I am deleting the \$2,565,000 for the Naturalization Services program. I am also deleting the \$154,000 in state operations funding for this program (refer to Item 4700-001-0001). While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 5180-001-0001—For support of Department of Social Services. I reduce this item from \$107,134,000 to \$106,640,000 by reducing:

(2) 25-Social Services and Licensing from \$168,929,500 to \$168,829,500;

(3) 35-Disability Evaluation and Other Services from \$260,159,500 to \$259,381,500; and

(6) Reimbursements from -\$26,048,000 to -\$25,664,000.

I am reducing this item by \$778,000 (\$394,000 General Fund) for the Disability Determination program and \$100,000 General Fund for the Independent Adoptions program. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reduction and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 6110-123-0001—For local assistance, Department of Education. I reduce this item from \$120,209,000 to \$114,209,000 by deleting:

(2) 20-Corrective Actions \$6,000,000.

I am deleting the \$6,000,000 restored by the Legislature that allocates funds to non-Title I Immediate Intervention Underperforming Schools Program (II/USP) schools that are still subject to state sanctions and are working with school assistance and intervention teams (SAITs). Although the II/USP ended in 2004–05, schools continue to receive grants of \$150 per student to implement improvement plans prepared by SAITs. I do not believe that the state should continue to fund these activities. Earlier this year, the Legislature accepted my proposal to eliminate from the Budget federal Title I funds for these purposes. This veto would be consistent with that agreement.

I am deleting Provision 2 to conform to this action.

Item 6110-125-0890—For local assistance, Department of Education. I delete Provision 4 of this item.

I am deleting the appropriation located in Section 4 of the provisional language related to a \$1.8 million intervention program for local education agencies not meeting federal Title III benchmarks that was administratively established in the 2007–08 fiscal year as little information has been provided on what the program would achieve.

I am deleting Provision 4 to conform to this action.

Item 6120-150-0001—For local assistance, California State Library, for the Civil Liberties Public Education Program. I reduce this item from \$475,000 to \$450,000.

I am reducing this item by \$25,000. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 6120-160-0001—For local assistance, California State Library, for the California Newspaper Project Program. I reduce this item from \$228,000 to \$216,000.

I am reducing this item by \$12,000. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 6120-211-0001—For local assistance, California State Library. I reduce this item from \$13,625,000 to \$12,908,000 by reducing:

(1) 20.30-Direct Loan and Interlibrary Loan Programs from \$10,899,000 to \$10,182,000.

I am reducing this item by \$717,000. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this

budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 6120-213-0001—For local assistance, California State Library, for the English Acquisition and Literacy Program. I reduce this item from \$4,811,000 to \$4,558,000.

I am reducing this item by \$253,000. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 6120-221-0001—For local assistance, California State Library, for the Public Library Foundation Program. I reduce this item from \$13,642,000 to \$12,924,000.

I am reducing this item by \$718,000. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 6610-001-0001—For support of California State University. I revise this item by revising Provision 10.

While I am sustaining the Legislature’s action to earmark funding for student academic preparation and student support services programs, I am vetoing the language requiring the university to report on these programs. This reporting requirement would result in an expenditure increase without regard to the availability of revenues. Nevertheless, in recognition of the Legislature’s desire to obtain this information, I am instructing the Chancellor of the California State University to comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the university’s ability to perform its essential functions.

I am revising Provision 10 to conform as follows:

“10. Of the amount appropriated in Schedule (1), \$52,000,000 is appropriated for student academic preparation and student support services programs. The California State University shall provide \$45,000,000 to support the Early Academic Assessment Program and the Educational Opportunity Program. ~~It is the intent of the Legislature that the university report on the outcomes and effectiveness of the Early Academic Assessment Program to the fiscal committees of each house of the Legislature no later than March 15, 2009.~~”

Item 6870-001-0001—For support of Board of Governors of the California Community Colleges. I reduce this item from \$10,109,000 to \$9,778,000 by reducing:

(4.5) 97.20.001-Unallocated Reduction from –\$200,000 to –\$531,000.

I am reducing this item by \$331,000. However, I am sustaining the remaining \$500,000 legislative augmentation for the purpose of ensuring sufficient resources to fill key positions that are critical to maintaining accountability and fiscal oversight functions that will ensure the solvency of all districts. I anticipate that the Chancellor’s Office will be able to accommodate the remaining reduction. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory

spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 7980-001-0784—For support of California Student Aid Commission. I reduce this item from \$1,000,000 to \$500,000.

I am reducing \$500,000 from the Federal Policy and Program Division (FPPD) to align funding with the FPPD's responsibilities and to preserve resources. The current funding level exceeds what is necessary to support the staff of the FPPD. Furthermore, any savings that can be achieved in the Student Loan Operating Fund will result in the program being more valuable and thus result in additional General Fund revenue upon the sale, or other transaction, involving EdFund that is authorized by Chapter 182 of the Statutes of 2007.

Item 7100-001-0514—For support of Employment Development Department. I revise this item by deleting Provision 5.

I am deleting Provision 5 which requires the Employment Training Panel (Panel) to prioritize funding for "green jobs" training. This language is unnecessary because the Panel already identifies clean technology products, services, and processes as a priority in its strategic plan, providing more than \$6,900,000 to these industries.

Item 8140-001-0001—For support of State Public Defender. I reduce this item from \$11,551,000 to \$10,928,000 by reducing:

- (1) 10-State Public Defender from \$11,551,000 to \$10,928,000.

I am reducing this item by \$623,000 for the Office of the State Public Defender, which provides post-conviction appellate representation in death penalty cases. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 8570-001-0001—For support of Department of Food and Agriculture. I reduce this item from \$83,730,000 to \$80,341,000 by reducing:

- (1) 11-Agricultural Plant and Animal Health; Pest Prevention; Food Safety Services from \$128,861,000 to \$125,472,000, and by deleting Provision 5.

I am reducing this item by \$3,389,000 and 8.6 personnel years for the Agricultural Plant and Animal Health; Pest Prevention; Food Safety Services Program. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

I am deleting Provision 5 because the language is unnecessarily restrictive. These funds are part of the base budget for the Light Brown Apple Moth Eradication Project

and should be available for the Department to allocate for use as necessary once the toxicology study that was recently completed has been reviewed and aerial spraying is determined to be a safe tool for the Department to utilize in its eradication efforts.

Item 8570-004-0001—For transfer by the Controller to the Pierce's Disease Management Account. I reduce this item from \$4,380,000 to \$4,150,000.

I am reducing this item by \$230,000 for the Pierce's Disease Control Program. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order for further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 8640-001-0001—For support of Political Reform Act of 1974. I reduce this item from \$2,745,000 to \$2,470,000 by reducing:

- (1) 10-Secretary of State from \$790,000 to \$711,000;
- (2) 20-Franchise Tax Board from \$1,747,000 to \$1,572,000; and
- (3) 30-Department of Justice from \$216,000 to \$195,000.

I am reducing this item by \$275,000 for the Political Reform Act of 1974. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 8940-001-1014—For support of Military Department. I delete this item.

This item contains an appropriation from the Emergency Response Fund, which was not authorized in the final budget package. Therefore, I must delete this item on a technical basis.

Item 9100-101-0001—For local assistance, Tax Relief. I reduce this item from \$693,885,000 to \$503,005,000 by deleting:

- (1) 10-Senior Citizens' Property Tax Assistance (\$40,562,000);
  - (3) 30-Senior Citizens Renters' Tax Assistance (\$150,318,000);
- and by deleting Provisions 2, 4, and 6.

I am also revising Provision 5 to conform to this action as follows:

“5. Notwithstanding any other provision of law, the Director of Finance may authorize expenditures for Schedules ~~(1)~~; (2), ~~(3)~~; (4), and (5) in excess of or less than the amount appropriated not sooner than 30 days after notification in writing of the necessity thereof is provided to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.”

I am reducing this item by \$190,880,000. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this

budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1781.

ARNOLD SCHWARZENEGGER, Governor

2 [Ch. 269] I object to the following appropriations contained in Assembly Bill 88.

Item 0690-001-0001—For support of Office of Emergency Services.

I am sustaining Provision 4, which suspends the Government Code Section 8581.5 requirement for the biennial report on emergency preparedness for catastrophic disasters, which was scheduled to be published in 2008–09. However, I am directing the Office of Emergency Services to prepare this report to the extent possible using existing resources.

Item 0690-102-0001—For local assistance, Office of Emergency Services. I revise this item by deleting Provisions 3 and 5.

Provision 3 requires the Office of Emergency Services to allocate \$800,000 to the Central Coast Rural Crime Prevention Program. Funding for this program was reduced by 10 percent, but this language was not amended to reflect the reduced amount. This technical veto is necessary to ensure that all grant recipients receive the same level of reduction. Therefore, I am directing the Office of Emergency Services to allocate the grant funding in a manner consistent with this budget language adjusted for the 10 percent reduction.

Provision 5 would require the Office of Emergency Services to use a competitive grant process for allocating funds to California Multijurisdictional Methamphetamine Enforcement Teams, and would create limitations on the minimum and maximum amounts of grants awarded under this program. This language is unnecessarily restrictive; therefore, I am vetoing this provision.

Item 2640-101-0046—For local assistance, State Transit Assistance. I reduce this item from \$406,434,000 to \$306,434,000.

I am reducing this item by \$100,000,000 for the State Transit Assistance program so that sufficient funding will be available in the Public Transportation Account to provide full reimbursement of the General Fund for its Home-to-School Transportation costs. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law, and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

With the \$5 billion in transit and intercity rail funding provided in Proposition 1B, this will allow a substantial increase in the capacity, safety, and reliability of public transportation throughout the state. The amount I am retaining in this item also continues program funding at a sustainable level.

Item 2660-001-0042—For support of Department of Transportation.

I am sustaining the Legislature’s funding for capital outlay support. In the May Revision, I proposed a reduction in positions and dollars for engineering, design, environmental studies, and other work. For the declining amount of ongoing work, I proposed to use an increased share of contractual services, consistent with the provisions of Proposition 35, approved by the voters in 2000.

The Legislature, however, funded 90 percent state staff and 10 percent contract staff. Because it will take a year or more to hire and train state staff as existing staff leave,

I am concerned that this action will delay projects by a year or more and end up costing more than using contractual services. Moreover, because the funding from Proposition 1B is one-time and will be exhausted over the next four years, the hiring of new permanent state staff could lead to the need for future layoffs. An appropriate balance between state staff and contract staff will enable the state to improve its highways, roads, bridges, and railroad crossings immediately. Therefore, I am directing the Director of the Department of Transportation to take all steps necessary to deliver these projects as quickly as possible, including an increased use of contractual services beyond the level reflected in the budget action, but within the funding level the Legislature has provided.

Item 3540-001-0001—For support of Department of Forestry and Fire Protection. I reduce this item from \$560,045,000 to \$557,896,000 by reducing:

- (3) 12-Resource Management from \$62,597,000 to \$60,448,000;
- (4) 20.01-Administration from \$67,198,000 to \$66,911,000; and
- (5) 20.02-Distributed Administration from -\$66,536,000 to -\$66,249,000.

I am reducing this item by \$2,149,000. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

However, I am sustaining \$1,093,000 and 10.0 positions in the Resource Management program to fund vegetation management efforts because fuel reduction projects are a cost-effective way to reduce the number and size of catastrophic wildfires.

Item 3900-001-0044—For support of State Air Resources Board. I revise this item by reducing:

- (2) 25-Stationary Source from \$57,232,000 to \$55,232,000.

(6) Amount payable from the General Fund (Item 3900-001-0001) from -\$2,189,000 to -\$189,000.

I am revising this item to conform to the action I have taken in Item 3900-001-0001.

Item 4260-101-0001—For local assistance, Department of Health Care Services. I revise this item by reducing:

(1) 20.10.010-Eligibility (County Administration) from \$2,697,119,000 to \$2,689,743,000;

(8) Amount payable from the Federal Trust Fund (Item 4260-101-0890) from -\$21,448,993,000 to -\$21,441,617,000;

and by deleting Provision 14.

I am revising this item to conform to the action I have taken in Item 4260-101-0890.

I am also deleting Provision 14 from this item, which directs the Department of Health Care Services to provide the Legislature with specific options for improving the Medi-Cal fee-for-service program. While I share the Legislature’s interest in improving the coordination of care for Medi-Cal beneficiaries and believe that such efforts will better serve clients and reduce costs, I am deleting the provision as it would limit my discretion in developing a budget proposal.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from \$21,448,993,000 to \$21,441,617,000.

I am reducing this item by \$7,376,000 to conform to my action in Items 4170-101-0001, 4200-001-0001, 4265-111-0001, 4440-001-0001, and 5180-001-0001.

Item 4300-101-0001—For local assistance, Developmental Services. I reduce this item from \$2,384,027,000 to \$2,382,799,000 by reducing:

- (2) 10.10.020-Purchase of Services from \$3,372,900,000 to \$3,370,854,000, and
- (4) Reimbursements from -\$1,308,405,000 to -\$1,307,587,000.

I am reducing this item by \$2,046,000 (\$1,228,000 General Fund and -\$818,000 Reimbursements). This technical veto is consistent with the pass through of the January 1, 2009 federal Supplemental Security Income cost of living adjustment.

Item 4440-101-0001—For local assistance, Department of Mental Health. I reduce this item from \$480,163,000 to \$480,111,000 by reducing:

- (5) 10.97-Community Services—Healthy Families from \$24,805,000 to \$24,653,000, and

- (6) Reimbursements from -\$1,208,165,000 to -\$1,208,065,000.

I am reducing this item by \$152,000 (\$52,000 General Fund and \$100,000 Reimbursements) for the Healthy Families program. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 5180-101-0001—For local assistance, Department of Social Services. I reduce this item from \$2,808,386,000 to \$2,738,386,000 by reducing:

- (1) 16.30-CalWORKs from \$5,290,712,000 to \$5,220,712,000.

I am reducing this item by \$70,000,000 for the CalWORKs program. This funding would have been available to counties as part of their single allocation, which can be used for county administration, employment services, and child care. Even with this reduction in funding, the single allocation provided to counties still increases from 2007–08 to 2008–09. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 5180-141-0001—For local assistance, Department of Social Services. I reduce this item from \$480,516,000 to \$478,478,000 by reducing:

- (1) 16.75-County Administration and Automation Projects from \$1,194,774,000 to \$1,192,736,000.

I am reducing this item by \$2,038,000 for the Work Incentive Nutritional Supplement program. By eliminating this funding, I am delaying implementation of this program for one year. This will allow the Department of Social Services to study this program and ensure it is consistent with federal rules. Further, while this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further

ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from \$757,135,000 to \$750,727,000 by reducing:

(1) 25.30-Children and Adult Services and Licensing from \$2,151,082,000 to \$2,139,650,000;

(2) 25.35-Special Programs from \$22,682,000 to \$22,101,000;

(3) Reimbursements from -\$143,894,000 to -\$138,589,000; and

(6) Amount payable from the Federal Trust Fund (Item 5180-151-0890) from -\$1,263,716,000 to -\$1,263,416,000.

I am reducing this item by \$11,432,000 (\$6,127,000 General Fund) for the Adult Protective Services program, and by \$581,000 (\$281,000 General Fund) for the Deaf Access program. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law, and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 5180-151-0890—For local assistance, Department of Social Services. I reduce this item from \$1,263,716,000 to \$1,263,416,000.

I am reducing this item to conform to the action I have taken in 5180-151-0001 related to the Deaf Access program.

Item 5225-001-0001—For support of the California Department of Corrections and Rehabilitation. I reduce this item from \$7,173,074,000 to \$7,145,074,000 by reducing:

(8) 25-Adult Corrections and Rehabilitation Operations from \$4,974,568,000 to \$4,946,568,000.

I am directing the Secretary of the California Department of Corrections and Rehabilitation to implement a Parole Decision-Making Instrument (PDMI) that provides guidelines on how to respond to technical parole violations based on the risk-to-reoffend level of the offender and the seriousness of the violation. I believe that the use of the PDMI by parole agents will facilitate the reintegration into society of low-risk parolees by providing community-based sanctions and programs. By providing alternatives to incarceration for parolees who commit minor technical parole violations, the Department will be able to reduce prison overcrowding. Consistent with this direction, I am reducing \$22,000,000 from this item to reflect lower adult inmate population levels.

I am also reducing this item by an additional \$6,000,000 to reflect a delay in the activation of Female Rehabilitative Community Correctional Center beds that resulted from the state’s late budget.

Item 6110-001-0001—For support of Department of Education. I revise this item by reducing:

(2) 20-Instruction Support from \$174,201,000 to \$173,909,000;

(3) 30-Special Programs from \$54,659,000 to \$54,351,000; and

(9) Amount payable from Federal Trust Fund (Item 6110-001-0890) from -\$171,015,000 to -\$170,415,000.

I am revising this item to conform to the action I have taken in Item 6110-001-0890.

Item 6110-001-0890—For support of Department of Education. I reduce this item from \$171,015,000 to \$170,415,000.

I am deleting the legislative augmentation of \$600,000 federal Title I funds to enhance an evaluation of the Migrant Education program. The Budget Act of 2007 provided \$800,000 for completing a comprehensive needs assessment, developing the state educational agencies service delivery plan, and contracting for an evaluation to meet federal requirements. The appropriation provided in 2007 should be sufficient for producing a useful program evaluation.

I am deleting Provision 30 to conform to this action.

I am deleting provisional language that would appropriate \$1,200,000 of Title III funds proposed for unspecified English learner state level activities (state operations) in 2009–10 as it is premature to appropriate funds for 2009–10, for projects that have not been developed or justified.

I am deleting Provision 34 to conform to this action.

Item 6110-130-0001—For support of the Department of Education, Instructional Support. I reduce this item from \$9,035,000 to \$8,131,000.

I am reducing this item by \$904,000 for the Advancement Via Individual Determination program. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law, and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

I am revising Provision 1 to conform to this action as follows:

“1. Of the funds appropriated, ~~\$1,300,000~~ *\$1,170,000* is available for administration of the Advancement Via Individual Determination (AVID) centers.”

Item 6110-196-0001—For local assistance, Department of Education. I revise this item by deleting Provisions 4(e) and 9(b).

I am deleting Provision 4(e), which would specify principles for the State Department of Education (SDE) to follow when developing the 2008–09 expenditure plan for state and local activities to improve child care. The language is unnecessary and does not specify any clear priorities for development of the expenditure plan.

I am deleting Provision 9(b), which would restrict the start point on the family fee schedule to 40 percent of the State Median Income as adjusted for family size. This provision is inconsistent with the prior agreement reached between the Administration and the Legislature that families currently paying fees continue to do so as income eligibility is adjusted. Additionally, this language would result in lower fee revenues, increased costs in child care programs, and reduced capacity to serve children.

I am sustaining Provision 2(b), which would provide details for the expenditures of the appropriation and specify the rate limits for alternative payment and other voucher-based programs based on the 85th percentile of the 2007 Regional Market Rate Survey with an effective date of March 1, 2009. While I must sustain this provision because a statute would otherwise control the appropriation and drive the rates, I am concerned that this language will drive considerably higher costs per case in the future, similar to the rate increases experienced in 2007–08.

I am also sustaining Provision 14, which specifies intent to fully fund the third stage (Stage 3) of child care for former CalWORKS families. This intent statement duplicates statutory intent language and, while it reflects a goal to provide sufficient funds, I want to be clear that inclusion of this language in the budget bill is not a commitment to fund any deficiency that might occur.

Item 6110-202-0001—For local assistance, Department of Education. I reduce this item from \$11,742,000 to \$10,880,000 by reducing:

- (1) 30.20.010-Child Nutrition Programs from \$11,742,000 to \$10,880,000.

I am reducing this item by \$862,000. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law, and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

Item 6110-488—Reappropriation, Proposition 98, Department of Education. I revise this item from \$163,051,000 to \$146,651,000, and by deleting:

I am deleting the \$16,400,000 augmentation to Stage 2 child care to align expenditures with updated caseload estimates. With this reduction, a total of \$516,611,000 still remains in the budget to support the CalWORKs Stage 2 program which should be sufficient for the estimated caseload under the authorized eligibility, copayment, and subsidy policies.

I am revising Provision 3 to conform to this action.

“3. The sum of ~~\$163,051,000~~ *\$146,651,000* is hereby reappropriated to the State Department of Education for transfer by the Controller to Section A of the State School Fund for allocation by the Superintendent of Public Instruction for the purpose of funding CalWORKs Stage 2 child care. The amount reappropriated pursuant to this provision is for use in the 2008–09 fiscal year.”

I am deleting the one-time legislative augmentation of \$295,000 for assessments of the Oakland Unified, Vallejo City Unified, and West Fresno Elementary School Districts. Current law specifies that these emergency loan districts are responsible for the costs of these reports. Therefore, I am eliminating this augmentation.

I am deleting Provision 2 to conform to this action.

Item 6440-001-0001—For support of University of California. I reduce this item from \$3,000,920,000 to \$2,995,520,000 by decreasing:

- (1) Support from \$3,123,516,000 to \$3,118,116,000, and by revising Provisions 14 and 24 and by deleting Provision 16.

I am reducing this item by \$5,400,000 to eliminate funding that supports research on labor and employment and labor education. While this budget bill provides for a modest reserve in 2008–09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state’s structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

I am also revising Provision 24 of this item to conform as follows:

“24. Of the funds appropriated in Schedule (1), ~~\$5,400,000~~ *\$0* is to support research on labor and employment and labor education throughout the University of California system. ~~Of these funds, 60 percent shall be for labor research and 40 percent shall be for labor education.~~”

Further, while I am sustaining the Legislature’s action to earmark funding for student academic preparation and education programs (SAPEP), I am vetoing the language requiring the university to report on its use of funds for SAPEP activities. This reporting requirement would result in an expenditure increase without regard to the

availability of revenues. Nevertheless, in recognition of the Legislature's desire to obtain this information. I am instructing the President of the University of California to comply with this legislative request for this report to the extent compliance can be achieved using existing resources and without impairing the university's ability to perform its essential functions.

I am revising Provision 14 to conform as follows:

"14. Of the funds appropriated in Schedule (1), \$19,300,000 is for student academic preparation and education programs (SAPEP) and is to be matched with \$12,000,000 from existing university resources, for a total of \$31,300,000 for these programs. The University of California shall provide a plan to the Department of Finance and the fiscal committees of each house of the Legislature for expenditure of both state and university funds for SAPEP by September 1 of each year. ~~It is the intent of the Legislature that the university report on the use of state and university funds provided for these programs; including detailed information on the outcomes and effectiveness of academic preparation programs consistent with the accountability framework developed by the university in April 2005. The report shall be submitted to the fiscal committees of each house of the Legislature no later than April 1, 2009.~~"

Finally, I am deleting the legislative redirection of \$15,000,000 from funds budgeted for administrator compensation to support salary increases and a step pay system for low-wage service employees. Given the 10 percent reduction to the university's institutional support budget that was adopted by the Legislature, the University should be provided the flexibility to allocate its resources to preserve core administrative functions. Further, employee salaries should be negotiated in collective bargaining agreements between the University and its service employees.

I am deleting Provision 16 to conform to this action.

Item 7980-001-0001—For support of California Student Aid Commission. I reduce this item from \$14,206,000 to \$13,527,000 by decreasing:

(1.5) 50-California Loan Program from \$1,000,000 to \$500,000;

(3.5) 97.20.001 Unallocated Reduction from -789,000 to -1,468,000;

(4.5) Amount payable from the Student Loan Operating Fund (7980-001-0784) from -\$1,000,000 to -\$500,000; and by revising Provision 4.

I am reducing this item by \$679,000. However, I am sustaining the remaining \$111,000 legislative augmentation for the purpose of funding additional ongoing telephone system and Department of Technology Services costs that were identified after the January budget proposal. While this budget bill provides for a modest reserve in 2008-09, it fails to make the necessary statutory spending reductions and revenue increases needed to eliminate the state's structural budget deficit going forward. At the same time, constitutional requirements, federal law and court required payments drive the majority of the spending in any budget, and limit my ability to reduce spending. As a result, I have an obligation to reduce spending when my veto power is adequate to do so. Consequently—and in order to further ensure that this budget remains in balance—I am taking the difficult but necessary action reflected in this veto to further control state spending.

I am also revising Provision 4 of this item to conform to the action I have taken in Item 7980-001-0784 as follows:

"4. (a) This item reflects ~~\$1,000,000~~ \$500,000 payable from the Student Loan Operating Fund for the purpose of funding, on a limited-term basis, 6.0 positions in the Federal Policy and Programs Division. Those positions shall be continued until a sale or other authorized transaction is completed pursuant to Chapter 182 of the Statutes of 2007, which is anticipated to occur in the 2009-10 fiscal year.

(b) Additionally, this item reflects an increase of \$1,010,000 available on a one-time basis for necessary moving costs, furnishings, and equipment associated with reloca-

tion of the Student Aid Commission. Not later than August 1, 2008, the commission shall detail and submit for approval to the Department of Finance, and for informational purposes to the Chairperson of the Joint Legislative Budget Committee, all one-time costs estimated to be necessary for relocation of the commission. Any funds remaining shall be available for any expenses that may be necessary or convenient to further the intent of the sale or other authorized transaction of EdFund pursuant to Chapter 182 of the Statutes of 2007 upon the written approval of the Department of Finance.”

Item 7980-101-0001—For support of California Student Aid Commission. I revise this item by revising Provision 1.

I am deleting the legislative augmentation to Provision 1(d), which increased the number of Assumption Program of Loans for Education (APLE) awards by 800. The remaining amount of authorized awards in the budget is 7,200. I proposed fewer APLE awards to curb the growth in required APLE payments in the context of budget balancing reductions and because the Student Aid Commission has historically not utilized all the awards. This reduction is necessary to limit future ongoing expenditures in line with ongoing resources as we work towards resolving the structural budget imbalance.

I am revising Provision 1 as follows:

“1. Funds appropriated in Schedule (1) are for purposes of all of the following:

(a) Awards in the Cal Grant Program under Chapter 1.7 (commencing with Section 69430) and Article 3 (commencing with Section 69530) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code.

(b) Grants under the Law Enforcement Personnel Dependents Scholarship Program pursuant to Section 4709 of the Labor Code.

(c) California Student Opportunity and Access Program contract agreements under Article 4 (commencing with Section 69560) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code.

(d) The purchase of loan assumptions under Article 5 (commencing with Section 69612) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code. The Student Aid Commission shall issue ~~8,000~~ 7,200 new warrants.

(e) The purchase of loan assumptions under the Graduate Assumption Program of Loans for Education pursuant to Article 5.5 (commencing with Section 69618) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code.

(f) The purchase of loan assumptions under the State Nursing Assumption Program of Loans for Education (SNAPLE) Employees of State Facilities Program pursuant to Article 2 (commencing with Section 70120) of Chapter 3 of Part 42 of Division 5 of Title 3 of the Education Code.

(g) The purchase of loan assumptions under the State Nursing Assumption Program of Loans for Education (SNAPLE) pursuant to Article 1 (commencing with Section 70100) of Chapter 3 of Part 42 of Division 5 of Title 3 of the Education Code.

(h) The Student Aid Commission shall report by April 1, 2009, on the State Nursing Assumption Program of Loans for Education, pursuant to the reporting requirements of Section 70108 of the Education Code.

(i) Of the amount appropriated in Schedule (1), \$297,000 is provided for loan assumption payments to participants in the National Guard Assumption Program of Loans for Education pursuant to Article 12.5 (commencing with Section 69750) of Chapter 2 of Part 42 of the Education Code.

(j) Notwithstanding subdivision (c) of Section 69613.8 of the Education Code, any Assumption Program of Loans for Education participant who meets the requirements of subdivision (a) or (b) of Section 69613.8 of the Education Code may receive the additional loan assumption benefits authorized by those subdivisions.”

Item 8380-001-0001—For support of Department of Personnel Administration.

I am revising this item in order to correct a technical error in the Budget Bill:

- (1) 10-Classification and Compensation from \$6,442,000 to \$6,414,000;
- (2) 20-Labor Relations from \$3,480,000 to \$3,464,000;
- (3) 25-Legal from \$7,947,000 to \$7,919,000;
- (5) 40.02-Distributed Administration from -\$4,457,000 to -\$4,370,000; and
- (6) 54-Benefits Administration from \$32,972,000 to \$32,957,000.

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 88.

- 500 Paragraph 1 of subdivision a shall be implemented only to the extent that funds for these purposes are appropriated by the Legislature in the annual Budget Act or other statute.
- 501 Effective upon the adoption by the voters of the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, as set forth in Section 2 of this act Ch. 20 commencing with Sec. 2704, Div. 3, SHC.
- 502 This section shall become inoperative on the operative date of any regulation adopted by the California Integrated Waste Management Board relating to “inert waste removed from the solid waste stream and not disposed of in a solid waste landfill,” as defined in subdivision a2, if that regulation includes procedures to facilitate the counting of the inert waste for purposes of the disposal reporting system established under PRC Section 41821.5 when that inert waste is placed in a mine reclamation facility as fill material, and, as of January 1 immediately following that operative date, is repealed.
- 503 Repeal operative January 1, 2010. However, if the Franchise Tax Board estimates by September 1 that contributions described in this article RTC Art. 3 Sec. 18721 et seq. made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 2001, or the adjusted amount specified in RTC 18724c for any subsequent taxable year, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 504 Inoperative January 1, 2008.
- 505 Not operative unless and until a memorandum of understanding has been agreed to by the state employer and the recognized employee organization making this section applicable to those members described in subdivision a.
- 506 Operative March 1, 2003.
- 507 This section prevails over Section 10540 of the Water Code, as added by Chapter 767 of the Statutes of 2002.
- 509 Subdivision b operative January 1, 2005.
- 510 Operative only if the Housing and Emergency Shelter Trust Fund Act of 2002, approved by voters at November 5, 2002, election, Prop. 46, contains authority to use bond proceeds for the purposes of this act.
- 511 Inoperative March 1, 2004.
- 512 Operative March 1, 2004.
- 513 Operative July 1, 2004.
- 514 Except as provided in Article 6 commencing with Section 23100 of Chapter 3 of Division 10 of the Financial Code, the provisions of Division 10 commencing with Section 23000 of the Financial Code shall become effective on January 1, 2003, and shall become operative on March 1, 2004. However, the Commissioner of Corporations shall have the power and authority to implement the provisions of Division 10 prior to March 1, 2004.
- 515 This section shall become operative only as provided in a declaration of the State Director of Social Services that federal Food Stamp Program waivers have been granted and specifying a date upon which counties shall implement this act.
- 516 Subdivision e of this section shall become inoperative June 1, 2005.
- 517 Subdivision c operative July 1, 2003.
- 518 Effective July 1, 2003.
- 519 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, added, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during

- the 2003 calendar year and takes effect on or before January 1, 2004, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 520 Implementation subject to the provision of funds for the purposes of this section in the Budget Act of 2002 or in another statute enacted during the 2001–02 Regular Session.
- 521 Implemented only during fiscal years for which an appropriation is provided for the purposes of this section in the annual Budget Act or in another statute.
- 523 Inoperative January 1, 2004, if the actual reserve balance in the Dealers' Record of Sale Special Account is \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice. If the reserve balance is not equal to \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice, these provisions shall become inoperative when the Department of Justice determines that the actual reserve balance in the Dealers' Record of Sale Special Account equals \$1,000,000 or more.
- 524 Operative January 1, 2004, if the actual reserve balance in the Dealers' Record of Sale Special Account is \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice. If the reserve balance is not equal to \$1,000,000 or more on January 1, 2004, as determined by the Department of Justice, these provisions shall become operative when the Department of Justice determines that the actual reserve balance in the Dealers' Record of Sale Special Account equals \$1,000,000 or more.
- 525 The amendments to paragraph 1 of subdivision e made by this act shall be retroactive to June 30, 2002.
- 526 This section shall be implemented only to the extent sufficient funds for this purpose are appropriated by the Legislature in the annual Budget Act or other statute, or sufficient funds, as determined by the State Department of Mental Health, for the purposes of this section have been received pursuant to subdivision d.
- 527 In effect until July 1, 2004.
- 528 This section shall prevail over same-numbered section as added by Chapter 812 of the Statutes of 2002.
- 529 Operation of subdivision a shall be suspended for the 2002–03 fiscal year.
- 530 Subdivision e shall not be operative if the total level of federal Community Services Block Grant funds is reduced more than 3.5 percent below the amount appropriated in the annual Budget Act.
- 531 Inoperative from July 1, 2002, to July 1, 2003, inclusive.
- 532 Inoperative March 31, 2005.
- 533 The amendments made to this section by the act adding this subdivision shall become operative six months after the date that act takes effect.
- 534 Operative only until the effective date of the Budget Act of 2003 or June 30, 2003, whichever occurs later, and, as of January 1, 2004, is repealed.
- 535 Not effective.
- 536 Amended by Governor's Reorganization Plan No. 1 of 2002. Effective July 2, 2002.
- 537 Added by Governor's Reorganization Plan No. 1 of 2002. Effective July 2, 2002.
- 538 Operative June 1, 2003.
- 539 Inoperative June 1, 2003.
- 540 Operative upon the effective date of Chapter 3 of the Statutes of 2003.
- 541 Inoperative June 30, 2009.
- 542 Inoperative July 1, 2036.
- 543 Operative January 1, 2037.
- 544 Inoperative on the effective date of this act.
- 545 Operation of subdivision a shall be suspended for the 2003–04, 2004–05, and 2005–06 fiscal years.
- 546 Inoperative July 1, 2013.
- 547 Repeal operative January 1, 2014.
- 548 Subdivisions b, c, and d inoperative for the 2003–04 fiscal year, pursuant to Section 43 of Chapter 227 of the Statutes of 2003.
- 549 Repeal operative July 1, 2010.

- 550 Subdivision d shall become inoperative upon full repayment or discharge of all moneys loaned from the California Teleconnect Fund Administrative Committee Fund in the Budget Act of 2003.
- 551 Subdivision a inoperative from July 1, 2003, to June 30, 2006, inclusive.
- 552 Paragraph 1 of subdivision a operative until June 30, 2004.
- 553 Repeal operative January 1, 2009. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article RTC Art. 14 Sec. 18851 et seq. made on returns filed in that calendar year will be less than \$250,000 for taxable years beginning in 1999, or the adjusted amount specified in RTC 18855c for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
- 554 Paragraph 1 of subdivision j operative until June 30, 2004.
- 555 Operative only if moneys are appropriated for each of the following purposes: a providing nutrition policy development grants pursuant to subdivision c of Section 49433; b support and technical assistance to school districts pursuant to Section 49433.5; c increasing meal reimbursements pursuant to Section 49430.5.
- 556 Operative September 1, 2004.
- 557 Operative October 1, 2004.
- 558 Repeal operative June 30, 2004.
- 559 Operative on January 1, 2004, except that benefits shall be payable for family temporary disability insurance claims commencing on or after July 1, 2004.
- 561 Any section of any act enacted by the Legislature during the 2003 calendar year that takes effect on or before January 1, 2004, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act, with the exception of Chapter 62 of the Statutes of 2003, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2003 calendar year and takes effect on or before January 1, 2004, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
- 562 Operative July 1, 2007.
- 563 Paragraph 1 of subdivision c and subdivision d inoperative on the date on which all bonds and ancillary obligations issued pursuant to this title are not outstanding, as certified by the Director of Finance pursuant to paragraph 1 of subdivision b of Section 99006.
- 564 If the amendments to paragraph 2 of subdivision b of Section 104557 of the Health and Safety Code made by Section 3 of this act are held by a court of competent jurisdiction to be unconstitutional, Section 3 of this act shall be deemed repealed, and paragraph 2 of subdivision b of Section 104557 of the Health and Safety Code shall be deemed to be in the form as it existed prior to the amendments made to that section by Section 3 of this act. Neither a holding of unconstitutionality of the provisions of Section 3 of this act, nor an implied repeal of the amendments to paragraph 2 of subdivision b of Section 104557 of the Health and Safety Code made by Section 3 of this act shall affect, impair, or invalidate any other portion of Section 104557 of the Health and Safety Code, or the application of that section to any other person or circumstance, and those remaining portions of Section 104557 of the Health and Safety Code shall at all times continue in full force and effect.
- 565 Paragraph 11 of subdivision a not operative if the California State Board of Pharmacy, prior to January 1, 2006, adopts regulations that mandate the same labeling requirements set forth in this paragraph.

## Charter Chapter 1—City of Merced

***Amendments to the Charter of the City of Merced***

[Filed with the Secretary of State February 19, 2008.]

Section 200 of Article II, “Powers,” of the Merced City Charter is hereby amended to read as follows:

Sec. 200. Powers.

The City shall have the power to make and enforce all laws and regulations in respect to municipal affairs, subject only to such restrictions and limitations as may be provided in this Charter and in the Constitution of the State of California. It shall also have the power to exercise any and all rights, powers and privileges heretofore or hereafter established, granted or prescribed by any law of the State, by this Charter, or by other lawful authority, or which a municipal corporation might or could exercise under the Constitution of the State of California. The enumeration in this Charter of any particular power shall not be held to be exclusive of, or any limitation upon, this general grant of power.

To the fullest extent allowed by the Constitution of the State of California, the City hereby establishes its plenary authority in all forms of contracting, specifically exempts itself from the provisions of the California Public Contract Code and specifically reserves the right to determine the manner in which it contracts for public works.

Section 400 of Article IV, “Number and Term,” of the Merced City Charter is hereby amended to read as follows:

Sec. 400. Number and Term.

A. The City Council shall consist of a Mayor and six City Council Members elected from the City at large at the times and in the manner provided in this Charter.

B. The Mayor shall serve a term of two (2) years and until his/her successor is elected and qualified. The Mayor shall be limited to no more than two, two-year terms. For purposes of this subsection, a “term” shall be defined to include serving fifty percent plus one day of a term as Mayor, while service as Mayor for fifty percent or less of a term shall not constitute a term for purposes of term limits.

C. Individual City Council Members shall serve a term of four (4) years and until his/her successor is elected and qualified. Individual City Council Members shall be limited to no more than two, four-year terms. For purposes of this subsection, a “term” shall be defined to include serving fifty percent plus one day of a term as a City Council Member, while service as a City Council Member for fifty percent or less of a term shall not constitute a term for purposes of term limits.

D. Once the Mayor or an individual City Council Member has served the maximum number of terms in that respective office, he/she shall be ineligible to be elected or appointed to that office again.

Section 401 of Article IV, “Eligibility,” of the Merced City Charter is hereby amended to read as follows:

Sec. 401. Eligibility.

No person shall be eligible to hold office as the Mayor or as a Member of the City Council unless he/she is a qualified elector of the City.

Section 403 of Article IV, “Vacancies” of the Merced City Charter is hereby amended to read as follows:

Sec. 403. Vacancies.

A. A vacancy in the office of the Mayor, from whatever cause arising, shall be filled by appointment by the City Council from qualified electors in the City. In the event the City Council shall fail to fill the vacancy by appointment within thirty days after the Mayor’s office shall have been declared vacant, the City Council shall forthwith cause an election to be held to fill the vacancy. The election may be conducted by mail-ballot under this Charter.

B. Any City Council Member appointed or elected to fill a vacancy under subsection A above shall resign as a City Council Member, or his/her office shall automatically be deemed vacated, upon being sworn-in as Mayor and he/she shall serve out the remainder of the unexpired term of the Mayor.

C. A vacancy in the office of a City Council Member, from whatever cause arising, shall be filled by appointment by the City Council from qualified electors in the City, and the appointee shall hold office until the first Tuesday following the next general municipal election and until his/her successor is elected and qualified. In the event the City Council shall fail to fill a vacancy of a City Council Member by appointment within thirty days after such office shall have been declared vacant, the City Council shall forthwith cause an election to be held to fill the vacancy. The election may be conducted by mail-ballot under this Charter. At the next general municipal election following any vacancy, a City Council Member shall be elected to serve the remainder of the unexpired term, if any.

D. If the Mayor or any Member of the City Council absents himself/herself from all regular meetings of the City Council for a period of sixty days consecutively from and after the last regular City Council meeting attended by the Mayor or such Member respectively, unless by permission of the City Council expressed in its official minutes, his/her office shall become vacant and shall be so declared by the City Council. The vacancy shall be filled pursuant to this Section.

E. If the Mayor or any Member of the City Council is convicted of a felony or a crime involving moral turpitude, his/her office shall become vacant and shall be so declared by the City Council. The vacancy shall be filled pursuant to this Section.

Section 404 of Article IV, “Presiding Officer-Mayor,” of the Merced City Charter is hereby amended to read as follows:

Sec. 404. Presiding Officer—Mayor.

A. The Mayor shall have a voice and vote in all proceedings of the City Council. He/She shall be the official head of the City for all ceremonial purposes. He/She

shall perform such other duties as may be prescribed by this Charter or as may be imposed by the City Council consistent with his/her office.

B. The City Council shall also designate one of its Members as Mayor Pro-Tempore who shall serve in such capacity at the pleasure of the City Council. The Mayor Pro-Tempore shall perform the duties of the Mayor during his/her absence or disability.

Section 406 of Article IV, “Interference in Administrative Service,” of the Merced City Charter is hereby amended to read as follows:

Sec. 406. Interference in Administrative Service.

Neither the Mayor nor any Member of the City Council shall order, directly or indirectly, the appointment by the City Manager, or by any of the department heads in the administrative service of the City, of any person to an office or employment or his/her removal therefrom. Except for the purpose of inquiry, the Mayor and Members of the City Council shall deal with the administrative service under the City Manager solely through the City Manager and neither the Mayor nor any Member of the City Council shall give orders to any subordinates of the City Manager, either publicly or privately.

Section 408 of Article IV, “Special Meetings,” of the Merced City Charter is hereby amended to read as follows:

Sec. 408. Special Meetings.

Special meetings may be called and held in accordance with and pursuant to the general laws of the State.

Section 409 of Article IV, “Place of Meetings,” of the Merced City Charter is hereby amended to read as follows:

Sec. 409. Place of Meetings.

Regular meetings of the City Council shall be held in the City Council Chambers of the City Hall and shall be open to the public. If, by reason of fire, flood or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place as is designated by the Mayor, or, if he/she should fail to act, by four Members of the City Council. Special meetings may be held in the City Council Chambers of the City Hall or in any other location within the City limits so long as the location is publicly accessible and properly noticed.

Section 410 of Article IV, “Quorum—Proceedings,” of the Merced City Charter is hereby amended to read as follows:

Sec. 410. Quorum—Proceedings.

A. Four Members of the City Council shall constitute a quorum to do business but a less number may adjourn from time to time. In the absence of all of the Members of the City Council from any regular meeting, the City Clerk may declare the same adjourned to a stated day and hour. Notice and call of regular, adjourned regular, special, and emergency meetings shall comply with the general laws of the State.

B. The City Council may establish rules for the conduct of its proceedings and evict or prosecute any Member or other person for disorderly conduct at any meeting. Such disorderly conduct at any meeting shall constitute a misdemeanor.

C. Each Member of the City Council shall have the power to administer oaths and affirmations in any investigation or proceeding pending before the City Council.

D. The City Council shall have the power and authority to compel the attendance of witnesses, to examine them under oath and to compel the production of evidence before it. Subpoenas may be issued in the name of the City and be attested by the City Clerk. Disobedience of such subpoenas, or the refusal to testify (upon other than Constitutional grounds), shall constitute a misdemeanor, and shall be punishable in the same manner as violations of this Charter are punishable.

E. The City Council shall cause the City Clerk to keep a correct record of all its proceedings and at the demand of any Member of the City Council, or upon the adoption of any Ordinance, Resolution, or order for the payment of money, the City Clerk shall call the roll to be taken by either voice or electronic means so long as the vote when counted is publicly visible and shall cause the ayes and noes taken on such question to be entered in the minutes of the meeting.

Section 411 of Article IV, "Public Participation," of the Merced City Charter is hereby amended to read as follows:

Sec. 411. Public Participation.

No person shall be denied the right personally, or through counsel, to present grievances at any regular meeting of the City Council, or offer suggestions for the betterment of municipal affairs. At special or emergency meetings, grievances and comments shall be limited to the topic of the special or emergency meeting. The City Council may, by majority vote, suspend this limitation at any special or emergency meeting.

Section 412 of Article IV, "Adoption of Ordinances and Resolutions," of the Merced City Charter is hereby amended to read as follows:

Sec. 412. Adoption of Ordinances and Resolutions.

With the sole exception of Ordinances, which take effect upon adoption, referred to in this Article, no Ordinance shall be adopted by the City Council on the day of its introduction, nor within five days thereafter, nor at any time other than at a regular or adjourned regular meeting. At the time of adoption of an Ordinance or Resolution, it shall be read in full unless after the reading of the title or a summary of the title thereof, the further reading thereof is waived by a majority of the City Council Members present. In the event that any Ordinance is altered after its introduction, the same shall not be finally adopted except at a regular or adjourned regular meeting held not less than five days after the date upon which such Ordinance was so altered. The correction of typographical or clerical errors shall not constitute the making of an alteration within the meaning of the foregoing sentence.

No order for the payment of money shall be adopted or made at any other than a regular or adjourned regular meeting, except that the same may be authorized at an emergency meeting when the order for the payment of money is necessary to mitigate the emergency.

Unless a higher vote is required by other provisions of this Charter, the affirmative votes of at least four Members of the City Council shall be required for the enactment of any Ordinance or Resolution, or for the making or approving of any order for the payment of money. All Ordinances and Resolutions shall be signed by the Mayor, attested by the City Clerk, and approved as to legal form by the City Attorney.

Any Ordinance declared by the City Council to be necessary as an emergency measure for preserving the public peace, health, or safety, and containing a statement of the reasons for its urgency, may be introduced and adopted at one and the same meeting if passed by at least five affirmative votes.

Section 414 of Article IV, "Ordinances—Publication," of the Merced City Charter is hereby amended to read as follows:

Sec. 414. Ordinances—Publication.

When publication of the full text of an Ordinance would not otherwise be required by the general laws of the State, the City Clerk shall cause a single publication in the City's official newspaper to occur at least three (3) days prior to the Ordinance's introduction, setting forth the title of the Ordinance, a brief summary of the Ordinance and listing two (2) places where copies of the full text of the proposed Ordinance are available—including the Internet.

Upon adoption, a summary of the Ordinance shall be published at least once in the City's official newspaper within fifteen days after its adoption setting forth the title of the Ordinance, the date of its adoption, those Members of the City Council voting for, against, abstaining, or absent, and listing two (2) places in the City where copies of the full text of the Ordinance are available—including the Internet.

In the event the proposed Ordinance is concise, the City Clerk may elect to publish the full text of the Ordinance in lieu of a summary.

Section 415 of Article IV, "Codification of Ordinances," of the Merced City Charter is hereby amended to read as follows:

Sec. 415. Codification of Ordinances.

Any or all Ordinances of the City which have been enacted and published in the manner required at the time of their adoption, and which have not been repealed, may be compiled, consolidated, revised, indexed and arranged as a comprehensive Ordinance Code, and such Code may be adopted by reference by the passage of an Ordinance for such purpose. Such Code need not be published in the manner required for other Ordinances, but not less than two copies thereof shall be filed with the City Clerk. One copy shall be retained as an official record of the City and the other copy shall be available for use and examination by the public in the Office of the City Clerk. Ordinances codified shall be repealed as of the effective

date of the Code. Subsequent amendments to sections of the Code shall be enacted in the same manner as herein required for the amendment of Ordinances generally.

Detailed regulations pertaining to any subject such as the construction of buildings, plumbing, wiring or other subjects which require extensive regulations, after having been arranged as a comprehensive Code, may likewise be adopted by reference in the manner provided in this Section.

Section 416 of Article IV, "Ordinances—When Effective," of the Merced City Charter is hereby amended to read as follows:

Sec. 416. Ordinances—When Effective.

No Ordinance shall become effective until thirty days from and after the date of its adoption, except the following which shall take effect upon adoption:

- A. An Ordinance calling or otherwise relating to an election;
- B. An improvement proceeding Ordinance adopted under some law or procedural Ordinance;
- C. An Ordinance declaring the amount of money necessary to be revised by taxation, or fixing the rate of taxation, or levying the annual tax upon property; or,
- D. An emergency or urgency Ordinance adopted in the manner provided for in this Article.

Section 417 of Article IV, "Ordinance—Violation—Penalty," of the Merced City Charter is hereby amended to read as follows:

Sec. 417. Ordinance—Violation—Penalty.

A violation of any Ordinance of the City shall constitute a misdemeanor unless by that Ordinance it is specifically designated as an infraction. Such violation may be prosecuted in the name of the People of the State of California and/or may be redressed through administrative and/or civil remedies.

Any violation of any Ordinance may, in the discretion of the City Attorney, acting as the City Prosecutor, be charged as, prosecuted as, or reduced to an infraction.

The maximum fine or penalty for any violation of a City Ordinance which is an infraction shall be the sum of five-hundred dollars. The maximum penalty for any violation of a City Ordinance which is a misdemeanor shall be the sum of one-thousand dollars or a term of imprisonment for a period not exceeding one year, or both such fine and imprisonment.

Section 419 of Article IV, "Publishing of Legal Notices," of the Merced City Charter is hereby amended to read as follows:

Sec. 419. Publishing of Legal Notices.

In the event that there is more than one newspaper of general circulation published in the City, the City Council, at least once every three (3) years, shall cause a notice to be published inviting bids and contracts for the publication of all legal notices or other matter required to be published in a newspaper of general circulation published and circulated in said City during the ensuing fiscal years. In the

event there is only one newspaper of general circulation published in the City, then the City Council shall have the power to contract with such newspaper for the printing and publishing of such legal notices without being required to advertise for bids therefor. The newspaper with which any such contract is made shall be designated the official newspaper for the publication of such notices or other matter for the period of such contract.

In no case shall the contract prices for such publication exceed the customary rates charged by such newspaper for the publication of legal notices of a private character.

In the event there is no newspaper of general circulation published and circulated in the City, then all legal notices or other matter may be published by posting copies thereof in at least three public places in the City.

No defect or irregularity in proceedings taken under this Section, or failure to designate an official newspaper, shall invalidate any publication where the same is otherwise in conformity with this Charter or law or Ordinance.

Section 420 of Article IV, "Acceptance of Other Office," of the Merced City Charter is hereby amended to read as follows:

Sec. 420. Acceptance of Other Office.

Any elective official of the City who shall accept or retain any salaried public office or employment with the City, or any office or employment with another public agency having duties, obligations and/or loyalties inconsistent with his/her duties, obligations and/or loyalties to the City, except as provided in this Charter, shall be deemed thereby to have vacated his/her elected office under the City government.

Section 500 of Article V, "City Manager," of the Merced City Charter is hereby amended to read as follows:

Sec. 500. City Manager.

The City Council shall appoint the City Manager who shall be chosen on the basis of his/her administrative qualifications. He/She shall be paid a salary commensurate with his/her responsibilities as chief administrative officer of the city.

The City Manager may be removed from office by motion of the City Council adopted by at least five affirmative votes.

No City Council Member shall be eligible to receive appointment as City Manager during the term for which he/she shall have been elected, or appointed, nor within one year after the expiration of his/her term.

Section 501 of Article V, "City Manager—Powers and Duties," of the Merced City Charter is hereby amended to read as follows:

Sec. 501. City Manager—Powers and Duties.

The City Manager shall be the chief administrative officer and the head of the administrative branch of the City government. He/She shall be responsible to the City Council for the proper administration of all affairs of the City. Without limiting the foregoing general grant of powers, responsibilities and duties, the City Manager shall have power and be required to:

A. Appoint and remove all department heads and officers of the City except those officers the power of appointment of whom is vested in the City Council, and pass upon and approve all proposed appointments and removals of subordinate employees by all officers and department heads;

B. Prepare the budget annually and submit it to the City Council and be responsible for its administration after adoption;

C. Prepare and submit to the City Council as of the end of the fiscal year a complete report on the finances and administrative activities of the City for the preceding year;

D. Keep the City Council advised of the financial condition and future needs of the City and make such recommendations as may seem to him/her desirable;

E. Enforce the laws of the State pertaining to the City, the provisions of this Charter and the Ordinances of the City; and,

F. Perform such other duties as may be prescribed by this Charter or required of him/her by the City Council, not inconsistent with this Charter.

Section 503 of Article V, “Manager Pro-Tempore,” of the Merced City Charter is hereby amended to read as follows:

Sec. 503. Manager Pro-Tempore.

The City Manager shall appoint one of the other officers or department heads of the City to serve as Manager Pro-Tempore during any temporary absence or disability of the City Manager.

Section 600 of Article VI, “Officers to be Appointed by the City Council,” of the Merced City Charter is hereby amended to read as follows:

Sec. 600. Officers to be Appointed by the City Council.

In addition to the City Manager, the City Council shall appoint the City Attorney, Finance Officer, and City Clerk, who shall serve at the pleasure of the City Council and may be removed by motion of the City Council adopted by at least four affirmative votes.

Section 602 of Article VI, “City Clerk—Powers and Duties,” of the Merced City Charter are hereby amended to read as follows:

Sec. 602. City Clerk—Powers and Duties.

The City Clerk shall have power and be required to:

A. Attend all meetings of the City Council and be responsible for the recording and maintaining of a full and true record of all of the proceedings of the City Council in books, records, or documents and media in other appropriate forms, that shall bear appropriate titles and be devoted to such purpose;

B. Maintain separate books, records, or documents and media in other appropriate forms, in which shall be recorded respectively all Ordinances and Resolutions, with the Certificate of the Clerk annexed to each thereof stating the same to be the original or a correct copy, and as to an Ordinance requiring publication, stating that the same has been published or posted in accordance with this

Charter. The City Clerk shall keep all books, records, or documents and media in other appropriate forms, properly indexed and open to public inspection when not in actual use;

C. Maintain separate books, records, or documents and media in other appropriate forms, in which a record shall be made of all written contracts and official bonds;

D. Be the custodian of the seal of the City;

E. Administer oaths or affirmations, take affidavits and depositions pertaining to the affairs and business of the City and certify copies of official records; and,

F. Have charge of all City elections.

Section 603 of Article VI, “City Attorney—Powers and Duties,” of the Merced City Charter are hereby amended to read as follows:

Sec. 603. City Attorney—Powers and Duties.

To become eligible to be appointed as the City Attorney, the person appointed shall be an attorney-at-law duly licensed as such under the laws of the State of California. He/She shall have been engaged in the practice of law for at least five years prior to his/her appointment. The City Attorney shall have power and be required to:

A. Represent and advise the City Council and all City officers in all matters of law pertaining to their offices;

B. Represent and appear for the City and any City officer or employee, or former City officer or employee, in any or all actions and proceedings in which the City or any such officer or employee, in or by reason of his/her official capacity, is concerned or is a party, but the City Council shall have control of all legal business and proceedings and may employ other attorneys to take charge of any litigation or matter or to assist the City Attorney therein;

C. Attend all regular meetings of the City Council and give his/her advice or opinion in writing whenever requested to do so by the City Council or by any of the boards, commissions, or officers of the City;

D. Approve the form of all bonds given to, and all contracts made by the City, endorsing his/her approval thereon in writing;

E. Prepare any and all proposed Ordinances or Resolutions for the City, and amendments thereto and approve the same as to legal form;

F. Prosecute on behalf of the People of the State of California as the City Prosecutor such criminal cases for violations of this Charter and of City Ordinances as in his/her opinion, warrant his/her attention;

G. Devote such time to the duties of his/her office as may be specified in the Ordinance or Resolution fixing the compensation for such office; and,

H. On vacating the office, surrender to his/her successor all books, papers, files, and documents in whatever form they exist pertaining to the City’s affairs.

Section 604 of Article VI, “Finance Officer—Powers and Duties,” of the Merced City Charter are hereby amended to read as follows:

Sec. 604. Finance Officer—Powers and Duties.

The Finance Officer shall have power and be required to:

A. Have charge of the administration of the financial affairs of the City under the direction of the City Manager;

B. Compile the budget expense and revenue estimates for the City Manager;

C. Supervise and be responsible for the disbursement of all moneys and have control over all expenditures to insure that budget appropriations are not exceeded; audit all purchase orders before issuance; audit and approve before payment, all bills, invoices, payrolls, demands or charges against the City government and, with the advice of the City Attorney, when necessary, determine the regularity, legality and correctness of such claims, demands or charges;

D. Maintain a general accounting system for the City government and each of its offices, departments and agencies;

E. Keep separate accounts for the items of appropriation contained in the City budget, each of which accounts shall show the amount of the appropriation, the amounts paid therefrom, the unpaid obligations against it and the unencumbered balance; require reports of the receipts and disbursements from each receiving and expending agency of the City government to be made daily or at such intervals as he/she may deem expedient;

F. Submit to the City Council and the City Manager a monthly statement of all receipts and disbursements in sufficient detail to show the exact financial condition of the City; and as of the end of each fiscal year, submit a complete financial statement and report;

G. Collect all taxes, assessments, license fees and other revenues of the City, or for whose collection the City is responsible, and receive all money receivable by the City from the county, state or federal government, or from any court, or from any office, department or agency of the City;

H. Have custody of all public funds belonging to or under the control of the City or any office, department, or agency of the City government, and deposit all funds coming into his/her hands in such depository as may be designated by Resolution of the City Council, or, if no such Resolution be adopted, by the City Manager, and in compliance with all of the provisions of the State Constitution and laws of the State, governing the handling, depositing and securing of public funds;

I. Supervise the keeping of current inventories of all property of the City by all City departments, offices and agencies;

J. Establish a centralized purchasing system for all City offices, departments and agencies; and,

K. Prepare rules and regulations governing the contracting for, purchasing, storing, distribution, or disposal of all supplies, materials and equipment required by any office, department or agency of the City government and recommend them

to the City Manager and the City Council for adoption by Ordinance; and prepare administrative policies and procedures implementing this Section and recommend them for review and approval by the City Manager.

Section 605 of Article VI, “Duties of Officers and Employees,” of the Merced City Charter is hereby amended to read as follows:

Sec. 605. Duties of Officers and Employees.

The City Council, by Ordinance, may assign additional functions or duties to offices, departments or agencies established by this Charter, but may not discontinue or assign to any other office, department or agency any function or duty assigned by this Charter to a particular office, department or agency.

Where the positions are not incompatible, the City Council may combine in one person the powers and duties of two or more offices created or provided for in the Charter. No office provided in this Charter, to be filled by appointment by the City Manager, may be combined with an office provided in this Charter to be filled by appointment by the City Council.

Notwithstanding the foregoing, the City Council may transfer or consolidate functions of the City government to or with appropriate functions of the State or County government and in case of any such transfer or consolidation, the provisions of this Charter providing for the function of the City government so transferred or consolidated, shall be deemed suspended during the continuance of such transfer or consolidation, to the extent that such suspension is made necessary or convenient and is set forth in the Ordinance establishing such transfer or consolidation. Any such transfer or consolidation may be repealed by Ordinance.

Section 606 of Article VI, “Administering Oaths,” of the Merced City Charter is hereby amended to read as follows:

Sec. 606. Administering Oaths.

Each department head and his/her deputies shall have the power to administer oaths and affirmations in connection with any official business pertaining to his/her department.

Section 607 of Article VI, “Department Heads—Appointment Powers,” of the Merced City Charter is hereby amended to read as follows:

Sec. 607. Department Heads—Appointment Powers.

Each department head shall have the power to appoint and remove such deputies, assistants, subordinates and employees as are provided for by the City Council for his/her department, subject to the personnel provisions of this Charter and the rules and regulations promulgated thereunder, and subject to the approval of the City Manager being first had and received.

Section 608 of Article VI, “Illegal Contracts—Financial Interest,” of the Merced City Charter is hereby repealed in its entirety.

Section 609 of Article VI, "Acceptance of Elected Office" is hereby amended to read as follows:

Sec. 609. Acceptance of Elected Office.

No employee may be sworn into office as the elected or appointed Mayor or Member of the City Council of the City unless he/she resigns as an employee. If the employee does not resign, his/her employment shall automatically terminate upon his/her being sworn into office.

Section 610 of Article VI, "Nepotism," is hereby amended to read as follows:

Sec. 610. Nepotism.

The City Council shall not appoint to a salaried position under the City government any person who is a relative by blood or marriage within the third degree, as defined under the common law, of any one or more Members of such City Council and neither shall any officer having appointive power appoint any relative within such degree to any such position.

Section 611 of Article VI, "Official Bonds," is hereby amended to read as follows:

Sec. 611. Official Bonds.

The City Council shall fix by Ordinance the amounts and terms of the official bonds of all officials or employees who are required by this Charter or by Ordinance to give such bonds. All bonds shall be executed by responsible corporate surety, shall be approved as to form by the City Attorney, and shall be filed with the City Clerk. Premiums on official bonds shall be paid by the City.

There shall be no personal liability upon or any right to recover against a superior officer or his/her bond for any wrongful act or omission of his/her subordinates unless such superior officer was a party to or conspired in such wrongful act or omission.

Section 612 of Article VI, "Oath of Office," is hereby amended to read as follows:

Sec. 612. Oath of Office.

The Mayor and each Member of the City Council and of every board and commission and each officer and department head and all City employees, before entering upon the discharge of the duties of his/her office, shall take, subscribe to and file with the City Clerk the following oath or affirmation:

"I, \_\_\_\_\_, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of the State of California; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter."

The oath or affirmation shall be administered by the City Clerk, or his/her appointed deputies.

Section 702 of Article VII, “Appointments—Terms,” of the Merced City Charter is hereby amended to read as follows:

Sec. 702. Appointments—Terms.

The members of each of such boards or commissions shall be appointed by motion of the City Council adopted by at least four affirmative votes, and shall be subject to removal by motion of the City Council adopted by at least five affirmative votes. The members thereof shall serve for a term of four years and until their respective successors are appointed and qualified. For purposes of this Section and Section 702.1, a “term” shall be defined to include serving fifty percent plus one day of a term as a board member or commissioner on a particular board or commission, while service as a board member or commissioner on a particular board or commission for fifty percent or less of a term shall not constitute a term for purposes of term limits in Section 702.1 hereof.

Section 703 of Article VII, “Existing Boards,” of the Merced City Charter is hereby repealed in its entirety.

Section 704 of Article VII, “Meetings—Chair,” is hereby amended to read as follows:

Sec. 704. Meetings—Chair.

As soon as practicable, following the first day of July of every year, each of such boards and commissions shall organize by electing one of its members to serve as presiding officer at the pleasure of such board or commission. Each board or commission shall hold regular meetings as required by Ordinance of the City Council, and such special meetings as it may require. All proceedings shall be open to the public.

A majority of the entire membership of such board or commission shall constitute a quorum to conduct business. The affirmative vote of a majority of the quorum present shall be necessary for the board or commission to take action unless otherwise required by an applicable statute.

The City Manager shall designate a secretary to record the minutes for each of such boards and commissions, and to keep a record of its proceedings and transactions. The boards and commissions shall follow the rules and regulations prescribed by and governing the City Council, copies of which shall be kept on file in the Office of the City Clerk where they shall be available for public inspection. The boards and commissions shall have the same power as the City Council to compel the attendance of witnesses, to examine them under oath and to compel the production of evidence before them.

Section 705 of Article VII, “Compensation—Vacancies,” is hereby amended to read as follows:

Sec. 705. Compensation—Vacancies.

The members of boards and commissions shall serve without compensation for their services as such, but shall receive reimbursement pursuant to a reimbursement policy adopted by the City Council for necessary traveling and other expenses incurred on official duty when such expenditures have received authorization by

the City Council and the member meets the criteria and the reporting requirements for reimbursement under the policy.

Any vacancies in any board or commission, from whatever cause arising, shall be filled by appointment by the City Council. Upon a vacancy occurring leaving an unexpired portion of a term, any appointment to fill such vacancy shall be for the unexpired portion of such term. If a member of a board or commission absents himself/herself from three regular meetings of such board or commission, consecutively, unless by permission of such board or commission expressed in its official minutes, or is convicted of a felony or a crime involving moral turpitude, or ceases to be a qualified elector of the City, his/her office shall become vacant and shall be so declared by the City Council.

Section 707 of Article VII, "Planning Commission," of the Merced City Charter is hereby amended to read as follows:

Sec. 707. Planning Commission.

There shall be a City Planning Commission consisting of seven members to be appointed by the City Council from the qualified electors of the City, none of whom shall hold any paid office or employment in the City government. The number of members to comprise the commission may be changed by Ordinance of the City Council to not less than five nor more than nine members.

The services of the City Engineer, City Attorney, Chief Building Official, Director of Development Services and other City staff shall be made available to such commission.

Section 708 of Article VII, "Planning Commission—Powers and Duties," of the Merced City Charter is hereby amended to read as follows:

Sec. 708. Planning Commission—Powers and Duties.

The Planning Commission shall have power to:

A. Recommend to the City Council after a public hearing thereon, the adoption, amendment, approval, or repeal of any matter pertaining to annexation, land subdivision, development, planning, zoning, general plan, master plan, specific plan, or any part thereof, including all necessary environmental review accompanying such matter, for the physical development of the City; and,

B. Exercise such functions with respect to those matters as may be prescribed by the City Council by Ordinance or Resolution.

Section 709 of Article VII, "Personnel Board," of the Merced City Charter is hereby amended to read as follows:

Sec. 709. Personnel Board.

There shall be a Personnel Board consisting, of five members to be appointed by the City Council from the qualified electors of the City, none of whom shall hold any salaried City office or employment, nor while a member of the Board or for a period of one year after he/she has ceased for any reason to be a member, be eligible for appointment to any salaried office or employment in the service of the City, or to any City elective office.

The members of the Personnel Board shall be nominated and appointed in the following manner:

Two members shall be appointed by the City Council from a list of five persons to be nominated by election by the employees in the classified service; two members shall be appointed by the City Council directly, and the fifth shall be appointed by the City Council from a list of three persons nominated by a majority of the four thus appointed. In the event the majority of the four thus appointed is unable to nominate three persons after sixty (60) days, the City Council may appoint from a list of less than three persons nominated. In the event the employees are unable to nominate five persons after sixty (60) days, the City Council may appoint from a list of less than five persons nominated. The successor of any member of the Board shall be nominated and appointed in the same manner as such member was nominated and appointed.

Section 710 of Article VII, "Personnel Board—Powers and Duties," of the Merced City Charter is hereby amended to read as follows:

Sec. 710. Personnel Board—Powers and Duties.

The Personnel Board shall have power to:

A. Recommend to the City Council, after a public hearing thereon, the adoption, amendment or repeal of personnel rules and regulations;

B. Hear appeals of any person in the classified service, other than one serving a probationary period, relative to any suspension, demotion or dismissal and make recommendations thereon;

C. Hear appeals relating to grievances when provided for in a memorandum of understanding with the respective employee associations and make recommendations thereon; and,

D. Make any investigation with the consent of either the City Council or City Manager concerning the administration of personnel in the municipal service and report its findings and recommendations to the City Council and/or the City Manager, respectively.

Section 712 of Article VII, "Recreation and Parks Commission—Powers and Duties," of the Merced City Charter is hereby amended to read as follows:

Sec. 712. Recreation and Parks Commission—Powers and Duties.

The Recreation and Parks Commission shall have power to:

A. Act in an advisory capacity to the City Council in all matters pertaining to recreation and parks;

B. Consider the annual budget for recreation and parks during the process of its preparation and make recommendations with respect thereto to the City Manager and the City Council; and,

C. Assist in the planning of a recreation program for the inhabitants of the City, promote and stimulate public interest therein, and to that end, solicit to the fullest extent possible the cooperation of school authorities and other public and private agencies interested therein.

Section 800 of Article VIII, “Merit Principle,” of the Merced City Charter is hereby amended to read as follows:

Sec. 800. Merit Principle.

Appointments and promotions in the classified service of the City shall be made according to merit and fitness and from eligible lists to be established in accordance with personnel rules and regulations adopted in the manner provided in this Charter.

Section 801 of Article VIII, “Unclassified and Classified Service,” of the Merced City Charter is hereby amended to read as follows:

Sec. 801. Unclassified and Classified Service.

The officers and employees of the City shall be divided into the unclassified and the classified service.

A. The unclassified service shall comprise the following officers and positions:

1. All elective officers;
2. City Manager, City Attorney, Finance Officer, City Clerk, and one confidential secretary to the City Manager;
3. The Assistant City Manager, all department heads, Assistant to the City Manager, and professionally licensed attorneys assuming office on or after the effective date of the 2007 Charter Amendments.
4. All voting members of boards and commissions;
5. Positions in any class or grade created for a special or temporary purpose, and which would exist for a period of not longer than ninety days in any one calendar year;
6. Persons employed to render professional, scientific, technical or expert service of an occasional and exceptional character; and,
7. Part-time, seasonal, or limited-basis employees paid on an hourly or per diem basis.

B. The classified service shall comprise all positions not specifically included by this Section in the unclassified service.

Section 802 of Article VIII, “Appointments From Classified Service Positions,” of the Merced City Charter is hereby amended to read as follows:

Sec. 802. Appointments From Classified Service Positions.

In the event an officer or employee of the City holding a position in the classified service is appointed to a position in the unclassified service, and should thereafter be removed or resign therefrom, he/she shall revert to his/her former position in the classified service, unless he/she is dismissed from the service of the City, without loss of any rights or privileges and upon the same terms and conditions as if he/she had remained in said position continuously, if the former position is vacant. If the former position is not vacant, the officer or employee may be placed on the eligibility list for that position and may be reinstated within two years from the date of his/her removal or resignation from the unclassified service.

Section 803 of Article VIII, "Recruitment," of the Merced City Charter is hereby amended to read as follows:

Sec. 803. Recruitment.

Examinations of applicants for positions in the classified service shall be practical and relate to those matters which fairly test the relative capacity of the applicants to discharge the duties of the positions to which they seek to be appointed.

Section 804 of Article VIII, "Appointments," of the Merced City Charter is hereby amended to read as follows:

Sec. 804. Appointments.

Upon receipt of notice of a vacancy in the classified service, the City Manager, or such officer under the City Manager having charge of personnel administration, shall certify to the appointing power the names of the three highest candidates on the eligible list for such position. The appointing power may appoint, of the three thus certified, whichever one in his/her opinion is best qualified for such position. No candidate may be certified more than three times for any one classified position.

The City Manager, or other officer having charge of personnel administration, with the consent of the appointing power and of the Personnel Board, may authorize the certification of less than three names for appointment in the event there remains less than three names on an eligible list and in the opinion of such officer and of the Personnel Board conditions warrant such action. When no eligible lists are available, the City Manager, upon the recommendation of the Personnel Board, and under such rules and regulations as it may prescribe, may authorize the appointing power to make temporary appointments in the classified service, in order to prevent the stoppage of public business and in order to meet extraordinary conditions, which appointments shall remain in force until regular appointments can be made, but in no case to exceed six months in any fiscal year.

All original appointments shall be for a probationary period of not less than twelve months for all employees except public safety, which period shall be for not less than eighteen months, during which the employee may be rejected at any time without right of a hearing before the Personnel Board. All promotional appointments shall be for a probationary period of not less than six months.

An employee rejected during the probationary period from a position to which he/she has been promoted shall be reinstated to the position from which he/she was promoted, if that position is vacant, unless he/she is dismissed from the service of the City in addition to the rejection in which event he/she shall have the right of a hearing before the Personnel Board as to such order of dismissal. If the former position is not vacant, the employee may be placed on the eligibility list for that position and may be reinstated within two years from the date of their rejection during the probationary period.

Section 805 of Article VIII, “Abolition of Position—Layoffs,” of the Merced City Charter is hereby amended to read as follows:

Sec. 805. Abolition of Position—Layoffs.

In the event a memorandum of understanding with an employee association does not provide for layoff procedures, or no memorandum of understanding with certain employees is in effect, then layoffs shall be conducted in accordance with this Section.

Whenever it becomes necessary, in the opinion of the City Council, to abolish a position, or to reduce the number of employees in a given class in the classified service, the City Council may do so, by stating in its proceedings its reasons therefor.

All layoffs occasioned by the abolishment of a position or the reduction in number of employees in a given class shall be governed by seniority in service and shall be in the reverse order of employment. Re-employment shall be determined in accordance with the needs of the City.

Section 806 of Article VIII, “Suspension, Demotion and Dismissal,” of the Merced City Charter is hereby amended to read as follows:

Sec. 806. Suspension, Demotion and Dismissal.

The department heads and officers having appointive power are vested with the right to exercise the disciplinary and removal powers hereafter provided.

An employee holding a position in the classified service, other than one serving a probationary period, shall be subject to suspension without pay for a period not exceeding thirty days in any one calendar year, or to demotion, or to removal from his/her position, for misconduct, incompetency, inefficiency, or for failure to observe the rules or regulations of the department, office or agency, or to cooperate reasonably with his/her superiors or fellow employees, but subject to the right of the employee to a hearing before the Personnel Board in the manner set forth herein.

Such employee shall be entitled to receive a written statement of the reasons therefor. He/She shall have ten days after the receipt of such statement within which to file an answer to such statement of reasons should he/she desire to do so.

The answer shall be filed in the Office of the City Clerk. In the answer, the employee may request a hearing by the Personnel Board to review such suspension, demotion or removal. The hearing shall be called and held as provided for in the personnel rules and regulations. Hearings may be conducted informally and the rules of evidence need not apply.

Within ten days after concluding the hearing, the Personnel Board shall certify its findings and recommendations to the City Manager and City Council. The recommendations of the Personnel Board shall be advisory only to the City Manager. The City Manager, or his/her designee, shall review the entire record of the proceedings before the Personnel Board and their recommendations and shall render a decision in accordance with the authority vested in the City Manager pursuant

to Sections 501 and 607 of this Charter. The decision of the City Manager or his/her designee with respect to such recommendations shall be final and conclusive and no appeal shall be taken therefrom.

Where an appeal is taken to the Personnel Board from an order of dismissal, the vacancy in the position shall be considered a temporary vacancy pending final action by the City Manager or his/her designee and may be filled only by an acting or temporary appointment.

A reduction in pay shall be a demotion under this Section, unless it is a part of a plan to reduce salaries and wages in connection with a general economy or curtailment program. A failure to grant an increase to an individual, at a time when increases are granted generally as a part of a plan to increase salaries and wages throughout the City service, shall likewise be a demotion.

The City Manager and any other department head or officer in whom is vested the power to make transfers, promotions, demotions, reinstatements, layoffs, and to suspend or dismiss employees, shall retain such power, subject to the provisions of this Charter and the rules established hereunder, it being the intent and spirit of this Charter to provide a fair and just approach to municipal employment in order that the City employee may be selected and promoted on a merit basis, but in no sense to impair the efficiency of the public service.

Section 808 of Article VIII, "Prohibitions," of the Merced City Charter is hereby amended to read as follows:

Sec. 808. Prohibitions.

No person shall willfully or corruptly make any false statements, certificate, mark, rating or report in regard to any application, test, certification or appointment held or made under the personnel provisions of this Charter or in any manner commit or attempt any fraud preventing the impartial execution of such personnel provision or rules and regulations made hereunder. In addition to the penalties provided for in this Charter for violations of its provisions, any person who by himself/herself or with others willfully or corruptly violates any of the provisions of this Article shall upon conviction thereof be ineligible for a period of five years for employment in the City service and shall immediately forfeit his/her office or position if he/she be an officer or employee of the City.

Section 900 of Article IX, "Employee Retirement System," of the Merced City Charter is hereby amended to read as follows:

Sec. 900. Employee Retirement System.

The City Council may join or arrange for reciprocity of membership in, or continue as a contracting agency in, any retirement or pension system existing or hereafter created under state or federal law to or in which municipalities and municipal officers or employees are eligible. Plenary authority and power are hereby vested in the City, its City Council, and its several officers, agents and employees to do and perform any act, or exercise any authority granted, permitted, or required under the provisions of the California Public Employees' Retirement Law, as it now exists or may hereafter be amended, to enable said City to continue

as a contracting City participating in the California Public Employees' Retirement System. The City Council may terminate any such contract with the Board of Administration of the California Public Employees' Retirement System only under authority granted by Ordinance adopted by a majority vote of the electors of the City, voting on such proposition at an election at which such proposal is presented.

Section 1000 of Article X, "General Municipal Elections," of the Merced City Charter is hereby amended to read as follows:

Sec. 1000. General Municipal Elections.

General municipal elections for the election of the Mayor and Members of the City Council and for such other purposes as the City Council may prescribe shall be held in said City in each odd numbered year commencing with the year 1981 on the date established under general law for the election of governing board members of elementary school districts.

Section 1002 of Article X, "First Election Under Charter," of the Merced City Charter is hereby repealed in its entirety.

Section 1003 of Article X, "Procedure for Holding Elections," of the Merced City Charter is hereby amended to read as follows:

Sec. 1003. Procedure for Holding Elections.

A. Unless otherwise provided by Ordinance enacted by the City Council, all elections, including mail-ballot elections, shall be held in accordance with the procedural provisions of the Elections Code of the State of California, as the same now exists, or may hereafter be amended, for the holding of municipal elections insofar as the provisions of the Elections Code are not in conflict with this Charter or any Ordinance enacted hereunder. Any election that does not occur on the same date as a statewide primary election or statewide general election may be conducted by mail-ballot.

B. The City Council shall judge the qualifications of its Members as set forth by the Charter and shall judge all election returns. (The text of this subsection moved in its entirety from existing Section 410 without change.)

Section 1004 of Article X, "Initiative, Referendum and Recall," of the Merced City Charter is hereby amended to read as follows:

Sec. 1004. Initiative, Referendum and Recall.

There are hereby reserved to the electors of the City the powers of the initiative and referendum and of the recall of the Mayor and Members of the City Council. The provisions of the Elections Code of the State of California, as the same now exist, or may hereafter be amended, governing the initiative and referendum and of the recall of the Mayor and Members of the City Council, shall apply to the use thereof in the City insofar as such provisions of the Elections Code are not in conflict with this Charter.

Section 1101 of Article XI, “Annual Budget—Preparation by City Manager,” is hereby amended to read as follows:

Sec. 1101. Annual Budget—Preparation by the City Manager.

At such date as he/she shall determine, the City Manager, through the Finance Officer, shall obtain from each department head estimates of revenue and expenditure for his/her department, detailed in such manner as may be prescribed by the City Manager. In preparing the proposed budget, the City Manager shall review the estimates, hold conferences thereon with the department heads, respectively, and may revise the estimates as he/she may deem advisable.

Section 1102 of Article XI, “Annual Budget—Preparation by City Manager,” is hereby amended to read as follows:

Sec. 1102. Budget—Submission to City Council.

At least thirty-five days prior to the beginning of each fiscal year, the City Manager shall submit to the City Council the proposed budget as prepared by him/her. After reviewing same and making such revisions as it may deem advisable, the City Council shall determine the time for the holding of a public hearing thereon and shall cause to be published a notice thereof not less than ten days prior to said hearing, by at least one insertion in the official newspaper.

Section 1104 of Article XI, “Budget—Further Consideration and Adoption,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1104. Budget—Further Consideration and Adoption.

After the conclusion of the public hearing, the City Council shall further consider the proposed budget and make any revisions thereof that it may deem advisable and on or before June 30th, it shall adopt the budget with revisions, if any, by the affirmative votes of at least four Members. Upon final adoption, the budget shall be in effect for the ensuing fiscal year. A copy thereof, certified by the City Clerk, shall be filed with the person retained or appointed by the City Council to perform auditing functions for the City Council and a further copy shall be placed, and shall remain on file, in the Office of the City Clerk where it shall be available for inspection. The budget so certified shall be reproduced and copies made available for the use of departments, offices and agencies of the City.

Section 1106 of Article XI, “Tax Limits,” of the Merced City Charter is hereby repealed in its entirety.

Section 1107 of Article XI, “Tax System,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1107. Tax System.

The procedure for the assessment, levy and collection of taxes upon property for municipal purposes shall be prescribed by Ordinance of the City Council consistent with the applicable provisions in the State Constitution.

Section 1109 of Article XI, “Contracts on Public Works,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1109. Contracts on Public Works.

Every project involving an expenditure of more than fifty thousand dollars (\$50,000.00) for the construction or improvement of public buildings, works, streets, drains, sewers, utilities, parks and playgrounds shall be let by contract to the lowest responsive and responsible bidder after notice by publication in the official newspaper by one or more insertions, the first of which shall be at least ten days before the time for opening bids. This threshold amount shall be adjusted annually by the Finance Officer by memorandum to his/her official file, beginning July 1, 2008, in accordance with the Engineering Construction Cost Index—U.S. City Average as published by the Engineering News Record. In the event this Cost Index is no longer available, the Finance Officer shall use a similar index that is standard in the industry to account for inflation in any adjustment.

The City Council may reject any and all bids presented and may re-advertise in its discretion. The City Council, after rejecting bids, or if no bids are received, may declare and determine that, in its opinion, based on estimates approved by the City Manager, the work in question may be performed better or more economically by the City with its own employees and, after the adoption of a Resolution to this effect by at least five affirmative votes of the City Council, may proceed to have said work done in the manner stated without further observance of the provisions of this Section.

Such contracts likewise may be let without advertising for bids, if such work shall be first determined and authorized by the City Manager and thereafter confirmed by the City Council to be of urgent necessity for the preservation of life, health or property, and shall be authorized by motion passed by at least five affirmative votes of the City Council and containing a declaration of the facts constituting such urgency.

Pursuant to the authority contained in Section 200 of this Charter, the City Council may establish procedures to implement public works contracting processes through Ordinance or Resolution. Such procedures may include the use of design-build contracting.

Section 1110 of Article XI, “Centralized Purchasing,” of the Merced City Charter is hereby repealed in its entirety.

Section 1111 of Article XI, “Competitive Bidding—Supplies, Materials, or Equipment,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1111. Competitive Bidding—Supplies, Materials, or Equipment.

Before making purchases of, or contracts for, supplies, materials or equipment, ample opportunity shall be given for competitive bidding, under such rules and regulations and with such exceptions as the City Council may prescribe in the Ordinance setting up such rules and regulations. When making purchases for the City, local merchants shall be given preference, quality and prices being equal.

Section 1112 of Article XI, “Competitive Bidding—Supplies, Materials, or Equipment,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1112. Cash Basis Fund.

The City Council shall maintain a revolving fund to be known as the “Cash Basis Fund,” for the purpose of placing the payment of running expenses of the City on a cash basis. An operating reserve shall be built up in this Fund from any available sources in an amount that the City Council deems sufficient with which to meet all lawful demands against the City for the first five months, or other necessary period, of the succeeding fiscal year prior to the receipt of ad valorem tax revenues. Transfers may be made by the City Council from such Fund to any other fund or funds of such sum or sums as may be required for the purpose of placing such funds, as nearly as possible, on a cash basis.

All moneys so transferred from the Cash Basis Fund shall be returned thereto before the end of the fiscal year.

Section 1113 of Article XI, “Capital Outlays Fund,” of the Merced City Charter is hereby repealed in its entirety.

Section 1114 of Article XI, “Departmental Trust Fund,” of the Merced City Charter is hereby repealed in its entirety.

Section 1115 of Article XI, “Presentation of Demands,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1115. Presentation of Demands.

Each invoice or similar demand or request for payment against the City shall be presented to the Finance Officer, who shall examine the same. If the amount thereof is legally due and there remains a sufficient balance in the approved budget appropriation against which the invoice or payment request may be charged, the Finance Officer shall approve such invoice or payment demand or request and authorize a check or electronic payment to be issued and drawn on the City Treasury therefor, payable out of the proper fund. Objections of the Finance Officer may be overruled by the City Council and the check or electronic payment ordered drawn.

Section 1116 of Article XI, “Registering Warrants,” of the Merced City Charter is hereby repealed in its entirety.

Section 1117 of Article XI, “Actions Against City,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1117. Actions Against City.

No suit shall be brought on any claim for money or damage against the City or any board or officer thereof until a demand for the same has been presented as herein provided and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Except in those cases where a shorter time is otherwise provided by law, all claims for damages against the City must be presented to the City Clerk in accordance with the time limitations set forth in Government Code Section 911.2 and its successor statutes. Claims for equitable indemnity against the City shall be presented to the City Clerk in accordance with Gov-

ernment Code Section 901 and its successor statutes. All claims shall meet the requirements as set forth under state law, this Section, and as enacted by Ordinance.

In all cases, such claims shall be approved or rejected in writing and the date thereof given. Failure to act upon any claim or demand within forty-five days from the day the same is filed with the City Clerk shall be deemed a rejection thereof.

Section 1118 of Article XI, "Independent Audit," of the Merced City Charter is hereby amended to read as follows:

Sec. 1118. Independent Audit.

The City Council shall employ, at the beginning of each fiscal year, a qualified accountant who, at such time or times as may be specified by the City Council, shall examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds and all such other officers, employees or departments as the City Council may direct. At the end of the year, a final audit and report shall be submitted by such accountant to the City Council, one copy thereof to be distributed to each Member, one each to the City Manager, Finance Officer and City Attorney, respectively, and three additional copies to be placed on file in the Office of the City Clerk where they shall be available for inspection by the general public.

Section 1119 of Article XI, "Public Water System—Water Fund," of the Merced City Charter is hereby amended to read as follows:

Sec. 1119. Public Water System—Water Fund.

A fund is hereby created to be known as the Water Fund. All revenues derived by the City from the sale of water or otherwise from the operation of waterworks or the provision of water service, within or without the boundaries of the City, shall be credited to the Water Fund.

The Water Fund is created for the purpose of providing a source of operational funds, capital outlay funds, debt service funds and incidental funds for the acquisition, construction, operation, maintenance, expansion, upgrade, and improvement of waterworks and water distribution system in or near the City of Merced, including compliance with all applicable state and federal regulations, the retirement of revenue bonds issued for the acquisition thereof, and the retirement of revenue bonds or other evidences of indebtedness issued for the improvement thereof.

Except as herein stated, such fund, once created, shall remain inviolate for the purpose for which it was created. No other use may be made of such fund unless the use of such fund for some other purpose is authorized by the affirmative vote of a majority of the electors voting on such proposition at a general or special election at which proposition is submitted.

The City Council shall, by Ordinance or Resolution, establish a schedule of rates and charges, and shall have the authority to modify such schedule of rates and charges upon a finding of the necessity for modification thereof, provided,

however, that such rates and charges shall be based upon reasonable classifications of service, throughout the area served by said water system.

Adequate reserves shall be established within said Water Fund, to meet anticipated operating, upgrading, regulatory compliance and administrative costs, capital outlays, depreciation, obsolescence, retirement of bonds or other evidences of indebtedness which may be issued or created in connection with the acquisition, improvement, upgrade, or expansion of said system, and a contingency reserve for unanticipated costs and expenses connected with said water system.

Accumulation of moneys not needed for the purposes stated above shall not be permitted. If it shall appear that excess funds have accumulated or will accumulate within a given fiscal year by reason of the continuance of any schedule or rates and charges, then the City Council shall, within a reasonable time, proceed to adjust said schedule of rates and charges to prevent the accumulation of such excess funds, provided that accumulation of moneys in a reserve fund for future capital improvement, upgrade, and compliance with regulatory requirements of said water system and accumulation of moneys in a fund for advance retirement of water system revenue bonds shall not be deemed to be the accumulation of excess funds.

Section 1400 of Article XIV, "Granting of Franchises," of the Merced City Charter is hereby amended to read as follows:

Sec. 1400. Granting of Franchises.

No person, firm, company, or corporation shall exercise any franchise in the City except insofar as such person, firm, company, or corporation may be entitled to do so by direct authority of the Constitution of the State of California or of the United States, unless such person, firm, company, or corporation shall have obtained a grant therefor in accordance with the provisions of this Article. Subject to the foregoing, any person, firm, company or corporation furnishing the City or its inhabitants with utilities or services that are transmitted or delivered through a portion or portions of public streets, alleys, ways, rights-of-way, buildings, structures, or other public places and properties, as the same may now or may hereafter exist, either above or below ground, including but are not limited to, transportation, communication, digital and electronic information and entertainment, terminal facilities, water, light, heat, natural gas, electricity, any form of power and energy for household or other use within the City, or any other public utility or service, may be required by Ordinance of the City Council to have a valid and existing franchise.

The City Council is empowered to grant such franchise by Ordinance and prescribe the terms and conditions of any such grant to any person, firm, company or corporation, whether operating under an existing franchise or not, without calling for bids or may, in its discretion, advertise for bids for the sale of a franchise, not in conflict with the provisions of this Charter, to be set out in the advertisement for bids and notice of sale. The City Council may also provide, by Ordinance, the

method of procedure and additional terms and conditions for making such grants, subject to the provisions of this Charter.

Section 1401 of Article XIV, “Resolution of Intention—Notice and Public Hearing,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1401. Resolution of Intention—Notice and Public Hearing.

Before granting any franchise, the City Council shall pass a Resolution declaring its intention to grant the same, stating the name of the proposed grantee, the character of the franchise and the terms and conditions upon which it is proposed to be granted. Such Resolution shall fix and set forth the date, time, and place when and where any person having any interest therein or any objection to the granting thereof may appear before the City Council and be heard thereon. The City Clerk shall publish said Resolution in the official newspaper at least once within fifteen days of the passage thereof and not less than ten days prior to the date of the hearing.

At the time set for the hearing the City Council shall proceed to hear and receive all protests, and its decision thereon shall be final and conclusive. Thereafter, the City Council may grant or deny the franchise, subject to the right of referendum of the people.

Section 1402 of Article XIV, “Term of Franchise,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1402. Term of Franchise.

Every franchise shall be either a fixed term not to exceed a maximum of twenty-five years after its first effective date, or for an indeterminate period. If for a fixed term, the franchise shall state the term for which it is granted; if indeterminate, the franchise shall set forth the terms and conditions under which it may be terminated.

Section 1403 of Article XIV, “Grant to be In-lieu of all Other Franchises,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1403. Grant to be In-lieu of all Other Franchises.

Any franchise granted by the City with respect to any given utility or service shall be in-lieu of all other franchises, rights, or privileges owned by the grantee, or by any successor of the grantee to any right under such franchise, for the rendering of such utility or service within the limits of the City as they now or may hereafter exist. The acceptance of any franchise hereunder shall operate as an abandonment of all such franchises, rights and privileges within the limits of the City.

Any franchise granted hereunder shall not become effective until written acceptance thereof shall have been filed by the grantee thereof with the City Clerk. Such acceptance shall be filed within ten days after the adoption of the Ordinance granting the franchise, or any extension thereof granted by the City Council, and when so filed, such acceptance shall constitute a continuing agreement of such grantee that if and when the City shall thereafter annex, or consolidate with additional territory, any and all franchises rights and privileges owned by the grantee

therein shall likewise be deemed to be abandoned within the limits of such territory. No grant of any franchise may be transferred or assigned by the grantee except by consent in writing of the City Council and unless the transferee or assignees thereof shall unconditionally covenant and agree to perform, and assume and be bound by, each and all of the terms and conditions imposed in the grant, the Ordinance, and this Charter.

Section 1404 of Article XIV, “Eminent Domain,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1404. Eminent Domain.

No franchise grant shall in any way, or to any extent, impair, diminish, or adversely affect the right of the City to acquire the property of the grantee thereof either by purchase or through the exercise of the right of eminent domain. Upon any such acquisition by the City, the compensation or price shall not include the value of the franchise. Nothing herein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the City’s right of eminent domain with respect to any public utility or privately-owned public utility.

Section 1405 of Article XIV, “Duties of Grantees,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1405. Duties of Grantees.

By its acceptance of any franchise hereunder, the grantee shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant, and shall further agree to:

A. Comply with all Ordinances, rules and regulations theretofore or thereafter adopted by the City Council;

B. Pay to the City on demand the cost of all repairs to public property made necessary by any of the operations of the grantee under such franchise, including repairs required for portion or portions of public streets, alleys, ways, rights-of-way, buildings, structures, or other public places and properties, as the same may now or may hereafter exist, either above or below ground;

C. Protect, defend, indemnify, save and hold harmless the City and its officers, agents, and employees from any and all claims, liabilities, or causes of action for death or injury to persons, or damage to property proximately resulting from any operation under such franchise or from the intentional or negligent acts, errors, or omissions of the grantee or its officers, employees, or agents, or from any violation of any federal, state, or municipal law or ordinance, or by the quality or character of grantee’s work or activities under the franchise;

D. Remove and relocate without compensation to grantee or expense to the City any facilities installed, used and maintained under the franchise, either above or below ground, if and when made necessary by change of grade, alignment, width, or use of any public street, way, alley, right-of-way, building, structure, or other public place or property, including the construction of any subway, bridge,

viaduct, or overpass, or if the public health, comfort, welfare, convenience, or safety so demands; and,

E. Pay to the City during the life of the franchise a percentage, to be specified in the grant, of the gross annual receipts of the grantee within the limits of the City, or such other compensation as the City Council may prescribe in the grant.

Section 1406 of Article XIV, “Exercising Rights without Franchise,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1406. Exercising Rights without Franchise.

The exercise by any person, firm, company or corporation of any privilege for which a franchise is required, without possessing a valid and existing franchise therefor, shall be a misdemeanor and shall be punishable in the same manner as violations of this Charter are punishable and each day that such condition continues to exist shall constitute a separate violation.

Section 1407 of Article XIV, “Existing Franchise,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1407. Existing Franchise.

Nothing contained in this Article shall be construed to:

A. Invalidate any lawful franchise heretofore granted, nor to necessitate the obtaining of a new franchise for a use which a franchise holder shall have a valid unexpired franchise;

B. Affect or impair any rights, powers, or privileges vested in, possessed by, or available to the City by virtue of previous Charter provisions relating to franchises;

C. Apply to the City, or any department thereof, when furnishing any public utility or service.

Section 1408 of Article XIV, “Miscellaneous,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1408. Miscellaneous.

Upon annexation of areas to the City without an existing franchise granted by another governmental entity pursuant to state law, the grantee, by its acceptance of a franchise under this Article, shall serve such areas under the terms of this Article and the franchise.

No grantee shall be relieved of its obligation to comply with any provision of this Article, or to perform any term or condition of the franchise by any failure of the City to enforce such term or condition.

Section 1500 of Article XV, “Definitions,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1500. Definitions.

Unless the provision or the context otherwise requires, as used in this Charter:

A. ‘Shall’ is mandatory, and ‘may’ is permissive;

B. ‘City’ is the City of Merced and ‘department,’ ‘board,’ ‘commission,’ ‘agency,’ ‘officer,’ or ‘employee,’ is a department, board, commission, agency, officer, or employee as the case may be, of the City of Merced;

C. ‘County’ is the County of Merced; and,

D. ‘State’ is the State of California.

Section 1502 of Article XV, “Validity,” of the Merced City Charter is hereby amended to read as follows:

Sec. 1502. Validity.

If any provision of this Charter is held invalid, the remainder of the Charter shall not be affected thereby.

Article X is hereby amended to read as follows:

Part II. Limitations on Campaign Contributions

Sec. 1050. Purpose.

The purpose of this Part is to prevent corruption and the appearance of corruption by ensuring an environment in the City of Merced wherein all candidates for elective office are afforded an equal opportunity to raise campaign funds and to ensure that the amount contributed by any person or entity does not materially influence the outcome of any election or impact the decision-making of the City Council after the election. To achieve this purpose, this Part imposes a maximum limitation on the amount of campaign contributions which may be received from a single source for an election campaign.

Sec. 1051. Definitions.

For purposes of this Part, the words, terms, and phrases set forth below shall have the meaning as set forth below:

‘Candidate’ means any person running for the office of Mayor or City Council.

‘Entity’ means a proprietorship, firm, partnership, joint venture, syndicate, business trust, company, corporation, limited liability company, association, and any other organization or group of persons acting in concert, other than a single person as defined in this Part.

‘Contribution’ means a cash or in-kind payment, or provision of goods and services which is made to the candidate or the candidate’s agent for the purpose of promoting the candidate’s campaign. A ‘Contribution’ includes a ‘loan’ as defined herein.

‘Election Cycle’ means as follows:

1. For purposes of a candidate for the office of Mayor of the City, the term “election cycle” means any two-year period commencing on January 1 following a City election for the office of Mayor, and concluding on December 31 following the next succeeding City election for the office of Mayor.

2. For purposes of a candidate for the office of City Council, the term “election cycle” means any four-year period commencing on January 1 following a City election for the office of a City Council Member and concluding on December 31 following the next succeeding city election for that office.

‘Loan’ means the furnishing of cash, goods, or services to another party for temporary use with the agreement that it or its equivalent, with or without interest, will be returned. The term ‘loan’ as used herein shall not include a candidate

lending to his/her campaign from the candidate's personal resources—including obtaining a personal loan from a commercial lending institution, so long as the candidate is personally responsible for the repayment thereof.

'Person' means a single natural person.

Sec. 1052. Campaign Contribution Limitations.

1. Contribution by Persons.

No candidate shall receive either personally or through an agent, including, but not limited to, the candidate's campaign treasurer, a contribution from a person, other than the candidate, which will cause the total amount contributed by such person in any election cycle for that candidate to exceed five hundred dollars (\$500.00).

2. Contributions by an Entity or Entities.

No candidate shall receive either personally or through an agent, including, but not limited to, the candidate's campaign treasurer, a contribution by an entity which would cause the total amount contributed by such entity in any election cycle for that candidate to exceed two thousand dollars (\$2,000.00).

Sec. 1053. Loans.

No candidate shall procure a loan or loans from a person which exceeds five hundred dollars (\$500.00) or from an entity which exceeds two thousand dollars (\$2,000.00) during an election cycle. This restriction shall not apply to loans made by the candidate to the candidate's campaign—including obtaining a personal loan from a commercial lending institution, so long as the candidate is personally responsible for the repayment thereof.

Sec. 1054. Campaign Contribution Statements—Supplemental Filing Requirements and Schedule.

In addition to the requirements for filing a campaign disclosure or campaign statement imposed by the Political Reform Act, every candidate for Mayor or City Council shall file a duplicate copy of his/her campaign disclosure or campaign statement with the City Clerk at the same time the candidate is otherwise required to file any campaign disclosure or campaign statement under the Political Reform Act.

Sec. 1055. Adjustment of Campaign Contribution Limits and Candidate Loans.

The campaign contribution limitations set forth in Sections 1052 and 1053 shall be adjusted annually by the City Clerk and noted in the official records of his/her office as follows:

A. The base for computing the adjustment for inflation shall be the Consumer Price Index ("CPI") for the area closest to the City, published by the United States Department of Labor, Bureau of Labor Statistics.

B. If the CPI is discontinued or revised, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same results as would be obtained if the index had not been discontinued or revised.

Sec. 1056. Penalty.

A. Investigation. The City Clerk shall be charged with the responsibility to refer for prosecution all candidates required to file under this Part when the candidate fails to file. The City Clerk shall also investigate all alleged violations of this Part and after completing the investigation thereof, shall refer any violations he/she believes warrant prosecution to the City Attorney for prosecution. In conducting the investigation, the City Clerk shall have the power to compel the production of documents relating to the investigation.

B. Misdemeanor. Any candidate who receives either personally or through an agent a contribution greater than the amount allowed in this Part shall be guilty of a misdemeanor.

C. Safe Harbor. Any candidate who receives either personally or through an agent a contribution greater than what is allowed in this Part shall have ten (10) days from the date of receipt of the contribution violating this Part to return the entire contribution to the donor or donors thereof to avoid prosecution hereunder.

D. Infraction. Any candidate who fails to file campaign disclosure or campaign statements in compliance with Section 1054 of this Part shall be guilty of an infraction and upon conviction thereof shall pay a fine in the amount of five hundred dollars (\$500.00).

Sec. 1057. Additional Regulations.

The City Council by Ordinance may adopt additional regulations and definitions which supplement, clarify, or are more restrictive than the provisions of this Part.

## Charter Chapter 3—City of Santa Ana

*Amendments to the Charter of the City of Santa Ana*

[Filed with the Secretary of State March 5, 2008.]

Section 1 The Charter of the City of Santa Ana is hereby amended as follows:

Article IV, City Council, Division 1, to read as detailed below:

Sec. 401. Qualifications of members.

To be eligible to be elected to the office of councilmember, a person must be a qualified voter and a thirty (30) day resident of the ward from which the candidate is nominated at the time nomination papers are issued as provided for in the Elections Code of the State of California, except that the mayor need only be a registered voter and thirty (30) day resident of the city at such time. In the event any councilmember other than the mayor shall cease to be a resident of the ward from which the councilmember (or, in the case of an appointee, the councilmember's predecessor) was elected, or in the event the mayor shall cease to be a resident of the city, the office shall immediately become vacant and shall be filled in the same manner as herein provided for other vacancies; provided, that where a councilmember ceases to be a resident of the ward from which the councilmember (or, in case of an appointee, the councilmember's predecessor) was elected solely because of a change in boundaries of any ward as in this charter provided, the councilmember shall not lose the office by reason of such change. If a member of the city council shall be convicted of a crime involving moral turpitude, the office shall immediately become vacant and be so declared by the city council.

A person who has served three (3) consecutive terms of four (4) years each shall be eligible for appointment, nomination for or election to the office of councilmember (regardless of wards represented by that person during such period) no sooner than for a term beginning eight (8) years after completion of that councilmember's third consecutive full term.

Short or partial terms shall not be considered in determining eligibility for appointment, nomination or election. For purposes of this Charter, short or partial terms shall only be those where the councilmember was elected or appointed to replace another councilmember who left office before the latter official's term expired. Any councilmember who assumed office at the beginning of a term and left office early for any reason whatsoever shall be deemed to have served a full term.

Section 2 The Charter of the City of Santa Ana is hereby amended to add as follows:

Article IV, City Council, Division 1, Section 401.05 to read as detailed below:

Sec. 401.05. Code of Ethics and Conduct.

The City of Santa Ana shall adopt a Code of Ethics and Conduct for elected officials and members of appointed boards, commissions, and committees to assure public confidence in the integrity of local government elected and appointed

officials. The City Council shall adopt the Code of Ethics and Conduct by ordinance or resolution within six months of the effective date of this Charter section.

Section 1 The Charter of the City of Santa Ana is hereby amended as follows: Article IX, Appointive Boards and Commissions, to read as detailed below:

Sec. 901. Appointments, Removals, Vacancies, Terms.

(a) Except as otherwise specified in this charter, the member of each of the appointive boards and commissions shall be appointed, and may be removed, by the City Council, subject in both appointment and removal by the affirmative votes of a majority of the members. For boards or commissions having at least seven (7) members, the City Council shall select seven (7) members from nominations made by the council member (or the mayor in the case of the city-wide seat) whose term coincides with that board or commission seat, as determined by the City Council in accordance with subsection (e) below, together with nominations from any other member of the Council. All other appointments shall be as determined by this Charter, or by the City Council from time to time. Beginning with terms starting after the 2006 General Election, at least fifty-percent (50%) of those persons nominated from time to time by a council member shall be residents of the ward represented by such council member. At the request of a council member, this rule may be waived by a  $\frac{2}{3}$  vote of the City Council for any one appointment if the requesting member is unable to find a qualified and acceptable ward resident to nominate. For purposes of this rule, residency is only required at the time of nomination.

(b) Vacancies from whatever cause arising shall be filled in the same manner. Upon a vacancy occurring leaving an unexpired portion of a term, any appointment to fill such vacancy shall be for the unexpired portion of such term. All terms shall begin on the same date as City Councilmember terms as provided in section 400 of this Charter.

(c) If a member of a board or commission absents himself from two (2) regular meetings of such board or commission, consecutively, unless by permission of such board or commission expressed in its official minutes, or fails to attend at least one-half ( $\frac{1}{2}$ ) of the regular meetings of such board or commission within a calendar year, or is convicted of a crime involving moral turpitude, or ceases, to be a qualified elector of the City, the office shall become vacant and shall be so declared by the City Council.

(d) Except as otherwise provided in this section, the members of such boards and commissions shall serve for a term of four (4) years and until their respective successors are appointed and qualified, but in no event shall any person be eligible for reappointment who has served three (3) consecutive terms of four (4) years each, irrespective of what seat or seats the member is appointed to by the City Council. Notwithstanding the foregoing, one seat shall be a city-wide seat having a (4) four year term which coincides with that of the Mayor, and which shall be limited to three (3) consecutive terms. Short or partial terms (as defined for City

Council in Section 401 of this Charter) shall not be considered. Unless otherwise provided by ordinance of the City Council for a board or commission having more or less than seven (7) members, the terms of three (3) of the members of each such board or commission shall begin on the date of the beginning of the term of office of council members elected at every second general election commencing with the April, 1983 general election, the terms of three (3) other members shall begin on the date of the beginning of the term of office of council members elected at every second general election commencing with the November, 1984 general election, and one (1), as designated by the City Council, shall coincide with the term of the mayor. It is the intent of this section that the term of office on boards and commissions shall be concurrent with the term of office of council members. Thereafter, any appointment to fill an unexpired term shall be for such an unexpired period. No person shall be eligible for appointment to a board or commission who completed a term on the City Council immediately preceding that board or commission term.

(e) The City Council shall determine which members of such boards and commissions serving as such at the time of the April, 1983 general election shall serve shortened or extended terms. Beginning with terms starting immediately following the 2006 General Election, for board and commissions with at least seven (7) members, the City Council shall designate seven (7) board and commission seats by ward, and one city-wide. These designations shall be solely for the purpose of nominations and calculations of terms as provided in this Section 901. Except for purposes of the fifty-percent (50%) nomination rule in subsection (a) above, residency in that ward is not required.

Charter Chapter 4—City of Redwood City

***Amendments to the Charter of the City of Redwood City***

[Filed with the Secretary of State March 12, 2008.]

**SECTION 17. PLANNING COMMISSION**

Section 17, in pertinent part, provides for the establishment of a seven (7) member commission and a three (3) year term of office. It is proposed that the term of office for planning commission members be extended from three years to four years. If the proposed charter amendment is adopted, it would read:

There shall be a city planning commission, which shall consist of seven members who shall be appointed by the Council to serve for four (4) years each, and thereafter until their respective successors are appointed and qualified, none of whom shall hold any other public office or position in the City.

## SECTION 18 (d) LIBRARY BOARD

Section 18 (d) provides for a three (3) year term of office for library board members. It is proposed that the term of officer of Library Board members be extended from three years to four years. If the proposed charter amendment is adopted, it would read:

The members thereof shall serve for a term of four (4) years each and thereafter until their successors are appointed and qualified. Board members in office at the time this amendment takes effect shall continue in office until the end of their respective terms.

## SECTION 47B ORGANIZATION; TERMS OF OFFICE

Section 47b, provides in pertinent part, for a term of five years for Board members. It is proposed that the term of office of Port Board members be reduced from five years to four years. If the proposed charter amendment is adopted, it would read:

Members of the Board shall hold office for a term of four years, except in the case of a vacancy, in which event the appointment shall be for the unexpired term. Board members in office at the time this amendment takes effect shall continue in office until the end of their respective terms.

Charter Chapter 5—City and County of San Francisco

***Amendments to the Charter of the  
City and County of San Francisco***

[Filed with the Secretary of State March 21, 2008.]

The Deferred Retirement Option Program for Members of the Police Department.

Preamble—Section A8.900.

(a) It is critical to the health, the safety, and economic vitality of the City, and County of San Francisco, that the City be able to recruit new Police Officers, and retain veteran Police Officers. Recent experience has demonstrated that the City's Police Department has had difficulty recruiting qualified Police Officers, and, more significantly, has had difficulty retaining the services of veteran Police Officers.

(b) There is a highly competitive labor market for the services of Police Officers. Additionally, due to the historical hiring patterns in this Department, hundreds of Police Officers will become eligible for normal service retirement in the next three to five years. The City Police Department is already three hundred officers below the Charter mandated staffing level.

(c) In order to address this recruitment and this retention problem, through this measure the voters establish a voluntary Deferred Retirement Option Program (DROP) which would be offered to members of the Police Department in order to create an incentive for the retention of experienced Police Officers, and as well, to attract new Officers.

(d) Specifically, as well, the voters intend that this Charter provision, if adopted, shall be “cost neutral” to the City; that is, it shall not impose new costs upon the City as a consequence of the participation by Police Officers in the DROP.

(e) Finally, in order that the cost impact of the DROP may be assessed, this measure additionally provides that at the end of the third year after the implementation of the Program, the Board of Supervisors, pursuant to data provided by the Police Department along with an analysis by the Controller of the City and County and the consulting actuary of the Retirement Board, shall determine whether the Program has been cost-neutral, and whether in light of its achievement of the goals of the measure, it should be continued for an additional three year term, and thereafter, subject to similar evaluations.

#### Section A8.901.

##### Eligibility to Participate in the Deferred Retirement Option Program.

(a) Sworn members of the Police Department occupying the rank of Police Officer (currently Q2-Q4) at their date of entry into the Program, shall be eligible to participate in the DROP for up to a maximum of 36 months from their date of entry into the Program, provided they otherwise meet the eligibility standards set forth in Section A8.901(c). Sworn members of the Police Department occupying the ranks of Sergeant (currently Q50-Q52) and Inspector (currently 0380-0382) at their date of entry into the Program, shall be eligible to participate in the DROP of up to a maximum of 24 months from their date of entry into the Program, provided they otherwise meet the eligibility standards set forth in Section A8.901(c).

(b) Sworn members of the Police Department occupying the ranks of Lieutenant (currently Q60-Q62) and Captain (currently Q80-Q82) at their date of entry into the Program shall be eligible to participate in the Program for a maximum of 12 months from their date of entry into the Program, provided that they otherwise meet the eligibility standards set forth in Section A8.901(c). No sworn member of the Police Department occupying a rank above that of Captain shall be eligible to participate in the Program.

(c) To be eligible to participate in the DROP, a sworn member occupying one of the eligible ranks must additionally be an active employee of the San Francisco Police Department, have at least 25 years of service as a sworn member of the Department, including any service as a member of the San Francisco Airport Police, and be at least 50 years of age at the time of entry into the Program. Additionally, a member must be a “full duty sworn officer” as that term is used in Charter Section 4.127. As a condition of participation the sworn member must agree that they shall terminate their employment through retirement at the conclusion of their participation in the Program.

### Section A8.902.

#### Effect of Disability on Continued Participation.

(a) If, after a member becomes a participant in the DROP, the member shall become incapacitated for the performance of duty by reason of any bodily injury received in or illness caused by the performance of duty, said member will be eligible to apply for a retirement for incapacity and be subject to the same eligibility requirements provided elsewhere in this Charter as though the participant was not enrolled in the DROP. If a member receives a retirement for this duty related incapacity, said retirement shall be in lieu of the benefits provided in accordance with these DROP provisions, and the participant shall be paid an industrial disability retirement benefit as if the participant had never entered the DROP.

(b) If, after a member becomes a participant in the DROP, the member shall become incapacitated for the performance of duty by reason of any bodily injury received or illness not related to the performance of duty, said member will be eligible to apply to terminate participation in DROP in accordance with Section A8.906. The participant will be paid the balance credited in their DROP Account, and will begin to receive a monthly payment as determined under Section A8.903, including any cost of living adjustments to which the member would otherwise be entitled.

(c) In the event a member shall become temporarily incapacitated for the performance of duty while participating in the DROP, the member is entitled to disability benefits only as provided for in this Charter. The member is thus no longer a “full duty sworn officer,” as defined in Section A8.901(c), and therefore the member’s service retirement payments will be suspended for the period during which disability benefits are received. The member’s DROP enrollment shall be extended for the period during which disability benefits were received, provided that this extension may not exceed one-half of the permitted maximum participation period for the rank occupied by the member at the time of enrollment in the DROP.

(d) In the event a member who is participating in the DROP applies for a retirement for incapacity, and the application remains unresolved at the conclusion of their DROP participation period, that member must leave the DROP when their participation period concludes, but they shall be permitted to continue on disability status with the Department until such time as their application is finally determined. In no event, however, shall any such member receive the distribution of their DROP Account until their disability retirement status is finally determined.

### Section A8.903.

#### The Effect of Participation in the DROP Upon Pension Benefit Calculations.

Upon the voluntary entry of a qualified member into the DROP, that member’s retirement system benefits, including survivor benefits, shall be frozen, and shall not be increased as a result of any additional service time, increase in age or compensation earned by the member while they are participating in the DROP. During

the period of a member's participation in the DROP, the monthly service pension payment described herein shall be increased by any cost of living adjustment to which the member would otherwise be entitled, if retired, during the period of their participation in the DROP, pursuant to the terms of the retirement plan which applies to the member.

Section A8.904.

Establishment of the DROP Account.

(a) The DROP Account is an account established for bookkeeping purposes within the retirement system for each member who elects to enter DROP.

(b) Commencing with the first pay period after the entry of a member into the DROP, and for each pay period thereafter so long as the member participates in the DROP, the service pension (including any Cost of Living Adjustments) to which the member would otherwise be entitled based on their compensation, age, and length of service as of their date of their entry into the Program, shall be credited monthly into a DROP Account established within the retirement system for each individual participant.

(b) A participating member, to the extent permitted by law and regulations established by the Retirement Board and the Board of Supervisors, may direct the crediting into that member's DROP Account the dollar value of any compensatory time off, accrued unused vacation, or accrued Sick Pay, if any, to which the member may be entitled, in lieu of receiving a payout of those amounts upon the date of entry into the DROP.

(c) The DROP Account into which the member's monthly service pension is credited shall also be credited on a monthly basis with interest at an annual effective rate of four percent throughout the period of the member's participation in the DROP.

Section A8.905.

Rights of Surviving Spouse, Domestic Partner, or Dependents.

(a) If a member shall die by reason of an injury received in, or illness caused by the performance of duty during the period of their participation in the DROP, the member's qualified surviving spouse, qualified registered/certified domestic partner or other qualified dependents provided for in this Charter shall receive a death allowance pursuant to the applicable provisions of the Charter as if the member had never elected to enter DROP. Whichever of the member's qualified surviving spouse, qualified registered/certified domestic partner or other qualified dependents provided for in this Charter is entitled to receive this allowance may, instead of receiving the benefit under this paragraph, elect to receive a non-work related death benefit as specified in paragraph (b) below.

(b) If a member shall die during the period of their participation to the DROP for non-work related causes, the surviving qualified spouse, qualified registered/certified domestic-partner, or other qualified dependents provided for in this Charter, shall be entitled to a post-retirement continuation allowance, along with any amounts credited to the deceased member's DROP Account, determined as if

the participant had elected to voluntarily withdraw from DROP under Section A8.906 on the participant's date of death. Such payments shall be made on the basis of beneficiary elections made by the member at the time of his or her entry into DROP, and updated from time to time, as set forth in Section A8.905(d).

(c) In order for a surviving spouse or registered/certified domestic partner to be qualified for the monthly allowance described in this section, the member must have been married, or have established a domestic partnership within the time limits specified by this Charter. In order for surviving dependents to be qualified for the monthly allowance described in this section, such dependents must satisfy the requirements of the retirement provisions of this Charter. In any circumstance where the eligibility requirements specify the member's date of retirement, those requirements must be met at the date of entry into DROP.

(d) A member who elects to participate in the DROP may designate a beneficiary for the proceeds of the member's DROP Account in writing, not later than the time of entry into the DROP. The member may change the designation at any time prior to the distribution of the DROP Account. If the designated beneficiary predeceases the participating member, and the member becomes deceased before designating a new beneficiary, any distribution of the proceeds of the DROP Account shall be made to the estate of the member, pursuant to law.

(e) Notwithstanding the above provisions, a member's designation of a DROP Account beneficiary shall be subject to community property obligations, if any, under applicable California law.

#### Section A8.906.

##### Termination of Participation in the DROP.

(a) A member's participation in the DROP shall be terminated, other than by death or disability, by the first occurrence of any of the following: (1) the member's completion of the applicable DROP participation period set forth in Section A8.901(a) or (b); (2) the member's voluntary termination of employment while a DROP participant; (3) involuntary termination of the member's employment; provided, however, that distribution of the member's DROP Account shall be deferred during the pendency of any hearing or appeal of the member's termination of employment. Should the member be reinstated to employment, the member may continue to participate in the DROP for the full duration of the member's original participation period. Any time during which the member was excluded from DROP participation shall not be deducted from the member's maximum participation period set forth in Section A8.901 (a) or (b).

#### Section A8.907.

##### Employment Status of the Member During Participation in the DROP.

(a) During the period of a member's participation in the DROP, the member shall continue to receive the regular compensation attached to the rank occupied by the member at the time of enrollment in the Program, and the member shall have all of the rights, privileges, benefits and obligations of employment, including health benefits, attached to said rank, and shall be subject to all of the other terms

and conditions of active employment in their respective rank and assignment. No member shall be eligible for a promotion during the time of their participation in the DROP.

(b) Notwithstanding the continued receipt by a participating member of the regular compensation and benefits attached to the rank and assignment which they occupy during their time in the DROP, no participating member shall receive service credit or compensation credit for retirement purposes pursuant to this Charter on account of their participation in the DROP. The member shall be subject to the employee contribution, as required by this Charter for all other active members of the Police Department, into the retirement system. The city and county need not continue to make its required contributions for any DROP participant. Member contributions made during a participation in the DROP shall be deemed a contribution to the general assets of the Retirement System, and shall not be a part of the member's DROP Account.

Section A8.908.

Compliance with Tax Laws.

(a) It is the intent of the voters that the DROP shall not jeopardize in any way the tax qualified status of the retirement system under Section 401 of the Internal Revenue Code of 1986, as amended from time to time, including, but not limited to, Section 415 of the Code, as amended.

(b) The Board of Supervisors shall adopt ordinances and the Retirement Board shall adopt such rules as may be necessary to implement the DROP, regulate investment and distribution of the DROP contributions, establish forms and procedures for designating beneficiaries of the DROP Account, and all such other matters as may be necessary, in its discretion, to implement the Program no later than July 1, 2008 and to assure its tax-qualified character.

Section A8.909.

Determination of Cost Neutrality.

(a) The implementation of the DROP shall not result in any net increase in cost to the City. This determination shall take into account the costs associated with payroll, the expenditures associated with the recruitment and training of Police Officers, the costs of conducting academies for such recruits and trainees, the Field Training Officer costs, the retirement contributions made by members participating in the DROP, and the City, and the City's share of the return on the investment of the DROP funds, along with any other cost or savings elements related to the implementation of the Program. Notwithstanding this objective, the DROP shall be given a sufficient trial period to determine whether, as implemented, it is cost-neutral to the City as so defined.

(b) Not later than April 15, in the third year after the effective date of the DROP, a joint report prepared by the Controller of the City and the consulting actuary of the Retirement System documenting the net cost effect of the Program shall be submitted to the Board of Supervisors, and the Board shall determine by majority vote whether, on the basis of said report, the Program shall be renewed for an

additional period of time as specified by the Board, but in no event beyond an additional three years.

(c) The net cost effect of the Program shall be similarly evaluated periodically thereafter, pursuant to a schedule established by ordinance adopted by the Board of Supervisors by majority vote; provided, however, that in no event may such an evaluation be conducted less often than every three years after the initial evaluation.

(d) If the Board of Supervisors determines not to renew the Program, those members then enrolled shall be permitted to complete their Program participation pursuant to the terms in effect when they entered into the Program.

Section A8.910.

Withdrawal or Rollover of DROP Accounts.

(a) Upon the termination or conclusion of a member's participation in the DROP, the member shall be paid a lump sum equal to the balance in the member's DROP Account, or, pursuant to the member's instructions, that balance shall be paid as a direct rollover into a qualified retirement plan. The Retirement Board shall establish rules, and may develop such forms as may be appropriate, regarding distribution of the DROP Account proceeds, the rollover of such proceeds into a qualified retirement plan, and the time periods within such which distributions may be made.

(b) Upon the voluntary withdrawal of a member from the DROP, or the expiration of their participation period, the member shall be deemed to be retired on a service pension and shall then commence receiving directly the monthly service pension amount calculated pursuant to Section A8.903, including any cost of living adjustments to which the member would have been otherwise entitled during the time of their participation in the DROP, and shall, for all other purposes under this Charter and state law be deemed to be a retired member of the Police Department.

## Charter Chapter 6—City of Modesto

***Amendments to the Charter of the City of Modesto***

[Filed with the Secretary of State May 14, 2008.]

The Increase Accountability in City Hall Measure of 2008  
 REVISED SECTIONS 601, 703, 800, 801, 900, 903, 1201, 1303 AND 1304  
 NEW SECTIONS 725, 902.1, 1302.1 AND 1302.2  
 REVOKED SECTION 1302

## SECTION 601. POWERS AND DUTIES OF MAYOR.

The Mayor shall have the following powers and duties:

(a) The Mayor shall be recognized as the official head of the City for all political, representative and ceremonial purposes and by the Governor for military purposes;

(b) The Mayor may review with the City Manager, City Attorney and City Clerk prior to each Council meeting the items on the Council's agenda and to add matters thereto;

(c) The Mayor may make recommendations to the City Manager on matters of policy and programs;

(d) The Mayor may direct the Charter Officers to prepare and provide information to the Council on matters of policy and programs which require Council decision;

(e) The Mayor may request budgetary and any other information from the Charter Officers that the Mayor determines is necessary for the conduct of the Mayor's duties;

(f) The Mayor, together with the Council, annually shall conduct a written performance evaluation of each Charter Officer which shall include, without limitation, an evaluation of the Charter Officer's performance in implementing the Council's Statement of Policy for that Charter Officer developed pursuant to Section 725 of this Charter.

(g) The Mayor may appoint, with the advice and consent of the Council, a Chairman, a Vice-Chairman, one regular member and one alternate member to each standing, special and ad hoc committee of the Council;

(h) The Mayor may appoint, with the advice and consent of the Council, such advisory boards, commissions and ad hoc committees as may be necessary or desirable to advise and assist in the work of the Council;

(i) The Mayor may appoint such other advisory boards and ad hoc committees as may be necessary or desirable to advise and assist in the work of the Mayor; provided, however, that the members of such advisory boards or ad hoc committees shall not receive any compensation;

(j) The Mayor may recommend adjustments to the City budget and to propose the modification or curtailment of any city service. If the Mayor recommends any increases in the City budget, the Mayor shall recommend the method of financing such expenditures. If the Mayor proposes the modification or curtailment of any

city service, the Mayor shall provide specific recommendations and the reasons for such proposal;

(k) The Mayor shall prepare and deliver the Mayor's Proposed Budget Priorities and Direction and the Mayor's Budget Message pursuant to Section 1302A of the Charter and the Mayor's Final Budget Modifications pursuant to Section 1303 of the Charter;

(l) The Mayor may select and hire staff to the office of Mayor and the City Council as may be necessary or desirable to advise and assist in the work of the Mayor and City Council; provided, however, that the Mayor shall not appoint to any position any business associate or any person related to him or her or to the City Manager or to any member of the Council by blood or marriage within the second degree. If staff is provided to the Council under this section, such staff shall be provided on an equal basis to each member of the Council. All such appointees shall serve at the pleasure of the Mayor in the Unclassified Service; and shall serve under such terms and conditions, salaries and benefits as are similar to other employees in Modesto's service. In the event an employee of the City who holds a Classified Service position is appointed to a position in the Unclassified Service under this Section, he or she may return to a position in the Classified Service. Such return to the Classified Service shall be without loss of any rights or privileges that currently pertain to the Classified Service;

(m) When a vacancy occurs, the Mayor shall nominate at least two (2) candidates for Council consideration for appointment to the position of City Manager. The Mayor may express to the Council a preference among final candidates;

(n) After consultation with the Council, the Mayor may comment in writing upon the independent, written performance evaluation conducted annually by the City Manager of each head of a city department which is under the administration of the City Manager;

(o) The Mayor may attend and participate in executive meetings of the City Manager and heads of City departments which are under the administration of the City Manager;

(p) In time of public danger or emergency, the Mayor may, with the consent of the Council, or pending a meeting of the Council, direct the administration of the City Government through the City Manager;

(q) The Mayor shall be charged with the duty of making recommendations to the Council on all major matters of policy and program which require Council decision. The Mayor shall have the primary, but not exclusive, responsibility for interpreting the policies, programs and needs of the City government to the community;

(r) The Mayor may also, on the Mayor's own account, as may each individual Councilmember, inform the community on any matters of policy or program which the Mayor believes the welfare of the community makes necessary;

(s) It shall be the duty of the Mayor to represent the Council in its relationships with civic groups within the City, and by direction of the Council, the Mayor shall

represent the City in its relationships with other governmental agencies on matters of policy and program.

(t) The Mayor shall preside at meetings of the Council and shall have a vote as a member of the Council. The Mayor shall have no power to veto any ordinance or resolution adopted by the Council;

(u) The Mayor shall have authority to preserve order at all Council meetings and to remove or cause the removal of any person from any meeting of the Council for disorderly conduct, to enforce the rules of the Council, and to determine the order of business under the rules of the Council;

(v) The Mayor shall exercise such other powers and perform such other duties as may be consistent with the Mayor's office or as may be granted to the Mayor by the Council not inconsistent with this Charter.

Nothing in this section shall be construed in any way as an infringement or limitation on the powers and duties of the City Manager as chief administrative officer and head of the administrative branch of the City government as prescribed in other sections of this Charter.

#### SECTION 703. COMPENSATION FOR ELECTED OFFICIALS.

(a) Compensation and Reimbursement. The Mayor and each member of the Council shall be paid as compensation for his or her services as a member of the Council for each calendar month during which he or she is a member of the Council a monthly salary together with appropriate benefits which shall be established by ordinance only after the Citizen's Salary Setting Commission has made a written recommendation for compensation pursuant to the strict limits of the section, such written recommendation has been published for review pursuant to the requirements of this section, and the mandated public hearings required by this section have been held on the recommendation.

The Mayor and members of the Council shall also receive reimbursement for expenses incurred while performing official duties of their office only so long as evidence of such expenses incurred is presented to the City in the manner prescribed for all other employees of the City.

No compensation or reimbursement shall be established for any member of the Council, including the Mayor, except as provided in this Section.

(b) Citizen's Salary Setting Commission. There shall be established a Citizen's Salary Setting Commission, hereinafter "Commission," whose function shall be to recommend the compensation it deems appropriate for the Mayor and members of the Council. This Commission shall meet between March 1st and April 30th of every even-numbered year.

The Citizen's Salary Setting Commission shall consist of five (5) qualified electors residing within the City and shall be appointed by the City Council pursuant to the provisions below:

- (A) Strong consideration shall be given to composing the Commission of:
- (i) a retired Stanislaus County judge as chairperson;

(ii) one (1) member from a bona fide local taxpayer's association with tax-exempt status under the relevant provisions of the Internal Revenue Code;

(iii) one (1) member from a bona fide local nonpartisan political organization, with tax-exempt status under Section 501(c)(3) of the Internal Revenue Code, dedicated to encouraging informed and active participation in government;

(iv) one (1) member from a former Civil Grand Jury who has served in that role within the previous five (5) years;

(v) additional members who have demonstrated civic involvement and a capacity to serve in an honest, independent, and impartial fashion.

(B) No member of the Commission shall be a relative by blood or marriage within the third degree of the Mayor, a member of the Council, any Charter officer, or any department head or deputy department head.

(C) No member of the Commission shall be an employee of the City nor any bargaining unit for employees of the City, nor be a person who receives compensation from the City or from bargaining units of the City in any manner, including retirement benefits.

(D) No member of the Commission shall be a lobbyist or other person with business before the City that represents an economic interest in excess of the limit for material financial effect as established by local ordinance for the time periods established by local ordinance.

(E) In all other respects, the members of the Commission shall be chosen pursuant to the provisions of this Charter.

(F) Members of the Commission shall serve without compensation.

Except as provided herein below, the regular term of office of each member of the Commission shall be four (4) years. The initial five (5) members of the Commission shall be appointed during the month of March 2008. Two of the members so appointed shall be appointed for a term expiring on December 31, 2010. Three (3) of the members, including the initial chairperson, so appointed shall be appointed for a term expiring on December 31, 2012. Commencing in December 2010, new appointments shall be made during the month of December of each even-numbered year to fill the offices of the members whose terms are expiring at the end of such even-numbered years. Such appointments shall be for regular terms of four (4) years commencing on the first day of January of the following odd-numbered year and expiring on the thirty-first day of December of the second even-numbered year thereafter.

No Commission member may serve for more than two (2) terms. A Commission member may be removed from office at any time for misconduct, inefficiency or willful neglect in the performance of the duties of his or her office providing the Council first states in writing the reasons for such removal and gives such member an opportunity to be heard before the Council in his or her own defense. No tax dollars shall be expended on behalf of a Commission member for such defense. If a vacancy occurs before the expiration of a member's term, the

Council shall appoint a qualified person to fill such vacancy for the remainder of the unexpired term of such member.

(c) **Salary Limitations and Penalties.** The salary of the Mayor shall not be more than fifty percent (50%) of the amount of the salary of a Judge of the Superior Court of Stanislaus County.

The salary of a Councilmember shall not be more than fifty percent (50%) of the median family income for the Modesto Metropolitan Statistical Area as reported by the United States Census Bureau. The salary of each Councilmember shall be the same.

Any appropriate benefits established under this provision may not include retirement or pension benefits of any sort.

No recommendation shall be made by the Commission except upon the affirmative vote of three (3) members of the Commission.

No recommendations may be made in odd-numbered years. The recommendation of the Commission will be made to the Council by April 30th of every even-numbered year to be effective for a two-year period commencing not before July 1 of that even numbered year. Failure of the Commission to make a recommendation in any even-numbered year within the prescribed time shall be deemed to be a recommendation that no changes be made to existing compensation levels.

Any monthly salary shall be reduced by one-fourth for each regular meeting of the Council not attended by a Councilmember each month, unless absent on official duty with the consent of the Council.

(d) **Process to Set Compensation.** Each recommendation by the Commission, together with the reasons for the recommendation, shall be made in writing by the Commission.

Before any such recommendation is provided to the Council, a draft recommendation shall be made available to the public and the Commission shall hold at least two public hearings on the matter before it adopts its final recommendation.

When such final recommendation has been submitted to the Council, it shall not thereafter be amended by the Commission.

Upon receiving the final recommendation from the Commission, the Council may adopt the compensation as recommended by the Commission or may adopt compensation in some lower amount, but in no case may adopt compensation in some higher amount. The Council may only adopt all such compensation by ordinance and after a public hearing of which legal notice is published in a newspaper of general circulation within the City at least twenty (20) days prior to said hearing. Salaries established by ordinance adopted pursuant to the provisions of this Section shall remain in effect until amended by a subsequent ordinance adopted pursuant to the provisions of this Section. The compensation being paid to Councilmembers as of the effective date of this Section shall continue until any subsequent compensation is established pursuant to the requirements of this Section.

(e) Subject to Referendum.

Any final decision by the Council on compensation under this Section shall be subject to the referendum provisions of the Charter.

**SECTION 725. STATEMENT OF POLICY FOR CHARTER OFFICERS AND CITY DEPARTMENTS; COUNCIL REVIEW OF ANNUAL EVALUATIONS.**

The Council shall adopt a written Statement of Policy for each Charter Officer and for each City department which is under the administration of the City Manager. Said Statement of Policy shall set forth the broad goals, objectives and aspirations to be accomplished by that department.

For Charter Officers, each Charter Officer shall provide to the Council a draft written Statement of Policy for his or her office for consideration, and, if deemed necessary by the Council, revision and amendment, prior to adoption by the Council. For each City department which is under the administration of the City Manager, the City Manager shall designate one or more persons in each such department to provide to the City Manager, for transmittal to the Council, a draft written Statement of Policy for each department for consideration, and, if deemed necessary by the Council, revision and amendment, prior to adoption by the Council.

Such Statements of Policy shall be reviewed and, if necessary, amended, in the first quarter of every even-numbered calendar year and when the position of a Charter Officer or the head of a City department which is under the administration of the City Manager becomes vacant.

When such review and amendment is conducted due to a vacancy in position, the Mayor and Councilmembers shall adopt a set of questions which are intended to elicit responses from each prospective appointee concerning the goals, objectives and aspirations in the Statement of Policy.

Prior to appointing any head of a City department, the City Manager shall submit to the Mayor and Councilmembers, for their review, the responses to the Mayor and Councilmembers' questions submitted by the finalists for appointment to the vacant position. This section shall not apply to the appointment of any "acting" department head to serve in an interim capacity.

The City Manager shall share and review with the Council the annual independent, written performance evaluations of each head of a city department which is under the administration of the City Manager.

Nothing in this section shall be construed in any way as an infringement or limitation on the powers and duties of the City Manager as chief administrative officer and head of the administrative branch of the City government as prescribed in other sections of this Charter.

**SECTION 800. CITY MANAGER.**

There shall be a City Manager who shall be the chief executive officer and head of the Administrative Branch of the City government. The City Manager shall be chosen on the basis of the person's executive and administrative qualifications

with special reference to the person's actual experience in, or the person's knowledge of accepted practices with respect to the duties of the office as hereinafter set forth. No member of the Council shall be eligible for appointment to the office of City Manager during the term for which the member shall have been elected or appointed, nor within one (1) year thereafter. The City Manager need not be a resident of the City or State at the time of appointment, but during the City Manager's tenure of office, the City Manager shall reside within the City.

When a vacancy occurs, the Mayor shall nominate at least two (2) candidates for Council consideration for appointment to the position of City Manager. The Mayor may express to the Council a preference among final candidates. The Council shall appoint the City Manager for an indefinite term and may remove the City Manager by a majority vote of its members; provided, however, that the City Manager shall not be removed from office during or within a period of ninety (90) days next succeeding the election of a member of the Council. The purpose of this provision is to allow any newly elected member of the Council to observe the actions and ability of the City Manager in the performance of powers and duties of this office.

#### SECTION 801. POWERS AND DUTIES.

The City Manager shall be the chief administrative officer and head of the administrative branch of the City government. The City Manager shall be responsible to the Council for the proper administration of all affairs of the City and to that end, subject to the personnel provisions of this Charter, the City Manager shall have power and shall be required to:

(a) Appoint and, when necessary for the good of the service, discipline and remove all officers and employees of the City except as otherwise provided by this Charter, and except as the City Manager may authorize the head of any department or office to appoint or remove subordinates in such department or office. The City Manager may also authorize the head of any department, including deputy directors, police captains and fire battalion chiefs, or other city employees as designated by ordinance, to recommend and impose discipline in accordance with this Charter.

(b) Prepare the draft budget annually and submit it to the Mayor and Council, prepare the proposed budget annually and submit it to the Mayor and Council and be responsible for its administration after its adoption by the Council, prepare all other necessary budget documents, and prepare and submit to the Mayor and Council the Capital and Operating Mid-Year Budget Report.

(c) Prepare and submit to the Council within ninety (90) days of the end of the fiscal year, a complete report on the finances and administrative activities of the City for the preceding year.

(d) Review procedures relating to the assessment, levy and collection of ad valorem property taxes and make recommendations regarding the same to the Council if deemed appropriate.

(e) Establish a centralized purchasing system for all City offices, departments and agencies.

(f) Establish and enforce specifications for supplies, materials and equipment required by the City.

(g) Cause all supplies purchased by the City to be inspected and a determination made that the same comply with specifications.

(h) Prepare rules and regulations governing the contracting for, purchasing, storing, inventory, distribution or disposal of all supplies, materials and equipment required by any office, department or agency of the City government and recommend them to the Council for its adoption by ordinance. Preference shall be given to the purchase of supplies, materials and equipment from local merchants, quality and price being equal.

(i) Enforce the laws of the State pertaining to the City, the provisions of this Charter and the ordinances, franchises and rights of the City.

(j) Keep the Council advised of the financial conditions and future needs of the City and make such recommendations on any matter as the City Manager may deem desirable.

(k) Make and execute contracts on behalf of the City involving budgeted or appropriated expenditures which do not exceed the amount specified by ordinance of the City Council.

(l) Appoint advisory boards, without compensation, to assist the City Manager in the performance of the City Manager's duty, if the City Manager deems it necessary.

(m) Interchange employees between or among departments if the City Manager deems it proper so to do.

(n) Immediately upon taking office, and annually thereafter, inventory and place a value on all real estate, buildings, furniture and fixtures, supplies and movable property of every kind and nature belonging to the City; and to require each officer or department head to inventory the same or any portion thereof. One (1) copy of such inventory shall be filed with the Council and one (1) with the auditor.

(o) Be responsible for the custody and control of all City property, the custody and control of which has not otherwise been provided for by this Charter.

(p) Perform such other duties as may be prescribed by this Charter or required of the City Manager by the Council not inconsistent with this Charter.

(q) Sign all contracts, deeds and other documents on behalf of the City when authorized to do so by the Council or by this Charter.

(r) The City Manager shall have the authority to transfer equipment and supplies between departments, and with the approval of the Council, sell obsolete, and unused or surplus personal property of the City.

(s) The City Manager shall be accorded a seat at the Council table and shall be entitled to participate in the deliberations of the Council, but shall not have a vote.

(t) The Council shall have the right to instruct the City Manager in matters of policy and the City Manager shall be responsible for implementing such Council policy. Any action, determination or omission of the City Manager shall be subject to review by the Council, but no such action, determination or omission shall be overruled or modified by a vote of less than four-sevenths of the members of such Council.

(u) The City Manager, pursuant to Section 725 of the Charter, shall direct creation of draft written statements of Policy for each City department which is under the administration of the City Manager.

(v) The City Manager annually shall conduct an independent, written performance evaluation of each head of a city department which is under the administration of the City Manager. Such performance evaluation shall include, without limitation, an evaluation of the department head's performance in implementing the Council's Statement of Policy for that department. The City Manager shall provide such performance evaluations to the Council for their review pursuant to Section 725 of the Charter. After such Council review, the Mayor may comment on the performance evaluation pursuant to Section 601(m) of the Charter.

#### SECTION 900. OFFICERS AND EMPLOYEES. GENERAL.

The officers of the City of Modesto shall consist of a Mayor, the Council, a City Manager, a City Attorney, a City Clerk, a City Auditor and such other or subordinate officers, assistants, deputies and employees as the Council may deem necessary to provide by ordinance or resolution.

The City Attorney, the City Clerk and the City Auditor shall be appointed by and may be removed by the affirmative votes of four (4) members of the Council; provided, however, that neither the City Attorney, the City Clerk nor the City Auditor shall be removed from office during or within a period of ninety (90) days next succeeding the election of a member of the Council. The purpose of this provision is to allow any newly elected member of the Council to observe the actions and abilities of these officers in the performance of the powers and duties of the respective offices.

The City Manager shall be appointed and removed as provided by Section 800 of this Charter. Except as otherwise provided in this section, all other officers and department heads of the City shall be appointed by the City Manager and shall serve at the pleasure of the City Manager.

The City Auditor shall have such powers and be required to perform such duties, consistent with the provisions of this Charter, as may be required by the Council.

The City Manager, the City Attorney, the City Clerk, and the City Auditor may be referred to collectively in this Charter as "Charter Officers."

#### SECTION 902.1. OFFICE OF THE CITY AUDITOR.

The Office of the City Auditor is hereby established. The City Council shall appoint the City Auditor who shall serve at its pleasure. The City Auditor shall be

certified according to standards comparable to a Certified Public Accountant or a Certified Internal Auditor at time of appointment.

The City Auditor shall have the following powers and duties:

(a) Conduct or cause to be conducted annual post audits of all the fiscal transactions and accounts kept by or for the City. Such audits shall include but not be limited to the examination and analysis of fiscal procedures and the examination, checking and verification of accounts and expenditures. The audits shall be conducted in accordance with generally accepted auditing standards and accordingly shall include tests of the accounting records and other auditing procedures as may be considered necessary under the circumstances. The audits shall include the issuance of suitable reports of examination so the Council and the public will be informed as to the adequacy of the financial statements of the City.

(b) Conduct performance audits, as assigned by Council. A “performance audit” means a post audit which determines with regard to the purpose, functions and duties of the audited agency all of the following:

(1) Whether the audited department, office or agency, is managing or utilizing its resources, including public funds, personnel, property, equipment and space in an economical and efficient manner.

(2) Causes of inefficiencies or uneconomical practices, including inadequacies in management information systems, internal and administrative procedures, organizational structure, use of resources, allocation of personnel, purchasing policies and equipment.

(3) Whether the desired results are being achieved.

(4) Whether objectives established by the Council or other authorizing body are being met.

(c) Conduct special audits and investigations, as assigned by Council. “Special audits and investigations” mean assignments of limited scope, intended to determine:

(1) The accuracy of information provided to the Council.

(2) The costs and consequences of recommendations made to the Council.

(3) Other information concerning the performance of City Departments, Offices or Agencies as requested by the Council.

(d) The City Auditor shall have access to, and authority to examine any and all documents including but not limited to books, accounts, internal memoranda, writings and tapes, reports, vouchers, correspondence files and other records, bank accounts, money and other property of any City department, office or agency, whether created by the Charter or otherwise, with the exception of the office of any elected official. It is the duty of any officer, employee or agent of the City having control of such records to permit access to, and examination thereof, upon the request of the City Auditor or his or her authorized representative. It is also the duty of any such officer, employee or agent to fully cooperate with, and to make full disclosure of all pertinent information.

(e) Prepare and submit to the Council quarterly reports of the City Auditor's activities and findings in the immediately preceding three calendar months, together with any recommendations to improve the administration of the City.

(f) Perform other auditing functions, consistent with other provisions of this Charter, and prepare and submit such other reports, as may be assigned by the Council.

The City Auditor may appoint and prescribe the duties of the professional, technical and clerical employees employed in the Office of the City Auditor; provided, however, that the City Auditor shall not appoint to any position any business associate or any person related to him or her or to the City Manager or to any member of the Council by blood or marriage within the second degree. All such appointees shall serve at the pleasure of the City Auditor in the Unclassified Service; and shall serve under such terms and conditions, salaries and benefits as are similar to other employees in Modesto's service. In the event an employee of the City who holds a Classified Service position is appointed to a position in the Unclassified Service under this Section, he or she may return to a position in the Classified Service. Such return to the Classified Service shall be without loss of any rights or privileges that currently pertain to the Classified Service.

Neither the Council nor any of its members shall in any manner dictate the appointment or removal of any such officer or employee whom the City Auditor is empowered to appoint, but the Council may express its views and fully and freely discuss with the City Auditor anything pertaining to the appointment and removal of such officers and employees.

#### SECTION 903. DUTIES OF OFFICERS AND EMPLOYEES.

After obtaining and considering the recommendations of the City Manager, the Council shall provide by ordinance or resolution, not inconsistent with this Charter, for the powers and duties of all officers and employees of the City.

Where the positions are not incompatible, the Council may combine in one (1) person the powers and duties of two (2) or more offices created or provided for in the Charter. Notwithstanding this provision, the offices of the City Manager, City Clerk, City Attorney and City Auditor shall not be combined except in cases of emergency, and in no event shall such combination exceed a period of three months.

No office provided herein to be filled by appointment by the City Manager may be combined with an office provided herein to be filled by appointment by the Council.

Notwithstanding the foregoing, the Council may transfer or consolidate functions of the City government to or with appropriate functions of the State or County government or may make use of such functions of the State or County government, and in case of any such transfer or consolidation, the provisions of this Charter providing for the function of the City government so transferred or consolidated shall be deemed suspended during the continuance of such transfer or consolidation, to the extent that such suspension is made necessary or conve-

nient and is set forth in the ordinance or resolution establishing such transfer or consolidation. Any such transfer or consolidation may be repealed in like manner.

**SECTION 1201. UNCLASSIFIED AND CLASSIFIED SERVICE.**

The administrative service of the City shall be divided into Unclassified and Classified Service.

(a) The Unclassified Service shall comprise the following officers and positions:

- (1) All elected officers.
- (2) City Manager, any Deputy City Manager, City Attorney, any Assistant City Attorney, any Deputy City Attorneys, City Clerk, City Auditor, and all heads of departments and deputy directors.
- (3) All members of boards and commissions.
- (4) Persons employed as unskilled laborers.
- (5) Persons employed to render professional, scientific, technical or expert services of any occasional or exceptional character.
- (6) Temporary and part-time employees paid on an hourly or per diem basis.
- (7) Persons employed under Section 601(*l*) of this Charter.

(b) The Classified Service shall comprise all positions not specifically included by this section in the Unclassified Service.

**SECTION 1302.1. SUBMISSION OF ECONOMIC FORECASTS; MAYOR'S BUDGET MESSAGE.**

The City Manager shall, on or before December 15 of each year, submit to the Mayor and to the Council a five (5) year economic forecast of expenditures and revenues for each City department, office or agency.

The Mayor shall, on or before January 15 of each year, prepare and deliver to the Council the Mayor's Proposed Budget Priorities and Direction for both the City's Capital Budget and for the City's Operating Budget.

The City Manager shall, on or before February 1 of each year, prepare and deliver to the Mayor and to the Council a Capital and Operating Mid-Year Budget Report for each City department, office or agency.

The Mayor shall, on or before February 15 of each year prepare and deliver to the Council the Mayor's Budget Message which shall include:

- (a) A statement of the fiscal priorities which the City should adopt for the ensuing fiscal year; and
- (b) Which City services, departments, offices or agencies the Mayor proposes to be expanded or reduced.

The Council shall hold a public hearing to consider the Final Mayor's Budget Message and to make any additions or revisions the Council deems advisable.

Upon close of the public hearing, the Council shall approve the Mayor's Budget Message as presented, or as revised.

**SECTION 1302.2. ANNUAL BUDGET.**

By April 30 of each year, the City Manager shall send to the Council a draft budget consisting of a careful estimate, in writing, of the amounts of expenditures required for the business and proper conduct of the various departments, offices, boards and commissions of the City, over which the City Manager has control during the next ensuing year. Said estimate shall be in such detail as the Council shall specify. The City Manager shall also include in the draft budget at said time and submit to the Council an estimate of the amount of income from fines, licenses and other sources of revenue, exclusive of taxes upon property, and the probable amount required to be levied and raised by taxation.

In addition to complying with the requirements of this section, the draft budget shall accurately reflect the recommendations and priorities specified in the Final Mayor's Budget Message as adopted by the Council.

The report of the City Manager accompanying the draft budget shall specify the budget allocations which implement each component included within the Final Mayor's Budget Message as adopted by the Council.

**SECTION 1303. MAYOR'S FINAL BUDGET MODIFICATIONS; PUBLIC HEARING ON THE PROPOSED BUDGET.**

At least thirty (30) days prior to the new fiscal year, the Mayor shall prepare and deliver to the Council the Mayor's Final Budget Modifications on the draft budget.

Following the receipt of the Mayor's Final Budget Modifications, the Council shall consider and review the draft budget as submitted by the City Manager together with the Mayor's Final Budget Modifications and may make such revisions as the Council may deem advisable. The document resulting from this process shall be deemed the "Proposed Budget."

Thereafter, the Council shall determine the time for holding of a public hearing upon the "Proposed Budget", and shall cause a notice thereof to be published not less than ten (10) days prior to said hearing by at least one (1) insertion in a newspaper of general circulation within the City.

Copies of the Proposed Budget to be considered at the public hearing shall be available for inspection by the public at the office of the City Clerk at least ten (10) days prior to said hearing.

At the time so advertised or at any time such public hearing from time to time be adjourned, the Council shall hold a public hearing on the proposed budget at which interested persons desiring to be heard shall be given such opportunity.

**SECTION 1304. ADOPTION OF THE BUDGET.**

After the conclusion of the public hearing, the Council shall further consider the proposed budget and make any revisions thereof that it may deem advisable; and thereafter it shall adopt the budget with revisions, if any. Such revisions may add or increase programs or amounts or may delete or decrease programs or amounts except expenditures required by law or for debt service, provided that no revision to the budget shall increase proposed expenditures to an amount greater

than the total estimated income plus unencumbered available reserves and estimated unencumbered balances of funds carried over from the preceding fiscal year.

Upon final adoption, the budget shall be in effect for the ensuing fiscal year.

From the effective date of the budget, the several amounts stated therein as proposed expenditures shall be and become appropriated to the various departments or activities therein described. All appropriations shall lapse at the end of the fiscal year to the extent that they shall not have been expended or lawfully encumbered unless they shall have been designated in the budget as continuing appropriations. At any meeting after the adoption of the budget, the Council may amend or supplement the budget by resolution.

Elect City Council by Districts Measure of 2008

Option (a)—“By District” System

REVISED SECTIONS 500, 501, 700.

SECTION 500. ENUMERATION.

The elective officers of the City of Modesto shall be a Mayor and six (6) Councilmembers.

The Council shall consist of the Mayor and six (6) Councilmembers, each of whom, including the Mayor, shall have the right to vote on all questions coming before the Council.

SECTION 501. METHOD OF ELECTION.

(a) Mayor. The Mayor shall be elected at the regular municipal election on a general ticket from the City at large.

(b) District Councilmembers. The Six (6) Councilmembers shall be elected by district as described in this section. A candidate for, and councilmember of, each district must live in that district to be eligible to run for or hold the office of councilmember for that district. Only voters who live in a district shall be eligible to vote in the election for councilmember of that district.

(1) Six Districts. The City of Modesto is divided into six (6) districts for purposes of electing Councilmembers to the Council.

(2) Districting Commission; Duties. There shall be established a Citizen’s Districting Commission, hereinafter “Commission,” whose function shall be to recommend to the Council the districts from which Councilmembers shall be elected. The first such Commission shall be appointed by the Council no later than sixty (60) days from the effective date of this Charter provision. The Commission shall meet and recommend to the Council a districting plan establishing six councilmember election districts in a timely manner for use in the November 2009 and November 2011 municipal elections. Thereafter, a new Commission shall be appointed by the Council and then meet and recommend to the Council a plan for redistricting of the six councilmember election districts within nine (9) months of receipt by the City of the final Federal Decennial Census information. The Council shall appropriate adequate funds for the work of the Commission.

(3) Appointment of Commission. The Commission shall consist of nine (9) qualified electors residing within the City and shall be appointed by the City Council pursuant to the provisions below:

(A) Strong consideration shall be given to composing the Commission of:

(i) a retired Stanislaus County judge as chairperson;

(ii) one (1) member from a bona fide local taxpayer's association with tax-exempt status under the relevant provisions of the Internal Revenue Code;

(iii) one (1) member from a bona fide local nonpartisan political organization, with tax-exempt status under Section 501(c)(3) of the Internal Revenue Code, dedicated to encouraging informed and active participation in government;

(iv) one (1) member from a bona fide local civil rights organization with tax-exempt status under Section 501(c)(3) of the Internal Revenue Code;

(v) one (1) member from a former Civil Grand Jury who has served in that role within the previous five (5) years;

(vi) additional members who have demonstrated civic involvement and a capacity to serve in an honest, independent, and impartial fashion, while upholding public confidence in the integrity of the redistricting process;

(B) The Commission shall reflect the demographic and geographic diversity of the City.

(C) No member of the Commission shall be a relative by blood or marriage within the second degree of the Mayor, a member of the Council, any Charter officer, or any department head or deputy department head.

(D) No member of the Commission shall be an employee of the City nor any bargaining unit for employees of the City, nor be a person who receives compensation from the City or from bargaining units of the City in any manner, including retirement benefits.

(E) No member of the Commission shall be a lobbyist or other person with business before the City that represents an economic interest in excess of the limit for material financial effect as established by local ordinance for the time periods established by local ordinance.

(F) A member of the Commission shall be ineligible for election to the City Council in any district whose boundaries were drawn by the Commission in which he or she serves.

(G) In all other respects, the members of the Commission shall be chosen pursuant to the provisions of this Charter.

(H) Members of the Commission shall serve without compensation.

(4) Criteria for Districting. To ensure fair and effective representation for all citizens of the City, the Commission, in recommending a districting or redistricting plan, and the Council, in approving or rejecting a districting or redistricting plan, shall consider the following criteria for the districts to the extent practicable:

(A) district boundaries should be geographically compact and contiguous;

(B) district boundaries should follow visible natural and man-made features;

(C) district boundaries should respect communities of interest. A community of interest is defined as a geographic area comprised of residents who share similar interests including, but not limited to, social, cultural, ethnic, geographic or economic interests, or formal government or quasi-governmental relationships, but not including relationships with political parties, incumbents, or candidates;

(D) district boundaries should be drawn without regard for advantage or disadvantage to incumbents or challengers;

(E) district boundaries should be drawn without regard for advantage or disadvantage to any political party.

(5) Procedure for Districting. The Commission and Council shall abide by the following procedure in any districting process:

(A) one or more, as necessary, independent consultants experienced and competent in the skills necessary for the districting work shall be utilized to assist the Commission in developing any of the Districting Plans detailed in this Section;

(B) the six districts shall be numbered for identification and other purposes as District One, District Two, District Three, District Four, District Five and District Six;

(C) the Commission shall hold at least one (1) public hearing prior to adopting its Draft Districting Plan; (D) the Draft Districting Plan shall be made available for at least seven (7) days prior to the commencement of public hearings to take public testimony and comment on the Draft Districting Plan;

(E) the Commission shall hold at least one (1) public hearing between the release of its Draft Districting Plan and the adoption of a Recommended Districting Plan by the Commission;

(F) the Commission shall provide timely public access to all data used in the district boundary drawing process and to all testimony, letters, exhibits and proposed plans received by the Commission;

(G) The Commission shall adopt a Recommended Districting Plan and submit it to the Council.

(6) Consideration by City Council; Final Districting Plan. After submittal of the Recommended Districting Plan to the Council:

(A) the Council shall hold at least one (1) public hearing on the Recommended Districting Plan of the Commission before any adoption of a Final Districting Plan;

(B) The Recommended Districting Plan approved by the Commission shall be available to the public for at least twenty (20) days prior to any vote by the Council to approve or disapprove the Plan.

(C) The Council may not alter the Recommended Districting Plan submitted to it by the Commission. Rather, the Council shall either approve or disapprove such a Recommended Districting Plan in its entirety. If the Council approves the Recommended Districting Plan, it shall become the Final Districting Plan and shall be implemented. If the Council disapproves the Recommended Districting Plan, the Council shall submit in writing to the Commission the reasons for such disap-

proval, including any deviation by the Commission from the criteria for districting detailed in this Section. The Commission shall consider any reasons for such disapproval submitted to it by the Council and may consider alterations to the Recommended Districting Plan in response to such reasons. After such consideration, the Commission shall submit its Final Districting Plan to the Council for implementation.

(7) Subject to Referendum. Any Final Districting Plan under this Section shall be subject to the referendum provisions of the Charter.

(d) The Transition from At-Large to District Elections. The City Clerk under former provisions of this Charter has previously designated each office held by an at-large councilmember with a descriptive designation commonly referred to as Chair One, Chair Two, Chair Three, Chair Four, Chair Five, and Chair Six. Under the City's election system, Chair Two, Chair Four, and Chair Five are subject to election in the 2009 municipal election and Chair One, Chair Three, and Chair Six are subject to election in the 2011 municipal election. A period of transition from At-Large to District elections will occur from the time of adoption of the first districting plan to the time that the first district elections are held. For this period of transition, each councilmember currently holding a chair will be designated as the councilmember representing the district with the same numerical designation in the districting plan whether or not that councilmember lives in the district. For example, upon adoption of the first districting plan, the councilmember occupying Chair One will be designated the councilmember representing District One whether or not that councilmember lives in District One. Each of the councilmembers occupying office at the time of the effective date of this Charter revision shall be so designated. Thereafter, the first district elections for Districts Two, Four and Five shall occur during the municipal election in 2009 and the first district elections for Districts One, Three, and Six shall occur during the municipal election in 2011. Notwithstanding the provisions of Section 700 of the Charter, an incumbent councilmember at the time of the effective date of this provision may run for a Council seat other than the seat which that member currently holds if the councilmember is otherwise eligible to run in that seat, all subject to the limitations of terms of office in Section 503 of this Charter.

#### SECTION 700. COUNCILMEMBERS. TERM OF OFFICE.

Except as otherwise provided in this Charter, the members of the Council shall hold office for a term of four (4) years from and after the first Tuesday following their election. The members of the Council in office at the time this Charter takes effect shall continue in office until the expiration of their terms or until their successors are elected and qualified.

If a tie vote makes it impossible to determine which of two (2) or more candidates has been elected, said tie shall be settled by the drawing of lots, the procedure for which shall be determined by the Council. Each member of the Council shall have the right to vote on all matters coming before the Council.

No candidate shall file for more than one (1) elective office; and no incumbent member of the Council shall run for a seat other than that which the member holds, except that any incumbent member of the Council may run for the seat of Mayor, and an incumbent Mayor may run for the seat of Mayor or for any other seat on the Council, all subject to the limitations of terms of office in Section 503 of this Charter.

Charter Chapter 7—City of San Diego

***Amendments to the Charter of the City of San Diego***

[Filed with the Secretary of State July 8, 2008.]

Section 39 of the Charter of the City of San Diego is amended to read as follows:

Section 39: Chief Financial Officer.

The Chief Financial Officer shall be appointed by the City Manager and confirmed by the City Council for an indefinite term and shall serve until his or her successor is appointed and qualified. The Chief Financial Officer shall be the chief fiscal officer of the City. He or she shall exercise supervision over all accounts, and accounts shall be kept showing the financial transactions of all Departments of the City upon forms prescribed by the Chief Financial Officer and approved by the City Manager and the Council. Subject to the direction and supervision of the City Manager, the Chief Financial Officer shall be responsible for the preparation of the City's annual budget. He or she shall also be responsible for oversight of the City's financial management, treasury, risk management and debt management functions. He or she shall submit to the City Manager and to the Council at least monthly a summary statement of revenues and expenses for the preceding accounting period, detailed as to appropriations and funds in such manner as to show the exact financial condition of the City and of each Department, Division and office thereof. No contract, agreement, or other obligation for the expenditure of public funds shall be entered into by any officer of the City and no such contract shall be valid unless the Chief Financial Officer shall certify in writing that there has been made an appropriation to cover the expenditure and that there remains a sufficient balance to meet the demand thereof. He or she shall perform the duties imposed upon chief municipal fiscal officers by the laws of the State of California, and such other duties as may be imposed upon him or her by ordinances of the Council, but nothing shall prevent the City Manager from transferring to other officers matters in charge of the Chief Financial Officer which do not relate directly to the finances of the City. The Chief Financial Officer shall

prepare and submit to the City Manager such information as shall be required by the City Manager for the preparation of an annual budget. The Chief Financial Officer shall appoint his or her subordinates subject to the Civil Service provisions of this Charter. The authority, power and responsibilities conferred upon the Auditor and Comptroller by this Charter shall be transferred to, assumed, and carried out by the Chief Financial Officer.

Section 39.1 of the Charter of the City of San Diego is added to read as follows:

Section 39.1: Audit Committee.

The Audit Committee shall be an independent body consisting of five members. Notwithstanding any other Charter provision to the contrary, the Audit Committee shall be appointed as provided under this section. To ensure its independence, the Audit Committee shall be composed of two members of the City Council and three members of the public. The two Councilmembers shall be appointed by the Council, one of whom shall serve as Chair of the Audit Committee. The three public members of the Audit Committee shall be appointed by the City Council from a pool of at least two candidates for each vacant position, to be recommended by a majority vote of a screening committee comprised of a member of the City Council, the Chief Financial Officer, the Independent Budget Analyst and two outside financial experts appointed by the other three members of the screening committee and confirmed by the City Council. Public members of the Audit Committee shall possess the independence, experience and technical expertise necessary to carry out the duties of the Audit Committee. This expertise includes but is not limited to knowledge of accounting, auditing and financial reporting. The minimum professional standards for public members shall include at least 10 years of experience as a certified public accountant or as a certified internal auditor, or 10 years of other professional financial or legal experience in audit management. The public members of the Audit Committee shall serve for terms of four years and until their successors have been appointed and qualified. Public members of the Audit Committee are limited to two full consecutive terms, with one term intervening before they become eligible for reappointment. Notwithstanding any other provision of this section, appointments shall be made so that not more than one term of office shall expire in any one year.

The Audit Committee shall have oversight responsibility regarding the City's auditing, internal controls and any other financial or business practices required of this Committee by this Charter. The Audit Committee shall be responsible for directing and reviewing the work of the City Auditor and the City Auditor shall report directly to the Audit Committee. The Audit Committee shall recommend the annual compensation of the City Auditor and annual budget of the Office of City Auditor to the Council and shall be responsible for an annual performance review of the City Auditor. The Audit Committee shall recommend to the Council the retention of the City's outside audit firm and, when appropriate, the removal of such firm. The Audit Committee shall monitor the engagement of the City's

outside auditor and resolve all disputes between City management and the outside auditor with regard to the presentation of the City's annual financial reports. All such disputes shall be reported to the Council. The Council may specify additional responsibilities and duties of the Audit Committee by ordinance as necessary to carry into effect the provisions of this section.

Section 39.2 of the Charter of the City of San Diego is added to read as follows:

Section 39.2: Office of City Auditor.

The City Auditor shall be appointed by the City Manager, in consultation with the Audit Committee, and confirmed by the Council. The City Auditor shall be a certified public accountant or certified internal auditor. The City Auditor shall serve for a term of 10 years. The City Auditor shall report to and be accountable to the Audit Committee. Upon the recommendation of the Audit Committee, the City Auditor may be removed for cause by a vote of two-thirds of the members of the Council. The City Auditor shall be the appointing authority of all City personnel authorized in the department through the normal annual budget and appropriation process of the City, and subject to the Civil Service provisions of this Charter.

The City Auditor shall prepare annually an Audit Plan and conduct audits in accordance therewith and perform such other duties as may be required by ordinance or as provided by the Constitution and general laws of the State. The City Auditor shall follow Government Auditing Standards. The City Auditor shall have access to, and authority to examine any and all records, documents, systems and files of the City and/or other property of any City department, office or agency, whether created by the Charter or otherwise. It is the duty of any officer, employee or agent of the City having control of such records to permit access to, and examination thereof, upon the request of the City Auditor or his or her authorized representative. It is also the duty of any such officer, employee or agent to fully cooperate with the City Auditor, and to make full disclosure of all pertinent information. The City Auditor may investigate any material claim of financial fraud, waste or impropriety within any City Department and for that purpose may summon any officer, agent or employee of the City, any claimant or other person, and examine him or her upon oath or affirmation relative thereto. All City contracts with consultants, vendors or agencies will be prepared with an adequate audit clause to allow the City Auditor access to the entity's records needed to verify compliance with the terms specified in the contract. Results of all audits and reports shall be made available to the public in accordance with the requirements of the California Public Records Act.

Section 39.3 of the Charter of the City of San Diego is added to read as follows:

Section 39.3: Independent Budget Analyst.

Notwithstanding any other provision of this Charter, the City Council shall have the right to establish by ordinance an Office of Independent Budget Analyst

to be managed and controlled by the Independent Budget Analyst. The Office of the Independent Budget Analyst shall provide budgetary and policy analysis for the City Council. The Council shall appoint the Independent Budget Analyst, who shall serve at the pleasure of the Council and may be removed from office by the Council at any time. Any person serving as the Independent Budget Analyst shall have the professional qualifications of a college degree in finance, economics, business, or other relevant field of study or relevant professional certification. In addition, such appointee shall have experience in the area of municipal finance or substantially similar equivalent experience. The Independent Budget Analyst shall be the appointing authority of all City personnel authorized in the department through the normal annual budget and appropriation process of the City, and subject to the Civil Service provisions of this Charter.

Section 45 of the Charter of the City of San Diego is amended to read as follows:

Section 45: City Treasurer.

The Manager shall appoint the Treasurer. He or she shall perform duties imposed upon City Treasurers by general law, the City Charter, or ordinances of the Council. The office of the Treasurer shall consist of the Treasurer and such subordinate officers and employees as shall be authorized by ordinance.

The Treasurer shall receive, have the custody of, and disburse City moneys upon the warrant or check-warrant of the Chief Financial Officer under the provisions of Section 53911 of the Government Code of the State of California. He or she shall keep such books and records as are necessary for the recording of all receipts and expenditures, together with a record of money in City depositories. Every Department officer, or institution which receives money directly from the public, shall deposit the same daily with the Treasurer, unless otherwise authorized by ordinance. The Treasurer shall demand and receive from the County Tax Collector moneys collected by him or her for use of the City. And it shall be the duty of such County official to deposit such money monthly with the City Treasurer.

The Treasurer shall determine pursuant to the general law of the state, the selection of depositories for City funds. All interest collected on City funds shall be accounted for monthly by the Treasurer.

Whenever any person is indebted to the City in any manner and the means of collection of such debt is not otherwise provided for by law or ordinance, the Treasurer shall be authorized to demand and receive the same. When any claim shall not be collectible by other methods, he or she shall report the same to the City Manager and the City Attorney for prosecution. When payment of a claim or any judgment thereon is made, he or she shall receive and receipt therefor in the name of the City.

The Treasurer shall issue notices for and collect special assessments previous to certification to the County Auditor, charges for permits for private use of public streets, and such other miscellaneous taxes, fees, assessments, licenses and priv-

ilege charges as may from time to time be assigned to him or her. He or she shall maintain a continuous inspection of the records and accounts of such taxes, licenses and privilege charges in order to effectuate their collection.

The Treasurer shall issue all permits and licenses except departmental permits and licenses which are by ordinance assigned to the particular Departments. Such permits and licenses shall be issued either directly by the Treasurer or upon specific authorization of the appropriate Department as may be required by ordinances, but all revenues derived therefrom shall be deposited with the Treasurer.

Section 111 of the Charter of the City of San Diego is amended to read as follows:

Section 111: Audit of Accounts of Officers.

Each year the Council shall provide that an audit shall be made of all accounts and books of all the Departments of the City. Such audit shall be made by independent auditors who are in no way connected with the City. Upon the death, resignation or removal of any officer of the City, the City Auditor shall cause an audit and investigation of the accounts of such officer to be made and shall report to the Audit Committee. Either the Audit Committee or the Council may at any time provide for an independent examination or audit of the accounts of any or all officers or Departments of the City government. In case of death, resignation or removal of the City Auditor, the Audit Committee shall cause an audit to be made of his or her accounts. If, as a result of any such audit, an officer be found indebted to the City, the City Auditor, or other person making such audit, shall immediately give notice thereof to the Audit Committee, the Council, the Manager and the City Attorney, and the latter shall forthwith proceed to collect such indebtedness.

Section 117 of the Charter of the City of San Diego is amended to read as follows:

Section 117: Unclassified and Classified Services.

Employment in the City shall be divided into the Unclassified and Classified Service.

(a) The Unclassified Service shall include: [subsections (1) through (6) no change in text]

(7) Chief Financial Officer, Independent Budget Analyst, and City Auditor [subsections (8) through (10) no change in text]

(11) All Assistants and deputies to the Independent Budget Analyst, and all Assistants and deputies to the City Auditor [subsections (12) through (17) no change to text] [subsection (b) no change in text]

The City may employ any independent contractor when the City Manager determines, subject to City Council approval, City services can be provided more economically and efficiently by an independent contractor than by persons employed in the Classified Service while maintaining service quality and protecting the public interest. The City Council shall by ordinance provide for appropriate policies and procedures to implement this subsection. Such ordinance shall include minimum contract standards and other measures to protect the

quality and reliability of public services. A City department shall be provided with an opportunity and resources to develop efficiency and effectiveness improvements in their operations as part of the department's proposal. The core public safety services provided by police officers, firefighters, and lifeguards who participate in the City's Safety Retirement System shall not be subject to Managed Competition. The City Manager shall establish the Managed Competition Independent Review Board to advise the City Manager whether a City department's proposal or an independent contractor's proposal will provide the services to the City most economically and efficiently while maintaining service quality and protecting the public interest. The City Manager will appoint seven (7) members to the Board. Four (4) shall be private citizens whose appointments shall be subject to City Council confirmation. Each shall have professional experience in one or more of the following areas: finance, law, public administration, business management or the service areas under consideration by the City Manager. Three (3) shall be City staff including a City Manager staff designee, a City Council staff designee and the City Auditor and Comptroller or staff designee. Such appointees shall not have any personal or financial interests which would create conflict of interests with the duties of a Board member. Members of the Board shall be prohibited from entering into a contract or accepting employment from an organization which secures a City contract through the managed competition process for the duration of the contract. The City Council shall have the authority to accept or reject in its entirety any proposed agreement with an independent contractor submitted by the City Manager upon recommendation of the Managed Competition Independent Review Board. The City Manager shall have the sole responsibility for administering and monitoring any agreements with contractors. The City Manager shall be required to produce annual performance audits for contracted services, the cost of which must be accounted for and considered during the bidding process. In addition, the City Manager shall seek an independent audit every five (5) years to evaluate the City's experience and performance audits. During the period of time that the City operates under the Strong Mayor form of governance pursuant to Article XV, the reference herein to City Manager shall be deemed to refer to the Mayor.

Section 255 of the Charter of the City of San Diego is amended to read as follows:

Section 255: Operative Date; Sunset of Article; Future Action by Voters.

(a) The date for the provisions of this Article to become operative is January 1, 2006.

(b) After January 1, 2006, the provisions of this Article shall remain in effect for a period of five years (until December 31, 2010) at which time this Article shall be automatically repealed and removed from the Charter. However, the Council and the people reserve the right to propose amendments to the Charter at the November 2010 election or sooner to extend, make permanent, shorten or repeal the effective period of this Article and to consider increasing the number of

Council districts to nine at the time of the next City Council district reapportionment which follows the national decennial census in 2010.

(c) To ensure the people have an opportunity to consider the permanency of this Article before it is automatically repealed, at the June 2010 election, the City Council shall place a measure on the ballot to propose amendments to the Charter to make this Article permanent on January 1, 2011; increase the number of Council districts to nine at the time of the next City Council district reapportionment which follows the national decennial census in 2010; and increase the number of Council votes required to override a mayoral veto of an ordinance or resolution to a two-thirds majority of the Council, with such increase to take effect at such time a ninth Councilmember is elected and qualified.

Section 265 of the Charter of the City of San Diego is amended to read as follows:

Section 265: The Mayor. [subsection (a) no change in text]

(b) In addition to exercising the authority, power, and responsibilities formally conferred upon the City Manager as described in Section 260(b), the Mayor shall have the following additional rights, powers, and duties: [subsections (1) through (9) no change to text]

(10) Notwithstanding contrary language in Charter Sections 30, 57 or 58, authority to dismiss the Chief of Police or the Chief of the Fire Department, subject only to a right for these city officials to appeal to the City Council to overturn the Mayor's decision. Any such appeal must be filed with the City Clerk within 10 calendar days of receiving the notice of dismissal or termination from the Mayor. The City Clerk shall thereafter cause the appeal to be docketed at a regular open meeting of the City Council no later than 30 days after the appeal is filed with the Clerk;

(11) As provided for in Charter Sections 41 and 43, the authority to appoint members of City boards, commissions, and committees, subject to Council confirmation;

(12) Sole authority to appoint City representatives to boards, commissions, committees and governmental agencies, unless controlling law vests the power of appointment with the City Council or a City Official other than the Mayor;

(13) To cooperate fully with the Council and the Office of Independent Budget Analyst, including but not limited to, supplying requested information concerning the budget process and fiscal condition of the City to the Council and the Office of Independent Budget Analyst; and

(14) To propose a budget to Council and make it available for public review, no later than April 15. [subsections (c) through (j) no change in text]

Section 270 of the Charter of the City of San Diego is amended to read as follows:

Section 270: The Council. [subsections (a) through (e) no change in text]

(f) No member of the Council shall directly or indirectly by suggestion or otherwise attempt to influence or coerce the City Manager or other officer appointed

or confirmed by the Council in the making of any appointment to, or removal from, any City office or employment, or the purchase of any supplies, or discuss directly or indirectly with any candidate for City Manager the matter of appointments to City Offices or employment, or attempt to exact any promises from such candidate relative to any such appointments.

(g) Except for the purpose of inquiry or communications in furtherance of implementing policies and decisions approved by resolution or ordinance of the Council, individual members of Council shall deal with the administrative service for which the Mayor is responsible only through the Mayor, the City Manager, or the Mayor's designees.

(h) Any City official or department head in the administrative service may be summoned to appear before the Council or any committee of the Council to provide information or answer any question.

Section 280 of the Charter of the City of San Diego is amended to read as follows:

Section 280: Approval or Veto of Council Actions by Mayor.

(a) The Mayor shall have veto power over all resolutions and ordinances passed by Council with the following exceptions:

(1) The Mayor's veto power shall not extend to matters that are exclusively within the purview of Council, such as selection of the Independent Budget Analyst, the selection of a presiding officer, or the establishment of other rules or policies of governance exclusive to the Council and not affecting the administrative service of the City under the control of the Mayor.

(2) The Mayor's veto power shall not extend to those matters where the Council has acted as a quasi-judicial body and where a public hearing was required by law implicating due process rights of individuals affected by the decision and where the Council was required by law to consider evidence at the hearing and to make legal findings based on the evidence presented.

(3) Emergency Ordinances.

(4) The Annual Appropriations Ordinance.

(5) The Salary Ordinance, which instead shall be subject to veto in accordance with the process described in Section 290.

(6) The Mayor's veto power shall not extend to the appointment, confirmation, or removal of members of the Audit Committee or the screening committee as provided for in Section 39.1, or the City Auditor as provided for in Section 39.2. [subsections (b)—(c) no change in text]

## Charter Chapter 8—City of Carlsbad

***Amendments to the Charter of the City of Carlsbad***

[Filed with the Secretary of State July 3, 2008.]

## PREAMBLE

We the people of the City of Carlsbad, declare our intent to maintain in our community the historic principles of self-governance inherent in the doctrine of home-rule. We the people of Carlsbad, are sincerely committed, to the belief that local government has the closest affinity to the people governed and firmly convinced that the economic and fiscal independence of our local government will better serve and promote the health, safety and welfare of all the citizens of Carlsbad. Based on these principles, we do hereby exercise the express right granted by the Constitution of the State of California and do ordain and establish this Charter for the City of Carlsbad.

## CHARTER

## ARTICLE 1. MUNICIPAL AFFAIRS

Section 100. Powers of City. The City shall have full power and authority to adopt, make, exercise and enforce all legislation, laws and regulations with respect to municipal affairs, subject only to the limitations and restrictions as may be provided in this Charter, in the Constitution of the State of California, and in the laws of the United States.

Section 101. Municipal Affairs; Generally. Each of the matters set forth in this Charter are declared to be municipal affairs, consistent with the laws of the State of California. The implementation of each matter uniquely benefits the citizens of the City of Carlsbad and addresses peculiarly local concerns within the City of Carlsbad. The municipal affairs set forth in this Charter are not intended to be an exclusive list of municipal affairs over which the City Council may govern.

Section 102. Incorporation and Succession. The City of Carlsbad shall continue to be a municipal corporation known as the City of Carlsbad. The boundaries of the City of Carlsbad shall continue as now established until changed in the manner authorized by law. The City of Carlsbad shall remain vested with and shall continue to own, have, possess, control and enjoy all property rights and rights of action of every nature and description owned, had, possessed, controlled or enjoyed by it at the time this Charter takes effect. The City of Carlsbad shall be subject to all debts, obligations and liabilities of the City of Carlsbad at the time this Charter takes effect. All lawful ordinances, resolutions, rules and regulations, or portions thereof, enforced at the time this Charter takes effect and not in conflict with or inconsistent herewith, are hereby continued in force until the same have been duly repealed, amended, changed or superseded by proper lawful action.

## ARTICLE 2. FORM OF GOVERNMENT

Section 200. Form of Government. The municipal government established by this Charter shall be known as the “Council-Manager” form of government. The City Council shall establish the policy of the City; the City Manager shall carry out that policy.

## ARTICLE 3. LOCAL LIMITS OF GROWTH CONTROL

Section 300. Local Limits of Growth Control. The citizens of Carlsbad recognize and declare that managing and limiting growth and ensuring that necessary public facilities are provided to the citizens of the City of Carlsbad are quintessential elements of local control and therefore are municipal affairs. The adoption of this Charter recognizes and reaffirms the principles of the growth management program established by the citizens as Proposition E in 1986 and affirms the principle that this program, that implements a municipal affair shall be superior to and take precedence over any conflicting general laws of the State of California. The intent of this Charter is to allow the City Council and the voters to exercise the maximum degree of control over land use matters within the City of Carlsbad.

## ARTICLE 4. REVENUE, SAVINGS AND GENERATION

Section 400. Economic and Community Development. Subject to the expenditure limitation established by the citizens of Carlsbad Proposition H in 1982, the City shall have the power to utilize revenues from the general fund to encourage, support and promote economic and community development in the City.

Section 401. Public Financing. The City Council shall have the power to establish standards, procedures, rules and regulations relating to financing of public improvements and services.

Section 402. Utility Franchises. The City Council shall have the power to provide for the acquisition, development or operation by the City of any public utility and/or to grant any franchise, license or permit to any public utility which proposes to use or is using City streets, highways or other rights-of-way.

Section 403. Enterprises. The City shall have the power to engage in any enterprise determined necessary to produce revenues for the general fund or any other fund established by the City Council that promotes a public purpose.

Section 404. Contracts. The City Council shall have the power to establish standards, procedures, rules or regulations relating to all aspects of the award and performance of contracts, including contracts for the construction of public improvements, including, but not limited to, compensation paid for performance of such work.

## ARTICLE 5. REVENUE RETENTION

Section 500. Reductions Prohibited. All revenues due to, and raised by the City, shall remain within the City of Carlsbad for appropriation solely by the City Council. No such revenue shall be subject to subtraction, retention, attachment,

withdrawal or any other form of involuntary reduction by any other level of government.

Section 501. Mandates Limited. No person, whether elected or appointed, acting on behalf of the City, shall be required to implement or give effect to, any function which is mandated by any other level of government, unless and until funds sufficient for the performance of such function are provided by such other level of government.

#### ARTICLE 6. GENERAL LAWS

Section 600. General Law Powers. In addition to the power and authority granted by the terms of this Charter and the Constitution of the State of California, the City shall have the power and authority to adopt, make, exercise and enforce all legislation, laws, and regulations and to take all actions and to exercise any and all rights, powers and privileges heretofore or hereafter established, granted or prescribed by any law of the State of California or by any other lawful authority. In the event of any conflict between the provisions of this Charter and the provisions of the general laws of the State of California, the provisions of this Charter shall control.

#### ARTICLE 7. INTERPRETATION

Section 700. Construction and Interpretation. The language contained in this Charter is intended to be permissive rather than exclusive or limiting and shall be liberally and broadly construed in favor of the exercise by the City of its powers to govern with respect to any matter which is a municipal affair.

Section 701. Severability. If any provision of this Charter should be held by a final judgment of a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Charter shall remain enforceable to the fullest extent permitted by law.

#### ARTICLE 8. AMENDMENT

Section 800. Amendment to Charter, revised or repealed. This Charter, and any of its provisions, may be amended by a majority vote of the electors voting on the question. Amendment or repeal may be proposed by initiative or by the governing body.

Certified to be a true copy by Claude A. Lewis, Mayor, and Lorraine M. Wood, City Clerk.

Date of Municipal Election: June 3, 2008.

## Charter Chapter 9—City of Victorville

*Amendments to the Charter of the City of Victorville*

[Filed with the Secretary of State July 18, 2008.]

## PREAMBLE

We the people of the City of Victorville declare our intent to restore our community to the historic principles of self-governance inherent in the doctrine of home-rule. Sincerely committed to the belief that local government has the closest affinity to the people governed, and firm in the conviction that the economic and fiscal independence of our local government will promote the health, safety and welfare of all the citizens of this City, we do hereby exercise the express right granted by the Constitution of the State of California to enact and adopt this Charter for the City of Victorville.

## ARTICLE I. MUNICIPAL AFFAIRS

Section 100. Municipal Affairs. The City shall have full power and authority to adopt, make, exercise and enforce all legislation, laws, and regulations and to take all actions relating to municipal affairs, without limitation, which may be lawfully adopted, made, exercised, taken or enforced under the Constitution of the State of California. Without limiting in any manner the foregoing power and authority, each of the powers, rights, and responsibilities described in this Charter is hereby declared to be a municipal affair, the performance of which is unique to the benefit and welfare of the citizens of the City of Victorville.

## ARTICLE II. FORM OF GOVERNMENT

Section 200. Council-Manager Form of Government. The municipal government established by this Charter shall be the “Council-Manager” form of government, under which the City Council sets policy and the City Manager administers the government.

## ARTICLE III. METHOD OF ELECTION

Section 300. Structure of Election of Council Members. The City shall elect council members “at large” without regard to where in the City they reside and without regard to their geographic district.

Section 301. Prohibition on “Districting.” The City shall not permit elections of council members either “by” districts or “from” districts.

ARTICLE IV. CONTRACTS, PUBLIC FINANCING,  
FRANCHISES, AND REVENUE

Section 400. Public Works Contracts. The City shall have the power to establish standards, procedures, rules or regulations to regulate all aspects of the bidding, award and performance of any public works contract, including, but not limited to, the compensation rates to be paid for the performance of such work.

Section 401. Public Financing. The City shall have the power to establish standards, procedures, rules or regulations related to any public financing.

Section 402. Utility Franchises. The City shall have the power to adopt any ordinance providing for the acquisition, development, or operation by the City of any utility, or any ordinance providing for the granting of a franchise to any utility not owned by the City which proposes to use or is using City streets, highways or other rights-of-way.

Section 403. Enterprises. The City shall have the power to lawfully engage in any enterprise deemed necessary to provide revenues for the general fund or any other fund established by the City Council.

#### ARTICLE V. REVENUE RETENTION

Section 500. Reductions Prohibited. Any revenues raised and collected by the City shall not be subject to subtraction, retention, attachment, withdrawal or any other form of involuntary reduction by any other level of government.

Section 501. Mandates Limited. No person, whether elected or appointed, acting on behalf of the City, shall be required to perform any function which is mandated by any other level of government, unless and until funds sufficient for the performance of such function are provided by said mandating authority.

#### ARTICLE VI. GENERAL LAWS

Section 600. General Law Powers. In addition to the power and authority granted by the terms of this Charter and the Constitution of the State of California, the City shall have the power and authority to adopt, make, exercise and enforce all legislation, laws and regulations and to take all actions and to exercise any and all rights, powers, and privileges heretofore or hereafter established, granted or prescribed by any law of the State of California or by any other lawful authority. In the event of any conflict between the provisions of this Charter and the provisions of the general laws of the State of California, the provisions of this Charter shall control.

#### ARTICLE VII. INTERPRETATION

Section 700. Construction and Interpretation. The language contained in this Charter is intended to be permissive rather than conclusive or limiting and shall be liberally and broadly construed in favor of the exercise by the City of its power to govern with respect to any matter which is a municipal affair.

Section 701. Severability. If any provision of this Charter should be held by a court of competent jurisdiction to be invalid, void or otherwise unenforceable, the remaining provisions shall remain enforceable to the fullest extent permitted by law.

## Charter Chapter 10—City of San Ramon

***Amendments to the Charter of the City of San Ramon***

[Filed with the Secretary of State August 8, 2008.]

**PREAMBLE**

The City of San Ramon was incorporated as a general law city in 1983 by residents seeking the right to manage local affairs. The authority of general law cities has diminished as a result of increasing State mandates and involvement in local matters. In order to reclaim the local autonomy sought through incorporation and to preserve the right of the people to present grievances to the most responsive level of government, we, the citizens of San Ramon, enact this Charter.

**ARTICLE 1. Acceptance of Home Rule**

Except as restricted by this Charter, the City shall have all powers allowable under the Constitution of the State of California to adopt ordinances, establish rules, grant franchises, structure City government, and in every way to govern the municipal affairs of the City. Municipal affairs encompass all matters of local concern as determined by the City Council consistent with the meaning of “municipal affairs” under the constitutional, statutory, and judicially defined law of the State of California.

Nothing in this Charter is intended to restrict the City in exercising any right, power or authority granted under the general laws of the State of California. However, the provisions of this Charter shall prevail in the event of any conflict with general law.

**ARTICLE II. Structure of City Government**

The City shall continue to be governed by a council of five members, four Councilmembers and a Mayor, elected at large. The City Council shall appoint a City Manager and a City Attorney. The City Manager, as the chief administrative officer of the City, shall appoint all department heads other than the City Attorney. Involvement in administrative matters by the council or by any individual Councilmember shall occur only by direction of the City Manager.

**ARTICLE III. Selection of Mayor**

The Mayor shall be elected by plurality at an election to be held every two years. No elected Mayor shall serve for more than four two year terms or eight years total. Duties of the elected Mayor for the City of San Ramon shall remain the same as the duties as of January 1, 2001. Compensation for the elected Mayor of San Ramon shall be one hundred dollars per month more than a city Councilmember. The position of elected Mayor will become effective at the first City of San Ramon regular municipal election following adoption of this Charter amendment where three City Council seats are up for election. One of these three seats will become the elected Mayor position.

ARTICLE IV. Public Contracting

The City Council, by ordinance, shall establish the procedures, including any competitive bidding requirements, to be followed by the City in awarding public contracts of any nature, including those for construction of public works.

ARTICLE V. Continuation of Existing Law

All ordinances, resolutions, rules and regulations of the City in effect as of the effective date of this Charter shall continue in effect until repeated or amended.

ARTICLE VI. Interpretation

The provisions of this Charter shall be interpreted broadly to favor the exercise of home rule. If any provision is found by a court to be invalid, the remaining provisions of the Charter shall remain in full force and effect.

Certified to be a true copy by H. Abram Wilson, Mayor, and Patricia Edwards, City Clerk.

Date of Election: November 6, 2001.

Charter Chapter 11—City and County of San Francisco

***Amendments to the Charter of the  
City and County of San Francisco***

[Filed with the Secretary of State July 7, 2008.]

SEC. 12.204. RETIREE HEALTH CARE TRUST FUND

The Retiree Health Care Trust Fund (“RHCTF”) shall be an irrevocable trust fund established under Section A8.432, and separate from the Health Service System Trust Fund described in Charter Sections 12.203 and A8.428, to provide a funding source to defray the cost of the City’s, and other Participating Employers’, obligations to pay for health coverage for retired persons and their survivors entitled to health coverage under Section A8.428. Trust assets shall be held for the sole and exclusive purpose of providing health coverage to eligible retired persons and their survivors, and to defray the reasonable expenses of administering the RHCTF, including but not limited to educational, actuarial, consulting, administrative support and accounting expenses associated with the RHCTF. Administrative costs, including but not limited to educational, actuarial and consulting expenses associated with the Retiree Health Care Trust Fund, as adopted by the board of supervisors in the annual budget, shall be paid from the Retiree Health Care Trust Fund, but only upon an adoption of a resolution by the Retiree Health Trust Fund Board approving such expenses.

The RHCTF shall be governed by a Retiree Health Trust Fund Board (“Board”). The Board shall consist of five trustees, one of whom shall be appointed by the City Controller, one of whom shall be appointed by the City Treasurer, one of whom

shall be appointed by the Executive Director of the San Francisco Employees Retirement System, and two of whom shall be elected from among active employee and retired members of the City's Health Service System. One of the elected trustees shall be an active employee member and one shall be a retired member as of the date of their respective elections. Each elected trustee shall serve for a term of five years. No person may serve simultaneously as a trustee on the Board and as an elected or appointed member of the San Francisco Employees Retirement System Board or the Health Service System Board.

**SEC. A8.404-1. FY 2009–2010 INTERIM ECONOMIC PROVISIONS.**

Notwithstanding any other Provision of Charter Section A8.404, for the fiscal year commencing July 1, 2009, and ending on June 30, 2010, all economic provisions (including but not limited to wages, premium pay rates, overtime, any employer pickup of the employees' retirement contribution, paid time off, and other compensation, but not including any trust fund contributions required under Section A8.404(f)) shall not be increased for miscellaneous City and County platform employees, and coach or bus operators of the municipal railway, above the levels set in place as of close of business June 30, 2009, nor may new economic provisions be added.

**SEC. A8.409-7. RETIREE HEALTH CARE TRUST FUND.**

Notwithstanding any other provision of Charter Sections A8.409 through A8.409-8, the provisions and operation of the Retiree Health Care Trust Fund, including employee contributions to the fund, shall be determined pursuant to Charter Sections 12.204, A8.432, and A8.433, and shall not be subject to the dispute resolution procedures contained in Charter Section A8.409-4.

**SEC. A8.409-8. FY 2009–2010 ECONOMIC PROVISIONS AND FUTURE PROCEEDINGS.**

Notwithstanding any other provision of Charter Sections A8.409 through A8.409-7, for the fiscal year commencing July 1, 2009, and ending on June 30, 2010, all economic provisions (including but not limited to, wages, premium pay rates, overtime, any employer pickup of the employees' retirement contribution, paid time off, and other compensation) shall remain unchanged for miscellaneous City and County officers and employees at the levels set in place as of close of business June 30, 2009, and no new economic provisions may be added. For the fiscal year commencing July 1, 2009, and ending on June 30, 2010, economic provisions shall not be subject to the dispute resolution procedures contained in Charter Section A8.409-4. Notwithstanding any other provision of Charter Section A8.409-4, for the fiscal year commencing July 1, 2010, and ending on June 30, 2011, and every year thereafter, in any mediation/arbitration proceeding under A8.409-4, the mediation/arbitration board shall recognize as wages the ongoing economic expenditures made by the City and County beginning, during and continuing beyond fiscal year 2009-2010 as a result of this Charter Amendment submitted to the voters at the June 3, 2008 election when evaluating any economic proposals contained in a last offer of settlement by either Party. However, City and

County contributions to the Retiree Health Care Trust Fund under Section A8.432 shall not be considered or relied on by the mediation/arbitration board as a wage or other payment to employees for the purposes of evaluating the proposals contained in the last offers of settlement of either party. Likewise, in evaluating the proposals contained in the last offers of settlement of either party, the mediation/arbitration board shall not take into account or otherwise consider or rely on any mandatory employee contributions to the Retiree Health Care Trust Fund required under Charter Sections 12.204 and A8.432.

**SEC. A8.428. HEALTH SERVICE SYSTEM TRUST FUND.**

There is hereby created a health service system trust fund. The costs of the health service system shall be borne by the members of the system and retired persons, the City and County of San Francisco because of its members and retired persons, the Parking Authority of the City and County of San Francisco because of its members and retired persons; the San Francisco Unified School District because of its members and retired persons and the San Francisco Community College District because of its members and retired persons.

(a) Definitions

“Credited Service” means years of employment with the Employers.

“Employers” as used in this section means the City and County of San Francisco (“City and County”), the San Francisco Unified School District (“School District”) and/or the San Francisco Community College District (“Community College District”). Employers shall also include the Superior Court of California, County of San Francisco (“Superior Court”), to the extent the Superior Court participates in the City’s Health Service System under Section A8.428(e).

“Hired on or Before January 9, 2009” as used in this section means employees of the City and County, the School District and/or the Community College District who were hired on or before January 9, 2009, excluding the following categories of employees: (1) as-needed employees who have never earned 1,040 or more hours of compensation during any 12-month period ending on or before January 9, 2009; and/or (2) employees who have separated from the Employers on or before January 9, 2009, and have less than 5 years of Credited Service.

“PERS” as used in this section shall mean the Public Employees’ Retirement System of the State of California.

“Registered as Domestic Partners” as used in this section means persons who have established a domestic partnership according to the provisions of Chapter 62 of the San Francisco Administrative Code, as amended from time to time. Domestic partners who have formed their domestic partnership only by notarization of a declaration of Domestic Partnership as provided in Chapter 62 of the San Francisco Administrative Code shall not be recognized or treated as a domestic partnership under this section unless and until the domestic partnership is registered or certified.

“Retirement System” as used in this section shall mean the San Francisco City and County Employees’ Retirement System.

“Retired under the San Francisco City and County Employees’ Retirement System” as used in this section includes persons who retire for service; retire for disability; or who receive a retirement or vesting allowance from the Retirement System.

A “Retired person” as used in this section means:

(1) A former member of the health service system, hired by the Employers on or before January 9, 2009, retired under the San Francisco City and County Employees’ Retirement System or PERS (hereinafter, “Retired Employee who was Hired on or Before January 9, 2009”);

(2) The surviving spouse or surviving domestic partner of an active employee hired on or before January 9, 2009, provided that the surviving spouse or surviving domestic partner and the active employee have been married or Registered as Domestic Partners for a period of at least one year prior to the death of the active employee;

(3) The surviving spouse or surviving domestic partner of a Retired Employee who was Hired on or Before January 9, 2009, provided that the surviving spouse or surviving domestic partner and the Retired Employee who was Hired on or Before January 9, 2009 have been married or Registered as Domestic Partners for a period of at least one year prior to the death of the Retired Employee who was Hired on or Before January 9, 2009;

(4) A former member of the health service system, hired by the Employers on or after January 10, 2009, and retired under the Retirement System or PERS for disability or retired under the Retirement System or PERS: (i) within 180 days of separation from employment from the Employers; and (ii) with 10 or more years of Credited Service with the Employers (hereinafter, “Retired Employee who was Hired on or After January 10, 2009”);

(5) The surviving spouse or surviving domestic Partner of an active employee hired on or after January 10, 2009, with 10 or more years of Credited Service with the Employers, or who died in the line of duty where the surviving spouse or surviving domestic partner is entitled to a death allowance as a result of the death in the line of duty, provided that the surviving spouse or surviving domestic partner and the active employee have been married or Registered as Domestic Partners for a period of at least one year prior to the death of the active employee; or

(6) The surviving spouse or surviving domestic Partner of a Retired Employee who was Hired on or After January 10, 2009, provided that the surviving spouse or surviving domestic partner and the Retired Employee who was Hired on or After January 10, 2009, have been married or Registered as Domestic Partners for a period of at least one year prior to the death of the Retired Employee who was Hired on or After January 10, 2009.

(b) Employer Contributions

The City and County, the School District and the Community College District shall each contribute to the health service fund amounts sufficient for the following purposes, and subject to the following limitations:

(1) All funds necessary to efficiently administer the health service system.

(2) The City and County, the School District and the Community College District shall contribute to the health service system fund with respect to each of their members an amount equal to “the average contribution,” as certified by the health service board in accordance with the provisions of Section A8.423.

(3) Retired Employees Who Were Hired on or Before January 9, 2009

For Retired Persons identified in Section A8.428 Subsections (a)(1), (a)(2) and (a)(3), the Employers shall contribute to the health service fund amounts subject to the following limitations: Monthly contributions required from Retired Persons and the surviving spouses and surviving domestic partners of active employees and Retired Persons participating in the system shall be equal to the monthly contributions required from members in the system for health coverage-excluding health coverage or subsidies for health coverage paid for active employees as a result of collective bargaining, with the following modifications:

(i) the total contributions required from Retired Persons who are also covered under Medicare shall be reduced by an amount equal to the amount contributed monthly by such persons to Medicare;

(ii) because the monthly cost of health coverage for Retired Persons may be higher than the monthly cost of health coverage for active employees, the City and County, the School District and the Community College District shall contribute funds sufficient to defray the difference in cost to the system in providing the same health coverage to Retired Persons and the surviving spouses and surviving domestic partners of active employees and Retired Persons as is provided for active employee members excluding health coverage or subsidies for health coverage paid for active employees as a result of collective bargaining;

(iii) after application of Subsections (3), (3)(i) and (3)(ii), the City and County, the School District and the Community College District shall contribute 50% of Retired Persons’ remaining monthly contributions.

(4) Retired Employees Who Were Hired on or After January 10, 2009—Categories of Employees Eligible for 100% Employer Contribution

For Retired Persons identified in Section A8.428 Subsections (a)(4), (a)(5) and (a)(6), the Employers shall contribute 100% of the employer contribution established in Section A8.428 Subsection (b)(3) for:

(i) A Retired Employee who was Hired on or After January 10, 2009, with 20 or more years of Credited Service with the Employers; and their surviving spouses or surviving domestic partners;

(ii) The surviving spouses or surviving domestic partners of active employees hired on or after January 10, 2009, with 20 or more years of Credited Service with the Employers;

(iii) Retired Persons who retired for disability; and their surviving spouses or surviving domestic partners; and

(iv) The surviving spouses or surviving domestic partners of active employees who died in the line of duty where the surviving spouse or surviving domestic partner is entitled to a death allowance as a result of the death in the line of duty.

(5) Retired Employees Who Were Hired on or After January 10, 2009—Categories of Employees Eligible for 50%-75% Employer Contribution

For Retired Persons identified in Section A8.428 Subsections (a)(4), (a)(5) and (a)(6), the Employers shall contribute:

(i) 50% of the employer contribution established in Section A8.428 Subsection (b)(3) for a Retired Employee who was Hired on or After January 10, 2009, with at least 10 but less than 15 years of Credited Service with the Employers; their surviving spouses or surviving domestic partners; and the surviving spouses or surviving domestic partners of active employees hired on or after January 10, 2009, with at least 10 but less than 15 years of Credited Service with the Employers; and

(ii) 75% of the employer contribution established in Section A8.428 Subsection (b)(3) for a Retired Employee who was Hired on or After January 10, 2009, with at least 15 but less than 20 years of Credited Service with the Employers; their surviving spouses or surviving domestic partners; and the surviving spouses or surviving domestic partners of active employees hired on or after January 10, 2009, with at least 15 but less than 20 years of Credited Service with the Employers.

(6) Employees Hired on or After January 10, 2009—Categories of Employees Eligible for Access to Retiree Medical Benefits Coverage

An employee hired on or after January 10, 2009, and retired under the Retirement System or PERS with five (5) or more years Credited Service with the Employers, shall be eligible to receive health benefits as a member of the health service system, provided that he or she make monthly contributions equal to one hundred percent (100%) of the total premiums for health coverage as established by the Health Service Board, including the total cost for dependent coverage. At such time as he or she becomes eligible to receive benefits under Section A8.428 Subsection (a)(4), the Employers shall contribute the amounts established in Section A8.428 Subsections (b)(4), (b)(5), and (c), as applicable.

(7) Chart Summarizing Employer Contributions Under Section A8.428 Subsections (b)(4), (b)(5) and (b)(6) For Employees Hired on or After January 10, 2009

Years of Credited Service At Retirement	Percentage of Employer Contribution Established in Section A8.428 Subsection (b)(3)
1. Less than 5 years of Credited Service with the Employers (except for the surviving spouses or surviving domestic partners of active employees who died in the line of duty)	No Retiree Medical Benefits Coverage
2. At least 5 but less than 10 years of Credited Service with the Employers; or greater than 10 years of Credited Service with the Employers but not eligible to receive benefits under Subsections (a)(4), (b)(4) and (b)(5) (Section A8.428 Subsection (b)(6))	0% Access to Retiree Medical Benefits Coverage, Including Access to Dependant Coverage, But No Employer Contribution; Employee Pays Health Insurance Premium
3. At least 10 but less than 15 years of Credited Service with the Employers (Section A8.428 Subsection (b)(5))	50%
4. At least 15 but less than 20 years of Credited Service with the Employers (Section A8.428 Subsection (b)(5))	75%
5. At least 20 years of Credited Service with the Employers; Retired Persons who retired for disability; surviving spouses or surviving domestic partners of active employees who died in the line of duty (Section A8.428 Subsection (b)(4))	100%

The above chart is a simplified summary of Employer contributions under Section A8.428 Subsections (b)(4), (b)(5) and (b)(6) for employees hired on or after January 10, 2009. The express language of Subsections (b)(4), (b)(5) and (b)(6), and not the summary chart or its content, shall determine Employer contributions.

(c) The City and County, the San Francisco School District and the San Francisco Community College District shall contribute to the health service system

fund 50% of the monthly contributions required for the first dependent of Retired Persons in the system. Except as hereinbefore set forth, the City and County, the School District and the Community College District shall not contribute to the health service system fund any sums on account of participation in the benefits of the system by members' dependents, except surviving spouses and surviving domestic partners, Retired Persons' dependents, except surviving spouses and surviving domestic partners, persons who retired and elected not to receive benefits from the Retirement System; resigned employees and teachers defined in Section A8.425, and any employee whose compensation is fixed in accordance with Sections A8.401, A8.403, or A8.404 of this charter and whose compensation therein includes an additional amount for health and welfare benefits or whose health service costs are reimbursed through any fund established for said purpose by ordinance of the board of supervisors.

(d) It shall be the duty of the board of supervisors, the board of education and the governing board of the community college district annually to appropriate to the health service system fund such amounts as are necessary to cover the respective obligations of the City and County, the School District and the Community College District hereby imposed. Contributions to the health service system fund of the City and County, of the School District and of the Community College District shall be charged against the general fund or the school, utility, bond or other special fund concerned.

(e) To the extent the Superior Court elects to participate in the City's Health Service System for the provision of active and retiree health care benefits, Superior Court employees shall be treated the same as City employees for the purposes of vesting, employer contribution rates, and benefit levels, in accordance with the Trial Court Employment Protection and Governance Act and applicable state law. The Superior Court shall pay all administrative and health care costs related to the Superior Court's covered employees or retirees as a participating Employer. The Superior Court may withdraw from participation in the City's Health Service System at any time, which shall not require an amendment to this Charter.

The amendments of this section contained in the proposition therefor submitted to the electorate on June 3, 2008 shall be operative January 10, 2009. The purpose of the January 10, 2009, Charter amendment is to amend Section A8.428 to change the required years of service and employer retiree health care contribution amounts for employees hired on or after January 10, 2009. Nothing in this Charter amendment shall expand or contract the groups of employees eligible for retiree health care benefits beyond those groups eligible as of June 3, 2008.

**SEC. A8.432. RETIREE HEALTH CARE TRUST FUND.**

There is hereby created a Retiree Health Care Trust Fund ("RHCTF") for the purpose described in Section 12.204. The Retiree Health Trust Fund Board ("Board") described in Section 12.204 shall have exclusive authority and control over the administration of the RHCTF, investments of trust assets, and disbursements from the trust in accordance with the provisions of this Charter.

Active officers and employees of the City and County and Participating Employers, who commenced employment with the City and County, or the Participating Employers, on or after January 10, 2009, shall contribute their respective Employer's "Normal Cost" to the RHCTF. The annual active employee contribution rate shall be the Employers' "Normal Cost" as determined by the Employers' respective General Accounting Standards Board ("GASB") Actuaries computed as a percentage of compensation not to exceed 2% of pre-tax compensation to the RHCTF. The Employers' GASB actuaries shall determine the Employers' respective "Normal Cost" on an annual basis.

The City and County and Participating Employers shall each contribute 1% of compensation for officers and employees hired on or after January 10, 2009. Once an Employer has no Unfunded Actuarial Accrued Liability and the Retiree Health Trust Fund is Fully Funded, then the Employer and its active officers and employees hired on or after January 10, 2009, shall instead each contribute 50% of the "Normal Cost" as determined by the Employers' respective GASB actuaries, not to exceed 2% of pre-tax compensation, and the 1% Employer contribution shall no longer be required.

Contributions to the RHCTF from the City and County, and its officers and employees, and each Participating Employer, and their officers and employees, shall be segregated from each other and only used as a funding source to defray each Employers' obligations to pay for retiree health care under Section A8.428 and each Employers' share of administrative expenses. The funds may be pooled for investment purposes only.

No disbursements, other than to defray reasonable expenses of administering the RHCTF, may be made from the trust prior to January 1, 2015. Commencing January 1, 2015, trust assets may be used to defray the cost of the City's, and other Participating Employers', obligations to pay for health coverage for the retired persons and their survivors entitled to health care coverage under Section A8.428. The amount and frequency of such disbursements shall be determined by the Board in consultation with the Employers' respective GASB Actuaries.

(a) Definitions.

"Actuarial Accrued Liability" as used in this section, means "Actuarial Accrued Liability" as that term is defined under GASB No. 45.

"Employers" as used in this section means the City and County and the Participating Employers.

"Fully Funded" as used in this section means that an Employer's GASB Actuary has determined that the market value of assets in the Retiree Health Care Trust Fund equals or exceeds the Actuarial Accrued Liability.

"GASB Actuary" and "GASB Actuaries" as used in this section means the actuarial firms hired by the Employers to provide estimates of each Employers' respective total liability and annual required contribution for post retirement health benefits under GASB No. 45.

“GASB No. 45” as used in this section means Statement No. 45 of the Governmental Accounting Standards Board, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions.

“Health coverage” as used in this section, means the health benefits or health insurance provided by the health service system for retirees, survivors and dependents under Section A8.428.

“Normal Cost” as used in this section, means the Employers’ normal cost under GASB No. 45 as determined by the Employers’ respective GASB Actuaries.

“Retiree” as used in this section, means a former employee who is retired and is entitled to health coverage under Section A8.428, and the qualified survivors or dependents of such retirees who are entitled to health coverage under Section A8.428.

“Participating Employers” as used in this section and Section 12.204, shall include the San Francisco Unified School District and the San Francisco Community College District, following a resolution by these employers’ respective governing boards to participate in the Retiree Health Care Trust Fund.

Notwithstanding Charter Section A8.433, the Board of Supervisors shall adopt, by a majority vote before January 1, 2009, such ordinances as are necessary to create and administer the Retiree Health Care Trust Fund, and all such other matters as may be necessary to establish and maintain the purpose described in this section and Section 12.204.

**SEC. A8.509. RETIREMENT—MISCELLANEOUS OFFICERS AND EMPLOYEES ON AND AFTER JULY 1, 1947.**

Miscellaneous officers and employees, as defined in this section, who are members of the retirement system under this section of the charter on February 1, 1969, and persons who become miscellaneous officers and employees after February 1, 1969, shall be members of the retirement system, subject to the following provisions of this section, in addition to the provisions contained in Sections 12.100, 12.103, 8.500, 8.510 and 8.520 of this charter notwithstanding the provisions of any other section of the charter, provided that the retirement system shall be applied to persons employed on a part-time, temporary or substitute basis only as the Board of Supervisors shall determine by ordinance enacted by three-fourths vote of all members of the board. Miscellaneous officers and employees of the said departments who are members of the retirement system under Section 8.507 of the charter on February 1, 1969 shall continue to be members of the system under Section 8.507 and shall not be subject to any of the provisions of this section, except as specifically provided in this section.

(a) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meaning:

“Retirement allowance,” or “allowance,” shall mean equal monthly payments, beginning to accrue upon the date of retirement, and continuing for life unless a different term of payments is definitely provided by the context.

“Compensation,” as distinguished from benefits under the workers’ compensation laws of the State of California, shall mean all remuneration whether in cash or by other allowances made by the City and County, for service qualifying for credit under this section.

“Compensation earnable” shall mean the compensation as determined by the retirement board, which would have been earned by the member had he or she worked, throughout the period under consideration, the average number of days ordinarily worked by persons in the same grade or class of positions as the positions held by him or her during such period and at the rate of pay attached to such positions, it being assumed that during any absence, he or she was in the position held by him or her at the beginning of the absence, and that prior to entering City-service he was in the position first held by him in City-service.

“Benefit” shall include “allowance,” “retirement allowance,” and “death benefit.”

“Average final compensation” shall mean the average monthly compensation earned by a member during any five consecutive years of credited service in the retirement system in which his or her average final compensation is the highest, unless the board of supervisors shall otherwise provide by ordinance enacted by three-fourths vote of all members of the board.

For the purposes of the retirement system and of this section, the terms “miscellaneous officer or employee,” or “member,” as used in this section shall mean any officer or employee who is not a member of the fire or police department as defined in the charter for the purpose of the retirement system, under Section 8.507 of the charter.

“Retirement system” or “system” shall mean San Francisco City and County Employees’ Retirement System as created in Section 8.500 of the charter.

“Retirement board” shall mean “Retirement Board” as created in Section 12.100 of the charter.

“Charter” shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural; and the plural the singular.

“Interest” shall mean interest at the rate adopted by the retirement board.

(b) Any member who completes at least 20 years of service in the aggregate credited in the retirement system, and attains the age of 50 years, or at least 10 years of service in the aggregate credited in the retirement system, and attains the age of 60 years, said service to be computed under Subsection (g) hereof, may retire from service at his or her option. Members may retire under this section on the first day of the month next following the attainment by them of the age of 65 years. A member retired after reaching the age of 62 years shall receive a service retirement allowance at the rate of two and three-tenths percent of said average final compensation for each year of service. The service retirement allowance of any member eligible to retire under this section shall be an allowance equal to the

percentage of said average final compensation set forth opposite his age at retirement, taken to the preceding completed quarter year, for each year of service, computed under Subsection (g):

In no event shall a member's retirement allowance exceed 75 percent of his average final compensation.

Before the first payment of a retirement allowance is made, a member retired under this subsection or Subsection (c) of this section, may elect to receive the actuarial equivalent of his or her allowance, partly in an allowance to be received by him or her throughout his or her life, and partly in other benefits payable after his or her death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the Board of Supervisors to govern similar elections by other members of the retirement system, including the character and amount, of such other benefits. In the calculations under this subsection of the retirement allowance of a member, having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated in the manner prescribed for each class of service, the

average final compensation in each case being that for the respective class of service; provided that the aggregate retirement allowance shall be taken into account in applying the provisions of this subsection providing for a minimum retirement allowance. Part-time service and compensation shall be reduced to full-time service and compensation in the manner prescribed by the board of supervisors, and when so reduced, shall be applied on full-time service and compensation in the calculations of retirement allowances.

(c) Any member who becomes incapacitated for performance of duty because of disability determined by the retirement board to be of extended and uncertain duration, and who shall have completed at least 10 years of service credited in the retirement system in the aggregate, computed as provided in Subsection (g) hereof, shall be retired upon an allowance of one and eight-tenths percent of the average final compensation of said member, as defined in Subsection (a) hereof for each year of credited service, if such retirement allowance exceeds 40 percent of his or her average final compensation; otherwise one and eight-tenths percent of his or her average final compensation multiplied by the number of years of City-service which would be credited to him or her were such City-service to continue until attainment by him or her of age 60, but such retirement allowance shall not exceed 40 percent of such average final compensation. In the calculation under this subsection of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated, in the manner prescribed, for each class of service, the average final compensation in each case being that for the respective class of service; provided that the average final compensation upon which the minimum total retirement allowance is calculated in such case shall be based on the compensation earnable by the member in the classes of service rendered by him or her during the one year immediately preceding his or her retirement. Part-time service and compensation shall be reduced to full-time service and compensation in the manner prescribed by the board of supervisors, and when so reduced, shall be applied as full-time service and compensation in the calculation of retirement allowances. An application for a disability retirement may be brought before the retirement board on said board's own motion, by the Executive Director of the Retirement System, by recommendation of any department head, commission or board, or by said member or his guardian. If his or her disability shall cease, his or her retirement allowance shall cease, and he or she shall be restored to service in the position or classification he or she occupied at the time of his or her retirement.

(d) No modification of benefits provided in this section shall be made because of any amounts payable to or on account of any member under workers' compensation laws of the State of California.

(e) If a member shall die, before retirement, (1) If no benefit is payable under Subdivision (2) of this Subsection (e):

(A) Regardless of cause, a death benefit shall be paid to the member's estate or designated beneficiary, consisting of the compensation earnable by the member during the six months immediately preceding death, plus the member's contributions and interest credited thereon.

(B) If a member sustains a traumatic bodily injury through external and violent means in the course and scope of employment and death results within 180 days of such injury, an additional insurance benefit of 12 months of compensation earnable shall be paid to the member's estate or designated beneficiary.

(2) If, at the date of his or her death, he or she was qualified for service retirement by reason of service and age under the provisions of Subsection (b) of this section, and he or she has designated as beneficiary his or her surviving spouse, who was married to him or her for at least one full year immediately prior to the date of his or her death, one-half of the retirement allowance to which the member would have been entitled if he or she had retired from service on the date of his or her death, shall be paid to such surviving spouse who was his or her designated-beneficiary at the date of his or her death, until such spouse's death or remarriage, or if there be no surviving spouse, to the unmarried child or children of such member under the age of 18 years, collectively, until every such child dies, marries or attains the age of 18 years, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. If, at the death of such surviving spouse, who was receiving an allowance under this Subdivision (2), there be one or more unmarried children of such member under the age of 18 years, such allowance shall continue to such child or children, collectively, until every such child dies, marries or attains the age of 18 years, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. If the total of the payments of allowance made pursuant to this Subdivision (2), is less than the benefit which was otherwise payable under Subdivision (1) of this subsection, the amount of said benefit payable under Subdivision (1) less an amount equal to the total of the payments of allowance made pursuant to this Subdivision (2) shall be paid in lump sum as follows:

(A) If the person last entitled to said allowance is the remarried surviving spouse of such member, to such spouse.

(B) Otherwise, to the surviving children of the member, share and share alike, or if there are no such children, to the estate of the person last entitled to said allowance.

The surviving spouse may elect, on a form provided by the retirement system and filed in the office of the retirement system before the first payment of the allowance provided herein, to receive the benefit provided in Subdivision (1) of this subsection in lieu of the allowance which otherwise would be payable under the provisions of this subdivision. If a surviving spouse, who was entitled to make the election herein provided, shall die before or after making such election, but before receiving any payment pursuant to such election, then the legally appointed guardian of the unmarried children of the member under the age of 18 years, may

make the election herein provided before benefit has been paid under this Subsection (e), for and on behalf of such children if, in his or her judgment it appears to be in their interest and advantage, and the election so made shall be binding and conclusive upon all parties in interest.

If any person other than such surviving spouse shall have and be paid a community property interest in any portion of any benefit provided under this Subsection (e), any allowance payable under this Subdivision (2) shall be reduced by the actuarial equivalent, at the date of the member's death, of the amount of benefits paid to such other person.

Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his or her estate or designated beneficiary in the manner and subject to the conditions prescribed by the board of supervisors for the payment of a similar death benefit upon the death of other retired members.

(f) Should any miscellaneous member cease to be employed as such a member, through any cause other than death or retirement, all of his or her contributions, with interest credited thereon, shall be refunded to him or her subject to the conditions prescribed by the board of supervisors to cover similar terminations of employment and reemployment with and without redeposit of withdrawn accumulated contributions of other members of the retirement system, provided that if such member is entitled to be credited with at least 10 years of service or if his or her accumulated contributions exceed \$1,000, he or she shall have the right to elect, without right of revocation and within 90 days after said termination of service, or if the termination was by lay-off, 90 days after the retirement board determines the termination to be permanent, whether to allow his or her accumulated contributions to remain in the retirement fund and to receive benefits only as provided in this paragraph. Failure to make such election shall be deemed an irrevocable election to withdraw his or her accumulated contributions. A person who elects to allow his or her accumulated contributions to remain in the retirement fund shall be subject to the same age requirements as apply to other members under this section for service retirement, but he or she shall not be subject to a minimum service requirement. Upon the qualification of such member for retirement by reason of age, he or she shall be entitled to receive a retirement allowance which shall be the actuarial equivalent of his or her accumulated contributions and an equal amount of the contributions of the City and County, plus  $1\frac{2}{3}$  percent of his or her average final compensation for each year of service credited to him or her as rendered prior to his or her first membership in the retirement system. Upon the death of such member prior to retirement, his or her contributions with interest credited thereon shall be paid to his or her estate or designated beneficiary.

(g) The following time and service shall be included in the computation of the service to be credited to a member for the purpose of determining whether such member qualifies for retirement and calculating benefits:

(1) Time during which said member is a member of the retirement system and during and for which said member is entitled to receive compensation because of services as a miscellaneous officer or employee.

(2) Service in the fire and police departments which is not credited as service of a member under this section shall count under this section upon transfer of a member of either of such departments to employment entitling him or her to membership in the retirement system under this section, provided that the accumulated contribution standing to the credit of such member shall be adjusted by refund to the member or by payment of the member, to bring the account at the time of such transfer to the amount which would have been credited to it had the member been a miscellaneous employee throughout the period of his or her service in either such departments at the compensation he or she received in such departments.

(3) Time during which said member is absent from a status included in paragraphs (1) or (2) next preceding which is not deemed absence from service under the provisions of Section 8.520 of the charter and for which such member is entitled to receive credit as service for the City and County by virtue of contributions made in accordance with the provisions of such section.

(4) Prior service determined and credited as prescribed by the board of supervisors for persons who are members under Section 8.507.

(5) The board of supervisors, by ordinance enacted by a three-fourths vote of its members, may provide for the crediting as service under the retirement system of service, other than military service, rendered as an employee of the federal government and service rendered as an employee of the State of California or any public entity or public agency in the State of California. Said ordinance shall provide that all contributions required as the result of the crediting of such service shall be made by the member and that no contributions therefore shall be required of the City and County.

(h) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) There shall be deducted from each payment of compensation paid to a member under Section 8.509 a sum equal to 7-½ percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member under Section 8.509, or shall be paid to said member or his or her estate or beneficiary as provided in Sections 8.509(e) and 8.509(f).

(2) Contributions based on time included in paragraphs (1) and (3) of Subsection (g), and deducted prior to July 1, 1947, from compensation of persons who become members under this section, and standing with interest thereon, to

the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members, and shall be combined with and administered in the same manner as the contributions deducted after said date.

(3) The total contributions, with interest thereon, made by or charged against the City and County and standing to its credit, on July 1, 1948, in the accounts of the retirement system, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(4) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this Subsection (h), to provide the benefits payable under this section. Such contributions of the City and County to provide the portion of the benefits hereunder, which shall be based on service rendered by each member prior to the date upon which his or her rate of contribution is determined in paragraph (1), Subsection (h), shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder, which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries paid during said year, to persons who are members under this section, said percentage to be the ratio of the value of the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contributions, and plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective member after the date stated in the sentence next preceding, to the value at said respective dates of salaries thereafter payable to said member. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement, and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year, and said investigation into the experience under the system shall be made every odd-numbered year.

Notwithstanding the provisions of this Subdivision (4), any additional liabilities created by the amendments of this Section 8.509 contained in the proposition therefore submitted to the electorate on November 6, 1973, shall be amortized over a period of 30 years.

(5) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County,

held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in the section shall affect the obligations of the City and County to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to the effective date hereof, and which are represented on July 1, 1947, in the accounts of said system by debits against the City and County.

(i) Upon the completion of the years of service set forth in Subsection (b) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Subsection (b), and nothing shall deprive said member of said right.

(j) Except as otherwise provided in Section 8.511 of this charter, no person retired under this section, for service or disability and entitled to receive a retirement allowance under the retirement system, shall serve in any elective or appointive position in the City and County service, including membership on boards and commissions, nor shall such persons receive any payment for service rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

(k) Any section or part of any section in this charter, insofar as it should conflict with this section, or with any part thereof, shall be superseded by the contents of this section. In the event that any word, phrase, clause or subsection of this section shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

(l) Notwithstanding the provisions of Subsections (b), (c), (f), and (i) of this section, any member convicted of a crime involving moral turpitude, committed in connection with his or her duties as an officer or employee of the City and County of San Francisco, shall, upon his or her removal from office or employment pursuant to the provisions of this charter, forfeit all rights to any benefits under the retirement system except refund of his or her accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Subsection (b) of this section, he or she shall have the right to elect, without right of revocation and within 90 days after his or her removal from office or employment, whether to withdraw all of his or her accumulated contributions or to receive as his or her sole benefit under the retirement system, an annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such removal from office or employment.

(m) The amendments of this section contained in the proposition submitted to the electorate on November 6, 1984 are hereby declared to be prospective and shall not give any person a claim against the City and County relating to a death prior to ratification of this amendment by the State Legislature.

(n) The amendments to Section A8.509 contained in the proposition submitted to the electorate on June 3, 2008 shall apply only to miscellaneous officers and employees under this Section A8.509 who were not retired on January 10, 2009,

and whose accumulated contributions were in the retirement fund on January 10, 2009 and who were not retired on that date.

SEC. A8.526-2. COST OF LIVING ADJUSTMENT IN ALLOWANCES ON AND AFTER JANUARY 10, 2009.

(a) Notwithstanding the provisions of Section A8.526 or any other provision of the charter to the contrary, effective January 10, 2009, each retirement allowance payable which is not subject to change when the salary rate of any member is changed shall be adjusted according to the provisions of this Section A8.526-2 and not Section A8.526.

(b)(1) Funds necessary for the payment of any increase in allowance pursuant to this Section A8.526-2 that are payable to, or on account of, members who retired or died, shall be provided from the City's accumulated contributions held by the system on account of such members. The City's contributions shall be determined on the basis of a normal contribution rate which shall be computed as a level percentage of compensation which, when applied to the future compensation of the average new member entering the system, together with the required member contribution, will be sufficient to provide for the payment of all prospective benefits of such member.

(b)(2) Any increase in allowances payable which are not funded by the City's accumulated contributions held by the system shall be funded by contributions of members entitled to said allowances, which shall be at rates which are in addition to the rates of contribution otherwise provided by charter or ordinance, provided that a member's rate of contribution shall not exceed one-half of one percent of his or her monthly compensation. The contributions made under this section by any member shall be credited together with regular interest thereon to his or her individual account and shall be subject to the same charter and ordinance provisions relating to accumulated contributions of the member, including withdrawal and death benefits other than death allowances, provided, however, that upon his or her retirement or death, such accumulated contributions and interest shall not be applied to provide a part of the retirement benefits payable to him or her on the death allowance benefits payable on account of his or her death otherwise provided by charter or ordinance, but instead shall be held, together with the accumulated contributions made by the City pursuant to this Subsection (b(3)), with interest thereon, to provide the benefits under this Section A8.526-2.

(b)(3) The rates of contribution of members and the City, as provided herein, shall be fixed by the retirement board from time to time as it determines necessary.

(c)(1) The retirement board shall determine, prior to April 1 of each year, the percentage of increase or decrease in the cost of living during the preceding calendar year, as shown by the then current Consumer Price Index, All Items, San Francisco (1957-59=100), issued by the U.S. Bureau of Labor Statistics and published in the Monthly Labor Review or a successor publication. The cost of living

adjustments as hereinafter provided shall be based on the percentage of such increase or decrease.

(c)(2) Notwithstanding any other charter or ordinance provision governing the retirement system, effective January 20, 2009, every retirement or death allowance payable to, or on account of, any member who retires or dies as a member of the system or who has retired or died as such a member, except allowances subject to change when the salary rate of any member is changed, shall be increased or decreased as of July 1, 2009, and on July 1, of each succeeding year, by an amount equal to the percentage, of such increase or decrease as determined in Subsection (c)(1) multiplied by the monthly allowance payable on June 30 of that calendar year.

(c)(3) The percentage of increase or decrease in each such allowance shall be the percentage which is determined by the retirement board to approximate to the nearest one percent increase or decrease in the cost of living during the preceding calendar year.

(c)(4) No such adjustment in any year shall exceed two percent of said allowance; provided, however, that no allowance shall be reduced below the amount being received by the member or the member's beneficiary on July 1, 1968, or on the effective date the member began to receive the allowance, whichever is later.

(d)(1) Commencing with the effective date of this Section A8.526-2, if the percentage of increase or decrease in the cost of living in any calendar year, as determined to the nearest one percent by the retirement board, were to exceed two percent as compared with the cost of living in the next preceding calendar year, the percentage of increase or decrease in the cost of living in excess of two percent, shall be accumulated to provide increases or decreases in the cost of living in each succeeding calendar year.

#### SEC. A8.526-3. SUPPLEMENTAL COST OF LIVING BENEFIT ON AND AFTER JANUARY 10, 2009.

(a) Notwithstanding the provisions of Section A8.526-1 or any other provision of this charter to the contrary, effective January 10, 2009, all supplemental cost of living benefits adjustments payable, including retirement allowances subject to change when the salary rate of a member is changed, shall be determined pursuant to the provisions of Section A8.526-3 and not Section A8.526-1.

(b)(1) On July 1, 2009 and July 1 of each succeeding year, the retirement board shall determine whether, in the previous fiscal year, there are earnings in excess of the expected earnings on the actuarial value of the assets. In those years when the previous year's earnings exceed the expected earnings on the actuarial value of the assets, then on July 1 each retirement allowance or death allowance payable on account of a member who died, including retirement allowances subject to change when the salary rate of a member is changed, shall be increased by an amount equal to three and one-half percent (3.5%) of the allowance as of June 30, less the amount of any cost of living adjustment provided pursuant to

Section A8.526-2 and less the amount of any cost of living adjustment, payable in that fiscal year, which is the result of a change in the salary of the member.

(b)(2) If, on July 1, 2009 and July 1 of each succeeding year, the previous fiscal year's earnings exceed the expected earnings on the actuarial value of the assets, but they are insufficient to increase said allowances by three and one-half percent (3.5%) as provided in Subsection (b)(1), then to the extent of excess earning, said allowances shall be increased in increments of one-half percent (.5%) up to the maximum three and one-half percent (3.5%) of the allowance as of June 30, less the amount of any cost of living adjustment provided pursuant to Section A8.526-2 and less the amount of any cost of living adjustment, payable in that fiscal year, which is the result of a change in the salary of the member.

(c) When the previous fiscal year's earnings exceed the expected earnings on the actuarial value of the assets but are not sufficient to fund any supplemental cost of living benefit adjustment pursuant to either Subsection (b)(1) or (b)(2), the retirement board shall reserve the excess earnings for that year. Said reserved earnings shall accumulate only until such time that said reserved earnings, plus the next year's earnings in excess of the expected earnings on the actuarial value of the assets, are sufficient to fund one fiscal year's increase in the supplemental cost of living benefit adjustment, at which time the earnings in reserve shall be withdrawn and used to fund a supplemental cost of living benefit adjustment as provided in either Subsection (b)(1) or (b)(2).

(d) Any supplemental cost of living benefit adjustment, once paid to a member, shall not be reduced thereafter.

#### SEC. A8.587-2. SERVICE RETIREMENT.

Any member who completes at least 20 years of service in the aggregate credited in the retirement system and attains the age of 50 years, or at least 10 years of service in the aggregate credited in the retirement system, and attains the age of 60 years, said service to be computed under Section A8.587-7 may retire for service at his or her option. Members may retire under this section or under the provisions of Section A8.587-6, on the first day of the month next following the attainment by them of the age of 65 years. A member retired after reaching the age of 62 years shall receive a service retirement allowance at the rate of 2.3 percent of said average final compensation for each year of service. The service retirement allowance of any member retiring prior to a) attaining the age of 60 years, and after rendering 20 years or more of such service, computed under Section A8.587-7, and having attained the age of 50 years, or b) attaining the age of 60 years, and after rendering 10 years or more of such service, computed under Section A8.587-7, shall be an allowance equal to the percentage of said average final compensation set forth opposite his or her age at retirement, taken to the preceding completed quarter year, for each year of service, computed under Section A8.587-7:

In no event shall a member's retirement allowance exceed seventy-five percent of his or her average final compensation.

Before the first payment of a retirement allowance is made, a member, retired under this section or Section A8.587-3, may elect to receive the actuarial equivalent of his or her allowance, partly in an allowance to be received by him or her throughout his or her life, and partly in other benefits payable after his or her death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount, of such other benefits. In the calculations under this section of the retirement allowance of member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated, in the manner prescribed for each class of service, the average final compensation in each case being that for the respective class of service, provided that the aggregate retirement allowance shall be taken into account in applying the provisions of this section providing for a minimum retirement allowance. Part-time service and compensation shall be converted to full-time service and compensation in the manner prescribed by the board of supervisors, and when so converted shall be applied on full-time service and compensation in the calculation of retirement allowances.

**SEC. A8.587-13. APPLICATION OF PLAN.**

(a) The provisions of Section A8.587 and Section A8.587-1 through A8.587-13 shall not apply to any members of the Retirement System under Section A8.584 who retired or died before November 7, 2000.

(b) The amendments to Section A8.587 contained in the proposition submitted to the electorate on June 3, 2008 shall apply only to miscellaneous officers and employees under Section A8.587 who were not retired on January 10, 2009, and whose accumulated contributions were in the retirement fund on January 10, 2009 and who were not retired on that date.

(c) For members of the retirement system under Sections A8.584 or A8.587 who retired before January 10, 2009 and are later elected or appointed to a position or office which subjects him or her to membership in the retirement system under Section A8.587, the amendments to Section A8.587 submitted to the electorate on June 3, 2008 shall only apply to service after January 10, 2009.

**SEC. A8.590-8. RETIREE HEALTH CARE TRUST FUND.**

Notwithstanding any other provision of Charter Sections A8.409 through A8.409-8, the provisions and operation of the Retiree Health Care Trust Fund, including employee contributions to the fund, shall be determined pursuant to Charter Sections 12.204, A8.432, and A8.433, and shall not be subject to the dispute resolution procedures contained in Charter Section A8.590-5.

**SEC. A8.584-9. RIGHT TO RETIRE.**

Upon the completion of the years of service set forth in Section 8.584-2 as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Section 8.584-2, and, except as provided in Section 8.584-13, nothing shall deprive said member of said right.

**SEC. A8.584-13. FORFEITURE FOR CRIMES INVOLVING MORAL TURPITUDE.**

Any member convicted of a crime involving moral turpitude committed in connection with his or her duties as an officer or employee of the City and County, the school district, the college district, or the Superior Court of California, County of San Francisco, shall forfeit all rights to any benefits under the retirement system except refund of his or her accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Section 8.584-2, he or she shall have the right to elect, without right of revocation and within 90 days after his or her removal from office or employment, to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such removal from office or employment.

Any member, after retirement for service or disability or while receiving a vesting allowance, who is convicted of a crime involving moral turpitude in connection with his or her duties as an officer or employee of the City and County, the school district, the college district, or the Superior Court of California, County of San Francisco, shall forfeit all rights to any further benefit from the Retirement System and the Retirement System shall immediately cease all future payments to such member; provided however, that if, at the time of the conviction, said member has remaining accumulated contributions, then such member shall have the right to elect, without right of revocation and within 30 days after his or her conviction, to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions remaining at the time of the conviction.

**SEC. A8.586-12. RIGHT TO RETIRE.**

Upon the completion of the years of service set forth in Section 8.586-2 as requisite to retirement, a member of the police department shall be entitled to retire at any time thereafter in accordance with the provisions of said Section 8.586-2, and, except as provided in Section 8.586-16, nothing shall deprive said member of said right.

SEC. A8.586-16. FORFEITURE FOR CRIMES INVOLVING MORAL TURPITUDE.

Any member convicted of a crime involving moral turpitude committed in connection with his or her duties as an officer or employee of the City and County shall forfeit all rights to any benefits under the retirement system except refund of his or her accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Section 8.586-2, he or she shall have the right to elect, without right of revocation and within 90 days after his or her removal from office or employment to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such removal from office or employment.

Any member, after retirement for service or disability or while receiving a vesting allowance, who is convicted of a crime involving moral turpitude in connection with his or her duties as an officer or employee of the City and County shall forfeit all rights to any further benefit from the Retirement System and the Retirement System shall immediately cease all future payments to such member; provided however, that if, at the time of the conviction, said member has remaining accumulated contributions, then such member shall have the right to elect, without right of revocation and within 30 days after his or her conviction, to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions remaining at the time of the conviction.

SEC. A8.587-9. RIGHT TO RETIRE.

Upon the completion of the years of service set forth in Section A8.587-2 as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Section A8.587-2, and, except as provided in Section 8.587-14, nothing shall deprive said member of said right.

SEC. A8.587-14. FORFEITURE FOR CRIMES INVOLVING MORAL TURPITUDE.

Any member convicted of a crime involving moral turpitude committed in connection with his or her duties as an officer or employee of the City and County, the school district, the college district, or the Superior Court of California, County of San Francisco, shall forfeit all rights to any benefits under the retirement system except refund of his or her accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Section 8.587-2, he or she shall have the right to elect, without right of revocation and within 90 days after his or her removal from office or employment to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such removal from office or employment.

Any member, after retirement for service or disability or while receiving a vesting allowance, who is convicted of a crime involving moral turpitude in con-

nection with his or her duties as an officer or employee of the City and County, the school district, the college district, or the Superior Court of California, County of San Francisco shall, forfeit all rights to and further benefit from the Retirement System and the Retirement System shall immediately cease all future payments to such member; provided however, that if, at the time of the conviction, said member has remaining accumulated contributions, then such member shall have the right to elect, without right of revocation and within 30 days after his or her conviction, to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions remaining at the time of the conviction.

**SEC. A8.588-12. RIGHT TO RETIRE.**

Upon the completion of the years of service set forth in Section 8.588-2 as a requisite to retirement, a member of the fire department shall be entitled to retire at any time thereafter in accordance with the provisions of said Section 8.588-2, and, except as provided in Section 8.588-16, nothing shall deprive said member of said right.

**SEC. A8.588-16. FORFEITURE FOR CRIMES INVOLVING MORAL TURPITUDE.**

Any member convicted of a crime involving moral turpitude committed in connection with his or her duties as an officer or employee of the City and County shall forfeit all rights to any benefits under the retirement system except refund of his or her accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Section 8.588-2, he or she shall have the right to elect, without right of revocation and within 90 days after his or her removal from office or employment to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such removal from office or employment.

Any member, after retirement for service or disability or while receiving a vesting allowance, who is convicted of a crime involving moral turpitude in connection with his or her duties as an officer or employee of the City and County shall forfeit all rights to any further benefit from the Retirement System and the Retirement System shall immediately cease all future payments to such member; provided however, that if, at the time of the conviction, said member has remaining accumulated contributions, then such member shall have the right to elect, without right of revocation and within 30 days after his or her conviction, to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions remaining at the time of the conviction.

**SEC. A8.597-12. RIGHT TO RETIRE.**

Upon the completion of the years of service set forth in Section 8.597-2 as a requisite to retirement, a member of the police department shall be entitled to retire at any time thereafter in accordance with the provisions of said Section

8.597-2, and, except as provided in Section 8.597-16, nothing shall deprive said member of said right.

**SEC. A8.598-12. RIGHT TO RETIRE.**

Upon the completion of the years of service set forth in Section 8.598-2 as a requisite to retirement, a member of the fire department shall be entitled to retire at any time thereafter in accordance with the provisions of said Section 8.598-2, and, except as provided in Section 8.598-16, nothing shall deprive said member of said right.

**SEC. A8.598-16. FORFEITURE FOR CRIMES INVOLVING MORAL TURPITUDE.**

Any member convicted of a crime involving moral turpitude committed in connection with his or her duties as an officer or employee of the City and County shall forfeit all rights to any benefits under the retirement system except refund of his or her accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Section 8.598-2, he or she shall have the right to elect, without right of revocation and within 90 days after his or her removal from office or employment to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of such removal from office or employment.

Any member, after retirement for service or disability or while receiving a vesting allowance, who is convicted of a crime involving moral turpitude in connection with his or her duties as an officer or employee of the City and County shall forfeit all rights to any further benefit from the Retirement System and the Retirement System shall immediately cease all future payments to such member; provided however, that if, at the time of the conviction, said member has remaining accumulated contributions, then such member shall have the right to elect, without right of revocation and within 30 days after his or her conviction, to receive as his or her sole benefit under the retirement system an annuity which shall be the actuarial equivalent of his or her accumulated contributions remaining at the time of the conviction.

**SEC. 4.101. BOARDS AND COMMISSIONS—COMPOSITION.**

(a) Unless otherwise provided in this Charter, the composition of each appointive board, commission or advisory body of any kind established by this Charter or legislative act of the United States of America, the State of California or the Board of Supervisors shall:

1. Be broadly representative of the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sexual orientation, and types of disabilities of the City and County and have representation of both sexes; and

2. Consist of electors of the City and County at all times during the term of their respective offices, unless otherwise specifically provided in this Charter; or in the case of boards, commissions or advisory bodies established by legislative act the position is (a) designated by ordinance for a person under legal voting age, or (b) unless specifically exempt from the provisions, or waived by the appointing officer or entity upon a finding that an elector with specific experience, skills or qualifications willing to serve could not be located within the City and County.

It shall be official City policy that the composition of each appointive board, commission, or advisory body of any kind established by this Charter or legislative act of the United States of America, the State of California, or the Board of Supervisors shall reflect the interests and contributions of both men and women of all races, ethnicities, sexual orientation, and types of disabilities. The voters therefore urge in the strongest terms all City officers and agencies involved in nominating, appointing or confirming members of those appointive boards, commissions, or advisory bodies to consider and as appropriate support the nomination, appointment or confirmation of female, minority, and disabled candidates to fill seats on those bodies.

The Commission on the Status of Women shall conduct analysis of appointments to appointive boards, commissions, and advisory bodies in the second and fourth year of each mayoral administration to track the diversity of appointments to such bodies. This analysis, to be based only on voluntary disclosures, shall include gender, ethnicity, sexual orientation, disability status, and any other relevant demographic qualities.

(b) Vacancies on appointive boards, commissions or other units of government shall be filled for the balance of the unexpired term in the manner prescribed by this Charter or ordinance for initial appointments.

(c) Terms of office shall continue as they existed on the effective date of this Charter.

**SEC. 4.112. PUBLIC UTILITIES COMMISSION.**

(a) The Public Utilities Commission shall consist of five members appointed by the Mayor, subject to confirmation by a majority of the Board of Supervisors. Each of the members shall serve for a term of four years. Members may be removed by the Mayor only pursuant to Section 15.105.

(b) Seat 1 on the Commission shall be a member with experience in environmental policy and an understanding of environmental justice issues. Seat 2 shall be a member with experience in ratepayer or consumer advocacy. Seat 3 shall be a member with experience in project finance. Seat 4 shall be a member with expertise in water systems, power systems or public utility management. And Seat 5 shall be an at-large member.

(c) The respective terms of office of members of the Public Utilities Commission who hold office on August 1, 2008 shall expire at noon on that date, and the members appointed pursuant to the amendments to this section approved at the June 2008 election shall succeed to said office at that time. In order to provide for staggered terms, the members appointed to Seats 2 and 4 shall serve for an initial term of two years from August 1, 2008. The remaining three members appointed to Seats 1, 3, and 5 shall serve for an initial term of four years from August 1, 2008, and thereafter the terms of all members shall be four years.

(d) The Commission shall have charge of the construction, management, supervision, maintenance, extension, operation, use and control of all water and energy supplies and utilities of the City as well as the real, personal, and financial assets, which are under the Commission's Jurisdiction on the operative date of this Charter, or assigned pursuant to Section 4.132.

(C) Contract and fix the compensation for the services of a Certified Public Accountant, who shall at least annually investigate the transactions and audit the accounts of all officers having the collection, custody or disbursement of public money, or having the power to approve, allow or audit demands on the treasury. Said Auditor shall have free access to all records, books and papers in all departments of the City. Said Auditor may at any time visit any of the public offices and make examinations and investigations therein without hindrance. At the close of the investigation said Auditor shall file with the Council a written report containing recommendations. If during said Auditor's examination and audit it shall appear that a public offense has been committed, or that any officer or employee is in default, said Auditor shall immediately report to the Council, which shall take proceedings as are authorized by law.

By deleting Section 3-7(E).

By amending Section 3-7(F) to read:

(F) Prescribe the form of oath of office and require that every elected and Council-appointed officer shall, before entering upon the duties of his office, take and file such oaths with the City Clerk.

By amending Section 3-7(I) to read:

(I) Establish on or before July 1, 1938, a retirement, pension and insurance system for City officers and employees based on sound actuarial principles, which system once adopted shall not be amended except by majority vote of the full Council and shall not be repealed except by the People. Such system shall provide for the support thereof by deductions from the compensation of officers and employees of the City and contributions from City funds and funds under the control of the respective boards.

By amending Section 3-15 to read:

Section 3-15. When the expenditure required for the purchase of materials or supplies, or for the making of public work or improvements exceeds the sum provided by general law, the same shall be done by written contract and let to the responsible bidder who submits the lowest and best bid, after advertising in the Official Newspaper by at least one insertion for sealed proposals, which advertising shall be made at least five days prior to the time for receipt of bids. Advertisements for bids may set forth the general character of the work, materials or supplies and refer for details to specifications on file in the office of the City Clerk. The Council may reject all bids. In case no bids are received, the Council may make such public work or improvements without contract or purchase such materials or supplies in the open market. The Council may, by four votes, either with or without prior advertising, as hereinabove set forth, determine that in its opinion the public work or improvements in question will be performed more economically by the City without contract, or that the materials or supplies can be purchased at a lower price in the open market, or that great necessity or emergency requires immediate action, and thereupon proceed to make such public work or improvements without contract and to purchase such materials or supplies in the open market.

By deleting Section 3-15.1.

### Charter Chapter 13—City of San Luis Obispo

#### ***Amendments to the Charter of the City of San Luis Obispo***

[Filed with the Secretary of State December 9, 2008.]

SECTION 1: The Council of the City of San Luis Obispo hereby proposes on its own motion that amendment of the Charter of the City of San Luis Obispo be submitted to the voters at the General Municipal Election on Tuesday, November 4, 2008 to read as follows:

A. By amending Section 201 (Form of Government) to read:

The municipal government provided by this Charter shall be known as the “Council-Mayor-City Manager” form of municipal government.

[And, also, changing all references to “City Administrative Officer” within the Charter to “City Manager,” consistent with the above revision. This will entail revision of Sections 109, 204, 407, 701, 702, 703, 704, 705, 707, 709, 712, 802, 803, 810, 901, 1006, and 1101 of the Charter.]

B. By amending Section 407 (Mayor—Powers and Duties) to read:

The Mayor shall preside at all meetings of the City Council and perform such other duties consistent with the office as may be imposed by the Council or by vote of the people. The Mayor shall be entitled to, and must vote when present, but shall possess no veto power. As presiding officer of the Council, the Mayor will

faithfully communicate the will of the Council majority to the City Manager in matters of policy. The Mayor shall be recognized as the official head of the City for all ceremonial purposes.

C. By amending Section 410 (Compensation) to read:

The Mayor and each Council Member shall receive compensation for services payable according to the regular City payroll schedule, with the Mayor receiving greater compensation than the other Council Members.

Compensation for Mayor and Council Members shall be reviewed biennially in even-numbered years. When warranted, said compensation may be adjusted by Council resolution, to be effective the first full pay period in January of the year following the review. The compensation rate may be revised by the electorate by initiative.

Mayor and Council Member expenses incurred for official business shall be reimbursed.

D. By amending Section 505 (Voting) to read:

The ayes and noes shall be taken upon the passage of all ordinances and resolutions and entered upon the journal of the proceedings of the Council. Upon the request of any member, the ayes and noes shall be taken and recorded on any vote. All members, when present, must vote, except in the case of a recusal due to a conflict of interest. Failure or refusal to vote shall be construed as an affirmative vote.

E. By amending Section 601 (Methods of Action by Council) to read:

All action by the Council shall be taken only by means of ordinance, resolution, or oral motion duly made and passed.

Ordinances that prescribe rules applicable generally within the jurisdiction shall become a part of the Municipal Code and so remain until amended or voided. All municipal laws relating to taxation or to possible criminal action against an offender shall be in the form of ordinances.

Resolutions shall be serially numbered and filed sequentially in the office of the City Clerk.

Oral motions shall be recorded only in the minutes of any regular or special meeting of the Council.

F. By amending Section 701 (General Description) to read:

The officials of the City of San Luis Obispo shall consist of a City Manager and a City Attorney. Such officials shall be appointed by and may be removed only by the affirmative votes of a majority of the members of the Council. All other officials and department heads of the City shall be appointed by and may be removed by the City Manager.

G. By amending Section 709 (Employment Policy) to read:

The City Council shall adopt Personnel Regulations by ordinance or resolution, prescribing hiring, discharge and performance standards for Council appointees, department heads, and other appointive officials.

No official appointed by the City Council shall be terminated within the three (3) months following a municipal election. No official subject to appointment by the City Manager shall be terminated within the three (3) months immediately following the appointment of a new City Manager. Any notice of termination, transfer, or demotion shall state the effective date of the action and a copy shall be filed with the Human Resources Department.

H. By amending Section 901 (Public Works to be Done by Contract), subpart (D) to read:

(D) Nothing in this section shall be construed to apply to any project involving the expenditure of City monies by the City for public works in cooperation with a developer or subdivider for oversized facilities or such cooperative extension or replacement of mains and appurtenances. For those projects the City shall have the authority to make funds available to the cooperating developer or subdivider through a Reimbursement Agreement as established by Council ordinance or resolution.

I. By amending Section 905 (Progress Payments) to read:

Any contract may provide for progressive payments if the ordinance or resolution authorizing such work includes such a provision. No progressive payments may be provided for or made at any time which with prior payments, if there have been such, shall exceed in amount at any time ninety percent (90%) of the value of the labor done and the materials used up to that time, and no contract shall provide for or authorize or permit the payment of more than ninety percent (90%) of the contract price before the completion and acceptance of the work, unless otherwise required by Federal Law.

J. By amending Section 906 (Sale or Lease of City Property) to read:

The City Council, by ordinance or resolution, shall adopt policies and procedures that shall be applicable to the sale or lease of City property.

K. By amending Section 1001 (Granting of Franchises) to read:

The City Council is empowered to grant by ordinance a franchise to any person, firm or corporation, whether operating under an existing franchise or not, to furnish the City and its inhabitants with transportation, communication, terminal facilities, water, light, heat, power, refrigeration, storage, or any other public utility of public service, and to use the public streets, ways, alleys, and other places, as the same now or may hereafter exist, for the construction and operation of plants, works, or equipment necessary or convenient for traversing any portion of the City for the transmitting or conveying of any service elsewhere. The City Council may prescribe the terms and conditions of any such grant. It may also provide, by procedural ordinance, the method of procedure and additional terms and conditions for making such grants, subject to provisions of this Charter. The City Council may, by ordinance or resolution, establish fees or charges for the granting of licenses or franchises.

L. By amending Section 1006 (Duties of Grantee), subpart (E) to read:

(E) Remove and relocate without expense to the City any facilities installed, used and maintained under the franchise if and when made necessary by any lawful change of grade, alignment, or width of any public street, way, alley, or place, including the construction of any subway or viaduct; and

M. By amending Section 1202 (Eligibility, Appointment and Length of Terms) to read:

All registered voters within the City, except part or full-time officials and management employees of the City, shall be eligible for appointment, and shall be selected and appointed by any method deemed appropriate by the Council. Participation on citizen committees, commissions, boards and authorities by non-registered voters or non-city residents may be permissible depending upon the nature and purpose of the advisory body, as determined by the City Council.

No Committee shall be appointed to a term exceeding four (4) years. Committee members may be reappointed to serve additional terms.

N. By amending Section 1205 (Annual Reports) to read:

On an annual basis, each established body shall report to the Council on its activities for the preceding year, as well as its proposed activities and requested budget for the forthcoming year.

SECTION 2: That the City Council, pursuant to its right and authority, does order submitted to the voters at the General Municipal Election on Tuesday, November 4, 2008, the following question:

Shall Sections 201 (and related references throughout the Charter), 407, 410, 505, 601, 701, 709, 901, 906, 1001, 1006, 1202, and 1205 of the Charter of the City of San Luis Obispo be amended to make technical, non-substantive revisions, as set forth in City Council Resolution No. 10007 (2008 Series)?	Yes
	No

SECTION 3. That the City Council authorizes any and all members of the City Council to file written arguments In Favor or Against the measure in accordance with Article 4, Chapter 3, Division 9 of the Elections Code of the State of California and to change the argument until and including the date fixed by the City Clerk after which no arguments for or against the measure may be submitted to the City Clerk.

SECTION 4. That the City Council directs the City Clerk to transmit a copy of the measure to the City Attorney, who shall prepare an impartial analysis of the measure showing the effect of the measure on the existing law and the operation of the measure. The impartial analysis shall be filed by the date set by the City Clerk for the filing of primary arguments.

SECTION 5. That in all particulars not recited in this resolution, the election shall be held and conducted as provided by law for holding municipal elections.

SECTION 6. That notice of the time and place of holding the election is given and the City Clerk is authorized, instructed and directed to give further or additional notice of the election, in time, form and manner as required by law.

SECTION 7. That the City Clerk shall certify to the passage and adoption of this resolution.

SECTION 8. That the City Clerk is hereby directed to file a certified copy of this resolution with the San Luis Obispo County Board of Supervisors and Clerk-Recorder.

Certified to be a true copy by David F. Romero, Mayor, and Audrey Hooper, City Clerk.

Date of General Election: November 4, 2008.

Charter Chapter 14—City and County of San Francisco

***Amendments to the Charter of the  
City and County of San Francisco***

[Filed with the Secretary of State December 15, 2008.]

**SEC. B6.406. HARBOR REVENUES AND EXPENDITURES.**

The revenues of the harbor and of all properties and facilities incident thereto, or used in connection therewith, shall be deposited in a separate fund in the treasury of the City and County; and a harbor trust fund or trust funds shall be established by the City and County; and the City and County shall deposit in the fund or funds all monies received attributable to facilities on the transferred lands in the harbor.

Subject to the terms and conditions of Statute 1968, ch. 1333, appropriations from such funds shall be made for the following purposes and in the order named, viz:

(a) for the payment of maintenance and operating expenses, pension charges and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require;

(b) for the payment of principal, interest, reserve funds, sinking funds, and other funds established for the benefit of any forms of indebtedness issued or undertaken by or on behalf of the commission for any purpose authorized under this charter, including, but not limited to, revenue bonds, general obligation bonds, infrastructure financing district bonds, certificates of participation, lease revenue bonds, commercial paper, variable rate demand notes, auction rate securities, bond anticipation notes and other evidences of indebtedness;

(c) for capital improvements to, and reconstruction and replacement of, the properties, equipment and facilities of the harbor, and

(d) to establish a reserve, surplus or sinking fund for harbor operations, capital improvements, reconstruction, and replacement of equipment or facilities used in connection thereto as the commission may establish.

In the event of a conflict between any trust indenture or other instrument securing or evidencing indebtedness outstanding as of January 1, 2009 and authorized in this charter and the priorities set forth in this Section B6.406, the priorities of the debt instrument will control.

**SEC. B7.310. PIER 70 WATERFRONT DISTRICT.**

(a) The Port of San Francisco's southern waterfront includes a site known as Pier 70. For over 150 years, some portion of this site has been in use for ship building and repair, or steel production, as well as for other heavy industrial uses. In 2001, the California State Office of Historic Preservation determined that Pier 70's approximately 40 historic buildings, structures and features are eligible for the National Register collectively as contributors to a Pier 70 historic district. This Section B7.310 is intended to enable the City and County, through its Port Commission, to rehabilitate the Pier 70 area by establishing planning, financing and project approval mechanisms appropriate to the area. These mechanisms will serve a significant public purpose by preserving and restoring historic waterfront properties in need of repair, restoring waterfront land, and building new waterfront parks and maritime facilities.

(b) The Port Commission may submit to the Board of Supervisors for approval a financial and land use plan or plans for all or a portion of Pier 70 (each a "Pier 70 Plan") that includes a description of the boundaries of a Pier 70 planning area ("Pier 70 Waterfront District") and projections of the Port's need for financing, in addition to authorized property tax increment financing, to preserve and restore deteriorated Pier 70 historic waterfront properties, seismically strengthen Pier 70 piers and structures, remediate and restore contaminated waterfront land and structures, build new waterfront parks, and build maritime facilities ("Waterfront Improvements"). The financing plan may include, without limitation, issuance of debt to finance Waterfront Improvements or direct payments to a tenant for the Waterfront Improvements. As used in this Section B7.310, Waterfront Improvements include rehabilitation of an existing historic resource consistent with the Secretary of the Interior's Standards for the Treatment of Historic Properties, seismic strengthening of existing structures, environmental remediation and/or mitigation consistent with applicable regulations and/or a plan approved by a regulatory agency with jurisdiction over the contaminated area, construction and landscaping of waterfront open space, including natural shoreline habitat, construction of utility infrastructure necessary to achieve compliance with environmental performance standards that exceed applicable building code requirements, and the construction or rehabilitation of maritime facilities.

(c) Before proposing to issue indebtedness to finance Waterfront Improvements or to assume the responsibility to pay for the improvements pursuant to this Section B7.310, the Port Commission, by resolution, must approve a capital

budget for the proposed Waterfront Improvements and find that the new lease revenues from private investment in and development of the proposed Pier 70 Waterfront District for a period of twenty years, commencing with the Port's projected date of issuance of a certificate of occupancy for a lease identified by the Port for all or a portion of the Pier 70 Waterfront District, and property tax increment available under the Pier 70 Plan, are insufficient to finance the Waterfront Improvements.

(d) The Clerk of the Board of Supervisors shall refer the Pier 70 Plan to the Controller within thirty days after the Port Commission's submission to the Board of Supervisors. Within ninety days of the Clerk's referral, the Controller and the Tax Collector, in consultation with the Department of Real Estate and the Port Commission, shall report to the Board of Supervisors the following:

1. The total amount of taxes received by the City and County from (A) the City Payroll Expense Tax under Article 12-A of the Business and Tax Regulations Code, as amended from time to time (the "Payroll Tax"), from businesses located in the Pier 70 Waterfront District, and (B) Tax on Transient Occupancy of Hotel Rooms under Article 7 of the Business and Tax Regulations Code, as amended from time to time (the "Hotel Tax"), from any hotel rooms located in the Pier 70 Waterfront District (the "Base Year Tax Revenues") in the full fiscal year immediately preceding the submission of the proposed Pier 70 Plan to the Board of Supervisors: and

2. The projected annual increases in Payroll Tax and the Hotel Tax above the Base Year Tax Revenues that will accrue to the General Fund for each year ("Pier 70 Annual Payroll and Hotel Tax Increment") for a twenty year period following the issuance of a certificate of occupancy related to a Port lease identified by the Port for all or a portion of the Pier 70 Waterfront District, using assumptions about new lease and tax revenues from development of allowed uses in the Pier 70 Waterfront District.

The Publication of the Controller's and Tax Collector's report will not be a violation of Business & Tax Regulations Code Section 6.22-1. The Controller and the Tax Collector shall be entitled to reimbursement of their costs to perform their responsibilities under this Section B7.310.

(e) The Board of Supervisors may approve the Pier 70 Plan, with or without the financing for Waterfront Improvements described in the plan. The Board of Supervisors may approve the financing for Waterfront Improvements described in the plan, if it finds that new lease revenues from private investment in and development of the imposed Pier 70 Waterfront District for a period of twenty years commencing with the Port's projected date of issuance of a certificate of occupancy for a lease identified by the Port for all or a portion of the Pier 70 Waterfront District and property tax increment available under the Pier 70 Plan, are insufficient to finance the Waterfront Improvements.

(f) If the Board of Supervisors approves the Pier 70 Plan and associated financing for Waterfront Improvements, then, for the purposes of this Section

B7.310, the Base Year Tax Revenues for the Pier 70 Plan will be the total Payroll Tax from businesses located in the Pier 70 Waterfront District and any Hotel Tax from any hotel rooms in the Pier 70 Waterfront District in the fiscal year preceding Port Commission issuance of debt to finance Waterfront Improvements or obligation to first pay for Waterfront Improvements pursuant to this Section B7.310, and the Controller and the Tax Collector, in consultation with the Department of Real Estate and the Port Commission, shall revise their Projections of Pier 70 Annual Payroll and Hotel Tax Increment for a twenty year period, commencing on the Port's projected date of its issuance of debt for, or obligation to pay for the construction of Waterfront Improvements pursuant to this Section B7.310, based on updated assumptions about new lease and tax revenues from development of allowed uses in the Pier 70 Waterfront District. These updated assumptions shall serve as the basis for appropriations pursuant to this Section B7.310 for the remainder of the term of the Pier 70 Plan.

(g) If the Board of Supervisors approves financing for Waterfront Improvements described in the Pier 70 Plan, then the City and County shall appropriate from discretionary General Fund revenues to the harbor trust fund the amount necessary to pay debt service on indebtedness issued by the Port Commission to finance Waterfront Improvements or to fund the Port's obligation to pay for Waterfront Improvements pursuant to this Section B7.310 in an amount up to seventy-five percent (75%) of the Pier 70 Annual Payroll and Hotel Tax Increment beginning in the fiscal year in which the Port Commission is obligated to (A) begin paying for the Waterfront Improvements, or (B) pay debt service on indebtedness that it has issued to finance Waterfront Improvements and for each subsequent fiscal year until the earlier of (i) the date the Controller certifies that the Port Commission has retired all indebtedness issued or to finance the Waterfront Improvements or fully satisfied its obligation to pay for the Waterfront Improvements or (ii) twenty fiscal years commencing with the first fiscal year that the Port Commission is obligated to pay such debt service or payment on the Waterfront Improvements. The City and County shall appropriate the funds to the harbor trust fund notwithstanding the actual amount of the annual increase in Payroll Taxes and Hotel Taxes during any fiscal year, without any adjustment based on the actual amounts of such taxes paid or accruing to the City and County. In no event may the amount appropriated to the harbor trust fund in the aggregate be greater than seventy-five percent (75%) of the amount of Pier 70 Annual Payroll and Hotel Tax Increment estimated by the Controller for a 20-year period pursuant to subsection (f). The Port may use the funds appropriated solely to finance the construction of Waterfront Improvements described in its Pier 70 Plan and any amendments to the plan by the Port Commission and the Board of Supervisors.

(h) The Board of Supervisors' approval of the Pier 70 Plan, with or without approval of the financing for Waterfront Improvements, shall constitute approval by the Board of Supervisors of any lease for a project developed under the Pier 70

Plan under Article IX, Section 9.118 of this Charter upon approval by the Port Commission if all of the following conditions are met:

1. The Controller, in consultation with the Department of Real Estate, finds the lease consistent with the Pier 70 Plan;

2. If required for purposes of the receipt of federal historic tax credits, the lease binds the lessee to obtain from the National Park Service and/or State Historic Preservation Office a finding of consistency of the federally-subsidized historic rehabilitation project(s) contemplated by the lease with the Secretary of the Interior's Standards for the Treatment of Historic Properties;

3. If required, the lease binds the lessee to obtain a permit from the Bay Conservation and Development Commission for the improvement and maintenance of the 100 foot shoreline band along Pier 70 in the premises of the lease;

4. If required, the State of California has approved the consistency of the Pier 70 Plan, or portions thereof, with the Burton Act trust and the public trust for navigation, commerce and fisheries; and

5. If required, any applicable environmental regulatory agency has approved a site remediation or site management plan, or the equivalent, for the relevant portion of Pier 70, where the Port or a former owner, occupant, or operator is the primarily responsible party.

#### SEC. B7.320. AGREEMENTS WITH OTHER CITY DEPARTMENTS.

(a) The Mayor may submit to the Board of Supervisors for approval a memorandum of understanding or other form of interagency agreement between the Port Commission and another department or departments of the City and County, approved by the Port Commission by resolution, that requires the department(s) to expend funds or to transfer funds to the Port Commission, or requires the Port Commission to transfer funds to the department(s).

(b) If the Board of Supervisors approves the interagency agreement by resolution, the City and County shall appropriate funds sufficient to fund the expenditure or transfer until such time as the agreement expires, or is terminated by the Port Commission and other departmental parties, subject to the approval of the Mayor and the Board of Supervisors by resolution.

(c) Any modification of the agreement affecting the amount to be expended or transferred shall be approved by the Mayor and the Board of Supervisors by resolution.

#### SEC. 14.103. RECALL.

(a) An elected official of the City and County, the City Administrator, the Controller, or any member of the Airports Commission, the Board of Education, the governing board of the Community College District, the Ethics Commission or the Public Utilities Commission may be recalled by the voters as provided by this Charter and by the laws of the State of California, except that no recall petitions shall be initiated with respect to any officer who has held office for less than six months.

(b) Upon certifying the sufficiency of the recall petition's signatures, the Director of Elections shall immediately call a special municipal election on the recall, to be held not less than 105 nor more than 120 days from the date of its calling unless it is within 105 days of a general municipal or statewide election, in which event the recall shall be submitted at such general municipal or statewide election.

**SEC. A8.523. RETIREMENT SYSTEM CREDIT FOR UNPAID PARENTAL LEAVE.**

Notwithstanding any other provision of this Charter, any member of the Retirement System under Sections A8.509, A8.559, A8.585, A8.586, A8.587, A8.588, A8.595, A8.596, A8.597 or A8.598 who has taken Unpaid Parental Leave as defined herein shall have the right to purchase service credit with the Retirement System for all or any part of the time he or she was on Unpaid Parental Leave prior to July 1, 2003, subject to the terms of this section, provided that he or she returned to work for the City for at least six months immediately after the expiration of his or her Unpaid Parental Leave.

The Board of Supervisors is hereby empowered to enact, by a three-fourths vote of its members, any and all ordinances necessary to carry into effect the provisions of this section.

Nothing in this section shall be construed to expand, reduce or otherwise affect the total amount of leave time available to members under federal, state, or local law, Civil Service Commission rules, or applicable memoranda of understanding between the City and County of San Francisco and employee organizations.

**SEC. A8.523-1. DEFINITIONS.**

The following words and phrases as used in this section, unless a different meaning is plainly required by the context shall have the following meaning:

“Paid Leave” shall have the same meaning as in Charter Section A8.365-1.

“Parental Leave” shall have the same meaning as in Charter Section A8.365-1.

“Unpaid Parental Leave” shall mean a period of Parental Leave taken prior to July 1, 2003, while the member was employed by the City and County, and during which time the member was not on Paid Leave.

**SEC. A8.523-2. ELIGIBILITY.**

The Department of Human Resources shall certify to the Retirement System that a member is eligible to purchase service credit pursuant to eligibility criteria set forth in Charter Section A8.365-2. Provided, however, that the Department of Human Resources shall only certify a member as eligible to purchase service credit with the Retirement System if he or she took Unpaid Parental Leave prior to July 1, 2003, and if he or she returned to work for the City for at least six months immediately after the expiration of his or her Unpaid Parental Leave. The Retirement System shall rely on the certification from the Department of Human Resources to determine eligibility to purchase service credit for Unpaid Parental Leave.

**SEC. A8.523-3. ELECTION TO PURCHASE SERVICE CREDIT FOR UNPAID PARENTAL LEAVE.**

A member electing to purchase service credit with the Retirement System for a period of Unpaid Parental Leave must so elect in writing on a form provided by the Retirement System. This election must be made before the date he or she files the application to retire or the effective date of his or her retirement, whichever is later.

This election must be for a minimum period of two months of Unpaid Parental Leave or all of his or her Unpaid Parental Leave where such total period is less than two months. This election is limited to a maximum period of four months for each period of Unpaid Parental Leave.

A member may only elect to purchase service credit for a period of Unpaid Parental Leave taken prior to July 1, 2003.

**SEC. A8.523-4. COST NEUTRALITY.**

All costs to purchase the service shall be paid by the member. There shall be no cost to the City and County. The Retirement System shall determine the cost to purchase the service. No service credit will be allowed unless and until all such costs are received by the Retirement System.

The Retirement Board shall have the authority to establish procedures to determine costs to purchase service credit for periods of Unpaid Parental Leave in accordance with this Section.

**SEC. A8.523-5. CREDIT IN RETIREMENT SYSTEM FOR UNPAID PARENTAL LEAVE.**

Upon completion of the payment in the amount specified by the Retirement Board, the member shall be credited with City and County service for the period of Unpaid Parental Leave for which he or she has elected to receive credit as City and County service pursuant to this Section.

**SEC. A8.523-6. NON-VESTED BENEFIT.**

This Charter section creates no vested benefits. The voters expressly reserve the right to review the benefits provided in this section and may alter or repeal such benefits for any or no reason.

**SEC. A8.523-7. APPLICABILITY.**

This section shall not apply to Retirement System members or their successors in interest who retired or separated prior to the effective date of this section.

**SEC. A8.509. RETIREMENT—MISCELLANEOUS OFFICERS AND EMPLOYEES ON AND AFTER JULY 1, 1947.**

Miscellaneous officers and employees, as defined in this section, who are members of the Retirement System under this section of the charter on February 1, 1969, and persons who become miscellaneous officers and employees after February 1, 1969, shall be members of the Retirement System, subject to the following provisions of this section, in addition to the provisions contained in Sections 3.670, 3.672, 8.500, 8.510 and 8.520 of this charter notwithstanding the provisions of any other section of the charter, provided that the Retirement System shall

be applied to persons employed on a part-time, temporary or substitute basis only as the Board of Supervisors shall determine by ordinance enacted by three-fourths vote of all members of the board. Miscellaneous officers and employees of the said departments who are members of the Retirement System under Section 8.507 of the charter on February 1, 1969 shall continue to be members of the system under Section 8.507 and shall not be subject to any of the provisions of this section, except as specifically provided in this section.

(a) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meaning:

“Retirement allowance,” or “allowance,” shall mean equal monthly payments, beginning to accrue upon the date of retirement, and continuing for life unless a different term of payments is definitely provided by the context.

“Compensation,” as distinguished from benefits under the workers’ compensation laws of the State of California, shall mean all remuneration whether in cash or by other allowances made by the City and County, for service qualifying for credit under this section.

“Compensation earnable” shall mean the compensation as determined by the Retirement Board, which would have been earned by the member had he worked, throughout the period under consideration, the average number of days ordinarily worked by persons in the same grade or class of positions as the positions held by him during such period and at the rate of pay attached to such positions, it being assumed that during any absence, he was in the position held by him at the beginning of the absence, and that prior to entering City-service he was in the position first held by him in City-service.

“Benefit” shall include “allowance,” “retirement allowance,” and “death benefit.”

“Average final compensation” shall mean the average monthly compensation earned by a member during any five consecutive years of credited service in the Retirement System in which his average final compensation is the highest, unless the Board of Supervisors shall otherwise provide by ordinance enacted by three-fourths vote of all members of the board.

For the purposes of the Retirement System and of this section, the terms “miscellaneous officer or employee,” or “member,” as used in this section shall mean any officer or employee who is not a member of the fire or police department as defined in the charter for the purpose of the Retirement System, under Section 8.507 of the charter.

“Retirement system” or “system” shall mean San Francisco City and County Employees’ Retirement System as created in Section 8.500 of the charter.

“Retirement board” shall mean “retirement board” as created in Section 3.670 of the charter.

“Charter” shall mean the charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural; and the plural the singular.

“Interest” shall mean interest at the rate adopted by the retirement board.

(b) Any member who completes at least 20 years of service in the aggregate credited in the retirement system, and attains the age of 50 years, or at least 10 years of service in the aggregate credited in the retirement system, and attains the age of 60 years, said service to be computed under Subsection (g) hereof, may retire from service at his option. Members shall be retired on the first day of the month next following the attainment by them of the age of 65 years. A member retired after reaching the age of 60 years shall receive a service retirement allowance at the rate of two percent of said average final compensation for each year of service; provided, however, that upon the compulsory retirement of a member upon his attainment of the age of 65 years, if the allowance available to such member, pursuant to the provisions of Subsection (f) of this section, shall be greater in amount than the service retirement allowance otherwise payable to such member under this Subsection (b), then such member shall receive as his service retirement allowance, in lieu of the allowance otherwise payable under this Subsection (b), an allowance computed in accordance with the formula provided in said Subsection (f). The service retirement allowance of any member retiring prior to attaining the age of 60 years, after rendering 20 years or more of such service and having attained the age of 50 years, computed under Subsection (g), shall be an allowance equal to the percentage of said average final compensation set forth opposite his age at retirement, taken to the preceding completed quarter year, for each year of service, computed under Subsection (g):

In no event shall a member's retirement allowance exceed 75 percent of his average final compensation.

Before the first payment of a retirement allowance is made, a member retired under this subsection or Subsection (c) of this section, may elect to receive the actuarial equivalent of his allowance, partly in an allowance to be received by him throughout his life, and partly in other benefits payable after his death to another person or persons, provided that such election shall be subject to all the conditions prescribed by the board of supervisors to govern similar elections by other members of the retirement system, including the character and amount, of such other benefits; provided, however, that at any time within 30 days after the date on which his compulsory retirement would otherwise have become effective, a member who has attained the age of 65 years may elect, without right of revocation, to withdraw his accumulated contributions, said election to be exercised in writing on a form furnished by the retirement system and filed at the office of said system, and a member so electing shall be considered as having terminated his membership in said system on the date immediately preceding the date on which his compulsory retirement would otherwise have become effective, and he shall be paid forthwith his accumulated contributions, with interest credited thereon. Notwithstanding the provisions of Section 8.514 of this charter, the portion of service retirement allowance provided by the City and County's contributions shall be not less than \$100 per month upon retirement after 30 years of service and after attaining the age of 60 years, and provided further that as to any member with 15 years or more of service at the compulsory retirement age of 65, the portion of the service retirement allowance provided by the City and County's contribution shall be such that the total retirement allowance shall not be less than \$100 per month. In the calculations under this subsection of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated in the manner prescribed for each class of service, the average final compensation in each case being that for the respective class of service; provided that the aggregate retirement allowance shall be taken into account in applying the provisions of this subsection providing for a minimum retirement allowance. Part-time service and compensation shall be reduced to full-time service and compensation in the manner prescribed by the board of supervisors, and when so reduced, shall be applied on full-time service and compensation in the calculations of retirement allowances.

(c) Any member who becomes incapacitated for performance of duty because of disability determined by the retirement board to be of extended and uncertain duration, and who shall have completed at least 10 years of service credited in the retirement system in the aggregate, computed as provided in Subsection (g) hereof, shall be retired upon an allowance of one and eight-tenths percent of the average final compensation of said member, as defined in Subsection (a) hereof for each year of credited service, if such retirement allowance exceeds 40 percent

of his average final compensation; otherwise one and eight-tenths percent of his average final compensation multiplied by the number of years of City-service which would be credited to him were such City-service to continue until attainment by him of age 60, but such retirement allowance shall not exceed 40 percent of such average final compensation. In the calculation under this subsection of the retirement allowance of a member having credit for service in a position in the evening schools and service in any other position, separate retirement allowances shall be calculated, in the manner prescribed, for each class of service, the average final compensation in each case being that for the respective class of service; provided that the average final compensation upon which the minimum total retirement allowance is calculated in such case shall be based on the compensation earnable by the member in the classes of service rendered by him during the one year immediately preceding his retirement. Part-time service and compensation shall be reduced to full-time service and compensation in the manner prescribed by the board of supervisors, and when so reduced, shall be applied as full-time service and compensation in the calculation of retirement allowances. The question of retiring a member under this subsection may be brought before the retirement board on said board's own motion, by recommendation of any commission or board or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to service in the position or classification he occupied at the time of his retirement.

(d) No modification of benefits provided in this section shall be made because of any amounts payable to or on account of any member under workers' compensation laws of the State of California.

(e) If a member shall die, before retirement, (1) If no benefit is payable under subdivision (2) of this subsection (e):

(A) Regardless of cause, a death benefit shall be paid to the member's estate or designated beneficiary consisting of the compensation earnable by the member during the six months immediately preceding death, plus the member's contributions and interest credited thereon.

(B) If a member sustains a traumatic bodily injury through external and violent means in the course and scope of employment and death results within 180 days of such injury, an additional insurance benefit of 12 months of compensation earnable shall be paid to the member's estate or designated beneficiary.

(2) If, at the date of his death, he was qualified for service retirement by reason of service and age under the provisions of Subsection (b) of this section, and he has designated as beneficiary his surviving spouse, who was married to him for at least one full year immediately prior to the date of his death, one-half of the retirement allowance to which the member would have been entitled if he had retired from service on the date of his death, shall be paid to such surviving spouse who was his designated beneficiary at the date of his death, until such spouse's death or remarriage, or if there be no surviving spouse, to the unmarried child or children of such member under the age of 18 years, collectively, until every such

child dies, marries or attains the age of 18 years, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. If, at the death of such surviving spouse, who was receiving an allowance under this Subdivision (2), there be one or more unmarried children of such member under the age of 18 years, such allowance shall continue to such child or children, collectively, until every such child dies, marries or attains the age of 18 years, provided that no child shall receive any allowance after marrying or attaining the age of 18 years. If the total of the payments of allowance made pursuant to this Subdivision (2) is less than the benefit which was otherwise payable under Subdivision (1) of this subsection, the amount of said benefit payable under Subdivision (1) less an amount equal to the total of the payments of allowance made pursuant to this Subdivision (2) shall be paid in lump sum as follows:

(A) If the person last entitled to said allowance is the remarried surviving spouse of such member, to such spouse.

(B) Otherwise, to the surviving children of the member, share and share alike, or if there are no such children, to the estate of the person last entitled to said allowance.

The surviving spouse may elect, on a form provided by the retirement system and filed in the office of the retirement system before the first payment of the allowance provided herein, to receive the benefit provided in Subdivision (1) of this subsection in lieu of the allowance which otherwise would be payable under the provisions of this subdivision. If a surviving spouse, who was entitled to make the election herein provided, shall die before or after making such election, but before receiving any payment pursuant to such election, then the legally appointed guardian of the unmarried children of the member under the age of 18 years, may make the election herein provided before benefit has been paid under this Subsection (e), for and on behalf of such children if, in his judgment it appears to be in their interest and advantage, and the election so made shall be binding and conclusive upon all parties in interest.

If any person other than such surviving spouse shall have and be paid a community property interest in any portion of any benefit provided under this Subsection (e), any allowance payable under this Subdivision (2) shall be reduced by the actuarial equivalent, at the date of the member's death, of the amount of benefits paid to such other person.

Upon the death of a member after retirement and regardless of the cause of death, a death benefit shall be paid to his estate or designated beneficiary in the manner and subject to the conditions prescribed by the board of supervisors for the payment of a similar death benefit upon the death of other retired members.

(f) Should any miscellaneous member cease to be employed as such a member, through any cause other than death or retirement, all of his contributions, with interest credited thereon, shall be refunded to him subject to the conditions prescribed by the board of supervisors to cover similar terminations of employment and reemployment with and without redeposit of withdrawn accumulated contri-

butions of other members of the retirement system, provided that if such member is entitled to be credited with at least 10 years of service or if his accumulated contributions exceed \$1,000, he shall have the right to elect, without right of revocation and within 90 days after said termination of service, or if the termination was by lay-off, 90 days after the retirement board determines the termination to be permanent, whether to allow his accumulated contributions to remain in the retirement fund and to receive benefits only as provided in this paragraph. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. A person who elects to allow his accumulated contributions to remain in the retirement fund shall be subject to the same age requirements as apply to other members under this section for service retirement, but he shall not be subject to a minimum service requirement. Upon the qualification of such member for retirement by reason of age, he shall be entitled to receive a retirement allowance which shall be the actuarial equivalent of his accumulated contributions and an equal amount of the contributions of the City and County, plus 1- $\frac{2}{3}$  percent of his average final compensation for each year of service credited to him as rendered prior to his first membership in the retirement system. Upon the death of such member prior to retirement, his contributions with interest credited thereon shall be paid to his estate or designated beneficiary.

(g) The following time and service shall be included in the computation of the service to be credited to a member for the purpose of determining whether such member qualifies for retirement and calculating benefits:

(1) Time during which said member is a member of the retirement system and during and for which said member is entitled to receive compensation because of services as a miscellaneous officer or employee.

(2) Service in the fire and police departments which is not credited as service of a member under this section shall count under this section upon transfer of a member of either of such departments to employment entitling him to membership in the retirement system under this section, provided that the accumulated contribution standing to the credit of such member shall be adjusted by refund to the member or by payment of the member, to bring the account at the time of such transfer to the amount which would have been credited to it had the member been a miscellaneous employee throughout the period of his service in either such departments at the compensation he received in such departments.

(3) Time during which said member is absent from a status included in paragraphs (1) or (2) next preceding which is not deemed absence from service under the provisions of Section 8.520 of the charter and for which such member is entitled to receive credit as service for the City and County by virtue of contributions made in accordance with the provisions of such section.

(4) Prior service determined and credited as prescribed by the board of supervisors for persons who are members under Section 8.507.

(5) The board of supervisors, by ordinance enacted by a three-fourths vote of its members, may provide for the crediting as service under the retirement system

of service, other than military service, rendered as an employee of the federal government and service rendered as an employee of the State of California or any public entity or public agency in the State of California. Said ordinance shall provide that all contributions required as the result of the crediting of such service shall be made by the member and that no contributions therefor shall be required of the City and County.

(6) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

(h) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) There shall be deducted from each payment of compensation paid to a member under Section 8.509 a sum equal to 7-1/2 percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member under Section 8.509, or shall be paid to said member or his estate or beneficiary as provided in Sections 8.509(e) and 8.509(f). The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(2) Contributions based on time included in paragraphs (1) and (3) of Subsection (g), and deducted prior to July 1, 1947, from compensation of persons who become members under this section, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members, and shall be combined with and administered in the same manner as the contributions deducted after said date.

(3) The total contributions, with interest thereon, made by or charged against the City and County and standing to its credit, on July 1, 1948, in the accounts of the retirement system, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(4) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this Subsection (h), to provide the benefits payable under this section. Such contributions of the City and County to provide the portion of the benefits hereunder, which shall be based on service rendered by each member prior to the date upon which his rate of contribution is determined in paragraph (1), Subsection (h), shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to

provide the portion of the benefits hereunder, which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries paid during said year, to persons who are members under this section, said percentage to be the ratio of the value of the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contributions, and plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective member after the date stated in the sentence next preceding, to the value at said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement, and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year, and said investigation into the experience under the system shall be made every odd-numbered year.

Notwithstanding the provisions of this Subdivision (4), any additional liabilities created by the amendments of this Section 8.509 contained in the proposition therefor submitted to the electorate on November 6, 1973, shall be amortized over a period of 30 years.

(5) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County, held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in the section shall affect the obligations of the City and County to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to the effective date hereof, and which are represented on July 1, 1947, in the accounts of said system by debits against the City and County.

(i) Upon the completion of the years of service set forth in Subsection (b) of this section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said Subsection (b), and nothing shall deprive said member of said right.

(j) Except as otherwise provided in Section 8.511 of this charter, no person retired under this section, for service or disability and entitled to receive a retirement allowance under the retirement system, shall serve in any elective or appointive position in the City and County service, including membership on boards and commissions, nor shall such persons receive any payment for service

rendered to the City and County after retirement, provided that service as an election officer or juror shall not be affected by this section.

(k) Any section or part of any section in this charter, insofar as it should conflict with this section, or with any part thereof, shall be superseded by the contents of this section. In the event that any word, phrase, clause or subsection of this section shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

(l) Notwithstanding the provisions of Subsections (b), (c), (f), and (i) of this section, any member convicted of a crime involving moral turpitude, committed in connection with his duties as an officer or employee of the City and County of San Francisco, shall, upon his removal from office or employment pursuant to the provisions of this charter, forfeit all rights to any benefits under the retirement system except refund of his accumulated contributions; provided, however, that if such member is qualified for service retirement by reason of service and age under the provisions of Subsection (b) of this section, he shall have the right to elect, without right of revocation and within 90 days after his removal from office or employment, whether to withdraw all of his accumulated contributions or to receive as his sole benefit under the retirement system, an annuity which shall be the actuarial equivalent of his accumulated contributions at the time of such removal from office or employment.

(m) The amendments of this section contained in the proposition submitted to the electorate on November 6, 1984 are hereby declared to be prospective and shall not give any person a claim against the City and County relating to a death prior to ratification of this amendment by the State Legislature.

#### SEC. A8.559-10. COMPUTATION OF SERVICE.

The following time shall be included in the computation of the service to be credited to a member of the police department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his service while he was a member under any other charter section, and not redeposited upon reentry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the fire or police department.

(b) Time during which said member served and received compensation as a jail matron in the office of the sheriff.

(c) Time during which said member is entitled to receive compensation while a member of the retirement system, because of service rendered in other offices and departments prior to July 1, 1949, provided that accumulated contributions on account of such service previously refunded, are redeposited, with interest from date of refund to date of redeposit, at times and in the manner fixed by the retirement board; and solely for purpose of determining qualification for retirement under Section 8.559-3 for disability not resulting from injury received in, or illness caused by performance of duty, time during which said member serves, after July

1, 1949, and receives compensation because of services rendered in other offices and departments.

(d) Time during which said member is absent from a status included in Subsections (a), (b), or (c) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Section 8.520 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the City and County contributed or contributes on his account.

(e) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

#### SEC. A8.559-11. SOURCES OF FUNDS.

All payments provided for members under Section 8.559 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) The normal rate of contribution for each member under Section 8.559 shall be based on his age taken to the next lower complete quarter year, (1) at the date he became a member under Section 8.544, in the case of persons who are members under that section, or (2) on his age at the date he becomes a member under Section 8.559 in the case of persons who become members on or after July 1, 1973, without credit for service counted under Section 8.559-10. The age of entrance into the police department shall be determined by deducting the member's service credited under Section 8.559-10 as rendered prior to the date upon which his age is based for determination of his rate of contribution according to the sentence next preceding, from said age. The normal rate of contribution of each such member, to be effective from the effective date of membership under Section 8.559, shall be such as, on the average for such member, will provide, assuming service without interruption, under Section 8.559-2, one-third of that portion of the service retirement allowance to which he would be entitled, without continuance to dependents, upon first qualifying as to age and service for retirement under that section, which is based on service rendered after the date upon which his age is based for determination of his rate of contribution according to the first sentence in this paragraph, and assuming the contribution to be made from that date. The normal rate of contribution, however, shall not exceed seven percent.

(b) The dependent contributions of each member under this section which shall be required of each member throughout his membership in addition to the normal contributions, and in the same manner as normal contributions, shall be such as, on the average for such member, will provide, assuming service without interruption under Section 8.559-2, and upon his first qualifying as to age and service for retirement under that section, one-third of the portion of his allowance, which is to be continued under Section 8.559-5 after his death and throughout the life of a surviving wife whose age at said death is three years less than the age of said member. If, at the date of retirement for service or retirement for disability

resulting from injury received in performance of duty, said member has no wife who would qualify for the continuance of the allowance to her after the death of said member, or upon retirement for disability resulting from other causes, regardless of his marital conditions, the dependent contributions with accumulated interest thereon, shall be paid to him forthwith. The dependent rate of contribution, however, shall not exceed the difference between seven percent and the member's normal rate of contribution, and said dependent rate may be taken as a flat percentage of the member's normal rate, regardless of the age of qualification for service retirement.

(c) There shall be deducted from each payment of compensation made to a member under this section, a sum determined by applying the member's rates of contribution to such compensation payment. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his estate or beneficiary as provided in Sections 8.559-8, 8.559-9 and 8.559-10. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(d) Contributions based on time included in Subsections (a), (b) and (c) of Section 8.559-10, and deducted prior to July 1, 1975, from compensation of persons who become members under Section 8.559, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, together with contributions made by such members pursuant to the provisions of Section 8.526 and standing with interest thereon to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.

(e) The total contributions, with interest thereon, made by or charged against the City and County and standing to its credit, in the accounts of the retirement system, on account of persons who become members under Section 8.559, shall be applied to provide the benefits under said Section 8.559.

(f) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this Section 8.559-11 to provide the benefits payable to members under Section 8.559. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his age is based for determination of his rate of contribution in Subsection (a) of this Section 8.559-11, shall not be less during

any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the next preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year, to persons who are members under Section 8.559, said percentage to be the ratio of the value on July 1, 1975, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contributions, and plus accumulated interest thereon, then held by said systems to provide said benefits on account of service rendered by respective members after the date stated in the sentence next preceding, to the value of said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year and said investigation into the experience under the system shall be every odd-numbered year.

(g) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies the contributions of both members and the City and County held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in this section shall affect the obligations of the City and County to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to July 1, 1975, and which are represented on said effective date, in the accounts of said system by debits against the City and County.

#### SEC. A8.585-10. COMPUTATION OF SERVICE.

The following time shall be included in the computation of the service to be credited to a member of the fire department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his service while he was a member under any other charter section, and not redeposited upon re-entry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the fire or police department.

(b) Time during which said member is entitled to receive compensation while a member of the retirement system, because of service rendered in other offices and departments prior to July 1, 1949, provided that accumulated contributions on account of such service previously refunded, are redeposited, with interest from

date of refund to date of redeposit, at times and in the manner fixed by the retirement board; and solely for purpose of determining qualification for retirement under Section 8.585-3 for disability not resulting from injury received in, or illness caused by performance of duty, time during which said member serves, after July 1, 1949, and receives compensation because of services rendered in other offices and departments.

(c) Time during which said member is absent from a status included in Subsections (a) and (b) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Section 8.520 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the City and County contributed or contributes on his account.

(d) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

#### SEC. A8.585-11. SOURCES OF FUNDS.

All payments provided for members under Section 8.585 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) The normal rate of contribution for each member under Section 8.585 shall be based on his age taken to the next lower complete quarter year, (1) at the date he became a member under Section 8.568, in the case of persons who are members under that section, or (2) on his age at the date he becomes a member under Section 8.585 in the case of persons who become members on or after July 1, 1975, without credit for service counted under Section 8.585-10. The age of entrance into the fire department shall be determined by deducting the member's service credited under Section 8.585-10 as rendered prior to the date upon which his age is based for determination of his rate of contribution according to the sentence next preceding, from said age. The normal rate of contribution of each such member, to be effective from the effective date of membership under Section 8.585, shall be such as, on the average for such member, will provide, assuming service without interruption, under Section 8.585-2, one-third of that portion of the service retirement allowance to which he would be entitled, without continuance to dependents, upon first qualifying as to age and service for retirement under that section, which is based on service rendered after the date upon which his age is based for determination of his rate of contribution according to the first sentence in this paragraph, and assuming the contribution to be made from that date. The normal rate of contribution, however, shall not exceed seven percent.

(b) The dependent contributions for each member under this section which shall be required of each member throughout his membership in addition to the normal contributions, and in the same manner as normal contributions, shall be such as, on the average for such member, will provide, assuming service without interruption under Section 8.585-2, and upon his first qualifying as to age and

service for retirement under that section, one-third of the portion of his allowance, which is to be continued under Section 8.585-5 after his death and throughout the life of a surviving wife whose age at said death is three years less than the age of said member. If, at the date of retirement for service or retirement for disability resulting from injury received in performance of duty, said member has no wife who would qualify for the continuance of the allowance to her after the death of said member, or upon retirement for disability resulting from other causes, regardless of his marital conditions, the dependent contributions with accumulated interest thereon, shall be paid to him forthwith. The dependent rate of contribution, however, shall not exceed the difference between seven percent and the member's normal rate of contribution, and said dependent rate may be taken as a flat percentage of the member's normal rate, regardless of the age of qualification for service retirement.

(c) There shall be deducted from each payment of compensation made to a member under this section, a sum determined by applying the member's rates of contribution to such compensation payment. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his estate or beneficiary as provided in Sections 8.585-8, 8.585-9 and 8.585-10. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(d) Contributions based on time included in Subsections (a), (b) and (c) of Section 8.585-10, and deducted prior to July 1, 1975, from compensation of persons who become members under Section 8.585, and standing with interest thereon, to the credit of such members on the records of the retirement system on said date, together with contributions made by such members pursuant to the provisions of Section 8.526 and standing with interest thereon to the credit of such members on the records of the retirement system on said date, shall continue to be credited to the individual accounts of said members and shall be combined with and administered in the same manner as the contributions deducted after said date.

(e) The total contributions, with interest thereon, made by or charged against the City and County and standing to its credit, in the accounts of the retirement system, on account of persons who become members under Section 8.585, shall be applied to provide the benefits under said Section 8.585.

(f) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this Section 8.585-11, to provide the benefits payable to members

under Section 8.585. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered by each member prior to the date upon which his age is based for determination of his rate of contribution in Subsection (a) of this Section 8.585-11, shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered by respective members on and after the date stated in the preceding sentence, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year, to persons who are members under Section 8.585, said percentage to be the ratio of the value on July 1, 1975, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contributions, and plus accumulated interest thereon, then held by said systems to provide said benefits on account of service rendered by respective members after the date stated in the sentence next preceding, to the value of said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year and said investigation into the experience under the system shall be every odd-numbered year.

(g) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies the contributions of both members of the City and County held by the system to provide the benefits under this section, shall be a part of the fund in which all other assets of said system are included. Nothing in this section shall affect the obligations of the City and County to pay to the retirement system any amounts which may or shall become due under the provisions of the charter prior to July 1, 1975, and which are represented on said effective date, in the accounts of said system by debits against the City and County.

#### SEC. A8.586-10. COMPUTATION OF SERVICE.

The following time shall be included in the computation of the service to be credited to a member of the police department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon re-entry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department under Section 8.586 or 8.588, respectively.

(b) Time prior to November 2, 1976, during which said member was entitled to receive compensation while a member of the police or fire department under any other section of the charter, provided that accumulated contributions on account of such service previously refunded are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board; and solely for the purpose of determining qualification for retirement under Section 8.586-3 for disability not resulting from injury received in or illness caused by performance of duty, time during which said member serves and receives compensation because of services rendered in other offices and departments.

(c) Time during which said member is absent from a status included in Subsection (a) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Section 8.520 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the City and County contributed or contributes on his or her account.

(d) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

#### SEC. A8.586-11. SOURCES OF FUNDS.

All payments provided for members under Section 8.586 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section 8.586 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Sections 8.586-8, 8.586-9 and 8.586-10. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(b) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section 8.586-11, to provide the benefits payable to members under Section 8.586. Such contributions of the City and County to provide the portion of the

benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section 8.586, said percentage to the ratio of the value on November 2, 1976, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid to or on account of members under Section 8.586 from contributions of the City and County, less the amount of such contributions plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective members after said date, to the value on said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year and said investigation into the experience under the system shall be made every odd-numbered year.

(c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County held by the system to provide benefits for members under Section 8.586, shall be a part of the fund in which all other assets of said system are included.

#### SEC. A8.587-7. COMPUTATION OF SERVICE.

The following time and service shall be included in the computation of the service to be credited to a member for the purpose of determining whether such member qualifies for retirement and calculating benefits:

(a) For miscellaneous officers and employees on November 7, 2000 who were members of the retirement system under Section A8.584, time during which said officers and employees were members under Section A8.584.

(b) Time during which said member is a member of the retirement system under Section A8.587 and during and for which said member is entitled to receive compensation because of services as a miscellaneous officer or employee.

(c) Service in the fire and police departments which is not credited as service as a member under Section A8.587 shall count under this section upon transfer of a member of either of such departments to employment entitling him or her to membership in the retirement system under Section A8.587, provided that the accumulated contributions standing to the credit of such member shall be adjusted by refund to the member or by payment by the member to bring the account at the time of such transfer to the amount which would have been credited to it had the member been a miscellaneous member throughout the period of his or her service in either of such departments at the compensation he or she received in such departments.

(d) Prior service, during which said member was entitled to receive compensation while a miscellaneous member under any other section of the charter, provided that accumulated contributions on account of such service previously refunded are redeposited with interest from the date of refund to the date of re-deposit, at times and in the manner fixed by the retirement board.

(e) Prior service determined and credited as prescribed by the board of supervisors.

(f) The board of supervisors, by ordinance enacted by a three-fourths vote of its members, may provide for the crediting as service, rendered as an employee of the federal government and service rendered as an employee of the State of California or any public entity or public agency in the State of California. Said ordinance shall provide that all contributions required as the result of the crediting of such service shall be made by the member and that no contributions therefor shall be required of the City and County.

(g) Time during which said member is absent from a status included in Subsections (a), (b) or (c) and for which such member is entitled to receive credit as service for the City and County by virtue of contributions made in accordance with the provisions of Section A8.520 or Section A8.521 of the charter.

(h) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

#### SEC. A8.587-8. SOURCES OF FUNDS.

All payments provided for members under Section A8.587 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section A8.587 a sum equal to seven percent of such payment of compensation. The sums so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member under Section A8.587, or shall be paid to said member or his or her estate or beneficiary as provided in Sections A8.587-5 and A8.587-6. A member's individual account under Section A8.587 shall include all monies credited to the member's account under Section A8.584. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(b) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section A8.587-8, to provide the benefits payable to members under Section A8.587. Such contributions of the City and County to provide the portion of the

benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.587, said percentage to be the ratio of the value as of the latest periodical actuarial valuation of the benefits thereafter to be paid to or on account of members under Section A8.587 from contributions of the City and County, less the amount of such contributions, plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective members after said date, to the value at said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuations and investigations shall be made at least every two years.

(c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County held by the system to provide benefits for members under Section A8.587 shall be a part of the fund in which all other assets of said system are included.

#### SEC. A8.588-10. COMPUTATION OF SERVICE.

The following time shall be included in the computation of the service to be credited to a member of the fire department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon re-entry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department under Section 8.586 or 8.588, respectively.

(b) Time prior to November 2, 1976, during which said member was entitled to receive compensation while a member of the police or fire department under any other section of the charter, provided that accumulated contributions on account of such service previously refunded are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board; and solely for the purpose of determining qualification for retirement under Section 8.588-3 for disability not resulting from injury received in or illness caused by performance of duty, time during which said member serves and receives compensation because of services rendered in other offices and departments.

(c) Time during which said member earned compensation as a paramedic with the department of public health, provided that the accumulated contributions on

account of such service are transferred to his or her 8.588 account or, if previously refunded, are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board. The retirement board shall require that a waiver be executed by said member so that any paramedic service covered by Section 8.588 is not also covered by other pension provisions in this charter.

(d) Time during which said member is absent from a status included in Subsection (a) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Section 8.520 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the City and County contributed or contributes on his or her account.

(e) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

#### SEC. A8.588-11. SOURCES OF FUNDS.

All payments provided for members under Section 8.588 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section 8.588 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Sections 8.588-8, 8.588-9 and 8.588-10. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase plus interest.

(b) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section 8.588-11, to provide the benefits payable to members under Section 8.588. Such contributions of the City and County to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section 8.588, said percentage to the ratio of the value on November 2, 1976, or at the later date of a periodical actuarial valuation and investigation into the experience under the system, of the benefits thereafter to be paid to or on account of members under Section 8.588 from contributions of the City and County, less the amount of

such contributions plus accumulated interest thereon, then held by said system to provide said benefits on account of service rendered by respective members after said date, to the value on said respective dates of salaries thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the system. Said actuarial valuation shall be made every even-numbered year and said investigation into the experience under the system shall be made every odd-numbered year.

(c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County held by the system to provide benefits for members under Section 8.588, shall be a part of the fund in which all other assets of said system are included.

**SEC. A8.595-10. COMPUTATION OF SERVICE.**

The following time shall be included in the computation of the service to be credited to a member of the police department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon reentry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the fire or police department.

(b) Time during which said member served and received compensation as a jail matron in the office of the sheriff.

(c) Time during which said member is absent from a status included in Subsections (a) or (b) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Sections A8.520 and A8.521 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the City and County contributed or contributes on his or her account.

(d) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

**SEC. A8.595-11. SOURCES OF FUNDS.**

All payments provided for members under Section A8.595 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section A8.595 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement

system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Section A8.595-8, A8.595-9 and A8.595-10. A member's individual account under Section A8.595 shall include all monies previously credited to the member's account under Section A8.559. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(b) The dependent contributions of each member under this section which shall be required of each member throughout his or her membership in addition to the normal contributions, and in the same manner as normal contributions, shall be such as, on the average for such member, will provide, assuming service without interruption under Section A8.595-2, and upon he or she first qualifying as to age and service for retirement under that section, one-third of the portion of his or her allowance, which is to be continued under Section A8.595-5 after his or her death and throughout the life of a surviving spouse whose age at said death is three years less than the age of said member. If, at the date of retirement for service or retirement for disability resulting from injury received in the performance of duty, said member has no spouse who would qualify for the continuance of the allowance to him or her after the death of said member, or upon retirement for disability resulting from other causes, regardless of his or her marital conditions, the dependent contributions with accumulated interest thereon, shall be paid to him or her forthwith. The dependent rate of contribution, however, shall not exceed the difference between seven percent and the member's normal rate of contribution, and said dependent rate may be taken as a flat percentage of the member's normal rate, regardless of the age of qualification for service retirement.

(c) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section A8.595-11, to provide the benefits payable to members under Section A8.595. Such contributions of the City and County to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.595 in accordance with the provisions of Section A8.510.

(d) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County held by the system to provide benefits for members under Section A8.595, shall be a part of the fund in which all other assets of said system are included.

(e) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with City representatives to implement a cost sharing arrangement between the City and employee organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the City's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3% @ 55 benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under Section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter Section 12.100 and in Section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under Section A8.590-1 et seq.

#### SEC. A8.596-10. COMPUTATION OF SERVICE.

The following time shall be included in the computation of the service to be credited to a member of the fire department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon reentry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department.

(b) Time during which said member is absent from a status included in Subsection (a) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Sections A8.520 and A8.521 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the City and County contributed or contributes on his or her account.

(c) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

#### SEC. A8.596-11. SOURCES OF FUNDS.

All payments provided for members under Section A8.596 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section A8.596 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Section A8.596-8, A8.596-9 and A8.596-10. A member's individual account under Section A8.596 shall include all monies previously credited to the member's account under Section A8.585. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(b) The dependent contributions of each member under this section which shall be required of each member throughout his or her membership in addition to the normal contributions, and in the same manner as normal contributions, shall be such as, on the average for such member, will provide, assuming service without interruption under Section A8.596-2, and upon he or she first qualifying as to age and service for retirement under that section, one-third of the portion of his or her allowance, which is to be continued under Section A8.596-5 after his or her death and throughout the life of a surviving spouse whose age at said death is three years less than the age of said member. If, at the date of retirement for service or retirement for disability resulting from injury received in the performance of duty, said member has no spouse who would qualify for the continuance of the allowance to him or her after the death of said member, or upon retirement for disability resulting from other causes, regardless of his or her marital conditions, the dependent contributions with accumulated interest thereon, shall be paid to him or her forthwith. The dependent rate of contribution, however, shall not exceed the difference between seven percent and the member's normal rate of contribution, and said dependent rate may be taken as a flat percentage of the member's normal rate, regardless of the age of qualification for service retirement.

(c) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section A8.596-11, to provide the benefits payable to members under Section A8.596. Such contributions of the City and County to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.596 in accordance with the provisions of Section A8.510.

(d) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and

other contingencies, the contributions of both members and the City and County held by the system to provide benefits for members under Section A8.596, shall be a part of the fund in which all other assets of said system are included.

(e) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with City representatives to implement a cost sharing arrangement between the City and employee organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the City's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3% @ 55 benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under Section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter section 12.100 and in Section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under Section A8.590-1 et seq.

#### SEC. A8.597-10. COMPUTATION OF SERVICE.

The following time shall be included in the computation of the service to be credited to a member of the police department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon re-entry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department.

(b) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

#### SEC. A8.597-11. SOURCES OF FUNDS.

All payments provided for members under Section A8.597 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section A8.597 a sum equal to seven percent of such payment of compensation plus the member's allocable share, if any, of the costs required under Section A8.506-2. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of

the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Sections A8.597-8, A8.597-9 and A8.597-10. A member's individual account under Section A8.597 shall include all monies previously credited to the member's account under Section A8.586. The individual accounts of members who were also airport police officers that terminated their participation in the Public Employees' Retirement System as provided in Section A8.506-2 shall also include that portion of the accumulated assets transferred to the San Francisco Employees' Retirement System that represents their contributions to the Public Employees' Retirement System plus interest. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(b) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section A8.597-11, to provide the benefits payable to members under Section A8.597. Such contributions of the City and County to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.597 in accordance with the provisions of Section A8.510.

(c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County held by the system to provide benefits for members under Section A8.597, shall be a part of the fund in which all other assets of said system are included.

(d) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with City representatives to implement a cost sharing arrangement between the City and employee organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the City's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3% @ 55 benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under Section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual

agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter Section 12.100 and in Section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under Section A8.590-1 et seq.

SEC. A8.598-10. COMPUTATION OF SERVICE.

The following time shall be included in the computation of the service to be credited to a member of the fire department for the purposes of determining whether such member qualified for retirement and calculating benefits, excluding, however, any time, the contributions for which were withdrawn by said member upon termination of his or her service while he or she was a member under any other charter section, and not redeposited upon re-entry into service:

(a) Time during and for which said member is entitled to receive compensation because of services as a member of the police or fire department.

(b) Time prior to January 1, 2003, during which said member was entitled to receive compensation while a member of the police or fire department under any other section of the charter, provided that accumulated contributions on account of such service previously refunded are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board; and solely for the purpose of determining qualification for retirement under Section A8.598-3 for disability not resulting from injury received in or illness caused by performance of duty, time during which said member serves and receives compensation because of services rendered in other offices and departments.

(c) Time during which said member earned compensation as a paramedic with the fire department or department of public health, provided that the accumulated contributions on account of such service are transferred to his or her Section A8.598 account or, if previously refunded, are redeposited with interest from the date of refund to the date of redeposit, at times and in the manner fixed by the retirement board. The retirement board shall require that said member execute a waiver so that any paramedic service covered by Section A8.598 is not also covered by other pension provisions in this charter. Members of the fire department on January 1, 2003, who are members of the retirement system under Section A8.598, shall execute and file said waiver on or before June 30, 2003. Persons who become members of the fire department, as defined in Section A8.598-1, after January 1, 2003, shall execute and file said waiver within 90 days after their effective date of membership. Failure to file a timely waiver shall bar any application to have such paramedic service treated as safety service under this subsection.

(d) Time during which said member is absent from a status included in Subsection (a) next preceding, by reason of service in the armed forces of the United States of America, or by reason of any other service included in Sections A8.520

and A8.521 of the charter, during any war in which the United States was or shall be engaged or during other national emergency, and for which said member contributed or contributes to the retirement system or for which the City and County contributed or contributes on his or her account.

(e) Time during which said member was on Unpaid Parental Leave pursuant to Charter Section A8.523, and for which said member has purchased service credit in the Retirement System.

SEC. A8.598-11. SOURCES OF FUNDS.

All payments provided for members under Section A8.598 shall be made from funds derived from the following sources, plus interest earned on said funds:

(a) There shall be deducted from each payment of compensation made to a member under Section A8.598 a sum equal to seven percent of such payment of compensation. The sum so deducted shall be paid forthwith to the retirement system. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the board of supervisors for crediting interest to contributions of other members of the retirement system, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, or shall be paid to said member or his or her estate or beneficiary as provided in Section A8.598-8, A8.598-9 and A8.598-10. A member's individual account under Section A8.598 shall include all monies previously credited to the member's account under Section A8.588. The individual accounts of members who purchased service credit for Unpaid Parental Leave shall also include the amount paid by the member for said purchase, plus interest.

(b) The City and County shall contribute to the retirement system such amounts as may be necessary, when added to the contributions referred to in Subsection (a) of this Section A8.598-11, to provide the benefits payable to members under Section A8.598. Such contributions of the City and County to provide the portion of the benefits hereunder shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total compensation paid during said year to persons who are members under Section A8.598 in accordance with the provisions of Section A8.510.

(c) To promote the stability of the retirement system through a joint participation in the result of variations in the experience under mortality, investment and other contingencies, the contributions of both members and the City and County held by the system to provide benefits for members under Section A8.598, shall be a part of the fund in which all other assets of said system are included.

(d) Any year in which, based upon the retirement system's annual actuarial valuation, the employer contribution rate exceeds 0%, the employee organizations representing safety members shall jointly meet and confer with City representatives to implement a cost sharing arrangement between the City and employee

organizations. Such arrangement will effect a material reduction of the cost impact of employer contributions on the City's general fund.

The dollar value of the cost sharing arrangement shall not exceed the total annual cost to the retirement system of improving the police and fire safety retirement plans to the 3% @ 55 benefit level or the total employer contribution required by the retirement system, whichever is lesser. Such cost sharing arrangement shall not require an employee contribution in excess of the limits set elsewhere in this charter.

The meet and confer process, including all impasse procedures under Section A8.590-1 et seq., shall be concluded not later than April 1st except by mutual agreement of the parties. The cost sharing arrangement must be finalized to permit implementation effective July 1.

The retirement board's authority under charter Section 12.100 and in Section A8.510 concerning the annual setting of the rates of contribution are not subject to the meet and confer process, including all impasse procedures under Section A8.590-1 et seq.

#### SEC. 4.105. PLANNING COMMISSION.

**GENERAL.** The Planning Commission shall consist of seven members nominated and appointed pursuant to this section. Four of the members shall be nominated by the Mayor, and three of the members shall be nominated by the President of the Board of Supervisors. Charter Section 4.101 shall apply to these appointments, with particular emphasis on the geographic diversity of City neighborhoods. Vacancies shall be filled by the appointing officer.

Each nomination of the Mayor and the President of the Board of Supervisors is subject to approval by the Board of Supervisors, and shall be the subject of a public hearing and vote within 60 days. If the Board fails to act on the nomination within 60 days of the date the nomination is transmitted to the Clerk of the Board of Supervisors, the nominee shall be deemed approved. The appointment shall become effective on the date the Board adopts a motion approving the nomination or after 60 days of the date the nomination is transmitted to the Clerk of the Board of Supervisors.

Members may be removed by the appointing officer only pursuant to Section 15.105.

In order to stagger the terms, three members shall initially serve two-year terms, and four members shall initially serve four-year terms. The initial two- and four-year terms of office shall be instituted as follows:

1. The respective terms of office of members of the Planning Commission who hold office on the first day of July, 2002, shall expire at 12 o'clock noon on that date, and the four members appointed by the Mayor and the three members appointed by the President of the Board of Supervisors shall succeed to said offices at that time.

2. The Clerk of the Board of Supervisors shall determine by lot which two of the four Mayoral appointees shall serve an initial two-year term, and which one of

the three appointees of the President of the Board of Supervisors shall serve an initial two-year term. The remaining appointees shall serve four-year terms. All subsequent terms shall be four years.

The Commission shall provide the Mayor with at least three qualified candidates for Director of Planning, selected on the basis of administrative and technical qualifications, with special regard for experience, training and knowledge in the field of City planning.

The Commission may contract with consultants for such services as it may require subject to the fiscal provisions of this Charter.

**GENERAL PLAN.** The Commission shall periodically recommend to the Board of Supervisors for approval or rejection proposed amendments to the General Plan. If the Board of Supervisors fails to act within 90 days of receipt, the proposed General Plan or amendments shall be deemed approved. The General Plan which will initially consist of the Master Plan in effect immediately prior to the effective date of this Charter shall consist of goals, policies and programs for the future physical development of the City and County that take into consideration social, economic and environmental factors. In developing their recommendations, the Commission shall consult with commissions and elected officials, and shall hold public hearings as part of a comprehensive planning process. The Planning Department, in consultation with other departments and the City Administrator, shall periodically prepare special area, neighborhood and other plans designed to carry out the General Plan, and periodically prepare implementation programs and schedules which link the General Plan to the allocation of local, state and federal resources. The Planning Department may make such other reports and recommendations to the Mayor, Board of Supervisors and other offices and governmental units as it may deem necessary to secure understanding and a systematic effectuation of the General Plan.

In preparing any plans, the Planning Department may include plans for systems and areas within the Bay Region which have a planning relationship with the City and County.

**REFERRAL OF CERTAIN MATTERS.** The following matters shall, prior to passage by the Board of Supervisors, be submitted for written report by the Planning Department regarding conformity with the General Plan:

1. Proposed ordinances and resolutions concerning the acquisition or vacation of property by, or a change in the use or title of property owned by, the City and County;
2. Subdivisions of land within the City and County;
3. Projects for the construction or improvement of public buildings or structures within the City and County;
4. Project plans for public housing, or publicly assisted private housing in the City and County;
5. Redevelopment project plans within the City and County; and
6. Such other matters as may be prescribed by ordinance.

The Commission shall disapprove any proposed action referred to it upon a finding that such action does not conform to the General Plan. Such a finding may be reversed by a vote of two-thirds of the Board of Supervisors.

All such reports and recommendations shall be issued in a manner and within a time period to be determined by ordinance.

**PERMITS AND LICENSES.** All permits and licenses dependent on, or affected by, the City Planning Code administered by the Planning Department shall be approved by the Commission prior to issuance. The Commission may delegate this approval function to the Planning Department. Notwithstanding the foregoing, certificates of appropriateness for work to designated landmarks and historic districts and applications for alterations to significant or contributory buildings or properties in designated conservation districts that have been approved, disapproved, or modified by the Historic Preservation Commission shall not require approval by the Commission prior to issuance.

**ENFORCEMENT.** The Planning Department shall administer and enforce the City Planning Code.

**ZONING AMENDMENTS.** The Commission may propose for consideration by the Board of Supervisors ordinances regulating or controlling the height, area, bulk, set-back, location, use or related aspects of any building, structure or land. An ordinance proposed by the Board of Supervisors concerning zoning shall be reviewed by the Commission. Applications for the reclassification of property may be made by interested parties and must be reviewed by the Commission. Notwithstanding the foregoing, designation of a landmark, a significant or contributory building, an historic district, or a conservation district shall be reviewed by the Commission only as provided in Section 4.135.

Notwithstanding the Commission's disapproval of a proposal from the Board of Supervisors or the application of interested parties, the Board of Supervisors may adopt the proposed ordinance; however, in the case of any proposal made by the application of interested parties, any such adoption shall be by a vote of not less than two-thirds of the Board of Supervisors.

No application of interested parties proposing the same or substantially the same ordinance as that disapproved by the Commission or by the Board of Supervisors shall be resubmitted to or reconsidered by the Commission within a period of one year from the effective date of final action upon the earlier application.

**ZONING ADMINISTRATOR.** The Director of Planning shall appoint a Zoning Administrator from a list of qualified applicants provided pursuant to the Civil Service provisions of the Charter. The Zoning Administrator shall be responsible for the determination of all zoning variances. The administrator shall have the power to grant only those variances that are consistent with the general purpose and the intent of the zoning ordinance, and in accordance with the general and specific rules of the zoning ordinance, subject to such conditions and safeguards as the Zoning Administrator may impose. The power to grant variances shall be applied only when the plain and literal interpretation and enforcement of the

zoning ordinance would result in practical difficulties, unnecessary hardships or where the results would be inconsistent with the general purpose of the zoning ordinance. Decisions of the Zoning Administrator regarding zoning variances may be appealed to the Board of Appeals.

Before any such variance may be granted, there shall appear, and the Zoning Administrator shall specify in his or her findings, the facts in each case which shall establish:

(a) That there are exceptional or extraordinary circumstances or conditions applying to the property involved or to the intended use of the property that do not apply generally to the property or class of uses in the same district or zone;

(b) That owing to such exceptional or extraordinary circumstances the literal enforcement of the zoning ordinance would result in practical difficulty or unnecessary hardship not created by or attributable to the applicant or the owner of the property;

(c) That such variance is necessary for the preservation and enjoyment of a substantial property right of the applicant, possessed by other property in the same zone and vicinity;

(d) That the granting of the variance will not be materially detrimental to the public welfare or injurious to the property or improvements in such zone or district in which the property is located; and

(e) That the granting of such variance will be in harmony with the general purpose and intent of the zoning ordinance and will not adversely affect the general plan.

The determination of the Zoning Administrator shall be final except that appeals therefrom may be taken, as hereinafter provided, to the Board of Appeals, exclusively and notwithstanding any other provisions of this Charter, by any person aggrieved or by any office, agency, or department of the City and County. An appeal from a determination of the Zoning Administrator shall be filed with the Board of Appeals within ten days from the date of such determination. Upon making a ruling or determination upon any matter under his or her jurisdiction, the Zoning Administrator shall thereupon furnish a copy thereof to the applicant and to the Director of Planning. No variance granted by the Zoning Administrator shall become effective until ten days thereafter. An appeal shall stay all proceedings in furtherance of the action appealed from.

**CONDITIONAL USE.** The Commission shall have the power to hear and decide conditional use applications. An appeal may be taken to the Board of Supervisors from a decision of the Commission to grant or deny a conditional use application. The Board of Supervisors may disapprove the decision of the Commission by a vote of not less than two-thirds of the members of the Board.

**SEC. 4.135. HISTORIC PRESERVATION COMMISSION.**

**GENERAL.** There is hereby created a Historic Preservation Commission, which shall advise the City on historic preservation matters, participate in processes that involve historic or cultural resources, and take such other actions

concerning historic preservation as may be prescribed by ordinance. The Historic Preservation Commission shall consist of seven members nominated by the Mayor and subject to approval by a majority of the Board of Supervisors.

The term and tenure of all members sitting on the Landmarks Preservation Advisory Board, created under Article 10 of the Planning Code, as of the effective date of this section shall terminate on December 31, 2008. Of the original appointments to the Historic Preservation Commission, four shall be for a four-year term and three for a two-year term as follows: the odd-numbered seats shall be for four-year terms and the even-numbered seats shall be for two-year terms. After the expiration of the original terms, all appointments shall be for four-year terms, provided however, that a member may holdover until a successor has been nominated by the Mayor and approved by the Board of Supervisors. There shall be no limit on the number of terms a member may serve.

The original nominations shall be made no later than 31 days after the date of the election creating this section. If the Mayor fails to nominate an original appointment within said period, the nomination for the original appointment may be made by the President of the Board of Supervisors, subject to the approval of a majority of the Board of Supervisors.

Within 60 days of the expiration of a term or other vacancy the Mayor shall nominate a qualified person to fill the vacant seat for the term, or the remainder of the term, subject to approval by a majority of the Board of Supervisors who shall hold a public hearing and vote on the nomination within 60 days of the Mayor's transmittal of the nomination to the Clerk of the Board of Supervisors. If the Mayor fails to make such nomination within 60 days, the nomination may be made by the President of the Board of Supervisors, subject to the approval of a majority of the Board of Supervisors. The appointment shall become effective on the date the Board of Supervisors adopts a motion approving the nomination or after 60 days from the date the Mayor transmits the nomination to the Clerk of the Board of Supervisors if the Board of Supervisors fails to act.

Members may be removed by the appointing officer only pursuant to Section 15.105.

**QUALIFICATIONS.** In addition to the specific requirements set forth below, members of the Historic Preservation Commission shall be persons specially qualified by reason of interest, competence, knowledge, training and experience in the historic, architectural, aesthetic, and cultural traditions of the City, interested in the preservation of its historic structures, sites and areas, and residents of the City. Six of the members of the Historic Preservation Commission shall be specifically qualified in the following fields:

1. Seats 1 and 2: licensed architects meeting the Secretary of the Interior's Professional Qualifications Standards for historic architecture;
2. Seat 3: an architectural historian meeting the Secretary of the Interior's Professional Qualifications Standards for architectural history with specialized

training and/or demonstrable experience in North American or Bay Area architectural history;

3. Seat 4: an historian meeting the Secretary of the Interior's Professional Qualifications Standards for history with specialized training and/or demonstrable experience in North American or Bay Area history;

4. Seat 5: an historic preservation professional or professional in a field such as law, land use, community planning or urban design with specialized training and/or demonstrable experience in historic preservation or historic preservation planning.

5. Seat 6 shall be specially qualified in one of the following fields or in one of the fields set forth for Seats 1, 2, or 3:

a. A professional archeologist meeting the Secretary of the Interior's Professional Qualification Standards for Archeology;

b. A real estate professional or contractor who has demonstrated a special interest, competence, experience, and knowledge in historic preservation;

c. A licensed structural engineer with at least four years of experience in seismic and structural engineering principals applied to historic structures; or

d. A person with training and professional experience with materials conservation.

Seat 7 shall be an at large seat subject to the minimum qualifications set forth above.

**LANDMARK AND HISTORIC DISTRICT DESIGNATIONS.** The Historic Preservation Commission shall have the authority to recommend approval, disapproval, or modification of landmark designations and historic district designations under the Planning Code to the Board of Supervisors. The Historic Preservation Commission shall send recommendations regarding landmark designations to the Board of Supervisors without referral or recommendation of the Planning Commission. The Historic Preservation Commission shall refer recommendations regarding historic district designations to the Planning Commission, which shall have 45 days to review and comment on the proposed designation, which comments, if any, shall be forwarded to the Board of Supervisors together with the Historic Preservation Commission's recommendation. Decisions of the Historic Preservation Commission to disapprove designation of a landmark or historic district shall be final unless appealed to the Board of Supervisors.

**CERTIFICATES OF APPROPRIATENESS.** The Historic Preservation Commission shall approve, disapprove, or modify certificates of appropriateness for work to designated landmarks or within historic districts. For minor alterations, the Historic Preservation Commission may delegate this function to staff, whose decision may be appealed to the Historic Preservation Commission.

For projects that require multiple planning approvals, the Historic Preservation Commission must review and act on any Certificate of Appropriateness before any other planning approval action. For projects that (1) require a conditional use permit or permit review under Section 309, et seq., of the Planning Code and (2)

do not concern an individually landmarked property, the Planning Commission may modify any decision on a Certificate of Appropriateness by a  $\frac{2}{3}$  vote, provided that the Planning Commission shall apply all applicable historic resources provisions of the Planning Code.

For projects that are located on vacant lots, the Planning Commission may modify any decision on a Certificate of Appropriateness by a  $\frac{2}{3}$  vote, provided that the Planning Commission shall apply all applicable historic resources provisions of the Planning Code.

The Historic Preservation Commission's or Planning Commission's decision on a Certificate of Appropriateness shall be final unless appealed to the Board of Appeals, which may modify the decision by a  $\frac{4}{5}$  vote; provided, however, that if the project requires Board of Supervisors approval or is appealed to the Board of Supervisors as a conditional use, the decision shall not be appealable to the Board of Appeals, but rather to the Board of Supervisors, which may modify the decision by a majority vote.

**SIGNIFICANT OR CONTRIBUTORY BUILDING AND CONSERVATION DISTRICT DESIGNATIONS IN THE C-3 DISTRICTS.** The Historic Preservation Commission shall have the authority to recommend approval, disapproval, or modification of Significant or Contributory building and Conservation District designations under the Planning Code to the Board of Supervisors. The Historic Preservation Commission shall send recommendations regarding Significant or Contributory Buildings to the Board of Supervisors without referral or recommendation of the Planning Commission. The Historic Preservation Commission shall refer recommendations regarding Conservation District designations to the Planning Commission, which shall have 45 days to review and comment on the proposed designation, which comments, if any, shall be forwarded to the Board of Supervisors together with the Historic Preservation Commission's recommendation. Decisions of the Historic Preservation Commission to disapprove designation of a Significant or Contributory building or Conservation District shall be final unless appealed to the Board of Supervisors.

**ALTERATION OF SIGNIFICANT OR CONTRIBUTORY BUILDINGS OR BUILDINGS IN CONSERVATION DISTRICTS IN THE C-3 DISTRICTS.** The Historic Preservation Commission shall have the authority to determine if a proposed alteration is a Major Alteration or a Minor Alteration. The Historic Preservation Commission shall have the authority to approve, disapprove, or modify applications for permits to alter or demolish designated Significant or Contributory buildings or buildings within Conservation Districts. For Minor Alterations, the Historic Preservation Commission may delegate this function to staff, whose decision may be appealed to the Historic Preservation Commission.

For projects that require multiple planning approvals, the Historic Preservation Commission must review and act on any permit to alter before any other planning approval action. For projects that (1) require a conditional use permit or permit review under Section 309, et seq., of the Planning Code and (2) do not concern a

designated Significant (Categories I and II) or Contributory (Category III only) building, the Planning Commission may modify any decision on a permit to alter by a 2/3 vote, provided that the Planning Commission shall apply all applicable historic resources provisions of the Planning Code.

For projects that are located on vacant lots, the Planning Commission may modify any decision on a permit to alter by a 2/3 vote, provided that the Planning Commission shall apply all applicable historic resources provisions of the Planning Code.

The Historic Preservation Commission's or Planning Commission's decision on a permit to alter shall be final unless appealed to the Board of Appeals, which may modify the decision by a 1/2 vote; provided, however, that if the project requires Board of Supervisors approval or is appealed to the Board of Supervisors as a conditional use, the decision shall not be appealable to the Board of Appeals, but rather to the Board of Supervisors, which may modify the decision by a majority vote.

**MILLS ACT CONTRACTS.** The Historic Preservation Commission shall have the authority to recommend approval, disapproval, or modification of historical property contracts to the Board of Supervisors, without referral or recommendation of the Planning Commission.

**PRESERVATION ELEMENT OF THE GENERAL PLAN.** The Historic Preservation Commission shall recommend to the Planning Commission a Preservation Element of the General Plan and shall periodically recommend to the Planning Commission proposed amendments to such Preservation Element of the General Plan. Other objectives, policies, and provisions of the General Plan and special area, neighborhood, and other plans designed to carry out the General Plan, and proposed amendments thereto, that are not contained within such Preservation Element but that concern historic preservation shall be referred to the Historic Preservation Commission for its comment and recommendations prior to action by the Planning Commission. When the Planning Commission recommends to the Board of Supervisors for approval or rejection proposed amendments to the General Plan that concern historic preservation, any recommendation or comments of the Historic Preservation Commission on such proposed amendments shall be forwarded to the Board of Supervisors for its information.

**REFERRAL OF CERTAIN MATTERS.** The following matters shall, prior to passage by the Board of Supervisors, be submitted for written report by the Historic Preservation Commission regarding effects upon historic or cultural resources: ordinances and resolutions concerning historic preservation issues and historic resources; redevelopment project plans; waterfront land use and project plans; and such other matters as may be prescribed by ordinance. If the Planning Commission is required to take action on the matter, the Historic Preservation Commission shall submit any report to the Planning Commission as well as to the Board of Supervisors; otherwise, the Historic Preservation Commission shall submit any report to the Board of Supervisors.

**OTHER DUTIES.** For proposed projects that may have an impact on historic or cultural resources, the Historic Preservation Commission shall have the authority to review and comment upon environmental documents under the California Environmental Quality Act and the National Environmental Policy Act. The Historic Preservation Commission shall act as the City's local historic preservation review commission for the purposes of the Certified Local Government Program, may recommend properties for inclusion in the National Register of Historic Places, and may review and comment on federal undertakings where authorized under the National Historic Preservation Act. The Historic Preservation Commission shall review and comment upon any agreements proposed under the National Historic Preservation Act where the City is a signatory prior to any approval action on such agreement. The Historic Preservation Commission shall have the authority to oversee and direct the survey and inventory of historic properties.

Once a quorum of members of the Historic Preservation Commission has been originally appointed and approved, the Historic Preservation Commission shall assume any powers and duties assigned to the Landmarks Preservation Advisory Board until the Municipal Code has been amended to reflect the creation of the Historic Preservation Commission.

**BUDGET, FEES, DEPARTMENT HEAD, AND STAFF.** The provisions of Charter subsections 4.102(3), 4.102(4), 4.102(5), and 4.102(6) shall not apply to the Historic Preservation Commission. The Historic Preservation Commission may review and make recommendations on the Planning Department budget and on any rates, fees, and similar charges with respect to appropriate items coming within the Historic Preservation Commission's jurisdiction to the department head of the Planning Department or the Planning Commission. The department head of the Planning Department shall assume the powers and duties that would otherwise be executed by an Historic Preservation Commission department head. The Planning Department shall render staff assistance to the Historic Preservation Commission.

## Charter Chapter 15—City of Redondo Beach

***Amendments to the Charter of the City of Redondo Beach***

[Filed with the Secretary of State December 16, 2008.]

Section 27 of Article XXVII is added to read as follows:

Sec. 27. Major Changes in Allowable Land Use.

Sec. 27. Findings.

The People of Redondo Beach find that:

(a) Environmental quality in Redondo Beach, which directly affects quality of life for its residents, workers and visitors, is significantly impacted by excess development which causes severe traffic congestion and gridlock, as well as air, noise and water pollution;

(b) The city's traffic circulation system is already oversaturated, and at or near gridlock during rush hours, and, as such, is inadequate to support the city's existing level of development;

(c) These existing traffic and traffic circulation system conditions, and their adverse public safety, public health and quality of life consequences, bear testimony to the fact that the city's existing land use and development review and approval procedures do not carefully or accurately consider, nor adequately weigh, the adverse impacts to the local environment and quality of life caused by increased density and congestion resulting from major changes in allowable land use;

(d) The standards by which the city evaluates major changes in allowable land use are ill-defined and inadequate to avoid or effectively minimize the adverse effects of those changes; and

(e) The people of Redondo Beach, whose quality of life and property rights are at stake, should have the power to decide, after careful, independent evaluation by the city of the adverse environmental effects of major changes in allowable land use, based on clear and consistently applied standards, whether a proposed major change in allowable land use is worth the added congestion and density it will cause.

Sec. 27.1. Purpose.

It is the purpose of this article to:

(a) Give the voters of Redondo Beach the power to determine whether the city should allow major changes in allowable land use, as defined below, by requiring voter approval of any such proposed change, and, thereby ensure maximum public participation in major land use and zoning changes proposed in the city;

(b) Ensure that the voters of Redondo Beach receive all necessary and accurate environmental information on proposals for major changes in allowable land use, so that they may intelligently vote on any such proposal;

(c) Ensure that city officials provide timely, accurate and unbiased environmental review of all proposals for major changes in allowable land use, so that they may minimize their adverse traffic and land use impacts and maximize neighborhood compatibility before the voters decide on any such change;

(d) Ensure that all elements of the land use change approved by the voters are implemented; and

(e) Protect the public health, safety and welfare, and the quality of life, for all citizens living or working in the city, and for all visitors to the city.

Sec. 27.2. Definitions.

The definitions set forth in this section apply to the provisions of this article only and do not affect any other provision of law.

(a) “Aggrieved person” means the proponent of a major change in allowable land use, any property owner or city resident, and any other person entitled to CEQA notice pursuant to Public Resources Code Section 21092.2.

(b) “As Built Condition” means the dwelling units, office and other nonresidential units, buildings and baseline traffic conditions existing at the time the city issues the notice of preparation of an environmental impact report for the major change in allowable land use, or, where no such notice is issued, when the city commences environmental analysis for the major change. Illegal dwellings and other conditions that exist in violation of the city’s zoning ordinance or its local coastal program and are subject to the city’s power of abatement, may not be accounted for in the as built condition for the purpose of determining a “significant increase,” as defined in subdivision (c) below.

(c) “Significantly Increase” or “Significant Increase” means any one or more of the following increases over or changes compared to the as built condition of a neighborhood:

(1) The traffic generated by the project produces: (i) more than 150 additional morning or evening peak hour trips; or (ii) an increase in intersection capacity utilization (ICU) of 0.01 or more at any critical intersection operating at a level of service (LOS) of “E” or worse or having an ICU of 0.9 or higher; or (iii) any increase in ICU at any city intersection from less than 0.9 to 0.9 or higher; or (iv) any change in LOS at any critical intersection or on any critical corridor from better than “E” to “E” or worse. For purposes of determining traffic increases attributable to a major change in allowable land use, baseline and projected ICU and LOS conditions shall be determined considering weekday peak hour conditions at such time of the year when local public schools are in session.

(2) The density increase generated by the project produces more than 25 additional residential dwelling units.

(3) The intensity of use generated by the project produces more than 40,000 additional square feet of residential, office or other nonresidential floor area.

The voters declare that dividing a major change in allowable land use that would otherwise require their approval into partial changes that would not by themselves require their approval, frustrates their intent to have control over major changes in allowable land use and is contrary to the purposes of this article. For the purposes of this article, a “significant increase” occurs if the combination of a proposed minor change in allowable land use with one or more other minor or major changes in allowable land use in the same neighborhood approved within

eight years preceding issuance of the notice of preparation of an environmental impact report for the proposed minor change, or, where no such notice is issued, within eight years preceding commencement of the city’s environmental analysis for the proposed minor change, meets any increase or change threshold for traffic, density or intensity of use defined in this subdivision.

(d) “Critical Corridors” and “Critical Intersections,” as used herein, refer to:

(1) Pacific Coast Highway corridor from Prospect Avenue to Artesia Boulevard;

(2) Aviation Boulevard within or bordering Redondo Beach;

(3) Prospect Avenue within or bordering Redondo Beach;

(4) Hawthorne Boulevard where it borders Redondo Beach;

(5) Herondo/Anita/190th Streets within or bordering Redondo Beach;

(6) Artesia Boulevard within or bordering Redondo Beach;

(7) Torrance Boulevard within Redondo Beach;

(8) Catalina Avenue within Redondo Beach;

(9) Intersection of Aviation Boulevard and Artesia Boulevard;

(10) Intersection of Herondo/Anita Streets and Pacific Coast Highway;

(11) Intersection of Torrance Boulevard and Pacific Coast Highway;

(12) Intersection of Palos Verdes Boulevard and Pacific Coast Highway;

(13) Intersection of Artesia Boulevard and Inglewood Avenue;

(14) Intersection of 190th Street and Inglewood Avenue;

(15) Intersection of Torrance Boulevard and Prospect Avenue;

(16) Intersection of Catalina Avenue and Torrance Boulevard;

(17) Intersection of Catalina Avenue and Beryl Street;

(18) Intersection of Catalina Avenue and Esplanade;

(19) Intersection of Catalina Avenue and Pacific Coast Highway;

(20) Any other corridor operating at 90% of capacity or worse; and

(21) Any other intersection operating a LOS “E” or worse.

(e) “General Plan” means the General Plan of the City of Redondo Beach.

(f) “Major Change in Allowable Land Use” means any proposed amendment, change, or replacement of the general plan (including its local coastal element, as defined in Public Resources Code Section 30108.55), of the city’s zoning ordinance (as defined and contained in Title 10, Chapter 2 of the Redondo Beach Municipal Code) or of the zoning ordinance for the coastal zone (as defined and contained in Title 10, Chapter 5 of the Redondo Beach Municipal Code) meeting any one or more of the following conditions:

(g) “Peak Hour Trips” means the number of peak hour vehicle trips a major change in allowable land use would generate on a daily basis. Peak hour trips generated shall be calculated by using the most recent version of the Trip Generation Manual of the Institute of Transportation Engineers (ITE) in effect on the date the city issued the notice of preparation of an environmental impact report for a major change in allowable land use, or, where no such notice is issued, when the city commences environmental analysis for the major change.

(1) The proposed change in allowable land use would significantly increase traffic, density or intensity of use above the as built condition in the neighborhood where the major change is proposed.

(2) The proposed change in allowable land use would change a public use to a private use. A major change in allowable land use in this category shall include a change of use on: (i) land designated for a public use or a public right-of-way; (ii) land designated as utility right-of-way; (iii) land donated, bequeathed or otherwise granted to the city; (iv) land used or designated for Redondo Beach school property; (v) land allocated to the Beach Cities Health District; (vi) land owned, controlled or managed by the city, including all land and water within the city's Harbor Enterprise; (vii) the beaches, as defined in subdivision (a)(4) of section 10-5.2204 of the Redondo Beach Municipal Code; and (viii) the tidelands and all other public trust lands, as defined in subdivision (a)(139) of section 10-5.402 of the Redondo Beach Municipal Code.

(3) The proposed change in allowable land use would change a nonresidential use to residential or a mixed use resulting in a density of a greater than 8.8 dwelling units per acre whether or not any such unit is used exclusively for residential purposes.

(h) "Minor Change in Allowable Land Use" means any proposed amendment to the general plan (including its local coastal element, as defined in Public Resources Code Section 30108.55), the city's zoning ordinance (as defined and contained in Title 10, Chapter 2 of the Redondo Beach Municipal Code), the zoning ordinance for the coastal zone (as defined and contained in Title 10, Chapter 5 of the Redondo Beach Municipal Code) that does not fall within the definition of a major change in allowable land use.

(i) "Neighborhood" means all properties located either entirely or partially within 1,000 feet of any parcel or lot that is subject to a proposed change in allowable land use.

(j) "Proponent" means any individual, firm, association, syndicate, partnership, corporation, trust or any other legal entity applying with the city for a change in allowable land use. If the city itself initiates the change, it shall be deemed the proponent for the purposes of this article.

Sec. 27.3. Effective Date; Applicability.

(a) This article shall be binding and effective as of the earliest date allowed by law. At its first public meeting following completion of the canvass of votes, the city council shall pass the resolution required by Elections Code Section 9266. The following day, the elections official of the city shall cause a copy of the complete text of the adopted measure to be filed with the Secretary of State pursuant to Government Code Sections 34459 and 34460.

(b) All major changes in allowable land use approved by the city council on or after the date of publication, pursuant to Elections Code Section 9205, of the notice of intention to circulate the initiative petition adding Article XXVII to this city charter, shall be subject to the provisions of this article.

Sec. 27.4. Vote of the People on Major Change in Allowable Land Use.

(a) Each major change in allowable land use shall be put to a vote of the people; provided, however, that no such change shall be submitted to the voters unless the city council has first approved it. A major change in allowable land use shall become effective only after approval by the city council and a majority of the voters of the city voting “YES” on a ballot measure proposing such change at either a regular or special municipal election. An advisory election does not satisfy the voter approval requirement.

(b) The sample ballot materials mailed to the registered voters prior to an election shall describe any major change in allowable land use in a manner that clearly discloses both the scope and main features of the project (including sequencing or phasing, as may be the case) that the major change in allowable land use consists of or depends on, and the location and the acreage of the project site. The description shall include the text of the proposed amendment to the general plan, to the city’s zoning ordinance or to the zoning ordinance for the coastal zone, or of any proposed adoption of, or amendment to, a specific plan. The description shall clearly compare the project and its traffic impacts both to the as built condition, and to existing applicable land use designations and zoning classifications, providing accurate comparative data concerning existing as well as proposed densities (in units per acre) and intensities of use (in square footage, types of use and traffic impacts). If a site-specific development is proposed in connection with a major change in allowable land use, and densities or intensities of use in such site-specific development are less than the densities or intensities the major change proposes, the text of the ballot shall clearly disclose the maximum total residential, commercial, industrial or other nonresidential buildout potential, and traffic impacts under buildout, compared to the as built condition. Easily readable maps shall be used to assist the voters in the project description. All of the information called for by this subdivision shall be posted on the city’s Website no later than 30 days prior to the city council’s action on a major change in allowable land use, and such information shall be updated no later than ten days following the city council’s approval, if the council has changed the project.

(c) For all major changes in allowable land use approved by the city council after the effective date of this article of the city charter, the election required by this article shall be set for the general municipal election next following city council approval of the major change; or, by mutual agreement with the proponent, the city council may call a special municipal election, with the cost of the special election being borne solely by the proponent. For all major changes in allowable land use approved by the city council on or after the date of publication, pursuant to Election Code Section 9205, of the notice of intention to circulate the initiative petition to add this article to the city charter, but before the effective date of this article, the election required by this article shall be set for the general municipal election next following the effective date of this article; or, by mutual agreement with the proponent, the city council may call a special municipal

election, with the cost of the special election being borne solely by the proponent.

(d) The popular vote required by this article shall be in addition to all other applicable review and approval requirements for such major change, including environmental review in compliance with the California Environmental Quality Act (CEQA).

(e) All subsequent city permits and approvals necessary to implement all or part of a major change in allowable land use shall conform to the voter-approved change. Under no circumstances shall any subsequent permit or approval authorize, allow or otherwise accommodate higher densities, intensities of use, or trip generation than the densities, intensities and trip generation approved by the city council and the voters. No certificate of occupancy for any structure built as part of a project that depends on a major change in allowable land use shall issue until all mitigations of traffic impacts, including control signals, increases in right-of-way capacity via widening roads, or other right-of-way or intersection improvements, as may be required by the city council, have been developed and implemented, and the city engineer has certified completion and operation of all traffic impact mitigations in full compliance with the city council's approval action.

Sec. 27.5. Application for Major Change in Allowable Land Use; City Review.

(a) To carry out the purposes of this article, any application for a major change in allowable land use shall contain accurate and up-to-date factual data and information, and the subsequent written city review further shall include the following (in addition to all other disclosures required under CEQA and Title 10 of the Redondo Beach Municipal Code):

(1) The information required by section 27.4, subdivision (b), above.

(2) A plot plan or diagram, drawn to scale, showing the arrangement of plots and maximum proposed residential or nonresidential unit buildout per plot.

(3) A complete, objective discussion of the potential inconsistencies between the project that consists of, or depends on, the major change in allowable land use, and: (i) surrounding uses in the neighborhood; (ii) the general plan (including, if applicable, its local coastal element, as defined in Public Resources Code Section 30108.55); (iii) the city's zoning ordinance (contained in Title 10, Chapter 2 of the Redondo Beach Municipal Code); (iv) if applicable, the zoning ordinance for the coastal zone (contained in Title 10, Chapter 5 of the Redondo Beach Municipal Code); and (v) if applicable, the preservation ordinance (contained in Title 10, Chapter 4 of the Redondo Beach Municipal Code). To the extent the project differs from existing uses, a full description of the mitigations necessary or recommended for adoption to minimize neighborhood impacts and incompatibility shall be provided.

(4) A complete, objective analysis of the traffic circulation and traffic safety impacts of the project that consists of, or depends on, the major change in allowable

land use. The traffic analysis shall be prepared directly by, or under direct contract to, the city, and shall make accurate determinations for the purposes of section 27.2, subdivision (c)(1), above. Unless CEQA disclosure provisions, Title 10 of the Redondo Beach Municipal Code, or other city regulations, policies or standards require selection of a larger traffic impact area, ICU and LOS impact analysis shall be provided for all critical corridors and critical intersections within 3,000 feet of any parcel subject to the major change in allowable land use. LOS analyses shall utilize both “Urban Streets” and “Signalized Intersection” methodologies, as defined in the current Highway Capacity Manual published by the Transportation Research Board, a division of the National Research Council. The traffic analysis shall adequately disclose the direct, the indirect or secondary, and the cumulative impacts of the project accounting for all relevant factors, such as heavy vehicle traffic, bus stops, intersection and corridor oversaturation (downstream traffic queuing impacts), pedestrian traffic, side street and driveway entrances and exits, ingress staking and overflowing, and left turn lane queuing and overflow. The traffic analysis also shall identify the mitigations necessary or recommended to reduce the traffic impacts to an ICU below 0.90 or a LOS better than “E” for the corridors and intersections subject to this analysis. The location, nature and adverse construction-phase impacts of the traffic impact mitigations shall be clearly described.

(b) To reduce delay for proponents, the city’s decision making bodies may review and conditionally approve discretionary permit applications required for a project prior to the people’s vote on a major change in allowable land use on which such project depends; provided, however, that no conditional permit approval will become effective unless the related major change in allowable land use is passed by the voters and has itself become effective. If the related major change in allowable land use is rejected by the voters, such change and all conditional permits shall have no force and effect.

Sec. 27.6. Exceptions.

(a) This article shall not apply to any major change in allowable land use that is limited to allowing the development of a public school or a hospital. Nor shall this article apply to preclude completion of a site-specific development that depends on a major change in allowable land use approved before the effective date of this article, if before such date, the holder of any permit or other entitlement for use for such development has lawfully and in good faith acquired a vested right, under state law, to carry out the development to completion.

(b) The provisions of this article shall not apply to the extent that they would violate state or federal laws.

(c) This article shall not be applied in a manner that would result in the unconstitutional taking of private property.

(d) This article shall not apply to affordable housing projects required by state or federal law.

(e) This article shall not apply to any major change in allowable land use of property with non-conforming residential units that were occupied on the date of publication, pursuant to Elections Code Section 9205, of the notice of intention to circulate the initiative petition adding Article XXVII to the city charter so long as the proposed change in allowable land use meets the following conditions: the existing residential units are rendered conforming under the proposed change; the proposed change does not allow an increase in the number of residential units on the property; and the proposed change does not create a significant increase in traffic or intensity of use.

(f) This article shall not apply to affordable housing projects for low and moderate income housing as defined by state law.

Sec. 27.7. Relationship to City Charter and Municipal Code.

If any provisions of this article conflict with other provisions of the charter or contained in the Redondo Beach Municipal Code, the provisions of this article shall supersede any other conflicting provision.

Sec. 27.8. Amendments.

No provision of this article may be amended or repealed except by a vote of the people of Redondo Beach.

Sec. 27.9. Judicial Enforcement.

Any aggrieved person shall have the right to maintain an action for equitable relief to restrain any violation of this article, or to enforce the duties imposed on the city by this article.

Sec. 27.10. Construction.

This article shall be liberally construed to accomplish its purposes. Nothing herein shall be construed to make illegal any lawful use being made of any land in accordance with city land use and zoning regulations in force before the effective date of this article.

Sec. 27.11. Consistency with Other Ballot Measures.

If another ballot measure is placed on the same ballot as this measure and deals with the same subject matter, and if both measures pass, the voters intend that both measures shall be put into effect, except to the extent that specific provisions of the measures are in direct conflict. In the event of a direct conflict, the measure which obtained more votes will control as to the directly conflicting provisions only. The voters expressly declare this to be their intent, regardless of any contrary language in any other ballot measure.

Sec. 27.12. Severability.

If any section, subdivision, clause, sentence, phrase or portion of this article is declared invalid by a court of competent jurisdiction, the remaining sections, subdivisions, clauses, sentences, phrases and portions shall remain valid and enforceable. The voters declare that they would have passed all sections, subdivisions, clauses, sentences, phrases and portions of this article without section, subdivision, clause, sentence, phrase or portion declared invalid by a court of competent jurisdiction.

Charter Chapter 16—City of San Diego

*Amendments to the Charter of the City of San Diego*

[Filed with the Secretary of State December 16, 2008.]

Section 55 of the Charter of the City of San Diego is amended by adding Section 55.2 to read as follows:

**SECTION 55.2: MISSION BAY PARK AND REGIONAL PARKS IMPROVEMENT FUNDS**

(a) For the purpose of this section, the following definitions shall apply and the words shall appear in italics:

(1) *Capital Improvement* means physical assets, constructed or purchased, or the restoration of some aspect of a physical or natural asset that will increase its useful life by one year or more or which constitutes an environmental improvement of a natural asset.

(2) *Mission Bay Baseline Chart* shall be defined as the Mission Bay dredging plans on file with the City Clerk as Document No. 00-\_\_\_\_\_. It shall serve as the baseline for depths for navigable waters within Mission Bay. Depths may be increased or decreased for specific areas within Mission Bay only if, after review of these areas by the San Diego Fire Department or the *Mission Bay Park Improvement Fund Oversight Committee*, it is found that either the original depth no longer supports or ensures safe navigation, is inconsistent with the *Mission Bay Park Master Plan*, or needs to be modified in order to create sustainable shorelines. Any changes must be adopted by ordinance of the City Council and shall act as amendments to the original dredging plans.

(3) *Mission Bay Park* means the area described in the Mission Bay Park Record of Survey 16891, filed on February 28, 2001, in the Office of the County Recorder as File No. 2001-0113422.

(4) *Mission Bay Park Improvement Zone* means those areas encompassed within the boundaries of *Mission Bay Park*, Oceanfront Walk from the Mission Bay jetty to Crystal Pier and the adjoining seawall, coastal parks and ocean beaches contiguous thereto, Rose Creek from its terminus in Mission Bay to the southern end of the Santa Fe Road flood control channel, Tecolote Creek from its terminus in Mission Bay to the western end of the Tecolote Creek flood control channel and the San Diego River as it passes through the boundaries of *Mission Bay Park* as described herein. The boundaries of the San Diego River, Rose Creek and Tecolote Creek shall be the width of those waterways to the nearest property line.

(5) *Mission Bay Park Improvement Fund* means a separate interest bearing monetary fund maintained by the City of San Diego to receive and spend the *Mission Bay Park Lease Revenues* identified herein for the benefit of the *Mission Bay Park Improvement Zone*.

(6) *Mission Bay Park Improvement Fund Oversight Committee* means the committee determined by ordinance of the City Council to carry out the oversight responsibilities described herein.

(7) *Mission Bay Park Lease Revenues* means all revenues collected by the City of San Diego from commercial and non-profit sources within *Mission Bay Park*, including but not limited to all monetary consideration received under leases of city owned property within *Mission Bay Park*, as well as revenue collected from contracts for concessions or any other revenues collected for the use of city owned property within *Mission Bay Park*. The term does not include revenue from the Mission Bay Golf Course, unless privately leased; mooring fees; any revenues from taxes including but not limited to Transient Occupancy Taxes, sales taxes, possessory interest taxes, property taxes; or permit fees such as park and recreation fees or special event fees to the extent those fees are levied to recover actual costs incurred by the City of San Diego.

(8) *Mission Bay Park Master Plan* means the Master Plan adopted by the City Council for Mission Bay Park in 1994, the Natural Resources Management Plan, and any amendments or updates that are subsequently adopted by the City Council or any such similar replacement plan that may be subsequently adopted by the City Council. For purposes of this section, the definition shall also include adopted plans for areas located within the *Mission Bay Park Improvement Zone*.

(9) *San Diego Regional Parks* means those parks that serve regional residents and/or visitor populations as determined by ordinance of the City Council. *San Diego Regional Parks* shall initially include Chollas Lake Park, Balboa Park, Mission Trails Regional Park, Otay River Valley Park, Presidio Park, San Diego River Park, open space parks, and coastal beaches along with coastal parks contiguous thereto. For the purposes of this section, this definition shall specifically exclude the *Mission Bay Park Improvement Zone*.

(10) *San Diego Regional Parks Improvement Fund* means a separate interest bearing monetary fund maintained by the City of San Diego to receive and spend the *Mission Bay Park Lease Revenues* identified herein for the benefit of the *San Diego Regional Parks*.

(11) *San Diego Regional Parks Improvement Fund Oversight Committee* means the committee determined by ordinance of the City Council to carry out the oversight responsibilities described herein.

(b) *Mission Bay Park Lease Revenues* up to the threshold amount in each fiscal year shall be deposited into the San Diego General Fund and may be used for any municipal purpose, including but not limited to, police, fire, streets, sewers, water delivery, roads, bridges, and operation of parks. All *Mission Bay Park Lease Revenues* in excess of the threshold amount shall be allocated in the City of San Diego

budget to two distinct funds. Twenty-five percent (25%) of the *Mission Bay Park Lease Revenues* in excess of the threshold amount, or two million five hundred thousand dollars (\$2,500,000) whichever is greater, shall be allocated to the *San Diego Regional Parks Improvement Fund* that solely benefits the *San Diego Regional Parks* and seventy-five percent (75%) of the *Mission Bay Park Lease Revenues* over the threshold amount, or the remainder of those revenues if less than 75% is available after the allocation to the *San Diego Regional Parks Improvement Fund*, shall be allocated to the *Mission Bay Park Improvement Fund* that solely benefits the *Mission Bay Park Improvement Zone*. The threshold amount shall be \$23 million beginning fiscal year 2010 and ending fiscal year 2014. The threshold amount shall be \$20 million beginning fiscal year 2015 and shall remain \$20 million thereafter.

(c) Funds in the *Mission Bay Park Improvement Fund* may be expended only in the *Mission Bay Park Improvement Zone*, to restore wetlands, wildlife habitat, and other environmental assets within the *Mission Bay Park Improvement Zone*; to preserve the beneficial uses of the *Mission Bay Park Improvement Zone* including, but not limited to, water quality, boating, swimming, fishing, and picnicking by maintaining navigable waters and eliminating navigational hazards; to restore embankments and other erosion control features; and to improve the conditions of the *Mission Bay Park Improvement Zone* for the benefit and enjoyment of residents and visitors, consistent with the *Mission Bay Park Master Plan*.

(1) To achieve these goals, all of the following identified priorities are intended to be authorized, funded, and completed in the order provided below:

(A) Restoration of navigable waters within *Mission Bay Park* and elimination of navigational hazards. When depth conditions no longer support and ensure safe navigation, those areas that pose a danger or impede the passage of watercraft shall be dredged in accordance with the *Mission Bay Baseline Chart*.

(B) Wetland expansion and water quality improvements and the protection and expansion of eelgrass beds as identified in the *Mission Bay Park Master Plan*.

(C) Restoration of shoreline treatments within the *Mission Bay Park Improvement Zone* including restoration of beach sand and stabilization of erosion control features.

(D) Expansion of endangered or threatened species preserves and upland habitats on North Fiesta Island and along the levee of the San Diego River floodway as identified in the *Mission Bay Park Master Plan*.

(E) Completion of bicycle and pedestrian paths and bridges as identified in the *Mission Bay Park Master Plan*, installation of sustainable lighting in the *Mission Bay Park Improvement Zone*, installation of signage and landscaping at points of entry to *Mission Bay Park* and the South Shores, and the repair, resurfacing and restriping of parking lots within the *Mission Bay Park Improvement Zone*.

(F) Restoration of the seawall bulkhead on Oceanfront Walk to a condition no less than the quality of restoration previously performed in 1998 from Thomas

Street to Pacific Beach Drive or to conditions as may be required by historic standards.

(G) Deferred maintenance that are also *Capital Improvements* hereunder on existing assets within the *Mission Bay Improvement Zone* as may be recommended by the *Mission Bay Park Improvement Fund Oversight Committee* and approved by the City Council.

(2) After each priority project identified in (c)(1)(A–G) above has been budgeted and approved by the City Council and a funding plan adopted for it, construction of a subsequent project may proceed concurrently provided construction of a lesser priority does not unreasonably delay, prolong, or preclude completion of a greater priority. To the extent funds become available from grants or other sources for a lower priority before a higher priority has been completed, or in the event of substantial delay in proceeding with a higher priority, funds may be committed to the next lower priority in the order set forth in, (c)(1)(A–G), provided such expenditure of a lesser priority does not unreasonably delay, prolong, or preclude completion of a greater priority. The City Council shall be required to make findings that completion of a higher priority project will not be unreasonably delayed, prolonged, or precluded by expending funds on a lower priority project before approving said expenditure.

(3) Once the projects identified in (c)(1)(A–G) have been fully budgeted or completed, additional projects shall be prioritized and funded only for *Capital Improvements* as identified in the *Mission Bay Park Master Plan*, recommended by the *Mission Bay Park Improvement Fund Oversight Committee*, and approved by the City Council.

(4) To the extent items (c)(1)(A–G) that have been completed herein are later in need of additional *Capital Improvements*, then those items shall again have priority over other *Capital Improvements* only if approved by the City Council.

(5) Except as may be specifically authorized above in this subsection, funds in the *Mission Bay Park Improvement Fund* may not be expended for commercial enterprises or improvements of leasehold interests; for any costs associated with utilities, including, but not limited to, water and sewage; or for roads, vehicle bridges, or vehicular ramps; or on costs that cannot be capitalized; or on daily, weekly, monthly, or annual upkeep of the *Mission Bay Park Improvement Zone* and there shall be no expenditure for contracted labor or services or for city employee salaries, pensions or benefits unless those expenses can be capitalized, and only then at the then standard rates used by the City of San Diego for all other capital improvement projects.

(d) Funds in the *San Diego Regional Parks Improvement Fund* may be expended only for non-commercial public *Capital Improvements* for the *San Diego Regional Parks* and only for park uses. Funds in the *San Diego Regional Parks Improvement Fund* may not be expended for commercial enterprises or improvements of leasehold interests; for any costs associated with utilities, including, but not limited to, water and sewage; or for roads, vehicle bridges, or

vehicular ramps; or on daily, weekly, monthly, or annual upkeep of the *San Diego Regional Parks*.

Priority for *Capital Improvements* hereunder shall be recommended by the *San Diego Regional Parks Improvement Fund Oversight Committee*, in accordance with the master plans for each of the *San Diego Regional Parks*, and approved by the City Council.

(e) The *Mission Bay Park Improvement Fund Oversight Committee* and the *San Diego Regional Parks Improvement Fund Oversight Committee* shall meet at least quarterly to audit and review the implementation of this Charter Section, to recommend priorities for expenditures and *Capital Improvements* hereunder in accordance with the master plans for each of the *San Diego Regional Parks* or with the *Mission Bay Master Plan* or within the priorities identified in (c)(1)(A–G), as applicable; and to verify that the appropriate funds are collected, segregated, retained and allocated according to the intent of this Section, and spent as prioritized in this section and consistent herewith.

The San Diego City Auditor, in cooperation with each committee, shall establish and oversee a mechanism to ensure public accountability by effectively reporting and communicating the extent and nature of revenues, expenses and improvements generated hereunder and compliance with the requirements outlined herein. This shall include, at a minimum, an annual audit report to the Mayor, City Council and public. Each report shall, at a minimum, contain a complete accounting of all revenues received, the amount and nature of all expenditures, a report as to whether in each committee's view the expenditures have been consistent with the priorities and provisions hereof, whether the City of San Diego has complied with sections (c)(2), (f), (g) and (h).

In the event that either committee finds that there has been a violation of this Charter Section by the City of San Diego, it should set forth the alleged violation in a written communication to the City Manager and members of the San Diego City Council. If the alleged violation is not resolved to the satisfaction of the aggrieved committee within 30 days, the San Diego City Council shall docket an action item for a public meeting of the San Diego City Council within 60 days. If evidence presented to the San Diego City Council by the aggrieved committee establishes a violation of this section, the San Diego City Council shall forthwith cure the violation including but not limited to the restoration of inappropriately expended funds.

(f) The City of San Diego shall take all steps necessary to ensure the collection and retention of all *Mission Bay Park Lease Revenues* for purposes described herein and to utilize those revenues only for the purposes described herein and consistent with the priorities and intentions described herein. The City of San Diego may issue bonds, notes or other obligations to expedite the *Capital Improvements* contemplated herein, utilizing the revenue stream from *Mission Bay Park Lease Revenues* designated herein.

(g) The annual budgets allocated for park operations and maintenance in the *Mission Bay Park Improvement Zone* and the *San Diego Regional Parks* shall not be reduced at a greater rate or increased at a lesser rate relative to the overall annual budget of parks and recreation as a result of monies available hereunder.

(h) The City of San Diego is encouraged to seek other sources of funding for the purposes of improving the *Mission Bay Park Improvement Zone* and the *San Diego Regional Parks*, including but not limited to grant funding from other governmental agencies, private individuals, or foundations. In the event the City of San Diego receives any such additional funds, they shall be in addition to, and shall not offset or reduce funds dedicated to the *Mission Bay Park Improvement Fund* or *San Diego Regional Parks Fund* under this section.

(i) Nothing contained herein shall prevent the City of San Diego from spending funds in excess of the *Mission Bay Park Improvement Fund* or *San Diego Regional Parks Fund* for the purposes of improving the *Mission Bay Park Improvement Zone* or the *San Diego Regional Parks*.

(j) This section shall take effect and be in force on July 1, 2009, and will expire on June 30, 2039. Before the expiration of this section, the City Council shall place on the ballot no later than the last regularly scheduled election prior to June 30, 2039 a measure to amend the Charter to extend the effect of this section for an additional 30 years.

(k) In the event of a conflict between any provision of Section 55.2 and any other provision of this Charter or the Municipal Code, Section 55.2 shall govern.

Certified to be a true copy by Jerry Sanders, Mayor, and Elizabeth S. Maland, City Clerk.

Date of General Election: November 4, 2008.

Charter Chapter 17—City of Berkeley

***Amendments to the Charter of the City of Berkeley***

[Filed with the Secretary of State December 17, 2008.]

Section 9 of Article V shall be amended to read as follows:

Section 9. Election.

The Mayor, Auditor and School Directors shall be elected at the general municipal election on a general ticket from the City at large.

The Councilmembers shall be elected at the general municipal election by districts. The Councilmembers shall be recalled by districts.

The City is hereby divided into eight Council districts as hereinafter set forth, and, commencing with the general municipal election in November, 1986 and continuing thereafter until new districts are established as hereinafter set forth, such districts shall be used for the election and recall of Councilmembers and for filling any vacancy in the office of Councilmember by appointment. If and when

new districts are established, as hereinafter provided, such new districts shall be used for the aforesaid purposes; provided, however, that no change in the boundary or location of any district by redistricting as herein provided shall operate to abolish or terminate the term of office of any Councilmember for which such Councilmember was elected or appointed. The eight Council districts, as established herein, shall be bounded and described as follows:

FIRST COUNCIL DISTRICT shall comprise all of that portion of the City of Berkeley commencing on the point at the center of the intersection of University Avenue and Grant Street, thence northerly along the center line of Grant Street to the center of the intersection of Vine Street; thence westerly along the center line of Vine Street to the center of the intersection of Vine Street and Edith Street; thence northerly along the center line of Edith Street to the center of the intersection of Edith Street and Rose Street; thence westerly along the center line of Rose Street to the center of the intersection of Rose Street and Sacramento Street; thence northerly along the center line of Sacramento Street to the center of the intersection of Sacramento Street and Hopkins Street; thence easterly along the center line of Hopkins Street to the center of the intersection of Hopkins Street and Hopkins Court; thence westerly along the center line of Hopkins Court to the center of the intersection of Hopkins Court and Albina Avenue; thence northerly along the center line of Albina Avenue to the northern boundary line of the City of Berkeley; thence westerly along said northern boundary line to the western boundary line of the City of Berkeley in the San Francisco Bay; thence southerly along said western boundary line to where it intersects with a line which is a direct extension of the center line of University Avenue; thence easterly along said extension line and along the center line of University Avenue to the point of beginning.

SECOND COUNCIL DISTRICT shall comprise all of that portion of the City of Berkeley commencing on the point on the western boundary line of the City of Berkeley in the San Francisco Bay where an extension of the center line of University Avenue would intersect said western boundary line; thence southerly along said western boundary line to the southern boundary line of the City of Berkeley; thence easterly along said southern boundary line to the intersection of said southern boundary line and the center line of California Street; thence northerly along the center line of California Street to the center of the intersection of California Street and Ashby Avenue; thence westerly along the center line of Ashby Avenue to the center of the intersection of Ashby Avenue and Sacramento Street; thence northerly along the center line of Sacramento Street to the center of the intersection of Sacramento Street and University Avenue; thence westerly along the center line of University Avenue, and along an extension of said center line, to the point of beginning.

THIRD COUNCIL DISTRICT shall comprise all of that portion of the City of Berkeley commencing on the point where the southern boundary line of the City of Berkeley intersects the center line of California Street; thence easterly along

said southern boundary line to the intersection of said southern boundary line and the center line of Deakin Street; thence northerly along the center line of Deakin Street to the center of the intersection of Deakin Street and Ashby Avenue; thence easterly along the center line of Ashby Avenue to the center of the intersection of Ashby Avenue and Ellsworth Street; thence northerly along the center line of Ellsworth Street to the center of the intersection of Ellsworth Street and Dwight Way; thence westerly along the center line of Dwight Way to the center of the intersection of Dwight Way and Sacramento Street; thence southerly along the center line of Sacramento Street to the center of the intersection of Sacramento Street and Ashby Avenue; thence easterly along the center line of Ashby Avenue to the center of the intersection of Ashby Avenue and California Street; thence southerly along the center line of California Street to the point of beginning.

FOURTH COUNCIL DISTRICT shall comprise all of that portion of the City of Berkeley commencing on the point at the center of the intersection of Ellsworth Street and Dwight Way; thence northerly along the center line of Ellsworth Street to the center of the intersection of Ellsworth Street and Channing Way; thence westerly along the center line of Channing Way to the center of the intersection of Channing Way and Fulton Street; thence northerly along the center line of Fulton Street to where it becomes Oxford Street and continuing along the center line of Oxford Street to the center of the intersection of Oxford Street and Hearst Avenue; thence easterly along the center line of Hearst Avenue to the center of the intersection of Hearst Avenue, Arch Street and Le Conte Avenue; thence northerly along the center line of Arch Street to the center of Arch Street and Cedar Street; thence westerly along the center line of Cedar Street to the center of the intersection of Cedar Street and Spruce Street; thence northerly along the center line of Spruce Street to the center of the intersection of Spruce Street and Vine Street; thence westerly along the center line of Vine Street to the center of the intersection of Vine Street and Martin Luther King Jr. Way; thence southerly along the center line of Martin Luther King Jr. Way to the intersection of Martin Luther King Jr. Way and Cedar Street; thence westerly along the center line of Cedar Street to the center of the intersection of Cedar Street and Grant Street; thence southerly along the center line of Grant Street to the center of the intersection of Grant Street and University Avenue; thence westerly along the center line of University Avenue to the center of the intersection of University Avenue and Sacramento Street; thence southerly along the center line of Sacramento Street to the intersection of Sacramento Street and Dwight Way; thence easterly along the center line of Dwight Way to the point of beginning.

FIFTH COUNCIL DISTRICT shall comprise all of that portion of the City of Berkeley commencing on the point at the center of the intersection of Spruce Street and Vine Street; thence northerly along the center line of Spruce Street to the center of the intersection of Spruce Street and Grizzly Peak Blvd.; thence northerly along the center line of Grizzly Peak Blvd. to the northern boundary line of the City of Berkeley; thence westerly and thence southerly along said northern

boundary line to the intersection of said boundary line with the center line of Albina Avenue; thence southerly along the center line of Albina Avenue to the center of the intersection of Albina Avenue and Hopkins Court; thence easterly along the center line of Hopkins Court to the center of the intersection of Hopkins Court and Hopkins Street; thence westerly along the center line of Hopkins Street to the center of the intersection of Hopkins Street and Sacramento Street; thence southerly along the center line of Sacramento Street to the center of the intersection of Sacramento Street and Rose Street; thence easterly along the center line of Rose Street to the center of the intersection of Rose Street and Edith Street; thence southerly along the center line of Edith Street to the center of the intersection of Edith Street and Vine Street; thence easterly along the center line of Vine Street to the center of the intersection of Vine Street and Grant Street; thence southerly along the center of Grant Street to the center of the intersection of Grant Street and Cedar Street; thence easterly along the center line of Cedar Street to the center of the intersection of Cedar Street and Martin Luther King Jr. Way; thence northerly along the center line of Martin Luther King Jr. Way to the center of the intersection of Martin Luther King Jr. Way and Vine Street; thence easterly along the center line of Vine Street to the point of beginning.

SIXTH COUNCIL DISTRICT shall comprise all of that portion of the City of Berkeley commencing on the point at the center of the intersection of Arch Street, Le Conte Avenue and Hearst Avenue; thence easterly along the center line of Hearst Avenue, and along a direct extension of the center line of Hearst Avenue, to the point where it intersects the boundary line of the campus of the University of California, which boundary line is also the boundary line of federal census tract number 4226, thence northerly, and thence easterly, along said boundary line to where it intersects the eastern boundary line of the City of Berkeley; thence northerly along said eastern boundary line to the intersection of said boundary line and the center line of Grizzly Peak Blvd.; thence southerly along the center line of Grizzly Peak Blvd. to the center of the intersection of Grizzly Peak Blvd. and Spruce Street; thence westerly and southerly along the center line of Spruce Street to the center of the intersection of Spruce Street and Cedar Street; thence easterly along the center line of Cedar Street to the center of the intersection of Cedar Street and Arch Street; thence southerly along the center line of Arch Street to the point of beginning.

SEVENTH COUNCIL DISTRICT shall comprise all of that portion of the City of Berkeley commencing at the point on the southern boundary line of the City of Berkeley where it intersects the center line of Deakin Street; thence easterly along said southern boundary line to the intersection of said southern boundary line and the center line of College Avenue; thence northerly along the center line of College Avenue to the center of the intersection of College Avenue and Ashby Avenue; thence westerly along the center line of Ashby Avenue to the center of the intersection of Ashby Avenue and Benvenue Avenue; thence northerly along the centerline of Benvenue Avenue to the center of the intersection of Benvenue

Avenue and Parker Street; thence easterly along the center line of Parker Street to the center of the intersection of Parker Street and College Avenue; thence northerly along the center line of College Avenue to the center of the intersection of College Avenue and Bancroft Way; thence easterly along the center line of Bancroft Way to the center of the intersection of Bancroft Way, Piedmont Avenue and Gayley Road; thence northerly along the center line of Gayley Road to the center of the intersection of Gayley Road and Hearst Avenue; thence westerly along the centerline of Hearst Avenue to the center of the intersection of Hearst Avenue and Oxford Street; thence southerly along the center line of Oxford Street to where it becomes Fulton Street and continuing southerly along the center line of Fulton Street to the center of the intersection of Fulton Street and Channing Way; thence easterly along the center line of Channing Way to the center of the intersection of Channing Way and Ellsworth Street; thence southerly along the center line of Ellsworth Street to the center of the intersection of Ellsworth Street and Ashby Avenue; thence westerly along the center line of Ashby Avenue to the center of the intersection of Ashby Avenue and Deakin Street; thence southerly along the center line of Deakin Street to the point of beginning.

EIGHTH COUNCIL DISTRICT shall comprise all of that portion of the City of Berkeley not otherwise described as constituting the First, Second, Third, Fourth, Fifth, Sixth and Seventh Council Districts.

The Council shall, by ordinance, adjust if necessary the boundaries of the Council districts herein set forth by December 31st of the third year following the year in which each decennial federal census is taken, commencing with the 2010 census, as provided and required in the Constitution and statutes of the State of California and in order that the eight Council districts shall continue to be as nearly equal in population as may be according to said census. Any such redistricting shall preserve, to the extent possible, the Council districts originally established herein and shall become effective as of the next general election of Councilmembers immediately following the effective date of said ordinance.

Commencing with the general municipal election in November 1986, each Councilmember shall be elected by the electors within a Council district, must have resided in the District in which he or she is elected for a period of not less than thirty days immediately preceding the date he or she files a declaration of candidacy for the office of Councilmember, must continue to reside therein during his or her incumbency, and shall be removed from office upon ceasing to be such resident.

The candidate receiving the highest number of votes for the offices, respectively, of Mayor, Auditor and Councilmembers of the City shall be elected to such offices, provided that such candidate receives at least 40% of the votes cast for each such office. In the event that no candidate for Mayor, Auditor and Councilmember for one or more Council offices receives at least 40% of the votes cast for that office, then there shall be a runoff election between the two candidates receiving the most votes, which runoff election shall be held on the first Tuesday

after the first Monday in February of the odd numbered year following the initial election. No other issues shall appear on the ballot of any runoff election. The successful candidate in any runoff election shall assume office on March 1, after the election results have been declared by the Council.

Should any provision of the amendment of this section be held invalid, the remainder of the amendment shall not be affected thereby.

Charter Chapter 19—City of Chula Vista

***Amendments to the Charter of the City of Chula Vista***

[Filed with the Secretary of State December 29, 2008.]

ELECTED CITY ATTORNEY ACT

Section 1. Purpose and Findings—Elected City Attorney.

This charter amendment is intended to provide for the election of the City Attorney by the residents of the City of Chula Vista. The City of Chula Vista should have an elected City Attorney who is responsible to Chula Vista residents instead of an appointed city attorney responsible only to the Mayor and City Council. It is in the best interests of the City of Chula Vista that the City Attorney

be sufficiently independent of the City Council and other city officials to able to both advise the city and act in the best interests of the public.

Section 2. Amendment of the Charter.

A. Section 503 of the Charter of the City of Chula Vista is hereby amended to read as follows:

Section 503 City Attorney: Election, Powers and Duties

(a) Designation as Officer. The City Attorney shall be an officer of the City, in addition to any other officers designated pursuant to this Charter. It is the intent of the voters that the City Attorney shall be sufficiently independent of the City Council and other city officials to advise the City while also acting in the best interests of the public.

(b) Powers of the City Attorney. The City Attorney shall:

(1) Represent and advise the City Council and all city officers in all matters of law pertaining to their offices and advise all boards, commissions, and other agencies of the City on legal matters referred to him or her, and render written legal opinions when the same are requested in writing by the Mayor or a member of the Council or the City Manager or any other officer, board or commission of the City;

(2) Represent and appear for the City and any City officer or employee, or former City officer or employee, in any or all actions and proceedings in which the City or any such officer or employee in or by reasons of his or her official capacity, is concerned or is a party;

(3) Attend all regular meetings of the City Council and give his or her opinion in writing whenever requested to do so by the City Council or by any of the boards or officers of the City;

(4) Approve the form of all contracts made by and all bonds given to the City, endorsing approval thereon in writing;

(5) Prepare any and all proposed ordinances or resolutions for the City, and amendments thereto;

(6) Prosecute, if so directed by ordinance of the City Council, all offenses against the ordinances of the City and for such offenses against the laws of the State as may be required by law, and shall have concurrent jurisdiction with the District Attorney of the County of San Diego to prosecute persons charged with or guilty of the violation of the State laws occurring within the City limits of the City of Chula Vista for offenses constituting misdemeanors;

(7) Whenever a cause of action exists in favor of the City, exercise discretion as to when to commence or maintain legal proceedings, subject to the approval or ratification by the City Council, when the basis for such action is within the knowledge of the City Attorney, or, he or she shall commence or maintain legal proceedings as directed by the City Council;

(8) Surrender to his or her successor all books, papers, files and documents pertaining to the City's affairs.

The Council may empower the City Attorney, at his or her request, to employ special legal counsel, and he or she shall have the power to appoint appraisers, engineers and other technical and expert services necessary for the handling of any pending or proposed litigation, proceeding or other legal matter. Upon the City Attorney's recommendation and the approval of the Council, when he or she has a conflict of interest in litigation involving another office of the City in his or her official capacity, such other officer may retain special legal counsel at City expense. Nothing in this Section 503 shall be construed to prevent the City Attorney from giving confidential advice to the City when otherwise allowed by law.

(c) Election; Compensation of City Attorney. The City Attorney shall be nominated and elected in the same manner and at the same election as a member of the City Council, except as otherwise provided in this section. The compensation of the elected City Attorney shall be set by the Council, but shall be not less than the median compensation paid to the City Attorneys of the six California cities whose populations are closest to that of the City of Chula Vista, provided that three are higher and three are lower in population, and that compensation may not be reduced during the City Attorney's term of office, except as part of a general reduction of salaries of all officers and employees in the same amount or proportion. The City Attorney shall be in the Unclassified Service.

(d) Qualifications of City Attorney. No person shall be eligible for or continue to hold the Office of City Attorney, either by election or appointment, unless he or she is a citizen of the United States, a qualified elector, and a California resident, licensed to practice law in all courts of the State of California and so licensed for at least seven years preceding his or her assumption of office following election under this charter.

(e) Term of Office of the City Attorney. The City Attorney shall be elected to a nominal term of four years and shall commence on the first Tuesday of December of the year of the election, and shall continue until a successor qualifies.

(f) Vacancy, Filling of. Upon the declaration of vacancy in the Office of the City Attorney, the Office of the City Attorney shall be filled by appointment by the majority vote of the members of the Council; provided, that if the Council shall fail to fill a vacancy by appointment within sixty days after such office shall become vacant, or if the unexpired term of the City Attorney shall exceed 24 months at the time of the appointment, the City Council shall cause a special election to be held to fill such vacancy. An appointee or the person elected to the Office of City Attorney for the balance of an unexpired term shall hold office until the next general election for the Office of the City Attorney.

(g) Vacancy, What Constitutes. The Office of City Attorney shall be declared vacant by the Council when the person elected or appointed thereto fails to qualify within ten days after his or her term is to begin, dies, resigns, ceases to be a resident of the State or absents himself or herself continuously from the State for a period of more than thirty days without permission from the Council, absents

himself or herself from any seven consecutive regular meetings except on account of own illness or when absent from the City by permission of the Council, is convicted of a felony, is judicially determined to be an incompetent, is permanently so disabled as to be unable to perform the duties of his or her office, forfeits his or her office under any provision of this Charter, or is removed from office by judicial procedure. A finding of disability shall require the affirmative vote of at least two-thirds of the members of the Council after considering competent medical evidence bearing on the physical or mental capability of the City Attorney.

B. Section 500 of the Charter of the City of Chula Vista is hereby amended as follows:

500. Election, Appointment and Removal of Officers and Department Heads

(a) Election; Appointment. The City Attorney shall be elected by the voters of the City. The City Manager and City Clerk shall be appointed by and serve at the pleasure of the City Council and shall be in the Unclassified Service. In addition, there shall be in the Unclassified Service a private secretary for the City Manager, City Attorney and the Mayor and Council who shall be appointed by the respective officers for whom they serve. All other officers and department heads of the City and the Assistant City Manager shall be appointed by the City Manager subject to the approval of the City Council. The City Attorney shall also appoint Assistant or Deputy City Attorneys as may be authorized by the Council, who shall be in the Unclassified Service. The City Clerk may also appoint Assistant or Deputy City Clerks as may be authorized by the Council subject to the approval of the Council who shall be in the Unclassified Service. It is further provided the City Council may, by ordinance, place Assistant and Deputy Department Heads, Assistants to the City Manager and new management level positions in the Unclassified Service by a four-fifths vote of the Council.

(b) Removal. Officers and employees in the Unclassified Service appointed by the City Council may be removed by them at any time by a majority vote of the members of the Council, and such officers and department heads in the Unclassified Service appointed by the City Manager or City Attorney, respectively, may be removed by him or her at any time and, in the case of appointees in the Unclassified Service, the order of the City Council, the City Attorney, or the City Manager affecting said removal shall be final and conclusive. The position of said officers and employees shall be declared vacant if said officer or employee is convicted of a felony or crime involving moral turpitude. Any appointee or employee in the Unclassified Service so removed by the City Manager, the City Attorney or City Clerk may, however, within five (5) days after receipt of a notice of dismissal, demand a written statement of the reason for such dismissal, a copy of which shall be forthwith filed with the City Council. Upon receipt of such written statement so furnished by the City Manager, the City Attorney or City Clerk to the City Council, the Council shall fix a time and place for a public hearing, at which hearing the Council shall have authority to investigate the facts set forth in said written communication from the City Manager, the City Attorney or City Clerk

containing the reason for said dismissal, and determine the truth or falsity of said facts. Council shall report its findings and recommendations made as a result of such hearing, and cause a copy of said findings to be delivered to the City Manager, the City Attorney or City Clerk and file the original with the City Clerk. The dismissed appointee or employee in such cases shall have the right to file with the Council a written reply or answer to any charges filed by the City Manager, the City Attorney or the City Clerk. All written documents, including the City Manager's, the City Attorney's or the City Clerk's written reasons for such dismissal, and the reply of the dismissed appointee or employee, the findings and decisions of the Council, and any documentary evidence used at the hearing shall be filed with the proper office of the City as public records, open for inspection at any time. Nothing herein contained, however, shall be construed as in any way limiting the authority and power of the City Manager, the City Attorney or the City Clerk to remove any appointee or employee in the Unclassified Service of the City, so appointed or employed, and all such removals shall be final and conclusive.

(c) No fiscal impacts. Except as expressly provided in Section 503, nothing in this Section 500 shall be construed to limit the budgetary authority of the City Council as respects the officers and employees under the supervision of the City Attorney.

#### Section 3. Implementation.

A. Upon the effective date of this initiative, the provisions of this initiative shall be inserted into the Charter as amendments thereto. Any provisions of City Charter, state law or City ordinances inconsistent with these amendments shall be unenforceable to the extent of the inconsistency.

B. The City Attorney serving at the time of the adoption of this initiative, or his or her successor(s) shall continue to be qualified to hold such office, and shall carry out the duties and be authorized to continue to exercise any and all powers of that office under the terms and conditions of this Charter and general law existing prior to the adoption of this initiative, until his or her successor is qualified and assumes office by election or appointment as a result of the next general election.

#### Section 4. Severability.

If any word, sentence, paragraph, subparagraph, section or portion of this initiative is declared to be invalid by a court, the remaining words, sentences, paragraphs, subparagraphs, sections and portions are to remain valid and enforceable.

#### Section 5. Amendment or Repeal.

This initiative may be amended or repealed only by the voters at a City election.

Section 6. Effective Date.

If a majority of the voters voting on the proposed Charter amendment vote in its favor, the Charter amendment shall become valid and binding upon filing by the California Secretary of State.
