead ground surface fuels, and treatment of standing dead fuels, as follows:

(i) Ladder and surface fuels shall be spaced to achieve a vertical clearance distance of eight feet or three times the height of the postharvest fuels, whichever is the greater distance, measured from the base of the

live crown of the postharvest dominant and codominant trees to the top of the surface fuels.

(ii) Horizontal spacing shall achieve a minimum separation of two to six times the height of the postharvest fuels, increasing spacing with increasing slope, measured from the outside branch edges of the fuels.

(iii) Dead surface fuel depth shall be less than nine inches.

(iv) Standing dead or dying trees and brush generally shall be removed. That material, along with live vegetation associated with the dead vegetation, may be retained for wildlife habitat when isolated from other vegetation.

(B) This subparagraph applies to all areas not described in subparagraph (A).

(i) The postharvest stand shall contain no more than 200 trees over three inches in diameter per acre.

(ii) Vertical spacing shall be achieved by treating dead fuels to a minimum clearance distance of eight feet measured from the base of the live crown of the postharvest dominant and codominant trees to the top of the dead surface fuels.

(iii) All logging slash created by the timber operations shall be treated to achieve a maximum postharvest depth of nine inches above the ground.

(C) The standards required by subparagraphs (A) and (B) shall be achieved on approximately 80 percent of the treated area. The treatment shall include chipping, removing, or other methods necessary to achieve the standards. Ladder and surface fuel treatments, for any portion of the exemption area where timber operations have occurred, shall be done within 120 days from the start of timber operations on that portion of the exemption area or by April 1 of the year following surface fuel creation on that portion of the exemption area if the surface fuels are burned.

(10) Timber operations shall comply with the requirements of paragraphs (1) to (10), inclusive, of subdivision (b) of Section 1038 of Title 14 of the California Code of Regulations. Timber operations in the Lake Tahoe region shall comply instead with the requirements of paragraphs (1) to (16), inclusive, of subdivision (f) of Section 1038 of Title 14 of the California Code of Regulations.

(11) After the timber operations are complete, the department shall conduct an onsite inspection to determine compliance with this subdivision and whether appropriate enforcement action should be initiated.

25402.5.4. (a) On or before December 31, 2008, the commission shall adopt minimum energy efficiency standards for all general purpose lights on a schedule specified in the regulations. The regulations, in combination with other programs and activities affecting lighting use in the state, shall be structured to reduce average statewide electrical energy consumption by not less than 50 percent from the 2007 levels for indoor residential lighting and by not less than 25 percent from the 2007 levels for indoor commercial and outdoor lighting, by 2018.

(b) The commission shall make recommendations to the Governor and the Legislature regarding how to continue reductions in electrical consumption for lighting beyond 2018.

(c) The commission may establish programs to encourage the sale in this state of general purpose lights that meet or exceed the standards set forth in subdivision (a).

(d) (1) Except as provided in paragraph (2), the Department of General Services, and all other state agencies, as defined in Section 12200 of the Public Contract Code, in coordination with the commission, shall cease purchasing general purpose lights that do not meet the

standards adopted pursuant to subdivision (a), within two years of those standards being adopted.

(2) The Department of General Services, and all other state agencies, as defined in Section 12200 of the Public Contract Code, in coordination with the commission shall cease purchasing general purpose lights with an appearance that is historically appropriate for the facilities in which the lights are being used, and that do not meet the standards adopted pursuant to subdivision (a) within four years of those standards being adopted.

(e) It is the intent of the Legislature to encourage the Regents of the University of California, in coordination with the commission, to cease purchasing general purpose lights that do not meet the standards adopted pursuant to subdivision (a), within two years of those standards being adopted.

(f) (1) (A) For purposes of this section, "general purpose lights" means lamps, bulbs, tubes, or other electric devices that provide functional illumination for indoor residential, indoor commercial, and outdoor use.

(B) General purpose lights do not include any of the following types of specialty lighting: appliance, black light, bug, colored, infrared, left-hand thread, marine, marine signal service, mine service, plant light, reflector, rough service, shatter resistant, sign service, silver bowl, showcase, three-way, traffic signal, and vibration service or vibration resistant.

(2) The commission may, after one or more public workshops, with public notice and an opportunity for all interested parties to comment, provide for inclusion of a particular type of specialty light in its energy efficiency standards applicable to general purpose lighting, if it finds that there has been a significant increase in sales of that particular type of particular specialty light due to the use of that specialty light in general purpose lighting applications.

(3) General purpose lights do not include lights needed to provide special-needs lighting for individuals with exceptional needs.

SEC. 186. Section 25402.10 of the Public Resources Code is amended to read:

25402.10. (a) On and after January 1, 2009, electric and gas utilities shall maintain records of the energy consumption data of all nonresidential buildings to which they provide service. This data shall be maintained, in a format compatible for uploading to the United States Environmental Protection Agency's ENERGY STAR Portfolio Manager, for at least the most recent 12 months.

(b) On and after January 1, 2009, upon the written authorization or secure electronic authorization of a nonresidential building owner or

operator, an electric or gas utility shall upload all of the energy consumption data for the account specified for a building to the United States Environmental Protection Agency's ENERGY STAR Portfolio Manager in a manner that preserves the confidentiality of the customer.

(c) In carrying out this section, an electric or gas utility may use any method for providing the specified data in order to maximize efficiency and minimize overall program cost, and is encouraged to work with the United States Environmental Protection Agency and customers in developing reasonable reporting options.

(d) On and after January 1, 2010, an owner or operator of a nonresidential building shall disclose the United States Environmental Protection Agency's ENERGY STAR Portfolio Manager benchmarking data and ratings for the most recent 12-month period to a prospective buyer, lessee of the entire building, or lender that would finance the entire building. If the data is delivered to a prospective buyer, lessee, or lender, a property owner, operator, or his or her agent is not required to provide additional information, and the information shall be deemed to be adequate to inform the prospective buyer, lessee, or lender regarding the United States Environmental Protection Agency's ENERGY STAR Portfolio Manager benchmarking data and ratings for the most recent 12-month period for the building that is being sold, leased, financed, or refinanced.

(e) Notwithstanding subdivision (d), this section does not increase or decrease the duties, if any, of a property owner, operator, or his or her broker or agent under this chapter or alters the duty of a seller, agent, or broker to disclose the existence of a material fact affecting the real property.

A person, other than a defendant in a criminal action, who claims that a payment is not a gift by reason of receipt of consideration has the burden of proving that the consideration received is of equal or greater value.

(e) For purposes of this section, "gift" does not include any of the following:

(b) The technology produces no discharges of air contaminants or emissions, including greenhouse gases, as defined in subdivision (g) of Section 38505 of the Health and Safety Code.

(c) The technology produces no discharges to surface or groundwaters of the state.

(d) The technology produces no hazardous waste.

(e) To the maximum extent feasible, the technology removes all recyclable materials and marketable green waste compostable materials from the solid waste stream prior to the conversion process and the owner or operator of the facility certifies that those materials will be recycled or composted.

(f) The facility where the technology is used is in compliance with all applicable laws, regulations, and ordinances.

(g) The facility certifies to the board that any local agency sending solid waste to the facility is in compliance with this division and has reduced, recycled, or composted solid waste to the maximum extent feasible, and the board makes a finding that the local agency has diverted at least 30 percent of all solid waste through source reduction, recycling, and composting.

SEC. 193. Section 353.1 of the Public Utilities Code is amended to read:

353.1. As used in this article, "distributed energy resources" means electric generation technology that meets all of the following criteria:

(a) Commences initial operation between May 1, 2001, and June 1, 2003, except that gas-fired distributed energy resources that are not operated in a combined heat and power application shall commence operation no later than September 1, 2002.

Prior to the adoption of those standards and guidance, for the purpose of this article, distributed energy resources shall meet emission levels equivalent to nine parts per million oxides of nitrogen, or the equivalent standard taking into account efficiency as determined by the State Air Resources Board, averaged over a three-hour period, or best available control technology for the applicable air district, whichever is lower, except for distributed generation units that displace and therefore significantly reduce emissions from natural gas flares or reinjection compressors, as determined by the State Air Resources Board. These units shall comply with the applicable best available control technology as determined by the air pollution control district or air quality management district in which they are located.

SEC. 194. Section 399.12 of the Public Utilities Code is amended to read:

399.12. For purposes of this article, the following terms have the following meanings:

(a) "Conduit hydroelectric facility" means a facility for the generation of electricity that uses only the hydroelectric potential of an existing pipe, ditch, flume, siphon, tunnel, canal, or other manmade conduit that is operated to distribute water for a beneficial use.

(b) "Delivered" and "delivery" have the same meaning as provided in subdivision (a) of Section 25741 of the Public Resources Code.

(c) "Eligible renewable energy resource" means an electric generating facility that meets the definition of "in-state renewable electricity generation facility" in subdivision (b) of Section 25741 of the Public Resources Code, subject to the following limitations:

(1) (A) An existing small hydroelectric generation facility of 30 megawatts or less shall be eligible only if a retail seller owned or procured the electricity from the facility as of December 31, 2005. A new hydroelectric facility is not an eligible renewable energy resource if it will cause an adverse impact on instream beneficial uses or cause a change in the volume or timing of streamflow.

(B) Notwithstanding subparagraph (A), a conduit hydroelectric facility of 30 megawatts or less that commenced operation before January 1, 2006, is an eligible renewable energy resource. A conduit hydroelectric facility of 30 megawatts or less that commences operation after December 31, 2005, is an eligible renewable energy resource so long as it does not cause an adverse impact on instream beneficial uses or cause a change in the volume or timing of streamflow.

(2) A facility engaged in the combustion of municipal solid waste shall not be considered an eligible renewable energy resource unless it is located in Stanislaus County and was operational prior to September 26, 1996.

(d) "Energy Commission" means the State Energy Resources Conservation and Development Commission.

(e) "Local publicly owned electric utility" has the same meaning as provided in subdivision (d) of Section 9604.

(f) "Procure" means that a retail seller receives delivered electricity generated by an eligible renewable energy resource that it owns or for which it has entered into an electricity purchase agreement. This article is not intended to imply that the purchase of electricity from third parties in a wholesale transaction is the preferred method of fulfilling a retail seller's obligation to comply with this article.

(g) "Renewables portfolio standard" means the specified percentage of electricity generated by eligible renewable energy resources that a retail seller is required to procure pursuant to this article.

(h) (1) "Renewable energy credit" means a certificate of proof, issued through the accounting system established by the Energy Commission pursuant to Section 399.13, that one unit of electricity was generated and delivered by an eligible renewable energy resource.

(2) "Renewable energy credit" includes all renewable and environmental attributes associated with the production of electricity from the eligible renewable energy resource, except for an emission reduction credit issued pursuant to Section 40709 of the Health and Safety Code and any credits or payments associated with the reduction of solid waste and treatment benefits created by the utilization of biomass or biogas fuels.

(3) No electricity generated by an eligible renewable energy resource attributable to the use of nonrenewable fuels, beyond a de minimis quantity, as determined by the Energy Commission, shall result in the creation of a renewable energy credit.

(i) "Retail seller" means an entity engaged in the retail sale of electricity to end-use customers located within the state, including any of the following:

(1) An electrical corporation, as defined in Section 218.

(2) A community choice aggregator. The commission shall institute a rulemaking to determine the manner in which a community choice aggregator will participate in the renewables portfolio standard program subject to the same terms and conditions applicable to an electrical corporation.

(3) An electric service provider, as defined in Section 218.3, for all sales of electricity to customers beginning January 1, 2006. The commission shall institute a rulemaking to determine the manner in which electric service providers will participate in the renewables portfolio standard program. The electric service provider shall be subject to the same terms and conditions applicable to an electrical corporation pursuant to this article. This paragraph shall not impair a contract entered into between an electric service provider and a retail customer prior to the suspension of direct access by the commission pursuant to Section 80110 of the Water Code.

(4) "Retail seller" does not include any of the following:

(A) A corporation or person employing cogeneration technology or producing electricity consistent with subdivision (b) of Section 218.

SEC. 195. Section 884.5 of the Public Utilities Code is amended to read:

884.5. (a) This section shall apply to all customers eligible to receive discounts for telecommunications services under the federal Universal Service E-rate program administered by the Schools and Libraries Division of the Universal Service Administrative Company that also apply for discounts on telecommunications services provided through the California Teleconnect Fund Administrative Committee Fund program pursuant to subdivision (a) of Section 280.

(b) A teleconnect discount shall be applied after applying an E-rate discount. The commission shall first apply an E-rate discount, regardless of whether the customer has applied for an E-rate discount or has been approved, if the customer, in the determination of the commission, meets the eligibility requirements for an E-rate discount.

(c) Notwithstanding subdivision (b), the teleconnect discount shall be applied without regard to an E-rate discount for a school district that meets the conditions specified for compensation pursuant to Article 4 (commencing with Section 42280) of Chapter 7 of Part 24 of Division 3 of Title 2 of the Education Code, unless that school district has applied for, and been approved to receive, the E-rate discount.

(d) In establishing a discount under the California Teleconnect Fund Administrative Committee Fund program, the commission shall give priority to bridging the "digital divide" by encouraging expanded access to state-of-the-art technologies for rural, inner-city, low-income, and disabled Californians.

(e) As used in this section:

(1) "E-rate discount" means an actual discount under the E-rate program, or a representative discount figure as determined by the commission.

(2) "E-rate program" means the federal Universal Service E-rate program administered by the Schools and Libraries Division of the Universal Service Administrative Company.

(3) "Teleconnect discount" means a discount on telecommunications services provided through the California Teleconnect Fund Administrative Committee Fund program set forth in subdivision (a) of Section 280.

SEC. 196. Section 2829 of the Public Utilities Code is amended to read:

2829. (a) For purposes of this section, the following terms have the following meanings:

(1) "EBMUD" means the East Bay Municipal Utility District organized and operating pursuant to Division 6 (commencing with Section 11501).

(2) "Environmental attributes" associated with the generation of electricity include the credits, benefits, emissions reductions,

environmental air quality credits, and emissions reduction credits, offsets, and allowances, however entitled, resulting from the avoidance of the emissions of any gas, chemical, or other substance attributable to an electricity generation facility.

(b) To ensure that no electrical corporation operates its monopoly transmission and distribution system in a manner that impedes the ability of the EBMUD to reduce its electricity costs through the delivery of electricity generated by EBMUD, an electrical corporation shall meet the requirements of this section.

(c) An electrical corporation that owns and operates transmission and distribution facilities that deliver electricity at one or more locations to the EBMUD's system shall, upon request by EBMUD, and without discrimination or delay, use the same facilities to deliver electricity generated by EBMUD. EBMUD may elect to designate specific hydroelectric generation facilities owned by EBMUD for the generation of electricity to be delivered to EBMUD, if the following conditions are met:

(1) The amount of all electricity delivered to the electric grid by the designated EBMUD hydroelectric generation is the property of EBMUD.

(2) Ownership and use of the environmental attributes associated with the electricity delivered to the electric grid by EBMUD-designated hydroelectric generation is retained by EBMUD.

(d) (1) No rule, order, or tariff of the commission implementing direct transactions is applicable to electricity generated by EBMUD, that is delivered to EBMUD for its own use that is transported over the transmission and distribution system of an electrical corporation, pursuant to an election made by EBMUD pursuant to subdivision (c).

(2) Sections 365 and 366 are not applicable to electricity generated by EBMUD, that is delivered to EBMUD for its own use that is transported over the transmission and distribution system of an electrical corporation, pursuant to an election made by EBMUD pursuant to subdivision (c).

(e) To compensate an electrical corporation for the use of its facilities, EBMUD shall pay applicable rates approved by the commission for distribution, or distribution and transmission, or any transmission rates as required under federal law.

(f) On or before January 1, 2009, each electrical corporation that owns and operates transmission and distribution facilities that deliver electricity at one or more locations to the EBMUD system shall file an advice letter with the commission that complies with this section. The commission, within 150 days of the date of filing of the advice letter, shall approve the advice letter or specify conforming changes to be made by the

electrical corporation, to be filed in an amended advice letter within 60 days.

(g) The commission shall ensure that the delivery of electricity from EBMUD-designated hydroelectric generation to the EBMUD service territory pursuant to this section does not result in a shifting of costs to the bundled service customers of an electrical corporation, either immediately or over time.

SEC. 197. Section 107.7 of the Revenue and Taxation Code is amended to read:

107.7. (a) When valuing possessory interests in real property created by the right to place wires, conduits, and appurtenances along or across public streets, rights-of-way, or public easements contained in either a cable franchise or license granted pursuant to Section 53066 of the Government Code (a "cable possessory interest") or a state franchise to provide video service pursuant to Section 5840 of the Public Utilities Code (a "video possessory interest"), the assessor shall value these possessory interests consistent with the requirements of Section 401. The methods of valuation shall include, but not be limited to, the comparable sales method, the income method (including, but not limited to, capitalizing rent), or the cost method.

(b) (1) The preferred method of valuation of a cable television possessory interest or video service possessory interest by the assessor is capitalizing the annual rent, using an appropriate capitalization rate.

(2) For purposes of this section, the annual rent shall be that portion of that franchise fee received that is determined to be payment for the cable possessory interest or video service possessory interest for the actual remaining term or the reasonably anticipated term of the franchise or license or the appropriate economic rent. If the assessor does not use a portion of the franchise fee as the economic rent, the resulting assessments shall not benefit from any presumption of correctness.

(c) If the comparable sales method, which is not the preferred method, is used by the assessor to value a cable possessory interest or video service possessory interest when sold in combination with other property, including, but not limited to, intangible assets or rights, the resulting assessments shall not benefit from any presumption of correctness.

(d) Intangible assets or rights of a cable system or the provider of video services are not subject to ad valorem property taxation. These intangible assets or rights include, but are not limited to: franchises or licenses to construct, operate, and maintain a cable system or video service system for a specified franchise term (excepting therefrom that portion of the franchise or license which grants the possessory interest); subscribers, marketing, and programming contracts; nonreal property lease agreements; management and operating systems; a workforce in

place; going concern value; deferred, startup, or prematurity costs; covenants not to compete; and goodwill. However, a cable possessory interest or video service possessory interest may be assessed and valued by assuming the presence of intangible assets or rights necessary to put the cable possessory interest or video service possessory interest to beneficial or productive use in an operating cable system or video service system.

(e) If a change in ownership of a cable possessory interest or video service possessory interest occurs, the person or legal entity required to file a statement pursuant to Section 480, 480.1, or 480.2 shall, at the request of the assessor, provide as a part of that statement the following, if applicable: confirmation of the sales price, allocation of the sales price among the counties, and gross revenue and franchise fee expenses of the cable system or video service system by county. Failure to provide the statement information shall result in a penalty as provided in Section 482, except that the maximum penalty shall be five thousand dollars ($5,000).

SEC. 198. Section 8352.6 of the Revenue and Taxation Code is amended to read:

8352.6. (a) Subject to Section 8352.1, on the first day of every month, there shall be transferred from moneys deposited to the credit of the Motor Vehicle Fuel Account to the Off-Highway Vehicle Trust Fund created by Section 38225 of the Vehicle Code an amount attributable to taxes imposed upon distributions of motor vehicle fuel used in the operation of motor vehicles off highway and for which a refund has not been claimed. Transfers made pursuant to this section shall be made prior to transfers pursuant to Section 8352.2.

(b) The amount transferred pursuant to subdivision (a), as a percentage of the Motor Vehicle Fuel Account, shall be equal to the percentage transferred in the 2006–07 fiscal year. Every five years, starting in the 2013–14 fiscal year, the percentage transferred may be adjusted by the Department of Transportation in cooperation with the Department of Parks and Recreation and the Department of Motor Vehicles. Adjustments shall be based on, but not limited to, the changes in the following factors since the 2006–07 fiscal year or the last adjustment, whichever is more recent:

(1) The number of vehicles registered as off-highway motor vehicles as required by Division 16.5 (commencing with Section 38000) of the Vehicle Code.

(2) The number of registered street-legal vehicles that are anticipated to be used off highway, including four-wheel drive vehicles, all-wheel drive vehicles, and dual-sport motorcycles.

(3) Attendance at the state vehicular recreation areas.

(4) Off-highway recreation use on federal lands as indicated by the United States Forest Service's National Visitor Use Monitoring and the United States Bureau of Land Management's Recreation Management Information System.

(c) It is the intent of the Legislature that transfers from the Motor Vehicle Fuel Account to the Off-Highway Vehicle Trust Fund should reflect the full range of motorized vehicle use off highway for both motorized recreation and motorized off-road access to other recreation opportunities. Therefore, the Legislature finds that the fuel tax baseline established in subdivision (b), attributable to off-highway estimates of use as of the 2006–07 fiscal year, accounts for the three categories of vehicles that have been found over the years to be users of fuel for off-highway motorized recreation or motorized access to nonmotorized recreational pursuits. These three categories are registered off-highway motorized vehicles, registered street-legal motorized vehicles used off highway, and unregistered off-highway motorized vehicles.

(d) It is the intent of the Legislature that the off-highway motor vehicle recreational use to be determined by the Department of Transportation pursuant to paragraph (2) of subdivision (b) be that usage by vehicles subject to registration under Division 3 (commencing with Section 4000) of the Vehicle Code, for recreation or the pursuit of recreation on surfaces where the use of vehicles registered under Division 16.5 (commencing with Section 38000) of the Vehicle Code may occur.

SEC. 199. Section 8352.8 of the Revenue and Taxation Code is amended to read:

8352.8. (a) The Conservation and Enforcement Services Account is hereby established as an account in the Off-Highway Vehicle Trust Fund created by Section 38225 of the Vehicle Code.

(b) Funds in the Conservation and Enforcement Services Account shall be allocated to the Division of Off-Highway Motor Vehicle Recreation of the Department of Parks and Recreation for expenditure, upon appropriation by the Legislature, for the following purposes:

(1) Up to 40 percent of the funds, for cooperative agreements or challenge cost-sharing agreements with the United States Forest Service and the United States Bureau of Land Management, to complete necessary route designation planning work and to implement route planning decisions.

(2) Up to one million one hundred thousand dollars ($1,100,000) for each grant cycle, to increase the amount of funds available for restoration grants in the program pursuant to paragraph (2) of subdivision (b) of Section 5090.50 of the Public Resources Code.

SEC. 200. Section 17053.5 of the Revenue and Taxation Code is amended to read:

17053.5. (a) (1) For a qualified renter, there shall be allowed a credit against his or her "net tax," as defined in Section 17039. The amount of the credit shall be as follows:

(A) For married couples filing joint returns, heads of household, and surviving spouses, as defined in Section 17046, the credit shall be equal to one hundred twenty dollars ($120) if adjusted gross income is fifty thousand dollars ($50,000) or less.

(B) For other individuals, the credit shall be equal to sixty dollars ($60) if adjusted gross income is twenty-five thousand dollars ($25,000) or less.

(2) Except as provided in subdivision (b), a husband and wife shall receive but one credit under this section. If the husband and wife file separate returns, the credit may be taken by either or equally divided between them, except as follows:

(A) If one spouse was a resident for the entire taxable year and the other spouse was a nonresident for part or all of the taxable year, the resident spouse shall be allowed one-half the credit allowed to married persons and the nonresident spouse shall be permitted one-half the credit allowed to married persons, prorated as provided in subdivision (e).

(B) If both spouses were nonresidents for part of the taxable year, the credit allowed to married persons shall be divided equally between them subject to the proration provided in subdivision (e).

(b) For a husband and wife, if each spouse maintained a separate place of residence and resided in this state during the entire taxable year, each spouse will be allowed one-half the full credit allowed to married persons provided in subdivision (a).

(c) For purposes of this section, a "qualified renter" means an individual who satisfies both of the following:

(1) Was a resident of this state, as defined in Section 17014.

(2) Rented and occupied premises in this state which constituted his or her principal place of residence during at least 50 percent of the taxable year.

(d) "Qualified renter" does not include any of the following:

(1) An individual who for more than 50 percent of the taxable year rented and occupied premises that were exempt from property taxes, except that an individual, otherwise qualified, is deemed a qualified renter if he or she or his or her landlord pays possessory interest taxes, or the owner of those premises makes payments in lieu of property taxes that are substantially equivalent to property taxes paid on properties of comparable market value.

(2) An individual whose principal place of residence for more than 50 percent of the taxable year is with another person who claimed that individual as a dependent for income tax purposes.

(3) An individual who has been granted or whose spouse has been granted the homeowners' property tax exemption during the taxable year. This paragraph does not apply to an individual whose spouse has been granted the homeowners' property tax exemption if each spouse maintained a separate residence for the entire taxable year.

(e) An otherwise qualified renter who is a nonresident for any portion of the taxable year shall claim the credits set forth in subdivision (a) at the rate of one-twelfth of those credits for each full month that individual resided within this state during the taxable year.

(f) A person claiming the credit provided in this section shall, as part of that claim, and under penalty of perjury, furnish that information as the Franchise Tax Board prescribes on a form supplied by the board.

(g) The credit provided in this section shall be claimed on returns in the form as the Franchise Tax Board may from time to time prescribe.

(h) For purposes of this section, "premises" means a house or a dwelling unit used to provide living accommodations in a building or structure and the land incidental thereto, but does not include land only, unless the dwelling unit is a mobilehome. The credit is not allowed for any taxable year for the rental of land upon which a mobilehome is located if the mobilehome has been granted a homeowners' exemption under Section 218 in that year.

(i) This section shall become operative on January 1, 1998, and applies to any taxable year beginning on or after January 1, 1998.

(j) For each taxable year beginning on or after January 1, 1999, the Franchise Tax Board shall recompute the adjusted gross income amounts set forth in subdivision (a). The computation shall be made as follows:

(1) The Department of Industrial Relations shall transmit annually to the Franchise Tax Board the percentage change in the California Consumer Price Index for all items from June of the prior calendar year to June of the current year, no later than August 1 of the current calendar year.

(2) The Franchise Tax Board shall compute an inflation adjustment factor by adding 100 percent to the portion of the percentage change figure which is furnished pursuant to paragraph (1) and dividing the result by 100.

(3) The Franchise Tax Board shall multiply the amount in subparagraph (B) of paragraph (1) of subdivision (d) for the preceding taxable year by the inflation adjustment factor determined in paragraph (2), and round off the resulting products to the nearest one dollar ($1).

(4) In computing the amounts pursuant to this subdivision, the amounts provided in subparagraph (A) of paragraph (1) of subdivision (a) shall be twice the amount provided in subparagraph (B) of paragraph (1) of subdivision (a).

SEC. 201. Section 30182 of the Revenue and Taxation Code is amended to read:

30182. (a) Except as provided in subdivision (b), a distributor shall file, on or before the 25th day of each month, a report in the form as prescribed by the board, that may include, but not be limited to, electronic media with respect to distributions of cigarettes and purchases of stamps and meter register units during the preceding month and any other information as the board may require to carry out this part.

(b) Reports shall be authenticated in a form, or pursuant to methods, as may be prescribed by the board.

SEC. 202. Section 32258 of the Revenue and Taxation Code is amended to read:

32258. (a) Under regulations prescribed by the board, if:

(1) A tax liability under this part was understated by a failure to file a return required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return, and the understatement of tax liability is attributable to one spouse; or any amount of the tax reported on a return was unpaid and the nonpayment of the reported tax liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in tax attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for tax, including interest, penalties, and other amounts, to the extent that the liability is attributable to that understatement or nonpayment of tax.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar months, quarters, or years subject to this part, but shall not apply to a calendar month, quarter, or year that is more than five years from the final date on the board-issued determination, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or an omission of an item from the return, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a manufacturer, winegrower, importer, or seller of beer or wine, or as a manufacturer, distilled spirits manufacturer's agent, brandy manufacturer, rectifier, wholesaler, or seller of distilled spirits to which the understatement is attributable. If neither spouse rendered substantial services as a manufacturer, winegrower, importer, or seller of beer or wine, or as a manufacturer, distilled spirits manufacturer's agent, brandy manufacturer, rectifier, wholesaler, or seller of distilled spirits, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for an unpaid tax or any deficiency, or any portion of either, attributable to an item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to January 1, 2008.

SEC. 203. Section 41007 of the Revenue and Taxation Code is amended to read:

41007. (a) "Service supplier" shall mean a person supplying intrastate telephone communication services pursuant to California intrastate tariffs to a service user in this state.

(b) On and after January 1, 1988, "service supplier" also includes a person supplying intrastate telephone communication services for whom the Public Utilities Commission, by rule or order, modifies or eliminates the requirement for that person to prepare and file California intrastate tariffs.

SEC. 204. Section 41011 of the Revenue and Taxation Code is amended to read:

41011. (a) "Charges for services" means all charges billed by a service supplier to a service user for intrastate telephone communication services and shall mean local telephone service and include monthly service flat-rate charges for usage, message unit charges and shall mean toll charges, and include intra-state-wide area telephone service charges.

"Charges for services" shall not include a tax imposed by the United States or by any charter city, charges for service paid by inserting coins in a public coin-operated telephone, and shall not apply to amounts billed to nonsubscribers for coin shortages. If a coin-operated telephone service is furnished for a guarantee or other periodic amount, that amount is subject to the surcharge imposed by this part.

(b) "Charges for services" shall not include charges for intrastate toll calls if bills for those calls originate out of California.

(c) "Charges for services" shall not include charges for a nonrecurring, installation, service connection or one-time charge for service or directory advertising, and shall not include private communication service charges, charges for other than communication service, or a charge made by a hotel or motel for service rendered in placing calls for its guests regardless of how that hotel or motel charge is denominated or characterized by an applicable tariff of the Public Utilities Commission of this state.

(d) "Charges for services" shall not include charges for basic exchange line service for lifeline services.

SEC. 205. Section 41021 of the Revenue and Taxation Code is amended to read:

41021. (a) A service supplier shall collect the surcharge from each service user at the time it collects its billings from the service user, provided that the duty to collect the surcharge from a service user shall commence with the beginning of the first regular billing period applicable to that person which starts on or after the operative date of the surcharge imposed by this part. If the stations or lines of more than one service supplier are utilized in furnishing the telephone communication services to the service user, the service supplier that bills the customer shall collect the surcharge from the customer.

(b) Only one payment under this part shall be required with respect to the surcharge on a service, notwithstanding that the lines or stations of one or more service suppliers are used in furnishing that service.

SEC. 206. Section 41030 of the Revenue and Taxation Code is amended to read:

41030. The Department of General Services shall determine annually, on or before October 1, a surcharge rate that it estimates will produce sufficient revenue to fund the current fiscal year's 911 costs. The surcharge rate shall be determined by dividing the costs, including incremental costs, the Department of General Services estimates for the current fiscal year of 911 plans approved pursuant to Section 53115 of the Government Code, less the available balance in the State Emergency Telephone Number Account in the General Fund, by its estimate of the charges for intrastate telephone communication services to which the

surcharge will apply for the period of January 1 to December 31 of the next succeeding calendar year, but in no event shall the surcharge rate in any year be greater than three-quarters of 1 percent nor less than one-half of 1 percent.

SEC. 207. Section 41099 of the Revenue and Taxation Code is amended to read:

41099. (a) Under regulations prescribed by the board, if:

(1) A surcharge liability under this part was understated by a failure to file a return required to be filed under this part, by the omission of an amount properly includable therein, or by erroneous deductions or credits claimed on a return, and the understatement of surcharge liability is attributable to one spouse; or any amount of the surcharge reported on a return was unpaid and the nonpayment of the reported surcharge liability is attributable to one spouse.

(2) The other spouse establishes that he or she did not know of, and had no reason to know of, that understatement or nonpayment.

(3) Taking into account whether the other spouse significantly benefited directly or indirectly from the understatement or the nonpayment and taking into account all other facts and circumstances, it is inequitable to hold the other spouse liable for the deficiency in surcharge attributable to that understatement or nonpayment, then the other spouse shall be relieved of liability for the surcharge, including interest, penalties, and other amounts, to the extent that the liability is attributable to that understatement or nonpayment of the surcharge.

(b) For purposes of this section, the determination of the spouse to whom items of understatement or nonpayment are attributable shall be made without regard to community property laws.

(c) This section shall apply to all calendar months, quarters, or years subject to the provisions of this part, but shall not apply to a calendar month, quarter, or year that is more than five years from the final date on the board-issued determination, five years from the return due date for nonpayment on a return, or one year from the first contact with the spouse making a claim under this section; or that has been closed by res judicata, whichever is later.

(d) For purposes of paragraph (2) of subdivision (a), "reason to know" means whether a reasonably prudent person would have had reason to know of the understatement or nonpayment.

(e) For purposes of this section, with respect to a failure to file a return or an omission of an item from the return, "attributable to one spouse" may be determined by whether a spouse rendered substantial service as a service supplier of intrastate telephone communication services to service users or as a user of intrastate telephone communication services to which the understatement is attributable. If neither spouse rendered

substantial services as a service supplier or as a service user, then the attribution of applicable items of understatement shall be treated as community property. An erroneous deduction or credit shall be attributable to the spouse who caused that deduction or credit to be entered on the return.

(f) Under procedures prescribed by the board, if, taking into account all the facts and circumstances, it is inequitable to hold the other spouse liable for an unpaid surcharge or deficiency, or any portion of either, attributable to any item for which relief is not available under subdivision (a), the board may relieve the other spouse of that liability.

(g) For purposes of this section, registered domestic partners, as defined in Section 297 of the Family Code, have the same rights, protections, and benefits as provided by this section, and are subject to the same responsibilities, obligations, and duties as imposed by this section, as are granted to and imposed upon spouses.

(h) The relief provided by this section shall apply retroactively to liabilities arising prior to January 1, 2008.

SEC. 208. Section 118 of the Streets and Highways Code is amended to read:

118. (a) If the department determines that real property or an interest therein, previously or hereafter acquired by the state for highway purposes, is no longer necessary for those purposes, the department may sell, contract to sell, sell by trust deed, or exchange the real property or interest therein in the manner and upon terms, standards, and conditions established by the commission. The payment period in a contract of sale or sale by trust deed shall not extend longer than 10 years from the time the contract of sale or trust deed is executed, and a transaction involving a contract of sale or sale by trust deed to private parties shall require a downpayment of at least 30 percent of the purchase price, except as follows:

(1) For improved and unimproved real property sold or exchanged for the purpose of housing for persons and families of low or moderate income, as defined in Section 50093 of the Health and Safety Code, the payment period shall not exceed 40 years and the downpayment shall be at least 5 percent of the purchase price. All contracts of sale or sales by trust deed, for the purpose of housing for persons and families of low or moderate income shall bear interest. The rate of interest for the contract or sale shall be computed annually, and shall be the same as the average rate returned by the Pooled Money Investment Board for the past five fiscal years immediately preceding the year in which the payment is made. The contract of sale and sales by trust deeds shall not be utilized if the proposed development or sale qualifies for financing from other

sources and if the financing makes feasible the provision of low- and moderate-income housing.

(2) Improved residential property sold to a local public agency pursuant to paragraph (1), if subsequently sold or transferred to a nonprofit housing organization, shall have the endorsement of the city in which the parcels are located, or the county if the parcels are located in an unincorporated area, that the housing shall remain at affordable housing costs to persons and families of low or moderate income and very low income households for the longest feasible time, but for not less than 15 years, as determined by the city or county, as applicable. By endorsing the sale, the city or county accepts the responsibility of ensuring the housing remains affordable. The local public agency shall record in the office of the county recorder covenants or restrictions implementing this subdivision. Notwithstanding any other provision of law, the covenants or restrictions shall run with the land and shall be enforceable against the original purchaser from the department and successors in interest.

(b) A conveyance under this section shall be approved by the commission and shall be executed on behalf of the state by the director and the purchase price shall be paid into the State Treasury to the credit of any fund, available to the department for highway purposes, which the commission designates.

(c) Any such real property or interest therein may in like manner be exchanged, either as whole or part consideration, for any other real property or interest therein needed for state highway purposes.

SEC. 209. Section 464 of the Streets and Highways Code is amended to read:

464. (a) Route 164 is Rosemead Boulevard from:

(1) Gallatin Road near Pico Rivera to the northern city limit of Temple City in the vicinity of Callita Street and Sultana Avenue.

(2) The northern city limit of Temple City in the vicinity of Callita Street and Sultana Avenue to the southern city limit of the City of Pasadena.

(b) (1) Notwithstanding subdivision (a), the commission may relinquish to the County of Los Angeles that portion of Route 164 described in paragraph (2) of subdivision (a), pursuant to the terms of a cooperative agreement between the county and the department, upon a determination by the commission that the relinquishment is in the best interests of the state.

(2) A relinquishment under this subdivision shall become effective immediately following the recordation by the county recorder of the relinquishment resolution containing the commission's approval of the terms and conditions of the relinquishment.

(3) On and after the effective date of the relinquishment, both of the following shall apply:

(A) The portion of Route 164 relinquished under this subdivision shall cease to be a state highway.

(B) The portion of Route 164 relinquished under this subdivision shall not be considered for future adoption under Section 81.

(4) For the portion of Route 164 that is relinquished under this subdivision, the County of Los Angeles shall maintain within its jurisdiction signs directing motorists to the continuation of Route 164.

(c) (1) Notwithstanding subdivision (a), the commission may relinquish to the City of Temple City the portion of Route 164 located within the city limits of that city pursuant to the terms of a cooperative agreement between the city and the department, upon a determination by the commission that the relinquishment is in the best interests of the state.

(2) A relinquishment under this subdivision shall become effective immediately following the recordation by the county recorder of the relinquishment resolution containing the commission's approval of the terms and conditions of the relinquishment.

(3) On and after the effective date of the relinquishment, both of the following shall apply:

(A) The portion of Route 164 relinquished under this subdivision shall cease to be a state highway.

(B) The portion of Route 164 relinquished under this subdivision shall not be considered for future adoption under Section 81.

(4) For the portion of Route 164 that is relinquished under this subdivision, the City of Temple City shall maintain within its jurisdiction signs directing motorists to the continuation of Route 164.

(2) The department may consult with an organization of old car hobbyists in determining whether the date of year of the license plate corresponds to the model-year date when the vehicle was manufactured.

(b) A fee of forty-five dollars ($45) shall be charged for the application for the use of the special plates.

SEC. 219. Section 13353.2 of the Vehicle Code, as amended by Section 2 of Chapter 749 of the Statutes of 2007, is amended to read:

13353.2. (a) The department shall immediately suspend the privilege of a person to operate a motor vehicle for any one of the following reasons:

(1) The person was driving a motor vehicle when the person had 0.08 percent or more, by weight, of alcohol in his or her blood.

(2) The person was under 21 years of age and had a blood-alcohol concentration of 0.01 percent or greater, as measured by a preliminary alcohol screening test, or other chemical test.

(3) The person was driving a vehicle that requires a commercial driver's license when the person had 0.04 percent or more, by weight, of alcohol in his or her blood.

(4) The person was driving a motor vehicle when both of the following applied:

(A) The person was on probation for a violation of Section 23152 or 23153.

(B) The person had 0.01 percent or more, by weight, of alcohol in his or her blood, as measured by a preliminary alcohol screening test or other chemical test.

(b) The notice of the order of suspension under this section shall be served on the person by a peace officer pursuant to Section 13382 or 13388. The notice of the order of suspension shall be on a form provided by the department. (c) The notice of the order of suspension shall specify clearly the reason and statutory grounds for the suspension, the effective date of the suspension, the right of the person to request an administrative hearing, the procedure for requesting an administrative hearing, and the date by which a request for an administrative hearing shall be made in order to receive a determination prior to the effective date of the suspension.

(d) The department shall make a determination of the facts in subdivision (a) on the basis of the report of a peace officer submitted pursuant to Section 13380. The determination of the facts, after administrative review pursuant to Section 13557, by the department is final, unless an administrative hearing is held pursuant to Section 13558 and any judicial review of the administrative determination after the hearing pursuant to Section 13559 is final.

(e) The determination of the facts in subdivision (a) is a civil matter that is independent of the determination of the person's guilt or innocence, shall have no collateral estoppel effect on a subsequent criminal prosecution, and shall not preclude the litigation of the same or similar facts in the criminal proceeding. If a person is acquitted of criminal charges relating to a determination of facts under subdivision (a), or if the person's driver's license was suspended pursuant to Section 13388 and the department finds no basis for a suspension pursuant to that section, the department shall immediately reinstate the person's privilege to operate a motor vehicle if the department has suspended it administratively pursuant to subdivision (a), and the department shall

return or reissue for the remaining term any driver's license that has been taken from the person pursuant to Section 13382 or otherwise. Notwithstanding subdivision (b) of Section 13558, if criminal charges under Section 23140, 23152, or 23153 are not filed by the district attorney because of a lack of evidence, or if those charges are filed but are subsequently dismissed by the court because of an insufficiency of evidence, the person has a renewed right to request an administrative hearing before the department. The request for a hearing shall be made within one year from the date of arrest.

(f) The department shall furnish a form that requires a detailed explanation specifying which evidence was defective or lacking and detailing why that evidence was defective or lacking. The form shall be made available to the person to provide to the district attorney. The department shall hold an administrative hearing, and the hearing officer shall consider the reasons for the failure to prosecute given by the district attorney on the form provided by the department. If applicable, the hearing officer shall consider the reasons stated on the record by a judge who dismisses the charges. A fee shall not be imposed pursuant to Section 14905 for the return or reissuing of a driver's license pursuant to this subdivision. The disposition of a suspension action under this section does not affect an action to suspend or revoke the person's privilege to operate a motor vehicle under another provision of this code, including, but not limited to, Section 13352 or 13353, or Chapter 3 (commencing with Section 13800).

SEC. 220. Section 21251 of the Vehicle Code is amended to read:

is suitable for that purpose, including, but not limited to, when there is not sufficient space to operate a vehicle lift, ramp, or assistive equipment, or there is not sufficient room for a person with a disability to exit the vehicle or maneuver once outside the vehicle.

SEC. 222. Section 24617 of the Vehicle Code is amended to read:

24617. (a) A transit bus may be authorized to be equipped with a yield right-of-way sign on the left rear of the bus. The yield right-of-way sign may flash simultaneously with the rear turn signal lamps, but is not required to do so. The sign shall be both of the following:

(1) Designed to warn a person operating a motor vehicle approaching the rear of the bus that the bus is entering traffic.

(2) Illuminated by a red flashing light when the bus is signaling in preparation for entering a traffic lane after having stopped to receive or discharge passengers.

(b) This section does not require a transit agency to install the yield right-of-way sign described in subdivision (a).

(c) This section does not relieve the driver of a transit bus from the duty to drive the bus with due regard for the safety of all persons and property. This section does not exempt the driver of a transit bus from Section 21804.

(d) This section applies only to the Santa Cruz Metropolitan Transit District and the Santa Clara Valley Transportation Authority, if the governing board of the applicable entity approves a resolution, after a public hearing on the issue, requesting that this section be made applicable to it.

(e) A participating transit agency shall undertake a public education program to encourage motorists to yield to a transit bus when the sign specified in subdivision (a) is activated.

SEC. 223. Section 27315 of the Vehicle Code is amended to read:

27315. (a) The Legislature finds that a mandatory seatbelt law will contribute to reducing highway deaths and injuries by encouraging greater usage of existing manual seatbelts, that automatic crash protection systems which require no action by vehicle occupants offer the best hope of reducing deaths and injuries, and that encouraging the use of manual safety belts is only a partial remedy for addressing this major cause of death and injury. The Legislature declares that the enactment of this section is intended to be compatible with support for federal safety standards requiring automatic crash protection systems and should not be used in any manner to rescind federal requirements for installation of automatic restraints in new cars.

(b) This section shall be known and may be cited as the Motor Vehicle Safety Act.

(c) (1) As used in this section, "motor vehicle" means a passenger vehicle, a motortruck, or a truck tractor, but does not include a motorcycle.

(2) For purposes of this section, a "motor vehicle" also means a farm labor vehicle, regardless of the date of certification under Section 31401.

(d) (1) A person shall not operate a motor vehicle on a highway unless that person and all passengers 16 years of age or over are properly restrained by a safety belt. This paragraph does not apply to the operator of a taxicab, as defined in Section 27908, when the taxicab is driven on a city street and is engaged in the transportation of a fare-paying passenger. The safety belt requirement established by this paragraph is the minimum safety standard applicable to employees being transported in a motor vehicle. This paragraph does not preempt more stringent or restrictive standards imposed by the Labor Code or another state or federal regulation regarding the transportation of employees in a motor vehicle.

(2) The operator of a limousine for hire or the operator of an authorized emergency vehicle, as defined in subdivision (a) of Section 165, shall not operate the limousine for hire or authorized emergency vehicle unless the operator and any passengers six years of age or over or weighing 60 pounds or more in the front seat are properly restrained by a safety belt.

(3) The operator of a taxicab shall not operate the taxicab unless any passengers six years of age or over or weighing 60 pounds or more in the front seat are properly restrained by a safety belt.

(e) A person 16 years of age or over shall not be a passenger in a motor vehicle on a highway unless that person is properly restrained by a safety belt. This subdivision does not apply to a passenger in a sleeper berth, as defined in subdivision (x) of Section 1201 of Title 13 of the California Code of Regulations.

(f) An owner of a motor vehicle, including an owner or operator of a taxicab, as defined in Section 27908, or a limousine for hire, operated on a highway shall maintain safety belts in good working order for the use of occupants of the vehicle. The safety belts shall conform to motor vehicle safety standards established by the United States Department of Transportation. This subdivision, however, does not require installation or maintenance of safety belts if not required by the laws of the United States applicable to the vehicle at the time of its initial sale.

(g) This section does not apply to a passenger or operator with a physically disabling condition or medical condition that would prevent appropriate restraint in a safety belt, if the condition is duly certified by a licensed physician and surgeon or by a licensed chiropractor who shall state the nature of the condition, as well as the reason the restraint is

inappropriate. This section also does not apply to a public employee, when in an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165, or to a passenger in a seat behind the front seat of an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165 operated by the public employee, unless required by the agency employing the public employee.

(h) Notwithstanding subdivision (a) of Section 42001, a violation of subdivision (d), (e), or (f) is an infraction punishable by a fine of not more than twenty dollars ($20) for a first offense, and a fine of not more than fifty dollars ($50) for each subsequent offense. In lieu of the fine and any penalty assessment or court costs, the court, pursuant to Section 42005, may order that a person convicted of a first offense attend a school for traffic violators or another court-approved program in which the proper use of safety belts is demonstrated.

(i) In a civil action, a violation of subdivision (d), (e), or (f) or information of a violation of subdivision (h) does not establish negligence as a matter of law or negligence per se for comparative fault purposes, but negligence may be proven as a fact without regard to the violation.

(j) If the United States Secretary of Transportation fails to adopt safety standards for manual safety belt systems by September 1, 1989, a motor vehicle manufactured after that date for sale or sold in this state shall not be registered unless it contains a manual safety belt system that meets the performance standards applicable to automatic crash protection devices adopted by the United States Secretary of Transportation pursuant to Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. 571.208) as in effect on January 1, 1985.

(k) A motor vehicle offered for original sale in this state which has been manufactured on or after September 1, 1989, shall comply with the automatic restraint requirements of Section S4.1.2.1 of Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. 571.208), as published in Volume 49 of the Federal Register, No. 138, page 29009. An automobile manufacturer that sells or delivers a motor vehicle subject to this subdivision, and fails to comply with this subdivision, shall be punished by a fine of not more than five hundred dollars ($500) for each sale or delivery of a noncomplying motor vehicle.

(*l*) Compliance with subdivision (j) or (k) by a manufacturer shall be made by self-certification in the same manner as self-certification is accomplished under federal law.

(m) This section does not apply to a person actually engaged in delivery of newspapers to customers along the person's route if the person is properly restrained by a safety belt prior to commencing and subsequent to completing delivery on the route.

(n) This section does not apply to a person actually engaged in collection and delivery activities as a rural delivery carrier for the United States Postal Service if the person is properly restrained by a safety belt prior to stopping at the first box and subsequent to stopping at the last box on the route.

SEC. 236. Section 707 of the Welfare and Institutions Code is amended to read:

707. (a) (1) In any case in which a minor is alleged to be a person described in subdivision (a) of Section 602 by reason of the violation, when he or she was 16 years of age or older, of any criminal statute or ordinance except those listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence that the petitioner or the minor may wish to submit, the juvenile court may find that the minor is not a fit and proper subject to be dealt with under the juvenile court law if it concludes that the minor would not be amenable to the care, treatment, and training program available through the facilities of the juvenile court, based upon an evaluation of the following criteria:

(A) The degree of criminal sophistication exhibited by the minor.

(B) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(C) The minor's previous delinquent history.

(D) Success of previous attempts by the juvenile court to rehabilitate the minor.

(E) The circumstances and gravity of the offense alleged in the petition to have been committed by the minor.

A determination that the minor is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one or a combination of the factors set forth above, which shall be recited in the order of unfitness. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing, and no plea that may have been entered already shall constitute evidence at the hearing.

(2) (A) This paragraph shall apply to a minor alleged to be a person described in Section 602 by reason of the violation, when he or she has attained 16 years of age, of any felony offense when the minor has been declared to be a ward of the court pursuant to Section 602 on one or more prior occasions if both of the following apply:

(i) The minor has previously been found to have committed two or more felony offenses.

(ii) The offenses upon which the prior petition or petitions were based were committed when the minor had attained 14 years of age.

(B) Upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence that the petitioner or the minor may wish to submit, the minor shall be presumed to be not a fit and proper subject to be dealt with under the juvenile court law unless the juvenile court concludes, based upon evidence, which evidence may be of extenuating or mitigating circumstances, that the minor would be amenable to the care, treatment, and training program available through the facilities of the juvenile court based upon an evaluation of the following criteria:

(i) The degree of criminal sophistication exhibited by the minor.

(ii) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(iii) The minor's previous delinquent history.

(iv) Success of previous attempts by the juvenile court to rehabilitate the minor.

(v) The circumstances and gravity of the offense alleged in the petition to have been committed by the minor.

A determination that the minor is a fit and proper subject to be dealt with under the juvenile court law shall be based on a finding of amenability after consideration of the criteria set forth above, and findings therefore recited in the order as to each of the above criteria that the minor is fit and proper under each and every one of the above criteria. In making a finding of fitness, the court may consider extenuating and mitigating circumstances in evaluating each of the above criteria. In any

case in which the hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing and no plea which may have been entered already shall constitute evidence at the hearing. If the minor is found to be a fit and proper subject to be dealt with under the juvenile court law pursuant to this subdivision, the minor shall be committed to placement in a juvenile hall, ranch camp, forestry camp, boot camp, or secure juvenile home pursuant to Section 730, or in any institution operated by the Department of Corrections and Rehabilitation, Division of Juvenile Facilities.

(3) If, pursuant to this subdivision, the minor is found to be not a fit and proper subject for juvenile court treatment and is tried in a court of criminal jurisdiction and found guilty by the trier of fact, the judge may commit the minor to the Department of Corrections and Rehabilitation, Division of Juvenile Facilities, in lieu of sentencing the minor to the state prison, unless the limitations specified in Section 1732.6 apply.

(b) Subdivision (c) shall be applicable in any case in which a minor is alleged to be a person described in Section 602 by reason of the violation of one of the following offenses:

(1) Murder.

(2) Arson, as provided in subdivision (a) or (b) of Section 451 of the Penal Code.

(17) An offense described in Section 12022.5 or 12022.53 of the Penal Code.

(18) A felony offense in which the minor personally used a weapon listed in subdivision (a) of Section 12020 of the Penal Code.

(19) A felony offense described in Section 136.1 or 137 of the Penal Code.

(20) Manufacturing, compounding, or selling one-half ounce or more of a salt or solution of a controlled substance specified in subdivision (e) of Section 11055 of the Health and Safety Code.

(21) A violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code, which also would constitute a felony violation of subdivision (b) of Section 186.22 of the Penal Code.

(22) Escape, by the use of force or violence, from a county juvenile hall, home, ranch, camp, or forestry camp in violation of subdivision (b) of Section 871 if great bodily injury is intentionally inflicted upon an employee of the juvenile facility during the commission of the escape.

(27) Kidnapping as punishable in Section 209.5 of the Penal Code.

(28) The offense described in subdivision (c) of Section 12034 of the Penal Code.

(29) The offense described in Section 12308 of the Penal Code.

(30) Voluntary manslaughter, as described in subdivision (a) of Section 192 of the Penal Code.

(c) With regard to a minor alleged to be a person described in Section 602 by reason of the violation, when he or she was 14 years of age or older, of any of the offenses listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence that the petitioner or the minor may wish to submit, the minor shall be presumed to be not a fit and proper subject to be dealt with under the juvenile court law unless the juvenile court concludes, based upon evidence, which evidence may be of extenuating or mitigating circumstances, that the minor would be amenable to the care, treatment, and training program available through the facilities of the juvenile court based upon an evaluation of each of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offenses alleged in the petition to have been committed by the minor.

A determination that the minor is a fit and proper subject to be dealt with under the juvenile court law shall be based on a finding of amenability after consideration of the criteria set forth above, and findings therefore recited in the order as to each of the above criteria that the minor is fit and proper under each and every one of the above criteria. In making a finding of fitness, the court may consider extenuating or mitigating circumstances in evaluating each of the above criteria. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing and no plea which may have been entered already shall constitute evidence at the hearing. If, pursuant to this subdivision, the minor is found to be not a fit and proper subject for juvenile court treatment and is tried in a court of criminal jurisdiction and found guilty by the trier of fact, the judge may commit the minor to the Department of Corrections and Rehabilitation, Division of Juvenile Facilities, in lieu of sentencing the minor to the state prison, unless the limitations specified in Section 1732.6 apply.

(d) (1) Except as provided in subdivision (b) of Section 602, the district attorney or other appropriate prosecuting officer may file an accusatory pleading in a court of criminal jurisdiction against any minor 16 years of age or older who is accused of committing an offense enumerated in subdivision (b).

(2) Except as provided in subdivision (b) of Section 602, the district attorney or other appropriate prosecuting officer may file an accusatory pleading against a minor 14 years of age or older in a court of criminal jurisdiction in any case in which any one or more of the following circumstances apply:

(A) The minor is alleged to have committed an offense that if committed by an adult would be punishable by death or imprisonment in the state prison for life.

(B) The minor is alleged to have personally used a firearm during the commission or attempted commission of a felony, as described in Section 12022.5 or 12022.53 of the Penal Code.

(C) The minor is alleged to have committed an offense listed in subdivision (b) in which any one or more of the following circumstances apply:

(i) The minor has previously been found to be a person described in Section 602 by reason of the commission of an offense listed in subdivision (b).

(ii) The offense was committed for the benefit of, at the direction of, or in association with any criminal street gang, as defined in subdivision (f) of Section 186.22 of the Penal Code, with the specific intent to promote, further, or assist in criminal conduct by gang members.

(iii) The offense was committed for the purpose of intimidating or interfering with any other person's free exercise or enjoyment of a right secured to him or her by the Constitution or laws of this state or by the Constitution or laws of the United States and because of the other person's race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, or because the minor perceives that the other person has one or more of those characteristics, as described in Title 11.6 (commencing with Section 422.55) of Part 1 of the Penal Code.

(iv) The victim of the offense was 65 years of age or older, or blind, deaf, quadriplegic, paraplegic, developmentally disabled, or confined to a wheelchair, and that disability was known or reasonably should have been known to the minor at the time of the commission of the offense.

(3) Except as provided in subdivision (b) of Section 602, the district attorney or other appropriate prosecuting officer may file an accusatory pleading in a court of criminal jurisdiction against any minor 16 years of age or older who is accused of committing one or more of the following offenses, if the minor has previously been found to be a person described in Section 602 by reason of the violation of a felony offense, when he or she was 14 years of age or older:

(A) A felony offense in which it is alleged that the victim of the offense was 65 years of age or older, or blind, deaf, quadriplegic, paraplegic, developmentally disabled, or confined to a wheelchair, and that disability was known or reasonably should have been known to the minor at the time of the commission of the offense.

(B) A felony offense committed for the purposes of intimidating or interfering with any other person's free exercise or enjoyment of a right secured to him or her by the Constitution or laws of this state or by the Constitution or laws of the United States and because of the other person's race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, or because the minor perceived that the other person had one or more of those characteristics, as described in Title 11.6 (commencing with Section 422.55) of Part 1 of the Penal Code.

(C) The offense was committed for the benefit of, at the direction of, or in association with any criminal street gang as prohibited by Section 186.22 of the Penal Code.

(4) In any case in which the district attorney or other appropriate prosecuting officer has filed an accusatory pleading against a minor in a court of criminal jurisdiction pursuant to this subdivision, the case shall then proceed according to the laws applicable to a criminal case. In conjunction with the preliminary hearing as provided in Section 738 of the Penal Code, the magistrate shall make a finding that reasonable cause exists to believe that the minor comes within this subdivision. If reasonable cause is not established, the criminal court shall transfer the case to the juvenile court having jurisdiction over the matter.

(5) For an offense for which the prosecutor may file the accusatory pleading in a court of criminal jurisdiction pursuant to this subdivision, but elects instead to file a petition in the juvenile court, if the minor is subsequently found to be a person described in subdivision (a) of Section 602, the minor shall be committed to placement in a juvenile hall, ranch camp, forestry camp, boot camp, or secure juvenile home pursuant to Section 730, or in any institution operated by the Department of Corrections and Rehabilitation, Division of Juvenile Facilities.

(6) If, pursuant to this subdivision, the minor is found to be not a fit and proper subject for juvenile court treatment and is tried in a court of criminal jurisdiction and found guilty by the trier of fact, the judge may commit the minor to the Department of Corrections and Rehabilitation, Division of Juvenile Facilities, in lieu of sentencing the minor to the state prison, unless the limitations specified in Section 1732.6 apply.

(e) A report submitted by a probation officer pursuant to this section regarding the behavioral patterns and social history of the minor being considered for a determination of unfitness shall include any written or oral statement offered by the victim, the victim's parent or guardian if the victim is a minor, or if the victim has died, the victim's next of kin, as authorized by subdivision (b) of Section 656.2. Victims' statements shall be considered by the court to the extent they are relevant to the court's determination of unfitness.

(K) Provision for clients who have been suffering from an untreated severe mental illness for less than one year, and who do not require the full range of services, but are at risk of becoming homeless unless a comprehensive individual and family support services plan is implemented. (5) The individual personal services plan shall describe the service array that meets the requirements of paragraph (4), and to the extent applicable to the individual, the requirements of paragraph (2).

(b) A county that provides assisted outpatient treatment services pursuant to this article also shall offer the same services on a voluntary basis.

(c) Involuntary medication shall not be allowed absent a separate order by the court pursuant to Sections 5332 to 5336, inclusive.

The evaluation and report shall also include any other measures identified by the department regarding persons in the program and all of the following, based on information that is available:

SEC. 238. Section 5352.1 of the Welfare and Institutions Code is amended to read:

5352.1. (a) The court may establish a temporary conservatorship for a period not to exceed 30 days and appoint a temporary conservator on the basis of the comprehensive report of the officer providing conservatorship investigation filed pursuant to Section 5354, or on the basis of an affidavit of the professional person who recommended conservatorship stating the reasons for his or her recommendation, if the court is satisfied that the comprehensive report or affidavit shows the necessity for a temporary conservatorship.

(b) Except as provided in this section, all temporary conservatorships shall expire automatically at the conclusion of 30 days, unless prior to that date the court shall conduct a hearing on the issue of whether or not the proposed conservatee is gravely disabled as defined in subdivision (h) of Section 5008.

(c) If the proposed conservatee demands a court or jury trial on the issue whether he or she is gravely disabled, the court may extend the temporary conservatorship until the date of the disposition of the issue by the court or jury trial, provided that the extension shall in no event exceed a period of six months.

SEC. 239. Section 5777.7 of the Welfare and Institutions Code is amended to read:

5777.7. (a) In order to facilitate the receipt of medically necessary specialty mental health services by a foster child who is placed outside his or her county of original jurisdiction, the State Department of Mental Health shall take all of the following actions:

(1) On or before July 1, 2008, create all of the following items, in consultation with stakeholders, including, but not limited to, the California Institute for Mental Health, the Child and Family Policy Institute, the California Mental Health Directors Association, and the California Alliance of Child and Family Services:

(A) A standardized contract for the purchase of medically necessary specialty mental health services from organizational providers, when a contract is required.

(B) A standardized specialty mental health service authorization procedure.

(C) A standardized set of documentation standards and forms, including, but not limited to, forms for treatment plans, annual treatment plan updates, day treatment intensive and day treatment rehabilitative progress notes, and treatment authorization requests.

(2) On or before January 1, 2009, use the standardized items as described in paragraph (1) to provide medically necessary specialty mental health services to a foster child who is placed outside his or her county of original jurisdiction, so that organizational providers who are already certified by a mental health plan are not required to be additionally certified by the mental health plan in the county of original jurisdiction.

(3) (A) On or before January 1, 2009, use the standardized items described in paragraph (1) to provide medically necessary specialty mental health services to a foster child placed outside his or her county of original jurisdiction to constitute a complete contract, authorization procedure, and set of documentation standards and forms, so that no additional documents are required.

(B) Authorize a county mental health plan to be exempt from subparagraph (A) and have an addendum to a contract, authorization procedure, or set of documentation standards and forms, if the county mental health plan has an externally placed requirement, such as a requirement from a federal integrity agreement, that would affect one of these documents.

(4) Following consultation with stakeholders, including, but not limited to, the California Institute for Mental Health, the Child and Family Policy Institute, the California Mental Health Directors Association, the California State Association of Counties, and the California Alliance of Child and Family Services, require the use of the standardized contracts, authorization procedures, and documentation standards and forms as specified in paragraph (1) in the 2008–09 state-county mental health plan contract and each state-county mental health plan contract thereafter.

(5) The mental health plan shall complete a standardized contract, as provided in paragraph (1), if a contract is required, or another mechanism of payment if a contract is not required, with a provider or providers of the county's choice, to deliver approved specialty mental health services for a specified foster child, within 30 days of an approved treatment authorization request.

(b) The California Health and Human Services Agency shall coordinate the efforts of the State Department of Mental Health and the State Department of Social Services to do all of the following:

(1) Participate with the stakeholders in the activities described in this section.

(2) During budget hearings in 2008 and 2009, report to the Legislature regarding the implementation of this section and subdivision (c) of Section 5777.6.

(3) On or before July 1, 2008, establish the following, in consultation with stakeholders, including, but not limited to, the California Mental Health Directors Association, the California Alliance of Child and Family Services, and the County Welfare Directors Association of California:

(A) Informational materials that explain to foster care providers how to arrange for mental health services on behalf of the beneficiary in their care.

(B) Informational materials that county child welfare agencies can access relevant to the provision of services to children in their care from the out-of-county local mental health plan that is responsible for providing those services, including, but not limited to, receiving a copy of the child's treatment plan within 60 days after requesting services.

(C) It is the intent of the Legislature to ensure that foster children who are adopted or placed permanently with relative guardians, and who move to a county outside their original county of residence, can access mental health services in a timely manner. It is the intent of the Legislature to enact this section as a temporary means of ensuring access to these services, while the appropriate stakeholders pursue a long-term solution in the form of a change to the Medi-Cal Eligibility Data System that will allow these children to receive mental health services through their new county of residence.

(b) Each client shall have a clearly designated mental health personal services coordinator who may be part of a multidisciplinary treatment team who is responsible for providing or assuring needed services. Responsibilities include complete assessment of the client's needs, development of the client's personal services plan, linkage with all appropriate community services, monitoring of the quality and followthrough of services, and necessary advocacy to ensure that each client receives those services that are agreed to in the personal services plan. SEC. 241. Section 10830 of the Welfare and Institutions Code, as added by Chapter 206 of the Statutes of 1996, is amended to read:

10830. (a) The department and the Health and Welfare Data Center shall design, implement, and maintain a statewide fingerprint imaging system for use in connection with the determination of eligibility for benefits under the California Work Opportunity and Responsibility to Kids Act (CalWORKs) program under Chapter 2 (commencing with Section 11200) of Part 3 excluding Aid to Families with Dependent Children-Foster Care (AFDC-FC), and the Food Stamp Program under Chapter 10 (commencing with Section 18900) of Part 6.

(b) (1) Every applicant for, or recipient of, aid under Chapter 2 (commencing with Section 11200) of Part 3, excluding the AFDC-FC program and Chapter 10 (commencing with Section 18900) of Part 6, other than dependent children or persons who are physically unable to be fingerprint imaged, shall, as a condition of eligibility for assistance, be required to be fingerprint imaged.

(2) A person subject to paragraph (1) shall not be eligible for the CalWORKs program or the Food Stamp Program until fingerprint images are provided, except as provided in subdivision (e). Ineligibility may extend to an entire case of a person who refuses to provide fingerprint images.

(c) The department may adopt emergency regulations to implement this section specifying the statewide fingerprint imaging requirements and exemptions to the requirements in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The initial adoption of any emergency regulations implementing this section, as added during the 1996 portion of the 1995–96 Regular Session, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this subdivision shall remain in effect for no more than 180 days.

(d) Persons required to be fingerprint imaged pursuant to this section shall be informed that fingerprint images obtained pursuant to this section shall be used only for the purpose of verifying eligibility and preventing multiple enrollments in the CalWORKs program or the Food Stamp Program. The department, county welfare agencies, and all others shall

not use or disclose the data collected and maintained for any purpose other than the prevention or prosecution of fraud. Fingerprint imaging information obtained pursuant to this section shall be confidential under Section 10850.

(e) (1) Except as provided in paragraph (2), the fingerprint imaging required under this chapter shall be scheduled only during the application appointment or other regularly scheduled appointments. No other special appointment shall be required. No otherwise eligible individual shall be ineligible to receive benefits under this chapter due to a technical problem occurring in the fingerprint imaging system or as long as the person consents to and is available for fingerprint imaging at a mutually agreed-upon time, not later than 60 days from the initial attempt to complete fingerprint imaging.

(2) During the first nine months following implementation, recipients may be scheduled for separate appointments to complete the fingerprint imaging required by this section. Notice shall be mailed first class by the department to recipients at least 10 days prior to the appointment, and shall include procedures for the recipient to reschedule the scheduled appointment within 30 days.

(f) If the fingerprint image of an applicant or recipient of aid to which this section applies matches another fingerprint image on file, the county shall notify the applicant or recipient. In the event that a match is appealed, the fingerprint image match shall be verified by a trained individual and any matching case files reviewed prior to the denial of benefits. Upon confirmation that the applicant or recipient is receiving or attempting to receive multiple CalWORKs program checks, a county fraud investigator shall be notified.

SEC. 242. Section 10960 of the Welfare and Institutions Code is amended to read:

10960. (a) Within 30 days after receiving the decision of the director, which is the proposed decision of an administrative law judge adopted by the director as final, a final decision rendered by an administrative law judge, or a decision issued by the director himself or herself, the affected county or applicant or recipient may file a request with the director for a rehearing. The director shall immediately serve a copy of the request on the other party to the hearing and that other party may within five days of the service file with the director a written statement supporting or objecting to the request. The director shall grant or deny the request no later than the 35th working day after the request is made to ensure the prompt and efficient administration of the hearing process. If the director grants the request, the rehearing shall be conducted in the same manner and subject to the same time limits as the original hearing.

(b) The grounds for requesting a rehearing are as follows:

(1) The adopted decision is inconsistent with the law.

(2) The adopted decision is not supported by the evidence in the record.

(3) The adopted decision is not supported by the findings.

(4) The adopted decision does not address all of the claims or issues raised by the parties.

(5) The adopted decision does not address all of the claims or issues supported by the record or evidence.

(6) The adopted decision does not set forth sufficient information to determine the basis for its legal conclusion.

(7) Newly discovered evidence, that was not in custody or available to the party requesting rehearing at the time of the hearing, is now available and the new evidence, had it been introduced, could have changed the hearing decision.

(8) For any other reason necessary to prevent the abuse of discretion or an error of law, or for any other reason consistent with Section 1094.5 of the Code of Civil Procedure.

(c) The notice granting or denying the rehearing request shall explain the reasons and legal basis for granting or denying the request for rehearing.

(d) The decision of the director, which is the proposed decision of an administrative law judge adopted by the director as final, a final decision rendered by an administrative law judge, or a decision issued by the director himself or herself, remains final pending a request for a rehearing. Only after a rehearing is granted is the decision no longer the final decision in the case.

(e) Notwithstanding any other provision of law, a rehearing request or decision shall not be a prerequisite to filing an action under Section 10962.

(f) (1) Notwithstanding subdivision (a), an applicant or recipient otherwise may be entitled to a rehearing pursuant to this chapter if he or she files a request more than 30 days after the decision of the director is issued, or if he or she did not receive a copy of the decision of the director, or if there is good cause for filing beyond the 30-day period. The director may determine whether good cause exists.

(2) For purposes of this subdivision, "good cause" means a substantial and compelling reason beyond the party's control, considering the length of the delay, the diligence of the party making the request, and the potential prejudice to the other party. The inability of a person to understand an adequate and language-compliant notice, in and of itself, shall not constitute good cause. The department shall not grant a request for a hearing if the request is filed more than 180 days after the order or action complained of.

(3) This section shall not preclude the application of the principles of equity jurisdiction as otherwise provided by law.

(g) Notwithstanding the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), the department shall implement this section through an all-county information notice no later than January 1, 2008. The department may also provide further instructions through training notes.

SEC. 243. Section 11322.5 of the Welfare and Institutions Code is amended to read:

11322.5. (a) It is the intent of the Legislature to do each of the following:

(1) Maximize the ability of CalWORKs recipients to benefit from the federal Earned Income Tax Credit (EITC), including retroactive EITC credits and the Advance EITC, take advantage of the earned-income disregard to increase their federal Food Stamp Program benefits, and accumulate credit toward future social security income.

(2) Educate and empower all CalWORKs participants who receive the federal EITC to save or invest part or all of their credits in instruments such as individual development accounts, 401(k) plans, 403(b) plans, IRAs, 457 plans, Coverdell ESA plans, restricted accounts pursuant to subdivision (a) of Section 11155.2, or 529 plans, and to take advantage of the federal Assets for Independence program and other matching funds, tools, and training available from public or private sources, in order to build their assets.

(b) It is the intent of the Legislature that counties encourage CalWORKs recipients to participate in activities that will maximize their receipt of the EITC. To this end, counties may do all of the following:

(1) Structure welfare-to-work activities pursuant to subdivisions (a) to (j), inclusive, of Section 11322.6 to give recipients the option of maximizing the portion of their CalWORKs benefits that meets the definition of "earned income" in Section 32(c)(2) of the Internal Revenue Code.

(2) Inform CalWORKs recipients of each of the following:

(A) That earned income, either previous or future, may make them eligible for the federal EITC, including retroactive EITC credits and the Advance EITC, increase their federal Food Stamp Program benefits, and accumulate credit toward future social security income.

(B) That recipients, as part of their welfare-to-work plans, have the option of engaging in subsidized employment and grant-based on-the-job training, as specified in Section 11322.6, and that participating in these activities will increase their earned income to the extent that they meet the requirements of federal law.

(C) That receipt of the federal EITC does not affect their CalWORKs grant and is additional tax-free income for them.

(D) That a CalWORKs recipient who receives the federal EITC may invest these funds in an individual development account, 401(k) plan, 403(b) plan, IRA, 457 plan, 529 college savings plan, Coverdell ESA, or restricted account, and that investments in these accounts will not make the recipient ineligible for CalWORKs benefits or reduce the recipient's CalWORKs benefits.

(3) At each regular eligibility redetermination, the county shall ask a recipient whether the recipient is eligible for and takes advantage of the EITC. If the recipient may be eligible and does not participate, the county shall give the recipient the federal EITC form and encourage and assist the recipient to take advantage of it.

(c) (1) No later than December 1, 2008, the State Department of Social Services shall develop guidelines that counties may adopt to carry out the intent of this section and shall present options to the Governor and Legislature for any legislation necessary to further carry out the intent of this section.

(2) In developing the guidelines and legislative options, the department shall consult and convene at least one meeting of subject-matter experts, including representatives from the Assembly and Senate Committees on Human Services, Assets for All Alliance, Asset Policy Initiative of California, California Budget Project, California Catholic Conference, California Council of Churches, California Family Resource Association, California State Association of Counties, CFED, County Welfare Directors Association of California, Federal Reserve Bank of San Francisco, Legislative Analyst's Office, Lifetime, National Council of Churches, Insight Center for Community Economic Development, New America Foundation, Public Policy Institute of California, University of California at Los Angeles School of Law, United States Internal Revenue Service, and Western Center on Law and Poverty. Nothing in this section requires the department to compensate or pay expenses for any person it consults or invites to the meeting or meetings.

SEC. 244. Section 14043.1 of the Welfare and Institutions Code is amended to read:

14043.1. As used in this article:

(a) "Abuse" means either of the following:

(1) Practices that are inconsistent with sound fiscal or business practices and result in unnecessary cost to the federal Medicaid and Medicare programs, the Medi-Cal program, another state's Medicaid program, or other health care programs operated, or financed in whole or in part, by the federal government or a state or local agency in this state or another state.

(2) Practices that are inconsistent with sound medical practices and result in reimbursement by the federal Medicaid and Medicare programs, the Medi-Cal program or other health care programs operated, or financed in whole or in part, by the federal government or a state or local agency in this state or another state, for services that are unnecessary or for substandard items or services that fail to meet professionally recognized standards for health care.

(b) "Applicant" means an individual, partnership, group, association, corporation, institution, or entity, and the officers, directors, owners, managing employees, or agents thereof, that apply to the department for enrollment as a provider in the Medi-Cal program.

(c) "Application or application package" means a completed and signed application form, signed under penalty of perjury or notarized pursuant to Section 14043.25, a disclosure statement, a provider agreement, and all attachments or changes in the form, statement, or agreement.

(d) "Appropriate volume of business" means a volume that is consistent with the information provided in the application and any supplemental information provided by the applicant or provider, and is of a quality and type that would reasonably be expected based upon the size and type of business operated by the applicant or provider.

(e) "Business address" means the location where an applicant or provider provides services, goods, supplies, or merchandise, directly or indirectly, to a Medi-Cal beneficiary. A post office box or commercial box is not a business address. The business address for the location of a vehicle or vessel owned and operated by an applicant or provider enrolled in the Medi-Cal program and used to provide services, goods, supplies, or merchandise, directly or indirectly, to a Medi-Cal beneficiary shall either be the business address location listed on the provider's application as the location where similar services, goods, supplies, or merchandise would be provided or the applicant's or provider's pay to address.

(f) "Convicted" means any of the following:

(1) A judgment of conviction has been entered against an individual or entity by a federal, state, or local court, regardless of whether there is a posttrial motion, an appeal pending, or the judgment of conviction or other record relating to the criminal conduct has been expunged or otherwise removed.

(2) A federal, state, or local court has made a finding of guilt against an individual or entity.

(3) A federal, state, or local court has accepted a plea of guilty or nolo contendere by an individual or entity.

(4) An individual or entity has entered into participation in a first offender, deferred adjudication, or other program or arrangement where judgment of conviction has been withheld.

(g) "Debt due and owing" means 60 days have passed since a notice or demand for repayment of an overpayment or another amount resulting from an audit or examination, for a penalty assessment, or for another amount due the department was sent to the provider, regardless of whether the provider is an institutional provider or a noninstitutional provider and regardless of whether an appeal is pending.

(h) "Enrolled or enrollment in the Medi-Cal program" means authorized under any processes by the department or its agents or contractors to receive, directly or indirectly, reimbursement for the provision of services, goods, supplies, or merchandise to a Medi-Cal beneficiary.

(i) "Fraud" means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or herself or some other person. It includes any act that constitutes fraud under applicable federal or state law.

(j) "Location" means a street, city, or rural route address or a site or place within a street, city, or rural route address, and the city, county, state, and nine-digit ZIP Code.

(k) "Not currently enrolled at the location for which the application is submitted" means either of the following:

(1) The provider is changing location and moving to a different location than that for which the provider was issued a provider number.

(2) The provider is adding a business address.

(*l*) "Individual physician practice" means a physician and surgeon licensed by the Medical Board of California or the Osteopathic Medical Board of California enrolled or enrolling in Medi-Cal as an individual provider who is sole proprietor of his or her practice or is a corporation owned solely by the individual physician and the only physician practitioner is the owner. An individual physician practice may include nonphysician medical practitioners employed and supervised by the physician.

(m) "Preenrollment period" or "preenrollment" includes the period of time during which an application package for enrollment, continued enrollment, or for the addition of or change in a location is pending.

(n) "Professionally recognized standards of health care" means statewide or national standards of care, whether in writing or not, that professional peers of the individual or entity whose provision of care is an issue recognize as applying to those peers practicing or providing care within a state. When the United States Department of Health and

Human Services has declared a treatment modality not to be safe and effective, practitioners that employ that treatment modality shall be deemed not to meet professionally recognized standards of health care. This subdivision shall not be construed to mean that all other treatments meet professionally recognized standards of care.

(o) "Provider" means an individual, partnership, group, association, corporation, institution, or entity, and the officers, directors, owners, managing employees, or agents of a partnership, group association, corporation, institution, or entity, that provides services, goods, supplies, or merchandise, directly or indirectly, to a Medi-Cal beneficiary and that has been enrolled in the Medi-Cal program.

(p) "Unnecessary or substandard items or services" means those that are either of the following:

(1) Substantially in excess of the provider's usual charges or costs for the items or services.

(2) Furnished, or caused to be furnished, to patients, whether or not covered by Medicare, Medicaid, or any of the state health care programs to which the definitions of applicant and provider apply, and which are substantially in excess of the patient's needs, or of a quality that fails to meet professionally recognized standards of health care. The department's determination that the items or services furnished were excessive or of unacceptable quality shall be made on the basis of information, including sanction reports, from the following sources:

SEC. 245. Section 14043.26 of the Welfare and Institutions Code is amended to read:

14043.26. (a) (1) On and after January 1, 2004, an applicant that currently is not enrolled in the Medi-Cal program, or a provider applying for continued enrollment, upon written notification from the department that enrollment for continued participation of all providers in a specific provider of service category or subgroup of that category to which the provider belongs will occur, or, except as provided in subdivisions (b) and (e), a provider not currently enrolled at a location where the provider intends to provide services, goods, supplies, or merchandise to a Medi-Cal beneficiary, shall submit a complete application package for enrollment, continuing enrollment, or enrollment at a new location or a change in location.

(2) Clinics licensed by the department pursuant to Chapter 1 (commencing with Section 1200) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(3) Health facilities licensed by the department pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(4) Adult day health care providers licensed pursuant to Chapter 3.3 (commencing with Section 1570) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(5) Home health agencies licensed pursuant to Chapter 8 (commencing with Section 1725) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(6) Hospices licensed pursuant to Chapter 8.5 (commencing with Section 1745) of Division 2 of the Health and Safety Code and certified by the department to participate in the Medi-Cal program shall not be subject to this section.

(b) A physician and surgeon licensed by the Medical Board of California or the Osteopathic Medical Board of California practicing in an individual physician practice, who is enrolled and in good standing in the Medi-Cal program, and who is changing locations of that individual physician practice within the same county, shall be eligible to continue enrollment at the new location by filing a change of location form to be developed by the department. The form shall comply with all minimum federal requirements related to Medicaid provider enrollment. Filing this form shall be in lieu of submitting a complete application package pursuant to subdivision (a).

(c) (1) Except as provided in paragraph (2), within 30 days after receiving an application package submitted pursuant to subdivision (a), the department shall provide written notice that the application package has been received and, if applicable, that there is a moratorium on the enrollment of providers in the specific provider of service category or subgroup of the category to which the applicant or provider belongs. This moratorium shall bar further processing of the application package.

(2) Within 15 days after receiving an application package from a physician, or a group of physicians, licensed by the Medical Board of California or the Osteopathic Medical Board of California, or a change of location form pursuant to subdivision (b), the department shall provide written notice that the application package or the change of location form has been received.

(d) (1) If the application package submitted pursuant to subdivision (a) is from an applicant or provider who meets the criteria listed in paragraph (2), the applicant or provider shall be considered a preferred provider and shall be granted preferred provisional provider status pursuant to this section and for a period of no longer than 18 months, effective from the date on the notice from the department. The ability to request consideration as a preferred provider and the criteria necessary for the consideration shall be publicized to all applicants and providers. An applicant or provider who desires consideration as a preferred provider pursuant to this subdivision shall request consideration from the department by making a notation to that effect on the application package, by cover letter, or by other means identified by the department in a provider bulletin. Request for consideration as a preferred provider shall be made with each application package submitted in order for the department to grant the consideration. An applicant or provider who requests consideration as a preferred provider shall be notified within 60 days whether the applicant or provider meets or does not meet the criteria listed in paragraph (2). If an applicant or provider is notified that the applicant or provider does not meet the criteria for a preferred provider, the application package submitted shall be processed in accordance with the remainder of this section.

(2) To be considered a preferred provider, the applicant or provider shall meet all of the following criteria:

(A) Hold a current license as a physician and surgeon issued by the Medical Board of California or the Osteopathic Medical Board of California, which license shall not have been revoked, whether stayed or not, suspended, placed on probation, or subject to other limitation.

(B) Be a current faculty member of a teaching hospital or a children's hospital, as defined in Section 10727, accredited by the Joint Commission or the American Osteopathic Association, or be credentialed by a health care service plan that is licensed under the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code) or county organized health system, or be a current member in good standing of a group that is credentialed by a health care service plan that is licensed under the Knox-Keene Act.

(C) Have full, current, unrevoked, and unsuspended privileges at a Joint Commission or American Osteopathic Association accredited general acute care hospital.

(D) Not have any adverse entries in the federal Healthcare Integrity and Protection Data Bank.

(3) The department may recognize other providers as qualifying as preferred providers if criteria similar to those set forth in paragraph (2)

are identified for the other providers. The department shall consult with interested parties and appropriate stakeholders to identify similar criteria for other providers so that they may be considered as preferred providers.

(e) (1) If a Medi-Cal applicant meets the criteria listed in paragraph (2), the applicant shall be enrolled in the Medi-Cal program after submission and review of a short form application to be developed by the department. The form shall comply with all minimum federal requirements related to Medicaid provider enrollment. The department shall notify the applicant that the department has received the application within 15 days of receipt of the application. The department shall issue the applicant a provider number or notify the applicant that the applicant does not meet the criteria listed in paragraph (2) within 90 days of receipt of the application.

(2) Notwithstanding any other provision of law, an applicant or provider who meets all of the following criteria shall be eligible for enrollment in the Medi-Cal program pursuant to this subdivision, after submission and review of a short form application:

(A) The applicant's or provider's practice is based in one or more of the following: a general acute care hospital, a rural general acute care hospital, or an acute psychiatric hospital, as defined in subdivisions (a) and (b) of Section 1250 of the Health and Safety Code.

(B) The applicant or provider holds a current, unrevoked, or unsuspended license as a physician and surgeon issued by the Medical Board of California or the Osteopathic Medical Board of California. An applicant or provider shall not be in compliance with this subparagraph if a license revocation has been stayed, the licensee has been placed on probation, or the license is subject to any other limitation.

(C) The applicant or provider does not have an adverse entry in the federal Healthcare Integrity and Protection Data Bank.

(3) An applicant shall be granted provisional provider status under this subdivision for a period of 12 months.

(f) Except as provided in subdivision (g), within 180 days after receiving an application package submitted pursuant to subdivision (a), or from the date of the notice to an applicant or provider that the applicant or provider does not qualify as a preferred provider under subdivision (d), the department shall give written notice to the applicant or provider that any of the following applies, or shall on the 181st day grant the applicant or provider provisional provider status pursuant to this section for a period no longer than 12 months, effective from the 181st day:

(1) The applicant or provider is being granted provisional provider status for a period of 12 months, effective from the date on the notice.

(2) The application package is incomplete. The notice shall identify additional information or documentation that is needed to complete the application package.

(3) The department is exercising its authority under Section 14043.37, 14043.4, or 14043.7, and is conducting background checks, preenrollment inspections, or unannounced visits.

(4) The application package is denied for any of the following reasons:

(A) Pursuant to Section 14043.2 or 14043.36.

(B) For lack of a license necessary to perform the health care services or to provide the goods, supplies, or merchandise directly or indirectly to a Medi-Cal beneficiary, within the applicable provider of service category or subgroup of that category.

(C) The period of time during which an applicant or provider has been barred from reapplying has not passed.

(D) For other stated reasons authorized by law.

(g) Notwithstanding subdivision (f), within 90 days after receiving an application package submitted pursuant to subdivision (a) from a physician or physician group licensed by the Medical Board of California or the Osteopathic Medical Board of California, or from the date of the notice to that physician or physician group that does not qualify as a preferred provider under subdivision (d), or within 90 days after receiving a change of location form submitted pursuant to subdivision (b), the department shall give written notice to the applicant or provider that either paragraph (1), (2), (3), or (4) of subdivision (f) applies, or shall on the 91st day grant the applicant or provider provisional provider status pursuant to this section for a period no longer than 12 months, effective from the 91st day.

(h) (1) If the application package that was noticed as incomplete under paragraph (2) of subdivision (f) is resubmitted with all requested information and documentation, and received by the department within 60 days of the date on the notice, the department shall, within 60 days of the resubmission, send a notice that any of the following applies:

(A) The applicant or provider is being granted provisional provider status for a period of 12 months, effective from the date on the notice.

(B) The application package is denied for any other reasons provided for in paragraph (4) of subdivision (f).

(C) The department is exercising its authority under Section 14043.37, 14043.4, or 14043.7 to conduct background checks, preenrollment inspections, or unannounced visits.

(2) (A) If the application package that was noticed as incomplete under paragraph (2) of subdivision (f) is not resubmitted with all requested information and documentation and received by the department within 60 days of the date on the notice, the application package shall

be denied by operation of law. The applicant or provider may reapply by submitting a new application package that shall be reviewed de novo.

(B) If the failure to resubmit is by a provider applying for continued enrollment, the failure shall make the provider also subject to deactivation of the provider's number and all of the business addresses used by the provider to provide services, goods, supplies, or merchandise to Medi-Cal beneficiaries.

(C) Notwithstanding subparagraph (A), if the notice of an incomplete application package included a request for information or documentation related to grounds for denial under Section 14043.2 or 14043.36, the applicant or provider shall not reapply for enrollment or continued enrollment in the Medi-Cal program or for participation in any health care program administered by the department or its agents or contractors for a period of three years.

(i) (1) If the department exercises its authority under Section 14043.37, 14043.4, or 14043.7 to conduct background checks, preenrollment inspections, or unannounced visits, the applicant or provider shall receive notice, from the department, after the conclusion of the background check, preenrollment inspection, or unannounced visit of either of the following:

(A) The applicant or provider is granted provisional provider status for a period of 12 months, effective from the date on the notice.

(B) Discrepancies or failure to meet program requirements, as prescribed by the department, have been found to exist during the preenrollment period.

(2) (A) The notice shall identify the discrepancies or failures, and whether remediation can be made or not, and if so, the time period within which remediation must be accomplished. Failure to remediate discrepancies and failures as prescribed by the department, or notification that remediation is not available, shall result in denial of the application by operation of law. The applicant or provider may reapply by submitting a new application package that shall be reviewed de novo.

(B) If the failure to remediate is by a provider applying for continued enrollment, the failure shall make the provider also subject to deactivation of the provider's number and all of the business addresses used by the provider to provide services, goods, supplies, or merchandise to Medi-Cal beneficiaries.

(C) Notwithstanding subparagraph (A), if the discrepancies or failure to meet program requirements, as prescribed by the director, included in the notice were related to grounds for denial under Section 14043.2 or 14043.36, the applicant or provider shall not reapply for three years.

(j) If provisional provider status or preferred provisional provider status is granted pursuant to this section, a provider number shall be used

by the provider for each business address for which an application package has been approved. This provider number shall be used exclusively for the locations for which it is issued, unless the practice of the provider's profession or delivery of services, goods, supplies, or merchandise is such that services, goods, supplies, or merchandise are rendered or delivered at locations other than the provider's business address and this practice or delivery of services, goods, supplies, or merchandise has been disclosed in the application package approved by the department when the provisional provider status or preferred provisional provider status was granted.

(k) Except for providers subject to subdivision (c) of Section 14043.47, a provider currently enrolled in the Medi-Cal program at one or more locations who has submitted an application package for enrollment at a new location or a change in location pursuant to subdivision (a), or filed a change of location form pursuant to subdivision (b), may submit claims for services, goods, supplies, or merchandise rendered at the new location until the application package or change of location form is approved or denied under this section, and shall not be subject, during that period, to deactivation, or be subject to any delay or nonpayment of claims as a result of billing for services rendered at the new location as herein authorized. However, the provider shall be considered during that period to have been granted provisional provider status or preferred provisional provider status and be subject to termination of that status pursuant to Section 14043.27. A provider that is subject to subdivision (c) of Section 14043.47 may come within the scope of this subdivision upon submitting documentation in the application package that identifies the physician providing supervision for every three locations. If a provider submits claims for services rendered at a new location before the application for that location is received by the department, the department may deny the claim.

(*l*) An applicant or a provider whose application for enrollment, continued enrollment, or a new location or change in location has been denied pursuant to this section, may appeal the denial in accordance with Section 14043.65.

(m) (1) Upon receipt of a complete and accurate claim for an individual nurse provider, the department shall adjudicate the claim within an average of 30 days.

(2) During the budget proceedings of the 2006–07 fiscal year, and each fiscal year thereafter, the department shall provide data to the Legislature specifying the timeframe under which it has processed and approved the provider applications submitted by individual nurse providers.

(3) For purposes of this subdivision, "individual nurse providers" are providers authorized under certain home- and community-based waivers and under the state plan to provide nursing services to Medi-Cal recipients in the recipients' own homes rather than in institutional settings.

(n) The amendments to subdivision (b), which implement a change of location form, and the addition of paragraph (2) to subdivision (c), the amendments to subdivision (e), and the addition of subdivision (g), which prescribe different processing timeframes for physicians and physician groups, as contained in Chapter 693 of the Statutes of 2007, shall become operative on July 1, 2008.

SEC. 246. Section 14045 of the Welfare and Institutions Code is amended to read:

14045. (a) A provider shall not submit a reimbursement request to the Medi-Cal program containing a beneficiary's social security number if the department has issued that beneficiary a Medi-Cal beneficiary identification card containing a beneficiary number with the issuance date included in that number.

(b) This section shall not apply to the submission of a request by a provider for beneficiary eligibility.

(c) In order to reduce medical fraud and the black market for stolen social security cards, the State Department of Health Care Services may establish an automated HIPAA-compliant system using HIPAA transactions whereby all providers can access a beneficiary's identification card number for submitting reimbursement requests.

(d) When the provider makes a good faith effort to obtain a recipient's beneficiary identification card number, this section shall not apply to the following types of services, or the following provider types, until the time that the department is able to establish a system described in subdivision (c):

(1) A hospital licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

(2) A long-term health care facility, as defined in Section 1418 of the Health and Safety Code.

(3) A primary care clinic that is licensed pursuant to subdivision (a) of Section 1204 of the Health and Safety Code.

(4) Emergency medical transportation services.

(5) A hospital-based physician.

SEC. 247. Section 14154.3 of the Welfare and Institutions Code is amended to read:

14154.3. (a) A provision of a Budget Act or other statute shall not be interpreted or applied to limit the amount of federal financial participation, otherwise available under federal law, which may be

reimbursable to counties in support of Medi-Cal administration costs for eligibility determinations. A provision of a Budget Act or another statute shall not be interpreted or applied to restrict the amount of federal financial participation for Medi-Cal administration costs, for eligibility determinations, otherwise available under federal law, which may be claimed by the department, and, upon receipt from the federal government, transferred by the department to a county.

(b) The Budget Acts referred to in subdivision (a) include, but are not limited to:

(1) Chapter 510 of the Statutes of 1980, including Item 288 of Section 2 thereof.

(2) Chapter 99 of the Statutes of 1981, including Items 426-101-001 and 426-101-890 of Section 2.00 thereof.

(3) Chapter 326 of the Statutes of 1982, including Items 4260-101-001 and 4260-101-890 of Section 2.00 thereof.

(4) Chapter 324 of the Statutes of 1983, including Items 4260-101-001 and 4260-101-890 of Section 2.00 thereof.

(5) Chapter 258 of the Statutes of 1984, including Items 4260-101-001 and 4260-101-890 of Section 2.00 thereof.

(6) Chapter 111 of the Statutes of 1985, including Items 4260-101-001 and 4260-101-890 of Section 2.00 thereof.

(7) Chapter 186 of the Statutes of 1986, including Items 4260-101-001 and 4260-101-890 of Section 2.00 thereof.

Provisions of the Budget Acts listed in paragraphs (1) to (7), inclusive, shall not be interpreted or applied as a prohibition regarding the amount of costs counties may incur for Medi-Cal eligibility administration activities. The provisions of those Budget Acts shall be interpreted and applied as a means of limiting the allocation of state general funds to be paid in support of Medi-Cal eligibility determination activities.

(c) To the extent necessary to effectuate the intent of subdivisions (a) and (b), the following Budget Act provisions shall be inoperative:

(1) Provision 17.5 of Item 426-101-890 of Section 2.00 of Chapter 99 of the Statutes of 1981.

(2) The incorporation by reference of Provision 16 of Item 4260-101-001 of Section 2.00 of Chapter 326 of the Statutes of 1982 into Provision 1 of Item 4260-101-890 of that chapter.

(3) The incorporation by reference of Provision 15 of Item 4260-101-001 of Section 2.00 of Chapter 324 of the Statutes of 1983 into Provision 1 of Item 4260-101-890 of Section 2.00 of that chapter.

(d) Sections 14154 and 14154.1 shall not be interpreted or applied to restrict the amount of federal financial participation, not deferred or disallowed by federal law or regulation which may be reimbursable to any county for Medi-Cal administration costs for eligibility

determinations. The County Administrative Cost Control Plan established pursuant to Section 14154 shall not be interpreted or applied as a prohibition regarding the amount of costs counties may incur for Medi-Cal county administration costs. That plan shall be interpreted and applied only as a means of limiting the allocation of state general funds to be paid in support of those county costs.

(e) Should federal financial participation be deferred or disallowed regarding funds transferred by the department to a county for costs incurred for Medi-Cal eligibility determinations, and that federal financial participation was matched by county expenditures, the county which received those federal funds shall repay the funds in question at such time as the federal deferral or disallowance has been issued. If the federal deferral or disallowance is noticed or issued prior to the transfer of the federal funds from the department to a county, the department shall not be responsible for transferring the federal funds to the county until the deferral or disallowance issue regarding these funds has been resolved.

(f) The department shall timely appeal from the federal deferrals or disallowances and the affected county may assist the department in preparing and presenting a pending appeal regarding a federal deferral or disallowance.

(g) Medi-Cal eligibility determination activities are undertaken by counties on behalf of the department. Reasonable and necessary costs incurred by counties relating to the eligibility determination activities shall be recognized as costs incurred by the state for purposes of inclusion in the nonfederal share of Medi-Cal eligibility determination expenditures for claiming federal financial participation.

(h) Subdivision (e) shall not apply to agreements between the department and a county executed prior to September 27, 1987.

SEC. 248. Section 14407.1 of the Welfare and Institutions Code is amended to read:

14407.1. (a) A contractor that has entered into a contract with the department under this chapter, or under another Medi-Cal managed care contracting authority, may offer nonmonetary incentives to promote good health practices by its existing Medi-Cal enrollees.

(b) No Medi-Cal managed care contractor may offer an incentive to promote good health practices by its Medi-Cal enrollees prior to written approval by the department. In the absence of other countervailing considerations, the department shall approve, to the extent permitted by federal law, the use by health plans of nonmonetary incentives to enhance health education program efforts to increase member participation, learning, and motivation to do any of the following:

(1) Effectively use managed health care services, including preventive and primary care services, obstetric care, and health education services.

(2) Modify personal health behaviors, achieving and maintaining healthy lifestyles and treatment therapies and positive health outcomes.

(3) Follow self-care regimens and treatment therapies for existing medical conditions, chronic diseases, or health conditions.

(c) If a contractor is a publicly operated entity, the offering of a department-approved, nonmonetary incentive to promote good health practices by enrollees shall not constitute a gift of public funds.

(d) Violations of this section shall be subject to the requirements and penalties set forth in Sections 14408 and 14409, and any regulations adopted by the department pursuant to this article.

(e) The department shall develop and publish written guidelines for the appropriate use of nonmonetary incentives that may be offered to Medi-Cal enrollees.

SEC. 249. Section 15657.3 of the Welfare and Institutions Code is amended to read:

15657.3. (a) The department of the superior court having jurisdiction over probate conservatorships shall also have concurrent jurisdiction over civil actions and proceedings involving a claim for relief arising out of the abduction, as defined in Section 15610.06, or the abuse of an elderly or dependent adult, if a conservator has been appointed for the plaintiff prior to the initiation of the action for abuse.

(b) The department of the superior court having jurisdiction over probate conservatorships shall not grant relief under this article if the court determines that the matter should be determined in a civil action, but shall instead transfer the matter to the general civil calendar of the superior court. The court need not abate a proceeding for relief pursuant to this article if the court determines that the civil action was filed for the purpose of delay.

(c) The death of the elder or dependent adult does not cause the court to lose jurisdiction of a claim for relief for abuse of that elder or dependent adult.

(d) (1) Subject to paragraph (2) and subdivision (e), after the death of the elder or dependent adult, the right to commence or maintain an action shall pass to the personal representative of the decedent. If there is no personal representative, the right to commence or maintain an action shall pass to any of the following, if the requirements of Section 377.32 of the Code of Civil Procedure are met:

(A) An intestate heir whose interest is affected by the action.

(B) The decedent's successor in interest, as defined in Section 377.11 of the Code of Civil Procedure.

(C) An interested person, as defined in Section 48 of the Probate Code, as limited in this subparagraph. As used in this subparagraph, "an interested person" does not include a creditor or a person who has a

claim against the estate and who is not an heir or beneficiary of the decedent's estate.

(2) If the personal representative refuses to commence or maintain an action or if the personal representative's family or an affiliate, as those terms are defined in subdivision (c) of Section 1064 of the Probate Code, is alleged to have committed abuse of the elder or dependent adult, the persons described in subparagraphs (A), (B), and (C) of paragraph (1) shall have standing to commence or maintain an action for elder abuse. This paragraph does not require the court to resolve the merits of an elder abuse action for purposes of finding that a plaintiff who meets the qualifications of subparagraphs (A), (B), and (C) of paragraph (1) has standing to commence or maintain such an action.

(e) If two or more persons who are either described in subparagraph (A), (B), or (C) of paragraph (1) of subdivision (d) or a personal representative claim to have standing to commence or maintain an action for elder abuse, upon petition or motion, the court in which the action or proceeding is pending, may make any order concerning the parties that is appropriate to ensure the proper administration of justice in the case pursuant to Section 377.33 of the Code of Civil Procedure.

(f) This section does not affect the applicable statute of limitations for commencing an action for relief for abuse of an elderly or dependent adult.

SEC. 250. Section 15660 of the Welfare and Institutions Code is amended to read:

For purposes of this paragraph, "employer" includes, but is not limited to, an in-home supportive services recipient, as defined by Section 12302.2, a recipient of personal care services under the Medi-Cal program pursuant to Section 14132.95, and a public authority or nonprofit consortium, as described in subdivision (a) of Section 12301.6.

(2) The person is unlicensed and provides nonmedical domestic or personal care to an aged or disabled adult in the adult's own home.

(b) (1) If it is found that the person has ever been convicted of a violation or attempted violation of Section 243.4 of the Penal Code, a sex offense against a minor, or of a felony that requires registration pursuant to Section 290 of the Penal Code, or that the person has been convicted or incarcerated within the last 10 years as the result of committing a violation or attempted violation of Section 273a, 273d, or subdivision (a) or (b) of Section 368, of the Penal Code, or as the result of committing a theft, robbery, burglary, or any felony, the Department of Justice shall notify the employer of that fact. The employer shall submit the fingerprints to the Department of Justice. Within 30 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the employer of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the employer with a statement of that fact as soon as possible, but not later than 30 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice, as soon as possible, but not later than 30 calendar days from the date of receipt of the fingerprints, shall notify the employer that the fingerprints were illegible.

(2) Fingerprints may be taken by a local law enforcement officer or agency for purposes of paragraph (1).

(3) Counties shall notify a recipient of, or applicant for, in-home supportive services or personal care services under the Medi-Cal program, upon his or her application for in-home supportive services or personal care services or during his or her annual redetermination, or upon the recipient's changing providers, that a criminal record check is available, and that the check can be performed by the Department of Justice.

(d) (1) The Department of Justice shall charge a fee to the employer to cover the costs of administering this section.

(2) (A) If the employer is an in-home supportive services recipient, as defined in Section 12302.2, a recipient of personal care services under the Medi-Cal program pursuant to Section 14132.95, or a public authority or nonprofit consortium as described in subdivision (a) of Section 12301.6, the fee shall be shared by the county and the state in the same ratio as described in Section 12306.

(B) (i) Notwithstanding any other provision of law, and except as provided in clause (ii), the department shall, no later than January 1, 2009, implement subparagraph (A) through an all county letter from the director.

(ii) No later than July 1, 2009, the department shall adopt regulations to implement the provisions listed in clause (i).

(e) It is the intent of the Legislature that the Department of Justice charge a fee to cover its cost in providing services in accordance with this section to comply with the 30-calendar-day requirement for provision to the department of the criminal record information, as contained in subdivision (c).

## CHAPTER 181

[Approved by Governor July 22, 2008. Filed with Secretary of State July 22, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 372 of the Code of Civil Procedure is amended to read:

372. (a) When a minor, an incompetent person, or a person for whom a conservator has been appointed is a party, that person shall appear either by a guardian or conservator of the estate or by a guardian ad litem appointed by the court in which the action or proceeding is pending, or by a judge thereof, in each case. A guardian ad litem may be appointed in any case when it is deemed by the court in which the action or proceeding is prosecuted, or by a judge thereof, expedient to appoint a guardian ad litem to represent the minor, incompetent person, or person for whom a conservator has been appointed, notwithstanding that the person may have a guardian or conservator of the estate and may have appeared by the guardian or conservator of the estate. The guardian or conservator of the estate or guardian ad litem so appearing for any minor, incompetent person, or person for whom a conservator has been appointed shall have power, with the approval of the court in which the action or proceeding is pending, to compromise the same, to agree to the order or judgment to be entered therein for or against the ward or conservatee, and to satisfy any judgment or order in favor of the ward or conservatee or release or discharge any claim of the ward or conservatee pursuant to that compromise. Any money or other property to be paid or delivered pursuant to the order or judgment for the benefit of a minor, incompetent person, or person for whom a conservator has been appointed shall be paid and delivered as provided in Chapter 4 (commencing with Section 3600) of Part 8 of Division 4 of the Probate Code.

Where reference is made in this section to "incompetent person," such reference shall be deemed to include "a person for whom a conservator may be appointed."

Nothing in this section, or in any other provision of this code, the Civil Code, the Family Code, or the Probate Code is intended by the Legislature to prohibit a minor from exercising an intelligent and knowing waiver of his or her constitutional rights in any proceedings under the Juvenile Court Law, Chapter 2 (commencing with Section 200) of Part 1 of Division 2 of the Welfare and Institutions Code.

(b) (1) Notwithstanding subdivision (a), a minor 12 years of age or older may appear in court without a guardian, counsel, or guardian ad litem, for the purpose of requesting or opposing a request for any of the following:

(A) An injunction or temporary restraining order or both to prohibit harassment pursuant to Section 527.6.

(B) An injunction or temporary restraining order or both against violence or a credible threat of violence in the workplace pursuant to Section 527.8.

(C) A protective order pursuant to Division 10 (commencing with Section 6200) of the Family Code.

(D) A protective order pursuant to Sections 7710 and 7720 of the Family Code.

The court may, either upon motion or in its own discretion, and after considering reasonable objections by the minor to the appointment of specific individuals, appoint a guardian ad litem to assist the minor in obtaining or opposing the order, provided that the appointment of the guardian ad litem does not delay the issuance or denial of the order being sought. In making the determination concerning the appointment of a particular guardian ad litem, the court shall consider whether the minor and the guardian have divergent interests.

(2) For purposes of this subdivision only, upon the issuance of an order pursuant to paragraph (1), if the minor initially appeared in court seeking an order without a guardian or guardian ad litem, and if the minor is residing with a parent or guardian, the court shall send a copy of the order to at least one parent or guardian designated by the minor, unless, in the discretion of the court, notification of a parent or guardian would be contrary to the best interest of the minor. The court is not required to send the order to more than one parent or guardian.

(3) The Judicial Council shall adopt forms by July 1, 1999, to facilitate the appointment of a guardian ad litem pursuant to this subdivision.

(c) (1) Notwithstanding subdivision (a), a minor may appear in court without a guardian ad litem in the following proceedings if the minor is a parent of the child who is the subject of the proceedings:

(C) Guardianship proceedings for a minor child pursuant to Part 2 (commencing with Section 1500) of Division 4 of the Probate Code.

(D) Any other proceedings concerning child custody, visitation, or support.

(2) If the court finds that the minor parent is unable to understand the nature of the proceedings or to assist counsel in preparing the case, the court shall, upon its own motion or upon a motion by the minor parent or the minor parent's counsel, appoint a guardian ad litem.

SEC. 2. Section 7635 of the Family Code is amended to read:

7635. (a) The child may, if under the age of 12 years, and shall, if 12 years of age or older, be made a party to the action. If the child is a minor and a party to the action, the child shall be represented by a guardian ad litem appointed by the court. The guardian ad litem need not be represented by counsel if the guardian ad litem is a relative of the child.

(b) The natural mother, each man presumed to be the father under Section 7611, and each man alleged to be the natural father, may be made parties and shall be given notice of the action in the manner prescribed in Section 7666 and an opportunity to be heard. Appointment of a guardian ad litem shall not be required for a minor who is a parent of the child who is the subject of the petition to establish parental relationship, unless the minor parent is unable to understand the nature of the proceedings or to assist counsel in preparing the case.

(c) The court may align the parties.

(d) In any initial or subsequent proceeding under this chapter where custody of, or visitation with, a minor child is in issue, the court may, if it determines it would be in the best interest of the minor child, appoint private counsel to represent the interests of the minor child pursuant to Chapter 10 (commencing with Section 3150) of Part 2 of Division 8.

SEC. 3. Section 326.7 is added to the Welfare and Institutions Code, to read:

[Approved by Governor July 22, 2008. Filed with
Secretary of State July 22, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 20209.7 of the Public Contract Code is amended to read:

20209.7. Design-build projects shall progress in a three-step process, as follows:

(a) The transit operator shall prepare a set of documents setting forth the scope of the project. The documents shall include, but are not limited to, the size, type, and desired design character of the buildings, transit facilities, and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the transit operator's needs. The performance specifications and any plans shall be prepared by a design professional duly licensed or registered in California.

(b) Any architectural or engineering firm or individual retained by the transit operator to assist in the development criteria or preparation of the request for proposal (RFP) is not eligible to participate in the competition for the design-build entity.

(c) If the transit operator does not already have a labor compliance program, as defined in Section 1771.5 of the Labor Code, the transit operator shall establish and enforce a labor compliance program for the design-build contract containing the requirements outlined in Section 1771.5 of the Labor Code or shall contract with a third party to operate this labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement applies only to the design-build contract and does not apply to projects where the transit operator or the design-build entity has entered into a collective bargaining agreement that binds all of the contractors performing work on the project, or to any other project of the transit operator that is not design-build.

(d) (1) Each RFP shall identify the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the contracting agency to inform interested parties of the contracting opportunity.

(2) Each RFP shall invite interested parties to submit competitive sealed proposals in the manner prescribed by the contracting agency.

(3) Each RFP shall include a section identifying and describing:

(A) All significant factors that the agency reasonably expects to consider in evaluating proposals, including cost or price and all nonprice-related factors.

(B) The methodology and rating or weighting process that will be used by the agency in evaluating competitive proposals and specifically whether proposals will be rated according to numeric or qualitative values.

(C) The relative importance or weight assigned to each of the factors identified in the RFP. If a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price, when combined, are any of the following:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(D) If the contracting agency wishes to reserve the right to hold discussions or negotiations with offerors, it shall specify the same in the RFP and shall publish separately or incorporate into the RFP applicable rules and procedures to be observed by the agency to ensure that any discussions or negotiations are conducted in a fair and impartial manner.

(e) (1) The transit operator shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the Director of Industrial Relations. The standardized questionnaire may not require prospective bidders to disclose any violations of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code committed prior to January 1, 1998, if the violation was based on a subcontractor's failure to comply with these provisions and the bidder had no knowledge of the subcontractor's violations and the bidder complied with the conditions set forth in subdivision (b) of Section 1775 of the Labor Code. In preparing the questionnaire, the director shall consult with the construction industry, building trades, transit operators, and other affected parties. This questionnaire shall require information relevant to the architecture or engineering firm that will be the lead on the design-build project. The questionnaire shall include, but is not limited to, all of the following:

(A) A listing of all the contractors that are part of the design-build entity.

(B) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete, projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(C) The licenses, registrations, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(D) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance, as well as a financial statement that assures the transit operator that the design-build entity has the capacity to complete the project.

(E) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (P.L. 91-596),

settled against any member of the design-build entity, and information concerning a contractor member's workers' compensation experience history and worker safety program.

(F) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found by an awarding body not to be a responsible bidder.

(G) Any instance where the entity, its owner, officers, or managing employees defaulted on a construction contract.

(H) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law, including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(I) Information concerning the bankruptcy or receivership of any member of the entity, and information concerning all legal claims, disputes, or lawsuits arising from any construction project of any member of the entity during the past three years, including information concerning any work completed by a surety.

(J) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members who will participate as subcontractors in the design-build contract.

(K) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five-year period immediately preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(L) In the case of a partnership or other association that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be liable for full performance under the design-build contract.

(2) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(f) The transit operator shall establish a procedure for final selection of the design-build entity. Selection shall be subject to the following conditions:

(1) In no case shall the transit operator award a contract to a design-build entity pursuant to this article for a capital maintenance or capacity-enhancing rail project unless that project exceeds twenty-five million dollars ($25,000,000) in cost.

(2) For nonrail transit projects that exceed two million five hundred thousand dollars ($2,500,000), the transit operator may award the project to the lowest responsible bidder or by using the best value method.

(3) For the acquisition and installation of technology applications or surveillance equipment designed to enhance safety, disaster preparedness, and homeland security efforts, there shall be no cost threshold and the transit operator may award the contract to the lowest responsible bidder or by using the best value method.

(g) Except as provided in this section, nothing in this act shall be construed to affect the application of any other law.

*The people of the State of California do enact as follows:*

SECTION 1. Section 52851 of the Food and Agricultural Code is amended to read:

52851. The Legislature hereby declares that the purposes of this chapter are to promote, encourage, aid, and protect the planting and growing of cotton in the State of California; that it believes that these purposes can best be accomplished by restricting within certain areas the planting and growing of but two types of cotton, which are Acala and Pima; that, by this means, it is possible to bring the cotton-growing industry in the state to its highest possible development and to ensure the growing of the most superior varieties of cotton; that the planting of pure seed is essential to the production of more marketable and better grades of cotton and cottonseeds, and for the production of grades of fiber best suited for manufacturing purposes; and that the planting of impure seeds or plants, other than those authorized in these areas, is an economic harm and loss to the planter thereof and an irreparable injury to the adjoining or neighboring growers.

SEC. 2. Section 52852 of the Food and Agricultural Code is amended to read:

52852. The Legislature also declares that the restriction of the use to which cotton lands and cotton gins may be used, as provided in this chapter, is essential to the highest development of the cotton-growing industry; otherwise the different types of seed will be mixed, crossing will take place in the field, the varieties will be mongrelized and cease to be uniform, the fiber will deteriorate in quality, and the seed will be rendered unfit for planting.

SEC. 3. Section 52856 of the Food and Agricultural Code is amended to read:

52856. The Legislature further declares that all cotton approved by the board for planting in the district is for the benefit of the cotton-growing industry and is not for the exclusive or limited use of any person.

(d) In addition, the board shall select one representative each from the United States Department of Agriculture and the University of California, and two representatives each from cotton planting seed delinting organizations, and organizations involved in the reproduction, sale, and distribution of cottonseed in the district, to serve as nonvoting ex officio members of the board. These members shall not be selected from the same organization.

There shall be at least 10 signatures on each petition of nomination for a cotton grower candidate, at least two signatures on each petition of nomination for handlers of whole cottonseed candidates, at least six signatures on each petition of nomination for handlers of raw cotton fiber candidates, and at least 10 signatures on each petition of nomination for cotton ginning candidates.

An act to amend Section 31874.6 of the Government Code, relating to county employees' retirement.

[Approved by Governor July 25, 2008. Filed with Secretary of State July 25, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 31874.6 of the Government Code is amended to read:

31874.6. (a) Notwithstanding any other provision of law, on an annual basis, the board of retirement may, with the approval of the county board of supervisors, grant a cost-of-living adjustment on a prefunded basis to the retirement allowances, optional death allowances, or annual death allowances payable to or on account of eligible members. The action by the board of retirement may specify a date as of which the adjustment shall be effective and, if no effective date is specified, the adjustment shall be made in allowances payable for the time commencing on the first day of the month following the action by the board of retirement or approval by the county board of supervisors, whichever is later.

(b) Before the board of retirement may grant an adjustment pursuant to this section, the total costs of the adjustment shall be determined by a qualified actuary and the board shall determine, with the advice of the actuary, that full funding of the adjustment can be provided from earnings of the retirement fund that are in excess of the total interest credited to contributions and reserves plus 1 percent of the total assets of the retirement fund.

(c) The adjustment provided by this section shall be payable only to those retired members, survivors, beneficiaries, or successors in interest whose accumulated loss of purchasing power equals or exceeds 20 percent as of January 1 of the year the board of retirement takes action pursuant to this section. Loss of purchasing power shall be determined by the board of retirement based on the difference between the following:

(1) The initial retirement allowance, optional death allowance, or annual death allowance as it would have been increased by the cumulative total effect of the annual changes, rounded to the nearest one-half of 1 percent, in the Consumer Price Index for All Urban Consumers for the area in which the county seat is situated.

(2) The retirement allowance, optional death allowance, or annual death allowance as actually increased by cost-of-living adjustments previously granted with respect to the allowance.

(d) A cost-of-living adjustment granted pursuant to this section shall become part of the retirement allowance, optional death allowance, or annual death allowance to be increased by any subsequent cost-of-living adjustments. The granting of an increase pursuant to this section in any particular year does not create any continuing entitlement to additional increases in subsequent years, and does not create any claim by a retired member, survivor, beneficiary, or successor in interest against the county, district, or retirement fund for any increase in any allowance paid or payable prior to the effective date of the action by the board of retirement pursuant to this section.

(e) This section shall only be applicable in the following counties:

*The people of the State of California do enact as follows:*

SECTION 1. Section 18851 of the Revenue and Taxation Code is amended to read:

18851. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the Emergency Food for Families Fund, which is established by Section 18852. That designation is to be used as a voluntary checkoff on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and once made is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made.

(d) The Franchise Tax Board shall revise the form of the return to include a space labeled the "Emergency Food for Families Fund" to allow for the designation permitted. The form shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used for the Emergency Food Assistance Program.

(e) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

SEC. 2. Section 18852 of the Revenue and Taxation Code is amended to read:

18852. There is in the State Treasury the Emergency Food Assistance Program Fund to receive contributions made pursuant to Section 18851. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18851 to be transferred to the Emergency Food Assistance Program Fund. The Controller shall transfer from the Personal Income Tax Fund to the Emergency Food Assistance Program Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18851 for payment into that fund.

SEC. 3. Section 18853 of the Revenue and Taxation Code is amended to read:

18853. All money transferred to the Emergency Food Assistance Program Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the State Department of Social Services for allocation to the Emergency Food Assistance Program. Funds shall be allocated for direct services provided by the Emergency Food Assistance Program and may not be used for the department's administrative costs.

SEC. 4. Section 18855 of the Revenue and Taxation Code is amended to read:

18855. (a) This article shall remain in effect only until January 1, 2014, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2014, deletes or extends that date.

(b) (1) By September 1, 2006, and by September 1 of each subsequent calendar year that the Emergency Food for Families Fund appears on a tax return, the Franchise Tax Board shall do all of the following:

(A) Determine the minimum contribution amount required to be received during the next calendar year for the fund to appear on the tax return for the taxable year that includes that next calendar year.

(B) Provide written notification to the State Department of Social Services of the amount determined in subparagraph (A).

(C) Determine whether the amount of contributions estimated to be received during the calendar year will equal or exceed the minimum contribution amount determined by the Franchise Tax Board for the calendar year pursuant to subparagraph (A). The Franchise Tax Board shall estimate the amount of contributions to be received by using the actual amounts received and an estimate of the contributions that will be received by the end of that calendar year.

(2) If the Franchise Tax Board determines that the amount of contributions estimated to be received during a calendar year will not at least equal the minimum contribution amount for the calendar year, this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year.

(3) For purposes of this section, the minimum contribution amount for a calendar year means two hundred fifty thousand dollars ($250,000) for the 1999 calendar year or the minimum contribution amount adjusted pursuant to subdivision (c).

(c) For each calendar year, beginning with calendar year 2000, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum contribution amount for the calendar year shall be an amount equal to the product of the minimum contribution amount for the prior calendar year multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

## CHAPTER 204

An act to amend Section 129050 of the Health and Safety Code, relating to health facilities.

[Approved by Governor July 25, 2008. Filed with Secretary of State July 25, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 129050 of the Health and Safety Code is amended to read:

129050. A loan shall be eligible for insurance under this chapter if all of the following conditions are met:

(a) The loan shall be secured by a first mortgage, first deed of trust, or other first priority lien on a fee interest of the borrower or by a leasehold interest of the borrower having a term of at least 20 years, including options to renew for that duration, longer than the term of the insured loan. The security for the loan shall be subject only to those conditions, covenants and restrictions, easements, taxes, and assessments of record approved by the office, and other liens securing debt insured under this chapter. The office may require additional agreements in security of the loan.

(b) The borrower obtains an American Land Title Association title insurance policy with the office designated as beneficiary, with liability equal to the amount of the loan insured under this chapter, and with additional endorsements that the office may reasonably require.

(c) The proceeds of the loan shall be used exclusively for the construction, improvement, or expansion of the health facility, as approved by the office under Section 129020. However, loans insured pursuant to this chapter may include loans to refinance another prior loan, whether or not state insured and without regard to the date of the prior loan, if the office determines that the prior loan would have been eligible for insurance under this chapter at the time it was made. The office may not insure a loan for a health facility that the office determines is not needed pursuant to subdivision (k).

(d) The loan shall have a maturity date not exceeding 30 years from the date of the beginning of amortization of the loan, except as authorized by subdivision (e), or 75 percent of the office's estimate of the economic life of the health facility, whichever is the lesser.

(e) The loan shall contain complete amortization provisions requiring periodic payments by the borrower not in excess of its reasonable ability to pay as determined by the office. The office shall permit a reasonable period of time during which the first payment to amortization may be waived on agreement by the lender and borrower. The office may, however, waive the amortization requirements of this subdivision and of subdivision (g) of this section when a term loan would be in the borrower's best interest.

(f) The loan shall bear interest on the amount of the principal obligation outstanding at any time at a rate, as negotiated by the borrower and lender, as the office finds necessary to meet the loan money market. As used in this chapter, "interest" does not include premium charges for insurance and service charges if any. Where a loan is evidenced by a bond issue of a political subdivision, the interest thereon may be at any rate the bonds may legally bear.

(g) The loan shall provide for the application of the borrower's periodic payments to amortization of the principal of the loan.

(h) The loan shall contain those terms and provisions with respect to insurance, repairs, alterations, payment of taxes and assessments, foreclosure proceedings, anticipation of maturity, additional and secondary liens, and other matters the office may in its discretion prescribe.

(i) The loan shall have a principal obligation not in excess of an amount equal to 90 percent of the total construction cost.

(j) The borrower shall offer reasonable assurance that the services of the health facility will be made available to all persons residing or employed in the area served by the facility.

(k) The office has determined that the facility is needed by the community to provide the specified services. In making this determination, the office shall do all of the following:

(1) Require the applicant to describe the community needs the facility will meet and provide data and information to substantiate the stated needs.

(2) Require the applicant, if appropriate, to demonstrate participation in the community needs assessment required by Section 127350.

(3) Survey appropriate local officials and organizations to measure perceived needs and verify the applicant's needs assessment.

(4) Use any additional available data relating to existing facilities in the community and their capacity.

(5) Contact other state and federal departments that provide funding for the programs proposed by the applicant to obtain those departments' perspectives regarding the need for the facility. Additionally, the office shall evaluate the potential effect of proposed health care reimbursement changes on the facility's financial feasibility.

(6) Consider the facility's consistency with the Cal-Mortgage state plan.

( *l*) In the case of acquisitions, a project loan shall be guaranteed only for transactions not in excess of the fair market value of the acquisition.

Fair market value shall be determined, for purposes of this subdivision, pursuant to the following procedure, that shall be utilized during the office's review of a loan guarantee application:

(1) Completion of a property appraisal by an appraisal firm qualified to make appraisals, as determined by the office, before closing a loan on the project.

(2) Evaluation of the appraisal in conjunction with the book value of the acquisition by the office. When acquisitions involve additional construction, the office shall evaluate the proposed construction to determine that the costs are reasonable for the type of construction proposed. In those cases where this procedure reveals that the cost of acquisition exceeds the current value of a facility, including

improvements, then the acquisition cost shall be deemed in excess of fair market value.

(m) Notwithstanding subdivision (i), any loan in the amount of ten million dollars ($10,000,000) or less may be insured up to 95 percent of the total construction cost.

In determining financial feasibility of projects of counties pursuant to this section, the office shall take into consideration any assistance for the project to be provided under Section 14085.5 of the Welfare and Institutions Code or from other sources. It is the intent of the Legislature that the office endeavor to assist counties in whatever ways are possible to arrange loans that will meet the requirements for insurance prescribed by this section.

(n) The project's level of financial risk meets the criteria in Section 129051.

## CHAPTER 209

An act to amend Section 594 of the Penal Code, relating to vandalism.

[Approved by Governor July 30, 2008. Filed with Secretary of State July 30, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 594 of the Penal Code is amended to read:

594. (a) Every person who maliciously commits any of the following acts with respect to any real or personal property not his or her own, in cases other than those specified by state law, is guilty of vandalism:

(1) Defaces with graffiti or other inscribed material.

(2) Damages.

(3) Destroys.

Whenever a person violates this subdivision with respect to real property, vehicles, signs, fixtures, furnishings, or property belonging to any public entity, as defined by Section 811.2 of the Government Code, or the federal government, it shall be a permissive inference that the person neither owned the property nor had the permission of the owner to deface, damage, or destroy the property.

(b) (1) If the amount of defacement, damage, or destruction is four hundred dollars ($400) or more, vandalism is punishable by imprisonment in the state prison or in a county jail not exceeding one year, or by a fine of not more than ten thousand dollars ($10,000), or if the amount of defacement, damage, or destruction is ten thousand dollars ($10,000) or more, by a fine of not more than fifty thousand dollars ($50,000), or by both that fine and imprisonment.

(2) (A) If the amount of defacement, damage, or destruction is less than four hundred dollars ($400), vandalism is punishable by imprisonment in a county jail not exceeding one year, or by a fine of not

more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(B) If the amount of defacement, damage, or destruction is less than four hundred dollars ($400), and the defendant has been previously convicted of vandalism or affixing graffiti or other inscribed material under Section 594, 594.3, 594.4, 640.5, 640.6, or 640.7, vandalism is punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than five thousand dollars ($5,000), or by both that fine and imprisonment.

(c) Upon conviction of any person under this section for acts of vandalism consisting of defacing property with graffiti or other inscribed materials, the court shall, when appropriate and feasible, in addition to any punishment imposed under subdivision (b), order the defendant to clean up, repair, or replace the damaged property himself or herself, or order the defendant, and his or her parents or guardians if the defendant is a minor, to keep the damaged property or another specified property in the community free of graffiti for up to one year. Participation of a parent or guardian is not required under this subdivision if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children. If the court finds that graffiti cleanup is inappropriate, the court shall consider other types of community service, where feasible.

(d) If a minor is personally unable to pay a fine levied for acts prohibited by this section, the parent of that minor shall be liable for payment of the fine. A court may waive payment of the fine, or any part thereof, by the parent upon a finding of good cause.

(e) As used in this section, the term "graffiti or other inscribed material" includes any unauthorized inscription, word, figure, mark, or design, that is written, marked, etched, scratched, drawn, or painted on real or personal property.

(f) The court may order any person ordered to perform community service or graffiti removal pursuant to paragraph (1) of subdivision (c) to undergo counseling.

(g) This section shall become operative on January 1, 2002.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the

definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

If the court or jury finds that the seized property was used for a purpose for which forfeiture is permitted, but does not find that a person claiming an interest therein, to which the court has determined he or she is entitled, had actual knowledge that the seized property would be or was used for a purpose for which forfeiture is permitted and consented to that use, the court shall order the seized property released to the claimant.

(f) All seized property which was the subject of a contested forfeiture hearing and which was not released by the court to a claimant shall be declared by the court to be forfeited to the state, provided the burden of proof required pursuant to subdivision (i) of Section 11488.4 has been met. The court shall order the forfeited property to be distributed as set forth in Section 11489.

An act to amend Section 3111 of the Family Code, relating to child custody.

[Approved by Governor August 1, 2008. Filed with
Secretary of State August 1, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 3111 of the Family Code is amended to read:

3111. (a) In any contested proceeding involving child custody or visitation rights, the court may appoint a child custody evaluator to conduct a child custody evaluation in cases where the court determines it is in the best interests of the child. The child custody evaluation shall be conducted in accordance with the standards adopted by the Judicial Council pursuant to Section 3117, and all other standards adopted by the Judicial Council regarding child custody evaluations. If directed by the court, the court-appointed child custody evaluator shall file a written confidential report on his or her evaluation. At least 10 days before any hearing regarding custody of the child, the report shall be filed with the clerk of the court in which the custody hearing will be conducted and served on the parties or their attorneys, and any other counsel appointed for the child pursuant to Section 3150. The report may be considered by the court.

(b) The report shall not be made available other than as provided in subdivision (a), or as described in Section 204 of the Welfare and Institutions Code or Section 1514.5 of the Probate Code. Any information obtained from access to a juvenile court case file, as defined in subdivision (e) of Section 827 of the Welfare and Institutions Code, is confidential and shall only be disseminated as provided by paragraph (4) of subdivision (a) of Section 827 of the Welfare and Institutions Code.

(c) The report may be received in evidence on stipulation of all interested parties and is competent evidence as to all matters contained in the report.

(d) If the court determines that an unwarranted disclosure of a written confidential report has been made, the court may impose a monetary sanction against the disclosing party. The sanction shall be in an amount sufficient to deter repetition of the conduct, and may include reasonable attorney's fees, costs incurred, or both, unless the court finds that the disclosing party acted with substantial justification or that other circumstances make the imposition of the sanction unjust. The court shall not impose a sanction pursuant to this subdivision that imposes an unreasonable financial burden on the party against whom the sanction is imposed. This subdivision shall become operative on January 1, 2010.

(e) The Judicial Council shall, by January 1, 2010, do the following:

(1) Adopt a form to be served with every child custody evaluation report that informs the report recipient of the confidentiality of the report and the potential consequences for the unwarranted disclosure of the report.

(2) Adopt a rule of court to require that, when a court-ordered child custody evaluation report is served on the parties, the form specified in paragraph (1) shall be included with the report.

(f) For purposes of this section, a disclosure is unwarranted if it is done either recklessly or maliciously, and is not in the best interests of the child.

## CHAPTER 216

An act to amend Section 326.5 of the Penal Code, relating to bingo.

[Approved by Governor August 1, 2008. Filed with Secretary of State August 1, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 326.5 of the Penal Code is amended to read:

326.5. (a) Neither this chapter nor Chapter 10 (commencing with Section 330) applies to any bingo game that is conducted in a city, county, or city and county pursuant to an ordinance enacted under Section 19 of Article IV of the California Constitution, if the ordinance allows games to be conducted only by organizations exempted from the payment of the bank and corporation tax by Sections 23701a, 23701b, 23701d, 23701e, 23701f, 23701g, and 23701*l* of the Revenue and Taxation Code and by mobilehome park associations and senior citizens organizations; and if the receipts of those games are used only for charitable purposes.

(b) It is a misdemeanor for any person to receive or pay a profit, wage, or salary from any bingo game authorized by Section 19 of Article IV of the California Constitution. Security personnel employed by the organization conducting the bingo game may be paid from the revenues of bingo games, as provided in subdivisions (j) and (k).

(c) A violation of subdivision (b) shall be punishable by a fine not to exceed ten thousand dollars ($10,000), which fine is deposited in the general fund of the city, county, or city and county that enacted the ordinance authorizing the bingo game. A violation of any provision of this section, other than subdivision (b), is a misdemeanor.

(d) The city, county, or city and county that enacted the ordinance authorizing the bingo game may bring an action to enjoin a violation of this section.

(e) No minors shall be allowed to participate in any bingo game.

(f) An organization authorized to conduct bingo games pursuant to subdivision (a) shall conduct a bingo game only on property owned or leased by it, or property whose use is donated to the organization, and which property is used by that organization for an office or for performance of the purposes for which the organization is organized. Nothing in this subdivision shall be construed to require that the property owned or leased by, or whose use is donated to, the organization be used or leased exclusively by, or donated exclusively to, that organization.

(g) All bingo games shall be open to the public, not just to the members of the authorized organization.

(h) A bingo game shall be operated and staffed only by members of the authorized organization that organized it. Those members shall not receive a profit, wage, or salary from any bingo game. Only the organization authorized to conduct a bingo game shall operate such a game, or participate in the promotion, supervision, or any other phase of a bingo game. This subdivision does not preclude the employment of security personnel who are not members of the authorized organization at a bingo game by the organization conducting the game.

(i) No individual, corporation, partnership, or other legal entity, except the organization authorized to conduct a bingo game, shall hold a financial interest in the conduct of a bingo game.

(j) With respect to organizations exempt from payment of the bank and corporation tax by Section 23701d of the Revenue and Taxation Code, all profits derived from a bingo game shall be kept in a special fund or account and shall not be commingled with any other fund or account. Those profits shall be used only for charitable purposes.

(k) With respect to other organizations authorized to conduct bingo games pursuant to this section, all proceeds derived from a bingo game shall be kept in a special fund or account and shall not be commingled with any other fund or account. Proceeds are the receipts of bingo games conducted by organizations not within subdivision (j). Those proceeds shall be used only for charitable purposes, except as follows:

(1) The proceeds may be used for prizes.

(2) (A) Except as provided in subparagraph (B), a portion of the proceeds, not to exceed 20 percent of the proceeds before the deduction for prizes, or two thousand dollars ($2,000) per month, whichever is less, may be used for the rental of property and for overhead, including the purchase of bingo equipment, administrative expenses, security equipment, and security personnel.

(B) For the purposes of bingo games conducted by the Lake Elsinore Elks Lodge, a portion of the proceeds, not to exceed 20 percent of the proceeds before the deduction for prizes, or three thousand dollars ($3,000) per month, whichever is less, may be used for the rental of property and for overhead, including the purchase of bingo equipment, administrative expenses, security equipment, and security personnel. Any amount of the proceeds that is additional to that permitted under subparagraph (A), up to one thousand dollars ($1,000.00), shall be used for the purpose of financing the rebuilding of the facility and the replacement of equipment which was destroyed by fire in 2007. The exception to subparagraph (A) that is provided by this subparagraph shall remain in effect only until the cost of rebuilding the facility is repaid, or January 1, 2019, whichever occurs first.

(3) The proceeds may be used to pay license fees.

(4) A city, county, or city and county that enacts an ordinance permitting bingo games may specify in the ordinance that if the monthly gross receipts from bingo games of an organization within this subdivision exceed five thousand dollars ($5,000), a minimum percentage of the proceeds shall be used only for charitable purposes not relating to the conducting of bingo games and that the balance shall be used for prizes, rental of property, overhead, administrative expenses, and payment of license fees. The amount of proceeds used for rental of property, overhead, and administrative expenses is subject to the limitations specified in paragraph (2).

(*l*) (1) A city, county, or city and county may impose a license fee on each organization that it authorizes to conduct bingo games. The fee, whether for the initial license or renewal, shall not exceed fifty dollars ($50) annually, except as provided in paragraph (2). If an application for a license is denied, one-half of any license fee paid shall be refunded to the organization.

(2) In lieu of the license fee permitted under paragraph (1), a city, county, or city and county may impose a license fee of fifty dollars ($50) paid upon application. If an application for a license is denied, one-half of the application fee shall be refunded to the organization. An additional fee for law enforcement and public safety costs incurred by the city, county, or city and county that are directly related to bingo activities may be imposed and shall be collected monthly by the city, county, or city and county issuing the license; however, the fee shall not exceed the actual costs incurred in providing the service.

(m) No person shall be allowed to participate in a bingo game, unless the person is physically present at the time and place where the bingo game is being conducted.

(n) The total value of prizes awarded during the conduct of any bingo games shall not exceed two hundred fifty dollars ($250) in cash or kind, or both, for each separate game which is held.

(o) As used in this section, "bingo" means a game of chance in which prizes are awarded on the basis of designated numbers or symbols on a card that conform to numbers or symbols selected at random. Notwithstanding Section 330c, as used in this section, the game of bingo includes cards having numbers or symbols that are concealed and preprinted in a manner providing for distribution of prizes. The winning cards shall not be known prior to the game by any person participating in the playing or operation of the bingo game. All preprinted cards shall bear the legend, "for sale or use only in a bingo game authorized under California law and pursuant to local ordinance." It is the intention of the Legislature that bingo as defined in this subdivision applies exclusively to this section and shall not be applied in the construction or enforcement of any other provision of law.

SEC. 2. Due to the unique circumstances regarding the Lake Elsinore Elks Lodge and the destruction of its facility by fire in 2007, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in Section 1 of this act is necessarily applicable only to the Lake Elsinore Elks Lodge.

(j) Illegal dumping enforcement officers, to the extent necessary to enforce laws related to illegal waste dumping, or littering, and authorized by a memorandum of understanding with, as applicable, the sheriff or chief of police within whose jurisdiction the person is employed, permitting the exercise of that authority. [Approved by Governor August 1, 2008. Filed with Secretary of State August 1, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 36 of the Code of Civil Procedure is amended to read:

36. (a) A party to a civil action who is over 70 years of age may petition the court for a preference, which the court shall grant if the court makes both of the following findings:

(1) The party has a substantial interest in the action as a whole.

(2) The health of the party is such that a preference is necessary to prevent prejudicing the party's interest in the litigation.

(b) A civil action to recover damages for wrongful death or personal injury shall be entitled to preference upon the motion of any party to the action who is under 14 years of age unless the court finds that the party does not have a substantial interest in the case as a whole. A civil action subject to subdivision (a) shall be given preference over a case subject to this subdivision.

(c) Unless the court otherwise orders:

(1) A party may file and serve a motion for preference supported by a declaration of the moving party that all essential parties have been served with process or have appeared.

(2) At any time during the pendency of the action, a party who reaches 70 years of age may file and serve a motion for preference.

(d) In its discretion, the court may also grant a motion for preference that is accompanied by clear and convincing medical documentation that concludes that one of the parties suffers from an illness or condition raising substantial medical doubt of survival of that party beyond six months, and that satisfies the court that the interests of justice will be served by granting the preference.

(e) Notwithstanding any other provision of law, the court may in its discretion grant a motion for preference that is supported by a showing that satisfies the court that the interests of justice will be served by granting this preference.

(f) Upon the granting of such a motion for preference, the court shall set the matter for trial not more than 120 days from that date and there shall be no continuance beyond 120 days from the granting of the motion for preference except for physical disability of a party or a party's attorney, or upon a showing of good cause stated in the record. Any continuance shall be for no more than 15 days and no more than one continuance for physical disability may be granted to any party.

(g) Upon the granting of a motion for preference pursuant to subdivision (b), a party in an action based upon a health provider's alleged professional negligence, as defined in Section 364, shall receive

a trial date not sooner than six months and not later than nine months from the date that the motion is granted.

SEC. 2. Section 6103 of the Government Code is amended to read:

6103. Neither the state nor any county, city, district, or other political subdivision, nor any public officer or body, acting in his or her official capacity on behalf of the state, or any county, city, district, or other political subdivision, shall pay or deposit any fee for the filing of any document or paper, for the performance of any official service, or for the filing of any stipulation or agreement that may constitute an appearance in any court by any other party to the stipulation or agreement. This section does not apply to civil jury fees or civil jury deposits. This section does not apply to the State Compensation Insurance Fund or where a public officer is acting with reference to private assets or obligations that have come under that officer's jurisdiction by virtue of his or her office, or where it is specifically provided otherwise. No fee shall be charged for the filing of a confession of judgment in favor of any of the public agencies named in this section.

No fee shall be charged any of the public agencies named in this section to defray the costs of reporting services by court reporters. Such fees shall be recoverable as costs as provided in Section 6103.5.

SEC. 3. Section 68071 of the Government Code is amended to read:

68071. No rule adopted by a superior court shall take effect until January 1 or July 1, whichever comes first, following the 45th day after it has been filed with the Judicial Council and the clerk of the court, and made immediately available for public examination. The Judicial Council may establish, by rule, a procedure for exceptions to these effective dates.

The process should include adequate time for the resolution of impasses where specific procedures for resolution are contained in this chapter or in a local rule, or when the procedures are utilized by mutual consent.

SEC. 5. Section 76000 of the Government Code is amended to read:

76000. (a) (1) Except as otherwise provided elsewhere in this section, in each county there shall be levied an additional penalty in the amount of seven dollars ($7) for every ten dollars ($10), or part of ten dollars ($10), upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code.

(2) This additional penalty shall be collected together with and in the same manner as the amounts established by Section 1464 of the Penal Code. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code. The county treasurer shall deposit those amounts specified by the board of supervisors by resolution in one or more of the funds established pursuant to this chapter. However, deposits to these funds shall continue through whatever period of time is necessary to repay any borrowings made by the county on or before January 1, 1991, to pay for construction provided for in this chapter.

(3) This additional penalty does not apply to the following:

(A) Any restitution fine.

(B) Any penalty authorized by Section 1464 of the Penal Code or this chapter.

(C) Any parking offense subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.

(D) The state surcharge authorized by Section 1465.7 of the Penal Code.

(b) In each authorized county, provided that the board of supervisors has adopted a resolution stating that the implementation of this subdivision is necessary to the county for the purposes authorized, with respect to each authorized fund established pursuant to Section 76100 or 76101, for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added penalty of two dollars and fifty cents ($2.50) shall be included in the total penalty, fine, or forfeiture. Except as provided in subdivision (c), for each parking case collected in the courts of the county, the county treasurer shall place in each authorized fund two dollars and fifty cents ($2.50). These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1462.3 or 1463.009 of the Penal Code. The judges of the county shall increase the bail schedule amounts as appropriate to reflect the added penalty provided for by this section. In those cities, districts, or other issuing agencies which elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section. Each agency which elects to process parking violations shall pay to the county treasurer two dollars and fifty cents ($2.50) for each fund for each parking penalty collected on each violation which is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall deposit all those sums in the authorized fund. No issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges established in the resolution adopted pursuant to this chapter, except as otherwise agreed upon by the local governmental entities involved.

(c) The county treasurer shall deposit one dollar ($1) of every two dollars and fifty cents ($2.50) collected pursuant to subdivision (b) into the general fund of the county.

(d) The authority to impose the two-dollar-and-fifty-cent ($2.50) penalty authorized by subdivision (b) shall be reduced to one dollar ($1) as of the date of transfer of responsibility for facilities from the county

to the Judicial Council pursuant to Article 3 (commencing with Section 70321) of Chapter 5.1, except as money is needed to pay for construction provided for in Section 76100 and undertaken prior to the transfer of responsibility for facilities from the county to the Judicial Council.

(e) The seven-dollar ($7) additional penalty authorized by subdivision (a) shall be reduced in each county by the additional penalty amount assessed by the county for the local courthouse construction fund established by Section 76100 as of January 1, 1998, when the money in that fund is transferred to the state under Section 70402. The amount each county shall charge as an additional penalty under this section shall be as follows:

(6) Temporary relocation housing shall not exceed 60 days.

(7) The public entity ceases to be liable for relocation costs after 120 days of the original notification of a viable threat if the peace officer, judge, court commissioner, or attorney employed by the Department of Justice, the State Public Defender, or a county office of a district attorney or public defender has failed to relocate.

(c) (1) For purposes of the right to reimbursement of moving and relocation expenses pursuant to this section, judges shall be deemed to be employees of the State of California and a court commissioner is an employee of the court by which he or she is employed.

(3) For purposes of paragraph (3) of subdivision (b), judges, including justices of the Supreme Court and the Courts of Appeal, shall receive approval from the Chief Justice, or his or her designee.

(d) As used in this section, "credible threat" means a verbal or written statement or a threat implied by a pattern of conduct or a combination of verbal or written statements and conduct made with the intent and the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her immediate family.

(e) As used in this section, "immediate family" means the spouse, parents, siblings, and children residing with the peace officer, judge, court commissioner, or attorney employed by the Department of Justice, the State Public Defender, or a county office of a district attorney or public defender.

SEC. 7. Section 42006 of the Vehicle Code is amended to read:

42006. (a) Except as provided in subdivision (c), there may be levied a special assessment in an amount equal to one dollar ($1) for every fine, forfeiture, and traffic violator school fee imposed and collected by any court that conducts a night or weekend session of the court, on all offenses involving a violation of a section of this code or any local ordinance adopted pursuant to this code, except offenses relating to parking.

(b) When a person makes a deposit of bail for an offense to which this section applies, in a case in which the person is required to appear in a court that conducts a night or weekend session, the person making the deposit shall also deposit a sufficient amount to include the assessment prescribed in this section for forfeited bail. If bail is forfeited, the amount of the assessment shall be transmitted by the clerk of the court to the county treasury for disposition as prescribed by subdivision (d).

(c) If a court conducts night or weekend sessions at two or more locations, the court may do either of the following:

(1) Levy assessments only on those persons who are required to appear at the location where night or weekend sessions are held.

(2) Levy assessments on persons who have the option to appear at a location where night or weekend court sessions are held and that is within 25 miles of the location of the court where the person is otherwise required to appear.

(d) After a determination by the court of the amount of the assessment due, the clerk of the court shall collect the amount and transmit it as provided in subdivision (g).

(e) In any case where a person convicted of any offense to which this section applies is imprisoned until the fine is satisfied, the court shall waive the penalty assessment.

(f) As used in subdivisions (g) and (h), the following terms have the following meanings:

(1) "Court Facilities Trust Fund" means the fund established by Section 70352 of the Government Code.

(g) (1) If transfer of responsibility for a location has occurred, the clerk shall collect any assessment imposed pursuant to subdivision (c) and transmit it to the Court Facilities Trust Fund. Moneys deposited pursuant to this subdivision shall be used for any purpose provided by subdivision (b) of Section 70352 of the Government Code.

(2) If transfer of responsibility for a location has not occurred, the clerk shall collect any assessment imposed pursuant to subdivision (c) and transmit it to the county treasury to be deposited in the night court session fund, and the moneys in the fund shall be expended by the county for maintaining courts for which transfer of responsibility has not occurred and that have night or weekend sessions for traffic offenses.

(h) (1) The county treasurer of each county shall transfer from the night court session fund to the Court Facilities Trust Fund an amount that is the same percentage of the night court session fund as of January 1, 2009, as the square footage of locations for which transfer of responsibility has occurred on or before January 1, 2009, is to the total square footage of locations.

(2) For locations for which transfer of responsibility occurs after January 1, 2009, the county treasurer shall, at the time of transfer of any location, transfer from the night court session fund to the Court Facilities Trust Fund an amount that is the same percentage of the night court session fund as the square footage of the location for which transfer of responsibility is occurring is to the sum of the square footage of locations for which transfer of responsibility has not occurred and the square footage of the location being transferred.

(3) Upon the transfer of responsibility for all locations, the county treasurer shall transfer to the Court Facilities Trust Fund any amount remaining in the night court session fund.

(4) Any expenditures made from the fund for a purpose other than those specified in paragraph (2) of subdivision (g) shall be repaid to the state for deposit in the Court Facilities Trust Fund.

## CHAPTER 221

An act to amend Section 7284.2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 1, 2008. Filed with Secretary of State August 1, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. It is the intent of the Legislature to recognize that public transit operators are moving towards the use of compressed natural gas as the primary fuel source to meet air quality objectives at the state and regional levels, as well as to provide vital public transportation services to transit dependent citizens in California. Further, the Mills-Hayes Act (Section 8655 of the Revenue and Taxation Code) states that no tax shall be imposed upon fuel used by public transit operations. Enactment of this legislation will clarify that, pursuant to the Mills-Hayes Act, the use of compressed natural gas as a motor vehicle fuel for use by local agencies or public transit operators in the operation of public transit services shall be exempt from any taxes imposed upon fuel.

SEC. 2. Section 7284.2 of the Revenue and Taxation Code is amended to read:

(c) For purposes of this section, "local jurisdiction" means any city, county, city and county, including any chartered city, county, or city and county, district, or public or municipal corporation.

(d) For purposes of this section "public transit operator" means a local or regional transit agency or a joint powers agency operating bus transportation service as defined pursuant to Article 1 (commencing with Section 99200) of Chapter 4 of Part 11 of Division 10 of the Public Utilities Code.

## CHAPTER 222

An act to amend, repeal, and add Sections 7093.6, 9278, 30459.15, 32471.5, 41171.5, 46628, 50156.18, 55332.5, and 60637 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 1, 2008. Filed with Secretary of State August 1, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 7093.6 of the Revenue and Taxation Code is amended to read:

7093.6. (a) (1) Beginning January 1, 2003, the executive director and chief counsel of the board, or their delegates, may compromise any final tax liability in which the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 1 (commencing with Section 6001), Part 1.5 (commencing with Section 7200), Part 1.6 (commencing with Section 7251), and Part 1.7 (commencing with Section 7280) or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) (1) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) Notwithstanding paragraph (1), a qualified final tax liability may be compromised regardless of whether the business has been discontinued or transferred or whether the taxpayer has a controlling interest or association with a similar type of business as the transferred or discontinued business. All other provisions of this section that apply to a final tax liability shall also apply to a qualified final tax liability, and no compromise shall be made under this subdivision unless all other requirements of this section are met. For purposes of this subdivision, a "qualified final tax liability" means any of the following:

(A) That part of a final tax liability, including related interest, additions to tax, penalties, or other amounts assessed under this part, arising from a transaction or transactions in which the board finds no evidence that the taxpayer collected sales tax reimbursement or use tax from the purchaser or other person and which was determined against the taxpayer under Article 2 (commencing with Section 6481), Article 3 (commencing with Section 6511), and Article 5 (commencing with Section 6561) of Chapter 5.

(B) A final tax liability, including related interest, additions to tax, penalties, or other amounts assessed under this part, arising under Article 7 (commencing with Section 6811) of Chapter 6.

(C) That part of a final tax liability for use tax, including related interest, additions to tax, penalties, or other amounts assessed under this part, determined under Article 2 (commencing with Section 6481), Article 3 (commencing with Section 6511), and Article 5 (commencing with Section 6561) of Chapter 5, against a taxpayer who is a consumer that is not required to hold a permit under Section 6066.

(3) A qualified final tax liability may not be compromised with any of the following:

(A) A taxpayer who previously received a compromise under paragraph (2) for a liability, or a part thereof, arising from a transaction or transactions that are substantially similar to the transaction or transactions attributable to the liability for which the taxpayer is making the offer.

(B) A business that was transferred by a taxpayer who previously received a compromise under paragraph (2) and who has a controlling interest or association with the transferred business, when the liability for which the offer is made is attributable to a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(C) A business in which a taxpayer who previously received a compromise under paragraph (2) has a controlling interest or association with a similar type of business for which the taxpayer received the compromise, when the liability of the business making the offer arose from a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(d) The board may, in its discretion, enter into a written agreement that permits the taxpayer to pay the compromise in installments for a period not exceeding one year. The agreement may provide that the installments shall be paid by electronic funds transfers or any other means to facilitate the payment of each installment.

(e) Except for any recommendation for approval as specified in subdivision (a), the members of the State Board of Equalization shall not participate in any offer in compromise matters pursuant to this section.

(f) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) may be required to enter into any collateral agreement that is deemed necessary for the protection of the interests of the state. A collateral agreement may include a provision that allows the board to reestablish the liability, or any portion thereof, if the taxpayer has sufficient annual income during the succeeding five-year period. The board shall establish criteria for determining "sufficient annual income" for purposes of this subdivision.

(g) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) shall file and pay by the due date all subsequently required sales and use tax returns for a five-year period from the date the liability is compromised, or until the taxpayer is no longer required to file sales and use tax returns, whichever period is earlier.

(h) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(i) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(j) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(k) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance of an offer in compromise from one liable taxpayer shall not relieve the other taxpayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(*l*) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for a least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the taxpayer.

(2) The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 7056. No list shall be prepared and no releases distributed by the board in connection with these statements.

(m) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record, or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(n) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(o) For purposes of this section, "person" means the taxpayer, any member of the taxpayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

(p) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 1.5. Section 7093.6 is added to the Revenue and Taxation Code, to read:

7093.6. (a) (1) The executive director and chief counsel of the board, or their delegates, may compromise any final tax liability in which the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may

compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 1 (commencing with Section 6001), Part 1.5 (commencing with Section 7200), Part 1.6 (commencing with Section 7251), and Part 1.7 (commencing with Section 7280) or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(d) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(e) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(f) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(g) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance

of an offer in compromise from one liable taxpayer shall not relieve the other taxpayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(h) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for a least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the taxpayer.

(2) The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 7056. No list shall be prepared and no releases distributed by the board in connection with these statements.

(i) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record, or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(j) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(k) For purposes of this section, "person" means the taxpayer, any member of the taxpayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

(*l*) This section shall become operative on January 1, 2013.

SEC. 2. Section 9278 of the Revenue and Taxation Code is amended to read:

9278. (a) (1) Beginning January 1, 2003, the executive director and chief counsel of the board, or their delegates, may compromise any final tax liability in which the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 3 (commencing with Section 8601), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) (1) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) Notwithstanding paragraph (1), a qualified final tax liability may be compromised regardless of whether the business has been discontinued or transferred or whether the taxpayer has a controlling interest or association with a similar type of business as the transferred or

discontinued business. All other provisions of this section that apply to a final tax liability shall also apply to a qualified final tax liability, and no compromise shall be made under this subdivision unless all other requirements of this section are met. For purposes of this subdivision, a "qualified final tax liability" means either of the following:

(A) That part of a final tax liability, including related interest, additions to tax, penalties or other amounts assessed under this part, arising from a transaction or transactions in which the board finds no evidence that the vendor collected use fuel tax reimbursement from the purchaser or other person and which was determined against the vendor under Article 2 (commencing with Section 8776), Article 3 (commencing with Section 8801), or Article 5 (commencing with Section 8851) of Chapter 4.

(B) A final tax liability, including related interest, additions to tax, penalties or other amounts assessed under this part, arising under Article 4.5 (commencing with Section 9021) of Chapter 5.

(3) A qualified final tax liability may not be compromised with any of the following:

(A) A taxpayer who previously received a compromise under paragraph (2) for a liability, or a part thereof, arising from a transaction or transactions that are substantially similar to the transaction or transactions attributable to the liability for which the taxpayer is making the offer.

(B) A business that was transferred by a taxpayer who previously received a compromise under paragraph (2) and who has a controlling interest or association with the transferred business, when the liability for which the offer is made is attributable to a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(C) A business in which a taxpayer who previously received a compromise under paragraph (2) has a controlling interest or association with a similar type of business for which the taxpayer received the compromise, when the liability of the business making the offer arose from a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(d) The board may, in its discretion, enter into a written agreement which permits the taxpayer to pay the compromise in installments for a period not exceeding one year. The agreement may provide that such installments shall be paid by electronic funds transfers or any other means to facilitate the payment of each installment.

(e) Except for any recommendation for approval as specified in subdivision (a), the members of the State Board of Equalization shall

not participate in any offer in compromise matters pursuant to this section.

(f) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) may be required to enter into any collateral agreement that is deemed necessary for the protection of the interests of the state. A collateral agreement may include a provision that allows the board to reestablish the liability, or any portion thereof, if the taxpayer has sufficient annual income during the succeeding five-year period. The board shall establish criteria for determining "sufficient annual income" for purposes of this subdivision.

(g) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) shall file and pay by the due date all subsequently required use fuel tax returns for a five-year period from the date the liability is compromised, or until the taxpayer is no longer required to file use fuel tax returns, whichever period is earlier.

(h) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(i) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(j) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(k) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance of an offer in compromise from one liable taxpayer shall not relieve the other taxpayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(*l*) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive

director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the taxpayer.

(2) The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 9255. No list shall be prepared and no releases distributed by the board in connection with these statements.

(m) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record, or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(n) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(o) For purposes of this section, “person” means the taxpayer, any member of the taxpayer’s family, any corporation, agent, fiduciary, or

representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

(p) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 2.5. Section 9278 is added to the Revenue and Taxation Code, to read:

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 3 (commencing with Section 8601), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(d) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(e) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(f) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(g) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance of an offer in compromise from one liable taxpayer shall not relieve the other taxpayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(h) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 9255. No list shall be prepared and no releases distributed by the board in connection with these statements.

(i) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(j) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(k) For purposes of this section, "person" means the taxpayer, any member of the taxpayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

SEC. 3. Section 30459.15 of the Revenue and Taxation Code is amended to read:

30459.15. (a) (1) Beginning on January 1, 2007, the executive director and chief counsel of the board, or their delegates, may compromise any final tax liability where the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 13 (commencing with Section 30001), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated by the following:

(1) A business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) A taxpayer that has purchased untaxed cigarettes or tobacco products from out-of-state vendors for their own use or consumption.

(3) Notwithstanding paragraph (1) or (2), a qualified final tax liability may be compromised regardless of whether the business has been discontinued or transferred or whether the taxpayer has a controlling interest or association with a similar type of business as the transferred or discontinued business. All other provisions of this section that apply to a final tax liability shall also apply to a qualified final tax liability, and no compromise shall be made under this subdivision unless all other requirements of this section are met. For purposes of this subdivision, a "qualified final tax liability" means either of the following:

(A) That part of a final tax liability, including related interest, additions to tax, penalties, or other amounts assessed under this part, arising from a transaction or transactions in which the board finds no evidence that the taxpayer collected cigarette or tobacco products tax reimbursement or cigarette or tobacco products tax reimbursement from the purchaser or other person and which was determined against the taxpayer under Article 2 (commencing with Section 30201), Article 3 (commencing with Section 30221), or Article 5 (commencing with Section 30261) of Chapter 4.

(B) That part of a final tax liability for cigarette or tobacco products tax, including related interest, additions to tax, penalties, or other amounts assessed under this part, determined under Article 2 (commencing with Section 30201), Article 3 (commencing with Section 30221), and Article 5 (commencing with Section 30261) of Chapter 4 against a taxpayer who is a consumer that is not required to hold a license under Article 1 (commencing with Section 30140) of Chapter 3.

(4) A qualified final tax liability may not be compromised with any of the following:

(A) A taxpayer who previously received a compromise under paragraph (2) for a liability, or a part thereof, arising from a transaction or transactions that are substantially similar to the transaction or

transactions attributable to the liability for which the taxpayer is making the offer.

(B) A business that was transferred by a taxpayer who previously received a compromise under paragraph (2) and who has a controlling interest or association with the transferred business, when the liability for which the offer is made is attributable to a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(C) A business in which a taxpayer who previously received a compromise under paragraph (2) has a controlling interest or association with a similar type of business for which the taxpayer received the compromise, when the liability of the business making the offer arose from a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(d) The board may, in its discretion, enter into a written agreement which permits the taxpayer to pay the compromise in installments for a period not exceeding one year. The agreement may provide that such installments shall be paid by electronic funds transfers or any other means to facilitate the payment of each installment.

(e) Except for any recommendation for approval as specified in subdivision (a), the members of the State Board of Equalization shall not participate in any offer in compromise matters pursuant to this section.

(f) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) may be required to enter into any collateral agreement that is deemed necessary for the protection of the interests of the state. A collateral agreement may include a provision that allows the board to reestablish the liability, or any portion thereof, if the taxpayer has sufficient annual income during the succeeding five-year period. The board shall establish criteria for determining "sufficient annual income" for purposes of this subdivision.

(g) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) shall file and pay by the due date all subsequently required cigarette and tobacco products tax reports or returns for a five-year period from the date the liability is compromised, or until the taxpayer is no longer required to file cigarette and tobacco products tax reports or returns, whichever period is earlier.

(h) Offers in compromise shall not be considered under the following conditions:

(1) The taxpayer has been convicted of felony tax evasion under this part during the liability period.

(2) The taxpayer has filed a statement under paragraph (3) of subdivision (i) and continues to purchase untaxed cigarettes or tobacco products from out-of-state vendors for their own use or consumption.

(i) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(3) For liabilities generated in the manner described in paragraph (2) of subdivision (c), the taxpayer shall file with the board a statement, under penalty of perjury, that he or she will no longer purchase untaxed cigarettes or tobacco products from out-of-state vendors for his or her own use or consumption.

(j) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(k) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid tax and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the taxpayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the taxpayer.

(*l*) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(m) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, taxpayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable taxpayer shall reduce the amount of the liability of the other taxpayers by the amount of the accepted offer.

(n) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall

be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the taxpayer.

(2) The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 30455. No list shall be prepared and no releases distributed by the board in connection with these statements.

(o) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(p) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(q) For purposes of this section, "person" means the taxpayer, any member of the taxpayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

(r) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

(d) Offers in compromise shall not be considered under the following conditions:

(1) The taxpayer has been convicted of felony tax evasion under this part during the liability period.

(2) The taxpayer has filed a statement under paragraph (3) of subdivision (e) and continues to purchase untaxed cigarettes or tobacco products from out-of-state vendors for their own use or consumption.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 14 (commencing with Section 32001), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) (1) Offers in compromise shall be considered only for liabilities that were generated by a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) Notwithstanding paragraph (1), a qualified final tax liability may be compromised regardless of whether the business has been discontinued or transferred or whether the taxpayer has a controlling interest or association with a similar type of business as the transferred or discontinued business. All other provisions of this section that apply to a final tax liability shall also apply to a qualified final tax liability, and

no compromise shall be made under this subdivision unless all other requirements of this section are met. For purposes of this subdivision, a "qualified final tax liability" means that part of a final tax liability, including related interest, additions to tax, penalties, or other amounts assessed under this part, arising from a transaction or transactions in which the board finds no evidence that the taxpayer collected reimbursement or tax reimbursement from the purchaser or other person and which was determined against the taxpayer under Article 2 (commencing with Section 32271), Article 3 (commencing with Section 32291), or Article 4 (commencing with Section 32301) of Chapter 6.

(3) A qualified final tax liability may not be compromised with any of the following:

(B) A business that was transferred by a taxpayer who previously received a compromise under paragraph (2) and who has a controlling interest or association with the transferred business, when the liability for which the offer is made is attributable to a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(C) A business in which a taxpayer who previously received a compromise under paragraph (2) has a controlling interest or association with a similar type of business for which the taxpayer received the compromise, when the liability of the business making the offer arose from a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(d) The board may, in its discretion, enter into a written agreement which permits the taxpayer to pay the compromise in installments for a period not exceeding one year. The agreement may provide that such installments shall be paid by electronic funds transfers or any other means to facilitate the payment of each installment.

(e) Except for any recommendation for approval as specified in subdivision (a), the members of the State Board of Equalization shall not participate in any offer in compromise matters pursuant to this section.

(f) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) may be required to enter into any collateral agreement that is deemed necessary for the protection of the interests of the state. A collateral agreement may include a provision that allows the board to

reestablish the liability, or any portion thereof, if the taxpayer has sufficient annual income during the succeeding five-year period. The board shall establish criteria for determining "sufficient annual income" for purposes of this subdivision.

(g) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) shall file and pay by the due date all subsequently required tax returns and reports for a five-year period from the date the liability is compromised, or until the taxpayer is no longer required to file tax returns and reports, whichever period is earlier.

(h) Offers in compromise shall not be considered where the taxpayer has been convicted of felony tax evasion under this part during the liability period.

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(j) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(k) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid tax and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the taxpayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the taxpayer.

(*l*) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(m) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, taxpayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one

liable taxpayer shall reduce the amount of the liability of the other taxpayers by the amount of the accepted offer.

(n) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the taxpayer.

(2) The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 32455. No list shall be prepared and no releases distributed by the board in connection with these statements.

(o) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(p) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(q) For purposes of this section, "person" means the taxpayer, any member of the taxpayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

(r) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 4.5. Section 32471.5 is added to the Revenue and Taxation Code, to read:

32471.5. (a) (1) The executive director and chief counsel of the board, or their delegates, may compromise any final tax liability where the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 14 (commencing with Section 32001), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(e) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(f) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(g) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid tax and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the taxpayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the taxpayer.

(h) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(i) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, taxpayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable taxpayer shall reduce the amount of the liability of the other taxpayers by the amount of the accepted offer.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 32455. No list shall be prepared and no releases distributed by the board in connection with these statements.

(k) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(*l*) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

(n) This section shall become operative on January 1, 2013.

SEC. 5. Section 41171.5 of the Revenue and Taxation Code is amended to read:

41171.5. (a) (1) Beginning on January 1, 2007, the executive director and chief counsel of the board, or their delegates, may compromise any final surcharge liability where the reduction of surcharges is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final surcharge liability involving a reduction in surcharges in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final surcharge liability in which the reduction of surcharges is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final surcharge liability" means any final surcharge liability arising under Part 20 (commencing with Section 41001), or related interest, additions to surcharges, penalties, or other amounts assessed under this part.

(c) (1) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the surcharge payer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) Notwithstanding paragraph (1), a qualified final surcharge liability may be compromised regardless of whether the business has been discontinued or transferred or whether the surcharge payer has a controlling interest or association with a similar type of business as the transferred or discontinued business. All other provisions of this section that apply to a final surcharge liability shall also apply to a qualified final surcharge liability, and no compromise shall be made under this subdivision unless all other requirements of this section are met. For purposes of this subdivision, a "qualified final surcharge liability" means either of the following:

(A) That part of a final surcharge liability, including related interest, additions to surcharge, penalties, or other amounts assessed under this

part, arising from a transaction or transactions in which the board finds no evidence that the service supplier collected the surcharge from the service user or other person and which was determined against the service supplier under Article 3 (commencing with Section 41070), Article 4 (commencing with Section 41080), or Article 5 (commencing with Section 41085) of Chapter 4.

(B) That part of a final surcharge liability, including related interest, additions to surcharge, penalties, or other amounts assessed under this part, determined under Article 3 (commencing with Section 41070), Article 4 (commencing with Section 41080), and Article 5 (commencing with Section 41085) of Chapter 4 against a service user who is a consumer that is not required to register with the board under Article 3 (commencing with section 41040) of Chapter 2.

(3) A qualified final surcharge liability may not be compromised with any of the following:

(A) A surcharge payer who previously received a compromise under paragraph (2) for a liability, or a part thereof, arising from a transaction or transactions that are substantially similar to the transaction or transactions attributable to the liability for which the surcharge payer is making the offer.

(B) A business that was transferred by a surcharge payer who previously received a compromise under paragraph (2) and who has a controlling interest or association with the transferred business, when the liability for which the offer is made is attributable to a transaction or transactions substantially similar to the transaction or transactions for which the surcharge payer's liability was previously compromised.

(C) A business in which a surcharge payer who previously received a compromise under paragraph (2) has a controlling interest or association with a similar type of business for which the surcharge payer received the compromise, when the liability of the business making the offer arose from a transaction or transactions substantially similar to the transaction or transactions for which the surcharge payer's liability was previously compromised.

(d) The board may, in its discretion, enter into a written agreement which permits the surcharge payer to pay the compromise in installments for a period not exceeding one year. The agreement may provide that such installments shall be paid by electronic funds transfers or any other means to facilitate the payment of each installment.

(e) Except for any recommendation for approval as specified in subdivision (a), the members of the State Board of Equalization shall not participate in any offer in compromise matters pursuant to this section.

(f) A surcharge payer that has received a compromise under paragraph (2) of subdivision (c) may be required to enter into any collateral agreement that is deemed necessary for the protection of the interests of the state. A collateral agreement may include a provision that allows the board to reestablish the liability, or any portion thereof, if the surcharge payer has sufficient annual income during the succeeding five-year period. The board shall establish criteria for determining "sufficient annual income" for purposes of this subdivision.

(g) A surcharge payer that has received a compromise under paragraph (2) of subdivision (c) shall file and pay by the due date all subsequently required emergency telephone users surcharge returns for a five-year period from the date the liability is compromised, or until the surcharge payer is no longer required to file emergency telephone users surcharge returns, whichever period is earlier.

(h) Offers in compromise shall not be considered where the surcharge payer has been convicted of felony tax evasion under this part during the liability period.

(i) For amounts to be compromised under this section, the following conditions shall exist:

(1) The surcharge payer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the surcharge payer's present assets or income.

(B) The surcharge payer does not have reasonable prospects of acquiring increased income or assets that would enable the surcharge payer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(j) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final surcharge liability shall not be subject to administrative appeal or judicial review.

(k) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid surcharge and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the surcharge payer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the surcharge payer.

(*l*) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board

shall notify the surcharge payer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the surcharge payer.

(m) When more than one surcharge payer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, surcharge payers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable surcharge payer shall reduce the amount of the liability of the other surcharge payers by the amount of the accepted offer.

(n) Whenever a compromise of surcharges or penalties or total surcharges and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the surcharge payer.

(2) The amount of unpaid surcharges and related penalties, additions to surcharges, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the surcharge payer or violate the confidentiality provisions of Section 41131. No list shall be prepared and no releases distributed by the board in connection with these statements.

(o) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any surcharge payer or other person liable for the surcharge.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the surcharge payer or other person liable for the surcharge.

(2) The surcharge payer fails to comply with any of the terms and conditions relative to the offer.

(p) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a surcharge payer or other person liable in respect of the surcharge.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the surcharge payer or other person liable in respect of the surcharge.

(q) For purposes of this section, "person" means the surcharge payer, any member of the surcharge payer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the surcharge payer, or any other corporation or entity owned or controlled by the surcharge payer, directly or indirectly, or that owns or controls the surcharge payer, directly or indirectly.

(r) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 5.5. Section 41171.5 is added to the Revenue and Taxation Code, to read:

41171.5. (a) (1) The executive director and chief counsel of the board, or their delegates, may compromise any final surcharge liability where the reduction of surcharges is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final fee liability involving a reduction in fees in excess of seven thousand five hundred dollars ($7,500). (h) Offers in compromise shall not be considered where the feepayer has been convicted of felony tax evasion under this part during the liability period.

(i) For amounts to be compromised under this section, the following conditions shall exist:

(1) The feepayer shall establish that:

(1) The name of the feepayer.

(2) The amount of unpaid fees and related penalties, additions to fees, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the feepayer or violate the confidentiality provisions of Section 40175. No list shall be prepared and no releases distributed by the board in connection with these statements.

(o) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion

of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any feepayer or other person liable for the fee.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the feepayer or other person liable for the fee.

(2) The feepayer fails to comply with any of the terms and conditions relative to the offer.

(p) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a feepayer or other person liable in respect of the fee.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the feepayer or other person liable in respect of the fee.

(q) For purposes of this section, "person" means the feepayer, any member of the feepayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the feepayer, or any other corporation or entity owned or controlled by the feepayer, directly or indirectly, or that owns or controls the feepayer, directly or indirectly.

(r) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 6.5. Section 46628 is added to the Revenue and Taxation Code, to read:

46628. (a) (1) The executive director and chief counsel of the board, or their delegates, may compromise any final fee liability where the reduction of fees is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final fee liability involving a reduction in fees in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or

disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final fee liability in which the reduction of fees is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final fee liability" means any final fee liability arising under Part 24 (commencing with Section 46001), or related interest, additions to fees, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the feepayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(d) Offers in compromise shall not be considered where the feepayer has been convicted of felony tax evasion under this part during the liability period.

(e) For amounts to be compromised under this section, the following conditions shall exist:

(1) The feepayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the feepayer's present assets or income.

(B) The feepayer does not have reasonable prospects of acquiring increased income or assets that would enable the feepayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(f) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final fee liability shall not be subject to administrative appeal or judicial review.

(g) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid fee and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the feepayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the feepayer.

(h) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the feepayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the feepayer.

(i) When more than one feepayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, feepayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable feepayer shall reduce the amount of the liability of the other feepayers by the amount of the accepted offer.

(j) Whenever a compromise of fees or penalties or total fees and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the feepayer.

(2) The amount of unpaid fees and related penalties, additions to fees, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the feepayer or violate the confidentiality provisions of Section 40175. No list shall be prepared and no releases distributed by the board in connection with these statements.

(k) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any feepayer or other person liable for the fee.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the feepayer or other person liable for the fee.

(2) The feepayer fails to comply with any of the terms and conditions relative to the offer.

(*l*) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a feepayer or other person liable in respect of the fee.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the feepayer or other person liable in respect of the fee.

(m) For purposes of this section, "person" means the feepayer, any member of the feepayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the feepayer, or any other corporation or entity owned or controlled by the feepayer, directly or indirectly, or that owns or controls the feepayer, directly or indirectly.

(n) This section shall become operative on January 1, 2013.

SEC. 7. Section 50156.18 of the Revenue and Taxation Code is amended to read:

50156.18. (a) (1) Beginning January 1, 2003, the executive director and chief counsel of the board, or their delegates, may compromise any final fee liability in which the reduction of the fee is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final fee liability involving a reduction in the fee in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final fee liability in which the reduction of the fee is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final fee liability" means any final fee liability arising under Part 26 (commencing with Section 50101), or related interest, additions to the fee, penalties, or other amounts assessed under this part.

(c) (1) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the feepayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) Notwithstanding paragraph (1), a qualified final fee liability may be compromised regardless of whether the business has been discontinued or transferred or whether the feepayer has a controlling interest or association with a similar type of business as the transferred or discontinued business. All other provisions of this section that apply to a final fee liability shall also apply to a qualified final fee liability, and no compromise shall be made under this subdivision unless all other requirements of this section are met. For purposes of this subdivision, a "qualified final fee liability" means that part of a final fee liability, including related interest, additions to fee, penalties, or other amounts assessed under this part, arising from a transaction or transactions in which the board finds no evidence that the owner of the underground storage tank collected underground storage tank maintenance fee reimbursement from the operator of the underground storage tank or other person and which was determined against the feepayer under Article 2 (commencing with Section 50113) or Article 3 (commencing with Section 50114) of Chapter 3.

(3) A qualified final fee liability may not be compromised with any of the following:

(A) A feepayer who previously received a compromise under paragraph (2) for a liability, or a part thereof, arising from a transaction or transactions that are substantially similar to the transaction or transactions attributable to the liability for which the feepayer is making the offer.

(B) A business that was transferred by a feepayer who previously received a compromise under paragraph (2) and who has a controlling interest or association with the transferred business, when the liability for which the offer is made is attributable to a transaction or transactions substantially similar to the transaction or transactions for which the feepayer's liability was previously compromised.

(C) A business in which a feepayer who previously received a compromise under paragraph (2) has a controlling interest or association with a similar type of business for which the feepayer received the compromise, when the liability of the business making the offer arose from a transaction or transactions substantially similar to the transaction or transactions for which the feepayer's liability was previously compromised.

(d) The board may, in its discretion, enter into a written agreement which permits the feepayer to pay the compromise in installments for a period not exceeding one year. The agreement may provide that such installments shall be paid by electronic funds transfers or any other means to facilitate the payment of each installment.

(e) Except for any recommendation for approval as specified in subdivision (a), the members of the State Board of Equalization shall not participate in any offer in compromise matters pursuant to this section.

(f) A feepayer that has received a compromise under paragraph (2) of subdivision (c) may be required to enter into any collateral agreement that is deemed necessary for the protection of the interests of the state. A collateral agreement may include a provision that allows the board to reestablish the liability, or any portion thereof, if the feepayer has sufficient annual income during the succeeding five-year period. The board shall establish criteria for determining "sufficient annual income" for purposes of this subdivision.

(g) A feepayer that has received a compromise under paragraph (2) of subdivision (c) shall file and pay by the due date all subsequently required underground storage tank maintenance fee returns for a five-year period from the date the liability is compromised, or until the feepayer is no longer required to file underground storage tank maintenance fee returns, whichever period is earlier.

(h) For amounts to be compromised under this section, the following conditions shall exist:

(1) The feepayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the feepayer's present assets or income.

(B) The feepayer does not have reasonable prospects of acquiring increased income or assets that would enable the feepayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(i) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final fee liability shall not be subject to administrative appeal or judicial review.

(j) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the feepayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the feepayer.

(k) When more than one feepayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance of an offer in compromise from one liable feepayer shall not relieve the other feepayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(*l*) Whenever a compromise of the fee or penalties or total fees and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the feepayer.

(2) The amount of unpaid fees and related penalties, additions to fees, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the feepayer or violate the confidentiality provisions of Chapter 8 of Article 2 (commencing with Section 50156). No list shall be prepared and no releases distributed by the board in connection with these statements.

(m) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any feepayer or other person liable for the fee.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the feepayer or other person liable for the fee.

(2) The feepayer fails to comply with any of the terms and conditions relative to the offer.

(n) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a feepayer or other person liable in respect of the fee.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the feepayer or other person liable in respect of the fee.

(o) For purposes of this section, "person" means the feepayer, any member of the feepayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the feepayer, or any other corporation or entity owned or controlled by the feepayer, directly or indirectly, or that owns or controls the feepayer, directly or indirectly.

(p) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 7.5. Section 50156.18 is added to the Revenue and Taxation Code, to read:

50156.18. (a) (1) The executive director and chief counsel of the board, or their delegates, may compromise any final fee liability in which the reduction of the fee is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final fee liability involving a reduction in the fee in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final fee liability in which the reduction of the fee is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final fee liability" means any final fee liability arising under Part 26 (commencing with Section 50101), or related interest, additions to the fee, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the feepayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest

or association with a similar type of business as the transferred or discontinued business.

(d) For amounts to be compromised under this section, the following conditions shall exist:

(1) The feepayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the feepayer's present assets or income.

(B) The feepayer does not have reasonable prospects of acquiring increased income or assets that would enable the feepayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(e) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final fee liability shall not be subject to administrative appeal or judicial review.

(f) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the feepayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the feepayer.

(g) When more than one feepayer is liable for the debt, such as with spouses or partnerships or other business combinations, the acceptance of an offer in compromise from one liable feepayer shall not relieve the other feepayers from paying the entire liability. However, the amount of the liability shall be reduced by the amount of the accepted offer.

(h) Whenever a compromise of the fee or penalties or total fees and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for a least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the feepayer.

(2) The amount of unpaid fees and related penalties, additions to fees, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the feepayer or violate the confidentiality provisions of Chapter 8 of Article

2 (commencing with Section 50156). No list shall be prepared and no releases distributed by the board in connection with these statements.

(i) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished (without regard to any statute of limitations that otherwise may be applicable), and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any feepayer or other person liable for the fee.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the feepayer or other person liable for the fee.

(2) The feepayer fails to comply with any of the terms and conditions relative to the offer.

(j) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a feepayer or other person liable in respect of the fee.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the feepayer or other person liable in respect of the fee.

(k) For purposes of this section, "person" means the feepayer, any member of the feepayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the feepayer, or any other corporation or entity owned or controlled by the feepayer, directly or indirectly, or that owns or controls the feepayer, directly or indirectly.

(*l*) This section shall become operative on January 1, 2013.

SEC. 8. Section 55332.5 of the Revenue and Taxation Code is amended to read:

55332.5. (a) (1) Beginning on January 1, 2007, the executive director and chief counsel of the board, or their delegates, may compromise any final fee liability where the reduction of fees is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final fee liability involving a reduction in fees in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final fee liability in which the reduction of fees is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final fee liability" means any final fee liability arising under Part 30 (commencing with Section 55001), or related interest, additions to fees, penalties, or other amounts assessed under this part.

(c) (1) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the feepayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) Notwithstanding paragraph (1), a qualified final fee liability may be compromised regardless of whether the business has been discontinued or transferred or whether the feepayer has a controlling interest or association with a similar type of business as the transferred or discontinued business. All other provisions of this section that apply to a final fee liability shall also apply to a qualified final fee liability, and no compromise shall be made under this subdivision unless all other requirements of this section are met. For purposes of this subdivision, a "qualified final fee liability" means that part of a final fee liability, including related interest, additions to fee, penalties, or other amounts assessed under this part, arising from a transaction or transactions in which the board finds no evidence that the feepayer collected the fee from the purchaser or other person and which was determined against the feepayer under Article 2 (commencing with Section 55061) or Article 3 (commencing with Section 55081) of Chapter 3.

(3) A qualified final fee liability may not be compromised with any of the following:

(A) A feepayer who previously received a compromise under paragraph (2) for a liability, or a part thereof, arising from a transaction or transactions that are substantially similar to the transaction or

transactions attributable to the liability for which the feepayer is making the offer.

(B) A business that was transferred by a feepayer who previously received a compromise under paragraph (2) and who has a controlling interest or association with the transferred business, when the liability for which the offer is made is attributable to a transaction or transactions substantially similar to the transaction or transactions for which the feepayer's liability was previously compromised.

(C) A business in which a feepayer who previously received a compromise under paragraph (2) has a controlling interest or association with a similar type of business for which the feepayer received the compromise, when the liability of the business making the offer arose from a transaction or transactions substantially similar to the transaction or transactions for which the feepayer's liability was previously compromised.

(d) The board may, in its discretion, enter into a written agreement which permits the feepayer to pay the compromise in installments for a period not exceeding one year. The agreement may provide that such installments shall be paid by electronic funds transfers or any other means to facilitate the payment of each installment.

(e) Except for any recommendation for approval as specified in subdivision (a), the members of the State Board of Equalization shall not participate in any offer in compromise matters pursuant to this section.

(f) A feepayer that has received a compromise under paragraph (2) of subdivision (c) may be required to enter into any collateral agreement that is deemed necessary for the protection of the interests of the state. A collateral agreement may include a provision that allows the board to reestablish the liability, or any portion thereof, if the feepayer has sufficient annual income during the succeeding five-year period. The board shall establish criteria for determining "sufficient annual income" for purposes of this subdivision.

(g) A feepayer that has received a compromise under paragraph (2) of subdivision (c) shall file and pay by the due date all subsequently required returns for a five-year period from the date the liability is compromised, or until the feepayer is no longer required to file returns, whichever period is earlier.

(h) Offers in compromise shall not be considered where the feepayer has been convicted of felony tax evasion under this part during the liability period.

(i) For amounts to be compromised under this section, the following conditions shall exist:

(1) The feepayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the feepayer's present assets or income.

(B) The feepayer does not have reasonable prospects of acquiring increased income or assets that would enable the feepayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(j) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final fee liability shall not be subject to administrative appeal or judicial review.

(k) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid fee and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the feepayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the feepayer.

(*l*) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the feepayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the feepayer.

(m) When more than one feepayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, feepayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable feepayer shall reduce the amount of the liability of the other feepayers by the amount of the accepted offer.

(n) Whenever a compromise of fees or penalties or total fees and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the feepayer.

(2) The amount of unpaid fees and related penalties, additions to fees, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret,

or organizational structure, that if disclosed, would adversely affect the feepayer or violate the confidentiality provisions of Section 55381. No list shall be prepared and no releases distributed by the board in connection with these statements.

(o) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any feepayer or other person liable for the fee.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the feepayer or other person liable for the fee.

(2) The feepayer fails to comply with any of the terms and conditions relative to the offer.

(p) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a feepayer or other person liable in respect of the fee.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate fee.

(q) For purposes of this section, "person" means the feepayer, any member of the feepayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the feepayer, or any other corporation or entity owned or controlled by the feepayer, directly or indirectly, or that owns or controls the feepayer, directly or indirectly.

(r) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 8.5. Section 55332.5 is added to the Revenue and Taxation Code, to read:

55332.5. (a) (1) The executive director and chief counsel of the board, or their delegates, may compromise any final fee liability where

the reduction of fees is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final fee liability involving a reduction in fees in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final fee liability in which the reduction of fees is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final fee liability" means any final fee liability arising under Part 30 (commencing with Section 55001), or related interest, additions to fees, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the feepayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(d) Offers in compromise shall not be considered where the feepayer has been convicted of felony tax evasion under this part during the liability period.

(e) For amounts to be compromised under this section, the following conditions shall exist:

(1) The feepayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the feepayer's present assets or income.

(B) The feepayer does not have reasonable prospects of acquiring increased income or assets that would enable the feepayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(f) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final fee liability shall not be subject to administrative appeal or judicial review.

(g) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid fee and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the feepayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the feepayer.

(h) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the feepayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the feepayer.

(i) When more than one feepayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, feepayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable feepayer shall reduce the amount of the liability of the other feepayers by the amount of the accepted offer.

(j) Whenever a compromise of fees or penalties or total fees and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the feepayer.

(2) The amount of unpaid fees and related penalties, additions to fees, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the feepayer or violate the confidentiality provisions of Section 55381. No list shall be prepared and no releases distributed by the board in connection with these statements.

(k) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any feepayer or other person liable for the fee.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the feepayer or other person liable for the fee.

(2) The feepayer fails to comply with any of the terms and conditions relative to the offer.

(*l*) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a feepayer or other person liable in respect of the fee.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate fee.

(m) For purposes of this section, "person" means the feepayer, any member of the feepayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the feepayer, or any other corporation or entity owned or controlled by the feepayer, directly or indirectly, or that owns or controls the feepayer, directly or indirectly.

(n) This section shall become operative on January 1, 2013.

SEC. 9. Section 60637 of the Revenue and Taxation Code is amended to read:

60637. (a) (1) Beginning on January 1, 2007, the executive director and chief counsel of the board, or their delegates, may compromise any final tax liability where the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven

thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 31 (commencing with Section 60001), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) (1) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(2) Notwithstanding paragraph (1), a qualified final tax liability may be compromised regardless of whether the business has been discontinued or transferred or whether the taxpayer has a controlling interest or association with a similar type of business as the transferred or discontinued business. All other provisions of this section that apply to a final tax liability shall also apply to a qualified final tax liability, and no compromise shall be made under this subdivision unless all other requirements of this section are met. For purposes of this subdivision, a "qualified final tax liability" means any of the following:

(A) That part of a final tax liability, including related interest, additions to tax, penalties, or other amounts assessed under this part, arising from a transaction or transactions in which the board finds no evidence that the supplier collected diesel fuel tax reimbursement from the purchaser or other person and which was determined by the board against the taxpayer under Article 2 (commencing with Section 60301), Article 3 (commencing with Section 60310), Article 5 (commencing with Section 60350), or Article 6 (commencing with Section 60360) of Chapter 6.

(B) A final tax liability, including related interest, additions to tax, penalties, or other amounts assessed under this part, arising under Article 6 (commencing with Section 60471) of Chapter 7.

(C) That part of a final tax liability for diesel fuel tax, including related interest, additions to tax, penalties, or other amounts assessed under this part, determined under Article 2 (commencing with Section 60301), Article 3 (commencing with Section 60310), Article 5 (commencing with Section 60350) and Article 6 (commencing with Section 60360) of Chapter 6 against an exempt bus operator, government entity, or qualified highway vehicle operator who used dyed diesel fuel on the highway.

(3) A qualified final tax liability may not be compromised with any of the following:

(A) A taxpayer who previously received a compromise under paragraph (2) for a liability, or a part thereof, arising from a transaction or transactions that are substantially similar to the transaction or transactions attributable to the liability for which the taxpayer is making the offer.

(B) A business that was transferred by a taxpayer who previously received a compromise under paragraph (2) and who has a controlling interest or association with the transferred business, when the liability for which the offer is made is attributable to a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(C) A business in which a taxpayer who previously received a compromise under paragraph (2) has a controlling interest or association with a similar type of business for which the taxpayer received the compromise, when the liability of the business making the offer arose from a transaction or transactions substantially similar to the transaction or transactions for which the taxpayer's liability was previously compromised.

(d) The board may, in its discretion, enter into a written agreement which permits the taxpayer to pay the compromise in installments for a period not exceeding one year. The agreement may provide that such installments shall be paid by electronic funds transfers or any other means to facilitate the payment of each installment.

(e) Except for any recommendation for approval as specified in subdivision (a), the members of the State Board of Equalization shall not participate in any offer in compromise matters pursuant to this section.

(f) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) may be required to enter into any collateral agreement that is deemed necessary for the protection of the interests of the state. A collateral agreement may include a provision that allows the board to reestablish the liability, or any portion thereof, if the taxpayer has sufficient annual income during the succeeding five-year period. The board shall establish criteria for determining "sufficient annual income" for purposes of this subdivision.

(g) A taxpayer that has received a compromise under paragraph (2) of subdivision (c) shall file and pay by the due date all subsequently required returns for a five-year period from the date the liability is compromised, or until the taxpayer is no longer required to file returns, whichever period is earlier.

(h) Offers in compromise shall not be considered where the taxpayer has been convicted of felony tax evasion under this part during the liability period.

(i) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(j) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(k) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid tax and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the taxpayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the taxpayer.

(*l*) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(m) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, taxpayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable taxpayer shall reduce the amount of the liability of the other taxpayers by the amount of the accepted offer.

(n) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the taxpayer.

(2) The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 60609. No list shall be prepared and no releases distributed by the board in connection with these statements.

(o) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(p) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(q) For purposes of this section, “person” means the taxpayer, any member of the taxpayer’s family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

(r) This section shall remain in effect only until January 1, 2013, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date.

SEC. 9.5. Section 60637 is added to the Revenue and Taxation Code, to read:

60637. (a) (1) The executive director and chief counsel of the board, or their delegates, may compromise any final tax liability where the reduction of tax is seven thousand five hundred dollars ($7,500) or less.

(2) Except as provided in paragraph (3), the board, upon recommendation by its executive director and chief counsel, jointly, may compromise a final tax liability involving a reduction in tax in excess of seven thousand five hundred dollars ($7,500). Any recommendation for approval of an offer in compromise that is not either approved or disapproved within 45 days of the submission of the recommendation shall be deemed approved.

(3) The board, itself, may by resolution delegate to the executive director and the chief counsel, jointly, the authority to compromise a final tax liability in which the reduction of tax is in excess of seven thousand five hundred dollars ($7,500), but less than ten thousand dollars ($10,000).

(b) For purposes of this section, "a final tax liability" means any final tax liability arising under Part 31 (commencing with Section 60001), or related interest, additions to tax, penalties, or other amounts assessed under this part.

(c) Offers in compromise shall be considered only for liabilities that were generated from a business that has been discontinued or transferred, where the taxpayer making the offer no longer has a controlling interest or association with the transferred business or has a controlling interest or association with a similar type of business as the transferred or discontinued business.

(d) Offers in compromise shall not be considered where the taxpayer has been convicted of felony tax evasion under this part during the liability period.

(e) For amounts to be compromised under this section, the following conditions shall exist:

(1) The taxpayer shall establish that:

(A) The amount offered in payment is the most that can be expected to be paid or collected from the taxpayer's present assets or income.

(B) The taxpayer does not have reasonable prospects of acquiring increased income or assets that would enable the taxpayer to satisfy a greater amount of the liability than the amount offered, within a reasonable period of time.

(2) The board shall have determined that acceptance of the compromise is in the best interest of the state.

(f) A determination by the board that it would not be in the best interest of the state to accept an offer in compromise in satisfaction of a final tax liability shall not be subject to administrative appeal or judicial review.

(g) (1) Offers for liabilities with a fraud or evasion penalty shall require a minimum offer of the unpaid tax and fraud or evasion penalty.

(2) The minimum offer may be waived if it can be shown that the taxpayer making the offer was not the person responsible for perpetrating the fraud or evasion. This authorization to waive only applies to partnership accounts where the intent to commit fraud or evasion can be clearly attributed to a partner of the taxpayer.

(h) When an offer in compromise is either accepted or rejected, or the terms and conditions of a compromise agreement are fulfilled, the board shall notify the taxpayer in writing. In the event an offer is rejected, the amount posted will either be applied to the liability or refunded, at the discretion of the taxpayer.

(i) When more than one taxpayer is liable for the debt, such as with spouses or partnerships or other business combinations, including, but not limited to, taxpayers who are liable through dual determination or successor's liability, the acceptance of an offer in compromise from one liable taxpayer shall reduce the amount of the liability of the other taxpayers by the amount of the accepted offer.

(j) Whenever a compromise of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved, there shall be placed on file for at least one year in the office of the executive director of the board a public record with respect to that compromise. The public record shall include all of the following information:

(1) The name of the taxpayer.

(2) The amount of unpaid tax and related penalties, additions to tax, interest, or other amounts involved.

(3) The amount offered.

(4) A summary of the reason why the compromise is in the best interest of the state.

The public record shall not include any information that relates to any trade secrets, patent, process, style of work, apparatus, business secret, or organizational structure, that if disclosed, would adversely affect the taxpayer or violate the confidentiality provisions of Section 60609. No list shall be prepared and no releases distributed by the board in connection with these statements.

(k) Any compromise made under this section may be rescinded, all compromised liabilities may be reestablished, without regard to any

statute of limitations that otherwise may be applicable, and no portion of the amount offered in compromise refunded, if either of the following occurs:

(1) The board determines that any person did any of the following acts regarding the making of the offer:

(A) Concealed from the board any property belonging to the estate of any taxpayer or other person liable for the tax.

(B) Received, withheld, destroyed, mutilated, or falsified any book, document, or record or made any false statement, relating to the estate or financial condition of the taxpayer or other person liable for the tax.

(2) The taxpayer fails to comply with any of the terms and conditions relative to the offer.

(*l*) Any person who, in connection with any offer or compromise under this section, or offer of that compromise to enter into that agreement, willfully does either of the following shall be guilty of a felony and, upon conviction, shall be fined not more than fifty thousand dollars ($50,000) or imprisoned in the state prison, or both, together with the costs of investigation and prosecution:

(1) Conceals from any officer or employee of this state any property belonging to the estate of a taxpayer or other person liable in respect of the tax.

(2) Receives, withholds, destroys, mutilates, or falsifies any book, document, or record, or makes any false statement, relating to the estate or financial condition of the taxpayer or other person liable in respect of the tax.

(m) For purposes of this section, "person" means the taxpayer, any member of the taxpayer's family, any corporation, agent, fiduciary, or representative of, or any other individual or entity acting on behalf of, the taxpayer, or any other corporation or entity owned or controlled by the taxpayer, directly or indirectly, or that owns or controls the taxpayer, directly or indirectly.

(n) This section shall become operative on January 1, 2013.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

# CHAPTER 223

An act to amend Sections 35535, 44225, 44256, 44263, 44270, 44279.1, 44327, 44865, 49430.7, 52302, 52302.8, 56028, and 56043 of the Education Code, relating to education.

[Approved by Governor August 1, 2008. Filed with Secretary of State August 1, 2008.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 35535 of the Education Code is amended to read:

35535. An order of a county committee attaching the territory of a lapsed district to one or more adjoining districts shall be effective for all purposes on the date of the order.

SEC. 2. Section 44225 of the Education Code is amended to read:

44225. The commission shall do all of the following:

(a) Establish professional standards, assessments, and examinations for entry and advancement in the education profession. While the Legislature recognizes that the commission will exercise its prerogative to determine those requirements, it is the intent of the Legislature that standards, assessments, and examinations be developed and implemented for the following:

(1) The preliminary teaching credential, to be granted upon possession of a baccalaureate degree from a regionally accredited institution in a subject other than professional education, completion of an accredited program of professional preparation, and either successful passage of an examination or assessment that has been adopted or approved by the commission in the subject or subjects appropriate to the grade level to be taught, to include college-level reading, writing, and mathematics skills, or completion of an accredited program of subject matter preparation and successful passage of the basic skills proficiency test as provided for in Article 4 (commencing with Section 44250). The commission shall uniformly consider the results of the basic skills proficiency test in conjunction with other pertinent information about the qualifications of each candidate for a preliminary credential, and may award the credential on the basis of the overall performance of a candidate as measured by several criteria of professional competence, provided that each candidate meets minimum standards set by the commission on each criterion. Upon application by a regionally accredited institution of higher education, the commission may categorically grant credit to coursework completed in an accredited

program of professional preparation, as specified by this paragraph, by undergraduates of that institution, where the commission finds there are adequate assurances of the quality of necessary undergraduate instruction in the liberal arts and in the subject area or areas to be taught.

(2) The professional teaching credential, to be granted upon successful passage of a state examination or assessment in the subject or subjects appropriate to the grade level to be taught, to include college-level basic reading, writing, and mathematics skills, and completion of a period of beginning teacher support that includes assessments of ability to teach subject matter to pupils, ability to work well with pupils, classroom management, and instructional skills. A candidate who successfully passes the examination or assessment pursuant to paragraph (1) shall be deemed to have passed the state examination or assessment in the subject or subjects to be taught pursuant to this paragraph.

(b) Reduce and streamline the credential system to ensure teacher competence in the subject field or fields, while allowing greater flexibility in staffing local schools. The commission shall award the following types of credentials to applicants whose preparation and competence satisfy its standards:

(1) Basic teaching credentials for teaching in kindergarten, or any of the grades 1 to 12, inclusive, in public schools in this state.

(2) Credentials for teaching adult education classes and vocational education classes.

(3) Credentials for teaching specialties, including, but not necessarily limited to, bilingual education, early childhood education, and special education. The commission may grant credentials to any candidate who concurrently meets the commission's standards of preparation and competence for the preliminary basic teaching credential and the preliminary specialty credential.

(4) Credentials for school services, for positions including, but not limited to, administrators, school counselors, speech-language therapists, audiologists, school psychologists, library media teachers, supervisors of attendance, and school nurses.

The commission may establish standards and requirements for preliminary and professional credentials of each type.

(c) Review and, if necessary, revise the code of ethics for the teaching profession.

(d) Establish standards for the issuance and renewal of credentials, certificates, and permits. In setting standards, the commission shall seek to ensure, through its credentialing of teachers, that public school teachers satisfy all of the following criteria:

(1) Are academically talented.

(2) Are knowledgeable of the subjects to be taught in the classroom.

(3) Are creative and energetic.

(4) Have the human skills to motivate and inspire pupils to achieve their goals.

(5) Have the sensitivity to foster self-esteem in pupils through recognition that each pupil has his or her own goals, talents, and levels of development.

(6) Be willing to relate the educational process and their instructional strategies to meet the needs of pupils.

(7) Are able to work effectively with and motivate pupils from a variety of ethnic, socioeconomic, cultural, academic, and linguistic backgrounds.

(8) Have an understanding of principles and laws related to educational equity, and the equitable practice of the profession of education among all pupils regardless of their ethnicity, race, gender, age, religious background, primary language, or disabling condition.

(e) Determine the scope and authorization of credentials, to ensure competence in teaching and other educational services, and establish sanctions for the misuse of credentials and the misassignment of credentialholders. The commission may grant an added or supplementary authorization to a credentialholder who has met the requirements and standards of the commission for the added or supplementary authorization. The commission shall exempt the holder of a teaching credential obtained prior to January 1, 1974, who adds an authorization by successfully completing a commission-approved subject matter examination, from the requirements of subdivision (e) of Section 44259 and Sections 44261, 44261.5, and 44261.7.

(f) Collect, compile, and disseminate information regarding exemplary practices in supporting and assessing beginning teachers.

(g) Establish alternative methods for entry into the teaching profession, and into other certificated roles in the schools, by persons in varying circumstances, including persons who have been educated outside of California, provided that each applicant satisfies all of the requirements established by the commission. One alternative method shall be the successful completion of at least two years of classroom instruction under a district intern certificate, pursuant to Article 7.5 (commencing with Section 44325). In establishing alternative methods for entry into the teaching profession, the commission shall develop strategies to encourage classroom aides to become credentialed teachers.

(h) Adopt a framework and general standards for the accreditation of preparation programs for teachers and other certificated educators pursuant to Article 7 (commencing with Section 44320).

(i) Appoint classroom teachers, school administrators, other school services personnel, representatives of the public, and public or private

higher education representatives to one or more standing committees, which shall be given authority to recommend to the commission standards relating to examinations, performance assessments, program accreditation, and licensing. The commission shall establish criteria for membership on those committees, and shall determine the terms of committee members. Appointments to standing committees by the commission shall reflect, to the extent feasible, the ethnic and cultural diversity of the California public schools.

(j) Consult with classroom teachers, faculty members from institutions of higher education that maintain accredited programs of professional preparation for teachers, administrators or other school services personnel, and other experts to aid in the development of examinations and assessments, and to study the impact of examinations and assessments on the teaching profession. To increase the fairness of its certification decisions, the commission may uniformly consider the results of tests, subtests, and assessments in conjunction with each other, and in conjunction with other pertinent information about the qualifications of each candidate. The commission may award credentials on the basis of average overall performances by candidates on several criteria of professional competence, provided that each candidate meets minimum standards set by the commission on each criterion.

(k) Adopt standards for all examinations and assessments which shall ensure that all prospective teachers demonstrate an understanding of the history and cultures of the major ethnic populations of this state and of teaching strategies for the acquisition of English language skills by non-English-speaking pupils.

(*l*) Determine the terms of credentials, certificates, and permits, except that no credential, certificate, or permit shall be valid for more than five years from the date of issuance. This article shall govern the issuance of any credential, certificate, or permit, except as follows:

(1) A credential, certificate, or permit shall remain in force as long as it is valid and continues to be valid under the laws and regulations that were in effect when it was issued.

(2) The commission shall grant teaching credentials pursuant to statutes that were in effect on December 31, 1988, to candidates who, prior to the effective date of regulations to implement subdivision (a), are in the process of meeting the requirements for teaching credentials that were in effect on December 31, 1988, except that neither enrollment as an undergraduate student nor receipt of a baccalaureate degree from a regionally accredited institution prior to the effective date of the regulations shall, by themselves, exempt a candidate from the requirements of subdivision (a). Enrollment in a preparation program for teachers prior to the effective date of the regulations shall not exempt

a candidate from the requirements of paragraph (2) of subdivision (a), if the preliminary credential of the candidate was granted after the effective date of the regulations.

(m) Review requests from school districts, county offices of education, private schools, and postsecondary institutions for the waiver of one or more of the provisions of this chapter or other provisions governing the preparation or licensing of educators. The commission may grant a waiver upon its finding that professional preparation equivalent to that prescribed under the provision or provisions to be waived will be, or has been, completed by the credential candidate or candidates affected or that a waiver is necessary to accomplish any of the following:

(1) Give a local educational agency one semester or less to address unanticipated, immediate, short-term shortages of fully qualified educators by assigning a teacher who holds a basic teaching credential to teach outside of his or her credential authorization, with the teacher's consent.

(2) Provide credential candidates additional time to complete a credential requirement.

(3) Allow local school districts or schools to implement an education reform or restructuring plan.

(4) Temporarily exempt from a specified credential requirement small, geographically isolated regions with severely limited ability to develop personnel.

(5) Provide other temporary exemptions when deemed appropriate by the commission.

No provision in this chapter may be waived under Section 33050 and 33051, after June 30, 1994, by the State Board of Education.

(n) It is the intent of the Legislature that the commission develop models for voluntary use by California colleges and universities that do not have these models in place, to assist in the screening of applications for admission to teacher education programs. The models shall give emphasis to the following qualifications of the applicants: academic talent, knowledge of subjects to be taught, basic academic skills, creativity, experience in working with children and adolescents, ability to motivate and inspire pupils, and willingness to relate education to pupils with a wide variety of cultural, ethnic, and academic backgrounds. The commission may continue to administer the state basic skills proficiency test, in order (1) to utilize the results of this test in awarding preliminary teaching credentials and emergency permits, and (2) to enable colleges and universities to utilize this test in conjunction with other appropriate sources of information in teacher preparation admission decisions. However, it is the intent of the Legislature that applicants for admission to teacher preparation programs may not be denied admission

solely on the basis of state basic skills proficiency test results. The commission may recover the costs of administering and developing the test by charging examinees a fee for taking the test.

(o) It is the intent of the Legislature that the commission encourage colleges and universities to design and implement, by August 1, 1990, concentrated internship programs for persons who have attained a bachelor's degree in the field in which they intend to teach. Those programs would be targeted at subject area shortages, would substitute for conventional training programs, and would include a full summer session of college-level coursework, a one-year internship, or the equivalent, a seminar throughout the internship, and a summer session following the internship. Educator preparation through internship programs shall be subject to Article 10 (commencing with Section 44370).

(p) Grant a field placement certificate to any candidate who has been admitted to an accredited program of professional preparation, and who must complete a supervised practicum in public elementary or secondary schools as a condition for completion of the program. The commission shall establish standards for the issuance of field placement certificates.

(q) Propose appropriate rules and regulations to implement the act which enacts this section.

(r) Adopt subject matter assessments for teaching credentials after developing those assessments jointly with the Superintendent.

SEC. 3 Section 44256 of the Education Code is amended to read:

44256. Authorization for teaching credentials shall be of four basic kinds, as defined below:

(a) "Single subject instruction" means the practice of assignment of teachers and students to specified subject matter courses, as is commonly practiced in California high schools and most California junior high schools. The holder of a single subject teaching credential or a standard secondary credential or a special secondary teaching credential, as defined in this subdivision, who has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework approved by the commission at an accredited institution in any subject commonly taught in grades 7 to 12, inclusive, other than the subject for which he or she is already certificated to teach, shall be eligible to have this subject appear on the credential as an authorization to teach this subject. The commission, by regulation, may require that evidence of additional competence is a condition for instruction in particular subjects, including, but not limited to, foreign languages. The commission may establish and implement alternative requirements for additional authorizations to the single subject credential on the basis of specialized needs. For purposes of this subdivision, a special secondary teaching credential

means a special secondary teaching credential issued on the basis of at least a baccalaureate degree, a student teaching requirement, and 24 semester units of coursework in the subject specialty of the credential.

(b) "Multiple subject instruction" means the practice of assignment of teachers and students for multiple subject matter instruction, as is commonly practiced in California elementary schools and as is commonly practiced in early childhood education.

The holder of a multiple subject teaching credential or a standard elementary credential who has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework approved by the commission at an accredited institution in any subject commonly taught in grades 9 and below shall be eligible to have that subject appear on the credential as authorization to teach the subject in departmentalized classes in grades 9 and below. The governing board of a school district by resolution may authorize the holder of a multiple subject teaching credential or a standard elementary credential to teach any subject in departmentalized classes to a given class or group of students below grade 9, provided that the teacher has completed at least 12 semester units, or six upper division or graduate units, of coursework at an accredited institution in each subject to be taught. The authorization shall be with the teacher's consent. However, the commission, by regulation, may provide that evidence of additional competence is necessary for instruction in particular subjects, including, but not limited to, foreign languages. The commission may establish and implement alternative requirements for additional authorizations to the multiple subject credential on the basis of specialized needs.

(c) "Specialist instruction" means any specialty requiring advanced preparation or special competence, including, but not limited to, reading specialist, mathematics specialist, specialist in special education, or early childhood education, and such other specialties as the commission may determine.

(d) "Designated subjects" means the practice of assignment of teachers and students to designated technical, trade, or career technical courses which courses may be part of a program of trade, technical, or career technical education.

SEC. 4. Section 44263 of the Education Code is amended to read:

44263. A teacher licensed pursuant to the provisions of this article may be assigned, with his or her consent, to teach a single subject class in which he or she has 18 semester hours of coursework or nine semester hours of upper division or graduate coursework or a multiple subject class if he or she holds at least 60 semester hours equally distributed among the 10 areas of a diversified major set forth in Section 44314. A three-semester-unit variance in any of the required four areas may be

allowed. The governing board of the school district by resolution shall provide specific authorization for the assignment. The authorization of the governing board shall remain valid for one year and may be renewed annually.

SEC. 5. Section 44270 of the Education Code is amended to read:

44270. (a) The minimum requirements for the preliminary services credential with a specialization in administrative services are all of the following:

(1) Possession of one of the following:

(A) A valid teaching credential requiring the possession of a baccalaureate degree and a professional preparation program including student teaching.

(B) A valid designated subjects career technical education, adult education, or special subjects teaching credential, as specified in Section 44260, 44260.1, 44260.2, 44260.3, or 44260.4, provided the candidate also possesses a baccalaureate degree.

(C) A valid services credential with a specialization in pupil personnel, health, or clinical or rehabilitative services, as specified in Section 44266, 44267, 44267.5, or 44268, or a valid services credential authorizing service as a teacher librarian, as specified in Section 44269.

(D) A valid credential issued under the laws, rules, and regulations in effect on or before December 31, 1971, which authorizes the same areas as in subparagraphs (B) and (C).

(2) Completion of a minimum of three years of successful, full-time classroom teaching experience in the public schools, including, but not limited to, service in state- or county-operated schools, or in private schools of equivalent status or three years of experience in the fields of pupil personnel, health, clinical or rehabilitative, or librarian services.

(3) Completion of an entry-level program of specialized and professional preparation in administrative services approved by the commission or a one-year internship in a program of supervised training in administrative services, approved by the commission as satisfying the requirements for the preliminary services credential with a specialization in administrative services.

(4) Current employment in an administrative position after completion of professional preparation as defined in paragraph (3), whether full or part time, in a public school or private school of equivalent status. The commission shall encourage school districts to consider the recency of preparation or professional growth in school administration as one of the criteria for employment.

(b) The preliminary administrative services credential shall be valid for a period of five years from the date of initial employment in an

administrative position, whether full or part time, and shall not be renewable.

(c) A candidate who completed, by September 30, 1984, the requirements for the administrative services credential in effect on June 30, 1982, is eligible for the credential authorized under those requirements. All other candidates shall satisfy the requirements set forth in this section.

SEC. 6. Section 44279.1 of the Education Code is amended to read:

44279.1. (a) The Legislature finds and declares that the beginning years of the career of a teacher are a critical time in which it is necessary that intensive professional development and assessment occur. The Legislature recognizes that the public invests heavily in the preparation of prospective teachers, and that more than one-half of all new teachers leave some California school districts after one or two years in the classroom. Intensive professional development and assessment are necessary to build on the preparation that precedes initial certification, to transform academic preparation into practical success in the classroom, to retain greater numbers of capable beginning teachers, and to remove novices who show little promise as teachers. It is the intent of the Legislature that the commission and the Superintendent develop and implement policies to govern the support and assessment of beginning teachers, as a condition for the professional certification of those teachers in the future.

(b) There is hereby established the California Beginning Teacher Support and Assessment System, to be administered jointly by the commission and the Superintendent. In administering the system, the commission and the Superintendent shall approve the most cost-effective programs of support and assessment. The commission and the Superintendent also shall ensure that programs meet the Standards of Quality and Effectiveness for Beginning Teacher Support and Assessment Programs adopted by the commission in 1997 and that local programs support beginning teachers in meeting the competencies described in the California Standards for the Teaching Profession adopted by the commission in January 1997. The system shall do all of the following:

(1) Provide an effective transition into the teaching career for first-year and second-year teachers in California.

(2) Improve the educational performance of pupils through improved training, information, and assistance for new teachers.

(3) Enable beginning teachers to be effective in teaching pupils who are culturally, linguistically, and academically diverse.

(4) Ensure the professional success and retention of new teachers.

(5) Ensure that a support provider provides intensive individualized support and assistance to each participating beginning teacher.

(6) Improve the rigor and consistency of individual teacher performance assessments and the usefulness of assessment results to teachers and decisionmakers.

(7) Establish an effective, coherent system of performance assessments that are based on the California Standards for the Teaching Profession adopted by the commission in January 1997.

(8) Examine alternative ways in which the general public and the educational profession may be assured that new teachers who remain in teaching have attained acceptable levels of professional competence.

(9) Ensure that an individual induction plan is in place for each participating beginning teacher and is based on an ongoing assessment of the development of the beginning teacher.

(10) Ensure continuous program improvement through ongoing research, development, and evaluation.

(c) Participation in the system shall be voluntary for teachers, school districts, and county offices of education and participation by certificated employees shall not be made a condition of employment. The commission and the Superintendent shall adopt and implement criteria and standards for participation in the system, including criteria regarding the eligibility of teachers and standards of local program quality and intensity for schools, school districts, county offices of education, colleges, universities, and other educational and professional organizations. The criteria and standards shall be consistent with the purposes of the system.

(d) (1) For purposes of this article, unless the context otherwise requires, "beginning teacher" means a teacher with a valid California credential, as defined in Section 44259.

(2) For purposes of this article, "beginning teacher" does not include a teacher with a life credential, a clear credential, or a professional clear teaching credential who returns to serve in a certificated teaching position.

(e) Subject to verification and approval by an induction program director, a beginning teacher shall not be required to demonstrate that an induction standard has been met, or complete an element of an approved induction program designed to assist a candidate in mastering a given standard, if the candidate previously met the induction standard while participating in a commission-approved preparation program.

(f) The Superintendent and the commission shall disseminate the California Standards for the Teaching Profession adopted by the commission in January 1997 to colleges, universities, school districts, county offices of education, and professional associations, who shall be encouraged to use the standards in efforts to improve teacher preparation and support programs. Performance assessments developed under this article shall be designed to provide useful, helpful feedback to beginning

teachers and their support providers. That information shall not be used for employment-related evaluations, as a condition of employment, or as a basis for terminating employment.

(g) It is the intent of the Legislature that the commission and the Superintendent establish a statewide teacher induction program that supports locally designed, high-quality induction programs that provide individualized support and formative assessment for all participating beginning teachers as defined in subdivision (d). At the discretion of the local beginning teacher support and assessment system teacher induction program, funds allocated to a program on the basis of eligible beginning teachers may be used to provide support, assistance, and preparation services to other credential candidates who are in their first or second year of employment as a classroom teacher.

(h) This article shall be known, and may be cited, as the Marian Bergeson Beginning Teacher Support and Assessment System.

SEC. 7. Section 44327 of the Education Code is amended to read:

44327. On or before July 1, 1995, the commission, in consultation with participating school districts and other affected organizations, shall revise existing standards and adopt additional standards, as necessary, related to the quality of the training, support, evaluation, and performance of district interns. The standards shall be appropriate for an alternative program of teacher recruitment, preparation, and certification. Each school district with a district intern program is responsible for maintaining appropriate records of the program so that the credit earned by each district intern is transferable to his or her academic record in the same manner as if the intern had participated in a college or university program. To the extent feasible, the standards shall also be equivalent to the standards of the commission for professional preparation programs in colleges and universities.

SEC. 8. Section 44865 of the Education Code is amended to read:

44865. A valid teaching credential issued by the State Board or the Commission on Teacher Credentialing, based on a bachelor's degree, student teaching, and special fitness to perform, shall be deemed qualifying for assignment as a teacher in the following assignments, provided that the assignment of a teacher to a position for which qualifications are prescribed by this section shall be made only with the consent of the teacher:

(a) Home teacher.

(d) (1) The department, with the assistance of the Office of the Chancellor of the California Community Colleges, shall meet with each program or center and the community college or colleges in the region no later than the 2009–10 fiscal year to validate that course sequences meeting the requirements of this section have been developed. These meetings shall be conducted using the existing resources of the department and shall be consistent with the standards developed pursuant to Section 51226.

(2) The department and the office of the chancellor shall provide technical assistance to programs or centers and community colleges that have developed articulated sequences for less than half of the courses offered by the program or center.

(3) The Superintendent may waive the requirements of subdivision (a) for programs or centers and community colleges located in rural areas of the state if the Superintendent finds that development of sequences is infeasible because of the distance, travel time, or safety between the center or program and the community college.
